**NOTICE TO ALL LICENSEES**

**RULE — FLAT PROHIBITION OF PRICE ADVERTISING OF ALCOHOLIC BEVERAGES NOT LISTED ON FAIR TRADE.**

On August 15, 1945 the Office of Price Administration announced the suspension of its control on the prices of imported wines and imported distilled spirits other than whiskey. The question has arisen as to the effect of the OPA action on my ruling of September 11, 1944, supplemented by modifications on September 14 and October 31, 1944, which prohibits the price advertising of alcoholic beverages not listed on Fair Trade unless the prices to be advertised for such unlisted items are the OPA ceiling prices.

Pending a review of the whole subject of price advertising and its relation to an equitable and fair program of consumer goods distribution in a market free from the possibilities of predatory price wars among retailers, the current rule on price advertising has remained in full force and effect, regardless of the lifting of OPA control from certain imported items on August 15th.

However, in order to eliminate any possible confusion in the operation of my ruling on price advertising and in face of the current OPA suspension of price control on certain items, and in anticipation of further suspensions in the future, it is now my ruling, superseding all other rulings previously made on price advertising, that,

On and after October 22, 1945, the effective date of the next minimum resale price pamphlet,

any alcoholic beverages (excepting malt beverages) not listed therein or in the complete publication of January 1945 and the supplements of February, May and August 1945, may not be price advertised (including direct or indirect reference to price) in any periodical, publication, circular, handbill or direct mailing piece in this state by a manufacturer, wholesaler or retailer. Private brands owned or controlled by a retailer or exclusive brands confined to or distributed by one retailer are excepted in my ruling.

As a note of caution, retailers are placed on notice that the ruling now prescribes the flat prohibition on and after October 22, 1945 of the price advertising of items not listed in Fair Trade, regardless of OPA price controls suspended or in effect.

Any violation of the rule shall subject the license to suspension or revocation.
