

NJAJ Demographic Data Survey

NJAJ is committed not only to the preservation of the right to a trial by jury and to civil justice in New Jersey, but also to advancing, expressing and celebrating the diversity of its membership in our advocacy, outreach and educational efforts.

To this end, NJAJ has recently revised its Statement of Mission and Values to make this commitment to diversity and social justice a strong pillar of who we are, and what we do. In addition to all other phases of NJAJ mission and operations, we're committed to the embodiment of these ideals in how we structure and run our educational programs.

We are asking each existing member, and each new member, to voluntarily identify all dimensions of diversity to which they feel they belong, and with which they self-identify.

The survey has been reviewed by the NJAJ Diversity Equity & Inclusion Committee and the NJAJ Diversity consultant. The data categories comport with those used under Federal and State law.

You DO NOT need to respond to ANY or ALL of these questions if you do not wish to do so; we understand and appreciate that the issues raised by such questions are deeply personal. Please understand that we ask only that you answer if you wish to do so.

The purpose of this information will be to make certain that we're aware of, and attentive to, the needs, perspectives and ideas of attorneys in or associated with these categories and to make certain that our educational and outreach programs represent the diversity of our membership.

The information you provide will be used for internal purposes only; it will not be shared with any outside vendors.

Thank you very much for entrusting this information to our care. We hope that you understand this effort is designed to be consistent not only with the ideals of our organization and of the causes that we serve, but also with the continued vitality, growth and health of our organization now and into the future.

OK

* 1. Your Information

Your Name	<input type="text"/>
Your Firm	<input type="text"/>
Your Age	<input type="text"/>
Years in Practice	<input type="text"/>

0 of 12 answered
