Agency Dkt. No. 136-6/20

New Jersey Commissioner of Education

Final Decision

Jessika Herrera,

Petitioner,

v.

Board of Education of the City of Plainfield, Union County,

Respondent.

The record of this matter, the proposed Settlement Agreement (Agreement) and the Initial Decision issued by the Office of Administrative Law have been reviewed pursuant to *N.J.A.C.* 1:1-19.1.

Upon review, the Commissioner approves the terms of the Agreement and adopts the Initial Decision as the final decision in this matter. The case is hereby dismissed, subject to compliance with the terms of the Agreement.

IT IS SO ORDERED.

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: January 4, 2021
Date of Mailing: January 5, 2021

Philip E. Stern, Esq., (DiFrancesco Bateman, attorneys) for respondent.

Record Closed: November 12, 2020 Decided: November 18, 2020

BEFORE **ERNEST M. BONGIOVANNI,** ALJ:

On June 24, 2020, the matter was transmitted to the Office of Administrative Law as an Emergent Relief matter.

The parties have agreed to an amicable resolution of the matter and submitted the attached Settlement Agreement via e-mail on November 12, 2020.

Having reviewed the record and the settlement terms, I **FIND** as follows:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or the signatures of their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

Therefore, I **CONCLUDE** that the agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. Accordingly, it is **ORDERED** that the parties comply with the settlement terms, and it is **FURTHER ORDERED** that the proceedings in this matter be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

SETTLEMENT AGREEMENT AND RELEASE

THIS SETTLEMENT AGREEMENT AND RELEASE IN FULL ("Agreement") is made this 18th day of July 2020, by and between Jessika Herrera (Petitioner or Party) and the Plainfield Board of Education (Respondent or Party), collectively referred to as the "Parties".

WHEREAS, on or about July 24, 2020 Petitioner filed an emergent motion with the Commissioner of Education regarding denial of a requested three- year (3) leave from the Respondent in the above- matter;

WHEREAS, the matter was heard via Zoom before the Ernest Bongiovanni, ALJ, Office of Administrative Law on July 2, 2020, with counsel for each Party and the Parties participating; and

WHEREAS, the Parties wish to resolve this matter in accordance with the terms set forth herein; and

WHEREAS, the Parties have by way of compromise and accord settled all claims raised in Petitioner's emergent motion without adjudication of any issues of fact or law;

NOW THEREFORE, the Parties agree as follows:

1. **RECITALS**

The above recitals are hereby referred to and incorporated herein by reference.

2. **SCOPE OF AGREEMENT**

It is the Parties' mutual intention to settle (through this Agreement) all claims in the Petitioner's emergent motion. As a result, the parties agree as follows;

(a) Respondent grants Petitioner a (1) one – year leave from the District for the 2020-2021 school year;

(b) On or before May 3, 2021, Petitioner will notify the District in writing of her intention to either:(1) return to the District as a Counselor for the 2021-2022 school year; or (2) resign from the District as of the May 3, 2020;

(c) If Petitioner does not provide the notice required as set forth in (b) above, the Parties understand and agree that Petitioner's failure to comply as set forth will constitute Petitioner's resignation from the District.

3. **LANGUAGE**

The language of this Settlement Agreement and Release has been negotiated and is a product of the draftsmanship of all of the Parties, and shall in all cases be construed as a whole according to its objective and fair meaning and shall not be interpreted in favor of or against any party. Not by way of limiting the foregoing, the interpretation of any provision (in part or in whole) of this Settlement Agreement and Release shall not, in any manner, be interpreted against the any Party as the drafter of the Agreement.

4. **ENTIRE AGREEMENT**

This Agreement constitutes the entire agreement between the Parties.

5. **AUTHORITY OF SIGNATORIES**

Each signatory represents that she or he is a Party or has been duly authorized by a Party to sign on that Party's behalf and that in the case of the Board, all procedural formalities attendant to the execution of this Agreement have been satisfied.

6. **LAW GOVERNING**

This Agreement shall be governed by the laws of the State of New Jersey.

7. **EXECUTION IN COUNTERPARTS**

The Parties agree that this Agreement may be signed in counterparts and that facsimiles of signatures will have the same force and effect as original signatures.

8. **BOARD APPROVAL**

The Parties understand and agree that this Agreement is subject to approval of the Board of Education.

9. **EFFECTIVE DATE**

The effective date of this Agreement shall be the next day following the date upon which the Plainfield Board of Education formally ratifies and executes this Agreement this Agreement.

By signing this Agreement, the Parties certify that they have reviewed this Agreement and fully understand its meaning and terms. Furthermore, the Parties certify that they have had the opportunity to discuss this Agreement with their respective attorney's and that they are fully satisfied with their respective attorneys' representation.

IN WITNESS WHEREOF, and intending to be legally bound, the Parties have executed this Settlement Agreement and General Release as of the dates set forth below:

WITNESS:

BOARD SECRETARY

New Jersey Commissioner of Education

Decision

Joyce Cason,

Petitioner,

v.

New Jersey Department of Education, Criminal History Review Unit,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon review, the Commissioner agrees with the Administrative Law Judge that petitioner has abandoned her appeal by failing to appear at telephone conferences on July 22 and November 5, 2020, and failing to respond to discovery requests. Accordingly, the Initial Decision is adopted as the final decision in this matter, and the petition is hereby dismissed with prejudice.

IT IS SO ORDERED. [1]

INITIAL DECISION
DISMISSAL
OAL DKT. NO. EDU 03248-19
AGENCY DKT. NO. 6-1/19

JOYCE CASON,
Petitioner,
v.
NEW JERSEY DEPARTMENT OF EDUCATION, CRIMINAL HISTORY REVIEW UNIT,
Respondent.

Joyce Cason, petitioner, pro se

Jaclyn M. Frey, Deputy Attorney General, for respondent (Gurbir S. Grewal, Attorney General of New Jersey, attorney)

Record Closed: November 17, 2020 Decided: November 17, 2020

BEFORE **MARGARET M. MONACO,** ALJ:

STATEMENT OF THE CASE

Petitioner, Joyce Cason, challenges the determination by the Department of Education, Criminal History Review Unit (the CHRU), that she is permanently disqualified

from employment with an educational institution under the supervision of the Department of Education based upon her criminal record.

PROCEDURAL HISTORY

On or about January 11, 2019, petitioner filed a Petition of Appeal with the Commissioner of Education challenging her employment disqualification. On or about February 21, 2019, respondent filed a motion to dismiss in lieu of an Answer. The Department of Education transmitted the matter to the Office of Administrative Law, where it was filed for determination as a contested case. A telephone conference was held on April 10, 2019, after which respondent withdrew its motion to dismiss and filed an answer on or about April 18, 2019. A prehearing conference was held on June 14, 2019, during which the hearing was scheduled for December 20, 2019, and a Prehearing Order was issued on June 17, 2019. The hearing was adjourned at the parties' joint request and rescheduled for June 17, 2020 and later adjourned to August 11, 2020. During a telephone conference on December 18, 2019, petitioner was directed to respond to respondent's discovery requests by January 31, 2020. The undersigned later extended the time for petitioner to respond to the discovery requests to March 16, 2020. By letter dated July 1, 2020, Ms. Frey advised that petitioner had not provided discovery by the extended deadline and requested a telephone conference. By e-mail dated July 20, 2020, petitioner was informed that a telephone conference would be held on July 22, 2020 at 3:00 p.m. Although Ms. Frey attended that telephone conference, there was no appearance by petitioner. Subsequently, the August 11, 2020 hearing was adjourned, and respondent filed a motion to compel discovery on or about August 19, 2020. Petitioner did not file a response or opposition to that motion, which I granted by Order dated September 2, 2020. Pursuant to that Order, petitioner was ordered to provide discovery responses within twenty days of the date of the Order or by September 22, 2020. By letter dated October 1, 2020, Ms. Frey advised that petitioner had not provided any discovery responses as ordered and requested a telephone conference. By letter dated October 20, 2020, the undersigned informed petitioner that "a **MANDATORY** telephone conference in this matter will be held on November 5, 2020 at 3:00 p.m." The letter further informed petitioner that "a failure by her to participate in this conference will

result in the dismissal of her Petition." Although Ms. Frey attended that telephone conference, there was no appearance by petitioner.

FINDINGS OF FACT

I **FIND** the following uncontested **FACTS**:

1. Petitioner was afforded proper notice of the telephone conferences on July 22 and November 5, 2020.

2. Neither petitioner nor a representative on petitioner's behalf appeared for the July 22 and November 5, 2020 telephone conferences.

3. Petitioner did not contact the undersigned to request an adjournment of the scheduled telephone conferences or to advise that she could not appear for the telephone conferences on July 22 and November 5, 2020.

4. To date, petitioner has not contacted the undersigned in writing or by telephone concerning her failure to appear for the scheduled proceedings on July 22 and November 5, 2020 or to explain the reason for her failure to appear.

5. Petitioner has failed to respond to respondent's discovery requests.

6. Petitioner has failed to comply with the Order dated September 2, 2020.

CONCLUSIONS OF LAW

Petitioner failed to appear at the scheduled proceedings on July 22 and November 5, 2020, and she failed to provide an explanation for nonappearance. See N.J.A.C. 1:1-14.4(a) (providing that if, after appropriate notice, a party does not appear at a scheduled proceeding, the judge shall direct the Clerk to return the matter to the transmitting agency if the judge does not receive an explanation for the nonappearance within one day).

Petitioner has also failed to comply with established discovery deadlines, including the September 2, 2020 Order requiring her to provide discovery responses within twenty days of the date of the Order. Based upon the foregoing, I **CONCLUDE** that petitioner has failed to prosecute, and has abandoned, her appeal. Accordingly, I **CONCLUDE** that petitioner's Petition of Appeal should be dismissed.

ORDER

I **ORDER** that petitioner's Petition of Appeal be and hereby is **DISMISSED WITH PREJUDICE.**

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

STATE OF NEW JERSEY
DEPARTMENT OF EDUCATION

In the Matter of the Tenure Hearing of:

ERIC HALL

and

NORTH HUNTERDON-VOORHEES REGIONAL SCHOOL DISTRICT, HUNTERDON COUNTY

Agency Docket No. 190-9/20

Walt De Treux, Esq., Arbitrator

Hearing Date: 10/30/20
Decision Date: 1/4/21

Appearances: For the Respondent – Edward A. Cridge, Esq., *MELLK O'NEILL*
For the School District – Teresa L. Moore, Esq., *RIKER DANZIG*

Introduction and Statement of Relevant Facts

Respondent Eric Hall served as the Voorhees High School boys' wrestling team coach during the 2019-20 season. Hall is also a special education teacher in the North Hunterdon-Voorhees Regional School District. For the 2019-20 school year, he was assigned to teach in a Bethlehem Township (NJ) school.

On January 23, 2020, the wrestling team had a match against Bridgewater-Raritan Regional High School. The next morning, North Hunterdon-Voorhees Athletic Director Brian Baumann learned from Bridgewater-Raritan Athletic Director John Maggio that a Bridgewater-Raritan parent complained that a Voorhees coach had aggressively grabbed one of the Voorhees wrestlers. Baumann reported the conversation to Voorhees Regional High School Principal Ron Peterson. On Peterson's instruction, Baumann asked AD Maggio for any video footage of the incident and for a statement from the parent. Pending Baumann's request, Peterson received a copy of the footage from a Bridgewater-Raritan Assistant Principal.

Peterson and Baumann reviewed the footage, which did not have audio. It showed two Voorhees wrestlers running on to the mat in celebration after a Voorhees victory. Their presence on the mat is against the rules. Coach Hall can be seen grabbing both students and pulling them off the mat. One of the wrestlers walks away from Hall and moves near some chairs. Hall walks around several team members to get near the wrestler. He grabs the wrestler near his neck before pushing him with enough force that he stumbled backwards and landed in a seated position in one of the chairs.

After seeing the video, Baumann and an Assistant Principal met with the wrestler who was pushed and asked him why Hall had "put his hands on your neck." The wrestler confirmed that the incident occurred after he ran onto the mat.

Baumann immediately suspended Hall from his coaching position. Later that day, Hall was suspended from his teaching position.

On February 21, 2020, North Hunterdon-Voorhees Regional School District Superintendent Jeffrey Bender issued a notice of tenure charges against Hall seeking his dismissal for unbecoming conduct "[b]y attacking two student athletes" at the wrestling match. For reasons not explained at hearing, the Board did not certify the charges to the New Jersey Commissioner of Education until August 31, 2020. On September 22, 2020, the Commissioner "deemed the charges to be sufficient, if true, to warrant dismissal or reduction in salary." The matter was referred to an arbitrator for adjudication.

On October 30, 2020, a hearing was held, during which time both parties had a full and fair opportunity to present documentary and other evidence, examine and cross-examine witnesses, and offer argument in support of their respective positions. The District completed

its case-in-chief on October 30. Prior to the next scheduled hearing day, Respondent notified the Arbitrator and the District that he rested his case without calling any witnesses. At the same time, he filed a "Motion for Judgment," which I considered to be his closing brief. The District filed its brief soon thereafter; and on my leave, Respondent filed a reply brief. The matter is now before me for a decision.

Issue

Has the North Hunterdon-Voorhees Regional High School District Board of Education established the allegations of unbecoming conduct against Respondent Eric Hall as set forth in the tenure charges? If so, do those charges warrant dismissal? To what remedies are the parties entitled?

Analysis and Decision

At hearing, Respondent raised evidentiary objections related to the testimony of Assistant Wrestling Coach Ricky Kurtz and the admissibility of the security video footage of the incident. I allowed Kurtz to testify, but withheld my ruling on Respondent's objection pending receipt of the parties' written argument included as part of their closing briefs. I admitted the video footage, but indicated to Respondent that he could raise any argument as to its sufficiency or competency as part of his closing argument. In his closing brief,[1] Respondent argues that the video was not properly authenticated, and therefore, was admitted only as hearsay evidence. He posits that the District's reliance on the video does not satisfy its

[1] Respondent referred to his closing brief as a "Motion for Judgment."

obligation to present competent, non-hearsay evidence under New Jersey's "residuum rule." Each issue is discussed separately below.

Testimony of Ricky Kurtz

The TEACHNJ statute instructs the parties on the exchange of evidence prior to hearing. It reads in relevant part,

> "Upon referral of the case to arbitration, the employing board of education shall provide all evidence including, but not limited to, documents, electronic evidence, statements of witnesses, and a list of witnesses with a complete summary of their testimony, to the employee or the employee's representative. The employing board of education shall be precluded from presenting any additional evidence at the hearing, except for purposes of impeachment of witnesses. At least 10 days prior to the hearing, the employee shall provide all evidence upon which he will rely including, but not limited to, documents, electronic evidence, statements of witnesses, and a list of witnesses with a complete summary of their testimony, to the employing board of education or its representative. The employee shall be precluded from presenting any additional evidence at the hearing except for purposes of impeachment of witnesses. N.J.S.A. 18A:6-17.1(b)(3)

The Commissioner of Education notified the parties that the case had been referred to an arbitrator by letter dated September 22, 2020. Two days later, the District served on Respondent its witness list and summary of testimony. Ricky Kurtz was not included as a witness on that list. Respondent served his witness list and evidence to the District on October 20, 2020, 10 days prior to the first scheduled day of hearing. Ricky Kurtz was listed on Respondent's list of witnesses. Two days later, the District supplemented its witness list with two additional names, including Ricky Kurtz.

Respondent objected at hearing when the District called Kurtz as a witness in its case-in-chief based on the District's failure to list Kurtz on its initial witness list. As noted, I allowed Kurtz to testify while reserving a ruling on Respondent's objection.

As the parties recognized, the employer's obligation to provide all evidence "[u]pon referral of the case to arbitration" has generated substantial litigation over the meaning of "[u]pon referral." Although some arbitrators have found that evidence must be turned over "precisely when the matter was referred to arbitration,"[2] the prevailing interpretation, and the one accepted by this Arbitrator, applies some degree of reasonableness to account for the logistics of providing such information. Respondent presumably agrees, as he did not object to the District's initial witness list submitted two days after the date of the referral letter.

The District's supplemental listing of Kurtz as a witness one month after the referral to arbitration and eight days prior to hearing clearly does not comply with even a liberal reading of the statute. The District correctly notes that Kurtz was not a surprise witness, as Respondent had included him on its own witness list. Respondent was not prejudiced in any way by the late inclusion of Kurtz. Nonetheless, I am compelled to follow the statutory timelines for the exchange of evidence. The District offered no reason for its failure to list Kurtz on its initial witness list. It was well aware of his limited role in the incident the day following the wrestling match. The statue instructs that the employer "shall be precluded from presenting any additional evidence at hearing" beyond that which was included in their exchange of evidence "[u]pon referral to arbitration." According, I sustain Respondent's objection to Kurtz' testimony and order it stricken from the record. This Award neither cites to or relies in any way on his testimony.

---

[2] *In the Matter of the Tenure Hearing of Marie Ebert,* Agency Dkt No. 267-9/14 (Deneberg, 2015)

Video Footage

The day after the wrestling match, AD Baumann heard from AD Maggio that a parent had complained that Respondent aggressively grabbed a wrestler. Neither ADs had witnessed the incident. Principal Peterson asked Baumann to see if video footage existed. In the meantime, an Assistant Principal from Bridgewater-Raritan forwarded Peterson the footage.

Peterson and Baumann relied primarily on that video footage to suspend Respondent from coaching, and the District relied primarily on that video footage in filing tenure charges to dismiss Respondent from his teaching and coaching duties. Baumann saw an email from the complaining parent, but did not attempt to interview that parent. Baumann met with the wrestler, but he did not ask him to describe the incident. Rather, he simply asked him why Respondent grabbed him by the neck. Both Baumann and Peterson admitted at hearing that they acted against Respondent based on the conduct they viewed on the video.

Respondent argues that the video footage is hearsay evidence because it has not been authenticated, and therefore, is insufficient to serve as competent evidence upon which the tenure charges can be sustained.[3]

The District stipulated that the video was not authenticated in the sense that it did not confirm with Bridgewater-Raritan how the video was created or inquire how it was secured and transmitted to the District. Respondent asserts that, at the least, the District was obligated to call an eyewitness to the incident to confirm that the video accurately portrayed the incident.

[3] Respondent cites to the "residuum rule" articulated by the Court in *Wilson v. State,* 60 N.J. 36 (1972), which stated in relevant part, "But in the final analysis for a court to sustain an administrative decision, which affects the substantial rights of a party, there must be a residuum of legal and competent evidence in the record to support it. At 51-52, citations omitted.

Although the District did not ask Bridgewater-Raritan for "authentication," in *State v. Wilson,* 135 N.J. 4, 637 A.2d. 1237 (N.J. 1994), the Court, citing *Evidence Rule 901,* explained that "the authentication requirement is satisfied by evidence sufficient to support a finding that the matter is what its proponent claims." At 17. The Court noted, "...any person with the requisite knowledge of the facts represented in the photograph or videotape may authenticate it. *(citation omitted)* An authenticator need not even have been present at the time the photograph was taken, so long as the witness can verify that the photograph accurately represents its subjects." *(citation omitted)* At 14-15.

Peterson and Baumann learned of a possible incident at the wrestling match on January 23, 2020. They asked Bridgewater-Raritan for security footage of the match. A Bridgewater-Raritan official forwarded footage of a wrestling match dated January 23, 2020 that clearly showed Respondent and wrestlers, including the one that was pushed. Baumann was able to clearly identify the subjects in the video based on his familiarity with them.

There is no valid concern that the video is not what it purports to be. As the *Wilson* Court recognized, "the authentication requirement is satisfied by evidence sufficient to support a finding that the matter is what its proponent claims." Peterson's testimony that he received the video from a Bridgetown-Raritan Assistant Principal and Baumann's testimony identifying the date of the match and the subjects in the video are sufficient to support a finding that the footage is of the incident at the January 23, 2020 wrestling match.

For those reasons, I found at hearing that the video was admissible, and I now find that it is competent, non-hearsay evidence supporting the tenure charges.

Unbecoming Conduct

The video depicts Respondent forcefully pulling two wrestlers off the mat after they went on to celebrate a teammate's victory. Once off the mat, one wrestler moves away from the mat and his teammates. Respondent walks around those teammates, approaches the wrestler, grabs him near the neck, and pushes him backward. The wrestler stumbles back and lands seated in a chair.

Respondent's actions are clearly unbecoming conduct for a high school coach. If it is not readily apparent that a coach cannot assault one of his athletes, the coaches are well trained in the standards they must meet. The NJSIAA and NJSCA Coaches Handbook and AD Baumann's "Directives for the Season" make clear a coach cannot use physical force against an athlete. Principal Peterson testified that he had no previous issues with Respondent as a coach, but Respondent "crossed a line that he can't come back from."

Peterson and Baumann's decision to suspend Respondent from coaching, and the District's tenure charges seeking to dismiss him from his coaching position, is well supported by the video evidence. Respondent unnecessarily and aggressively manhandled an athlete, an action sufficiently egregious to justify his dismissal from coaching.

Accordingly, I find that the District established the allegations of unbecoming conduct against Respondent in his position as a coach.

The District, however, failed to present sufficient evidence to establish that Respondent's misconduct as a coach impacts his ability to serve in his position as a special education teacher.

Respondent forcefully grabbed and pulled two wrestlers off the mat. Both Peterson and Baumann characterized that action as inappropriate but were more understanding because it happened in the moment and in the immediate excitement of the competition. They found his subsequent physical interaction with the one wrestler unacceptable because he had a least a few moments to deliberate and distance himself from the wrestlers' possible infraction at the end of the match. I agree with their evaluation of the incident and Respondent's level of culpability, but the District has not adequately explained how misconduct in the context of athletic competition is a reliable predictor of Grievant's future behavior in a classroom setting.

Peterson explained at hearing that he could not put Respondent in front of students again "knowing this is how he reacted." But the District offered no prior evidence that Respondent had ever physically confronted a student in the classroom, a setting far removed from an athletic competition. Respondent's summative evaluations for his teaching role for the 2011-12 through the 2018-19 school years consistently rate him as effective. He had two disciplinary actions (a reprimand in the 2019-20 school year and a salary increment withholding in the 2018-19 school year) on his record, neither of which related to interactions with students. In its brief, the District cited to numerous arbitration cases that sustained dismissals of teachers who had engaged in physical aggression toward a student. All those cases involved teachers engaged in misconduct while performing their duties as a teacher.

Respondent was hired for the coaching position separate and apart from his hiring as a teacher. He coached for Voorhees High School. He was a teacher at North Hunterdon High School, assigned to a Bethlehem Township school at the time of the incident. The District failed to adequately explain why Respondent's misconduct as coach at Voorhees impacted his ability

to teach at North Hunterdon or the Bethlehem Township school. Voorhees High School Principal Peterson persuasively testified to the reasons Respondent was no longer fit to coach for the high school. But he admitted that he did not supervise Respondent in his teaching capacity, which diminishes the effectiveness of his testimony as to why Respondent is no longer fit to be a teacher. No administration official from North Hunterdon testified on the impact of the incident on Respondent's teaching position. The evidence simply does not establish that Respondent's inappropriate physical aggression during an athletic competition translates to Respondent's fitness to maintain his composure and act appropriately and professionally in the classroom.

For these reasons, I find that the District's evidence did not establish allegations of unbecoming conduct against Respondent in his position as a special education teacher.

Award and Remedy

The District established the charge of unbecoming conduct against Respondent Eric Hall in his position as a Voorhees High School coach. Accordingly, the tenure charges related to the coaching positions are sustained, and dismissal from Respondent's coaching positions is warranted.

The District did not establish the charge of unbecoming conduct against Respondent Eric Hall in his position as special education teacher. Accordingly, the tenure charges related to the teaching position are dismissed.

As remedy, the District is ordered to remove the dismissal from the teaching position from Respondent's record. It is further ordered to reinstate Respondent to his former teaching

position without loss of seniority as soon as practicable after the date of this Award. It is further ordered to make Respondent whole for any losses, if any, incurred as a result of his dismissal from the teaching position.

The Arbitrator shall retain jurisdiction of the case for the sole purpose of resolving any dispute over the implementation of the remedy.

New Jersey Commissioner of Education

Final Decision

Board of Education of the Township of Pennsauken, Camden County,

Petitioner,

v.

Lovell Pugh-Bassett, Interim Executive County Superintendent; Board of Education of the Township of Haddon, Camden County; and A.A., on behalf of minor child, A.L.,

Respondents.

Synopsis

Petitioner, the Board of Education of the Township of Pennsauken (Pennsauken), appealed the determination of the respondents, Lovell Pugh-Bassett, Interim Executive County Superintendent (Pugh-Bassett), and the Board of Education of the Township of Haddon, that A.A. and her minor child are homeless. Pennsauken contended that A.A. and A.L. are domiciled in Pennsauken, as they have resided in the Pennsauken home of A.A.'s mother for more than eighteen months, and further argued that Pennsauken is therefore not financially responsible for tuition costs related to A.L.'s attendance in Haddon Township schools. Pennsauken and Pugh-Bassett filed cross-motions for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; the issue to be determined here is whether A.A. and her minor child are homeless; although respondent A.A. has repeatedly indicated that her residence in Pennsauken is temporary, she has been living in her mother's Pennsauken home since 2017; as such, A.A. cannot continue to be considered homeless even if she initially moved to Pennsauken because she had been evicted from her previous home in Haddon Township. The ALJ determined that the family is no longer homeless as they have resided in Pennsauken at a fixed, regular and adequate nighttime residence for more than one year; therefore, Pennsauken has no financial responsibility for A.L.'s attendance in Haddon Township schools, and A.L. should be placed in Pennsauken schools if A.A. so desires. Accordingly, the ALJ granted Pennsauken's motion for summary decision and reversed Pugh-Bassett's homelessness determination.

Upon review, the Commissioner is constrained to remand this matter to the OAL as she is unable to determine from the present record whether the family is homeless. The Commissioner noted, *inter alia*, that although domicile attaches immediately when a child's dwelling becomes fixed, regular and adequate, homelessness determinations require a fact-specific analysis that includes the intentions of the parents or guardians. *M. O'K. v. Board of Education of the Borough of Cresskill, et al*, Commissioner Decision No. 325-14, decided August 12, 2014 at 3, *aff'd*, A-0828-14T4 (App. Div. Sept. 8, 2016). Such an analysis is not possible based upon the record before the Commissioner, as it is unclear whether the family is residing in the Pennsauken home out of necessity or whether it has become a permanent residence. Accordingly, the cross motions for summary decision were denied and the matter was remanded to the OAL for further proceedings consistent with the Commissioner's decision.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

OAL Dkt. No. EDU 16086-19
Agency Dkt. No. 94-5/19

New Jersey Commissioner of Education

Final Decision

Board of Education of the Township of Pennsauken, Camden County,

Petitioner,

v.

Lovell Pugh-Bassett, Interim Executive County Superintendent; Board of Education of the Township of Haddon, Camden County; and A.A., on behalf of minor child, A.L.,

Respondents.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed, as have the exceptions filed pursuant to *N.J.A.C.* 1:1-18.4 by respondent Lovell Pugh-Bassett, Interim Executive County Superintendent (Pugh-Bassett), and the reply thereto filed by petitioner Pennsauken Board of Education (Pennsauken). Respondent Haddon Township Board of Education (Haddon Township) and respondent A.A. did not file exceptions.

This matter involves a homelessness determination regarding A.A. and her minor child, A.L. The family resided in Haddon Township from 2012 through 2016, when they were evicted due to financial hardship. After temporarily living with a friend in Bellmawr, they

moved into A.A.'s mother's home in Pennsauken in August or September of 2016 or 2017.[1] A.A. previously lived in the home for fifteen years as a child. The house has an unspecified number of bedrooms, a bathroom, electricity, running water, television, and a kitchen with a refrigerator, oven and stove top. While living in the Pennsauken home, A.A. cared for her mother, who had become handicapped. However, A.A. indicated in discovery responses that she wants to get her own place and possibly take her mother with her.

A.L. has continued to attend school in Haddon Township from the time the family was evicted in 2016 to the present. Upon moving to Pennsauken, A.A. informed Haddon Township on September 13, 2017 that her goal was to move back to the township so A.L. could finish elementary school at Strawbridge Elementary. She told Haddon Township again, on July 31, 2018, that her Pennsauken address was still temporary and that she wanted A.L to remain enrolled in Haddon Township's schools. On August 2, 2018, Haddon Township informed Pennsauken that as of September 1, 2018, A.L. would be deemed domiciled in Pennsauken because the family had lived there for one year. At that time, Pennsauken became financially responsible for the cost of A.L.'s education in Haddon Township. On December 17, 2018, following a meeting with Pennsauken's Homeless Liaison, A.A. informed the district that her living arrangement was temporary and that she was doubling up with more than one family due to economic hardship.

Following a request by A.A. to determine A.L.'s McKinney-Vento eligibility, Pugh-Bassett issued a determination on March 28, 2019, which found that A.L. is homeless, as the family lost their apartment due to financial hardship and has been residing with relatives out of necessity. Accordingly, Pugh-Bassett found that Pennsauken is financially responsible for

[1] The timeline of when A.A. moved into the Pennsauken home is unclear. While A.A.'s answer admits that she moved in August or September of 2017, her responses to interrogatories indicate that it was 2016.

A.L.'s education. Pennsauken filed an appeal challenging the homelessness determination, seeking for A.L. to be placed in Pennsauken's schools, if the family so desires, and a finding that Pennsauken would not be financially responsible for A.L. to attend Haddon Township schools.

On cross-motions for summary decision, the Administrative Law Judge (ALJ) concluded that the family was not homeless as they have resided at a fixed, regular and adequate nighttime residence for more than one year in Pennsauken. The ALJ found that although A.A. has repeatedly indicated that the residence is temporary, she has been living in her family home in Pennsauken since 2017. As such, even if she initially moved to Pennsauken because she had been evicted, she cannot continue to be considered homeless. Accordingly, the ALJ found that Pennsauken has no financial responsibility for A.L.'s attendance at Haddon Township's schools, and that A.L. should be placed in Pennsauken's schools, if A.A. desires.

Upon review, the Commissioner is constrained to remand this matter as she is unable to determine from the present record whether the family is homeless. Under the McKinney-Vento Act, homeless children are defined as "individuals who lack a fixed, regular and adequate nighttime residence," which includes "children sharing housing with other persons due to loss of their own housing, economic hardship, or a similar reason." 42 *U.S.C.A.* § 11434a. Similarly, under state law, homeless children are defined as "child[ren] or youth who lack[] a fixed, regular and adequate residence pursuant to *N.J.S.A.* 18A:7B-12 and *N.J.A.C.* 6A:17-2.2," which includes children living in the "residence of relatives or friends where the homeless child resides out of necessity because his or her family lacks a regular or permanent residence of its own." *N.J.A.C.* 6A:17-1.2 and 2.2 (emphasis added).

Thus, conducting a homelessness evaluation to determine whether a child's home is considered fixed, regular and adequate requires a fact-specific analysis and "cannot rest upon a

simple calculation of the amount of time that children have spent in a particular location or municipality." *M. O'K. v. Board of Education of the Borough of Cresskill, et al*, Commissioner Decision No. 325-14, decided August 12, 2014 at 3, *aff'd*, A-0828-14T4 (App. Div. September 8, 2016). In conducting such a fact-specific inquiry, the Commissioner must consider the totality of the circumstances, as "[t]he reasons for the children's homelessness, their living conditions, and the resources and intentions of the parents or custodians are relevant." *Ibid.*

The Commissioner has previously addressed the fact-specific nature of a homelessness inquiry. In *M. O'K., supra,* following the foreclosure of their home in Cresskill, the O'K family occupied the bottom floor of their relatives' house in Little Ferry, which consisted of one small bedroom and a common area, without a bathroom or kitchen. The parents and two of the children shared the bedroom, while their third child slept in the common area. At the time of the litigation, neither parent was employed, and the family's sole income consisted of Social Security Disability benefits. During the pendency of the litigation, the O'K family represented that they were actively searching for a house in Cresskill. The Commissioner found, and the Appellate Division affirmed, that the O'K family became homeless due to the foreclosure of their home in Cresskill, and although they had been deemed domiciled in Little Ferry as a result of their residence in the district for over one year, they continued to remain homeless due to their shared living conditions and the parents' economic hardship.

In contrast, in *State-Operated School District of the City of Camden, Camden County v. C. Ann Volk, Executive County Superintendent, New Jersey Department of Education, and E.H., on behalf of minor child, K.M.*, Commissioner Decision No. 172-17R, decided June 20, 2017, the family relocated from Voorhees to Camden due to economic hardship that prevented them from continuing their lease. In the Camden residence, the family was able to use

the entire residence and was not relegated to a portion of the home that would otherwise be considered inadequate. E.H., the children's mother, argued that the residence was inadequate because the siblings had to share a room, which the Commissioner found was not uncommon. Furthermore, given E.H.'s ongoing employment at an annual salary of $65,000, the Commissioner was not persuaded that she was unable to find suitable housing in Voorhees, particularly in light of her testimony that she had stopped looking for apartments. The Commissioner found that the family was not residing in the Camden residence of out necessity and that it qualified as a "fixed, regular, and adequate" nighttime residence, such that the family was not homeless. *Ibid.*

Similar to *Volk*, in *J.G., on behalf of minor children, T.G. and C.G. v. Board of Education of the Township of Edison, et al,* Commissioner's Decision No. 125-20, decided June 15, 2020, the G. family moved in with J.G.'s mother in Edison after being evicted from their home in Milltown. The family was able to use three of the four bedrooms, the kitchen, bathrooms, all common areas, and utilities in the Edison home. J.G. and his wife were both employed, with an income of $71,000 a year, but they did not pay rent or contribute to housing costs, other than food and a storage facility. While they stated that their intent was to move back to Milltown, there was no documentation of their search for a new home, and J.G. admitted that he had not submitted a rental application in at least six months. The Commissioner found that, while J.G.'s intention may be to eventually move back to Milltown, the totality of the facts and circumstances demonstrate that the family is no longer homeless.

Here, the Commissioner cannot determine on the present record whether A.L. is homeless because it is unclear if the family is residing in the Pennsauken home out of necessity or whether it has become a permanent residence. There was no hearing on the merits, and A.A.'s

discovery responses fail to paint a clear picture as to the family's living situation. All the record demonstrates is that the home has bedrooms, a bathroom, and a kitchen. As such, the Commissioner cannot establish whether A.A. and A.L. have their own rooms, share a room, or sleep in a common area. Additionally, the Commissioner has no information on whether A.A. has an income, such that she can afford rent, or whether she has made any efforts to find a permanent home in Haddon Township. The fact that she has lived in the Pennsauken home for three years does not alone demonstrate that she is no longer living there out of necessity, especially when weighed against her stated intent that the living situation is temporary. Therefore, further information is necessary to determine whether the home is fixed, regular and adequate such that A.L. is no longer homeless under state and federal law.

Accordingly, Pennsauken's motion for summary decision is denied, Pugh-Bassett's cross-motion for summary decision is denied, and the matter is remanded to the OAL for further proceedings consistent with this decision.

IT IS SO ORDERED.

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: January 6, 2021

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 16086-2019
AGENCY REF. NO. 94-5/19

BOARD OF EDUCATION OF THE TOWNSHIP OF PENNSAUKEN, CAMDEN COUNTY,

Petitioner,

v.

LOVELL PUGH-BASSETT, INTERIM EXECUTIVE COUNTY SUPERTINTENDENT; BOARD OF EDUCATION OF HADDEN TOWNSHIP, CAMDEN COUNTY; AND A.A. ON BEHALF OF MINOR, A.L.

Respondents.

William C. Morlok, Esq., for petitioner Pennsauken Township Board of Education (Parker McCay, P.A., attorneys)

Michael Stanton, Esq., for respondent Haddon Township Board of Education (McCrosson and Stanton, P.C., attorneys)

Sadia Ahsanuddin, Deputy Attorney General, for respondents New Jersey Department of Education and Lovell Pugh-Bassett (Gurbir S. Grewal, attorney General of New Jersey, attorney)

A.A., o/b/o Minor Child, **A.L.,** respondent, pro se

Record Closed: August 27, 2020 Decided: October 9, 2020

BEFORE **CATHERINE A. TUOHY**, ALJ:

STATEMENT OF THE CASE

Petitioner, Board of Education of the Township of Pennsauken (Pennsauken), challenges the homelessness determination by the County Executive Superintendent. Petitioner contends that A.A. and her minor child, A.L., are not homeless, but are domiciled in their school district, having lived with A.A.'s mother (and A.L.'s grandmother) in the township of Pennsauken for over one and a half years. At issue is whether A.A. and her minor child are homeless.

PROCEDURAL HISTORY

This matter arose with the filing of a petition of appeal by Pennsauken on May 6, 2019. The State respondents, the New Jersey Department of Education (DOE) and Interim Executive County Superintendent Lovell Pugh-Bassett (ECS Pugh-Bassett) filed an answer on October 29, 2019. Respondent Haddon Township Board of Education (Haddon Township) filed its answer on November 12, 2019. The matter was transmitted by the Department of Education Office of Controversies and Disputes to the Office of Administrative Law (OAL) as a contested matter where it was filed on November 13, 2019 pursuant to N.J.S.A. 52:14B-1 to -15; N.J.S.A. 52:14F-1 to -13. An initial telephone pre-hearing conference was conducted on January 9, 2020 and subsequent telephone conferences were conducted February 19, 2020, February 26, 2020 and March 11, 2020. A.A. did not appear for these conference calls. An initial hearing was scheduled for March 26, 2020 but was adjourned due to COVID-19. A follow-up telephone conference was conducted on June 12, 2020 at which time A.A. appeared and agreed to file an answer and provide discovery.

A.A., on behalf of her minor child A.L., filed an answer to the petition and provided answers to interrogatories and responses to requests to admit on July 6, 2020. A subsequent telephone conference was conducted on July 9, 2020 at which time all parties appeared. It was agreed that the matter was appropriate for summary decision as there were no material facts in dispute as evidenced by A.A.'s answer to the petition, answers to interrogatories and responses to requests to admit. Pennsauken filed a motion for summary decision dated July 14, 2020. The State respondents filed opposition to same and cross-moved for summary decision dated August 10, 2020. Pennsauken filed its reply and opposition to the cross-motion on August 17, 2020. There being no further submissions filed, the record closed on August 27, 2020.

FACTUAL DISCUSSIONS AND FINDINGS

Based on the documents submitted by the parties in support of and in opposition to the motions for summary decision, I **FIND** the following as **FACT**:

Respondent, A.A. and her minor child, A.L. resided in Haddon Township from 2012 through 2016. Due to financial hardship, A.A. was evicted from her Haddon Township residence in 2016 and she and her daughter moved in temporarily with a friend in Bellmawr. In August or September 2017, A.A. and her daughter moved in with A.A.'s mother in her Pennsauken home and continue to reside there. At all times relevant herein, A.L. has attended school at Strawbridge Elementary in Haddon Township.

On September 13, 2017, A.A. completed a Haddon Township Homeless Students Parent Consultation and Educational Placement Form indicating that the Pennsauken address was a temporary address and that her last district of residence was the Haddon Township address and her previous school attended was Strawbridge Elementary in Haddon Township. A.A. indicated on the form that her goal was to move back to Haddon Township so A.L. could finish out elementary school at Strawbridge Elementary (Petition, Exhibit A). A.A. also filled out a McKinney-Vento Education Program registration form dated September

13, 2017 but noted that she did not need any of those services, but if things changed, she would contact them (Petition, Exhibit A).

On July 31, 2018, A.A. completed another Haddon Township Homeless Students Parent Consultation and Educational Placement Form indicating that the Pennsauken address was still a temporary residence and her last district of residence was in Haddon Township. She indicated that she wanted A.L. to attend Strawbridge Elementary again (Petition, Exhibit A).

By letter dated August 2, 2018, Anthony Fitzpatrick, Haddon Township Supervisor of Instruction wrote to Mitzi Giletto, the Pennsauken Homeless Education Liaison and advised that A.L. will become a legal resident of Pennsauken on September 1, 2018 after one full year of being categorized as being homeless, based on the Egg Harbor v. Mainland decision that established that a homeless family is considered to be legally domiciled in a school district after being in that district for a year (Petition, Exhibit A).

On December 17, 2018, A.A. met with the Homeless Liaison for Pennsauken, Rochelle Elliot, who completed a Pennsauken School District Family in Transition Form – Family Information interview with A.A. The form indicated that the last school attended was Strawbridge Elementary and her last permanent address was her Haddon Township address. The handwritten notes on the form indicate that "Mom is back in her childhood home." Under the "Reason for being homeless" section of the form, there is a handwritten note "Father passed who was paying half of the rent which resulted in her being evicted. Since his passing her mom has become handicapped. She is the caregiver @ this time. She wants her dgt to complete Strawbridge." (Petition, Exhibit C.)

A.A. completed a Pennsauken School District Student Residency Affidavit as to Homeless Status, dated December 17, 2018 and indicated that her current Pennsauken address was a temporary living arrangement due to loss of housing or economic hardship. A.A. indicated on the form that her last permanent address was the Haddon Township address and where the form indicated "Student's Present Living Situation", A.A. checked off

"Doubling-Up with more than one family in a house or apartment for economic hardship/similar reason". A.A. indicated on the form that it was her wish that her child return to her previous school, Strawbridge Elementary in Haddon Township (Petition, Exhibit C).

Also, during the meeting of December 17, 2018, A.A. completed another McKinney-Vento Regional Education Program intake form but wrote on the form that A.L. was in no need of additional services, but if anything changed, she would notify the Pennsauken liaison. (Petition, Exhibit C.)

By letter dated March 28, 2019, respondent ECS Pugh-Bassett, advised the Pennsauken Superintendent that the DOE Camden County Office of Education had been contacted by A.A. to make a McKinney-Vento eligibility determination for A.L. Based on the criteria outlined at N.J.A.C. 6A:17-2.2, the county office determined that A.L. is McKinney-Vento eligible and that Pennsauken is fiscally responsible for the student based on the fact that the family lost their apartment due to financial hardship and that the family is residing with friends/relatives out-of-necessity (Petition, Exhibit D).

A.A. has lived in the Pennsauken home for over fifteen years of her life, as it was her family home.

A.A. is living in the Pennsauken home and taking care of her mother who is disabled.

The Pennsauken home has bedrooms; a bathroom; a kitchen with a refrigerator, oven and stove top; running water; electricity; and a television. The Pennsauken home is an adequate place to live with regular sleeping accommodations.

LEGAL ANALYSIS

The petitioner, Pennsauken and respondents, DOE and ECS Pugh-Basset, both seek relief pursuant to N.J.A.C. 1:1-12.5. Petitioner seeks summary decision determining that: A.A. and A.L. are not homeless as they have resided at a fixed, regular and adequate

residence for over twelve months in Pennsauken; that Pennsauken has no financial responsibility for A.L.'s attendance at Haddon Township schools; and that A.L. should be placed in the Pennsauken public school district, if A.A. so desires. Respondents seek summary decision: confirming the ECS' determination that A.A. and A.L. are homeless as they lost their apartment in Haddon Township due to financial hardship and that the family is residing with relatives out-of-necessity; and that Pennsauken is financially responsible for A.L.'s attendance at Strawbridge Elementary.

N.J.A.C. 1:1-12.5 provides that summary decision should be rendered "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." Our regulation mirrors R. 4:46-2(c) which provides that "the judgment or order sought shall be rendered if the pleadings, depositions, answers to interrogatories and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to a judgment or order as a matter of law."

A determination whether a genuine issue of material fact exists that precludes summary decision requires the judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational fact finder to resolve the allegedly disputed issue in favor of the non-moving party. Our courts have long held that "if the opposing party offers . . . only facts which are immaterial or of an insubstantial nature, a mere scintilla, 'fanciful frivolous, gauzy or merely suspicious,' he will not be heard to complain if the court grants summary judgment." Brill v. Guardian Life Ins. Co. of Am., 142 N.J. 520, 529 (1995) (citing Judson v. Peoples Bank and Trust Co., 17 N.J. 67, 75 (1954)).

The "judge's function is not himself [or herself] to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial." Brill, 142 N.J. at 540 (citing Anderson v. Liberty Lobby, 477 U.S. 242, 249, 106 S. Ct. 2505, 2511, 91 L. Ed. 2d 202, 213 (1986)). When the evidence "is so one-sided that

one party must prevail as a matter of law," the trial court should not hesitate to grant summary judgment. Liberty Lobby, 477 U.S. at 251-2, 106 S. Ct. at 2512, 91 L. Ed. 2d at 214.

Following the Brill standard, after considering all the papers and evidence filed in support and in opposition to petitioner's and respondents' motion and cross motion for summary decision, **I CONCLUDE** that there are no genuine issues of material fact that require a plenary hearing and that this matter is ripe for summary decision.

Although N.J.S.A. Const., Art. 8, Section4, paragraph 1 provides that free public education is a fundamental right under the New Jersey Constitution, it is well known that parents may not simply choose the school district that they wish their children to attend: the general rule is that school districts are responsible for providing a free education to children "domiciled" within the school district. N.J.S.A. 18A:38-1(a) states that Public schools shall be free to any person over five and under twenty years of age who is domiciled within the school district. "A student is domiciled in the school district when he or she is the child of a parent or guardian whose domicile is located within the school district." N.J.A.C. 6A:22-3.1(a)(1).

Under the McKinney-Vento Homeless Education Assistance Improvement Act of 2001, 42 U.S.C.A. § 11431 et seq., state educational agencies must ensure that each homeless child and youth has equal access to the same public education as every other child and youth.

The protections offered to homeless students and their parents under the federal McKinney-Vento Act and New Jersey's corresponding state law represent an exception to otherwise applicable residency rules. In contrast to the basic premise that students must change schools when they leave a school district, the laws protecting homeless students generally allow parents the choice to keep their children enrolled in their original school district if the parents relocate to another school district as the result of being homeless N.J.S.A. 18A:38-1(f); N.J.A.C. 6A:22-3.2(d). The district of residence for

children whose parents temporarily moves from one school district to another as the result of being homeless shall be the District in which the parent or guardian last resided prior to becoming homeless N.J.S.A. 18A:7B-12(c).

Under the federal McKinney-Vento Act and New Jersey's corresponding law, the term "homeless" refers to individuals who lack a fixed, regular and adequate residence. Federal law refers to the lack of an adequate "nighttime" residence 42 U.S.C. Sec.11434a (referring to 42 U.S.C.A. Sec.11302(a)(1)); N.J.S.A. 18A:7B-12(c); N.J.A.C. 6A17-1.2.

N.J.A.C. 6A:17-2.2 states that:

> (a) A district board of education shall determine that a child is homeless for purposes of this subchapter when he or she resides in any of the following:
>
> 1. A publicly or privately operated shelter designed to provide temporary living accommodations, including:
>
> i. Hotels or motels;
>
> ii. Congregate shelters, including domestic violence and runaway shelters;
>
> iii. Transitional housing; and
>
> iv. Homes for adolescent mothers;
>
> 2. A public or private place not designated for or ordinarily used as a regular sleeping accommodation, including:
>
> i. Cars or other vehicles including mobile homes;
>
> ii. Tents or other temporary shelters;
>
> iii. Parks;
>
> iv. Abandoned buildings;
>
> v. Bus or train stations; or

vi. Temporary shelters provided to migrant workers and their children on farm sites;

3. The residence of relatives or friends where the homeless child resides out of necessity because his or her family lacks a regular or permanent residence of its own;

4. Substandard housing; or

5. Any temporary location wherein children and youth are awaiting foster care placement.

[N.J.A.C. 6A:17-2.2.]

This subchapter and subsection, however, must be read, in conjunction with 42 U.S.C.A. § 11302(a)(1), which defines "homeless" for the McKinney-Vento Act, and N.J.S.A. 18A:7B-12(c), which defines "homeless" for school-funding purposes. Under the former, "homeless" means lacking "a fixed, regular, and adequate nighttime residence." Under the latter, "homeless" means temporarily lacking "a fixed, regular and adequate residence." Thus, both definitions have at their core the concept of a fixed, regular, and adequate place to live with regular sleeping accommodations.

This shared concept is not a coincidence, as the New Jersey regulatory scheme, looks to the federal regulatory scheme for its definition of terms. See N.J.A.C. 6A:17-2.1 ("Nothing in this subchapter shall limit the educational rights of homeless children and youth or school district responsibilities under Subtitle VII-B of the Stewart B. McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.")).

Financial responsibility of the district of residence terminates when the family is deemed "domiciled" in another district, which occurs when the family has lived in another district for a full year or longer. At this time, financial responsibility shifts to the school district in which the student now resides. N.J.S.A. 18A:38-1(d) states: "Any person whose parent or guardian, even though not domiciled within the district, is residing temporarily therein, but any person who has had or shall have his all-year-round dwelling place within

the district for one year or longer shall be deemed domiciled within the district for the purposes of this section."

Petitioner relies on Board of Education of the Township of Egg Harbor, Atlantic County, Petitioner, v. Board of Education of the Mainland Regional High School District, Atlantic County and New Jersey Department of Education, Division of Finance, Respondents, 170-, 210 WL 5691969 (N.J. Adm. Dec. 30, 2010) for the proposition that even if a family is homeless, it nonetheless achieves domicile for school law purposes after a year of residence, even if the family lived in motels in the school district. With that designation of domicile in the District, comes the provision by the district of a public education to the minor children.

Haddon Township, as the district of residence, was responsible for A.L.'s tuition when she first became homeless and she continued to go to school there throughout the 2017-2018 school year. After residing in Pennsauken for more than one year, A.A. and A.L. were deemed domiciled in Pennsauken pursuant to N.J.S.A. 18A:38-1(d) and financial responsibility shifted to Pennsauken. Pennsauken welcomes A.L. to enroll in school in their district but disputes the fact that she is homeless and entitled to continue in Haddon Township at Pennsauken's expense. Respondents argue that A.A. and A.L. remain homeless and A.L. is entitled to continue school in Haddon Township at Pennsauken's expense.

The ECS' determination that A.L. is McKinney-Vento eligible and that Pennsauken is fiscally responsible for the student was based on the fact that the family lost their apartment due to financial hardship and that the family is residing with friends/relatives out-of-necessity. There was no other analysis undertaken with regards to homelessness. It does not appear that any consideration was given to the fact that A.A. is currently residing in her family home and is the caregiver to her disabled mother. It does not appear that the ECS considered the adequacy of the Pennsauken home or the length of time A.A. has lived there.

The determination of whether a student is considered "homeless", triggering the protections for homeless students available under the law, is fact sensitive. In M. O'K. and S. O'K., A. O'K. and C. O'K. v. Bd. Of Educ. of the Borough of Cresskill and Bd. Of Educ. of the Borough of Little Ferry, OAL No. 14830-13, Agency No. 214-9/13 (N.J. Comm'r of Educ. Aug. 12, 2014); aff'd, 2016 WL, 4699166 (N.J. Sup. Ct. App. Div. Sept. 8, 2016, the school district argued that the students who lived with their parents in the grandparents' home were no longer "homeless" where they had lived there for over a year. The family prevailed in their argument that they were still "homeless" in part because five people occupied the bottom floor of the house which had no shower, sink or kitchen. This was found to be less than a regular and adequate nighttime residence.

More recently, an administrative law judge (ALJ) wrote that "homelessness is best viewed in a continuum." State-Operated Sch. Dist. of Camden v. Volk, EDU 4521-16, Initial Decision (March 22, 2017), modified, Comm'r (June 20, 2017), at *11, http://njlaw.rutgers.edu/collections/oal/. In that case, the ALJ thoroughly examined whether a family in a borderline situation was homeless and considered the totality of the circumstances. Among the factors the ALJ considered were intent, fixed location, regular use, and adequacy. The ALJ determined that the family intended to stay in their current living situation because they stopped looking for another place to live; that the location was fixed and that the use was regular because the family had lived in the same place for several years; and that their living situation was adequate because the children had a designated sleeping area and access to a kitchen and bathroom facilities, despite the sharing of rooms and limited space. To the extent that homeless status is identified as one without a "fixed, regular and adequate" living place, given the very lengthy period of residence, the adequacy of the living place and the regularity of occupation, the ALJ found that the child did live in a "fixed, regular, and adequate residence" and concluded that she was not homeless. See also L.C. on behalf of her Minor Child B.C. v. Bd of Educ. of the Twp. of Branchburg, Somerset County, 96 N.J.A.R. 2d(EDU)1003 (Commissioner found that "while her living arrangements with her brother [in his apartment] may not be permanent in the sense that she may wish to eventually return to Branchburg, the

evidence shows them to have become sufficiently fixed, regular, and adequate so as to preclude a finding of homelessness.")

The ECS' determination that A.L. is McKinney-Vento eligible and that Pennsauken is fiscally responsible for the student was based on the fact that the family lost their apartment due to financial hardship and that the family is residing with friends/relatives out-of-necessity. There was no other analysis undertaken with regards to homelessness. It does not appear that any consideration was given to the fact that A.A. is currently residing in her family home and is the caregiver to her disabled mother. It does not appear that the ECS considered the adequacy of the Pennsauken home or the length of time A.A. has lived there.

A.A. has been living in her mother's Pennsauken home with her daughter A.L. since 2017. The Pennsauken home is A.A.'s family home and she had previously resided there for fifteen years. A.A. is currently living there with A.L. and taking care of her mother who is disabled. The home is a fixed, regular, and adequate place to live with regular sleeping accommodations. Although A.A. has repeatedly indicated this is a temporary residence and she intends to return to Haddon Township, she has been living in her family home in Pennsauken since 2017. Even if initially she was considered homeless after being evicted from her Haddon Township apartment in 2016, she has resided in Pennsauken for more than one year in a fixed, regular and adequate home and can no longer be considered homeless as both the federal and New Jersey definitions of homelessness, have at its core, the lack of a fixed, regular and adequate nighttime residence.

For the reasons stated, I **CONCLUDE** that A.A. and A.L. are not homeless as they have resided at a fixed, regular and adequate place to live with regular sleeping accommodations for over twelve months in Pennsauken; that Pennsauken has no financial responsibility for A.L.'s attendance at Haddon Township schools; and A.L. should be placed in the Pennsauken public school district, if A.A. so desires. I further **CONCLUDE** that the ECS' determination should be **REVERSED.**

ORDER

Based on the foregoing, it is hereby **ORDERED** as follows:

1. The motion for summary decision filed by Pennsauken is **GRANTED**.

2. The cross-motion for summary decision filed by the DOE and ECS is **DENIED**.

3. The March 28, 2019 determination by the ECS is **REVERSED.**

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

SEC Dkt No. D02-20
Agency Dkt. No. 238-11/20

New Jersey Commissioner of Education

Final Decision

In the Matter of Melissa Moore,
Board of Education of the Borough of Somerdale,
Camden County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (SEC) – finding that respondent violated the School Ethics Act for failure to timely file her Personal/Relative and Financial Disclosure Statements ("Disclosure Statements") in accordance with *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1. The SEC's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c). The SEC advises that respondent failed to file her Disclosure Statements despite the issuance of its October 27, 2020 Order to Show Cause. Respondent has neither filed exceptions to the recommended penalty, nor has she instituted an appeal of the SEC's underlying finding of violation pursuant to *N.J.A.C.* 6A:4-1 *et seq.*

Upon review, the Commissioner concurs with the penalty recommended by the SEC for respondent's failure to timely honor an obligation placed upon school officials by law. Accordingly, respondent is hereby removed – effective on the date of mailing of this decision – as a school official found to have violated the School Ethics Act for failure to file her Disclosure Statements.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: January 8, 2021
Date of Mailing: January 12, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

Before the School Ethics Commission
Docket No.: D02-20
Decision for Failure to File Personal/Relative and Financial Disclosure Statements

---

I/M/O Melissa Moore,
Somerdale Board of Education, Camden County

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) issued by the School Ethics Commission (Commission) at its meeting on October 27, 2020, and served on October 27, 2020, through electronic mail, directing Respondent, a "school official" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find her in violation of the Act for failing to file Personal/Relative and Financial Disclosure Statements (Disclosure Statements) as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1.[1]

The OTSC issued by the Commission provided notification to Respondent that she had twenty (20) days to respond to the OTSC, and that failure to respond would be deemed an admission of the facts set forth in the OTSC. Respondent was further notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute. The Commission discussed this matter at its meeting on November 24, 2020.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and local school administrators. To this end, and annually, on or before April 30th of each year, all school officials, as defined in *N.J.S.A.* 18A:12-23, must file Disclosure Statements with their local board secretaries or charter school designees. *N.J.A.C.* 6A:28-3.1(a). In addition, all newly elected board members or board members appointed to fill vacancies, newly appointed members of a board of trustees of a charter school, and administrators appointed to fill a vacancy must file their Disclosure Statements within thirty (30) days of appointment or taking office. *N.J.A.C.* 6A:28-3.1(c), *N.J.A.C.* 6A:28-3.1(d), *N.J.A.C.* 6A:28-3.1(e), and *N.J.A.C.* 6A:28-3.1(f).

Respondent is a returning school official and, therefore, was required to file her Disclosure Statements by April 30, 2020. However, pursuant to Executive Order 159, and because of the ongoing Coronavirus (COVID-19) pandemic, the deadline for returning school

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

officials to file their Disclosure Statements was extended until July 31, 2020. Despite this extension, Respondent failed to file her Disclosure Statements within the required timeframe.

By correspondence dated approximately October 7, 2020, from the Camden County Office of Education, Respondent was reminded that her Disclosure Statements had not yet been filed with the Commission. This correspondence further advised Respondent that if she failed to file her Disclosure Statements by October 14, 2020, the Commission had the authority to issue an OTSC, find her in violation of the Act, and recommend a penalty up to and including removal for her non-compliance.

When the correspondence from the Camden County Office of Education failed to cause Respondent to file her Disclosure Statements, the Commission sent her another letter dated October 15, 2020, and informed Respondent that failure to file her Disclosure Statements by October 23, 2020, would result in the Commission voting to issue an OTSC. The Commission further advised that, if an OTSC was issued, Respondent would be assessed a penalty, up to and including removal.

When Respondent failed to file her Disclosure Statements as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1 by October 23, 2020, and despite receiving multiple reminders and opportunities to file her Disclosure Statements, an OTSC was issued by the Commission at its meeting on October 27, 2020. After having been served with the OTSC, Respondent still failed to file her completed Disclosure Statements, or to otherwise respond to the OTSC.

III. Decision/Penalty Recommendation

Based on the record as set forth above, at its meeting on November 24, 2020, the Commission found that Respondent violated *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1. The Commission readily acknowledges and is sympathetic to the fact that the Coronavirus has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that Disclosure Statements are filed annually, can be completed from any computer or device with an internet connection, and that it was only required to issue an OTSC to ***two (2)*** of more than sixteen thousand (16,000) school officials about the statutory obligation to file Disclosure Statements. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, it may recommend to the Commissioner of Education that a penalty be imposed on the school official. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent files her Disclosure Statements before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended penalty of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4-1 *et seq.* within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's brief on appeal.

Resolution Adopting Decision for Failure to File Personal/Relative and Financial Disclosure Statements
Docket No.: D02-20

Whereas, Respondent is a "school official," as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), at the Somerdale Board of Education; and

Whereas, as a returning school official, Respondent was required to file her Personal/Relative and Financial Disclosure Statements (Disclosure Statements) by April 30, 2020; and

Whereas, pursuant to Executive Order 159, and because of the ongoing Coronavirus (COVID-19) pandemic, the deadline for returning school officials to file their Disclosure Statements was extended until July 31, 2020; and

Whereas, Respondent failed to file her Disclosure Statements by July 31, 2020;

Whereas, at its meeting on October 27, 2020, and after several letters were sent to Respondent advising her of the need to file her Disclosure Statements, the School Ethics Commission (Commission) issued an Order to Show Cause (OTSC) directing Respondent to show cause why she failed to file her Disclosure Statements as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1; and

Whereas, Respondent failed to file her Disclosure Statements following issuance of the OTSC; and

Whereas, Respondent failed to otherwise file a response to the OTSC; and

Whereas, at its meeting on November 24, 2020, the Commission found that Respondent violated *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1 by failing to file her Disclosure Statements; and

Whereas, at its meeting on November 24, 2020, the Commission recommended that the Commissioner of Education impose a penalty of removal, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent files her Disclosure Statements before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a thirty (30) day suspension, with such suspension to become effective immediately upon adoption by the Commissioner of Education; and

Whereas, at its meeting on November 24, 2020, the Commission agreed that the within decision accurately memorializes its findings and recommendations; and

Now Therefore Be It Resolved, that the Commission hereby adopts the within decision and directs its staff to notify all parties to this action of the decision.

Robert W. Bender, Chairperson

I hereby certify that the within Resolution
was duly adopted by the School Ethics Commission
at its public meeting on November 24, 2020.

Kathryn A. Whalen, Director

9-21+SEC
SEC Dkt No. D03-20
Agency Dkt. No. 239-11/20

New Jersey Commissioner of Education

Corrected Final Decision

In the Matter of Amy Vandergrift,
Board of Education of the Township of Greenwich,
Gloucester County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (SEC) – finding that respondent violated the School Ethics Act for failure to timely file her Personal/Relative and Financial Disclosure Statements ("Disclosure Statements") in accordance with *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1. The SEC's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c). The SEC advises that respondent failed to file her Disclosure Statements despite the issuance of its October 27, 2020 Order to Show Cause. Respondent has neither filed exceptions to the recommended penalty, nor has she instituted an appeal of the SEC's underlying finding of violation pursuant to *N.J.A.C.* 6A:4-1 *et seq.*

Upon review, the Commissioner concurs with the penalty recommended by the SEC for respondent's failure to timely honor an obligation placed upon school officials by law. Accordingly, respondent is hereby removed – effective on the date of the mailing of this decision – as a school official found to have violated the School Ethics Act for failure to file her Disclosure Statements.

IT IS SO ORDERED.[1]

Before the School Ethics Commission
Docket No.: D03-20
Decision for Failure to File Personal/Relative and Financial Disclosure Statements

---

I/M/O Amy Vandergrift,
Greenwich Township Board of Education, Gloucester County

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) issued by the School Ethics Commission (Commission) at its meeting on October 27, 2020, and served on October 27, 2020, through electronic mail, directing Respondent, a "school official" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find her in violation of the Act for failing to file Personal/Relative and Financial Disclosure Statements (Disclosure Statements) as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1.[1]

The OTSC issued by the Commission provided notification to Respondent that she had twenty (20) days to respond to the OTSC, and that failure to respond would be deemed an admission of the facts set forth in the OTSC. Respondent was further notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute. The Commission discussed this matter at its meeting on November 24, 2020.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and local school administrators. To this end, and annually, on or before April 30th of each year, all school officials, as defined in *N.J.S.A.* 18A:12-23, must file Disclosure Statements with their local board secretaries or charter school designees. *N.J.A.C.* 6A:28-3.1(a). In addition, all newly elected board members or board members appointed to fill vacancies, newly appointed members of a board of trustees of a charter school, and administrators appointed to fill a vacancy must file their Disclosure Statements within thirty (30) days of appointment or taking office. *N.J.A.C.* 6A:28-3.1(c), *N.J.A.C.* 6A:28-3.1(d), *N.J.A.C.* 6A:28-3.1(e), and *N.J.A.C.* 6A:28-3.1(f).

Respondent is a returning school official and, therefore, was required to file her Disclosure Statements by April 30, 2020. However, pursuant to Executive Order 159, and because of the ongoing Coronavirus (COVID-19) pandemic, the deadline for returning school

---

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

officials to file their Disclosure Statements was extended until July 31, 2020. Despite this extension, Respondent failed to file her Disclosure Statements within the required timeframe.

By correspondence dated approximately October 7, 2020, from the Gloucester County Office of Education, Respondent was reminded that her Disclosure Statements had not yet been filed with the Commission. This correspondence further advised Respondent that if she failed to file her Disclosure Statements by October 14, 2020, the Commission had the authority to issue an OTSC, find her in violation of the Act, and recommend a penalty up to and including removal for her non-compliance.

When the correspondence from the Gloucester County Office of Education failed to cause Respondent to file her Disclosure Statements, the Commission sent her another letter dated October 15, 2020, and informed Respondent that failure to file her Disclosure Statements by October 23, 2020, would result in the Commission voting to issue an OTSC. The Commission further advised that, if an OTSC was issued, Respondent would be assessed a penalty, up to and including removal.

When Respondent failed to file her Disclosure Statements as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1 by October 23, 2020, and despite receiving multiple reminders and opportunities to file her Disclosure Statements, an OTSC was issued by the Commission at its meeting on October 27, 2020. After having been served with the OTSC, Respondent still failed to file her completed Disclosure Statements, or to otherwise respond to the OTSC.

III. Decision/Penalty Recommendation

Based on the record as set forth above, at its meeting on November 24, 2020, the Commission found that Respondent violated *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1. The Commission readily acknowledges and is sympathetic to the fact that the Coronavirus has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that Disclosure Statements are filed annually, can be completed from any computer or device with an internet connection, and that it was only required to issue an OTSC to ***two (2)*** of more than sixteen thousand (16,000) school officials about the statutory obligation to file Disclosure Statements. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, it may recommend to the Commissioner of Education that a penalty be imposed on the school official. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent files her Disclosure Statements before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended penalty of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4-1 *et seq.* within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's brief on appeal.

Whereas, at its meeting on October 27, 2020, and after several letters were sent to Respondent advising her of the need to file her Disclosure Statements, the School Ethics Commission (Commission) issued an Order to Show Cause (OTSC) directing Respondent to show cause why she failed to file her Disclosure Statements as required by *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1; and

Whereas, Respondent failed to file her Disclosure Statements following issuance of the OTSC; and

Whereas, Respondent failed to otherwise file a response to the OTSC; and

Whereas, at its meeting on November 24, 2020, the Commission found that Respondent violated *N.J.S.A.* 18A:12-25, *N.J.S.A.* 18A:12-26, and *N.J.A.C.* 6A:28-3.1 by failing to file her Disclosure Statements; and

Whereas, at its meeting on November 24, 2020, the Commission recommended that the Commissioner of Education impose a penalty of removal, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent files her Disclosure Statements before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a thirty (30) day suspension, with such suspension to become effective immediately upon adoption by the Commissioner of Education; and

Whereas, at its meeting on November 24, 2020, the Commission agreed that the within decision accurately memorializes its findings and recommendations; and

Now Therefore Be It Resolved, that the Commission hereby adopts the within decision and directs its staff to notify all parties to this action of the decision.

Robert W. Bender, Chairperson

I hereby certify that the within Resolution
was duly adopted by the School Ethics Commission
at its public meeting on November 24, 2020.

INITIAL DECISION
SETTLEMENT
OAL DKT. NO. EDU 05244-17
AGENCY REF. NO. 31-2/17

BOARD OF EDUCATION OF THE CITY OF ENGLEWOOD, BERGEN COUNTY,
Petitioner,

v.

BOARD OF EDUCATION OF THE BOROUGH OF ENGLEWOOD CLIFFS, BERGEN COUNTY,
Respondent.

Dennis McKeever, Esq., for Petitioner (Sciarrillo, Cornell, Merlino, McKeever & Osborne, attorneys)

Stephen R. Fogarty, Esq., for Respondent (Fogarty & Hara, attorney)

Record Closed: November 16, 2020 Decided: November 17, 2020

BEFORE: **THOMAS R. BETANCOURT**, ALJ:

STATEMENT OF THE CASE AND PROCEDURAL HISTORY

Petitioner seeks an Initial Decision restricting Respondent from sending any of its public high school age students to any school district other than Petitioner's school district, among other things.

The matter was transferred to the Office of Administrative Law (OAL), where it was filed on April 18, 2017, as a contested case.

A prehearing conference was held on April 25, 2017. A prehearing order was entered on the same date.

Stephen P. Fogarty, Esq., filed a substitution of attorney on December 14, 2017, substituting for Vito Gagliardi, Esq., Porzio, Bromberg, Newman, the withdrawing attorney.

Dennis McKeever, Esq., Sciarrillo, Cornell, Merlino, McKeever & Osborne, filed a substitution of attorney on June 6, 2018, substituting for Mark A. Tabakin, Esq., Weiner Law Group, the withdrawing attorney.

A telephone conference with counsel was held on May 30, 2017, to discuss outstanding discovery. The June 6, 8 and 13, 2018 hearing dates were adjourned to permit Respondent to file a motion to dismiss for failure to provide discovery.

Respondent filed a motion to dismiss for failure to provide discovery on June 9, 2018. Petitioner requested an extension to file a reply and comply with discovery to July 9, 2018, without consent, on June 22, 2018. That request was granted by the undersigned. Petitioner filed its response to the motion to dismiss on July 6, 2018.

The motion was denied by Order dated July 13, 2018. Thereafter, by letter dated July 13, 2018, counsel for Respondent requested that I reconsider that Order as respondent had not filed a sur-reply. The undersigned was under the impression that a sur-reply would not be filed. The Order of July 13, 2018 is hereby vacated.

Respondent filed its sur-reply on July 13, 2018. Counsel for petitioner requested oral argument. Oral argument on respondent's motion to dismiss was held on August 8, 2018. The motion to dismiss was denied by Order dated August 8, 2018.

The parties have voluntarily agreed to resolve all disputed matters and have entered into a settlement as set forth in the attached Settlement Agreement.

I have reviewed the terms of the settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures and/or the signature of their respective representatives on the attached settlement agreement; and,

2. The settlement fully disposes of all issues in controversy between the parties.

ORDER

It is hereby **ORDERED** that the parties comply with the terms of the settlement agreement; and

It is further **ORDERED** that Petitioner's petition is withdrawn with prejudice.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

BOARD OF EDUCATION OF THE ENGLEWOOD PUBLIC SCHOOL DISTRICT, Petitioner, v. BOARD OF EDUCATION OF THE ENGLEWOOD CLIFFS PUBLIC SCHOOL DISTRICT, Respondent.	STATE OF NEW JERSEY OFFICE OF ADMINISTRATIVE LAW OAL Docket No.: EDU 5244-17N Agency Ref. No.: 31-2/17 **SETTLEMENT AGREEMENT**

THIS AGREEMENT is made and entered into as of this _____ day of _____ 2020 by, among, and between the Board of Education of the Englewood Public School District ("Englewood" or "Petitioner") and the Board of Education of the Englewood Cliffs Public School District ("Englewood Cliffs" or "Respondent").

WHEREAS, Respondent has designated Petitioner's Dwight Morrow High School as the high school for its students pursuant to N.J.S.A. 18A:38-11; and

WHEREAS, on or about February 15, 2017, Petitioner filed a Verified Petition for a Declaratory Ruling with the Commissioner of Education, bearing Agency Reference No. 31-2/17 and OAL Docket

No. EDU 5244-17N (the "Petition"), wherein Petitioner set forth certain allegations regarding the sending/receiving relationship between Petitioner and Respondent; and

WHEREAS, Respondent filed an Answer to the Petition and Separate Defenses denying each and every count in the Petition because it believes it acted lawfully and properly at all times and in all respects; and

WHEREAS, the Parties, each having received independent legal advice in this matter, have agreed that their mutual interests require them to resolve this dispute upon the terms and conditions more fully set forth hereinafter.

NOW, THEREFORE, in consideration of the mutual promises of the parties to this Full and Final Release of All Claims and Settlement Agreement ("Agreement"), the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Withdrawal of the Petition.** Upon execution of this Agreement by both parties, the parties' attorneys shall execute and file a voluntary stipulation of dismissal with prejudice of the Petition.

2. **Sending-Receiving Relationship.** Englewood Cliffs and Englewood shall each establish a committee for the purpose of meeting to discuss and develop an updated send-receive describing the educational services being purchased by Englewood Cliffs and the parties' respective rights and responsibilities in accordance

with the applicable New Jersey statutes and rules and regulations of the State Board of Education.

(a) Englewood and Englewood Cliffs shall agree upon a schedule of meeting dates to establish the terms of their sending receiving relationship during the 2020-2021 school year.

(b) Englewood and Englewood Cliffs shall use their best efforts to finalize and approve a written contractual agreement on or before April 30, 2021.

(c) The January 6, 1966 Agreement between Englewood and Englewood Cliffs is hereby acknowledged as being the only prior written send-receive agreement between the parties and Dwight Morrow High School continues to be the designated high school for Englewood Cliffs students.

3. **Special Education.** In consideration of the withdrawal of the Petition, the parties agree to implement the following provisions regarding Respondent's special education students commencing with the incoming freshman class of 2018-2019.

(a) The Englewood Cliffs Child Study Team (CST) will be responsible for identifying the needs of special education students (both in district and out of district) enrolled in Englewood Cliffs prior to their attendance at Dwight Morrow High School. Each eighth

grade student's individual education program (IEP) will be reviewed by the Englewood Cliffs CST and Englewood CST at a transition meeting attended by both parties no later than February 1 of the students' eighth grade year

(b) Englewood agrees to provide all services of its CST to Englewood Cliffs high school students attending Dwight Morrow High School or other appropriate educational placements in accordance with N.J.A.C. 6A:14-1 et seq. Englewood Cliffs students will have access to the full continuum of special education programs and services set forth in N.J.A.C. 6A:14-1 et seq. at Dwight Morrow High School to ensure that they receive a free appropriate public education (FAPE) in the least restrictive environment. In-district special education programs and services will be considered the preferred least restrictive environment and out-of-district placements will be considered only if the Englewood Cliffs student cannot receive FAPE within the in-district program options, including but not limited to participation in educational programs, interscholastic athletic and/or intramurals teams, activities, and events; extracurricular clubs, activities and events; and other school-related events and activities, and in accordance with State and federal regulations.

(c) Charges for any Englewood Cliffs students placed in any special education program shall accrue for that program only from the date of enrollment in the specialized program. Written notification shall be provided to Englewood Cliffs prior to placement in such a special education program.

(d) Decisions regarding out-of-district placements for Englewood Cliffs students shall be made jointly and cooperatively between the Englewood Cliffs CST and Englewood CST. Englewood will include Englewood Cliffs in all discussions regarding potential out-of-district placements of Englewood Cliffs students. Englewood Cliffs will necessarily include Englewood in all discussions regarding potential out of district placements. The Englewood CST shall make a good faith effort to reach agreement with the Englewood Cliffs CST concerning each IEP for an out of district placement.

(e) By February 1 of each year, Englewood will provide Englewood Cliffs with a list of all the Englewood Cliffs' students who are currently in out-of-district placements, the address of each placement, length of time the students have been in those placements, anticipated duration of the placements, and the rationale for those out-of-district placements. Each

time an Englewood Cliffs student is placed out-of-district, the name of the student, address of the out-of-district placement, anticipated duration of the placement, and rationale for the placement will be provided to Englewood Cliffs as soon as practicable.

(f) Once a student is enrolled at Dwight Morrow High School, the Englewood CST shall be responsible for expediting any out-of-district placement that has been jointly and cooperatively agreed upon by Englewood Cliffs and Englewood and informing the Englewood Cliffs and Englewood School Business Administrators and CSTs of arrangements and costs.

(g) In no event shall Englewood Cliffs be responsible for any legal fees or other costs associated with a dispute relating to an Englewood Cliffs student's IEP that has been developed by Englewood.

(h) Commencing with the incoming freshman class for the 2018-2019 school year for whom Englewood participated in the transition meetings, it will be the responsibility of Englewood to implement and monitor the Englewood Cliffs students' high school IEPs. It will continue to be the responsibility of Englewood Cliffs to implement and monitor students' high school IEPs for those

students placed out of district prior to the 2018-2019 school year without collaboration with Englewood.

(i) When an Englewood Cliffs student attends an out-of-district placement, Englewood Cliffs shall be responsible for any and all costs related to the placement, including but not limited to, the tuition and transportation costs for said placement in lieu of the per pupil tuition cost. Englewood Cliffs shall enter into a contract directly with the identified out of district provider and make all such tuition and other payments directly to the provider of such services. Englewood shall facilitate the transportation services and bill Englewood Cliffs accordingly.

(j) If an Englewood Cliffs student requires additional special education services, staffing, and/or equipment for which Englewood incurs billable costs, Englewood Cliffs shall reimburse Englewood for same. These costs include the following:

(1) One-to-one aides, nurses, and interpreters prescribed in an IEP for a specific Englewood Cliffs student.

(2) Externally contracted professional services (i.e., applied behavior analysis therapy), prescribed in an IEP for a specific Englewood Cliffs student

because he/she requires professional services neither present on the Englewood staff nor typically found in public school staffs. For purposes of this Agreement, "professional services" means services rendered or performed by a person authorized by law to practice a recognized profession and whose practice is regulated by law and the performance of which services requires knowledge of an advanced type in a field of learning acquired by a prolonged formal course of specialized instruction and study as distinguished from general academic instruction or apprenticeship and training.

(3) Extended school year services when they are prescribed in an IEP for a specific Englewood Cliffs student who is placed in an out-of-district educational setting.

(4) Specialized equipment not already available within Englewood if specifically prescribed in the IEP for an Englewood Cliffs student. Englewood Cliffs will thereafter own the equipment unless it is purchased from Englewood Cliffs by Englewood. If such equipment, however, will be usable and available for at least one other student during a four-year

period, then the cost shall not be billed to Englewood Cliffs.

(k) In accordance with N.J.A.C. 6A:23A-17.1, Englewood Cliffs will pay Englewood the actual direct instructional cost per student for resource room services calculated on an hourly basis when resource room is prescribed in an IEP for a specific Englewood Cliffs student.

4. **Mutual Releases.** In exchange for the terms set forth above, and subject to the terms of this Agreement, the parties hereby mutually release and discharge each other (as well as their elected members, trustees, officials, employees, and agents) from all claims, demands, actions, judgments, damages, liabilities, and executions of any kind, known or unknown, that were brought or could have been brought for any acts or omissions through the date of this Settlement Agreement in connection with the Petition. It is also expressly understood, however, that either party may bring an action to enforce the terms of the within Agreement. Each party understands that it is the intention of this Settlement Agreement to fully dispose of all claims. In that regard, each party agrees not to act in concert with a third party to prosecute or otherwise pursue a claim against the other party for any acts or omissions, known or unknown, through the date of this Settlement Agreement.

5. **Severability**. The provisions of this Agreement are severable and, if any part is found to be unenforceable, the other portion shall remain fully valid and enforceable. This Agreement shall survive the termination of any arrangements contained herein.

6. **Attorney's fees**. All parties shall bear their own attorneys' fees, costs, and/or expert witness fees for the entirety of any actions or matters related to the foregoing matter. This settlement is the compromise of disputed claims and shall never be treated as an admission of liability by either party for any purpose. It is expressly said that neither party is the prevailing party for any purpose, including attorneys' fees, costs, and/or expert witness fees.

7. **No Admission**. This Agreement shall never be treated as an admission of liability or wrongdoing by either party for any purpose.

8. **Representation**. The Parties represent and agree that they have had the opportunity to discuss all aspects of this Agreement with an attorney of their choice, that they have carefully read and fully understand all the provisions of this Agreement, that they understand the final and binding effect of the Agreement, and that they freely and voluntarily enter into this Agreement without duress or coercion.

9. **No Reliance.** This Agreement constitutes the entire understanding of the parties with respect to the subject matter hereof, and there are no representations, warranties, covenants or undertakings other than those expressly set forth herein. Each party acknowledges that they are not relying upon any oral statements, representations, promises or expectations which are not expressly and explicitly set forth in this Agreement, which alone fully and completely expresses all agreements between the parties.

10. **Full Understanding.** The parties acknowledge that they are entering into this Agreement of their own accord and without any undue influence, coercion or pressure of any kind; that all the provisions of this Agreement, as well as all questions pertinent thereto, have been fully and satisfactorily explained to them; that they have given due consideration to such provisions and questions, and understand them clearly; that the provisions embodied in this Agreement are in all respects acceptable to them and that they, therefore, accept these provisions in full and final satisfaction of all claims and demands which have been raised or which could have been raised in any litigation.

11. **Waiver.** The failure of either party hereto to insist upon the strict conditions of this Agreement or to exercise any right, remedy, or election herein contained or permitted by law

shall not constitute or be construed as a waiver or relinquishment for the future of such covenant, agreement, term, provision, limitation, condition, right, remedy, or election, but the same shall continue to remain in full force and effect. NO covenant, agreement, term, provision, limitation, or condition of this Agreement shall be deemed to have been waived by either party unless such waiver shall be in writing, signed by such party or its duly authorized agent.

12. **Governing Law.** This Agreement shall be governed and construed under the laws of the State of New Jersey.

13. **Captions.** The captions of the sections of this Agreement are inserted only as a convenience and for reference and shall in no way define, limit, or describe the scope of this Agreement or any section or provision thereof. References to section numbers are to those in this Agreement unless otherwise noted

14. **Entire Agreement.** This Agreement contains the entire agreement between the parties hereto and any executory agreement hereinafter made between them shall be ineffective to change, modify, relieve, discharge, terminate, or effect an abandonment to this Agreement, in whole or in part, unless such executory agreement is in writing and signed by the party against whom enforcement of the change, modification, waiver, release, discharge, termination, or the effecting of the abandonment is sought.

15. **Counterparts**. The Parties may execute this Agreement in counterparts, each of which is deemed an original and all of which only constitute one original. An electronic or facsimile signature of this Settlement Agreement by one or all parties shall be considered an acceptable form and manner of execution upon delivery to the other.

IN WITNESS WHEREOF, the parties have caused this Settlement Agreement to be approved on their behalves by duly authorized officers.

Agency Dkt. No. 5-1/20

New Jersey Commissioner of Education

Final Decision

S.M., on behalf of minor children, J.Y., J.Y. and L.D.

Petitioner,

v.

Board of Education of the City of Gloucester, Camden County,

Respondent.

The record of this matter, which was transmitted to the Commissioner by the Office of Administrative Law (OAL) pursuant to *N.J.A.C.* 1:1-14.4 and includes an advisement of petitioner's failure to appear at the scheduled October 28, 2020 OAL hearing, has been reviewed. Petitioner did not file an explanation for the failure to appear, notwithstanding the opportunity to do so. Accordingly, this matter is no longer deemed to be a contested case before the Commissioner and is hereby dismissed with prejudice.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: January 12, 2021
Date of Mailing: January 12, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *P.L.* 2008, *c.* 36 (*N.J.S.A.* 18A:6-9.1).

13-21

New Jersey Commissioner of Education

Final Decision

L.B., on behalf of minor child, B.C.,

Petitioner,

v.

Board of Education of the Township of Washington, Gloucester County,

Respondent.

Synopsis

Pro se petitioner appealed the determination of the respondent Board that B.C. has not resided within the Washington Township School District since July 6, 2019 and is therefore not eligible to receive a free public education in Washington Township Public Schools. The Board filed a motion for summary decision, which petitioner failed to answer, and sought reimbursement of tuition for the period of B.C.'s ineligible attendance.

The ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; petitioner notified the Board at the end of the 2018-2019 school year that she was moving from her previous address in Sewall to an address in Pine Hill, which is located outside of the respondent's school district; however, B.C. was never registered in Pine Hill schools, and continued to attend Washington Township schools for the 2019-2020 school year; pursuant to *N.J.S.A.* 18A:38-1(b)(2), petitioner has the burden of proof in a determination of residency; and petitioner has offered no competent proof that she and B.C. were domiciled within Washington Township after July 6, 2019. The ALJ concluded that B.C. was not entitled to receive a free public education in the Washington Township School District following the 2018-2019 school year; accordingly, the respondent Board is entitled to reimbursement for tuition costs in the amount of $18,077 for the 2019-2020 school year, plus $100.43 per school day from the beginning of the 2020-2021 school year through the date of this decision, during which time petitioner's minor child was ineligible to attend school in respondent's district.

Upon review of the record in this matter, the Commissioner concurred with the ALJ's findings and conclusion. The Initial Decision was adopted as the final decision in this matter, and the petitioner was ordered to reimburse the Board for tuition in the amount of $18,077, plus $100.43 for every school day during the 2020-2021 school year that B.C. attended Washington Township schools. The petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

13-21

OAL Dkt. No. EDU 07411-20
Agency Dkt. No. 103-5/20

New Jersey Commissioner of Education

Decision

L.B., on behalf of minor child, B.C.,

Petitioner,

v.

Board of Education of the Township of Washington, Gloucester County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed.[1]

Upon review, the Commissioner concurs with the Administrative Law Judge's (ALJ) finding that petitioner failed to sustain her burden of establishing that she was a domiciliary of Washington Township from July 6, 2019 to the present, or that her minor child, B.C., resided with a domiciliary of Washington Township who was responsible for B.C.'s care and support. The Commissioner further concurs with the ALJ's conclusion that B.C. was, therefore, not entitled to a free public education in the District's schools during that time.

Pursuant to *N.J.S.A.* 18A:38-1b, the Commissioner shall assess tuition against petitioner for the time period during which the minor child was ineligible to attend school in Washington Township. Therefore, the Board is entitled to tuition reimbursement in the amount

[1] Correspondence sent by petitioner, which the Commissioner deems to be her exceptions, were not timely pursuant to *N.J.A.C.* 1:1-18.5 and were therefore not considered by the Commissioner.

of $18,077 for the 2019-2020 school year, plus $100.43 per school day from the beginning of the 2020-2021 school year to the date of this decision, during which time petitioner's minor child was ineligible to attend school in respondent's district.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter. Petitioner is directed to reimburse the Board in the amount of $18,077 for the 2019-2020 school year, plus $100.43 per school day from the beginning of the 2020-2021 school year to the date of this decision, for tuition costs incurred during the time period in which B.C. was ineligible to attend school in Washington Township. The petition of appeal is hereby dismissed.

IT IS SO ORDERED. [2]

Re: *In the Matter of the Tenure Hearing of Thomas Curry, School District of the Borough of Bergenfield, Bergen County, Agency Dkt. No. 253-12/20.*

Dear Counsel:

I have reviewed the record in the contested case entitled *In the Matter of the Tenure Hearing of Thomas Curry, School District of the Borough of Bergenfield, Bergen County, Agency Dkt. No. 253-12/20.* The record includes the District's request to withdraw the tenure charges filed in this matter, as well as the respondent's formal resignation filed with the District. In light of this information, I find that no purpose would be served by further proceedings in this matter.

Accordingly, I approve the dismissal of the tenure charges with prejudice and dismiss the matter as a contested case before me.

Sincerely,

Angelica Allen-McMillan, Ed.D.

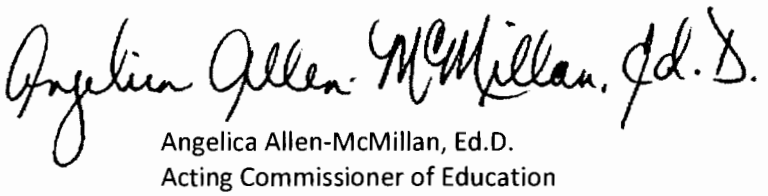
Re: *James J. Lynch v. Michael Skowronski, East Greenwich Township Board of Education, Gloucester County, Agency Dkt. No. 4-6/20A, Commissioner Decision No. 284-20SEC*

Dear Parties:

I have reviewed the materials filed in connection with appellant, James Skowronski's Motion for Reconsideration of the December 15, 2020 Commissioner decision.



Pursuant to *N.J.A.C.* 6A:3-1.15(b)(2), a motion for reconsideration shall be determined based upon the following:

i. claim(s) of mistake, provided, however, that disagreement with the outcome of a decision, or with the analysis upon which it is based, shall not constitute "mistake" for purposes of this section;
ii. newly discovered evidence likely to alter the outcome of a matter, where such evidence could not have been previously discovered by due diligence;
iii. newly ascertained misrepresentation or other misconduct of an adverse party, where such misrepresentation could not have been previously known; or
iv. reversal of a prior judgment on which the present matter is based.

Upon review and consideration of the submissions, I find that the appellant has failed to satisfy the factors set forth in *N.J.A.C.* 6A:3-1.15(b)(2). Appellant's motion is based on arguments previously made during the proceedings before the Office of Administrative Law and School Ethics Commission, which were duly considered in rendering the December 15, 2020 decision. The appellant's disagreement is simply with the outcome of the decision, which is not a sufficient basis for the decision to be reconsidered.

Accordingly, the Motion for Reconsideration is hereby DENIED.[1]

Sincerely,

Angelica Allen-McMillan, Ed.D.
Acting Commissioner of Education

Agency Dkt. No. 10-12/19A

New Jersey Commissioner of Education

Final Decision

In the Matter of Lorenzo Richardson,
Jersey City Board of Education,
Hudson County.

This matter involves an appeal of the School Ethics Commission's (Commission) November 20, 2019 decision that appellant Lorenzo Richardson, a member of the Jersey City Board of Education (Board), violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e) of the School Ethics Act (Act) by filing a petition of appeal seeking to compel action by the board of education on which he served. Having carefully reviewed the Commission's decision and the record in its entirety, the Commissioner finds that the Commission's decision finding that appellant violated the Act is supported by sufficient, credible evidence, and that appellant failed to establish that the decision is arbitrary, capricious, or contrary to law. *N.J.A.C.* 6A:4-1.1(a). However, the Commissioner disagrees with the Commission's recommended penalty of censure and modifies the penalty to a reprimand.

This matter arises from a complicated dispute regarding the contract of the Superintendent of the Jersey City school district. Appellant believed that the Board was required to vote on the renewal or nonrenewal of the Superintendent's contract[1] and, when he was

[1] The question of whether the Board was required to vote on the contract is not before the Commissioner in this appeal and will not be addressed.

unsuccessful in getting the Board to hold a vote, he filed a petition of appeal with the Commissioner against the Board president and attorney. Appellant was not authorized by the Board to file the petition of appeal. Thereafter, a member of the public filed a complaint against appellant with the Commission. The Commission found probable cause that appellant violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e). Following a hearing at the Office of Administrative Law, the Administrative Law Judge (ALJ) concluded that appellant violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e) and recommended a penalty of a reprimand. In its November 20, 2019, decision, the Commission adopted the ALJ's factual and legal determinations, but modified the recommended penalty to a censure.

In his appeal and exceptions, appellant argues that the ALJ found that his conduct was "not overtly unethical or conflicted," which should have ended the analysis. Appellant contends that there is no legal basis to find a *per se* violation of the Act, as the ALJ did here. According to appellant, the Act was not intended as a set of strict liability rules; rather, the Act's purpose is to prevent actual conflicts and self-dealing. Appellant claims that he was not attempting to gain a personal advantage for himself or anyone else, unlike the board members in various cited cases who were found to have violated the Act. Instead, appellant argues that he was merely trying to compel the board to hold a formal vote on the Superintendent's contract – an action within the scope of his duties as a board member, and one similar to actions by board members in cited cases who were found not to have violated the Act.

With respect to the penalty, appellant argues that the Commission improperly enhanced the penalty recommended by the ALJ. First, appellant disputes the Commission's finding that because he had been a Board member for more than four years, "he should be acutely aware of his ethical obligations under the Act." Appellant points out that at the time he

filed the petition of appeal that gave rise to this matter, he had served for only one year and had received, at most, one training session. Second, appellant contends that the Commission misstated the record in finding that he did not want the Board president and attorney to be aware of his filing, because the documents demonstrate that both of them were copied on the petition of appeal, and the attorney specifically acknowledged in his testimony that he received a copy of the petition at the time it was filed. Finally, appellant takes issue with the Commission's conclusion that a reprimand will not deter board members from taking unilateral actions, because a reprimand is, in fact, designed to deter unethical conduct and there is nothing to suggest that a reprimand would not be an effective and sufficient deterrent.

In reply, the Commission argues that its decision that appellant violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e) was reasonable and supported by the record. The Commission notes that appellant does not dispute the ALJ's factual findings and admits that he filed a petition against the Board's president and attorney, challenging the official actions of the Board, without the Board's approval to do so. According to the Commission, the plain and unambiguous language of the Act proscribes appellant's conduct. Furthermore, the Commission contends that there is no "intent" or "mens rea" element to any of the provisions of the Act, contrary to appellant's arguments.

The Commission also contends that a penalty of censure is appropriate. In response to appellant's argument that he had only been a member of the Board for one year at the time of his actions, the Commission argues that there is no period of time for which ignorance may justify the violation of public trust. The Commission indicates that appellant misinterpreted the portion of its decision stating that appellant did not copy the Board's president and attorney, because that statement referred to a letter appellant sent to the Commissioner – but not the Board

president or attorney – seeking intervention, prior to filing the petition of appeal on which all parties were copied. Finally, the Commission takes issue with appellant's characterization of its determination that a reprimand was not the appropriate penalty. The Commission argues that it did not find that reprimands were ineffective, but rather that if overt divisiveness such as appellant's is not publicly sanctioned, it will undermine the work of the Board and the fidelity of its decision-making process, such that it was appropriate for the Commission to modify the penalty to a censure.

Upon a comprehensive review of the record, the Commissioner finds that the decision of the Commission that appellant violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e) is supported by sufficient credible evidence, and appellant has not established that the Commission's decision is arbitrary, capricious, or contrary to law. *N.J.S.A.* 18A:12-24(g) provides that a board member shall not represent any person or party other than the Board in connection with any proceeding involving the school district in which he serves. By filing a petition of appeal with the Commissioner that involved the Jersey City school district, without authorization of the Board, appellant plainly violated the statute. Moreover, his action went beyond the scope of his duties and had the potential to compromise the Board. *N.J.S.A.* 18A:12-24.1(e); *N.J.A.C.* 6A:28-6.4(a)(5).

Appellant cites to *Molica v. Sayre, Pequannock Township Bd. of Educ., Morris City.*, SEC Dkt. No. 07-13 (June 24, 2014) as an example of a board member who was found not to have violated the Act. In that matter, the ALJ found, and the Commission affirmed, that a board president who participated in a telephone conference with the board attorney and superintendent about a legal issue, the result of which was the board attorney sending a letter to a third party, did not take private action that could compromise the board even though the rest of

the board was not involved in the conference or the decision to send the letter. Appellant argues that he also consulted privately with the Board president and attorney regarding his concerns, so he also should be found not to have violated the Act. But appellant's argument disregards the fact that his discussions with the Board president and attorney are not what resulted in the finding that he violated the Act. The action that violated the Act was appellant's filing of a petition of appeal – an action that requires the approval of the majority of the Board – without authorization.

In another case cited by appellant, *Good v. Brattoli, Little Ferry Bd. of Educ., Bergen Cty.*, SEC Dkt. No. 21-14 (November 25, 2014), the respondent board member received a complaint from the public that the complainant board member allegedly misused a school vehicle. The respondent asked for additional information to corroborate the complaint and then forwarded all of the information to the superintendent. The Commission found that the respondent did not make personal promises or take action beyond the scope of her duties that had the potential to compromise the board and that, in fact, she had a duty to report a constituent's concerns to the superintendent for resolution. Appellant argues that he was acting similarly by communicating with appropriate officials about an issue that was likely to impact the school. However, instituting a legal action – without approval of the Board and adverse to the Board – is a step far beyond gathering and communicating information within the district.

In regard to the appropriate penalty, the Commissioner disagrees with the Commission and finds a reprimand to be appropriate. The penalty section of the Commission's decision contains several factual inaccuracies, which were not persuasively corrected by the Commission's brief on appeal. First, the Commission relied on the fact that appellant has been a board member for more than four years, despite the fact that appellant had been a board member

for only one year at the time of his actions in this case. While the Commissioner agrees with the Commission that ignorance of the law cannot be excused no matter how brief a time a board member has served, the Commission cannot rely on a long period of service to support an enhanced penalty when appellant did not, in fact, have a long period of service at the time of his actions. The Commission also noted that appellant did not copy the Board president or attorney on his petition of appeal. While the Commission's brief attempts to explain that this statement referred to his initial letter to the Commissioner, that argument is unavailing, as the decision very clearly states "when [appellant] filed his petition of appeal with Commissioner, he failed to copy" the Board president and attorney.

Removing these factually incorrect bases for assessing a penalty of censure, the Commission's remaining rationale is that without a greater sanction than a reprimand, there is no deterrent to a board member taking unilateral action by filing a legal proceeding against the board on which he serves. The Commissioner cannot agree that a decision finding that appellant violated the Act, and reprimanding him for doing so, is not a deterrent to other board members who might be considering legal action against the boards on which they serve.

Notably, in assessing a penalty of reprimand, the ALJ found that appellant's actions were not self-serving. While this finding does not prevent a conclusion that appellant violated *N.J.S.A.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e) – because neither provision requires that the board member receive a benefit from his actions – it is relevant in determining the appropriate penalty. In *IMO Carvalho, Neron, Nina, and Rodriguez*, Commissioner Decision No. 168-18A (June 1, 2018), the Commissioner determined that a reprimand was the appropriate penalty for board members who had a conflict of interest but did not receive a benefit from their

actions. Here, the same penalty of reprimand is appropriate for appellant, who violated the Act by taking action against the Board but did not do so out of self-interest.

Accordingly, appellant is hereby reprimanded as a school official found to have violated the School Ethics Act.

IT IS SO ORDERED.[2]

Agency Dkt. No. 4-1/20

New Jersey Commissioner of Education

Final Decision

Alan Maloney,

Petitioner,

v.

New Jersey State Interscholastic Athletic Association,

Respondent.

For Petitioner, Alan Maloney, Ralph A. Paolone, Esq.

For Respondent, New Jersey State Interscholastic Athletic Association, Steve P. Goodell, Esq. and Scott T. Miccio, Esq.

This case involves an appeal of a decision of the New Jersey State Interscholastic Athletic Association (NJSIAA), suspending petitioner Alan Maloney from officiating any wrestling matches for the 2019-2020 and 2020-2021 seasons. On appeal, petitioner argues that the NJSIAA's decision was arbitrary, capricious, and unreasonable because the NJSIAA did not have jurisdiction to suspend him and the decision was not supported by the record. Petitioner also argues that he did not receive due process before the NJSIAA.

Athletic competition in New Jersey's public schools is overseen by the NJSIAA, a voluntary, non-profit organization which promulgates the rules and regulations governing high school athletics. *See, e.g., B.C. v. Cumberland Reg. Sch. Dist.*, 220 *N.J. Super.* 214, 234 (App. Div. 1987). One of these rules is the Sportsmanship Rule, which, among other things, provides for disciplinary action for any person who "engages in harassing verbal or physical conduct related to race, gender, ethnicity,

disability, sexual orientation or religion at an interscholastic event." NJSIAA Bylaws, Article IX, Sec. 3(D). The NJSIAA has the authority to "investigate and take appropriate action on any reported flagrant violation of the sportsmanship rule." NJSIAA Bylaws, Article IX, Sec. 5(A). Violations "shall be resolved in a manner sufficient to correct the problem," which can range from written findings to disciplinary action. NJSIAA Bylaws, Article IX, Sec. 5(C).

On December 18, 2018, petitioner officiated a wrestling match between Buena Regional High School and Oakcrest High School. Student-athlete A.J.'s hair was styled in locs, a traditionally Black hairstyle in which the hair is rolled. According to the wrestling rules at the time,[1] he was required to wrestle using a hair cover, but he came to the mat at the beginning of his bout with a hair cover that did not meet the requirements of the rules because it did not attach to his ear guards. After petitioner informed A.J. and his coach that the hair cover did not meet the requirements, a trainer from A.J.'s school cut his hair on the side of the mat so that A.J. would not have to forfeit the match. The incident was widely reported in the media. Following the incident, the NJSIAA convened a task to investigate the incident. The NJSIAA also referred the incident to the New Jersey Division on Civil Rights (DCR) as a potential bias incident. The joint effort resulted in a Memorandum of Agreement (MOA), issued on September 18, 2019, in which the NJSIAA and the DCR agreed that the NJSIAA would suspend petitioner from officiating any matches for the 2019-2020 and 2020-2021 seasons and require petitioner to undergo training prior to reinstatement as an official.

On October 10, 2019, the NJSIAA issued a written decision supplementing the MOA and formally suspending petitioner. The NJSIAA found that petitioner was not credible when questioned, offering inconsistent explanations and making statements that were not supported by the evidence. The NJSIAA noted that petitioner was required to inspect students' hair covers upon arriving at the site, but

[1] The wrestling rules have subsequently been changed. Additionally, with the passage of the Crown Act, P.L. 2019, c. 272, New Jersey law now explicitly prohibits discrimination based on hairstyles associated with race.

failed to follow the protocol; had he done so, the later problems would have been avoided. The NJSIAA found that petitioner permitted A.J. to wrestle after the haircut, even though A.J.'s hair was still not in its "natural state," which was inconsistent with petitioner's own alleged rationale as to why A.J. needed the hair cover. A 2016 incident, in which the New Jersey Wrestling Officials Association (NJWOA) Ethics Committee suspended petitioner for using a racial slur and getting in a physical altercation with a fellow official at a social event following a youth wrestling tournament, was found to be an aggravating factor. Finally, due to the widespread attention the incident received, the NJSIAA found that petitioner's presence at events would be disruptive and would not ensure "a safe and healthy playing environment" for all students.

On January 7, 2020, petitioner filed a petition with the Commissioner of Education challenging the decision of the NJSIAA. On appeal, petitioner notes that Section 1, Article VII of the NJSIAA's Officials Handbook (Handbook) provides that protests based on an official's misapplication of the playing rules will not be honored. According to petitioner, this provision prohibits the NJSIAA from taking action against him based on the discrepancy of his allowing the student to wrestle after his haircut even though the hair was not in its natural state, rendering its decision arbitrary, capricious, and unreasonable. Petitioner contends that the NJSIAA's sportsmanship rule does not apply to officials or referees because the definition of "any person" who is subject to the rule is "athletic department, staff member, Student Athlete or a fan or spectator associated with a member school," with no reference to officials or referees. Petitioner argues this exclusion was intentional, because officials and referees are independent contractors and not subject to control or discipline by the NJSIAA directly. In fact, petitioner contends that the Handbook states that all complaints against officials who are members of the Officials' Association "shall" be handled through the internal processes of the Officials' Association;

"shall" is a mandatory term and does not afford the NJSIAA discretion. According to petitioner, the NJSIAA erred in determining that the NJWOA had disqualified itself by prejudging the issue.

Petitioner also argues that the NJSIAA's decision to suspend him deprived petitioner of his income, constituting discipline that mandates a formal hearing with the opportunity to present evidence, call witnesses, cross-examine witnesses, and receive a transcribed record. According to petitioner, the NJSIAA's failure to provide him with these due process rights renders its decision arbitrary, capricious, and unreasonable. Petitioner notes that the NJSIAA conducted witness interviews but did not provide petitioner with notice or the opportunity to question the witnesses, or a transcript of the statements; moreover, the witnesses were not placed under oath. Petitioner contends that if the NJSIAA wanted to discipline an official who was a member of the Officials' Association, the NJSIAA was required to conduct a full hearing before the Controversies Committee to ensure his due process rights. Petitioner also argues that there were flaws in the NJSIAA's investigation, including failing to interview critical witnesses and instead relying on interviews conducted by the DCR, even though the task force did not participate in the interviewing of those witnesses and could not judge their credibility without seeing their appearance, demeanor, and body language. According to petitioner, the NSIAA did not acknowledge alleged inconsistencies between the interviews and written statements.

Finally, petitioner argues that there was no bias incident because he enforced the rules of wrestling as per the National Federation of State High School Associations (NFHS) Rule Book and as interpreted by all officials in New Jersey. According to petitioner, the record is devoid of any witness testimony stating that he acted in a biased manner toward the student, and the NJSIAA's decision does not make any determination that he acted with bias. Petitioner notes that no one – not the coaches, the student, his parents, or anyone involved – complained about petitioner's behavior. Instead, petitioner argues that the record confirms that he applied the rule appropriately as interpreted. Petitioner claims

that other officials have required wrestlers to cut their hair before wrestling, but he is the only official disciplined by the NJSIAA for doing so. Petitioner argues that other individuals, including the coach and the student, were at fault for the incident, but were not disciplined.

In reply, the NJSIAA argues that the Commissioner may not overturn a decision of the NJSIAA if due process has been granted, the decision is supported by sufficient, credible evidence in the record, and the NJSIAA's actions were not arbitrary, capricious, or unreasonable. According to the NJSIAA, there is no requirement in its Constitution, Bylaws, or Rules and Regulations that a member school must file a complaint in order for the NJSIAA to initiate an investigation;[2] in fact, the NJSIAA claims that it has a fundamental obligation to its member schools and student-athletes to investigate bias claims – regardless of how it learned of the incident – and to report them to the DCR. The NJSIAA argues that it was permitted to investigate pursuant to its Sportsmanship Rule, which provides authority to "investigate and take appropriate action on any reported flagrant violation of the sportsmanship rule." NJSIAA Bylaws, Article IX, Sec. 5(A). According to the NJSIAA, the rule does not limit who may be investigated, and the broad wording and intent of the rule demonstrates that it is designed to be applied liberally, such that it includes the conduct of officials. The NJSIAA notes that the definition of unsportsmanlike conduct "shall include but not be limited to" conduct by athletic departments, staff members, student athletes, fans, and spectators, and that the list of categories of individuals is meant to be exemplary, not exhaustive. NJSIAA Bylaws, Article IX, Sec. 3. The NJSIAA contends that it would be unreasonable not to investigate bias incidents. According to the NJSIAA, the use of the phrase "any person" in the Sportsmanship Rule cannot be ignored or reduced to "mere surplusage," citing *DKM v. Residential Props. Corp. v. Twp. of Montgomery*, 182 *N.J.* 296, 307 (2005). Furthermore, the NJSIAA points to case law concluding that when a statute is ambiguous, the reviewing court may adopt the

[22] The NJSIAA also notes that it received a letter from the student's attorney seeking an investigation, as well as a tort claim notice that it was obligated to investigate.

agency's interpretation if it is based upon a permissible construction of the statute. *Thomas v. Frank*, 791 *F. Supp.* 470, 473 (D. N.J. 1992).

The NJSIAA argues that the NJWOA disqualified itself from reviewing this matter when it sent a letter from its officers and members in support of petitioner weeks before the task force had conducted its first interview, even though it knew the NJSIAA was in the process of investigating. Moreover, the NJSIAA contends that by filing a letter in support of petitioner and attempting to aid the investigation, the NJWOA tacitly acknowledged that the NJSIAA had the authority to investigate one of its officials.

The NJSIAA contends that petitioner received due process. The NJSIAA argues that there is no fundamental right under the Fifth Amendment to appear on a list of certified officials or to be employed to referee a high school wrestling match; moreover, the decision was limited to a two-year period and did not impact petitioner's membership in the NJWOA or his ability to officiate non NJSIAA-events. On the other hand, the NJSIAA has a fundamental obligation to protect its member schools and their students. According to the NJSIAA, petitioner appeared before the task force, with counsel, and had every opportunity to provide his side of the story. Finally, the NJSIAA claims that there were no additional or substitute safeguards that were available or appropriate. The NJSIAA notes that the Sportsmanship Rule does not require that a hearing take place or that the matter be referred to the Controversies Committee.

The NJSIAA argues that its decision is narrowly tailored, supported by sufficient credible evidence in the record, and consistent with its fundamental obligation to protect its member schools and student-athletes. According to the NJSIAA, all of the conclusions supporting petitioner's suspension are based solely on statements that petitioner himself made and uncontroverted evidence in the record. The NJSIAA alleges that considering the widespread attention the incident received, the inconsistencies in

petitioner's explanations, petitioner's prior race-based incident, and the need to protect schools and student-athletes, the two-year suspension was more than justified.

It is well-established that the Commissioner's scope of review in matters involving NJSIAA decisions is appellate in nature. *N.J.S.A.* 18A:11-3; *Board of Education of the City of Camden v. NJSIAA*, 92 *N.J.A.R.* 2d (EDU) 182, 188. A petitioner seeking to overturn a decision of the NJSIAA bears the burden of proof. *Id.* As such, the Commissioner may not overturn an action by the NJSIAA in applying its rules, absent a demonstration by the petitioner that it applied such rules in a patently arbitrary, capricious or unreasonable manner.[3] *See N.J.A.C.* 6A:3-7.5(a)(2); *see also B.C. v. Cumberland Regional School District*, 220 *N.J. Super.* 214, 231-232 (App. Div. 1987); *Kopera v. West Orange Board of Education*, 60 *N.J. Super.* 288, 297 (App. Div. 1960). Moreover, "where there is room for two opinions, action is not arbitrary or capricious when exercised honestly and upon due consideration." Bayshore, supra, at 199-200. Therefore, the Commissioner may not substitute her own judgment for that of the NJSIAA, where due process has been provided and where there is sufficient credible evidence in the record to serve as a basis for the decision reached by the NJSIAA. *N.J.A.C.* 6A:3-7.5(a)(1); *Dam Jin Koh and Hong Jun Kim v. NJSIAA*, 1987 *S.L.D.* 259.

Upon consideration of the record and in light of the prescribed standard of review, the Commissioner finds that the petitioner has not met his burden on appeal. As a threshold matter, the petitioner was afforded adequate due process before the NJSIAA, having been given notice of the proceedings and an opportunity to present his case, with the assistance of counsel. The Sportsmanship Rule does not require the NJSIAA to hold a hearing in order to impose disciplinary action and, affording

[3] Arbitrary and capricious means "willful and unreasoning action, without consideration and in disregard of circumstances." *Bayshore Sew. Co. v. Dep't of Envt. Protection*, 122 *N.J. Super.* 184, 199-200 (Ch. Div. 1973), *aff'd* 131 *N.J. Super.* 37 (App. Div. 1974) (citations omitted).

the NJSIAA the deference which it is due to interpret its own Bylaws, the Commissioner declines to expand the rule to include such a provision.[4]

Further, the Commissioner cannot find that the NJSIAA applied its rules in a patently arbitrary or unreasonable manner. The NJSIAA applied a broad interpretation of the phrase "any person" subject to the Sportsmanship Rule to include officials, but a broad interpretation is not *per se* an unreasonable one. Indeed, the plain language of the phrase demands a broad interpretation. Moreover, the Commissioner accepts the NJSIAA's interpretation of the phrase that follows – "athletic department, staff member, Student-Athlete or a fan or spectator associated with a member school" – to be in the nature of an example, rather than an exhaustive list. In the absence of any precedent narrowly defining "any person" to include only those persons named, there is nothing to demonstrate that the NJSIAA interpreted and applied the phrase arbitrarily in this case. Additionally, the Affiliation Agreement between the NJSIAA and the NJWOA-Southern Chapter provides that officials agree to comply with all provisions of the NJSIAA's Bylaws, and the Commissioner finds it well within the realm of reason for the NJSIAA to determine that that agreement includes officials abiding by the Sportsmanship Rule. The Affiliation Agreement also provides that it does "not in any way impair" the NJSIAA's authority to deal with controversies or impose discipline, and the Bylaws provide that the NJSIAA's President and Executive Director have the authority to investigate violations of the Sportsmanship Rule.

Having concluded that petitioner may be subject to disciplinary action for violating the Sportsmanship Rule, the Commissioner must next determine whether petitioner did violate the Rule. While petitioner argues that the NJSIAA could not discipline him for his misinterpretation or misapplication of the playing rules, that is not what occurred. The NJSIAA disciplined petitioner because his conduct resulted in a student-athlete with a traditionally Black hairstyle being placed in the

[4] Given that no hearing is required, the Commissioner cannot conclude that the NJSIAA violated petitioner's due process rights by not adhering to the hearing procedures outlined in the Bylaws for other controversies that do require hearings.

untenable position of choosing between forfeiting an important match and having his hair cut in front of his teammates, opponents, coaches, and spectators. The Commissioner concurs with the NJISAA that video of the incident gives the impression that A.J. was publicly humiliated as a result of his hairstyle. Moreover, the Commissioner cannot conclude that the NJSIAA was arbitrary, capricious, or unreasonable in finding that petitioner was not credible and contradicted himself, and that he failed to take action earlier in the event to prevent the incident.

Likewise, the penalty imposed on petitioner for violation of the NJSIAA's rules was not arbitrary, capricious, or unreasonable, nor were the NJSIAA's conclusions that petitioner had engaged in prior misconduct that served as an aggravating factor for purposes of determining the penalty and that petitioner's suspension was necessary to protect schools and student-athletes from the disruption his presence at events would cause. The NJSIAA applied its rules in an appropriate and reasonable manner in light of its duty to ensure a safe and healthy playing environment for student athletes.

Accordingly, the NJSIAA's decision is upheld and the petition of appeal is hereby dismissed.

Record Closed: December 14, 2020 Decided: December 15, 2020

BEFORE **JACOB S. GERTSMAN,** ALJ t/a:

This matter concerns the challenge of Petitioner Township of Lakewood Board of Education, Ocean County (Board or Lakewood), in accordance with N.J.A.C. 6A:30-4.1, to the interim review conducted by Respondent New Jersey Department of Education, Ocean County Office of Education (Department), as to the New Jersey Quality Single Accountability Continuum (NQSAC).

The parties have voluntarily agreed to resolve all disputed matters and have entered into a settlement as set forth in the attached document.

I have reviewed the terms of settlement and I **FIND:**

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures on the attached document.

2. The settlement fully disposes of all issues in controversy between them and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and therefore **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

TOWNSHIP OF LAKEWOOD BOARD OF EDUCATION, OCEAN COUNTY

Petitioner,

v.

NEW JERSEY DEPARTMENT OF EDUCATION, OCEAN COUNTY OFFICE OF EDUCATION,

Respondent.

STATE OF NEW JERSEY
OFFICE OF ADMINISTRATIVE LAW

Agency Docket No.: 273-10/19
OAL Docket No.: EDU 16002-2019S

SETTLEMENT AGREEMENT

WHEREAS, the Township of Lakewood Board of Education ("Lakewood") and the New Jersey Department of Education ("the Department") have mutually agreed to settle the above-captioned matter, with Gubir S. Grewal, Attorney General of New Jersey, by Sydney Finkelstein, Deputy Attorney General, appearing on behalf of the Department, and Michael I. Inzelbuch, Esq. appearing on behalf of Lakewood Board of Education and

WHEREAS, N.J.A.C. 6A:30-1.1 establishes the implementation of the New Jersey Single Accountability Continuum ("NJQSAC") system as required by N.J.S.A. 18A:7A-3; and

WHEREAS, N.J.A.C. 6A:30-2.1 requires that the Department shall evaluate and monitor school districts' performance and capacity in five key components of school district effectiveness including: (1) Instruction and program; (2) Personnel; (3) Fiscal management, (4) Operations; and (5) Governance; and

WHEREAS, N.J.A.C. 6A:30-3.1 requires that the Commissioner shall conduct a comprehensive review of each school district every three years and the comprehensive shall be based on the Department-developed weighted quality performance indicators; and

WHEREAS, N.J.A.C. 6A:30-4.1 requires the Commissioner to issue a final determination letter detailing a school district's performance and placement on the performance continuum, based on the comprehensive review, which is pursuant to N.J.S.A. 18A:7A-11 and N.J.A.C. 6A:30-3.1(a); and

WHEREAS, N.J.A.C. 6A:30-4.1(a)(2) requires that each school district that satisfies at least eighty (80) percent of the weighted quality performance indicators in each of the five key components of school district effectiveness, a designation as a "high performing" school district and a recommendation for the State Board to certify, for a period of three years, the school district as providing a thorough and efficient education; and

WHEREAS, N.J.A.C. 6A:30-4.1(a)(3) requires that for each school district satisfying less than eighty (80) percent in one or more of the weighted quality performance indicators in each of the five key components of school district effectiveness, notification the school district has not met the comprehensive review's requirements and shall be directed to begin improvement, pursuant to N.J.A.C. 6A:30-5.2; and

WHEREAS, N.J.A.C. 6A:30-4.1(a)(5) requires notification the school district may seek reconsideration of the Commissioner's placement of the school district on the performance continuum within seven days of receiving the determination letter;

WHEREAS, in accordance with N.J.A.C. 6A:30-4.1, Lakewood appealed the Fiscal Management indicator score of 56% for the August 2019 NJQSAC and;

WHEREAS, the Department, following Lakewood's request to review and reconsider the scores, raised the Fiscal Management score from 56% to 64% after Lakewood provided additional documentation and proof of progress; and

WHEREAS, Lakewood was not reinstated all points for the Fiscal Management indicator because DOE determined that they did not reconcile their accounts and failed to implement the Standard Operating Procedural Manual, Lakewood disputes same; and

WHEREAS, this matter arose from the October 19, 2019 Petition of Appeal filed by Michael I. Inzelbuch Esq. on behalf of Lakewood in regards to the scores received for the Fiscal Management indicator of the NJQSAC; and

WHEREAS, Lakewood appealed the Fiscal Management indicator scores for the August 2019 and September 2019 NJQSACs; and

WHEREAS, during the course of litigation, Lakewood received a score of 72% on Fiscal Management on the August 4, 2020

NJQSAC; and

WHEREAS, during the course of litigation and in accordance with N.J.A.C. 6A:30-4.1, Lakewood appealed the Fiscal Management indicator score of 72% for the August 2020 NJQSAC; and

WHEREAS, the Department, following Lakewood's request to review and reconsider the scores, raised the Fiscal Management score from 72% to 80% after Lakewood provided further clarification and proof of progress, allowing Lakewood to be considered a "high performing district"; and

WHEREAS, Lakewood previously was not reinstated all points for the Fiscal Management indicator because DOE determined that they did not reconcile their accounts and failed to implement the Standard Operating Procedural Manual, Lakewood disputes same; and

WHEREAS, during the course of litigation Lakewood moved before the ALJ with a motion for proposed amendments or in the alternative a Motion for Consolidation to include August 4, 2020 QSAC scores and the ALJ granted the amending of the petition and to include said scores; and

WHEREAS, during the course of litigation and in furtherance of settlement, Lakewood provided a letter, dated December 8, 2020, from independent auditor Matthew Holman of Holman Frenia Allison, P.C. stating that all accounts had been reconciled and the Standard Operating Procedural Manual had been implemented;

and

WHEREAS, based on this information, the Department is satisfied that Lakewood reconciled their accounts and implemented the Standard Operating Procedural Manual, therefore warranting the addition of 8 points on the Fiscal Management Indicator of the NJQSAC, thereby, raising the score to 88% with the other four NJQSAC area scores remaining as follows: Instruction and Program 80%, Governance- 100%, Operations- 91%, Personnel- 96%; and

NOW THEREFORE, the parties hereto agree to settle the above-captioned matter upon the following terms:

1. This agreement will be codified in a decision of settlement issued by the ALJ.

2. The Department will reinstate eight (8) points to the Fiscal Management Indicator #2 for the 2019-2020 NJQSAC, thereby raising the score to 88%.

3. The parties agree that this agreement fully resolves all issues between them arising from the Petition of Appeal.

COMMISSIONER, NEW JERSEY DEPARTMENT OF EDUCATION

IN THE MATTER OF THE PROCEEDING BETWEEN:

Amada Sanjuan, "Respondent" or "Tenured Assistant Principal"

- and -

School District of West New York, "Petitioner" or "District"

Agency Docket No: 218-10/20

AWARD AND OPINION

Appointment:	Oct. 28, 2020
Hearings:	Dec. 8 and 10, 2020
Posthearing Briefs:	Jan. 6, 2021
Date of Award:	Jan. 21, 2021
Arbitrator:	Perry A. Zirkel

APPEARANCES:

For the West New York School District

Nishali A. Rose, Esq.
Florio Perrucci
430 Mountain Avenue
New Providence, NJ 07974

For Tenured A.P. Amada Sanjuan

Evan L. Goldman, Esq.
Goldman, Davis, Frumholz & Dillon, PC
3 University Drive
Hackensack, NJ 07601

Factual Findings[1]

On or about September 1997, the District hired Amada Sanjuan as a full-time bilingual teacher.[2] She served in that position at the elementary and secondary levels until 2012. From 2012 until 2015, she served as a disciplinarian at the middle school, which was a teaching position with a stipend.

In approximately March 2016,[3] the District appointed her to an assistant principal's position. Her initial assignment in this position was in the system-wide early childhood education program, followed by about a year as an assistant principal at the middle school, and next as acting principal in the early childhood education program until summer 2019.

In August 2019, the District assigned Sanjuan to be one of the five assistant principals at the Memorial High School.[4] For her entire career in the District until the incident at issue in this case, she had not received any discipline and generally had a solid reputation among staff and students.

On Wednesday, February 12, 2020, Sanjuan attended an evening student activity as part of her duties at the high school, which consists of three connected buildings. The activity was upstairs in one of the buildings, and she went to her locker to obtain her laptop computer. Asked by a teacher to provide a welcome for a parent-teacher organization meeting downstairs in the cafeteria, she walked over from the annex building to the stairway that went down to the cafeteria area. She called her adult daughter on her cellphone on the way. She stopped for a few

---

[1] Two prefatory clarifications about the language in this Award may be necessary. First, as is customary for arbitration awards and other adjudicative decisions, the references to witnesses' names herein, after the first identification, is via the surname only. No discourtesy is intended or should be perceived. Second, the use of "*supra*" in the footnotes is merely as cross reference to earlier (i.e., "above") parts of the decision.

[2] She signed her employment contract (Jt. Exhibit 1) at about that time.

[3] The parties stipulated that she became assistant principal in March 2016, although Sanjuan credibly testified that her first appointment to this position was in October 2015. This limited difference is of no moment here, because there is no dispute that she had obtained tenure in this administrative position before the event at issue.

[4] She received her salary letter (Jt. Exhibit) for the 2019–20 school year in July 2019.

seconds at the top of the stairway and, suddenly, fell down the entire flight of stairs, tumbling over and over until landing with a loud thud on the floor below. Hearing the noise, teacher Timothy Perillo, who helping with the meeting, and the custodian hurried to the location, finding Sanjuan sitting on the floor, with her purse to one side, and rubbing her thigh. After conversing with her briefly and retrieving her personal items, including keys, coat, and cellphone, from the stairs, Perillo went to summon one of the other assistant principals, Charles Krajewski. The custodian left to get a glass of water for Sanjuan.

As recorded on a nearby security camera in the hallway,[5] Sanjuan, upon being left alone at that point, reached into her purse and took out a piece of paper. She then stood up and—without any visible impairment—ascended about half-way up the stairway, placed the paper on one of the stairs, and returned to the bottom of the stairway. Resuming her position on the floor, she continued rubbing her left thigh; checked the back of her head with her hands; briefly texted on her cellphone; and then checked her left ankle until the custodian returned with a paper cup of water.

Next, Perillo returned with Krajewski, who had an extended conversation with Sanjuan and checked the back of her head. Another co-worker brought a chair, in which they helped her up to sit. First, Sanjuan sat, then stood, then sat, rubbing and checking her left hip and thigh. After Krajewski left again temporarily and after conversing further with the custodian and Perillo, Sanjuan pointed up the stairs twice.[6] Following her direction, the custodian ascended the stairs, found the piece of paper, and retrieved it.

---

[5] Jt. Exhibit 5 (surveillance video).

[6] While Sanjuan successively pointed up the stairs, according to Perillo's credible testimony, she said that she had slipped on a piece of paper. His perception, both in his initial conversation upon finding her after the fall and in this follow-up interaction, was that she was embarrassed but not unclear or disoriented in her statements to him. Krajewski also credibly testified that (1) she attributed her fall to slipping on a piece of paper on the stairs, and (2) based on his experience as a youth athletics coach, she did not evidence any symptoms of a head injury.

Krajewski returned with what appeared to be a wet cloth or cold compress, which Sanjuan held on the back of her head. When she insisted that she did not want an ambulance, Krajewski subsequently drove her to the hospital,[7] where her adult daughter came and took over. At the hospital, Sanjuan received an X-ray, a CT scan, and a medical examination that included a concussion protocol. The emergency room physician sent her home with crutches and medication, authorizing her to return to work on the following Monday.

For the next two days, which were Thursday and Friday, Sanjuan remained home, with the primary problem being a severely swollen and reddened thigh. She had a bump on the back of her head that, compared to her thigh, healed relatively quickly.

In the morning of the first of these two days, the District's benefits coordinator telephoned Sanjuan to fill out the requisite illness/injury report, which is submitted to the worker's compensation carrier in cases of injury at work. Because the school nurse was not on duty the previous evening and because Sanjuan was at home as a result of the accident, the benefits coordinator read each item on the form aloud to Sanjuan on the phone and recorded her answers verbatim on the form. The specific words that Sanjuan used for what had happened were as follows: "[she] saw a piece of paper on the steps and she slipped/lost her balance. She fell down the entire set of steps and landed on her back, hitting her head on the concrete floor."[8] Sanjuan had the opportunity to verify the contents upon subsequently signing the form.

On the same day (February 13), the high school's principal, Oscar Guerrero, viewed the video and, surprised at the segment showing Sanjuan's placement of the piece of paper, summoned assistant superintendent Scott Wohlrab to come from central office to view it.

In the meanwhile during these two days, the principal of one of the elementary schools

---

[7] The specific facility was the Hackensack Meridian Health Palisades Medical Center.
[8] Jt. Exhibit 6.

called Alan Roth, who was an administrative assistant to the superintendent and former legal counsel to the District. He reported to Roth that the video of Sanjuan's fall, including the segment with the piece of paper, was circulating among his elementary school staff. Roth viewed the video with Wohlrab and, as authorized by the superintendent and as part of his usual duties, proceeded to investigate both the video-contents and video-dissemination issues.

Because the following week was school vacation, Sanjuan did not return to the District to resume her duties until her next scheduled workday, which was Monday, February 24.

On February 25, near the end of the school day, a colleague told Sanjuan that the video of her fall was in circulation among staff members of the high school and one elementary school. Upset about this unauthorized disclosure of her fall, Sanjuan immediately went to see principal Guerrero to express her concern. He suggested that she contact Wohlrab due his responsibilities for such human resources (HR) issues. She e-mailed Wohlrab and the superintendent that evening to register her complaint about the video's circulation.

On the next day (February 26), at the superintendent's Wohlrab held an investigatory meeting with Sanjuan, her union representative, and Roth. The focus of Roth's and Wohlrab's questioning was on the fall rather than the circulation.[9] In response, Sanjuan reported vaguely recalling a piece of paper at the top of the stairway and falling down the stairs upon bending down to pick it up. She said that she did not have a specific memory of anything else beyond being concerned about potentially injuring her head on her way down and feeling embarrassed when co-workers arrived to help her. Roth and Wohlrab responded that the statement on the illness/injury report appeared to be false based on the entire video, which they than played for

[9] Previous to the meeting, they had already determined that three other staff members, including two administrators, had circulated the video. The result was discipline that was rather limited in comparison to dismissal. Without providing the details, they told Sanjuan that they were taking care of the circulation issue, although they had not yet ascertained its complete specifics and extent.

her. After viewing it with them, she denied having any previous knowledge or refreshed recollection of the paper-placement segment. They also asked how she found out about the circulation of the video, and she declined to identify her source(s). She explained that it would be like a student ratting out, or snitching on, a friend. At the end of the meeting, Wohlrab notified her of her placement on administrative leave pending the conclusion of the investigation.

On October 9, the District submitted tenure charges against Sanjuan to the state education department. Charge 1 was on the grounds of conduct unbecoming based on her "attempt[] to manipulate the scene" and her "false report of the incident." Charge 2 was on the grounds of conduct unbecoming or other just cause, citing "continued lying" in addition to the aforementioned two allegations and characterizing the illness/injury report as "insurance fraud." Charge 3 was on the grounds of insubordination based on her refusal to disclose the information about her source upon Wohlrab's and Roth's questioning. Charge 4 appeared to be a cumulative catchall.

The charges were subsequently processed according to the applicable statutes to the appointment of the arbitrator on October 28 upon the Commissioner's finding of sufficiency.[10] The arbitrator held virtual hearing sessions on December 8 and 10, 2020 and the record closed upon the submission of posthearing briefs on January 6, 2021.

[10] During the intervening period, Sanjuan provided her answer to the charges via her legal counsel.

Applicable Statutes and Policies

The New Jersey tenure laws are extensive,[11] with the relevant provisions including the following examples:

§ 18A:28-5:

a. The services of all teaching staff members employed prior to [Sept. 1, 2012] in the positions of teacher, principal, ..., assistant principal, ... shall be under tenure during good behavior and efficiency and they shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming such a teaching staff member or other just cause and then only in the [specified] manner . . . after employment in such district or by such board for . . . [t]hree consecutive calendar years . . . .

§ 18A:6-17.1:

b. (1) The hearing shall be held before the arbitrator within 45 days of the assignment of the arbitrator to the case;

d. Notwithstanding . . . any other section of law to the contrary, the arbitrator shall render a written decision within 45 days of the start of the hearing.

§ 18A:6-17.2:

d. The board of education shall have the ultimate burden of demonstrating to the arbitrator that the statutory criteria for tenure charges have been met.

e. The hearing shall be held before the arbitrator within 45 days of the assignment of the arbitrator to the case. The arbitrator shall render a written decision within 45 days of the start of the hearing.

Additionally, the District's policies include the following:

Board of Education Policy No. 3150 – Discipline:[12]

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and

---

[11] *E.g.*, N.J. REV. STAT. §§ 18A:6-10 *et seq.* and §§ 18A:28-1 *et seq.* For related regulations, see, e.g., N.J. ADMIN. CODE §§ 6A:3-5.1 *et seq.*

[12] Jt. Exhibit 3.

duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

Board of Education Policy No. 3211 – Code of Ethics:[13]

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of pupils, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

[13] Jt. Exhibit 4.

Discussion

The Respondent's argument of fatal procedural deficiency is not effective in this case. Specifically, the Respondent claimed, for the first time in its posthearing brief,[14] that this case must be dismissed for "lack of sworn statements by ... the witnesses who provided the background information [that was the basis of] the tenure charges."[15] Neither the applicable statutes nor court decisions specify this purported requirement.[16] Instead, the brief relied on an arbitration award that obviously does not suffice for several reasons, including that (a) the Respondent overstated its import[17]; (b) the award provided for dismissal "without prejudice"[18]; and, in any event, it is not at all binding authority.[19] In any event, there was no showing in this case of any prejudice to the Respondent in her receiving notice of the charges and the evidence and her opportunity to respond to them via this arbitration hearing process.

Rather, the focus of this arbitral decision is the assessment of the evidence in relation to the tenure charges and the applicable case law. The Petitioner's tenure charges in this case, when sorted out for to avoid overlap, amount to (1) conduct unbecoming or just cause for the

---

[14] Respondent's motion for dismissal and opening arguments did not raise this argument.

[15] Respondent's closing brief, at 4.

[16] *E.g.,* N.J. REV. STAT. § 18A:6-11 (requiring the district administration to present the school board with "a written statement of the evidence under oath to support the charges"); N.J. ADMIN. CODE § 6A:3-5.1(b) (clarifying that this oath requirement applies to the school administrator instituting the tenure charges); N.J. REV. STAT. § 18A:6-17.1(b)(3) (requiring the school board, upon arbitration, to provide to the teacher with "all evidence including ... statements of witnesses"). The Respondent's brief did not cite, and I do not know of, any applicable court decisions in this jurisdiction that provide the purported requirement.

[17] First, the Respondent characterized the most important element of the cited award as the superintendent's lack of firsthand knowledge. Respondent's closing brief, at 5 (quoting from that award that "most importantly ... nothing in the record indicated [the superintendent] directly participated in the investigation"). Instead, the arbitrator in that case explicitly explained that, contrary to this restatement of the teacher's position in the case, "the fact that [the] Superintendent ... did not have firsthand knowledge of investigation is not itself fatal to the Charges." Watchung Borough Bd. of Educ. and Christopher Riley, Agency Dkt. No. 112-520 (2020) (Barron, Arb.), at 14. Second, the Respondent accurately quoted arbitrator Barron's inferred requirement about "signed witness statements" (*id.* at 12), but (1) this inference does not square with arbitrator Barron's previous recitation and summary of the applicable New Jersey legislation and regulations (*id.* at 11), (2) signed does not mean sworn, and (3) he ultimately relied on "multiple shortcomings" concerning the specific sources and supports of the information rather than the lack of sworn witness statements (*id.* at 12–15).

[18] *Id.*

[19] *E.g.*, ELKOURI & ELKOURI HOW ARBITRATION WORKS 11-28 (Kenneth May et al. eds. 2012).

February 12 incident and the Respondent's subsequent accounts of it, and (2) insubordination for refusing an authoritative request to disclosure her source. Although the ultimate determination will be based on their residual combination, the analysis will separately address each of these two categories of conduct in relation to the cited grounds of New Jersey's tenure law.

Alleged Unbecoming Conduct or Just Cause - Respondent's Incident and Accounts

The Respondent's subsequent accounts after the incident, starting with the illness and injury report form and extending to the investigatory interview, included not only inconsistencies with regard to the location and role of the paper, but also and much more importantly, the conspicuous and continued omission of her placement of the paper.

The Respondent's two primary defenses do not countervail the significance of this core conduct. First, the opening statement and the posthearing brief emphatically advanced the argument that the Respondent's conduct did not constitute "insurance fraud," which the tenure charges claimed. However, this claim was only a limited part of tenure charge 2. Moreover, the arbitrator need not determine whether the conduct amounted to insurance fraud, because assuming arguendo that it was not fraudulent in the insurance context, the above-identified incident remained for assessment, per the analysis *infra*, as either possible conduct unbecoming or just cause.

As her second and broader defense, the Respondent claimed that she does not recall anything beyond seeing a piece of paper and falling down the stairs. The first problem with this claim is credibility. In addition to its obvious self-serving nature, especially in the face of the security video, this testimony is cumulatively countervailed by (1) the cogent testimony of her co-workers that she showed no signs of cognitive impairment[20]; (2) the immediate medical

[20] *See supra* note 6.

examination did not yield any diagnosis of a concussion or other such head injury; and (3) her various accounts of the incident, including her immediate statements to co-workers, her report for the illness/injury form the next morning, and her investigatory interview approximately two weeks later provided an additional recollection of a causally connected role of the piece of paper.

The even more critical problem with the "don't remember" defense is that even if it were believable, it does not negate the rather shocking paper-placement and -pointing behavior. Whether she recollected it or not, the evidence is undisputed that the Respondent engaged in this behavior without any evidence that it was somehow involuntary or without consciousness.

The remaining essential part of the determination is whether this clearly proven conduct amounted to "conduct unbecoming . . . or other just cause" under the tenure law.[21] The state's supreme court has clarified that conduct unbecoming is "conduct 'which adversely affects the morale or efficiency of the [District]" or "has a tendency to destroy public respect for [District] employees and confidence in the operation of [public] services."[22] Moreover, the court clarified that "a finding of unbecoming conduct 'need not be predicated upon the violation of any particular rule or regulation, but may be based merely upon the violation of the implicit standard of good behavior which devolves upon one who stands in the public eye as an upholder of that which is morally and legally correct.'"[23] Although also within the broad meaning of just cause,[24] the Respondent's paper placement/attribution conduct adversely affects the morale or efficiency of the Petitioner.

This conclusion merits careful demarcation. The circulation of the video was attributable

---

[21] *See supra* "Applicable Statutes and Policies" section.

[22] Bound Brook Bd. of Educ. v. Ciripompa, 153 A.3d 931, 937 (N.J. 2017) (citing its previous decisions in 1998 and 2010).

[23] *Id.* (citing its 1998 decision).

[24] Indeed, even without any knowledge of why she put the paper on the stairs and of the cogent adverse testimony of her colleagues, any reasonable person viewing the video and being told that the protagonist was a school administrator would conclude that the paper placement was flagrantly unacceptable behavior.

to the District based on the unauthorized disclosure by other employees, who included at least one other administrator with access to the surveillance tapes as part of his or her duties. This fact warrants discounting the effect of the Respondent's conduct on the morale or efficiency of employees more generally or on public respect except for whatever would likely have resulted from typical rumor mills. The residual impact on the necessarily close administrative team of the relatively large urban high school is clearly sufficient for the requisite effect on the district. Although providing due respect for the Respondent's solid service in the school district, her fellow administrators—from the superintendent to the principal of her school to the assistant principal who came to her aid—credibly and understandably testified that her above-identified conduct adversely affected her reliability that was necessary for their collective efficiency. For examples, they cited the trustworthy collaboration needed for effective teacher supervision/ evaluation and student safety/discipline.

Alleged Insubordination

In contrast, the alleged insubordination in this case plays a notably limited supporting role. Although the Respondent's refusal to disclose the identity of her collegial source fits within the rather broad meaning of insubordination,[25] its scope and severity are not particularly weighty in this case. First, the Wohlrab and Roth had already identified the primary perpetrators before questioning the Respondent. Second, the questioning was not focused directly on any additional perpetrators or on the specific recipients of the video dissemination, which were central to the investigation of this related but separable matter. Third, the severity of this insubordination

---

[25] *E.g.*., In re Tenure Hearing of Ziznewski, 2012 WL 1231874 (N.J Super. Ct. App. Div. Apr. 13, 2012): "Insubordination" has been found in an employee's willful refusal of submission' to the authority of [his or] her superiors." *Laba v. Bd. of Educ.*, 23 N.J. 364, 385 (1957) . . .; "a 'willful disregard of an employer's instructions ...' or an 'act of disobedience to proper authority'" (quoting *Black's Law Dictionary* 802 (7th Ed. 1999).

would have been clearer if the Wohlrab and Roth had changed their questioning from informal conversation to a formal directive.[26] Nevertheless, particularly as a school administrator, the Respondent is reasonably expected to be more forthcoming in providing such unprivileged information.[27]

Justifiable Penalty

For the over-arching concept of just cause in arbitration generally the just determination of sufficient cause is separable from a resulting just determination of the appropriate consequence, or penalty.[28] In arbitration in modern New Jersey tenure cases, the mitigation of a disproportionately harsh penalty is also generally recognized. First, it appears to be judicially accepted for the tenure cases arbitrated under the alternative avenue of the New Jersey Public Employment Relations Commission.[29] Second, although not yet directly addressed in court decisions concerning arbitrations under the TEACHNJ legislation, the 1967 decision of *In re Fulcomer*[30] required the independent determination under earlier legislation to integrally include "what penalty should justifiably be imposed."[31] Courts have continued to apply the *Fulcomer*

---

[26] Neither of these two witnesses was particularly cogent, but they did make clear that their style was to conduct investigatory meetings as informal conversations.

[27] Indeed, her analogy to students was clearly inapposite; one would expect far different behavior from a school administrator than from her students. If anything, a school administrator's more cooperative behavior in investigations should be the model for students rather than the reverse.

[28] *E.g.*, DISCIPLINE AND DISCHARGE IN ARBITRATION 31-35 & 85-89 (Norman Brand ed. 1998); FAIRWEATHER'S PRACTICE AND PROCEDURE IN LABOR ARBITRATION 316-18 (Ray Schoonhaver ed. 1999); MARVIN HILL & ANTHONY SINICROPI, MANAGEMENT RIGHTS 98 (1986) (recognizing that just cause includes not only whether the employer had cause but also whether the employee's discipline was just).

[30] 226 A.2d 30 (N.J. Super. Ct. App. Div. 1967).

[31] *Id.* at 38. More specifically, in this tenure case based on alleged unbecoming conduct, the court concluded that "[a]lthough such conduct certainly warrants disciplinary action, the forfeiture of the teacher's rights after serving for a great many years in the New Jersey school system is, in our view, an unduly harsh penalty to be imposed under the circumstances. . . . [Additionally,] consideration should be given to the impact of the penalty on appellant's teaching career, including the difficulty which would confront him, as a teacher dismissed for unbecoming conduct, in obtaining a teaching position in this State, with the resultant jeopardy to his [pension] rights." *Id.* at 40.

principle and factors in the tenure context.[32] Indeed, in apparent agreement with the various recent arbitration awards that the Respondent's brief cited and that applied *Fulcomer* to mitigate the penalty of termination,[33] the Petitioner's brief concluded that "it is within the right of the arbitrator to fashion discipline that is less than the dismissal of a tenured school employee."[34]

Yet, the Petitioner's attempt to draw a line at the Respondent's administrative position, which would limit the arbitrator to mitigating the dismissal to a suspension, is without sufficiently solid support. Neither of the two cases that Petitioner cited was at the judicial level. Moreover, the first decision is more akin to the present situation, because the teacher at issue was in a supervisory position. In that case, Commissioner's ultimate decision was to remove tenure as a supervisor but continued it as a teacher.[35] In the other case, the arbitrator's *ultra vires* statement was merely dicta, because his ultimate determination was that "the mitigating evidence that was adduced regarding several charges was neither deemed sufficient to dismiss any specific charge nor to reduce the penalty of termination."[36]

If, instead, said arbitrator had carefully considered the import of the cited "dismissal or

---

[32] Specifically, for the alternative of ALJ decisions under the Commissioner's ultimate authority, courts have recognized the applicability of the *Fulcomer* mitigation factors to tenure cases. *E.g.*, In re Geiger, 2015 WL 7261458 (N.J. Super. Ct. App. Div. Nov. 18, 2015); In re Eisenhower, 2014 WL 2742414 (N.J. Super. Ct. App. Div. June 18, 2014); In re Roth, 2013 WL 3284128 (N.J. Super. Ct. App. Div. July 1, 2013).

[33] *E.g.*, Rene Chakmakian and Sch. Dist. of Englewood Cliffs, Agency Dkt. No. 238-9/19 (2020) (Brown, Arb.); Monroe Twp. Sch. Dist. and Ronald Becker, Agency Dkt. No. 211-8/19 (2020) (Gerber, Arb); S. Hackensack Bd. of Educ. and Christopher Masullo, Agency Dkt. No. 1-1/17 (2018) (Cure, Arb.) (all mitigating termination to suspension).

[34] Respondent's closing brief, at 6 n.1.

[35] Hunterdon Sch. Dist. Bd. of Educ. v. McCormick, 1 N.J.A.R. 231 (OAL Jan. 4, 1980) (aff'd by the Commissioner of Education March 3, 1980). Respondent's brief tried in vain to distinguish the case based on the nature of the charges. However, insubordination was common to both cases, and the Petitioner's arguments about the impact of the Respondent's conduct in this case were specific to the particular high standards for administrators and the impact on the administrative team.

[36] David Petrella and Hackensack Bd. of Educ., Agency Dkt. No. 162-2/19 (Simmelkjaer, Arb) (2019) (June 19 clarification of award). Moreover, the general language in the statute about "dismissal or reduction in salary" (N.J. REV. STAT. § 18A:6-16) was as a threshold to proceed to arbitration, not as a limit to the arbitrator's remedial authority. Indeed, if it were, if it were a remedial limit, it is not at all clear how the prevailing mitigation to suspensions (*supra* note 33), unlike withholding of an increment, specifically fits as the intended meaning of a reduction in salary.

reduction in salary" language of the cited tenure statute,[37] the conclusion would be the opposite for two alternative reasons. First, this language is a threshold for the tenure charge(s) moving to the arbitration step rather than being dissolved for insufficiency; it is not necessarily a limit on the arbitrator's subsequent remedial authority. Second, even if there were a showing that the legislature intended it to serve as a remedial limit, said "reduction" obviously is not attached to the narrow meaning of "salary."[38] If it were, the only lesser discipline that would seem to fit within its scope would be withholding of the annual increment. Indeed such a narrow interpretation would not only negate the parties' aforementioned[39] agreement about the arbitrator's remedial authority under this legislation to modify termination to a suspension without pay, but also exclude demotion of a tenured employee, which by definition includes a reduction in pay,[40] from the prescribed protections of this legislation. As an additional consideration, under the New Jersey statutory framework, tenure—like certification—is separable rather than necessarily coterminous for teachers and principals. Consequently, the intended scope of the cited language provides for the application of the procedural protections of the act, including the decisional and remedial authority of the arbitrator, to extend to the various disciplinary employment actions within the broad meaning of reduction in salary.

Finally, both the *Fulcomer* factors that apply to Petitioner and the equitable authority that attaches to the arbitrator converge on discipline that is tailored to fit the particular circumstances of this case. Although the Respondent's conduct justifies the loss of the her administrative

---

[37] N.J. REV. STAT. § 18A:6-16 (requiring the Commissioner to refer to arbitration tenure charges upon threshold determination that they are "sufficient to warrant dismissal or reduction in salary").

[38] This narrow meaning would amount to a rate of pay for the agreed upon period, which is typically a year. Thus, for example, if a school board "docked" a professional school employee for any days exceeding the allowable limit sick or personal leave, it would not be understood as a reduction in salary.

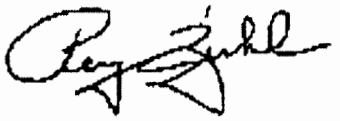
[39] *See supra* notes 33–34 and accompanying text.

[40] *E.g.*, Williams v. Bd. of Educ. of Plainfield, 422 A.2d 461 (N.J. Super. Ct. App. Div. 1980).

position, the justifiable impact did not extend to a complete cessation of her employment.[41] The limited scope of the Respondent's incident and accounts in light of her long and solid record of service, predominantly as a teacher,[42] and the effect on her public school career warrant equitable mitigation.[43] More specifically, rather than justifying the loss of her entire career, the Respondent's conduct in question warrants retention of her tenured teaching role in the District.

The final tailoring includes consideration of back pay. The Respondent's failure to be take ownership and be literally accountable for her paper placement/pointing behavior, particularly after viewing the video, warrants that her reinstatement, provided that it is sufficiently prompt, be without backpay. For clarity as to the meaning of "prompt" in the circumstances of this case, the Petitioner shall re-start the pay and benefits of the Respondent within 60 days of receipt of this Award.

---



[41] As explained *supra*, the wider effect beyond the high school's small but close-knit administrative staff was the fault of one or more of her fellow administrators, certainly not the Respondent. The Petitioner did not show that the impact had reached students to whom she could be assigned as a teacher, much less whether it would have done so in the absence of the unwarranted dissemination.

[42] As recited more specifically in the "Factual Findings" section, 19 of the Respondent's 23 years of effective service in the District were as a teacher rather than as an administrator. *Supra* notes 2–3 and accompanying text.

[43] *See Fulcomer* factors, *supra* note 31.

Award

In sum, after careful attention to the parties' arguments, the applicable law, and the case evidence, the arbitrator concludes that the Respondent's conduct justified a substantial penalty less severe than termination. The Petitioner shall reinstate her to a teaching position, with her pay and benefits as a teacher with tenure commencing within 60 days of the dates of this Award.

BEFORE: David J. Reilly, Esq., Arbitrator

PRELIMINARY STATEMENT

This matter comes before me on the tenure charges certified on or about May 20, 2020 by the Wyckoff Board of Education (the "Board" or "Petitioner") against Scott Levy ("Respondent"), a tenured teacher, alleging acts of misconduct during the 2019-2020 school year, as well as a recurrent pattern of misconduct over a period of years. (Petitioner Exhibit 1.) In accordance with N.J.S.A. 18A:6-16, on June 10, 2020, I was appointed as the arbitrator to hear and decide this matter.

Hearings on the charges against Respondent commenced on September 23, 2020, and subsequently continued on October 2, 7, 8 and 22, 2020, at the offices Fogarty & Hara in Fairlawn, NJ.[1] During that time, both parties were afforded full opportunity to introduce evidence and present arguments in support of their respective positions. They did so. A stenographic record of the hearing was taken.[2] Upon the conclusion of the October 22, 2020 hearing day, the parties elected to submit post-hearing briefs. With the receipt of those briefs on November 25, 2020, I declared the hearing record closed as of that date.

BACKGROUND

Respondent's employment by the Board as a teacher dates to 2005. (Tr. 768-769.)[3] During that period, he has been assigned exclusively to the Dwight Eisenhower Middle School (the "School"). (Tr. 768.) He has no record of prior tenure charges.

---

[1] By agreement of the parties, I attended and conducted the hearing by videoconference.

[2] The hearing transcript consists of 985 pages. References to the hearing transcript will be designated as "Tr." followed by the applicable page number(s).

[3] Respondent's teaching experience totals 23 years, as he was previously employed by two other school districts. (Tr. 769.)

The Tenure Charges

The charges against Respondent read as follows:

CHARGE NO. 1

That Scott Levy, employed as a teacher by the Wyckoff Board of Education, physically assaulted a seventh-grade student under his supervision, in violation of State law and Board Policy; and that such conduct justifies his removal from employment in the District.

CHARGE NO. 2

That Scott Levy, employed as a teacher by the Wyckoff Board of Education, engaged in the harassment and inappropriate touching of a student, K.T., under his supervision, in violation of State law and Board policy; and that such conduct justifies his removal from employment in the District.

CHARGE NO. 3

That Scott Levy, employed as a teacher by the Wyckoff Board of Education, engaged in the harassment and inappropriate touching of a student, A.P., under his supervision, in violation of State law and Board policy; and that such conduct justifies his removal from employment in the District.

CHARGE NO. 4

That Levy has accumulated a substantial record of misconduct in his teaching position for which remedial measures have been taken and failed; and that such pattern further justifies his removal from employment in the District.[4]

The essential facts concerning these charges, including the areas of dispute, can be stated as follows:

Respondent's Employment History with the Board

Respondent has worked at the School as Language Arts teacher since September 2005. (Tr. 768-769.) During that time, his assignments have included the seventh and eighth grade.

[4] On July 10, 2020, Respondent filed a motion for partial summary judgment seeking dismissal of Charge No. 4. I deferred a decision on the motion, stating that it would be decided upon the entirety of the record adduced here. (Tr. 734.)

In testifying regarding his service at the School, Respondent recounted his extra-curricular duties. In particular, he referenced his work running the winter theater program and drama club for approximately nine years. (Tr. 772-773.) In addition, he cited his role as the faculty advisor for the School's newspaper club. The School's then superintendent's satisfaction with the results of the newspaper, he said, led to the establishment of a journalism class, which he was assigned to teach. (Tr. 774.)

Respondent also related his charitable work by which he sought to teach students the importance of giving back. (Tr. 780-781.) For these efforts, he reported receiving numerous commendations. (Tr. 783; Respondent Exhibit 6.) According to Respondent, he also received commendations for his service on the Language Arts Literacy Committee. (Tr. 785-786; Respondent Exhibits 6-7.)

Corrective Action Plans and Annual Evaluations

School Principal Christopher Iasiello testified to counseling Respondent regarding his relationships with students following the 2014-2015 school year. The issue, he explained, was addressed in the Corrective Action Plan ("CAP") issued to Respondent for the 2015-2016 school year. (Tr. 290; Petitioner Exhibit 1.) In particular, he highlighted, the CAP's identified areas for improvement included: "Providing an environment in which each child has positive, nurturing relationships with caring adults and in which you treat students as individuals." (Tr. 294; Petitioner Exhibit 1.)

He noted that in 2014-2015, Respondent had a "very difficult year," primarily with boys who complained of harsh treatment by him. These issues, he said, surfaced from concerns expressed by the students' parents. (Tr. 290.) He related that the complaints also

involved Respondent's female students. (Tr. 290-291.) He averred sharing with Respondent copies of all the parents' letters received by the Board. (Tr. 294-295.)

During the 2015-2016 school year, he recounted meeting regularly with Respondent to review his performance against the CAP. (Tr. 295.) By year-end, he reported concluding that Respondent had failed to satisfy the requirements of the CAP. Respondent's deficiencies, he said, included failing to grade student work and renewed parent complaints regarding his treatment of students, including his use of sarcastic and inappropriate language. (Tr. 296.)

As a consequence of Respondent's failure to satisfy the CAP, he reported withholding his salary increment for 2016-2017 and placing him on a second CAP. (Tr. 300-301; Petitioner Exhibit 1.) This CAP's identified areas for improvement, included, among others, "demonstrate consistently a positive, professional and respectful demeanor toward your students through appropriate daily instruction." (Petitioner Exhibit 1.)

Respondent, he said, demonstrated the requisite improvement to satisfy the CAP. In particular, he explained, "[Respondent] I think took what had happened the year prior seriously and he was a whole different person, and he met everything I asked him to meet." (Tr. 305.)

As a consequence, he confirmed changing Respondent's grade assignment from eighth to seventh for the 2017-2018 school year to give him a "fresh start." (Tr. 306.)

Respondent's annual evaluation for that year, as well as the succeeding year, reflected positive results. (Respondent Exhibits 3-4.)[5]

In testifying, Respondent provided his understanding of the basis for the two CAPs.

[5] Respondent did not receive an annual evaluation for the 2019-2020 school year.

The first, he explained, stemmed from his extended absenteeism during 2014-2015 due to health reasons, which impeded his ability to keep up with the curriculum. (Tr. 851-852.)[6] As a result, he recalled, students and parents complained of his failure to issue grades. The complaints, he acknowledged, also concerned his treatment of students in class. (Tr. 855-856.)

During 2015-2016, he noted his rate of absenteeism continued. As consequence, he reported being placed on a second CAP for 2016-2017 due to his failure meet grading deadlines and attend language art team meetings. (Tr. 858.) He described these reasons as being strictly performance based. (Tr. 859.)

Respondent also testified that prior to the instant charges, he had never been disciplined for inappropriate contact with a student. (Tr. 860.) On cross-examination, in connection with the 2015-2016 CAP, he acknowledged receiving a letter from then Superintendent Kuder that referenced allegations of his inappropriate touching of students. (Tr. 876-883.) He maintained these allegations were false. (Tr. 876-883.)

Retired teacher Mary Ann Phillpott testified to her experience working with Respondent on the seventh grade teaching team from 2018-2020. She described him as always being "professional," and reported that he provided impartial feedback when the team met with parents and students regarding behavior issues. (Tr. 740-741.) Respondent, she said, was always encouraging to the students and presented a calming influence. (Tr. 744-745.)

---

[6] In response to his annual evaluation for 2014-2015, Respondent submitted a written rebuttal contesting the cited deficiencies concerning his working with peers, following curriculum, enforcing classroom procedures and rules and communicating with students. (Respondent Exhibit 5.) Explaining his reason for submitting this rebuttal, he cited inconsistencies in the content of the evaluation. Iasiello, he said, included very positive comments, but then concluded the evaluation with a sentence or two citing his failures. (Tr. 862.)

January 3, 2020 Incident Involving Student M.K.

Suzanne Dobson, one of the School's guidance counselors, testified to receiving a complaint regarding Respondent on January 3, 2020 from M.K., a twelve year-old seventh grade student.[7] MK, she recalled, related that during her third period language arts class that day: (1) Respondent had knocked a book from her hands when she approached him for assistance on a writing assignment; (2) after collecting her book and awaiting for him to assist other students, he then reached back and hit her in the face twice. (Tr. 145.)

Describing MK's demeanor, Dobson indicated that she appeared "very upset." M.K., she averred, seemed stunned by Respondent's reported behavior. (Tr. 144, 146.)

Immediately following her conversation with M.K., Dobson confirmed notifying Principal Iasiello and Assistant Principal Charles Giordano of this complaint regarding Respondent. (Tr. 146-147; Petitioner Exhibit 2.)[8]

Iasiello testified that in response to Dobson's email, he met with M.K. later that same day. Upon questioning, he recalled, M.K related her earlier encounter with Respondent during her language arts class. According to Iasiello, she described that upon approaching Respondent for assistance with an assignment, (1) he knocked books from her hands and directed that she return to her seat; and (2) when she had collected the books and repeated her request for assistance, he reached back and struck her face twice. (Tr. 257.)[9]

---

[7] The School's guidance counselors rotate grades each year. Doing so, allows each guidance counselor to be assigned the same group of students, as they progress through grades 6 – 8 during their time at the School. (Tr. 140-141.) For the 2019-2020 school year, Dobson was assigned the seventh grade. (Tr. 141.)

[8] Dobson confirmed that her January 3, 2020 email notifying Iasiello and Giordano of MK's complaint incorrectly reports that Respondent slapped her three times, as opposed to two. She attributed this error to her desire to quickly complete and transmit this email. (Tr. 167-168.)

[9] Iasiello related that at his request, M.K. signed a statement confirming this account. (Tr. 261; Petitioner Exhibit 3.)

Iasiello stated that his investigation of this incident included interviewing Students G.C. and A.K., who M.K had identified as witnesses. He related: (1) G.C. reported seeing Respondent knock books from M.K.'s hands and then hit her in the face twice; and (2) A.K. described Respondent as making contact with M.K.'s cheek, as he reached back with his hand in performing a fake yawn, and noted, the contact was not accidental.[10] (Tr. 258-262.)

After these interviews, Iasiello reported speaking with Respondent. When told of M.K's report, he related, Respondent replied, "it's preposterous and there is no way that it happened, completely untrue." (Tr. 267.)

Then acting Superintendent Jeffrey Feifer, who received a report of Iasiello's investigation of M.K's complaint, testified to meeting with Respondent on January 8, 2020. (Tr. 41, 47.) He related that after sharing the information from Iasiello's incident summary, he sought Respondent's account. Respondent, he recalled, denied M.K.'s complaint. He noted that in pressing Respondent whether something may have occurred accidentally, Respondent said, "no, [I have] a great relationship with the kids." (Tr. 45.)[11]

At the conclusion of the meeting, Feifer reported suspending Respondent pending further inquiry. (Tr. 47.) In doing so, he averred finding that Respondent's reported behavior violated several Board policies. These included: (1) District Policy 3211, Code of Ethics; (2) District Policy 3217, Use of Corporal Punishment; (3) District Policy 3280,

---

[10] Both G.C. and A.K. confirmed and signed the notes of their interviews. (Petitioner Exhibit 3.) G.C. and A.K. did not testify at the hearing in this matter.

[11] Iasiello, who attended this meeting, gave a similar account. (Tr. 268-269.) He also confirmed reporting this incident to the Institutional Abuse Investigation Unit ("IAIU") of the New Jersey Division of Child Protection & Permanency and the Wyckoff Police Department. (Tr. 270.) In addition, at his direction, M.K. was removed from Respondent's class and transferred to another class for language arts and homeroom.

Liability for Pupil Welfare; and (4) District Policy 3281, Inappropriate Staff Conduct. (Tr. 48-53; Petitioner Exhibit 1.)

In testifying, Student M.K. recounted her January 3, 2020 interaction with Respondent during her third period language arts class. She averred approaching Respondent, while holding her books and a Chromebook laptop, to obtain assistance with her assignment. After initially ignoring her while speaking with two other students, she said, Respondent knocked the books and laptop from her hands. (Tr. 678.) Upon gathering her books and repeating her request, she said, Respondent directed her to sit at an adjacent desk and then continued his conversation with the other students. (Tr. 679.) While seated next to Respondent, she described him as talking with his hands and making contact with her head. Upon questioning the reason he had done so and putting her hands up in defense, she related, he pushed through her hands and made contact with her head a second time. (Tr. 679-680.)[12]

Following these actions, she recalled, Respondent went to another area in the classroom. The two students who had been speaking with him, she said, questioned whether she would be reporting Respondent's behavior to Dobson. (Tr. 682.)[13]

In his testimony, Respondent recalled that on January 3, 2020, M.K approached him while he was in the front of the classroom delivering that day's mini-lesson.[14] (Tr. 802.) M.K., he said, disregarded his directive to return to her seat. (Tr. 802-803.) Electing to

---

[12] She confirmed providing this same account of the incident to both Dobson and Iasiello. (Tr. 684-685.) On cross-examination, she acknowledged joking with Respondent on prior occasions. She stated, however, that his actions on January 3, 2020 crossed a line and went too far. (Tr. 707.)

[13] Beyond this January 3, 2020 incident, M.K. testified that she disliked Respondent's treatment of other students in the class. For example, she cited his telling student C.V. to shut up.

[14] The mini-lesson involves approximately eight minutes of direct teacher to student instruction. It is followed by group or independent work that allows the students to apply the concepts presented, so as to achieve the lesson's learning objective. On January 3, 2020, Respondent recalled, the students were tasked with obtaining evidence from their texts to support their thesis. (Tr. 802.)

ignore rather than scold her, he continued with the mini-lesson. (Tr. 803.) Upon concluding the instruction, he reported pushing past her and proceeding to the rear of the classroom, where he worked with a group of students. (Tr. 803-804.)[15]

He acknowledged possibly making incidental contact with M.K., as he walked by her, which may have caused her to drop her books. (Tr. 810-811.) He did not, however, see the books fall from her hands, noting that he would have apologized if he had been aware that his actions had caused her to drop the books. (Tr. 813.)

On further questioning, he denied striking M.K. in the face that day and reported having no recollection of making contact with her face. (Tr. 813.)

He noted that M.K., on occasion, mocked his hand gestures while speaking. If she had been doing so on January 3, 2020, he noted, " I can see myself going like this, like fake yawning to stop her from doing that." (Tr. 817.) But, he had no specific recollection of making such hand movements on that day. (Tr. 818.)[16]

Physical Contact with Student K.T.

Dobson testified that in late January 2020, K.T., another twelve year-old, seventh grade student in Respondent's third period language arts class, met with her to express concerns regarding Respondent. (Tr. 155.) According to Dobson, K.T. reported that Respondent would get close to her when signing out of class and touch her shoulder and back. She also related that on one occasion, Respondent placed his hand on her thigh and

---

[15] M.K.'s behavior, he said, had been discussed in grade team meetings that year. In particular, he cited that she would leave her desk and jump in front of other students who had questions. (Tr. 803.) Retired Teacher Phillpott, who also taught M.K. during the 2019-2020 school year, described her as challenging and defiant. (Tr. 748-750.) On cross-examination, she confirmed never identifying such behavior issues in M.K.'s progress reports or report card. She reported instead advising Dobson as to M.K.'s conduct. (Tr. 757-758.)

[16] As for his treatment of other students, he denied calling any students dumb or stupid. In regard to Student C.V., he acknowledged referring to his practice of hiding in the room at the start of class, as being "the dumbest thing in the world to do." He also confirmed jokingly saying "shaddup," which he described as "a Looney Tunes, Bugs Bunny kind of thing." (Tr. 814-815.)

did not remove it until she moved her leg away. (Tr. 156.) This behavior, K.T. stated, caused her to feel very uncomfortable in Respondent's class. (Tr. 156.)

Iasiello testified that upon learning of this report from Dobson, he interviewed K.T. and had her sign a statement. (Tr. 276; Petitioner Exhibit 4.) Her account, he confirmed, referenced that Respondent had touched her back and hands multiple times and on one occasion had placed his hand on her thigh, as he leaned in to look at her computer. (Tr. 278; Petitioner Exhibit 4.)

Iasiello, in turn, notified Feifer of this report and referred the matter to the Board's anti-bullying coordinator Stacey Linzenbold for investigation pursuant to the School's Harassment Intimidation and Bullying ("HIB") policy. In making this referral, he explained that the alleged behavior satisfied the three pillars of the HIB policy – i.e., (1) reasonably perceived as being motivated by an actual or perceived characteristic (e.g., gender); (2) substantially disrupts or interferes with the orderly operation of the school or the rights of students; and (3) reasonably known, under the circumstances, as having the effect of physically or emotionally harming a student, placing a student in fear of such harm or creating a hostile educational environment for the student by interfering with his/her education. (Tr. 280.)[17]

In her testimony, Linzenbold recounted her investigation of K.T.'s complaint. In addition to taking a statement from K.T., she reported interviewing potential student witnesses C.V. and K.G. (Tr. 465, 468-472; Petitioner Exhibit 9.)[18] CV, she said, related that Respondent calls students dumb and says, "shut up" frequently, which he considered to

[17] Iasiello also confirmed reporting this matter to IAIU. (Tr. 282.)

[18] Linzenbold also interviewed several teachers in response to K.T.'s report that Respondent throws a ball at students in the hallway outside his classroom.

be a joke. (Tr. 478.) K.G. confirmed that K.T. had previously shared that Respondent had touched her on the back, hands and thigh. (Petitioner Exhibit 9.)[19]

Linzenbold recalled that in meeting with Respondent as part of this investigation, she shared K.T.'s statement and elicited his response. (Tr. 481.) Respondent, she averred, replied that K.T.'s reports of touching were "absolutely not true," and stated further, "[he] would never put his hands on a student." (Tr. 482; Petitioner Exhibit 9.) Respondent, she noted, also denied calling students dumb or telling them to shut up, but acknowledged using a Looney Tunes voice to say "shaddup." (Tr. 482-483; Petitioner Exhibit 9.)

Linzenbold averred that on the basis of her investigation, she concluded Respondent had harassed K.T. (Tr. 484-485.) His conduct, she said, constituted sexual harassment in that it constituted an unwanted and unsolicited advance. (Tr. 485; Petitioner Exhibit 9.) She documented this finding in her written report, which she shared with Feifer. (Tr. 488; Petitioner Exhibit 9.)

In her testimony, K.T. stated that during the 2019-2020 school year, Respondent would put his hands on her shoulder and back, especially when she was signing out to the leave the classroom. (Tr. 568.) She also noted that on occasion, while reviewing her work, he would put his hand over her hand. (Tr. 569-570.)

In one instance, she said, he leaned over to look at her computer and put his hand on her upper thigh. (Tr. 569, 571.) She reported responding by shifting in her chair and pulling away from him. (Tr. 571-572.) According to K.T., she was "pretty sure" that the contact was not accidental. (Tr. 572.)

[19] C.V. and K.G. did not testify at the hearing in this matter.

She reported telling her friends K.G. and A.P. of Respondent's behavior. A.P., she recalled, replied that Respondent had engaged in the same actions with her. (Tr. 578.)

She also confirmed informing her mother of Respondent's touching. According to K.T., it was at her mother's direction that she reported this matter to Dobson. (Tr. 573.)

Describing her reaction to Respondent's touching, she said, "At first, I really didn't, like, think anything of it, and then, like once it kept happening over and over, like, I started to feel uncomfortable." (Tr. 578.) On cross-examination, she acknowledged never having advised Respondent of this discomfort or requested that he stop touching her. (Tr. 610.)

On cross-examination, she also confirmed being interviewed by an IAIU investigator and a Wyckoff Police Department detective regarding this matter. (Tr. 605, 608.)

In his testimony, Respondent denied ever touching K.T.'s leg or thigh. (Tr. 825.) As to the allegation of touching her back, he stated, "it is possible that I made incidental contact with K.T. on her back when she – either I am trying to get in between the class or if she did something well." (Tr. 825.) He added that he might have touched or patted her shoulder or back in congratulating her for good work. (Tr. 825.) He also reported having no recollection of touching her on the hand other than to move it out of the way when accessing her computer keyboard to provide assistance. (Tr. 826, 919.)

Physical Contact with Student A.P.

In testifying, Dobson recounted receiving a complaint from Student A.P. of inappropriate touching by Respondent during her fifth period language arts class. According to Dobson, A.P., then a twelve year-old seventh grade student, made this report on the same day that K.T. expressed her concerns regarding Respondent's touching. (Tr.

161.) A.P., she said, complained that Respondent would get too close physically and would put his hand over hers while at her desk. Also, on one occasion, she said that he had touched her leg. (Tr. 162-163.) As she had done with K.T.'s allegations, Dobson informed Iasiello of A.P.'s complaint. (Tr. 163.)

Iasiello confirmed receiving this report from Dobson, and, in turn, averred interviewing and obtaining a statement from A.P. (Tr. 284-285; Petitioner Exhibit 6.) Concluding that A.P.'s complaint satisfied the three pillars of the School's HIB Policy, he referred it to Linzenbold for investigation. (Tr. 287.)

In testifying, Linzenbold related investigating A.P.'s complaint in tandem with K.T.'s. She recounted interviewing A.P., as well as several possible student witnesses, including four from A.P.'s fifth period language arts class, A.R., A.O., M.K2. and S.R. (Tr. 494.)[20] Relating their statements, she highlighted: (1) A.R. did not observe Respondent touching students, but reported his third period students had described that "he gets too close;" (2) A.O. stated that Respondent gets too close to students, but did not observe him touching them; (3) M.K2. related witnessing Respondent look down a student's shirt and noted he has gotten too close to her and has touched other students' shoulders; and (4) S.R. averred, "I've seen him touch others' shoulders, but not me." (Tr. 494-497; Petitioner Exhibit 10.)

Linzenbold confirmed speaking with Respondent as part of her investigation. In doing so, she read A.P.'s statement and asked for his response. She recalled, Respondent said, "it was completely untrue," and "this never happened." (Tr. 499; Petitioner Exhibit

[20] These four students did not testify in this matter. Student M.K2. is not the M.K., whose complaint is the subject of Charge No.1 in this matter.

10.) According to Linzenbold, he then offered that his fifth period collaborative teacher Kerry Graziano would confirm he never touches students. (Tr. 499-500.)

In response to this latter assertion, she recounted interviewing Graziano, as part of her investigation. Graziano, she recalled, described Respondent as "touchy" and reported witnessing him touch students on the hands, shoulder and back. (Tr. 501-502; Petitioner Exhibit 10.)

In her testimony, Graziano confirmed this account, noting that Respondent's touching involved both boys and girls. (Tr. 427-429; Petitioner Exhibit 10.) Although describing Respondent's conduct as having crossed a line for her, she confirmed never having discussed it with Respondent or lodged a complaint with the School's administration. She explained that his actions, while "unprofessional," were not "inappropriate." (Tr. 430, 432, 447.)

Upon the completion of her investigation, Linzenbold reported concluding that Respondent had touched A.P. and thereby committed an act of harassment towards her. (Tr. 503.) She documented this finding in her written report, which she shared with Feifer. (Tr. 507.)

In her testimony, A.P. related that Respondent had caused her to feel uncomfortable while in his fifth period language arts class. (Tr. 619-620.) She related that her discomfort stemmed from Respondent making physical contact with her. (Tr. 620.) The contact, she said, included his putting his hand over hers while standing along side her desk. In doing so, she described that he would rub or squeeze her hand slightly. (Tr. 622-623.)

On one occasion, she recalled, while looking at her computer to check her work, "he put his hand on my knee and, like, moved it up my leg." (Tr. 620.) When questioned

whether Respondent's actions in this regard were accidental, she replied, "I don't know for sure, but it didn't – I don't think it wasn't intentional." She explained, "I don't see how you could slip on that, and it wasn't really, like, fast. It was just, like, he seemed to be knowing what he was doing." (Tr. 621.)

According to A.P., she concluded it was necessary to report Respondent's conduct upon learning he had engaged in the same behavior with other students. In support, she cited her conversations with her friends M.K and K.T. (Tr. 625-626.)

On cross-examination, A.P. acknowledged that she had erred in her statement to Iasiello by saying Respondent had placed his hand on the hands of the other girls at her table (i.e., A.O., A.R., M.K2. and S.R.). She averred seeing Respondent get very close to them, but not actually touch their hands. (Tr. 638-641.)

In his testimony, Respondent denied ever touching A.P. on the knee or thigh. He likewise disputed ever touching A.P. or any of his 5th period language arts students on the hand, other than to move their hands off the computer when reviewing and correcting their written work. (Tr. 827-828.)

Shoulder touching, he said, would have been limited to providing a student a congratulatory pat for good work to build confidence. (Tr. 828-829.) He denied ever rubbing or massaging a student's shoulders.

He averred that his only other physical contact with students would have occurred incidentally. Describing how the students' desks were tightly clustered with little separation, he related, "if you are getting into a computer, then occasionally incidental

contact would happen. You would rub your shoulder against their shoulder and then try to move their desk out of the way." (Tr. 829-830.)[21]

Recommendation of Tenure Charges

In their testimony, both Principal Iasiello and then Acting Superintendent Feifer affirmed their conclusions that Respondent had engaged in conduct that was inappropriate and unbecoming. They further averred that discharge was the appropriate penalty. (Tr. 71-73, 252-253; Petitioner Exhibit 1.)

In explaining this decision, Iasiello cited the prior support provided to Respondent and the corrective actions taken, which included two CAPs, the changing of his grade assignment and the withholding of his salary increment. Despite these measures, he noted, Respondent has continued to act in a manner that jeopardizes his students, as evidenced by the complaints at issue here. For this reason, he concluded, Respondent cannot be trusted to make appropriate choices with students in the classroom, and as such, should not remain in his tenured position with the Board. (Tr. 306-307; Petitioner Exhibit 1.)

Feifer expressed similar reasoning for certifying tenure charges against Respondent and seeking his discharge. He reported that the evidence concerning the complaints made by M.K., K.T. and A.P., along with Respondent's pattern of similar conduct as to which corrective action had been taken, caused him to conclude that Respondent should be removed from his position. Such action, he said, was necessary to protect the well being of the students. Further remedial measures, he determined, would be unlikely to succeed and would pose a risk to the students. (Tr. 71-73; Petitioner Exhibit 1.)

---

[21] Respondent also testified that the IAIU's investigation of the allegations underlying Charges 1-3 in this matter resulted in an unfounded finding. He also averred that the Wyckoff Police Department never contacted him regarding any of these allegations. (Tr. 844-847; Respondent Exhibit 2.)

DISCUSSION AND FINDINGS

Positions of the Parties

Both parties filed extensive post-hearing briefs. Their respective positions are summarized here.

The Board asserts that it has established all four of the tenure charges brought against Respondent by a preponderance of the evidence. In particular, it highlights that the record confirms Respondent committed the offensive acts underlying these charges. As such, it concludes that application of the governing law here compels a finding that Respondent is guilty of unbecoming conduct warranting his dismissal from his tenured position with the Board.

Reviewing the evidence presented, it avers that the testimony of its eight witnesses should be credited as truthful and reliable. In support, it cites that none of them has any "interest, motive, bias or prejudice" that would undercut their account. *See In Re Borelli,* 91 N.J.A.R.2d 77 (N.J. Adm. Oct. 25, 1991). In addition, it notes, the competent documentary evidence bolsters the credibility of their representations.

Addressing the testimony of the three student witnesses in particular, it asserts that a child's testimony should not be dismissed for lack of credibility unless there is ample basis to find bias. *See In Re Cooke,* 92 N.J.A.R.2d 220 (N.J. Adm. August 30, 1991). It avers that no basis exists to conclude that any of the student witnesses were biased against Respondent. It notes in this regard that Respondent testified to having a good relationship with each student and confirmed they had no reason to fabricate or exaggerate their allegations.

It argues further that the students' interpretation of Respondent's behavior as inappropriate should be accepted. Regardless of Respondent's perception of his behavior, it maintains, the students made plain their reaction to it; namely, shock and discomfort. As they explained, it highlights, Respondent's behavior crossed a line, causing them to report it to the School's administration.

Further, in the case of Student M.K., it points out that two eyewitnesses corroborated her account of Respondent's actions.

In contrast, it asserts, the testimony of Respondent's witnesses should be rejected for want of credibility and/or failing to overcome the weight of the Board's contrary evidence.

Phillpott's testimony, it contends, should not be taken as the whole truth. By her own account, it states, her observation of Respondent's interaction with students was limited to a few occasions during the two years (i.e., 2018-2019; 2019-2020) that she and Respondent were on the same grade team. Those interactions, it points out, were not representative of Respondent's behavior towards students in his classroom, as they occurred in team meetings with a single student and several adults present.

In addition, it stresses that Phillpott seriously undermined her credibility in attempting to minimize Student M.K.'s academic and behavioral excellence. Her efforts to tarnish M.K's version of events by identifying her as "disruptive" and "defiant," it argues, were contradicted by her own prior account of M.K.'s behavior, as recorded on M.K.'s progress reports and report card.

Turning to Respondent, it maintains that his testimony contains serious flaws that warrant its rejection.

In regard to the incident involving M.K., it characterizes his account as illogical and nonsensical. In support, it highlights the following: (1) Respondent's stated decision to initially ignore M.K.'s request for assistance is at odds with the joking relationship he reported having with her; (2) his claim of being unaware that M.K.'s books fell from her hands does not comport with reality, as he certainly would have heard them hit the floor; (3) his contention that M.K. obstructed his path as he sought to walk to another area of the classroom is illogical given his statement that she was standing off to his side; and (4) in addressing whether he made physical contact with M.K.'s face, his account shifted from a complete denial when questioned by the School's administration to an inability to recall when testifying here.

His testimony regarding the other charges, it maintains, reflects similar deficiencies. For example, it points out that he failed to provide any defense other than to deny Students K.T. and A.P.'s allegations when questioned by Iasiello and Linzenbold. Yet, in testifying here, he offered for the first time possible explanations for his reported touching of students, such as congratulatory pats.

This assessment of witness credibility, it contends, compels the following factual findings as to the instant charges.

First, on January 3, 2020, Respondent made inappropriate physical contact with M.K., a student under his supervision, by knocking books from her hands and then attempting to dismiss her by twice using the back of his hand to make contact with her face. These actions by Respondent resulted in emotional harm to M.K.

Second, on multiple occasions during the 2019-2020 school year, Respondent made intentional and inappropriate physical contact with Student K.T. in the classroom, causing

her emotional harm. The physical contact involved touching her hands, back and shoulders, and, in one instance, placing his hand on her thigh and maintaining it there until she moved away from him.

Third, on multiple occasions during the 2019-2020 school year, Respondent made intentional and inappropriate physical contact with Student A.P. in the classroom, resulting in emotional harm to her. His actions in this regard included touching her hands on multiple occasions, and, in one instance, placing his hand on her thigh and maintaining it there until she pulled away.

In addition, it avers, the weight of the credible evidence supports a finding that Respondent has engaged in a habitual pattern of inappropriate behavior towards students over the course of several years for which appropriate remedial action has been taken. Further, it states, his established record of recent behavior as to the three students involved here demonstrates that such remedial measures were unsuccessful and he is beyond rehabilitation.

Addressing the legal principles governing this matter, it highlights that N.J.S.A 18A:6-10 provides for the dismissal of a tenured public school teacher for reasons such as "inefficiency, incapacity, unbecoming conduct, or other just cause." On the record here, it argues, the evidence substantiates Respondent engaged in unbecoming conduct warranting his dismissal.

The New Jersey Supreme Court, it avers, has defined unbecoming conduct as "conduct 'which adversely affects the morale or efficiency of the [Department of Education]' or 'has a tendency to destroy public respect for [government] employees and confidence in the operation of [public] services.'" *Bound Brook Bd. of Educ. v. Ciripompa,*

228 N.J. 4, 13 (2017) (quoting *In Re Young,* 202 N.J. 50, 66 (2010) (quoting *Karins v. City of Atlantic City,* 152 N.J. 532, 554 (1998))). Such conduct broadly encompasses any "violation of the implicit standard of good behavior which devolves upon one who stands in the public eye as an upholder of that which is morally and legally correct." *Id.* at 13-14.

This standard, it stresses, extends beyond the teacher's ability to perform the "teaching function," so as to encompass "the teacher's presence in the classroom," and whether he/she "pose[s] a danger of harm to the students for a reason not related to academic proficiency." *Gish v. Bd. of Educ. of Paramus,* 145 N.J. Super. 96, 105 (App. Div. 1976) *certif. denied,* 74 N.J. 351 (1977), *cert. denied,* 434 U.S. 879 (1977).

A finding of unbecoming conduct, it submits, does not require proof of any underlying offenses, such as a violation of any civil or criminal statute, Board policy or other rule or regulation. *See Ciripompa,* 228 N.J. at 16-17. As such, it concludes, even though a claim of unbecoming conduct may be predicated upon an alleged violation of statute, policy, rule or regulation (e.g., child abuse), the underlying allegations do not need to be proved to establish the charge of unbecoming conduct. *Id.* at 16-17. This standard, it explains, recognizes that it would be unreasonable to require a school board to defer taking action until events have unfolded to such extent that its students have been harmed or its mission disrupted. *Id.* at 14.

For this reason, it concludes, that I must reject any effort by Respondent to defend against the charges here by citing the lack of a criminal investigation by the Wyckoff Police Department or an adverse finding by IAIU. Instead, it argues, the charges of unbecoming conduct must be determined based upon the supporting evidence presented. The evidence in this regard, it submits, is overwhelming.

As to the factual findings to be made here, it notes that they are subject to the "residuum rule," which is codified at N.J.A.C. 1:1-15.5(b). This regulation states:

> Notwithstanding the admissibility of hearsay evidence, some legally competent evidence must exist to support each ultimate finding of fact to an extent sufficient to provide assurances of reliability and to avoid the fact or appearance of arbitrariness."

This rule, it posits, does not mandate that each individual factual finding be supported by the residuum of legally competent evidence in order to ensure the reliability of the findings. *See Ruroede v. Borough of Hasbrouck Heights,* 214 N.J. 338, 359 (2013). Instead, such evidentiary showing is required only to sustain the ultimate finding(s) of material fact in the matter. *Id.*

In the context of tenure hearings, it explains, "there need not be a residuum of competent evidence to prove each act considered by the Commissioner so long as 'the combined probative force of the relevant hearsay and the relevant competent evidence' sustains the Commissioner's ultimate finding of unbecoming conduct." *In Re Cowan,* 224 N.J. Super. 737, 750 (App. Div. 1988) (quoting *Weston v. State,* 60 N.J. 36, 52 (1972)) (affirmed Commissioner's ultimate finding of one or more acts of unbecoming conduct over multiple years, concluding reliance on hearsay was appropriate to find a particular prior incident that was exemplary of the charged conduct).

Applying this standard here, it submits that the combined force of the relevant, competent evidence presented supports the ultimate findings of fact substantiating that Respondent engaged in the three specific acts of unbecoming conduct that is the subject of Charges 1 – 3.

Finally, as to the issue of penalty, it asserts that in cases involving nearly identical acts of unbecoming conduct, dismissal has been found to be appropriate and warranted.

See, e.g., Dunckley v. Bd. of Educ. of Rockaway Twp., Dkt. No. A-1152-16T1 (App. Div. Mar. 19, 2018) (unpublished), *certif. denied,* 234 N.J. 20 (2018) (dismissed teacher with 42 years service without formal prior discipline for two incidents of inappropriate touching of a female student (shoulder, arm, knee), causing discomfort); *In Re Davis,* Agency Ref. No. 22-1/14 (Symonette 2014) (imposed penalty of dismissal for custodian's unbecoming conduct, which involved touching several female students' hair, causing them to feel uncomfortable).

Applying the principles of these decisions here, it concludes, demonstrates that the same result should follow; namely, Respondent's dismissal. It reasons that Respondent's efforts to deny and/or minimize his alleged actions towards his students reflects his lack of understanding of the egregiousness of his behavior and his failure to learn his lesson from the remedial actions taken in response to his prior similar acts. Therefore, it submits, the Board's mission of providing a safe learning environment for all of its students compels his removal.

Respondent, on the other hand, asserts that the Board has failed to satisfy its evidentiary burden as to all four of the tenure charges brought against him.

Addressing the governing legal principles, Respondent points out that as a matter settled law, the Board bears the burden of proving the allegations of unbecoming conduct by a preponderance of the relevant evidence. *See In Re Polk,* 90 N.J. 550 (1982); *Atkinson v. Parksekian,* 37 N.J. 143, 149 (1962).

Although unbecoming conduct is not defined by statute, he highlights that the courts have recognized the term as involving conduct having "a tendency to destroy public respect for government employees" and "confidence in the operation of [public] services."

In Re Emmons, 63 N.J. Super. 136, 140 (App. Div. 1960). Further, he points out, in practice, it is accepted that stripping an individual of tenure is the most severe form of discipline that may be imposed, and, as such, generally requires a showing of egregious misconduct of "moral turpitude." *See In Re Kevin Garfine,* Docket No. 317-10/15 (February 15, 2016); *In Re Laurie Olsen-DelGuercio,* Docket No. 268-11/17 (May 10, 2018).

In addition, he submits, an employee subject to tenure charges "has a fundamental due process right to face his accusers at trial." *In Re Richard Vincenti,* Docket No. 255-14 (June 11, 2014). For this reason, he notes, while state law allows the admission of hearsay evidence in administrative proceedings, the residuum rule mandates that legally competent evidence must exist to support it. N.J.A.C. 1:1-15.5(b); see *State v. Weston,* 60 N.J. 36 (1972) (final agency decision may not be based solely on hearsay evidence); *In Re Thomas Strassle,* Docket No. 131-5/16 (October 5, 2016) (hearsay documents alone are insufficient to prove the truth of tenure charges).

In evaluating witness testimony, he asserts, the trier of fact must properly assess credibility. In doing so, he states, the law requires an overall review of the witness's account with consideration of its rationality, internal consistency and the way it "hangs together" with the other evidence. *Carbo v. United States,* 314 F.2d 718, 749 (9th Cir. 1963).

To be believed, he submits, testimony "must be credible in itself" in that "it must be such as the common experience and observation of mankind can approve as probable in the circumstances." *In Re Perrone,* 5 N.J. 514, 522 (1950). For this reason, he maintains, testimony may be rejected when "it is inconsistent with other testimony or with common

experience" or "overborne" by testimony of other witnesses. *Congleton v. Pura-Tex Stone Corp.,* 53 N.J. Super 282, 287 (App. Div. 1958). Likewise, "'the interest, motive, bias or prejudice of a witness may affect his credibility and justify . . . disbelieving his testimony.'" *State v. Salimone,* 19 N.J. Super. 600, 608 (App. Div.), *certif. denied,* 10 N.J. 316 (1952).

The process of credibility assessment, he states, employs the widely accepted tenet of "false in one, false in all." This precept compels the fact finder to discredit the entirety of a witness's testimony when a part of it s found to be untruthful. *See State v. Ernst,* 32 N.J. 567, 583 (1960).

Applying these principles to the record here, he avers, plainly confirms that the Board has failed to prove him guilty of unbecoming conduct by a preponderance of the relevant evidence. In fact, he asserts, it can be more aptly stated that the allegations were effectively disproved at the hearing in this matter.

Addressing Charge No. 1, he highlights that Student M.K. walked back considerably her allegations that formed the basis for this charge. In particular, he references: (1) she clarified the degree of force with which he touched her face, as being a touch, rather than a strike; (2) she confirmed telling Iasiello that he hit her "playfully;" and (3) she acknowledged the possibility that the contact was accidental in that he was talking with his hands at the time.

Moreover, he avers, closer consideration of her testimony reveals reasons to doubt the veracity of even those claims. In support, he cites: (1) Student K.T. who was present in the classroom on January 3, 2020, did not observe the incident; (2) on prompting from the Board's attorney, M.K. departed from her earlier testimony, as well as her prior statements,

by claiming that in addition to her books, he had knocked a Chromebook laptop from her hands, a detail she should have undoubtedly recalled without prompting; and (3) her expressed dislike for his teaching methods and satisfaction with being transferred out of his language arts class.

It follows, he submits, that M.K.'s true concern was his teaching style and not any alleged inappropriate classroom behavior.

Referencing his testimony, he cites his denial of hitting, striking or otherwise making contact with M.K.'s face. Further, he notes, while his testimony allowed for the possibility that he had moved his arms in talking or yawning at the time of this incident, it nonetheless demonstrates that if such movement resulted in his touching M.K., such contact was inadvertent.

Further, he asserts, if it is found that such inadvertent touching occurred, such actions do not rise to the level of unbecoming conduct that would warrant his loss of tenure.

Finally, he notes this charge is flawed as a matter of due process given the serious discrepancy between the alleged conduct (i.e., physical assault) and the evidence presented (i.e., playful or inadvertent touching). Due process, he states, requires clear notice of each accusation so that the respondent to tenure charges can adequately prepare a defense. Under the circumstances here, he was deprived of such opportunity.

Accordingly, for these reasons, he submits that Charge No. 1 should be dismissed.

Turning to Charge No. 2, he avers that K.T.'s allegations were conclusively shown to be false. In support, he cites that M.K., a fellow student in her third period language arts class, testified to never having witnessed him touch any of the students in that class.

Further, he notes, among the investigations conducted by the School's administration, IAIU and law enforcement, a total of ten students were questioned, none of which reported seeing him touch K.T.

In addition, he maintains, K.T.'s allegations are absurd on their face. According to Respondent, it defies belief that he would have rubbed K.T.'s shoulders every day while in a classroom full of students. K.T., he posits, came to recognize this fact during cross-examination, which explains her unprompted claim that the touching occurred while the other students were engaged in independent work. He highlights that she made a similar unsuccessful effort to explain away that the students at her table did not observe Respondent touching her hand on multiple occasions, as she claimed.

As for the alleged touching of her thigh, he avers, her story unraveled upon examination. In this regard, he notes, that when questioned by IAIU, she made no mention of this claim until the second interview, casting doubt on her credibility. In addition, he points out that K.T.'s claim that he threw a ball at students in the hallway outside his classroom was discredited by Linzenbold's investigation.

In sum, he concludes, K.T.'s testimony should be rejected as not credible. Inasmuch as her testimony was the only non-hearsay testimony presented in support of this Charge No. 2, he avers, it necessarily follows that the Board failed to meet its burden of proof and the charge must be dismissed.

Moving on to Charge No. 3, he maintains that here too, the testimony of the student accuser fails for want of credibility. In support, he cites A.P.'s uninvestigated claim that he touched the legs of other female students in her fifth period language arts class. In

addition, he points to her refuted assertion that he touched the hands of the four female students at her table in that class.

Compounding these flaws in her account, he notes, is her statement to the IAIU investigator that she never witnessed him touch any other students. When questioned on cross-examination, she confirmed the accuracy of that statement even though it contradicted her earlier testimony.

These discrepancies, he avers, supports a finding that A.P. made false statements in testifying here. Therefore, he asserts, the false in one, false in all principle compels the dismissal of her entire testimony. *See In Re Hoskins-Nnakwe,* Docket No. 125-6/17 (January 20, 2019) (rejected entirety of student accuser's testimony upon showing that a material component of her claims was false).

Moreover, he contends that upon further review, her testimony reflects other serious inconsistences. For example, he references: (1) her claim that he moved his hand up her leg, a contention that she did not make in any of the investigatory interviews; and (2) her assertion that he squeezed and rubbed her hand, a detail she had not previously revealed.

Other factors casting doubt on her claims, he states, include: (1) the timing and underlying circumstances of her allegations against him; namely, she lodged her complaint only upon speaking with K.T. and M.K., three weeks after his suspension; (2) the lack of corroboration for her account from any of the students in her fifth period language arts class; (3) Graziano's testimony confirming that she did not witness him touch any students inappropriately; (4) the holiday card that he received from K.T., in which she wrote, "Thanks for being a great teacher and always making me smile;" and (5) her statement to

the IAIU investigator that it was only his touching her thigh that caused her to feel uncomfortable.

Accordingly, for all these reasons, he maintains that A.P.'s testimony cannot be credited, and her allegations against him must be rejected. Therefore, he concludes, it must be found that the Board has failed to meet its burden of proof as to Charge No. 3, thus compelling its dismissal.

Finally, in regard to Charge No. 4, Respondent reiterates the arguments presented in his motion for partial summary judgment, by which he requested dismissal of this charge for failing to state a valid cause of action.[22]

In particular, by that motion, he asserted that the charge contravenes the Teacher Effectiveness and Accountability for the Children of New Jersey Act ("TEACHNJ"), N.J.S.A. 18A:6-117 *et seq.;* N.J.S.A. 18A:6-10 *et seq.,* in that it improperly combines Section 8 charges (i.e., unbecoming conduct) with Section 25 charges (i.e., inefficiency or unsatisfactory work performance). The latter, he maintains, are unfounded given that he has not received two consecutive ineffective or partially ineffective summative evaluations ratings. N.J.S.A. 18A:6-17.3; *see, e.g., In Re Dawkins,* Docket No. 367-16 (October 21, 2016). For this reason, he argues, such portion of the charge that concerns his 2015-2016 and 2016-2017 CAPs cannot stand because they address exclusively performance-related issues.

He reasoned that the Board has referenced the CAPS in this charge in order to dredge up an assortment of complaint letters dating to 2008. Having never been disciplined as to any of those complaints, which include accusations of improper conduct toward

[22] See note 4, *infra.*

students, he maintains that he was never afforded an opportunity to defend himself, nor was a determination ever made as to the truth of those allegations. Therefore, he concludes those outdated claims cannot be used against him now.

He argued further by this motion that Charge No. 4 must be dismissed in its entirety under the doctrines of collateral estoppel, laches and/or waiver. In support, he avers, established precedent under TEACHNJ supports the dismissal of tenure charges (in whole or in part) based upon the petitioner's failure to bring and prosecute them in a timely fashion. *See In Re Jill Buglovsky,* Docket No. 265-9/12 (December 12, 2012), *confirmed, Buglovsky v. Randolph Township Board of Education,* Dkt. No. MRS-C-13-13 (July 16, 2013) (dismissed tenure charges for attendance issues arising a year prior to filing, noting good practice calls for disciplinary charges to be imposed contemporaneously with the offending conduct).

In contesting this charge, he now raises the additional point that the Board failed to present any direct evidence or first-hand eyewitness testimony during the hearing to prove the truth of the complaints of improper conduct contained in the referenced letters. As such, he submits, his contention as to the true basis for the CAPs and related discipline stands uncontested; namely, poor attendance and deficient performance.

He also avers that the CAPs and increment withholding cannot be considered here for progressive discipline purposes. Any such claim, he maintains, has been mooted by the Board's failure to substantiate his guilt on any of the first three charges.

For all these reasons, he submits that Charge No. 4 should be dismissed.

Alternatively, if any of the four charges should be sustained, then, he argues, the record reflects considerable evidence mitigating against imposition of serious discipline.

Such evidence, he states, includes: (1) his demonstrated record of improved performance, as reflected in his evaluations for the 2017-2018 and 2018-2019 school years commending his interaction with students and established classroom culture; (2) his receipt of numerous commendations regarding fundraising for charity; (3) his substantial involvement with extra curricular activities at the School; and (4) his service as a dependable teaching team member, as confirmed by Phillpott.

Further, he points to: (1) his vow to never again make physical contact with students, whether incidental or harmless; (2) his willingness to take professional development courses addressing appropriate teacher-student interactions and classroom management; and (3) his lack of malintent as to any of his reported touching behavior. *See In Re Stephen Michaele,* Docket No. 69/4-19 (August 5, 2019) (citing lack of malicious intent, declined to dismiss or discipline respondent teacher despite established inappropriate touching of students); *In Re Albert D. Porter,* Docket No. 104-4/18 (October 29, 2018) (held respondent teacher's inappropriate conduct with student, including massaging, did not warrant discharge given his lack of malicious or sexual intent).

In sum, he asks that the instant tenure charges be dismissed and he be made whole for all salary and emoluments withheld from him during the pendency of this proceeding. Alternatively, if any of the charges are sustained, then only minor disciplinary action should be imposed.

Opinion

Certain introductory comments are appropriate here. Per the governing statute, the Board is authorized to seek Respondent's dismissal for reasons of "unbecoming conduct or other just cause." N.J.S.A. 18A:6-10. While not defined in the statute, "unbecoming

conduct" is recognized as conduct "[having] a tendency to destroy public respect for [government] employees and confidence in the operation of public services." *Ciripompa,* 228 N.J. at 13. As such, it encompasses violations of recognized standards of behavior for persons holding a position charged with the public trust. *Id.*

In seeking a tenured teacher's dismissal based upon charges of unbecoming conduct, the school board bears the burden of proof. It must establish the charged allegations by a preponderance of the relevant evidence. In addition, it must demonstrate that the gravity of substantiated misconduct warrants the teacher's discharge, as opposed to some lesser disciplinary penalty.

With these principles in mind, I turn to the charges presented here. After a careful and thorough review of the evidence and the parties' respective arguments, I conclude that the Board has substantiated Charge Nos. 1 - 4. My reasons follow.

Charge No. 1

The weight of the credible evidence presented, I find, substantiates this charge. Namely, on January 3, 2020 during Respondent's third period language arts class, he: (1) knocked books from Student M.K's hands when she approached him for assistance with her assignment; and then (2) twice touched her face with the back of his hand by swinging his arms, as she resumed her petition for his help.

My conclusion in this regard necessarily involves making a credibility determination to resolve the competing accounts of this incident offered by M.K. and Respondent. On review, I am persuaded that it is M.K.'s account that must be credited.

I found her testimony recounting Respondent's conduct in this instance to be clear and convincing. She very precisely detailed each step of her encounter with Respondent on

January 3, 2020, which began with Respondent initially ignoring her request for assistance, continued with him knocking books from her hands and then culminated with him swinging his arms and twice touching her face, after she had gathered her books and repeated her petition for help.

She made no attempt to embellish her account. Quite the opposite, she described the degree of contact that Respondent made with her face as being a "touch."

Her testimony was also consistent with the statement she provided to Iasiello later that same day. In addition, the statements of Students G.C. and A.K. who witnessed the incident, corroborated her account.[23]

In contrast, I determine Respondent's alternative account of this incident to be unpersuasive. In particular, I take note that his version of these events has not been consistent, but has evolved over time.

When questioned regarding this matter in January 2020, first by Iasiello, and later by Feifer, he described M.K's report as "preposterous" and "completely untrue." He maintained that position even when Feifer inquired whether the incident could have occurred accidentally.

Yet, in testifying here, he acknowledged the possibility of having knocked the books from M.K.'s hands through incidental contact as he walked past her. But claimed that if that had occurred, he was unaware. As for touching her face with the back of his hand, he described a scenario in which it could have occurred. Namely, if M.K. had been

---

[23] As noted above, Students G.C. and A.K. did not testify at the hearing in this case. Instead, their eyewitness account of this incident was presented through Iasiello's testimony and the notes of his interview of each student. Such testimony and documentary evidence are no doubt hearsay, and therefore, cannot be the sole basis for this essential factual finding. For that reason, I cannot and do not place such reliance on this evidence. Instead, consistent with the residuum rule, I rely upon this evidence solely as corroboration for the competent proof presented by M.K.'s testimony. N.J.S.C 1:1-15.5(b); *In Re Cowan,* 224 N.J. at 750.

mocking him for talking with his hands, he could see himself extending his harms in fake yawn to stop her from doing so. However, he had no specific recollection of doing so that day.

On review, I am compelled to conclude that his assertions in this regard are illogical and at odds with normal experience. If he had knocked the books from M.K.'s hands, whether intentionally or inadvertently, he would certainly have been aware, as he would have heard them hit the floor. Likewise, if he had touched M.K.s face with the back of his hand while fake yawning, he surely would have felt the contact.

Laid bare, his testimony strikes me as an attempt to present an alternate account that minimizes his culpability for this incident, while avoiding an affirmative admission. His straddling of the fence in this regard necessarily undermines the credibility of his claims. In sum, it is plain to me that his testimony simply lacks the ring of truth.

I am also unpersauded by his proffered challenges to M.K.'s credibility.

For example, K.T.'s failure to observe and confirm the incident despite being present in the classroom that day does not support Respondent's position. Indeed, he does not claim K.T. was in the immediate area at the time, and, as such, there could be many explanations for her failure to observe his actions towards M.K. Moreover, he offers no explanation for the corroborating accounts provided by the two students with whom he was speaking when the incident occurred.

Likewise, his highlighting of M.K.'s expressed dissatisfaction with his teaching style does not cause me to doubt her account of his actions on January 3, 2020. His suggestion that her concerns in that regard biased her testimony is pure conjecture.

Moreover, his own testimony contradicts this claim inasmuch as he averred that M.K., to his knowledge, had no reason to make false allegations against him. (Tr. 930.)

Similarly, the evidence presented depicting M.K. as defiant and challenging does not undermine her veracity. Even accepting the truth of these claims, which appear to be dubious, they do not support the conclusion that M.K. is untruthful in general or as to this incident in particular.[24] Stated otherwise, no connection exists between M.K.'s cited behavioral issues and her reputation for truth and honesty. Simply put, regardless of whether M.K. misbehaved in class, I am persuaded that she truthfully related Respondent's actions on January 3, 2020.

Finally, contrary to Respondent's claim, I am not persuaded that Charge No. I fails for due process reasons. Notwithstanding the difference between the charge and the evidence presented as to the degree of force with which Respondent made contact with M.K.'s face (i.e., strike vs. touch), I am satisfied that he had clear notice of the essential conduct charged and ample opportunity to prepare his defense. My review of the charge and the accompanying descriptive subparagraphs confirms this conclusion. Moreover, this discrepancy between the charge and the proffered evidence actually weighs in his favor. Plainly then, he has not suffered any prejudice as to this charge that establishes a due process violation.

Accordingly, for all these reasons, Charge No. 1 is sustained.

[24] On review, I find substantial reason to doubt retired teacher Phillpott's testimony averring that M.K. exhibited these behavioral issues while a student in her class during 2019-2020. In support of this conclusion, I note, in particular, that by Phillpott's own admission, her account is at odds with the manner in which she described M.K.'s conduct in the progress reports and report card issued to her.

Charge No. 2

By this charge, Respondent is accused of having engaged in the harassment and inappropriate touching during the 2019-2020 school year of K.T., a student that year in his third period language arts class. On review, I am satisfied that the Board has presented sufficient competent evidence to substantiate this charge.

In her testimony, K.T. very clearly described the touching that she experienced from Respondent during the 2019-2020 school year. This contact included his frequently placing his hands on her shoulder and back, as well as occasionally, putting his hand over hers while looking at her computer to review her work. Further, in one instance, while leaning over to look at her computer, he put his hand on her thigh.

Her account and description of this conduct by Respondent did not change or vary on cross-examination. It was also consistent with the account that she provided when interviewed by Iasiello in January 2020 and later questioned by Linzenbold in connection with her HIB investigation. Further, as confirmed by the HIB investigation, student K.G. corroborated K.T.'s testimony that she had previously advised her of Respondent touching her on the thigh, back and hands.

Further, Respondent has not presented any valid basis for me to doubt K.T.'s account. Indeed, he acknowledged having no reason to believe that K.T. would make false accusations against him. (Tr. 930.)

The cited delay in M.K. informing the IAIU investigator that Respondent had touched her thigh does not undercut her testimony. The IAIU investigator did not testify at the hearing in this case. Her interview notes, which are the only record evidence of her investigation, do not provide a sufficient basis for me to reach the conclusion that

Respondent posits. Stated otherwise, even if K.T. did delay until the second IAIU interview to report that Respondent had touched her thigh, it does not, on the record here, support a finding that she was deceptive.[25]

In fact, all of the other evidence before me suggests the contrary. Indeed, in her initial report to Dobson, as well as in her interviews by Iasiello and Linzenbold, she consistently detailed that Respondent had touched her shoulders, hand and thigh.

The absence of any corroborating witnesses to Respondent's touching of K.T. (e.g., other students in her class) does not compel rejection of her testimony, as Respondent suggests. In view of the reported brevity of his touching of her back and hands, I do not find it unusual that the other students in her class did not have a lasting memory of it. As for the touching of her thigh, there is no evidence that this contact was visible to any of K.T.'s fellow students.

Examining Respondent's testimony, I find it far less persuasive. Here again, his account of the relevant facts has evolved over time.

When questioned by Linzenbold, he declared K.T.'s allegations were "absolutely not true," and stated further, "[he] would never put his hands on a student." However, in testifying here, while holding to his denial of the most serious allegation of touching K.T.'s thigh, he conceded the possibility of having made incidental contact with her back while walking past her in the classroom. He also acknowledged possibly having patted her shoulder or back as a congratulatory gesture for good work. In addition, he conceded touching her hand when accessing her computer keyboard to review her work and provide assistance.

---

[25] The same holds true for the other discrepancies that Respondent identifies between K.T.'s account and the IAIU investigator's interview notes.

This sharp dichotomy between Respondent's initial categorical denial of the allegations and his more nuanced testimony casts doubt on his representations. Indeed, his belated offering of a justification for and benign characterization of his possible touching of K.T., without formally admitting to it, suggests a post hoc effort to recast his undeniable misconduct.

In sum, I am persuaded that as charged, Respondent touched K.T. inappropriately on the shoulder, hand and leg. I am also convinced by K.T.'s account that this touching was disturbing and caused her to feel uncomfortable.

I am not, however, satisfied on the evidence presented that Respondent's conduct in this regard constituted sexual harassment or was sexual in nature.

The Board's assertion that Respondent touched K.T. in a sexual manner stems from the one instance when he touched her leg. *See Board's Post-Hearing Brief,* at 72. On review, I do not find, however, that the record supports such a finding.

It is apparent that the Board's claim that Respondent's action was sexually motivated rests entirely upon the location of the touch (i.e., K.T.'s thigh) and her gender (i.e., female). No evidence was presented that Respondent said or did anything in connection with this touch that indicated a sexual motivation. Likewise, the context in which it occurred does not suggest such intent. I note in this regard that K.T. related the touching occurred when Respondent leaned in to look at her computer while providing assistance with her work. Finally, the Board's own witness, Graziano described Respondent as being "touchy" and noted his conduct extended to both boys and girls.

In sum, on the record here, I cannot conclude that it is more likely than not that Respondent's touching of K.T.'s leg was sexual in nature, as opposed to another instance of

his generally inappropriate touching of students. This finding, however, does not absolve Respondent from responsibility. Indeed, I am satisfied that his actions, as established, were, no doubt, inappropriate and support a determination of unbecoming conduct.

Accordingly, for these reasons, Charge No. 2 is sustained.

Charge No. 3

By this charge, Respondent is again accused of engaging in harassment and inappropriate touching during the 2019-2020 school year of a student under his supervision. The student, A.P. was assigned to his fifth period language arts class. From my examination of the record, I am persuaded that the weight of the credible evidence compels sustaining this Charge.

In her testimony, A.P. averred that Respondent's actions during the 2019-2020 school year had caused her to feel uncomfortable in his class. She detailed that the conduct involved him making physical contact with her, which included putting his hand over hers while standing along side her desk. And, on one occasion, she related, he put his hand on her leg above her knee.

Her recounting of Respondent's actions was clear and consistent throughout. It withstood vigorous cross-examination. Further, it did not depart from the essential elements of her prior statements to Iasiello and Linzenbold.

In addition, Respondent acknowledged being unaware of A.P. having any motive to make false allegations against him. Instead, he reported having a very good relationship with her. (Tr. 929-930.)

In his post-hearing brief, Respondent cites various factors to support his claim that she was not a credible witness. *See Respondent's Post-Hearing Brief,* at 30-33. On review, I am unpersuaded by his arguments.

For example, the failure of student's A.R., A.O., M.K2. and S.R. to confirm A.P.'s report that she had witnessed Respondent touch their hands does not provide sufficient reason for me to reject her account of his actions towards her. I found satisfactory her acknowledgement of this error and explanation that what she observed was Respondent getting very close to these students, a point she had made when interviewed by Linzenbold. In fact, during their HIB interviews both A.O and M.K2. related instances of Respondent getting too close to them.

As for the discrepancies that Respondent cites between A.P.'s testimony and her prior statements to Iasiello and Linzenbold, they do not rise to a level that causes me to doubt the essential elements of her account. Likewise, Respondent's comparison of A.P.'s testimony and the IAIU's investigator's notes falls short of providing a sufficient basis to reject Respondent's testimony.[26]

Moreover, in reviewing Respondent's testimony, I am convinced that on balance, A.P.'s account should be credited over his recollection of his interactions with her during the 2019-2020 school year.

As I noted in my determination regarding Charge No. 2, I am struck here too by the manner in which his version of events has shifted from that which he provided during Linzenbold's interview to the testimony he gave here.

---

[26] In fact, with the IAIU investigator not having testified and provided context for her notes, it is difficult for me to give them much weight, if any, in this regard.

When Linzenbold shared A.P.'s statement, he replied, "it was completely untrue" and "this never happened."

However, in his testimony, after denying that he had touched A.P. on the knee or thigh, he conceded certain touching of the students in his fifth period language arts class. Such touching, he said, included: (1) moving their hands off their computer when reviewing and correcting their work; (2) patting students on the shoulder as a congratulatory gesture for good work or to build confidence; and (3) incidental contact as he moved through the classroom due to the students' desk being tightly clustered.

Respondent has not offered any acceptable explanation for failing to identify this acknowledged physical contact with his students when previously questioned by Linzenbold. Further, it comes after Graziano, who he had told Linzenbold would corroborate that he never touches students, testified to the contrary.

As such, I am left to conclude that his testimony represents a post hoc effort to conform his version events to Graziano's account, while placing his behavior in the most favorable light possible. Put in this context, his denial of the offending conduct rings hollow.

However, while I am convinced that Respondent, as charged, touched A.P. inappropriately on the hand and leg causing her to feel uncomfortable, I do not find sufficient evidence to conclude that his actions constituted sexual harassment or were sexual in nature.

In asserting that Respondent's actions were sexual in nature, the Board relies upon his touching of A.P.'s leg. *See Board's Post-Hearing Brief,* at 73. My examination of the

record compels me to conclude that there is insufficient evidence to substantiate such motivation by Respondent.

As with my finding regarding Charge No. 2, the record here too is devoid of any evidence, such as statements or other conduct by Respondent at the time, suggesting that he acted for sexual reasons in touching A.P.'s leg. Indeed, in explaining her conclusion that the touching was not accidental, A.P. could reference only her sense of things, stating, "it was just like, he seemed to be knowing what he was doing."

Further, the context in which this touching took place does not lend support to the claim of sexual motivation by Respondent. As A.P. testified, the touching occurred while Respondent was at the side of her desk and looking at her computer to check her work.

Finally, the evidence presented confirms that Respondent's touchy behavior, in general, extended to both boys and girls. Both Graziano and A.P. averred as much.

Therefore, I am unable to conclude that it is more likely than not that Respondent's touching of A.P.'s leg was done in a sexual manner, as opposed to another instance of his non-sexual inappropriate touching of students. Nonetheless, for the reasons stated above, I am persuaded that his touching of A.P. substantiates this charge of unbecoming conduct.

Accordingly, for these reasons, Charge No. 3 is sustained.

Charge No. 4

By this Charge, Respondent is accused of accumulating a substantial record of misconduct, despite remedial measures, and this pattern further justifies his dismissal from employment with the Board. The prior misconduct reportedly includes his unprofessional behavior towards students, as reflected in letters the Board received from parents and students.

As an initial matter, I address Respondent's motion for partial summary judgment, dated July 10, 2020, by which he seeks dismissal of this charge and as to which I previously deferred my ruling. On review, I find unpersuasive both theories that he advances in support of this motion; namely, (1) the charge fails to state a valid tenure charge pursuant to the governing statute, TEACHNJ; and (2) the doctrines of collateral estoppel, laches and/or waiver compel dismissal of the charge

Contrary to Respondent's first theory, I do not read this charge as contravening the governing statute by mixing Section 8 unbecoming conduct allegations with Section 25 claims of unsatisfactory work performance. *See Respondent's Motion for Partial Summary Judgment* at 2-3. Quite the opposite, I am satisfied that the charge is limited to the matter of conduct unbecoming. The Board's reliance upon Respondent's 2015-216 and 2016-2017 CAPs, as supporting evidence for the charge, does not show otherwise.

The CAPs, as Respondent notes, do concern, in part, his unsatisfactory work performance. The Board, however, does not rely upon those portions of the CAPs in connection with this charge. Instead, the testimony presented and the Board's opposition to Respondent's motion, dated July 24, 2020, plainly demonstrate that the Board proffers the CAPs as substantiation of this charge only to the extent they document Respondent's prior inappropriate behavior toward students.

In sum, by this charge, the Board does not accuse Respondent of unsatisfactory work performance, but strictly a pattern of misconduct involving improper behavior towards students.

Turning to the second basis that Respondent posits for dismissal of this charge, I likewise find it unpersuasive. By this charge, the Board does not seek to revisit the manner

in which it previously addressed misconduct by Respondent. Nor does it endeavor to discipline him for long-past acts of alleged misconduct for which no responsive action was ever taken. Instead, as proffered, the charge alleges that when Respondent's most recent alleged unbecoming conduct (i.e., Charge Nos. 1 – 3) is considered together with his past documented misconduct, a pattern of inappropriate behavior towards students is apparent, which further justifies his dismissal. Therefore, the doctrines of collateral estoppel, laches and waiver have no application here and do not provide a basis for dismissing this charge.

Accordingly, for these reasons, Respondent's motion for partial summary judgment seeking dismissal of this charge is denied.

Addressing the merits of this charge, I am satisfied that the weight of the credible evidence substantiates that the CAPs issued to Respondent for the 2015-2016 and 2016-2017 school years both stemmed, in part, from his behavioral issues.

In his testimony, Iasiello affirmed that the reasons for issuing Respondent the 2015-2016 CAP included complaints received during or at the conclusion of the prior school year from students and parents regarding his classroom conduct. One complaint cited that Respondent had caused a female student to feel uncomfortable by touching her shoulders, while others referenced his harsh treatment of and inappropriate statements to students. As a consequence of these circumstances, he reported, the CAP's identified area for improvement listed: "providing an environment in which each child has positive nurturing relationships with caring adults in which you treat students as individuals." (Petitioner Exhibit 1.)

By his testimony, Iasiello also confirmed that Respondent failed to satisfy the 2015-2016 CAP, due, in part, to his treatment of students, including his use of sarcastic or

inappropriate language. For this reason, he averred denying Respondent his salary increment for the succeeding school year and issuing him the 2016-2017 CAP. Similar to the prior year's CAP, its listed areas for improvement included: "demonstrate consistently a positive, professional and respectful demeanor toward your students through appropriate daily instruction." (Petitioner Exhibit 1.)

In contrast, I found Respondent's assertions that both CAPs strictly concerned performance issues unpersuasive.

The express language of the CAPs together with Iasiello's explanatory testimony plainly shows otherwise. Moreover, Respondent's testimony was far from consistent on this point. Indeed, he acknowledged that in issuing the 2015-2016 CAP, Iasiello referenced the complaints from students and parents regarding his behavior in the classroom. (Tr. 855-856.) Further, on cross-examination, he conceded receiving a September 22, 2015 letter from then Superintendent Richard Kuder, explaining that as a result of those complaints, the 2015-2016 CAP was designed to address Iasiello's concerns regarding his overall rapport with students. (Petitioner Exhibit 1.)

Similarly, in testifying as to his understanding of the reasons for the 2016-2017 CAP, he recalled Iasiello referencing continued complaints regarding student issues, although acknowledging that they had declined in number from the prior year. (Tr. 859.) Further, on cross-examination, he confirmed that the 2016-2017 CAP's listed areas for improvement included the "need to demonstrate consistently a positive, professional and respectful demeanor towards [his] students through appropriate daily instruction." (Tr. 894.) On further questioning, he shifted from his prior testimony and conceded that in

addition to performance issues, the second CAP identified continuing concerns regarding his relationship with his students. (Tr. 895-896.)

I also take note that Respondent never contested either CAP. Indeed, he never even submitted a rebuttal. Surely, if the complaints of his inappropriate conduct in the classroom were baseless and did not warrant inclusion in the CAPs, he would have made that fact known to Iasiello. Indeed, the record shows he understood how to do so, inasmuch as he submitted a rebuttal to his 2014-2015 performance evaluation. (Tr. 861-862; Respondent Exhibit 6.)

In sum, I am satisfied that the 2015-2016 and 2016-2017 CAPs substantiate that Respondent previously exhibited inappropriate conduct towards his students and the Board took remedial action to address that behavior. I recognize that much of his prior inappropriate conduct is not directly analogous to the behavior underlying Charge Nos. 1 – 3 at issue here. His past misconduct largely concerned his harsh treatment and improper statements to students; whereas, his recent transgressions involve inappropriate touching. Nonetheless, I find a sufficient linkage between them to sustain this charge that he has engaged in pattern of inappropriate conduct towards his student. Stated otherwise, at its core, his misconduct, both past and present, has caused his students to feel uncomfortable and undermined the learning environment.

Accordingly, for all these reasons, Charge No. 4 is sustained.

Penalty

Turning to the issue of penalty, I find Respondent committed serious misconduct based upon my determinations that he engaged in the unbecoming conduct alleged in Charges Nos. 1 – 3, and which together with his prior misconduct demonstrates a pattern of

inappropriate conduct towards students, as alleged in Charge No. 4. As such, I conclude that a substantial penalty is warranted. However, in view of all the relevant circumstances, I conclude that dismissal is not justified.

It is apparent that in seeking Respondent's dismissal, the Board places greatest weight on its determination that his touching of K.T. and A.P. on the thigh constituted sexual harassment or was sexual in nature. Indeed, Iasiello made this point plain in his testimony when he acknowledged that the Board would not have pursued tenure charges against Respondent if the touching had been limited to contact with the students' hands. (Tr. 399.)

However, for the reasons detailed above, I have not found sufficient evidence to sustain the allegation that Respondent touched K.T. and A.P. in a sexual manner. As such, the gravity of his transgression is reduced from that asserted by the Board. Instead, on the weight of the credible evidence, the Board has demonstrated Respondent's failure to maintain appropriate boundaries with Students K.T. and A.P. as a consequence of his touching them and invading of their personal space. I find the same to be true as to his actions toward Student M.K.

In recognizing this distinction between sexual and non-sexual touching, I do not intend to convey that Respondent's established failings here are a minor matter. Indeed, they are not. Quite the opposite, they represent a serious deviation from the professional standards with which Respondent, as a teacher, was obligated to comply.

This distinction, however, does bear on the severity of the penalty to be imposed. Rather than compelling dismissal, Respondent's established transgressions call for a level of discipline that is sufficient to impress upon him the serious error of his ways, while

affording him an opportunity to reform his behavior and demonstrate his ability to function as a positive and productive teacher in service of the Board.

On the record before me, I am satisfied that Respondent is capable of doing so. Respondent should understand that any repetition of the proven misconduct will in all likelihood result in the termination of his employment.

Accordingly, for these reasons, I conclude that Respondent shall be issued a final written warning and suspended without pay for one-half school year. Such suspension will be reduced by such period, to date, that Respondent has been removed from the classroom without pay as consequence of these charges. In addition, within six months of the date of this Award or as soon thereafter as is reasonably practicable, Respondent, at his expense, shall attend and successfully complete eight hours of professional development classes regarding appropriate teacher-student interactions and classroom management through a program approved by the Board. The Board shall not unreasonably withhold approval of such programs proposed by Respondent for this purpose. Respondent will submit written documentation to the Board confirming his successful completion of such professional development.

AWARD

1. Respondent is culpable of Charge Nos. 1 – 4.

2. The appropriate penalty for Respondent's proven misconduct is a final written warning and suspension without pay for one-half school year. Such suspension will be reduced by such period, to date, that Respondent has been removed from the classroom without pay as consequence of these charges. In addition, within six months of the date of this Award or soon thereafter as is reasonably practicable, Respondent, at his expense, shall attend and successfully complete eight hours of professional development classes regarding appropriate teacher-student interactions and classroom management through a program approved by the Board. The Board shall not unreasonably withhold approval of such programs proposed by Respondent for this purpose. Respondent will submit written documentation to the Board confirming his successful completion of such professional development.

3. I will retain jurisdiction of this matter to resolve any dispute that arises as to the implementation of this award

Moorestown, NJ 08057

I. Introduction

This matter arises from tenure charges of unbecoming conduct, incapacity and other just cause sufficient to warrant dismissal against Joseph Archible, (Respondent) certified by the Lenape Regional High School District Board of Education, (the District) and an October 10, 2019 referral of the tenure charges initially to Arbitrator Tia Schneider Denenberg and thereafter to

the undersigned by the New Jersey Department of Education, Office of Controversies and Disputes pursuant to *N.J.S.A. 18A:6-16.*

Days of hearing in the matter were conducted by Arbitrator Denenberg on February 3, 4, 5, 6, 7 and March 11, 12 and 13, 2020 and by the undersigned on October 29 and 30, 2020 in Shamong, New Jersey. All parties were afforded the opportunity for argument, examination and cross-examination of witnesses and the introduction of relevant exhibits. Respondent was present for the entire hearing and testified on his own behalf. A transcript of the hearing was taken. At the close of the hearing on October 30, 2020, the parties elected to submit written closing argument, upon the receipt of which by the arbitrator on December 14, 2020 the matter was deemed submitted.

This Decision and Award is made following my careful consideration of the entire record in the matter, including the undersigned's observations of the demeanor of witnesses presented during the final two days of hearing.

II. Issues

The issues presented in this matter may be accurately stated as follows:

> Has the District met its burden of establishing the truth of its tenure charges against Respondent, and if so, what is the appropriate discipline, if any?

III. The Tenure Charges

The tenure charges in this matter were filed by Dr. Carol L. Birnbohm, Ed.D., Superintendent of the District on September 27, 2019. The Statement of Tenure Charges filed by the Board first presents some 66 numbered paragraphs of alleged "Relevant

Facts" and thereafter three Charges. The Charges (less their respective 66 paragraphs of included statements/allegations of fact and references to evidence exhibits submitted) provide:

CHARGE ONE
UNBECOMING CONDUCT

67. The Board incorporates by reference paragraphs 1-66, as fully set forth herein.
68. As set forth above, despite receiving progressive discipline and remediation measures, Archible continued to engage in questionable and unprofessional relationships with female students, specifically K.F., K.L., J. S. and R.T.
69. By continuing an abhorrent pattern of engaging in inappropriate relationships with minor female students, both inside and outside of school hours, Archible's (sic) continues to show a blatant disregard for authority and the emotional well-being of his students.
70. In fact, concerns that Archible "grooms" select female students due to "creepy" and "weird" conduct toward female students is reprehensible and must be stopped before it escalates.
71. As set forth above, Archible's gross lack of judgment in facilitating and leading a discussion regarding the use of the n-word in classic literature wholly disregards his obligation to facilitate an emotionally protective and culturally sensitive learning environment.
72. The overwhelming evidence demonstrates that during a class discussion, Archible advocated that teachers should be permitted to say the n-word during instruction; his opinion is in direct contradiction to the trainings he received, including most recently on August 30, 2018.
73. The overwhelming evidence demonstrates that Archible continued to direct this classroom discussion, despite the visible discomfort being exhibited by his students, including causing the only African American student in the class to begin crying when confronted about her views by Archible.
74. As the investigation into this incident continued, and public outrage mounted, yet another incident surfaced in which a photograph of Archible using the "N-word" in his classroom while apparently playing a game of "hangman," as well as a separate video of his stating the "N-word" during class instruction.
75. To that end, the April 9, 2019 classroom discussion showed a pattern and practice of Archible ignoring professional directives

regarding cultural sensitivity, instead relying on racially insensitive language on at least three known occasions during classroom instruction.
76. As such, Archible's employment with the Board should be terminated for unbecoming conduct, incapacity, and other just cause.
77. For all of the above reasons, the Charge of Unbecoming Conduct must be upheld and Archible's employment with the District must be terminated.

CHARGE TWO
INCAPACITY

78. The Board incorporates by reference paragraphs 1-77, as fully set forth herein.
79. As set forth above, Archible's repeated and flagrant breach of professional boundaries of the teacher/student relationship with female students, use of racially insensitive language on at least three known occasions, and complete disregard for this Administration's expectations of its educators, has no place in this community.
80. Archible's conduct the presence of students (sic) makes it impossible for him to effectively return to the District as a teacher. To allow Archible to return would cause acrimony with students, staff, and community.
81. As such, Archible will not be able to perform the duties of his job if he were to be returned to the District and, therefore, is incapable of continuing his employment with the District.
82. For all of the above reasons, the Charge of Incapacity must be upheld and Archible's employment with the District must be terminated.

CHARGE THREE
OTHER JUST CAUSE

83. The Board incorporates by reference paragraphs 1-82, as fully set forth herein.
84. Over the course of his employment, Archible violated the fundamental boundary between student and teacher, oftentimes relying upon minor female students for private emotional advantage, despite progressive discipline and remediation measures.
85. By leading a classroom discussion regarding the use of a racial slur, despite repeated objection from students to Archible's insensitivity, Archible can no longer be employed by the District because allowing him to do so would violate the public trust to

ensure the District students' care and well-being and that they are in a safe environment where they are not subjected to the use of a racial slur by their teachers.
86. As seen in the District's investigation in the April 9, 2019 incident, Archible's use of racial slur during classroom (sic) is not an isolated incident, despite receiving training to the contrary.
87. For all of the above reasons, the Charge of Other Just Cause must be upheld and Archible's employment with the District must be terminated.

IV. Summary of Facts

A. Introduction

The District provides high school education to approximately 7,000 students in four high schools. The District employs approximately 1,000, of which approximately 650 are certified staff. Dr. Carol L. Birnbohm, Ed.D. is the District's Superintendent. Respondent was hired by the District in September 2005 and became tenured in September 2008. At all times relevant, Respondent has taught English at Lenape High School. During the 2018-2019 school year Respondent taught, among others, two classes of AP English.

B. The Association of Black Women Lawyers Contest

Supervisor of English and History Larry Strittmatter testified that he handed out a pamphlet to all of his English teachers announcing the Association of Black Women Lawyers of New Jersey Law Day 2019 Competition. "This year's Law Day Theme," the flyer announced:

> ..is, "Free Speech, Free Press, Free Society." New Jersey Lawmakers want schools to stop teaching "Huckleberry Finn" : Two African American members of the State Assembly have introduced a non-binding resolution calling on school districts in New Jersey to remove

> "Adventures of Huckleberry Finn" – widely acclaimed as one of America's greatest literary works – from their curricula. There has been a decades-long debate over teaching the book, written by Mark Twain in the 1880s. Though filled with what many academics see as anti-racist and anti-slavery themes, "Huckleberry Finn" presents an unvarnished depiction of the antebellum South and includes use of the n-word more than 200 times. Take a position advocating either for the removing of "Huckleberry Finn" or against the removal of "Huckleberry Finn" from New Jersey schools, citing provisions of the New Jersey and/or United States Constitutions or laws.

The evidence establishes that the pamphlet was distributed to English teachers by Strittmatter in early April 2019.[1] After receiving the Law Day pamphlet Respondent assigned his students to write an essay on whether *Huckleberry Finn* and *Too Kill a Mocking Bird* should remain in the curriculum. As part of his AP-test preparation for his two AP English classes, Respondent sought to have students take a position and support the position. On April 9, the class was to have a first paragraph thesis statement prepared.

Strittmatter testified that the flyer was not meant to provide a topic of discussion for class and that, in any event, the discussion Respondent eventually had with his students in one of his AP classes on April 9 went beyond whether the books should remain in the curriculum and extended to the subject of the use of the N-word itself. The discussion on April 9, according to Strittmatter, was not in the curriculum and was not appropriate.

[1] All dates hereinafter are 2019 unless otherwise indicated.

C. Events of April 9-11, 2019

1. April 9, 2019

In the evening of April 9, Lenape High School principal Tony Cattani, received an email from the mother of a S.L.,[2] a student in one of Respondent's AP English classes. The email stated:

> My daughter had a disturbing incident in her AP English class today. The teacher, Mr. Archible (copied), had the students discuss the use of a derogatory African American term in the classroom. My Daughter S.L. was the only African American student in the class today and this discussion left her feeling hurt and humiliated. As an honor student at Lenape who has had a positive experience in this school and in this class, it was shocking to hear of this unacceptable event. My husband and I will be at school first thing in the morning to discuss this issue and how it will be resolved.

2. April 10, 2019

Principal Cattani and supervisor Strittmatter met with the parents of S.L. in the morning of April 10. S.L.'s mother reported that, according to her daughter, Respondent's AP class of the day before was largely focused upon the use of the "N-word" in literature and included an extended discussion during which Respondent expressed what the student believed was his opinion that he should be able to say the entire word in the context of teaching. The discussion was culturally insensitive, the parents reported. The parents told the principal that as the only African-American student in the class that day S.L., felt she had been singled out and she was upset and humiliated.

[2] Students herein are referred to by initials.

Cattani and Strittmatter testified that Respondent responded to the parent email seeking to meet with the parents also on the morning of April 10, but that the parents of S.L. declined the offer.

Following the parent meeting, Cattani contacted Assistant Superintendent Matthew Webb and informed him of the concerns expressed by S.L.'s parents. Cattani was directed to interview some of the students involved and get a grasp of what had occurred during the April 9 class. Cattani testified that the N-word topic was, to his knowledge, not part of the AP English curriculum. He also testified that his concern was not that Respondent was a racist, but that Respondent had tried to push his personal agenda onto his students and that he was effectively asking students for permission to use the N-word in the classroom; conduct prohibited by policy, and permission for which the students did not have the authority to give.

Following the early morning parent meeting, Cattani and Strittmatter began "calling down" students from the AP English class to discuss what had occurred in the class the day before. The two first met with S.L. and thereafter the two administrators split up the task of meeting with the three additional students S.L. had identified as, she believed, being aware of how upset S.L. was; A.R., M.H. and G.M. Strittmatter received written statements from each of the four students; statements dated either April 10 or 11. He did not attempt to interview or seek statements from students in the AP class not identified by S.L.

S.L. testified at the hearing. According to S.L., prior to April 9, Respondent had assigned the AP class to read two articles discussing whether or not *To Kill A Mockingbird* and *Huck Finn* should remain in the curriculum of schools nationwide. The

students were to have their introductory paragraph with their thesis statements ready by the April 9 class. On April 9, the class began with a discussion on the topic of the articles. A poll of students was taken and everyone in the class took the position that the books should stay in the curriculum. According to S.L. Respondent than asked the students to expand upon their views, and asked if the use of the n-word in the books played a role in the students' decisions. "A lot" of students, according to S.L., stated that the use of the n-word in the text was fine as that was the language of the times the books were written, "and took the position that the word itself did not need to be stated verbally in order to get the point across." According to S.L.'s statement of April 10, "others stated that as long as the word is only stated verbally in context with the book then it should not be an issue." S.L.'s written statement then continues:

> ...Mr. Archible seemed to agree with the side that the word can be stated for literary purposes only. A--- R--- and G---_ expressed their views that the word should not be stated at all, but Mr. Archible kept advocating for the word to be used. His rational was that the use of the word would demonstrate the ugliness and history with the word, He also said that if we don't verbalize the word when reading these texts would make people too sensitive and the history with the word would be lost. He also stated that he had friends that were African American and he discussed the issue with them and they said people have become too sensitive to talk about these issues. After mentioning this, I brought up the point that if the term is consented in the classroom, some may bring the term outside of the classroom. However, he still advocated for the use of the word. This discussion began to take a turn that was unneeded and the tone of the classroom changed. More people began to be more quiet and only A-- and C—were talking. M.H. mentioned that this conversation should not continue, but it did continue. As the conversation continued, I began to feel kind of overwhelmed considering I was the only African American person in the classroom at that time. I then raised my hand and said that family members like my mom have had the word said to them in a hateful manner and I began to cry while saying this. I ended by saying that the word should not be said in any

> context. After seeing my reaction, Mr. Archible began to ask me more about my views on the subject. I once again explained that the history that comes with the word would not be lost if it is not said verbally. Clearly uncomfortable, Mr. Archible changed the topic to the book on sexual harassment that me and my classmates would be reading next year. However, some people appeared to not be satisfied with how the conversation ended and continued to state their views. I believe that Mr. Archible did not intend for the conversation to go in that direction, but it did. There was really no closure to the subject and his personal views should not have been so clear, especially since he is not African American. I left the class feeling overwhelmed and sort of singled out.

Statements were also taken from AP English students A.R., M.H. and G.H., the first two of whom also gave testimony at the hearing. A.R. wrote that Respondent often brings up controversial topics to discuss in class, but that the conversation on April 9 "was different." A.R. wrote that when Respondent asked if teachers should be allowed to say the n-word in class, all agreed that teachers should not and that thereafter Respondent would not let it drop and spent the entire period arguing that teachers should be able to use the word. According to A.R., Respondent wrote an "N" on the board and asked how far he should be allowed to go and that despite the fact that some students protested, he continued and wrote, "NI R" on the board and said everyone knows what we are talking about but no one can say it. At one point a student asked why Respondent was so obsessed with saying the word. A.R. further wrote that:

> After almost an hour of the topic S.L. who is black raised her hand and told the class of her mothers experience with the word and began crying. The class was silent and filled with tension and rather than just admitting he was wrong, Archible asked S.L. how her mother felt about using the word. The entire class period Archible refused to let the topic go and he seemed to be arguing for more than just to be devils advocate....This should never have even been a topic of discussion because it had nothing to do with the AP Language and Composition curriculum. But when brought

> this up to him, there was not a clear answer as to why we were discussing this…

According to A.R., she was present when Respondent gave the class his apology. At that time, Respondent said how he hadn't eaten, he had few friends and family and how teaching was important to him. Respondent went on to say that he had tried to control the class but that it got out of hand. A.R. testified that she was not satisfied with Respondent's apology; that the apology was less about how sorry Respondent was and more about how important teaching was to him.

M.H. wrote in her statement that "…more than 50% of the students raised their hands when …Archible asked if it should be taken out or not be said in class." M.H. explained that Respondent had gone back and forth with students;

> Saying if it is part of the curriculum then we should be able to say it which started to make more students speak up. One student had told a personal story of how the word was hurtful to her mom and even began crying in class. Mr. Archible was understanding of her feelings but still was not sure why he shouldn't teach the history of the word in its entirety if it is included in the curriculum.

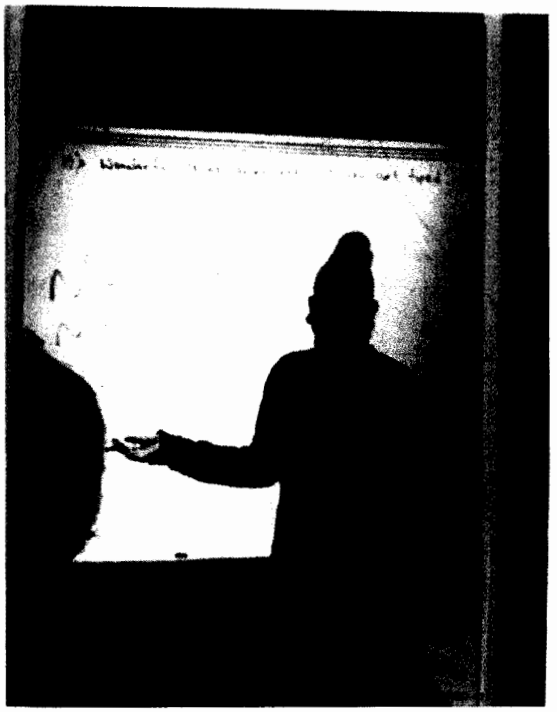
According to M.H., both the students in the class and Respondent were strong in their opinions, the discussion went until the class ended and the discussion; "never really got a full closure." At the hearing M.H. testified that in addition to the letter written on the board, Respondent also drew some of the lines of a swastika on the board. She also testified that she saw the connection between the thesis the class was asked to write and the Law Day flyer and recalled that at some point the competition was discussed in class. As for Respondent's addressing the events of the n-word class on April 11, M.H. testified that she felt it could have been more of an apology.

G.H. wrote her statement on April 11 and expressed that the feelings in the classroom became "rather hostile," that many students said they felt uncomfortable with the situation and that after she left the class she learned that one student had cried.

Later in the day of April 10, Cattani and Strittmatter met with Respondent. Respondent was apologetic, expressed that he did not intend the discussion to go as it had, took responsibility for his actions, and stated that he would do what he needed to do to resolve the situation with his students. According to Strittmatter, Respondent said he was not aware that S.L. had been upset or crying and that he was not aware that S.L. was African American. (Cattani testimony was less certain in this regard, as he testified "I don't recall him knowing that she was crying, but I believe he indicated that he didn't know that she was African-American at the time.") During the meeting a plan was made for Respondent to apologies to his class and give students the opportunity to voice their opinions about what had happened in the class. According to Strittmatter, Respondent was to first acknowledge what he and the administration had become aware of, allow students to process and have closure and apologize for the direction the conversation went and the level of student discomfort resulting from the conversation.

3. April 11, 2019 (am)

Supervisor Strittmatter was present for the first ten minutes of Respondent's involved AP English class on April 11. According to Strittmatter, the master objective written on the board for the lesson of the day was a W.H. Auden poem analysis. Respondent began the class by acknowledging that the direction of the previous class had not gone in the direction he had intended, spoke to the students about his love for teaching and that he was so upset that he was unable to eat.



According to Strittmatter, Respondent came into his office toward the end of school that day and expressed his disappointment at Strittmatter attending his AP class; saying that the supervisor did not trust him. Strittmatter testified that in response; "I informed Mr. Archible that he should consider the fact that I was there to protect him, to ensure that what we had spoken to him about…and based on the conversations we had with the student and parents, that I was there to ensure that the students had a chance to process and have closure, and that ultimately at the end, that I was there to protect him." According to Strittmatter, Respondent acknowledged that he had not thought about that. Strittmatter did not tell Respondent that his apology had not been adequate or that Respondent had not done as he had been instructed. When asked on the witness stand why he had not done so, Strittmatter testified; "It was a short conversation."

Cattani testified that he is not the ultimate decision make on subjects of termination of tenured staff, but that at this point he was not considering termination of Respondent as an option. Cattani later received another email from the mother of S.L. expressing her concern that Respondent had not provided students an opportunity to speak or get closure with the subject.

4. April 11, 2019 (pm)

In the evening of April 11 Cattani attended a banquet celebrating accomplished academic students in the area. At the meeting a woman approached Cattani and said there was something causing a lot of concern in the Lenape community that Cattani should see.

The women the showed Cattani a video on her phone and the following picture:

The picture is of Respondent in front of a white board. Written on the top of two lines on the board is; "N_ G G E R", and on the bottom line; "N _ _ G A". In the video shared with Cattani one can hear Respondent saying: "It's basically saying look, there are black people, and then there are niggers."

According to Cattani, there was significant community response to the video and picture; he received numerous calls and communications from upset parents and the matter was a topic of conversation in the community for a year and a half. According to Birnbohm, people in the community were outraged and upset at the video. The District identified one individual who lived in the District, contacted the District, complained about the picture and video, described Respondent as playing hangman on the picture, and offered her consulting services on the matter.

5. Suspension of Respondent

Cattani thereafter reported the picture/video matter to District superintendent Birnbohm, who in turn discussed the matter with the Board of Education President. The decision was then made to suspend Respondent pending investigations. By letter dated April 11, 2019, Respondent was notified of his suspension until the outcome of "investigation(s) into possible conduct unbecoming a teacher…"

D. ***On The Road*** and R.T.

Cattani testified that on April 10, a female student of Respondent, **R.T.,** left a message with the principal's secretary that she wanted to speak with Cattani about her English class. The student attended Respondent's other AP English class. Cattani assumed the student wished to speak with him about the N-word matter of the day before, so he passed the message on to Supervisor Strittmatter and asked that the supervisor speak with the student. As it turned out, R.T had not reached out to speak about the N-word matter, but instead, expressed her discomfort with Respondent. She explained that she felt her grades from Respondent were higher than she deserved, that it was well known that Respondent gives out better grades to student who share Respondent's personal opinions, that Respondent had invited her to a poetry field trip that she had not expressed interest in going on, and that Respondent had given her a copy of a book (*On The Road,* by Jack Kerouac) that she had not requested. The copy of the book given to her by Respondent had handwritten notes and highlights, including highlighted text describing a young teenage girl with long dark hair (which R.T. has) having a relationship at a motel with an older man, and handwritten notes such as "do you ever

feel like that?" and other underlined text stating; "Oh man, she was only 15 and wearing jeans, just waiting for someone to pick her up… she was so sweet then, so *young*. Hmm, ahh!" At that time, in response to a request from Strittmatter, R.T. provided the following written statement:

> From the first day of school, Mr. Archible seemed somewhat creepy and weird to me. Throughout the year he gave me high grades on essays that were not deserving, It is well known that he tends to give poorer grades to essays that disagree with his own opinion, but an essay that I wrote that discouraged free healthcare. Which is very against his beliefs, received a high grade. Mr. Archible also invited me to the Dodge Poetry Trip without my volunteering. Last Friday, he found me during lunch and learn, out of the blue, to give me a book. Flipping through it, I realized he underlined some passages that seemed weird, such as a couple lines that mentioned a teenage with long, dark hair (which matches my description) going to a motel with the main character to have a relationship. Later in the book, a line that said something like, "she was 18, lost and confused" he wrote "do you ever feel like that?" in the margins I showed the book to my parents that night, and they both disliked it. That night he also sent an email to my mom saying I was an intelligent student, a talented writer, and that he was glad to have me in class. I know this has no solid evidence, but I feel very uncomfortable in his class.

R.T. testified that Respondent's AP English class that year did not discuss poems at all. (In contrast to Strittmatter's testimony that on April 11 a poem was the subject of that day in Respondent's AP classes.) Following his meeting with R.T., Strittmatter contacted R.T.'s mother, who came to school with the loaned book. The mother, like R.T., was uncomfortable with Respondent giving R.T. the book and the highlighted passages and handwritten comments in the book; comments that both R.T. and her mother believed were directed at R.T. The mother also expressed her view that an email she received from Respondent about R.T. was "stilted" and inappropriate. R.T. testified

that she did go on the poetry trip because there was a large group of students going and she felt comfortable doing so.

On the day he loaned his copy of *On The Road* to R.T., Respondent emailed the student's mother the following:

> I just wanted to send you a quick email to let you know how highly I have come to regard [R.T.] after meeting her and having her in my class this year. She is certainly one of my most intelligent students, and without question, one of my most talented writers. It is obvious that she has grown up in an environment in which literature is important. Today, I gave her a copy of On the Road, which is on a short list of books I consider to be genius (along with Catch-22, 1984, and The Picture of Dorian Gray). I felt she will appreciate it. Kerouac helped to open my eyes to how unpredictable and philosophical literature can be sometimes. I hope he does the same for her.
>
> Too often, we teachers email parents only when their children are misbehaving or falling behind in their coursework. I am trying to make a conscious effort this year to do the opposite. So.. thanks for raising a great kid. I know that, as cliché as it might sound, she is going to go on to do great things in life someday. But she is also doing them now, too.
>
> I hope you have a great weekend.

Strittmatter testified that *On The Road* has been part of the curriculum at the high school in the past, but was not in 2019.

E. **Meeting of July 25, 2019**

Respondent's next meeting with anyone from the District occurred on July 25, a meeting attended by District representatives, Respondent and Respondent's Union representative. According to the District and as explained to Respondent at the time of the July 25 meeting, the District's investigation into the R.T. - *On the Road* matter had been put on hold pending a criminal investigation into the matter by the Burlington

County Prosecutor. (Respondent had not previously been informed there was a matter involving R.T.). By letter dated June 28 the Prosecutor notified the District that he had found the matter did not warrant criminal charges and cleared the District "to commence an investigation and pursue any administrative actions that you deem appropriate."[3] At the meeting, Respondent's Union representative took the position that no questions would be answered by Respondent until Respondent had the opportunity to review the evidence gathered during the District's investigation and a copy of the Prosecutor's letter. The District provided the Prosecutor's letter but refused to provide the Union the other information the Union requested. After some back and forth, the District's Director of Personnel, Page MacGregor provided a copy of the picture of Respondent standing in front of a white board and a copy of the video during which Respondent made the statement "it's basically saying look, there are black people, and then there are niggers." During the July 25 meeting, Respondent admitted that he spoke the entire n-word on the video and according to MacGregor, explained he was probably giving a lesson on subliminal racism, and how it is possible to not be racist against all black people, and that sometimes it is the black people who are racist.

F. The Decision to File Tenure Charges

Cattani testified that he was concerned about the R.T. matter because of Respondent's "established pattern" of inappropriate conduct with female students. Respondent had a pattern of poor judgment, including particularly the N-word incident and now with R.T., another example of Respondent's poor judgment with a female student. Whether Respondent's "personal agendas," or "his potential pursuit of 15, 16,

[3] The letter was offered to show the criminal investigation was closed and not offered for the truth of its contents.

17-year-old girls in a grooming pattern," Cattani testified, he could not, in good conscious put Respondent back in the classroom.

The District presented two witnesses who took part in the District's consideration of whether to file Tenure charges; Director of Personnel MacGregor and Superintendent Birnbohm. According to MacGregor, tenure charges were filed because; (1) Respondent had lots of opportunities to correct his inappropriate behavior with young female students; (2) Respondent had lots of counseling in the appropriate steering of controversial topics, and (3) yet Respondent continued to do what he wanted to do. MacGregor testified that Respondent could not come back to teach in the District as '[t]he trust is gone." She went on to testify:

> The most important thing for a teacher is to have the trust of the students, and as an Administration, the safety and security of our students is our number one goal. There's no learning that can happen without the students feeling safe and secure. So, Mr. Archible has had discipline, reprimands, counseling, mentoring, numerous reminders of him to maintain appropriate interaction with students. In addition to that, this April 9th incident caused emotional harm to students. He was given instruction on how to form an appropriate apology to the class, and he failed to do so which caused community outrage and provided us with additional evidence to show that he may have been doing this for years unbeknownst to us. At the same time the community is outraged, we're finding out from R.T., you know, simultaneously, that here now is the fifth allegation of a young woman who feels that he's creepy and he's behaving inappropriately, and, you know, she fits the profile, the long brown hair, you know, giving her this book with the creepy underlined passages, and that's not even counting Mr. Archible's fiancée, who was a 2013 graduate of Lenape High School and a former student of his. You put all that together and so we can't put minority students in his class, because they might feel like they won't be fairly treated by him. We can't put, you know, young Republicans, because they are going to feel they are not fairly treated by him. We can't put young women in his class with a good conscious, because Mr. Archible is no dummy, you know, he's not – he's not failing to

> take direction. He's calculated, he's predatory. At that point, we basically eliminated every student in the high school. There's nobody that we can put in his classroom with a good conscious and feel that those students are safe and secure.

Superintendent Birnbaum testified that tenure charges were filed because;

> I couldn't put him in the classroom again. His credibility is gone. There's just distrust. We've given the employee opportunity, after opportunity, after opportunity to correct his behavior, to follow District rules and regulations. And he not only doesn't want to follow them, he brags about how he doesn't follow District rules and regulations. In his e-mail to L.B. he said he couldn't wait to get tenure, and he would do something outlandish – I don't even know what it is. But he couldn't wait to get tenure because he could almost do whatever he wants....He has shown us again and again and again that he's not going to change his behavior. And putting him back in the classroom is just reaffirming this inappropriate behavior in his classroom. It's about student safety.[4]

G. Testimony of other Students Attending the April 9 Class

1. I.A.

I.A. was a student in Respondent's AP English class on April 9. She was not interviewed by the District. She testified that the goal of the AP class was to prepare for the AP test in May. As she understood it, the essay topics on the test could be anything, but were usually controversial subjects. Throughout the year, Respondent would give the class controversial subjects and have the class discuss them as a way to learn how to form a thesis, have a discussion with classmates and how to craft an argument. Respondent told the class that if anyone was offended by subjects raised in the class, they could come and talk with him.

---

[4] The L.B. email referenced by the superintendent was a subject of a 2008 discipline of Respondent. (Discussed below.)

She recalled that for the April 9 class Respondent had posted an assignment to write a thesis statement and be prepared to discuss the topic of whether the novel Huck Finn should be taken out of the national curriculum. In class, Respondent introduced the topic and let students engage in discussion. I.A. testified that most of her class mates were in agreement that the book should stay in the curriculum. Respondent then discussed how school districts had removed the book from their curriculum because of its frequent use of the n-word and asked if it was ever okay to use the word. After the class unanimously agreed that the word should never be said, Respondent played devil's advocate and pointed out the contrast between students saying the book should stay in the curriculum and their saying the word should never be spoken, even in an educational setting. I.A. testified that Respondent was trying to represent the other side of the issue as part of teaching how to craft an argument for the AP exam. The discussion, I.A. explained was mostly a one-sided conversation that Respondent tried to turn into more of a discussion, and at no point did Respondent imply that he was presenting his own perspective on the use of the word.

According to I.A. at one point a student got upset, said she was uncomfortable and explained that her mom who was African American had been called the n-word before and that the student didn't think it was right for anyone to say the word in any context. The student started to tear up and Respondent, according to I.A.'s written statement, "softened," acknowledged the mother's struggle and asked how she felt about it. The student did not want to discuss the subject further and Respondent moved the conversation to the general subject of the AP exam and how controversial subjects will be included in the exam. In her view, I.A. testified, the discussion on April 9 was not out of

line and was basically a repeat of a discussion she had in class with another teacher the year earlier when the class read the novel. On April 9, the discussion was in the context of preparing for the AP exam, an exam that, at the time, was three weeks away.

2. J.S.

J.S. was not interviewed by the District. He testified that the prompt for the discussion on April 9 was the question presented in the Law Day competition and that Respondent took the role of devil's advocate. When another student spoke of how the word had been used toward her mother and choked up while talking about it, Respondent allowed the student to finish, talked to her a little bit "like are you okay," treated her like an adult and kept the discussion moving. J.S. was also present on April 11 and that Respondent; "issued an apology to all students, the discussion had gone in a way that he didn't want, and it had gone on too long." In his view, J.S. testified, Respondent treated the student like adults and was sincere in his apology.

J.S. also testified that at the next class after April 11, Respondent was not present and Principal Cattani and Mr. Strittmatter came into the classroom. J.S. went on to testify:

> We were mostly all there. There were a few people absent. It felt sort of more like an interrogation, but they knew the answer that they wanted and that they were trying to get, like the fact that we all felt uncomfortable and that they tried – they were trying to paint Mr. Archible as sort of like this person with ulterior motives, and honestly, to me at least, it felt more uncomfortable than the actual discussion in class on that first – April 9.

The two men did not ask or for statements from any students, J.S. testified.[5]

---

[5] Respondent called as witnesses a number of former students, parents of students and teachers who testified to Respondent's rhetorical teaching method, care for students and positive impact

H. Prior Discipline of Respondent

In October 2008, principal Cattani received a report from a father of a student of Respondent expressing suspicion that his daughter, **L.B.,** was involved in a relationship with a Lenape teacher, a teacher who turned out to be Respondent. After referring the matter to the office of the county prosecutor and local police and being cleared to investigate the matter, the District's investigation eventually revealed that Respondent had maintained an ongoing email conversation with the student using Respondent's private email account (a violation of District policy) and that a number of statements made in the emails were inappropriate and violated District policy. By letter dated November 12, 2008, from then-Superintendent Emily Capella Respondent was notified of the results of the District's investigation and provided:

> As you are aware, following our receipt of report(s) indicating you may have developed/maintained inappropriate relationship(s) with students; my office completed a thorough investigation related to the circumstances surrounding the report(s). Through the investigations, evidence was discovered to support the claims of inappropriate activity with students, which includes, using inappropriate language, undermining authority to a student and conduct unbecoming, such as personal use of alcohol and consuming alcohol with a female under the age of 21.

---

upon students. One witness, former Lenape English teacher Linda Hammond testified that she taught a class on the Holocaust and invited Superintendent Birnbaum to observe her class. Hammond testified that during the class Birnbaum attended, Hammond said out loud every racial, ethnic, sexist slur there was and explained their origins and that after the class Birnbaum said the class was good and Hammond could continue to do what she was doing. Birnbaum was called on rebuttal and denied that she heard Hammond say the n-word out loud or that she ever gave Hammond permission to say the word in class.

Respondent also called retired Lenape English teacher Joseph Tortorelli, who testified that he taught To Kill a Mocking Bird and Huck Finn in his English classes at Lenape. He testified that a major theme of Huck Finn is against racism and that in the hands of a capable teacher, the use of the n-word in the book is "an extraordinary teachable moment." He further testified that he wrote the entire n-word on the board, but that when he did so there was no policy against doing so.

In addition, as you are aware, the Board requires staff to sign the "Staff Acceptable Use Policy for Computer and Network Use." You should not use your personal email account to communicate with students or parents. The evidence indicates that you utilized your personal email account to communicate with at least one student.

It is important for teachers to always be cognizant of how words and actions may be perceived, especially by students, and to respect the boundaries of the student-teacher relationship. As a result of your inappropriate behavior, the following steps will be taken to help you avoid making these mistakes in the future:

(1) You are mandated to complete a minimum of six district-paid counseling sessions by the end of February 2009 with Dr. William Matta, Counseling associates of Medford at 133 Jackson Road – Suite F, Medford, NJ ...Dr. Matta has worked with other staff and student successfully, and you should contact him immediately to schedule your sessions. The counseling will certainly remain confidential, but I will require proof of your attendance at six sessions over a three month period, beginning no later than December 2, 2008;
(2) You are to meet bi-weekly, for the remainder of the 2008-2009 school year with your Supervisor to receive monitoring on maintaining a professional demeanor and appropriate, respectful interactions with students;
(3) I will be recommending to the Board of Education that your increment be withheld. You will be notified at which time the Board of Education acts on the recommendation, and
(4) Effective immediately, you are no longer to be involved with any extracurricular activities or clubs. You are also to have no further contact with L-- B--. If these steps fail to correct your inappropriate behavior and similar incidents are reported, further disciplinary action, up to and including termination will be considered.

In your future interactions with students, parents, and staff either in person or via the internet, please exercise good judgement and follow district policy. Once again, should you have any questions or concerns, please contact me directly.

Respondent completed the required six counseling sessions. In May 2015 Respondent's increment was restored after a recommendation to do so was filed with the Board by of Education by Superintendent Birnbohm upon the recommendation of principal Cattani. Cattani testified that he made the recommendation after Respondent had completed seven years of teaching with no substantiated similar incidents by Respondent.

I. **Prior (Unfounded) Allegations Against Respondent**

At the hearing in the matter, the District offered evidence of a number of alleged incidents of conduct by Respondent with female students, none of which resulted in discipline, including the following:

1. On December 19, 2008, another Lenape teacher reported overhearing a female student, A.H., discussing that Respondent was having sexual relations with a student **(K.F.)** so that the student could salvage her grade. Respondent was suspended pending investigation of the matter by letter dated December 22, 2008. By letter from Superintendent Capella dates January 7, 2009, Respondent was notified:

> I have concluded my investigation regarding the report of an inappropriate teacher-student relationship. District administration spoke to several students, and met with you to provide you the opportunity to hear and respond to the allegations. Through the investigation, no evidence was found to support any claim of wrong-doing on your part.
>
> This letter is not one of reprimand, nor will it be placed in your personnel file. Please allow this letter to serve as a reminder to you of the boundaries of student-teacher relationships. It is important for

> teachers to always be cognizant of how words and actions may be perceived by students, and to maintain an atmosphere or respect in your classroom.
>
> In your future interactions with students, parents, and staff, please exercise good judgment and follow district policy. Once again, should you have any questions or concerns, please contact me directly.

2. In or about December 2009 Cattani received a report from two janitorial staff members that they had observed Respondent in his classroom after school hours with a female student **(K.L.)** in a casual setting. Cattani testified that someone had indicated at one point that Respondent had a guitar and he was playing guitar for the student in the classroom. On cross examination Cattani testified that there was no written record of a guitar being involved and that the two staff members did not report seeing a guitar or hearing anything; that they reported they just had suspicions. Cattani testified that he responded to the report by discussing appropriate practices with Respondent and that per instructions of Superintendent Birnbaum had Strittmatter surveil Respondent's classroom for a week thereafter. He also testified that neither the student nor Respondent knew of the surveillance and that the surveillance disclosed no inappropriate conduct. No discipline was issued as a result of the report and investigation.
3. On September 12, 2012 student K.R. reported that Respondent had provided student J.S. with alcohol at a concert venue where

Respondent's band was playing. The investigation disclosed that **J.S.** was a former Lenape student/graduate who worked at the venue and was working a different event than Respondent's concert; that the former student may have said hello to Respondent; that J.S. would not have been allowed into the concert portion of the venue due to her being under age 21; and that Respondent was there with his girlfriend and another Lenape teacher who is also in Respondent's band. The District did not interview the other teacher. The matter was concluded with an October 2, 2012 letter to Respondent identical with the January 9, 2009 letter quoted above, except that the October 2, 2012 letter is signed by Carol Birnbohm. Thus, the District informed Respondent that "no evidence was found to support any claim of wrongdoing," that "[t]his is not a reprimand" and the reminder relating to teacher-student boundaries.

J. Lenape High School Policy

As part of the August 30-September 2018, pre-school-year meeting of Lenape English and History staff, Strittmatter reviewed a number of policies, including the School's "Cultural Sensitivity/Controversial Content/Common Sense." That policy provides:

- At no time in class should the N-word (or any similar word describing any group of people), be used in its entirety – **not in discussion, not in question, and not in reading**. So for example, if your kids are reading Mockingbird or a current article aloud, that word is there; **you can't say it**. It's about

"cultural insensitivity". If you have any questions or misunderstand these parameters, see me directly.

- If you are using a model text or article that has any CONTROVERSIAL content, please see me and we will navigate through the content appropriately. There is a general expectation that we as teachers promote transparency with our students and parents on subject matter that may be graphic and/or divisive. See me if you have any concerns.
- There is to be NO videos/films shown in its entirely in a classroom that is not on a BOE approved curriculum. NO exceptions! I encourage videos/films/Youtube to be used as supplemental learning resources and "chunked" appropriately to support learning plans/mastery objectives. Preview all Internet content prior to using in your lessons.

K. **Lenape Regional Board of Education Policy**

Lenape Regional Board of Education Policy 2240– Controversial Issues, adopted 19 September 1989, provides:

> The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the schools. Properly introduced and conducted, the consideration of such issues can help pupils learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.
>
> For purposes of this policy a controversial issue is a topic not expressly enumerated in the course guide as appropriate for the course of study.
>
> The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program is related to the instructional goals of the course of study and level of maturity of the pupils. The discussion of controversial issues must not tend to indoctrinate pupils or persuade them to a particular point of view. Instead, teachers must encourage fair presentation and open-mindedness and the free exchange of ideas in a spirit of scholarly inquiry, drawing upon information and insights from the widest feasible range of resources.

> The discussion of controversial issues in the classroom will be conducted in an unprejudiced and dispassionate manner and can not be allowed to disrupt the educational process. In the discussion of any issue, a teacher may express a personal opinion, provided the expression in characterized as personal opinion and does not attempt to persuade pupils to the teacher's point of view.
>
> The Superintendent shall assist teaching staff members in developing an alertness to the occurrence of controversial issues in the context of the curriculum and developing techniques for the management of controversial issues that do not stifle a spirit of free inquiry.

L. Curriculum

The Adventures of Huckleberry Finn and *To kill a Mockingbird* are both in the District's curriculum. *On the Road* has also been in the District's curriculum.

M. Respondent's Testimony

1. **2008 Discipline**

Respondent is certified to teach English grades 7 through 12. He testified in regard to his 2008 discipline that during the period he was emailing L.B. he was 27 or 28 years old, depending upon the month, and that at the time of the administration's investigation he admitted to the emails and acknowledged that it was inappropriate for him to exchange the emails with LB. Since that time, he testified, he has not done so with any other student. As for L.B., he explained, the student had told him that her father had cancer, that she had a fractured relationship with her father and that she was going through some serious issue with her boyfriend and he was trying to be a support system for the student. Respondent further testified that he never texted LB, that he did not give LB his phone number and did not have hers, and that during the investigation he offered

to open his phone and let the administration look through it. He complied with the requirements of his disciplinary notice and had no further contact with LB and attended his six counseling sessions. He took responsibility for his actions, Respondent testified.

2. **AH-KF-SF Matter**

As for the 2008 matter involving an accusation by AH of KF having sex with Respondent in order to save her sister SF from poor grades, Respondent testified that he did not know KF; that AH was in his sophomore English class and received poor grades and that her sister SF had been in his British Literature class the year before and received B grades throughout the year. He testified that he did not have SF in his class her senior year and that he had no contact whatsoever with her outside of class. After the District notified him that its investigation into the KF matter had concluded and that he was not being disciplined, he was never thereafter accused by the Board or any member of the administration of wrongdoing in regard to KF. Additionally, notwithstanding the dismissal letter's representation that the letter would not be placed in his personnel file, he first learned that the District retained the letter when he read the tenure charges involved here.

3. **KL Matter**

As for the 2009 claim that he was meeting with student KL after school hours, Respondent testified that he does not know KL and that the first time he learned there was such a claim was when he read of it in the tenure charges.

4. **JS Matter**

In regard to the allegation involving JS at the Mansion, Respondent testified that JS had been in either his poetry or creative writing class in either her junior or senior

year. On the evening in question his band was scheduled to play at a venue called "The Mansion." Another teacher from Lenape was also in the band. He was accompanied that evening by his girlfriend at the time and at some point, he heard a "hay, what-up Mr. Archible" from behind him, he and his girlfriend turned, and Respondent saw JS and said; "Oh hi JS." JS then sort of gave a wave and went back to her work for the catering event she was working. He did not see JS any other time that evening. He had not arranged to meet JS at the concert and did not know she would be there. Respondent testified that he again received an investigation-end letter relating to the matter.

5. **The April 9 Class**

The April 9 incident involved his Advanced Placement (AP) Language and Composition class. The discussion topic planned for April 9 was whether or not the novels *To Kill a Mocking Bird* and *The Adventures of Huckleberry Finn* should be kept or removed from the high school curriculum nationwide. The topic came to him from an essay contest announced in a flyer he received from Supervisor Strittmatter. Respondent testified that it was common practice in the department to use materials handed out by Strittmatter in class; that in regard to the Law Day flyer, he "took it as implicit that it was entirely acceptable to use in class because it had happened in the past," and that Strittmatter; "gave me an essay contest about texts that have the N-word in it. So, I feel that's only natural for me to assume that's what we – that's part of what we would be talking about." Respondent admitted that no administrator told him specifically to discuss use of the n-word in class or that he discussed the controversial and sensitive subject with either Cattani or Strittmatter prior to his April 9 class.

Respondent considered the subject of the flyer controversial and testified that he had discussed controversial subjects with students over the sixteen years he taught. He often discussed controversial subjects with his 2018-2019 AP Language and Composition classes, subjects including, as examples, LGBTQ-plus rights, gender identity, racial issues, the death penalty, pro-life vs pro-choice, stem cell research and whether Columbus Day should remain a national holiday. Making students uncomfortable about controversial subjects can be an element of the learning process, Respondent testified. He confirmed that he is aware of the Board's policy on controversial subjects. According to Respondent, for the April 9 AP English class he had previously given students a copy of the Law Day flyer and assigned them to compose a rough outline of how they were going to execute their essay and write a well-constructed introductory paragraph and thesis that stated their position. The purpose of the assignment was to have students write an argumentative essay as practice for their upcoming AP exam.

Respondent testified that in previous years the AP exam included an argumentative essay on social-conscious topics. In such an essay, students have to show that they can anticipate the opposition's side or sides, anticipate what the other side will say and refute the other argument; showing that you have considered the alternative to the side you are taking. The question raised by the Law Day contest offered such an opportunity. In preparation for the April 9 discussion, Respondent assigned articles to be read by students expressing views on both sides of the issue. One article by David Bradley argues that the books should remain; that the books uses the n-word which is offensive, and that the book has literary merit because of that. Respondent included *To Kill a Mockingbird* in the assignment to give students a choice.

In response to testimony of Superintendent Birnbohm that it is not a teacher's job to make students uncomfortable, Respondent testified that his job is not to deliberately make students uncomfortable. But, Respondent continued:

> ...when you are assigned text like To Kill a Mockingbird and Huckleberry Finn and as I referenced in that class that students would take AP Literature the next year, they would be encountering bestiality and sexual violence towards children, those are required texts, I don't know how to teach those things without discomfort materializing somehow.

On April 9 Respondent polled the class and learned that it was unanimous; everyone said the books should remain in the curriculum. Unanimity was unusual when issues were raised for discussion in the class. The discussion turned to when, if ever, the word should be used, with some students saying it shouldn't be used ever and others saying it shouldn't be used in conversation. So, Respondent explained, some of the same students who took the position that the books should remain in the curriculum also took the position that the word should never be used. The students discussed the use of the n-word ending in "-er" and ending in "-a." When Respondent asked who had heard the n-word spoke in the school's hallways that day, everyone raised their hand.

Respondent testified that he has given his personal opinion in class in the past, and that students are always permitted to express their personal opinions. Student class participation grades are not based upon the opinion the students express. Respondent testified that he often has to play devil's advocate to move the discussion along and that sometimes students do not know if he is expressing his true positions or playing devil's advocate. In regard to the April 9 assignment, if students were going to receive a passing grade on the essay, they had to address the use of the N-word in the books. Had the question been in the AP exam, and had they not addressed the subject in their essay, they

would fail. Because of the unanimity of the position taken by the class on April 9, - something he was surprised by - he played devil's advocate to get the students to address the N-word issue. He admitted that he did not specifically say he was being devil's advocate on April 9, but that he did repeatedly say that the questions he was asking had nothing to do with his own beliefs whatsoever.

Respondent testified that he did write "N _ _ _ _ r" on the board, that he did not write the full n-word and had no intention of writing the entire word. He was addressing the observation in one of the assigned articles that for some people just seeing the word in writing is offensive. So, the object of his doing so was to get students to think at what point their offense starts and to analyze why. Respondent testified that he has used the same exercise a hundred times over his years of teaching. Respondent also drew an "X" on the board with one diagonal mark and asked if he drew the whole thing what would it make students think of. Students answered the Holocaust or Nazism, and one student said that it is an ancient symbol of peace. Words are symbols that don't have any inherent meaning; they have whatever meaning we ascribe to them, Respondent testified he explained to his class.

Respondent recalled that at one point on April 9 at least one or two students asked; "why are we still talking about this?" Students do not decide when a discussion in class is complete, Respondent testified, and the reason the conversation continued was that Respondent did not feel the students were prepared to address the inclusion of the ugly words in literature and their societal implications.

Respondent testified that at one point S.L. began to cry. "I was standing closest to the white board," Respondent testified, and:

> When I noticed that she was crying. She said again: My mother has been called that word. I don't think anyone should say it. I noticed that she was crying. So, I went physically closer to her in proximity, and I just, I stopped, and I said: I'm very sorry that your mother experienced that. The I said -- I tried to use it as a teachable moment. I said: Well, given her experience, how do you think she would feel about what we are talking about? And she didn't want to answer. So rather than -- I told her, you know, I'm sorry that she went through that. I am trying to remember chronologically. Yeah. I'm sorry she went through that. How do you think she would feel about it? But then when I realized she wasn't interested, you know, in using her mother's experience in the context of our conversation. I didn't want to make that or her any more of a spectacle. I didn't want her to be a source of attention to the rest of the class. So at this point, there was not much time left in the class at all. Maybe five-ish minutes at this point. And so I said: Okay. Just so you know – I tried to put things – I tried to show them a bigger picture, a broader perspective. I said: This class, these works, this is not the only time you are going to encounter controversial literature, not even at your time at Lenape. I said: Next year, those of you that take AP Literature are going to read Hamlet which has the theme of suicide and regicide and others. You're going to read Beloved, which has sexual violence and bestiality and things like that. I said: if you are going to take that course and sign up for it, then just be prepared. These are the works that you will encounter in it.

According to Respondent, he spoke with S.L, for maybe thirty seconds after the class asking along the lines of "are you okay?" And saying it wasn't his intention to get the class to say the N-word. He does not recall S.L. saying anything in response; "She just kind of shrugged," he testified.

Respondent denied that he told Cattani that he did not know S.L. was African American. He also testified that he told S.L. in class; "Listen, me as a white person, I...could never understand what it's like to go through that experience like that."

6. **April 10**

Respondent, he met with Cattani and Strittmatter in the afternoon of April 10. Cattani told Respondent they wanted him to apologize to his AP class for upsetting everyone and to tell them it had not been his intention. When Cattani suggested he wanted to be present for the apology, Respondent said he did not think it was a good idea to have an administrator present as students would believe Respondent's apology was disingenuous, that he was doing so only because he had gotten in trouble. Respondent testified that Cattani agreed and said there would be no administrator present for the apology. As it turned out, Respondent testified, Strittmatter was present when Respondent made his apology. According to Respondent he met all of Cattani's instructions. He said he was sorry several times and gave his students several opportunities to express their opinions about the matter – although no students accepted the offer. He testified that he did tell the students how much teaching meant to him and that he was so upset about the matter that it had affected his ability to eat properly. After he made his apology, Strittmatter left the classroom and as the supervisor was exiting through the door he looked Respondent in the eyes and gave an affirmative nod of the head.

7. **R.T and *On The Road***

As for the R.T. matter, Respondent testified that R.T. was in his other AP English class, was probably his best writer and his most avid reader. He denied that he has ever given poorer grades to students who do not agree with his opinions; repeating that students often are mistaken as to his beliefs on a number of issues. He graded based upon whether the student met the criteria established for their success on the AP exam. He

gave R.T. good grades on her essays because she deserved them. Respondent has chaperoned students attending the Dodge Poetry Festival and the Seneca Poetry Festival since 2014. The two festivals are held in alternate years. The Seneca is held at the Seneca High School – another of the high schools in the District. For a period both Respondent and another teacher taught poetry classes at Lenape. Respondent no longer teaches the class, but if the other poetry teacher has left-over permission slips/tickets for the school's field trip to a poetry festival, he will give them to Respondent to give to students who he knows will appreciate poetry or literature. Typically, 15 to 20 Lenape students go on the annual field trip. In 2019 Respondent was given two or three slips and handed them out to students he believed would enjoy the trip; one of whom was R.T.

Respondent testified that he has read the novel *On The Road* at least 15 times; including twenty years ago when he read it in his college Secondary Education Department seminar on understanding and teaching literature, and most recently when he taught the book at Lenape five or six years ago. In his college seminar class, he was part of a group assigned to identify and discuss themes of madness and beauty in the novel and relate them back to the Beat Generation. He testified that the copy of *On The Road* he loaned to R.T. had been the copy he used in his college Seminar as well as the last time he taught the book. He testified that he has not written in, or highlighted portions of, the book since the last time he taught it.

Respondent testified that he and R.T. had had a number of brief conversations asking if the other had read different novels. One day Respondent asked R.T. if she had read *On The Road*, to which R.T. responded; no, but my mom said I should because I would like it. Respondent testified that as he was leaving for work the next morning he

grabbed one of his five copies of the book and gave it to R.T. later that day. He testified that he has lent books to several students, both male and female. He testified that the highlighting and handwritten notes in the copy of the novel given to R.T. were made in his college seminar or when he taught the book in his sophomore honors class at Lenape. He testified that he emailed R.T. mother to let her know he lent the student the book and to let her know that her child was doing well in his class. He testified that between phone calls and emails, he has made over a hundred such communications with parents of students, and that the second paragraph of his email to R.T.'s mother is sort of a template he uses for his emails.

Respondent characterized his selecting a book with his notes and highlights to give to R.T. as "an oversight" and that he later realized – after giving it some thought – that, as the book had been in the curriculum, there would be a copy of the book in the school library.

Respondent testified that he was never questioned by the District about allegations concerning R.T. and that he did not learn of the allegations until he read them in the tenure charges. He did not know he was the subject of a Burlington County Prosecutor investigation until he was told at the beginning of his July meeting with administrators and his Union representative that the Prosecutor had cleared the District to investigate.

8. **The Picture and Video**

Grievant testified that he does not know when the picture of him teaching in front of a white board with "N _ _ G E R" and "N_ _ GA" was taken, but he is sure it was in relation to his teaching, (something he has done many times, perhaps a hundred, in his

career) and; " illustrating the different contextual meanings and uses, how it is said by whom and its consequences, et cetera." He has never previously had a student complain about the lesson and to his knowledge no parent has ever complained. He absolutely was not playing "hangman." There has never been a formal or informal District or Lenape high school policy prohibiting his writing such on the board, Respondent testified. Similarly, he does not know when the short video recording of him teaching was made, but he believes he was teaching about use of the word in *To Kill a Mocking Bird* or *Huck Finn*. He doesn't believe the video was made in recent years because of his hair style and his use of the n-word; "it has been so long since he and his colleagues have used the word in its entirety in the classroom."

V. Arguments of the Parties

The parties submitted lengthy and detailed post hearing briefs presenting factual and legal arguments on the Tenure Charges; briefs that have been fully and carefully considered by the undersigned and will only be summarized herein.

A. Position of the School District

The District asserts that the evidence supports its tenure charges. In considering tenure charges, the Arbitrator is required to determine whether the conduct, as alleged, occurred; whether the proven conduct amounts to unbecoming conduct, and what remedy is appropriate considering the conduct proven. The District has established the truth of its tenure charges against Respondent.

The District has proven many acts of unbecoming conduct by Respondent. Unbecoming conduct is broadly defined, and may include conduct that destroys public

respect for government, behavior that is not in accord with propriety, modesty, good taste or good manners or behavior that violates the implicit standard of good behavior. Here, the District has shown that Respondent engaged in multiple acts of unbecoming conduct, including: Leading an inappropriate class discussion about use of the N-word; on numerous occasions writing a variation of "N---ER" and "N—GA" on the board; failing to follow directives regarding the handling of controversial topics in the classroom; stating to students that; "its saying there are black people and there are niggers"; and engaging in inappropriate interaction with R.T., a female student.

Respondent has been counseled numerous times about appropriate conduct toward female students, but the testimony offered by the District has shown that Respondent is calculated and predatory. The evidence establishes that Respondent wrote N—ER and drew part of a swastika on the white board. Common sense dictates that such is inappropriate. Administration witnesses established that such is not permitted and that notwithstanding Respondent's testimony that he has done so for many, many years, school administration did not know such. Moreover, there was no reason for Respondent to be discussing the use of the N-word; it was not part of the AP English curriculum, the subject of continuing Huckleberry Finn was not part of his classes' curriculum and was not suggested by Strittmatter. Even if the subject of continuation of the book(s) in the curriculum was a permissible subject of the class, such does not amount to permission to additionally discuss the spoken use of the N-word. Respondent, having engaged in the unbecoming initiation of the discussion, also violated policy by attempting to force his opinion upon the students in the class that the word should be spoken out loud.

Respondent's excessive advocacy for his personal views caused one student to be driven to tears and another to Ask; "why are we still talking about this?"

In directing his class on April 9, Respondent failed to follow District policy on controversial subjects, he did not forewarn his students as he was required to do, nor inquire whether the subject would cause discomfort. It is not enough that Respondent believes the subject he teachers requires the presentation of controversial issues, he is nevertheless required to comply with District policy and here he did not.

Respondent's conduct in writing on the whiteboard, as memorialized in the photograph and video, outraged the community and caused parents to communicate that they did not want their children to be in Respondent's classroom. Moreover, in regard to the video, Principal Cattani credibly testified that since he was hired by the District in 2007 there has been no time when saying the n-word in its entirety in a classroom has been permitted. There is simply no circumstance where such is permitted. Both Cattani and Superintendent Birnbohm credibly testified that they were not aware that district teacher-witnesses called by Respondent, Hammond and Tortorelli, ever used the entire N-word in their classrooms. Uttering a single racial, sexual or ethnic epithet in the presence of students has been sufficient in the past to support tenure charges. (Citations omitted).

Respondent has previously received serious discipline in the form of a written warning and withholding of increment for his inappropriate conduct with a female student – a female student with long dark hair. His former fiancé was a former female Lenape student with long dark hair. He has been accused of inappropriate conduct with other female students or former students with long dark hair on at least three occasions

and on each such occasion was counseled about inappropriate contact with female students. Yet, in April Respondent again engaged in inappropriate conduct with R.T. a female student with long dark hair in one of his AP English classes.

Contrary to the testimony of Respondent, R.T. credibly testified that she did not have prior discussion with Respondent about novels, had not told Respondent that R.T.'s mother had recommended that she read "*On The Road*", did not like poetry and had not studied poetry in Respondent's class. R.T. credibly testified that Respondent gave her a slip to attend the Seneca Poetry Festival without her ever expressing interest in such and that "out of the blue" Respondent handed her a copy of *On the Road* with hand-written notes/annotations and highlights that made her very uncomfortable; highlights that included:

- Her hair was long and lustrous black; and her eyes were great big blue things with timidities inside. I wish I was on her bus. A pain stabbed my heart, as it did every time I saw a girl I loved that was going in the opposite direction in this too-big world.
- The prettiest, shyest one hid far back in the field to watch, and she had good reason because she was absolutely and finally the most beautiful girl Dean and I had ever saw in our lives. She was about 16 and had the most Plains complexion like wild roses...
- [O]h, man, she was only 15 and wearing jeans, just waiting for someone to pick her up. And then...she was so sweet, so young.
- She was 18, most lovely, and lost

And Respondent's handwritten annotations in the book included:

- The most BEAUTIFUL girl in the WORLD
- What do you want most out of life?

The book caused R.T. such discomfort that she attempted to report the matter to the principal, and eventually reported the matter to Strittmatter. And then, to cover up his

grooming effort, Respondent sent an unusual, stilted email to R.T.'s mother, testifying he did so; "to maintain as much transparency as possible to avoid any misconceptions about his intent in giving her the book."

Respondent's testimony and conduct begs the question:

> Why would an adult male teacher who has had his increment withheld for an inappropriate relationship with a female student with long, dark hair; had several allegations of inappropriate relationships with female students with long, dark, hair; was engaged to a former student with long, dark, hair;[6] give a book to a female student with long, dark hair after highlighting a passage about a girl with long, dark hair; send an email to the parents of the female student with long dark hair in order to avoid any misconception after the student was surprised by the adult teacher giving her the book?

The District is charged with provide a safe environment for its students. A school with Respondent present is not a safe environment for female students. In his inappropriate conduct toward R.T. Respondent unequivocally engaged in unbecoming conduct. There can be no question that such conduct by Respondent is not in accord with propriety, modesty, good taste or good manners. His behavior is unsuitable, indecorous or improper under any circumstances. When his conduct toward R.T. in considered within the context of Respondent's unbecoming conduct in teaching a class where he advocated for the use of the N-word, previously used the n-word in the classroom, caused a public outcry, and showed throughout the District's investigation and the tenure hearing that he is not credible, termination of Respondent is warranted based upon his unbecoming conduct.

---

[6] The evidence establishes that Respondent's former fiancé was a former student, that as a result of his family's friendship with her family he knew her for years prior to her attending Lenape. He testified she had "dirty blond" hair. At the time she attended Lenape she had long dark hair.

Respondent should also be terminated due to his incapacity. Determining a teacher's fitness to teach is not only focused upon his or her ability to perform the function in the classroom, but also takes into account whether the teacher's presence poses a danger to students not related to academic proficiency. Respondent's conduct has created a circumstance where the District cannot use him in the classroom with students of color or female. To put him in the classroom would condone his preying upon young girls and advocating for and saying the N-word. Respondent's lack of credibility means the District cannot trust him.

Finally, the District has other just cause to terminate Respondent. Respondent's lack of credibility and the distrust he has created, have resulted in a good faith concern on the part of the District, as well as parents of student in the District, for the safety of students. Respondent has previously received significant discipline of an increment withholding. He has engaged in further inappropriate conduct toward a female student, has violated District and school policy; has caused discomfort to students in his classroom, and has placed his own opinion over the mandates of his employer. Respondent cannot be placed in a classroom with students of color, Respondent cannot be placed in a classroom with female students. Respondent cannot be trusted to comply with District and School policies. Respondent can no longer effectively perform his job duties. There is cause to terminate Respondent.

B. Position of Respondent

The District has the burden of proving the truth of its Tenure Charges against Respondent by a preponderance of the evidence. The District has failed to do so.

The District's investigation of the allegations relating to the class of April 9 was procedurally defective and failed to disclose the whole truth of what took place during the class period and what the purpose of the discussion was and how the lesson related to the goals of the AP English class. Contrary to the conclusion of the District, a conclusion made prior to it hearing any evidence form any student not selected by S.L., Respondent did not advocate his own view nor attempt to get the class to agree that he could say the N-word out loud. In this regard, S.L. admitted, and other students testified, that the AP class often required that students take a position, supporting the position, anticipate the other side's argument, and refute the other side's argument, and that is what took place on April 9. S.L. also admitted that Respondent often took the position of devil's advocate and did not always use the exact words "devil's advocate" when he did so.

Respondent may have been seen as taking a stronger position than usual on April 9, but it should be remembered that he was presented with a class that unanimously took the position that the N-word should only be used in literature and never otherwise. In such a circumstance, and to meet the objectives of the class in preparing students for the AP exam, the students had to anticipate a strong argument against their unanimous view and then refute that argument. The few students interviewed by the District who had been identified by S.L. may have interpreted Respondent's effort as being too strong. But, had the District engaged in a fair investigation and interviewed other students in the class, it would have learned that other students believed Respondent was playing devil's advocate and that the class was consistent with its rhetorical nature. Had those other students been interviewed, the District would also have learned that Respondent did acknowledge S.L.

was crying and said a few words of comfort, and then directed the focus of the class away from S.L.

Had the District considered S.L.'s view closely, it would not have come to the wrong conclusion that S.L. cried because of the position taken by Respondent. S.L. testified that Respondent acted professional during the class, and that she began to tear up when she raised her hand and; "started to say, like, my mom and…other family members have been [called] the 'N' word, out of hate. And…when I mentioned my mom, I started choking up because I was so overwhelmed by the feelings…"

The charges also allege Respondent's conduct violated school's English Department policy on Cultural Sensitivity/Controversial Content/Common Sense which states that "at no time in class should the N-word be used in its entirety - not in discussion, not in a question, and not in reading." Strittmatter testified that he distributed the policy and that his "mind has always been to avoid posing any beliefs about or controversial topics that make students uncomfortable." Superintendent Birnbohm also testified that teachers should not make student uncomfortable. But, in contrast to the claim that controversial subjects are prohibited, the District's Policy 2240 provides that "consideration of controversial issues has a legitimate place in the instructional program" and that the "Board will permit the introduction and proper educational use of controversial issues provided their use in the instructional program is related to the goals of the course of study and level of maturity of the pupils." In this regard, the evidence shows that other teachers have used the N-Word in their classes with the knowledge of administrators and that Respondent was writing a portion of the word on the board and

discussing the use of the N-Word with an educational purpose, and has done so for many years.

As for the video in which Respondent spoke the N-Word, the District was unable to establish when the video was taken and Respondent credibly testified that it must have been a significant time ago and that the statement was made with an educational purpose. He did not direct the word as a slur toward someone; he was teaching.

Contrary to the District's assertion, the record establishes that Respondent can change when counseled to do so. He has not written emails to students on his private email since he was instructed not to do so in 2008 and on his own accord he changed his teaching from the prior accepted standard of saying the entire "N" when such was acceptable within an educational context to referencing the word as the "N-Word" as teaching literature norms have evolved and changed.

As with its conduct involving Respondent's April 9 AP class, the District failed to provide Respondent due process in the R.T. matter. At no time prior to its decision to terminate Respondent did the District give Respondent the opportunity to explain his conduct. The District's Director of Personnel McGregor, notwithstanding her testimony that the July meeting was to give Respondent an opportunity to be heard, memorialized the District's July meeting with Respondent and his Union representative in a written memorandum, written within a week of that meeting. In her memorandum, McGregor wrote that even before stating that the District would not share its information about the matter with the Union, she told the Union that if Respondent did not resign, the District was "willing to proceed with tenure charges[,] as there is no way we would willingly put him back in the classroom..." The District just assumed that Respondent had given the

copy of *On The Road* to the student so he could communicate to the student through his handwritten annotations and his highlights in the book. In fact, had the District given Respondent the opportunity to explain, the District would have learned that the notes and highlights were at the most 20 years old and at the least and five or six years old. They plainly could not have been directed toward R.T., and R.T.'s assumption that they were, as was the District's, was plainly mistaken. Additionally, although there was a credibility dispute about whether or not R.T. told Respondent that her mother had read *On The Road* and recommended that R.T. read the book, when R.T. testified at the Tenure hearing, her mother was in the room with her. Yet the District did not call the mother to testify in support of her daughter's testimony that her mother had never read or recommended the novel.

Similarly, the District further jumped to the conclusion that because the student had described Respondent as "creepy and weird" that such related to conduct of Grievant directed specifically toward the student. Rather, as the student plainly wrote in her statement presented to the District in April that; "[f]rom the first day of school. Mr. Archible seemed somewhat creepy and weird to me," and that; "I know this had no solid [basis in] evidence, but I feel very uncomfortable in his class." It is also evident that R.T.'s recollection of events is not reliable. She testified that she never spoke to Respondent about novels whereas Respondent testified that his occasional conversations with the student were brief. R.T. testified that poems were never a subject in the AP class, yet Respondent testified about various specific poems discussed and that poems may be a subject of an essay in the AP exam, and supervisor Strittmatter testified that when he

went into Respondent's classroom on April 11, Respondent had written a white board prompt to his two AP classes about a poem.

Additionally, the testimony of Birnbohm, McGregor and Cattani that Respondent is a predator and "grooms" female students with long dark hair is wholly based on assumptions, not facts. The facts are, that Respondent has never engaged in such conduct and that notwithstanding the District and county prosecutor have investigated allegations of conduct by Respondent a number of times, no evidence has ever been established to support District's assumptions. The District witnesses wildly mischaracterized their prior findings related to Respondent.

The District has also failed to support its claim of community outrage at Respondent. The only evidence of community outrage the District offered was limited to two members of the community; the mother of S.L. and Daria Torres. The first incorrectly perceived Respondent's discussion of the N-Word on April 9 as a "racial incident," and the second contacted the District to offer her consulting services.

The District has failed to prove its allegations against Respondent.

VI. Discussion

A. Introduction

The foundational narratives about Respondent, and upon which the District largely bases its charges, are two: First, that the events of April 9 to 11, as well as Respondent's prior classroom conduct relating to the N-word, had no educational basis and reflected racial animus or insensitivity on Respondent's part and, second, that Respondent is a predator and has an established history of "grooming" female students,

with long black hair, so he might engage with them in inappropriate relationships. Neither foundational narrative is established by the evidence.

B. Unbecoming Conduct

1. The Claim That Respondent "Grooms" and Engages in Abhorrent Conduct with Female Students

The District's first Charge against Respondent begins by presenting bold-faced claims relating to Respondent's past conduct toward female students. Thus, the first three substantive paragraphs of Charge One allege:

> 68. As set forth above, despite receiving progressive discipline and remediation measures, Archible continued to engage in questionable and unprofessional relationships with female students, specifically K.F., K.L., J. S. and R.T.
> 69. By continuing an abhorrent pattern of engaging in inappropriate relationships with minor female students, both inside and outside of school hours, Archible's (sic) continues to show a blatant disregard for authority and the emotional well-being of his students.
> 70. In fact, concerns that Archible "grooms" select female students due to "creepy" and "weird" conduct toward female students is reprehensible and must be stopped before it escalates.

The evidence establishes that Respondent received a single discipline in his 14 years at Lenape; a written warning and withholding of increment in 2008. In 2008, the District did not find that Respondent engaged in a physical or otherwise in-person relationship with a student. The discipline focused upon Respondent's email-based relationship with a female student, use of private email in communicating with the female student, and the content of those email communications. The District's findings[7] were limited to:

---

[7] The reference to use of alcohol and consuming alcohol with a female under the age of 21, did not relate to a Lenape student, and was a reference to email discussion about Respondent meeting a female at a bar who had used a fake I.D. to gain entrance.

> evidence ...of inappropriate activity with students, which includes, using inappropriate language, undermining authority to a student and conduct unbecoming, such as personal use of alcohol and consuming alcohol with a female under the age of 21...The evidence indicates that you utilized your personal email account to communicate with at least one student.

2. Paragraph 68; K.F, K.L. & J.S. and the Meaning of "No Evidence"

The evidence offered by the District was insufficient to support its allegations that Respondent "continued to engage in questionable and unprofessional relationships with female students, specifically K.F., K.L., J. S...."[8] To the contrary, the record establishes that notwithstanding allegations against Respondent, the District (in some cases following consideration by the Office of the County Prosecutor) conducted its own investigations and concluded that; "no evidence was found to support any claim of wrongdoing" by Respondent. Contrary to the suggestions by the District and its witnesses that the prior allegations against Respondent were dismissed by the District because there was inconclusive evidence, insufficient evidence or too little evidence, the allegations were dismissed because there was "no evidence" of the inappropriate conduct alleged. "No" means: no; none; zero. Where there is "no evidence" of a prior conduct, there can be no finding of a continuation of such conduct. Leaving aside the allegations relating to R.T., the District failed to prove the allegations contained in numbered paragraph 68 in Charge One.

3. Paragraph 69

Similarly, for the same reasons as stated above, I find there was no "pattern of conduct" of Respondent engaging in inappropriate conduct with female students

[8] I address the R.T. matter below.

established by the evidence. As a consequence, I further find the District has failed to prove the allegations contained in numbered paragraph 69 in Charge One that Respondent has continued "an abhorrent pattern of engaging in inappropriate relationships with minor female students, both inside and outside of school hours..."

4. "Creepy" and "Weird" Conduct, Paragraph 70

The District and its witnesses repeatedly raised student R.T's reference to Respondent as being "creepy" and "weird." However, the District never asked R.T. what she meant by her description. Neither the definition of the word "creepy" or the definition of the word "weird" suggests, as the District asserts, that Respondent must therefore have been attempting to establish inappropriate relationships with female students. R.T. did not report that Respondent was creepy in his conduct toward anyone. Instead, she began her statement, written at the request of Strittmatter in April, that; "[f]rom the first day of school, Mr. Archible seemed somewhat creepy and weird to me." Failing to inquire as to what R.T. meant by the term creepy in describing Respondent is particularly curious where, as here, the individual described by the seventeen-year-old is a man with a "Mohawk" haircut and plug earrings. Considering the arguably unusual presentation of Respondent, a fair assumption could be made that the student was reacting to that presentation. In any event, it is not known what R.T. meant by writing that Respondent "seemed" creepy to her as she was not asked during the investigation or during either of the two times she testified at the hearing.

Again, the District has failed to prove its allegations contained in numbered paragraph 70 in Charge One. District witnesses expressed their "concerns that Archible 'grooms' select female students due to "creepy" and "weird" conduct toward female

students." But concerns and assumptions do not establish either that Respondent engaged in such conduct or that any conduct engaged in by Respondent; "is reprehensible and must be stopped before it escalates."

5. The April 9 Class and History of Lessons Relating to the N-Word

I find there is no evidence of race-based animus on the part of Respondent. Nor do I find that the lesson of April 9 was some rouge activity by Respondent, unrelated to his AP English curriculum. Notwithstanding supervisor Strittmatter's testimony that the Law Day flyer was handed out to Respondent's AP classes on April 11, I find based upon the testimony of student witnesses, the testimony of Respondent and the course of the April 9 discussion itself, that the flyer was distributed by Strittmatter to English department teachers prior to April 9 and that the subject of the essay described in the flyer provided the concept of the April 9 lesson. Additionally, I credit Respondent's testimony that the subject of the April 9 lesson was consistent with the AP-test preparation goals of his AP English classes, including; (a) the use of the underlying question of whether the two books at issue should remain in the curriculum and (b) his rhetorical exercise of addressing how students could unanimously agree that the books should remain in the curriculum and that the word should never be said out loud, but not have developed an rhetorical response to an anticipated counter position that the word should be spoken out loud for educational purposes.

Respondent's process was consistent with portions of the Board's policy 2240 stating that controversial subjects were permissible and, "can help pupils learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions."

Although I am persuaded by the testimony of students in attendance and by Respondent that Respondent did not express or advocate his personal opinion on the subject of use of the N-word in class, contrary to the District's argument, Board policy 2240 allows teachers to express their personal opinions when so characterized.

I do, however, find that Respondent violated the portion of the Board policy providing that the discussion of controversial issues in the classroom, "can not be allowed to disrupt the educational process." In this regard, I find that the evidence establishes that on April 9 Respondent allowed the N-word discussion to go on too long, unnecessarily upsetting students and that, as a consequence, the educational process was disrupted for a number of students for a period toward the scheduled end of the class on that day.

As for the claim that Respondent failed to forewarn his class of the sensitive and controversial nature of the planned April 9 class, the evidence establishes that at the start of the class on April 9 Respondent did not specifically caution students about the potentially sensitive nature of the discussion planned for that day. But the record establishes that the topic of discussion for April 9 had been previously described in his assignment to students and in a Law Day flyer distributed to the students as background for the assignment. In regard to any question of pre-class notice of sensitive or disturbing subject matter, I find it would be hard to miss the sensitive nature of the planned class discussion as the flyer presented the issue of whether – because of the author's use of the N-Word and slave references the book - *Huckleberry Finn* should be removed from the national curriculum, and specifically provided: "[t]hough filled with what many academics see as anti-racist and anti-slavery themes, 'Huckleberry Finn' presents an unvarnished depiction of the antebellum south ***and include[s] use of the n-word more***

than 200 times." (Emphasis added) Thus, the sensitive topic of use of the N-word was communicated prior to the class.

In addition, Respondent did orient his class at the beginning of the schoolyear warning them that controversial subjects would be discussed. I also find that Respondent did not review the details of his discussion with Strittmatter prior to the class. However, I find that the record does not establish that the school has strictly enforced the Strittmatter policy. The evidence establishes that Respondent's AP English classes have often discussed controversial subjects over a period of many years and I find it wholly unreasonable to assume that Strittmatter has been such an absent supervisor over such an extended time as to not have knowledge of the nature of the class.

Additionally, evidence establishes that Respondent's raising a controversial subject for discussion in class on April 9 without clearance and advice from the supervisor was not perceived as a violation of policy by school administration when the subject was first presented. In this regard, both principal Cattani and supervisor Strittmatter met with Respondent on April 10 and made no mention of the fact that Respondent had not reviewed the raising of a controversial subject in his class with his supervisor. (Strittmatter also did not raise the controversial subject issue on April 11 when he met with Respondent at the end of the school day.) Instead, the administrator's focused upon the teacher pushing the subject and his personal opinion too hard, allegedly causing some students to be uncomfortable and one student to cry and the request of a student's parents to meet with the principal. Respondent admitted that he had let the class discussion go too far and took responsibility for his conduct. The administrators then determined that the remedy to the situation was for Respondent to apologies to the class -

the remedy was not to discipline Respondent. As Cattani testified, he was not considering tenure charges. I find that Respondent fully complied with the remedy decided upon by the two administrators.

Based upon such considerations, with the exception of Respondent's allowing the class discussion to go too far and causing the educational process to be disrupted during the April 9 class, I find the District has failed to prove the truthfulness of the remaining allegation of paragraphs 71, 72, 73 & 75.

6. "Public Outrage" and the "Hangman"

Paragraph 74 of the District's Tenure Charge One alleges:

> 74. As the investigation into this incident continued, and public outrage mounted, yet another incident surfaced in which a photograph of Archible using the "N-word" in his classroom while apparently playing a game of "hangman," as well as a separate video of his stating the "N-word" during class instruction.

The evidence offered of "public outrage" included statements of S.L.'s mother - who I find had reason to express concern - and a statement by a single member of the District's community who characterized the picture of Respondent in front of a white-board as playing hangman and offered to sell her consulting services to the District. In their testimony, Supervisor Birnbohm, Director McGregor and Principal Cattani referred generally to public outrage or growing outrage in the community. Cattani testified that he received many telephone calls from parents who said they did not want their children in Respondent's class. But, such testimony, although relevant to explain the origin and reason for an investigation, was hearsay and the District offered no specifics; no identifying information of any such parents; no copies of social media posts, emails, texts or other communications, or contemporaneous notes of any such conversations or phone

calls to establish the nature and breadth of any community concern. I find there was insufficient evidence in the record to establish the community outrage alleged in the District's Tenure Charges.

Additionally, I find troubling the District's inclusion in its Tenure Charges of the assertion that Respondent was; "using the 'N-word' in his classroom while apparently playing a game of "hangman…" Contrary to the District's arguments at the hearing and afterward, the District's charges here do not assert that Respondent's writing a portion of the N-word on the board violated policy. It alleges narrowly that Respondent was apparently playing a game of hangman. Nooses and hangings are permeated with particularly vulgar and hateful race-based messages. A simple glance at the picture referenced by the Board in this paragraph, or a brief review of the referenced video, shows that no game of hangman was being played. There is no evidence whatsoever of Respondent playing hangman in the record. By giving voice to such an obviously false and potentially inflammatory allegation - to broadcast that it is true when such has no support whatsoever in fact - the District – while trying to enforce a line of racial sensitivity– may have itself crossed such a line.

In its puffery and exaggerations of its allegations, I find the District has effectively admitted that the facts that can be proven are likely insufficient to support the termination of Respondent. Such puffery and exaggeration includes District assertions that: 1) Respondent "continued to engage in questionable and unprofessional relationships with [three] female students;" 2) that Respondent continued "an abhorrent pattern of engaging in inappropriate relationships with minor female students;" 3) that Respondent "grooms" select female students by engaging in "reprehensible" and "creepy

and weird conduct toward female students"; and, now, 4) that Respondent used the "N-word in his classroom while apparently playing a game of 'hangman'..." Considering it is the District's burden to prove the allegations it chose to allege and describe in its Tenure Charges, I give weight to such an implied admission against interest.

I also do not find, under the circumstances established by the record, that the video in which Respondent says the N-word word out loud supports a finding of conduct unbecoming. Respondent openly taught his N-word-related lesson for many years; some one hundred times according to his testimony. The lesson evolved with the times and he admitted that there was a time years ago when he and his colleagues would say the full N-word in class in the manner recorded by the video when teaching about books wherein the word was used, such as *To Kill a Mocking Bird* and *Huckleberry Finn*. As the mere utterance of the word became culturally unacceptable, he adjusted and began referring to the word as the N-word. I find that the video supports Respondent's testimony that he was likely talking about a passage in a novel when he referenced in the video; "it's basically saying...."

I also find in this regard, that Respondent did not say the word in the context of directing a slur toward any individual person or any group of people. The video at issue is of Respondent teaching, and the word was uttered by Respondent in the context of teaching students about the use of the word in American literature. Contrary to the argument of the District, I do not find the cases relied upon by the District support the tenure charges here. This is not a case where the teacher could be heard mumbling the N-

word to describe his students,[9] or in an outburst saying the words "nigger, nigger, nigger," "fuck you" and "suck my dick" to his students.[10]

7. Paragraph 75

As discussed above, I am not persuaded by the evidence that Respondent engaged in a pattern or practice of "ignoring professional directives regarding cultural sensitivity" by having class discussions over his 14 years of teaching about use of the N-word in American literature and by saying the N-word or writing part of the N-word on the board during his classes. Respondent was hired in 2005. The written policy against saying or writing the entire N-word in class offered into the record is dated August 2018. Strittmatter testified that he authored the policy in or about 2014. The record does not establish when the video was taken and the District did not present the individual who took the video as a witness. Considering all of the evidence on the matter, I find the District failed to establish that the video was recorded at any time when either the school or the District had a policy against utterance of the complete word by teachers in the performance of lessons related to novels using the word.

The District also failed to prove that Respondent's writing part of the N-word on the board violated any policy. Respondent did not write the entire word as is prohibited by supervisor Strittmatter's policy, and there was no District Policy offered addressing such a subject. It is well established in matters of discipline or discharge for cause that rules and policies must be clear and must reasonably put employees on notice of the conduct prohibited and the potential discipline that could result from violation of the

[10] See *I/M/O/ Vincent Serpico and School District of the Township of Piscataway*, DOE Docket No. 144-6/18 (John E. Sands November 4, 2018)

policy. The policy provides that "at no time should the N-word...be used ***in its entirety***." (Emphasis added). There is no evidence that Respondent ever wrote the entire N-word on the board. Again, I credit the Respondent's explanation as to the educational purpose of his conduct.

8. Charge of Unbecoming Conduct Relating to R.T.

I find that Respondent did not make the handwritten notations or highlights in the copy of *On The Road* he loaned to R.T. with R.T. in mind. I am persuaded that the handwritten notations and highlights were made by Respondent when he was in a college seminar some twenty years ago and five or six years ago when he taught the book in a class at Lenape.

Regardless of whether or not Respondent and R.T. had conversations about *On The Road* or other novels, or a conversation about R.T.'s mother's interest in the book, I find that the *On The Road*-related conduct of Respondent with R.T. was outside of the ordinary course of the AP English class in which R.T. was enrolled and Respondent taught. The invitation to the poetry festival and the lending of the book should be viewed from such a context and from the perspective of the student.

Although. (1) as discussed above, the record fails to establish that Respondent had a pattern of inappropriate conduct toward female students or engaged in efforts to "groom" female students, and (2) I do not find that Respondent engaged in any such conduct toward R.T.; I nevertheless find that Respondent should be held accountable for the discomfort and potentially inappropriate, albeit mistaken, message communicated to R.T. that resulted from his conduct. I am not at all persuaded that Respondent's lending of the particular copy of *On The Road* to R.T. can fairly be characterized as "an

oversight," as Respondent described it. Respondent knew that there were highlights and notations in his book. His choosing the copy of the book he gave R.T., whether intentionally or by an unthinking grabbing of one of his copies, had very real consequences to the student.

There is no evidence of animus on the part of R.T. toward Respondent. The content of the book she received from Respondent disturbed R.T. enough that she took deliberate and intentional steps to report the matter to her school's principal. That R.T. was disturbed by some of the highlights and handwritten notations in the book is understandable; particularly where, as here, the book was given without prior explanation of, or warning about, the notations and highlights. When considered in combination; (1) that the book was not requested by R.T. and was handed to her by Respondent unexpectedly; (2) the book was not in the curriculum in the class R.T. was taking from Respondent; (3) the out-of-context, disturbing nature of some of the highlighted passages and handwritten notations in the book; and (4) R.T.'s unexpected invitation from Respondent to a poetry festival for which she had not expressed interest, I find that R.T.'s expressed discomfort, as well as her assumption that the highlights and notations were directed at her, were reasonable.

Respondent had been disciplined in 2008 for his interaction with a female student and had been further reminded by District superintendents on at least two occasions, to:

> Please allow this letter to serve as a reminder to you of the boundaries of student-teacher relationships. It is important for teachers to always be cognizant of how words and actions may be perceived by students, and to maintain an atmosphere or respect in your classroom.
>
> In your future interactions with students, parents, and staff, please exercise good judgment and follow district policy.

Although the two investigation-closed letters were not disciplinary warnings and did not specifically state that discipline would result should Respondent fail to heed the advice contained therein, they served the function of placing Respondent on notice of the conduct expected of him. This is particularly so of the guidance; "[i]t is always important for teachers to always be cognizant of how words and actions may be perceived by students…" and "to exercise good judgment."

Based upon such considerations, I find that the District has shown that Respondent exercised bad judgment and failed to be cognizant of how his words and actions would reasonably be perceived by R.T. At least to such extent, the District has met its burden of proving that Respondent engaged in unbecoming conduct by giving R.T. the copy of *On The Road.*

C. Incapacity

As the District's claim of incapacity is primarily based upon its unproven allegation that Respondent engaged in a pattern of inappropriate conduct with female students and allegations that Respondent has used racially insensitive language, allegations I have found not supported by the record, I am not persuaded that the District has proven its Charge of Incapacity.

D. The Appropriate Discipline Considering *Fulcomer* and Just Cause

As discussed above, I find that Respondent engaged in conduct alleged in Tenure Charge One relating to a violation of the Board's Policy 2240 on Controversial Issues and a portion of the conduct alleged relating to R.T. In determining appropriateness of

discharge or alternatively the degree of discipline of Respondent warranted, I make the following conclusions based upon the *Fulcomer* and Just Cause standards.

1. *Fulcomer*

Applying the well-recognized test for determining the appropriateness of termination of a tenured teacher's employment for unbecoming conduct articulated in *In re Fulcomer*, 93 N.J. Super. 404 (App. Div. 1967), and cases citing *Fulcomer*, the undersigned is required to consider a number of factors, including: the potential impact on Respondent's teaching career; the longevity of Respondent's teaching career; Respondent's overall teaching record; Respondent's teaching ability; Respondent's attitude and whether the acts at issue were premeditated, cruel or done with an intent to punish; Respondent's disciplinary record; the nature and gravity of the offenses under all of the circumstances; evidence of provocation, extenuation or aggravation; any harm or injuries Respondent's conduct may have had on maintenance of discipline and the proper administration of the school system; the likelihood of such behavior recurring and whether the discipline is generally fair and proportional to discipline imposed for similar offenses by other public employees. It is also well established that where an incident of conduct unbecoming is found to have occurred, in most cases progressive discipline should be used.

I find that Respondent has a significantly long teaching career of at least fourteen years, and that he has a very good overall teaching record. Respondent has one prior discipline of which he fully complied and the record well establishes that Respondent has very good teaching ability. The potential impact of termination on Respondent's teaching career would be substantial.

As for the nature and gravity of the Respondent's offenses under all of the circumstances, I find that the violation of policy found relating to the April 9 class are relatively minor and were to a large degree addressed by Respondent's immediately taking responsibility for his conduct and compliance with the remedy to the situation directed by his principal and supervisor; to apologies to his class and give the students the opportunity for closure. In this regard, the conduct of individuals speaks loudly in the resolution of credibility issues, and in finding that Respondent apologized as directed, I rely primarily upon the conduct of Supervisor Strittmatter that reflected the supervisor's approval of the apology. In this regard; (1) Strittmatter was present when the terms of the apology were described to Respondent by principal Cattani, (2) Strittmatter was present when the apology was given, looked Respondent in the eye and gave him a nod when the supervisor left the class and, (3) importantly, notwithstanding that the supervisor explained to Respondent on the afternoon of April 11 that he attended the class that morning to ensure that the teacher did as he was directed, the supervisor did not suggest that the apology had been inadequate. If the supervisor believed at that time that the teacher had failed his directive, it would have been illogical for him to (a) give the assurance he gave Respondent, and (b) not tell the teacher he had failed to do as directed.

Respondent's conduct toward R.T. was more significant. Respondent's conduct was an exercise in poor judgment and lack of forethought. However, the evidence does not establish that Respondent intentionally premeditated the misunderstanding that was created by his giving R.T. the book. Nor do I find that the conduct of Respondent toward R.T. was cruel, done with an intent to punish the student or done for some other nefarious purpose.

I find there is no significant likelihood of harm or injury that Respondent's conduct may have on maintenance of discipline and the proper administration of the school system. In this regard, the fears expressed by District administrators about Respondent being in the classroom were largely based upon the claims that Respondent "grooms" female students and habitually fails to comply with policy, and as discussed above, those claims have not been established. Finally, I am persuaded that, considering the very significant discipline of Respondent ordered herein, it is unlikely that Respondent will repeat the unbecoming behavior found here.

Applying the *Fulcomer* considerations, I find that termination is not warranted in this matter.

2. Just Cause

The TEACHNJ Act incorporates the just cause standard wherein it provides that a school district shall not dismiss or reduce the compensation of a tenured teachers except for "inefficiency, incapacity, or conduct unbecoming *...or other just cause,*" (emphasis added). An analysis of whether or not Respondent's discharge was for just cause under generally recognized standards requires consideration of all of the circumstances in determining whether the issuance of discipline was "fair." Some of the several factors often considered when applying the just cause standard include whether or not: (1) the rule or policy being enforced is reasonable; (2) there was prior notice to the employee of the rule and the consequences for its violation; (3) the disciplinary investigation was adequately and fairly conducted and the employee was afforded an appropriate level of due process under the circumstances; (4) the employer was justified in concluding that the employee engaged in the conduct as charged; (5) the rule has been consistently and

fairly enforced and (6) whether or not the discipline issued was appropriate given the relative gravity of the offense, the employee's disciplinary record and considerations of progressive discipline and due process.

For the reasons stated above, I have found that the District has failed to prove many of its allegations against Respondent. As a consequence of such findings, I also find that the District failed to show just cause for discipline relating to those allegations. As to the allegations I have found the District has established, I find that under the standard of just cause, the discipline of discharge was too harsh given the relative gravity of the offense, Respondent's disciplinary record and considerations of progressive discipline and due process.

a. Progressive Discipline

The fact that Respondent had his increment withheld once does not require that any discipline that may be issued to the teacher in the future – no matter how many years may pass – must be termination. The disciplinary notice issued to Respondent in 2008 does not state that if further conduct warranting discipline occurs Respondent will be terminated. Instead, the notice provides that if Respondent engages in similar conduct "further disciplinary action, up to and including termination will be considered." Just Cause requires the corrective action of progressive discipline in all but the most egregious circumstances. As a consequence, just cause requires that management exercise judgment-under-the-specific-circumstances to determine whether discipline could reasonable be relied upon to correct an employee's conduct or performance.

I find insufficient evidence to support the District's claim that Respondent will not reform his conduct in the future. Respondent has a long record of good performance

and Respondent expressed strong interest in continuing his teaching position. Respondent has shown through his full compliance with his 2008 discipline that he can reform his conduct; compliance on Respondent's part that eventually resulted in his increment being restored by the Board.

b. Appropriate Discipline

As discussed above, termination of Respondent is not required by the *Fulcomer* considerations and termination is also contrary to the Just Cause requirement of progressive discipline. I additionally find that termination is disproportionately harsh relative to the conduct found.

Respondent took responsibility for his conduct relating to the April 9 class and immediately complied with the apology remedy directed by the principal. As for Respondent's R.T.-related conduct, considering all of the circumstances, I find termination to be disproportional to the offenses found herein. Contrary to the District's charges, Respondent did not engage in a pattern and practice of "grooming" or a premeditated scheme to initiate an inappropriate relationship with the R.T.; the conduct the District argued warranting termination. The misunderstanding caused by Respondent's lending the student a book with the teacher's handwritten notations and highlights and the ill effect it wrought upon the student were real; but not intentional. Respondent should have exercised more care and better judgment and his failure to do so under the circumstances presented here amounts to conduct warranting significant discipline, but does not, standing alone or in combination with the violations of policy found, amount to cause for termination of a tenured teacher.

VII. Conclusion

The Tenure Charges are sustained in part and dismissed in part.

VIII. Remedy

I will order that Respondent be promptly reinstated; that Respondent serve a suspension without pay of 60 calendar days beginning with the date of his initial suspension, April 11, 2019; that Respondent be made whole for lost pay, benefits and seniority, less such related to his 60-day suspension; and that Respondent be warned in writing that he must exercise good judgment when interacting with students, particularly when such interaction is outside of the classroom and/or curriculum of his classes, and to comply with Board policies relating to discussions of controversial topics.

IX. Award

IMO Tenure Charges of Joseph Archible
Agency Docket Case No. 281-9019

The subject tenure charges against Respondent are sustained in part and dismissed in part.

The District is ordered to:

1. Promptly offer Respondent reinstatement to his former position;

2. Reduce Respondents termination to a written warning and suspension without pay for a period of 60 calendar days from the date of his original April 11, 2020; and

3. Make Respondent whole for lost wages, benefits and seniority for the period from the date of his suspension to the date he is reinstated or declines reinstatement, less pay and benefits related to his suspension.

Dated: January 29, 2021

Timothy J Brown, Esquire
Arbitrator

I, Timothy J Brown, affirm that I have executed this document as my Award in Agency Docket Case No. 281-1019 relating to tenure charges against Joseph Archible on Friday, January 29, 2021.

Record Closed: December 18, 2020 Decided: December 18, 2020

BEFORE **BARRY E. MOSCOWITZ,** ALJ:

On September 28, 2018, the Commissioner of the Department of Education transmitted this case to the Office of Administrative Law (OAL) under the Administrative Procedure Act, N.J.S.A. 52:14B-1 to -15, and the act establishing the OAL, N.J.S.A.

52:14F-1 to -23, for a hearing under the Uniform Administrative Procedure Rules, N.J.A.C. 1:1-1.1 to -21.6.

A copy of their settlement agreement is attached to this decision. Having reviewed the terms of the settlement agreement, I **FIND** that the parties have entered into their settlement voluntarily, as evidenced by their signatures, the signatures of their representatives, or both.

Moreover, I **CONCLUDE** that the settlement agreement is consistent with the law, is fully dispositive of all issues in controversy between the parties, and is otherwise consistent with the requirements of N.J.A.C. 1:1-19.1.

Therefore, given my findings of fact and conclusions of law, I **ORDER** that the parties comply with the terms of their settlement and that these proceedings are now closed.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this case. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days, and unless such time limit is otherwise extended, this recommended decision shall become a final decision under N.J.S.A. 52:14B-10.

SETTLEMENT AGREEMENT AND GENERAL RELEASE BETWEEN THE UNION TOWNSHIP BOARD OF EDUCATION AND STEPHEN GELLER

Stephen Geller v. Board of Education of the Township of Union, Union County
OAL Dkt. No. EDU 14184-2018N; Agency Ref. No. 253-9/18

This **SETTLEMENT AGREEMENT and GENERAL RELEASE** ("Agreement") is entered into this _____ day of _____, 2020, by and between Petitioner, Stephen Geller ("Petitioner" and "Geller") and Respondent, Union Township Board of Education ("Board"), referred to collectively herein as the "Parties."

RECITALS

WHEREAS, the Board is a body politic and corporate, organized and existing under the laws of the State of New Jersey, N.J.S.A. 18A: 11-1, which is entrusted with maintaining and governing the public schools of the Union Township School District ("District"); and

WHEREAS, the Board has its administrative offices located at 2369 Morris Avenue, Union, New Jersey 07083; and

WHEREAS, Geller is a former tenured employee of the Board, currently residing at 880 North McKnight Road, Apt. 1-S, St. Louis, Missouri, 63132.; and

WHEREAS, on or about June 30, 2011, Petitioner was subject to a reduction in force; and

WHEREAS, on or about September 11, 2018, Petitioner filed a petition with the Commissioner of Education, captioned: Stephen Geller v. Board of Education of the Township of Union, Union County, OAL Dkt. No. EDU 14184-2018N; Agency Ref. No. 253-9/18 ("Petition"), alleging violation of his tenure and seniority rights, and seeking reinstatement to his

teaching position in the Union Township School District ("District"), with back pay, benefits and emoluments; and

WHEREAS, the Parties have reached a settlement relating to the requested relief in the Petition; and

WHEREAS, the Parties intend by this Settlement Agreement and General Release ("Agreement") to fully and finally resolve all outstanding matters:

TERMS AND CONDITIONS

NOW THEREFORE, intending to be legally bound hereby and in consideration of the mutual covenants, conditions, obligations, and promises contained herein, the parties agree as follows:

1. The Board will pay Geller a gross amount of $96,927.00[1], minus usual and customary withholdings, including FICA, State and Federal taxes, union membership fee contributions, pensions contributions, credit for unemployment benefits, and other legally required deductions for the period between the commencement of the 2016-2017 school year through to the conclusion of the 2018-2019 school year.

2. The Board will pay Geller an additional $4,950 for accumulated sick leave, minus usual and customary withholdings and other legally required deductions, for the period from the commencement of his employment within the District through September 1, 2016, the date of the Boards reduction in force (RIF).

3. Upon execution of this Agreement by the Parties, Geller agrees to withdraw the above-captioned matter with prejudice and without costs. Geller shall take no further action

[1] This sum constitutes a total amount of the full salaries and backpay that Geller would have earned for the 2016-17, 2017-18, and 2018-19 school years i.e. $69,245.00, $70,976.00 and $72,715.00, minus mitigation for salary, as a result of other employment, during the 2016-17, 2017-18, and 2018-19 school years i.e. $37,253.00, $38,553.00, and $40,203.00.

against the Board based upon the matters set forth within Geller's pleadings and/or based upon any other cause of action that Geller may have in connection with his employment with the Board.

4. Geller further agrees that he will not seek future employment or reinstatement with the Board, or pursue any claims for reinstatement of employment, backpay, benefits and emoluments, and violation of tenure and seniority rights.

5. Upon the fulfillment by the Board of the terms and conditions of the Agreement, Geller, his heirs and assigns hereby irrevocably and unconditionally waive, release and forever discharge any and all claims or rights, whether known or unknown, which they have or may have against the Board, personally and officially, individually and collectively, its past and present Board members, all officers and administrators, its attorneys, agents and employees, as well as their successors, and assigns, including, but not limited to any and all claims for attorneys' fees, back pay or front pay, any claims for emotional distress or pain and suffering, any and all claims involving tax liability stemming from this Agreement, and any and all claims arising under any federal, state or local ordinance, regulation or law including, but not limited to, the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 6, et seq. ("ADEA"); Title VII of the Civil Rights Act of 1964, as amended 42 U.S.C. §§ 2000e, et seq., ("Title VII"); the Reconstruction Era Civil Rights Act, as amended, 42 U.S.C. §§ 1981, § 1983, et seq. ("Civil Rights Act"); the Civil Rights Act of 1991, as amended, 42 U.S.C. § 1981a, et seq. ("CRA of 1991"); the Americans with Disabilities Act, 42 U.S.C. §§ 12101, et seq. ("ADA"); the Family and Medical Leave Act, 29 U.S.C. §§ 2601, et seq. ("FMLA"); the Fair Labor Standards Act, 29 U.S.C. § 201, et seq. ("FLSA"); the Employee Retirement Income Security Act of 1974, as amended, 29 U.S.C. § 1001, et seq. ("ERISA"); the Equal Pay Act, 29 U.S.C. § 201, et seq.,

(EPA"); the Rehabilitation Act, 29 U.S.C. §§ 701, et seq. ("RA"); the Pregnancy Discrimination Act, 42 U.S.C. §§ 2000, et seq. ("PDA"); the Whistleblower Protection Statutes, 10 U.S.C. § 2409, 12 U.S.C. § 1831j, 31 U.S.C. § 5328, 41 U.S.C. § 265, (collectively as "WPS"); the New Jersey Civil Rights Act, N.J.S.A. 10:6-1, et seq.; the New Jersey Law Against Discrimination, N.J.S.A. 10:5-1, et seq. ("LAD"), the New Jersey Family Leave Act, N.J.S.A. 34:11B-1, et seq. ("FLA"); the New Jersey Conscientious Employee Protection Act, N.J.S.A. 34:19-1, et seq. ("CEPA"); New Jersey Worker Freedom from Intimidation Act, N.J.S.A. 34:19-9 et seq.; the New Jersey Wage and Hour Law, N.J.S.A. 34:11-56a, et seq. ("WHL"); the New Jersey SAFE Act, N.J.S.A. 34:11C-1, et seq.; the New Jersey Discrimination in Wages Law, N.J.S.A. 34:11-56.1, et seq. ("DWL"); and the New Jersey Wage Payment Law, N.J.S.A. 34:11-4.1, et seq. ("WPL); any collective negotiations agreement; any common law claim and any and all other claims, that could be initiated in any venue, for harassment, discrimination or retaliation of any kind, breach of promise, misrepresentation, negligence, fraud, estoppel, defamation, violation of public policy, wrongful or constructive discharge, or any other tort, contractual or quasi-contractual claim, up to the date of this Agreement. Petitioner expressly understands and acknowledges that it is possible that unknown losses or claims exist or that present losses may have been underestimated in amount or severity. Petitioner expressly accepts and assumes the risk of such unknown or underestimated losses or claims and acknowledges and agrees that the benefits to be provided to him pursuant to this Agreement fully compensate her for such risks.

6. The Board will deduct pension contributions from its payment to Geller and remit them to the Division of Pensions and Benefits in the amount determined by the Division of Pensions and Benefits. The pension contributions shall be made for the 2016-2017, 2017-2018 and 2018-2019 school years based upon the salaries set forth herein. Geller will receive pension

credit for those contributions in each of those school years either in the Teachers' Pension & Annuity Fund or the Public Employees' Retirement System, as determined by the Division of Pensions and Benefits, the Teachers' Pension & Annuity Fund or the Public Employees' Retirement System, with the appropriate Pension Fund in which credit is provided to be determined by the Boards of Trustees of those Pension Funds or the Division of Pensions and Benefits. The Board will make any employer pension contributions as may be required by the Division of Pensions and Benefits, the Teachers' Pension & Annuity Fund or the Public Employees' Retirement System for Geller to receive pension credit for the 2016-2017, 2017-2018 and 2018-2019 school years in the appropriate Pension Fund, and Geller's pension allowance will be adjusted to include those pension contributions and the salaries upon which they are based.

7. The parties acknowledge and understand that the ultimate decision as to Geller's eligibility for pension credit and benefits is made by the New Jersey Division of Pensions and Benefits.

8. Pursuant to the Older Workers Benefit Protection Act, Geller has twenty-one (21) calendar days from delivery hereof to consider this Agreement. Geller may accept this Agreement before expiration of the twenty-one (21) days, in which case Geller shall waive the remainder of the consideration period. Geller has a period of seven (7) calendar days after delivering the executed Agreement to revoke acceptance of the Agreement. To revoke, Geller must deliver timely written notice revoking his acceptance of this Agreement to the Superintendent of Schools. This Agreement shall become effective on the eighth (8th) day after delivery of this executed Agreement by the Parties, provided that Geller has not revoked acceptance or rescinded the Agreement.

9. It is expressly understood that the arrangement herein is predicated exclusively upon the special circumstances of this matter and shall not be construed to represent any policy or procedure of the Board

10. This Agreement does not in any way constitute an admission of liability or wrongdoing by the Board concerning the allegations raised in the above-captioned litigation.

11. This Agreement shall bind the parties and their respective heirs, successors, assigns, officers, employees, officials, and agents.

12. Both Parties represent that this Agreement has been voluntarily executed by the persons with the legal authority to do so. This Agreement must be formally approved by the Board as this Agreement will be deemed null and void without said approval. All reasonable efforts will be made to timely obtain approval from the Board.

13. Should any part of this Agreement be invalidated by a court of competent jurisdiction, that part shall be severed, and the balance of the Agreement shall remain in full force and effect.

14. This Agreement may be signed in counterparts and shall be binding as if all Parties executed the original thereof. A facsimile or electronically-transmitted signature shall have the same effect as an original signature.

15. The Parties hereto acknowledge that this Agreement constitutes a full, final, and complete settlement of their differences and supersedes and replaces any and all other written or oral exchanges, agreements, understandings, arrangements, or negotiations between or among them relating to the subject matter hereof, and affirmatively state that there are no other prior or contemporaneous agreements, exchanges, representations, arrangements, or understandings, written or oral, between or among them relating to the subject matter hereof other than that as set

forth herein, and that this Agreement contains the sole and entire Agreement between them with respect to the subject matter hereof.

IN WITNESS WHEREOF, the undersigned have executed this Agreement on the date shown below.

OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
DISMISSAL
OAL DKT. NO. EDU 01406-20
AGENCY DKT. NO. 320-12/19

T.L. ON BEHALF OF MINOR CHILD C.B.,
Petitioner,
v.
SOUTH ORANGE-MAPLEWOOD SCHOOL DISTRICT BOARD OF EDUCATION, ESSEX COUNTY,
Respondent.

T.L., petitioner, pro se

Joanne L. Butler, Esq. for respondent (Schenck, Price, Smith & King, LLP)

Record Closed: December 1, 2020 Decided: December 18, 2020

BEFORE **JOANN LASALA CANDIDO**, ALAJ:

STATEMENT OF THE CASE

On November 18, 2019, South Orange-Maplewood Board of Education's (respondent or Board) determined that minor child C.B. is not entitled to a free and public education in its district. Petitioner, T.L., appealed the determination on

December 13, 2019. The matter was transmitted to the Office of Administrative Law (OAL) on January 29, 2020, for determination as a contested case pursuant to N.J.S.A. 52:14F-1 to -13. A hearing was scheduled for April 1, 2020. However, on March 17, 2020 petitioner submitted an email stating:

> "I no longer reside in the district. I am withdrawing the petition."
> (Said email chain is attached hereto for reference.)

It was requested that petitioner submit a letter with her signature stating same. Petitioner responded, "Sure. As soon as I get a moment." On May 13, 2020 a follow up email was sent inquiring about the withdrawal letter. On July 1, 2020, my secretary inquired whether or not the Board would be seeking tuition. On July 2, 2020 petitioner submitted a signed letter stating that she is withdrawing her request for a hearing.

Under my direction, my secretary continued to inquire if the Board would be seeking tuition in this matter. On August 31, 2020 the Board's counsel advised that she has not been able to finalize and asked for the Court's indulgence. Another inquiry was made on November 23, 2020, again requesting whether respondent advise whether or not the Board will be seeking tuition by December 1, 2020. To date, the Board has not responded. (the email chain is attached hereto for reference).

Based on the foregoing, I **CONCLUDE** that this matter is no longer a contested case before the Office of Administrative Law. It is therefore **ORDERED** that this matter be and is hereby **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of

Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

BEFORE **JULIO C. MOREJON**, ALJ:

This matter was transmitted to the Office of Administrative Law on July 23, 2020, for determination as a contested case, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

The parties have agreed to a settlement and have prepared a Stipulation of Settlement indicating the terms thereof, which is attached and fully incorporated herein. This Settlement Agreement resolves all disputes.

I have reviewed the record and the terms of settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by the signatures of the parties or their representatives.

2. Petitioner has agreed to withdraw this appeal.

3. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and, therefore, **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

SETTLEMENT AGREEMENT & RELEASE

This Agreement and Release ("the Agreement") is entered into and effective this 15th day of Dec., 2020 ("the Effective Date"), by and between Sean Altis and the Randolph Township Board of Education ("Board ").

WHEREAS, the Board is a body public and corporate, organized and existing by virtue of the laws of the State of New Jersey, N.J.S.A. 18A:11-1; and

WHEREAS, Mr. Altis is employed by the Board as a teaching staff member; and

WHEREAS, the parties desire to resolve and settle all employment issues between them pursuant to the terms and conditions set forth in this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth in this Agreement, the Parties agree as follows:

1. **Consideration.**

   a. Mr. Altis will be placed on a paid administrative leave commencing on December 16, 2020 through February 28, 2021. Mr. Altis will continue receiving his health benefits during this time at Board expense, subject to his C.78 contributions, payments of deductibles, co-pays, etc. Mr. Altis's spouse will be permitted to enroll in the District's health benefits plan effective March 1, 2021.

   b. The Board will not contest unemployment.

   c. The parties acknowledge that Mr. Altis is not entitled to any further consideration, compensation, emoluments of employment or fringe benefits of any kind.

   d. Mr. Altis acknowledges that the aforesaid constitutes good and valuable consideration.

2. **Resignation.** Mr. Altis's execution of this Agreement shall constitute his irrevocable resignation from employment effective at the close of business on February 28, 2021. Mr. Altis agrees that he will not seek any future employment and/or a consultant relationship with the Board and that the Board has no obligation, contractual or otherwise, to re-hire or re-employ him.

3. **Release.** In exchange for the above consideration, Mr. Altis, and his heirs and assigns hereby irrevocably and unconditionally waive, release and forever discharge any claims, rights, demands, judgments, suits, causes of action or liabilities (hereinafter "claims") whether known or unknown, which they have or may have against the Board, personally and officially, individually and collectively, its past and present Board members, officers, administrators, its Superintendent of Schools, agents, employees, attorneys, and their successors, heirs and assigns, including, but not limited to any claims for attorneys' fees, back pay or front pay, any claims for emotional distress or pain and suffering, any claims involving tax liability stemming from this settlement, and any claims arising under any federal, state or local ordinance, regulation or law including, but not limited to, the New Jersey and Federal Constitutions, Title VII of the Civil

Rights Acts of 1871 and 1991, Title IX, the Americans with Disabilities Act, the Age Discrimination in Employment Act, The Old Workers Benefit Protection Act, as amended, the Employee Retirement Income Security Act, the Federal Family and Medical Leave Act, the Fair Labor Standards Act, the Equal Pay Act, the Workers' Adjustment and Retraining Notification Act, the New Jersey Law Against Discrimination, the New Jersey Family Leave Act, the New Jersey Conscientious Employee Protection Act, the New Jersey Wage and Hour Law, the Employer-Employee Relations Act, New Jersey Title 18A, 6& 6A, any collective negotiations agreement, any common law claim and any other claims for harassment, sexual harassment, hostile work environment, discrimination or retaliation of any kind, breach of promise, misrepresentation, negligence, fraud, estoppel, defamation, violation of public policy, wrongful or constructive discharge, or any other tort, contractual or quasi-contractual claim which arises directly or indirectly or in any way out of Mr. Altis's employment relationship with the Board. Upon the execution of this Agreement, Mr. Altis also agrees to withdraw, with prejudice, the litigation currently pending before Commissioner of Education, captioned Altis v. Randolph Bd. of Ed., Agency Dkt. No. 133-6/20. Specifically, exempted from the release are any claims for health insurance continuation coverage under and pursuant to Consolidated Omnibus Budget Reconciliation Act (commonly referred to as "COBRA"), worker's compensation claims any rights associated with any pension earned in the retirement system (TPAF), any claim to unemployment benefits as well as any other claims or rights that cannot be waived as a matter of law even if mistakenly identified in this provision.

4. **Older Workers Benefit Protection Act of 1990 and Revocation Procedure.** To comply with the Older Workers' Benefit Protection Act of 1990 (the "Act"), this Agreement advises Mr. Altis of the legal requirements of the Act, and fully incorporates the legal requirements by reference into this Agreement as follows: (i) Mr. Altis fully understands the terms and conditions of this Agreement; (ii) Mr. Altis has been advised to consult with an attorney to review this Agreement; (iii) Mr. Altis specifically waives his right to pursue any claims under the Age Discrimination in Employment Act; (iv) Mr. Altis does not waive any rights or claims under the Age Discrimination in Employment Act that may arise after the date the waiver is executed; (v) Mr. Altis is receiving consideration above and beyond anything of value to which he already is entitled; and (vi) Mr. Altis has been given at least twenty-one days within which to consider this Agreement and Mr. Altis has seven (7) calendar days from the date of the execution of this Agreement to revoke it. The written notice of the decision to revoke must be provided to the Board Secretary with a copy to the Board attorney. The written notice may be provided by electronic mail. The written notice must be received by the Board Secretary on or before the seventh day following Mr. Altis's signing of this Agreement. If the Agreement is revoked within the seven-day period, this Agreement will have no effect, the Parties will not be bound by its terms. If Mr. Altis does not revoke this Agreement within this seven-day period he cannot withdraw or rescind his resignation or his execution of this Agreement.

5. **No Admissions.** This Agreement is entered into solely for the purpose of resolving disputed claims, and neither the execution, delivery, nor performance of this Agreement, nor Mr. Altis's resignation, shall constitute or be construed at any time or for any purpose to be an admission of fact or liability by either party to this agreement, and the parties further agree that neither this Agreement and Release nor Mr. Altis's resignation shall be used as evidence in any judicial, administrative, or quasi-judicial proceeding, except to enforce the terms of the Agreement.

S.A. SA

T.M. TM

6. **References & Non-Disparagement:** The Board its Central Office Administration agrees not to make any disparaging remarks about Mr. Altis and in response to any future employment inquiries it will limit any statements made, either orally or in writing, to confirming the dates of Ms. Altis's employment within the District, compensation, his assignments and that he left the District for personal reasons on February 28, 2021. Mr. Altis agrees not to disparage the Board, the Central Office Administration and District employees and he shall also refrain from soliciting or encouraging any third party to disparage the aforesaid parties.

7. Authority. This Agreement is subject to Board approval. If approved, the Board President is fully authorized to execute this Agreement on behalf of the Board.

8. Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the parties and their respective successors and assigns.

9. Amendment; Severability; No Waiver. This Agreement shall not be amended, changed or modified except in a writing signed by all parties. The provisions of this Agreement are severable. If any term or portion thereof of this Agreement shall be held to be invalid or unenforceable to any extent, the remainder of this Agreement shall not be affected thereby, and each remaining term or portion thereof shall be valid and enforced to the fullest extent permitted by law. Any failure to enforce any provision of this Agreement shall not operate as a waiver of such provision or of any other provision.

10. Personal Belongings. Upon his execution of this Agreement, Ms. Gatzke will schedule an appointment with Mr. Altis for him to retrieve his personal belongings at a mutually convenient date and time before or after school hours.

11. District Property. At the time Mr. Altis retrieves his personal belongings he shall immediately be responsible for returning all District property in his possession to the District including, but not limited to computers, computer files, keys, books, flash drives, curriculum and student records.

12. Entire Agreement. This Agreement constitutes the entire agreement between the parties with respect to the subject matters herein, and supersedes and integrates any and all prior representations, negotiations, discussions, understandings and agreements, whether oral or written. Each party acknowledges that neither the other party, nor any agent or attorney of the other party, has made any promise, representation or warranty whatsoever, express or implied, not contained in this Agreement to induce it to execute this Agreement.

13. Construction. The terms of this Agreement are not to be construed against any one party but are to be construed as if all parties prepared it equally.

14. Law Governing. This Agreement is governed by the laws of New Jersey.

IN WITNESS WHEREOF, the parties have executed this agreement consisting of four (4) pages as of the effective date.

New Jersey Commissioner of Education

Decision

B.K., on behalf of minor child, L.P.,

Petitioner,

v.

Board of Education of the Borough of Tenafly, Bergen County,

Respondent.

Synopsis

Pro se petitioner alleged that the respondent Board violated her child's rights through a series of interactions between L.P. and the principal of Tenafly Middle School, which L.P. attends; petitioner filed the within appeal challenging the Board's failure to discipline the principal for these alleged improper interactions and demanding that tenure charges be filed against the principal to suspend him, reduce his pay, and/or terminate his employment. The Board denied all allegations and asserted that by law, there is no mechanism available to require the Commissioner of Education to order a local board of education to discipline or terminate a principal, nor to require that he apologize based on allegations made by a parent. The parties filed cross motions for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; petitioner challenged the Board's failure to discipline the Tenafly Middle School principal following three incidents in which she alleged violation of her child's rights, including one in which L.P. was brought to the school nurse's office for suspected marijuana or vaping use during school hours on school property; in each of the incidents, the Board investigated and found that there was no inappropriate conduct by the principal toward L.P., and no basis for disciplinary action; such determinations are appropriately made at the discretion of local boards of education; a board of education is vested entirely with the authority to discipline its employees, including a principal, based on the board's sole judgment of whether the employee's conduct was appropriate considering the facts and circumstances surrounding the incident; here, the petitioner does not argue that the Board abused its discretion, but rather asks that the Commissioner or the Office of Administrative Law (OAL) substitute its judgement for that of the Board. The ALJ concluded that the petitioner failed to state a claim upon which relief can be granted. Accordingly, as petitioner set forth no cause of action against respondent, the Board's motion for summary decision was granted, and petitioner's cross motion was dismissed.

Upon review, the Commissioner concurred with the ALJ that the Commissioner does not have the authority to compel a board of education to file tenure charges against an employee. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

31-21
OAL Dkt. No. EDU 02392-20
Agency Dkt. No. 25-1/20

New Jersey Commissioner of Education

Decision

B.K., on behalf of minor child, L.P.,

Petitioner,

v.

Board of Education of the Borough of Tenafly, Bergen County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

In this matter, petitioner challenged the Board's failure to discipline the principal of the middle school, alleging that he violated her child's rights in a series of interactions. The Board determined that the principal had not acted in an improper manner and found no basis for disciplinary action. Thereafter, petitioner filed a petition of appeal, seeking that the Board file tenure charges against the principal so that he may be suspended, reduced in pay, or terminated. The Administrative Law Judge (ALJ) found that petitioner does not have a cognizable right to request that the Board or Commissioner impose disciplinary action on a school principal. As such, the ALJ dismissed the matter for failure to state a claim upon which relief can be granted.

Upon review, the Commissioner agrees with the ALJ that the Commissioner does not have the authority to compel a board of education to file tenure charges against an employee.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter for the reasons expressed therein, and the petition is hereby dismissed.

IT IS SO ORDERED. [1]

INITIAL DECISION
GRANTING RESPONDENT'S
MOTION TO DISMISS
OAL DKT. NO. EDU 02392-20
AGENCY DKT. NO. 25-1/20

B.K. ON BEHALF OF MINOR CHILD L.P.,
Petitioner,
v.
BOARD OF EDUCATION OF TENAFLY
BERGEN COUNTY,
Respondent.

Birgitta Karlen, pro se, petitioner

Stephen R. Fogarty, Esq., (Fogarty and Hara, attorneys) for respondent

Record closed: August 21, 2020 Decided: December 18, 2020

BEFORE **ERNEST M. BONGIOVANNI**, ALJ:

STATEMENT OF THE CASE

Petitioner, B.K. on behalf of minor child, L.P., (petitioner or B.K.) has alleged that respondent, the Board of Education of Tenafly, Bergen County (BOE), violated her child's rights by a series of interactions between L.P. and the Principal, John Fabbo (Principal/Fabbo), of the Tenafly Middle School which L.P. attends. Respondent denies

all the allegations, claims there are no real factual disputes, and filed electronically a Motion for Summary Decision on July 20, 2020. Petitioner also filed a motion for Summary Decision (Cross Motion) on July 23, 2020.

Petitioner claims that the current Superintendent of the BOE, Ms. DeMarco, wrongfully failed to discipline Principal Fabbo and seeks to overturn her decision. Respondent answers that all the charges made against Principal Fabbo were thoroughly investigated and properly addressed. Notwithstanding that, however, they argue by law, there is no mechanism available to require the State Commissioner of Education to Order a local BOE of discipline or terminate a principal or require that he apologize based on allegations made by an aggrieved parent. I agree with the BOE and grant summary decision in its favor and dismiss the complaint.

BACKGROUND AND PROCEDURAL HISTORY

On or about January 27, 2020, petitioner filed a petition of appeal with the Commissioner of Education seeking to overturn the decision of the Tenafly Board of Education not to discipline Principal John Fabbo of the Tenafly Middle School regarding incidents involving interaction between Principal Fabbo and petitioner's son L.P. Petitioner had made essentially three allegations to the BOE concerning Fabbo.

Allegation One alleged that Fabbo lied about his knowledge and input into a change in L.P.'s schedule when L.P. was removed for distractive behavior from a drama class. Petitioner argued Fabbo was discriminating inappropriately against her son who has a reading deficiency qualifying him for Special Education. However the BOE found that Fabbo committed no inappropriate conduct toward L.P. Allegation Two involved an incident where Fabbo grabbed the heads of two student's one of them L.P. and pretended he was going to knock their two heads. Petitioner contended such behavior was an unacceptable offensive touching of L.P. and conduct not becoming of a teacher (or Administrator). However, the board concluded there was no inappropriate or offensive touching. The third incident concerned L.P. having being brought to the school's physician's office for suspected vaping or marijuana use during school hours on school property. Petitioner argued Fabbo did not follow State Law in dealing with students

suspected drug use, specifically N.J.SA. 18A:40A-14 and N.J.A.C. 6A16-4.2. Further she claimed Fabbo failed to follow Tenafly's BOE policies in the way he conducted his meetings with the parent concerning this incident. However, the Board found there was just cause for having a physical examination of L.P. concerning his conduct in class, where he appeared to be unsteady after discussing marijuana and using the colloquial phrase "4/20" which refers to a holiday to celebrate marijuana use. Further they found the examination was conducted by the nurse with the principal present. While during the exam, at one point, Fabbo touched L.P.'s jacket he didn't touch L.P. Further the examination was done in accordance with School Policy. They declined to take any action against Principal Fabbo. B.K. filed an appeal with the New Jersey Department of Education (DOE). She requested that Principal Fabbo be disciplined with tenure charges initiated to include suspension decrease of pay and/or dismissal. She also requested the BOE issue an apology to her over their handling of the matter.

On or about February 11, 2020, the matter was transmitted to the Office of Administrative Law (OAL), where it was filed on February 19, 2020, as a contested case. N.J.S.A. 52:14B-1 to -15; N.J.S.A. 52:14F-1 to -13. A telephone prehearing scheduled for March 25, 2020 was rescheduled owing to the COVID-19 emergency. A prehearing conference was held on June 18, 2020.

Respondent filed electronically a Motion for Summary Decision on July 20, 2020. Petitioner also filed a motion for Summary Decision (Cross Motion) on July 23, 2020. On August 21, petitioner filed a reply to respondent's motion. No oral argument was requested.

FACTUAL DISCUSSION AND FINDINGS OF FACT

Based upon the petitioner's filing, respondents motion for summary decision, brief and certification in support of summary dismissal, on petitioner's motion for summary decision certification and argument, and respondents brief in opposition to petitioner's motion, and for the purpose of deciding the motion for summary decision, I **FIND** the following:

1. Petitioner, B.K. is the mother of L.P., a student in the school district of the Borough of Tenafly, and is representing his interests in this matter.

2. The respondent, BOE operates the public schools serving children from pre-kindergarten through 12th grade high school, including the Tenafly Middle school, which L.P. attended during the time relevant to this matter.

3. On January 31, 2019, B.K. sent a letter to the Superintendent for the BOE complaining of certain actions she claimed Principal Fabbo took against L.P. First, after the theatre teacher had removed L.P. from her class owing to what she called his disruptive behavior, B.K. met with Fabbo who refused to change the teacher's decision. The letter also said that Fabbo was disrespectful and dismissive to her. According to B.K. she then met with the district superintendent who reversed the theatre teacher's decision to remove L.P from her class. B.K. insisted also that Principal Fabbo lied to her regarding the extent of his role in this incident. The Superintendent assured B.K. that Fabbo would be disciplined. However, months went by and no discipline was imposed on Fabbo. Further, the Superintendent had resigned, replaced by an acting Superintendent.

4. In April 2020 another two incidents involving Fabbo and L.P. occurred. In one, Principal Fabbo had mockingly pretended to "clunk" together L.P.'s head with another student's head. In another L.P.'s behavior was reported to Fabbo by staff members. L.P. was acting "strange." He had been in a bathroom for an unusual amount of time and emerged looking nervous and unsteady. It was reported to him that a little earlier L.P. had been joking with other students about "4-20," a mock "holiday" celebrating using marijuana. Fabbo had brought L.P. to the nurse's office partly to have a witness when he asked L.P. to empty his pockets. While in the nurse's office, the nurse performed a cursory exam, including shining a light into L.P's eyes, while Fabbo watched. L.P.'s

parent's had not been informed before the search took place and exigent circumstances to justify a search were lacking. However, two teachers had independently told L.P's guidance counselor on the date of the marijuana incident that they noticed L.P. acting unusually in class and verified the "4-20" reference that occurred before the search. Nevertheless, B.K. that Principal Fabbo lied to the BOE regarding the extent of his role in this incident and the reason for the search.

5. Because of continual dissatisfaction with the BOE and Superintendent DeMarco, the Board directed its Affirmative Action Officer, Dr. Mamman to investigate B.K.'s complaints against Demarco to determine 1) if Fabbo discriminated against L.P. on the basis of his disability; 2) if Fabbo have inappropriate physical contact with L.P. and 3) if Fabbo subjected L.P. to an improper, unauthorized search.

6. Dr. Mamman interviewed eight employees, including the school nurse, guidance counselor, the theater teacher and others having personal knowledge of the incidents, plus Fabbo and L.P. Mamman determined that: Regarding possible discrimination in the removal of Fabbo had no role in changing L.P.'s schedule with the theatre class. Regarding inappropriate conduct toward L.P. Fabbo had only responded regarding the possible vaping or marijuana complaint to concerns expressed to him by the guidance counselor and two teachers. The search by the nurse checked L.P.'s eyes, tried to detect the odor of marijuana and assess his level of consciousness. Fabbo never touched L.P. although he touched his jacket. Accordingly, Dr. Mamman found no impropriety in any of Fabbo's conduct. After B.K. reviewed a summary of the investigation and complained it was not completely accurate, Superintendent DeMarco amended the report but did not modify the essential findings of no inappropriate behavior by Fabbo.

7. B.K. appealed Superintendent Demarco's findings and specifically complained on four counts: 1) Fabbo had L.P. removed from the drama class based on a false claim that L.P. had been a behavior problem for

years. 2) Fabbo inappropriately touched L.P. when he pretended to that he was going to "clunk" his head together with another student's. 3. The search incident was conducted in violation of various school policies. 4. The BOE erred in not disciplining Fabbo for his infractions; specifically B.K. Contended tenure charges should be preferred and Fabbo removed as principal. Like Superintendent DeMarco, the BOE disagreed with all of B.K.'s contention. They found Fabbo had nothing to do with L.P.'s removal from the theatre class and it was irrelevant he believed L.P. had a greater behavioral history than he in fact did. The BOE believed the incident of the pantomiming knocking the heads together was an attempt to engage the students and had to malicious notice. Finally Fabbo's conduct during the marijuana check at the nurse's office was completely appropriate and within his authority as principal. Also, much of B.K.'s evidence didn't complain so much as to what Fabbo did, but what Fabbo had said about his actions which was not always accurate.

8. The BOE could find no basis for any action against Principal Fabbo. They summarized that B.K.'s allegations "reflect a misunderstanding of a school principal and the broad discretion to act in what he/she considers, in their professional opinion to be the best interests of an individual student or the school as a whole..."

9. The current appeal to the State Commissioner repeats the same allegations against Fabbo, noting that the pantomime striking of the two student's heads together was an offensive touching of a student even though no harm was intended, citing BOE policy 3217. Further, Fabbo's conduct during the marijuana investigation did not comply with NJSA 18A:40A-12 and N.J.A.C.6A:16-4.3. She again seeks Fabbo's discipline including possible removal and asks that the BOE issue an apology for its conduct in these proceedings.

10. The overwhelming evidence based on the investigation conducted under the auspices of the school BOE and their Superintendent's report

is that: Fabbo did not interfere with the decision to remove L.P. from theatre class. Further, no harm was intended or done to L.P. with the pantomime incident; whether his behavior was appropriate on that point is a determination to be made at the sound discretion of the NJBOE. Similarly, the BOE is vested entirely with the authority to discipline its employees including a school principal over whether his conduct in investigating a possible drug incident based entirely on their judgment of whether his conduct was appropriate based on the circumstances. There certainly was no offensive touching by Fabbo when the nurse conducted the check for possible marijuana use and there is no evidence of any ill motive in Fabbo's behavior.

11. The BOE is vested entirely with the authority to discipline its employees including a school principal over whether his conduct in investigating a possible drug incident or similar incidents, and can be based entirely on the BOE's sole judgment of whether his conduct was appropriate based on the facts and circumstances as they determine. The petitioner does not argue the BOE abused its discretion. Rather, the petitioner asks that the Commissioner or the OAL substitute its judgement for the judgement of the BOE.

LEGAL ANALYSIS AND CONCLUSION OF LAW

The issue is whether petitioner has any cognizable right to seek from the BOE, the Commissioner of Education, or the Office of Administrative Law to discipline a school principal for perceived misdeeds. The answer must be a resounding "No!" Although I find that petitioner has not met its burden to withstand the motion for dismissal, in its allegations against respondent, in any event, the petitioner has failed to file a claim upon which relief may be lawfully granted.

As correctly stated by respondent, the local Board of Education is vested with the discretion to accept or reject tenure charges. Galante v. Board of Education of the City of North Arlington, Bergen County, OAL Docket No. 11479-06 (Final Decision August 21,

2008.) Further the Commissioner of Education may not impose other discipline such as suspension, or decrease of pay of a principal as demanded by petitioner. The legislature has vested that authority to make and enforce rules governing tenure terms of employment dismissal and discipline of its employees. It is untenable, if not impossible to accept as a working principal of governing school board business that an aggrieved parent could compel a Board of Education to discipline one of its principles or other employees. N.J.S.A. 18A:27-4 et. seq.

Petitioner also asks that the BOE be compelled to issue an apology for its actions. Quite apart that petitioner has not, and cannot, meet its burden of proof to warrant any such apology based on the manner in which it conducted the investigation that the petitioner herself demanded, such a decision to apologize is at the sound discretion of the BOE. There has not been given an iota of proof that the Boards actions in its failure to issue an apology was "patently arbitrary, without rational basis or induced by improper motives." Parsippany-Troy Hills Education Assoc. v. BOE of Parsippany-Troy Hills Twp., 188 N.J. Super, 161, 167 (App. Div. 1983).

Summary decision may be granted when the papers and discovery that have been filed show that there is no genuine issue as to any material fact challenged and the moving party is entitled to prevail as a matter of law. N.J.A.C. 1:1-12.5(b). No evidentiary hearing need be held if there are no disputed issues of material fact. Frank v. Ivy Club, 120 N.J. 73, 98, cert. denied, 498 U.S. 1073 (1991). "When the evidence is so one-sided that one party must prevail as a matter of law, the [tribunal] should not hesitate to grant summary [decision]." Della Vella v. Bureau of Homeowner Prot., New Home Warranty Program, CAF 17020-13, Initial Decision (March 31, 2014), adopted, Comm'r (May 12, 2014), http://njlaw.rutgers.edu/collections/oal/ (quoting Brill v. Guardian Life Ins. Co. of Am., 142 N.J. 520, 529 (1995)).

Further, the non-moving party has the burden "to make an affirmative demonstration . . . that the facts are not as the movant alleges." Spiotta v. William H. Wilson, Inc., 72 N.J. Super. 572, 581 (App. Div. 1962). This requirement, however, does not relieve the moving party from having to initially establish in its moving papers that there was no genuine issue of fact and that they were entitled to prevail as a matter of

law. It is the "movant's burden to exclude any reasonable doubt as to the existence of any genuine issue of fact." Conti v. Board of Education, 286 N.J. Super. 106 (App. Div. 1995) (quoting Judson v. Peoples Bank and Trust Co. of Westfield, 17 N.J. 67, 74 (1954)). Here the respondent has demonstrated there is no reasonable doubt as to the existence of any genuine issue of fact.

Accordingly, I **FIND** that petitioner has failed to state a claim upon which relief can be granted. This is sufficient to hold that respondent's motion to dismiss must be granted.

Accordingly, as petitioner has set forth no cause of action against respondent, this matter is ripe for summary decision.

ORDER

I hereby **ORDER** that respondent's motion to dismiss is **GRANTED**, and this matter is hereby **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Order on Emergent Relief

A.T., on behalf of minor children, K.T. and P.T.,

Petitioner,

v.

Board of Education of the Township of Sparta, Sussex County,

Respondent.

The record of this emergent matter, the sound recording of the proceedings at the Office of Administrative Law (OAL), and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed.

Upon such review, the Commissioner finds that the petitioner is entitled to emergent relief allowing the minor children to attend school in the Sparta Township School District during the pendency of the proceedings to preserve the continuity of their education as envisioned by *N.J.S.A.* 18A:38-1b(2).[1] If, however, it is determined that the petitioner is not domiciled in the District, she will be assessed tuition for the time period during which the minor children were ineligible to attend school in the District.

[1] This Order is limited to a determination that the minor children should be able to attend school in the District during the pendency of the proceedings. The Commissioner makes no determination as to the merits of the petition of appeal.

Accordingly, the recommended Order of the OAL, granting the petitioner's application for emergent relief, is adopted. This case shall continue at the OAL on an expedited basis in order to bring it to closure.

IT IS SO ORDERED.

Angelica Allen-McMillan, J.D.S.

ORDER ON EMERGENT RELIEF
OAL DKT. NO. EDU 00306-21
AGENCY DKT. NO. 2-1/21

A.T. ON BEHALF OF K.T. AND P.T.,
Petitioner,
v.
BOARD OF EDUCATION OF THE TOWNSHIP OF SPARTA,
Respondent.

George T. Daggett, Esq., for petitioner A.T. (Law Offices of George T. Daggett, attorneys)

Marc H. Zitomer, Esq., for respondent Board of Education of the Township of Sparta (Schenck, Price Smith & King, attorneys)

BEFORE **GAIL M. COOKSON**, ALJ:

Petitioner A.T. filed and perfected a Petition of Appeal with the Department of Education on or about January 6, 2021, from the determination of the Board of Education of the Township of Sparta (Sparta or District) dated November 20, 2020, that she and her family are not domiciled in the District and that her children cannot continue to attend its schools. The District also demanded tuition repayment for the period since January 3,

2020, in the amount of $31,124.54. On or about January 11, 2021, counsel for petitioner filed a Request for Emergent Relief.

The Department of Education Office of Controversies and Disputes transmitted the Petition and a Request for Emergent Relief to the Office of Administrative Law (OAL) on or about January 12, 2021. The matter was assigned to the undersigned for oral argument on the emergency request, which was held through Zoom technology, consistent with the OAL Covid-19 Emergency provisions, on January 15, 2021.

UNDISPUTED FACTS ON EMERGENT PETITION

1. Petitioner has two children of young ages both of whom were enrolled in Sparta school in September 2019. They remained in the District until on or about January 3, 2021.

2. P.T. is presently in first grade but is a child entitled to special education as diagnosed on the severe end of the autism spectrum. P.T. has an IEP issued by Sparta, that is not the subject of this dispute.

3. K.T. has been in preschool for last school year and the current one. He has had open heart surgery in the past but has not been designated as a child in need of special education, nor does it appear that there is a 504 Plan in place for him.

4. Petitioner and her husband purchased a home located in Sparta Township in or about August 2018. It appears that neither child was registered for school during the 2018-2019 school year.

5. The Sparta home has never been occupied by the family because it needed substantial improvements, some of which are to accommodate P.T.'s disabilities.

6. On or about September 19, 2019, the District granted petitioner's request to send her children to Sparta school until January 3, 2020, in accordance with its published policies:

> A nonresident student otherwise eligible for attendance whose parent or guardian anticipates school district residency and has entered a contract to buy, build, or rent a residence in this school district may be enrolled 120 days without payment of tuition for a period of time not greater than 120 days prior to the anticipated date of residency. If any such student does not become a resident of the school district within 120 days after admission to school, tuition will be charged for attendance commencing the beginning of the 121st day and until such time as the student becomes a resident or withdraws from school.
>
> [Certification of Patrick McQueeney, ¶¶ 5 and 6, Exhibits A and B (emphasis added).]

7. On November 20, 2020, the District determined, after an investigation and an opportunity for petitioner to be heard, that the family were not residents of Sparta entitled to a free education for their children. [Certification of Patrick McQueeney, ¶¶ 10-16, Exhibit F.]

8. Petitioner's counsel acknowledged receipt of the District's decision on November 23, 2020. [Certification of Patrick McQueeney, ¶ 18, Exhibit G.]

9. A Petition of Appeal was filed with the Office of Controversies and Disputes on January 6, 2021, and perfected for a small deficiency on January 8, 2021.

10. The Application for Emergent Relief with supporting Certification of petitioner was filed on January 11, 2021.

11. Petitioner and her family were not residing in the Sparta home on January 3, 2020, or since. They have continued to complete the renovations, which have been allegedly delayed due construction problems and "primarily, with the pandemic."[1] [Certification of A.T., ¶ 12.]

---

[1] There is no evidence at this point on the state of the home, the renovations, or the reasons for the two-year delay. With no one in the home, it does not make sense to say that Covid is the basis of the slowdown, but that issue will have to abide the plenary hearing.

12. To the extent petitioner has withdrawn her children from the District this month, it has been represented to be solely in response to the District's decision on residency, which she still appeals herein.

LEGAL DISCUSSION AND CONCLUSIONS OF LAW

For the reasons set forth on the record and after due consideration of the written submissions and oral argument received, I **CONCLUDE** that petitioner's request for emergent relief must be **GRANTED** but with conditions.

As a threshold matter, respondent raises the argument that petitioner has lost the right to "stay put" in the District pending the final determination of this case because she failed to file her Petition within twenty-one (21) days of the Board's decision on residency. Petitioner argues that even if that were true, which she denies based upon a letter advising the Department of her intent to file a Petition, she retains the right to seek emergent relief.

> Where the petition of appeal is filed within 21 days following a notice of ineligibility, the student may continue to attend school while the appeal is pending. After the 21-day period, the petitioner shall file a petition in accordance with N.J.A.C. 6A:3-1.3 and a motion for emergent relief pursuant to N.J.A.C. 6A:3-1.6. The petitioner must prevail on the motion for emergent relief in order for the student to continue to attend school while the appeal is pending.
>
> [N.J.A.C. 6A:3-8.1(f).]

Petitioner's counsel only sent an acknowledgement of receipt of the decision and failed to file any paperwork with the Office of Controversies and Disputes until well past the 21-day "stay put" deadline. Accordingly, I **CONCLUDE** that petitioner has lost the automatic stay put and can only remain in District if she carries her burden on this application of satisfying the requisite emergent relief standards. N.J.A.C. 6A:3-1.6(b). As set forth therein with reference to Crowe v. DeGoia, 90 N.J. 126 (1986), an

application for emergent relief will be granted only if it meets all four of the following and the judge determines that the balance of equities favors granting relief, to wit:

> 1. The petitioner will suffer irreparable harm if the requested relief is not granted;
>
> 2. The legal right underlying the petitioner's claim is settled;
>
> 3. The petitioner has a likelihood of prevailing on the merits of the underlying claim; and
>
> 4. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

The touchstone of emergent relief is whether irreparable harm will befall the petitioning party prior to the ability of the forum to hear the underlying merits of the due process petition. In residency disputes, the OAL is obligated to expedite the hearing on the merits so the delay between now and an Initial Decision shall not be long here. Petitioner asserts in her application that her sons will suffer irreparable harm if forced to leave the Sparta school system, and that she has a substantial likelihood of proving domicile in that District.

Respondent argues that petitioner cannot be granted this extraordinary relief in the form of a mandatory, unilateral out-of-district placement because the relief sought is not likely to succeed at a hearing on the merits, and at this emergency stage, cannot be supported. The District claims that petitioner cannot establish domicile in Sparta because the family has never lived in the still-uninhabitable house and certainly was not living there as of January 3, 2020, when the 120-day grace period expired.

I start with the factor of irreparable harm and am of the opinion that it might weigh in favor of the relief sought by petitioner on behalf of her two sons. Being removed from the District facilities in which they have participated might, on the basis of common sense, immediately impact the mental and/or emotional well-being of these children; however, they are not being deprived of an education but merely the geographic location of that education. Moreover, they are both very young and

presumably not deeply attached to this particular setting. Certainly, at this stage, I have no record evidence on the detrimental impact withdrawal from the District would have on either child.

Nevertheless, the right to a thorough and free education in the district of one's New Jersey domicile is well settled. A.M.S. ex rel. A.D.S. v. Bd. of Educ. of City of Margate, 409 N.J. Super. 149, 160-61 (App. Div. 2009). Therein, the court stated:

> N.J.A.C. 6A:22-2.1(b) requires school districts to adopt written policies and procedures related to student residency and to incorporate Department of Education (DOE) regulations pertaining to student residency into each district's policies and procedures. Moreover, in doing so, "a district board of education shall construe the provisions" of DOE regulations governing student residency "liberally so as to effectuate the right of students to a free public education." Ibid.

I also consider that the countervailing interest of the District is mostly monetary, as set forth in its Notice of Residency Hearing, wherein it expressed its opinion of the remittance due and owing in the amount of $31,124.54. Accordingly, if petitioner is incorrect on the law of domicile creating the right to have a free public education in Sparta from on and after January 3, 2020, this case will merely become one of an accruing debt to the District. Nevertheless, this factor cuts both ways insofar as petitioner is also free to pay the per diem cost for each child which would be reimbursed if they succeed on the merits case. Moreover, the Crowe factor of irreparable harm blends with the likelihood of success on the merits in this matter.

The factor of likelihood of success on the merits favors the District on the issue of domicile; but it favors petitioner on the issue of the District policy and its earlier position. With respect to the latter, I note that the policy referenced in the September 19, 2019, letter does not state that the affected child must be removed but only that tuition continues to accrue "commencing the beginning of the 121st day and until such time as the student becomes a resident or withdraws from school."

On the legal concept of domicile, I note preliminarily that the pleadings do not assert that petitioner has ever lived in her Sparta house and counsel conceded as much during oral argument. While much is made of the fact that "domicile" is not defined in the education laws, the applicable regulation does set forth in relevant part --

> A student is eligible to attend a school district if he or she is domiciled within the school district. . . A student is domiciled in the school district when his or her parent or guardian resides within the school district on an all-year-round basis for one year or more, notwithstanding the existence of a domicile elsewhere.
>
> [N.J.A.C. 6A:22-3.1(a)(4) (as amended 2013.]

As cited by respondent, the regulations had provided at the time of earlier decisions, e.g., K.L. v. Bd. of Educ., No. A-5671-07T1, 2010 N.J. Super. Unpub. LEXIS 11, at *9 (Super. Ct. App. Div. Jan. 4, 2010):

> A student is domiciled in the school district when he or she is living with a parent . . . whose permanent home is located within the school district. A home is permanent when the parent or guardian intends to return to it when absent and has no present intent of moving from it, notwithstanding the existence of homes or residences elsewhere.
>
> [N.J.A.C. 6A:22-3.1(a)(1).]

Petitioner has asserted that they intend to return to this home and have no present intent to move from it. Yet, neither party has apparently reviewed that regulation recently insofar as it has been amended and no longer encompasses the concept of "intent." 45 N.J.R. 1209(a) (May 20, 2013).

At this early stage, it would appear that petitioner will have difficulty meeting this definition. The home construction has apparently continued without completion for some large part of the two and one-half years since it was purchased by petitioner and her husband. This is not the case of temporary relocation away from one's abode due

to fire, storms or other natural disasters; although, her son's disability is certainly a legitimate factor. In fact, little is revealed as to what shape the house was in at the time of purchase, what plans are underway, and the progress on same. Accordingly, on this central concept, petitioner does not have a strong likelihood of success on the merits.

The other Crowe factors require the balance of equities and public interest. These must include the parent's interest in the continuity of her children's education, as well as her rights as a homeowner and taxpayer of Sparta; and also, the District's interest in consistently adhering to stated policies. As set forth above, however, those stated policies actually do not mandate an involuntary removal of the children. I **CONCLUDE** that the choice is up to the parents whether to withdraw or to incur continuing tuitions if it turns out that they cannot satisfy the requirements for a free public education in the District.

Accordingly, I **CONCLUDE** that petitioner's application for emergent relief must be granted, but conditioned upon the continued accrual of non-residential per diem charges pending the hearing on the merits. Those charges would be dismissed if she ultimately prevails. Until then, the choice and the assumption of that risk is up to her.

ORDER

It is hereby **ORDERED** that petitioner's application for emergent relief is and the same is hereby **GRANTED**, consistent with the decision above.

It is further **ORDERED** that the remaining issues in this matter will proceed to a plenary hearing, to be scheduled.

This order on application for emergency relief may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, who/which by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five days following the entry of this order. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** does not adopt, modify or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

34-21

New Jersey Commissioner of Education

Decision

Board of Education of the Borough of Lebanon, Hunterdon County,

Petitioner,

v.

Board of Education of the Township of Clinton, Hunterdon County,

Respondent.

Synopsis

Petitioner Lebanon Borough Board of Education filed a petition seeking a severance of the sending-receiving relationship with respondent Clinton Township Board of Education that provides for Lebanon's seventh and eighth grade students to be educated in Clinton Township. After the matter was transmitted to the Office of Administrative Law (OAL) as a contested case, the parties proposed a consent order in which Clinton Township agreed not to oppose the severance of the sending-receiving relationship. Specifically, the parties agreed that (1) for the 2021-22 school year, the rising seventh grade students would attend the Clinton-Glen Gardner School District, while the rising eighth grade students would remain in Clinton Township, and (2) for the 2022-23 school year, all Lebanon students in the seventh and eighth grades would attend the Clinton-Glen Gardner School District.

Upon review of the record, the Commissioner found, *inter alia*, that: *N.J.S.A.* 18A:38-8 allows for school districts at the elementary school level that do not have sufficient accommodations to send students to another school district as part of a sending-receiving relationship; pursuant to previous case law, the standards for evaluating requests for withdrawals from an elementary level sending-receiving contract are the same standards that are applicable at the high school level, set forth at *N.J.S.A.* 18A:38-13; prior to severance of a relationship, the Commissioner must consider public comment regarding the proposed severance and make an equitable determination that the proposed severance will have no substantial negative impact on the educational programs, finances, and racial composition of the districts. The Commissioner determined that the record establishes that there will be no substantial negative impact on the districts involved. Accordingly, the petitioning Board's application for severance of its sending-receiving relationship with Clinton Township was granted, subject to the establishment of a sending-receiving relationship with the Clinton-Glen Gardner School District for a minimum duration of five years.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

34-21

Agency Dkt. No. 216-8/19

New Jersey Commissioner of Education

Final Decision

Board of Education of the Borough of Lebanon, Hunterdon County,

Petitioner,

v.

Board of Education of the Township of Clinton, Hunterdon County,

Respondent.

In this matter, petitioner Lebanon Borough Board of Education filed a petition seeking a severance of the sending-receiving relationship with respondent Clinton Township Board of Education that provides for Lebanon's seventh and eighth grade students to be educated in Clinton Township.[1] After the matter was transmitted to the Office of Administrative Law (OAL) as a contested case, the parties proposed a consent order in which Clinton Township agreed not to oppose the severance of the sending-receiving relationship. Specifically, the parties agreed that (1) for the 2021-22 school year, the rising seventh grade students would attend the Clinton-Glen Gardner School District, while the rising eighth grade students would remain in Clinton Township, and (2) for the 2022-23 school year, all Lebanon students in the seventh and eighth grades would attend the Clinton-Glen Gardner School. The file was returned

[1] Lebanon proposes to enter into a sending-receiving relationship with the Clinton-Glen Gardner School District for its seventh and eighth grade students.

to the Commissioner so that it could proceed as an uncontested case and in compliance with the procedural requirements set forth in *N.J.A.C.* 6A:3-6.1.

The Commissioner received one comment opposing the severance of the sending-receiving relationship. The commenter argued that the caliber of education is better in Clinton Township than Clinton-Glen Gardner due to the depth of academic programming, social outreach, and sports opportunities. Furthermore, according to the commenter, Clinton-Glen Gardner will be unable to handle the surge of additional students that will result from two new housing units approved in the Town of Clinton and a new housing development in Lebanon. Financially, the commenter contends that severance will have no financial benefit to Lebanon residents, and there are concerns that the property value will decrease. Finally, the commenter argues that severance will have a racial impact because Clinton-Glen Gardner is less diverse than Clinton Township, which will have a detrimental effect on Lebanon's students.

In response, Lebanon maintains that there is no substantial negative educational, financial or racial impact resulting from severance of the sending-receiving relationship. The feasibility study found that both Clinton Township and Clinton-Glen Gardner offer full and appropriate academic programs for middle school students.[2] Additionally, the building has the capacity to accommodate the current and projected future seventh and eighth grade students from Lebanon. Lebanon argues that financially, the feasibility study demonstrates that severance would have a positive tax and property value impact on Lebanon, as it stands to save more than $600,000 over five years. Finally, Lebanon contends that any racial impact is *de minimis* as removing Lebanon students from Clinton would only decrease the minority population by .1%.

[2] Clinton Township submitted a response indicating that, although it has not opposed the petition for severance of the sending-receiving relationship, it objects to any suggestion that the quality of its middle school program is less than Clinton-Glen Gardner's.

Furthermore, Clinton-Glen Gardner is more diverse than Clinton Township, with a 26.1% minority population compared to Clinton Township's 17.5%.

The record of this matter has been reviewed, including the public comment, the feasibility study, and the parties' submissions. Pursuant to *N.J.S.A.* 18A:38-8, school districts at the elementary school level that do not have sufficient accommodations may send students to another school district as part of a sending-receiving relationship. In order to withdraw from a sending-receiving relationship, the Commissioner has determined that "the appropriate standards for evaluating requests for withdrawals at the elementary school level are the same standards which are applicable at the high school level." *Board of Education of the Township of Mine Hill, Morris County v. Board of Education of the Town of Dover, Morris County,* Commissioner's Decision No. 510-04, decided December 15, 2004, at 9, *aff'd* State Board May 4, 2005. The criteria for withdrawal from a sending-receiving relationship at the high school level is set forth at *N.J.S.A.* 18A:38-13, and establishes that prior to severance of a relationship, the Commissioner will make an equitable determination based on the circumstances, "including the educational and financial implications for the affected districts, the impact on the quality of education received by pupils, and the effect on the racial composition of the pupil population of the districts." If there is no substantial negative impact, the Commissioner will grant the requested severance. *N.J.S.A.* 18A:38-13.

Upon review, the Commissioner is satisfied that the record establishes that there will be no substantial negative impact upon severing the sending-receiving relationship between Lebanon and Clinton Township, and does not find the comment to be persuasive. The withdrawal of Lebanon students will save Lebanon significant funds, and the Clinton Township Board of Education – the party in the best position to demonstrate any potential negative impacts

on its district – does not oppose the severance. While Clinton-Glen Gardner has a smaller student population than Clinton Township, the Commissioner is convinced that the educational programs and opportunities offered at Clinton-Glen Gardner are appropriate for Lebanon's seventh and eighth grade students, and any racial impact will be *de minimis*. As such, the Commissioner finds that severance of the sending-receiving relationship will have no substantial, negative educational, financial, or racial impact on any of the three school districts.

Accordingly, Lebanon's application for severance of its sending-receiving relationship with Clinton Township is hereby granted, subject to the establishment of a sending-receiving relationship with the Clinton-Glen Gardner School District for a minimum duration of five years.[3]

IT IS SO ORDERED.[4]

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 01215-20
AGENCY DKT. NO. 13-1/20

M.B., ON BEHALF OF M.B., J.B. and A.B.,
Petitioner,
v.
BOROUGH OF CLEMENTON BOARD OF EDUCATION, CAMDEN COUNTY,
Respondent.

M.B. on behalf of minor children M.B., J.B. and A.B., petitioner, pro se

Emily E. Strawbridge, Esq., for respondent (Parker McCay, P.C., attorneys)

Record Closed: October 21, 2020 Decided: December 24, 2020

BEFORE **KATHLEEN M. CALEMMO,** ALJ:

STATEMENT OF THE CASE

Petitioner, M.B., on behalf of his minor children, M.B., J.B., and A.B., filed an appeal challenging the residency determination of respondent, Clementon Board of Education (Board), resulting in the removal of the children from the school district. In lieu of an Answer, the Board filed a motion to dismiss.

PROCEDURAL HISTORY

On December 4, 2019, respondent advised petitioner that his children were no longer authorized to attend school in the Clementon School District because of non-residency. On January 10, 2020, Petitioner filed his appeal with the Department of Education Bureau of Controversies and Disputes. On January 17, 2020, respondent filed a Motion to Dismiss in Lieu of Answer. Thereafter, the Department of Education transmitted the matter to the Office of Administrative Law (OAL) where it was filed on January 23, 2020, for a hearing as a contested case pursuant to N.J.S.A. 52:14B-1 et seq. and N.J.S.A. 52:14 F-1 et seq.

The first telephone conference was scheduled for February 13, 2020, but petitioner never confirmed receipt of notification. Another conference was scheduled for February 20, 2020, and petitioner did not dial in to participate in the telephone call. After the telephone call ended, petitioner's daughter contacted my assistant and provided an email address for her father. Using the new email address, a telephone conference was scheduled for February 28, 2020. M.B. participated and requested that his adult son, A.B., act as his translator. On behalf of his father, A.B. advised this tribunal that M.B. filed the appeal because his youngest daughter was in eighth grade and she did not want to leave her school in Clementon. However, now that the three children are attending school in Winslow Township, M.B. wanted to withdraw this appeal.

Immediately following the telephone conference, I sent a confirming email to the parties and invited M.B. to submit a letter withdrawing the appeal within ten days. When no withdraw or response to the monthly reminders were received, I scheduled the matter for a telephonic hearing on October 21, 2020. The petitioner failed to participate.

FACTUAL DISCUSSION

In his residency appeal, M.B. stated he purchased a home in Winslow Township in 2017 and relocated there with his children. For continuity, M.B wanted his children to continue to attend school in the Clementon School District. The information provided to

this tribunal during the February 28, 2020 telephone conference confirmed that M.B. enrolled his three children in Winslow Township School District.

Respondent confirmed that petitioner's children left the school district after the December 4, 2019, letter disenrolling the students. Respondent is seeking no further relief other than dismissal.

Accordingly, I **FIND** that petitioner received notice of his right to a hearing and participated in one telephone conference. I **FURTHER FIND** that Petitioner verbally notified this tribunal that his children were enrolled in Winslow Township School District and he no longer wished to pursue this appeal. Due to petitioner's failure to submit a letter of withdraw despite repeated reminders and notifications, I scheduled this matter for a telephonic hearing on October 21, 2020. In the notice, petitioner was advised that if he did not participate the file would be returned to the transmitting agency and the dismissal of the appeal requested by respondent would be granted. Therefore, I **FIND** that despite ample opportunity, petitioner failed to participate in the October 21, 2020, telephonic hearing.

LEGAL DISCUSSION AND CONCLUSIONS OF LAW

Public schools are required to provide a free education to individuals between the ages of five and twenty years who are domiciled within the school district. N.J.S.A. 18A:38-1(a). Domicile has been defined as the place where a person has his true, fixed, permanent home and principal establishment, and to which whenever he is absent, he has the intention of returning. State v. Benny, 20 N.J. 238, 250 (1955). The domicile of an unemancipated child is that of her parent, custodian or guardian. P.B.K. o/b/o minor child E.Y. v. Board of Ed. of Tenafly, 343 N.J. Super. 419, 427 (App. Div. 2001).

Where a local board determines that a child is not properly domiciled in its district, N.J.S.A. 18A:38-1(b)(2) provides a right of appeal to the parents as follows:

> The parent or guardian may contest the Board's decision before the Commissioner within 21 days of the date of the

> decision and shall be entitled to an expedited hearing before the Commissioner and shall have the burden of proof by a preponderance of the evidence that the child is eligible for a free education under the criteria listed in this section.

Petitioner notified this tribunal that he withdrew the petition because his three children were now attending Winslow Township School District. Thereafter, despite numerous opportunities, petitioner failed to send a written withdrawal and failed to participate in a telephonic hearing scheduled for October 21, 2020. In accordance with N.J.A.C. 1:1-14.4, if a party does not appear at any scheduled proceeding without explanation, the matter may be returned to the transmitting agency for appropriate disposition. Therefore, I **CONCLUDE** that this appeal is dismissed.

ORDER

It is hereby **ORDERED** that this appeal be **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Final Decision

In the Matter of the Suspension of the Teaching Certificates of Nicole Jacobsen Mesloh, Board of Trustees of Empowerment Academy Charter School, Inc., Hudson County.

The record of this matter has been reviewed. The Board of Trustees of Empowerment Academy Charter School filed a petition seeking the suspension of respondent Nicole Jacobsen Mesloh's teaching certificates pursuant to *N.J.S.A.* 18A:28-8 because she resigned without providing the Board with the requisite statutory notice. The Commissioner issued an Order to Show Cause on January 13, 2021, which the Board served on respondent on the same date. Respondent did not respond to the Order to Show Cause, other than to email the Department of Education on January 13, 2021 to state that she does not dispute the suspension of her teaching certificates. Accordingly, the Commissioner finds that the respondent's certificates should be suspended pursuant to *N.J.S.A.* 18A:28-8, and further finds that a one-year suspension of the respondent's certificates is the appropriate penalty.

Accordingly, the respondent's teaching certificates are suspended for a period of one year from the filing date of this decision, a copy of which shall be forwarded to the State Board of Examiners for implementation of the suspension.

IT IS SO ORDERED.[1]

New Jersey Commissioner of Education

Order on Emergent Relief

Francis Gavin,

Petitioner,

v.

Board of Education of the Township of Allamuchy, Warren County and Lisa Strutin,

Respondents.

The record of this emergent matter and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed. Upon such review, the Commissioner concurs with the ALJ that petitioner has failed to demonstrate entitlement to emergent relief pursuant to each of the standards enunciated in *Crowe v. DeGioia,* 90 *N.J.* 126 (1982), and codified at *N.J.A.C.* 6A:3-1.6.

Accordingly, the recommended Order of the OAL, denying petitioner's application for emergent relief, is adopted. This case shall continue at the OAL with such proceedings as the parties and the ALJ deem necessary to bring it to closure.

IT IS SO ORDERED.

FRANCIS GAVIN,

Petitioner,

v.

BOARD OF EDUCATION OF THE TOWNSHIP OF ALLAMUCHY, WARREN COUNTY AND LISA STRUTIN,

Respondents.

Francis Gavin, petitioner, pro se,

Eric L. Harrison, Esq., for respondents (Methfessel & Werbel, attorneys)

Record Closed: January 19, 2021 Decided: January 22, 2021

BEFORE **JULIO C. MOREJON**, ALJ:

STATEMENT OF THE CASE

Petitioner, Francis Gavin (Gavin) seeks an order by way of emergent relief, to vacate Respondent, Board of Education of the Township of Allamuchy's (Board), decision to appoint Respondent, Lisa Strutin (Strutin), to a vacant seat on the Board.

PROCEDURAL HISTORY

On January 13, 2021, Gavin filed a petition with the Commissioner of Education of the State of New Jersey (Commissioner), challenging the decision of the Board appointing Strutin to a vacant board position as ultra-virus. Along with the petition, Gavin simultaneously filed with the Commissioner an application for emergent relief seeking emergent relief pursuant to N.J.A.C. 6A-3-1.6. The matter was transferred to the Office of Administrative Law (OAL) and received at the OAL on January 13, 2021, as an emergent and contested matter.

On January 15, 2021, the Board and Strutin filed their opposition to Gavin's application for emergent relief. On January 19, 2021, the parties appeared remotely for oral argument. [1]

FACTUAL SUMMARY

The Board is a type II board of education pursuant to NJSA 18A:10-1 with nine members and governs the Allamuchy Township School District in Allamuchy Township, County of Warren and State of New Jersey. On September 9, 2020, William Cramer (Cramer) resigned as a member of the Board and a vacancy on the Board was created.

The Board then advertised on their district website the existence of the vacancy. The Board required anyone interested in being appointed to the vacant seat to file a written expression of interest and a resume by October 16, 2020. Gavin submitted to the Board Secretary a written expression of interest and resume on September 28, 2020.

On October 26, 2020, in a public session of a regular board meeting, the Board interviewed Gavin. After conducting the interview, the Board moved into a closed session. When the Board returned to public session, Strutin, the Board president, announced that the Board would not be filling the vacancy at that time. The Board did

[1] In accordance with Executive Order No. 103, signed by Governor Murphy on March 9, 2020, the OAL is conducting all its operations remotely, including, remote plenary, fair hearings, and emergency hearings.

not identify any other individuals who had expressed an interest in filling the vacant seat nor did the Board interview any other candidates for the seat.

Gavin argues, which the Board does not refute, that pursuant to NJSA 18A:12-15f, the Board by a majority vote of the remaining members of the board after a vacancy, is authorized to fill said vacancy. Gavin also argues without Board opposition that pursuant to NJSA 18A:12- 15a, the authority to fill a board vacancy shifts to the Warren County Executive Superintendent Rosalie Lamonte (Lamonte) if the vacancy has not been filled by the local board within 65 days following the occurrence of the vacancy. Gavin argues further that since the Board failed to fill the vacancy by November 13, 2020, a period of 65 days since the occurrence of the vacancy, the county superintendent is authorized by NJSA 18A:12- 15a to appoint a board member.

On November 14, 2020, Gavin wrote to Lamonte advising her that the 65-day time period within which the Board was authorized to fill the vacancy had elapsed and that he continued to be interested in the vacant seat. On November 17, 2020, Lamonte responded to Gavin in an email informing him that she had "... extended the timeline for the board to interview interested candidates and appoint someone until their December 21, 2020 meeting." Gavin argues that the Board records do not show that it discussed the extension to fill the vacant seat on the Board with Lamonte to after the December 21, 2020, Board meeting, or that Lamonte granted the Board said extension.

On November 20, 2020, in response to another inquiry from Gavin, Lamonte reversed her prior decision granting the Board until at least the December 21, 2020, Board meeting to fill the vacant Board position and informed Gavin that she would ask the Board to forward to her the resumes of individuals who had expressed an interest in the vacant board position. Lamont's email was copied to James Schlesinger, the Secretary of the Board regarding her decision of November 20, 2020.

On November 23, 2020, the Board convened remotely for a regularly scheduled board meeting. At this meeting Strutin resigned from her position as a member of the Board and President and expressed interest in the vacant position created by Cramer's

resignation. Strutin was a candidate for reelection at the November 2020 election but did not win reelection, and her term would conclude at the end of 2020.

The remaining Board members then went into executive session. When the Board returned to the public session the Board voted to appoint Strutin to fill Cramer's vacant board seat. Strutin was then sworn in as the replacement for Cramer and then the Board elected her as President of the Board.

Gavin argues that the Board's action was taken without public notice, as the agenda did not provide that the Board would consider Strutin to fill Cramer's vacant seat position, and before public comment was allowed regarding the same.

Following the Board's decision, on December 3, 2020, Lamonte, directed the Board to rescind the appointment of Strutin to the Board not later than the Board's next regularly scheduled board meeting. On December 10, 2020, the Board convened for a special meeting with an agenda of executive session to discuss potential litigation with the Department of Education and a personnel matter. The only action taken by the Board on December 10, 2020 was to appoint an acting superintendent. The regularly scheduled meeting noticed for December 21, 2020 was cancelled.

Gavin seeks a stay of the Board's appointment of Strutin to the Board pending resolution of this controversy. Gavin argues that such applications are governed by N.J.A.C. 6A:3-1.6 which requires an examination of the application in the context of the standards set forth in Crowe v. DeGioia, 90 N.J. 126 (1982).

The Board argues that Gavin's application does not seek a "stay" of the Board's decision, as the term "stay" is the delay of a proposed action. See Bouvier Law Dictionary (Desk Edition) (defining "stay" as "[a] halt to proceedings for a time or until a further order"). Instead, the Board argues, Gavin's emergent relief application requests an order affirmatively undoing the Board's prior action to approve Strutin to fill Cramer's board vacancy and appoint her as Board President. The Board further argues that Gavin has failed to satisfy the Crowe V. DeGioia standards needed to show entitlement to an emergent stay.

DISCUSSION

N.J.A.C. 6A:3-1.6(b) sets forth the standards governing motions for emergent relief. The regulation instructs in salient part:

> A motion for a stay or emergent relief shall be accompanied by a letter memorandum or brief which shall address the following standards be met for granting such relief pursuant to Crowe v. DeGioia, 90 N.J. 126 (1982):
>
> 1. The petitioner will suffer irreparable harm if the requested relief is not granted;
> 2. The legal right underlying petitioner's claim is settled;
> 3. The petitioner has the likelihood of prevailing on the merits of the underlying claim; and
> 4. When the equities and interests of the parties are balanced the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.
>
> [N.J.A.C. 6A:3-1.6(b).]

Turning to the first criteria, it is well settled that relief should not be granted except "when necessary to prevent irreparable harm." Crowe, 90 N.J. at 132. In this regard, harm is generally considered irreparable if it cannot be adequately redressed by monetary damages. Id. at 132-33. In other words, it has been described as "'substantial injury to a material degree coupled with the inadequacy of money damages.'" Judice's Sunshine Pontiac, Inc. v. General Motors Corp., 418 F. Supp. 1212, 1218 (D.N.J. 1976) (citation omitted). See New Jersey Dep't of Environmental Protection v. Circle Carting, Inc., 2004 N.J. AGEN LEXIS 968 (April 2, 2004) (finding no irreparable harm in connection with the revocation of respondent's solid waste license in that financial loss is generally insufficient to demonstrate this requirement). The moving party bears the burden of proving irreparable harm. More than a risk of irreparable harm must be demonstrated. Continental Group, Inc. v. Amoco Chemicals Corp., 614 F. 2d 351, 359 (D.N.J. 1980). The requisite for injunctive relief is a "clear showing of immediate irreparable injury," or a "'presently existing actual threat; (an injunction) may not be used simply to eliminate a

possibility of a remote future injury, or a future invasion of rights, be those rights protected by statute or by common law.'" Ibid. (citation omitted.)

In the instant matter, Gavin has not presented proof of "immediate irreparable injury" or a "presently existing actual threat". Gavin argues that since this matter does not involve monetary damages, the sole issue "is the integrity of a governmental process, a matter that is not reducible to monetary assessment." However, he fails to address how the Board's decision in appointing Strutin would result in irreparable harm to him or the public. Gavin's argument is insufficient to meet the standard for irreparable harm, particularly where it does not affect him personally. Further, by defining the "irreparable harm" he seeks to prevent as a threat to "the integrity of a governmental process," Gavin is reminded that this argument is alleged in his petition to have the Commissioner order the Board remove Strutin from her Board position, and forms the basis for the merits of his claim.

In the absence of compelling evidence that Board has not fulfilled its statutory obligations, or that Strutin is not satisfying her statutory obligations as a Board member then permitting her to remain on the Board to continue her work as a Board member would not cause irreparable harm to either Mr. Gavin or the students attending the Allamuchy School District.

CONCLUSION

I CONCLUDE that since Petitioner Gavin has failed to establish that he will suffer irreparable harm a discussion concerning the remaining criteria set forth in Crowe, 90 N.J. at 132, is not necessary.

For the foregoing reasons, I **CONCLUDE** that Petitioner Gavin has not demonstrated that he will suffer irreparable harm if the requested relief is not granted. Therefore, I **CONCLUDE** that Petitioner Gavin has not met the burden of proof that he is entitled to such relief in this emergent application.

ORDER

It is hereby **ORDERED** that Petitioner's request for a stay under N.J.A.C. 6A:3-1.6(b) of the Board's action appointing Strutin as a Board member is **DENIED.**

It is further **ORDERED** that this matter will proceed to a plenary hearing, to be scheduled.

This order on application for emergency relief may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, who/which by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five days following the entry of this order. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** does not adopt, modify or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

New Jersey Commissioner of Education

Final Decision

Stephen Kubricki,

Petitioner,

v.

Rachel Harper and Board of Education of the Township of Little Egg Harbor, Ocean County,

Respondent.

Synopsis

Pro se petitioner filed an appeal alleging that respondent, who serves as the Intervention and Referral Services Coordinator for the Little Egg Harbor Board of Education (LEHBOE), violated the Code of Ethics for School Board Members because she is also a member of the Board of the Pinelands Regional School District (PRSD), which shares a superintendent with LEHBOE. Petitioner asserted that respondent's position as a board member of PRSD while employed by LEHBOE represents a conflict of interest in violation of the School Ethics Act, *N.J.S.A.* 18A:12-24 (Act). Respondent filed a motion for summary decision, asserting that the Commissioner lacks jurisdiction over disputes of alleged violations of the Act, which are within the sole jurisdiction of the School Ethics Commission (SEC).

Upon review, the ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; petitioner argued that because of respondent Harper's employment with the LEHBOE, she cannot be permitted to serve as a board member of the PRSD since allowing her to hold both positions would be a violation of conflict of interest provisions of *N.J.S.A.* 18A:12-24; petitioner's filing alleged no other wrongdoings or improprieties on the part of Harper; while petitioner filed the within appeal with the New Jersey Department of Education, Office of Controversies and Disputes, violations of the Act are solely within the jurisdiction of the SEC, *N.J.A.C.* 6A:28-1.4(a); and any person seeking to have a school board member disciplined for misconduct under the Act must use the statutory mechanism set forth in *N.J.S.A.* 18A:12-29. Accordingly, the ALJ granted the respondent's motion for summary decision, and the matter was dismissed for lack of jurisdiction.

Upon review, the Commissioner, *inter alia*, concurred with the ALJ that the petition must be dismissed for lack of subject matter jurisdiction, for the reasons detailed in the Initial Decision. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

41-21

OAL Dkt. No. EDU 04613-20
Agency Dkt. No. 41-2/20

New Jersey Commissioner of Education

Final Decision

Stephen Kubricki,

Petitioner,

v.

Rachel Harper and Board of Education of the Township of Little Egg Harbor, Ocean County,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), and the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4 have been reviewed and considered.[1]

Respondent Rachel Harper is employed by respondent Little Egg Harbor Board of Education as its Intervention and Referral Services Coordinator. Petitioner in this matter alleges that it was a conflict of interest in violation of the School Ethics Act (Act) for Harper to be elected to and assume the duties of a member of the Pinelands Regional Board of Education, which shares a superintendent with Little Egg Harbor. The Administrative Law Judge granted respondents' motion for summary decision, concluding that violations of the Act are within the sole jurisdiction of the School Ethics Commission (Commission), and petitioner had not filed a complaint with the Commission.

[1] Respondents did not file a reply to petitioner's exceptions.

Petitioner filed exceptions to the portion of the Initial Decision stating that petitioner had failed to appear for a scheduled oral argument and argued that he had not received notice of this scheduled proceeding.

Upon review, the Commissioner concurs with the ALJ that the petition must be dismissed for lack of subject matter jurisdiction, for the reasons thoroughly detailed in the Initial Decision. Petitioner's exceptions do not contest any of the conclusions of the ALJ, and the question of whether petitioner received notice of the oral argument has no bearing on the legal conclusion that sole jurisdiction over alleged violations of the Act lies with the Commission.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter and the petition is hereby dismissed.

IT IS SO ORDERED.[2]

INITIAL DECISION
GRANTING MOTION FOR
SUMMARY DECISION
OAL DKT. NO. EDU 04613-20
AGENCY REF. NO. 41-2/20

STEPHEN KUBRICKI,
Petitioner,
v.
RACHEL HARPER, TOWNSHIP OF LITTLE EGG HARBOR BOARD OF EDUCATION, OCEAN COUNTY,
Respondent.

Stephen Kubricki, petitioner, pro se

Jared S. Schure, Esq., for respondent (Methfessel & Werbel, PC, attorneys)

Record Closed: December 9, 2020 Decided: December 30, 2020

BEFORE **DAVID M. FRITCH, ALJ**:

STATEMENT OF THE CASE

Petitioner filed a complaint with the New Jersey Department of Education's (NJDOE) Office of Controversies and Disputes (OCD) against respondent alleging violations of the School Ethics Code. Petitioner alleges that respondent, who serves as the Intervention & Referral Services Coordinator for the Little Egg Harbor School District (LEHSD) violated the Code of Ethics for School Board Members when she was elected to and assumed duties as a member of the Pinelands Regional Board of Education (PRBOE). Petitioner asserts that, because the Pinelands Regional School District (PRSD) and LEHSD share a superintendent, respondent's position on the Board of the PRBOE while being an employee of the LEHSD represents a conflict of interest in violation of the School Ethics Act (SEA), N.J.S.A. 18A:12-24. Respondent seeks dismissal of petitioner's action because OCD lacks jurisdiction over disputes of alleged violations of the SEA.

PROCEDURAL HISTORY

The matter stems from a complaint petitioner filed with the OCD on February 18, 2020. OCD transmitted the matter to the Office of Administrative Law (OAL) pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13, where it was filed on May 11, 2020, for determination as a contested case. A prehearing conference was held with the parties on October 14, 2020. At that conference, counsel for respondent indicated they wished to file a motion for summary decision to dismiss petitioner's complaint. Pursuant to a briefing schedule established with the parties, respondent's motion was received on October 22, 2020. Petitioner's response to respondent's motion was received on November 16, 2020. As petitioner requested oral argument on the motion, oral argument was scheduled to be held via teleconference on December 9, 2020. Notice of this oral argument was sent to the parties via email on December 1, 2020. At the scheduled date and time, respondent was on the teleconference bridge for the scheduled appearance, but petitioner failed to dial into the teleconference bridge. Following petitioner's non-appearance at the scheduled oral argument, the record closed.

FACTUAL DISCUSSION

As the following facts are undisputed, I **FIND** the following **FACTS**:

1. On or about February 18, 2020, petitioner filed a Pro Se Petition of Appeal with OCD. (Schure Cert. at Ex. A.)

2. Petitioner's petition set forth the following allegations:

   a. Respondent, Rachel Harper, serves as the Intervention and Referral Services Coordinator for the LEHSD.

   b. In November 2019, Harper was elected to the PRBOE and assumed her duties with the PRBOE in January 2020.

   c. Both the PRSD and LEHSD share a common superintendent.

3. The basis of petitioner's petition to OCD was that, because of Harper's employment with the LEHSD, she could not be permitted to serve as a board member of the PRBOE because allowing her to hold both positions would "be inconsistent with the 'Conflict of Interest' provisions of N.J.S.A. 18A:12-24."

4. Petitioner alleges that Harper cannot serve as an employee of the LEHSD, reporting to the shared superintendent of LEHSD and PRSD, while also serving as a board member of the PRBOE who exercises supervision over the shared superintendent in their capacity as superintendent of the PRSD.

5. Petitioner avers that Harper's serving as both an employee of the LEHSD and a board member of the PRBOE violates the provisions of N.J.S.A. 18A:12-24.

6. Petitioner's petition to OCD does not allege any other wrongdoing or improprieties regarding respondent.

LEGAL DISCUSSION

N.J.A.C. 1:1-15.5 provides that summary decision should be granted "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." This language is substantially similar to summary judgment under New Jersey Court Rule 4:46-2(c). Though not required to do so, the OAL uses the standards for summary judgment, as set forth by the New Jersey Supreme Court, as our standards for summary decision. "[S]ince there are pronounced similarities in the exercise of judicial and 'quasi-judicial' powers, . . . court fashioned doctrines for the handling of litigation do in fact have some genuine utility and relevance in administrative proceedings." City of Hackensack v. Winner, 82 N.J. 1, 29 (1980). It is recognized that the OAL performs many "quasi-judicial" or adjudicative functions and that, in doing so, "[j]udicial rules of procedure and practice are transferable to [the OAL] when these are conducive to ensuring fairness, independence, integrity, and efficiency in administrative adjudications." Matter of Tenure Hearing of Onorevole, 103 N.J. 548, 554-55 (1986).

Summary decision is granted if, after considering the evidence presented in the light most favorable to the non-moving party, there exists no genuine issue of material fact. Brill v. Guardian Life Ins. Co. of America, 142 N.J. 520, 523 (1995). The essential question is "whether the evidence presents a sufficient disagreement to require [a hearing] or whether it is so one sided that one party must prevail as a matter of law." Id. at 533. The Brill Court recognized that this necessarily involves the judge in the process of weighing the evidence presented. Id. When determining whether a genuine issue of material fact exists, "the court should be guided by the same evidentiary standard of proof . . . that would apply" at a hearing. Id. This weighing differs from the weighing the judge would perform after a hearing in that "on a motion for summary [decision] the court must grant all the favorable inferences to the non-movant." Id. at 536.

"When a motion for summary decision is made and supported, an adverse party in order to prevail must by responding affidavit set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding." N.J.A.C. 1:1-12.5(b). "If an adverse party does not so respond, a summary decision, if appropriate, shall be entered." Id. I **CONCLUDE** that, under the Brill standards, this matter is appropriate for summary disposition. The material facts, as set forth by the parties in their filings, are undisputed as they relate to respondent's challenge to OCD's jurisdiction over the allegations as stated in petitioners' petition of appeal. Accordingly, as there are no disputed material facts, the matter is ripe to be determined for summary decision.

Respondent seeks dismissal of petitioner's petition with the OCD because it alleges a violation of the SEA, and OCD lacks jurisdiction over disputes involving alleged violations of the SEA. (Resp. Br. at 7.) The SEA (N.J.S.A. 12:21 et seq.) is intended to ensure that the conduct of school officials holds the respect and confidence of the people. SEA defines "school officials" as school board members, school administrators, charter school trustees, charter school administrators, and New Jersey School Boards Association officers and professional staff. N.J.S.A. 18A:12-23 and 23.1. Through the SEA, the Legislature declared that school officials must avoid conduct which is in violation of their public trust or which creates a justifiable impression that the public trust is being violated. Fisher v. Hamilton, 2013 N.J. Super. Unpub. LEXIS at *11-12 (App. Div. July 12, 2013). Additionally, the Legislature determined that school administrators should "have the benefit of specific standards to guide their conduct and of some disciplinary mechanism to ensure the uniform maintenance of those standards among them." N.J.S.A. 18A:12-22(b). To accomplish its objectives, the Legislature established standards for conflicts of interest, N.J.S.A. 18A:12-24, and of ethical conduct, N.J.S.A. 18A:12-24.1, by which all school officials must abide. Among these standards, the SEA sets forth a Code of Ethics (N.J.S.A. 18A:12-24.1(a) through (j)), which applies to school board members and charter school trustees.

Because the OAL is not a court, but a tribunal designated to hear disputes transmitted from state agencies, it derives its jurisdiction from the transmitting agency.

Although "[t]he judge may render any ruling or order necessary to decide any matter presented to him or her which is within the jurisdiction of the transmitting agency conducting the hearing" N.J.A.C. 1:1-14.6, the OAL shall not "receive, hear or consider any pleadings, motion papers, or documents of any kind" relating to matters beyond its limited jurisdiction. N.J.A.C. 1:1-3.2.

Petitioner in this matter is contending that respondent's continued service as a member of the PRBOE is in violation of the SEA. (See Schure Cert. at Ex. A.) Petitioner, in his briefing, cited to numerous SEC advisory opinions in support of his position that respondent's conduct violates the SEA. (Pet. Br. at ¶¶ 2–4.) See also State of New Jersey, Department of Education, School Ethics Commission, Advisory Opinion A11-13, July 31, 2013 (advising school board member in joint services agreement with regional school district cannot be employed by regional school district sharing services or superintendent with a board of education where they are a member without violating N.J.A.C. 18A:12-24(c)). The basis of respondent's motion, however, is not on the merits of petitioner's claims under the SEA but rather whether this tribunal possesses jurisdiction to adjudicate them.

While this matter was filed with OCD, violations of the SEA are solely within the jurisdiction of the School Ethics Commission (SEC). N.J.A.C. 6A:28-1.4(a). Any person who seeks to have a school board member disciplined for misconduct under the SEA must use the statutory mechanism set forth in N.J.S.A. 18A:12-29. This includes submission of the complaint on a prescribed form; review of the complaint by the SEC which must decide whether probable cause exists to credit the allegations. N.J.S.A. 18A:12-29, N.J.A.C. 6A:28-6.2(a). If probable cause is found, the SEC refers the matter to the OAL for a hearing. N.J.S.A. 18A:12-29(b). In this case, the SEC has not had the opportunity to decide whether probable cause exists to credit petitioner's allegations and has not referred a case to the OAL because the matter was not filed with the SEC.

Petitioner filed this matter with OCD, and OCD referred the matter to the OAL. (See Schure Cert. at Ex. E.) Because violations of the SEA are solely within the

jurisdiction of the SEC, OCD lacks the subject matter jurisdiction to adjudicate petitioner's claims in this matter alleging Code of Ethics violations by respondent. Thomas Taylor v. Bd. of Educ. of the Borough of Washington, Warren County and Lance Rozsa, Superintendent, EDU 04803-12, Final Decision, (March 19, 2013) http://lawlibrary.rutgers.edu/oal/search.html. See also Bd. of Educ. v. Twp. Council of E. Brunswick, 48 N.J. 94, 102 (1966) ("Where the controversy does not arise under the school laws, it is outside the Commissioner's jurisdiction even though it may pertain to school personnel"); Ciripompa v. Bd. Of Educ. of the Borough of Bound Brook, EDU 00121-16, Final Decision, (November 7, 2016) http://lawlibrary.rutgers.edu/oal/search.html (allegations of violations of SEA by school board member is beyond jurisdiction of Commissioner of Education and must be filed with SEC).

Since this tribunal's jurisdiction is derived from the transmitting agency, the lack of jurisdiction of OCD to decide matters involving alleged violations of the SEA precludes this tribunal from exercising such jurisdiction in a case transmitted by OCD and not the SEC. Accordingly, I **CONCLUDE** that this tribunal lacks jurisdiction to determine whether Harper's alleged conduct as set forth in petitioner's appeal to OCD violates the SEA. Accordingly, I **CONCLUDE** that this matter, as filed with OCD, must be dismissed for lack of subject matter jurisdiction and respondent's motion for summary decision seeking to dismiss petitioner's pleading due to lack of subject matter jurisdiction should be **GRANTED**.

ORDER

It is therefore **ORDERED** that respondent's motion for summary decision is hereby **GRANTED**.

I hereby **FILE** my initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, who by law is authorized

to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES**, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500, marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

42-21

New Jersey Commissioner of Education

Final Decision

Stephen Kubricki,

Petitioner,

v.

John Bellone and Board of Education
of the Pinelands Regional School District,
Ocean County,

Respondent.

Synopsis

Pro se petitioner filed an appeal alleging that respondent, who serves as the Facilities Manager for the Pinelands Regional School District (PRSD), violated the Code of Ethics for School Board Members because he is also a member of the Board of the Little Egg Harbor Board of Education (LEHBOE), which shares a superintendent with PRSD. Petitioner asserted that respondent's position as a board member of LEHBOE while employed by PRSD represents a conflict of interest in violation of the School Ethics Act, *N.J.S.A.* 18A:12-24 (Act). Respondent filed a motion for summary decision, asserting that the Commissioner lacks jurisdiction over disputes of alleged violations of the Act, which are within the sole jurisdiction of the School Ethics Commission (SEC).

Upon review, the ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; petitioner argued that because of respondent Bellone's employment with the PRSD, he cannot be permitted to serve as a board member of the LEHBOE since allowing him to hold both positions would be a violation of conflict of interest provisions of *N.J.S.A.* 18A:12-24; petitioner's filing alleged no other wrongdoings or improprieties on the part of Bellone; while petitioner filed the within appeal with the New Jersey Department of Education, Office of Controversies and Disputes, violations of the Act are solely within the jurisdiction of the SEC, *N.J.A.C.* 6A:28-1.4(a); and any person seeking to have a school board member disciplined for misconduct under the Act must use the statutory mechanism set forth in *N.J.S.A.* 18A:12-29. Accordingly, the ALJ granted the respondent's motion for summary decision, and the matter was dismissed for lack of jurisdiction.

Upon review, the Commissioner, *inter alia*, concurred with the ALJ that the petition must be dismissed for lack of subject matter jurisdiction, for the reasons detailed in the Initial Decision. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

42-21

OAL Dkt. No. EDU 04612-20
Agency Dkt. No. 42-2/20

New Jersey Commissioner of Education

Final Decision

Stephen Kubricki,

Petitioner,

v.

John Bellone and Board of Education
of the Pinelands Regional School District,
Ocean County,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), and the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4 have been reviewed and considered.[1]

Respondent John Bellone is employed by respondent Pinelands Regional Board of Education as its Facilities Manager. Petitioner in this matter alleges that it was a conflict of interest in violation of the School Ethics Act (Act) for Bellone to be elected to and assume the duties of a member of the Little Egg Harbor Board of Education, which shares a superintendent with Pinelands Regional. The Administrative Law Judge granted respondents' motion for summary decision, concluding that violations of the Act are within the sole jurisdiction of the School Ethics Commission (Commission), and petitioner had not filed a complaint with the Commission.

Petitioner filed exceptions to the portion of the Initial Decision stating that petitioner had failed to appear for a scheduled oral argument and argued that he had not received notice of this scheduled proceeding.

[1] Respondents did not file a reply to petitioner's exceptions.

Upon review, the Commissioner concurs with the ALJ that the petition must be dismissed for lack of subject matter jurisdiction, for the reasons thoroughly detailed in the Initial Decision. Petitioner's exceptions do not contest any of the conclusions of the ALJ, and the question of whether petitioner received notice of the oral argument has no bearing on the legal conclusion that sole jurisdiction over alleged violations of the Act lies with the Commission.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter and the petition is hereby dismissed.

IT IS SO ORDERED.[2]

Angelica Allen-McMillan, J.d.D.

ACTING COMMISSIONER OF EDUCATION

Date of Decision: February 16, 2021
Date of Mailing: February 16, 2021

[2] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
GRANTING MOTION FOR
SUMMARY DECISION
OAL DKT. NO. EDU 04612-20
AGENCY REF. NO. 42-2/20

STEPHEN KUBRICKI,
Petitioner,
v.
JOHN BELLONE, PINELANDS REGIONAL SCHOOL DISTRICT BOARD OF EDUCATION, OCEAN COUNTY,
Respondent.

Stephen Kubricki, petitioner, pro se

Jared S. Schure, Esq., for respondent (Methfessel & Werbel, PC, attorneys)

Record Closed: December 9, 2020 Decided: December 30, 2020

BEFORE **DAVID M. FRITCH, ALJ**:

STATEMENT OF THE CASE

Petitioner filed a complaint with the New Jersey Department of Education's Office of Controversies and Disputes (OCD) against respondent alleging violations of the School Ethics Code. Petitioner alleges that respondent, who serves as the Facilities Manager for the Pinelands Regional School District (PRSD) violated the Code of Ethics for School Board Members because he is also a member and Vice President of the Little Egg Harbor Board of Education (LEHBOE). Petitioner asserts that, because the Pinelands Regional School District (PRSD) and Little Egg Harbor School District (LEHSD) share a superintendent, respondent's position on the Board of the LEHBOE while being an employee of the PRSD represents a conflict of interest in violation of the School Ethics Act (SEA), N.J.S.A. 18A:12-24. Respondent seeks dismissal of petitioner's action because OCD lacks jurisdiction over disputes of alleged violations of the SEA.

PROCEDURAL HISTORY

The matter stems from a complaint petitioner filed with the OCD on February 18, 2020. OCD transmitted the matter to the Office of Administrative Law (OAL) pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13, where it was filed on May 11, 2020, for determination as a contested case. A prehearing conference was held with the parties on October 14, 2020. At that conference, counsel for respondent indicated they wished to file a motion for summary decision to dismiss petitioner's complaint. Pursuant to a briefing schedule established with the parties, respondent's motion was received on October 22, 2020. Petitioner's response to respondent's motion was received on November 16, 2020. As petitioner requested oral argument on the motion, oral argument was scheduled to be held via teleconference on December 9, 2020. Notice of this oral argument was sent to the parties via email on December 1, 2020. At the scheduled date and time, respondent was on the teleconference bridge for the scheduled appearance, but petitioner failed to dial into the teleconference bridge. Following petitioner's non-appearance at the scheduled oral argument, the record closed.

FACTUAL DISCUSSION

As the following facts are undisputed, I **FIND** the following **FACTS**:

1. On or about February 18, 2020, petitioner filed a Pro Se Petition of Appeal with OCD. (Schure Cert. at Ex. A.)

2. Petitioner's petition set forth the following allegations:

   a. Respondent, John Bellone, serves as a member and Vice President of the LEHBOE.

   b. In April 2018, while serving as a member of the LEHBOE, respondent applied for and secured a position as Facilities Manager with the PRSD.

   c. Both the PRSD and LEHSD share a common superintendent.

3. The basis of petitioner's petition to OCD was that, because of Bellone's employment with the PRSD, he could not be permitted to serve as a board member of the LEHBOE because allowing him to hold both positions would "be inconsistent with the 'Conflict of Interest' provisions of N.J.S.A. 18A:12-24."

4. Petitioner alleges that Bellone cannot serve as an employee of the PRSD, reporting to the shared superintendent of LEHSD and PRSD, while also serving as a board member of the LEHBOE who exercises supervision over the shared superintendent in their capacity as superintendent of the LEHSD.

5. Petitioner avers that Bellone's serving as both an employee of the PRSD and a board member of the LEHBOE violates the provisions of N.J.S.A. 18A:12-24.

6. Petitioner's petition to OCD does not allege any other wrongdoing or improprieties regarding respondent.

LEGAL DISCUSSION

N.J.A.C. 1:1-15.5 provides that summary decision should be granted "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." This language is substantially similar to summary judgment under New Jersey Court Rule 4:46-2(c). Though not required to do so, the OAL uses the standards for summary judgment, as set forth by the New Jersey Supreme Court, as our standards for summary decision. "[S]ince there are pronounced similarities in the exercise of judicial and 'quasi-judicial' powers, . . . court fashioned doctrines for the handling of litigation do in fact have some genuine utility and relevance in administrative proceedings." City of Hackensack v. Winner, 82 N.J. 1, 29 (1980). It is recognized that the OAL performs many "quasi-judicial" or adjudicative functions and that, in doing so, "[j]udicial rules of procedure and practice are transferable to [the OAL] when these are conducive to ensuring fairness, independence, integrity, and efficiency in administrative adjudications." Matter of Tenure Hearing of Onorevole, 103 N.J. 548, 554-55 (1986).

Summary decision is granted if, after considering the evidence presented in the light most favorable to the non-moving party, there exists no genuine issue of material fact. Brill v. Guardian Life Ins. Co. of America, 142 N.J. 520, 523 (1995). The essential question is "whether the evidence presents a sufficient disagreement to require [a hearing] or whether it is so one sided that one party must prevail as a matter of law." Id. at 533. The Brill Court recognized that this necessarily involves the judge in the process of weighing the evidence presented. Id. When determining whether a genuine issue of material fact exists, "the court should be guided by the same evidentiary standard of proof . . . that would apply" at a hearing. Id. This weighing differs from the weighing the judge would perform after a hearing in that "on a motion for summary [decision] the court must grant all the favorable inferences to the non-movant." Id. at 536.

"When a motion for summary decision is made and supported, an adverse party in order to prevail must by responding affidavit set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding." N.J.A.C. 1:1-12.5(b). "If an adverse party does not so respond, a summary decision, if appropriate, shall be entered." Id. I **CONCLUDE** that, under the Brill standards, this matter is appropriate for summary disposition. The material facts, as set forth by the parties in their filings, are undisputed as they relate to respondent's challenge to OCD's jurisdiction over the allegations as stated in petitioners' petition of appeal. Accordingly, as there are no disputed material facts, the matter is ripe to be determined for summary decision.

Respondent seeks dismissal of petitioner's petition with the OCD because it alleges a violation of the SEA, and OCD lacks jurisdiction over disputes involving alleged violations of the SEA. (Resp. Br. at 7.) The SEA (N.J.S.A. 12:21 et seq.) is intended to ensure that the conduct of school officials holds the respect and confidence of the people. SEA defines "school officials" as school board members, school administrators, charter school trustees, charter school administrators, and New Jersey School Boards Association officers and professional staff. N.J.S.A. 18A:12-23 and 23.1. Through the SEA, the Legislature declared that school officials must avoid conduct which is in violation of their public trust or which creates a justifiable impression that the public trust is being violated. Fisher v. Hamilton, 2013 N.J. Super. Unpub. LEXIS at *11-12 (App. Div. July 12, 2013). Additionally, the Legislature determined that school administrators should "have the benefit of specific standards to guide their conduct and of some disciplinary mechanism to ensure the uniform maintenance of those standards among them." N.J.S.A. 18A:12-22(b). To accomplish its objectives, the Legislature established standards for conflicts of interest, N.J.S.A. 18A:12-24, and of ethical conduct, N.J.S.A. 18A:12-24.1, by which all school officials must abide. Among these standards, the SEA sets forth a Code of Ethics (N.J.S.A. 18A:12-24.1(a) through (j)), which applies to school board members and charter school trustees.

Because the OAL is not a court, but a tribunal designated to hear disputes transmitted from state agencies, it derives its jurisdiction from the transmitting agency.

Although "[t]he judge may render any ruling or order necessary to decide any matter presented to him or her which is within the jurisdiction of the transmitting agency conducting the hearing" N.J.A.C. 1:1-14.6, the OAL shall not "receive, hear or consider any pleadings, motion papers, or documents of any kind" relating to matters beyond its limited jurisdiction. N.J.A.C. 1:1-3.2.

Petitioner in this matter is contending that respondent's continued service as a member of the LEHBOE is in violation of the SEA. (See Schure Cert. at Ex. A.) Petitioner, in his briefing, cited to numerous SEC advisory opinions in support of his position that respondent's conduct violates the SEA. (Pet. Br. at ¶¶ 2–4.) See also State of New Jersey, Department of Education, School Ethics Commission, Advisory Opinion A11-13, July 31, 2013 (advising school board member in joint services agreement with regional school district cannot be employed by regional school district sharing services or superintendent with a board of education where they are a member without violating N.J.A.C. 18A:12-24(c)). The basis of respondent's motion, however, is not on the merits of petitioner's claims under the SEA but rather whether this tribunal possesses jurisdiction to adjudicate them.

While this matter was filed with OCD, violations of the SEA are solely within the jurisdiction of the School Ethics Commission (SEC). N.J.A.C. 6A:28-1.4(a). Any person who seeks to have a school board member disciplined for misconduct under the SEA must use the statutory mechanism set forth in N.J.S.A. 18A:12-29. This includes submission of the complaint on a prescribed form; review of the complaint by the SEC which must decide whether probable cause exists to credit the allegations. N.J.S.A. 18A:12-29, N.J.A.C. 6A:28-6.2(a). If probable cause is found, the SEC refers the matter to the OAL for a hearing. N.J.S.A. 18A:12-29(b). In this case, the SEC has not had the opportunity to decide whether probable cause exists to credit petitioner's allegations and has not referred a case to the OAL because the matter was not filed with the SEC.

Petitioner filed this matter with OCD, and OCD referred the matter to the OAL. (See Schure Cert. at Ex. E.) Because violations of the SEA are solely within the

jurisdiction of the SEC, OCD lacks the subject matter jurisdiction to adjudicate petitioner's claims in this matter alleging Code of Ethics violations by respondent. Thomas Taylor v. Bd. of Educ. of the Borough of Washington, Warren County and Lance Rozsa, Superintendent, EDU 04803-12, Final Decision, (March 19, 2013) http://lawlibrary.rutgers.edu/oal/search.html. See also Bd. of Educ. v. Twp. Council of E. Brunswick, 48 N.J. 94, 102 (1966) ("Where the controversy does not arise under the school laws, it is outside the Commissioner's jurisdiction even though it may pertain to school personnel"); Ciripompa v. Bd. Of Educ. of the Borough of Bound Brook, EDU 00121-16, Final Decision, (November 7, 2016) http://lawlibrary.rutgers.edu/oal/search.html (allegations of violations of SEA by school board member is beyond jurisdiction of Commissioner of Education and must be filed with SEC).

Since this tribunal's jurisdiction is derived from the transmitting agency, the lack of jurisdiction of OCD to decide matters involving alleged violations of the SEA precludes this tribunal from exercising such jurisdiction in a case transmitted by OCD and not the SEC. Accordingly, I **CONCLUDE** that this tribunal lacks jurisdiction to determine whether Bellone's alleged conduct as set forth in petitioner's appeal to OCD violates the SEA. Accordingly, I **CONCLUDE** that this matter, as filed with OCD, must be dismissed for lack of subject matter jurisdiction and respondent's motion for summary decision seeking to dismiss petitioner's pleading due to lack of subject matter jurisdiction should be **GRANTED**.

ORDER

It is therefore **ORDERED** that respondent's motion for summary decision is hereby **GRANTED**.

I hereby **FILE** my initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, who by law is authorized

to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES**, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500, marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Re: *M.M., on behalf of minor child v. Board of Education of the Township of Lafayette, Sussex County, Agency Dkt. No. 94-5/20, Commissioner Decision No. 253-20.*

Dear Parties,

I have reviewed the materials filed in connection with petitioner's Motion to Stay the November 5, 2020 decision dismissing the petition in this matter, pending appeal.[1]

Initially, *N.J.A.C.* 6A:3-1.15 requires a motion for a stay to be filed within 45 days of the Commissioner's decision. Accordingly, the deadline for petitioner's motion was December 21, 2020. As the motion was not filed until February 4, 2021, it is untimely and is therefore denied.

Furthermore, pursuant to *N.J.A.C.* 6A:3-1.6(b), a motion for stay is considered an extraordinary remedy that may only be issued upon a finding that appellant has met each prong of the four-pronged standard for the granting of interim relief set forth in *Crowe v. DeGioia*, 90 *N.J.* 126 (1982). Thus, a stay may be granted where necessary to prevent irreparable harm, where the legal right underlying the movant's claim is settled, where there is a likelihood of success on the merits and where the relative hardship to the moving party favors granting such relief. *Id.* at 132-134.

[1] Petitioner also filed a Motion for Emergent Relief, requesting that a decision regarding the Motion to Stay be issued as quickly as possible. That motion is rendered moot by this decision and is therefore denied.

Upon review of the parties' submissions, I find that appellant has failed to meet the standard required for a stay of the November 5, 2020 decision. Most notably, appellant has failed to establish a likelihood of success on the merits.

In the November 5, 2020 decision, the Acting Commissioner determined that petitioner's claim regarding the district's harassment, intimidation, and bullying (HIB) decision was not ripe for review. As was stated in the decision, the Acting Commissioner could not determine whether the board of education had acted in an arbitrary, capricious, or unreasonable manner – the standard provided for in HIB law – because the board had not yet issued a decision that could be reviewed. Furthermore, as stated in the November 5, 2020 decision, petitioner was not entitled to discovery of video recordings, nor to copies of them under New Jersey's Pupil Records Act. In her motion papers, petitioner generally reiterated the arguments previously made before the Acting Commissioner, which were fully considered before the November 5, 2020 decision was issued. As a result, petitioner has failed to demonstrate a likelihood of success on the merits.

In light of the fact that all of the *Crowe* prongs must be met in order for a stay to be granted, it is not necessary to analyze the three remaining factors. Accordingly, petitioner's request for a stay of the November 5, 2020 decision is hereby DENIED.[2]

Sincerely,

Angelica Allen-McMillan. Ed.D.

David M. Serlin, Esq., for respondent

Record Closed: January 7, 2021 Decided: January 11, 2021

BEFORE **JUDITH LIEBERMAN**, ALJ:

This matter was transmitted to the Office of Administrative Law on June 8, 2020, for determination as a contested case, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

The parties have agreed to a settlement and have prepared a Settlement Agreement and Release indicating the terms thereof, which is attached and fully incorporated herein. This Settlement Agreement and Release resolves all issues in dispute.

I have reviewed the record and the terms of settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures on the attached settlement agreement and the attached Board resolution.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and therefore **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

STATE OF NEW JERSEY
OFFICE OF ADMINISTRATIVE LAW

S.L. o/b/o minor child B.L. and C.H. o/b/o minor child D.H. Petitioners, v. Southampton Township Board of Education, Respondent.	:	Agency Ref. No. 90-5/20 Docket # EDU-05526-2020S **SETTLEMENT AGREEMENT AND RELEASE**

WHEREAS, during the 2019-20 school year, S.L., B.L., C.H., and D.H., ("Petitioners"), lived within the area served by the Southampton Board of Education ("District") and minors B.L. and D.H. were enrolled in public school within the District;

WHEREAS, a dispute arose as to certain disciplinary action Respondent took against B.L. and D.H., Petitioners filed a Complaint and with the State of New Jersey, Office of Administrative Law, and requested a hearing before the Commissioner of Education;

WHEREAS, Petitioners C.H. and D.H. also filed a Complaint with the United States Department of Education, alleging violations of the Family Educational Rights and Privacy Act ("FERPA"); and

WHEREAS, the Parties are desirous of resolving the issues raised by the Complaints, and have reached an amicable resolution thereby avoiding the time and expense associated with further litigation.

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the Parties agree as follows:

1. The District agrees to remove any from any of its records (paper, computer, or other format) the January 6, 2020 incident involving B.L. and D.H., including but not limited to disciplinary records. The District agrees to provide Petitioners and each student's high school with a copy of each student's records so as to confirm the removal of said incident.

2. Petitioners agree to withdraw the FERPA Complaint within the United States Department Education, currently assigned tracking no. 20-0251.

3. Petitioners release and waive any and all other claims which they, whether individually, separately, jointly and/or on behalf of B.L. and D.H. asserted or could have asserted against the District, collectively and individually, its past and present members, agents, employees, administrators, officers, attorneys, their successors, heirs and assigns, including but not limited to claims under any federal, state or local law, statute or regulation or ordinance, referring or relating to B.L. and D.H.'s allegation that the District improperly acted with regard to the January 6, 2020 incident.

4. This Agreement represents the entire understanding between the Parties and will not be modified in whole or in part except by a mutual subsequent written and signed agreement. The parties acknowledge and agree that they have entered into this Agreement freely, willingly and voluntarily, without duress or coercion, and that they fully understand its terms and conditions.

5. This Agreement shall be governed by the laws of the State of New Jersey.

6. Nothing herein shall act or serve as an admission by either party that their positions and/or claims regarding the within matter were anything less than legitimate and valid.

IN WITNESS WHEREOF, the Parties have hereunto set their hands and seals the date and year set forth below.

NEW JERSEY DEPARTMENT OF EDUCATION
BUREAU OF CONTROVERSIES AND DISPUTES

IN THE MATTER OF THE TENURE HEARING OF:

BOARD OF EDUCATION OF THE CITY OF NEWARK

Petitioner

and

ADAM DiPAOLO

OPINION AND AWARD

Respondent

Agency Docket No. 223-8/1

Before
James W. Mastriani
Arbitrator

Appearances:

For the Petitioner:
Fiona E. Cousland, Esq.
Riker Danzig Scherer
Hyland & Perretti, LLP

For the Respondent:
Colin M. Lynch, Esq.
Zazzali, Fagella, Nowak,
Kleinbaum & Friedman

This matter concerns a tenure charge of inefficiency filed by the Board of Education of the City of Newark [the "Petitioner"] against tenured teacher Adam DiPaolo [the "Respondent"]. This charge is governed by the Teacher Effectiveness and Accountability for the Children of New Jersey Act ["TEACHNJ"; "Act"]. N.J.S.A. 18A:6-11 and N.J.A.C. 6A:3-5.1. The statute provides that where a teacher has received annual summative evaluations of "partially effective" or "ineffective" in two consecutive years, the teacher shall be subject to a charge of inefficiency. As discussed below, DiPaolo received a rating of "partially effective" for the 2016-2017 school year, "partially effective" for the 2017-2018 school year, and "ineffective" for the 2018-2019 school year. The Board filed the tenure charge at issue with the Commissioner of Education on or about August 26, 2019. On September 6, 2019, Respondent filed an Answer seeking dismissal of the tenure charges. On or about September 13, 2019, the Commissioner referred the matter to arbitration and, pursuant to the Act, I was appointed to serve as arbitrator on September 13, 2019.

On November 15, 2019, Respondent filed a motion before me to dismiss the charges or to compel the Board to answer interrogatories, arguing that the Petitioner had "effectively abandoned its obligation to provide any meaningful information whatsoever." The Board responded in opposition, denying that it had failed to respond to the interrogatories as required by the Act. The parties agreed in the interim to go forward with the first previously scheduled hearing date on November 25, 2019 without prejudice to either party's position and ability to

present evidence on the motion. After each party submitted a brief in support of its position, I issued an interim decision on the Respondent's motion on December 20, 2019. That decision held that the charges would not be dismissed for failure to provide adequate responses to the Respondent's interrogatories, but required the Petitioner to respond more fully to several of the interrogatories. The District complied with this order, as reflected in the completed record discussed below.

The parties submitted testimony and substantial documentary evidence during seven hearing days held on November 25, 2019, June 24, and June 25, 2020, and September 14, 15, 16, and 18, 2020. The State of Emergency in response to the pandemic caused several cancellations of scheduled hearing dates for various related reasons causing delay in the completion of the record and the need for extensions of time. Testimony was received from the District witnesses Vice Principal Elzira Prophete, Vice Principal Dr. Shana Burnett, Vice Principal Stephanie Vargas, and Principal Havier Nazario. The Respondent testified on his own behalf.

BACKGROUND

Adam DiPaolo was hired by the District in 2005. He holds a teaching certificate earned in 2003 and could "teach pretty much anything K through eight." From his date of hire until the end of the 2016-2017 school year, DiPaolo taught at the South Street School. There he received "effective" evaluations in every year until the years at issue in this case. DiPaolo taught Kindergarten, which he

described as his "dream," until approximately 2012. From 2012 through 2016, DiPaolo taught 5th grade math and science at South Street School, and was partnered with Carmela Fariola, an English Language Arts (ELA) and Social Studies teacher. According to DiPaolo, he had an excellent working relationship with Fariola.

DiPaolo testified that shortly prior to the 2016-2017 school year, there were many changes at South Street. Among these changes was the retirement of his supervisor, Principal Grey, with whom DiPaolo testified he had a good working relationship. Havier Nazario became the new principal at South Street in June, 2016. Around this time, DiPaolo was reassigned to teach a "self-contained" fourth grade. Self-contained is understood to mean that students do not rotate between teachers for different subjects, and are taught their subjects by the same teacher.

Vice Principal Elzira Prophete testified on behalf of the District. She was assigned to the South Street School in the 2015-2016 school year. In the 2016-2017 school year, she was assigned to observe and evaluate DiPaolo. Evaluations in the District are done in accordance with the Newark Board of Education Teacher Evaluation Framework for Effective Teaching (Framework). The Framework was developed by the Board in accordance with the Act in order to evaluate employees and provide them with a "roadmap" for improvement where necessary. The Framework contains five categories referred to as "Competencies": Competency 1 is "Lesson Design and Focus"; Competency 2 is "Rigor and

Inclusiveness"; Competency 3 is "Culture of Achievement"; Competency 4 is "Student Progress Towards Mastery"; Competency 5 is "Commitment to Personal and Collective Excellence."

Each Competency is broken into subcategories known as "Indicators." Indicators are used to evaluate a teacher's competence in both a one-time observation and also over the course of a school year. An exception is for the Indicators in Competency 5 which do not apply to specific observations. The Indicators evaluated in each competency are:

- Competency 1: Lesson Design and Focus
    - In one lesson:
        - 1a. Lesson Sequence. Individual, standards-aligned lessons build on previous lessons and on students' prior knowledge
        - 1b. Lesson Components. Lesson components are standards-aligned and move students toward mastery of an objective that is aligned to essential understandings in the standards.
        - 1c. Pacing and Momentum. Teacher maximizes learning time.
        - 1d. Clarity. Teacher clearly and accurately communicates content and instructions.
    - Over the course of the year
        - 1e. Coherent Planning. Lesson plans are also standards-based, grade-level appropriate, and reflect work toward annual student achievement goals. Lesson plans are, when applicable, collaboratively developed with other staff who will be helping to implement the lesson plan

        - 1f. Progression of Instruction. Lesson Objectives fit into a larger, coherent sequence that leads to student mastery of the appropriate standards.

- Competency 2: Rigor and Inclusiveness
    - In one lesson
        - 2a. Tailored Instruction. Teacher tailors instruction to move all students toward mastery
        - 2b. Questions and Tasks. Questions and tasks ensure student comprehension and ask for application, analysis and/or synthesis
        - 2c. Teacher anticipates and responds to student reactions and misunderstanding by adjusting instructional strategies.
        - 2d. Precision and Evidence. Teacher and students require precision and evidence in tasks and responses.
    - Over the course of the year:
        - 2e. Revisions. Student Work includes revisions based on teacher and peer feedback, especially revised explanations and justifications to demonstrate student movement toward mastery.
        - 2f. Depth of Knowledge. Lesson objectives, tasks and materials require students to demonstrate the following skills: recall and reproduction; basic application of concepts; strategic thinking; and extended thinking
- Competency 3: Culture of Achievement
    - In one lesson:
        - 3a. Enthusiasm for Learning. Students express satisfaction in solving problems and mastering new material
        - 3b. Persistence. Students show persistence in confronting demanding concepts and tasks
        - 3c. Community. Classroom norms promote positive and productive teacher-student and student-student relationships.
        - 3d. Attention. Teacher's strategies and routines capture and maintain student attention on learning.
    - Over the course of the year

        - 3e. High Expectations. The teacher fosters a classroom culture that is consistently one of high expectations and hard work and the teacher models excellence.
        - 3f. Peer Accountability. Students hold themselves and their peers accountable for learning and supporting the culture of the classroom.

- Competency 4: Student Progress Toward Mastery
    - In one lesson:
        - 4a. Checks for understanding. Teacher consistently checks for understanding.
        - 4b. Feedback. Teacher and students give and receive timely, specific, and constructive feedback.
        - 4c. Demonstration of Learning. Students know more at the end of the lesson than they did at the start.
    - Over the course of the year:
        - 4d. Using Data. Teacher tracks assessment data to understand each student's progress toward mastery and uses results to guide planning and instruction.
        - 4e. Understanding of Growth. Teacher can articulate specifically (and with evidence) whether or not each student has internalized grade-level standards and, if not, what s/he still needs to learn
        - 4f. Progress towards goals. Data reflect that students are mastering the objectives of the focus areas, leading toward mastery of grade-level standards.
- Competency 5: Commitment to Personal and Collective Excellence
    - Over the course of the year:
        - 5a. Commitment to continuous improvement. Teacher accurately self-assesses strengths and substantive growth areas, seeks and incorporates feedback from others, and pursues his or her own growth and development.
        - 5b. Collaboration. Teacher contributes ideas and experience to further colleagues' and the school's growth and incorporates productive insights into his or her own instruction.

- 5c. Communication of student progress. Teacher communicates student progress clearly and consistently to students, families, and school leaders.
- 5d. Attendance and promptness. Teacher is present and prompt, and attendance reflects his or her focus on student learning as a priority.

Each indicator is scored as either Highly Effective (4 points), Effective (3 points), Partially Effective (2 points), or Ineffective (1 point). The Framework describes these scores as follows:

- Highly Effective: A Highly Effective teacher ensures exceptional rates of student growth. Such classrooms consist of a community of learners, with highly motivated and engaged students who assume considerable responsibility for their own learning. Highly Effective teachers have the knowledge, skills, and capacity to serve as models for other teachers. This performance level is reserved for teachers who are truly exceptional in their practice.
- Effective: An Effective teacher consistently [emphasis in original] meets the expectations set forth by the Framework. Effective teachers have a broad repertoire of strategies and activities to ensure students achieve mastery. Years of experience are not, in and of themselves, an indicator of effectiveness. Students grow in effective teachers' classes.
- Partially Effective: A Partially Effective teacher may meet some expectations articulated in the Framework, but either does not meet all expectations or is inconsistent in meeting these expectations. Typically there are clear areas where the teacher might improve his or her practice to achieve effectiveness. Partially Effective performance should not denote meeting expectations.
- Ineffective. An Ineffective teacher is not meeting expectations for teaching in NPS. There are several clear areas where the teacher must improve his or her practice to achieve effectiveness. In some instances, performance that Ineffective level represents teaching that is below the licensing standard of "do no harm." Immediate improvement is required for teachers at the Ineffective level to remain in NPS.

The total number of points obtained in each of the competencies is used to calculate the overall numerical observation rating. When calculating mid-year and annual summative evaluations, the same point structure is applied to both "in one lesson" and "over the course of the year" indicators, and Competency 5 is also assessed.

At outset of the school year, teachers develop a set of goals based on the Framework in coordination with their supervisor. If a teacher has received a "Highly Effective" or "Effective" rating in the previous year's annual summative review, the teacher then creates an Individualized Professional Development Plan (IPDP). If the teacher received a "Partially Effective" or "Ineffective," a more rigorous document is created known as a Corrective Action Plan (CAP). The IPDP and CAP are similar in structure and purpose. However, the CAP includes additional information to help guide the teacher's progress for the upcoming year, as well as to set a benchmark for future evaluations. In this case, Respondent was subject to a CAP during 2017-2018 and 2018-2019 due to having received "Partially Effective" ratings.

Prophete and DiPaolo coordinated prior to the 2016-2017 school year at South Street to draft DiPaolo's IPDP. His IPDP identified baseline student proficiencies and set target goals. Prophete testified that while she and DiPaolo worked together to formulate the IPDP, only DiPaolo had access to the computer program used to input the information. DiPaolo testified that he used general,

school-wide information in order to generate his 2016-2017 IPDP, because his class's composition had not yet been finalized. He believes that the data entered in his IPDP, particularly with respect to the Partnership for Assessment of Readiness for College and Careers (PARCC) standard, was supplied by Prophete.

A teacher with an IPDP must have a formal announced classroom observation, as well as a formal unannounced observation, during the course of the school year. A teacher with a CAP must have an additional formal announced classroom observation. A formal announced classroom observation entails a pre-observation meeting between the teacher and the evaluator to discuss the goals for the lesson. An unannounced observation is not discussed between the participants beforehand, but is still scored in accordance with the Framework, and weighed in the mid-year and annual summative evaluations. In addition, Prophete testified, there are also often various informal "walkthroughs," where observers enter the teacher's classroom, but do not necessarily document their experiences. Nevertheless, mid-year and annual summative evaluations include the totality of the evaluator's experience in the teacher's classroom, including informal observations both documented and undocumented.

Prophete conducted a 40-minute formal announced classroom observation on December 15, 2016. The observation evaluation form has fields for "Evidence-based strengths" and "Evidence-based Growth Areas" for each of the first four Competencies. Prophete evaluated DiPaolo as "Partially Effective" overall.

Prophete identified some of DiPaolo's strengths, such as, for example, Indicator 1b: Lesson Components. She complimented his ability to "balance the responsibility of each learner while balancing the workload among learners." She also identified several areas that DiPaolo should improve, such as, for example, Indicator 2a: Tailored Instruction. She stated that "there was no evidence of activities tailored to support varied learning styles or abilities...During this lesson no students were called to review the lesson or provided manipulatives or instructional tools." Prophete testified that DiPaolo needed to improve his ability to connect the individual lesson's goal to a longer-term, more overarching goal for the students. She also testified that DiPaolo "didn't use enough support materials," specifically the display of anchor charts throughout the classroom. Anchor charts are visual references that students can look at to help them learn. Finally, Prophete noted that DiPaolo tended to ask questions of students but was inattentive to correcting their answers, or sometimes provided the answer himself when they were incorrect.

DiPaolo's mid-year review for the 2016-2017 school year, as completed by Prophete, appears in the record. DiPaolo received an overall "Partially Effective" rating, based on the formal evaluation discussed above, as well as informal walkthroughs completed on December 13, 2016, January 20, 2017, and January 23, 2017. Prophete evaluated DiPaolo's various strengths and weaknesses, which aligned with her documentation of his formal observation. She reiterated that he had to organize information for students more clearly, and pay more attention to

tailoring his instruction to individual student needs. The mid-year assessment also included an objective component, comparing student performance scores against DiPaolo's documented goals. According to Prophete's testimony, this area showed modest student growth.

DiPaolo disagreed with Prophete's "Partially Effective" rating, especially against the backdrop of having received only "Effective" annual summative evaluations in the preceding school years. He also testified that he had had a similar situation with Prophete several years earlier, in which she had rated him "Partially Effective" by a narrow margin. According to DiPaolo, that result was overturned and his rating was revised to "Effective." He also noted that because he had not taught 4th Grade before, he did not have a collection of anchor charts at his disposal, and believed that the critique that he did not consistently post anchor charts was arbitrary and unfair. Prophete testified that she was unaware of whether DiPaolo offered a rebuttal to her evaluation. DiPaolo testified, however, that he had requested Prophete to revisit his classroom subsequent to his evaluation, but that she did not do so.

After receiving a "Partially Effective" rating, DiPaolo reached out to Principal Havier Nazario to request a different evaluator going forward. Nazario testified that DiPaolo "expressed a lot of dissatisfaction with his midyear rating with the process and the actual rating itself." Nazario testified that he himself had conducted many informal walkthroughs of DiPaolo's classroom throughout the

year, and that Prophete's rating was consistent with his own observations of DiPaolo's performance. DiPaolo testified, however, that Nazario's visits to his classroom, although frequent, were cursory. In response to DiPaolo's request, Nazario assigned Rhonda Williamson-Greene, another Vice Principal at South Street School, to complete DiPaolo's second formal evaluation of the year. In addition, Nazario modeled a lesson for DiPaolo.

Williamson-Green completed DiPaolo's unannounced formal observation for the 2016-2017 school year on June 9, 2017. The observation focused on Competency 2. Her rating was overall "partially effective." She identified DiPaolo's strength as Indicator 2b: Questions and Tasks, and noted that DiPaolo "asked targeted questions...his insistence on each student recognizing and then restating the question helped them to solidify their answers." She also identified areas for him to improve, for example, Indicator 2c, where she noted that the "teacher does not recognize misunderstanding or rarely adjusts instructional strategies based on student reactions." She wrote that DiPaolo was not attentive to all of the students in the class, and some of them were off-task and not redirected. In summary, she wrote, "Mr. DiPaolo has great enthusiasm when teaching in his classroom. Most of his students are thoroughly engaged in his teaching. Mr. DiPaolo needs to remember to engage all of his students in the work that goes on in his classroom and to use all modalities of learning."

DiPaolo requested that Williamson-Green return to his classroom to conduct another evaluation. She did, unannounced, on June 16, 2017. She observed the class for 15 minutes, focusing again on Competency 2. This time, she found that DiPaolo's strengths included Indicators 2a and 2b, which she rated as "Effective." She identified Indicator 2d as an area requiring improvement. Her overall rating for this observation was "Effective."

DiPaolo's annual evaluation for 2016-2017 appears in the record. It is dated 6/15/17, although testimony on the record indicates that this is the date that the record was opened, not necessarily the date that the annual evaluation was finalized. Prophete, who completed and submitted the evaluation, testified that the evaluation took into consideration the totality of the administration's observations of DiPaolo, including Williamson-Green's June 16, 2017 evaluation discussed above, as well as informal, undocumented evaluations. DiPaolo's annual rating was "Partially Effective." He received an "Effective" in Competency 1, receiving praise for his lesson design, pacing, and planning. However, Indicator 1d: Clarity, was ranked "Partially Effective" because "verbal and visual resources fail to effectively lead students to understand concepts. When misunderstandings occur, the teacher will at times continue with the lesson or re-explain in the same way rather than provide an effective alternative explanations [sic] or strategies." In addition, Indicator 1f: Progression of Instruction was rated "Partially Effective" because DiPaolo was not observed adjusting instructional strategies on the basis of "students' current levels of performance." In Competency 2, DiPaolo received

a "Partially Effective" with most Indicators rated "Partially Effective." In Competency 3, DiPaolo received an "Effective" rating, with particular praise for his attitude and the engagement of his students. However, Indicator 3b: Persistence was discussed at length and ranked "Partially Effective," with reference made to how DiPaolo had not sufficiently adjusted to the mid-year criticism of the placement of his anchor charts. In Competency 4, DiPaolo was rated "Partially Effective," with criticism directed at his failure to adequately track and use data to tailor his teaching strategies to the students' needs. The evaluation notes that DiPaolo's students did not meet the objective testing goals that he had set for them in his IPDP. Prophete testified that his students did not meet their goals for the PARCC assessment, nor the SRI assessment which is used to determine reading level. DiPaolo was rated "Effective" for Competency 5, indicating that DiPaolo was punctual, professionally engaged, and collegial. It also noted that DiPaolo's use of sick days resulted in him "falling slightly below the district and states [sic] mandate for attendance."

In total, DiPaolo received 10 out of a possible 19 points in his annual evaluation. This indicated "Partially Effective" performance for the school year. In "Preliminary Professional Growth Areas," which Prophete testified is a field in the evaluation intended to assist teachers to improve in the following year, Prophete wrote the following:

> I strongly suggest that Mr. DiPaolo seeks professional development focused on alternative strategies to support students when they are

struggling and PD that will support tailoring instruction through differentiation in ELA and Math.

Provide helpful and positive suggestions when students are unable to answer questions rather than simply providing the answer to students.

Mr. DiPaolo must engage learners in tailored activities to support varied learning styles and abilities within his class. I strongly suggest that the teacher utilizes the Math in Focus Reteach resource book as well as scaffold instruction to reflect the needs of students during small group instruction. I also suggest that the teacher provides learners with graphic organizer [sic] to support them during writing tasks during their first draft.

It is important that Mr. DiPaolo monitors and adjusts his instructional pacing as well as the instructional needs of the learners by scaffolding instructional tasks.

I strongly suggest that the teacher incorporates opportunities that will engage students' lessons that will provide opportunities for them to take part in extended learning experiences integrating all core contents areas for learning focused on culminating activities.

Make certain that all materials are displayed in an organized manner. The teacher must make certain that the learning environment is organized in which students have access to materials, resources, technology and teacher-created anchor charts for instructional purposes. The teacher must post anchor [charts] in an organized manner around the classroom.

DiPaolo testified that he faced various challenges during that school year that negatively impacted his performance in a way that was overlooked by the administration in determining his rating for the year. He stated that there were an unusually large number of students that could not speak English at all, and that there were students with Individual Education Plans (IEP). In his view, this negatively affected his ability to make sure that these students were meeting their objective testing goals in ELA. He testified that he did not receive adequate

support from the administration to teach students who don't speak English, especially because he does not speak Portuguese, and is not credentialed to teach ESL. He stated that he received language support from a teacher named Ms. Almeda, but only from the months of October through February, and then only sporadically.

During the 2016-2017 school year, the South Street School was in the process of transitioning from an old building to a new building. During that year, the new building was still under construction. Instruction in the new building began in the 2017-2018 school year. At some point during the second half of the 2016-2017 school year, Nazario informed DiPaolo that he would not be transferring to the new building and would have to find a new school to work at. Nazario testified that because of a change in the programming at the new school, he told DiPaolo that "the real only opportunity that he had to remain at South Street School with us and move to the new South is if he had additional certifications or endorsements." Specifically, Nazario was looking for bilingual teachers, and DiPaolo did not speak Portuguese or Spanish. He told DiPaolo that if he could obtain a certification in Special Education, he might be able to transfer, but this was not possible. DiPaolo testified that he was "heartbroken" because he had taught at South Street for 15 years and felt he was "part of the community."

That summer, DiPaolo applied to approximately 20-25 schools through a District program called Talent Match. He was ultimately placed in the Rafael

Hernandez school for the 2017-2018 school year. DiPaolo's initial placement was as a support, push-in/pull-out instructor, but his assignment was switched to 4th Grade science the day before the school year started. His supervisor and evaluator for that school year was Vice Principal Stephanie Vargas, who helped him formulate his CAP for that year, which was first finalized in October, 2017. It was later revised by DiPaolo in February, 2018. Vargas testified that teachers sometimes revise their goals if they feel it would be "impossible to meet" them. The CAP in evidence reflects DiPaolo's revised goals.

DiPaolo's CAP identified two student goals and two professional growth areas. For each of his student goals, he indicated that he expected 9 of his 19 students to achieve a 65% or better score on applicable standardized testing at the end of the year. For his professional growth areas, he selected Competency 1a: lesson sequence and Competency 3c: community.

Vargas testified that as part of duties as Vice Principal she continuously visited teacher classrooms, including DiPaolo's, in an informal capacity. She characterized this as "conduct[ing] rounds." These visits were especially emphasized in the beginning of the school year, when teachers are still getting acclimated. Vargas testified that she had a meeting with DiPaolo at some point in the beginning of the school year, where they discussed his prior year's performance and how he had not had a good experience with his evaluators. Vargas expressed that she was "very sympathetic to that," that she would give him

"the benefit of the doubt," and that she would make sure that she "was going to help him as much as I can."

Vargas conducted her first formal observation of DiPaolo on October 11, 2017, which was unannounced. Initially, she noted that there was "no posted objective visible," and that DiPaolo stated the lesson's objective verbally. She identified several strengths of DiPaolo's, including Competency 1d, which she graded "effective," and commented that "content and instructions are communicated clearly and accurately...as a result, students were able to understand the text as well as the assignment they will be working on." She also found him "effective" in Competency 2c, and noted that he "quickly recognizes misunderstanding(s) and employs effective strategies to reach most students." DiPaolo received "partially effective" or "ineffective" ratings in Competencies 1a, 1b, 1c, 2a, 2b, 2d, 3a, 3b, 3c, 4a, and 4b, each of which were explained with a paragraph of text. For example, Vargas noted with respect to Competency 3c: community (an area identified as a growth area in DiPaolo's CAP)

> Teacher sometimes uses positive, productive language. Classroom values and norms are inconsistently reinforced. Mr. DiPaolo praised students with positive language and awarded student with candy when responded correctly...However, classroom norms were not always followed by the class. Students responded in incomplete sentences. Thus impacting the culture of the class. Mr. DiPaolo needs to ensure students are engaged in their learning and follow through with expectations.

In other competencies, Vargas observed that "checks for understanding occur only sometimes or may not be aligned with the objective," and "teacher feedback is

academically focused and appropriate, but is not tailored to the unique needs of each student or is often teacher directed." Vargas testified that "Mr. DiPaolo was asking low level questions" and that "the students were not given the opportunity to answer and we did not see evidence of the entire classroom being able to show mastery toward objective." She also testified that DiPaolo did not address incorrect responses, and did not correct students when they answered in incomplete sentences. Vargas concluded her observation with identified "action steps" for DiPaolo, including (under Competency 1a) "provide students with a posted objective and have students connect the lesson to previous and future learning goals" and (under Competency 1b) "use a timer to keep students on task." DiPaolo's overall rating for the first evaluation was "partially effective."

Vargas testified that following her first evaluation, she offered to co-plan and execute a lesson with DiPaolo, but that "there were numerous reasons why he said he couldn't do that with me." She stated that he cited not wanting to use his prep time and not wanting to come in early or leave late as reasons for why they didn't end up employing this strategy.

Vargas conducted a follow-up informal observation on November 27, 2017. While such informal evaluations are not always documented, this one was. Vargas stated that the purpose of this evaluation was to give the teacher feedback, and that he was certainly aware of it, because each time an evaluation is filed, the teacher receives an automated email allowing them to view it. In her informal

evaluation, Vargas again emphasized that DiPaolo should have the lesson objective posted and should connect the lesson with previous and future learning.

DiPaolo's next evaluation was conducted by Vargas on December 1, 2017; this evaluation was a formal, announced evaluation. Vargas and DiPaolo first met on November 28, 2017 to discuss the lesson. She testified that at this conference, she "suggested based on his CAP goal that he should connect the lesson to the previous learning." They formulated the lesson plan together. DiPaolo again received a "partially effective" rating, with a mixture of positive and negative observations. Vargas identified Competency 2b:questions and tasks as a strength for DiPaolo, because "questions and tasks often ensure student comprehension as well [as] some application, analysis and synthesis." Also, she noted that DiPaolo clearly posted a lesson objective, which had been a weakness for him in previous evaluations. Similarly, DiPaolo performed well in Competencies 3a, 3c, and 3d. In competency 3c: community (a professional growth area in DiPaolo's CAP), Vargas observed that

> Teacher and students often use positive, productive language and promote classroom values and norms. Students worked cooperatively within their group. When it was time to transition, Mr. DiPaolo use '1,2,3, eyes on me' to get students to quiet down and focus on him. Mr. DiPaolo used school wide Sharky system to reward students for good responses. As a result, students were on task and there were no discipline issues.

However, DiPaolo also received significant criticism, much of which carried over from his previous evaluations. For example, in competency 1a: lesson sequence,

DiPaolo received a "partially effective," with the comment that "students did not connect lesson to future learning or unit objectives." In competency 2c: responsiveness, Vargas stated:

> Teacher sometimes recognizes student misunderstanding(s) and adjusts instructional strategy. Adjustments are somewhat effective. Teacher was cognizant of misconceptions when asking students question...Mr. DiPaolo consistently questioned to address misconceptions when discussing. However, when students were writing responses he did not clarify misconceptions. Students had mistakes such as writing simply...Moving forward, Mr. DiPaolo should use the same questioning strategies he uses with students during discussion to address misconceptions on written work.

DiPaolo received "partially effective" or "ineffective" in competencies 1a, 1b, 1c, 1d, 2a, 2c, 2d, 3b, 4b, and 4c. Vargas summarized her evaluation: "it is evident Mr. DiPaolo has worked on maintaining classroom norms and procedures. It is noted his ratings have improved in Competency 3 since his last formal evaluation. Students were attentive and engaged with their work. He should ensure to focus on areas we spoke about in the first observation of 1a. Lesson sequence, 1b. Lesson Components, and 1c, Pacing and Momentum." Each competency received a paragraph of detailed explanation in the evaluation.

DiPaolo's mid-year evaluation was overall rated as "ineffective." He received "partially effective" ratings in competencies 1-3, as well as 5, and "ineffective" in competency 4. The mid-year evaluation is very long and detailed, but addresses similar themes to prior evaluations completed by Vargas. Vargas identified several areas where DiPaolo fell short in her testimony at hearing. She

testified that "there were numerous times when either the lesson objective was missing or connection to the previous and future learning goals were not evident." She also took issue with DiPaolo's lesson organization and time management. While Vargas noted that DiPaolo showed some improvement in competency 3c: community, which DiPaolo had identified as a professional growth area in his CAP, she also stated that "overall," community remained an area within which DiPaolo needed to grow and improve. This included "making sure that the teacher is giving students...rigorous work" and "making sure that the classroom norms and routine are...followed." She testified that "there was no evidence" that DiPaolo had posted anchor charts. Of particular importance to Vargas was that DiPaolo was "not on track to make the goals" he had set out in his CAP. She stated that "zero percent of the students mastered" the second of two objective goals he had set forth in his CAP, even though his CAP required at least nine students to do so. She also noted that DiPaolo "did not make specific progress" towards his CAP professional growth goals in competencies 1a: lesson and sequence and 3c: community. In summary, Vargas testified that she gave DiPaolo an "ineffective" overall evaluation because "competency 4 weigh[ed] heavily."

In the second half of the year, Vargas continued to informally evaluate DiPaolo, but he received his formal, documented evaluation from Aprel King, another Vice Principal at Rafael Hernandez school at the time. King did not testify. Vargas stated that King was brought in to evaluate DiPaolo "because you never want a teacher to feel like they are targeted." King's evaluation, on March 22, 2018,

was overall "partially effective." King noted that DiPaolo used a timer for the lesson, which had been an issue previously identified that year by Vargas. However, also consistent with previous evaluations, King observed that DiPaolo did not effectively connect his lesson to larger unit goals, which negatively affected his Competency 1a score. Additionally, King wrote that "questions and tasks are not challenging or teacher does not ask questions" and "Mr. DiPaolo said to students at the beginning of the lesson 'so basically all you have to do is take the quiz.'"

Vargas completed DiPaolo's annual summative evaluation on April 6, 2018, after he received the required three formal evaluations (2 from Vargas, 1 from King). Vargas testified she completed the annual summative evaluation so early in the school year because all teachers who have CAP must have a summative evaluation by May 15 of that year, and that all three of the required evaluations had been completed. Vargas rated DiPaolo "partially effective" for the 2017-2018 school year based on the totality of her formal and informal evaluations, as well as the formal evaluation completed by King.

DiPaolo testified at length about his experience at Rafael Hernandez School in the 2017-2018 school year. He explained that he discovered, around the second or third day of the school year, that Rafael Hernandez had an "Election to Work Agreement" (EWA). A school with an EWA has a longer workday schedule than other schools in the District, with increased pay, but staff are not forced to work the longer hours but may elect to do so. DiPaolo testified that he "couldn't sign it,"

because of personal circumstances that were out of his control. He stated that he believed that he was one of "maybe one or maybe two of the only teachers in that school that didn't sign it." He identified this as a potential problem because he felt like the other teachers and staff might see him as a "slacker."

DiPaolo also testified with respect to "the composition of his class" in the 2017-2018 school year. He had a significant number of students with IEPs, which he estimated to be "more than half" of his class. At the time he submitted his CAP, he did not know the number of children he would be teaching that had IEPs. He testified that this substantially increased the difficulty of his job because "more students really need more individual help." He detailed several instances of serious conflict that arose between his students because of behavioral issues.

DiPaolo testified that he was "taken aback" by the October 11, 2017 evaluation completed by Vargas rating him "partially effective." In his opinion, the evaluation was overly harsh because "I was just getting my footing...it was October 11. I think we were in school maybe five weeks tops." He also didn't believe that the evaluation took into account the challenges presented by his new class.

He also took issue with the November 27, 2017 evaluation completed by Vargas. That evaluation was completed on the day after a return from Thanksgiving break, and "the children...want to share their week with you. They want to talk about who had turkey, who didn't, you know, and it's just a tough day

to get going that early." Similarly, he disputed Vargas's December 1, 2017 formal evaluation that resulted in his receiving a "partially effective." He testified:

> I have two thoughts about this observation that come to mind. One, was before this observation, I had shared with Ms. Gois and Ms. Vargas that my wife was diagnosed with breast cancer...and I was struggling with that. As well as with, you know, the children in my class with the IEPs and the extended workday and everything that came with that was going on...It was too important of a year being on a CAP and I didn't want that to be held against me. So I did my best to come in and not only that, this observation was an announced observation that I prepared for more than I probably ever prepared for an observation. I mean, you know, I had it down. And, you know, without going through the entire observation and reading it, which I hope, you know, everyone does, I'm working with live animals. With a class full of children that are IEP or special needs and it was an incredible class....These children learned more in that lesson than sometimes you could ask for in a week...I mean, I rolled out the carpet I felt for Ms. Vargas that day and just to...shine. And when I came back to read it, I just couldn't believe that, you know, such a lesson in my mind and my children's reactions and learning that I saw that day could be written up in a manner that was partially effective.

DiPaolo received his annual summative evaluation on April 6, 2018, well before the school year ended on or about June 25 of that year. He testified that he believed that this was unfair because he still had a significant period of time left in the school year to try and adjust his performance. He also noted that the composition of his class had changed significantly since he had set his objective student growth goals in his CAP: "the nine out of 19 had changed tremendously that I no longer had the 19. The same 19, if not more...I'm not even sure who those nine students exactly were that were supposed to show mastery."

At the end of the 2017-2018 school year, DiPaolo was informed that if he did not sign the EWA for the 2018-2019 school year, he could not continue to teach at Rafael Hernandez. He made attempts to apply to other schools in the District, but was not selected. On or about August 28, 2018, near to the beginning of the 2018-2019 school year, DiPaolo received written notice that he was being transferred to South 17th Street School as an elementary school teacher, but without a grade assignment. He arrived the following day, but was informed by the principal that they hadn't received notice of his transfer there and that they didn't have a space for him. The day after that, he was told by Yolanda Mendez[1] to report back to Rafael Hernandez School. As before, Rafael Hernandez did not have a teaching position open for him. Although DiPaolo testified that he was "fuzzy" on the specifics of the different assignments he received in this short period of time, he stated that "I was sent to at least three or four different schools." Eventually, the day before the beginning of the school year for the students, DiPaolo was assigned to teach at Cleveland Elementary School. When he arrived, Principal Erskine Glover did not expect him either, but ultimately assigned him to team-teach with a teacher named Mr. Powell, who was slated to retire in October, 2018.

DiPaolo co-taught fifth grade with Powell until Powell's retirement in October. Although Cleveland Elementary also had an EWA, DiPaolo did not sign it either, although he agreed with Glover to arrive to work at 8 AM, earlier than the District-

[1] Mendez did not testify and her position is not clear on the record.

wide contract mandated. DiPaolo was not compensated extra for this time, even though he would have been if he were working under the terms of the EWA. After Powell departed, DiPaolo took full responsibility for the class assignment for the rest of the school year.

Because he had received a "partially effective" annual summative rating for the previous school year, DiPaolo was again placed on a CAP for the 2018-2019 school year. Vice Principal Dr. Shana Burnett worked with DiPaolo to develop this CAP. DiPaolo and Burnett met on September 27, 2018 to formulate the CAP. The CAP identified goals for student performance, including the requirement that 35% of his students would pass the standardized test PARCC, and that students would "demonstrate a 45% growth on the Inspired Science Assessments." The CAP also identified professional growth areas in each of the competencies: 1d: clarity; 2d: precision and evidence; 3e: high expectations; 4d: using data; and, 5b: collaboration. Each of these professional growth areas had multiple "action steps" attached, including "I will use peer observations" and "I will use anchor charts!" It also identified specific metrics and processes for assessing his progress in each area. The CAP was finalized on October 12, 2018.

Burnett completed her first formal evaluation of DiPaolo on October 22, 2018, which was unannounced. Not all of the competencies were addressed in the evaluation, but Burnett testified that unannounced evaluations do not require all of the competencies to be assessed and only announced evaluations require

that. Burnett's evaluation only identified growth areas for DiPaolo, and no strengths were observed. Among the growth areas identified were competencies 2a: tailored instruction, 3a: enthusiasm for learning, and 4a: checks for understanding. Each competency received a detailed description of what was observed as well as an assessment of Mr. DiPaolo's performance. Comments included: "Mr. DiPaolo's feedback is not tailored to the unique needs of each student and is often teacher-directed" and "No lesson plans were provided for the lesson observed." Burnett assigned DiPaolo to follow up with a math coach to "refine his practices," and requested that he read "Teach Like a Champion," which contains strategies for teaching improvement. DiPaolo received an "ineffective."

DiPaolo testified that "there were definitely some things in [the evaluation] that I felt I did great and there were definitely some things in here that I could have improved on." He added his belief that students with IEPs or behavioral problems affected his rating.

Burnett and DiPaolo met on January 8, 2019 for a pre-observation conference, and his second formal (announced) observation was conducted on January 11. This evaluation, which was overall "partially effective," touched on each of the competencies, and identified both strengths and growth areas. Detailed information was provided in each of the fields. Burnett's mid-year evaluation mainly restated the points she addressed in each of her formal evaluations, and addressed competency 5, as well. Burnett wrote that "Mr.

DiPaolo does not accurately self-assess substantive growth areas, nor does he incorporate feedback from others timely…he is very defensive when conversations are held with him around was [sic] to improve his teacher practices." DiPaolo testified that he disagreed with Burnett's assessment, especially with respect to his defensiveness. Burnett's overall mid-year evaluation was "ineffective."

Principal Erskine Glover performed two evaluations of DiPaolo in the second half of the 2018-2019 school year. Glover did not testify, but the evaluations he performed appear in the record. The first, conducted on March 6, 2019, was an informal, unannounced evaluation with an overall "partially effective" rating. Glover emphasized that DiPaolo was not systematic enough in tracking his students' growth, but stated "I am willing to review aggressive monitoring sheets on a weekly basis so that I can support you with scaffolding the work and plan for upcoming lessons." Glover also wrote that he expected improvement in the organization of DiPaolo's classroom and materials. Glover's May 10, 2019 formal evaluation of DiPaolo was also "partially effective." Glover focused on a mismatch between DiPaolo's submitted lesson plans and the lesson that was taught on that day. He also evaluated each of the competencies, and identified several in which DiPaolo had to demonstrate growth.

Burnett completed DiPaolo's final annual summative evaluation for the 2018-2019 school year. She rated him "ineffective" overall, and provided a very detailed review of all documented evaluations throughout that school year,

including Glover's May 10, 2019 formal evaluation. DiPaolo testified that he was not informed of Glover's May 10, 2019 evaluation until after he received his final summative evaluation for the year, and was not given an opportunity to review it or sign it until May 14.

DISCUSSION

Pursuant to N.J.S.A. 18A:6-10, "[n]o person shall be dismissed or reduced in compensation ... if he is or shall be under tenure of office, position or employment during good behavior and efficiency in the public school system of the state ... except for inefficiency, incapacity, unbecoming conduct, or other just cause." Tenure charges concerning teaching inefficiency are governed by the Teacher Effectiveness and Accountability for the Children of New Jersey Act (TEACHNJ). TEACHNJ states that tenure charges be brought against a tenured teacher who receives two consecutive annual summative evaluations of "partially effective." When charges are brought, they are arbitrable but with a limited scope of review. The statute explicitly provides the standard of review in TEACHNJ arbitrations:

> a. In the event that the matter before the arbitrator pursuant to section 22 of this act is employee inefficiency pursuant to section 25 of this act, in rendering a decision the arbitrator shall only consider whether or not:
>
> (1) The employee's evaluation failed to adhere substantially to the evaluation process, including, but not limited to providing a corrective action plan;
>
> (2) There is a mistake of fact in the evaluation;

(3) The charges would not have been brought but for considerations of political affiliation, nepotism, union activity, discrimination as prohibited by state or federal law, or other conduct prohibited by state or federal law; or

(4) The district's actions were arbitrary and capricious.

b. In the event that the employee is able to demonstrate that any of the provisions of paragraphs (1) through (4) of subsection a. of this section are applicable, the arbitrator shall then determine if that fact materially affected the outcome of the evaluation. If the arbitrator determines that it did not materially affect the outcome of the evaluation, the arbitrator shall render a decision in favor of the board and the employee shall be dismissed.

c. The evaluator's determination as to the quality of an employee's classroom performance shall not be subject to an arbitrator's review.

The burden is on the District to establish that it met all relevant standards consistent with the requirements of TEACHNJ. Thus, the Board must carry the burden to show, by a preponderance of the evidence, that it acted consistently with the above statutory criteria and TEACHNJ requirements. Each party has offered substantial arguments in support of their respective positions on the record evidence. I concisely summarize each.

The Board contends it has satisfied its burden. Initially, the Board states that the evidence at hearing demonstrates that it "adhered substantially to its evaluation process." It points out that the Framework provides a Department of Education-approved process for evaluating teachers in compliance with TEACHNJ. Also, it submits that the evaluators substantially followed the Framework when it rated DiPaolo in all three school years at issue. According to the Board, it is undisputed that DiPaolo received the correct number and type of evaluations in

each of his three years. He also received an IPDP and two CAPS, pursuant to the Framework. It points out that he was observed by different administrators in different settings, and received both announced and unannounced observations which led to ratings which provided it with the authority to seek Respondent's dismissal.

The Board further asserts, notwithstanding DiPaolo's argument that the difficulty of his assignments was not taken into account by his evaluators, that the arbitrator has no authority to "second guess the educational judgment of the Board in placing Respondent in classes he was certified to teach, nor may this arbitrator second guess the judgment of the Department of Education in creating a system in which teachers are expected to teach and to teach effectively, in any assignment for which they are certified." It also notes that while it could have brought tenure charges of inefficiency against DiPaolo after the 2017-2018 school year, when he received his second consecutive annual summative evaluation of "partially effective," it elected not to and instead gave him a third year to improve his teaching performance. Despite this, the Board contends that the evaluations reflect that he did not improve, thus resulting in the filing of the tenure charges for inefficiency.

The Board disputes that there were any mistakes of fact in DiPaolo's evaluations. Alternatively, if any mistakes of fact in his evaluations were to exist, it contends that none are material to the outcome of the evaluations. Specifically, the Board argues that in 2016-2017, the record is clear that although the annual

summative evaluation carries the date June 15, 2017, and that DiPaolo received an additional "effective" observation on June 16, 2017, the June 15, 2017 date only applies to the date the evaluation was opened, and not when it was finalized. It argues that Prophete's testimony conclusively establishes that she took that final observation into account, and that it is reflected in DiPaolo's evaluation for that year.

The Board also submits that there is no mistake of fact with respect to any professional judgment made by evaluators to "break a tie" in a specific Competency where two Indicators are "effective" and two indicators are "ineffective." The Board asserts that all decisions made with respect to scoring were made over three years concerning DiPaolo's overall performance, as observed by several different administrators in various settings and, as such, were not done arbitrarily. The Board states that its evaluation system "has been approved—the determination of scoring and weighing is an integral part of that system and cannot be second guessed here."

Finally, the Board argues that its decision to bring the tenure charge against DiPaolo was not arbitrary and capricious. In doing so, the Board rebuts two specific allegations on the part of the Respondent. The first is DiPaolo's claim that the evaluations were arbitrary and capricious because he did not receive enough support in his classrooms with special needs students, students with IEPs, and students who did not speak English. The second is that DiPaolo's evaluations

were arbitrary and capricious because he was assigned to several different schools over the course of the three years and in one instance, immediately prior to the start of the school year. In response, the Board states that it has the responsibility and authority to expect that teachers will teach students with different needs, and that there is no evidence that Respondent was intentionally set up to fail. It also argues that it has the right to assign and reassign teachers to any class for which they have the certification to teach, and that there is no evidence that Respondent was assigned to a class without having the proper certification to teach.

Respondent first contends as a threshold matter that all three of the annual evaluations submitted by the District are "facially deficient" because they did not incorporate the correct measures of student growth. Respondent submits, assuming *arguendo* that the annual evaluations were not "facially deficient," that his evaluations were "riddled with both procedural errors, as well as arbitrary and capricious conduct...which materially affected the outcome of the evaluations." In support of this contention, Respondent points out that in the 2016-2017 school year, DiPaolo was faced with many new aspects of his teaching assignment that he had not encountered before, such as a new grade assignment, new subject matter, and new educational programs. He also was assigned to teach a class section with several students who did not speak English, without having a bilingual teaching certification and with inadequate support. In 2017-2018, DiPaolo was required to teach at a "renew" school with a new assignment and new class composition. He claims he was unlawfully assigned IEP special needs students in

excess of his teaching certification. In 2018-2019, DiPaolo submits he was again subject to a new environment and class composition with an excess of IEP students without sufficient support, and that he received his annual evaluation before he was able to review his mandated third observation. Respondent argues that the totality of the above challenges were insufficiently factored into his evaluations, thereby constituting arbitrary and capricious conduct on the part of the Board.

I observe at the outset that many of the factual elements of the record are not in dispute. The District completed the requisite number of evaluations. The evaluations were completed by administrators that were both authorized and qualified to complete them. Respondent was provided with CAPs where explicitly required by statute. There were no substantial inconsistencies between the ratings generated by the observations and those provided in the mid-year and final evaluations. Each evaluator used the same rubric for scoring DiPaolo, down to the repetition of many criteria, even across school assignments and evaluators. The evaluators were actually in the classroom when they said they were and they completed the requisite number and type of evaluations, and the evaluations followed the Framework and Rubric. The testimony from the evaluators was detailed, corresponded to the educational judgments each made with very specific recall of the evaluations each conducted. There is no evidence that the evaluators coordinated over their views to Respondent's teaching performance or prejudged him prior to the conduct of the evaluations.

Clearly, Respondent disagrees with the judgments made by the evaluators and the results of his evaluations which deprived him of "effective" status. The results were documented and explained in detail at hearing and each evaluator was subject to comprehensive cross-examination. Even assuming that the arbitrator might disagree with some of the judgments and discretion use in the District's evaluations, the arbitrator lacks authority under the law to substitute his judgment and the discretion exercised by the evaluators. Some contentions of Respondent challenge the District's educational policies and practices and the assignments he received which he believes affected the evaluation results. For example, assignments to specific schools, subjects, the placement of students with diverse backgrounds and the criteria upon which his performance was judged. However, the focus of the process before me is limited to whether the District followed the Framework, its Rubric, provided scores that were explained at hearing by the evaluators, whether the evaluations explained the rationale for their judgments and scores, whether there was a basis to find mistakes of facts that would have materially changed the content of the evaluations or the required method of scoring and whether there was evidence that the evaluators engaged in pre-textual conduct or acted with bias that impacted the factual findings and judgments made in either the evaluations or the scoring. Respondent's arguments that the scoring in certain evaluations finding "partially effective" was so close to meriting an "effective" rating is not persuasive. While this may be so in theory, it would render cutoffs meaningless and unenforceable. Indeed, the scoring system

would be rendered moot because someone else may be a point or two below the person who also seeks a higher evaluation score because of proximity to the next rating. There is no basis to conclude that the cutoffs were "moving targets" that were finessed or manipulated by the evaluators to produce a certain result. Rather, I credit Prophete, Vargas and Burnett's testimony that they calculated the Respondent's scores in good faith and using their best professional judgment.

TEACHNJ provides a specific framework for arbitration proceedings that concern tenure charges based on inefficiency. Under this framework the arbitrator's scope of review is limited to that set by law. After full review of the evidence and the arguments of each party within the context of the arbitrator's authority as derived from N.J.S.A. 18A:6-17.2, I conclude that the Board has met its statutory burden and thus, the tenure charges must be sustained. The Board has established that (1) the evaluations *did* adhere substantially to the evaluation process, (2) there was no demonstrable mistake of fact in the evaluation or the scoring, and (3) the charges were not brought for considerations of political affiliation, nepotism, union activity, discrimination, etc.

The most substantial legal issue in dispute is whether the Board acted arbitrarily and capriciously in its evaluation process. Arbitrary and capricious action is that which is undertaken without rational basis. Respondent has raised several allegations of what he contends amounted to arbitrary and/or capricious treatment by the Board.

Respondent argues that his evaluators failed to take into consideration the makeup of his classroom in determining his effectiveness as an educator. Respondent alleges that he received inadequate administrative support for students with behavioral issues, those with learning disabilities, and those that did not speak English as a first language, or at all. Respondent's alleges that the failure of the evaluators to take into account the inadequacy of the administrative support in his classroom also constitutes an arbitrary or capricious act on the part of the Board.

The record does reflect that DiPaolo taught students in each of the 2016-2017, 2017-2018, and 2018-2019 school years who had behavioral issues, learning disabilities, or weren't fluent in English. It is also clear from Respondent's testimony, the documentary evidence he provided on the record, and some of the testimony adduced from the Board's witnesses, that having these students in his classroom presented challenges. However, these circumstances, standing alone, do not undermine the findings or ratings of the evaluators. Respondent asserts, without evidentiary support, that the evaluators held his students' difficulties against him as an educator and resulted in less than effective evaluations. I find no merit to this argument. There is no contention, nor evidence, that Respondent was treated differently from any other similarly situated teacher in the District, nor that the deficiencies found in his performance were the result of the makeup of the students in his class. The evaluations centered mainly on teaching methodology

and did not take the diversity of the students into consideration as a factor that diminished or enhanced his teaching methodology. It is entirely speculative that Respondent's evaluations would have been better had he taught a class with less challenging students. Moreover, even assuming that the Respondent's arguments are accurate, *i.e.* that his evaluators did not take the makeup of his classrooms into account when evaluating him, the Respondent has not demonstrated that such action was arbitrary and/or capricious. His contentions appear to accuse his evaluators of mistakenly assuming that his classrooms were populated by students without challenges and that he suffered as a result of having responsibility over students whose potential for success was lessened by their individual circumstances. There is simply no evidence that the presence of special needs students in Respondent's class negatively impacted on the criteria upon which Respondent was judged.

Much of the testimony and documentary evidence in the record actually reflect that they did consider Respondent's contention. Almost without exception, the evaluators praised DiPaolo's ability to interact with his students on a professional and personal level. This is especially true of the evaluations conducted in the first two school years at issue. All of the evaluations properly focused on the Respondent's teaching methodology and professionalism in relation to his students' performance, rather than on the students' perceived inabilities to match their performance to DiPaolo's expectations. The main focus of the three years of evaluations conducted by several evaluations and the results

have been previously summarized and need not be restated. In sum, they followed the Framework and Rubric, made detailed observations and scored the results based on the ratings that reflected the overall performance rating.

The Respondent's other allegations with respect to the Board's alleged arbitrary and capricious actions are dismissed because I do not find them to have materially affected the outcome of any of the respondent's evaluations. Paragraph (b) of TEACHNJ, as referenced above, requires that any applicable evidence of the failure of the Board to meet its burden must still be determined to have materially affected the outcome of Respondent's evaluations. I take specific notice of the consistency and comprehensiveness of the evaluations, the observers' and administrators' specific attempts to assist the Respondent in improving, and the Respondent's seeming inability to adjust his supervisors' expectations. These factors have been weighed against the Respondent's allegations that isolated or minutely specific errors, miscalculations, or procedural irregularities were material to the outcome of any or all of his evaluations. Such allegations mostly center on the timing of the Respondent's evaluations, and his ability to specifically rebut the observations with his own opinions with respect to his performance. The record is nevertheless clear that in all material and substantial ways, the observations were conducted fairly and in accordance with the Framework and the applicable statutes. Because I find that no individual criticism of the evaluation process offered by the Respondent, nor the totality of the criticisms alleged, were material to the outcome of his evaluations, the Respondent's remaining arguments are dismissed.

Accordingly and based upon all of the above, the District has established by a preponderance of the evidence that the tenure charges shall be sustained.

AWARD

The Board of Education of the City of Newark has established by a preponderance of the evidence that the tenure charges shall be sustained.

Final Decision

L.R., on behalf of minor child, M.R.,

Petitioner,

v.

Board of Education of Upper Township, Cape May County,

Respondent.

The record of this matter, which was transmitted to the Commissioner by the Office of Administrative Law (OAL) pursuant to *N.J.A.C.* 1:1-14.4 and includes an advisement of petitioner's failure to appear at the scheduled January 7, 2021 OAL hearing, has been reviewed. Petitioner did not file an explanation for the failure to appear, notwithstanding the opportunity to do so. Accordingly, this matter is no longer deemed to be a contested case before the Commissioner and is hereby dismissed with prejudice.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: March 5, 2021
Date of Mailing: March 5, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

54-21R

New Jersey Commissioner of Education

Decision

C.B., on behalf of minor child, C.B.,

Petitioner,

v.

Board of Education of the City of Elizabeth, Union County,

Respondent.

Synopsis

Pro se petitioner challenged the determination of the respondent Board that C.B. and her minor child were not domiciled in Elizabeth for the 2019-20 and 2020-21 school years. The Board became aware of inconsistencies in petitioner's residency in November 2019 when petitioner requested that bus service for her minor child be changed to an address in Newark. C.B. has been in an out of district placement for special services at the Developmental Learning Center in New Providence since 2018, and the Board requested tuition reimbursement based upon the cost of C.B.'s out of district placement.

The ALJ found, *inter alia*, that: children aged five to twenty years are entitled to a free public education in the district in which their parent or guardian are domiciled; petitioner in this case failed to provide any documentation that she resided at the Elizabeth address provided to the district; petitioner's testimony was not credible; petitioner did not call family members as witnesses on her behalf, even though she claimed to sign annual leases with her mother on the second floor of the premises she purported to reside in; and evidence from surveillance over a period of four months by the district's residency investigator shows that C.B. never entered the house which petitioner claimed to reside in, but instead waited outside the home for a ride to an address in Newark. The ALJ concluded that the petitioner was not domiciled in Elizabeth during the 2019-20 and 2020-21 school years; accordingly, the respondent Board is entitled to tuition reimbursement in the amount of $96.972.24 for the cost of C.B.'s education through November 9, 2020, plus $391.22 per school day for the remainder of the school year.

Upon review, the Commissioner, *inter alia*, concurred with the ALJ that petitioner failed to establish that she and her minor child were domiciled in Elizabeth from the 2019-20 school year to the present, and therefore C.B. was not entitled to a free public education in the district's schools during that time. The Commissioner, however, disagreed with the ALJ's calculation of tuition owed to the Board and instead found that the Board's ability to recover tuition is limited pursuant to *N.J.S.A.* 18A:38-1(b), which does not specify that the assessed tuition be equal to the actual costs incurred by the district for educating the student at issue; rather, it uses the measure of annual per pupil cost, which is based on the district's overall costs and enrollment and is not specific to any individual student. As the Commissioner was unable to discern the per pupil cost from the record, the matter was remanded to the OAL for recalculation of tuition pursuant to *N.J.S.A.* 18A:38-1(b).

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

54-21R

OAL Dkt. No. EDU 17292-19
Agency Dkt. No. 301-11/19

New Jersey Commissioner of Education

Decision

C.B., on behalf of minor child, C.B.,

Petitioner,

v.

Board of Education of the City of Elizabeth, Union County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed, as have the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4, and the Board's reply thereto.

In this matter, petitioner challenges the Board's determination that she does not reside in the Elizabeth school district. After a hearing on the merits, the Administrative Law Judge (ALJ) found that petitioner was not domiciled in Elizabeth for the 2019-20 and 2020-21 school years. The minor child attends an out of district placement at the Developmental Learning Center (DLC) in New Providence for special services; DLC has charged the Board tuition costs in the amount of $80,541 for the 2019-2020 school year and $391.22 per day for the 2020-21 school year. Accordingly, the ALJ found that the Board is entitled to tuition reimbursement from petitioner in the amount of $96,972.24 for the 2019-20 school year and 42 days of the 2020-21 school year (through November 9, 2020), plus $391.22 per day for each day that the minor child receives services from the district after November 9, 2020.

In her exceptions, petitioner disagrees with the Initial Decision's factual findings and the conclusion that she does not reside in Elizabeth. She argues she was home when the Board's investigator came to her door but did not answer. She also contends that her electric bill, pictures taken from her home, and statements from her minor child's after-school respite care provider demonstrate that she lives in Elizabeth. She further maintains that the person seen by the investigator picking up the minor child on the steps of her home was a family friend who would take the child to her own house to care for him after school.[1]

Upon review, the Commissioner concurs with the ALJ's finding that petitioner failed to sustain her burden of establishing that she and her minor child were domiciled in Elizabeth from the 2019-20 school year to the present. The Commissioner further concurs with the ALJ's conclusion that the minor child was, therefore, not entitled to a free public education in the district during that time. The Commissioner does not find petitioner's exceptions to be persuasive, as she simply expresses her disagreement with the ALJ's decision. The ALJ addressed the evidence submitted by petitioner in detail and explained why it fails to demonstrate that she resides in Elizabeth. The ALJ also found that petitioner was not a credible witness, a finding which cannot be overturned unless it is found to be arbitrary, capricious, unreasonable, or unsupported by sufficient, competent, and credible evidence in the record. *N.J.S.A.* 52:14B-10(c). The Commissioner finds no reason in the record to disturb the ALJ's credibility assessments or the factual findings based thereon.

With respect to the assessment of tuition, the Commissioner disagrees with the ALJ's calculation of tuition owed to the Board, and instead finds that the Board's ability to recover tuition from petitioner is limited. *N.J.S.A.* 18A:38-1(b) provides that if a parent loses a

[1] In reply, the Board argues that petitioner's exceptions should not be considered because they were filed one day late and fail to set forth specific findings of fact and conclusions of law to which exception is taken. The Commissioner will nevertheless consider petitioner's exceptions. *N.J.A.C.* 6A:3-1.16.

residency appeal, the Commissioner shall assess tuition "computed on the basis of 1/180 of the total annual per pupil cost to the local district multiplied by the number of days of ineligible attendance." The statute does not specify that the assessed tuition be equal to the actual costs incurred by the district for educating the student at issue. Instead, it uses the measure of annual per pupil cost, which is based on the district's overall costs and enrollment and is not specific to any individual student. *See N.J.-B., on behalf of minor child, I.T. v. Board of Education of the Township of Union, Union County*, Commissioner's Decision No. 112-20, decided April 24, 2020 (finding that tuition reimbursement is limited to 1/180 of the per pupil cost and does not include the assessment of special education and related costs). The Commissioner is unable to discern the annual per pupil cost from the record. The Commissioner, therefore, is constrained to remand this matter for determination of the annual tuition cost and a calculation of tuition that is consistent with *N.J.S.A.* 18A:38-1(b).

Accordingly, this matter is remanded to the OAL for further proceedings consistent with this decision.

IT IS SO ORDERED.

C.B. o/b/o MINOR CHILD, C.B.,

Petitioners,

v.

BOARD OF EDUCATION OF THE CITY OF ELIZABETH, UNION COUNTY,

Respondents.

C.B., on behalf of minor child C.B., petitioner pro se

Christina M. DiPaola, Esq., for respondent (LaCorte, Bundy, Varady & Kinsella, attorneys)

Record Closed: November 11, 2020 Decided: December 8, 2020

BEFORE **ERNEST M. BONGIOVANNI**, ALJ:

STATEMENT OF THE CASE AND PROCEDURAL HISTORY

Petitioner C.B., (petitioner) appeals the residency determination that petitioners do not reside in Elizabeth, and the tuition due associated with it, by the respondent, Board of Education of the Township of Elizabeth, Union County (respondent or BOE).

Petitioner filed a pro se residency appeal with the Department of Education, Bureau of Controversies and Disputes, which transmitted this matter to the Office of Administrative Law (OAL), where it was filed on December 9, 2019 as a contested case, pursuant to N.J.A.C. 6A:3-1 et seq. and N.J.S.A. 52:14B-1 to -15. A hearing was held on November 2, 2020, and the record left open for post hearing submissions until November 11, 2020 at which time the record closed.

FACTUAL DISCUSSION

Testimony

Diana Pinto Gomez

Diana Pinto Gomez (Gomez) is the Director of Special Services for the BOE. As such she has presided over the implementation of 3700 IEPS in the past four years.

The petitioner's son, C.B. is autistic, and as such, has been placed "out of District" since December 2018 at the Developmental Learning Center (DLC) in New Providence. The BOE uses their own transportation to bus children to and from their homes and the DLC.

In September, Ms. Gomez learned of a problem with the bus transportation of C.B. The bus drivers had reported that there was no one accompanying the minor child at the place of home pickup in the morning and home drop off in the afternoon. The bus company decided to suspend services until this condition was corrected.

Ms. Gomez said that on November 12, 2019, the petitioner sent her an email requesting that C.B. be picked up and dropped off at xxxxx Street, Newark, NJ. (Newark address) Ms. Gomez quickly replied to petitioner that C.B. cannot be transported to and from a residence in Newark, only to a residence in Elizabeth. The petitioner in turn sent another email to Ms. Gomez, stating "This will serve as my notice of an Address

Change." The email further stated that "Circumstances have unfortunately limited my options and I am afraid that, for the time being, the address that I have provided will be my new residing address." Owing to this information, Ms. Gomez immediately undertook a residency check.

Victor Tropeano

Victor Tropeano (Tropeano) is employed by respondent as a residency inspector within the legal department, a position he has held for three years. Prior to that employment he was an Elizabeth police department detective for 26 years.

On November 12, 2019, just two hours after Ms. Gomez received the second email from the petitioner, Tropeano went to xxxx Street in Elizabeth, (Elizabeth address) the same which had been previously provided to the BOE by the petitioner as her address. He rang the front doorbell which was responded to by a woman's voice. Tropeano asked if the petitioner and her son C.B. lived at this address. The voice responded that she "could not help" him and refused to come to the door

On November 14, 2019, the BOE sent a Notice of Initial Determination of ineligibility to both the Newark and Elizabeth addresses. The UPS sent to the Newark address came back return to sender, however the UPS delivery to the Elizabeth address was signed for by "C.B.". Later, the petitioner sent an email to Ms. Gomez and other school officials saying that her 16-year-old son had signed that USP for her but didn't open it, because he was not an adult of age at least 21. On November 20, petitioner sent another email to Ms. Gomez and other BOE officials saying that petitioner was on active military service but residing in Elizabeth. That same day, when the bus attempted to drop off C.B. at the Elizabeth address no adult was there for pick up and C.B. had to be transported back to the Special Services school until he could be picked up.

On November 22, 2019 Tropeano conducted surveillance of the Elizabeth address beginning approximately at 3 PM. He saw a woman dropped off by a vehicle. The woman sat on the front porch and remained there until C.B. was dropped off by the

School bus. The woman and C.B. remained on the porch until picked up by what appeared to be (after a license plate check) an UBER or Lyft vehicle. A tax search revealed that xxx Street, Elizabeth was owned by the petitioner's mother, and C.B.'s grandmother.

On November 26, 2019, Tropeano conducted afternoon surveillance of the Elizabeth address. He observed a woman dropped off by an UBER or Lyft vehicle at 3:20 p.m. At 3:30 p.m., the school bus dropped C.B. off. He remained on the porch with the woman until another UBER/Lyft vehicle picked them up at 3:52 p.m. Significantly, C.B. and the woman never entered what was supposedly C.B.'s home. Tropeano drove to the Newark address and saw the woman and C.B. enter the home at the Newark address.

Tropeano conducted similar surveillances of thee Newark address in the afternoons in January and February 2020 Again, the same pattern would occur. In the afternoon, soon after the school bus drop off of C.B., he observed the Uber/Lyft vehicles drop the woman and C.B. off at the Newark address. He also observed the woman being dropped off at the Elizabeth address wait for C.B. to arrive, and then wait for another car to pick them up. On at least one occasion the woman and C.B. remained outside the Elizabeth house for 45 minutes before being picked up. After waiting, another vehicle would bring the two to the Newark address home.

Tassian Winkley

Tassian Winkley (Ms. Winkley) was called to testify by the petitioner. She is a friend of the petitioner. She has lived at the Newark address with her brother and mother for the last 3-4 years. The apartment is leased by all three of them. In addition to being the petitioner's friend, the petitioner's adult brother who lives at the Elizabeth address is Ms. Winkley's boyfriend. She works as a home health aide with shifts of either 9AM to noon or 9::00 a.m. to 5:00 p.m. She provides these health aid services at the homes belonging to those in need of her care. However, In November 2019 she was between jobs (she works through an agency) and agreed to help provide "services" for C.B., namely she would pick up C.B. at the Elizabeth address and bring him home to

her house until petitioner came home from work. (P-5) She received no pay, but the petitioner paid for the transportation of Ms. Winkley from Newark to Elizabeth and for C.B. and Ms. Winkley back to Newark. Ms. Winkley said she would bring C.B. to her house in Newark rather than wait for the petitioner to come home to the Elizabeth house because there are other children at her house C.B. could play with.

As documentary proof that Ms. Winkley herself resides at the Newark address, she provided a letter from a company that provides extended warranties for servicing vehicles. The letter is undated but talks about a price increase effective August 27, 2020. Ms. Winkley did not know why this letter was sent to her as she doesn't own a vehicle. She said the petitioner did ask her to provide documentary proof of her residency at the Newark address, and this was her proof. She stated she leases an apartment at the Newark address along with her mother and sister. Her name is on the lease and on the utilities. She also has children of her own enrolled in Newark school. She did not provide any proof of the lease, the utilities, or the enrollment to show she resides at the Newark address.

Ms. Winkley did not say why she never entered the Elizabeth address house where C.B. lived, during all these pick-ups. She is aware that in addition to petitioner and C.B., the petitioner's brother, her boyfriend, lives there, along with C.B.'s mother and C'.B's 16-year-old brother.. She said she stopped providing these services for C.B. after December because it was too complicated a situation. She explained that as part of taking care of C.B. she had to log onto a computer and report to C.B.'s mother.

The Petitioner

She testified that what precipitated the residency investigation was her problem of getting aftercare for C.B. She had run out of FMLA, and was working in NYC. She did not provide a specific explanation for the times that no one was present to pick up C.B. at the Elizabeth address, forcing the bus to return C.B. to Special Services. Regarding the arrangement she made in November with Ms. Winkley, it made sense to her to leave C.B. at Ms. Winkley's house in Newark, rather than her house in Elizabeth,

until she got home from work, as she had to drive through Newark to get to Elizabeth and could pick C.B. up on the way.

She stated that on the date of the email exchanges when she notified Ms. Gomez of the address change, she was aware that the BOE was concerned that C.B. did not reside in Elizabeth. Nevertheless, she did not expect an Investigator to come to her door that day. She said she was the female voice that responded to Mr. Tropeano when he asked for information through the front door intercom at the Elizabeth house. She said she told him as a response to whether she and/or C.B. lived there that "I don't know how I could help you." She did not identify herself. She refused to open the door. While Mr. Tropeano had identified himself as being an investigator for the BOE, and while she had just had two email exchanges regarding a residency inquiry, she did not accept the man at the door as a BOE agent. She is aware of many people who come to her door saying they are with agencies when they are really not. She said, "I think it was a threat."

When she got the letter of Initial determination of Ineligibility via UPS, which she said her 16 year old son had signed for her at the Elizabeth address, she refused to open it even though she knew if was from the BOE and that there as a residency investigation. She said she "did not want to admit" that she received anything from the BOE.

Eventually she received an email from the BOE attaching the same Notice of Determination of Ineligibility and associated documents that had been sent via UPS to both addresses. The Notice, included a "Statement of Compliance with Compulsory Education Law "My student, C.B. is being denied enrollment n the Elizabeth School District because it has been determined he is not entitled to attend the schools free of charge pursuant to N.J.S.A. 18A:3801. The "Notice of Initial Determination of Ineligibility" (R-2) stated their review indicated the petitioner's "Domicile/Residency not in the district" and therefore ineligible to attend schools of the Elizabeth Public School District. It further stated that if she did "**not accept these reasons"** you may request **a hearing before the Board of Education,"** (emphasis supplied) by contacting the BOE on or before November 21, 2019. The petitioner testified that by the time she read the

email the date was past November 21. She acknowledged, however, receiving many emails and other attempted communication phone calls made by Mr. Tropeano and emails sent by the BOE, including his secretary, and that she responded to none of them.

Petitioner said the reception on her cellphone was weak and that she did not understand why the BOE did not attempt to call her at her office in NYC. She did not, however attempt to explain why she did return any messages left on her cellphone. She admitted she thought the Board would afford her a hearing if she requested it, however she did not want to open the UPS parcel containing the appeal documents because she was afraid to "admit anything" by opening it up. Even after she got the email again with all the appeal forms, but she "refused" to provide any proof of residency to the BOE, "other than my word." She referred to an email (P-2) she sent the BOE on November 20, 2020 which stated in pertinent part:

> My son and I reside in Elizabeth, NJ. **We have occupied and have not relocated** from the premises in which we are currently residing as I consider this to be our home. **I have occupied these premises to which I am referring to, following my return from a two year deployment in Iraq to the year 2013**, when my son [C.B.] was born. I am not currently deployed and the status of my occupancy of the premises where I live in in Elizabeth NJ remains the same **I have Not, Nor have I ever in fact Moved from these premises or Provided Verbal or Written Confirmation Pursuant to a Specified date for which I have given notice would be a date I intend to move.** [emphasis and capital letters in original]

The email went on to explain that her November 12 "Notice" to the BOE only referred to her "hardship and the limitation on foreseeable options" referred to her "FEAR that I might need to move" when in fact she had no such intention.

Petitioner entered as an exhibit (P-7) photographs that she said showed her son getting on the bus at the Elizabeth address on November 26, 2019, the date of one of Mr. Tropeano's surveillances; however when pointed out to her, she acknowledged that Mr. Tropeano testified he did no surveillance at all in the morning, and referred only to his surveillance in the afternoon.

Petitioner said her brother, age 38, resides at the Elizabeth address, as does her 17-year-old son, and her mother, age 65. She rents the upstairs floor from her mother who owns the two-family house. She signs a lease every year with her mother and did so on January 1, 2019 and on January 1, 2020. She provided a PSEG bill sent to her from "my account@pseg.com" to her Yahoo email address. That account shows a balance owed for the Floor 2 unit at the Elizabeth house of $3,688.63 which was due on January 15, 2020. It did not show current usage of the utilities for that floor nor how the bill accumulated such a total.

When asked why she did not produce the lease or other documentary proof of her address being the Elizabeth address, petitioner had no reply. When asked why she did not ask her mother, her brother or her 17 year old son to testify as proof of her residency, petitioner said she did not wish to "drag them into this," notwithstanding she knows the BOE is seeking in their counterclaim, approximately $100,000 a year as reimbursements for these services provided for C.B.

Petitioner also provided a document from Neuropath Behavioral Health that she began using once "services" were provided to her which show they are providing "In Home Respite care for C.B." on January 13, 2020, and January 14, 2020. The employees "Time in/Time Out" on January 13 was 2:31 A.M-8:31 P.M. and on January 14, 2:36 p.m. and 8:07 P.M. This she said "contradicted" Mr. Tropeano's surveillance on those days. Actually, the documents do not contradict his testimony.

FINDINGS OF FACT

In light of the contradictory testimony presented by respondent's witness and petitioner, the resolution of this matter requires that I make credibility determinations with regard to the critical facts. The choice of accepting or rejecting the witness's testimony or credibility rests with the finder of facts. Freud v. Davis, 64 N.J. Super. 242, 246 (App. Div. 1960). In addition, for testimony to be believed, it must not only come from the mouth of a credible witness, but it also has to be credible in itself. It must elicit evidence that is from such common experience and observation that it can be approved

as proper under the circumstances. See Spagnuolo v. Bonnet, 60 N.J. 546 (1974); Gallo v. Gallo, 66 N.J. Super. 1 (App. Div. 1961). A credibility determination requires an overall assessment of the witness's story in light of its rationality, internal consistency and the manner in which it "hangs together" with the other evidence. Carbo v. United States, 314 F.2d 718, 749 (9th Cir. 1963). A fact finder "is free to weigh the evidence and to reject the testimony of a witness even though not contradicted when it is contrary to circumstances given in evidence or contains inherent improbabilities or contradictions which alone or in connection with other circumstances in evidence excite suspicion as to its truth." In re Perrone, 5 N.J. 514, 521-22 (1950); see D'Amato by McPherson v. D'Amato, 305 N.J. Super. 109, 115 (App. Div. 1997).

Having had an opportunity to observe the demeanor of the witnesses, I **FIND** Ms. Gomez and Mr. Tropeano to be credible. They were truthful and accurate. They testified clearly and directly, without any a bias against petitioner. I found petitioner and her witness Ms. Winkley to be less credible. First, it appeared that because she was petitioner's friend, she performed these pick-up services gratis, with petitioner paying for the Uber/Lyft rides. However soon after starting she found she was having to log into a computer, to, apparently report to the petitioner, about the pick-ups, which proved too difficult for her. Second while she claimed she stopped picking up J.B. in December, surveillance by Mr. Tropeano in January and February 2020 showed Ms. Winkley as in November and December, again picking C.B. up at the Elizabeth address, waiting for any Lyft/Uber ride. I found it not credible that while she claimed petitioner asked her to bring proof of Ms. Winkley's residence being in Newark, she only thought to produce a piece of "junk' mail about a car she didn't own, rather than, for example her own lease of the Newark apartment, her utilities bills (which she claimed were in her name) or proof of enrollment of her own kids who attended according to her Newark public schools. I find her testimony in general to be not credible and tainted by bias, by being a friend of the petitioner, the girlfriend of her brother and perhaps an employee for caretaking services for C.B.

Further I did not find it credible that she and C.B. would never knock on the door of the Elizabeth house and seek entry when her boyfriend lives there. Even if her boyfriend was at work and if petitioner's mother was at work, it appears the 17 year old

son would have answered the door and let them in, assuming petitioner didn't entrust Ms. Winkley, with a housekey. IAs testified to by Mr. Tropeano, and unchallenged by petitioner, C.B.'s drop off was approximately at 3:15 p.m.

Exhibit P-3 contained a picture of a man holding a UPS parcel. On the same page as the picture preceding it was a Nov 21, 3:49 PM email by petitioner to Ms. Gomez and other school officials which said "Please inform the Gentleman... that I was visited yet again from another person who described themselves as having affiliation with the Elizabeth Board of Education. For some reason he was under the impression that my 6-year-old son was left outside...and that he was checking to make sure everything was ok....it is most certainly something that did not occur nor would it ever".

Yet, it was well documented that the Bus transit employees had a continued problem with no one being at the drop off site at the appointed time and that C.B. had to be transported back to Special Services. They had threatened to discontinue the drop off. This was the problem that had been brought to the petitioner's attention, to which she personally acknowledged as being a problem which she asked to resolve by dropping off C.B. at the Newark address. So, her comment that this never occurred was untruthful or certainly evasive.

Further who took the picture of the gentleman on the porch? The photo was followed by another email again on November 21 by the petitioner to the BOE which recounted how her then 16-year-old son signed a UPS package a day or two ago at the Elizabeth address. If the son signed the UPS and took the picture from the house, why wouldn't he also be available on all the days of the afternoon surveillance to let his autistic younger brother in the house while he and Ms. Winkley waited for another car? It is undisputed that C.B.'s drop off time was supposed to be 3:15 P.M. And if the petitioner herself was the one who took the picture of the "gentleman" or was there on in Elizabeth on November 21 (her email said "I was visited...) again, why wouldn't she answer the door? There was no evidence that she even spoke to this gentleman that day which is why she had to write to the BOE to ask them to "inform him...that all is well." Her email does not say she answered the door or communicated directly in any

way to this gentleman. So, if she was there, and took the picture, what was she hiding from?

In fact, I believe it not credible that the arrangement would be for Ms. Winkley to watch C.B. at her home in Newark rather than C.B.'s own home in Elizabeth, if C.B. really lived there. As noted by petitioner's exhibit of time logs by Neuropath Behavioral Healthcare, they described C.B.'s behavior as either "aggravated" or "very aggravated" with C.B. hitting the caregiver, throwing shoes and cursing. It's unlikely that this child would be better behaved at Ms. Winkley's house in Newark than in his own house among his own family in Elizabeth if that were the case. Ms. Winkley never indicated in any way it was a hardship to do the caregiving at her boyfriend's house and C.B.'s home, and its her profession to do caregiving at other people's homes rather than her own.

None of petitioner's documentary evidence matched or supported her contentions. The JCP&L bill looked like a collection notice for an unpaid bill for many months. It was for nearly $4,000 and did not show any current use or when the services were incurred. It was not mailed to the Elizabeth address but only emails. This "proof" suggests that it was more likely that petitioner had once lived at the Elizabeth address but had left, possibly because she couldn't (or wouldn't) pay her bills, than proof that she lives there currently.

Similarly, the documents (P-8) from Neuropath Behavioral Health shows a healthcare professional employee providing "In Home Respite care for C.B." on January 13, 2020, and January 14, 2020. The employee's "Time in/Time Out" on January 13 was 2:31 a.m.-8:31 p.m. and on January 14, 2:36 p.m. and 8:07 p.m. This, petitioner claimed "contradicted" Mr. Tropeano's surveillance on those days. However, the documents show only the time in/time out of the employee. They do not state that C.B. was there all that time. As noted, on those days Tropeano followed the car from Elizabeth to Newark. The Uber/Lyft car would get to Newark around 3:45 p.m. It's entirely consistent that the hours of actual car giving began at that time rather than when the employee clocked in at 2:30 p.m. It would not be unusual for a caregiver to get paid an hour for waiting time. Further it is interesting that again, these documents

which were obtained to help her case, were not sent to a street address but again by email. Nowhere does a street address appear on the document, nor does it state at what address the services were performed. Finally, the photos (P-7) taken from what I will presume was the Elizabeth address on November 26, 2019, do not in fact show, as petitioner contended, C.B. getting on or walking toward a bus. None of the pictures show a school bus. One of the four pictures shows two to four people who could be students walking in the same direction; but none of them appear to be even close to the figure of a six-year-old boy or anyone with a six-year-old.

Respondent's Counterclaim for Reimbursement

The tuition for C.B. who receives special services contracted for by the BOE. for the 2019-2020 school year was $80,541. The daily rate for C.B.'s tuition for the 2020-2021 school year is $391.22 per day. 42 school days had elapsed by the close of the record on November 9, 2020 for $16,431.23. The yearly rate for 2020-2021 is $70, 419.00 (R-4)

Based on the credible testimonial and documentary evidence, I **FIND** the following as **FACTS** in this matter:

1. C.B. is a 6-year-old autistic child who was enrolled for Special Services education for the 2019-2020 and continues to attend there despite having been determined to be ineligible to attend for free public education there.
2. Soon after the 2019-2020 school year began, there were multiple incidents reported by the Bus transportation unit of long waits for adult, parent or guardian to appear for pick ups with C.B. This resulted in the child having to be returned by the bus company to the Special Services school and a warning that busing would have to be suspended.
3. As a result of inquires made by the BOE, the petitioner, C.B.'s mother first asked to have C.B. picked up and dropped off at an address in Newark. When told this was not possible, the petitioner replied that she was notifying the

district of her change of address to xxxx Street in Newark, and that this would be the "new residing address."

4. None of the proofs offered by petitioner credibly overcame her own admission that the Newark address was her "new residing address" as she had advised the BOE of in writing on November 12, 2019, but instead re-enforced and supported that C.B. and petitioner, if they ever did live at the Elizabeth address, had moved to the Newark address.

LEGAL ANALYSIS

Any child between the ages of five and twenty years old is entitled to a free public education in the district in which he is a resident. N.J.S.A. 18A:38-1(a); N.J.A.C. 6A:22-3.1(a). A student is a resident of a school district if his parent or guardian has a permanent home in the district such that "the parent or guardian intends to return to it when absent and has no present intent of moving from it, notwithstanding the existence of homes or residences elsewhere." N.J.A.C. 6A:22-3.1(a)(1). A student may attend school in a district in which he is a non-resident, with or without payment of tuition, at the discretion of the school district. N.J.S.A. 18A:38-3(a); N.J.A.C. 6A:22-2.2.

Domicile has been defined as the place where a person has his true, fixed, permanent home and principal establishment, and to which whenever he is absent, he has the intention of returning. State v. Benny, 20 N.J 238, 250 (1955). The domicile of an unemancipated child is that of his or her parent, custodian or guardian. P.B.K. ex rel. minor child E.Y. v. Board of Educ. of Tenafly, 343 N.J. Super 419, 427 (App. Div. 2001).

Where a local board determines that a child is not properly domiciled in its district, N.J.S.A. 18A:38-1(b)(2) provides a right of appeal to the parents as follows:

> The parent or guardian may contest the Board's decision before the Commissioner within 21 days of the date of the decision and shall be entitled to an expedited hearing before the Commissioner and shall have the burden of proof by a

> preponderance of the evidence that the child is eligible for a free education under the criteria listed in this section.

In this matter, petitioner provided no documentation that she resided at the Elizabeth Address. There was offered no mail to her sent to that address, although there was a past due bill reproduced from her online account for nearly $4000 by JCP&L which at best indicated she once lived at that her address. She did not provide a copy of her driver's license with the Elizabeth address, although she does drive a car. C.B., her six year old autistic child, while under surveillance for a period of four months was not seen entering what petitioner claimed was his own house, but rather would wait outside sometimes for up to 45 minutes for another ride to the Newark house.

The petitioner did not act like a credible person who had nothing to hide about her current place of residence. Instead she was deceptive and evasive. If we believe this part of her story at all, the first thing she did when confronted with the BOE's concern that she was not residing at the Elizabeth address, and asked if she lived at the Elizabeth address was to refuse to answer the door to the person who identified himself as being an investigator with the BOE, and further refusing to identify herself and saying "there is nothing I can do to help you." Although petitioner claimed she didn't file for a hearing because it was too late to do so, she had the parcel containing the Notice and all documentation needed to file for a hearing but "refused" to open it because to her mind it constituted an admission. Besides, even had she wanted to ask for a hearing, she "refused" to provide any proof of her residency to the BOE other than her own word. These are not the actions of one who has nothing to hide about her address.

In this hearing, the petitioner has essentially done the same thing, by just demanding her word alone be believed. She had ample opportunity to present a variety documentary evidence of residency, e.g. the annual leases she said she signs to her mother but chose not to. Similarly, even though acknowledging that the BOE was seeking over $100,000 in reimbursed tuition from her she chose not to call her 38 year old brother, 65 year old mother or 17 year old son, who supposedly live with her at the Elizabeth address because she "did not want to drag them into this thing." That is not the behavior of an innocent and credible witness.

I agree with the comments in the post hearing submission of respondent that, in accordance with the test in State v. Hill, 199 NJ. 545 (2009) there is a specific adverse interest to be drawn from failure to call her mother-also her alleged landlord-as her witness, as well as other family members. In particular; 1) her mother as her landlord has a special relationship with her as a party to these proceedings and the petitioner has superior knowledge of the identity of this witness and the testimony the witness might be expected to give (petitioner named her as a person having knowledge of the subject matter of the dispute in answers to interrogatories). 2) The witness was available both practically and physically (she described her mother as 65 and very active working well over 40 hours every week) 3) The testimony of her mother would elucidate relevant and critical fact issues (her mother owned the Elizabeth house and supposedly leased the second floor to her daughter the petitioner for use by her and her two sons) 4) Her mother/landlord's testimony would appear superior to evidence already utilized in respect of the facts to be proven. Here, the evidence of daily transportation from the Elizabeth address to the Newark address over a period of months was strong evidence that C.B. and petitioner no longer lived at the Elizabeth address if they ever did. Petitioner's only other witness, Ms. Winkley was vague; she did not communicate an authentic real sense of being familiar with the Elizabeth address by, e.g. not describing the inside the house.. She was generally not credible and potentially biased, and knew nothing about the lease arrangement between petitioner and her mother. In fact, she didn't even provide competent evidence that she lived at the Newark address. Further, petitioner's documentary evidence was woefully inadequate and tended to prove the opposite of what petitioner said it would prove. Again, it would appear petitioner believes her word must be believed, regardless of credibility. Therefore, her failure to call her mother as a witness without a reasonable explanation leads to the natural inference that her testimony would be unfavorable to petitioner and to her story.

As noted, tuition for C.B. for the 2019-2020 school year was $80,541. The daily rate for C.B.'s tuition for the 2020-2021 school year is $391.22 per day. 42 school days had elapsed by the close of the record on November 9, 2020 for $16,431.23. The yearly rate for 2020-2021 is $70, 419. (R-4)

The Board asserts that it is entitled to be reimbursed for tuition for the 2019-2020 and 2020-2021 school years for C.B.'s ineligible enrollment. Whereas here, the evidence does not support the claims of the resident, the Commissioner of Education is authorized to assess tuition pursuant to N.J.A.C. 6A:22-6.2(a), which provides as follows:

> If in the judgment of the Commissioner the evidence does not support the claim of the resident, he shall assess the resident tuition for the student prorated to the time of the student's ineligible attendance in the school district. Tuition shall be computed on the basis of 1/180 of the total annual per pupil cost to the local district multiplied by the number of days of ineligible attendance and shall be collected in the manner in which orders of the Commissioner are enforced.

N.J.S.A. 18A: 38-1(b) likewise requires that tuition be calculated on the basis of 1/180 of the total annual per pupil cost to the district multiplied by the number of days of ineligible attendance.

Based upon the facts adduced and the legal principles cited above, I **CONCLUDE** that petitioners were not domiciled in the Elizabeth School District for the 2019-2020 and 2020-2021 school years and that respondent is entitled to reimbursement from the petitioner for the costs of tuition in the amount of $96,972.24 and for $391.22 per day for every day he continues thereafter to receive services from the school district for the remainder of the 2020-2021 school year.

ORDER

Based on the foregoing, it is hereby **ORDERED** that respondent's determination that petitioner C.B. and her minor child C.B. were not residents or domiciles of Elizabeth New Jersey and were not domiciled within its school district during the 2019-2020 and 2020-2021 school years, is hereby **AFFIRMED**. It is further **ORDERED** that the respondent's counterclaim for tuition is also **GRANTED**. It is further **ORDERED** that respondent be reimbursed tuition from petitioner in the amount of $96.972.24 for the 2019-2020 and 2020-2021 school year as of November 9, 2020, and to be further

reimbursed at the rate of $391.22 per school day for the remainder of the school year until and unless petitioner transfers C.B. for public or private education to another district or becomes domiciled in Elizabeth.

I hereby **FILE** this Initial Decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Final Decision

O.F., on behalf of minor child, J.J,

Petitioner,

v.

Board of Education of the City of New Brunswick, Middlesex County,

Respondent.

The record of this matter, the parties' proposed Consent Agreement (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter. In so doing, however, the Commissioner notes the Board must comply with the requirements of New Jersey's Open Public Records Act, *N.J.S.A.* 47:1A-1 *et seq.* with respect to information concerning this matter, notwithstanding any agreement the parties may have between themselves to keep the terms of their settlement confidential.

Accordingly, this matter is hereby dismissed, subject to compliance with the terms of the settlement consistent with applicable public records law.

IT IS SO ORDERED.

George F. Hendricks, Esq., for respondent (Hendricks & Hendricks, attorneys)

Record Closed: January 4, 2021 Decided: January 19, 2021

BEFORE **SUSAN L. OLGIATI**, ALJ:

This matter was transmitted to the Office of Administrative Law on June 17, 2020, for determination as a contested case, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

The parties have agreed to a settlement and have prepared a Consent Order of Stipulated Settlement and Dismissal indicating the terms thereof. A copy of that document is attached and fully incorporated herein.

I have reviewed the record and the terms of settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures on the attached a Consent Order of Stipulated Settlement and Dismissal.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and therefore **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. ----------X
In the Matter of the TENURE Charges Against

Louis Cicenia,

257-10/18

By: South Orange-Maplewood School District,
Essex County, NEW JERSEY
----------X
Before **Deborah M. Gaines, Esq.**, Impartial Arbitrator

ORDER APPROVING SETTLEMENT OF TENURE CHARGES

The South Orange-Maplewood School District, Essex County (the "Board") certified tenure charges against Louis Cicenia ("Respondent" or "Cicenia"), a tenured teacher in the South Orange-Maplewood School District. The Board's counsel, David Rubin, Esq. (David B. Ruin, P.C.), filed Tenure Charges alleging various claims related to Unbecoming Conduct, with the Commissioner of Education of the State of New Jersey; the Commissioner received the charges on February 19, 2020. Respondent, by his counsel, Ronald J. Ricci, Esq. (Ricci Fava, LLC) filed an Answer with the Commissioner, denying the allegations and asserting various defenses. The Commissioner of Education, having reviewed the Tenure Charges and the Respondent's Answer, determined that the charges were sufficient, if true, to warrant dismissal or reduction in compensation and, therefore, referred the matter to arbitration. These charges were referred to the undersigned Arbitrator on March 23, 2020 pursuant to *N.J.S.A.* 18A:6-16, as amended by *P.L.* 2012, c. 26. A timely request for an extension of time was granted.

The parties reached a mutually acceptable settlement of the tenure charges at a hearing on January 26, 2021. The settlement terms were thereafter set forth in a written Stipulation of Settlement ("Stipulation"). On February 25, 2021, the Stipulation, signed by the parties and the Board's counsel, was forwarded to the arbitrator for review and approval. In accordance with *N.J.A.C.* 6A:3-5.6, the settlement of the tenure charges pursuant to the terms of the Stipulation is hereby approved; the standards for settlement have been satisfied as set forth below.

1. A copy of the Stipulation, as well as the Tenure Charges and the Answer are annexed to this Order.
2. The settlement of the tenure charges is warranted as it resolves the charges without additional cost to the State or to the parties and without any disruption to the school district arising from calling personnel as witnesses. The settlement also removes the uncertainty of litigation for both the Board and the Respondent.
3. Both the charged and charging parties have consented to the settlement terms. Both parties were represented by counsel in the negotiation of the settlement terms and the preparation of the Settlement Agreement (Settlement). Cicenia signed the Settlement indicating his voluntary agreement to its terms on February 4, 2021. The Board President signed the Settlement indicating the Board's voluntary agreement to its terms on February 25, 2021, following the Board's approval of the Settlement at a meeting on February 25, 2021. The Board's counsel signed a

Certification of Consent to Settlement Terms Pursuant to *N.J.A.C.* 6A:3-5.6(b) on February 25, 2021.

4. Respondent expressly confirmed in the Settlement that he fully understands the settlement terms and that he voluntarily entered into the settlement with a full understanding of his rights. Competent counsel provided advice and counsel to the Respondent throughout the settlement process.
5. The settlement is in the public interest. By the settlement, the Board avoids the uncertainty of the outcome of the arbitration, the time and expense associated with litigation and any disruption to the school district resulting from school personnel's participation in the hearing.
6. Under the Stipulation's terms, Respondent has voluntarily resigned in good standing from his position with the school district. In accordance with *N.J.A.C.* /6A:3-5.6(a)6, and as confirmed in Section 7 of the Stipulation, Respondent has been advised of the Commissioner's duty to refer tenure determinations resulting in loss of position to the State Board of Examiners.
7. Under the Settlement's terms (paragraph 2 and 7) the parties indicated the settlement is subject to approval of the Commissioner. Upon review of the statute, the undersigned and the parties have determined that such approval is not necessary because such approval is only necessary prior to the case being referred to an arbitrator. Thus, the reference to the Commissioner's approval in the parties

Settlement referred to in paragraphs 2 and 7 of the settlement is considered deleted.

By reason of the foregoing, the settlement of the tenure charges against the Respondent, Louis Cicenia, pursuant to the terms set forth in the Settlement Agreement, is approved.

Settlement Agreement

Whereas, the South Orange Maplewood Board of Education ("the Board") certified tenure charges against Louis Cicenia ("Cicenia"), a tenured teaching staff member ("the Charges"), annexed hereto as Exhibit A; and

Whereas, the Commissioner of Education referred the charges to Arbitrator Deborah Gaines ("the Arbitrator") for a hearing, *In re Tenure Hearing of Louis Cicenia/South Orange Maplewood School District, Essex County*, Agency Dkt. No. 74-3/2; and

Whereas, during the course of the hearing, in light of the evidence adduced thus far, the parties agreed to resolve the dispute on the terms set forth herein;

It is Now, Therefore, Agreed that the Charges are withdrawn, and the tenure charge proceedings are dismissed with prejudice, on the following terms:

1. Cicenia represents that, while he claims to have no recollection of the statements to students attributed to him in the Charges, he has no reason to question the veracity of the students' accounts thereof.
2. Immediately upon issuance of all approvals required from the Commissioner of Education and/or the Arbitrator by *N.J.A.C.* 6A:3-5.6, Cicenia shall be suspended without pay for a period of 180 calendar days.
3. During the period of Cicenia's suspension, and for so long thereafter as the Superintendent of Schools deems necessary,

dotloop signature verification: dtlp.us/kIBr-SxN-jnf

Cicenia shall participate in a training program to address the behaviors giving rise to the Charges. The training program shall be selected by the Superintendent of Schools, may at the Superintendent's discretion take place after school hours or on weekends, and may include regular attendance and active good faith participation by Cicenia on an ongoing basis. Cicenia acknowledges that any failure to comply with the requirements of this paragraph, or any further misconduct of the sort alleged in the Charges or worse, shall be grounds for dismissal in accordance with the procedures of the Tenure Employees Hearing Law.

4. The terms of this Settlement Agreement are deemed reasonable by the parties based upon: (a) the unavailability of testimony from certain student witnesses whose families moved out of the school district during the pendency of the proceedings; (b) a *bona fide* question whether a prior disciplinary action had been rescinded by agreement of the parties at that time; and (c) informal input from the Arbitrator that the terms hereof likely would constitute the quantum of discipline to be imposed even if the Charges ultimately were proven.

5. Cicenia acknowledges that he has been represented by Ronald Ricci, Esq., his independent legal counsel, throughout the proceedings, that he is satisfied with the services of his legal counsel, that he fully understands the terms of this Settlement Agreement and agrees to be bound by them, that he enters into this Settlement Agreement voluntarily and without coercion or

dotloop signature verification: dtlp.us/kH8r-SixN-jnfi

duress, and that he has been advised that, notwithstanding this Settlement Agreement, the Charges may nevertheless be referred to the New Jersey State Board of Examiners for such proceedings regarding his teaching certificates as that agency may deem appropriate.

6. Cicenia releases the Board, its members, employees, agents and representatives from any claims of any nature, known or unknown, based on any facts or events preceding execution of the Settlement Agreement, including but not limited to any claims of procedural or substantive impropriety or irregularity in the investigation culminating in the Charges, or in the certification or prosecution thereof by the Board.

7. This Settlement Agreement is subject to approval of the Board, the Arbitrator and the Commissioner of Education. In the event that any of these approvals are declined, the arbitration proceedings shall resume to a conclusion.

58-21

New Jersey Commissioner of Education

Final Decision

Charles Avellone,

Petitioner,

v.

Board of Education of the City of Hackensack, Bergen County,

Respondent.

Synopsis

In June 2020, petitioner filed an appeal asserting that the respondent Board violated *N.J.S.A.* 18A:20-34 by improperly granting the use of school premises from April 2020 through August 2020, free of charge, to a private condominium association. Specifically, on June 15, 2020, the Board passed a resolution permitting residents of Devonshire Condominium Association (Devonshire) to use the Hackensack High School parking lots during a period of construction on Devonshire's parking area. This agreement coincided with a period of remote educational services at the high school because of the Covid-19 epidemic. Petitioner sought to set aside the parking agreement with Devonshire, contending that political corruption on the part of members of the Board of Trustees had led to the grant of improper use. The Board denied petitioner's allegations. The parties filed cross motions for summary decision.

Upon review, the ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; *N.J.S.A.* 18A:20-34 confers wide discretion on the Board regarding community use of its facilities; the Board did not violate its policy for use of school facilities by outside groups when it allowed the condominium association to use the parking lots for free while they were not in regular use by the school community during the Covid-19 epidemic; authorizing such use did not interfere with the orderly conduct of a thorough and efficient system of education; such use is contemplated by *N.J.S.A.* 18A:20-34(c) and the Board's Policy 7510; the Board's granting of this use was not arbitrary, capricious or unreasonable; and, further, any allegations of violation of the School Ethics Act by members of the Board must be initiated by filing a complaint with the School Ethics Commission, and petitioner has not filed such a complaint. Accordingly, the ALJ granted the Board's motion for summary decision, and the matter was dismissed.

Upon review, the Commissioner, *inter alia*, concurred with the ALJ that the petition must be dismissed for the reasons well detailed in the Initial Decision. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

58-21

OAL Dkt. No. EDU 06749-20
Agency Dkt. No. 145-6/20

New Jersey Commissioner of Education

Final Decision

Charles Avallone,

Petitioner,

v.

Board of Education of the City of Hackensack, Bergen County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed and considered. The parties did not file exceptions.

Petitioner in this matter alleges that the Board violated *N.J.S.A.* 18A:20-34 and its own policy when it allowed residents of a local condominium association to use the parking lots at Hackensack High School at no cost when the school was operating remotely due to the Covid-19 pandemic. The Administrative Law Judge (ALJ) granted the Board's motion for summary decision, finding that *N.J.S.A.* 18A:20-34 confers wide discretion on the Board regarding community use of its facilities, and that the Board did not violate its policy by allowing the condominium association to use the parking lots for free. The ALJ further noted that any allegation of violations of the School Ethics Act by members of the Board must be initiated by filing a complaint with the School Ethics Commission, and that petitioner had not filed any such complaint.

Upon review, the Commissioner concurs with the ALJ that summary judgment is appropriate and that the Board's actions did not violate the statute or its policies, for the reasons thoroughly detailed in the Initial Decision.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter and the petition is hereby dismissed.

IT IS SO ORDERED.[1]

Respondent.

Synopsis

Pro se petitioner challenged the respondent Board's decision to assign J.P., to the Jefferson Elementary School (Jefferson) for the 2020–21 school year, as part of a district-wide plan to reduce overcrowding in classrooms. J.P., a fourth grader, had previously attended Washington Elementary School (Washington) but was reassigned to Jefferson based on newly established attendance areas which coordinate with a student's home address. Jefferson is located one block from petitioner's home, while Washington is a mile away; A.P. maintained that the Board's decision was arbitrary, capricious, and unreasonable, and that J.P. should be allowed to remain at Washington until the end of fifth grade because his transfer has caused transportation and childcare issues, financial hardship, and has been detrimental to J.P.'s academic and emotional progress. The Board maintained that J.P. was among a group of 15 students whose parents had appealed the transfer based on similar reasons; none of these students were granted an exception to remain at Washington for the 2020-21 school year. The Board filed a motion for summary decision, which was opposed by petitioner without any supporting affidavits.

The ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; a school board has discretionary power to determine which school students will attend within its district, so long as the decision is not contrary to law; the Board presented ample evidence supporting its reasons for the establishment of new attendance areas to reduce overcrowding and to populate a new elementary school; petitioner did not challenge the legitimacy of the Board's rationale for adopting new District policies, but rather asserted that an exception should be made for J.P., above all other transferred students, because of A.P.'s claimed inconveniences and her unsupported assertion that J.P. has regressed during his time at Jefferson, compared to the progress he had made at Washington. The ALJ concluded that the Board was not arbitrary, capricious, or unreasonable when it sought to reduce overcrowding by creating new attendance areas, which resulted in J.P.'s transfer to Jefferson Elementary School, located one block from his home. Accordingly, summary decision was granted in favor of the Board, and the petition was dismissed.

Upon review of the record, the Commissioner concurred with the ALJ's findings and conclusion. The Initial Decision was adopted as the final decision in this matter, for the reasons well expressed therein, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

OAL Dkt. No. EDU 08417-20
Agency Dkt. No. 174-8/20

New Jersey Commissioner of Education

Decision

A.P., on behalf of minor child, J.P.,

Petitioner,

v.

Board of Education of the Borough of North Arlington, Bergen County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Petitioner challenges the Board's decision to reassign J.P. to Jefferson Elementary School when he had previously attended Washington Elementary School. The Administrative Law Judge (ALJ) found that the Board was not arbitrary, capricious, or unreasonable when it sought to reduce overcrowding by creating new attendance areas based on student addresses, which resulted in the transfer of J.P. to Jefferson Elementary School, located one block from his home.

Upon review, the Commissioner agrees with the ALJ that the Board did not act in an arbitrary, capricious, or unreasonable manner in establishing new attendance areas and declining to make an exception for petitioner.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter and the petition is hereby dismissed.

IT IS SO ORDERED. [1]

New Jersey Commissioner of Education

Final Decision

In the Matter of Maria Maldonado,
Board of Trustees of the Camden's Promise
Charter School, Camden County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (Commission), finding that respondent violated the School Ethics Act for failure to timely complete school board member training in accordance with *N.J.S.A.* 18A:12-33 and *N.J.A.C.* 6A:28-4.1. The Commission's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c).

The SEC recommended a sanction of removal effective upon the adoption of the decision by the Commissioner. Alternatively, if the respondent completes the required training before the Commissioner issues her final decision, the SEC recommends that respondent be suspended for 30 days. The Commission advises that respondent completed training after the issuance of its January 26, 2021 decision. Respondent has neither filed exceptions to the recommended penalty nor instituted an appeal, pursuant to *N.J.A.C.* 6A:4-1 *et seq.*, of the Commission's underlying finding of violation.

Upon review, the Commissioner concurs with the penalty recommended by the Commission for respondent's failure to timely honor an obligation placed upon board members by law.

Accordingly, respondent is hereby suspended for 30 days as a school official found to have violated the School Ethics Act, effective as of the date of this decision.

IT IS SO ORDERED.*

Before the School Ethics Commission
Docket No.: T01-20
Decision for Failure to Complete Mandatory Training Requirement in a Timely Manner

---

I/M/O Maria Maldonado,
Camden's Promise Charter School, Camden County

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) that was issued by the School Ethics Commission (Commission) at its meeting on December 22, 2020, directing Respondent, a "board member" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find Respondent in violation of the Act, for failing to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

In the OTSC served on December 22, 2020, the Commission notified Respondent that she had twenty (20) days to respond to the OTSC, and further advised that failure to respond would be deemed an admission of the facts set forth in the OTSC.[1] Respondent was also notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and in local school administrators. By virtue of *N.J.S.A.*18A:12-23.1, the breadth of the Act was expanded to include charter school trustees.

Respondent is a trustee of a charter school located in the City of Camden, County of Camden. Pursuant to *N.J.S.A.* 18A:12-23.1, the provisions of the Act were made applicable to administrators and members of a board of trustees of a charter school. As a result of her position as a charter school trustee, Respondent is required, pursuant to *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a), to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis. For convenience and ease, the training is offered online so any charter school trustee may complete it at any time, from anywhere. Respondent was required to complete Governance 4 training program by June 30, 2020.

On July 1, 2020, the NJSBA provided the Commission with the names of those charter school trustees who failed to complete mandated training by June 30, 2020, and the list provided by

---

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

NJSBA included Respondent. Prior to this time, multiple communications about mandated training were sent to Respondent from NJSBA through a variety of means, including targeted e-mail messages and postings in *School Board Notes*. More specific information detailing the outreach efforts of NJSBA to communicate with Respondent and/or the charter school lead about mandated training is set forth in the attached Certification from NJSBA. *See* Exhibit 1. Notwithstanding all of these communications, Respondent did not complete mandated training.

In addition to the communication efforts undertaken by the NJSBA, the Camden County Office of Education (County) also communicated with the Respondent regarding her failure to complete the mandated training requirement. More specifically, in November 2020, the Commission's staff notified the County that Respondent was identified as a school official who failed to complete training by June 30, 2020. As a result, the County sent correspondence to Respondent, with a copy to the Charter Lead, advising that Respondent remained delinquent in completing training. Notwithstanding this correspondence from the County, Respondent did not complete training as directed.

As a final warning, the Commission sent a letter to Respondent dated December 10, 2020, via electronic mail, advising her that the Commission requires completion of the training to avoid the issuance of an OTSC for non-compliance.[2] This final warning letter provided instructions to Respondent on how to complete training. Again, notwithstanding this correspondence, Respondent did not complete the required training. As a result, an OTSC was served on Respondent.

To date, there is no dispute that Respondent did not complete her required training by June 30, 2020 and did not complete the training prior to the issuance of the Commission's OTSC. After having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why she did not complete training by June 30, 2020, and also failed to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

III. Decision/Penalty Recommendation

N.J.A.C. 6A:28-4.2(d) provides that school board members and charter school trustees who fail to comply with their training mandate shall be considered in violation of *N.J.S.A.* 18A:12-33. Based on the record as set forth above, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, as well as *N.J.A.C.* 6A:28-4.1 and *N.J.A.C.* 6A:11-3.1(a). Respondent received repeated notifications of her training requirement and had ample opportunity to complete the mandated training in a timely fashion; nonetheless, she failed to complete training as required.

In addition, the Commission readily acknowledges and is sympathetic to the fact that the Coronavirus (COVID-19) has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that training is completed annually, can be completed from any computer or device with an internet connection, and that the Commission was only required to issue an OTSC to ***six (6)*** charter school trustees throughout the State about the

[2] Again, due to the ongoing Coronavirus (COVID-19) pandemic, this communication was also sent via electronic transmission.

statutory obligation to complete training. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, the Commission may recommend to the Commissioner of Education that a penalty be imposed. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended sanction of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4:1 et seq. within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's briefs on appeal.

Now Therefore Be It Resolved, that the Commission hereby adopts the within decision and directs its staff to notify all parties to this action of the decision.

Robert W. Bender, Chairperson

I certify that the within Resolution was duly adopted by the School Ethics Commission at its public meeting on January 26, 2021.

Kathryn A. Whalen, Director

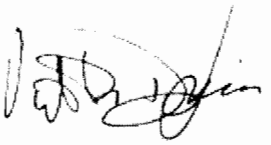
EXHIBIT 1

I, Vincent DeLucia, of full age hereby certify as follows:

1. I am an employee of the New Jersey School Boards Association and the Director of Training/Educator in Residence. I am responsible for working with NJSBA staff to assure accuracy of charter school trustee mandatory training records.

2. As part of my responsibilities, I assure the accuracy of the reports given to the New Jersey School Ethics Commission (NJSEC) regarding charter school trustees who do not complete the annual mandatory training.

3. On July 1, 2020, NJSBA delivered the Report of charter school trustees who had not completed their mandated training for year 2020 to the NJSEC.



4. Prior to preparing the July 1, 2020 report, NJSBA communicated with district Business Administrators (BAs) and charter school trustees about mandated training through an email to all charter school trustees and BAs on June 19, 2020, June 29, 2020 and July 30, 2020.

5. On June 17, 2020, Maria Maldonado was registered to take Governance 4 training and an email with the link was sent to her registered email address. An additional email was sent to all charter school trustees about mandated training on June 19, 2020.

6. An additional notice was sent to the Camden Promise Charter School Business Administrator on June 19, 2020, June 29, 2020 and July 30, 2020, advising that Maria Maldonado had not completed the Governance 4 training. All business administrators were called the week of July 29, 2020.

7. On June 19, 2020, June 29, 2020, July 23, 2020 and July 30, 2020, NJSBA communicated through email with Maria Maldonado with the link and instructions for completing Governance 4.

8. Maria Maldonado did not complete Governance 4 training.

Final Decision

In the Matter of Donna Siminiski,
Board of Trustees of Environment
Community Opportunity Charter School,
Camden County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (Commission), finding that respondent violated the School Ethics Act for failure to timely complete school board member training in accordance with *N.J.S.A.* 18A:12-33 and *N.J.A.C.* 6A:28-4.1. The Commission's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c).

The SEC recommended a sanction of removal effective upon the adoption of the decision by the Commissioner. Alternatively, if the respondent completes the required training before the Commissioner issues her final decision, the SEC recommends that respondent be suspended for 30 days. Respondent has neither filed exceptions to the recommended penalty nor instituted an appeal, pursuant to *N.J.A.C.* 6A:4-1 *et seq.*, of the Commission's underlying finding of violation.

Upon review, the Commissioner concurs with the penalty recommended by the Commission for respondent's failure to timely honor an obligation placed upon board members by law.

Accordingly, respondent is hereby removed as a school official found to have violated the School Ethics Act, effective as of the date of this decision.

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) that was issued by the School Ethics Commission (Commission) at its meeting on December 22, 2020, directing Respondent, a "board member" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find Respondent in violation of the Act, for failing to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

In the OTSC served on December 22, 2020, the Commission notified Respondent that she had twenty (20) days to respond to the OTSC, and further advised that failure to respond would be deemed an admission of the facts set forth in the OTSC.[1] Respondent was also notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and in local school administrators. By virtue of *N.J.S.A.*18A:12-23.1, the breadth of the Act was expanded to include charter school trustees.

Respondent is a trustee of a charter school located in the City of Camden, County of Camden. Pursuant to *N.J.S.A.* 18A:12-23.1, the provisions of the Act were made applicable to administrators and members of a board of trustees of a charter school. As a result of her position as a charter school trustee, Respondent is required, pursuant to *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a), to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis. For convenience and ease, the training is offered online so any charter school trustee may complete it at any time, from anywhere. Respondent was required to complete Governance 2 training program by June 30, 2020.

On July 1, 2020, the NJSBA provided the Commission with the names of those charter school trustees who failed to complete mandated training by June 30, 2020, and the list provided by

---

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

NJSBA included Respondent. Prior to this time, multiple communications about mandated training were sent to Respondent from NJSBA through a variety of means, including targeted e-mail messages and postings in *School Board Notes*. More specific information detailing the outreach efforts of NJSBA to communicate with Respondent and/or the charter school lead about mandated training is set forth in the attached Certification from NJSBA. *See* Exhibit 1. Notwithstanding all of these communications, Respondent did not complete mandated training.

In addition to the communication efforts undertaken by the NJSBA, the Camden County Office of Education (County) also communicated with the Respondent regarding her failure to complete the mandated training requirement. More specifically, in November 2020, the Commission's staff notified the County that Respondent was identified as a school official who failed to complete training by June 30, 2020. As a result, the County sent correspondence to Respondent, with a copy to the Charter Lead, advising that Respondent remained delinquent in completing training. Notwithstanding this correspondence from the County, Respondent did not complete training as directed.

As a final warning, the Commission sent a letter to Respondent dated December 10, 2020, via electronic mail, advising her that the Commission requires completion of the training to avoid the issuance of an OTSC for non-compliance.[2] This final warning letter provided instructions to Respondent on how to complete training. Again, notwithstanding this correspondence, Respondent did not complete the required training. As a result, an OTSC was served on Respondent.

To date, there is no dispute that Respondent did not complete her required training by June 30, 2020 and did not complete the training prior to the issuance of the Commission's OTSC. After having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why she did not complete training by June 30, 2020, and also failed to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

III. Decision/Penalty Recommendation

N.J.A.C. 6A:28-4.2(d) provides that school board members and charter school trustees who fail to comply with their training mandate shall be considered in violation of *N.J.S.A.* 18A:12-33. Based on the record as set forth above, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, as well as *N.J.A.C.* 6A:28-4.1 and *N.J.A.C.* 6A:11-3.1(a). Respondent received repeated notifications of her training requirement, and had ample opportunity to complete the mandated training in a timely fashion; nonetheless, she failed to complete training as required.

In addition, the Commission readily acknowledges and is sympathetic to the fact that the Coronavirus (COVID-19) has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that training is completed annually, can be completed from any computer or device with an internet connection, and that the Commission was only required to issue an OTSC to ***six (6)*** charter school trustees throughout the State about the

[2] Again, due to the ongoing Coronavirus (COVID-19) pandemic, this communication was also sent via electronic transmission.

statutory obligation to complete training. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, the Commission may recommend to the Commissioner of Education that a penalty be imposed. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended sanction of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4:1 et seq. within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's briefs on appeal.

Whereas, Donna Siminiski (Respondent) is a charter school trustee of Environment Community Opportunity Charter School; and

Whereas, the Act requires Respondent to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis; and

Whereas, Respondent failed to complete Governance 2 training program by June 30, 2020; and

Whereas, at its meeting on December 22, 2020, the School Ethics Commission (Commission) issued an Order to Show Cause (OTSC) directing Respondent to show cause as to why she failed to complete her mandatory training by June 30, 2020, as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a); and

Whereas, after having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why she did not complete training by June 30, 2020, and also failed to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a); and

Whereas, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a) by failing to complete the training requirement she was obligated to complete; and

Whereas, at its meeting on January 26, 2021, the Commission recommended that the Commissioner of Education impose a penalty of removal, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a thirty (30) day suspension, with such suspension to become effective immediately upon adoption by the Commissioner of Education; and

Now Therefore Be It Resolved, that the Commission hereby adopts the within decision and directs its staff to notify all parties to this action of the decision.

Robert W. Bender, Chairperson

I certify that the within Resolution was duly adopted by the School Ethics Commission at its public meeting on January 26, 2021.

New Jersey Commissioner of Education

Final Decision

In the Matter of Emerson Crooks,
Board of Trustees of Environment
East Orange Community Charter School,
Essex County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (Commission), finding that respondent violated the School Ethics Act for failure to timely complete school board member training in accordance with *N.J.S.A.* 18A:12-33 and *N.J.A.C.* 6A:28-4.1. The Commission's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c).

The SEC recommended a sanction of removal effective upon the adoption of the decision by the Commissioner. Alternatively, if the respondent completes the required training before the Commissioner issues her final decision, the SEC recommends that respondent be suspended for 30 days. Respondent has neither filed exceptions to the recommended penalty nor instituted an appeal, pursuant to *N.J.A.C.* 6A:4-1 *et seq.*, of the Commission's underlying finding of violation.

Upon review, the Commissioner concurs with the penalty recommended by the Commission for respondent's failure to timely honor an obligation placed upon board members by law.

Accordingly, respondent is hereby removed as a school official found to have violated the School Ethics Act, effective as of the date of this decision.

IT IS SO ORDERED.*

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: March 15, 2021
Date of Mailing: March 19, 2021

* This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

Before the School Ethics Commission
Docket No.: T03-20
Decision for Failure to Complete Mandatory Training Requirement in a Timely Manner

---

I/M/O Emerson Crooks,
East Orange Community Charter School, Essex County

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) that was issued by the School Ethics Commission (Commission) at its meeting on December 22, 2020, directing Respondent, a "board member" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find Respondent in violation of the Act, for failing to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

In the OTSC served on December 22, 2020, the Commission notified Respondent that he had twenty (20) days to respond to the OTSC, and further advised that failure to respond would be deemed an admission of the facts set forth in the OTSC.[1] Respondent was also notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and in local school administrators. By virtue of *N.J.S.A.* 18A:12-23.1, the breadth of the Act was expanded to include charter school trustees.

Respondent is a trustee of a charter school located in the City of East Orange, County of Essex. Pursuant to *N.J.S.A.* 18A:12-23.1, the provisions of the Act were made applicable to administrators and members of a board of trustees of a charter school. As a result of his position as a charter school trustee, Respondent is required, pursuant to *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a), to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis. For convenience and ease, the training is offered online so any charter school trustee may complete it at any time, from anywhere. Respondent was required to complete Governance 1 training program by June 30, 2020.

On July 1, 2020, the NJSBA provided the Commission with the names of those charter school trustees who failed to complete mandated training by June 30, 2020, and the list provided by

---

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

NJSBA included Respondent. Prior to this time, multiple communications about mandated training were sent to Respondent from NJSBA through a variety of means, including targeted e-mail messages and postings in *School Board Notes*. More specific information detailing the outreach efforts of NJSBA to communicate with Respondent and/or the charter school lead about mandated training is set forth in the attached Certification from NJSBA. *See* Exhibit 1. Notwithstanding all of these communications, Respondent did not complete mandated training.

In addition to the communication efforts undertaken by the NJSBA, the Essex County Office of Education (County) also communicated with the Respondent regarding his failure to complete the mandated training requirement. More specifically, in November 2020, the Commission's staff notified the County that Respondent was identified as a school official who failed to complete training by June 30, 2020. As a result, the County sent correspondence to Respondent, with a copy to the Charter Lead, advising that Respondent remained delinquent in completing training. Notwithstanding this correspondence from the County, Respondent did not complete training as directed.

As a final warning, the Commission sent a letter to Respondent dated December 10, 2020, via electronic mail, advising him that the Commission requires completion of the training to avoid the issuance of an OTSC for non-compliance.[2] This final warning letter provided instructions to Respondent on how to complete training. Again, notwithstanding this correspondence, Respondent did not complete the required training. As a result, an OTSC was served on Respondent.

To date, there is no dispute that Respondent did not complete his required training by June 30, 2020, and did not complete the training prior to the issuance of the Commission's OTSC. After having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why he did not complete training by June 30, 2020, and also failed to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

III. Decision/Penalty Recommendation

N.J.A.C. 6A:28-4.2(d) provides that school board members and charter school trustees who fail to comply with their training mandate shall be considered in violation of *N.J.S.A.* 18A:12-33. Based on the record as set forth above, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, as well as *N.J.A.C.* 6A:28-4.1 and *N.J.A.C.* 6A:11-3.1(a). Respondent received repeated notifications of his training requirement, and had ample opportunity to complete the mandated training in a timely fashion; nonetheless, he failed to complete training as required.

In addition, the Commission readily acknowledges and is sympathetic to the fact that the Coronavirus (COVID-19) has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that training is completed annually, can be completed from any computer or device with an internet connection, and that the Commission was only required to issue an OTSC to ***six (6)*** charter school trustees throughout the State about the

[2] Again, due to the ongoing Coronavirus (COVID-19) pandemic, this communication was also sent via electronic transmission.

statutory obligation to complete training. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, the Commission may recommend to the Commissioner of Education that a penalty be imposed. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended sanction of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4:1 et seq. within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's briefs on appeal.

Final Decision

In the Matter of Lindi Ashton,
Board of Trustees of the Achievers Early
College Prep Charter School,
Mercer County.

The Commissioner has reviewed the record of this matter and the decision of the School Ethics Commission (Commission), finding that respondent violated the School Ethics Act for failure to timely complete school board member training in accordance with *N.J.S.A.* 18A:12-33 and *N.J.A.C.* 6A:28-4.1. The Commission's decision was forwarded to the Commissioner for final determination on the recommended penalty pursuant to *N.J.S.A.* 18A:12-29(c).

The SEC recommended a sanction of removal effective upon the adoption of the decision by the Commissioner. Alternatively, if the respondent completes the required training before the Commissioner issues her final decision, the SEC recommends that respondent be suspended for 30 days. Respondent has neither filed exceptions to the recommended penalty nor instituted an appeal, pursuant to *N.J.A.C.* 6A:4-1 *et seq.*, of the Commission's underlying finding of violation.

Upon review, the Commissioner concurs with the penalty recommended by the Commission for respondent's failure to timely honor an obligation placed upon board members by law.

Accordingly, respondent is hereby removed as a school official found to have violated the School Ethics Act, effective as of the date of this decision.

Before the School Ethics Commission
Docket No.: T05-20
Decision for Failure to Complete Mandatory Training Requirement in a Timely Manner

---

I/M/O Lindi Ashton,
Achievers Early College Prep Charter School, Mercer County

I. Procedural History

This matter arises from an Order to Show Cause (OTSC) that was issued by the School Ethics Commission (Commission) at its meeting on December 22, 2020, directing Respondent, a "board member" as defined in *N.J.S.A.* 18A:12-23 of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*, to show cause as to why the Commission should not find Respondent in violation of the Act, for failing to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

In the OTSC served on December 22, 2020, the Commission notified Respondent that she had twenty (20) days to respond to the OTSC, and further advised that failure to respond would be deemed an admission of the facts set forth in the OTSC.[1] Respondent was also notified that, upon receipt of the response or upon expiration of the twenty (20) day time period for so filing, the Commission may proceed to a determination of a violation on a summary basis (i.e., without a hearing or further proceedings) in accordance with *N.J.A.C.* 6A:28-1.6(c), which so permits when material facts are not in dispute.

II. Analysis

The Act was enacted by the New Jersey State Legislature to ensure and preserve public confidence in members of local boards of education and in local school administrators. By virtue of *N.J.S.A.*18A:12-23.1, the breadth of the Act was expanded to include charter school trustees.

Respondent is a trustee of a charter school located in the City of Trenton, County of Mercer. Pursuant to *N.J.S.A.* 18A:12-23.1, the provisions of the Act were made applicable to administrators and members of a board of trustees of a charter school. As a result of her position as a charter school trustee, Respondent is required, pursuant to *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a), to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis. For convenience and ease, the training is offered online so any charter school trustee may complete it at any time, from anywhere. Respondent was required to complete Governance 2 training program by June 30, 2020.

On July 1, 2020, the NJSBA provided the Commission with the names of those charter school trustees who failed to complete mandated training by June 30, 2020, and the list provided by

---

[1] Due to the ongoing Coronavirus (COVID-19) pandemic, service of process was effectuated by the Commission through electronic transmission only.

NJSBA included Respondent. Prior to this time, multiple communications about mandated training were sent to Respondent from NJSBA through a variety of means, including targeted e-mail messages and postings in *School Board Notes*. More specific information detailing the outreach efforts of NJSBA to communicate with Respondent and/or the charter school lead about mandated training is set forth in the attached Certification from NJSBA. *See* Exhibit 1. Notwithstanding all of these communications, Respondent did not complete mandated training.

In addition to the communication efforts undertaken by the NJSBA, the Mercer County Office of Education (County) also communicated with the Respondent regarding her failure to complete the mandated training requirement. More specifically, in November 2020, the Commission's staff notified the County that Respondent was identified as a school official who failed to complete training by June 30, 2020. As a result, the County sent correspondence to Respondent, with a copy to the Charter Lead, advising that Respondent remained delinquent in completing training. Notwithstanding this correspondence from the County, Respondent did not complete training as directed.

As a final warning, the Commission sent a letter to Respondent dated December 10, 2020, via electronic mail, advising her that the Commission requires completion of the training to avoid the issuance of an OTSC for non-compliance.[2] This final warning letter provided instructions to Respondent on how to complete training. Again, notwithstanding this correspondence, Respondent did not complete the required training. As a result, an OTSC was served on Respondent.

To date, there is no dispute that Respondent did not complete her required training by June 30, 2020 and did not complete the training prior to the issuance of the Commission's OTSC. After having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why she did not complete training by June 30, 2020, and also failed to complete training as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a).

III. Decision/Penalty Recommendation

N.J.A.C. 6A:28-4.2(d) provides that school board members and charter school trustees who fail to comply with their training mandate shall be considered in violation of *N.J.S.A.* 18A:12-33. Based on the record as set forth above, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, as well as *N.J.A.C.* 6A:28-4.1 and *N.J.A.C.* 6A:11-3.1(a). Respondent received repeated notifications of her training requirement, and had ample opportunity to complete the mandated training in a timely fashion; nonetheless, she failed to complete training as required.

In addition, the Commission readily acknowledges and is sympathetic to the fact that the Coronavirus (COVID-19) has had a significant impact on the daily lives of all people, and believes that reasonable accommodations and extensions of deadlines are appropriate and warranted in certain circumstances. However, the Commission notes that training is completed annually, can be completed from any computer or device with an internet connection, and that the Commission was only required to issue an OTSC to ***six (6)*** charter school trustees throughout the State about the

[2] Again, due to the ongoing Coronavirus (COVID-19) pandemic, this communication was also sent via electronic transmission.

statutory obligation to complete training. As such, there is no reasonable basis for Respondent, based on the current record, to have failed to comply with this mandate.

Where a violation of the Act is found by the Commission, the Commission may recommend to the Commissioner of Education that a penalty be imposed. The recommended penalty can include a reprimand, censure, suspension or removal of the school official. *N.J.A.C.* 6A:28-10.12. For the reasons set forth above, the Commission recommends that the Commissioner of Education impose a penalty of **removal**, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a **thirty (30) day suspension**, with such suspension to become effective immediately upon adoption by the Commissioner of Education.

Pursuant to *N.J.S.A.* 18A:12-29(c), this decision shall be forwarded to the Commissioner of Education for review of the Commission's recommended penalty. Respondent may either: 1) file exceptions to the recommended sanction; 2) file an appeal of the Commission's finding of a violation; or 3) file both exceptions to the recommended sanction together with an appeal of the finding of a violation.

Parties taking exception to the recommended sanction of the Commission but *not disputing* the Commission's finding of a violation may file, within **thirteen (13) days** from the date the Commission's decision is forwarded to the Commissioner, written exceptions regarding the recommended penalty to the Commissioner. The forwarding date shall be the mailing date to the parties, as indicated below. Such exceptions must be forwarded to: Commissioner of Education, c/o Bureau of Controversies and Disputes, P.O. Box 500, Trenton, New Jersey 08625, marked "Attention: Comments on Ethics Commission Sanction." A copy of any comments filed must be sent to the Commission and all other parties.

Parties seeking to appeal the Commission's finding of violation *must* file an appeal pursuant to the standards set forth at *N.J.A.C.* 6A:4:1 et seq. within **thirty (30) days** of the filing date of the decision from which the appeal is taken. The filing date shall be three (3) days after the date of mailing to the parties, as shown below. In such cases, the Commissioner's review of the Commission's recommended sanction will be deferred and incorporated into the Commissioner's review of the finding of violation on appeal. Where a notice of appeal has been filed on or before the due date for exceptions to the Commission's recommended sanction (thirteen (13) days from the date the decision is mailed by the Commission), exceptions need not be filed by that date, but may be incorporated into the appellant's briefs on appeal.

Resolution Adopting Decision for Failure to Complete Mandatory Training Requirement in a Timely Manner
Docket No.: T05-20

Whereas, pursuant to *N.J.S.A.* 18A:12-23.1, all charter school trustees, including Respondent, are subject to the provisions of the School Ethics Act (Act), *N.J.S.A.* 18A:12-21 *et seq.*; and

Whereas, Lindi Ashton (Respondent) is a charter school trustee of Achievers Early College Prep Charter School; and

Whereas, the Act requires Respondent to complete a training program prepared and offered by the New Jersey School Boards Association (NJSBA) on an annual basis; and

Whereas, Respondent failed to complete Governance 2 training program by June 30, 2020; and

Whereas, at its meeting on December 22, 2020, the School Ethics Commission (Commission) issued an Order to Show Cause (OTSC) directing Respondent to show cause as to why she failed to complete her mandatory training by June 30, 2020, as required by *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a); and

Whereas, after having been served with the OTSC, Respondent failed to respond to the Commission's OTSC as to why she did not complete training by June 30, 2020, and also failed to complete training; and

Whereas, at its meeting on January 26, 2021, the Commission found that Respondent violated *N.J.S.A.* 18A:12-33, *N.J.A.C.* 6A:28-4.1, and *N.J.A.C.* 6A:11-3.1(a) by failing to complete the training requirement she was obligated to complete; and

Whereas, at its meeting on January 26, 2021, the Commission recommended that the Commissioner of Education impose a penalty of removal, with such removal to become effective immediately upon adoption by the Commissioner of Education. However, if Respondent completes training before the Commissioner of Education adopts a final decision (which will be forty-five (45) days after the mailing date of the within decision), then the Commission recommends that the Commissioner of Education, in lieu of removal, impose a thirty (30) day suspension, with such suspension to become effective immediately upon adoption by the Commissioner of Education; and

Now Therefore Be It Resolved, that the Commission hereby adopts the within decision and directs its staff to notify all parties to this action of the decision.

Robert W. Bender, Chairperson

I certify that the within Resolution was duly adopted by the School Ethics Commission at its public meeting on January 26, 2021.

Kathryn A. Whalen, Director

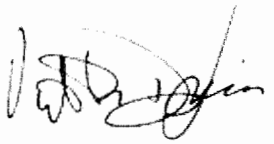
EXHIBIT 1

I, Vincent DeLucia, of full age hereby certify as follows:

1. I am an employee of the New Jersey School Boards Association and the Director of Training/Educator in Residence. I am responsible for working with NJSBA staff to assure accuracy of board of charter school trustee mandatory training records.

2. As part of my responsibilities, I assure the accuracy of the reports given to the New Jersey School Ethics Commission (NJSEC) regarding charter school trustees who do not complete the annual mandatory training.

3. On July 1, 2020, NJSBA delivered the Report of charter school trustees who had not completed their mandated training for year 2020 to the NJSEC.



4. Prior to preparing the July 1, 2020 report, NJSBA communicated with district Business Administrators (BAs) and charter school trustees about mandated training through an email to all charter school trustees and BAs on August 21, 2019, September 4, 2019, September 12, 2019, September 18, 2019, September 20, 2019, September 26, 2019, October 3, 2019 and October 10, 2019.

5. On December 9, 2019, Lindi Ashton was registered to take Governance 2 training and an email with the link was sent to her registered email address. An additional email was sent to all charter school trustees about mandated training on June 19, 2020.

6. An additional notice was sent to the Achievers Early College Prep Charter School Business Administrator on December 13, 2019, December 20, 2019, December 27, 2019, January 17, 2020, January 24, 2020, February 18, 2020 and February 26, 2020, advising that Lindi Ashton had not completed the Governance 2 training. All business administrators were called the week of July 29, 2020.

7. On December 11, 2019, December 23, 2019, January 3, 2020, February 18, 2020 and February 26, 2020, NJSBA communicated through email with Lindi Ashton with the link and instructions for completing Governance 2.

8. Lindi Ashton did not complete the Governance 2 training.

INITIAL DECISION
SETTLEMENT
OAL DKT. NO. EDU 14554-19
AGENCY DKT. NO. 228-9/19

ROBERT MISYAK,
Petitioner,
v.
BOARD OF EDUCATION OF THE SUSSEX WANTAGE REGIONAL SCHOOL DISTRICT, SUSSEX COUNTY,
Respondents.

Keith Waldman, Esq., for petitioner (Selikoff & Cohen, attorneys)

Brent R. Pohlman, Esq., for respondent (Methfessel & Werbel, attorneys)

Record Closed: December 2, 2020 Decided: February 4, 2021

BEFORE **ANDREW M. BARON**, ALJ:

This matter was transmitted to the Office of Administrative Law for determination as a contested case on October 10, 2019, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

The parties have settled this matter and have filed a Resolution setting forth the terms of their agreement, which is attached and fully incorporated herein.

Having reviewed the record and the Resolution setting forth the terms of the parties' agreement, I **FIND**:

I have reviewed the record and terms of the settlement and **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by the signatures of the parties or their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with law.

I **CONCLUDE** that the agreement meets the safeguard requirements of N.J.A.C. 1:1-19.1 and, accordingly, I approve the settlement and **ORDER** that the parties comply with the settlement terms and that these proceedings be **CONCLUDED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

RELEASE

This Release, dated November 11, 2020, is given

BY the Releasor, Robert Misyak RM

referred hereafter to as "I",

TO Releasees, Sussex-Wantage Regional School District Board of Education

referred to as "You".

If more than one person signs this Release, "I" shall mean each person who signs this Release.

1. **Release**. I release and give up any and all claims and rights which I may have against you. This releases all claims, including those of which I am not aware and those not mentioned in this Release. This Release applies to claims resulting from anything which has happened up to now. I agree to pay from the settlement proceeds an amount sufficient to discharge any and all liens and monetary obligations including, but not limited to medical, wage, worker's compensation, health insurance, Medicare, welfare, child support or other benefits paid by anyone on my behalf, together with such additional sums as may accrue thereon. **Before you make disbursement to me, I will provide to you verification that I am not currently subject to any Medicare lien and a Charles Jones search demonstrating that I am not subject to a child support judgment.** I further acknowledge that I have specifically discussed this provision of this Release with my attorneys. I specifically release the following claims: **Any and all claims for damages, injuries, medical bills, lost wages or losses of any kind and future expenses associated with the Verified Petition of Appeal filed under docket number: EDU 14554-2019N; Agency Reference Number 228-9/19.** This Release specifically excludes: (a) claims, if any, arising under the New Jersey Workers' Compensation Act which are unrelated to the Action and which may arise after execution of this Agreement; (b) claims that I cannot release or waive by law; and (c) claims, if any, arising from the breach of this Agreement. I certify that I am unaware of a factual basis for any such claims at this time.

2. **Payment**. I have been paid a total of One Thousand Three Hundred and Eighty-Seven Dollars and Sixty-Eight Cents ($1,387.68), in full payment for making this Release. I agree that I will not seek anything further including any other payment from you regarding this matter.

3. **Promise to satisfy all liens out of the Payment**. I agree to satisfy all claims and/or liens, past, current and/or future arising out of this settlement or asserted against the proceeds of this settlement.

4. **Who is Bound**. I am bound by this Release. Anyone who succeeds to my rights and responsibilities, such as my heirs or the executor of my estate, is also bound. This Release is made for your benefit and all who succeed to your rights and responsibilities, such as your heirs or the executor of your estate.

5. **Signatures**. I understand and agree to the terms of this Release. If this Release is made by a corporation its proper corporate officers sign and its corporate seal is affixed.

New Jersey Commissioner of Education

Final Decision

D.D., on behalf of minor child, A.B.,

Petitioner,

v.

Board of Education of the Town of West New York, Hudson County,

Respondent.

Synopsis

Petitioner contended that her son was unfairly suspended from school during the 2019-2020 school year and sought his reinstatement. The respondent Board replied that its actions were reasonable; compliant with applicable law and regulation; and that in any event, the suspension was lifted during the 2019-2020 school year, rendering petitioner's claims moot.

The ALJ found, *inter alia*, that: petitioner confirmed in January 2021 that the suspension at issue had been lifted, and A.B. had been returned to school remotely due to Covid-19; despite the fact that petitioner agreed to withdraw the instant petition, she failed to do so; the Board thereafter filed a motion to for summary decision. The ALJ concluded that, as the only relief petitioner sought in her petition was the lifting of the suspension, this matter is now moot, and petitioner's appeal must be dismissed.

Upon review, the Commissioner concurred with the findings and conclusions of the ALJ. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed as moot.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

65-21

OAL Dkt. No. EDU 05468-20
Agency Dkt. No. 101-5/20

New Jersey Commissioner of Education

Final Decision

D.D., on behalf of minor child, A.B.,

Petitioner,

v.

Board of Education of the Town of West New York, Hudson County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon such review, the Commissioner agrees with the Administrative Law Judge's (ALJ) conclusion that this matter is moot. Petitioner has already received the relief sought by the petition, as A.B.'s suspension has been lifted and he has returned to class as a classified student.[1] Additionally, petitioner indicated to the ALJ that she intended to withdraw this matter but failed to submit the withdrawal in writing. Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter, and the petition is hereby dismissed.

IT IS SO ORDERED.[2]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: March 17, 2021
Date of Mailing: March 21, 2021

[1] The district has shifted to remote learning due to the COVID-19 pandemic. As such, to the extent that A.B. has not returned to in-person learning, it is solely due to the pandemic and unrelated to any discipline.

[2] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

SUMMARY DECISION
OAL DKT. NO. EDU 05468-20
AGENCY DKT. NO. 101-5/20

D.D. ON BEHALF OF A.B.,
Petitioner,
v.
BOARD OF EDUCATION OF THE TOWN OF WEST NEW YORK, HUDSON COUNTY,
Respondent.

D.D. on behalf of **A.B.,** pro se

David I. Solomon, Esq., for respondent (Florio, Perrucci, Steinhardt, Cappelli Tipton and Taylor, attorneys)

Record Closed: February 1, 2021 Decided: February 4, 2021

BEFORE **ELLEN S. BASS**, ALJ:

STATEMENT OF THE CASE

Petitioner contends that her son was unfairly suspended from school during the 2019-2020 school year and seeks his reinstatement. The West New York Board of Education ("the Board") replies that its actions were always reasonable; compliant with

applicable law and regulation; and that in any event, the suspension was lifted during the 2019-2020 school year, rendering petitioner's claims moot.

PROCEDURAL HISTORY

A pro se petition of appeal was filed with the Commissioner of Education by D.D. on April 16, 2020. An answer was filed on behalf of the Board, and the matter was transmitted to the Office of Administrative Law ("OAL") as a contested case on June 8, 2020. The case was initially assigned to Judge Andrew Baron on July 17, 2020.[1] Judge Baron scheduled a telephonic prehearing conference with the parties, but the petitioner failed to appear. Before a follow-up attempt to confer with the parties took place, the matter was reassigned to me on December 15, 2020.

I conferred with the parties on January 6, 2021, at which time D.D. confirmed that the suspension at issue had been lifted, and that her son had been returned to school, albeit remotely due to COVID-19. She moreover confirmed that, insofar as the only relief she sought was his reinstatement, there was no further relief that I could offer her in this forum. I suggested that she withdraw her petition of appeal and she agreed. Thereafter, my assistant contacted petitioner two times to inquire about the withdrawal; D.D. twice indicated it would be forthcoming. D.D. has not forwarded a letter of withdrawal to date.

On January 12, 2021, I directed the parties to address in writing, before January 26, 2021, the question of whether the claims in the petition are moot. I received a Motion for Summary Decision, letter memorandum and an accompanying certification of Allan Roth, Esq., from counsel for the Board on January 26, 2021. I afforded petitioner several more days to file her submission. But hearing nothing from her, I closed the record on February 1, 2021.[2]

FINDINGS OF FACT

[1] The slight delay in assigning the case was occasioned by the COVID-19 pandemic.

[2] The factual background set forth in the Roth certification is uncontested.

The salient facts are not in dispute, and I **FIND**:

A.B. was an eleventh-grade student during the 2019-2020 school year and attended Memorial High School. After a disciplinary incident in January 2020, A.B. was placed on a long-term suspension. A hearing was conducted before the Board on February 12, 2020. Petitioner did not attend. Via letter dated February 21, 2020, she was advised that the Board had upheld A.B.'s suspension through the end of the school year and that he would be reinstated in September 2020. He was placed on homebound instruction. Thereafter, on March 13, 2020, and with his mother's consent, A.B. was classified as eligible for Special Education services; provided with an Individualized Education Program (IEP); and his suspension was lifted.

But by March 16, 2020, classes had shifted to remote instruction for all West New York students, A.B. included.[3] Petitioner expresses concern in her petition that her son was unable to participate in baseball during 2020, a sport in which he excelled. Sadly, all extra-curricular activities, including baseball, were suspended in the Spring of 2020 in West New York due to COVID. The COVID crisis continues to date, and West New York students continue to receive remote instruction, including A.B., who is now a senior and on track to graduate provided he completes his coursework and achieves the necessary grades.

I have carefully reviewed the petition of appeal, which in addition to alleging that A.B. was unfairly disciplined, asserts that the Board, through its administration, was responsible for a break-in and trespass at her home which took place after Board representatives allegedly had complained about her to the West New York police; and that school personnel gave false information to the West New York Housing Authority with the intent to have her evicted. But the only relief sought in the petition is that A.B. "be allowed to return to school."

[3] On or about March 9, 2020, Governor Murphy, via Executive Order 103, declared a public health emergency due to the COVID-19 pandemic.

CONCLUSIONS OF LAW

N.J.A.C. 1:1-12.5(b) provides that summary decision should be rendered "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." Our regulation mirrors R. 4:46-2(c), which provides that "[t]he judgment or order sought shall be rendered forthwith if the pleadings, depositions, answers to interrogatories and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to a judgment or order as a matter of law."

A determination whether a genuine issue of material fact exists that precludes summary decision requires the judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party. Our courts have long held that "if the opposing party . . . offers . . . only facts which are immaterial or of an insubstantial nature, a mere scintilla, 'Fanciful, frivolous, gauzy or merely suspicious,' he will not be heard to complain if the court grants summary judgment." Brill v. Guardian Life Ins. Co. of Am., 142 N.J. 520, 529 (1995) (citing Judson v. Peoples Bank & Trust Co., 17 N.J. 67, 75 (1954)).

The "judge's function is not himself [or herself] to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial." Brill, 142 N.J. at 540 (citing Anderson v. Liberty Lobby, 477 U.S. 242, 249 (1986)). When the evidence "is so one-sided that one party must prevail as a matter of law," the trial court should not hesitate to grant summary judgment. Liberty Lobby, 477 U.S. at 252. I **CONCLUDE** that this matter is ripe for summary decision. The facts alleged by the Board are uncontested and its motion is unopposed. The Board is entitled to judgment as a matter of law.

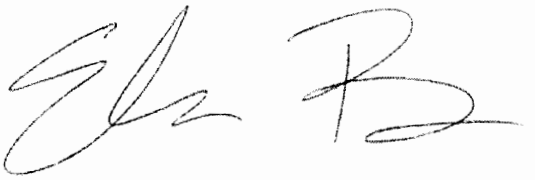
Petitioner has already received the relief sought by her petition. A.B.'s suspension has been lifted, and he has been returned to classes as a classified student. Petitioner

has at no time suggested otherwise. While A.B. is engaged in remote learning, this is due only to the pandemic, and not related to the controverted discipline. Accordingly, the claims petitioner raises are moot and should be dismissed.

An action is moot when it no longer presents a justiciable controversy because the issues raised have become academic. For reasons of judicial economy and restraint, it is appropriate to refrain from decision-making when an issue presented is hypothetical; judgement cannot grant effective relief; or the parties do not have a concrete adversity of interest. Anderson v. Sills, 143 N.J. Super., 432, 437 (Ch. Div. 1976). See also: S.J. v Mountain Lakes Bd. of Educ., EDU 07081-03, Initial Decision (October 7, 2003), aff'd Comm'r (November 17, 2003), aff'd., St. Bd. (February 3, 2004),<http://lawlibrary.rutgers.edu/oal/search.html>.

There is no relief which I can afford this petitioner. An order lifting A.B.'s suspension would at this juncture be purely academic.[4] It is not my role, nor that of the Commissioner, to function in the abstract or to enter rulings that are advisory.[5] See: N.J. Civil Service Ass'n v. State of New Jersey, 88 N.J. 605,611 (1982); Crescent Park Tenants Assoc. v. Realty Eq. Corp. of New York, 58 N.J. 98, 107 (1971).

ORDER



Based on the foregoing, it is **ORDERED** that the petition of appeal be **DISMISSED**.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

[4] It bears reiterating that an end to the suspension is the only relief sought by the petition.

[5] To the extent that the petitioner alleges that actions by school personnel were harassing or resulted in a break-in at her home, these claims do not arise under the school laws and accordingly, are not cognizable in this forum. N.J.S.A. 18A:6-9. It is well-established that claims concerning school staff do not necessarily arise under the school laws. See: Bd. of Educ. of East Brunswick v. Twp. Council, 48 N.J. 94, 102 (1966).

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Final Decision

F.P., on behalf of minor child, M.P.,

Petitioner,

v.

Board of Education of the City of Newark, Essex County,

Respondent.

The Commissioner has reviewed the record of this matter and the Initial Decision of the Office of Administrative Law (OAL).[1] The parties did not file exceptions.

Upon review, the Commissioner concurs with the Administrative Law Judge (ALJ) that summary decision is appropriate, and that petitioner's claims should be dismissed because they were addressed by a settlement agreement between the parties prior to the filing of the petition of appeal.

Accordingly, the Initial Decision is adopted as the final decision in this matter, and the petition of appeal is hereby dismissed.

IT IS SO ORDERED.[2]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: March 18, 2021
Date of Mailing: March 19, 2021

[1] The Commissioner notes that the Initial Decision indicates that the petition of appeal was filed with the Office of Special Education Policy and Procedure. The petition was actually filed with the Office of Controversies and Disputes.

[2] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

OAL DKT. NO. EDU 01428-20
AGENCY DKT. NO. 27-1/20

F.P. O/B/O MINOR CHILD, M.P.,
Petitioner,
v.
BOARD OF EDUCATION OF THE CITY OF NEWARK, ESSEX COUNTY,
Respondent.

F.P., petitioner, pro se

Afshan Ajimari Giner, Esq., and **Jaclyn S. D'Arminio,** Esq., for respondent (Florio, Perrucci, Steinhardt & Cappelli, LLC, attorneys)

Record Closed: June 4, 2020 Decided: February 1, 2021

BEFORE **JULIO C. MOREJON**, ALJ:

STATEMENT OF THE CASE

Petitioner, F.P., on behalf of M.P. ("student"), alleges that on November 27, 2019, the Board of Education of the City of Newark, ("the Board"), wrongfully suspended the student from attending the McKinley Elementary School ("McKinley"). F.P. alleges that the Board violated F.P. and the student's due process rights in failing to notify F.P. of the

student's suspension and failing to provide him with a hearing before the Board regarding the same. F.P. seeks relief to reinstate the student at the School.

PROCEDURAL HISTORY

On January 29, 2020, F.P. filed a petition of appeal with the Office of Special Education Policy and Procedure (OSEPP), seeking emergent relief pursuant to N.J.A.C. 6A-31.6, to overturn the student's suspension and to have him reinstated in the school. The matter was transferred to the Office of Administrative Law (OAL) and filed at the OAL on January 31, 2020, as an emergent and contested matter.

On February 12, 2020, the parties appeared before me and on February 13, 2020, I issued an Order denying the emergent relief sought. On March 2, 2020, the Commissioner of Education entered an Order on Emergent Relief concurring with my Order of February 13, 2020, denying emergent relief and ordering that the matter continue at the OAL on the issues raised in the petition of appeal regarding suspension of the student. Therefore, I retained F.P.'s petition of appeal for a disposition of the merits of his claim. A hearing was scheduled for May 20, 2020.

On or about April 21, 2020, the Board filed the within motion for summary decision. M.P. did not file opposition to the same. On June 4, 2020, oral argument was heard telephonically. M.P. did not call in to appear for oral argument, and the record closed. [1]

FACTUAL SUMMARY

At the time M.P. filed the underlying petition ("Second Petition") and emergent relief ("Second Emergent") in January 2020, M.P. was an 11-year-old student, currently in the 6th grade. He was transferred to McKinley at the beginning of the 2018-2019 school year. Since entering McKinley, the student has had several incidents that resulted in out-of-

[1] Pursuant to Executive Order No. 127, in any contested case, any pending deadline for filing of decision by an Administrative Law Judge at the OAL pursuant to N.J.S.A. 52:14B-10(c); and any pending deadline for adopting, rejecting or modifying are commended report and decision by the sending Agency, shall be extended by the number of days of the Public Health Emergency declared in Executive Order No. 103 (2020) plus an additional 90 days.

school suspensions of varying lengths. The Board alleges that multiple efforts had been made to evaluate the student by the Child Study Team (CST) to determine an appropriate program and that F.P. refused to consent to any evaluations.

In order to fully understand the facts of this matter, a discussion of a prior emergent application made by F.P. concerning identical allegations contained in the Second Petition and Second Emergent will follow.

M.P. alleges that after an incident that occurred on November 25, 2019, the Board suspended the student four (4) days). Thereafter, on or about December 2019, F.P. filed an emergent relief application, bearing OAL Docket No. EDU-17349-19, (First Emergent) and petition of appeal (First Petition) with the Commissioner of Education. Simultaneous to M.P.'s filing, the Board filed a due process petition with a request for emergent relief to compel F.P., to consent to evaluations of M.P. by the CST. On or about December 17, 2019, the First Emergent and First Petition were settled pursuant to the terms of a Settlement Agreement (Settlement), and the Board then withdrew its due process petition.

F.P. then filed the Second Emergent application and Second Petition, in January 20, 2020, containing the same allegations that he made in the First Petition and the First Emergent application. In the Second Petition F.P. alleged that the student was "expelled" from school and he sought the student's reinstatement to the school district. F.P. also alleged that he was not aware of the proceedings related to the First Petition and that his former attorney withdrew the First Petition without his knowledge

On February 13, 2020, I issued an Order denying the Second Emergent, and found that F.P. and the Board had entered into a Settlement Agreement on December 17, 2019, allowing for home instruction of the student and that F.P. would allow the CST to conduct certain evaluations of the student for the Board to determine what resources the student might require. The Order of February 13, 20220, did not dispose of the Second Petition, and therefore the allegations concerning the Board's suspension of the student contained in the Second Petition formed the basis for the underlying petition.

Before a hearing could be had in this matter, on or about March 2, 2020, F.P. represented to the Board that the student had transferred schools, but he did not provide the Board with the name of the new school. On March 4, 2020, counsel for the Board sent F.P. a letter requesting that he provide proof of the student's attendance in another school (Ajmiri Giner Cert. ¶ 13, Exhibit G). Petitioner was further asked to verify that he was complying with the State's compulsory education laws (Ajmiri Giner Cert. ¶ 14, Exhibit G). F.P. did not respond to the Board's inquiry; he did, however, respond to an email from the home instruction teacher relating to the student's home instruction (Ajmiri Giner Cert. ¶ 15, Exhibit H). To date, F.P. has not responded to counsel's or the District's queries regarding what school district M.P. was attending. F.P. has not submitted any documents or additional information in support of his allegations and request for relief in the Second Petition.

The Board then filed the within motion for summary decision to dismiss the Second Petition. The Board argues in its motion that F.P.'s present petition of appeal should be dismissed as the parties are bound by the terms of the Settlement Agreement resolving the issues reiterated in the First Petition, and thus, F.P. has no case or controversy to be decided before the OAL concerning the Second Petition.

DISCUSSION

A Motion for Summary Decision shall be granted "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." N.J.A.C. 1:1-12.5(a). If "a Motion for Summary Decision is made and supported, an adverse party in order to prevail, must by responding affidavit set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding." Ibid. A Motion for Summary Decision before the OAL must be analyzed, "in accordance with the principles set forth by the New Jersey Supreme Court in Brill v. Guardian Life Insurance Company of America, 142 N.J. 520, 540 (1995)." Nat'l Transfer v. New Jersey Dep't of Envtl. Prot., 347 N.J. Super. 401, 408 (App. Div. 2002). A determination that there is a genuine issue of material fact requires the motion judge to consider whether the competent evidential materials presented, when viewed in the light

most favorable to the non-moving party, are sufficient to permit a rational factfinder to resolve the alleged disputed issue in favor of the non-moving party. Brill, 142 N.J. at 540-41.

In order to defeat the motion, the opposing party must establish the existence of genuine disputes of material fact relevant to the case. The facts upon which the party opposing the motion relies to defeat the motion must be something more than "facts which are immaterial or of an insubstantial nature, a mere scintilla, 'fanciful, frivolous, gauzy or merely suspicious.'" Brill. At 529 (citations omitted).

This matter is ripe for Summary Decision because the facts show that "there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." N.J.A.C. 1:1-12.5(a).

I **FIND** that F.P. and the Board are parties to a duly executed Settlement Agreement, dated December 17, 2019, entered into between F.P. and the Board resolving all the issues raised in the First Petition, which issues are identical to the allegations raised in the Second Petition of appeal filed in January 2020. F.P. was represented by counsel, Bradley Flynn, Esq., at the time he entered into the Settlement Agreement with the Board. I **FIND** that the Board's moving papers also establish that the issues raised by F.P. in the Second Petition are identical to those raised in the First Petition and have been resolved by way of the Settlement Agreement. Finally, I **FIND** that the student is no longer enrolled in the school district since March 2020.

It is well settled, under New Jersey law, that an agreement to settle a lawsuit forms a contract between parties. Nolan v. Lee Ho, 120 N.J. 465, 472 (1990). Public policy encourages settlements. Jannarone v. W.T. Co., 65 N.J. Super. 472, 476 (App. Div.), *certif. denied* sub nom., Jannarone v. Calamoneri, 35 N.J. 61 (1961). Such public policy favoring settlements pertains to issues addressing sometimes difficult personal issues, including those involving the welfare of children. *See e.g.* Giangeruso v. Giangeruso, 310 N.J. Super. 476 (Ch. 1997); D.R. by M.R. v. East Brunswick Bd. of Educ., 838 F. Supp. 184, 189-90 (D.N.J. 1993).

Contractual interpretation is a legal matter ordinarily suitable for resolution on summary judgment. Celanese Ltd. v. Essex Cnty. Improvement Auth., 404 N.J. Super. 514, 528 (App. Div. 2009). A settlement agreement is governed by basic contract principles. J.B. v. W.B., 215 N.J. 305, 326 (2013)(*citing*, Pacifico v. Pacifico, 190 N.J. 258, 265 (2007)). The touchstone for interpretation is the parties' shared intent in reaching the agreement. Id. at 266. So long as that intent is evident from the contract's clear, unambiguous terms, the agreement will be enforced as written. Karl's Sales & Serv., Inc. v. Gimbel Bros., Inc., 249 N.J. Super. 487, 493 (App. Div.), *certif. denied*, 127 N.J. 548 (1991); Deerhurst Estates v. Meadow Homes, Inc., 64 N.J. Super. 134, 152 (App. Div. 1960), *certif. denied,* 34 N.J. 66 (1961). When a contract is plain and definite, as it is in this case, it is not the function of the court to rewrite or revise the contract but rather to enforce it. Pacifico, 190 N.J. at 266; Air Master Sales Co. v. Northbridge Park Co-Op, Inc., 748 F. Supp. 1110, 1114 (D. N.J. 1990).

I CONCLUDE that the Settlement Agreement entered into by M.P. and the Board in the First Petition is applicable to the allegations contained in the Second Petition, as the terms of the settlement resolved all claims and issues raised in the First Petition, which are again raised in the Second Petition. The Settlement Agreement is straightforward: In consideration of the Board reinstating the student to the school district, F.P. agreed to make the student available for the Board's CST to evaluate him so that the Board could determine whether M.P. should receive additional educational and other services when he returned to the school district. In addition, F.P. also agreed to ten (10) hours of home instruction for the student during the pendency of the CST evaluation and while the student was not in the school. I **CONCLUDE** that the filing of the Second Petition is F.P.'s attempt to undue the plain and unambiguous terms of the Settlement Agreement, as F.P.'s continued allegations to overturn the Board's suspension and to have M.P. reinstated in the school district were resolved in the Settlement Agreement.

Courts have refused to alter or vacate final settlements absent compelling circumstances because the settlement of litigation ranks so high in our public policy. Jannarone v. W.T. Co., 65 N.J. Super. 472 (App. Div.), *certif. denied,* 35 N.J. 61 (1961). Furthermore, settlement agreements will be honored absent a demonstration of unconscionability, fraud, or overreaching in negotiations of the settlement or other

compelling circumstances. Miller v. Miller, 160 N.J. 408, 419 (1999); Pascarella v. Bruck, 190 N.J. Super. 118, 125 (App. Div. 1983) (*citing*, Honeywell v. Bubb, 130 N.J. Super. 130, 136 (App. Div. 1974)). Before vacating a settlement agreement, our courts require "clear and convincing proof" that the agreement should be vacated. DeCaro v. DeCaro, 13 N.J. 36 (1953) I **CONCLUDE** that F.P. has failed to present any facts that suggests the existence of any such proofs. To the contrary, I **CONCLUDE** it is clear that F.P. knowingly and voluntarily entered into a binding Settlement Agreement of the First Petition, which fully satisfied the issues raised therein, that are again alleged in the Second Petition.

Finally, notwithstanding my conclusion that the Settlement Agreement is dispositive of the claims raised in the Second Petition, I **CONCLUDE** that F.P.'s actions in removing the student from the school district prevents the granting of his requested relief to lift the suspension and reinstate the student in the school district. In effect, by withdrawing the student from the school district, F.P. has abandoned his petition, and therefore, I **CONCLUDE** that the relief sought by F.P., cannot be granted and the Second Petition should be denied and therefor the Board's motion for summary decision **GRANTED**.

ORDER

IT IS hereby **ORDERED** that the Board's motion for summary decision is **GRANTED** and F.P.'s petition is **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Record Closed: January 13, 2021 Decided: January 28, 2021

BEFORE **JUDE-ANTHONY TISCORNIA**, ALJ:

On September 4, 2020, the matter was transmitted to the Office of Administrative Law for determination as a contested case.

The parties have agreed to an amicable resolution of the matter and submitted the attached Settlement Agreement and the Board's resolution.

Having reviewed the record and the settlement terms, I **FIND** as follows:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or the signatures of their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

Therefore, I **CONCLUDE** that the agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. Accordingly, it is **ORDERED** that the parties comply with the settlement terms, and it is **FURTHER ORDERED** that the proceedings in this matter be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

RE: N.N. and J.N. o/b/o M.N. v Westwood Regional Board of Education
Letter Agreement Regarding Docket Number: EDU 8423-20

Dear Mr. and Ms. Nese:

As you are aware, I represent the Westwood Regional Board of Education ("District"). Please accept this correspondence memorializing our agreement in this matter. Please sign and return a copy to my attention.

The parents and the District agree as follows:

1. Any reference to discipline related to the HIB matter reported to the District on December 6, 2019 will be removed entirely from M.N.'s records.
2. There will be no reference in M.N.'s school records to the incident reported to the District on December 6, 2019.
3. In the event the parents authorize the District to release M.N.'s school records to a third party, those school records will not include any reference to discipline or an HIB violation relating to the incident reported to the District on December 6, 2019.
4. The parents, on behalf of M.N., hereby agree withdraw, with prejudice, the above captioned petition of appeal and further agree not to pursue any further proceeding or complaint before the Westwood Regional Board of Education, other agency, or court as it relates to the incident(s) reported to the District on December 6, 2019.
5. Petitioner shall release the District from any and all claims, rights, and liability, including but not limited to any claims or costs for attorney's fees, civil liability, or any other equitable or legal relief at all relevant times, whether known or unknown as of the date of this Agreement, as it relates to the above captioned matter, or the events surrounding same.

MACHADO LAW GROUP

6. Except as required by law, the Parties agree to keep confidential and not disclose to any third party the terms and conditions of this Agreement.
7. By entering into this agreement, neither party makes any admission of any wrongdoing.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

Isabel Machado

1. **Release.** Releasors and Releasees release and give up the following claims against one another from the beginning of time up until now: Any and all claims, demands, actions and causes of action of every kind whatsoever, in any shape or form, for costs, expenses and attorney's fees arising from or out of the lawsuit, court matter entitled: **R.C., on behalf of her minor child, A.C. vs. Fair Lawn Board of Education; and Hawthorne Board of Education**, OAL Docket. No.: EDU 00614-2020N and Agency Ref. No.: 330-12/19 ("The Action").

2. **Terms.** In consideration for making this Release, Releasees shall issue a personal check, totaling $2,500.00, in 2 installments, the first in the amount of $1,250.00 by no later than January 15, 2021 and the second also in the amount of $1,250.00 by no later than February 15, 2021 to the Releasor, the Fair Lawn Board of Education, both payable to the "attorney trust account" of the Law Office of Schenck, Price, Smith & King, LLP, legal counsel for the Releasor, the Fair Lawn Board of Education. This shall constitute full payment for making this Release and, upon receiving said payment, both of the Releasors agree that they will not seek any other payment or any other form of relief from Releasees or each other in accordance with paragraph 1 of this Release. Legal counsel for the Releasor, the Fair Lawn Board of Education, will hold the aforementioned funds in trust until the Commissioner of the New Jersey Department of Education approves the Initial Decision in accordance with paragraph 4.

3. **Who is Bound.** Both of the Releasors are bound by this Release. Anyone who succeeds to their rights and responsibilities are also bound by this Release. Furthermore, this Release is also made for Releasees' benefit and all who succeed to Releasees' rights and responsibilities.

4. **Approval.** This Release is subject to approval by each of the Releasors at its next regularly scheduled board of education meeting following the execution of it by the Releasees. Within 10 days of obtaining approval of this Agreement by the respective boards of education of each of the Releasors, at the next scheduled board of education meeting(s) scheduled after the Releasees have executed this Agreement, the Administrative Law Judge assigned to The Action shall be sent a fully-executed form of this Release, along with the "board resolutions" or other written confirmations to provide proof of the approval as referenced above by the boards of education for each of the Releasors. It shall then be incorporated into an Initial Decision and Order issued by the Office of Administrative Law assigned for The Action upon approval by that Administrative Law Judge, which then must be approved by the Commissioner of the New Jersey Department of Education, and the approval shall be a precondition to the enforcement of this Release. If it is not approved by the Board or an/the Administrative Law Judge assigned as

well as the Commissioner of the New Jersey Department of Education, the Parties shall return to their original positions without prejudice.

5. **Signatures**. I understand and agree to the terms of this Release.

IN THE MATTER OF TENURE BETWEEN

Antoinette Terlizzi

-And-

School District of the Township of Belleville, Essex County New Jersey

Agency Dkt. No. 86-4/20

Arbitrator/Mediator: Kinard Lang
Tele-Conference Dates: May 12;
June 17; July 6, 13, 17, 2020

Issues: Does the Belleville Township School District have sufficient cause to dismiss Teacher Antionette Terlizzi, for *"unbecoming conduct, incapacity and/or other just cause;* if not, what shall the remedy be?

FOR THE PARTIES:

Ari D. Schneider, Esq. - Petitioner

Ty Hyerdally, Esq.- Respondent

BACKGROUND

This matter came to Arbitration as a result of the Commissioner of Education's May 11, 2020 denial of the respondent's May 7th Motion for Dismissal of the School District's Tenure charges against Ms. Terlizzi. The Commissioner's Motion denial resulted in respondent's May 26th brief to this arbitrator in support of the Motion to dismiss the cited charges.

DISCUSSION

On May 12th the arbitrator conducted a tele-conference with the parties which resulted in their filing briefs on the Motion for Dismissal of the Tenure Charges. After review of all the evidence presented in support of the parties' briefs, this arbitrator dismissed the charges of "*Unbecoming Conduct and incapacity*", and found that the charge of *"Insubordination"* must be heard on the merits.

During a series of tele-conferences in June, July and August this arbitrator urged the parties to explore settlement options. On October 1st, in response to September inquiries regarding the status of settlement negotiations, I received a copy of the parties' *"SEPATARTION AGREEMENT/RELEASE"*.

FINDINGS

The cited Agreement was ratified by the Belleville Board of Education on August 18, 2020, and reads in pertinent part:

"3.16 BY SIGNING THIS SEPARATION AGREEMENT MS. TERLIZZI STATES THAT:

A. SHE HAS READ IT;

B. SHE UNDERSTANDS IT AND KNOWS THAT SHE IS GIVING UP IMPORTANT RIGHTS INCLUDING, BUT LIMITED TO RIGHTS UNDER THE NEW JERSEY LAW AGAINST DISCRIMINATION, THE NEW JERSEY FAMILY LEAVE ACT, THE PUBLIC EMPLOYE RELATIONS ACT, THE AGE IN DISCRIMINATION IN EMPLOYMENT ACT, THE CIVIL RIGHTS ACT OF 1964, THE AMERICANS WITH DISABILITIES ACT OF 1990, THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AND ANY OTHER CONSTITUTIONAL STATUTORY OR COMMON LAW CLAIM AS MORE FULLY SET FORTH IN PARAGRAPHS 1 and 2 HEREIN ABOVE..."

The parties' Agreement is comprehensive and appears to contemplate all provisions of *N.J.A.C. 6A:3-5.6* Withdrawal, settlement, or mooting of tenure charges.

CONCLUSION

The Separation Agreement/Release is Approved.

Kinard Lang, Arbitrator/Mediator

Kinard Lang

SEPARATION AGREEMENT/RELEASE

This Separation Agreement and Release ("Separation Agreement") is made this 8/17/2020 day of August, 2020, by and between the Belleville Township Board of Education and its affiliates, present and former divisions, employees, servants, directors, officers, officials, trustees, members, agents, insurers and representatives, and all predecessors and successors (hereinafter collectively referred to as the "Board" and/or the "Released Parties") and Antoinette Terlizzi and all of her representatives, agents, affiliates, assigns, heirs and successors (hereinafter collectively referred to as Ms. Terlizzi (hereinafter, the Board and Ms. Terlizzi are collectively referred to as the "Parties").

RECITALS

WHEREAS, Ms. Terlizzi is an employee of the Board, serving as a teacher; and

WHEREAS, the Board and Ms. Terlizzi have concluded that, effective at the close of business on August 31, 2020, their employer-employee relationship will end; and

WHEREAS, the Board and Ms. Terlizzi desire to resolve amicably and in good faith all matters and issues arising out of Ms. Terlizzi's employment relationship with the Board;

NOW, THEREFORE, in consideration of the foregoing and in consideration of their respective rights and obligations set forth herein and for other good and sufficient consideration, receipt of which is hereby acknowledged, Ms. Terlizzi and the Board agree as follows:

ARTICLE I
Separation and Release

1. Separation of Employment – Ms. Terlizzi and the Board hereby agree that, effective at the close of business on August 31, 2020 ("Effective Retirement Date"), Ms. Terlizzi's employment with the Board will, in all respects, cease, due to her retirement, in good standing, as a result of an anticipated position elimination, related to the Covid-19 Pandemic.

2. Release – In return for its obligations pursuant to this Separation Agreement, Ms. Terlizzi hereby releases and discharges the Board as well as any and all of its former and current trustees, officers, employees, agents, contractors, representatives, predecessors, successors and assigns, as well as their heirs, executors and administrators, from liability on or for all claims, demands, causes of action, damages, costs, expenses, accounts, contracts, agreements, promises, compensation and all other liabilities of any kind or nature whatsoever, direct or indirect, known or unknown, which she may have had, now as or may hereafter have for any reason whatsoever on account or arising out of or in consequence of her employment relationship with the Board, other than for breach of this Agreement, including, but not limited to:

A. Any claims or actions under Title VII of the Civil Rights Act of 1964, the Age Discrimination and Employment Act, the Worker Adjustment and Retraining Notification Act, the Public Employee Relations Act the Employee Retirement Income Security Act, the Older Worker's Benefit Act, the Americans With Disabilities Act, the Family and Medical Leave Act, the National Labor Relations Act, the Fair Labor Standards Act, Section 1981-1988 of Title 42 of the United States Code, the Equal Pay Act of 1963, the Vocational Rehabilitation Act of 1973, the Occupational Safety and Health Act of 1977; the Education Laws and Regulations;

B. Any other claims or actions under the New Jersey Equal Pay Act, the New Jersey Law Against Discrimination, the New Jersey Wage-Hour and Wage-Payment Laws, the New Jersey Worker Health and Safety Act, the New Jersey Family Leave Act, the New Jersey Conscientious Employee Protection Act;

C. Any claims arising out the terms and conditions of Mr. Terlizzi's employment with the Board, including claims arising out of Mr. Terlizzi 's separation of such employment, and/or any of the events relating directly or indirectly to or surrounding that separation;

D. Any charge, complaint, grievance, claim, legal or administrative action of any nature before any Court, tribunal and/or administrative agency to assert any claim against the Board, arising out of his employment by the Board, through the effective date of this Agreement, except as may be necessary to enforce this Agreement. Moreover, Mr. Terlizzi shall not cooperate in any way with the Belleville Education Association should the Association file or cause to be filed on his behalf any charge, complaint, grievance, claim, legal or administrative action of any nature before any Court, tribunal and/or administrative agency to assert any claim against the Board, arising out of her employment by the Board, through the effective date of this Agreement, except as may be necessary to enforce this Agreement, or if otherwise required by law

E. Any and all claims related to compensation of any kind, except as set forth in this Separation Agreement;

F. Any and all claims for damages of any kind;

G. Any and all claims arising out of the execution of this Separation Agreement, except for a claim for breach of this Agreement;

H. Any and all claims for attorney's fees, costs, disbursements or the like which they ever had, or have or hereafter can, shall or may have against each other for, upon or by reason of any act, omission, transaction or occurrence up to and including the effective date of this Separation Agreement, except for a claim of breach of this Agreement.

3. Mutual Release of Claims - all pending matters will also be withdrawn as part of this agreement (tenure charges and appeal to commissioner re: directive for mental examination).

ARTICLE II
Terms of Separation

2.1 Separation - Ms. Terlizzi shall submit an irrevocable letter of retirement, effective at the close of business on August 31, 2020, terminating any and all employment with the Board. Any Board vote to approve this Agreement is contingent upon the Board first receiving Ms. Terlizzi's irrevocable letter of retirement. The Board will approve Ms. Terlizzi's irrevocable letter of retirement by approving this agreement.

Mr. Terlizzi agrees and acknowledges that she is prohibited from seeking future employment with the Belleville Township Board of Education. Moreover, Ms. Terlizzi understands, acknowledges and agrees that she has no "recall" rights with the Board regarding and/or relating to any future employment opportunities.

2.2 Consideration - As consideration for Ms. Terlizzi's Release as set forth herein, the Board agrees to the following:

a.) Ms. Terlizzi will remain out of work on administrative leave (without pay) through the Effective Retirement Date.

b.) Within forty-five (45) days of this Agreement becoming approved by the Board, Ms. Terlizzi shall receive a W-2 payment of $26,775 to be sent as a certified check to Hyderally & Associates, P.C., 33 Plymouth Street, Suite 202, Montclair, NJ 07042..

c.) Within forty-five (45) days of this Agreement becoming approved by the Board, Ms. Terlizzi shall receive a 1099 payment of $21,000, representing one year of health benefits, to be sent as a certified check to.Hyderally & Associates, P.C., 33 Plymouth Street, Suite 202, Montclair, NJ 07042

d.) Within forty-five (45) days of this Agreement becoming approved by the Board, Ms. Terlizzi's counsel, Ty Hyderally, shall receive a 1099 payment of $60,000, constituting Mr. Hyderally's legal fees. Said payment shall be sent to Mr. Hyderally in the form of a certified check to the following address:

33 Plymouth Street
Suite 202
Montclair, New Jersey 07042

e.) Following the Effective Retirement Date, Ms. Terlizzi will no longer be entitled to receive salary and/or benefits from the Board, with the exception of those that expressly survive retirement.

f.) Following the Effective Retirement Date, Ms. Terlizzi will be reimbursed for value of all accumulated unused sick days and for salary accruing from August 25, 2020 through the August 31, 2020.

Ms. Terlizzi expressly acknowledges and represents that she will neither seek nor be entitled to any further consideration from the Board in connection with this Separation Agreement other than the consideration as detailed in this subsection, or for Breach of this Agreement.

2.3 No Future Employment – Ms. Terlizzi shall never seek and/or be entitled to future employment with the Board.

2.4 Unemployment – If Ms. Terlizzi does not procure alternative employment by August 31, 2020, the Board will cooperate fully with any inquires related to any applications made by Ms. Terlizzi for unemployment benefits. The Board shall truthfully inform the State of New Jersey that Ms. Terlizzi retired, in good standing, as a result of an anticipated position elimination resulting from the Covid-19 Pandemic.

2.5 Pension Application – The Board agrees to cooperate fully with Ms. Terlizzi's pension application.

ARTICLE III
Miscellaneous

3.1. Entire Agreement – This Separation Agreement sets forth the entire agreement between the parties with respect to the subject matter hereof and supersedes any and all prior agreements relating thereto. There are no other understandings or agreements between or among the parties with respect to the subject matter hereof, except as set forth herein, and as set forth in any other documents executed directly or in connection with this Separation Agreement. No condition or provision of this Separation Agreement may be modified, waived or revised in any way except in writing executed by all parties and referring specifically to this Separation Agreement.

3.2. No Admissions – The Parties understand, represent, and warrant that this Agreement is not an admission of wrongdoing or liability by or on the part of any Party.

The Board specifically denies any wrongful action or conduct. Similarly, Ms. Terlizzi denies any wrongdoing on her part. The Board and Ms. Terlizzi understand and agree that neither of them are to be considered a prevailing party.

3.3 Binding Effect – This Separation Agreement and all rights and duties set forth herein shall be binding upon and inure to the benefit of the parties hereto, as well as their respective successors and assigns.

3.4 Governing Law and Choice of Forum – This Separation Agreement and its interpretation and performance shall be governed by the laws of the State of New Jersey, without giving effect to its conflicts of law rules.

3.5 Captions – The captions set forth in this Separation Agreement are intended solely for the parties' convenience and ease of reference and are not intended to modify, limit, describe or affect in any way the scope, content or intent or this Separation Agreement.

3.6 Signature in Counterpart – This Separation Agreement may be executed simultaneously in counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument. Delivery by facsimile or email of counterpart signatures and initials shall be as effective as delivery of the original, manually signed and initialed counterpart of this Settlement Agreement.

3.7 Authorization – The Board hereby represents and warrants that the undersigned officer of the Board is fully authorized to execute this Separation Agreement on the Board's behalf.

3.8 Acknowledgments – The parties to this Separation Agreement acknowledge and agree that they have entered into this Separation Agreement and have executed it without duress or coercion, and have done so with the opportunity to consult counsel. Each party further acknowledges and agrees that no other party has made representations, warranties, promises or agreements not set forth herein and no party relies in any way upon any representation, warranty, statement of fact or opinion, understanding, disclosure or non-disclosure not set forth herein in entering into this Separation Agreement and executing it, no party has been induced in any way, except for the consideration,

representations, warranties, statements and covenants recited herein, to enter into this Separation Agreement.

3.9 Construction and Enforcement – The terms of this Separation Agreement are the product of negotiations between the parties and shall be construed without regard to any presumption or other rule requiring construction against the party causing this Separation Agreement to be drafted.

3.10 Non-Disparagement - the Parties agree that they shall not make any disparaging remarks (verbal, written, electronic and/or otherwise) to any third party and/or via social media about and/or concerning any Party. Upon receipt of any inquiries from any potential employers, the Released Parties will only disclose the dates of Ms. Terlizzi's employment with the Board and the job title of the position held at the end of that employment.

3.11 The Parties agree and acknowledge that each of the provisions of this Agreement are reasonable and should be fully enforceable, and the Parties expressly waive any right to argue, assert or allege any claim(s) to the contrary. However, if any provision of this Agreement is determined by a Court of competent jurisdiction to be unenforceable because it is overbroad or unreasonable, the Parties agree that such provision(s) shall be modified and enforced to the maximum extent permissible. In the event that enforcement of any of the terms of this Agreement is necessary, the prevailing party in any such action brought shall be entitled to attorneys' fees and court costs.

3.12 Ratification - This Agreement is subject to ratification by the Board, and is not binding and without prejudice to any Party if same is not ratified.

3.13 Effective Date – The effective date of this Agreement shall be the day following the meeting of the Belleville Township Board of Education at this Agreement is ratified.

3.14 The drafting and negotiation of this Agreement have been / could have been participated in by each of the Parties and their respective counsel, and for all purposes, this Agreement shall be deemed to have been drafted jointly by each of the Parties. The Parties hereby acknowledge that they have been or have had the opportunity to be represented by counsel throughout the negotiation of this Agreement, and at the execution of this Agreement, and have or could have read and consulted with counsel regarding this Agreement. No ambiguity shall be resolved against any Party based upon authorship.

3.15 The parties agree that, in the event any party breaches any provision of this Agreement, any of them may institute an action against the other to specifically enforce any term or terms of this Agreement, in addition to any other legal or equitable relief permitted by law. The parties further agree that the prevailing party of an action pertaining to any alleged breach of this Agreement shall receive reasonable attorneys' fees and costs that such party incurs in initiating, prosecuting, and/or defending against the action.

3.16 BY SIGNING THIS SEPARATION AGREEMENT MS. TERLIZZI STATES THAT:

A. SHE HAS READ IT;

B. SHE UNDERSTANDS IT AND KNOWS THAT SHE IS GIVING UP IMPORTANT RIGHTS INCLUDING, BUT NOT LIMITED TO, RIGHTS UNDER THE NEW JERSEY LAW AGAINST DISCRIMINATION, THE NEW JERSEY FAMILY LEAVE ACT, THE PUBLIC EMPLOYEE RELATIONS ACT, THE AGE DISCRIMINATION IN EMPLOYMENT ACT, THE CIVIL RIGHTS ACT OF 1964, THE AMERICANS WITH DISABILITIES ACT OF 1990, THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AND ANY OTHIS

CONSTITUTIONAL STATUTORY OR COMMON LAW CLAIM AS MORE FULLY SET FORTH IN PARAGRAPHS 1 and 2 HEREIN ABOVE;

C. SHE AGREES WITH EVERYTHING IN IT;

D. SHE HAS HAD THE OPPORTUNITY TO CONSULT WITH COUNSEL OF HER CHOOSING;

E. SHE HAS SIGNED THIS SEPARATION AGREEMENT KNOWINGLY AND VOLUNTARILY, AND WITHOUT COERCION;

F. SHE HAS BEEN GIVEN AT LEAST 21 DAYS IN WHICH TO CONSIDER WHETHER TO SIGN THIS SEPARATION AGREEMENT, AND ACKNOWLEDGES THAT SHE CAN WAIVE SAID 21 DAYS; AND ACKNOWLEDGES THAT SHE HAS AN ADDITIONAL 7 DAYS FOLLOWING THE DATE ON WHICH SHE SIGNS THIS SEPARATION AGREEMENT TO RENUNCIATE IT, AND THAT THE SEPARATION AGREEMENT WILL NOT BE EFFECTIVE UNTIL AFTER THE 7 DAY PERIOD HAS LAPSED.

IN WITNESS WHISEOF, the parties have executed this Separation Agreement on the date above written.

ARBITRATION PROCEEDINGS
BEFORE ARBITRATOR GARY T. KENDELLEN

In the Matter of the Tenure Hearing Gregory Janicki School District of the Township of Washington, Gloucester County Agency Docket No. 256-12/20	**ARBITRATOR'S DECISION ON MOTION TO DISMISS AMENDED/ SUPPLEMENTAL CHARGES**

COUNSEL:

For the District	Joseph F. Betley, Esq. Capehart Scatchard, P.A.
For Gregory Janicki:	Matthew B. Wieliczko, Esq. Zeller & Wieliczko, LLP

Background

During the course of the Hearings before the Undersigned held on November 6, 12, and 13 and December 2, 9, 11, and 15, 2020 in the related matter Agency Docket No. 52-2/20 ("TC 52-2/20"), the School District of the Town of Washington, Gloucester County, ("the District"), by letter dated December 22, 2020 submitted Amended/Supplemental Charges ("A/STC 256-12/20") in the above-captioned matter to the Commissioner of Education ("Commissioner"). On January 11, 2021 Respondent Gregory Janicki ("Mr. Janicki") submitted a Motion to Dismiss ("MTD") said A/STC 256-12/20. The parties made additional submissions to the Commissioner in January 2021, as recited below, whereupon on February 8, 2021, the Commissioner advised the parties that following receipt of Mr. Janicki's MTD, the District's A/STC 256-12/20 had been reviewed and deemed sufficient, if true, to warrant dismissal or reduction in salary, subject to the Undersigned arbitrator's decision on the MTD. Accordingly, the Commissioner referred the A/STC 256-12/20 to the Undersigned, noting that should the MTD be denied by the Undersigned, Mr. Janicki shall file an answer directly with the Undersigned, who shall then consider and address the merits of the A/STC 256-12/20.

Parties' Submissions

As noted above, on December 22, 2020 the District submitted its A/STC 256-12/20 to the Commissioner and on January 11, 2021 Mr. Janicki his MTD regarding the A/STC 256-12/20. Thereafter, the District also submitted a January 22 Response to the MTD and on January 29 a Supplemental Brief in opposition to the MTD regarding a recently issued New Jersey Appellate Division decision in Simadiris v. Paterson Public School District, Docket No. A-0197-19T3 ("Simadiris"). On January 29, Mr. Janicki submitted a Reply Brief to the District's January 22 Response to the MTD.

December 22, 2020 - District's Submission of A/STC 256-12/20 to the Commissioner.

In the District's submission to the Commissioner of its A/STC 256-12/20, it described the contents thereof as including, first, the April 1, 2020 Opinion and Award of Arbitrator Arnold Zudick ("Zudick Award")[1] in a discipline arbitration brought by the Washington Township Education Association ("WTEA") on Mr. Janicki's behalf in which WTEA include the April 1, 2020 Opinion and Award of Arbitrator Arnold Zudick ("Zudick Award") in a discipline arbitration brought by the Washington Township Education Association ("WTEA") on Mr. Janicki's behalf that involved a challenge by the WTEA and Mr. Janicki to an increment withholding action taken by the District in June 2019 against Mr. Janicki for his refusal to attend faculty meetings dealing with LGBTQ issues in April 2019 and his conduct during a lock down drill in June 2019. The arbitration hearing was conducted prior to the filing of the original Tenure Charges; the Award was issued after the District certified the original Tenure Charges to the Commissioner on February 25, 2020. The Award upheld the District's increment withholding and made specific findings that Mr. Janicki was insubordinate and untruthful related to some of the same incidents at issue in the original Tenure Charges The disciplinary withholding action and the underlying incidents that formed the basis for the withholding were referenced in the original Tenure Charges and Statement of Evidence, but because there was no indication of when the arbitrator's decision would be forthcoming, the

[1] The District has made the Undersigned aware of an Order to Confirm Arbitration Award involving the parties: SUPERIOR COURT OF NEW JERSEY CHANCERY DIVISION GLOUCESTER COUNTY DOCKET NO. GLO-C-55-20, Civil Action ORDER TO CONFIRM ARBITRATION AWARD. Therein, Judge Robert Becker on February 12, 2021 issued an Order in which, *inter alia*, as to the Undersigned, Judge Becker ordered that the Undersigned give preclusive effect to the Opinion and Award of Arbitrator Arnold H. Zudick dated April 1, 2020. Mr. Janicki has also made the Undersigned aware that he has filed a Motion for Reconsideration of the Court's February 12, 2021 Order which is scheduled to be heard on March 26, 2021.

original Tenure Charges were filed prior to the final decision on the disciplinary arbitration. Subsequently, the District noted, the Undersigned denied its request to supplement the original Statement of Evidence to include the written Zudick Award, under what the District described as a strict interpretation of N.J.S.A. 18A:6-17.1(b)(3) of the TEACHNJ Act, and reserved for a later date a determination of whether to treat the substantive findings of the Zudick Award with preclusive effect.

The District further described the contents of its A/STC 256-12/20 as also including, second, additional information uncovered in the course of interviewing witnesses in preparation for the tenure arbitration hearing in TC 52-2/20, reporting that it was unknown to the District at the time the original Tenure Charges were filed that Mr. Janicki had admitted to a colleague that he committed the primary offense noted in Charge I of A/STC 256-12/20 and lied about it to the administration, and made other comments to a colleague that further illustrated his animus toward the LGBTQ community.

In support of the District's filing of its A/STC 256-12/20, it notes that nothing in the TEACHNJ Act precludes a District from filing tenure charges whenever a tenured employee exhibits unbecoming conduct. While newly uncovered evidence of unbecoming conduct may not be used to supplement the record in a case already pending before an arbitrator, the District argues that there is no bar to such new evidence forming the basis for additional charges and such is not without precedent, as in Sch. Dist. of Asbury Park v. Bd. of Educ. of Asbury Park, 1985 N.J. Super. Unpub. LEXIS 7 at *4 (App. Div. July 17, 1985) ("Asbury Park"), wherein a school district that was unable to produce certain evidence to support its tenure charges in discovery because that evidence was being used for a criminal proceeding against the respondent and would not be made available until after it had been presented to a grand jury, the tenure case was placed on the inactive list until the grand jury evidence was available for inspection. When the district later uncovered additional evidence it sought to amend its tenure charges, but the request was denied by the Administrative Law Judge ("ALJ") who instead instructed the district to certify new tenure charges and move to consolidate the two tenure cases. Id. at 4.

The District argues that this is exactly the process it has taken in this matter after it uncovered additional evidence that is both relevant to the pending charges and also supports additional tenure charges and, precluded from supplementing its evidence

regarding the first charges, it is instead, certifying amended supplemental tenure charges to the Commissioner that are based, in part, on the Zudick Award and the newly-discovered evidence. Also, consistent with the ALJ's instruction in the Asbury Park case, the District asserts, it also requested that the Commissioner transmit these charges to the Undersigned, before whom the first tenure charges are currently pending, to allow for consolidation for economy, efficiency, and consistency.

January 11, 2021 - Mr. Janicki's MTD Regarding A/STC 256-12/20

In support of Mr. Janicki's January 11 MTD, he asserts that the District seeks to Amend/Supplement the original Tenure Charges in TC 52-2/20 to negate rulings by the Undersigned that were arguably unfavorable to it, maneuverings that are transparent in an attempt to circumvent those rulings during a pending Hearing with its "new" filing, and argues that it is estopped from amending the charges in an attempt to "get around" unfavorable rulings and in essence vacate what it describes as the Undersigned's valid rulings and decisions. Accordingly, Mr. Janicki asserts, the Commissioner must dismiss A/STC 256-12/20.

In support of Mr. Janicki's assertions, he notes that the District did not consider or rely upon the contents of the A/STC 256-12/20 when the tenure charges in TC 52-2/20 were prepared, certified and served on Respondent, a choice and plan of action the District made.

As to the Zudick Award, Mr. Janicki next notes the Undersigned's rulings on August 24 and December 1, 2020 to the effects that

> August 24: "[t]he undersigned finds that the clear language of NJSA 18A6-17.1b(3) establishes without doubt that the District is precluded from supplementing its evidence after its Statement of Evidence has been submitted. In that regard, the Undersigned finds that the exceptionalism that the District's argument attempt to attach the April 1 arbitration award [the Zudick Award] is insufficient to overcome the meaning and intent of the statute's crystal clear language, which establishes a razor sharp cutoff of additional evidence after the District's evidence has been submitted."
>
> And
>
> December 1: "The Undersigned first notes that the matter of the District withholding an increment from Mr. Janicki is included among the charges upon which it relies herein in establishing just cause for his tenure removal. The Undersigned next notes that the arbitration award - upon which the District relies in its argument that an award has issued in an arbitration

> proceeding that is final and binding upon the parties - was the subject of a prior determination by the Undersigned on August 24, 2020 in which he did not grant the District's request to supplement its Statement of Evidence with that award and did not accord the award arbitral notice because the award issued after the District's submission of its Statement of Evidence. As a result, the award has not been received into evidence in this proceeding."

As to the additional information that the District reports it uncovered in the course of interviewing witnesses, Mr. Janicki next notes the Undersigned's rulings on November 13, 2020 when the District attempted to call and elicit testimony from WTEA Building Representative and District employee Jennifer Wisor after Mr. Janicki objected to the scope and relevancy of the District's questioning of Ms. Wisor, regarding which the Undersigned repeatedly sustained objections that such was an attempt to elicit testimony outside of the scope of the tenure charges and statement of evidence and outside of the scope of the summary of anticipated testimony detailed on Respondent's witness list. The Undersigned precluded Ms. Wisor's anticipated testimony insofar as its substance was not referenced or a part of the tenure charges and statement of evidence and was not relied upon by the District when it certified the charges; ruling that rather,

> this additional evidence is perhaps permissible for the purposes of impeachment, that question is more reasonably resolved once we know what we are impeaching. . . . [T]o put meat on those bones, that means after Mr. Janicki has testified.

Mr. Janicki further objects that the District was aware of the outstanding grievance arbitration at the time it decided to prepare and serve Respondent with a sworn copy of TC 52-2/20 and made the decision to move forward with it almost simultaneously to the increment grievance arbitration; it knew exactly what it was doing when it filed the tenure charges before a decision had been issued in the increment grievance arbitration, although it had the option to await the arbitrator's decision therein before proceeding with TC 52-2/20. Whatever the District's strategy or motivation may have been, it moved forward without awaiting the Arbitrator's increment withholding opinion and award. Consistent with the tenure law, neither the District nor the assigned Arbitrator may rely upon an arbitration decision which was not provided and had not even been issued upon the referral of this case for arbitration or relied upon by the District at the time it certified the tenure charges. N.J.S.A. 18A:6-17.1(b). It was not included in the charges or statement of evidence or relied upon by the District at the time it certified the charges.

In support, Mr. Janicki cites In the Matter of Tenure Hearing of Noel Gordon, School

District of the City of Englewood, Bergen County, Agency Docket No. 24-1/18, Decision on Motion to Dismiss, issued August 13, 2018 ("Englewood"):

> N.J.A.C. 6A:3-5.1(b) places the onus on a board of education to line up all its ducks before it commences the local processing of charges. The sworn tenure charges must align with the sworn statement of evidence and the sworn statement of evidence must include all documents identified therein.

Mr. Janicki urges that the District is estopped from amending the charges at this time in an attempt to get a "third bite at the apple" on that issue and vacate the two prior rulings on the issue by the Undersigned. In that regard, Mr. Janicki objects to the District's reliance upon Asbury Park in support of its position that the filing of supplemental and additional tenure charges based upon newly discovered evidence and subsequent consolidation with an already-pending case record is appropriate in this matter. Mr. Janicki argues that the cited case law is not at all analogous to the case at hand in that therein, a County Prosecutor's Office denied the Board permission to use evidence necessary in support of the initial tenure charges while criminal proceedings were pending, whereas, herein, the District was obviously aware of the pending increment withholding arbitration decision at the time it decided to proceed with the tenure charges and made the strategic decision to certify tenure charges when it did; later, faced with unfavorable and evidential rulings, it wants to change paths and proceed in a different way. This is not simply a matter of the District not being aware of the documentary evidence, but rather a strategic decision to move forward with the original Tenure Charges without the increment withholding arbitration award; now, it wishes to vacate the Undersigned's rulings and ignore the statutory requirements of N.J.S.A. 18A:6-17.1(b)(3). Moreover, Mr. Janicki further asserts, Asbury Park did not decide the point of law of whether the District has the ability to amend tenure charges but rather, it addressed entitlement to salary during the tenure process.

Mr. Janicki also object to the District's attempt to circumvent the Undersigned's rulings as causing unnecessary delay to the pending proceedings, an increased expense to all and a waste of judicial resources, asking: "Moreover, what if every District, on every certified tenure charge, was permitted to proceed in this fashion?" to which he answers: "Absolute uncertainty, chaos and no finality, and a waste of time, expense and resources."

Mr. Janicki also argues that the Undersigned's procedural and evidentiary rulings during the hearing were entirely within the purview of the arbitrator and consistent with N.J.S.A. 18A:6-

10 *et al.* and the AAA Rules of Arbitration such that there is no legal basis for setting aside the rulings.

January 22, 2021 - District's Response to Mr. Janicki's MTD

In the District's January 22 Response to Mr. Janicki's MTD, it asserts that it is not seeking to overturn the adverse rulings against it, but rather in pursuing A/STC 256-12/20, it is ensuring that the procedural safeguards put in place by the Legislature to protect the process of removal of tenured teachers from employment are followed as closely as the Legislature, and as the Undersigned intended, by coming through the Commissioner to certify additional tenure charges based on newly acquired evidence. The District asserts that the filing of amended tenure charges based on new evidence, or the re-filing of charges after previous charges have been dismissed without prejudice, has been recognized as a legitimate exercise of the Commissioner's jurisdiction over tenure proceedings under the NJTEACH Act. Further, by requesting that the matter be transmitted to the Undersigned for consolidation, the District asserts, it is seeking the most expeditious resolution of the matter possible that upholds concepts of judicial economy, continuity and fairness.

As to the Zudick Award, the District notes that the Undersigned denied the District's request to admit it into evidence based on his interpretation of N.J.S.A. 18A:6-17.1(b)(3), which he determined to establish a "razor sharp cut off date" for any additional evidence. Significantly, the District asserts, the Undersigned made no mention of, nor did he preclude the District from, filing amended tenure charges with the Commissioner. After the District asked the Undersigned to give preclusive effect to the decision under the principle of res judicata, collateral estoppel, issue preclusion and/or authoritative precedent to prior final and binding arbitration awards, he reaffirmed his decision on the introduction of the written Zudick Award, but reserved decision on the preclusion issue and held it "in abeyance until such time as such a ruling may become relevant and therefore necessary."

As to the testimony of Ms. Wisor, the District notes that at the November 13, 2020 Hearing, it reported that it had recently became aware of statements by Mr. Janicki to Ms. Wisor about which it had no knowledge until after the original tenure charges were filed. The District notes that the Undersigned was concerned with Ms. Wisor's factual testimony not being included in the District's original Statement of Evidence, along with her being the WTEA union

representative, but, recognizing that Ms. Wisor's testimony may be warranted for impeachment purposes, depending upon what Mr. Janicki's testimony will be (assuming he testifies), the Undersigned ruled that:

> it really would be more appropriate for you [Betley] to be impeaching Mr. Janicki with this witness after he testifies .... I think we'll be in a better position to determine that after Mr. Janicki has testified
>
> And
>
> I think to put meat on the bones, that means after Mr. Janicki has testified. Then we know the purposes-how to assess whether you are entitled to additional evidence to impeach Mr. Janicki's testimony.

The District also notes the Undersigned made no mention of, nor did he preclude it from, filing amended tenure charges with the Commissioner concerning the Wisor testimony, even in the face of its specifically referencing the option of filing amended charges.

Based upon these considerations, the District presents a two-prong argument that Mr. Janicki's MTD should be denied, the first being that the Commissioner should send A/TSC 256-12/20 to the Undersigned[2] and second, that nothing in the TEACHNJ Act precludes its filing of amended or supplemental tenure charges whenever there is newly discovered evidence of unbecoming conduct by a tenured employee.

As to whether nothing in the TEACHNJ Act precludes the District's filing of amended or supplemental tenure charges whenever there is newly discovered evidence of unbecoming conduct by a tenured employee, it notes Asbury Park and Englewood in support, Asbury Park, as it did in support of its filing of A/STC 256-12/20,[3] for the principle that the filing of additional tenure charges based upon newly-discovered evidence and subsequent consolidation with an already-pending case has been specifically recognized and authorized, and Englewood for the principle that a district can be given multiple chances to perfect its charges through refiling.

As to Asbury Park, the District notes that the school district therein was unable to produce certain evidence to support its tenure charges in discovery because that evidence was being used

---

[2] A request that the Commissioner has granted by virtue of the referral of A/STC 256-12/20 to the Undersigned, based upon which development the Undersigned does not present or discuss herein much of the District's series of arguments in support of the referral. Also, as a result of the Commissioner's referral, the Undersigned does not present or discuss herein the Simadiris case, presented in support of the Commissioner taking such action, in the District's January 29 Supplemental Brief in opposition to the MTD.

[3] See Pp. 3-4 herein.

for a criminal proceeding against the respondent, and would not be made available until after it had been presented to a grand jury. The tenure case was placed on the inactive list until the grand jury evidence was available for inspection. When the district later uncovered additional evidence, it sought to amend its tenure charges, but the request was denied. Instead, the ALJ instructed the district to certify new tenure charges and move to consolidate the two tenure cases. Id. at 4.

Regarding Englewood, wherein the board was given multiple chances to perfect its charges through refiling, the District notes that it does not seek to imply that the process outlined in N.J.S.A. 18A:6-10 *et al* is a revolving door of unlimited visitations. However, the District asserts that it suggests that a local board of education can go back to the Commissioner to perfect existing charges that were dismissed without prejudice, and to file amended charges, if the circumstances are warranted (as is the case here with the newly discovered evidence of Mr. Janicki's conversations with Ms. Wisor and the Zudick Award that did not exist at the time of the original charges) and there is no evidence of abuse or violation of due process.

As to Mr. Janicki's MTD, the District asserts that his arguments should be disregarded, including the argument in the MTD that the District chose to go forward without waiting for the Zudick Award; the District argues that it referenced in its Statement of Evidence that a decision from Arbitrator Zudick was forthcoming and included its brief to him in its tenure charges. Under Asbury Park, the District argues, it should be permitted to include it in A/STC 256-12/20.

The District also argues that the Zudick Award and the testimony of Ms. Wisor support new, additional charges of unbecoming conduct that only came to light after the filing and transmittal of the currently-pending charges. The fact the Award and the testimony of Ms. Wisor also support those other charges is irrelevant, because the bearing of particular evidence on one proceeding does not disqualify the District from relying on that same evidence for other charges.

The District further argues that it has every right to introduce the Zudick Award through the filing of the Amended Charges with the Commissioner and is not seeking to vacate the rulings of the Undersigned that established a strict cut-off date for evidence for the tenure charges that were in front of him, since nothing prevents the District from going through the tenure charge process seeking an amendment of the charge given the timing of the issuance of the Zudick Award. Mr. Janicki's argument in support of preventing the District from amended the charge to include the Zudick Award is an overly technical, procedural sleight of hand at its best and disingenuous at

its worst, the District asserts, and procedural niceties and technical obstructionism should not be encouraged when the end result is to cover up a highly relevant arbitration decision that is at the core of the Amended Charges: it is pure sophistry to argue that the District has a lifetime ban on introducing the Award because it decided to proceed with the original tenure charge while the parties were awaiting the decision from Arbitrator Zudick, with the timing of its issuance unknown and unpredictable. The District contends that it could not possibly include the Zudick Award at the time TC52-220 was filed with the Commissioner in March 2020 since the Award was not issued until April 1, 2020. Mr. Janicki's logic places the District in a classic Catch 22 situation. To suggest that the District should have waited an unknown amount of time before the Zudick Award was issued before it filed the original Tenure Charges (all the while having to pay Mr. Janicki while on this administrative leave) is specious, since the District did not control Mr. Zudick's calendar, and to wait an indefinite amount of time to file the Tenure Charges would have exposed the District to a timeliness/laches argument by Mr. Janicki. Plus, the District asserts, Mr. Janicki ignores discussion of the aftermath if Arbitrator Zudick sustained the grievance. If the increment withholding were reversed, and the District moved forward with the tenure charges based on the same set of operative facts at issue in the increment withholding, would Mr. Janicki be arguing that the Award doesn't exist because of the District's tactical decision? Of course not. Conversely, the District argues, it should not have the "thrill of victory" over the favorable arbitration award finding just cause for the discipline, be taken away and substituted with the "agony of defeat" in not being able to have the Zudick Award see the light of day (and thus being forced to retry the underlying incidents relevant to the increment withholding), simply because of a timing issue.

The District also argues that forcing a school district to delay the filing of additional tenure charges creates a circumstance where current and/or future arbitrators may render decisions on incomplete information, and where finality in a tenure matter is delayed for an extended period of time. It also needlessly extends the process of severing the employee/employer relationship by requiring that, in the event the first-in-time tenure proceedings are decided in the respondent's favor, he or she could immediately face additional tenure charges that had been held in abeyance before they can return to work. On the other hand, if the tenure charges are upheld and an appeal follows, the school district is faced with a potentially extended delay before filing the additional charges. While it is obvious to see why Mr. Janicki would like to delay the filing of additional

tenure charges in the instant case, the holding of additional charges in abeyance is not consistent with the tenure law, and cannot have been intended by the Legislature when it crafted the procedure

In addition, the District notes that it made specific and detailed references to the pending arbitration and the facts leading up to the arbitration in the original Statement of Evidence, and included its post-arbitration brief in the initial disclosures to counsel that were sent on March 18, 2020. All of the underlying events and factual allegations that are part of the arbitration proceedings before Arbitrator Zudick were incorporated into TC 52-2/20. The purpose of having the District gather and produce all of its evidence early on in the tenure dismissal proceeding, and specifically upon the referral of the case to arbitration as set forth in N.J.S.A. 18A:10-17(b)(3), is to prevent surprise and to give the employee against whom tenure charges have been filed a full and fair opportunity to know the evidence that supports the charges. Mr. Janicki was provided with a full and complete summary of the evidence that led to the increment withholding and the factual basis as to why those facts that were central to the prior arbitration are relevant to the within Tenure Charges. Again, obstructionism, and not allowing the Arbitrator to see the full range of facts, is the motivation of the Respondent.

January 29, 2021 Mr. Janicki's Reply to District's January 22 Response to the MTD

In support of Mr. Janicki's January 29 Reply Brief to the District's January 22 Response, he noted that in his view, the District, in opposing the MTD, is continuing with its "fast and loose" approach, asserting that it "has every right to introduce the Zudick Award through the filing of the amended charges with the Commissioner," without addressing that it was issued on April 1, 2020, eight months before it certified A/STC 256-12/20 to include it, while the parties engaged in seven hearing dates in TC 52-2/20 during which there were rulings adverse to the District on those issues. The District had the opportunity to gather proofs in support of TC 52-2/20 at the time the charges were considered, prepared, and filed. In Mr. Janicki's view, the District then decided to revisit the substance of its underlying charges in TC 52-2/20 to see if it could supplement its evidence and charges, in an attempt to "make them better," which it now attempts to do with in TC 52-2/20. In view of these circumstances, Mr. Janicki disputes the District's assertion that he has not made any showing of surprise, prejudice or lack of due process.

As to whether the Undersigned did not specifically preclude the District from filing amended tenure charges concerning the arbitration award or Ms. Wisor's testimony, Mr. Janicki

notes that the issue was never presented to him, formally or informally, yet the District thinks it has a "green light" to seek to supplement its tenure charges, more than half way through the underlying tenure hearing, contending that it is simply supplementing its original charges with new evidence discovered in good faith after the charges were submitted. Mr. Janicki also points to Asbury Park and Englewood, distinguishing the former as involving a district that was precluded from submitting evidence being used for a criminal proceeding and unavailable until after it had been presented to a grand jury and the latter as a case where numerous procedural mistakes allowed a District to perfect its filing with the Commissioner, whereas the instant matter is a pending tenure matter wherein the District is seeking to circumvent the rulings of the Undersigned without a basis in law at this juncture and for this purpose. Mr. Janicki objects that a ruling in favor of the District on the MTD would have devastating consequences on all tenure proceedings going forward, allowing a District to hit the reset button on its proofs and charges well into a tenure hearing and after adverse evidential rulings, noting that the TEACHNJ Act places the onus on a school district to gather evidence in support of its tenure charges and be confident that its evidence, if true, is sufficient to warrant the dismissal or reduction in salary of a tenured teacher.

Here, Mr. Janicki notes, the Zudick Award is not subsequently-discovered evidence nor evidence that did not exist at the time of the filing of TC 52-2/20 in that the District, having participated in an increment withholding arbitration, knew it followed that an award would be forthcoming and decided to proceed with prior to the receipt of the Zudick Award and then waited eight months and participated in seven hearing dates before certifying A/STC 256-12/20.

As to the anticipated testimony of Ms. Wisor, Mr. Janicki asserts that it is also not subsequently- or newly-discovered evidence, but rather, testimony it seeks to offer to bolster its case in chief, in the midst of its case in chief, to circumvent the Undersigned's ruling, actions that are working against the interests of economy, efficiency, consistency and fairness. Mr. Janicki notes that the District had the opportunity to interview witnesses and secure statements prior to the preparation and filing of the underlying tenure charges and it is unduly prejudicial to him for the District to be permitted to continue an expedition for evidence in support of the underlying tenure charges during the pending tenure hearing.

Mr. Janicki also rejects the District's argument that it is prejudiced from filing additional tenure charges pending the finality of another tenure matter and offers the example of a proper

instance of such: In the Matter of the Arbitration between The State Operated School District of the City of Jersey City v. Gilda Nicole Harris, Agency Docket Nos. 342/11/14 & 379/12/14 ("Jersey City") wherein the District served the Respondent with two sets of tenure charges and the Commissioner consolidated the matters. In that instance, the first set of charges was served on September 23, 2014. On November 18, 2014, the District certified the charges to the Commissioner of Education. On November 21, 2014, the District issued a set of seven additional tenure charges. The Commissioner consolidated the two sets of charges prior to referring the matter to arbitration pursuant to N.J.S.A. 18A:6-16.

Here, by contrast, in the home stretch of TC 52-2/20, Mr. Janicki asserts, the District has taken uneconomical and time consuming steps to amend/supplement its charges in lieu of moving forward with the pending hearing, while asserting that it is Mr. Janicki who "would like to delay the filing of additional tenure charges in the instant cases." Yet it is the District, in Mr. Janicki's view, that is silent, while speaking to the efficiency of consolidating both matters before the Undersigned, as to the statutory rights which would be afforded to him if the newly filed tenure charges were permitted to proceed: consolidation of the two sets of charges and permitting the District to supplement its evidence would afford Mr. Janicki time to engage in discovery as permitted by statute. Otherwise, merely folding new charges and alleged evidence into the pending hearing, without protecting Mr. Janicki's statutory rights, would allow school districts the unfair opportunity to back door additional charges or evidence at any point during a pending proceeding, where discovery has already been exchanged between the parties and the respondent has already prepared his or her defense based on the District's prior statement of evidence.

In summary, Mr. Janicki asserts that it is uncontested that at the time that the District certified TC 52-2/20, it was aware of the outstanding Zudick Award and made the determination to proceed with the tenure charges as prepared, knowing that the Zudick Award could, in fact, be returned in its favor. Moreover, the District thereafter did not attempt to amend or supplement the charges with that award until eight months and seven hearing days had passed, with adverse rulings against the District as to it and the Ms. Wisor testimony, before it certified A/STC 256-12/20. Under these circumstances, Mr. Janicki asserts, there is nothing "overly technical," as the District alleges, regarding the uncontested timeline of events that now lead to his MTD that argues that the District should be estopped from proceeding with A/STC 256-12/20.

Summary

Above, the Undersigned has provided a comprehensive report of the Parties' submissions. As succinctly as practical, those submissions are summarized as follows:

The District contends that nothing in the TEACHNJ Act precludes filing tenure charges whenever a tenured employee exhibits unbecoming conduct, while conceding that newly uncovered evidence of unbecoming conduct may not be used to supplement the record in a case already pending before an arbitrator, it also argues that there is no bar to such new evidence forming the basis for its additional charges (A/STC 156-12/20), as was done in Asbury Park.[4] The District also argues that for economy, efficiency and consistency, the charges should be consolidated with TC 56-2/20 and transmitted to the Undersigned.

Mr. Janicki contends that the District did not consider or rely upon the contents of A/STC 256-12/20 when filing the tenure charges in TC 52-2/20; accordingly, he views the filing of A/STC 256-12/20 as contrary to N.J.S.A. 18A:6-17.1(b) of the TEACHNJ Act and a transparent maneuver to negate unfavorable rulings by the Undersigned in TC 52-2/20, as well as distinguishable from Asbury Park and contrary to the Court's holding in Englewood that "the onus [is] on a board of education to line up all its ducks before it commences the local processing of charges" and distinguishable from the facts in Asbury Park. Mr. Janicki notes that the District had the opportunity to interview witnesses and secure statements prior to the preparation and filing of the underlying tenure charges and it is unduly prejudicial to him for the District to be permitted to continue an expedition for evidence in support of the underlying tenure charges during the pending tenure hearing

Mr. Janicki also objects that the District's actions are causing unnecessary delay to the pending proceedings in TC 52-2/20, an increased expense to all and a waste of judicial resources, and asks: "Moreover, what if every District, on every certified tenure charge, was permitted to proceed in this fashion?" to which he answers: "Absolute uncertainty, chaos and no finality, and a waste of time, expense and resources."

The District responds that the evidence it submitted in A/STC 256-12/20 is newly acquired and the Undersigned made no mention of nor precluded it from filing amended tenure charges

[4] See Pp. 3-4 and 8-9 herein.

with the Commissioner. As to Englewood, wherein the board was given multiple chances to perfect its charges through refiling, the District argues that the holding therein suggests that a local board of education can go back to the Commissioner to perfect existing charges that were dismissed without prejudice, and to file amended charges, if the circumstances are warranted, as is the case here with newly discovered evidence, and the absence of evidence of abuse or violation of due process. The District also notes that it referenced in TC 52-2/20 that a decision from Arbitrator Zudick was forthcoming and included its brief to Mr. Zudick and it, along with the testimony of Ms. Wisor, support new, additional charges of unbecoming conduct that only came to light after the filing and transmittal of the currently-pending charges.

The District asserts that the purpose of having it gather and produce all of its evidence early on in the tenure dismissal proceeding, and specifically upon the referral of the case to arbitration as set forth in N.J.S.A. 18A:10-17(b)(3), is to prevent surprise and to give the employee against whom tenure charges have been filed a full and fair opportunity to know the evidence that supports the charges. In that regard, the District argues that Mr. Janicki was provided with a full and complete summary of the evidence that led to the increment withholding and the factual basis as to why those facts that were central to the prior arbitration are relevant to the Tenure Charges. Again, the District asserts, obstructionism, and not allowing the Undersigned to see the full range of facts, is the motivation of Mr. Janicki.

Lastly, the District asserts that it has every right to introduce the Zudick Award and the testimony of Ms. Wisor in that nothing prevents it from going through the tenure charge process seeking an amendment of the charge, given the timing of the issuance of the Zudick Award and its learning of Ms. Wisor's information. Contrary to Mr. Janicki's arguments, the District asserts, which is an overly technical, procedural sleight of hand at its best and disingenuous at its worst, the District argues that procedural niceties and technical obstructionism should not be encouraged when the end result is to cover up a highly relevant arbitration decision and it is pure sophistry to argue that it has a lifetime ban on introducing the Award.

ANALYSIS

As noted earlier herein, on February 8, 2021, the Commissioner referred A/STC 256-12/20 to the Undersigned and advised the parties that A/STC 256-12/20 had been reviewed and deemed sufficient, if true, to warrant dismissal or reduction in salary, subject to the Undersigned's decision

on the MTD. The Commissioner noted that should the Undersigned deny the MTD, Mr. Janicki shall file an answer directly with the Undersigned, who shall then consider and address the merits of the A/STC 256-12/20.

In that regard, the Undersigned views his role in deciding the MTD, as referred to him by the Commissioner, to be to determine whether Mr. Janicki has provided in his MTD sufficient bases for dismissing the District's filing of A/STC 156-12/20 because, under all the circumstances present, based upon the District's arguments in support of its filing of A/STC 156-12/20 and Mr. Janicki's arguments in his MTD, the District's filing does not comport with the controlling authority herein: the TEACHNJ Act.

Discussion

The Undersigned first notes the District's opening argument, which underlies its entire set of arguments as to the reasons that it believes the MTD should be disregarded, in which the District argues that nothing in the TEACHNJ Act precludes filing tenure charges whenever a tenured employee exhibits unbecoming conduct, based upon which the District further argues that there is no bar[5] to such new evidence forming the basis for additional charges, such as A/STC 256-12/20, as was done in Asbury Park.

The Undersigned first notes that while it is literally a fact that nothing in the TEACHNJ Act precludes the filing of additional charges, the Undersigned finds less significant what the District contends is absent from the TEACHNJ Act than what the Act itself contains. In that regard, the Undersigned turns to the text of the TEACHNJ Act and notes that it provides an extensive set of procedures to accomplish its goals. Of strongest relevance herein are the procedures established in N.J.S.A. 18A:10-17(b), particularly its Paragraph (3), which recites the very specific steps to be taken by "an employing board of education" upon referral of a case for an arbitration hearing, to wit, the board

> shall provide all evidence, including but not limited to, documents, electronic evidence, statements of witnesses, and a list of witnesses, with a complete summary of their testimony, and all other documents to the employee or the employee's representative. The employing board of education shall be

[5] The Undersigned also notes the District's extension of this line of argument to the Undersigned's having made no mention of, nor precluded it from, filing amended tenure charges. In the absence the District's presenting any argument herein as to the possible significance of whether the Undersigned did or did not make any such mentions, he does not consider the matter of his non-mentions further.

> precluded from presenting any additional evidence at the hearing, except for purposes of impeachment of witnesses.[6]

The Undersigned particularly notes that the crafters of this provision described in detail what "all evidence" included and then continued with a portion of the provision that precluded both parties "from presenting any additional evidence at the hearing" - and then included an exception: "for purposes of impeachment of witnesses." Notably, to the Undersigned, the crafters did not provide any other exceptions, such as, for example, related or momentous or previously hidden evidence, regarding each of which an alternative approach might have prevailed - but did not. Instead, the crafters indicated their clear intentions by stating the preclusion was "from presenting *any* [emphasis added] additional evidence," with only the sole exception stated.

While the Undersigned considers the preceding excerpt from N.J.S.A. 18A:10-17(b)(3) of primary importance, also notable are other complementary provisions that are highly relevant to the instant matter. N.J.S.A. 18A:10-17(b)(1) provides that the hearing shall be held within 45 days of the assignment of the arbitrator to the case. N.J.S.A. 18A:10-17(d) provides that the arbitrator shall render a written decision within 45 days of start of the hearing. N.J.S.A. 18A:10-17(f) and (g) provide that the timelines set forth herein shall be strictly followed, absent the approval of the Commissioner.[7]

Therefore, notwithstanding that it is the case that, as the District asserts, nothing in the TEACHNJ Act precludes filing tenure charges whenever a tenured employee exhibits unbecoming conduct, based upon which the District further argues that there is no bar to such new evidence forming the basis for additional charges, such as A/STC 156-12/20, as it contends was done in Asbury Park, it is the view of the Undersigned that the Act's provisions demonstrate that the Act should be approached from a different perspective, that of its provisions, not of its nothings. To wit, in sum, the Undersigned notes that the cited portions of the Act put great emphasis upon the requirement of strict adherence to its comprehensive descriptions regarding the provision of evidence by both parties, following which both parties are precluded from presenting *any*

---

[6] Identical requirements are imposed upon the employee, effective at least 10 days prior to the Hearing.

[7] The Undersigned notes that, as the Parties acknowledge, it has not been possible to meet these timelines in the instant matter from its outset during the pendency of the coronavirus disruption. However, the Undersigned also notes, his inability and that of the Parties to meet the timelines during the pendency of the coronavirus disruption has played no role in the Parties' arguments herein as to the disputed A/STC 156-12/20. Accordingly, the Undersigned considers the timeline goals of the Act, although suspended in the instant matter, fully applicable to his deliberations thereon.

[emphasis added] additional evidence at the hearing, with only one exception - for purposes of impeachment of witnesses. These provisions also emphasize the arbitrator's strictly timely start of the hearing after its assignment and his or her strictly timely completion of a written decision following the hearing's start, except otherwise as approved by the Commissioner. These timeliness requirements of course reflect the urgency that the crafters wished to communicate should be applied to the processing of tenure charges.

Accordingly, the Undersigned approaches the District's and Mr. Janicki's arguments regarding the MTD from the perspective of the crafters' emphases in the TEACHNJ Act.

Turning to the District's citation of Asbury Park in support of its view that it should be permitted to file A/STC 256-12/20, the Undersigned notes his report above as to the District's explanation of its position at Pp. 3-4 and 8-9, as well as Mr. Janicki's distinguishing of Asbury Park in that the board therein was denied permission to use evidence necessary in support of the initial tenure charges while criminal proceedings were pending, whereas, herein, the District was obviously aware of the pendency of the Zudick Award at the time it decided to proceed with the tenure charges and made the strategic decision to certify its tenure charges when it did. As to the Ms. Wisor testimony, Mr. Janicki cites the plain meaning of N.J.S.A. 18A:10-17(b)(3) and argues that after-acquired evidence is not to be accepted. Mr. Janicki notes that the District had the opportunity to interview witnesses and secure statements prior to the preparation and filing of the underlying tenure charges and it is unduly prejudicial to him, under the provisions of N.J.S.A. 18A:10-17(b)(3), for the District to be permitted to continue an expedition for evidence in support of the underlying tenure charges during the pending tenure hearing.

The Undersigned next notes that among the District's arguments, it did not discuss the differences between the circumstances of Asbury Park and those herein, in which a Hearing in TC 52-2/20 was already being held pursuant to the unique and strict evidentiary and timeliness requirements recited above of the TEACHNJ Act, which was enacted decades after the court's decision in Asbury Park. In addition, the Undersigned notes, the Asbury Park circumstances are also distinguishable, as Mr. Janicki argues, in their dependence upon evidence known by a party that was withheld from that party by a county prosecutor, whereas the District has failed to discuss whether, at the time the District filed its tenure charges in TC 52-2/20, either the Zudick Award or the proffered Ms. Wisor testimony were similar or different from the Asbury Park information,

which was under restraints. In addition, the Undersigned also notes, the posture of the matter when the consolidation was directed by the ALJ in Asbury Park and the matter's outcome are not provided by the District, making it impossible to determine its aptness.

Therefore, in view of these considerations, the Undersigned finds that the District has not provided adequate justifications for its assertion that the holding of Asbury Park supports its arguments that it should be permitted to file its charges in A/SC 256-12/20.

Turning to the Englewood decision, which Mr. Janicki cites for its holding that the onus is on a board of education to line up all its ducks before it commences the local processing of charges, the District argues that the board therein was given multiple chances to perfect its charges through refiling, suggesting that a board can go back to the Commissioner to perfect existing charges that were dismissed without prejudice, and to file amended charges, if the circumstances are warranted, as is the case here, the District asserts, with newly discovered evidence and the absence of evidence of abuse or violation of due process. However, once more, the Undersigned notes, the District's arguments fail to specify under what circumstances the Englewood holding would warrant permitting the District to engage in filing amended charges with newly discovered evidence, in the context of the unique and strict evidentiary and timeliness requirements of the TEACHNJ Act recited above. Instead, the District merely offers its speculation that the Englewood holding suggests that the District might be warranted to file amended charges. By contrast, Mr. Janicki distinguishes Englewood by providing an example of a far more compelling circumstance, one in which the Commissioner did consolidate two different sets of charges: Jersey City, wherein the Commissioner, *prior to referring the matter to arbitration*, consolidated the two sets of charges following the district's submissions therein of different charges on November 18 and November 21, 2014. As noted by the Undersigned above, of course, prior to the Commissioner's referral of the matter for arbitration, the cited strict evidentiary provisions of N.J.S.A. 18A:10-17(b)(3) have not gone into effect. Herein, of course, the arbitration hearings in TC 52-2/20 were already under way when the District filed A/STC 156-12/20 and sought consolidation with TC 52-2/20.

Therefore, the Undersigned finds that the District has not sufficiently distinguished Englewood's holding - that the onus is on a board of education to line up all its ducks *before* [emphasis added] it commences the processing of charges, a holding that also does not support the District's arguments that it should be permitted to file its charges in A/STC 256-12/20.

The Undersigned next notes that in the absence of support for the District's position from either Asbury Park or Englewood, the District's position relies essentially upon its contention that nothing in the TEACHNJ Act precludes filing its charges in A/STC 156-12/20. However, the Undersigned has described the reasons for his preference for viewing the provisions contained in the Act, rather than what is not contained, in determining the issues herein. In addition, the Undersigned finds, Mr. Janicki has provided a number of arguments in support of applying the Act's strict and comprehensive evidentiary provisions to preclude the acceptance of the subject matters in the District's filing of A/STC 256-12/20 after the start of the hearings herein, in particular, his arguments against admitting evidence that violates N.J.S.A. 18A:10-17(b)(3)'s preclusions of any additional evidence that was not provided by the District upon the Commissioner's referral of TC 52-2/20 for arbitration.

In addition, Mr. Janicki further argues against the District's actions in filing A/STC 256-12/20 with his assertion that such also causes unnecessary delay to the pending proceedings in TC 52-2/20, an increased expense to all and a waste of judicial resources, noting that if every board, on every certified tenure charge, was permitted to proceed as the District wishes herein, uncertainty, chaos and no finality, and a waste of time, expense and resources would ensue. The Undersigned finds that even in as regrettably delayed a proceeding as the instant matter, Mr. Janicki's concerns resonate; they illustrate that permitting the District's filing of A/STC 256-12/20, or similar filings, in the circumstances present herein would also be inconsistent with the TEACHNJ Act crafters' goal of achieving the normally strictly enforced 45 day timeliness parameters set forth in N.J.S.A. 18A:10-17(b)(1), N.J.S.A. 18A:10-17(d) and N.J.S.A. 18A:10-17(f) and (g) of the TEACHNJ Act, parameters with which we can expect to be required to achieve compliance once normal times have returned.

In sum then, the Undersigned finds that the District's position that its submission of its filing of A/STC 256-12/20 should be accepted has been rebutted by the arguments that Mr. Janicki makes in his MTD.

In this context, the Undersigned lastly turns to the District's concern that the Zudick Award and assertedly unbecoming conduct by Mr. Janicki will escape the view of the Undersigned if Mr. Janicki's overly technical and disingenuous procedural sleights of hand and procedural niceties and technical obstructionism are accepted. Notwithstanding the District's expressed concern, the

Undersigned's view, as discussed above, is that, rather, the provisions of the TEACHNJ Act lead to the conclusions determined herein as to whether to permit the additional submissions sought by the District in A/STC 256-12/20.

Conclusions

Under all the circumstances described above, the Undersigned concludes that none of the arguments or case authorities cited by the District supports its assertion that its filing of A/STC 256-12/20 should be permitted under the provisions of the TEACHNJ Act. Rather, under the circumstances present herein, the Undersigned finds that in Mr. Janicki's MTD, he has persuasively argued that permitting the District's filing of A/TSC 256-12/20 would be in substantial conflict with a number of provisions of the TEACHNJ Act. In the view of the Undersigned, that Act's N.J.S.A. 18A:10-17(b) provisions, as recited above, with their carefully crafted restrictions and unique and strict evidentiary and timeliness requirements, dictate the determinations made herein and are not subject to being overridden by the exigencies of a particular case or situation.

Therefore, for the reasons discussed above herein, the Undersigned finds that Mr. Janicki has supported his MTD with meritorious bases and that it should be granted.

DECISION

The Undersigned grants Mr. Janicki's Motion to Dismiss the District's Amended/Supplemental Charges in A/STC 256-12/20.

OAL Dkt. No. EDU 05471-20
Agency Dkt. No. 113-5/20

New Jersey Commissioner of Education

Final Decision

W.B. and D.B., on behalf of minor child, B.B.,

Petitioners,

v.

Board of Education of the Township of Wayne, Passaic County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon review, the Commissioner concurs with the Administrative Law Judge (ALJ) that that Board did not act in an arbitrary, capricious, or unreasonable manner when it denied petitioners' request to allow their minor child to attend Wayne Valley High School while the family resided in the attendance zone for Wayne Hills High School.

According, the Initial Decision of the OAL is adopted as the final decision in this matter, and the petition of appeal is hereby dismissed.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 5, 2021
Date of Mailing: April 9, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
OAL DKT. NO. EDU 05471-20
AGENCY DKT. NO. 113-5/20

W.B. AND D.B., ON BEHALF OF MINOR CHILD, B.B.,
Petitioner,
v.

BOARD OF EDUCATION OF THE TOWNSHIP OF WAYNE, PASSAIC COUNTY,
Respondent.

W.B. and **D. B.**, petitioners pro se

John G. Geppert, Jr., Esq., for respondent Wayne Township Board of Education (Scarinci Hollenbeck, attorneys)

Record Closed: February 10, 2021 Decided: February 18, 2021

BEFORE **GAIL M. COOKSON**, ALJ:

STATEMENT OF THE CASE

W.B. and D.B. (petitioners) appeal the Board of Education for the Township of Wayne's (Board) determination that their son, B.B., is not entitled to attend Wayne Valley High School because he is not residing within that attendance zone. Petitioners

claim their move from that attendance zone, albeit still within Wayne Township, was due to a hardship and has caused their son anxiety in addition to his learning issues.

The Board notified petitioners of its determination on May 11, 2020. [J-8.] They filed their petition of appeal directly with the Commissioner of Education on May 20, 2020. The Board filed its answer on June 10, 2020, and the matter was then transmitted to the Office of Administrative Law for determination as a contested case on June 17, 2020. The matter was assigned to me on or about July 17, 2020. Several case management conferences have been held in order to allow the parties to review new information. Thereafter, the hearing was scheduled and held on February 10, 2021, through the use of Zoom remote technology because of the continued New Jersey State of Emergency for the coronavirus pandemic. Insofar as the petitioners were not represented by counsel and the case was presented thoroughly by both sides, I determined that I did not need post-hearing submissions and I closed the record at the end of the hearing.

FINDINGS OF FACT

Based upon due consideration of the pleadings and the testimonial and documentary evidence presented, and having had the opportunity to observe the demeanor of the witnesses and assess their credibility, I **FIND** the following facts:

Petitioners testified on their own and their son's behalf. They opened their case by remarking as to how proud they are of the progress B.B. has made in the Wayne school system and how amazing the teachers have been working with his Individualized Education Plan (IEP). B.B. is classified as having a specific learning disability and has needed some reading and test-taking accommodations. His grades have improved, he has a good group of friends as a support network with whom he has attended school for many years, and intends to proceed to college.

In January 2019, petitioners faced a hardship that required them to move from their home. They relocated to a residence inn for almost nine months, which further stressed their financial situation, so that B.B. could remain in his school. They then

moved to an apartment, but it was on the other side of Wayne. They tried very hard to find an apartment within the same "attendance zone" as their house had been located but having a dog made finding such difficult, if not impossible. As a result, B.B. was technically within the attendance zone for Wayne Hills instead of Wayne Valley, but he was refusing to attend and was showing signs of anxiety. Prior to the start of the 2019-2020 school year, petitioners requested the Board to allow B.B. to remain for his eighth-grade year at the Wayne Valley middle school. [J-3.] The Board approved this request so that B.B. could complete middle school where he had always attended. [J-4.]

As was true for most students, B.B. began to engage in remote learning once the Covid pandemic emergency spread over New Jersey. Learning then was conducted under the hybrid model. In the spring of 2020, petitioners anticipated their son's entry into high school in the fall and extended their request that he be permitted to remain with his friends from his former neighborhood and attendance zone. [J-5.] At that time, their request was denied (J-6), on the basis of the Board's Policy #5120. At the same time that petitioners continued to argue in favor of an exception being made for B.B., as they viewed many others having been afforded that right, they also made the difficult decision to split up the household. D.B. had a girlfriend who offered her and B.B. a place to stay within the Wayne Valley attendance zone, while W.B. and their dog remained in the apartment they had all moved into earlier in the year. Petitioners also testified that it had been suggested that they take B.B. to a psychiatrist to assist him with the difficult adjustment, but they did not do so.

On cross examination, petitioners acknowledged that D.B. and B.B. will stay living and sharing expenses with her girlfriend if that is what is required so that B.B. can attend the high school he prefers. They also acknowledged that his IEP could be implemented at either high school and that he does not require special services only available at Wayne Valley. W.B. wanted the record to reflect his disappointment that the Superintendent, Dr. Toback with whom he had had a personal conversation and who promised that he would personally follow-up, never did return those communications.

Donna Reichman testified on behalf of the Board. She has been an employee with the Wayne district for seventeen years as a teacher, principal, and now Assistant Superintendent. Reichman reviewed the history of the petitioners' requests and the Board's responses, that were largely delegated to her, especially after Covid when everyone was overwhelmed with the "new normal" and an excessive number of personal requests by staff and pupils. She further stated that petitioners' request in May 2020 contained the argument that B.B. had always looked forward to playing football for Wayne Valley High School, which by state athletic standards, could not be taken into consideration.

With respect to other reasons provided by petitioners, Reichman explained that Policy #5120 supported the Board's decision to grant the request for eighth grade because it prevents disruption in one's last year before a graduation and also supported the denial for B.B.'s freshman year of high school. Policy #5120 specifically, and in pertinent part, states:

> Pupils shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a pupil to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interests of the pupil.

Reichman focused on the fact that either high school within Wayne could implement B.B.'s IEP and that it was clear that he could succeed at either. She also noted that the middle school he attended was the only one in the district to have a mix of kids from the two high school attendance zones such that some of his friends might also be heading to Wayne Hills.

When questioned about the frequency with which the Board has granted exceptions under Policy #5120, Reichman stated that out of a student population of over 2400, there had been approximately three who were granted it because they were in their final year and three who were granted it because of IEP implementation issues. On cross-examination, she estimated that forty students make these requests a year. The policy is applied mostly to pupils who are medically fragile or severely disabled. With respect to relocations, she agreed that no one wants to see a student go to two

different schools within two months. Reichman also assured petitioners that if new information became available, such as a current psychiatric evaluation, that it would be considered.

ANALYSIS AND CONCLUSIONS OF LAW

The issue in this matter is whether B.B. was entitled to attend Wayne Valley High School, notwithstanding that his parents moved out of that attendance zone but remained within the Township.

Generally speaking, domicile is the place of a person's abode where he or she has the present intention of remaining and to which, if absent, he or she intends to return. Mercadante v. City of Paterson, 111 N.J. Super. 35, 39 (Ch. Div. 1970), aff'd, 58 N.J. 112 (1971). A person may have multiple residences, but only one domicile at a time; as such, the residence may coincide with domicile, but does not alone determine domicile. State v. Benny, 20 N.J. 238, 251 (1955). The question of domicile is one of fact and must be determined on a case-by-case basis. Lea v. Lea, 18 N.J. 1, 7 (1955).

In the present matter, there is evidence that petitioners established themselves in the Wayne Hills attendance zone prior to B.B.'s last year in middle school and before the commencement of high school. Thereafter, the petitioners purposely separated, not for marital reasons, but in order to re-establish B.B. in the Wayne Valley attendance zone, with D.B. and B.B. moving in with a friend. They seek a determination herein that the Board should exercise its discretion under its Policy #5120 to allow B.B. to attend Wayne Valley even if they reunite the family at the current residence of W.B. outside that zone.

As set forth above, Policy #5120 states:

> Pupils shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a pupil to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interests of the pupil. [J-2.]

Based on the preponderance of the credible facts, I **CONCLUDE** that B.B. is residing in the attendance zone of Wayne Valley High School only so long as he and a parent reside in that zone. I further **CONCLUDE** that the Board has properly applied its Policy #5120 and did so herein in a fair, reasonable, and nonarbitrary manner. The evidence clearly demonstrates that the Board has applied Policy #5120 in an even-handed manner in general and specifically for B.B. In his last year of middle school, B.B. was permitted to finish school in the Wayne Valley attendance zone, as it typically did for pupils in their last year at a school. The Board also carefully considered whether attendance at Wayne Valley High School was required in the best interests of the pupil and determined that B.B. could obtain all the services he needs at either high school, and at either, he would be entering his first year and was likely to succeed.

I **CONCLUDE** that the Board was correct in deciding that petitioners' circumstances do not come within the school assignment policy exceptions. If the family choses to reside as an entire family unit in the current apartment of W.B., B.B. will be required to attend Wayne Hills High School. I recognize that economic or other hardships which befall parents often have unintended consequences for their child(ren). Nevertheless, these events happen in life and we all have to adjust within the system that governs all similarly situated pupils.

ORDER

Based upon the foregoing, it is **ORDERED** that the petition of appeal of W.B. and D.B. on behalf of B.B. should be and is hereby **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless

such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties. of any exceptions must be sent to the judge and to the other parties.

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
DISMISSAL
OAL DKT. NO. EDU 11443-20
AGENCY DKT. NO. 222-10/20

S.K.S. ON BEHALF OF MINOR CHILD, S.H.,
Petitioner,
v.
BOARD OF EDUCATION OF THE CITY OF JERSEY CITY, HUDSON COUNTY,
Respondent.

Corinne Mullen, Esq. for petitioner (The Mullen Law Firm, attorneys)

Jessika Kleen, Esq. for respondent (Machado Law Group, attorneys)

BEFORE **KELLY J. KIRK**, ALJ:

Petitioner S.K.S. on behalf of minor child, S.H., appeals from the suspension imposed upon S.H. by respondent, Jersey City Board of Education.

In June 2020, S.H. was suspended from school for seven days. Petitioner appealed the suspension, and the Board held a hearing on July 9, 2020. On July 15, 2020, the Board deliberated in closed session and thereafter notified petitioner that the suspension was upheld. Petitioner filed a request for reconsideration. By letter dated

September 25, 2020, the Board notified petitioner that the request for reconsideration was denied. Petitioner filed a Petition of Appeal on October 14, 2020. Respondent filed an Answer to Petition of Appeal on December 9, 2020. The matter was transmitted by the Department of Education (Department) to the Office of Administrative Law (OAL), where it was filed on December 11, 2020 for determination as a contested case.

By notice dated January 11, 2021, a telephone prehearing conference was scheduled for January 19, 2021 at 3:00 p.m. By 3:15 p.m., Ms. Mullen still had not called in for the conference. Respondent's attorney was able to reach Ms. Mullen's office and was advised that Ms. Mullen would be available for the conference on January 20, 2021 at 9:00 a.m. By notice dated January 19, 2021, the telephone prehearing conference was rescheduled for January 20, 2021 at 9:00 a.m. However, by 9:15 a.m., Ms. Mullen still had not called in for the conference. By email dated January 20, 2021, respondent's attorney's assistant advised that she had spoken to Ms. Mullen and that Ms. Mullen would be available for the conference at 2:00 p.m. Accordingly, on January 20, 2021, an email was sent to the parties confirming that the telephone prehearing conference was rescheduled for 2:00 p.m. However, by 2:15 p.m., Ms. Mullen still had not called in for the conference. Thereafter, on January 20, 2017, the parties were notified by email that since Ms. Mullen could not be reached for telephone prehearing conference, it was rescheduled for January 27, 2021 at 9:00 a.m. However, by 9:15 a.m. Ms. Mullen still had not called in for the conference. Ms. Mullen did not contact the OAL to explain any of these failures to appear.

Finally, on January 27, 2021, a notice of mandatory telephone prehearing was sent to the parties, accompanied by a letter that stated follows:

> This matter has been scheduled for a telephone prehearing conference four times, but Ms. Mullen has failed to participate. Accordingly, please be advised that the telephone prehearing conference has been rescheduled for **February 16, 2021** at **9:00 a.m.** A notice of telephone prehearing conference is enclosed. Please mark your calendars. The telephone number to call at the time of the conference is (877) 336-1839 and the access code is 6486063.

> Participation in this telephone prehearing conference is **MANDATORY**. If Ms. Mullen fails to call at the time of the telephone prehearing conference on February 16, 2021 at 9:00 a.m., it will be presumed that her client does not wish to pursue this matter **and the appeal will be dismissed, and the file will be returned to the Department of Education**. Therefore, if either party is unavailable for this telephone conference, please notify my assistant, Maria, at maria.montaner@oal.nj.gov within seven (7) days of the date of this letter, in order that the conference may be promptly rescheduled.

By email dated January 27, 2021, Ms. Mullen confirmed that "[c]ounsel for plaintiffs will be on the call." However, by 9:15 a.m. on February 16, 2021, Ms. Mullen still had not called in for the conference, and she has not contacted the OAL.

N.J.A.C. 1:1-14.4(a) provides as follows:

> If, after appropriate notice, neither a party nor a representative appears at any proceeding scheduled by the Clerk or judge, the judge shall hold the matter for one day before taking any action. If the judge does not receive an explanation for the nonappearance within one day, the judge shall, unless proceeding pursuant to (d) below, direct the Clerk to return the matter to the transmitting agency for appropriate disposition pursuant to N.J.A.C. 1:1-3.3(b) and (c).

Further, N.J.A.C. 1:1-14.14(a) provides that for unreasonable failure to comply with any order of a judge or with any requirements of the Uniform Administrative Procedure Rules, the judge may (1) dismiss or grant the motion or application; (2) suppress a defense or claim; (3) exclude evidence; (4) order costs or reasonable expenses, including attorney's fees, to be paid to the State of New Jersey or an aggrieved representative or party; or (5) take other appropriate case-related action.

Petitioner's attorney failed to appear for the telephone prehearing conference four times prior, and even after notice that the February 16, 2021 telephone prehearing conference was mandatory and that failure to participate would result in dismissal of this matter, petitioner's attorney failed to appear for a fifth time and did not contact the OAL

thereafter with any explanation for the nonappearance. Accordingly, I **CONCLUDE** that petitioner has failed to appear and the petition of appeal should be **DISMISSED**. I further **CONCLUDE** that the Clerk should return this matter to the Department of Education.

It is **ORDERED** that this matter is **DISMISSED** and that the Clerk return this matter to the Department of Education for appropriate disposition.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10. Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Final Decision

In the Matter of the Teaching Certificates of Ryan Collins, Board of Trustees of Camden's Promise Charter Schools, Camden County.

Synopsis

This matter was opened before the Commissioner of Education in November 2020, by way of an Order to Show Cause served by the petitioner, the Board of Trustees of Camden's Promise Charter School (Board) upon the respondent, Ryan Collins, requiring respondent to show cause why an order should not be entered suspending his teaching certificates for unprofessional conduct pursuant to *N.J.S.A.* 18A:26-10 after he resigned his position without giving the sixty-day (60) notice required by his contract with the petitioner. Respondent was duly advised that – pursuant to *N.J.A.C.* 6A:3-1.5(e) – failure to respond would cause each allegation raised by the Board to be deemed admitted and might result in summary decision by the Commissioner. The respondent failed to answer the order, despite ample opportunity to do so.

There being no response to the order to show cause, the Commissioner concluded that the allegations, which respondent has chosen not to deny, may be deemed admitted and justify suspension of respondent's certificates. Accordingly, respondent's certificates were suspended for a period of one year from the date of the filing of this decision – a copy of which was forwarded to the State Board of Examiners for the purpose of effectuating this order.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

77-21

Agency Dkt. No. 236-11/20

New Jersey Commissioner of Education

Final Decision

In the Matter of the Teaching Certificates of Ryan Collins, Board of Trustees of Camden's Promise Charter Schools, Camden County.

The record of this matter has been reviewed. The Board of Trustees of Camden's Promise Charter Schools filed a petition seeking the suspension of respondent Ryan Collins' teaching certificates pursuant to *N.J.S.A.* 18A:28-8 after he resigned without providing the Board with the requisite statutory notice. The Commissioner issued an Order to Show Cause on November 24, 2020, which the Board served on respondent on November 25, 2020. Respondent did not respond to the Order to Show Cause, despite being given multiple opportunities to do so. Accordingly, the Commissioner finds that the respondent's certificates should be suspended pursuant to *N.J.S.A.* 18A:28-8, and further finds that a one-year suspension of the respondent's certificates is the appropriate penalty.

Accordingly, the respondent's teaching certificates are suspended for a period of one year from the filing date of this decision, a copy of which shall be forwarded to the State Board of Examiners for implementation of the suspension.

IT IS SO ORDERED.[1]

INITIAL DECISION

SETTLEMENT

OAL DKT. NO. EDU 00055-19

AGENCY DKT. NO. 284-11/18

ANGELA GONZO,

Petitioner,

v.

BOARD OF EDUCATION OF THE CARLSTADT-EAST RUTHERFORD REGIONAL SCHOOL DISTRICT, BERGEN COUNTY,

Respondent.

Kathleen Naprstek Cerisano, Esq., for petitioner (Zazzalli, Fagella, Nowak, Kleinbaum & Friedman, attorneys)

Dennis McKeever, Esq., for respondent (Sciarrillo, Cornell, Merlino, McKeever & Osbourne, attorneys)

Carol R. Smeltzer, Esq., for intervenors Jonna Calvanico and Robert DiDomenico

Record Closed: February 15, 2021 Decided: February 17, 2021

BEFORE **MARGARET M. MONACO**, ALJ:

On or about November 28, 2018, petitioner Angela Gonzo filed a Verified Petition with the Commissioner of Education alleging that respondent Board of Education of the Carlstadt-East Rutherford Regional School District (the Board) violated her tenure and seniority rights when it terminated of her employment as a supervisor. On or about December 17, 2018, the Board filed an Answer to the Petition of Appeal, and the Department of Education transmitted the matter to the Office of Administrative Law, where it was filed for determination as a contested case. On November 25, 2019, the undersigned issued an Order permitting Jonna Calvanico and Robert DiDomenico to intervene in this matter. Following prior adjournments of the hearing, counsel for petitioner advised that the parties had reached a settlement. Under letter dated February 15, 2021, counsel for respondent forwarded the attached Settlement Agreement and Release, indicating the terms of agreement between the parties, and the attached resolution of the Board accepting the Settlement Agreement and Release.

Having reviewed the record and the settlement terms, I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and, therefore, **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit

is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

ANGELA GONZO Petitioner, v. BOARD OF EDUCATION OF THE CARLSTADT-EAST RUTHERFORD REGIONAL SCHOOL DISTRICT, BERGEN COUNTY, Respondent.	BEFORE THE COMMISSIONER OF EDUCATION/OFFICE OF ADMINISTRATIVE LAW Agency Dkt. No. 284-11/18 OAL Dkt. No. EDU 00055-19 **SETTLEMENT AGREEMENT AND RELEASE**

This Settlement Agreement and General Release ("Settlement Agreement") is entered into by and between the Petitioner Angela Gonzo ("Petitioner" or "Ms. Gonzo") and the Respondent Board of Education of the Carlstadt-East Rutherford Regional School District ("Respondent" or "District"), both of whom are collectively referred to as "the Parties."

WHEREAS the Petitioner Angela Gonzo ("Ms. Gonzo") has been employed as a teacher by the Respondent Board of Education of the Carlstadt-East Rutherford Regional School District ("District") since March 1990; and

WHEREAS Ms. Gonzo was also employed by the District in the supervisory position of Department Chairperson from the 2013-14 school year through the 2017-18 school year for which she received additional compensation; and

WHEREAS just prior to the start of the 2018-19 school year the District advised Ms. Gonzo that she was not assigned to the supervisory position of Department Chairperson for the 2018-19 school year, but only to her teaching position; and

WHEREAS the District assigned another individual to the supervisory position of Department Chairperson which Ms. Gonzo had previously held and paid that individual the additional compensation which Ms. Gonzo had previously received; and

WHEREAS Ms. Gonzo filed a Petition of Appeal against the District challenging the District's actions terminating her assignment to the supervisory position of Department Chairperson and reducing her compensation by no longer paying to her the additional compensation for that position; and

WHEREAS the Parties have engaged in settlement negotiations throughout this matter through their respective counsel; and

WHEREAS, as a result of the settlement negotiations the Parties have reached the within Settlement Agreement;

NOW THEREFORE, it is agreed by and between the Parties hereto as follows:

1. Respondent agrees to pay to Petitioner the sum of $7,930.00 as back pay for the additional compensation payable for the supervisory position of Department Chairperson during the 2018-19 school year, less applicable payroll taxes.

2. Respondent agrees to pay to Petitioner the sum of $12,500.00 as back pay for the additional compensation payable for the supervisory position of Department Chairperson during the 2019-20 school year, less applicable payroll taxes.

3. Respondent shall be liable to the Division of Pensions and Benefits and/or Board of Trustees of the Teachers' Pension and Annuity Fund (TPAF) for the payment of Respondent's

share of Petitioner's pension contributions for the additional back pay for the 2018-19 and 2019-20 school years, as set forth in paragraphs 1 and 2 above. Any and all other deductions or pension contributions shall be deducted from the payments to Petitioner.

4. The Parties understand that Respondent cannot assure that Petitioner will receive pension credit or any amount of a specific pension credit because that determination must be made by the Division of Pensions and/or the Board of Trustees of the TPAF. Respondent agrees to take all reasonable actions to assist Petitioner in acquiring pension credit for the additional back pay for the 2018-19 and 2019-20 school years.

5. Respondent also agree to pay to Petitioner the sum of $30,000.00. This payment shall be for the relinquishment of any and all tenure, seniority and other employment rights that she may have or may claim hereafter with regard to a supervisory, rather than teaching, position with the District, and shall not be considered back pay.

6. Respondent shall issue all payments due to Petitioner and the Division of Pensions, pursuant to paragraphs 1,2, 3, and 5 above, within thirty (30) days following approval of this Settlement Agreement by the NJ Office of Administrative Law and the Commissioner of Education.

7. Petitioner hereby agrees to provide an irrevocable letter of resignation from the District effective June 30, 2021. Said letter shall be appended to this Settlement Agreement. Petitioner's separation from employment shall be deemed to be a voluntary retirement in good standing. Respondent shall provide Petitioner with a favorable reference letter signed by Superintendent Sforza, which Petitioner may use in her future employment endeavors. Respondent will provide oral references consistent with the letter to Petitioner's prospective employers upon provision of written authorization from Petitioner at the time such references are requested.

8. Upon receipt of the total sum of $50,430.00, Petitioner shall withdraw the Petition of Appeal currently pending before the NJ Office of Administrative Law and the Commissioner of Education, with prejudice.

9. Nothing in this Settlement Agreement shall constitute evidence of a past practice on the part of the District, nor shall it be binding upon the District with respect to any other employee of the Carlstadt-East Rutherford Regional School District. The District and Ms. Gonzo have entered into this Settlement Agreement based upon the particular facts and circumstances unique to Ms. Gonzo.

10. By signing this Settlement Agreement, the Parties certify that they have had the opportunity to discuss this Agreement with counsel. They are fully satisfied with the services of their counsel with respect to both this Settlement Agreement and all other aspects of this case and they enter into this Settlement Agreement knowingly, willingly, and without any coercion or improper inducements.

11. The Parties agree that this Settlement Agreement may be signed in counterparts and that facsimiles of signatures will have the same force and effect as original signatures.

12. This Settlement Agreement is subject to the approval of the NJ Office of Administrative Law and the Commissioner of Education and shall not be binding until said approvals are received.

13. By entering into this Settlement Agreement, Ms. Gonzo releases and discharges all claims or rights Ms. Gonzo may have against the Board and its members, the Superintendent, and any and all other Board officers, including specifically, intervenors Jonna Calvenico & Robert DiDomenico. employees, representatives, agents, successors, and assigns,

(collectively, the "Released Parties") for anything which has happened up until the date that this Settlement Agreement is executed by all parties. This includes without limitation, any and all

actions, claims and liabilities of whatsoever kind or character, in law or equity, now known or unknown, suspected or unsuspected, directly or indirectly related to the Petitioner's employment with the Respondent that exist as of the date of this Agreement. It specifically includes without limitation, all claims which the Petitioner may have regarding withholding of increment, discrimination on any basis, any federal or state civil rights law, claims under the Civil Rights Act of 1964, 42 U.S.C. §2000(e) *et seq.* as amended, 42 U.S.C. §1981 through 1988, the Americans with Disabilities Act, 42 U.S.C. §12101 *et seq.*, of 1990, the New Jersey Law Against Discrimination, N.J.S.A. 10:501 *et seq.*, the Family and Medical Leave Act, 29 U.S.C. §2601 *et seq.*, the New Jersey Family Medical Leave Act, N.J.S.A. 34:19-1, *et seq.*, and any other federal or state civil rights claims, including claims of age discrimination and other rights and claims arising under the Age Discrimination in Employment Act and the Older Workers' Benefits Protection Act, Title VII of the Civil Rights Act of 1964, as amended; Sections 1981 through 1988 of Title 42 of the United States Code; the Civil Rights Act of 1991; the Equal Pay Act; the Rehabilitation Act; the Fair Labor Standards Act; the Employee Retirement Income Security Act of 1974, as amended; the Worker Adjustment and Retraining Notification Act; the National Labor Relations Act; the Fair Credit Reporting Act; the Occupational Safety and Health Act; the Uniformed Services Employment and Reemployment Act; the Employee Polygraph Protection Act; the Immigration Reform Control Act; the retaliation provisions of the Sarbanes-Oxley Act of 2002; the Federal False Claims Act; the New Jersey Law Against Discrimination; the New Jersey Conscientious Employee Protection Act; the New Jersey Family Leave Act; the New Jersey Wage and Hour Law; the New Jersey Equal Pay Law: the New Jersey Occupational Safety and Health Law; the New Jersey Smokers' Rights Law; the New Jersey Genetic Privacy Act: the New Jersey Fair Credit Reporting Act; New Jersey Wages and Hours Law, unemployment compensations laws, disability benefits laws, the retaliation provisions of the New Jersey

Workers' Compensation Law (and including any and all amendments to the above), the United States Constitution, the New Jersey Constitution and/or any other alleged violation of any federal, state or local law, regulation or ordinance, rights under any collective bargaining agreement, disability payments, sick leave, salary or any other matter pertaining to her employment, any claims arising under common law, including but not limited to, theories of tort or contract (express or implied), assault, battery, defamation, discrimination, negligent supervision, intentional or negligent infliction of emotional distress, negligent hire/retention/supervision, tortious interference with an economic or prospective advantage, wrongful termination, breach of implied covenant of good faith and fair dealing, or a violation of public policy.

13. Notwithstanding Paragraph 12 of this Agreement, it is understood and agreed that the parties are not prohibited from communicating with or participating in any administrative proceeding before the United States Department of Labor, the Equal Employment Opportunity Commission, or any other federal, state or local law agency. Should any entity, agency commission or person file a charge, action, complaint or lawsuit against the Released Parties, or any of them, based upon any of the above-released claims in Paragraph 12, Ms. Gonzo agrees not to seek or accept any resulting relief.

14. As of the effective date of her resignation, all of Ms. Gonzo's employment rights, including but not limited to salary. insurance coverage, tenure and seniority, will permanently end, except for any benefits to which she may lawfully be entitled under the Workers' Compensation Act or the Consolidated Omnibus Budget Reconciliation Act of 1986 ("COBRA") or N.J.S.A. 18A:66-39, 40 and 41.

15. Ms. Gonzo agrees that she will not apply for reemployment with the Board at any time after June 30, 2021. Specifically. Ms. Gonzo will be considered to have permanently resigned from her tenured position as a result of this Agreement. If Ms. Gonzo does apply for

reemployment with the Board and is approved for employment, the terms of this Agreement shall control and be grounds for immediate termination of Ms. Gonzo's employment.

16. To comply with the Older Workers Benefit Protection Act of 1990, if applicable, this Agreement advises Ms. Gonzo of the legal requirements of that Act, and fully incorporates the legal requirements by reference into this Agreement. Accordingly, by executing this Agreement, Ms. Gonzo acknowledges that she: (i) fully understands the terms and conditions of this Agreement; (ii) has consulted with an attorney to review the Agreement; (iii) specifically waives her right to pursue any current claims she may have under the Age Discrimination in Employment Act; (iv) has been given twenty-one (21) days within which to consider this Agreement; and (v) has seven (7) days from the date of the execution of this Agreement to revoke it. Ms. Gonzo understands that she may rescind this Agreement within seven (7) calendar days of signing it, and such rescission must be in writing and delivered to counsel for the Board either by hand or by certified mail within the seven-day period. In the event of such rescission, the Board may, in its sole discretion, pursue any and all available relief against Ms. Gonzo including but not limited to termination of her employment by way of a tenure charge of inefficiency, unbecoming conduct, and/or other just cause, and Ms. Gonzo waives any right to any objection or defense based on the timeliness of such charge.

17. The Parties hereto agree that this Settlement Agreement may not be modified, altered, or changed except by written agreement signed by the Parties hereto. The Parties further acknowledge that this constitutes the entire agreement between them, superseding all prior written and oral agreements. If any provision of this Settlement Agreement is held to be invalid, the remaining provisions shall remain in full force and effect.

18. The Parties have not relied upon any representations, promises, or agreements of any kind made to them in connection with this Settlement Agreement, except for those set forth in this Settlement Agreement.

19. This Settlement Agreement is made and entered into the in the State of New Jersey, and shall in all respects be interpreted, enforced and governed under the law of the State of New Jersey.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the day and year written below.

ANGELA GONZO Petitioner, v. BOARD OF EDUCATION OF THE CARLSTADT-EAST RUTHERFORD REGIONAL SCHOOL DISTRICT, BERGEN COUNTY, Respondent.	BEFORE THE COMMISSIONER OF EDUCATION/OFFICE OF ADMINISTRATIVE LAW Agency Dkt. No. 284-11/18 OAL Dkt. No. EDU 00055-19 SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and General Release ("Settlement Agreement") is entered into by and between the Petitioner Angela Gonzo ("Petitioner" or "Ms. Gonzo") and the Respondent Board of Education of the Carlstadt-East Rutherford Regional School District ("Respondent" or "District"), both of whom are collectively referred to as "the Parties."

WHERRAS the Petitioner Angela Gonzo ("Ms. Gonzo") has been employed as a teacher by the Respondent Board of Education of the Carlstadt-East Rutherford Regional School District ("District") since March 1990; and

WHERRAS Ms. Gonzo was also employed by the District in the supervisory position of Department Chairperson from the 2013-14 school year through the 2017-18 school year for which she received additional compensation; and

WHEREAS just prior to the start of the 2018-19 school year the District advised Ms. Gonzo that she was not assigned to the supervisory position of Department Chairperson for the 2018-19 school year, but only to her teaching position; and

WHEREAS the District assigned another individual to the supervisory position of Department Chairperson which Ms. Gonzo had previously held and paid that individual the additional compensation which Ms. Gonzo had previously received; and

WHEREAS Ms. Gonzo filed a Petition of Appeal against the District challenging the District's actions terminating her assignment to the supervisory position of Department Chairperson and reducing her compensation by no longer paying to her the additional compensation for that position; and

WHEREAS the Parties have engaged in settlement negotiations throughout this matter through their respective counsel; and

WHEREAS, as a result of the settlement negotiations the Parties have reached the within Settlement Agreement;

NOW THEREFORE, it is agreed by and between the Parties hereto as follows:

1. Respondent agrees to pay to Petitioner the sum of $7,930.00 as back pay for the additional compensation payable for the supervisory position of Department Chairperson during the 2018-19 school year, less applicable payroll taxes.

2. Respondent agrees to pay to Petitioner the sum of $12,500.00 as back pay for the additional compensation payable for the supervisory position of Department Chairperson during the 2019-20 school year, less applicable payroll taxes.

3. Respondent shall be liable to the Division of Pensions and Benefits and/or Board of Trustees of the Teachers' Pension and Annuity Fund (TPAF) for the payment of Respondent's

share of Petitioner's pension contributions for the additional back pay for the 2018-19 and 2019-20 school years, as set forth in paragraphs 1 and 2 above. Any and all other deductions or pension contributions shall be deducted from the payments to Petitioner.

4. The Parties understand that Respondent cannot assure that Petitioner will receive pension credit or any amount of a specific pension credit because that determination must be made by the Division of Pensions and/or the Board of Trustees of the TPAF. Respondent agrees to take all reasonable actions to assist Petitioner in acquiring pension credit for the additional back pay for the 2018-19 and 2019-20 school years.

5. Respondent also agree to pay to Petitioner the sum of $30,000.00. This payment shall be for the relinquishment of any and all tenure, seniority and other employment rights that she may have or may claim hereafter with regard to a supervisory, rather than teaching, position with the District, and shall not be considered back pay.

6. Respondent shall issue all payments due to Petitioner and the Division of Pensions, pursuant to paragraphs 1,2, 3, and 5 above, within thirty (30) days following approval of this Settlement Agreement by the NJ Office of Administrative Law and the Commissioner of Education.

7. Petitioner hereby agrees to provide an irrevocable letter of resignation from the District effective June 30, 2021. Said letter shall be appended to this Settlement Agreement. Petitioner's separation from employment shall be deemed to be a voluntary retirement in good standing. Respondent shall provide Petitioner with a favorable reference letter signed by Superintendent Sforza, which Petitioner may use in her future employment endeavors. Respondent will provide oral references consistent with the letter to Petitioner's prospective employers upon provision of written authorization from Petitioner at the time such references are requested.

8. Upon receipt of the total sum of $50,430.00, Petitioner shall withdraw the Petition of Appeal currently pending before the NJ Office of Administrative Law and the Commissioner of Education, with prejudice.

9. Nothing in this Settlement Agreement shall constitute evidence of a past practice on the part of the District, nor shall it be binding upon the District with respect to any other employees of the Carlstadt-East Rutherford Regional School District. The District and Ms. Gonzo have entered into this Settlement Agreement based upon the particular facts and circumstances unique to Ms. Gonzo.

10. By signing this Settlement Agreement, the Parties certify that they have had the opportunity to discuss this Agreement with counsel. They are fully satisfied with the services of their counsel with respect to both this Settlement Agreement and all other aspects of this case and they enter into this Settlement Agreement knowingly, willingly, and without any coercion or improper inducements.

11. The Parties agree that this Settlement Agreement may be signed in counterparts and that facsimiles of signatures will have the same force and effect as original signatures.

12. This Settlement Agreement is subject to the approval of the NJ Office of Administrative Law and the Commissioner of Education and shall not be binding until said approvals are received.

13. By entering into this Settlement Agreement, Ms. Gonzo releases and discharges all claims or rights Ms. Gonzo may have against the Board and its members, the Superintendent, and any and all other Board officers, including specifically, intervenors Jonna Calvenico & Robert DiDomenico. employees, representatives, agents, successors, and assigns,

(collectively, the "Released Parties") for anything which has happened up until the date that this Settlement Agreement is executed by all parties. This includes without limitation, any and all

actions, claims and liabilities of whatsoever kind or character, in law or equity, now known or unknown, suspected or unsuspected, directly or indirectly related to the Petitioner's employment with the Respondent that exist as of the date of this Agreement. It specifically includes without limitation, all claims which the Petitioner may have regarding withholding of increment, discrimination on any basis, any federal or state civil rights law, claims under the Civil Rights Act of 1964, 42 U.S.C. §2000(e) *et seq.* as amended, 42 U.S.C. §1981 through 1988, the Americans with Disabilities Act, 42 U.S.C. §12101 *et seq.*, of 1990, the New Jersey Law Against Discrimination, N.J.S.A. 10:501 *et seq.*, the Family and Medical Leave Act, 29 U.S.C. §2601 *et seq.*, the New Jersey Family Medical Leave Act, N.J.S.A. 34:19-1, *et seq.*, and any other federal or state civil rights claims, including claims of age discrimination and other rights and claims arising under the Age Discrimination in Employment Act and the Older Workers' Benefits Protection Act, Title VII of the Civil Rights Act of 1964, as amended; Sections 1981 through 1988 of Title 42 of the United States Code; the Civil Rights Act of 1991; the Equal Pay Act; the Rehabilitation Act; the Fair Labor Standards Act; the Employee Retirement Income Security Act of 1974, as amended; the Worker Adjustment and Retraining Notification Act; the National Labor Relations Act; the Fair Credit Reporting Act; the Occupational Safety and Health Act; the Uniformed Services Employment and Reemployment Act; the Employee Polygraph Protection Act; the Immigration Reform Control Act; the retaliation provisions of the Sarbanes-Oxley Act of 2002; the Federal False Claims Act; the New Jersey Law Against Discrimination; the New Jersey Conscientious Employee Protection Act; the New Jersey Family Leave Act; the New Jersey Wage and Hour Law; the New Jersey Equal Pay Law: the New Jersey Occupational Safety and Health Law; the New Jersey Smokers' Rights Law; the New Jersey Genetic Privacy Act: the New Jersey Fair Credit Reporting Act; New Jersey Wages and Hours Law, unemployment compensations laws, disability benefits laws, the retaliation provisions of the New Jersey

Workers' Compensation Law (and including any and all amendments to the above), the United States Constitution, the New Jersey Constitution and/or any other alleged violation of any federal, state or local law, regulation or ordinance, rights under any collective bargaining agreement, disability payments, sick leave, salary or any other matter pertaining to her employment, any claims arising under common law, including but not limited to, theories of tort or contract (express or implied), assault, battery, defamation, discrimination, negligent supervision, intentional or negligent infliction of emotional distress, negligent hire/retention/supervision, tortious interference with an economic or prospective advantage, wrongful termination, breach of implied covenant of good faith and fair dealing, or a violation of public policy.

13. Notwithstanding Paragraph 12 of this Agreement, it is understood and agreed that the parties are not prohibited from communicating with or participating in any administrative proceeding before the United States Department of Labor, the Equal Employment Opportunity Commission, or any other federal, state or local law agency. Should any entity, agency commission or person file a charge, action, complaint or lawsuit against the Released Parties, or any of them, based upon any of the above-released claims in Paragraph 12, Ms. Gonzo agrees not to seek or accept any resulting relief.

14. As of the effective date of her resignation, all of Ms. Gonzo's employment rights, including but not limited to salary. insurance coverage, tenure and seniority, will permanently end, except for any benefits to which she may lawfully be entitled under the Workers' Compensation Act or the Consolidated Omnibus Budget Reconciliation Act of 1986 ("COBRA") or N.J.S.A. 18A:66-39, 40 and 41.

15. Ms. Gonzo agrees that she will not apply for reemployment with the Board at any time after June 30, 2021. Specifically. Ms. Gonzo will be considered to have permanently resigned from her tenured position as a result of this Agreement. If Ms. Gonzo does apply for

reemployment with the Board and is approved for employment, the terms of this Agreement shall control and be grounds for immediate termination of Ms. Gonzo's employment.

16. To comply with the Older Workers Benefit Protection Act of 1990. if applicable, this Agreement advises Ms. Gonzo of the legal requirements of that Act, and fully incorporates the legal requirements by reference into this Agreement. Accordingly, by executing this Agreement, Ms. Gonzo acknowledges that she: (i) fully understands the terms and conditions of this Agreement; (ii) has consulted with an attorney to review the Agreement; (iii) specifically waives her right to pursue any current claims she may have under the Age Discrimination in Employment Act; (iv) has been given twenty-one (21) days within which to consider this Agreement; and (v) has seven (7) days from the date of the execution of this Agreement to revoke it. Ms. Gonzo understands that she may rescind this Agreement within seven (7) calendar days of signing it, and such rescission must be in writing and delivered to counsel for the Board either by hand or by certified mail within the seven-day period. In the event of such rescission, the Board may, in its sole discretion, pursue any and all available relief against Ms. Gonzo including but not limited to termination of her employment by way of a tenure charge of inefficiency, unbecoming conduct, and/or other just cause, and Ms. Gonzo waives any right to any objection or defense based on the timeliness of such charge.

17. The Parties hereto agree that this Settlement Agreement may not be modified, altered, or changed except by written agreement signed by the Parties hereto. The Parties further acknowledge that this constitutes the entire agreement between them, superseding all prior written and oral agreements. If any provision of this Settlement Agreement is held to be invalid, the remaining provisions shall remain in full force and effect.

18. The Parties have not relied upon any representations, promises, or agreements of any kind made to them in connection with this Settlement Agreement, except for those set forth in this Settlement Agreement.

19. This Settlement Agreement is made and entered into the in the State of New Jersey, and shall in all respects be interpreted, enforced and governed under the law of the State of New Jersey.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the day and year written below.

New Jersey Commissioner of Education

Decision

Stephen Klapach,

Petitioner,

v.

Board of Education of the Borough of Fort Lee, Bergen County,

Respondent.

Synopsis

Petitioner, a science teacher in the respondent Board's school district, appealed the Board's decision to affirm the results of a harassment, intimidation, and bullying (HIB) investigation into petitioner's conduct. The HIB investigation concluded that the petitioner committed an act of HIB against a student when he read a confidential email from the student's parent to pupils in another of his classes. The Board affirmed the findings of the investigation, which stemmed from discipline the petitioner had threatened to impose upon three students after they allegedly misbehaved during a lesson with a substitute teacher. The parties filed cross motions for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue here, and the matter is ripe for summary decision; the issue for determination in this case is whether the petitioner's reading of the confidential email in front of a classroom of students was reasonably perceived as being motivated either by any actual or perceived characteristic of student J.W.; Fort Lee's HIB policy is substantially similar to *N.J.S.A.* 18A:37-14; the Board's letter to petitioner informing him that the HIB charge had been sustained failed to state how his reading of L.C.'s email was motivated by an actual or perceived characteristic of J.W.; and the Board's argument that petitioner's status as a teacher created an imbalance of power which was the perceived characteristic is without merit. The ALJ concluded that power imbalance is not a perceived or actual characteristic defined in Fort Lee's HIB policy, nor in the relevant statutes and regulations; the Board failed to establish that there was an act of HIB motivated by an actual or perceived characteristic; and the Board's sustaining of HIB charges against petitioner was therefore arbitrary and unreasonable. Accordingly, the ALJ granted summary decision in favor of the petitioner and denied the Board's cross motion.

Upon comprehensive review, the Commissioner agreed with the ALJ findings and conclusion, affirmed the Initial Decision of the OAL, reversed the Board's determination that the petitioner committed an act of HIB, and directed the Board to remove any reference to the HIB investigation and findings from the petitioner's personnel file. In so doing, the Commissioner noted that if the incident reported herein is included in petitioner's personnel file for other reasons, such as violations of Board policies other than its HIB policy, this decision does not extend to those references, as the only issue presently before the Commissioner is the HIB finding. The Commissioner further noted that she in no way condones petitioner's conduct discussed herein. Teachers are placed in a position of trust by the Board and the community. Petitioner in this matter demonstrated extremely poor judgment in singling out J.W. in front of other students and sharing information from an email written by J.W.'s mother that should have remained confidential.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

79-21

OAL Dkt. No. EDU 5069-20
Agency Dkt. No. 79-4/20

New Jersey Commissioner of Education

Decision

Stephen Klapach,

Petitioner,

v.

Board of Education of the Borough of Fort Lee, Bergen County,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), the exceptions filed by both parties pursuant to *N.J.A.C.* 1:1-18.4, and petitioner's reply to respondent's exceptions[1] have been reviewed.

This matter concerns an alleged act of harassment, intimidation, and bullying (HIB) by petitioner, a science teacher employed by the Fort Lee Board of Education (Board). Following his absence from school on October 18, 2019, petitioner received a note from the substitute teacher indicating that three students in his seventh period class had not behaved well. On October 21, 2019, the next school day, petitioner informed these students that he might decrease their class participation grades as a result. That night, J.W.'s mother, L.C., emailed petitioner, stating that the substitute teacher was misinformed about J.W.'s behavior. The following morning, petitioner read L.C.'s email aloud to his first period class, and one of the students in that class informed J.W., who became nervous about going to class and asked her

[1] Respondent did not file a reply to petitioner's exceptions.

mother to pick her up from school. J.W. was switched to another science class, and an HIB investigation was opened against petitioner. The Board found that petitioner had committed an act of HIB. Petitioner appealed, and the parties filed cross motions for summary decision. The Administrative Law Judge concluded that the Board's decision was arbitrary and unreasonable because it did not establish an HIB act motivated by an actual or perceived characteristic. The ALJ found that the power imbalance between a teacher and a student is not an actual or perceived characteristic listed in the Board's HIB policy, or the applicable statute or regulations.

In its exceptions, the Board argues that *N.J.A.C.* 6A:16-7.7(a)(2)(iii) provides that bullying is "unwanted aggressive behavior that may involve a real or perceived power imbalance,"[2] and that the Board properly considered the power imbalance between a teacher and a student – an imbalance that exists because of the very nature of the relationship – in reaching its conclusion that petitioner committed an act of HIB. The Board cites to precedents establishing that distinguishing characteristics are not limited to those enumerated in the statute, which applies to a broad range of characteristics. According to the Board, the power differential is a method of distinguishing the motivating characteristics of the aggressor relative to a perceived status of power – or lack thereof – of the victim. The Board contends that a teacher abuses his power over students when he uses the imbalance to disrupt the student's learning environment. The Board argues that petitioner's conduct was motivated by J.W.'s challenge to his authority – an action that distinguished her.

In reply, petitioner argues that the regulatory addition of language indicating that bullying may involve a power imbalance does not eliminate or replace the statutory requirement that an act of HIB be motivated by a distinguishing characteristic of the student. Petitioner

[2] Throughout its summary decision briefs and exceptions, the Board refers to this language as part of a 2018 amendment to the Anti-Bullying Bill of Rights Act. However, this language does not appear in the Act, but rather in the Department of Education's implementing regulations, in a provision outlining the required elements of district HIB policies.

therefore urges the Commissioner to accept the ALJ's conclusion that the Board failed to set forth any distinguishing characteristic, as required by the Act.

Petitioner also filed exceptions of his own, asking the Commissioner to not only affirm the Initial Decision and reverse the Board's decision, but also to rescind and expunge any reference to the HIB investigation and decision from petitioner's personnel file.

Initially, the Commissioner agrees with the ALJ that summary disposition is appropriate. Upon review, the Commissioner also concurs with the ALJ that the Board's decision, finding that petitioner committed an act of HIB, was arbitrary, capricious, and unreasonable because it did not establish any distinguishing characteristic of the alleged victim that motivated, or could reasonably be perceived to have motivated, the petitioner's conduct.[3]

The Anti-Bullying Bill of Rights Act (the Act) defines HIB as follows:

> [A]ny gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, c.122 (C.18A:37-15.3), that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:
>
> a. a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property;
>
> b. has the effect of insulting or demeaning any student or group of students; or

[3] Although the Commissioner concludes that the Board's decision must be reversed, the Commissioner in no way condones petitioner's conduct, or minimizes J.W.'s feelings regarding the incident. Teachers are placed in a position of trust by the Board and the community. Petitioner demonstrated extremely poor judgment in singling out J.W. in front of other students and sharing information from an email written by her mother that should have remained confidential.

> c. creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.
>
> *N.J.S.A.* 18A:37-14.

Therefore, a finding of HIB requires three elements.[4] First, the conduct must be reasonably perceived as being motivated by any actual or perceived enumerated characteristic or other distinguishing characteristic and, second, the conduct must substantially disrupt or interfere with the rights of other students or the orderly operation of the school. The third condition is that one of the three criteria enumerated in the Act regarding the effect of the conduct must also be satisfied. *Wehbeh v. Bd. of Educ. of the Twp. of Verona, Essex County*, Commissioner Decision No. 51-20 (decided February 4, 2020).

Beginning with the first element required by the Act – that the conduct be reasonably perceived as being motivated by a distinguishing characteristic – the Act "has not limited 'distinguishing characteristic' to those specifically enumerated, but it has consistently required such a perceived motivation." *K.L. v. Evesham Twp. Bd. of Educ.*, 423 *N.J. Super.* 337, 351 (App. Div. 2011). While HIB can be found based on a broad range of distinguishing characteristics, the Commissioner finds that the power imbalance inherent in the relationship between a teacher and a student cannot, by itself, be a distinguishing characteristic sufficient to prove an act of HIB. Because only students can be the victims of HIB under the Act, status as a student cannot be sufficient to substantiate an HIB finding, or there would be no reason to include an additional requirement that the conduct be reasonably perceived as being motivated by a distinguishing characteristic. *See J.E. and R.E. v. Hunterdon Central Regional Bd. of Educ.*, OAL Dkt. No. EDU 188-14 (Initial Decision, Sept. 28, 2017), *aff'd*, Commissioner Decision No.

[4] The statute also requires that the conduct take place on school property, at a school-sponsored function, on a school bus, or off school grounds as provided for in *N.J.S.A.* 18A:37-15.3. The parties do not contest that this requirement has been met in this matter.

366-17 (decided Dec. 21, 2017) (finding, among other things, that a baseball coach's comments did not constitute HIB because the alleged target's status as a student was not a sufficient distinguishing characteristic to support such a finding).

When the Department of Education updated its HIB regulations in 2018, it added a requirement that district HIB policies include a statement that "bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance." *N.J.A.C.* 6A:16-7.7(a)(2)(iii). In response to public comments regarding the inclusion of power imbalance in the rule, the Department stated, "The intent of the proposed rule is to assist school officials in identifying HIB within the context and relative positions of the alleged aggressor and target, rather than focusing *solely* on the real or perceived characteristics." (emphasis added). 50 *N.J.R.* 155(b) (2018). The Department also noted that, for an incident to be deemed HIB, it must fulfill the criteria at *N.J.A.C.* 6A:16-3, which mimics the criteria of the Act set forth above and includes that the act be reasonably perceived as being motivated by a distinguishing characteristic. *Ibid.* Notably, the Department further stated, "The mere existence of a real or perceived power imbalance without fulfilment of the other criteria is insufficient to find an incident of HIB." *Ibid.* It is clear from the Department's statements that a power imbalance can be a consideration in HIB determinations, but it cannot be the sole basis for a finding of HIB, and all other criteria, including the existence of a distinguishing characteristic of the alleged target, must be established.

Nor does the Commissioner find that J.W.'s "challenge" to petitioner's authority distinguished her in the manner required by the Act. The series of events at issue here – alleged misbehavior by J.W. with the substitute teacher, petitioner's remarks about decreasing participation grades, L.C.'s email in response, and petitioner's in-class reading of and response to that email – are in the nature of a conflict, not bullying. As the Appellate Division has noted,

"harmful or demeaning conduct motivated only by another reason [other than a distinguishing characteristic], for example, a dispute about relationships or personal belongings, or aggressive conduct without identifiable motivation, does not come within the statutory definition of bullying." *K.L. supra*, 423 *N.J. Super.* at 351.

This matter is substantially similar to *M.R., o/b/o minor child, M.R. v. Bd. of Educ. of the Ramapo Indian Hills Regional High School District, Bergen Cty.*, Commissioner Decision No. 426-16 (decided Dec. 21, 2016). In that case, M.R. texted her cheerleading coach to inform him that she could not attend a basketball game due to other plans, and the coach responded that she was off the team. During a game after M.R. returned to the team, the coach told the team that he wanted his conversations with them kept private and not reported to parents. M.R. felt that she was being targeted and that the team was a hostile environment. In that case, the Board found, and the ALJ and Commissioner affirmed, that the coach did not commit an act of HIB because his actions were not motivated by a distinguishing characteristic of M.R. While the *M.R.* decision predates the addition of the "power imbalance" language to the Department's regulations, that language does not alter the requirements of the Act, for the reasons stated above, and does not warrant a different outcome in this matter. Here, petitioner's authority status was similar to that of the coach in M.R., and he engaged in similar conduct, including imposing a consequence for misbehavior and discussing the issue with other students. Here, too, there is no evidence that petitioner's conduct could reasonably be perceived as being motivated by a distinguishing characteristic of J.W., and so he has not committed an act of HIB. [5]

[5] The Initial Decision, as well as the parties' arguments, focused on whether petitioner's conduct was actually motivated by any distinguishing characteristic of J.W. However, the plain language of the statute requires an analysis of how the actor's motivation is perceived and whether that perception is reasonable. It does not require an analysis of the actual motivation of the actor. *Wehbeh, supra.* Certainly, evidence that the actor was motivated by a distinguishing characteristic would meet the standard of this section of the Act, but evidence that the actor was not so motivated does not end the analysis. Here, because the Board failed to establish any distinguishing characteristic, the Commissioner does not reach the issue of reasonable perception and raises it solely for the purposes of clarifying

The Commissioner is mindful of the applicable standard of review, such that when a local board of education acts within its discretionary authority, its decision is entitled to a presumption of correctness and will not be disturbed unless there is an affirmative showing that the decision was "patently arbitrary, without rational basis or induced by improper motives." *Kopera v. W. Orange Bd. of Educ.*, 60 N.J. Super. 288, 294 (App. Div. 1960). However, because the Board has not provided any evidence of a distinguishing characteristic of J.W, which is required by the Act, the Commissioner concludes that the Board's decision finding that petitioner committed an act of HIB was arbitrary and unreasonable.

Accordingly, the Initial Decision is affirmed, and the Board's determination that petitioner committed an act of HIB is reversed. The Board shall remove any references to the HIB investigation and findings from petitioner's personnel file.[6]

IT IS SO ORDERED.[7]

Angelica Allen-McMillan, J.d.S.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 6, 2021
Date of Mailing: April 9, 2021

---

the criteria of the Act. Similarly, the Commissioner does not reach the issues of the second and third elements required to prove an act of HIB.

[6] However, if the incident is included in petitioner's personnel file for other reasons, such as violations of Board policies other than its HIB policy, this decision does not extend to those references, as the only issue before the Commissioner is the HIB finding.

[7] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 5069-20
AGENCY DKT. NO. 79-4/20

STEPHEN KLAPACH,
Petitioner,
v.
FORT LEE BOARD OF EDUCATION,
Respondent.

Albert J. Leonardo, Esq. for Petitioner (Zazzali, Fagella, Nowack, Klienbaum & Friedman, Attorneys)

Raina Pitts, Esq., for Respondent, (Methfessel & Werbel, Attorneys)

Record Closed: February 3, 2021 Decided: February 19, 2021

BEFORE **KIMBERLY A. MOSS**, ALJ:

This mater having been opened to the Court by respondent, Fort Lee Board of Education (Fort Lee) and petitioner Stephen Klapach (Klapach) on a motion for summary decision on February 1, 2021. Respondent filed opposition to petitioner's motion on February 16, 2021. Petitioner filed a reply to the respondent's motion on

February 16, 2021. By way of background, the petition was filed at the Office of Administrative Law on June 2, 2020.

FACTUAL DISCUSSION

Having reviewed submissions in support of and opposition to the within motion, I **FIND** the following **FACTS** in this case.

Klapach is a science teacher at the Lewis F. Cole school in Fort Lee, New Jersey. He was absent from school on October 18, 2019. A substitute teacher handled his class on that day. Klapach was informed by the substitute teacher that his seventh period class did not behave well. He was informed that three students including J.W. were playing music from their computers during class, talking during class and ignoring directives to turn off the music. On October 21, 2019, Klapach told the three students that he was informed that they had misbehaved, and he may be decreasing their class participation grade. That night J.W. informed her mother, L.C. about the decreased class participation grade. L.C. emailed Klapach on October 21, 2019, stating that the substitute teacher was misinformed about J.W.'s behavior.

On October 22, 2019, in Klapach's first period class, he read the email L.C sent him to the class. J.W. was not in that class. J.W. was informed by a student that Klapach had read her mother's email to the class. J.W. became nervous about going to class and asked L.C. to pick her up. L.C. spoke to the vice principal Joseph Finizio about the incident. J.W. was switched to a different science class.

On October 23, 2019 an HIB investigation was opened against Klapach. The Board concluded that Klapach had committed the following act of harassment, intimidation and bullying: "Student fearful to return to class, reading confidential email aloud to other students.

LEGAL ANALYSIS AND CONCLUSION

Respondent and petitioner seek to summary decision. The rules governing motions for summary decision in an OAL matter are embodied N.J.A.C. 1:1-12.5. These provisions mirror the language of Rule 4:46-2 and the New Jersey Supreme Court's decision in Judson v. Peoples Bank and Trust Company of Westfield, 17 N.J. 67 (1954). Under N.J.A.C. 1:1-12.5(b), the determination to grant summary judgment should be based on the papers presented as well as any affidavits, which may have been filed with the application. In order for the adverse, i.e., the non-moving party to prevail in such an application, responding affidavits must be submitted showing that there is indeed a genuine issue of fact, which can only be determined in an evidentiary proceeding. The Court in Brill v. Guardian Life Insurance Company of America, 142 N.J. 520, 523 (1995), set the standard to be applied when deciding a motion for summary judgment. Therein the Court stated:

The determination whether there exists a genuine issue with respect to a material fact challenged requires the Motion Judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party . . . are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party.

There is no genuine issue of material fact in this matter.

N.J.S.A. 18A 37-14 defined Harassment intimidation and bullying as:

> Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of P.L.2010, c.122 (C.18A:37-15.3),

that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

a. a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property;
b. has the effect of insulting or demeaning any student or group of students; or
c. creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

N.J.A.C. 6A; 16-7.7(a) (i) (ii) & (iii) provides

Each district board of education shall have control over the content of the policy, except that the policy shall contain, at a minimum, the following components:
i. A statement prohibiting harassment, intimidation or bullying of a student;
ii. A definition of harassment, intimidation or bullying no less inclusive than that set forth in the definition at N.J.S.A. 18A:37-14 and N.J.A.C. 6A:16-1.3;
iii. A statement that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance.

Fort Lee defines Harassment, Intimidation and bullying as:

Harassment, Intimidation and bullying means any unwanted aggressive gesture, written, verbal or physical act or any electronic communication, as defined in N.J.S.A. 18A: 37-14, whether it be a single incident or series of incidents that may involve a real or perceived imbalance of power and:

1. Is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic

2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in N.J.S.A.18A:37-15.3,

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the

student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property;

b. Has the effect of insulting or demeaning any student or group of students; or

c. creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

In this matter, the issue is whether Klapach reading the email of L.C. was reasonably perceived as being motivated either by any actual or perceived characteristic of J.W. The Fort Lee HIB policy is substantially similar to N.J.S.A. 18A 37-14. Respondent in its letter to Klapach to informing him that the HIB charges were sustained did not state how Klapach's conduct of reading the email of L.C. was motivated by an actual or perceived characteristic of J.W. Fort Lee argues the fact that Klapach was a teacher and therefore there was an imbalance of power is the perceived characteristic. It bases this argument on the imbalance of power between teacher and student. However, the Fort Lee policy, N.J.S.A. 18A:37-14 and N.J.A.C. 6A; 16-7.7(a) (i) (ii) & (iii) do not include a power imbalance as an actual or perceived characteristic. It is to be considered regarding the incident or series of incidents.

I **CONCLUDE** that power imbalance is not a perceived or actual characteristic as defined in the Fort Lee policy, N.J.S.A. 18A:37-14 and N.J.A.C. 6A; 16-7.7(a) (i) (ii) & (iii).

In order to establish an act of HIB there must be an incident motivated by an actual or perceived characteristic. The reading of the letter was not motivated by a perceived or actual characteristic. Fort Lee did not establish that there was an act of HIB motivated by an actual or perceived characteristic.

I **CONCLUDE** that Fort Lee's sustaining HIB charges against Klapach was arbitrary and unreasonable because it did not establish an HIB act motivated by an actual or perceived characteristic.

Based on the foregoing, the Board's determination that Klapach had committed acts of harassment, intimidation and bullying by reading a letter must be **REVERSED**. Accordingly, it is **ORDERED** that the Summary Decision motion of petitioner is **GRANTED**, and the Summary Decision of respondent be and is hereby **DENIED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Order on Emergent Relief

MD Farook Hossain,

Petitioner,

v.

Board of Education of the City of Atlantic City, Atlantic County,

Respondent.

The record of this emergent matter, the sound recording of proceedings at the Office of Administrative Law (OAL), and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed. Upon such review, the Commissioner concurs with the ALJ – for the reasons thoroughly set forth in the recommended order – that petitioner has demonstrated entitlement to emergent relief pursuant to the standards enunciated in *Crowe v. DeGioia,* 90 *N.J.* 126 (1982), and codified at *N.J.A.C.* 6A:3-1.6.

Accordingly, the recommended Order of the OAL, granting petitioner's application for emergent relief, is adopted. As the Board has taken no action to remove petitioner from his position as a board member in accordance with *N.J.S.A.* 18A:12-3, his voting rights must be reinstated. To the extent that petitioner's votes have been recorded but not counted since January 11, 2021, the Board is directed to count petitioner's votes. This case shall

continue at the OAL with such proceedings as the parties and the ALJ deem necessary to bring it to closure.

IT IS SO ORDERED.

MD FAROOK HOSSAIN,

Petitioner,

v.

BOARD OF EDUCATION
OF THE CITY OF ATLANTIC CITY,
ATLANTIC COUNTY,

Respondent.

William F. Koy, Esq., for petitioner (William Koy, L.L.P., attorneys)

Tracy L. Riley, Esq., for respondent (Riley & Riley, attorneys)

Record Closed: March 3, 2012 Decided: March 11, 2021

BEFORE **JOHN S. KENNEDY**, ALJ:

STATEMENT OF THE CASE

MD Farook Hossain (petitioner) filed an emergent application seeking to be reinstated as a voting member of the Board of Education of the City of Atlantic City (respondent or "Board").

PROCEDURAL HISTORY

On February 19, 2021, petitioner filed a petition for due process with the Office of Controversies and Disputes of the New Jersey Department of Education, along with a request for emergent relief. On February 22, 2021, the emergent matter was filed, along with the due process request, with the Office of Administrative Law (OAL). The emergent relief request was scheduled for oral argument, which was held on March 3, 2021.

FACTUAL DISCUSSION

In this emergent matter, petitioner, seeks an order reinstating him as a voting member of the Board. Petitioner began his tenure as a member of the Board in January 2019, and is currently in his third year as a sitting Board member. At the Board reorganization meeting held on January 11, 2021, the Board solicitor announced that she had received a letter from the Atlantic County Prosecutor's office advising that as a result of an ongoing investigation, they discovered that petitioner has not resided at his Atlantic City address since at least June 2020. The solicitor advised that petitioner had given up his right to be a Board member and instructed the Board to permit petitioner to attend Board meetings but that his vote would not be counted. As of the time of oral argument held in this case, the Board has taken no action to remove petitioner or contest his residency within the city. Petitioner has attended all meetings since January 11, 2021, and his votes on agenda items have been recorded but not counted or used for official business of the Board since prior to the January 11, 2021, meeting. (Motion for Emergent Relief.)

In his certification attached to his application for emergent relief, petitioner asserts that his is a resident of the City of Atlantic City and he has been continuously since before he was elected to the Board. While his driver's license, voter registration, mortgage documents and tax records list him as residing on Rxxx Avenue (Exhibits A-E attached to petitioner's certification, dated February 17, 2021), he has permitted a friend to reside at that location during the COVID-19 pandemic. For convenience, petitioner has been residing in an apartment within the city limits. His wife has been residing in Egg Harbor Township, in a home that she purchased. While petitioner asserts that he stays at that location on occasion, he does not reside at that location.

The Board asserts that petitioner has not resided in Atlantic City since at least June 2020, based on correspondence received from the Atlantic County Prosecutor's office. (Exhibit Q attached to respondent's opposition to Emergent Relief.) The Board also asserts that petitioner's wife purchased a home in Egg Harbor Township in 2018 and an investigation performed by the prosecutor's office revealed that petitioner and his entire family have been living at that home since March 2020. The prosecutor's investigation report is not available at this time. The Board also asserts that petitioner has falsified his financial disclosure forms required to be submitted annual by all Board members and falsified several applications for free and reduced school meals for his children. Specifically, the Board asserts that petitioner failed to disclose rental income for his property at Rxxx Avenue which he has been receiving since January 2020, and that himself, his children and his wife are listed as residing at the Rxxx Avenue address even though his certification attached to the emergent application certifies that his wife is residing in Egg Harbor Township. The Board solicitor has been unable to obtain approval by the Board to take formal action against petitioner but has notified the County Superintendent to the situation and has asked that office to intercede. (Exhibit "S" attached to respondent's opposition to Emergent Relief.)

In his brief in support of the application for emergent relief, petitioner contends that the Board actions have caused severe harm to him as well as to the public citizens of Atlantic City by removing a qualified member of the Board without proof that he is not qualified to serve in that position. He asserts that his due process rights have been violated by the actions of the Board solicitor. (Petitioner's Brief, at 2.) In response, the Board argues that the voting public cast votes for individuals that were qualified to serve as Board members and that the confidence and trust that has been cast by those votes has been betrayed. (Board's Opposition, at 17.)

LEGAL DISCUSSION

The standards which must be met by the moving party in an application for emergent relief are embodied in N.J.A.C. 1:1-12.6 and Crowe v. DeGoia, 90 N.J. 126, 132-34 (1982). Emergency relief may only be granted if the judge determines that:

1. The petitioner will suffer irreparable harm if the relief is not granted;

2. The legal right underlying the petitioner's claim is settled;

3. The petitioner has a likelihood of prevailing on the merits of the underlying claim; and

4. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

The petitioner must satisfy all four prongs of the Crowe test.

"Irreparable harm" is defined as the type of harm "that cannot be redressed adequately by monetary damages." Crowe, 90 N.J. at 132-33. In addition, the irreparable harm standard contemplates that the harm be both substantial and immediate. Subcarrier Communications v. Day, 229 N.J. Super. 634, 638 (App. Div. 1977). However, pecuniary damages may sometimes be inadequate because of the nature of the injury or the right affected. Crowe, 90 N.J. at 133. For example, in Crowe the Court determined neither an unwarranted eviction nor reduction to poverty could be compensated adequately by monetary damages awarded after a distant hearing. Ibid.

Petitioner argues that he "will suffer irreparable harm if immediate relief is not granted because the Board has refused to recognize his vote at Board meetings. According to petitioners, no quantum of damages can be calculated to redress the harm occasioned by this violation of his right to due process. Respondent argues that irreparable harm will occur if the relief is granted since votes will be registered for an individual that does not have the right to be on the Board. In this case, however, whether petitioner is a resident of Atlantic City has not yet been determined. While respondent submits several documents aimed to show that petitioner no longer resides within the city limits, petitioner has provided a certification and documents of his own to support his claim that he still resides in Atlantic City. This is a factual determination that can only be made a plenary hearing on the merits. Furthermore, as explained at oral argument and outlined in respondent's opposition papers, the Board has not officially taken any action, disciplinary or otherwise, against petitioner at his time. This is a result of either a lack of quorum or meetings being cut short before a discussion can be had regarding petitioner's residency. It is also clear that neither the

Commissioner of Education nor the County Superintendent has taken any action in this regard.

For the foregoing reasons, I **CONCLUDE** that petitioner has demonstrated that he will suffer irreparable harm if emergent relief is not granted.

In order to grant a motion for emergent relief in advance of a plenary hearing, a judge must be satisfied that "[t]he legal right underlying petitioner's claim is settled." N.J.A.C. 6A:3-1.6(b)(2). In other words, a judge "must not grant an injunction in cases when the principal of law on which it depends is disputed and has not been settled in this state." Stevens v. Paterson & N. R. Co., 20 N.J. Eq. 126, 132 (Ch. 1869).

In the present matter, petitioner claims that he is a resident of the City of Atlantic City and that his suspension of his voting rights is arbitrary and capricious. I **CONCLUDE** that the legal right underlying petitioner's claim is settled in that if he is a resident of Atlantic City, he is entitled to be a voting member of the Board as it has not been disputed that petitioner is otherwise ineligible to be a school board member. Accordingly, I **CONCLUDE** that petitioner has met this requirement.

However, in order to obtain emergent relief, a petitioner must also demonstrate a likelihood that they will prevail on the merits of the underlying claim. Based on petitioner's certification, if taken as truthful, petitioner asserts that he is a resident of Atlantic City. While the documents submitted by respondent are compelling to show that this fact may not be the case, petitioner will prevail if it cannot be proven that petitioner no longer resides in Atlantic City. That determination can only be made after a plenary hearing where the credibility of witness testimony can be gauged.

Considering these reasons, I **CONCLUDE** that petitioner has demonstrated a likelihood of succeeding on the underlying petition. It is stressed that this analysis does not represent a conclusion that either party is more or less likely to prevail at hearing, but only articulates that certain questions of law are settled to a point that petitioner is deemed, for purposes of emergent relief, sufficiently likely to succeed at hearing, but litigation of the underlying petition will be helpful in resolving these issues.

As to the fourth and final prong, each party argues that they will suffer greater harm if they do not prevail on the question of emergent relief. When the equities and interests of the parties are balanced, petitioners will suffer greater harm than the Board will suffer if the requested relief is not granted. Petitioner was elected to his position on the Board and he is entitled to vote as a member of the Board until such time as it has been proven that he is no longer eligible to retain his seat. Accordingly, I **CONCLUDE** that the balance of equities argument favors petitioner and he has satisfied this prong.

Consequently, the petitioner's request for emergency relief is **GRANTED**.

ORDER

Having **CONCLUDED** that petitioner is entitled to the requested emergent relief, it is hereby **ORDERED** that the petitioners' request for emergency relief be **GRANTED**. Petitioner shall be permitted to have his vote recorded on all upcoming School Board resolutions and motions. It is **FURTHER ORDERED** that to the extent that the Board secretary has recorded petitioner's vote on action items coming before the Board of Education since January 11, 2021, those votes shall be counted. The matter will now be scheduled for plenary hearing on the underlying due process petition.

This order on application for emergency relief may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who/which by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five days following the entry of this order. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** does not adopt, modify or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

Re: *In the Matter of the Certificates of Elizabeth Sheehy*, State Board of Examiners
Dkt. No. 1718-158, Commissioner Appeal Dkt. No. 1-1/21A

Dear Parties:

I have reviewed the materials filed in connection with appellant Elizabeth Sheehy's Motion to Stay the decision of the State Board of Examiners (Board) suspending appellant's teaching certificates for one year.

Pursuant to *N.J.A.C.* 6A:4-3.3(a), a motion for a stay of a decision by the Board must first be made to the Board. Appellant did so here, but the Board declined to consider the motion because it was untimely under *N.J.A.C.* 6A:9B-4.16, which requires a motion for a stay to be filed within 30 days of the mailing date of the Board's decision. While appellant argues that no such time limitation applies to a motion for a stay made to the Commissioner, the Commissioner concludes that the 30-day time limitation would be rendered meaningless if an appellant were permitted to circumvent it by moving for a stay before the Commissioner after failing to meet the deadline before the Board. The Board's decision was dated October 29, 2020 and mailed on November 4, 2020. Appellant did not file her motion for a stay before the Board until February 10, 2021, well beyond the 30-day time limit. Appellant offers no explanation for the delay in filing the motion before the Board. She has been represented by

counsel throughout the proceedings below and was able to file a notice of appeal of the Board's decision within 30 days, on the same date that a motion for stay before the Board was due. Accordingly, the motion for stay is denied as untimely.

Furthermore, even if the Commissioner relaxed the time limitations, appellant's motion must be denied. Pursuant to *N.J.A.C.* 6A:4-4.1(b), a motion for stay is considered an extraordinary remedy that may only be issued upon a finding that appellant has met each prong of the four-pronged standard for the granting of interim relief set forth in *Crowe v. DeGioia*, 90 *N.J.* 126 (1982). Thus, a stay may be granted where necessary to prevent irreparable harm, where the legal right underlying the movant's claim is settled, where there is a likelihood of success on the merits and where the relative hardship to the moving party favors granting such relief. *Id.* at 132-134.

Upon review of the parties' submissions, I find that appellant has failed to meet this standard. Specifically, appellant has failed to demonstrate that the legal right underlying her claim is settled. Appellant argues that the right to appeal a Board decision is well established, but that argument misses the point, as this prong of the standard must consider her underlying claim – that she did not engage in unbecoming conduct warranting a suspension of her teaching certificates. Such as inquiry is intensely fact sensitive, depends on credibility determinations regarding the testimony of the witnesses in each case, and must be viewed in light of various precedents related to the conduct of teachers. For this reason, the Commissioner cannot conclude that appellant has demonstrated that the right underlying her claim is settled.

In light of the fact that all of the Crowe prongs must be met in order for a stay to be granted, it is not necessary to analyze the three remaining factors. Accordingly, appellant's request for a stay of the State Board of Examiner's October 29, 2020 Order of Suspension is hereby DENIED.

Sincerely,

Angelica Allen-McMillan, Ed.D.
Acting Commissioner

New Jersey Commissioner of Education

Order on Emergent Relief

D.S.,

Petitioner,

v.

Board of Education of the Township of Hamilton, Mercer County,

Respondents.

The record of this emergent matter and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed. Upon such review, the Commissioner concurs with the ALJ that petitioner has failed to demonstrate entitlement to emergent relief pursuant to each of the standards enunciated in *Crowe v. DeGioia,* 90 *N.J.* 126 (1982), and codified at *N.J.A.C.* 6A:3-1.6.

Accordingly, the recommended Order of the OAL, denying petitioner's application for emergent relief, is adopted. This case shall continue at the OAL with such proceedings as the parties and the ALJ deem necessary to bring it to closure.

IT IS SO ORDERED.

D.S.,

Petitioner,

v.

BOARD OF EDUCATION OF
THE TOWNSHIP OF HAMILTON,
MERCER COUNTY,

Respondent.

D.S., petitioner, pro se

Patrick F. Carrigg, Esq., for respondent (Lenox Law, LLC, attorneys)

BEFORE **JEFFREY N. RABIN**, ALJ:

STATEMENT OF THE CASE AND PROCEDURAL HISTORY

Petitioner currently has a due process appeal before this court, in the matter of D.S. on behalf of minor child M.S. v. Township of Hamilton Board of Education (Board) (EDU 07830-20), as a result of seven counts of harassment, intimidation or bullying (HIB) allegedly committed by student M.S. against another student at Hamilton High School West (HHSW), charged by the respondent Board. Related to that appeal was an

emergent appeal filed by the within petitioner, D.S. on behalf of minor child M.S. v. Township of Hamilton Board of Education (EDU 09096-20), which was denied.[1] Additionally, the within petitioner filed a motion for the Hon. Jeffrey N. Rabin, ALJ to recuse himself from EDU 07830-20, which motion was denied.

The within motion for emergent relief was filed by petitioner on March 2, 2021, with the New Jersey Department of Education (DOE), Office of Controversies and Disputes (OCD), with D.S. alleging that she was harassed, intimidated and bullied by employees of the Board. The parties have not advised this court of any other issues that would remain once the emergent relief matter is resolved. The motion for emergent relief was transmitted to the OAL on March 3, 2021. N.J.S.A. 52:14B-1 to -15; N.J.S.A. 52:14F-1 to -13. Due to the Covid-19 pandemic, an emergent hearing in this matter took place via Zoom on March 9, 2021.

FINDINGS OF FACT

Based on petitioners' Petition for emergent relief and testimony, and the documentation, videos and testimony proffered by respondent, and solely for the purpose of deciding this emergent appeal, I **FIND** the following to be the undisputed facts:

1. Petitioner, D.S., is the parent of minor child, M.S., a tenth grade student at HHSW. She had been defending charges of HIB against her daughter M.S., and at various times had spoken derogatory and accusatory language against Principal Smith during the public portion of public school board meetings and in correspondence to various parties, included publicly

[1] Petitioner sought to use that emergent appeal to assert charges against her daughter's school principal, Brian Smith, accusing him of continuing harassment of both mother, D.S., and student, M.S. As a result, respondent opened an investigation into petitioner's charges against Principal Smith on or about September 30, 2020. Because the underlying petition associated with that emergent appeal was transmitted by the Office of Controversies and Disputes (OCD) to OAL only as an appeal of the Board's HIB decision of September 23, 2020, regarding HIB #6813, and because the statutorily-required investigation by the Board was still ongoing, those charges against Principal Smith were not heard as part of that emergent appeal The within motion for emergent relief was not filed as part of that prior investigation from September 30, 2020.

accusing Principal Smith of being a racist. Because of these issues, and because of the litigation between the parties, Dr. James Altobello (the Board's Director of Secondary Education), in conjunction with the Board superintendent, created interventions to ensure that D.S. and Smith did not have direct interaction.

2. On February 26, 2021, petitioner went to the HHSW gym to watch the HHSW girls' basketball team. Her daughter, M.S., was not playing in the game and was not in attendance because she was at her grandparents' house quarantining from a recent trip to Florida. Seating areas at the school gym had been arranged so as to comport with social distancing requirements.
3. Petitioner sat down in the endline bleachers near one of the baskets, directly next to Principal Brian Smith. Smith asked petitioner to move to the seating area designated for parents. Petitioner refused to move, and then used her cell phone to file a report with school administration claiming that Principal Smith had verbally harassed her. Petitioner stayed at that seat for the remainder of the first half, before walking outside.
4. Principal Smith left the seats to take a cell phone call. He walked to a table manned by the school nurse and the school Athletic Director, John Constantini. Petitioner then walked towards those three persons and brushed against Principal Smith as she continued to walk down the hallway towards the exit. Principal Smith yelled at petitioner that she had pushed him and Constantini stopped Smith from speaking further. Petitioner left the building and, when she tried to return, Hamilton Township police officer Sgt. Gray intervened.
5. By letter dated March 1, 2021, school board counsel Patrick F. Carrigg advised D.S. that she was no longer permitted to enter school property through the end of the current school year, pursuant to Board Policy 9150. Carrigg also denied petitioner's request that a Harassment, Intimidation and Bullying (HIB) investigation be commenced against Principal Smith, stating that the school HIB policy and New Jersey statutes did not mandate investigations into complaints on behalf of non-students.

Testimony:

For petitioner:

D.S. served as her own counsel and as a witness. Her testimony was not credible. Twice she indicated that her memory was suspect because she was still on medications prescribed subsequent to the death of her son. She specifically indicated that she did not recall previous discussions when she was informed as to the importance of the Crowe test for emergent relief, despite several conversations, a Zoom hearing and petitioner's motion for recusal which contained a full recounting that petitioner had been advised as to the Crowe test.

Petitioner testified that she sat in the same bleacher seats for over 150 ballgames, and that 3 people—the referee, an African-American student, and a parent—had all witnessed her sitting in that same seat; however, petitioner failed to obtain sworn affidavits from those persons and did not call them as witnesses. She called respondents liars, and disagreed with respondent's claim that she sat directly next to Principal Smith, later claiming she sat at least 6 feet away; the video (Incident #1 Video), however, disproved her testimony, by showing Principal Smith sitting all alone in a bleacher section that had seating for approximately 100 people (with a woman standing on the floor beside the bleachers next to Smith), and petitioner walking directly up to Principal Smith and sitting right next to him.

As a pro se litigant, D.S. was given unlimited time during the hearing to make her case, and her case-in-principle lasted fifty minutes. She called as a witness her daughter, sixteen-year-old M.S. At no time did petitioner state or ask the witness if M.S. had overheard the two encounters between petitioner and Principal Smith. Despite sending emails disputing the Board's decision to ban her from school property, these emails never asserted that M.S. had witnessed or overheard the encounters between D.S. and Smith. During direct examination, M.S. never testified that she overheard the conversations between D.S. and Smith. However, after the respondent Board later completed its case-in-principle, petitioner asked to have M.S. speak again. After a five-minute break, M.S. was recalled to the virtual witness stand and testified, for the first time, that she had

overheard what Principal Smith had said to D.S., because she was on FaceTime with her mother so as to watch the ballgame. M.S. never mentioned what D.S. was saying to Smith. M.S. also indicated that her internet connection for her FaceTime call with D.S. was going in and out during the first encounter and therefore she did not hear the entire first encounter between D.S. and Smith. During cross-examination, witness M.S. stopped answering questions from respondent-counsel and this court when the questions became more probing and walked away from the Zoom hearing without being excused. As this line of testimony only happened after petitioner had an off-Zoom conversation with her daughter, and because petitioner failed to provide recordings or other evidence of such FaceTime conversations, it is clear that any testimony about M.S. overhearing the encounters between D.S. and Smith was not credible.

M.S. was not a credible witness. She never mentioned overhearing the encounters between D.S. and Smith on FaceTime until the end of the hearing and after an off-Zoom conversation with her mother. Her subsequent answers seemed coached, and when the questioning became probing, M.S. simple muted herself and refused to answer any more questions. Even though she was purportedly on FaceTime with her mother in order to watch the girls' basketball game, she only testified to what she thought Principal Smith had said, and never testified as to her mother's part of the conversation. M.S. never recounted Smith's full statements, but merely testified that she heard cursing from a man she positively knew to be Principal Smith. M.S. also indicated that there had been technical difficulties with FaceTime during the encounter in the bleachers, which impeached the credibility of her testimony as to the encounters between her mother and Principal Smith.

<u>For respondent:</u>

Dr. James Altobello served as the Board's Director of Secondary Education, supervising township principals and administrative staff. He was the liaison between a principal and the Township superintendent. Altobello spoke clearly, calmly and with authority regarding Board procedures and this case in particular. He had firsthand

knowledge of the issues between petitioner and the school. I found his testimony to be credible.

LEGAL ANALYSIS

The issue is whether petitioner has proven by a preponderance of the evidence that she has met the standard for emergent relief, and that she is entitled to relief.

Nowhere in petitioner's motion for emergent relief is there a prayer for relief. She stated in page one of her Pro Se Petition of Appeal that she is "appealing the correspondence received from Patrick Carrigg in the harassing incident that occurred to me on 2/26/21 in the gymnasium;" that statement, combined with her testimony at the hearing, led this court to proceed as if petitioner wanted a reversal of the Board's prohibition of her being on school property for the remainder of the 2020-21 school year.

N.J.S.A. 18A:6-9 authorizes the Commissioner of Education to consider controversies between a parent and a school board. OAL is the appropriate venue for hearing an appeal of a school board findings and OCD properly forwarded this matter to OAL for this emergent appeal to be heard.

Pursuant to N.J.A.C. 6A: 3-1.6 and the case of Crowe v. DeGioia, 90 N.J. 126 (1982), a petitioner must show by a preponderance of the evidence that four prongs/prerequisites have been met in petitioner's favor in order to be eligible for emergent relief. The form of Petition executed and filed by petitioner on September 24, 2020, contained a Section VI clearly setting forth petitioner's obligation to demonstrate that the four prongs have been met, and providing petitioner with the four-prong test and legal citations to the regulatory code section and Crowe.

Per N.J.A.C. 6A: 3-1.6 and Crowe, emergent relief may be granted if the judge determines from the proofs that the following four prongs have been met:

i. The petitioner will suffer irreparable harm if the requested relief is not granted;

ii. The legal right underlying the petitioner's claim is settled;

iii. The petitioner has a likelihood of prevailing on the merits of the underlying claim; and

iv. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

Petitioner had been advised by this court, during telephone calls and Zoom hearings on October 1 and 5, 2020, that the Crowe test was an integral part of any motion for emergent relief. Further, Section VI of the Pro Se Petition of Appeal filed by petitioner required that a petitioner's appeal be accompanied by a memorandum addressing the four-pronged Crowe standard for relief. Petitioner attached a memorandum to her petition entitled "Section VI: RE: Seeking Relief on an Emergent Basis." However, petitioner failed to address the Crowe standard for emergent relief in her memorandum. There was no mention of the Crowe test, nor were any of the four prongs discussed at all. Further, despite being reminded of the importance of the Crowe test at the within hearing, petitioner still did not address any of the Crowe prerequisites for emergent relief.

Conversely, respondent addressed the Crowe test in its letter brief dated March 8, 2021, and at the hearing.

1. The petitioner will suffer irreparable harm if the requested relief is not granted.

Petitioner failed in her memorandum and at the hearing to offer any evidence of irreparable harm to M.S. resulting from Principal Smith's behavior towards D.S.

It must be stated that if a parent were to prove that a school employee, such as a school principal, had directed towards her the same foul, curse-laden language which petitioner claims Smith used, it would be of great concern to all involved. No parent or student should ever be treated with disrespect by anyone, particularly school employees. However, petitioner failed to show by a preponderance of the evidence that Principal

Smith had used foul language during their two encounters on February 26, 2021, and the evidence indicated that it was petitioner D.S. who acted in a disrespectful and provocative manner by sitting right next to Principal Smith in the bleachers and by brushing against him in the hallway at halftime of the basketball game.

Student M.S. was not present during the alleged harassing encounters. While these incidences could be embarrassing to M.S., petitioner failed to assert any irreparable harm suffered by M.S. as a result, and provided no evidence such as a doctor's report or teacher's report indicating that M.S. was suffering or would suffer lasting emotional or educational effects from having her mother banned from her ballgames or school property. When asked about the incidents on February 26, 2021, M.S. merely testified that the principal's behavior towards her mother made her upset and angry, with no claim of harm. Petitioner specifically failed to provide evidence as to any harm to M.S. which would be caused by D.S.'s inability to attend future basketball games; in fact, the girls' basketball season had ended and there would not be any more games which petitioner could attend. D.S. testified that M.S. would be playing softball in spring 2021, without offering proof of same, and without ever asking M.S. how she would be affected by her mother not being able to attend her ballgames. The fact that M.S. would move on from basketball and start playing softball indicated that her mother's attendance at her games would not have a negative effect on her educational, social or emotional well-being. Additionally, M.S. was a virtual student, and was not attending classes on school property, so there would actually be no reason for D.S. to be on school property with regard to M.S. except to attend ballgames.

Accordingly, I **CONCLUDE** that petitioner failed to show that this first prong of the Crowe test for emergent relief had been met in favor of the petitioner.

2. The legal right underlying the petitioner's claim is settled.

Petitioner did not address the legal right underlying her claim in either her Petition and accompanying memorandum or during the hearing, but merely stated that the Board's decision banning her from school property was wrong. Petitioner did not state

any legal grounds for her position that the Board's decision should be overturned. In fact, petitioner's Petition failed to state a claim for relief.

Respondent was correct in asserting that a non-student is not entitled to the protections of the New Jersey HIB statutes or the Board's HIB policy. N.J.S.A. 18A:37-13 et seq. establishes that its protections against Harassment, Intimidation and Bullying are there to protect students from the actions of other students or school employees. Nowhere are there protections for parents. The form petitioner attached to her Petition, the "Hamilton Township School District Harassment, Intimidation and Bullying (HIB) Report," specified the definition of HIB, and indicated that the person filing the complaint must establish that there was HIB against a pupil, or HIB that disrupted or interfered with the orderly operation of the school or the rights of pupils, or HIB that had insulted or demeaned a pupil or created a hostile educational environment for the pupil or pupils.

Not only is petitioner herself not a pupil, this motion for emergent relief was filed "on behalf of M.S." in name only; D.S. filed this on behalf of D.S. The incident alleged by petitioner happened directly against her, as set forth in the email complaint filed by petitioner at 5:13 p.m. on February 26, 2021 (attached by petitioner to her motion). Nowhere in the pleadings was any harm suffered by M.S. claimed. Rather, D.S. filed this emergent motion due to alleged behavior directed at her. As D.S. was not a student, she could not claim redress under the New Jersey HIB statutes or the Board's HIB policy. As D.S. could not claim protections under the New Jersey HIB statutes or the Board's HIB policy, the legal right underlying petitioner's claim is settled in favor of the respondent Board.

Petitioner also did not dispute the Board's right to control who is allowed on school property and offered no proof that the Board decision banning her from school property was arbitrary or capricious. Respondent correctly cited N.J.S.A. 18A:202-20 as authority for a school board to control use of its land and buildings, and discussed the ongoing history between petitioner and the school, which made the Board's decision banning petitioner necessary. Having no recourse under HIB law, and without challenging the Board's statutory right to control who is and is not permitted on school lands and in school

buildings, the legal rights claimed by petitioner are not settled in her favor, but are settled in favor of respondent.

Accordingly, I **CONCLUDE** that petitioner failed to show that the second prong of the Crowe test for emergent relief had been met in favor of the petitioner.

3. The petitioner has a likelihood of prevailing on the merits of the underlying claim.

Petitioner did not address her likelihood of prevailing on the merits of the underlying claim. Because her claim is based on HIB statutes, there would appear to be no likelihood of success on the underlying claim because, as stated above, the HIB statutes do not protect non-students. Petitioner attempted to rely on the same statutes and policies that were used against her daughter M.S. in the ongoing underlying due process matter of D.S. on behalf of minor child M.S. v. Township of Hamilton Board of Education (Board) (EDU 07830-20). These protections cover students but do not protect parents from alleged harassment by school staff.

Even if petitioner was protected by these HIB statutes, she failed to prove that incidences of HIB had taken place against her.

Petitioner claimed that there were two incidences—the principal yelling at her as she sat next to him in the seating area, and later a verbal exchange after the principal claimed she pushed him. Petitioner offered nothing but her own version of those two incidences on February 26, 2021, with no sworn witness affidavits or credible witness testimony at the hearing other than that of M.S., who was not present at the basketball game. Nothing supported petitioner's claim that she was sitting in the same seat as always at the games (which she claimed the referee could vouch for), and she failed to address whether there was in fact a parental seating area. She did not address changes in seating due to Covid-19 pandemic social distancing protocols. She did not state whether Principal Smith always sat in the seat right next to hers. She mentioned that a woman sitting on the other side of the principal overheard Smith use foul language, but she was not produced as a witness and there is no sworn statement from her.

Most importantly, the video of Incident #1 clearly showed D.S. walking into a section of bleachers where there were approximately 100 seats available, occupied by only one person—Principal Smith—then taking the seat immediately to the left of Principal Smith, instead of any of the other available seats. The school had taken efforts to keep petitioner and Principal Smith apart, because petitioner frequently made public accusatory and derogatory remarks about Principal Smith during the public portion of school board meetings, including statements that he was a racist. Petitioner also sent correspondence to various people asserting these same accusatory and derogatory statements, and therefore the school administration had an interest in keeping D.S. and Smith away from each other. It would not be a far reach to conclude that D.S. sitting down directly next to Smith, then later brushing against him in the hallway, were threatening gestures against the school principal, and that she provoked whatever response Principal Smith may have offered.

Petitioner failed to provide evidence that she had not pushed Principal Smith, but the Incident #2 Video showed petitioner walking through a door, then walking directly at Principal Smith, then brushing against him as she walked away. Petitioner failed to state with any specificity what language Smith used during the second incident or how that incident constituted HIB. Therefore, it would be more likely that respondent would prevail on the underlying claim.

Accordingly, I **CONCLUDE** that petitioner failed to show that the third prong of the Crowe test for emergent relief had been met in favor of the petitioner.

4. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

Petitioner failed to address this fourth prong of the Crowe test. Most difficult in addressing this prong without input from the petitioner is that petitioner in her formal Petition failed to state a claim upon which relief could be granted, and failed to indicate what, if any, harm had been suffered by M.S.

Even if there were some harm that were to befall M.S. as a result of D.S.'s encounters with Principal Smith on February 26, 2021, the fact that M.S. was not currently taking classes at HHSW would indicate that her education would be unaffected by her mother being banned from school property through the end of the school year. M.S. would continue to take classes virtually, as she had been doing earlier in the school year. M.S. was proceeding from basketball season to softball season, without any hindrance from the encounters of February 26, 2021.

Conversely, there would be harm to the Board if their decision was reversed at this time or any injunction should be issued allowing D.S. back onto school property this semester. The Board pointed out its responsibility towards protecting students, which included controlling who would be permitted on school lands and buildings. In the instant matter, the Board was hoping to prohibit a woman from school grounds who had been involved in numerous incidences with school personnel, resulting in the filing of at least two reports of improper behavior by school employees, and numerous unproven public allegations against Principal Smith, including publicly stating that Smith was a racist. While petitioner insisted that she would never harm students if she were allowed back on school property this semester, it was petitioner herself who was responsible for two incidences of aggressive behavior on February 26, 2021, by sitting right next to Smith and later walking into him. A balancing of equities favors the Board.

It must be noted that it is far from an ideal situation where a parent and school are seemingly at war with each other, and not hard to imagine that there could be some effect upon the student's educational, emotional, and social well-being. However, petitioner failed to prove such harm or effect as part of this emergent hearing; fortunately for her, these issues are ripe for evaluation in the context of a full due process hearing. Unfortunately for petitioner, I must **CONCLUDE** that petitioner failed to show that the fourth prong of the Crowe test for emergent relief had been met in favor of the petitioner.

Therefore, I **CONCLUDE** that petitioner failed to show by a preponderance of the evidence that she met any of the four prongs of the Crowe test for emergent relief. I **CONCLUDE** that petitioner failed to prove that she was entitled to emergent relief in this matter.

ORDER

The petitioner's motion for emergent relief is **DENIED**.

This order on application for emergency relief may be adopted, modified or rejected by the **COMMISSIONER OF EDUCATION**, who by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five days following the entry of this order. If the **COMMISSIONER OF EDUCATION** does not adopt, modify or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

New Jersey Commissioner of Education

Decision

Township of Wantage, Sussex County, Borough of Sussex, Sussex County, Borough of Branchville, Sussex County, Township of Lafayette, Sussex County, Ronald Bassani, Edward Meyer, Anthony Frato, Sr., and Richard Hughes,

Petitioners,

v.

New Jersey Department of Education, Board of of the High Point Regional School District, Sussex County, and Board of Education of the Township of Montague, Sussex County,

Respondents.

Synopsis

The petitioning municipalities and taxpayers sought relief in regard to the 2020-2021 budget of the High Point Regional School District (HPRSD), arguing, *inter alia*, that the meaning of the pertinent statute – *N.J.S.A.* 18A:7F-39(e) – is uncertain, and that the tax rate for petitioners and all other taxpayers in the district for the 2020-2021 budget year was improperly inflated as a result. The respondents contended that the language of *N.J.S.A.* 18A:7F-39(e) is clear and unambiguous, and that the development of HPRSD's budget for the 2020-2021 year comported with the statute.

The ALJ found, *inter alia*, that: the operative statute is *N.J.S.A.* 18A:7F-39(e), which allows HPRSD to add to its adjusted tax levy, in any one of the next three succeeding budget years, the amount of the difference between the maximum allowable amount to be raised by taxation for the current school budget year and the actual amount to be raised by taxation for the current school budget year; the First Amended Petition in this matter reflects that HPRSD added to one of the next three succeeding budget years (2020-2021) the amount of the difference between the maximum allowable amount and the actual amount to be raised; while HPRSD's actions resulted in an increase for 2020-2021 that was higher that 2%, its actions resulted in lower percentages in the preceding years; the language of *N.J.S.A.* 18A:7F-39(e) is clear and unambiguous; and the respondents did not act in an arbitrary, capricious or unreasonable manner in developing HPRSD's 2020-2021 budget. As such, the ALJ concluded that petitioners' remedy in this matter is political, not legal, and dismissed the petition.

Upon review, the Commissioner concurred with the ALJ that the petition must be dismissed. Accordingly, the Initial Decision of the Office of Administrative Law was adopted as the final decision in this matter. The petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

BEFORE **KELLY J. KIRK**, ALJ:

STATEMENT OF THE CASE

Petitioning municipalities and taxpayers seek relief regarding the 2020–2021 budget of High Point Regional High School District (HPRHSD).

PROCEDURAL HISTORY

On June 10, 2020, petitioners Township of Wantage, Sussex County (Wantage Township), Borough of Sussex, Sussex County (Sussex Borough), Borough of Branchville, Sussex County (Branchville Borough), Township of Lafayette, Sussex County (Lafayette Township), Ronald Bassani, Edward Meyer, Anthony Frato, Sr., and Richard Hughes filed with the New Jersey Department of Education a Verified Petition of Appeal (Verified Petition) and a motion for emergent relief, accompanied by a letter brief.

The Department of Education (Department) transmitted the case to the Office of Administrative Law (OAL) under the Administrative Procedure Act, N.J.S.A. 52:14B-1 to -15, and the act establishing the office, N.J.S.A. 52:14F-1 to -23, for a hearing under the Uniform Administrative Procedure Rules, N.J.A.C. 1:1-1.1 to -21.6, and the rules of procedure established by the Department of Education to hear and decide controversies and disputes arising under school laws, N.J.A.C. 6A:3-1.1 to -1.17. Jurisdiction is

conferred under N.J.S.A. 18A:6-9. The case was filed at the Office of Administrative Law (OAL) on June 11, 2020.

On June 23, 2020, HPRHSD filed a letter brief and the Department filed a letter brief and Certification of Neil Cramer in opposition to petitioners' motion for emergent relief. Montague Township did not submit opposition. On June 23, 2020, petitioners filed a reply letter brief, accompanied by the Certification of Stephen Edelstein with four exhibits, and Certification of Dieter Lerch with two exhibits.

On June 23, 2020, petitioners also filed a motion for leave to take the deposition of HPRHSD superintendent Scott Ripley and the deposition of any expert who might issue a report on behalf of HPRHSD, accompanied by the Certification of Stephen Edelstein.

Oral argument was held on the motion for emergent relief on June 24, 2020. By order dated June 26, 2020, the motion for emergent relief was denied.[1]

On July 2, 2020, the Department filed a motion to dismiss, accompanied by a letter brief.

On July 3, 2020, HPRHSD filed its Answer to the Verified Petition.

During a July 8, 2020, telephone conference petitioners requested to file a motion to amend the petition, so it was determined that the Department's motion to dismiss would be held in abeyance until the petitioners' motion to amend was decided.

On July 13, 2020, petitioners filed a motion to amend the petition, accompanied by the proposed First Amended Verified Petition of Appeal, and Certification of Stephen Edelstein, Esq. On July 30, 2020, the Department filed a letter brief in opposition to the motion to amend, and HPRHSD filed a letter brief in opposition to the motion to amend

[1] The Order denying emergent relief was adopted by the Department on August 7, 2020.

and in opposition to the motion for leave to take the deposition of superintendent Scott Ripley. On August 6, 2020, petitioners filed a letter brief in reply to the Department's and HPRHSD's opposition.

On August 19, 2020, petitioners filed a motion to compel discovery from HPRHSD and the Commissioner of Education relative to demands served on July 6, 2020, accompanied by a letter brief and Certification of Stephen Edelstein, Esq.

By Order dated September 1, 2020, petitioners' motion to amend was granted, the Department's July 2, 2020, motion to dismiss was denied as moot, petitioners' motion for leave to take depositions was denied, and petitioners' motion to compel discovery was denied. Petitioners were directed to file the proposed First Amended Verified Petition of Appeal[2] and respondents were directed file answers to the First Amended Verified Petition of Appeal, unless a motion to dismiss was re-filed/filed by respondent(s) prior thereto.

Petitioners filed the First Amended Verified Petition of Appeal on September 3, 2020. The First Amended Verified Petition of Appeal (First Amended Petition) states, in part, the following:

> Petitioners, municipalities located in Sussex County, New Jersey, and taxpayers located in Sussex County, New Jersey, state for their First Amended Petition of Appeal as follows:
>
> **JURISDICTION**
>
> 1. Pursuant to N.J.S.A. 18:6-9, the Commissioner of Education, as the chief officer of the New Jersey Department of Education, has jurisdiction to hear this matter and all ancillary issues. In addition, and as a separate cause of action, the Petitioners seek a declaratory ruling pursuant to N.J.A.C. 6A:3-2.1 that N.J.S.A. 18A:7F-39 shall be construed so as to permit school districts to use, as banked cap, the unused portion of permissible increases for three succeeding

[2] Exhibit A to petitioners' motion to amend.

years, and not to include as banked cap any tax decreases during the same time period.

BACKGROUND

2. The High Point Regional High School District ("HPRHSD") is located in Sussex County, New Jersey and is comprised of five Sussex County communities: Wantage Township ("Wantage"), Sussex Borough, Branchville Borough ("Branchville"), Lafayette Township ("Lafayette"), and Frankford Township ("Frankford"). Four of the five constituent communities, as well as a Mayor, former Mayor, or committee member from each of the four, are Petitioners in this action.

3. This action is brought to obtain declaratory and other relief from the extraordinary and economically crushing burden on the Petitioners and their citizens of a 14% ($2,000,000) increase in local taxes imposed by the HPRHSD at the same time as an extreme financial crisis and unprecedented unemployment. This budget was approved by the HPRHSD on April 28, 2020, well after the impact of the COVID-19 crisis was well known and after Governor Murphy's first twenty-five (25) COVID-19-related Executive Orders (Nos. 104-129).

4. The Petitioner Ronald Bassani is a resident of, taxpayer in, and elected committee member of Wantage. He brings this action as an individual.

5. The Petitioner Edward Meyer is a resident of, taxpayer in, and Mayor of Sussex Borough. He brings this action as an individual.

6. The Petitioner Anthony Frato, Sr., is a resident of, taxpayer in, and Mayor of Branchville. He brings this action as an individual.

7. The Petitioner Richard Hughes is a resident of, taxpayer in, and former Mayor of Lafayette. He brings this action as an individual.

8. Respondent Dr. Lamont Repollet ("Dr. Repollet" or "Commissioner") is the Commissioner of Education for the State of New Jersey ("DOE"). In his capacity as Commissioner of Education, Dr. Repollet serves as the head of the New Jersey Department of Education, which reviews and approves all school district annual budgets.

9. Montague Township School District ("Montague") is a K–8 school district located in Montague, New Jersey. Montague has a send-receive relationship with HPRHSD and pays tuition on a per student basis. Although no relief is sought against Montague, it is named because it may be impacted by the outcome of this Verified Petition and, therefore, may wish to be heard.

10. Sussex County has suffered from COVID-19 disproportionately to the State of New Jersey. According to the Sussex County Division of Health, the death rate from coronavirus in the County as of the beginning of May was 12%, based on known infections, compared to a Statewide average of 6.25%.

11. Aid to Sussex County has been less than that to other New Jersey counties. As of April, of $82,202,575 in federal grants to New Jersey from the federal government for COVID-19 relief, only 17 counties will receive funds. Four counties—Sussex, Warren, Hunterdon, and Salem—received nothing.

12. The school budget approval process in New Jersey is well established for Type II school districts. For those Type II Districts which hold school elections in April, the budget is submitted to the voters for approval at the same time as the election of board members. For those Type II districts which hold elections in November, the budget is not submitted to the voters for approval.

13. HPRHSD is a Type II school district with November elections.

14. Instead of placing the proposed budget on a public ballot, Type II school districts with November elections follow a budget approval process provided for by statute, as follows:

a. First, the District must develop and adopt a Tentative Budget, which is submitted to the Executive County Superintendent for Review. N.J.S.A. 18A:7F-5 and 7F-6. This year, the due date for that action was March 20, 2020.

b. Next, the Executive County Superintendent must review and approve the budget in time for it to be publicly advertised. See N.J.A.C. 6A:23A-9.1; N.J.S.A.

19A:22-10, 11, and 12. This year, the due date for that action was April 20, 2020.

c. Following administrative approval and advertising, there must be a public hearing on the budget. N.J.S.A. 18A:22-10. This year, the earliest date for such a public hearing was April 24, 2020 and the latest date was May 7, 2020.

d. The deadline for Board of Education adoption of the budget this year was May 14, 2020. N.J.S.A. 18A:22-32.

15. The HPRHSD approved its Tentative Budget on March 17, 2020.

16. The HPRHSD advertised its budget on April 24, 2020, which was a Friday.

17. On Tuesday, April 28, 2020—only four days after it advertised the budget and more than two weeks before it was required to act—the HPRHSD conducted the public hearing and approved the budget. The meeting was virtual, and that fact, exacerbated by the unnecessary acceleration by the HPRHSD of the budget approval process by sixteen (16) days, essentially eliminated public scrutiny and participation.

18. At the April 28 public hearing, HPRHSD Superintendent Ripley reviewed the budget, with the aid of a power point presentation.

19. During his presentation, Superintendent Ripley repeatedly stressed that the Board of Education had been "fiscally responsible" over the past three years and that the 14% tax increase was needed to offset three years of State aid decreases.

20. In fact, neither of those statements is accurate. Instead, the HPRHSD has, as indicated in the chart below at Paragraph 24, refused year after year to confront losses in State aid for the 2016–2017, 2017–2018, 2018–2019, and 2019–2020 school years in the amount of $1,039,880; has ignored the need for fiscal planning; has inexplicably lowered the local tax levy by more than $1,100,000 over that same period of time, effectively doubling its loss of revenue during those years to more than $2.1 million instead of trying to reduce it; and has alternately increased and decreased its

operating budget by more than $1,000,000 every single year—going up more than $1,000,000 for the 2020–2021 budget—despite a declining enrollment. Since 2005, it has not sought public approval for a referendum for capital improvements.

21. If there is a now a [sic] fiscal problem at the HPRHSD at all, it is entirely self-created by the HPRHSD and self-inflicted by the HPRHSD, which is now looking to solve a problem that took four years for it to create in a single year, during the worst economic conditions in generations, and at a time when the Governor and the Legislature are focused on providing relief, rather than inflicting more pain. The history is as follows:

YEAR	LOCAL SHARE	STATE AID	OPER. BUDGET	ENR	LOCAL LEVY +/-	OPER. BUDGET +/-	TAX% +/-
2016–2017	15,401,826	(-70,324)	24,024,950	994			
2017–2018	14,356,619	(-128,000)	22,745,620	903	**(-1.045M)**	**(-1.4M)**	**(-6.7)**
2018–2019	14,256,964	(-362,989)	24,084,190	909	**(-99K)**	**+1.3M**	**(-.005)**
2019–2020	14,537,446	(-478,657)	22,244,421	866	**+280K**	**(-$1.8M)**	**+1.9**
2020–2021	16,572,880	(-753,678)	23,512,019	854	**+2.03M**	**+1.26M**	**+14**

22. Although local tax levy increases are statutorily capped at 2%, the proposed HPRHSD budget, which has been approved by the Executive County Superintendent, provided for an increase in the local tax levy of 14%, which is 12% higher than the presumptive 2% capped increase.

23. The BOE asserts that it is entitled to impose a 14% increase, rather than a 2% increase, because it is using "banked cap" in the amount of $1,744,688.

On October 2, 2020, the Department filed a motion to dismiss the First Amended Petition, consisting of a letter brief. On October 26, 2020, petitioners filed opposition to the motion, consisting of a letter brief and Certification of Stephen Edelstein, Esq. On November 9, 2020, the Department filed a reply letter brief in further support of its motion.

MOTION TO DISMISS

The Department's motion to dismiss argues that the First Amended Petition must be dismissed because: it fails to state a claim upon which relief can be granted; petitioners improperly sought a declaratory ruling; petitioners' claims are predicated on a facially incorrect interpretation of N.J.S.A. 18A:7F-39(e); and petitioners do not point to any "potential inefficiencies" in the "administrative operations" of HPRHSD.

It is evident from the "Jurisdiction" paragraph of the First Amended Petition, which states, "In addition, and as a separate cause of action, the Petitioners seek a declaratory ruling pursuant to N.J.A.C. 6A:3-2.1 that N.J.S.A. 18A:7F-39 shall be construed as to permit school districts to use, as banked cap, the unused portion of permissible increases for three succeeding years, and not to include as banked cap any tax increases during the same time period," and from "Background" paragraph 3, which states, "This action is brought to obtain declaratory and other relief," that petitioners seek not only a declaratory ruling, but also seek other relief. More specifically, the First Count of the First Amended Petition is as follows:

> **FIRST COUNT**
> **(Declaratory Ruling)**
>
> 24. The Petitioners repeat the allegations of Paragraphs 1–23 as if set forth a [sic] length.
>
> 25. The statute which permits the use of banked cap by a Board of Education is N.J.S.A.18A:7F-39(e), which states in relevant part:
>
> > A school district that has not been granted approval to exceed the cap pursuant to

> subsection c. of this section, may add to its adjusted tax levy in any one of the next three succeeding budget years, the amount of the difference between the maximum allowable amount to be raised by taxation for the current school budget year and the actual amount to be raised by taxation for the current school budget year.

This is the same standard contained in N.J.S.A. 40A:4-45.45.

26. On June 23, 2010, the Senate Budget and Appropriations Committee issued a Statement regarding the proposed "levy cap banking" provision which was being considered as Senate Bill No. 29 (now N.J.S.A. 18A:7F-39(e)).

27. The Committee stated, in part:

> The bill would also permit levy cap "banking" of any portion of the *permitted 2.9% increase*[3] under the property tax cap levy that is not used by a county or municipality in any budget year. **In the case of a school district it would allow cap banking of any portion of the *permitted 2.9% increase* plus applicable adjustments not used by the school district in a budget year . . . .**
>
> **Under the bill, the cap is being reduced, but any *unused permissible increase amount* under the reduced levy cap limit could be used in any one of the next three succeeding budget years.** This concept is similar to cap banking under the municipal and county appropriations cap law (N.J.S.A. 40A:4-45.1 et seq.). (emphasis added)

28. On July 14, 2010, which was the day after the amendment took effect, the Office of Legislative Services ("OLS") issued a Legislative Fiscal Estimate regarding Senate Bill No. 29 which evaluated the possible fiscal impact of the amendment. The OLS report summarized the amendment as follows: "Reduces school district, county, and municipal property tax levy cap from 4 percent to 2.0 percent and

[3] What was 2.9% is now 2%.

> permits *unused* school district, county, and municipal *increases* to be banked for three succeeding years." The OLS report also contained some of the same language from the Senate and Budget Appropriations Committee Statement, which described the amendment as allowing for the "banking" of the "permitted increase[s]" of the property tax levy.
>
> 29. The last page of the bill (Senate Bill No. 29) contained a one-sentence summary of the legislation: "Reduces school district, county, and municipal property tax levy cap from 4% to 2.0% and permits *unused* school district, county, and municipal *increases* to be banked for three succeeding years." (emphasis added) There is no reference to tax reductions coming into play in the formula.
>
> 30. The positions of the parties with regard to the proper construction of N.J.S.A.18A:7F-39(e) are adverse.
>
> 31. It is the position of the Petitioners that banked cap may include only the unused portion of increases, which construction would limit banked cap to a maximum of 2% per year.
>
> 32. It is the position of the Respondents that banked cap may include both the unused portion of increases plus the amount of any decreases, which construction would not limit banked cap to a maximum of 2% per year but. [sic]
>
> WHEREFORE, the Petitioners seek a Declaratory Judgment, on this First Count, that the banked cap provision of N.J.S.A. 18A:7F-39(e) be construed as permitting the inclusion as banked cap of only the unused portion of permissible increases, limited to a maximum of 2% per year, and awarding the Petitioners attorneys' fees, costs of this action, and such other relief as may be just and proper.

As set forth above, the First Count seeks "a Declaratory Judgment . . . that the banked cap provision of N.J.S.A. 18A:7F-39(e) be construed as permitting the inclusion as banked cap of only the unused portion of permissible increases, limited to a maximum of 2% per year," and "attorney's fees, costs of this action, and such other relief as may be just and proper." Further, there are three additional counts in the First Amended Petition. The Second Count (Breach of N.J.S.A. 18A:7F-39(e)), Third Count (Breach of N.J.A.C. 6A:23A-10.1), and Fourth Count (Breach of Fiduciary Duty) each demand the following:

> (a) That the HPRHSD budget for the 2020–2021 school year be revised and reduced in accordance with the maximum limitations of N.J.S.A. 18A:7F-39(e); and
>
> (b) That the tax rate for Petitioners and all other property tax payers in the Petitioning municipalities be adjusted to eliminate that portion of the property taxes which result from the improperly inflated HPRHSD budget for the 2020–2021 school year and that the Commissioner fashion a remedy to compensate those taxpayers for the overpayment which has taken place prior to this ruling; and
>
> (c) That the Commissioner retain jurisdiction and oversee over this matter to ensure that these Orders and declarations are carried out; and
>
> (d) Counsel fees and costs of this action;
>
> (e) Such other relief as may be just and proper.

The Department argues that the First Amended Petition should be dismissed because petitioners have improperly sought a declaratory ruling. N.J.A.C. 6A:3-2.1 governs petitions for declaratory ruling as follows:

> (a) Pursuant to N.J.S.A. 52:14B-8, any interested person(s) may petition the Commissioner for a declaratory ruling with respect to rights, responsibilities, and status arising from any statute or rule within the jurisdiction of the Commissioner. The determination to entertain such petitions for declaratory ruling shall be within the sole discretion of the Commissioner. If such request is granted, the matter shall proceed in accordance with this chapter as they pertain to petitions. A declaratory ruling shall be binding upon the Commissioner and all parties to the proceedings on the specific statement of facts set forth therein.
>
> 1. A request for a declaratory ruling shall reflect adverse positions on the statute or rule in question by the parties in interest, may not seek consequential relief beyond a declaration as to the meaning of the statute or rule, and may not be based on underlying facts that are future, contingent, uncertain, or disputed.

> (b) Except that the format of the petition shall be as set forth in this subchapter, the rules pertaining to filing, service and answer of petitions as set forth in this chapter shall apply to petitions for declaratory ruling.

Additionally, N.J.A.C. 6A:3-2.2 specifies the format of a petition for declaratory ruling, which format includes, inter alia, a caption that specifies that the petition is a "PETITION FOR DECLARATORY RULING"; language that "requests the Commissioner to render a declaratory ruling concerning the application of (N.J.S.A. 18A:_____, N.J.A.C. 6:_____, N.J.A.C. 6A:_____) to the controversy which has arisen between petitioner and respondent"; and language that "WHEREFORE, petitioner respectfully prays that the Commissioner shall construe the provisions of _____ and determine and declare _____."

The Verified Petition did not "reflect adverse positions on the statute or rule in question by the parties in interest," and it sought "consequential relief beyond a declaration as to the meaning of the statute or rule." Although the First Amended Petition, filed after the Department's first motion to dismiss, now reflects that the positions of the parties are adverse and states that it is "the position of the Petitioners that banked cap may include only the unused portion of increases, which construction would limit banked cap to a maximum of 2% per year," and "the position of the Respondents that banked cap may include both the unused portion of increases plus the amount of any decrease, which construction would not limit banked cap to a maximum of 2% per year," it nevertheless contains three other counts and requests for relief in contravention of N.J.A.C. 6A:3-2.1 and still does not comport with the format of N.J.A.C. 6A:3-2.2.

Additionally, the Verified Petition demanded, inter alia, a "declaration that the HPRHSD is not permitted to use banked cap for its 2020–2021 budget in a dollar amount which is greater than that which is equal to the difference between zero and the amount of tax increase actually imposed for each of the past three years, not to exceed two-percent for any one year, and that the budget shall be revised consistent with this declaration prior not later than June 30, 2020." In support of their position, the petitioners

cited to N.J.S.A. 40A:4-45.45, but the First Amended Petition instead seeks a declaratory judgment "that the banked cap provision of N.J.S.A. 18A:7F-39(e) be construed." While the underlying position of the petitioners—that the banked cap cannot be utilized in the manner in which it was utilized—remains the same, certainly no request for a declaratory ruling specific to N.J.S.A. 18A:7F-39(e) was ever filed with the Commissioner prior to the transmittal of the matter to the OAL, and therefore the Commissioner would not have been on notice.

Pursuant to N.J.A.C. 6A:3-1.10, at any time prior to transmittal of the pleadings to the OAL, in the Commissioner's discretion or upon motion to dismiss filed in lieu of answer, the Commissioner may dismiss the petition on the grounds that the petitioner has advanced no cause of action even if the petitioner's factual allegations are accepted as true or for lack of jurisdiction, failure to prosecute, or other good reason. The Department's motion was filed after transmittal of the pleadings, but pursuant to N.J.A.C. 1:1-12.1(a), where a party seeks an order of a judge, the party shall apply by motion and state the grounds upon which the motion is made and the relief or order being sought. The judge may render any ruling or order necessary to decide any matter presented to him or her which is within the jurisdiction of the transmitting agency or the agency conducting the hearing. N.J.A.C. 1:1-14.6(h).

I **CONCLUDE** that the Verified Petition was not properly filed as a request for a declaratory ruling pursuant to N.J.A.C. 6A:3-2.1 and N.J.A.C. 6A:3-2.2, as it did not reflect adverse positions on the statute or rule in question by the parties in interest, it did not request that the Commissioner render a declaratory ruling concerning the specific statute or regulation, and it improperly sought consequential relief beyond a declaration as to the meaning of the statute or rule. If petitioners intended to have the Commissioner construe the provisions of the applicable statute -- which statute was changed in the First Amended Petition - and determine and declare that the respondents cannot utilize banked cap in the manner in which it was utilized, their petition should have been filed as a petition for declaratory ruling and it should have complied with the applicable requirements. Since it was not properly filed as a petition for a declaratory ruling and did not comply with the

applicable requirements, the Commissioner was not provided appropriate notice of a petition for a declaratory ruling and it was transmitted to the OAL instead as a contested case. Merely separating the request for a declaratory ruling into its own count in the First Amended Petition does not remedy the defects. Accordingly, I **CONCLUDE** that the First Count of the First Amended Petition should be dismissed.

Although petitioners argue that there are three total counts, the First Amended Petition contains four counts. The Second Count, Third Count, and Fourth Count are as follows:

> **SECOND COUNT**
> **(Breach of N.J.S.A. 18A:7F-39(e))**
>
> 33. Petitioners repeat the allegations of Paragraphs 1–32 as if set forth at length.
>
> 34. The use of banked cap by the HPRHSD so as to include the amount of property tax decreases, and the approval of that use by the Commissioner of Education, violated the provisions of N.J.S.A. 18A:7F-39(e).
>
> 35. The 2020–2021 HPRHSD school budget, which included increases in violation of 18A:7F-39(e), went into effect on July 1, 2020.
>
> 36. As a result of these statutory violations, the Petitioners, as well as all of the property tax owners in the Petitioning municipalities have been damaged by the requirement that they pay a property tax rate based, in part, on an improperly inflated HPRHSD school budget.
>
> WHEREFORE, the Petitioners demand:
>
> (a) That the HPRHSD budget for the 2020–2021 school year be revised and reduced in accordance with the maximum limitations of N.J.S.A. 18A:7F-39(e); and
>
> (b) That the tax rate for Petitioners and all other property tax payers in the Petitioning municipalities be adjusted to eliminate that portion of the property taxes which result from the improperly inflated HPRHSD budget for the 2020–2021

school year and that the Commissioner fashion a remedy to compensate those taxpayers for the overpayment which has taken place prior to this ruling; and

(c) That the Commissioner retain jurisdiction and oversight over this matter to ensure that these Orders and declarations are carried out; and

(d) Counsel fees and costs of this action; and

(e) Such other relief as may be just and proper.

THIRD COUNT
(Breach of N.J.A.C. 6A:23A-10.1)

37. The Petitioners repeat the allegations of Paragraphs 1–36 as if set forth at length.

38. The Executive County Superintendent of Schools supervises and administers the day-to-day functions of the County Office of Education as a representative of the State Commissioner of Education. The County Superintendent provides educational leadership to and general over-sight of the public school districts in the County pursuant to law and code. N.J.S.A.18A:7-l et seq.

39. N.J.A.C. 6A:23A-10.1 is titled "Unused tax authority (banked cap)." Subsection 3(e) of that Code provision states:

> The executive county superintendent may disapprove use of banked cap, pursuant to N.J.S.A. 18A:F-5, if he or she determines the district board of education has not implemented all potential efficiencies in the administrative operations of the school district.

40. Even if otherwise permissible, which it is not, the use of banked cap in the amount permitted in the HPRHSD 2020–2021 school budget should have been disallowed by the Executive County Superintendent pursuant to N.J.A.C. 6A:23A-10.1 because the HPRHSD did not implement all potential efficiencies in the administrative operations of the school district.

41. The failure by the Commissioner of Education, acting through the Executive County Superintendent, to disallow the questioned use of banked cap pursuant to N.J.A.C. 6A:23A-10.1 constituted a breach of that Code provision, an arbitrary action, and a violation of the Commissioner's duty.

WHEREFORE, ...[4]

FOURTH COUNT
(Breach of Fiduciary Duty)

42. The Petitioners repeat the allegations of Paragraphs 1–41 as if at length.

43. "The members of the board of education . . . are public officers holding positions of public trust. They stand in a fiduciary relationship to the people whom they have been appointed or elected to serve." Lawrence/Cranbury v. Bd. of Educ., 27 N.J. Super. 243, 248 (App. Div. 1953).

44. According to its own budget presentation, the HPRHSD is seeking, in one year, to offset the loss of $1.723 million in State aid by using $1.744 million in allegedly banked cap, thereby imposing a local tax levy increased by 14% rather than by 2%.

45. To use of banked cap in the fashion and in the amount that the HPRHSD has used it in its 2020–2021 budget flies in the face of recent actions by Governor Murphy.

46. The Governor's policy is not to permit exceptions to the cap law to avoid the impact of the loss of State aid. That is why, in January of 2020, on the last day of the Legislative Session, he returned unsigned a bill, S4289, which would have allowed school districts to exceed cap to offset losses in State aid.

47. The HPRHSD has, since the 2016–2017 school year, breached its fiduciary responsibilities over the past three years by permitting the short-term gratification of tax-cuts to outweigh the need for fiscal planning and, currently, by imposing a 14% tax increase.

[4] The WHEREFORE clause is identical to that of Count 2.

> 48. In so doing, the HPRHSD engaged in a manipulation of the local tax share.
>
> 49. By their actions, the HPRHSD and its members breached their fiduciary obligations pursuant to law.
>
> 50. As a consequence, the Petitioners and every property tax payer in the Petitioning municipalities has been harmed.
>
> WHEREFORE, ...[5]

The allegations in the Second Count and Third Count were not included in the Verified Petition and appear for the first time in the First Amended Petition. However, the allegations in the Fourth Count, with the exception of the allegations that "the HPRHSD engaged in a manipulation of the local tax share"; "[b]y their actions, the HPRHSD and its members breached their fiduciary obligations pursuant to law"; and "the Petitioners and every property tax payer in the Petitioning municipalities has been harmed," were included in the Verified Petition. Additionally, excepting the demands that "the Commissioner retain jurisdiction and oversight over this matter to ensure that these Orders and declarations are carried out" and for counsel fees and costs and such other relief as may be just and proper, the relief in the Second Count, Third Count, and Fourth Count of the First Amended Petition differs from that sought in the Verified Petition.

"It is within the Commissioner's authority to treat a motion to dismiss on the ground that 'no sufficient cause for determination has been advanced' as encompassing not only a claim that the petition on its face fails to set forth a basis for relief, but also that petitioners have failed to provide any factual support for the general allegations of their petition." Sloan v. Klagholtz, 342 N.J. Super. 385, 394 (App. Div. 2001). The entirety of the within controversy, including the requests for consequential relief, stems from a dispute over how the banked cap was utilized. Certainly, if HPRHSD's utilization of the banked cap was permissible, the various allegations in the Second Count (Breach of N.J.S.A. 18A:7F-39(e)), Third Count (Breach of N.J.A.C. 6A:23A-10.1), and Fourth Count (Breach of Fiduciary Duty) fail.

[5] The WHEREFORE clause is identical to that of Counts 2 and 3.

Accepting for purposes of this motion the "Background" facts set forth in petitioners' First Amended Petition, the HPRHSD approved its tentative budget on March 17, 2020 (before the March 20, 2020, deadline) and it was submitted to the executive county superintendent for review and approval; the executive county superintendent approved the tentative budget in time (before the April 20, 2020, deadline) for it to be publicly advertised; it was publicly advertised on April 24, 2020; there was a public hearing on the budget on April 28, 2020—which was after the earliest date for a public hearing (April 24, 2020) and before the latest date (May 7, 2020); and the Board of Education ultimately approved the budget. Although the public hearing was a virtual hearing, and the budget was approved days before the deadline by which the Board was required to act, there is no assertion of any procedural violation of N.J.S.A. 18A:22-10 to -13 and no assertion that the budget was not submitted to the executive county superintendent for review and approval in accordance with N.J.A.C. 6A:23A-9.1. Accordingly, the First Amended Petition reflects that the 2020–2021 budget was approved by way of the statutory process.

Notwithstanding the provisions of any other law to the contrary, a school district may not adopt a budget pursuant to N.J.S.A. 18A:7F-5 and N.J.S.A. 18A:7F-6 with an increase in its adjusted tax levy that exceeds, except as provided in N.J.S.A. 18A:7F-39, the tax levy growth limitation calculated as follows: the sum of the prebudget year adjusted tax levy and the adjustment for increases in enrollment multiplied by 2.0 percent, and adjustments for an increase in health care costs, increases in amounts for certain normal and accrued liability pension contributions. N.J.S.A. 18A:7F-38(a).

Petitioners argue—and there is no dispute—that the maximum allowable increase is 2 percent. The statute in question is N.J.S.A. 18A:7F-39(e), which states as follows:

> A school district that has not been granted approval to exceed the cap pursuant to subsection c.[6] of this section, may add to

[6] A school district may submit to the voters at the annual school election, or on such other date as is set by regulation of the commissioner, a proposal or proposals to increase the adjusted tax

> its adjusted tax levy in any one of the next three succeeding budget years, the amount of the difference between the maximum allowable amount to be raised by taxation for the current school budget year and the actual amount to be raised by taxation for the current school budget year.

Petitioners further argue that "[w]hat is uncertain is the meaning of the statute." Conversely, the Department argues that the statute is clear and unambiguous.

Within the First Count, petitioners cite to a June 23, 2010, Senate Budget and Appropriations Committee statement "regarding the proposed 'levy cap banking' provision which was being considered as Senate Bill No. 29 (now N.J.S.A. 18A:7F-39(e))" and to a July 14, 2010, OLS Legislative Fiscal Estimate regarding Senate Bill No. 29 "which evaluated the possible fiscal impact of the amendment." However, with respect to legislative intent, the Supreme Court of New Jersey stated as follows:

> The best evidence of that legislative intent is the statutory language, which is, accordingly, "the first place we look." Richardson v. Bd. of Trs., PFRS, 192 N.J. 189, 195, 927 A.2d 543 (2007). If the statute's plain language leads to a clearly understood result, the judicial inquiry is complete. Ibid.; Felix v. Richards, 241 N.J. 169, 179, 226 A.3d 937 (2020) (noting that when "language admits of only one clear interpretation," the interpretive task ends and the court enforces that meaning).
>
> "[I]t is not our function to rewrite a plainly written statute or to presume that the Legislature meant something other than what it conveyed in its clearly expressed language." Shipyard Assocs., LP v. City of Hoboken, 242 N.J. 23, 45, 230 A.3d 278 (2020) (quoting Murray v. Plainfield Rescue Squad, 210 N.J. 581, 592, 46 A.3d 1262 (2012)). It is only when the statute's language is ambiguous that we consider legislative history and other extrinsic materials. Sanchez v. Fitness Factory Edgewater, LLC, 242 N.J. 252, 261, 231 A.3d 606 (2020);

---

levy by more than the allowable amount authorized pursuant to section 3 of P.L.2007, c.62 (C.18A:7F-38). The proposal or proposals to increase the adjusted tax levy shall be approved if a majority of people voting shall vote in the affirmative. In the case of a school district with a board of school estimate, the additional adjusted tax levy shall be authorized only if a quorum is present for the vote and a majority of those board members who are present vote in the affirmative to authorize the additional adjusted tax levy. N.J.S.A. 18A:7F-39(c).

> Kean Fed'n of Tchrs. v. Morell, 233 N.J. 566, 583, 187 A.3d 153 (2018).
>
> [Branch v. Cream-O-Land Dairy, 2021 N.J. LEXIS 3, *31–32.]

The operative statute, N.J.S.A. 18A:7F-39(e), allows HPRHSD to add to its adjusted tax levy in any one of the next three succeeding budget years, the amount of the difference between the maximum allowable amount to be raised by taxation for the current school budget year and the actual amount to be raised by taxation for the current school budget year. The ramifications of such action aside, the First Amended Petition reflects that HPRHSD added to one of the next three succeeding budget years (2020–2021) the amount of the difference between the maximum allowable amount and the actual amount to be raised.

Specifically, petitioners' history chart reflects that the local share was $15,401,826 in 2016–2017. With a 2 percent increase, the local share in 2017–2018 could increase to a maximum of $15,709,862.52 ($15,401,826 plus a 2 percent increase of $308,036.52). However, the local share was lowered to $14,356,619 in 2017–2018—leaving a difference of $1,353,243.52 as "banked cap." Petitioners' history chart reflects that the local share was $14,356,619 in 2017–2018. With a 2 percent increase, the local share in 2018–2019 could increase to a maximum of $14,643,751.38 ($14,356,619 plus a 2 percent increase of $287,132.38). However, the local share was again lowered, to $14,256,964, in 2018–2019—leaving a difference of $386,787.38 as "banked cap." Petitioners' history chart reflects that the local share was $14,256,964 in 2018–2019. With a 2 percent increase, the local share in 2019–2020 could increase to a maximum of $14,542,103.28 (which is $14,256,964 plus a 2 percent increase of $285,139.28). However, the local share was again lowered, to $14,537,446, in 2019–2020—leaving a difference of $4,657.28 as "banked cap." Accordingly, the total "banked cap" for 2017–2018, 2018–2019, and 2019–2020 was $1,744,688.18 ($1,353,243.52 plus $386,787.38 plus $4,657.28).

Petitioners' history chart reflects that the local share was $14,537,446 in 2019–2020. With a 2 percent increase, the local share in 2020–2021 could increase to a maximum of $14,828,194.92 ($14,537,446 plus a 2 percent increase of $290,748.92). In fact, the local share was increased by 2 percent to $14,828,194.92, but HPRHSD opted, as is allowed by statute, to add to its adjusted tax levy ($14,828,194.92) the three years' banked cap ($1,744,688.18), which resulted in a local share of $16,572,880. While HPRHSD's actions resulted in a higher percentage for 2020–2021 than 2 percent, its actions resulted in lower percentages in the preceding years. To the extent that petitioners are dissatisfied with HPRHSD's budget, I concur with the Department that the remedy is political and not legal.

In sum, the statute's plain language is clear and unambiguous, and the First Amended Petition reflects that HPRHSD acted in accordance with the statute. It is not the function of the undersigned to rewrite the statute or to presume that its plain language does not comport with the legislative intent. As such, I **CONCLUDE** that no sufficient cause for determination has been advanced and the First Amended Petition should be dismissed.

In view of the foregoing, it is hereby **ORDERED** that the First Amended Petition is **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Decision

J.B., on behalf of minor child, J.B.,

Petitioner,

v.

Board of Education of the Northern Valley Regional High School District, Bergen County,

Respondent.

Synopsis

Petitioner alleged that on multiple occasions, the soccer coach for the Northern Valley Regional High School (NVRHS) bullied her son, J.B., because of his commitment to academics, in violation of New Jersey's Anti-Bullying Bill of Rights Act (ABRA), *N.J.S.A.* 18A:37-13 to -37. Upon review of the HIB specialist's report of the incidents in question, the Board concluded that the HIB investigation failed to show that petitioner was a protected class member or possessed an actual or perceived distinguishing characteristic which served as motivation for the alleged bullying. Petitioner asserted that both J.B.'s commitment to academics and his status as a student are distinguishing characteristics. The parties filed cross motions for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue here, and the matter is ripe for summary decision; the petitioner, J.B.'s mother, has standing in this case; petitioner's assertion that the District did not follow the 2016 Annual Report of the New Jersey Anti-Bullying Task Force (ABTF) is without merit, as failing to follow the ABTF does not provide a basis for appeal in this forum, and no evidence supports a finding that the Board's HIB Policy failed to include all required provisions; review of the alleged incidents in this case fail to reveal that the coach targeted J.B. for his academic commitment, as the now-former coach's questionable treatment of his players was largely universal; and J.B.'s status as a student alone is not a distinguishing characteristic under ABRA. The ALJ concluded that the Board did not act in an arbitrary, capricious, or unreasonable manner in finding that no HIB occurred against J.B. Accordingly, the ALJ granted summary decision in favor of the Board and dismissed the petition.

Upon review, the Commissioner concurred with the ALJ findings and conclusion, for the reasons thoroughly detailed in the Initial Decision. Accordingly, the Initial Decision of the OAL was affirmed and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

Agency Dkt. No. 51-2/20

New Jersey Commissioner of Education

Decision

J.B., on behalf of minor child, J.B.,

Petitioner,

v.

Board of Education of the Northern Valley Regional High School District, Bergen County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon review, for the reasons thoroughly detailed in the Initial Decision, the Commissioner concurs with the ALJ that the Board's decision was not arbitrary, capricious, and unreasonable. Accordingly, the Initial Decision is adopted as the final decision in this matter, and the petition of appeal is hereby dismissed.

IT IS SO ORDERED. [1]

ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 13, 2021
Date of Mailing: April 13, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 04618-20
AGENCY DKT. NO. 51-2/20

J.B. ON BEHEALF OF MINOR CHILD J.B.,

Petitioners,

v.

BOARD OF EDUCATION OF THE NORTHERN VALLEY REGIONAL HIGH SCHOOL DISTRICT, BERGEN COUNTY,

Respondent.

J.B., parent and power of attorney of J.B., pro se

Isabel Machado, Esq., for respondent (Machado Law Group, attorneys)

Record Closed: January 28, 2021 Decided: March 8, 2021

BEFORE **NANCI G. STOKES**, ALJ:

STATEMENT OF THE CASE

Petitioner, JB, alleges that, on multiple occasions, the Northern Valley Regional High School (NVRHS) soccer coach bullied her son, J.B., because of his commitment to academics in violation of the Anti-Bullying Rights Act (ABRA), N.J.S.A. 18A:37-13 to -37. Yet, none of the coach's actions can be reasonably perceived as motivated by any actual or perceived distinguishing characteristic as required under ABRA. Is respondent entitled to summary decision? Yes. Under N.J.A.C. 1:1-12.5(b), summary decision is appropriate if no genuine issue of material fact exists and the moving party is entitled to prevail as a matter of law.

PROCEDURAL HISTORY

On February 27, 2020, petitioner filed a Verified Petition with the Commissioner of Education (Commissioner) challenging the Northern Valley Regional High School Board of Education's (Board or District) conclusion that no "harassment, intimidation, or bullying" ("HIB") violation occurred against her son, J.B.

The petition maintains that the Board improperly concluded that J.B. was not a protected class member and did not possess an actual or perceived distinguishing characteristic serving as motivation for bullying. Although the Board did not conclude a HIB violation under ABRA occurred, the Board found evidence of the impingement of J.B.'s rights, and a substantial disruption existed.

Specifically, the petition alleges that J.B., a senior in the District, was the systematic victim of verbal harassment, intimidation, and bullying at the hands of his varsity soccer coach, Jeremy Truppi, in violation of the ABRA. Petitioner also alleges that Coach Truppi was in a position of authority over J.B. as a coach and abused that power.

Moreover, petitioner disputes that J.B. has no distinguishing characteristics worthy of protection under ABRA and maintains that the District did not follow ABRA guidelines.

Instead, petitioner asserts that both J.B.'s commitment to academics and his student status are distinguishing characteristics.

The petition seeks a finding that:

1. J.B. was the target of HIB.
2. The process that allowed Coach Truppi to remain in his position despite other HIB violations must be changed.
3. The District did not take appropriate measures to address the abuse.

On March 18, 2020, the Board answered the petition, denying any wrongdoing on its part.

Soon after, the New Jersey Department of Education (NJDOE), Bureau of Controversies and Disputes, transmitted this case to the Office of Administrative Law as a contested case under the Administrative Procedure Act, N.J.S.A. 52:14B-1 to -15, and the act establishing the OAL, N.J.S.A. 52:14F-1 to -13, for a hearing under the Uniform Administrative Procedure Rules, N.J.A.C. 1:1-1.1 to -21.6. The OAL filed the case on May 11, 2020.

On June 16, 2020, I held a pre-hearing conference wherein I requested that petitioner further explain the relief sought. The Board also provided documentation requested by the petitioner. The parties attempted to resolve this case but were not successful, and I scheduled hearings on January 19, and 20, 2021.

On November 5, 2020, I conducted a pre-hearing conference, and the Board requested leave to file a motion for a summary decision.

On December 3, 2020, the Board filed its motion.

On December 23, 2020, petitioner filed her opposition, and on January 4, 2021, the Board replied.

Petitioner requested to submit an additional response, and I granted that request.

On January 14, 2021, petitioner responded to the District's reply, and on January 28, 2021, thce Board presented its sur-reply.

FINDINGS OF FACT

Based on the documents submitted in support of and in opposition to the motions for summary decision, when viewed in the light most favorable to the non-moving party, I **FIND** the following as **FACT** for purposes of these motions only:

J.B. is a former student of the District. At the time his mother, J.B., filed the petition on his behalf, J.B. was seventeen. J.B. is now eighteen and graduated in June 2020. After turning eighteen, J.B. provided his mother, J.B., with a power of attorney to act on his behalf in this case "conveying all the powers necessary to represent me and my interests" and to act in his name.

On October 8, 2019, the District received a verbal report of an alleged HIB violation against J.B. by Jeremy Truppi, the Varsity soccer coach at NVRHS.

On October 10, 2019, the District received a written complaint against Coach Truppi. Petitioner alleged that her son, then a senior, was "bullied, ostracized and singled out" because of his "bad behavior and commitment to academics." J.B. was enrolled in honors classes. J.B. quit the soccer team in the fall of 2019, in the last month of the soccer season.

The petition supplies instances of alleged bullying against J.B. because of his being intellectual and committed to academics:

- On several occasions, J.B. told Coach Truppi that he had a college-related meeting and would miss practice. In turn, Coach Truppi mocked J.B. and told him school should not be a priority. The Coach often told students that athletics should come first.
- Coach Truppi would blame JB for joining the team huddle last when he clearly wasn't the last one, for showing up to practice late when he had been there, and for being disrespectful when he was only asking questions. When another player got angry and threw a bottle, J.B. told the player to calm down. Coach Truppi told J.B. not to make other players feel bad encouraging poor behavior.
- During a drill, J.B. of running with his group onto the field at the wrong time, Coach Truppi looked at J.B. in anger and walked off the field, and other team members blamed J.B. J.B. texted Coach Truppi an apology, and Coach Truppi responded, "Let's talk tomorrow at 3:15. Bring your uniform." J.B. believed he would be kicked off the team.
- J.B. texted Coach Truppi that he could not attend practice due to a religious holiday and school closure. Coach Truppi texted the entire team that "Any freshman players who want to practice with varsity today, we would be happy to have you." J.B. asserts Coach Truppi repeatedly told the players he would replace them with freshman. J.B. was only permitted to play for thirty seconds in the game on the following day, unlike other games. J.B. felt punished.

The District no longer employs Coach Truppi. However, the District did retain Coach Truppi through at least November 2019 and the championship awards ceremony. Other allegations regarding another student led to a finding of HIB violations against Coach Truppi in or around October 2019.[1]

[1] Petitioner maintains the Board sustained one HIB, and for purposes of this motion, I viewed the facts in the light most favorable to petitioner. The Board did not address the nature of or the imposed consequences of other HIB violations and, arguably, cannot do so. See N.J.S.A. 47:1A-1.1 (information regarding grievances filed against a public employee are not public records); see also Family Educational Rights and Privacy Act, 20 U.S.C. 1232g, 34 C.F.R. Part 99 (a school district cannot release a student's personal identifying information absent specific exception). Yet, HIB violations against other students are not relevant to whether Coach Truppi bullied J.B.

At the time of the complaint, the District operated under an Anti-Bullying Policy (Policy) and had the appropriate personnel conduct HIB investigations to determine whether the alleged acts were a HIB violation.

Upon being notified of petitioner's complaint, Michael O'Malley, the lead counselor and NVRHS's Anti-Bullying Specialist, commenced a HIB investigation. O'Malley met with student witnesses, three coaches and reviewed written statements.

On Friday, October 18, 2019, O'Malley completed his investigation. On Monday, October 21, 2019, O'Malley issued his written report concluding that Coach Truppi's actions did not meet the definition of a HIB. Specifically, interviews and written statements were not "evidence to reasonably substantiate a distinguishing characteristic serving as motivation behind [Coach Truppi's] actions." (emphasis added). Thus, O'Malley noted that a key component to finding a HIB violation against J.B. was missing "despite there being evidence of substantial disruption due to the allegations."

O'Malley summarized the witness interviews as revealing consensus that Coach Truppi is "passionate" about "motivating his players to reach full potential as individuals and a team." However, at times, Coach Truppi was overly emotional, focusing "more on negatives than positives which can, at times, undermine the trust and confidence the players have in Coach Truppi as well as the team environment and culture." Yet, "there was also consensus among witnesses that Coach [Truppi] has not conducted himself in a manner different from the other coaches the players have played for in the past." Further, "there was growth in these areas" [of concern] throughout the three years of Coach [Truppi's] tenure leading up to the present."

The Superintendent prepared a report noting that no HIB occurred against J.B. The Board met and accepted that conclusion.

On October 31, 2019, the Board mailed the "NOT HIB" report to petitioner, noting the findings and identifying no imposition of discipline or penalty.

Petitioner challenged that determination, and on November 26, 2019, she and her son, J.B., appeared and provided testimony. Still, the Board denied the appeal affirming the finding that J.B. was not a target of HIB. However, the Board advised that it took appropriate measures to address the concerns raised.

The 2016 Annual Report of the New Jersey Anti-Bullying Task Force (ABTF)[2] recommended, in part, that the NJDOE provide guidance to assist practitioners in understanding the significance of power imbalance between adults and students in HIB. The Legislature established the ABTF to:

1. Provide guidance to school districts on available resources to assist in the implementation of the ABR.
2. Examine the implementation of the ABR.
3. Draft model regulations and submit them to the Commissioner of Education for use in promulgating regulations to implement provisions of the act.
4. Present any recommendations regarding the ABR deemed to be necessary and appropriate.
5. Prepare a report within 180 days of its organizational meeting and annually for the following three years on the effectiveness of the act in addressing bullying in schools.

The NJDOE's 2011 Guidance for Parents on ABRA[3] acknowledges that "students who appear to be intellectual or introverted" may be at greater risk for being bullied.

DISCUSSION AND CONCLUSIONS OF LAW

Summary-Decision Standard

A party may move for summary decision upon all or any of the substantive issues in a contested case. N.J.A.C. 1:1-12.5(a). The motion shall be served with briefs, with or without affidavits. When the filed papers and discovery, together with any affidavits, show that no genuine issue of material fact exists and that the moving party is entitled to prevail as a matter of law, the judge may grant the motion. N.J.A.C. 1:1-12.5(b). When such a motion is made and supported, an adverse party, to prevail, must submit an affidavit setting forth specific facts showing that a genuine issue of material fact exists that can only be determined in an evidentiary proceeding. Ibid.

Even though a statute calls for a "hearing," where a motion for summary decision is made and supported by documentary evidence and where the objector submits no evidence to demonstrate that a genuine issue of material fact exists, the motion procedure constitutes the hearing and no trial-type hearing is necessary. Contini v. Newark Bd. of Educ., 286 N.J. Super. 106, 120–21 (App. Div. 1995), certif. denied, 145 N.J. 372 (1996). Disputes as to the conclusions drawn from the facts, as opposed to disagreements regarding the facts themselves, will not defeat a motion for summary judgment. Lima & Sons, Inc. v. Borough of Ramsey, 269 N.J. Super. 469, 478 (App. Div. 1994)).

To determine whether a genuine issue of material fact exists that precludes summary judgment, the motion judge must consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to demonstrate that the moving party is entitled to a judgment as a matter of law. Brill v. Guardian Life Ins., 142 N.J. 520, 540 (1995).

Moreover, even if the non-movant comes forward with some evidence, the court must grant summary judgment if the evidence is "so one-sided that [the movant] must

prevail as a matter of law." Ibid. at 536 (citation omitted). If the non-moving party's evidence is "merely colorable or is not significantly probative," the judge should not deny summary judgment. Bowles v. City of Camden, 993 F. Supp. 255, 261 (D.N.J. 1998).

The questions presented are whether the petitioner has standing, whether the case is moot, and if there is standing and the issue is not moot, whether the Board's "No HIB' determination was arbitrary, capricious, or unreasonable. Petitioner also asserts that this tribunal must determine whether the District failed to follow the 2016 ABTF report recommendations. In this case, no genuine issue as to the material facts exists. More pointedly, no genuine issue exists that petitioner is the parent of J.B. and has a power of attorney from J.B., that J.B. is now eighteen years of age, and graduated from NVHRS in June 2020. Moreover, the District no longer employs the coach accused of committing a HIB against J.B., and the District found other HIB violations against Coach Truppi concerning other students. J.B. took honor and A.P. classes while attending NVHRS and pursued college. Since these facts are clear and undisputed, I **CONCLUDE** that this case is ripe for summary decision.

Standing

A party must have standing to have the "ability or entitlement to maintain an action before the court." In re Baby T., 160 N.J. 332, 340 (N.J.,1999). Standing is "a threshold justiciability determination whether the litigant is entitled to initiate and maintain an action before a court or other tribunal." In re Six Month Extension of N.J.A.C. 5:91-1 et seq., 372 N.J. Super 61, 85 (App. Div. 2004).

New Jersey Courts set a relatively low threshold for standing that is more expansive than in the federal courts. In re Six Month Extension of N.J.A.C. 5:91-1 et seq., 372 N.J. Super. at 85. Standing is even more liberal within the State's administrative system. Steven L. Lefelt, Anthony Miragliotta, & Patricia Prunty, 37 New Jersey Practice, Administrative Law and Practice § 7.4, (rev. 2d ed. 2000); see Osborne v. Township of Lakewood Board of Education, EDU 6348-02, Initial Decision (May 16, 2003), modified,

Comm'r. (August 26, 2003), http://njlaw.rutgers.edu/collections/oal (finding petitioner demonstrated a sufficient stake in the outcome of the proceedings to confer standing to pursue his claims).

Moreover, ABRA contemplates that a parent or guardian is involved in the HIB investigation process and disputes regarding a HIB determination. Specifically, parents or guardians are entitled to information about the investigation after the school district reports its investigation results to the board. N.J.S.A. 18A:37-15(b)(6)(d). The parent or guardian may then request a hearing before the board. Id. After the board determines whether to affirm, reject, or modify the superintendent's decision, parents or guardians may appeal the board's decision to the Commissioner of Education, under procedures outlined in law and regulation, "no later than 90 days after issuance of the board's decision." N.J.S.A. 18A:37-15(b)(6)(e).

Notably, when petitioner filed the case for J.B., her son was not eighteen years of age and enrolled in NVHRS. Petitioner asserts deficiencies in the investigation process and District's failure to consider her son's distinguishing characteristics in its determination through the "lens [of the] power imbalance" between the coach and her son.

Respondent primarily relies upon A.B. o/b/o/ E.R. v. Paterson Bd. of Educ. and Passaic County Technical Institute, EDS 16337-16, Final Decision (July 10, 2018), http://njlaw.rutgers.edu/collections/oal/, to support its position. In concluding that A.B. did not have standing for her eighteen-year-old son, E.R., the ALJ noted that A.B. would not have standing "unless she has in her position (sic) a transfer of those rights to her. A.B. has submitted no such evidence in response to his (sic) motion or this proceeding. E.R.'s interests, in this case, may very well differ from those of his mother." Here, J.B. testified at the Board hearing disputing the determination that Coach Truppi committed no HIB violation against him and took significant steps to provide his mother J.B. with all powers necessary to litigate this case.

Similarly, respondent relies upon I.C.W. o/b/o J.W. v. Board of Education of The Borough of Mountain Lakes, Morris County, EDU 05838-11, Comm'r Decision 432-11 (October 14, 2014), http://njlaw.rutgers.edu/collections/oal/. In I.C.W., the Commissioner concurred that where a parent files a matter for their minor child who turns eighteen before the case concludes, the ALJ can afford the now 18-year-old adult the option to file a Certificate of Substitution or appear before the ALJ. Such an appearance would inform the ALJ that he/she would like his parents to proceed as his agents on his/her behalf. Further, a signed statement by the child was not enough. Here, the District did not challenge standing until the motion for summary decision making those options unavailable to date. Moreover, J.B. presents a notarized power of attorney specific to this case, endeavoring to provide his mother all powers and authority to act in his name. J.B. participated at the Board hearing, evidencing his disagreement with the Board's determination and that his interests are not different from those of his mother. Therefore, I **CONCLUDE** that petitioner, J.B.'s mother, has standing in this case and for purposes of this motion.

Mootness

An action is moot when it no longer presents a justiciable controversy because the issues raised have become academic. For judicial economy and restraint, it is appropriate to refrain from decision-making when an issue presented is hypothetical, when judgment cannot grant effective relief, or the parties do not have concrete adversity of interest. Anderson v. Sills, 143 N.J. Super 432, 437 (Ch. Div. 1976); Fox v. Twp. of E. Brunswick Bd. of Educ., EDU 10067-98, Initial Decision (March 19, 1999), aff'd, Comm'r (May 3, 1999),; https://njlaw.rutgers.edu/collections/oal/ S.J. v. Bd. of Educ. of Mountain Lakes, EDU 07081-03, Initial Decision (October 7, 2003), aff'd, Comm'r (Nov. 17, 2003), aff'd, St. Bd. (Feb. 3, 2004). https://njlaw.rutgers.edu/collections/oal/.

In R.S. o/b/o G.M. v. State-Operated School District of the City of Paterson, Comm'r Decision 17-17, (January 13, 2017), https://njlaw.rutgers.edu/collections/oal/, the Commissioner determined that a student's graduation from school does not make the

issue hypothetical. Petitioner challenged the HIB investigation on behalf of her minor child and sought to reverse the District's finding. Indeed, as here, "the challenge to the District's finding that the alleged conduct did not rise to the level of harassment or bullying" remained. See also, J.M. o/b/o T.M. v. Board of Education of the Town of Tinton Falls, Monmouth County, Comm'r Decision No. 39-14, (January 23, 2014), https://www.nj.gov/education/legal/commissioner/ (finding that although the district no longer employed the coach accused of HIB conduct, petitioner's request for a determination that the coach committed acts of HIB was not moot).

Similarly, in M.D.G. ex rel. C.J. v. Board of Education of Atlantic City, EDU 6450-04, Initial Decision (April 27, 2005), adopted, Comm'r (May 26, 2005), https://njlaw.rutgers.edu/collections/oal/, the ALJ concluded that a school board violated the HIB statute in failing to investigate an incident of bullying properly. During the appeal, the student was withdrawn from the school and enrolled in another school within the same district. While the ALJ noted that "there is no immediate remedy readily available to [the bullied student]," he ordered the board to comply with ABRA by "conducting staff in-service programs" to assure that district's students "will be protected from harassment, intimidation or bullying in the future."

Although the District does not employ Coach Truppi and J.B. graduated for NVRHS, these facts do not make the case moot. Whether petitioner's son has graduated from the District is not relevant to the issue of whether the alleged conduct constituted HIB or whether the District followed NJDOE guidelines for HIB determinations. Therefore, I **CONCLUDE** the issues, in this case, are not moot.

ABRA

The Legislature designed ABRA "to strengthen the standards and procedures for preventing, reporting, investigating, and responding to incidents of harassment, intimidation, and bullying of students that occur in school and off school premises." N.J.S.A. 18A:37-13.1(f).

Under the ABRA, "harassment, intimidation or bullying" (HIB) is defined as:

> "Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of P.L.2010, c.122 (C.18A:37-15.3), that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:
>
> a. a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property;
>
> b. has the effect of insulting or demeaning any student or group of students; or
>
> c. creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.
>
> [N.J.S.A. 18A:37-14]

As such, an incident must satisfy all four separate elements to meet the definition of HIB under the ABRA. ABRA protects against HIBs directed at students regardless if "such conduct emanates from students, teachers, or school administrators." DeFalco v.

Bd. of Educ. of the Twp. of Hamilton, Mercer County, EDU 2365-18, Initial Decision (June 25, 2019), adopted, Comm'r (July 26, 2019).

Each school district must adopt a HIB policy that meets minimum statutory requirements but generally has "control over the content of the policy." N.J.S.A. 18A:37-15(a) and (b). The statutory requirements for a HIB policy include "a procedure for prompt investigation of reports of violations and complaints." N.J.S.A. 18A:37-15(b)(6).

Under this procedure, "the investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident and shall be conducted by a school anti-bullying specialist," and "[t]he investigation shall be completed as soon as possible, but not later than 10 school days from the date of the written report of the incident of [HIB]." N.J.S.A. 18A:37-15(b)(6)(a). The school anti-bullying specialist reports the investigation results to the superintendent who, in turn, must reports the results to the board of education "no later than the date of the board of education meeting next following the completion of the investigation, along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the superintendent." N.J.S.A. 18A:37-15(b)(6)(b) and (c).

If parents request and participate in a hearing before the board, the board must issue a decision at the first meeting after its receipt of the investigation report. N.J.S.A. 18A:37-15(b)(6)(e). The board may affirm, reject, or modify the superintendent's decision. Ibid. A parent or guardian may appeal the board's decision to the Commissioner. Ibid.

Petitioner bears the burden of proof by a preponderance of the credible. Atkinson v. Parsekian, 37 N.J. 143, 149 (1962); DYFS v. M.R., 314 N.J. Super. 390, 414 (App. Div. 1998); In re Allegations of Sexual Abuse at E. Park High Sch., 314 N.J. Super. 149, 168 (App. Div. 1998). This tribunal must decide in favor of the party on whose side the weight of the evidence preponderates, and according to a reasonable probability of truth. Jackson v. Del., Lackawanna and W. R.R., 111 N.J.L. 487, 490 (E.&A. 1933). Evidence is said to preponderate "if it establishes 'the reasonable probability of the fact.'" Jaeger v.

Elizabethtown Consol. Gas Co., 124 N.J.L. 420, 423 (Sup. Ct. 1940) (citation omitted). The evidence must "be such as to lead a reasonably cautious mind to the given conclusion." Bornstein v. Metro. Bottling Co., 26 N.J. 263, 275 (1958).

Significantly, an action by a board of education "is entitled to a presumption of correctness and will not be upset unless there is an affirmative showing that such decision was arbitrary, capricious, or unreasonable." Thomas v. Morris Twp. Bd. of Educ., 89 N.J. Super. 327, 332 (App. Div. 1965). The Commissioner will not substitute his judgment for that of the board of education, whose exercise of its discretion may not be disturbed unless shown to be "patently arbitrary, without rational basis or induced by improper motives." Kopera v. W. Orange Bd. of Educ., 60 N.J. Super. 288, 294 (App. Div. 1960). Indeed, the Commissioner will not overturn a local board's decision in the absence of a finding that the action below was arbitrary, capricious, or unreasonable. T.B.M. v. Moorestown Bd. of Educ., EDU 2780-07, Initial Decision (February 6, 2008), http://njlaw.rutgers.edu/collections/oal/ (citing Thomas v. Morris Twp. Bd. of Educ., 89 N.J. Super. 327, 332 (App. Div. 1965), aff'd, 46 N.J. 581(1966)).

Our courts have held that "[w]here there is room for two opinions, action is not arbitrary or capricious when exercised honestly and upon due consideration, even though it may be believed that an erroneous conclusion has been reached." Bayshore Sewage Co. v. Dep't of Envtl. Prot., 122 N.J. Super. 184, 199–200 (Ch. Div. 1973), aff'd, 131 N.J. Super. 37 (App. Div. 1974). Thus, to prevail, the petitioner must demonstrate that the Board "acted in bad faith, or utter disregard of the circumstances before it." G.H. & E.H. ex rel. K.H. v. Bd. of Educ. of Franklin Lakes, EDU 13204-13, Initial Decision (February 24, 2014), (citation omitted), adopted, Comm'r (April 10, 2014), www.njlaw.rutgers.edu/collections/oal/.

O'Malley, who has no stake in finding HIB, conducted a thorough investigation but concluded that bullying was unsubstantiated against J.B. The superintendent recommended this finding to the Board. J.B. and his parents appealed, and the Board afforded a hearing but affirmed the conclusion that no HIB occurred. Thus, the Board

argues that it correctly followed all necessary procedures and determined that the conduct described and investigated did not rise to a HIB.

Initially, to satisfy the statutory definition of HIB, the conduct must be "reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic." N.J.S.A. 18A:37-14 (emphasis added). Yet, "[t]he statute has not limited 'distinguishing characteristic' to those specifically enumerated, but it has consistently required such a perceived motivation." K.L. v. Evesham Twp. Bd. of Educ., 423 N.J. Super. 337, 351 (App. Div. 2011). "The Legislature intentionally included a very open-ended phrase, 'any other distinguishing characteristic,' to signal that the Act would apply to a broad, unlimited range of distinguishing characteristics, so long as the distinguishing characteristic motivated the bully to harass the targeted student." L.P. and H.P. ex rel. L.P., EDU 04462-16, Initial Decision (June 10, 2016), adopted, Comm'r (July 25, 2016), http://njlaw.rutgers.edu/collections/oal/.

As the court reiterated in Evesham, the offending conduct must be motivated by a distinguishing characteristic for purposes of HIB. However, the statutory definition of HIB "does not include all violent or aggressive conduct against a student," but it has consistently required that the perceived motivation be a distinguishing characteristic. Id. at 350–51. The court also provided a summation of what does not constitute HIB:

> Thus, harmful or demeaning conduct motivated only by another reason, for example, a dispute about relationships or personal belongings, or aggressive conduct without identifiable motivation, does not come within the statutory definition of bullying.
>
> [Id. at 351.]

The category "any other distinguishing characteristic" has been interpreted to include a variety of traits. For example, appearance and body type may be "distinguishing

characteristics" under the HIB statute. See R.G.B. v. Village of Ridgewood Board of Education, EDU 14213-12, Initial Decision (May 15, 2013), adopted, Comm'r (June 24, 2013), http://njlaw.rutgers.edu/collections/oal/ (finding a HIB violation occurred when a student called another student a "horse" and a "fat-ass" because it was reasonable to perceive those comments as motivated by the "distinguishing characteristic" of appearance or body-type). Similarly, in C.C. ex rel. S.C. v. Board of Education of Jefferson, EDU 10872-14, Initial Decision (April 6, 2015), http://njlaw.rutgers.edu/collections/oal/, adopted, Comm'r (May 12, 2015), http://www.nj.gov/education/legal/, a student's comments that another student was "short" and "sucks at basketball" constituted HIB because it was reasonable to perceive those comments as motivated by the "distinguishing characteristic[s]" of height and sports proficiency.

Still, a "distinguishing characteristic" must be the motivation for the alleged bullying, even when the alleged bully is a teacher, coach, or staff member. In M.R. ex rel. M.R. v. Bd. of Educ. of the Ramapo Indian Hills Regional Sch. Distr., EDU 05308- 16, Initial Decision (November 7, 2016), modified in part, Comm'r (December 21, 2016), http://njlaw.rutgers.edu/collections/oal/, a parent alleged that his daughter and three other cheerleaders were bullied by their cheerleading coach. The alleged HIB stemmed from an incident in which the cheerleader sent a text message to her coach stating that she would be unable to attend the night's basketball game because she had other plans. In turn, the coach responded with a "strong bullying tone" informing her that she and any other cheerleader who missed the game would be off the team. The HIB investigation concluded that the coach did not engage in HIB against the cheerleader, and the board affirmed the findings. Importantly, no evidence supported that the coach's alleged actions' motivation was a distinguishing characteristic of the cheerleader.

Petitioner maintains that the question here is not whether the Board acted in an arbitrary, capricious, unreasonable manner. Instead, petitioner asserts the central issue is that the District did not follow the 2016 Annual Report of the New Jersey Anti-Bullying Task Force (ABTF). Specifically, petitioner contends that the 2016 ABTF reiterated

conclusions of the 2014 ABTF that addressed the broadness of the term "any other distinguishing characteristic" noting,

> By adding, 'any other distinguishing characteristic,' the Legislature's intent was clearly not to limit HIB to an incident that takes place because the HIB target has one of the specified characteristics. By viewing alleged HIB incidents through the lens of power differential, practitioners will be better able to identify those distinguishing characteristics that are less obvious and emerge only when considering the relative positions of the aggressor and the target, in terms of popularity, social standing, social awkwardness, or other less tangible characteristics."
>
> [Ibid.]

No statutory amendment incorporated the ABTF recommendations or inclusion of language addressing an "imbalance of power" or similar terms. Indeed, the last revision to ABRA occurred in 2012. See P.L.2012, c.1[4].The NJDOE published no formal guidance for schools or practitioners relating to the 2016 ABTF recommendation and last issued "Guidance to Schools on Implementing ABRA"[5] in 2011.

Significantly, the alleged failure to follow recommendations of the ABTF does not provide a separate cause of action or an issue appealable to the Commissioner. Indeed, petitioner cites no Policy provision that is contrary to the law or that the Policy does not include all items required under the ABRA, as enacted. Notably, the Policy includes a HIB definition explaining that "bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance." (emphasis added). The Policy also defines HIB mirroring the ABRA as an incident or incidents "reasonably perceived as being motivated either by any actual or perceived characteristic" to include "distinguishing characteristics" not covered by delineated traits. Petitioner suggests the Policy does not have distinct repercussions for those staff members committing HIB violations and the uneven relationship between staff members and students is insufficiently covered. However, the

[4] https://www.njleg.state.nj.us/2012/Bills/PL12/1
[5] https://www.nj.gov/education/students/safety/behavior/hib/guidance.pdf

Policy includes all items required under N.J.S.A. 18A:37-15b, and identifies consequences for HIB violations. The Policy also advises staff members that "consequences and remedial action" could entail discipline. Thus, I **CONCLUDE** that failing to follow the ABTF does not provide a basis for appeal in this forum, and no evidence supports that the Policy fails to include required provisions.

Petitioner suggests that the investigator and the Board did not review the alleged HIB incidents "through the lens [of the] power differential." Further, the investigator was unable to identify those distinguishing characteristics of J.B. Had O'Malley followed the ABTF guidelines requiring him to view the "relative positions of the aggressor and the target," J.B.'s distinguishing characteristics would be evident.

Yet, O'Malley's report did not conclude that J.B. was not "committed to academics" or that he did not have a distinguishing characteristic worthy of protection. Instead, there was insufficient evidence that J.B. was the victim of an alleged HIB because he was committed to academics or intellectual. Under ABRA, the misconduct must be "reasonably perceived as being motivated either by any actual or perceived characteristic" to qualify as a HIB violation. N.J.S.A. 18A:37-14. (emphasis added).

A careful review of the incidents does not reveal that Coach Truppi targeted J.B. for his academic commitment. Undeniably, Coach Truppi felt the players should make the team and the team's success their most important responsibility and was aggressive in his tactics to motivate the team. He discouraged any player missing practices, "focused on the negatives," and this "undermine[d] the trust and confidence the players have in Coach Truppi as well as the team environment and culture." In other words, his questionable treatment of the players was largely universal. Still, since the incidents complained of do not support that Coach Truppi targeted J.B. because of his commitment to academics, I **CONCLUDE** that a preponderance of the evidence does not exist that Coach Truppi committed a HIB violation against J.B. Moreover, having determined that Coach Truppi did not commit a HIB against J.B., the Board was not required to impose discipline.

Petitioner also argues that J.B.'s status as a student might be considered a second "distinguishing characteristic" under ABRA. Petitioner suggests that as an adult coach, Coach Truppi was "in a position of power using his authority control to harass, haze, and bully a subordinate student under his care."

Yet, ABRA only applies to HIB committed against students; its intention is not to address HIB committed against adults. If status as a student alone were sufficient to substantiate an HIB finding, the additional requirement that the misconduct be motivated by a "distinguishing characteristic" would be superfluous. Undeniably, ABRA requires something more.

For example, in Elrhard v. Bd. of Educ. of the Hunterdon Central Regional Sch. Dist., EDU 00188-14, Initial Decision (September 28, 2017), adopted, Comm'r (December 21, 2017), http://njlaw.rutgers.edu/collections/oal/, the alleged acts by the baseball Coaches included "unfair playing time, favoritism, profanity, and being too hard on the players." Moreover, the Coaches purportedly threatened to demote the player to the junior-varsity team and guilted the player into coming to practice during a family vacation. Yet, there was no link between the alleged conduct and the distinguishing characteristic of weakness or meekness to demonstrate that the actions were motivated by said characteristic, as required under ABRA. The Commissioner also agreed that the distinguishing characteristic under ABRA must be more specific than merely the imbalance of power that exists by nature of the position of an adult teacher or Coach and the minor child. Indeed, not all aggressive, harmful, or demeaning conduct constitutes a HIB. Evesham, 423 N.J. Super. at 351. Thus, I **CONCLUDE** that J.B.'s status as a student alone is not a distinguishing characteristic under ABRA. Therefore, I **CONCLUDE** that the Board and District did not act in an arbitrary, capricious, or unreasonable manner in finding that no HIB occurred against J.B. and that, as a matter of law, summary judgment is appropriate in their favor.

ORDER

Given my findings of fact and conclusions of law, I **ORDER** that the District be **GRANTED** summary decision, and that the Petition of Appeal be **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

APPEARANCES:

For the Agency:
Hugo Ruiz, Esquire
Anita Pinkas, Director of Employee Relations
Department of Human Services
PO Box 700
Trenton, New Jersey 08625

For the Respondent:
Ragan Van Campen, Instructor
George Krevet, Esquire – CWA, Local 1037
738 South Delaware Drive
Mt. Bethel, Pennsylvania 18343

CONFIRMATION OF VALID SETTLEMENT

The record of this matter and the proposed settlement agreement and general release have been reviewed. Upon such review, I find that the proposed settlement is consistent with established standards governing settlement of tenure matters. *In re Cardonick*, decided by the Commissioner April 7, 1982, *aff'd* State Board April 6, 1983, 1990 *S.L.D.*

842, 846. The criteria and guidelines which this Arbitrator considered in evaluating this tenure settlement is in concurrence with New Jersey courts which have shown great favor upon voluntary resolution of litigation through settlement (also see Judson v. Peoples Bank & Trust Co., 25 NJ 17 (1957); Honeywell v. Bobb, 130 NJ Super 130 (App. Div. 1974)). Thus, a settlement in good faith will save not only money and time but also proof problems. Therefore, it is in the public interest to compromise and settle tenure litigation pursuant to Tenure Employees Hearing Law (NJSA,18A: 6-10 et Seq.). Accordingly, the settlement is hereby approved, and the tenure matter dismissed, subject to compliance with the terms of the settlement.

AFFIRMATION

I, Dr. Andrée McKissick, do hereby affirm that I am the individual described in and who executed this instrument, which is my Opinion and Award.

DATE: April 14, 2021

IN THE MATTER OF THE TENURE HEARING OF:

Ragan Van Campen, Instructor 12 Months,
Appellant

SETTLEMENT AGREEMENT

AND

Department of Human Services, (DHS)
Commission for the Blind and Visually Impaired,
Respondent

The parties in this appeal agree to voluntarily resolve all disputed matters and enter into the following Settlement Agreement, which fully disposes of all issues in controversy between them.

A. Appellant is a tenured instructor. The procedures to file tenure charges are pursuant to N.J.A.C. 10:11-1.8, and 6A:3-5.1 through 5.6.

B. Tenure charges dated October 8, 2020 and supporting documents were prepared and on October 16, 2020 served upon Appellant seeking reduction in salary for 30 days.

C. On November 9, 2020, the DHS Director of Employee Relations prepared a Certificate of Determination finding there was probable cause to credit the tenure charges filed against Appellant and further determined that the evidence in support of the charges is sufficient to warrant reduction in salary of 30 days.

D. On November 10, 2020 the Director of Employee Relations attempted to file the Certificate of Determination, the Filing of Tenure Charges, Affidavit in Support of Tenure Charges and the Certificate of Service, with the Commissioner of the Department of Education (DOE). Due to the closure of the building on this day, the charges were thereafter filed with the Commissioner on November 16, 2020.

E. On December 9, 2020 DOE acknowledged receipt of the certified tenure charges dated November 9, 2020.

F. On February 1, 2021 the DOE referred the charges to be heard by an arbitrator.

G. Appellant was charged under DHS Administrative Order 4:08: (B.1): Neglect of duty; (B.4): Failure or excessive delay in carrying out an order which would not result in danger to persons or property, (B.9) Incompetency or inefficiency; (C.9): Insubordination: intentional disobedience or refusal to accept reasonable order, assaulting or resisting authority, disrespect or use of insulting or

[illegible] and (6-1): Violation of a rule, regulation, policy, procedure, order or [illegible]

[illegible] Appeal with the DOE and request for a hearing, and Appellant and [illegible] following terms:

[illegible] listed in paragraph 4) above are sustained.

[illegible] the penalty of suspension of 30 days.

[illegible] that Appellant shall be required to only serve 15 days without pay of the [illegible] suspension. The remaining 15 days shall be satisfied as a record suspension.

[illegible] already served 6 days as of March 18, 2021 and will serve the remaining 9 [illegible] 25, 30, 31, April 6, 7, 8, 13, 2021.

[illegible] to further appeal the previous disciplinary suspension of three days [illegible] addressing performance issues.

[illegible] of the instant letter charges Appellant acknowledges she has continued to [illegible] deficiency. These deficiencies are enumerated in Appendix A and are incorporated [illegible] suspension of 30 days.

[illegible] prepared by Respondent as Appendix B, details expectations, [illegible] improvement goals, and timelines for Appellant to follow to achieve the [illegible] of performance. Appellant acknowledges she must meet the requirements [illegible] satisfactory performance.

[illegible] level employer, Appellant will be expected to work independently and [illegible] reporting requirements in a timely manner, subject to periodic monitoring by [illegible] work activities.

[illegible] agreement is a Last Chance Agreement. Appellant's compliance with all [illegible] and deadlines shall begin immediately and must be maintained. If any [illegible] Plan of Action is not met, or other performance deficiencies occur after [illegible] completion of the Plan of Action, removal will be sought by Respondent.

[illegible] Appellant, OIVI Human Resources will schedule Appellant for an [illegible] with the Employee Advisory Services (EAS). Appellant must attend this [illegible] all appointments as required by EAS. Failure to comply with the [illegible] of the EAS shall result in Respondent seeking Appellant's removal.

[illegible] an itinerant position, Appellant acknowledges she is required to travel to [illegible] locations.

acknowledges she will respond in a timely manner to scheduled meetings and [illegible] from supervisors, shall notify superiors in advance of cancellations and reschedule cancelled appointments promptly.

Agreement constitutes a final and complete resolution of the tenure charges in this [illegible] all issues in controversy between the parties.

[illegible] Respondent's personnel records to conform to the terms of the Settlement [illegible] records of the Respondent will be kept intact. Nothing herein shall [illegible] releasing information on this matter to anyone who has a release executed [illegible] with the DOE.

[illegible] claims against Respondent with regard to this matter including any award [illegible] or other monetary relief, except as may otherwise be provided herein.

[illegible] suits or actions, whether known, unknown, vested or contingent, civil, [illegible] in law or equity against the Respondent, its employees, agents, or assigns, [illegible] those which have been or could have been made or prosecuted on [illegible] of any party occurring at any time with respect to the events, information or [illegible] up to the date of this agreement, including, but not limited to, all [illegible] the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans [illegible] Family Leave Act, the Family and Medical Leave Act, the New Jersey [illegible] on the Equal Pay Act, the Conscientious Employee Protection Act, the [illegible] Employment Act, the LAD, the Civil Service Act, the Older Workers [illegible] Occupational Safety and Health Act, the Public Employees' [illegible] Health Act, the New Jersey Smoking Act, New Jersey wages and hours [illegible], unemployment compensation laws, disability benefits laws, the United [illegible] New Jersey Constitution, any workers' compensation or common law claims [illegible] implied. This waiver includes all claims involving any continuing [illegible] which occurred prior to the date of this Settlement Agreement and bars the [illegible] any past action or practice in any subsequent claims, except pending workers'

[illegible] of public and in the public interest because it imposes the desired [illegible] for a contested tenure hearing.

[illegible] in good faith. The parties have read the Agreement and freely and [illegible] of its terms.

12. If any provision of this Settlement Agreement is deemed unenforceable, the remainder of this Settlement Agreement shall be fully enforceable.

New Jersey Commissioner of Education

Final Decision

Nermin Messiha,

Petitioner,

v.

New Jersey State Board of Examiners,

Respondent.

Synopsis

Pro-se petitioner appealed the determination of the respondent – the State Board of Examiners (SBE) – that she had not met the requirements for issuance of a Teacher of Biological Services Certificate of Eligibility (CE). The SBE denied petitioner's application because she did not complete the Praxis II General Sciences: Content Knowledge test, as required by *N.J.A.C.* 6A:9B-8.3(a)(4). Additionally, as her application for the CE was not completed until after September 1, 2015, petitioner was also required to pass the basic skills assessment in accordance with *N.J.A.C.* 6A:9B-8.3(a)(5), which she failed to do. The SBE filed a motion for summary decision, which was opposed by petitioner.

The ALJ found, *inter alia*, that: there are no issues of material fact in this case, and the matter is ripe for summary decision; petitioner did not complete the required Praxis II General Sciences test prior to her application for the CE; and petitioner's failure to understand that this test was required does not release her from the obligation of passing the test to achieve certification. The ALJ concluded that petitioner has not met the requirements for the CE she seeks. Accordingly, summary decision was granted in favor of the SBE, and the petition was dismissed.

The Commissioner concurred with the findings and determination of the ALJ herein; additionally, the Commissioner noted, *inter alia*, that petitioner failed to complete the required basic skills assessment pursuant to *N.J.A.C.* 6A:9B-8.3(a)(5). Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter. The petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

89-21

OAL Dkt. No. EDU 08616-20
Agency Dkt. No. 160-7/20

New Jersey Commissioner of Education

Final Decision

Nermin Messiha,

Petitioner,

v.

New Jersey Department of Education,
State Board of Examiners,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed.[1] The parties did not file exceptions.

Upon such review, the Commissioner agrees with the Administrative Law Judge (ALJ) that the New Jersey State Board of Examiners did not act in an arbitrary, capricious, or unreasonable manner when it denied petitioner's application for a Teacher of Biological Services Certificate of Eligibility (CE). The Commissioner further concurs with the ALJ that petitioner did not meet the requirements for a CE because she failed to complete the Praxis II General Sciences: Content Knowledge test, as required by *N.J.A.C.* 6A:9B-8.3(a)(4). Additionally, as her application was not completed until after September 1, 2015, petitioner was also required to pass the basic skills assessment in accordance with *N.J.A.C.* 6A:9B-8.3(a)(5), which she did not do.[2]

[1] To the extent the Initial Decision indicates that respondent's motion for summary decision was filed as to "Count Two of the complaint," the Commissioner notes that the motion for summary decision was filed as to the entire petition.

[2] Subsequent to petitioner's application, she took the basic skills test on May 28, 2016, and passed the reading portion. Petitioner has not passed the writing and math portions of the Praxis I.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter, and the petition is hereby dismissed.

IT IS SO ORDERED.[3]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 16, 2021
Date of Mailing: April 16, 2021

[3] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 08616-20
AGENCY DKT. NO. 160/7 20

NERMIN MESSIAH.,
Petitioner,
v.
NJ DEPARTMENT OF EDUCATION
STATE BOARD OF EXAMINERS,
Respondent.

Nermin Messiah, pro se

David Kalisky, Deputy Attorney General, for Respondent, (Gurbir Grewald, Attorney General of New Jersey)

Record Closed: March 3, 2021 Decided: March 8, 2021

BEFORE: KIMBERLY A. MOSS, ALJ:

This mater having been opened to the Court by respondent, David Kalisky, Deputy Attorney General on a motion for summary decision which was received by the Office of Administrative Law (OAL) on February 24, 2021. Petitioner filed opposition to the motion on March 3, 2021.

By way of background, respondent alleges that petitioner did not comply with the requirements for obtaining a teaching certificate. Petitioner alleges that she complied with the requirements that were in effect at the time of her application.

The matter was transferred to the Office of Administrative Law for adjudication of the remaining counts, where it was filed as a contested matter on September 10, 2020.

FACTUAL DISCUSSION

Petitioner completed a web-based application with the Department of Teachers Certification Information System (TCIS) and paid the online application fee on August 17, 2015, for a Certificate of Eligibility in Biological Science. Her application was registered with TCIS and given a tracking number of 680838. Applicants who registered with TCIS in August 2015 would have had access to the most up-to-date and publicly available edition of "Appendix D" of the Department's "Technical Manual," which was last updated in June of 2015. Petitioner states that she was not sent an email attachment that included Appendix D of the Technical Manual. At that time Appendix D of the Technical Manual was at the web address www.state.nj.us/education/educators/license/1112.pdf.

Other requirements for obtaining a certificate of eligibility include submitting an official college transcript, a notarized oath of allegiance with the requested information filled out and taking the Praxis II in the subject assessment and specialty area test. If the application was completed after September 1, 2015, the applicant must pass the Praxis core academic skills for educators : Reading, Writing and Math, or score in the top one third on the SAT, ACT or GRE for the year that the test was taken.

Respondent states they received petitioners' transcripts on September 8, 2015. Petitioner states that she provided her transcripts to the department on two prior occasions. Petitioner admits that she did not submit a notarized authorization of allegiance until September 3, 2015. She denies that it did not have the name of the endorsement.

Respondent states that prior to September1, 2015, petitioner would have to pass two Praxis II tests- Biology content knowledge and General Science content knowledge. Petitioner passed the Praxis II Biology test. Petitioner states that she was not informed that she had to take and pass the Praxis II general science test. Petitioner did not take the Praxis II General Science test. Petitioner passed the Praxis II subject assessment test prior to September 1, 2015.

LEGAL ANALYSIS AND CONCLUSION

Respondent seeks to summarily decision on Count Two of the complaint. The rules governing motions for summary decision in an OAL matter are embodied N.J.A.C. 1:1-12.5. These provisions mirror the language of Rule 4:46-2 and the New Jersey Supreme Court's decision in Judson v. Peoples Bank and Trust Company of Westfield, 17 N.J. 67 (1954). Under N.J.A.C. 1:1-12.5(b), the determination to grant summary judgment should be based on the papers presented as well as any affidavits, which may have been filed with the application. In order for the adverse, i.e., the non-moving party to prevail in such an application, responding affidavits must be submitted showing that there is indeed a genuine issue of fact, which can only be determined in an evidentiary proceeding. The Court in Brill v. Guardian Life Insurance Company of America, 142 N.J. 520, 523 (1995), set the standard to be applied when deciding a motion for summary judgment. Therein the Court stated:

> The determination whether there exists a genuine issue with respect to a material fact challenged requires the Motion Judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party . . . are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party.

There is no genuine issue of material fact in this matter.

N.J.A.C. 6A: 9B-8.3(a) 4 provides:

> (a) Except as indicated in N.J.A.C. 6A:9B-8.8, 10, and 11, the candidate shall meet the following criteria to be eligible for a CE in instructional areas: 4. including, but not limited to, passing the appropriate State test(s) of subject matter knowledge and completing the required subject-area course requirements;

This regulation was last amended on May 15, 2006, nine years prior to petitioner's application.

Petitioner did complete the general science test before September 1, 2015. Petitioner believed that she would receive appendix D of the Technical Manual by email, but the manual was on the website. Petitioner not knowing that she had to take the general science test does not change that fact that it was required for her to pass that test to achieve the certification. Petitioner has not, as of now, taken the Praxis II General Science test.

N.J.A.C. 6A:9B-5.3(b) provides:

> The Board of Examiners shall issue the appropriate certificate upon the candidate's completion of all certification requirements in effect at the time the Office receives the application. Requirements include, but are not limited to, coursework, degree, tests, fees, GPA, and all certificate rules pursuant to N.J.A.C. 6A:9B-8 through 13. An application shall be deemed filed with the Office when it and all required supporting documentation has been received.

In the Summer of 2015, the required supporting documentation for a CE application consisted of several items, including, but not limited to the following:(1) the candidate's online web application; (2) the candidate's online application fee; (3) the candidate's completed and notarized Oath of Allegiance form; and (4) the candidate's official college transcripts. Petitioner admits that she did not provide the notarized oath of allegiance prior to September 1, 2015.

I **CONCLUDE** petitioner did not complete the requirements for a Certificate of Eligibility in Biological Science.

ORDER

Based on the foregoing, it is **ORDERED** that Respondent's motion for summary decision be and is hereby **GRANTED**. Petitioner did not comply with the requirements for obtaining a teaching certificate therefore her motion must be **DENIED**.

I hereby **FILE** this Initial Decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Re: *Board of Education of the Township of Brick, Ocean County v. New Jersey Natural Gas, Agency Docket No. 17-2/21*

Dear Counsel:

I have reviewed the Petition for Declaratory Ruling in the above-captioned matter, together with the respondent's answer to the petition.

Upon such review, I have determined to exercise my discretion to decline the request pursuant to *N.J.S.A.* 52:14B-8 and *N.J.A.C.* 6A:3-2.1(a)1, and instead direct that the matter shall proceed as a petition of appeal pursuant to *N.J.A.C.* 6A:3-1.1 *et seq*. Accordingly, petitioner's request for declaratory ruling is declined and this matter shall be transmitted to the Office of Administrative Law.

Sincerely,

Angelica Allen-McMillan, Ed.D.

New Jersey Commissioner of Education

Final Decision

Board of Education of the Village of Ridgefield Park, Bergen County,

Petitioner,

v.

Board of Education of the Borough of Little Ferry, Bergen County, and Frank R. Scarafile, Superintendent,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), the exceptions filed by respondent pursuant to *N.J.A.C.* 1:1-18.4, and petitioner's reply thereto, have been reviewed and considered.

This matter involves a sending-receiving relationship whereby students from Little Ferry attend Ridgefield Park High School. Historically, the tuition rate that the Ridgefield Park Board of Education charged the Little Ferry Board of Education was lower than the certified tuition rate based on Ridgefield Park's actual cost per pupil. However, in 2019, Ridgefield Park proposed a contract in which it reserved the right to charge the full certified tuition rate. When Little Ferry refused to sign the contract, Ridgefield Park appealed to the Commissioner. The Administrative Law Judge (ALJ) granted Ridgefield Park's motion for summary decision, finding that the plain language of the applicable statute gives the receiving district exclusive authority to insist on any amount up to the certified tuition rate. The ALJ noted

that Ridgefield Park's claim is further supported by the regulation that allows for tuition adjustments, through which the receiving district may charge the sending district for any shortfall between the estimated tuition rate set upon entering into the contract and the certified tuition rate that is calculated later. The ALJ rejected Little Ferry's argument that because the regulation does not require tuition adjustments, it contemplates negotiation of a lower rate, and concluded that the regulation does not deprive Ridgefield Park of its clear statutory right to demand the full certified tuition amount. Accordingly, the ALJ ordered that Ridgefield Park may demand the full certified tuition rate and directed Little Ferry to execute the proposed contract.[1] Finally, the ALJ denied Ridgefield Park's request for attorneys' fees, as the Commissioner has no jurisdiction to enter such an award.

In its exceptions, Little Ferry argues that the ALJ improperly determined that the matter was ripe for summary decision, because there are disputed issues of material fact regarding the accuracy and propriety of the methods and calculations Ridgefield Park used to determine the tuition rate. Little Ferry also contends that the statutory and regulatory language affords discretion to the parties to negotiate rates and does not indicate that the payment amount is to be unilaterally decided by the receiving district. Little Ferry states that it seeks the opportunity to engage with Ridgefield Park to negotiate a rate agreed upon by both parties.

In reply, Ridgefield Park argues that the sole issue before the Commissioner is a matter of statutory interpretation – whether Ridgefield Park has the discretion to charge a tuition rate up to the actual cost per pupil. Reiterating arguments set forth in its briefs below, as well as the conclusions reached by the ALJ in the Initial Decision, Ridgefield Park contends that while

[1] The ALJ noted that Ridgefield Park's right to demand the full certified tuition rate is statutory and exists regardless of the language of the contract.

negotiations between the districts are permitted, they are not required, and the ultimate authority to set a rate when the parties cannot reach an agreement lies with the receiving district.

Upon review, the Commissioner concurs with the ALJ that this matter is ripe for summary decision. The relief sought in the petition of appeal pertains to Ridgefield Park's ability to demand the full certified tuition rate and to require Little Ferry to enter into a contract providing for payment of that rate. The calculation of the rate itself is not at issue in the petition of appeal. Should Little Ferry wish to contest the calculation of the certified tuition rate, it is free to file its own petition of appeal, but that issue is outside the scope of the matter now before the Commissioner. The only issue before the Commissioner is whether Ridgefield Park may demand for the full certified tuition rate, which is a legal question appropriate for resolution by summary decision.

The Commissioner also concurs with the ALJ that Ridgefield Park may charge the full certified tuition rate. *N.J.S.A.* 18A:28-19 provides that the receiving district "shall determine" the tuition rate. As the ALJ correctly concluded, the plain language of the statute gives the receiving district – Ridgefield Park – the discretion to set the tuition at any amount, with the only limitation being that it cannot exceed the certified tuition rate. While nothing in the statues or regulations precludes negotiations between the parties, and the receiving district is free to accept a tuition rate lower than the full certified tuition rate, the statutory language clearly provides for a specific outcome in the event that the receiving district does not wish to negotiate, or negotiations are unsuccessful. In those circumstances, the receiving district is permitted to set the tuition rate, as long as it is not more than the certified tuition rate.

Accordingly, the Initial Decision is affirmed, and Ridgefield Park's motion for summary decision is granted. Ridgefield Park may determine the tuition rate between the parties, as long as it does not exceed the actual per pupil cost as determined by the applicable

statutes and regulations. Little Ferry is ordered to execute the contract proposed by Ridgefield Park for the 2019-2020 and 2020-2021 school years. Ridgefield Park's request for attorneys' fees is denied.

IT IS SO ORDERED.[2]

INITIAL DECISION

SUMMARY DECISION

OAL DKT. NO. EDU 07868-20

AGENCY DKT. NO. 165-8/20

BOARD OF EDUCATION OF THE VILLAGE OF RIDGEFIELD PARK, BERGEN COUNTY,

Petitioner,

v.

BOARD OF EDUCATION OF THE BOROUGH OF LITTLE FERRY, BERGEN COUNTY, AND FRANK R. SCARAFILE, SUPERINTENDENT,

Respondents.

Kerri A. Wright, Esq., for petitioner (Porzio, Bromberg and Newman, attorneys)

John G. Geppert, Jr. Esq., for respondent (Scarinci Hollenbeck, attorneys)

Record Closed: February 12, 2021 Decided: March 8, 2021

BEFORE **ELLEN S. BASS**, Acting Director & Chief ALJ:

STATEMENT OF THE CASE

Petitioner, the Ridgefield Park Board of Education ("Ridgefield Park"), seeks an order compelling respondent, Little Ferry Board of Education ("Little Ferry"), to execute a sending-receiving contract which reserves to Ridgefield Park the right to demand

tuition in the full amount of the certified per pupil cost, as defined by statute and regulation. N.J.S.A. 18A:38-19; N.J.A.C. 6A:23A-1.1, et. seq. Little Ferry responds that that the tuition rate is negotiable; that the new contractual language is inconsistent with the parties' past practice; and that it is financially untenable for its school district.

PROCEDURAL HISTORY

A petition of appeal was filed by Ridgefield Park with the Commissioner of Education ("the Commissioner") on August 7, 2020. An answer was filed by Little Ferry and the matter was transmitted to the Office of Administrative Law ("OAL") as a contested case on August 21, 2020. Ridgefield Park filed a Motion for Summary Decision on December 9, 2020, and Opposition to the Motion was filed by Little Ferry on January 29, 2021. Ridgefield Park replied to the Opposition on February 12, 2021, and the record closed.[1]

ISSUE PRESENTED

Can a receiving district, in its sole discretion, set the tuition amount charged to a sending district, and can that tuition be in an amount up to and including the certified per pupil cost as calculated in accordance with applicable law and regulations? If so, can Ridgefield Park compel Little Ferry to execute a sending-receiving agreement that so provides?

FINDINGS OF FACT

The submissions of the parties reveal that the salient facts are not in dispute. I **FIND**:

[1] Via letters dated February 18, 2021, and February 26, 2021, Little Ferry advised that it had retained an accountant who had reviewed documents obtained via an Open Public Records ("OPRA") request. That accountant, via certification, raised questions regarding the validity of the certified tuition rate. Counsel for Ridgefield Park has objected to these late submissions and challenges their relevance. As will be more fully addressed below, I agree that these submissions are not pertinent to the issue presented by the pleadings.

Pursuant to a longstanding sending-receiving relationship, Little Ferry students attend Ridgefield Park High School on a tuition basis. The tuition amount is calculated in accordance with a regulatory formula. Actual audited expenditures and average daily enrollment numbers are not available until the school year has concluded, so the tuition to be paid is calculated and adjusted over a three-year period. In year one of the cycle, Little Ferry provides Ridgefield Park with the estimated number of Little Ferry students who will attend Ridgefield Park High School the following year, and Ridgefield Park provides an estimated tuition amount. Little Ferry includes this amount in its budget in year two and pays Ridgefield Park based on this estimated amount during that year. During year three, the Department of Education reviews Ridgefield Park's audited financials and issues "certified tuition rates," which represent the actual cost per student in year two. If the amount certified by the Department differs from the amount Ridgefield provided as an estimate in year one, any deficits or credits are trued-up by the districts in year three. This cycle is intended to ensure that Little Ferry pays tuition based on the actual number of students received and based on Ridgefield Park's actual audited expenditures. This three-year cycle repeats on a rolling basis.

The two Boards are parties to a formal written sending-receiving agreement which historically has provided for a tuition rate less than the certified rate yielded by the regulatory formula. For example, the certified rate exceeded the parties' contractual rate by $309,626 in 2014; $332,593 in 2015; $589,723 in 2016; $194,786 in 2017 and $277,373 in 2018. It is uncontroverted that Ridgefield Park did not attempt to recoup the difference in the past. But in the spring of 2019, Ridgefield Park presented Little Ferry with a contract that now provided for tuition adjustments, and that reserved Ridgefield Park's right to demand the full certified tuition amount. Little Ferry refused to execute the agreement, and this dispute ensued.

On October 11, 2019, the parties met with the Interim Executive Bergen County Superintendent of Schools to mediate their dispute. Adjustments to the tuition paid for both the 2016-2017 and the 2019-2020 school years were discussed, but the parties were unable to reach an accord. On February 13, 2020, the County Superintendent advised Little Ferry that it owed Ridgefield Park the sum of $251,542 for the 2016-2017 school year. He moreover advised that Little Ferry "must sign the 2019-2020 tuition

contract and reimburse Ridgefield Park for any corresponding tuition adjustments." Ongoing efforts were made to reach an accord, to include discussion of a payment plan for back tuition. As a result of these efforts, the adjustment for the 2016-2017 school year has been paid. And Little Ferry has agreed to pay the certified tuition rate for the 2020-2021 school year but continues to refuse to sign the proposed sending-receiving agreements for the 2019-2020 and 2020-2021 school years.

Both Boards state that they are in precarious financial situations, with Ridgefield Park asserting that a signed contract is its only assurance that the moneys expected from Little Ferry will be paid. Little Ferry does not contest the facts set forth in the petition, but rather, vigorously urges that it simply cannot afford the tuition adjustment sought by Ridgefield Park. Little Ferry moreover points out that in the past, the two Boards have cooperatively agreed to tuition charges, and have negotiated caps on tuition adjustments. And it urges that financial mismanagement by Ridgefield Park has resulted in the astronomical tuition increases which are presently at issue, and which Little Ferry can ill afford. Little Ferry asserts in its Opposition to the Motion, for the first time, that the tuition rate has been improperly calculated and that there has been a lack of transparency by Ridgefield Park relative to how that tuition rate was calculated.

But the accuracy of the certified tuition amount is an issue raised nowhere in the pleadings. And neither the financial situation of each of these Boards, nor the history of their past efforts to agree on a tuition amount are pertinent to the narrow issue presented; that is, whether the law permits Ridgefield Park to demand the full certified tuition amount. Suffice it say, however, and I **FIND**, that Ridgefield will struggle to meet its fiscal demands without the amount of tuition it seeks. And I further **FIND** that Little Ferry has fiscal constraints of its own that have prompted it to protest payment of the full tuition amount.

CONCLUSIONS OF LAW

N.J.A.C. 1:1-12.5(b) provides that summary decision should be rendered "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving

party is entitled to prevail as a matter of law." Our regulation mirrors R. 4:46-2(c), which provides that "[t]he judgment or order sought shall be rendered forthwith if the pleadings, depositions, answers to interrogatories and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to a judgment or order as a matter of law."

A determination whether a genuine issue of material fact exists that precludes summary decision requires the judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party. Our courts have long held that "if the opposing party . . . offers . . . only facts which are immaterial or of an insubstantial nature, a mere scintilla, 'Fanciful, frivolous, gauzy or merely suspicious,' he will not be heard to complain if the court grants summary judgment." Brill v. Guardian Life Ins. Co. of Am., 142 N.J. 520, 529 (1995) (citing Judson v. Peoples Bank & Trust Co., 17 N.J. 67, 75 (1954)).

The "judge's function is not himself [or herself] to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial." Brill, 142 N.J. at 540 (citing Anderson v. Liberty Lobby, 477 U.S. 242, 249 (1986)). When the evidence "is so one-sided that one party must prevail as a matter of law," the trial court should not hesitate to grant summary judgment. Liberty Lobby, 477 U.S. at 252. I **CONCLUDE** that this matter is ripe for summary decision. The petition of appeal raises a purely legal question, one which asks that I determine whether the statutory and regulatory scheme affords Ridgefield Park the discretion to demand that Little Ferry pay the full certified tuition amount for the students it sends to Ridgefield Park High School. The affordability of that tuition is not at issue; nor it is pertinent that Ridgefield Park may sorely need the full tuition amount. The facts raised by Little Ferry in regard to the calculation of the certified tuition amount, while controverted, are a proverbial "red herring." [2] They are not material to the limited issue presented by the

[2] A claim that the certified tuition amount was improperly calculated could be brought by Little Ferry in a separate action. See also: N.J.A.C. 6A:23A-17.1(f)(5).

pleadings. I **CONCLUDE** that the law supports Ridgefield Park's demand for the full certified tuition, and that it is entitled to the relief it seeks.

N.J.A.C. 6A:23A-1.2 defines a sending-receiving relationship as "an agreement between two district boards of education, one of which does not have the facilities to educate in-district an entire grade(s) or provide an entire program(s), and as an alternative sends such students to a district board of education having such accommodations and pays tuition, pursuant to N.J.S.A. 18A:38-8 et seq." The calculation of tuition payments is governed by N.J.S.A. 18A:38-19, which provides as follows:

> Whenever the pupils of any school district are attending public school in another district, within or without the State, pursuant to this article [N.J.S.18A:38-8 through N.J.S.18A:38-24], the board of education of the receiving district **shall determine** a tuition rate to be paid by the board of education of the sending district to an amount not in excess of the actual cost per pupil as determined under rules prescribed by the commissioner and approved by the State board... (emphasis supplied).

Relying on the words "shall determine," Ridgefield Park urges that it may set any tuition amount, so long as that amount does not exceed the "actual cost per pupil." The "actual cost per pupil" is defined at N.J.A.C. 6A:23A-17.1(b) as "the local cost per student in average daily enrollment, based upon audited expenditures for that year for the purpose for which the tuition rate is being determined and consistent with the grade/program categories in N.J.S.A. 18A:7F-50 and 18A:7F-55..."

When interpreting a statute or regulation, our courts assume that the framers intended to ascribe to words their ordinary meaning. Jablonowska v. Suther, 195 N.J. 91, 105 (2008). The intent of a statute or regulation should be gleaned from a view of the whole and of every part of the statute, with the real intention prevailing over the literal sense of its terms. Schierstead v. City of Brigantine, 29 N.J. 220, 230 (1959). I **CONCLUDE** that the plain language of N.J.S.A. 18A:38-19 supports Ridgefield Park's view that it may insist on the full amount of tuition yielded by the regulatory scheme. The statute clearly and unequivocally indicates that the receiving district "shall" set the

tuition rate. It does not state that that the sending district has any power to dictate the amount of tuition to be paid.

Ridgefield Park's view is supported by the applicable regulations, which set forth an express procedure for the payment and calculation of tuition. N.J.A.C. 6A:23A-17.1(f) provides:

> The receiving district board of education and the sending district board of education shall establish by written contractual agreement a tentative tuition charge for budgetary purposes. Such tentative charge shall equal an amount not in excess of the receiving district board of education's "estimated cost per student" for the ensuing school year for the purpose or purposes for which tuition is being charged, multiplied by the "estimated average daily enrollment of students" expected to be received during the ensuing school year. Such written contract shall be on a form prepared by the Commissioner.

The districts must sign an agreement for the "ensuing school year," and the sending district must pay ten percent of the tentative tuition no later than the first of each month from September through June of the contract year." The agreement must specify that all adjustments resulting from a difference in cost of number of students will be made only during the second school year following the contract year. N.J.A.C. 6A:23-17.1(f)(3). The regulations anticipate a need to reconcile the estimated and certified amounts and provide that "[a]ll contracts must include a payment schedule for all adjustments that may be made." Ibid.

Once the Department of Education determines the actual cost per student, the receiving district may charge for any shortfall.[3] N.J.A.C. 6A:23-17.1(f)(7) provides as follows:

> If the Commissioner later determines that the tentative charge established by written contractual agreement, except for a contractual agreement for a student enrolled in a special education class, was less than the actual cost per student during the school year multiplied by the actual average daily enrollment received, the

[3] The regulations also allow the sending district to recoup an overpayment. N.J.A.C. 6A:23A-7.1(f)(6).

> receiving district board of education may charge the sending district board of education all or part of the amount owed by the sending district board of education, to be paid during the second school year following the school year for which the tentative charge was paid. Such adjustment for a contractual agreement for a student enrolled in a special education class shall be made no later than the end of the second school year following the contract year. The executive county superintendent of schools of the county in which the sending district board of education is located may approve the payment of the additional charge over another period, if the sending district board of education can demonstrate that payment during the second school year following the school year for which the tentative charge was paid would cause a hardship.(emphasis supplied)

Ridgefield Park asserts, persuasively so, that the regulation does not require that it demand the full actual cost per student; but it nonetheless grants it full discretion to do so. An administrative regulation is subject to the same canons of construction as a statute. In re N.J.A.C. 14A:20-1.1, 216 N.J. Super. 297, 306 (App. Div. 1987). A regulation should be "construed in accordance with the plain meaning of its language . . . and in a manner that makes sense when read in the context of the entire regulation." Medford Convalescent and Nursing Ctr. v. DMAHS, 218 N.J. Super. 1, 5 (App. Div. 1985). Here, the regulatory scheme envisions an adjustment of the estimated amount. N.J.A.C. 6A:23A-17.1(f)(6) and (7). And by stating that the receiving district "may charge all or part" of the difference between the estimated cost, the regulation plainly permits Ridgefield Park to choose to demand the full amount.

Little Ferry argues that the use of the word "may" in the regulations reflects that the parties may negotiate any tuition rate they like, and that both districts are equally empowered players in the negotiation process. Little Ferry urges that had the rule makers intended to give Ridgefield Park the authority it claims they would have used the word "shall." And since under N.J.S.A. 18A:38-19 the tentative charge is to be an amount "not in excess of" the certified rate, Little Ferry asserts that the law provides for an arm's length negotiated rate that would allow the parties to determine a lesser amount than the certified rate. These arguments are unpersuasive. The regulation is intended to give breath and meaning to N.J.S.A. 18A:38-19; in other words, to allow the regulated community to understand the mechanics of implementing the statute's requirements. And the statute could not be clearer. It provides that the receiving district

"shall" determine the tuition rate, thus vesting in Ridgefield Park the exclusive authority to forgive the difference between the estimated tuition rate and the certified rate, or not, in its sole discretion. The parties obviously negotiate the tentative rate. But these negotiations do not deprive Ridgefield Park of its clear right, ultimately, to demand the full certified tuition amount.

The prior agreements between the parties did not expressly confirm Ridgefield Park's right to the full tuition amount, but this fact offers Little Ferry no solace. It is well established that the statutory and regulatory scheme governs the sending-receiving relationship relative to tuition payments, and not the parties' contractual language. See: Mountainside Bd. of Educ. v. Berkeley Heights Bd. of Educ., Dkt. No. EDU 09700-06, Initial Decision (July 20, 2007), adopted, Comm'r (January 17, 2008), <http://njlaw.rutgers.edu/collections/oal/>. Indeed, the Commissioner of Education has broad powers to oversee sending-receiving agreements. Merchantville Bd. of Educ. v. Pennsauken and Haddon Bds. of Educ., 204 N.J. Super. 508 (App. Div. 1985). While the regulatory scheme demands execution of a formal agreement (N.J.A.C. 6A:23A-17.1(f)), any contractual language or past practice that is at odds with the regulations is unenforceable.

Finally, Little Ferry's reliance on N.J.S.A. 18A:38-8.1 is misplaced. This statute allows for sending district representation on the receiving district's board of education and permits its representative to participate in discussions on several delineated topics. But N.J.S.A. 18A:38-8.1 makes it clear that there would be insufficient representation to shift the balance of power in favor of the sending district. Little Ferry thus contends that, "sending districts are deprived of virtually any opportunity to voice any meaningful agreement or objection to decisions made by the receiving board that ultimately result in significant increases to certified tuition rates." But Little Ferry can meaningfully assert that the tuition rate is improperly calculated via the filing of its own petition before the Commissioner of Education.

In summary, I **CONCLUDE** that Ridgefield Park may seek the full certified tuition amount from Little Ferry. Since N.J.A.C. 6A:23A-17.1(f) requires the execution of a written contract, Little Ferry must execute a sending-receiving contract with Ridgefield

Park. Having determined that Ridgefield Park has the legal right to demand the full certified tuition amount once the tuition is reconciled in accordance with the regulatory formula, I **CONCLUDE** that the agreement may so provide. But importantly, Ridgefield Park has the right to full tuition regardless of the contractual language. Accordingly, deleting that language would in no way abrogate its rights.

Ridgefield Park demands that Little Ferry reimburse the attorney's fees it has expended in asserting its claims. It is well established that the Commissioner of Education is without jurisdiction to award attorneys' fees. See: Balsley v. North Hunterdon Reg. H.S. Bd. of Educ., 117 N.J. 434, 447 (1990) where the Court held that "[t]he specialized remedy of counsel fees is not one within the statutory authority of the Commissioner." Accordingly, I **CONCLUDE** that the request for attorney's fees must be denied.

ORDER

Based on the foregoing, it is **ORDERED** that Summary Decision is **GRANTED** in favor of Ridgefield Park. It is further **ORDERED** as follows:

1. Ridgefield Park may determine the tuition amount between the parties, so long as that amount is not more than the actual cost per pupil as determined by the statutory and regulatory scheme governing tuition payments in sending-receiving relationships.

2. Little Ferry is directed to execute the contract proposed by Ridgefield Park for 2019-2020 and 2020-2021 school years.

3. The demand for attorneys' fees is **DENIED**.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless

such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Final Decision

Mercer County Special Services Educational and Therapeutic Association,

Petitioners,

v.

Board of Education of the Mercer County Special Services School District, Mercer County, and Board of Education of the City of Trenton, Mercer County,

Respondent.

Synopsis

The petitioner – the Mercer County Special Services Education and Therapeutic Association (Association) – represents the interests of its member paraprofessionals who are employed by the respondent Board of Education of the Mercer County Special Services School District (MCSSSD) as individual aides for special education students sent to MCSSSD by the respondent Board of Education of the City of Trenton (Trenton). The petitioner alleged that layoffs of Association members by MCSSSD and Trenton during and as a result of the COVID-19 pandemic violated the New Jersey School Law, *N.J.S.A.* 18A:1-1 et. seq., and its accompanying regulations, *N.J.A.C.* 6A:1-1 et. seq. The Association filed its appeal with the Commissioner, arguing that the layoffs violated respondents' obligations to provide a free, appropriate public education (FAPE) to all students. The respondents filed motions to dismiss for lack of standing and jurisdiction.

The ALJ found, *inter alia,* that: the Association does not have standing to bring a claim seeking to enforce the rights of special education students under the Individuals with Disabilities Education Act (IDEA); further, neither the school laws nor the contract between MCSSSD and Trenton provide a basis for standing in this case; the Commissioner does not have jurisdiction here; the Association's members have no statutory or regulatory claim to their jobs, and though they may have a claim under their employment contracts with MCSSSD, the Commissioner has no jurisdiction over contractual disputes. Accordingly, the ALJ granted the respondents' motions to dismiss.

Upon review, the Commissioner concurred with the ALJ, for the reasons thoroughly expressed in the Initial Decision, that the Association lacks standing in this case and the Commissioner does not have jurisdiction over special education matters, which are under the sole purview of the Office of Special Education. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

OAL Dkt. No. EDU 10956-20
Agency Dkt. No. 212-10/20

New Jersey Commissioner of Education

Final Decision

Mercer County Special Services Educational and Therapeutic Association,

Petitioner,

v.

Board of Education of the Mercer County Special Services School District, Mercer County, and Board of Education of the City of Trenton, Mercer County,

Respondents.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4, and respondents' replies thereto have been reviewed and considered.

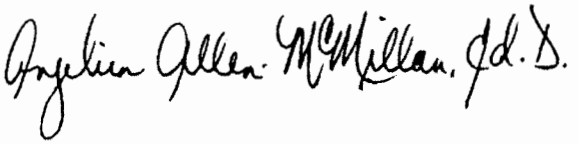
The Mercer County Special Services Educational and Therapeutic Association (Association) represents the interests of its member paraprofessionals, who are employed by the Mercer County Special Services School District (MCSSSD) as individual aides for special education students sent to MCSSSD by the Trenton Board of Education (Trenton), at Trenton's expense. In October 2020, Trenton notified MCSSSD that it would no longer pay for the cost of individual aides who were working with students remotely due to the COVID-19 pandemic. Approximately twenty-seven individual aides were laid off between October 11, 2020 and November 9, 2020, when they were reinstated. The Association appealed to the Commissioner, arguing that the layoffs violated respondents' obligations to provide a free, appropriate public education (FAPE) to all students. The Administrative Law Judge (ALJ) granted respondents' motions to dismiss, finding that the

Association does not have standing to bring a claim seeking to enforce the rights of special education students under the Individuals with Disabilities Education Act (IDEA), nor did the school laws or the contract between MCSSSD and Trenton provide a basis for standing. For similar reasons, the ALJ concluded that the Commissioner does not have jurisdiction in this matter. The ALJ further found that the Association's members have no statutory or regulatory claim to their jobs, and while they may have a claim under their employment contracts with MCSSSD, the Commissioner has no jurisdiction over contractual disputes.[1]

In its exceptions, the Association argues that by failing to follow students' Individualized Education Programs (IEPs), respondents violated the school laws, independent of whether they also violated the IDEA. According to the Association, the fact that the individual aides were laid off and lost pay makes this matter a controversy that is properly before the Commissioner. The Association contends that this matter does not require the Commissioner to make a substantive determination regarding whether individual students were provided with a FAPE or whether their educational needs were being met, but rather only requires a comparison of the student IEPs to the services that were actually provided, with the issue being whether the IEPs were followed.

In their replies, Trenton and MCSSSD reiterate arguments regarding standing and jurisdiction previously made in their motions to dismiss, and urge the Commissioner to affirm the Initial Decision.

Upon review, the Commissioner concurs with the ALJ, for the reasons thoroughly detailed in the Initial Decision, that the Association does not have standing and that the Commissioner does not have jurisdiction over this matter.[2] As the Association itself acknowledges in its exceptions, this matter requires a comparison of student IEPs to the services that were actually



[1] The ALJ did not reach the issue of whether the Association's claims were moot in light of new agreements entered into by MCSSSD and Trenton.

[2] The Commissioner does not reach respondents' arguments that the matter is moot.

provided, and the issue is whether the IEPs have been followed. Resolving matters involving the provision of special education services is one of the functions of the dispute resolution process of the Department of Education's Office of Special Education (OSE). *N.J.A.C.* 6A:14-2.7; *N.J.A.C.* 6A:14-9.2. Moreover, while the Association characterizes its claim as one made pursuant to *N.J.S.A.* 18A:6-30 of the school laws, which provides remedies for employees who are "illegally dismissed," it is clear that this, too, is actually a special education issue, because the only provisions cited by the Association for the alleged illegality of the layoff are special education regulations. In the absence of any claim arising under the school laws, the Commissioner has no jurisdiction to adjudicate a claim that respondents failed to follow student IEPs, because such review falls exclusively within the purview of the OSE. *See Long Beach Island Educ. Ass'n v. Bd. of Educ. of the Long Beach Island Consolidated Sch. Dist.*, Commissioner Decision No. 330-09 (decided October 13, 2009); *Trenton Educ. Ass'n v. Bd. of Educ. of the City of Trenton, Mercer Cty.*, Commissioner Decision No. 283-20 (decided December 14, 2020).

Accordingly, the Initial Decision is adopted as the final decision in this matter and the petition of appeal is hereby dismissed.

IT IS SO ORDERED.[3]

ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 23, 2021
Date of Mailing: April 27, 2021

[3] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

Walter R. Bliss, Jr., Esq., for respondent, Board of Education of the Mercer County Special Services School District, Mercer County (Law Offices of Walter R. Bliss, Jr., attorneys)

Elesia L. James, Assistant General Counsel, for respondent, Board of Education of the City of Trenton, Mercer County (James Rolle, Jr., General Counsel)

Record Closed: February 18, 2021 Decided: March 9, 2021

BEFORE **TRICIA M. CALIGUIRE,** ALJ:

STATEMENT OF CASE

Petitioner Mercer County Special Services Education and Therapeutic Association (Association) alleges that the layoffs of Association members during and as a result of the COVID-19 emergency by respondents, Board of Education of the Mercer County Special Services School District, Mercer County (MCSSSD), and Board of Education of the City of Trenton, Mercer County (Trenton), violated the New Jersey School Law, N.J.S.A. 18A:1-1 et. seq., and its accompanying regulations, N.J.A.C. 6A:1-1 et. seq.

PROCEDURAL HISTORY

On October 1, 2020, the Association filed a petition with the Commissioner of the New Jersey Department of Education pursuant to N.J.S.A 18A:6-9. On November 20, 2020, respondents filed motions to dismiss in lieu of answers. These motions were not decided by the Commissioner and were transmitted with the petition on November 24, 2020, to the Office of Administrative Law (OAL) for hearing as a contested case pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

By letter dated January 19, 2021, a briefing schedule was issued and on February 8, 2021, the Association responded to the motions to dismiss. On February 18, 2021, MCSSD and Trenton submitted reply briefs and the motions are now ripe for review.

FACTUAL DISCUSSION AND FINDINGS

Respondents' motions were filed in accordance with N.J.A.C. 6A:3-1.5(g), which permits the filing of a motion to dismiss in lieu of an answer. The New Jersey Supreme Court explained that the analysis required when considering a motion to dismiss is "whether a cause

of action is suggested by the facts." Velantzas v. Colgate-Palmolive Co., 109 N.J. 189, 192 (1988) (citations omitted). Further:

> Because the matter arises on defendants' motion to dismiss, [the court must] accept as true the facts alleged in the complaint. . . . Plaintiffs are entitled to every reasonable inference in their favor. A reviewing court must 'search the complaint in depth and with liberality to ascertain whether the fundament of a cause of action may be gleaned even from an obscure statement of claim. . . .'
>
> [Craig v. Suburban Cablevision, Inc., 140 N.J. 623, 625-26 (1995) (citations omitted); see also, Maeker v. Ross, 219 N.J. 565, 569 (2014).]

A motion to dismiss should only be granted in the rarest of instances. Printing Mart-Morristown v. Sharp Elecs. Corp., 116 N.J. 739, 772 (1989).[1] In reviewing the complaint, the question is not whether the petitioner can prove the allegations, but whether the facts alleged are sufficient to state a cause of action. Id. at 746. Accordingly, for the purposes of the motion, all facts alleged by the petition will be deemed admitted, and I **FIND** as follows:

1. The City of Trenton School District is a public school district with administrative offices at 108 North Clinton Avenue, Trenton, New Jersey.

2. MCSSSD is a receiving school district as provided at N.J.A.C. 6A:14-7.1, which provides special education (SE) and related services to students from local school districts, including Trenton.

3. The Association is a labor organization serving as the majority representative for employees of MCSSSD, including individual aides (or paraprofessionals).

4. Consistent with state and federal law, a local educational district must develop an individual education program (IEP) for each student in the district classified as eligible for SE and related services. For each SE student sent by Trenton to

[1] See also, F. G. v. MacDonell, 150 N.J. 550, 556 (1997) ("If a generous reading of the allegations merely suggests a cause of action, the complaint will withstand the motion.").

MCSSSD, Trenton is responsible for developing his or her IEP and paying the cost of that student's education (i.e., tuition to MCSSSD).

5. The IEPs of some of the SE students sent by Trenton to MCSSSD provide for individual aides to support such students on a one-to-one basis. This service is considered an "extraordinary service" and is billed by MCSSSD to Trenton separately and paid to MCSSSD by Trenton directly.

6. During the 2019-2020 and the 2020-2021 school years, due to the COVID-19 pandemic, MCSSSD provided educational services remotely to SE students, including students from Trenton.

7. Prior to October 9, 2020, Trenton notified MCSSSD that it would no longer pay for the cost of individual aides who were working with SE students remotely. MCSSSD notified the Association that it would lay off approximately twenty-seven individual aides, all of whom are represented by the Association.

8. The layoffs of individual aides became effective October 11, 2020, continuing while all instruction was provided on a remote basis. The individual aides were reinstated effective November 9, 2020.

9. Prior to November 9, 2020, MCSSSD and Trenton reached agreement on the retention of and payment for individual aides as specified in the IEPs of SE students, whether school is conducted remotely or in-person.

10. MCSSSD and Trenton reached agreement on payment of invoices for individual aides for the period of all-remote instruction from mid-March 2020, through October 11, 2020.

11. The Association claims that the above-described action by Trenton violates Trenton's obligation to provide all SE students with a free appropriate public education (FAPE).
12. The Association claims that the above-described action by MCSSSD violates the obligation of MCSSSD to provide all SE students with a FAPE.

13. In this matter, the Association asks the Commissioner:

    (a) for a declaration that Trenton and MCSSSD are required to follow the IEPs of SE students from Trenton;

    (b) to direct Trenton to pay the cost of individual aides who are assigned by MCSSSD to work remotely with SE students from Trenton;

    (c) to enjoin MCSSSD from laying off individual aides who are assigned by MCSSSD to SE students from Trenton in compliance with the IEPs of such students; and

    (d) to direct MCSSSD to reinstate with back pay, benefits and emoluments, all individual aides who were laid off as a result of Trenton's refusal to pay the cost of individual aides who were working with SE students remotely, and to direct Trenton to reimburse MCSSSD for the resulting costs.

LEGAL ANALYSIS AND CONCLUSION

Respondents contend that the petition must be dismissed for lack of standing, as the Association lacks standing to bring claims under the Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq. (IDEA), on behalf of any SE students, and the Association lacks standing to challenge or enforce the contract between MCSSSD and Trenton. Respondents further argue that the petition must be dismissed for lack of jurisdiction, as the Commissioner lacks jurisdiction to hear a claim based on the IDEA and/or to enforce the contract between MCSSSD and Trenton. Finally, respondents claim that the controversies raised by the petition are now moot.[2]

The Association responds that the motions for dismissal for lack of standing and jurisdiction must be denied as the Association does not bring this action under the IDEA but under the New Jersey School Law, N.J.S.A. 18A:1-1 et seq. (School Law), and the regulations promulgated thereto. The failure of respondents to provide individual aides to SE students as required under the IEPs of such students was a violation of the School Law, as a result of which Association members suffered compensable injury. Further, Association argues that the prospective relief requested by the Association is still available and the underlying issue is of substantial importance, capable of repetition yet evading review and therefore, not moot.

STANDING

Standing is a "threshold justiciability determination whether the litigant is entitled to initiate and maintain an action before a court or other tribunal." In re Six-Month Extension of N.J.A.C. 5:91-1, 372 N.J. Super. 61, 85 (App. Div. 2004), certif. denied, 182 N.J. 630 (2005); Stubus v. Williams, 339 N.J. Super. 38, 47 (App. Div. 2001). A lack of standing precludes a court from entertaining any of the substantive issues presented for determination. Watkins v.

[2] In addition, respondents contend that any claims alleged by the Association to arise under the New Jersey School Law (cited below) prior to July 3, 2020, are time-barred. Ltr. Br. of Respondent Board of Education of the City of Trenton (November 20, 2020), at 3. Petitioner did not respond to this defense, presumably because the acts complained of occurred after July 3, 2020.

Resorts Int'l Hotel and Casino, 124 N.J. 398, 418 (1991) ("A dismissal for lack of standing . . . amounts to a refusal by the court to resolve the matter.")

To have standing to bring an administrative action, a party must have suffered a distinct injury or harm that was caused by the adverse party and that can be remedied by the administrative forum. Herron v. Bd. of Educ. of the Tsp. of Montclair, OAL Docket No. EDU 14067-13, Initial Decision, *5 (April 16, 2014), Comm. Ed. Dec. (June 2, 2014), https://njlaw.rutgers.edu/collections/oal/html/initial/edu14067-13_1.html. While New Jersey courts often take a liberal approach on this issue, standing "is not automatic and a litigant usually has no standing to assert the rights of a third party." In re N.J.A.C. 5:91-1, 372 N.J. Super. at 85 (citations omitted); see also, Kathleen Donohue v. State-Operated Sch. Dist. of Patterson, OAL Docket Nos. EDU 08806-16 and 09476-16, Initial Decision, *17 (April 6, 2017), Comm. Ed. Dec. (May 8, 2017) (adopting decision that former teacher had no standing to assert the rights of schoolchildren to FAPE despite claims that the "administration squander[ed] resources and [failed] to adequately supervise the performance of those responsible to instruct the children"), https://njlaw.rutgers.edu/collections/oal/final/edu08806-16_1_1.pdf.

Respondents argue that petitioner attempts to raise claims on behalf of SE students under the IDEA and such claims can only be brought by the students or their parents (or legal guardians). Even a generous reading of the petition cannot avoid the conclusion that the Association is alleging violations of the IDEA, specifically that by failing to adhere to the requirements of individual aides in IEPs, respondents did not provide FAPE to the respective SE students. Among the purposes of IDEA is "to ensure that the rights of children with disabilities and parents of such children are protected." 20 U.S.C. 1400 (d)(1)(B). New Jersey regulations make clear, however, that "a petition on behalf of a minor shall be filed by the parent or legal guardian of the minor" not by the teachers or other service providers. N.J.A.C. 6A:3-1.3 (a)(2). I **CONCLUDE** that the Association has no standing to bring a claim for an order enforcing the rights of SE students under the IDEA.

Notwithstanding the foregoing, in its response brief, the Association clarifies that it does not bring this action under the IDEA, but under the School Law. Ltr. Br. of Petitioner in

Response to Motions to Dismiss (February 3, 2021), at 4-5. Petitioner argues that the failure of respondents to follow the IEPs of SE students from Trenton was not permissible and resulted in the layoffs of Association members, triggering petitioner's right to bring suit under the following statute:

> Any person holding office, position or employment in the public school system of the state, who shall be illegally dismissed or suspended therefrom, shall be entitled to compensation for the period covered by the illegal dismissal or suspension, if such dismissal or suspension shall be finally determined to have been without good cause, upon making written application therefor with the board or body by whom he was employed, within 30 days after such determination.
>
> [N.J.S.A. 18A:6-30 (emphasis added).]

The Association argues that its members were laid off as a direct result of respondents' failure to follow the requirements of certain IEPs and "neither respondent argues. . . that the paraprofessional layoffs were permissible[.]" Ltr. Br. of Pet'r, at 4. These improper layoffs were a violation of the School Law and led to cognizable injury to Association members, giving the Association standing to bring the claims here. For support, the Association cites a case involving the decision of a school board to lay off child study team (CST) members and replace them with a private entity, which was a clear violation of the statute and regulations calling for CST members to be employees of the district. Ltr. Br. of Pet'r, at 5, citing Bloomfield Ed. Assn. o/b/o Child Study Team v. Bd. of Ed. of Twp. of Bloomfield, OAL Docket No. EDU 18705-13, Comm. Ed. Dec. 410-15, https://njlaw.rutgers.edu/collections/oal/html/initial/edu18705-13_1.html.

The Bloomfield case does not support the Association's position on standing. The petitioners in Bloomfield were tenured employees of the school district, laid off by the district in an effort to save money by outsourcing their jobs. Id. at *4, *9. Besides the protections afforded them by tenure, applicable law[3] prohibited the school district from replacing petitioners with an unrelated outside entity. Id. at *10-11. The "improper layoffs" in Bloomfield were found to violate two provisions of the School Law, specifically, N.J.S.A. 18A:28-5, and

---

[3] N.J.S.A. 18A:46-5.1; N.J.A.C. 6A:14-3.1(b).

28-9. Further, the labor organization in Bloomfield brought claims on behalf of its members that the members could have brought on their own. See, Crescent Park Tenants Assoc. v. Realty Equities Corp., 58 N.J. 98, 109 (1971) (association of tenants had standing where there was no question as to "the stake and adverseness" of any individual tenant). In this matter, to find the layoffs improper would require an evaluation of whether the IDEA permitted Trenton to make changes to the respective IEPs; in other words, the layoffs would only be improper if the students' right to FAPE was impaired as a result. As explained above, the Association has no standing to assert those rights. Even assuming that the actions of respondents vis-à-vis the SE students were not permissible under the IDEA, petitioner points to no provision in the School Law which protects its members from layoffs when a sending district changes the services provided under IEPs. To find otherwise would impair the ability of any CST to modify an IEP mid-way through a school year. I **CONCLUDE** that the School Law does not provide petitioner withstanding to challenge the actions of respondents in modifying services to SE students as required by the students' respective IEPs.

Respondents also argue that petitioner has no standing to brings claims based on the contracts entered by and between MCSSSD and Trenton because the Association is not a party to these contracts. "The obligation of contracts is, in general, limited to the parties making them." Aronsohn v. Mandara, 98 N.J. 92, 101, 484 A.2d 675 (1984) (citation omitted); see also, Borrello v. Elizabeth Bd. of Educ., No. A-3151-14T4, 2016 N.J. Super. Unpub. LEXIS 1915, at *13 (App. Div. Aug. 16, 2016) (court dismissed claims brought under collective bargaining agreement against individuals who were not parties to the contract). Here, the Association represents independent aides who are hired as needed by MCSSSD. Their right to employment would be found in the contracts they may have signed with MCSSD, not in the contracts Trenton signed with MCSSSD.[4] I **CONCLUDE** that the Association has no standing to bring a claim under the School Law to enforce the contract entered by and between respondents MCSSSD and Trenton.

[4] Respondent MCSSSD states that "to the extent the Association is alleging a contracting claim against MCSSSD challenging the notice of layoff," such is outside the Commissioner's jurisdiction. Ltr. Br. of Resp't Board, at 3. Petitioner did not respond to this argument.

JURISDICTION

Respondents contend that whether the petition is grounded in the IDEA or the School Law, the Commissioner of Education has no jurisdiction to hear this matter. Petitioner, however, contends that the Commissioner has jurisdiction over its claims under the following provision of the School Law:

> Commissioner shall have jurisdiction to hear and determine, without cost to the parties, all controversies and disputes arising under the school laws, excepting those governing higher education, or under the rules of the State board or of the commissioners.
>
> [N.J.S.A. 18A:6-9.]

As stated above, petitioner contends that respondents' failure to comply with the IEPs of certain Trenton SE students was a violation of the IDEA and therefore, led to the illegal dismissal without good cause of Association members, which is compensable in an action brought under the School Law, N.J.S.A. 18A:6-30. Therefore, petitioner argues, the Commissioner has proper jurisdiction to hear this action. Ltr. Br. of Pet'r, at 4-5.

Despite petitioner's assertion that it is undisputed that the layoffs of Association members by MCSSSD were impermissible, neither respondent conceded that position.[5] Further, to reach the conclusion that layoffs were impermissible would require an inquiry into whether a school district is obligated to provide one-on-one assistance to SE students outside the classroom during a pandemic, when the aides may or may not be able to work in close physical proximity to those SE students. This is a question that can only be resolved by application of the IDEA and then only on a case-by-case basis. Federal and state law, as stated above, permits only students and/or parents to challenge the denial of FAPE and/or to enforce IEPs. Further, as both respondents note, actions under the IDEA must be filed with the Director of the Office of Special Programs, not with the Commissioner. N.J.A.C. 6A:3-1.3(e)(2); N.J.A.C. 6A:14-9.2.

---

[5] See, Ltr. Br. of Pet'r, at 4; cf. Ltr. Br. of Respondent MCSSSD in Reply to Petitioner's Response to Motion to Dismiss (February 18, 2021), at 3, and Ltr. Br. of Respondent Trenton in Reply to Petitioner's Response to Motion to Dismiss (February 18, 2021), at 3.

The Commissioner's subject matter jurisdiction is limited by statute to "controversies and disputes arising under the school laws." N.J.S.A. 18A:6-9; Balsley v. N. Hunterdon Reg'l Sch. Dist. Bd. of Educ., 117 N.J. 434, 438 (1990). It is well settled that the Commissioner does not have jurisdiction over contractual disputes, even if those disputes "pertain to school personnel," Picogna v. Bd. of Educ., Twp. of Cherry Hill, 249 N.J. Super. 332, 335 (App. Div. 1991), or involve school boards. Archway Programs, Inc. v. Pemberton Tp. Bd. of Educ., 352 N.J. Super. 420, 424-25 (App. Div. 2002) (contract claims against school boards do not arise under the school laws and are "typically and appropriately adjudicated in the courts").

Contractual disputes are generally considered to be outside the Commissioner's jurisdiction because no special expertise in school law is necessary for the interpretation of contractual language. See, Picogna, 249 N.J. Super. at 335 (no jurisdiction over contract claim of non-tenured school employee because no interpretation of school laws was required); S. Orange-Maplewood Ed. Ass'n v. Bd. of Ed. of Sch. Dist. of S. Orange & Maplewood, 146 N.J. Super. 457, 462 (App. Div. 1977) (though Board "exercised its authority under the school laws" to reach agreement with teachers' union, the dispute over "the interpretation of that agreement" should be brought in Superior Court).

In this matter, the members of the Association have no statutory or regulatory claim to their jobs under the School Law. The Association may have claims against MCSSSD as a result of the employment contracts signed with the individual members, and the relief sought by the Association – preventing MCSSSD from conducting further layoffs, and restitution of back pay, benefits and emoluments lost as a result of the alleged improper layoffs – would be based on the terms of those employment contracts. As stated above, however, such contract claims fall outside the jurisdiction of the Commissioner. I **CONCLUDE** that petitioner has failed to demonstrate that this venue has the proper jurisdiction to hear this case.

While concluding that petitioner has no standing to bring this action and the Commissioner no jurisdiction to hear it, no findings are made with respect to respondents' argument that the claims herein are moot as a result of agreements reached by

respondents after this petition was filed. Similarly, no findings are made with respect to the ability of petitioner to raise its claims in another forum.

ORDER

It is hereby **ORDERED** that the motions to dismiss of **BOARD OF EDUCATION OF THE MERCER COUNTY SPECIAL SERVICES SCHOOL DISTRICT, MERCER COUNTY,** and of the **BOARD OF EDUCATION OF THE CITY OF TRENTON, MERCER COUNTY,** are **GRANTED** and the claims brought by the petition of **MERCER COUNTY EDUCATIONAL AND THERAPEUTIC ASSOCIATION** are hereby **DISMISSED.**

I hereby **FILE** this Initial Decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration. This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this initial decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Order on Emergent Relief

J.L., on behalf of minor child, J.L.,

Petitioner,

v.

Board of Education of the Upper Freehold Regional School District, Monmouth County,

Respondent.

The record of this emergent matter, the sound recording of proceedings at the Office of Administrative Law (OAL), and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed. Upon such review, the Commissioner concurs with the ALJ that petitioner has failed to demonstrate entitlement to emergent relief pursuant to the standards enunciated in *Crowe v. DeGioia,* 90 *N.J.* 126 (1982), and codified at *N.J.A.C.* 6A:3-1.6.

Accordingly, the recommended Order of the OAL denying petitioner's application for emergent relief is adopted. This matter shall continue at the OAL with such proceedings as the parties and the ALJ deem necessary to bring it to closure.

IT IS SO ORDERED.

Angelica Allen-McMillan, J.d.D.

ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 27, 2021
Date of Mailing: April 27, 2021

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

ORDER DENYING
EMERGENT RELIEF
OAL DKT. NO. EDU 02939-21
AGENCY DKT. NO. 37-3/21

J.L. ON BEHALF OF
MINOR CHILD, J.L.,
Petitioner,
v.
BOARD OF EDUCATION OF THE
UPPER FREEHOLD REGIONAL
SCHOOL DISTRICT, MONMOUTH COUNTY,
Respondent.

J.L., petitioner, pro se

Patrick J. Madden, Esq., for respondent (Madden & Madden, P.C., attorneys)

BEFORE **DAVID M. FRITCH, ALJ**:

STATEMENT OF THE CASE

The petitioner, on behalf of his son, J.L., filed a pro se petition of appeal with the State of New Jersey Department of Education, seeking relief on an emergent basis against respondent, the Board of Education of Upper Freehold Regional School, seeking immediate reinstatement of his son into three national honor societies following

the respondent's removal of J.L. from these honor societies upon finding J.L. committed plagiarism on a homework assignment he submitted in October 2020.

PROCEDURAL HISTORY

On March 4, 2021, the New Jersey Department of Education received the petition for emergent relief. The matter was transmitted to the Office of Administrative Law, where it was filed on March 30, 2021. N.J.S.A. 52:14F-5(e), (f), and (g) and N.J.A.C. 1:6A-1 through 18.5. Oral argument on the petition for emergent relief was held on April 5, 2021, and the record on the emergent petition closed on that date.

FACTUAL DISCUSSION

A summary of the pertinent evidence presented is as follows, and I **FIND** the following **FACTS** are undisputed:

1. J.L. is a senior enrolled at Allentown High School (AHS). At the time of the action at issue, J.L. was a member of the National Honor Society (NHS), National History Honor Society (NHHS), and the National Science Honor Society (NSHS). J.L. is scheduled to graduate from AHS on June 23, 2021.

2. On October 20, 2020, J.L. submitted a written homework assignment involving a literature journal writing of a literary character. (See Resp. Br. at Ex. A.) The work that J.L. submitted was partially copied, word-for-word, from "SparkNotes"[1] without any citations or quotations. (Id.)

    a. AHS determined that J.L.'s assignment, a character analysis of the "Crystal Merchant" character from the book The Alchemist[2] was "61%

[1] SparkNotes is a publisher of study guides that provides summaries and critical analyses of classic works of literature as well as guides for history, math, biology, and other subjects. See About Us, SparkNotes, available at www.sparknotes.com/about/, last visited April 5, 2021. (See also Guterl Cert. at ¶ 6.)

[2] The Alchemist is a novel by Paulo Coelho which "tells the magical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure as extravagant as any ever found." The Alchemist Paperback, Amazon.com, available at https://www.amazon.com/Alchemist-Paulo-Coelho/dp/0061122416, last visited April 5, 2021.

plagiarized, but 0% cited, from the website www.sparknotes.com, which provides summaries and analysis of literature." (Id. See also Guterl Cert. at ¶ 6.) AHS' computer-generated analysis of J.L.'s submission found that it "contained only four (4) lines which were not copied directly from SparkNotes." (Id. at ¶ 7.)

3. As a result of J.L.'s submission, his teacher wrote him up for an honor code infraction for plagiarism, noting that "[a]n original journal was assigned but [J.L.] submitted a word-for-word version directly from SparkNotes." (Resp. Br. at Ex. A.)

a. This was a "level two" offense under AHS' honor code which, as defined in AHS' student handbook, includes "[t]urning in a paper with text directly copied from a website." (Resp. Br. at Ex. B. at 64.)

b. AHS' honor code further defines forgery-misrepresentation as "plagiarism, copyright infringement or falsifying written information so as to misrepresent the views, facts as expressed by teachers, staff or parents. Turning in work, written or verbal (giving a speech), that is plagiarized or copied directly from another source as one's own work." (Id. at 15-16.) Under the AHS honor code, this is a category four, -four-point infraction. (Id. at 12.)

c. Among the enumerated consequences for a Level Two offense is 4 demerits issued on the first offense, and that "Honor Societies [are] notified." (Id. at 65.)

4. As a result of his honor code violation, J.L. was notified that he was required to attend an NHS Faculty Council meeting scheduled for November 2, 2020. (Resp. Br. at Ex. C.) J.L. was permitted to have a parent attend the meeting to explain the situation which gave rise to the honor code violation. (Id.)

a. The rules of AHS' NHS note that members "may be disciplined or dismissed for failure to maintain standards of scholarship, leadership, character or service that were used as the basis for their selection." (Id. at

Ex. U at 68.) Membership in AHS' NHS is limited to students "having no recorded incidents of cheating or intentional dishonesty." (Id. at 66.) The rules of AHS' NHHS require members to "maintain behavior that is exemplary in keeping with the Code of Conduct in place at [AHS]" and that candidates "can have no more than 8 demerits and no four or five point infractions." (Id. at Ex. V.)

c. The rules of AHS' NSHS also require members to "maintain behavior that is exemplary in keeping with the Code of Conduct in place at [AHS]" and that candidates "can have no more than 8 demerits and no four or five point infractions." (Id. at Ex. W.)

5. Following the November 3, 2020, meeting of the NHS Faculty Council, J.L. was notified that he was being dismissed from the NHS, NHHS, and NSHS. (Resp. Br. at Ex. D.)

a. The bylaws of AHS' NHS (id. at Ex. U), NHHS (id. at Ex. V), and NSHS (id. at Ex. W) all provide for disciplinary action, including removal from the Honor Societies, for the infraction of plagiarism.

b. Approximately one year before this incident, J.L. signed the 2019-20 NHS contract which provided that "cheating" was a "flagrant violation" of the NHS standards and would result in "immediate dismissal" from the NHS. (Resp. Br. at Ex. X.) This contract further defined "cheating" to include "plagiarism." (Id.)

6. J.L.'s parents appealed the decision of the NHS Faculty Council to Principal Embley of AHS. (Resp. Br. at Ex. E.) In an email dated November 10, 2020, Principal Embley notified J.L. that she was denying his appeal. (Id. at Ex. F.)

7. In an email dated November 10, 2020, J.L. sent an email to Superintendent Guterl of the Upper Freehold Regional School District, requesting a meeting to discuss his dismissal from the honor societies at AHS. (Id. at Ex. I.) Superintendent Guterl responded on November 24, 2020, informing J.L. that, after reviewing the

information regarding J.L.'s honor society dismissals, there was no justification to overturn the District's decision. (Id. at Ex. L.)

8. J.L. requested a hearing before the Upper Freehold Regional School District Board of Education (the Board) on November 25, 2020. (Id. at Ex. M.) At the Board's meeting on January 6, 2021, the petitioner and his parents attended and both the petitioners' parents addressed the Board to present their arguments why J.L. should be restored to his honor society memberships. (Id. at Ex. M.) The Board affirmed the decision to dismiss J.L. from his honor society memberships, finding that:

> [I]t is both clear and undisputed that [J.L.] committed an act of plagiarism that violated the Code of Conduct and the Honor Code. While [J.L.'s father's] presentation ascribed the incident to a communication failure with the teacher and attempted to minimize the conduct by referring to it as merely using ideas from the Internet and arguing that [J.L.] went above and beyond on the assignment by doing some outside work, he never disputed the underlying plagiarism and [J.L.] admitted to it.
>
> [Id.]

9. The petitioner, in his filing of the present petition, does not contest the underlying nature of the charges AHS brought against J.L. Instead, the petitioner characterizes the incident as involving "not a test but a MERE two paragraph daily homework assignment" and that J.L. was using this outside source "as a guide to help him complete" that assignment. (Pet. Statement of Facts to Accompany Pro Se Petition of Appeal.) The petitioner concedes the validity of the underlying disciplinary charge, noting "I understand the zero on the homework and the school detentions which he served but the removal from the three National Honor Societies is just not fair. He took his demerits, zero on the assignment and school detention without any complaints. But this punishment is lifelong, inconsistent, discriminatory, and FAR TOO EXCESSIVE." (Id. (emphasis in original).)

The petitioner also claims that his son is "being grossly and unfairly treated by his principal in comparison to how she treated others who did things much more severe

and worse." (Id.) Petitioner avers that, when J.L. was in the tenth grade, three AHS students "conspired together in advance to plagiarize each other's work and cheat on a mid-term test therefore helping one another achieve better grades" but these students are "now in numerous National Honor Societies" despite their offense. (Id.) At hearing, the respondent disputed the facts of this prior incident as alleged by the petitioner, and further distinguished the incidents in question, noting that, while the "Faculty Council initially denied NHS admission" to these three students, they were eventually accepted "upon learning their teacher had rescinded the student's disciplinary charges." (Guterl Cert. at ¶ 14.) The respondent further added that there have been "other [AHS] students denied admission into the Honor Societies, or who have been removed from same, based upon offenses similar to J.L.'s." (Id. at ¶ 17.)

LEGAL DISCUSSION

N.J.A.C. 6A:3-1.6(b) sets forth the standards governing motions for emergent relief:

> A motion for stay or emergent relief shall be accompanied by a letter memorandum or brief which shall address the following standards to be met for granting such relief pursuant to Crowe v. Degioia, 90 N.J. 126 (1982):
>
> 1. The petitioner will suffer irreparable harm if the requested relief is not granted;
> 2. The legal right underlying petitioner's claim is settled;
> 3. The petitioner has the likelihood of prevailing on the merits of the underlying claim; and
> 4. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

The petitioner has the burden of establishing all of the above requirements in order to warrant relief in his favor and must prove each of these Crowe elements "clearly and convincingly." Waste Mgmt. of N.J. v. Union Cnty. Utils. Auth., 399 N.J.

Super. 508, 520 (App. Div. 2008); D.I. and S.I. on behalf of T.I. v. Monroe Township Board of Education, 2017 N.J.Agen LEXIS 814, 7 (October 25, 2017).

Beginning with the first requirement, it is well-settled that emergent relief should not be granted except "when necessary to prevent irreparable harm." Crowe, 90 N.J. at 132-33. In this regard, harm is generally considered irreparable if it cannot be adequately redressed by monetary damages. Id. at 132-33. In other words, it has been described as "substantial injury to a material degree coupled with the inadequacy of money damages." Judice's Sunshine Pontiac v. General Motors Corp., 418 F.Supp. 1212, 1218 (D.N.J. 1976) (citation omitted).

The moving party bears the burden of proving irreparable harm. More than a risk of irreparable harm must be demonstrated. Continental Group v. Amoco Chemicals Corp., 614 F.2d 351, 359 (D.N.J. 1980). The requisite for injunctive relief requires "a 'clear showing of immediate irreparable injury,' or a 'presently existing actual threat; (an injunction) may not be used to simply eliminate the possibility of a future remote future injury or a future invasion of rights, be those rights protected by statute or by common law.'" Id. (citations omitted). In this case, the petitioner claims that, if the expulsion from the honor societies is not reversed, J.L.'s "total academic future is in peril over this," he "is looking to go to an Ivy League School or another prestigious university next year" and this "outcome may affect that as well as future scholarships, internships, jobs, etc." (Pet. Statement of Facts to Accompany Pro Se Petition of Appeal.) The petitioner posited at the hearing that his son has been holding back on submitting scholarship applications because he feels that his chances may be adversely impacted by his current lack of honor society membership.

In their response, the respondent aptly noted that J.L. had already submitted his college applications before he was expelled from the honor societies, the District has not required J.L. to remove his membership in these societies from his college applications, and the District has not notified any of the schools that J.L. has applied to of his removal from these societies. (Resp. Br. at 17 (noting that college admissions decisions for the 2021-22 school year have already been made or will be made, at the

latest, by April 6, 2021). See also Guterl Cert. at ¶ 3.) The petitioner, at hearing, noted that his son's college applications were completed in August 2020, well before this incident, and he has already been accepted to a college (which he did not wish to identify at the hearing) that his son plans to attend in the fall. Despite this, however, he remains concerned that the school "might" inform his son's college and doesn't wish to "take a chance" of that. While the petitioner speculates that the respondent's action here may have an adverse impact on future scholarship applications, job opportunities, etc., in the absence of tangible evidence that any pending college or scholarship applications will or have been adversely impacted by J.L.'s expulsion from these honor societies, the petitioner's assertion of future harm to J.L.'s academic future at this point is purely speculative. Therefore, I **CONCLUDE** that the petitioner has failed to meet their burden of establishing a clear showing that he will suffer immediate irreparable injury unless the requested relief is granted.

Secondly, the petitioner must also demonstrate that the legal right underlying their claim is settled. Crowe, 90 N.J. at 133. The establishment of standards and policies for admission to school-associated honor societies is a matter within the discretion of the local school board. See, e.g., L.B. v. Bd. of Educ. of the Rumson-Fair Haven Regional School District, EDU 8599-00, Final Decision, (January 16, 2001), http://lawlibrary.rutgers.edu/oal/search.html; I.C.W., obo J.W. v. Bd. of Educ. of the Borough of Mountain Lakes, OAL Dkt. No. EDU 05838-11, Final Decision, (October 14, 2011), http://lawlibrary.rutgers.edu/oal/search.html. The petitioner is challenging the Board's action as "totally unfair, inconsistent, and therefore discriminatory." (Pet. Statement of Facts to Accompany Pro Se Petition of Appeal.) School board policies and actions within their authority are entitled to a presumption of lawfulness and good faith, and where they are challenged, the challenger bears the burden of proving that the actions are unlawful, arbitrary, capricious, or unreasonable. Schuster v. Bd. of Educ. Montgomery Twp., 96 N.J.A.R. 2d (EDU) 670, 676 (citing Schnick v. Westwood Bd. of Educ., 60 N.J. Super. 448 (App. Div. 1960) and Quinlan v. Bd. of Educ. of North Bergen Twp., 73 N.J. Super. 40 (App. Div. 1962)). See also Thomas v. Morris Twp. Bd. of Educ., 89 N.J. Super. 327, 332 (App. Div. 1965), aff'd, 46 N.J. 581 (1966); Kopera v. West Orange Bd. of Educ., 60 N.J. Super. 288, 294 (App. Div. 1960).

While it is well established that the Commissioner of Education has jurisdictional authority to determine disputes over admissions to school-associated Honor Societies, that review remains limited and "the Commissioner will not intervene in a determination regarding Honor Society eligibility unless the local board's action has been shown to be arbitrary, capricious, or unreasonable." Hook, Guardians ad Litem for Hook v. Bd. of Educ. of the Borough of South Plainfield, 1992 WL 252861 at *2 (N.J. Adm. 1992). The arbitrary, capricious and unreasonable standard of review imposes a heavy burden on challengers of these actions. This standard has been defined by New Jersey courts as follows:

> In the law, "arbitrary" and "capricious" means having no rational basis. Arbitrary and capricious action of administrative bodies means willful and unreasoning action, without consideration and in disregard of circumstances. Where there is no room for two opinions, action is not arbitrary or capricious when exercised honestly and upon due consideration, even though it may be believed that an erroneous conclusion has been reached . . . Moreover, the court should not substitute its judgment for that of an administrative or legislative body if there is substantial evidence to support the ruling.
>
> [Piccoli v. Ed. of Educ. of Ramapo Indian Hills Regional School District, EDU 1839-98, Initial Decision, (January 22, 1999) http://lawlibrary.rutgers.edu/oal/search.html (citing Bayshore Sewage Co. v. Dent. of Envir. Protection, 122 N.J. Super. 184, 199-200 (Ch. Div. 1973), aff'd 131 N.J. Super. 37 (App. Div. 1974)).]

The petitioner's legal right to challenge the Board's decision is well-established; therefore, I **CONCLUDE** that the petitioner has met his burden to show a well-settled legal right underpins his claim. To prevail in the present action, however, the petitioner must also make a preliminary showing of a reasonable probability of success on the merits. Crowe, 90 N.J. at 133. The applicable "arbitrary and capricious" legal standard applied to the respondent's actions in this matter makes the petitioner's probability of success on the merits dubious. The petitioner does not contest the underlying conduct which led to his son's expulsion from the honor societies and, it is clear on the record presented, that expulsion from the honor societies in question was a clearly delineated potential consequence for a student engaging in the conduct which J.L. engaged in.

(See Resp. Br. at Ex. U; Id. at Ex. V; Id. at Ex. W.) The petitioner's argument is based on an otherwise unsupported allegation that students at AHS who previously engaged in "far worse" conduct were still permitted to join honor societies. At this point on the record presented, however, this argument is unavailing as the respondent has distinguished this matter by noting that the underlying disciplinary charges alleged against those students had been rescinded (Guterl Cert. at ¶ 14), while the validity of the disciplinary charges that led to J.L.'s expulsion from these honor societies remain unchallenged.

Unlike the alleged conduct of the other students cited to in the petitioner's filing, J.L.'s violations of the AHS honor code were neither dismissed nor are the material facts of these violations in dispute in the present matter. (See Pet. Statement of Facts to Accompany Pro Se Petition of Appeal ("I understand the zero on the homework and the school detentions which he served but the removal from the three National Honor Societies is just not fair. He took his demerits, zero on the assignment and school detention without any complaints. But this punishment is lifelong, inconsistent, discriminatory, and FAR TOO EXCESSIVE.")) Petitioner, rather, is challenging the consequences of his conduct as it relates to his expulsion from the three honor societies. As a student who submitted an academic assignment with uncredited content copied from a website and presented that copied material as his own work, the respondent's subsequent action to remove J.L. from the three honor societies is consistent with the stated rules and regulations for each of these organizations. It is undisputed that J.L. submitted a homework assignment which presented copied text from a website as his own work. This undisputed conduct falls under the AHS' honor code as a "level two" offense, which includes conduct of "[t]urning in a paper with text directly copied from a website." (Resp. Br. at Ex. B. at 64.) This conduct also falls squarely within the AHS honor code definition of forgery-misrepresentation, which is defined as "plagiarism, copyright infringement or falsifying written information so as to misrepresent the views, facts as expressed by teachers, staff or parents. Turning in work, written or verbal (giving a speech), that is plagiarized or copied directly from another source as one's own work." (Id. at 15-16.) Under AHS' honor code, this is a category four, four-point infraction. (Id. at 12.)

Membership in AHS' NHS is limited to students "having no recorded incidents of cheating or intentional dishonesty." (Resp. Br. at Ex. U at 66 (emphasis added).) The rules of AHS' NHHS require members to "maintain behavior that is exemplary in keeping with the Code of Conduct in place at [AHS]" and that candidates "can have no more than 8 demerits and no four or five point infractions." (Id. at Ex. V (emphasis added).) The rules of AHS' NSHS also require members to "maintain behavior that is exemplary in keeping with the Code of Conduct in place at [AHS]" and that candidates "can have no more than 8 demerits and no four or five point infractions." (Id. at Ex. W (emphasis added).) As it is factually undisputed that J.L. committed an act of plagiarism which is a four-point infraction under the AHS honor code, the respondent's subsequent actions in this matter are consistent with the stated rules for these Honor Societies. On the record developed at this stage of the proceedings, I **CONCLUDE**, therefore, that the petitioner has not shown a likelihood of prevailing on the merits of the underlying claim—particularly in light of the applicable "arbitrary and capricious" standard which applies to this matter.

Having concluded that the petitioner has failed to meet two of the requisite standards for emergent relief, I need not go into the fourth standard. However, in order to give a full review of the petition, I will discuss the equities. The petitioner contends that, J.L. is "the ONLY party herein who suffers" and AHS will suffer "absolutely no harm if [J.L.] is reinstated." (Pet. Request for Emergent Relief.) The respondent supports its position in noting they have "an overriding interest in ensuring the District's rules and regulations are implemented and that actions taken within the Board's sound discretion are not disturbed." (Resp. Br. at 19-20.) In balancing the equities of the parties' respective positions, the respondent clearly has a strong interest in enforcing a code of conduct in its schools and ensuring the academic integrity of its students and institutions. The petitioner is asking the respondent to essentially disregard a key tenet of academic integrity that underpins three of its honor societies by ignoring the academic misconduct by one of its members by allowing them to maintain their status and membership in these societies after committing a factually undisputed act of academic plagiarism. If the expulsion decision is permitted to stand, however, the

petitioner will still graduate from AHS in the coming months, his college applications which were submitted before this incident, remain as they were without notation of his dismissal from the honor societies, and he will be permitted to continue onto the next phase of his education without any definitive impediment from the respondent's actions beyond the speculative impact that this may or may not have on his future endeavors at this stage in his academic career. Further, it is noteworthy that any possible future adverse impact the respondent's actions may have on the petitioner in the future are easily traceable to the petitioner's own conduct in taking the written work of another and passing it off in a submission to his teacher as his own work. In balancing of the respective equities, I **CONCLUDE** that the petitioner has failed to meet his burden to demonstrate that he will suffer greater harm than the respondent if the requested relief is not granted.

Based upon the foregoing, as all four of the Crowe v. De Gioia standards as codified in N.J.A.C. 6A:3-1.6 must be met in order for emergent relief to be granted, I **CONCLUDE** that the petitioner has failed to meet the requirements set forth in N.J.A.C. 6A:3-1.6(b) warranting an order for emergent relief in this matter. This order on application for emergency relief shall remain in effect until the issuance of a decision on the merits of the matter.

ORDER

Accordingly, I **ORDER** that the petitioner's application for emergent relief be and hereby is **DENIED**.

This order on application for emergency relief may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, who by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five days following the entry of this order. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION**, does not adopt, modify or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

STATE OF NEW JERSEY
DEPARTMENT OF EDUCATION

In the Matter of Tenure Charges

WILLINGBORO BOARD OF EDUCATION, BURLINGTON COUNTY, NJ Petitioner, -and- **RAYMOND G. MORISON, JR.,** Respondent.	AGENCY DOCKET NO.: 251-12/20 **DECISION AND AWARD**

BEFORE: RUTH MOSCOVITCH, Arbitrator

Appearances:

For the Petitioner:
Caitlin Pletcher
Steinhardt Cappelli Tipton & Taylor
430 Mountain Avenue, Suite 103
New Providence, NJ 0797a4

For the Respondent:
Dean R. Wittman
Zeller & Wieliczko
120 Haddontowne Court
Cherry Hill, NU 08034

This matter comes before me on tenure charges brought under N.J.S.A. 18A:28-5 and N.J.S.A. 18A:6-10, et seq., by Petitioner Willingboro Board of Education, Burlington County (the "Board") against Respondent Raymond G. Morison, Jr. The tenure charges at issue here were certified to the Bureau of Controversies and Disputes by the Board on or about December 15, 2020. I was appointed the arbitrator to adjudicate this matter on December 28, 2020.

The parties filed counter motions for summary adjudication of this matter, which I denied on February 22, 2021 in a 17-page decision. I then conducted a hearing via video conferencing on March 11, 2021. Both sides were represented by counsel and were afforded the opportunity to call witnesses, present evidence, and cross-examine witnesses offered by the opposing party. All witnesses were sworn. A court reporter attended the hearing and produced a transcript of the proceedings.

The Board presented the testimony of four individuals: two Board employees -- Dr. Neely Hackett, Superintendent of Schools and, Kimberly Ash, Willingboro High School Principal – and two former students, CH and KP. The Board identified a total of 27 exhibits, including pleadings and Board policies. Eight exhibits (P. 19-27) were identified by the witnesses during the hearing and were entered into evidence.[1] Respondent testified in his own behalf and offered 28 exhibits: his resume at the time he was hired by the Board and 27 evaluations. The parties submitted post-hearing briefs simultaneously on April 15, 2021. No objection has been made to the fairness of this proceeding.

TENURE CHARGES

BACKGROUND INFORMATION COMMON TO ALL CHARGES.

Respondent was hired by the Board on or about September 28, 2004 as a physical education teacher. Respondent subsequently earned tenure in his position, in or about September 29, 2007. During his tenure. Respondent also served as a softball and soccer coach.

[1] Respondent's counsel objected to the admission of a ninth exhibit, P. 25. I allowed testimony but reserved my ruling to allow the parties to argue the matter in their post-hearing briefs. My ruling appears in the Discussion section below. The remaining exhibits had already been present with the Charges and Motion for Summary Judgment.

During his employment with the Board, Respondent was, at all times, subject to the terms and conditions of his employment contract. These contracts obligated Respondent to faithfully perform the duties of his position in accordance with any and all Board policies and any and all applicable laws, rules and regulations.

Relevant Board Policies

Willingboro Township Board of Education Policy No. 3150 *Discipline,* states, in pertinent part:

> The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.
>
> The Superintendent shall deal with disciplinary matters on a case-by-case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

Willingboro Township Board of Education Policy No. 3211, *Code of Ethics,* states, in pertinent part:

> The Board of Education endorses the code of ethics for professional educators published by the National Education Association.
>
> Preamble
>
> The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.
>
> The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of pupils, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards

by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I — Commitment to the Pupil

The educator strives to 'help each pupil realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals...

7. Shall not use professional relationships with pupils for private advantage.

Willingboro Township Board of Education Policy No. 3281, *Inappropriate Staff Conduct,* states, in pertinent part:

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all pupils.

Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, textmessaging, social networking sites, or any other medium that is directed and/or available to pupils or for public display.

A school staff member is always expected to maintain a professional relationship with pupils and to protect the health, safety and welfare of school pupils. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or

conduct unbecoming a school staff member.

Willingboro Township Board of Education Policy No. 3282, *Use of Social Networking Sites*, states:

> The Board of Education has a strong commitment to quality education and the well-being of all pupils, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all pupils attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.
>
> The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.
>
> Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e- mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to pupils or for public display or publication.
>
> While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, pupils, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.
>
> The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise

care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, pupil relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;

2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, pupils, or their families;

3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including pupils and/or their families;

4. Shall not use social networking sites to post any materials of a sexually graphic nature;

5. Shall not use social networking sites to post any materials which promote violence;

6. Shall not use social networking sites which would be detrimental to the mission and function of the district;

7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;

8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward pupils and/or the community while using social networking sites.

SPECIFICATION OF CHARGES

CHARGE I

CONDUCT UNBECOMING A TEACHING STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S INAPPROPRIATE CONDUCT TOWARD FORMER STUDENTS

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Raymond G. Morison, Jr. has engaged in unbecoming conduct including misconduct, insubordination, inappropriate conduct with former students, and other just cause by his acts and omissions relative to his former students. These acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal due to conduct unbecoming.

Count 1

On April 30, 2016, Respondent inappropriately messaged a former student, KP on Facebook and stated, "I want to fuck u." KP immediately notified the Board, which notified the police and prosecutor's office. As a result of this inappropriate message, Respondent was subjected to a month-long unpaid suspension.

Count 2

On August 22, 2020, Respondent sent a "friend request" to former student CH, which she accepted. Thereafter, Respondent began a conversation with CH over Facebook messenger, which ended with Respondent stating, "I should've gotten u earlier." Respondent's language and tone caused CH to feel

uncomfortable, and as if she were being preyed upon. As a result, she contacted Principal Kimberly Ash.

CHARGE II
CONDUCT UNBECOMING A TEACHING STAFF MEMBER, INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S INAPPROPRIATE STAFF CONDUCT POLICY

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Raymond G. Morison, Jr. has engaged in unbecoming conduct including misconduct, insubordination, and other just cause by violating Willingboro Township Board Policy No. 3281, *Inappropriate Staff Conduct*. His acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal.

Willingboro Township Board of Education Policy No. 3281, *Inappropriate Staff Conduct*, states, in pertinent part:

> Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.
>
> Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, textmessaging, social networking sites, or any other medium that is directed and/or available to pupils or for public display.
>
> A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

Count 1

On April 30, 2016, Respondent sent several messages to former student, KP, on Facebook. The string of messages ended with Respondent stating, "I want to fuck u. I saw u were sleeping." This language and behavior is in direct violation of Board Policy 3281.

Count 2

On August 22, 2020, Respondent sent several messages to former student CH on Facebook, including stating that he was laying on the beach at his parents' house, asking what CH's plans were, and stating, "I should've gotten u earlier." This language and behavior is in direct violation of Board Policy 3281.

CHARGE III
CONDUCT UNBECOMING A TEACHING STAFF MEMBER,INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S SOCIAL MEDIA POLICY

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Raymond G. Morison, Jr. has engaged in unbecoming conduct including misconduct, insubordination, and other just cause by violating Willingboro Township Board Policy No. 3282, *Use of Social Networking Sites*. His acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal.

Willingboro Township Board of Education Policy No. 3282, *Use of Social Networking Sites,* states, in pertinent part,

> While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, pupils, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

Count 1

On April 30, 2016, Respondent sent several messages to former student, KP, on Facebook. The string of messages ended with Respondent stating, "I want to fuck u. I saw u were sleeping." This language and behavior is in direct violation of Board Policy 3282.

Count 2

On August 22, 2020, Respondent sent several messages to former student CH on Facebook, including stating that he was laying on the beach at his parents' house, asking what CH's plans were, and stating, "I should've gotten u earlier." This language and behavior is in direct violation of Board Policy 3282.

CHARGE IV
CONDUCT UNBECOMING A TEACHING STAFF MEMBER, INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S CODE OF ETHICS

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Raymond G. Morison, Jr. has engaged in unbecoming conduct including misconduct, insubordination, and other just cause by violating Willingboro Township Board Policy No. 3211, *Code of Ethics*. His acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal.

Principle 1(7) of the Code of Ethics states that teachers, "Shall not use professional relationships with pupils for private advantage." While KP and CH are former students, the relationship between them and Respondent is still subject to the Code of Ethics. Respondent used his position as their former educator to form a personal relationship, which he clearly hoped to make into a more intimate relationship.

CHARGE V
CONDUCT UNBECOMING A STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S INAPPROPRIATE CONDUCT TOWARD FORMER STUDENTS

The foregoing background information, common to all charges, and the facts alleged therein, are incorporated by reference as if fully set forth herein.

Each of the foregoing charges and counts individually warrant dismissal. Viewed in their totality within the context of the Respondent's behavior, it is evident that he engaged in a pattern of unbecoming conduct or other just cause, warranting immediate dismissal. The allegations, jointly and severally, demonstrate his unfitness to continue to serve in a position of immediate trust, warranting his immediate dismissal

ISSUE PRESENTED

Whether the Board has demonstrated by a preponderance of the credible evidence that the Respondent has engaged in conduct unbecoming a tenured employee. If so, what shall be the penalty?

FACTUAL BACKGROUND

The Board. The Board operates public schools for the town of Willingboro in Burlington County, New Jersey. The schools serve students for grades kindergarten through high school. The Board also operates an alternative school for students who have to be removed from the general school population due to behavioral issues.

Respondent. Respondent is a native of New Jersey and received his education, including his health and exercise science and teacher certifications from Rowan University in 2000. That year, he also attended Trenton State, where he received certification as a drivers' education instructor. (Tr. 209)

Following his certifications, Respondent began teaching in New Jersey public schools. In 2004 he was hired and began teaching physical education and drivers' education at Willingboro High. (Tr. 210) In 2017 he was transferred to Willingboro's Alternative High School, where he has taught middle and high school students. (Tr. 210, 212) During his years at Willingboro, he has coached high school softball, baseball, and varsity wrestling; he testified that he has never coached soccer. (Tr. 215)

Respondent testified about his personal life. He is married and has three children. In 1998 or 1999 his wife developed a debilitating brain tumor; she is now partially paralyzed and lives in a care facility. (Tr. 217) Respondent separated from his wife in 2010, keeping his children with him and raising them with the help of his

parents, who live with him. (Tr. 217, 218) In 2015 he became engaged to a woman; however, she had a heart attack in his home and died in front of his boys, his father and himself. (Tr. 220) Respondent testified that he had a difficult time and started drinking. (Tr. 220-1) In 2016, he renewed a friendship with a woman he had known, TM. Like him, she had a lot of issues, but they trusted one another and started talking to each other. They also began a sexual relationship. (Tr. 222-3)

April 2016 incident. Respondent had an online exchange with a female former student, KP, beginning on the night of April 30, 2016 and ending the next day. The exchange is included in the Charges and is undisputed:

On April 30, 2016, at midnight, Respondent contacted a former student, KP, on Facebook. The midnight exchange was as follows:

- Mr. Morison: *Hey*
- Mr. Morison: *What u doing*
- *KP:* I was sleeping. Lol

Over twelve hours later, at 1:04 P.M., Respondent sent the following, also via Facebook:

- *Mr. Morison: I want to fuck u*
- *Mr. Morison: I saw u were sleeping*

KP's testimony regarding the April 2016 incident. KP was a student at Willingboro High from 2010-2014, when she graduated. (Tr. 191) She had Respondent for drivers' education and gym in her sophomore year. (Tr. 192) He was also her coach for girls' softball, which she played in her freshman, sophomore, and senior years. (Tr. 192-3)

Since her graduation, KP has not seen Respondent in person, but she did have online communications with him in 2016. (Tr. 194) Respondent sent her a

Friend request on Facebook, which she accepted. (Id.) KP does not recall exactly when in 2016 he made the Friend request, or when she accepted it, but she recalls that Respondent initiated his first online conversation with her a few days before April 30. (TR. 201) She recalls that around midnight on April 30, 2016, they had a conversation, back and forth, beginning around midnight:

> It began he asked me like what school I was at and like how everything was going. And then we started talking, like just catching up, he told me about the current girl's softball team and how they were doing. And then we also spoke about his children for a brief moment to see how they were doing as well.

(Tr. 197)

KP testified that she went to sleep after that. The next morning, she saw a message from Respondent sent at 12:12 a.m. the night before: "Hey, what u doing." (P. 19, Tr. 197) She thought, "he must be a night owl if consistently he contacts me around midnights." (Id.) She responded, "I was sleeping, LOL." The next message that came in from Respondent was "I want to F-U-C-K u" and "I saw u were sleeping." (Id.)

KP testified:

> I was definitely taken aback because it was unprovoked and un, like, wanted because, like I don't understand how it went from us talking about like how school was going and the girl's softball team to escalating to what was said.

(Tr. 197-8) KP did not respond to these messages and has not heard from Respondent or had any communication with him since that time. (Tr. 199, 205) After talking the matter over with a friend, she met with Principal Ash to report

the messages. She was very uncomfortable doing so, but decided it was important to report the interchange:

> because it's better to speak up and then rather than to stay silent and the case that he could possibly be sending these messages to like other women or like even the other girls currently students, that was like my main fear.
>
> ***
>
> again, like I said, in the case like this is unwanted conversation, like regardless if it's if I was a student or not, it's just not acceptable, especially when it's so unwanted. Like unprovoked in any manner, like this is still a form of sexual harassment that no one should have to be obliged by or like accept if they did not want to.

(Tr. 200) At the Principal's request, she filled out an incident report on May 20, 2016. (P. 20)

Principal Ash confirmed that when KP came to see her and report the April 2016 incident, she was " very uncomfortable showing it to me because of the strong language in it;" and was concerned that her father not find out. (Tr. 159)

Respondent's testimony regarding the April 2016 incident.

Respondent testified that this exchange took place during the period following the death of his fiancée, when he was drinking heavily. He was online with TM at the same time as KP and testified that he had intended the sexual text for TM, rather than KP. (Tr. 252) He only noticed his mistake a day or two afterward. (Id.) He was embarrassed when he noticed, but he did not reach out to KP to apologize:

> I kind of was like, you know, mad at myself and embarrassed and I thought should I just send another message back to her to try to clarify it and then I didn't, I just figured it would go away. And then three weeks or a month later, I guess is when it came to me what had happened, but at that point there was no way, I'm not going to reach out, like because of what was

> going on, I can't reach out to apologize at that point, like, and I never had the opportunity even to meet with her to explain what had gone -- gone on, like that wasn't intended for her. Because we -- we -- like I had never -- like she said, we had talked for the couple days and we talked about regular like everyday living stuff and then like you could tell that message wasn't meant for that person, it's out of the blue completely to the wrong person.

(Tr. 254-5)

Resolution of the April 2016 incident. About a month later, the Board placed Respondent on administrative leave with pay. (Tr. 229) He was out of work for about a year, during which time, at the urging of his family, he got help for his drinking problems. (Tr. 226) He does not know if his explanation was told to the Board, but he told his attorney and Union rep what had happened. (Tr. 262) He consented to the settlement agreement of a 30-day suspension that is referenced in the Charges. He thought that "dealt with" the situation. (P. 22, Tr. 251) Respondent testified that "no one ever clarified what exactly I was being suspended for." (Id.)

August 22, 2020 incident. Respondent had an online exchange with another female former student, CH, on August 22, 2020. The exchange is referenced in the Charges and is undisputed:

Sunday, 5:20 p.m.

Respondent: How u been

CH: Hey mr. [Respondent]! I've been good! How are you?

Respondent: I'm good. Down the shore laying here! Lol

My parents have a house down here so I spend my summers down here

Sunday, 6:00 pm.

Respondent; U have any plans

CH: Just relaxing I go back to grad school tomorrow.

Respondent: Where's that at

CH: Jefferson University

Respondent: I should've gotten u earlier

Relaxing is always good!!!

I've been relaxing on the beach all summer! Lol

(P. 24)

CH's testimony regarding August 22, 2020 incident. CH attended Willingboro High from 2009-2013. She had Respondent for gym and possibly drivers' ed during her junior and senior years. She believes she also had him as a substitute soccer coach: she was a player and also a team manager in her senior year. She has not seen Respondent since she graduated in 2013.

Her next contact with Respondent was on Facebook. She received a Friend request from Respondent, who she could see was also Facebook friends with other former students she knew. She accepted the friend request.

A day later, in the afternoon, Respondent sent her the message shown above. She thought it felt a little casual:

> I mean, it's not the first time that I've spoke to or caught up with a faculty member outside of school that either I like ran into or maybe came across on Facebook or a platform. And usually they'll ask like, you know, what are you doing now, are you working, you know, are you in school, things like that, but it just seemed kind of informal, I guess.

(Tr. 110) CH went on to explain that when Respondent asked her about her plans, she felt the conversation took an inappropriate turn (P. 26):

> The conversation just got a little bit more casual. I felt like, you know, initially, because I knew Mr. [Respondent] in high school, I guess I saw him more as an authoritative figure and at first he was, you know, messaging me, I thought it was just to catch up and ask like, you know, again what I've been up to, like, you know, was I in school, so forth. And it just got a little personal I felt at that point, because it was about like what I was doing, what my plans were and he was obviously in a relaxed setting.

(Tr. 111-12) She described her reaction to the casualness of the conversation:

> Just speaking of peers my age and, you know, just knowing how casually we speak to each other and, you know, what different messages mean, it just made me feel as if I wasn't seen as a past student or, you know, someone that looked at him as an authority figure.
>
> ***
>
> At first I, you know, I tried to give him the benefit of the doubt, so I tried not to just go off and think that it was anything unusual, so I answered it. I thought when he asked if I had any plans, it was just like our first conversation casual, so I responded back and said I'm just relaxing, I go back to grad school tomorrow.

(Tr. 112) She became uncomfortable with Respondent's next message, "I should've gotten to you earlier:"

> Meaning I should've gotten you at an earlier -- oh, that message made me a little uncomfortable, honestly, I think that was the turning point for me, it felt like I should've gotten to you at a early date -- an earlier date so we could hang out, so it didn't seem as much as, you know, about just like catching up or just asking like where I was at in life, it just felt like more of a leeway into like a physical appearance.

(Tr. 113) At the time, she was not sure what Respondent meant. (Tr. 136) She acknowledged that Respondent did not ever tell her that he wanted to "hang out" with her,

> But I felt like he insinuated that when he asked if I had any plans and he should have gotten to me earlier.

(Tr. 135)

After this exchange, CH stopped messaging Respondent; she "unfriended" him:

> I think it was just my way of saying that it was inappropriate, I realized that it wasn't the type of relationship that I felt it would be or expected it to be from the friend request.

(Tr. 138) He did not message her again or otherwise attempt to contact her. (Id.)

Two days later, on August 24, 2020, CH was on twitter and saw a tweet from one of her peers that she went to high school with. (Tr. 115) The tweet said, "My old gym teacher slid in my DMs at 1:53 a.m." (P. 25) She replied, "He slid in mine too. Like an f'ing weirdo." (Tr. 122, P. 25) Another former student followed with "Mr. V [blank] slid in mine" and ended with three emojis. (Tr. , p. 25) After someone posted a message with lots of emojis, another individual, a male who CH recognized as a former student, posted: "Yoo u da second female I seen say something about Morrison dm'n them lastnight. [emoji] smh he bugged out." Another person replied, "Lol who," and the male student responded, "Mr. Morrison from the high." (Id.) CH blocked the names of the individuals making the tweets by drawing over them, and then took a screen shot of the conversation. She no longer can go back to the original posting. Although at the time she knew the names of three people who participated in this conversation on twitter with her, she did not identify them, stating: "I wish not to honestly disclose those names because I do not have their permission to bring their names into court." (Tr. 126)

After seeing the tweets, CH reached out to some friends to ask their advice about whether she should report her interaction with Respondent. After

considering their advice and reevaluating the events, she decided that she did need to come forward:

> I think that after I saw that other women were saying that they were contacted as well, it made me a little bit more uncomfortable in the sense that I felt like it was happening to multiple people that I graduated with and I felt like it was my responsibility to bring it forward and speak on it if I'm -- if I knew who to go to. And I had, you know, collected additional evidence of people talking about the event. So after that instance I decided, after I took some days, to gain the courage to report it to Miss Ash.

(Tr. 128) CH sent an email to Principal Kimberly Ash on August 29, 2020:

> I'm reaching out to you about a concern that I have about a currently employed staff member of the district. [Respondent] was a Gym teacher and girls soccer coach in my years at the highschool. I have not seen or spoken to Mr. [Respondent] since I graduated in 2013. Last Saturday, I noticed a friend request from him late at night, which I accepted. I accepted the request assuming he was just being friendly and catching up with students he previously knew. I did notice we had some mutual friends. A few hours later I received a message from him asking "How u been". I thought at the moment that it felt a little casual, but I responded "hey Mr. [Respondent]! I've been good! How are you?". The conversation took an inappropriate turn when he stated that he was laying on the beach at his parents house and asked what my plans were. It continued with phrases like "U have any plans" and "I should've gotten u earlier" I stopped responding. Unsure what this meant, I learned from my peers posts on social media that he had sent them a friend request and messaged them as well (at least two other alumni). In light of the recent discoveries of Mr. HH and Mr.HH I have felt that the things being said on social media should be taken seriously and active staff should be held accountable in order to make Willingboro Schools safe places for students. Though the women who have stated that they've been contacted, as well as myself are in our adult years now, I find it predatory for a teacher to reach out to past students that they do not have a professional, or informal relationship with after they graduate and suggest "hanging out". I'm not sure if this has been bought to your attention before, but it is my hope that young black women in Willingboro can feel safe and not prayed [sic] upon by teachers, coaches, and mentors who help shape our futures.
>
> Thank you.

(P. 26, Tr. 127) In this hearing, CH was asked to explain why she used the word "predatory" to refer to Respondent's messages:

> It just made me feel as though -- the fact that I was messaged made me feel as though, after all those years, you know, it's been eight years since I graduated, maybe going on nine now, and it just made me feel as though a memory of me being my younger self versus now for me not to have seen or spoken to a faculty member within the last eight or nine years would just make me feel like why would you feel the need to reach out to me in that way, in such an informal way?

CH ended her testimony explaining how she felt about the messages she received from Respondent:

> I think that growing up in -- or getting a good amount of my education in Willingboro school system and, you know, seeing a lot of different faculty members come and go, we gain close relationships with some of the faculty members that are there for extended periods of time and, you know, they work in various departments, whether it's coaching and teaching, you know, they may substitute for a class, so we get to know these faces and it's very familiar. And to be from such a small town, these are faces that stick with you, names for the rest of your life, so I just think the importance of it, you know, as a young woman coming out of the Willingboro school system is that we should feel safe within our schools and we should feel like our educators truly care about the well-being of us as the alumni and also as students that are currently here. It means a lot to me because, you know, it makes me feel uncomfortable to know that there may be faculty members within the school that may not have seen us as children at the time and do not see us as, you know, alumni and someone who looks up to them now. So to me it was important to bring it forward to the younger women who are currently in the school now and will be graduating, and not only with [Respondent], but with other faculty members or educators, may go through the same thing as me in life and be confused on what kind of decision to make and what steps to take.

(Tr. 130-1)

Principal Ash confirmed that CH reached out to her via email on August 29, 2020 (P. 26, Tr. 147) and shared with her the August 29 Facebook messages

she had received from Respondent. (P. 24, Tr. 147-8) Principal Ash reported the matter to Superintendent Hackett. (Tr. 152)

Respondent's testimony regarding the August 2020 incident.

Respondent testified that he has been active on social media through Facebook, Instagram, and Snapchat. (Tr. 272) Over the years, he has been in touch with maybe 20 to 30 former students, including some of student athletes he coached and other students he runs into at the CVS or when he is driving for Uber or Lyft. (Tr. 269-70) He is probably friends with more male than female students. (Tr. 270) When he is on social media and sees the names pop up of former students who are friends with some of his other former students, he'll "friend request them:" "It's like I haven't talked to that person in years, let me see what they're doing." (Tr. 276)

Respondent acknowledged that he sent a Friend request to CH in 2020. When asked why he sent a Friend request to CH, he explained that although he never coached her, he had her as a student, and:

> I talk – I talk to like I said, numerous former students on social media. I reached out to see how she was doing. And that's basically -- that's basically it, see where she was at, what she was doing.

(Tr. 236, 235) He went on to explain:

> in the beginning we were just talking about what's going -- like what's going on and how she's been. It was basically just a general question back and forth of where we're both at that point. 'Cause I hadn't talked to her in years like, like some of the other students, like former students. Like I said, sometimes they'll reach out on social media. Most of the time I end up picking a lot of former students up through Uber and Lyft and it's like they recognize me usually, you know. Well, in this I was just reaching out to see what she was doing, what she had been up to. That's what, usually

> I'll send a friend request or if they send a friend request and then usually ask how you been or how are you, what are you doing.

(Tr. 236-7) When he said, "I should've gotten u earlier," he meant he should have gotten her earlier because she was going back to school. (Tr. at 238)

As to whether Respondent ever contacted other students and/or spoke inappropriately to them, he provided an answer in his certification that "I know I had not done so." (P. 11, par. 6) However, in his testimony, Respondent agreed that answer was not accurate. (Tr. 272)

Respondent's interview with Dr. Hackett. On October 9, 2020, Dr. Hackett conducted an online interview with Respondent as part of her investigation of his online communication with CH that was reported to her by Principal Ash. Respondent's then current principal, Ms. Alicia Biddle, also participated in the interview. Dr. Hackett testified that during this interview, Respondent told her he wanted

> the young lady to come down and spend time with him. I don't know whether he said beach house or shore, I can't remember. I thought he said beach house, but he wanted the young lady to come down and spend time with him.

(Tr. 27)

Respondent corroborated Dr. Hackett's memory regarding this exchange:

> I said if it got to I possibly would have invited her down to meet at the beach down at the shore. I never -- but in a lot of the testimony like that was saying the shore house, which the shore house was never involved because my family, my mom would never even allow it, because due to what's going with, you know, my wife, my fiancée, like my mom's very strict about bringing anyone around the kids. They've gone through too much loss and too much. So that was definitely not said as far as the shore house. And I never had -- I never actually -- I never actually put out the invite....

(Tr. 245) Respondent said much the same thing in his certification dated February 16, 2021:

> 5. I did say that I may have asked her to come to the shore, but since summer was over and she was leaving for graduate school, I did not extend any invitation.

(P. 11)

Dr. Hackett also discussed Respondent's social media accounts:

> I believe he mentioned something along the lines of he should just -- he should just delete his social media accounts, something like I should just delete my accounts. And I think I might have said something along the lines of perhaps that could have been a course of action after the first incident because you turned around and repeated it again.

(Tr. 29)

Respondent's agreed that he told Dr. Hackett he would delete his accounts. However, he testified that in fact he has not deleted all of his social media accounts – he still has a Snapchat account with the user name of "Coach Morison." (Tr. 272-4) He also explained why he was getting off social media:

> I said, between all the election stuff and the movement, there was so much arguing going on, I was like I was going to delete -- I was tired of seeing the posts on Facebook anyway, everybody arguing. And then at that point, like after what had been brought up and now that I was in another meeting, I'm like this isn't worth it because people are making their own opinions and they're reading the message in one way when you're sending it a different way. And I was like is, it's not worth it anymore, I'm like not even going to be here.

(Tr. 241) He went on to elaborate:

> at this point you really can't talk to anyone is what this is coming down to because anything you say can be twisted at this point.
>
> ***

> Like you literally, you kind of really can't say anything, obviously, like, without being, you know, without messages being misconstrued. So like it's better off at this point like, you know, to get off the social media, that's why I got off it. Because it's not -- it's not worth it.

(Tr. 280, 281)

POSITIONS OF THE PARTIES

The Board argues that it has met its burden to prove the tenure charges by a preponderance of the credible evidence. In particular, (1) the Board has proven that Respondent used his professional position as a teacher and the trust he established with his students to his advantage to contact former students inappropriately on social media on multiple occasions; this was established not only through the uncontested messages, but also through CH's testimony and the production of messages on Twitter demonstrating that at least two other female alumni referenced "gym teacher," confirming that Respondent had reached out to them; (2) the weight of the evidence establishes that Respondent does not understand or appreciate the magnitude of the issue presented by his messaging with former students; in his interview with Superintendent Hackett, as well as his testimony in this proceeding, Respondent has demonstrated that he does not understand or care about how the students or Board administrators reacted to his behavior; he has not learned from his prior discipline in 2016; (3) Respondent's inability to discern between inappropriate and appropriate communications confirms that he is unfit to be a staff member for the Board; (4) Respondent's own testimony shows that he intended to invite CH to have a personal rendezvous with him, despite the fact that his only connection to her was his role as her former teacher nine years earlier; CH

reasonably perceived that intent and was uncomfortable; such a misuse of his position as a teacher to reach out to former students for his personal advantage is contrary to Board policies and is conduct unbecoming a staff member; (5) Respondent has shown no remorse at all for his behavior; he has demonstrated that he thought it was perfectly acceptable to allow KP to think he had intended to send her a vulgar message in 2016, making no effort to clarify or rectify the situation; likewise he shows no sign that he understand his 2020 communication with CH could or would be perceived as unwanted, indeed, predatory; thus the Board cannot be assured that he will not engage in inappropriate social media interactions with students or former students in the future; (6) additionally, Respondent has not entirely discontinued his use of social media, dialing back his use only because he found people using the media were misconstruing posts; he continues to be active on at least one site as "Coach Morison," a title and status he enjoyed only as a Board employee; he has not learned why his use of social media to reach out to former students, particularly female former students, to invite them to meet up with him, is inappropriate; (7) Respondent has continued to seek access to former students through his work driving for Uber and Lyft; he cannot be trusted to refrain from using his position as a former teacher to interact with students, even if he does stay off social media; (8) similar to the employee in *I/M/O David Clune*, where a teacher was discharged because of inappropriate Facebook and text messages to two female former students, Respondent used his position as a former teacher to seek out former students, violating their trust and the public's trust in the teachers and other Board employees responsible for the care and custody of school children; the Board

has proven it has a reasonable basis for concern for the safety of its students if Respondent is allowed to enter a classroom again; (9) by his own admission, Respondent sought to interact with many former students in addition to CH and KP; the interactions that form the basis of these charges are aggravated by the fact that he served a suspension in 2016 for similar conduct, yet apparently learned nothing from that experience; the Board cannot be assured that Respondent understands the line between appropriate and inappropriate interactons with current or former students.

For all of these reasons, loss of tenure and discharge is the appropriate penalty in this case.

Respondent, on the other hand, argues that the Board has not met its burden to prove the tenure charges, in that (1) none of the evidence -- neither the exhibits nor the testimony -- establishes that Respondent made any inappropriate advances toward CH; it would be unreasonable to interpret that as his purpose based upon the content of the communications; Respondent's intent upon contacting CH was not to extend any invitation to spend time with her or otherwise, but simply to inquire as to what was going on in her life; this is no different than the interactions he has had with 20 to 30 other former students without incident; (2) further, it is unreasonable to punish Respondent based upon his perceived thoughts rather than his actual words; similarly it is unreasonable to speculate about where a conversation may have gone if it were to continue, when it did not; (3) the Board has failed to prove that Respondent reached out to other former students with similar messages or for a similar purpose; the screen shot of tweets must be excluded as hearsay,

particularly since CH refused to identify the individuals posting those tweets, even though she knew who they were; that has unfairly prejudiced Respondent, depriving him of the opportunity to challenge the authenticity of the tweets or cross-examine the alleged tweeters; (4) for the same reason, the portion of CH's email to Principal Ash saying that she had learned from her peers that Respondent had sent others a friend request and messages, must be stricken, since there is no competent, credible, admissible evidence supporting this; this is a fiction created by the Board; (5) because, as Respondent and Dr. Hackett both testified, Respondent did delete his social media accounts, the likelihood that a similar incident will occur in the future if Respondent is reinstated is minimized; (6) the actual words in Respondent's message to CH fall well short of the messages in *I/M/O David Clune*, relied upon by the Board: (i) Respondent was not exchanging messages with young students, but with an adult in her mid-twenties; (ii) the language itself was neither salacious nor racy; (iii) the text did not concern the appearance of the student, invite smoking marijuana, tell her he was attracted to her, or urge her to keep the communications secret; and (iv) CH never asked Respondent to stop contacting her; in short, given the stark differences between the two cases, *Clune* cannot serve as precedent in this case; (7) Respondent's conduct was not outrageous; hence termination is too harsh a penalty, particularly in light of Respondent's lengthy history as an effective teacher.

In sum, the Board has failed to prove that Respondent was guilty of any misconduct. But, if his communications can be considered as misconduct, termination is simply too harsh a penalty.

DISCUSSION

Both parties were ably represented by counsel in this proceeding and had full opportunity to present evidence and make arguments in support of their respective positions. In the preparation of this Opinion and Award, I have given careful consideration to the testimonial and documentary evidence, the legal authorities cited, and the positions and arguments set forth by the parties. For the reasons set forth below, I find the Board has proven Count 2 of Charges I II, III, and IV and Charge V. Respondent did engage in conduct unbecoming a tenured teacher. I further find that while Respondent's conduct was improper, removal from his position and loss of tenure is not the appropriate penalty.

Before addressing the Charges, I turn to certain preliminary issues.

Exhibit P. 25, Screenshot of Twitter posts from August 24, 2020, is admissible for limited purposes only.

During the hearing, the Board introduced a screen shot of tweets from August 24, 2020. (P. 25) The screen shot had been taken by CH, who blocked out the names of the people sending the tweets in order to protect the identity of the individuals involved. Respondent objected to the exhibit on two grounds.

First, Respondent cites N.J.S.A. 18A:6-17.1(b) which requires the Board to furnish all documents to the charged employee at the time the case is referred to arbitration; the Board is precluded from presenting additional evidence at the hearing, except for purposes of impeachment of witnesses. It is undisputed that the Board did not provide this piece of evidence upon referral of the case to arbitration. The Board only obtained the document later and did provide it

attached to the Superintendent's Certification dated February 17, 2021, submitted in opposition to the Respondent's Motion for Summary Judgment.

The Board argues that the document should be admitted because it does not add new charges, but simply corroborates the statements of CH that are the basis of these charges. As early as August 29, 2020, about a week after Respondent exchanged messages with CH on Facebook, she sent an email to Principal Ash reporting that exchange. In that email, which was furnished to Respondent in support of the charges, she referred to learning "from my peers on social media" about Respondent messaging at least two other alumni. (P. 26) Thus the existence of social media posts was not withheld from Respondent.

The Board cites the case of *Petrella v. Hackensack* BOE, 2021 WL 84056 for the proposition that exhibits submitted after the original charges may be admitted if (a) they do not materially expand on the original charges, and (b) the Respondent has a "full and fair opportunity to dispute all charges." In that case, the arbitrator permitted an additional 17 exhibits to be entered into evidence. Here we have the single exhibit.

I agree with the Board that Exhibit P. 25 did not expand the scope of the original charges. Further, Respondent was given ample notice of the additional document a full month before the hearing, and therefore had a full and fair opportunity to review the document and prepare his defense against the charges.

Second, Respondent argues that the document is classic hearsay and should be excluded. Because CH refused to identify the people sending the tweets and did not produce the original of the document, he had no opportunity

to cross examine the speakers or confront his accusers. He is obviously correct that he was deprived of the opportunity to cross-examine the authors of the tweets, and thus could not refute the allegation that he had messaged at least two other alumni around the same time he messaged CH.

There are a couple of points to be made about this exhibit. First, the messages themselves do not clearly assert that Respondent "dm'n" or messaged three students. According to CH, a female alum first said "my old gym teacher skid in my DMS at 1:53 a.m." CH then responded, "he slid in mine too." Then a third alum, a male, said "Yoo u da second female I seen say something about Morrison dm'n them last night." Another former student wrote about a different teacher, "Mr. V," sending her a message. The evidence thus is unclear: did the alums on twitter know about Respondent sending messages to two students the same night or three? CH was questioned about this message, but the matter remains murky to me, particularly since CH refused to identify the senders of the messages, although she knew who they were. (Tr. 123-4)

Second, P. 25 does contain uncorroborated hearsay. It cannot be used to prove the truth of the matter asserted. Thus it may not be used, and has no weight, on the issue of whether Respondent did, in fact, send messages to multiple students around the same time that he sent his message to CH. Nor do I have any evidence of the content of these messages, if they were sent. So, I exclude P. 25 from consideration on the questions of whether Respondent was reaching out to multiple female alums and, if so, for the purpose of pursuing personal interactions.

On the other hand, the exhibit does corroborate CH's statement that she had reason to believe Respondent was messaging other female alums. In his testimony, Respondent readily admitted sending social messages to many alums, male and female – some 20 to 30. Interestingly, Respondent never denied seeking personal interactions with other alums, and he did admit having the purpose of asking CH to meet up with him, only dropping that idea when she told him she was going back to graduate school the next day.

Finally, Respondent claimed in his Certification (P. 11) that he knew he had not contacted other former students, "In fact, Petitioner has not provided any additional evidence or witnesses of any such communications." Exhibit P. 25 impeaches that certified statement.

In short, even though the exhibit cannot be used to prove that Respondent was preying upon multiple female alums, the exhibit is nevertheless admissible and probative to corroborate CH's statements and testimony. Further, it is admissible as corroboration of Respondent's testimony about multiple social media exchanges with other alums and impeaches his statement that he had not contacted others.

Disputed Issues of Material Fact Identified in Motions for Summary Judgement.

In my decision denying the parties' respective motions for summary judgment, I noted "there are at least three issues of material fact in dispute here: (1) whether Respondent admitted to Dr. Hackett that he intended to invite CH to his parents' beach house, and, relatedly, whether it was reasonable for CH to

interpret his messaging as an overture for that purpose; (2) whether Respondent reached out to other former students with similar messages and/or for a similar purpose; (3) whether Respondent told Dr. Hackett that he intended to delete all of his social media accounts." Having now heard all of the evidence and arguments, I address these three issues in turn.

1. **Respondent intended to invite CH to meet up with him at the shore, and it was reasonable for CH to interpret his messaging as an overture for that purpose.**

As discussed above, Respondent admits that he did intend to invite CH to meet up with him "at the shore" although not to his parents' beach house. At the time I wrote my decision denying the motions for summary judgment, I had assumed the issue concerned a potential invitation to his parents' house, but Respondent clarified that he would not have done that, since his mother was very strict and would not have allowed him to bring people around his children.

I find there is no significance between an intent to invite CH to his parents' home or inviting her to meet him at shore. If anything, an invitation to meet alone with him somewhere on the shore, is more inappropriate than inviting her to come to his family home where other members of his family, including his parents and children, would be present. It was reasonable for CH to interpret his messages as an overture for a rendezvous or meet-up, one-on-one. Since he had no prior personal relationship with this former student, having had no contact with her for almost 9 years, this was an overture that was highly inappropriate and violated the Board's policies requiring all school staff to "maintain a professional relationship with pupils and to protect the health, safety and welfare

of school pupils." (Policy #3281) It also violated the Board's Code of Ethics, requiring that educators "Shall not use professional relationships with pupils for private advantage." The fact that CH terminated the conversation so that Respondent never actually made an invitation and she did not accept one, does not render the communication harmless.

I am not called upon to decide whether Respondent's other Friend requests to former students were inappropriate. Respondent testified that he has some 20-30 friendships on Facebook with former students, many of which he initiated when he saw their names pop up as mutual friends of others with whom he maintained online friendships. The Board's policy does not absolutely prohibit online friendships between employees and pupils – whether current or former. However, initiating a friendship and using it as an overture for a personal meet-up with a former student crosses the line from friendly, professional, and supportive interest in the post-graduation lives and well-being of students, to potentially predatory behavior. Respondent's only basis for contacting CH was that he was her former teacher; using that relationship to pursue a personal relationship was entirely improper.

2. Respondent did reach out to other former students. The Board, however, has failed to prove that he sent similar messages with a similar purpose as with CH.

As discussed above, Respondent testified that he reached out to other former students and exchanged messages with them on Facebook and other social media platforms. His testimony corroborates the testimony of CH and

Exhibit P. 25 as to interactions with former students. That allegation is thus proven.

However, the Board has failed to meet its burden to prove that the content of Respondent's communications with other students was inappropriate. There simply is no credible evidence on this point: CH does not know the content of the other messages, and she refused to furnish the names of witnesses who might know. We do know that he sent messages late at night, but there is no evidence that he was either hoping or intending to invite other students to make personal contact with him.

3. Respondent told Dr. Hackett that he intended to delete all of his social media accounts.

At the time the parties filed their motions for summary judgment, this was an open issue: the Board's charges contained an allegation that Respondent told Dr. Hackett he intended to deactivate all of his social media accounts. Respondent at that point had neither admitted nor denied this allegation. During the hearing, however, as cited above, he agreed that he told Dr. Hackett he had deleted his social media accounts. He further testified that he had not in fact deleted all of his accounts – he still has a Snapchat account. (Tr. 273)

Further, Respondent gave as to his reasons for discontinuing social media his disgust with the elections, and people misconstruing his opinions. (Tr. 280-1) He did not delete them to avoid making inappropriate communications.

General Conclusions. I find that the Board has proven by substantial credible evidence that Respondent initiated contact with a 24-year-old former

female student that was unprovoked and unwanted. His messages, though not lewd or vulgar in themselves, were intended to set up a personal interaction with a student he had no contact with for almost 9 years. This student reasonably concluded that he was seeking some kind of personal interaction.

I agree with the Board that Respondent simply has no understanding of why his conduct was unwanted, unprofessional and inappropriate. The casual tone of his online messaging shows a lack of appreciation for his obligation to maintain a dignified, respectful and professional presence in the community, whether on line or in person, toward past as well as current students, and toward the public at large.

Even accepting his explanation that his vulgar sexual message to KP in 2016 was sent in error, he has not learned from his experience. His testimony and conduct clearly show that he sees nothing wrong with reaching out to former students with whom he has had no contact since high school to begin friendships on social media or elsewhere. He shows no understanding or empathy with how such overtures could be perceived and that they could be disturbing to these students. It is troubling that Respondent was insensitive -- even oblivious -- to how his conduct as a white man of middle years would be perceived by the young black women he approached, whom he knew only because he was their teacher. CH expressed this concern to Principal Ash: "it is my hope that young black women in Willingboro can feel safe and not prayed [sic] upon by teachers, coaches, and mentors who help shape our futures."

While I find Respondent's social media interactions with CH were unprofessional and unbecoming conduct, I cannot agree with the Board that all of Respondent's interactions with former students in the community have been improper. For example, in its post-hearing brief, the Board argues that Respondent's testimony about encountering former students in the community as an Uber/Lyft driver and having friendly exchanges with them "makes it clear that he will seek access to the students of Willingboro Township by other means." (Brief, p. 16) That goes too far and is unfair. The Board has suspended Respondent from his employment as a teacher, and he has taken up driving for car services as a means of earning a living. There is no evidence that he engages in this activity in order to "seek access" to students. It is both natural and appropriate that he should be courteous and friendly whenever he does encounter students in the community. There is no evidence that he is initiating these interactions for personal purposes, as he did with CH.

This case arises out of the misuse of social media. The District's policy on social media largely focuses on warning staff to beware of posting communications that can be made available "for public display or publication," with the "possibility of becoming public even without their knowledge or consent." (P. 18, Board policy on Use of Social Networking Sites) But the facts of this case equally involve the question of ethical behavior by Board staff toward people in the community – current and former students and the public at large. I do not know the nature of training that the Board gives staff on these policies. I suggest that Board needs to educate staff on the appropriate range of interactions

staff may have with members of the public and former students. More thorough training should help staff understand that they must be professional, respectful and cautious in all their interactions, including on social media.

I regard the current charges as very serious, particularly in light of Respondent's failure to appreciate the consequences of his actions or understand how his actions could be perceived and be hurtful to others, even after receiving discipline in 2016. Nevertheless, I conclude that discharge is too severe a penalty based on the facts before me. The 2020 messages were not lewd or vulgar, but merely insensitive and overly casual. They were addressed to an adult. And, to her credit, CH reacted with maturity: she discontinued the correspondence. Even if Respondent intended to set up a tryst of some sort, which would have been highly inappropriate, the fact is that CH quickly cut off the interchange, so it never came to that; she was not unduly harmed by Respondent's conduct. CH only thought to report the incident when she had reason to believe Respondent was sending messages to numerous young women in what seemed to her a predatory manner. Whether in fact Respondent sent such messages and what their content was remains unproven.

I will not deprive a teacher of his livelihood forever, because he sought casual friendships with a former student, when he did not use lewd or vulgar language and did not pursue the relationship when the student dropped it. Yet, a severe penalty must be imposed so that he learns to act within the ethical and professional boundaries of his role as a teacher and mentor to foster and protect the health, safety and welfare of school pupils, not only while he is their teacher,

but after they graduate. If he still cannot appreciate the unethical and inappropriate nature of his approaches to former students and continues this behavior in the future, further consequences, including additional tenure charges, may be warranted.

With regard to the particular tenure charges, I make the following findings:

CHARGE I: CONDUCT UNBECOMING A TEACHING STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S INAPPROPRIATE CONDUCT TOWARD FORMER STUDENTS

I find that Respondent engaged in unbecoming conduct when, as alleged in Count 1, he texted KP on April 30, 2016, but he has already served a month-long unpaid suspension for that conduct; it cannot be the basis of discipline again.

I find that Respondent engaged in unbecoming conduct when, as alleged in Count 2, he engaged in an inappropriate online conversation with CH on August 22, 2020.

CHARGE II: CONDUCT UNBECOMING A TEACHING STAFF MEMBER, INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S INAPPROPRIATE STAFF CONDUCT POLICY

I find that Respondent engaged in unbecoming conduct and violated the Board's Inappropriate Staff Conduct Policy, when, as alleged in Count 1, he texted KP on April 30, 2016, but he has already served a month-long unpaid suspension for that conduct; it cannot be the basis of discipline again.

I find that Respondent engaged in unbecoming conduct and violated the Board's Inappropriate Staff Conduct Policy when, as alleged in Count 2, he engaged in an inappropriate online conversation with CH on August 22, 2020.

CHARGE III: CONDUCT UNBECOMING A TEACHING STAFF MEMBER,INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S SOCIAL MEDIA POLICY

I find that Respondent engaged in unbecoming conduct and violated the Board's Social Media Policy, when, as alleged in Count 1, he texted KP on April 30, 2016, but he has already served a month-long unpaid suspension for that conduct; it cannot be the basis of discipline again.

I find that Respondent engaged in unbecoming conduct and violated the Board's Social Media Policy when, as alleged in Count 2, he engaged in an inappropriate online conversation with CH on August 22, 2020.

CHARGE IV: CONDUCT UNBECOMING A TEACHING STAFF MEMBER, INSUBORDINATION AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S VIOLATION OF THE BOARD'S CODE OF ETHICS

I find that Respondent engaged in unbecoming conduct and violated the Board's Code of Ethics, when, as alleged in Count 1, he texted KP on April 30, 2016, but he has already served a month-long unpaid suspension for that conduct; it cannot be the basis of discipline again.

I find that Respondent engaged in unbecoming conduct and violated the Board's Code of Ethics when, as alleged in Count 2, he engaged in an inappropriate online conversation with CH on August 22, 2020.

CHARGE V: CONDUCT UNBECOMING A STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING RESPONDENT'S INAPPROPRIATE CONDUCT TOWARD FORMER STUDENTS

I find that the Respondent engaged in a pattern of unbecoming conduct or other just cause, warranting disciplinary consequences. I find that the conduct was serious but does not warrant his immediate dismissal.

AWARD

The Board has established Count 2 of Charges I, II, III, and IV and Charge V. The proven allegations are serious and constitute grounds for discipline. Respondent is ordered suspended without pay for the entire 2020-2021 school year. He may return to his position as a tenured teacher beginning in the fall of 2021, subject to the following conditions:

1. Prior to his return to his teaching position, Respondent shall report to the Board all existing social media relationships with current or former students.
2. Respondent is prohibited from initiating any new online relationships with current or former students of the Board – whether as Facebook Friend or otherwise on any social media platform -- for two full academic years, from 2021-2022 through the end of 2022-2023. If current or former students initiate new relationships with Respondent, he shall report the same to the Board.
3. During the two-year period the Board may request that Respondent provide access to his social media accounts for the purpose of monitoring Respondent's compliance with the prohibition outlined above.
4. During the two-year period, Respondent is prohibited from using any terms, such as "Coach," on any social media platforms that identify him as an employee of the Board.
5. In the event that Respondent violates any of the terms set forth herein, he may be subject to further tenure charges which may result in termination.

Petitioner,

v.

Board of Education of the Borough of Metuchen, Middlesex County,

Respondent.

Synopsis

Petitioner disputed the respondent Board's finding that her son, J.A., committed an act of harassment, intimidation or bullying (HIB) against a fellow student at Metuchen High School pursuant to the Anti-Bullying Bill of Rights Act, *N.J.S.A.* 18A:37-13.2 et seq. After an investigation by the school's anti-bullying specialist, the Board determined that J.A. had committed an act of HIB when he called an African American student the "N-word." Petitioner claimed that the Board's determination of HIB was arbitrary, capricious and unreasonable as it was based upon an investigation that was improperly limited in scope, and upon the confession of J.A., which petitioner suggests was coerced. The Board contended that the HIB investigation was properly conducted and that the Board was not arbitrary, capricious or unreasonable in making the determination that J.A.'s conduct constituted HIB.

The ALJ found, *inter alia*, that: an action by a board of education is entitled to a presumption of correctness unless it is proven to be arbitrary, capricious or unreasonable; under New Jersey's Anti-Bullying Bill of Rights Act, "harassment, intimidation, or bullying" is broadly defined as any gesture, any written, verbal, or physical act, or any electronic communication that is reasonably perceived as motivated by any actual or perceived distinguishing characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical, or sensory disability, that takes place on school property and substantially disrupts the orderly operation of the school; in the instant case, the record reflects that J.A. admitted using a racial epithet and that the Board's HIB investigation showed that the epithet was directed at an African American student; J.A.'s comments and actions were reasonably perceived as being motivated by a distinguishing characteristic; and the petitioner has failed to prove that the Board acted in an arbitrary, capricious or unreasonable manner in determining that J.A.'s behavior constituted HIB. Accordingly, the ALJ ordered that the petition be dismissed.

Upon review, the Commissioner concurred with the Administrative Law Judge that the Board did not act in an arbitrary, capricious, or unreasonable manner in rendering its HIB determination, pursuant to the Anti-Bullying Bill of Rights Act, *N.J.S.A.* 18A:37-13 *et seq.* Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

OAL Dkt. No. EDU 05388-19
Agency Dkt. No. 41-2/19

New Jersey Commissioner of Education

Final Decision

L.G., on behalf of minor child, J.A.,

Petitioner,

v.

Board of Education of the Borough of Metuchen, Middlesex County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

In this matter, the Metuchen Board of Education determined that J.A. committed an act of harassment, intimidation and bullying (HIB) when he called an African American student the "N-word." Upon review, the Commissioner agrees with the Administrative Law Judge that the Board did not act in an arbitrary, capricious, or unreasonable manner in rendering its HIB determination, pursuant to the Anti-Bullying Bill of Rights Act, *N.J.S.A.* 18A:37-13 *et seq.*

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter, and the petition is hereby dismissed.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: April 29, 2021
Date of Mailing: May 4, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
OAL DKT. NO. EDU 05388-19
AGENCY DKT. NO. 41-2-19

L.G. ON BEHALF OF J.A.,
Petitioners,
v.
BOARD OF EDUCATION OF
THE BOROUGH OF METUCHEN,
MIDDLESEX COUNTY,
Respondent.

L.G., petitioner, pro se

Jessika Kleen, Esq., for respondents (Machado Law Group, attorneys)

Record Closed: May 1, 2020 Decided: March 15, 2021

BEFORE **ELIA A. PELIOS**, ALJ:

STATEMENT OF THE CASE

Petitioner, L.G. on behalf of J.A., filed a Petition of Appeal to the Commissioner of Education, in which they dispute respondent's finding that J.A. committed an act of harassment, intimidation or bullying (HIB) pursuant to N.J.S.A. 18A:37-13.2 et seq.

PROCEDURAL HISTORY

The Department of Education transmitted the matter to the Office of Administrative Law (OAL), where it was filed on April 22, 2019. N.J.S.A. 52:14B-1 to -15; N.J.S.A. 52:14F-1 to -13. Hearings were held on December 10, 2019. The record was left open for parties to submit closing briefs, and the record closed on May 1, 2020.

FACTUAL DISCUSSION

Susan Paredes testified on behalf of the Board of Education. She is employed as the assistant principal of Metuchen high school. She discussed her education and professional background. At the time of her testimony she was in her eleventh year as assistant principal. She oversees student affairs. She is the school's anti-bullying specialist she is also the affirmative-action officer and testing coordinator. She is responsible for investigating HIB and identifying patterns of behavior. She has been trained in how to conduct investigations. She had three to five training sessions per year for the first five years that the HIB law was in place and one to two training sessions per year since then. She is familiar with the current matter.

Paredes investigated student J.A. J.A.'s mother, L.G. had called stating that another student, R.S., had airdropped a photograph of J.A. to kids in the cafeteria. J.A. was flexing for the camera. He was very embarrassed by the picture being circulated and he stayed home. J.A.'s mother wanted an HIB investigation of R.S. Paredes explained that airdrop is a wireless transmission to nearby devices without using email or text. Paredes investigated the matter. She started with a phone call with L.G. She then interviewed J.A. She interviewed members of a PS4 chat group who had received the image initially. She interviewed kids at the lunch table and kids in a cooking class. She created a report. (R-1.)

Each interviewed student was called individually. Paredes tried to be general with her questions to hear what witnesses saw or had to say and she would get more specific if she needed to. She described her process - she takes as many notes as possible and

completed as many interviews as possible on the first day. She reviewed her notes (R-3) and notes not all interviews were done on the same day. She asked R.S. why the picture was sent. He admitted that he sent the picture. He told her that he did it because he was angry at J.A. because J.A. called him a "fat 'N-word'." Paredes determined the matter of sending the picture was not an act of HIB and the case against R.S. was closed. Based upon what she found out Paredes then opened an HIB investigation of J.A. (R-2) for his use of the "N-word," noting that R.S. is an African-American student. She made a finding that J.A. did in fact use the word. J.A. admitted to using the word in the eighth grade. At the time of the investigation he was in ninth grade. While in eighth grade he attended a different school in the District.

Paredes explained that the first case, the one against R.S., did not meet the definition of HIB. It was a code of conduct violation but did not go to a characteristic as contemplated by the HIB law and policy. She noted that she interviewed J.A. three times. The first time was as the victim in the first incident. The second time was after she spoke to R.S. She interviewed five kids who heard J.A. use the word at different times. Once she concluded the interviews, she called J.A. back in to explain the findings and results.

Other students and R.S. said that J.A. had used the word in fact in ninth grade. Paredes did not feel that the students seemed rehearsed in their responses to interview. At that time J.A. changed his story from never using the word to saying it occurred in eighth grade. Paredes then contacted J.A.'s mother, petitioner L.G. She wrote up a report and sent the report to the Board of Education. L.G. appealed the matter to the Board of Education. The Board of Education upheld its decision. L.G. then appealed the Board of Education decision. Paredes did not ask leading questions of the students she interviewed. She has been trained in how to avoid doing so. She interviewed students who J.A. or R.S. indicated to her may have seen the incident.

On cross-examination Paredes was asked why more kids from the cooking class were not interviewed if that is where the "N-word" was allegedly used. Her response was that it did not just occur in cooking class. She was asked why student C.S. was interviewed as C.S. was neither in the cooking class nor at the lunch table. She

responded that C.S. is a cousin of R.S. and the name had been given to her. C.S. came to see her for the interview and told her that he had heard the epithet used.

Paredes had been suspicious of C.S. but C.S. was not the sole determinant. He had not indicated when he had heard it but indicated that he heard it himself. Student A.A. was the first interview of the first case, occurring before R.S. was interviewed so there were no questions about the "N-word" only about the airdropped picture. A.A. was called back for a second interview. A.A. did hear the word used in eighth grade and ninth grade but did not say where or when. A.A. is not in the cooking class. K.S. acknowledged hearing the word but not say where or when. D.C. said that word was thrown around a lot as a joke.

L.G., the petitioner, testified on her own behalf. She states that she only knows what J.A. told her - that he only admitted to saying the word after being badgered for fifteen minutes. She states that J.A. claims he was told by Paredes that others had told him he said it so that he should just admit it. J.A. tells L.G. that he said that he said the word just to get out of her office. L.G. believes her son. She believes there's too many holes in the District's story. J.A. has no history of problems with any other students. In eighth grade he was often bullied he was trying to find a group in the ninth grade - just looking for a group that he could sit with.

J.A. told petitioner that another student, A.W., spoke to Paredes and told her about group chats where R.S. had used the "N-word."

Credibility is best described as that quality of testimony or evidence which makes it worthy of belief. The Supreme Court of New Jersey considered the issue of credibility in In Re Estate of Perrone, 5 N.J. 514 (1950). The Court pronounced:

> Testimony to be believed must not only proceed from the mouth of a credible witness but must be credible in itself. It must be such as the common experience and observation of mankind can approve as probable in the circumstances.
>
> [Ibid. at 522]

See also Spagnuolo v. Bonnet, 16 N.J. 546, (1954), State v. Taylor, 38 N.J. Super. 6 (App. Div.1955).

In order to assess credibility, the witness' interest in the outcome, motive or bias should be considered. Furthermore, a trier of fact may reject testimony because it is inherently incredible, or because it is inconsistent with other testimony or with common experience, or because it is overborne by other testimony. Congleton v. Pura- Tex Stone Corp., 53 N.J. Super. 282, 287 (App. Div. 1958).

In the present matter, both witnesses have testified credibly. Paredes's description of the events leading up to the investigation of the present mater, and her handling of the investigation are essentially unchallenged from a factual basis and were detailed clear and direct. Her testimony is adopted in its entirety and **FOUND** as **FACT**.

L.G. also testified credibly. She truthfully testified to what J.A. told her and there is no reason to doubt that he told her exactly what she reported. Notably J.A. admitted to L.G. that he had confessed to Paredes as to using the epithet. There is no reason to disbelieve that he further told his mother that he really had not used the epithet and only admitted so under duress. Unfortunately, there is also no way to assess the truth of J.A.'s statement to his mother based solely upon her re-telling of a hearsay statement. While I **FIND**, and it is not in dispute, that he did confess to Paredes, and that he did tell L.G. that he did so only under duress, there is insufficient evidence to make a finding that his confession was untrue. It is not unusual that a student in trouble may tell one account to a school authority and a different account to a parent, nor is it unusual or inappropriate that a parent will believe the account of their child. Nothing is inherently unbelievable, but the evidence constrains the findings.

I further **FIND** that Paredes reasonably relied on J.A.'s confession, but that it was not the sole determinant in reaching her conclusions. She was also informed by the interviews she conducted with other students and the totality of her investigation consistent with her training and applicable policies in doing so.

CONCLUSIONS OF LAW

New Jersey enacted the Anti-Bullying Bill of Rights Act to "strengthen the standards and procedures for preventing, reporting, investigating, and responding to incidents of harassment, intimidation, and bullying" occurring both on and off of school grounds. N.J.S.A. 18A:37-13.1(f). Definitions relative to adoption of harassment and bullying prevention policies are found in N.J.S.A. 18A:37-14, which states in part:

> "Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds as provided for in section 16 of P.L.2010, c.122 (C.18A:37-15.3), that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:
>
> > (a) a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property;
> >
> > (b) has the effect of insulting or demeaning any student or group of students; or
> >
> > (c) creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

It has not been placed in dispute whether the use of the "N-Word" by one student against another constitutes HIB, within the meaning of the Act, as HIB is defined at N.J.S.A. 18A:37-14. In this case, the record reflects that J.A. admitted using the epithet and that Paredes was convinced by her interviews with several other students that J.A.

had directed it at R.S. I **CONCLUDE** that those comments and actions are reasonably perceived to be motivated by the distinguishing characteristic of R.S being an African-American student. In K.L. v. Evesham Twp. Bd. of Ed. 423 N.J. Super. 337 the Appellate Division stated that the definition of bullying does not include harmful or demeaning conduct motivated by other reason, for example a dispute about relationships or personal belongings, or aggressive conduct without identifiable motivation. The fact that R.S. felt angered by this action so as to transmit the photo by airdrop demonstrates that the conduct had an effect of insulting or demeaning R.S. Therefore, I **CONCLUDE** that J.A.'s comments constitute a violation of HIB.

Respondent urges this tribunal to conclude that the Board was not arbitrary, capricious or unreasonable in its determination that the HIB investigation was conducted properly and that J.A.'s conduct did constitute HIB. Therefore, the Petition of Appeal should be dismissed. Petitioner asserts that the Board limited the scope of its investigation and essentially coerced a confession out of J.A. and the Board's decision was arbitrary, capricious, and unreasonable.

The Commissioner of Education will not overturn the decision of a local board in the absence of a finding that the action below was arbitrary, capricious or unreasonable. T.B.M. v. Moorestown Bd. of Educ., EDU 2780-07, Initial Decision (February 6, 2008) (citing Thomas v. Morris Twp. Bd. of Educ., 89 N.J. Super. 327, 332 (App. Div. 1965), aff'd, 46 N.J. 581(1966)), adopted, Comm'r (April 7, 2008), <http://njlaw.rutgers.edu/collections/oal/>. Further, the Commissioner will not substitute his judgment for that of the board of education, whose exercise of its discretion may not be disturbed unless shown to be "patently arbitrary, without rational basis or induced by improper motives." Kopera v. W. Orange Bd. of Educ., 60 N.J. Super. 288, 294 (App. Div. 1960). New Jersey courts have held that "[w]here there is room for two opinions, action is not arbitrary or capricious when exercised honestly and upon due consideration, even though it may be believed that an erroneous conclusion has been reached." Bayshore Sewage Co. v. Dep't of Envtl. Prot., 122 N.J. Super. 184, 199–200 (Ch. Div. 1973), aff'd, 131 N.J. Super. 37 (App. Div. 1974). Thus, in order to prevail, the petitioner must demonstrate that the Board acted in bad faith, or in utter disregard of the circumstances

before it. T.B.M., EDU 2780-07, Initial Decision (February 6, 2008), <http://njlaw.rutgers.edu/collections/oal/>; see W.C.L. and A.L. ex rel L.L. v. Tenafly Bd. of Educ., OAL Dkt. No. EDU 3223-12 (2013) (The petitioner challenged the school board's decision that a student committed an act of HIB. The administrative law judge, (ALJ) found that the Board's actions were consistent with the letter and spirit of the law and were not taken in bad faith or in disregard of the circumstances. The ALJ concluded that the petitioner failed to establish that the Board's actions were arbitrary, capricious, or unreasonable. The Commissioner affirmed the ALJ's decision to dismiss the petition of appeal.); J.M.C. ex rel A.C. v. E. Brunswick Bd. of Educ., OAL Dkt. No. EDU 4144-12 (2013) (The petitioner challenged the Board's determination that the actions of the petitioner's son constituted HIB. The Board found that the student called another student "gay" and said he "danced like a girl." The demeaning remarks constituted HIB.). In both cases, the petitioners failed to satisfy their burden to show that the Board's actions were arbitrary, capricious, or unreasonable.

I have carefully reviewed the record. Petitioner has presented no credible evidence that the Board acted in an arbitrary manner. As I have previously concluded that J.A.'s comments and actions are reasonably perceived to be motivated by the distinguishing characteristic of R.S. being African-American, I **CONCLUDE** that petitioner has not met the burden of proof that the Board acted in an arbitrary manner in concluding that J.A.'s conduct constituted harassment, intimidation or bullying under the New Jersey Anti-Bullying Bill of Rights Act. Paredes could have interviewed more students. Perhaps some of them would have confirmed seeing the incident. Others may not have seen the incident in question. The record reflects that Paredes interviewed a substantial number of students and at the conclusion felt comfortable determining that the alleged conduct had in fact occurred. Merely suggesting that more witnesses could have been interviewed and that such interviews could have possibly revealed evidence leading to a different conclusion is not sufficient to deem the action arbitrary, especially when petitioner has only alleged the possibility that other interviews could have gone differently and not presented any evidence or testimony showing that it would have.

ORDER

Based on the foregoing, I **ORDER** that the petition be **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Agency Dkt. No. 1-1/21A

New Jersey Commissioner of Education

Final Decision

In the Matter of the Suspension of the Certificates of Elizabeth Sheehy, State Board of Examiners, New Jersey Department of Education.

Order of Suspension by the State Board of Examiners, November 4, 2020

For the Respondent-Appellant, James J. Uliano, Esq.

For the Petitioner-Respondent State Board of Examiners, Laurie Fichera, Deputy Attorney General (Gurbir S. Grewal, Attorney General of New Jersey)

The Commissioner has reviewed the record and the papers filed in connection with appellant Elizabeth Sheehy's appeal of the Order of the State Board of Examiners (Board), dated November 4, 2020, suspending her Teacher of Blind or Partially Sighted (TBVI) and Teacher of Handicapped certificates for a period of one year. Following the issuance of an Order to Show Cause by the Board and a hearing at the Office of Administrative Law (OAL), the Administrative Law Judge (ALJ) found that while appellant's actions demonstrated some inefficiency, she did not intentionally submit false or fraudulent billings, and accordingly dismissed the charges against her. Thereafter, the Board adopted the factual findings in the Initial Decision, while also reaching the legal conclusion that appellant had engaged in unbecoming conduct. Consequently, the Board imposed a penalty of a one-year suspension of appellant's certificates.

On appeal, appellant argues that the fault in this matter lies with the Freehold Township school district, which failed to abide by its own policy requiring a contract for services

provided by independent consultants such as appellant. Appellant contends that the Board erroneously concluded that she did not bill by mistake, because the ALJ found appellant credible in her explanations regarding her billing practices and concluded that there was no evidence that she acted with a knowing purpose or intent to defraud the school district. Additionally, appellant argues that it was inappropriate for the Board to base her suspension on her alleged failure to comply with students' IEPs, as no such allegation was made against her in the Order to Show Cause. Appellant takes issue with the Board's conclusion that she had multiple chances to correct her billing issues but failed to do so, claiming that there is nothing in the record to support that statement. Finally, appellant argues that a one-year penalty is inconsistent with penalties imposed by the Board in other matters.

In reviewing appeals from decisions of the State Board of Examiners, the Commissioner may not substitute her judgment for that of the Board so long as the appellant received due process and the Board's decision is supported by sufficient credible evidence in the record. Further, the Board's decision should not be disturbed unless the appellant demonstrates that it is arbitrary, capricious, or unreasonable. *N.J.A.C.* 6A:4-4.1(a).

After a comprehensive review of the record, the Commissioner finds that the Board's decision was arbitrary and capricious because it incorrectly rejected or modified the ALJ's credibility findings. Pursuant to *N.J.S.A.* 52:14B-10(c), an agency "may not reject or modify any findings of fact as to issues of credibility of lay witnesses unless it is first determined from a review of the record that those findings are arbitrary, capricious or unreasonable or are not supported by sufficient, competent, and credible evidence in the record." Moreover, in rejecting or modifying any findings of fact, the agency must "state with particularity the reasons for rejecting the findings and shall make new or modified findings supported by sufficient, competent, and credible evidence in the record." *Ibid.*

While the Board states in its decision that it defers to the ALJ's credibility determinations, it also makes findings that directly contradict those credibility determinations. The Board's decision turns, in large part, on its finding that appellant did not bill by mistake, but "knowingly overbilled." That finding is directly contrary to the ALJ's findings, repeated throughout the Initial Decision, that appellant's billing practices were lax and she committed errors, but she did not knowingly defraud the district. In fact, the Board's decision explicitly states that appellant's "billing failures cannot be explained away as unknowing errors, as stated by ALJ Masin." This statement is not a difference in legal conclusions, as the Board asserts, but rather a rejection or modification of a finding of fact based on the credibility of a witness. While the Board may disagree with the ALJ that multiple instances of billing errors by appellant were made unknowingly, it is not permitted to reject or modify the ALJ's credibility finding without stating with particularity its reasons for doing so.

The Commissioner is therefore constrained to remand this matter to the Board to make explicit findings as to whether the ALJ's assessment of the testimony regarding appellant's billing practices was arbitrary, capricious, or unreasonable, or was not supported by sufficient, competent and credible evidence in the record.

Accordingly, this matter is remanded to the State Board of Examiners for further proceedings consistent with this decision.

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: May 4, 2021
Date of Mailing: May 4, 2021

IN THE MATTER OF	:	NEW JERSEY DEPARTMENT OF EDUCATION
THE CERTIFICATES OF	:	STATE BOARD OF EXAMINERS
ELIZABETH SHEEHY	:	ORDER OF SUSPENSION
_____	:	DOCKET NO: 1718-158

At its meeting of December 8, 2017, the State Board of Examiners (Board) reviewed information it received from the Monmouth County Prosecutor's Office regarding Elizabeth Sheehy (Sheehy). Sheehy, a contracted consultant Visual Aid teacher, was accused of False Representation in Payment Claims on a Government Contract after she allegedly submitted claims for payment to several school districts for services she never provided to students. On September 25, 2017, Sheehy received an Order of Postponement and was accepted into a Pretrial Intervention program (PTI) for 12 months. She was also ordered to perform 100 hours of community service.

Sheehy currently holds a Teacher of Blind or Partially Sighted (TBVI) and Teacher of Handicapped Certificates. After reviewing the above information, at its January 19, 2018 meeting, the Board voted to issue an Order to Show Cause to Sheehy as to why her certificates should not be revoked.

After finding a correct address, the Board sent Sheehy the Order to Show Cause by regular and certified mail on February 8, 2018. The Order provided that Sheehy must file an Answer within 30 days. Sheehy responded on March 7, 2018. In her Answer, Sheehy acknowledges that due to a shortage of TBVI teachers she was contracted to provide services in various school districts. Answer at ¶ 1c. She denied the allegations regarding the criminal Accusation. *Id.* at ¶ 3. Sheehy indicates that she provides both direct and indirect services to students. *Id.* at ¶ 3d. Sheehy indicates that she would bill for both services and that she was not trained in record keeping or bills. *Id.* She states that when she was contacted by the prosecutor's office regarding billing for Freehold Township School District, she returned $1,540 for 20 hours of services she had billed. *Id.* at ¶ 3h. Sheehy acknowledged that she received pretrial intervention and community services based upon the criminal Accusation. *Id* at ¶ 4.

Since there were material facts in dispute, the Board transmitted the matter to the Office of Administrative Law (OAL) on March 15, 2018 for hearing as a contested case. Administrative Law Judge (ALJ) Jeff S. Masin, retired on recall, decided the matter after reviewing the hearing testimony when the matter was previously heard by Judge James-Beavers. ALJ Masin determined that a re-hearing of the matter was not required because ALJ Masin listened to the recorded testimony and determined that the re-presentation of testimony was not necessary for him to decide the matter. Accordingly, the record closed on May 1, 2020. *In the Matter of the Certificates of Elizabeth Sheehy*, Dkt. No. EDE 4106-18 (Initial Decision, June 11, 2020).

After reviewing the testimony and the record, ALJ Masin found that Sheehy did not act with a knowing purpose or intent to defraud the contracted districts. (Initial Decision, slip op. at p. 25). ALJ Masin found that Sheehy did not seek to steal from the district or that she engaged in an illicit scheme. *Id.* ALJ Masin found that "there is some inefficiency" but that it would be "highly inappropriate to sanction Ms. Sheehy's certificates and effectively end her career in this seriously important field and specialty." *Id.* at p. 41. Furthermore, ALJ Masin found that any sanction should be modest, at most 6 months. Nevertheless, he determined to dismiss the matter. *Id.*

ALJ Masin found that there is nothing to suggest that Sheehy ever had the quality of her services challenged at any other time. The only evidence suggesting a reduction in quality of service is the reduction in time spent with a student versus the IEP time requirement. *Id.* at p. 26. Further, ALJ Masin determined that there are three categories of concern in Sheehy's billing. The first is that Sheehy billed for services, but records indicate that while one or both students were present at Hawkswood, the time records do not indicate that Sheehy was at Hawkswood at the time of service. *Id.* at p. 26. The second category are days when the students were both not present, but Sheehy billed for services because she was present and ready to provide services. *Id.* at p. 27. The final category are the days where either one or both students were present as was Sheehy but notes and testimony do not concur with Sheehy's billing dates. *Id.*

As to the first category of billing, ALJ Masin found Sheehy's testimony credible in that she did not knowingly bill for dates when she knew she had not appeared at Hawkswood. Her lengthy history with the

District suggests that she would not have tried to take advantage of the District or the family. *Id.* at p 28. He found that it is not proper to bill for services on a day when the provider is not even on the premises, but that honest errors had been made and where no fraudulent intent exists, "the remedy is to reach a reasonable adjustment in the billings. Had the parties met to address the concerns raised and once the records had been examined, it is likely the proper adjustments would have been made. Here, the Board has been reimbursed." *Id.* at p. 27-28.

As to the second billing category, ALJ Masin finds that Sheehy's actions cannot be viewed as fraudulent when she bills for services where the students were not present. *Id.* at p. 30. Sheehy was present, and there was no contract that addressed how Sheehy should handle such issues or anything that establishes an allowable cancelation time, etc. ALJ Masin found that if proper advance notice was given, the provider should not bill for services, but without such notice billing is not unreasonable. *Id.*

The third category of billing issues stem from Sheehy billing for one hour of services where the IEP called for 45 minutes of services. *Id.* at p. 31. ALJ Masin found that Sheehy justified the additional 30 minutes of billing beyond the IEP service time as her travel time between the Barkalow Middle School and Hawkswood, a trip which took about 25 minutes. *Id.* The travel time was included in the contract with Wall Township and Holmdel school districts. ALJ Masin found that Sheehy's actions were not fraud or misconduct. *Id* at p. 32.

ALJ Masin also found that Sheehy regularly held sessions with L.V. that were not 45 minutes in length, but were mostly 30 minutes, with a few of even lesser length. *Id.* at p. 39. There was no evidence presented to evaluate the actual impact of the shortened session on L.V.'s progress toward goals. *Id.* Sheehy should have spoken to L.V.'s case manager regarding the shortened sessions and/or interfering conditions. ALJ Masin found that although there are "no doubt lessons here for her" the case "does not support discipline, which should be reserved for clear-cut instances of wrong doing." *Id.* at p. 40.

The Deputy Attorney General (DAG) representing the Board filed Exceptions and Sheehy filed Exceptions as well. The DAG argued that the facts warrant a finding of unbecoming conduct. Sheehy was regularly scheduled to meet with multiply disabled students to provide vision services for which she billed

90 minutes of services but only provided 71 minutes of services between the two students. Exceptions at p. 5. The DAG further argued that on seven separate occasions Sheehy actively decided to submit bills for services that she did not provide. Additionally, on more than 20 occasions, Sheehy did not provide the full 45 minutes of vision therapy services to L.V., as required by the IEP. Accordingly, Sheehy's actions demonstrate a pattern of inappropriate conduct beyond what a reasonable person would consider a mistake. *Id.* at p. 5.

The DAG further argued that although the ALJ found Sheehy's billing errors were "honest," the record demonstrates that for 4 sessions, the student was ready, willing and able to learn, yet Sheehy did not show, but billed the district. *Id.* at p. 7. Missing a session and billing for it is not an honest error. Notably, the initial decision does not address testimony given by a student's parents, indicating that Sheehy was contacted prior to a child's absence. *Id.* at p. 8. The DAG argues that a reasonable person could mistakenly bill once, but not for multiple dates.

The DAG also states that Sheehy's failure to communicate with the district regarding issues with completing a 45-minute session is concerning. The fact that Sheehy continued to bill for 45 minutes but routinely provide 30 minutes of services is a "clear lack of judgment in her billing practice" and not just simple lax billing practices. *Id.* at p. 11.

Sheehy submitted Exceptions, arguing that ALJ Masin made critical credibility determinations, finding Sheehy to be credible. Sheehy argues that there is no evidence regarding whether there was inefficiency and that the case should not pivot to a different issue. An inefficiency argument now would be improper.

The Board must now determine whether to adopt, modify or reject the Initial Decision in this matter. At its meeting of July 30, 2020, the Board reviewed the Initial Decision, Exceptions and Reply Exceptions. After full and fair consideration of the Decision and the other submissions, the Board voted to adopt the findings of fact contained in the Initial Decision, finding unbecoming conduct based upon the facts which warrants imposition of a suspension of certificates.

"Teachers ... are professional employees to whom the people have entrusted the care and custody of ... school children. This heavy duty requires a degree of self-restraint and controlled behavior rarely requisite to other types of employment." *Tenure of Sammons*, 1972 *S.L.D.* 302, 321. There is no doubt that the ALJ is in the best position to render credibility determinations in this matter. Accordingly, the Board will defer to those findings. As noted above, after assessing the evidence and the credibility of the witnesses, ALJ Masin made several conclusions regarding Sheehy's conduct. He concluded that Sheehy's billing practices were unknowingly lax, that she billed for services she did not provide on several occasions, and that she overbilled for the services she actually provided. ALJ Masin rationalized those factual findings by indicating that Sheehy's conduct was not intentionally fraudulent, that her conduct was unknowing, that the contracts did not contain specific terms on how to handle cancelled sessions, etc. After reviewing the entire record, the Board accepts ALJ Masin's factual findings but believes that the facts warrant a finding of unbecoming conduct that requires a suspension of certification.

Sheehy's billing failures cannot be explained away as unknowing errors, as stated by ALJ Masin. The overbilling was repetitive. A mere error happens once or twice, not systemically. Sheehy repeatedly billed when not present, billed for longer periods of time than services were provided, and billed for student absences regularly. Missing a session but billing for a session is not an error, it is unbecoming conduct; even more so when it occurs more than just a few times. Sheehy's failure to provide the full 45 minutes of instruction per the IEP is more than just a miscommunication or a failure to communicate. The fact that Sheehy did not address this issue with the district is a significant error in judgment and more than mere errors in billing practices. The fact that there was no evidence that L.V. was harmed by the failure of services is not relevant to the Board's analysis of Sheehy's conduct. Sheehy did not bill by mistake, she knowingly overbilled, or under provided services, on a regular basis without asking any questions or seeking to correct the errors. Accordingly, Sheehy's behavior was egregious and she exhibited a lack of judgment and no sense of responsibility to make sure she provided the services for which she was paid.

The Board agrees with the DAG's argument that as a TBVI teacher for 16 years, Sheehy should have known the importance of ensuring compliance with the students' IEP and should have known to alert

the district to the failure. Moreover, Sheehy's lack of responsibility in performing the services for which she was paid is conduct far below what we expect of educators. Sheehy had multiple chances to correct some of her billing issues, but she failed to do so.

Based upon the factual findings regarding Sheehy's billing failures, the Board believes that her failure is evidence of poor judgment and unbecoming conduct. The appropriate response is a suspension of her educator certificates for a period of one (1) year.

Accordingly, on July 30, 2020, the Board voted to adopt the factual findings in the Initial Decision, find unbecoming conduct and modify the decision to include a penalty of a one-year suspension of Sheehy's certificates. On this 29th day of October 2020, the Board formally adopts the factual findings in the initial decision, finds unbecoming conduct and modifies as to the penalty. It is therefore ORDERED that Elizabeth Sheehy's a Teacher of Blind or Partially Sighted (TBVI) and Teacher of Handicapped Certificates are hereby suspended for one (1) year, effective immediately. It is further ORDERED that Sheehy return her certificates to the Secretary of the State Board of Examiners, Office of Certification and Induction, P.O. Box 500, Trenton, NJ 08625-0500 within 30 days of the mailing date of this decision.

OAL Dkt. No. EDU 07411-20
Agency Dkt. No. 103-5/20

New Jersey Commissioner of Education

Decision

L.B., on behalf of minor child, B.C.,

Petitioner,

v.

Board of Education of the Township of Washington, Gloucester County,

Respondent.

On January 12, 2021, a final agency decision was rendered in this matter, wherein the Commissioner found L.B. liable for tuition in the amount of $18,077 for the 2019-2020 school year, plus $100.43 per school day from the beginning of the 2020-2021 school year to the date of the final agency decision,[1] representing tuition for a period of ineligible attendance by her child, B.C., in the Board's school district. The Board subsequently requested that the Commissioner seek entry of the assessments on the judgment docket of the Superior Court pursuant to *N.J.S.A.* 2A:58-10. L.B. offered no reasons why the judgment against her should not be so docketed, although given an opportunity by this agency to do so.

[1] The Board has represented that there were 78 school days between the beginning of the 2020-2021 school year and the date of the final agency decision. Accordingly, the total due from L.B. for this period of time is $7,833.54.

Accordingly, pursuant to *N.J.S.A.* 2A:58-10, Lindsay Beaulieu is now subject to entry of a judgment by the court in the amount of $25,910.54, which represents the payment ordered by the Commissioner, with interest to accrue as provided by law.

IT IS SO ORDERED.

Agency Dkt. No. 36-3/21

New Jersey Commissioner of Education

Final Decision

In the Matter of the Tenure Hearing of Lauren Puglisi, School District of the Township of Gloucester, Camden County.

For the Petitioner, Daniel Long, Esq.

No appearance by or on behalf of Respondent, Lauren Puglisi

This matter was opened before the Commissioner of Education on March 5, 2021, through tenure charges of excessive absenteeism and unbecoming conduct certified by John Bilodeau, Superintendent of the Gloucester Township School District ("District"), together with supporting evidence against respondent, Lauren Puglisi, a tenured teacher in the District's employ. The District provided respondent with written notice of such certification at the respondent's last known address, via certified mail, on February 24, 2021.

On March 9, 2021, the Commissioner directed the respondent, via regular mail to file an answer to the charges. This communication clearly provided notice to respondent that, pursuant to *N.J.A.C.* 6A:3-5.3 and 6A:3-5.4, an individual against whom tenure charges are certified *"shall have 15 days from the day such charges are filed with the Commissioner to file a written response to the charges with the Commissioner,"* and that failure to answer within the prescribed period would – absent granting of an extension for good cause shown – result in the charges being deemed admitted. No reply to the tenure charges was received from or on behalf of the respondent.

The certified tenure charges and statement of supporting evidence filed by the District in this matter indicate that the respondent has a history of excessive absenteeism. The respondent was absent for 88.5 days during the 2019-2020 school year and between September 2021 through January 13, 2021 the respondent was absent for 55 days. Deeming the allegations to be admitted and noting that the respondent has failed to respond to the charges certified against her, the Commissioner finds that the District's charges of excessive absenteeism and unbecoming conduct have been proven and warrants the respondent's dismissal. Accordingly, summary decision is hereby granted to the District, and the respondent is dismissed from her tenured position with the District.

IT IS SO ORDERED.*

OAL Dkt. No. EDU 05509-20
Agency Dkt. No. 34-2/20

New Jersey Commissioner of Education

Final Decision

J.D, on behalf of minor child, I.C.,

Petitioner,

v.

Board of Education of the Borough of Highland Park, Middlesex County,

Respondent.

The record of this matter has been reviewed, along with the advisement by the Office of Administrative Law (OAL) that counsel for respondent Highland Park Board of Education failed to appear at a telephone prehearing conference[1] on March 2, 2021.

Counsel for the Board submitted an explanation regarding the failure to appear, asserting that she did not receive the hearing notice, and if she had, she would have attended. The Board's attorney also points out that a motion to dismiss the petition has been pending in this matter for a year. Finally, counsel adds that the pandemic has been difficult professionally as many offices have been closed, and that she did not receive the notice in this circumstance.

Petitioner submitted a request that the Commissioner enter a default judgment against the Board, alleging that the Board failed to plead or otherwise defend this matter. Petitioner submitted a second request for relief, arguing that the Board failed to appear three times without explanation, and disputing the substance of the Board's motion to dismiss.

[1] The failure to appear advisement indicates that respondent did not appear at a March 2, 2021 "scheduled hearing," but the notice was for a telephone prehearing conference that day.

Upon review, the record demonstrates that the Board's counsel failed to appear at two telephone prehearing conferences on December 28, 2020 and March 2, 2021, but it is unclear whether the notices were sent electronically or through regular mail. While the failure to appear at two telephone prehearing conferences is troubling, the Commissioner understands the difficulties with retrieving mail from closed office buildings. Regardless, the Commissioner notes that this matter was improperly returned to the Department. Pursuant to *N.J.A.C.* 1:1-14.4(d):

> If the appearing party requires an initial decision on the merits, the party shall ask the judge for permission to present ex parte proofs. If no explanation for the failure to appear is received, and the circumstances require a decision on the merits, the judge may enter an initial decision on the merits based on the ex parte proofs, provided the failure to appear is memorialized in the decision.

In this matter, the appearing party was the petitioner. As such, returning the matter to the agency without an Initial Decision would achieve the opposite effect – a dismissal. The Commissioner further notes that, despite petitioner's request for a default judgment, the Board did file a responsive pleading: a motion to dismiss in lieu of an answer that is still pending a decision. As such, given counsel's explanation as to her lack of notice and the pending motion to dismiss, this matter is being returned to the OAL for further disposition, pursuant to *N.J.A.C.* 1:1-3.3(b).

Accordingly, this matter is hereby re-transmitted to the OAL for further disposition as indicated herein.

105-21

New Jersey Commissioner of Education

Decision

Katherine Herbst,

Petitioner,

v.

Board of Education of the Village of Ridgefield Park, Bergen County,

Respondent.

Synopsis

Petitioner alleged that the respondent Board violated her tenure and seniority rights when it transferred her without her consent to the position of Assistant Principal for Attendance and Discipline and replaced her with a non-tenured staff member hired under a newly created and unapproved title of Director of Curriculum, Instruction and Operations (DCIO). Petitioner, who had worked for the school district since 2002, most recently holding the positions of Assistant Principal/Curriculum Coordinator (AP/CC) and Director of Curriculum (DC), claimed entitlement to this newly created position. The Board contended that petitioner was not eligible for the DCIO position because she does not possess the required school administrator endorsement. The parties filed cross motions for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue here, and the matter is ripe for summary decision; petitioner did not earn tenure in her positions as AP/CC and DC because those positions had district-wide responsibilities and therefore required a school administrator endorsement, which petitioner does not have; further, the DCIO position involved distinct tasks, such that it was not substantially similar to petitioner's previous positions for tenure purposes. The ALJ concluded that the Board did not violate petitioner's tenure rights when it selected a non-tenured staff member for the DCIO position. Accordingly, the ALJ granted the Board's motion for summary decision.

Upon review, the Commissioner denied the parties' cross motions for summary decision and remanded the matter to the OAL for further proceedings. In so doing, the Commissioner found, *inter alia*, that: the ALJ erred in determining that petitioner could not have earned tenure in the DC position because she did not hold a school administrator endorsement; circumstances surrounding various vacancy notices and job descriptions for the DCIO position that were identified during the proceedings raise genuine questions regarding whether additions to the job description for the DCIO position – which were made subsequent to the filing of petitioner's appeal – are meaningful; these questions are critical to determining both the appropriate endorsement and whether the DCIO position is substantially similar to the DC position, such that petitioner may assert tenure rights to the DCIO position.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

105-21

OAL Dkt. No. EDU 07213-20
Agency Dkt. No. 158-7/20

New Jersey Commissioner of Education

Final Decision

Katherine Herbst,

Petitioner,

v.

Board of Education of the Village of Ridgefield Park, Bergen County,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4, and the Board's reply thereto, have been reviewed and considered.

The petitioner in this matter, who had served as the Ridgefield Park school district's Assistant Principal/Curriculum Coordinator (AP/CC) and Director of Curriculum (DC), claims that the Board violated her tenure rights when it appointed a non-tenured staff member to the newly created position of Director of Curriculum, Instruction, and Operations (DCIO). The Administrative Law Judge (ALJ) found that the matter was appropriate for summary decision and concluded that petitioner did not earn tenure in her positions as AP/CC and DC because those positions had district-wide responsibilities and therefore required a school administrator endorsement, which petitioner does not have. The ALJ further found that the DCIO position involved distinct tasks, such that it was not substantially similar to petitioner's positions for tenure purposes. The ALJ concluded that the Board did not violate petitioner's tenure rights

when it selected a non-tenured staff member for the DCIO position. Accordingly, the ALJ granted the Board's motion for summary decision.

In her exceptions, petitioner argues that her service in the AP/CC and DC roles gave rise to tenure rights, pointing to precedent holding that when the duties of a position in which an employee has acquired tenure are substantially identical to the duties of the position that the employee seeks, a board of education may not sidestep the employee's tenure rights by merely renaming the position or tacking on additional meaningless requirements. Petitioner also contends that the plain language of *N.J.A.C.* 6A:9B-12.3(a) and (b) allows holders of a principal endorsement to serve in the director title at issue in this matter, but the ALJ disregarded the regulations and the District's own job descriptions in concluding that she could not achieve tenure because she did not possess a chief school administrator endorsement, instead improperly relying on a job description that was created only after the petition of appeal was filed. Finally, petitioner claims that the ALJ failed to take judicial notice of a communication from the Department of Education (DOE), indicating that individuals could serve as directors in a district-level role under either the chief school administrator or principal endorsements.

In reply, the Board argues that petitioner did not hold the appropriate endorsement to obtain tenure in a director position with district-wide responsibilities, and that – even if she had – she is not entitled to the new position involving operations because it is not substantially similar to her former position. The Board also contends that the ALJ properly considered all versions of the job description for the DCIO position and properly refused to take judicial notice of the DOE communication.

Upon review, the Commissioner disagrees with the ALJ that petitioner could not earn tenure as Director of Curriculum. Although *N.J.A.C.* 6A:9B-12.3(a) requires anyone

serving in a "position that involves services as a district-level administrative officer" to possess a school administrator endorsement, *N.J.A.C.* 6A:9B-12.3(b) provides that a principal endorsement is sufficient to serve in a position as "an administrative officer of a school *or other comparable unit* within a school *or school district*." (emphasis added). Notably, while the general position of assistant superintendent is a district-level position requiring a school administrator endorsement, *N.J.A.C.* 6A:9B-12.3(a), the position of assistant superintendent for curriculum and instruction is specifically identified as a position for which the principal endorsement is sufficient. *N.J.A.C.* 6A:9B-12.3(b). This distinction demonstrates that the person serving as an assistant superintendent for curriculum and instruction should be deemed to be serving as the administrative officer of a comparable unit within a school district. The Commissioner finds no reason to treat the title of "Director of Curriculum" as different than "assistant superintendent for curriculum and instruction" – indeed, if anything, "Director" would suggest a lower level of district-wide responsibility than "assistant superintendent." The Commissioner has previously noted that a principal endorsement was sufficient when the duties of a position included "some district-wide responsibilities but were nonetheless limited to the realm of instruction and/or curriculum. For such a discrete, program specific position with jurisdiction over a defined 'unit' a principal or supervisor endorsement was sufficient." *Perna v. State-Operated School District of the City of Paterson*, Commissioner Decision No. 2-12 (Jan. 4, 2012) (discussing *Matarazzo v. Bd. of Educ. of the Borough of Cliffside Park*, Commissioner Decision No. 127-04 (March 18, 2004)).[1]

However, while the Commissioner concludes that petitioner could have earned tenure as Director of Curriculum with a principal endorsement, she is unable to conclude on the

[1] Because the Commissioner bases this conclusion on the language of *N.J.A.C.* 6A:9B-12.3 that is specific to curriculum and instruction positions, as well as prior decisions, she finds it unnecessary to address the email from Robert Higgins concerning the appropriate endorsements for director titles in general.

current record whether petitioner did earn tenure. As petitioner acknowledges, her time in the DC position was not long enough to earn tenure pursuant to *N.J.S.A.* 18A:26-6, which requires service in a promotional or transfer title for two academic years plus the beginning of the next academic year. Petitioner therefore urges the Commissioner to count her time serving in the position of AP/CC, arguing that the job duties of the AP/CC and DC positions are substantially the same. While the job description for the AP/CC position appears to be substantially similar to the job description the Board approved shortly before petitioner was transferred to the DC title, that job description was revised several months later. The ALJ noted that the job duties in the revised description were more expansive but encompassed the same tasks as the original job description. However, the Commissioner finds that the differences raise genuine issues of material fact about the actual duties and responsibilities of each position that preclude summary decision on the issue of whether the positions were substantially similar, and therefore whether they can be combined for purposes of determining whether petitioner met the time requirements of *N.J.S.A.* 18A:26-6.[2]

Additionally, even if the facts demonstrate that the AP/CC and DC positions are substantially similar, and thus that petitioner obtained tenure as DC, further inquiry is necessary to determine whether she is entitled to the position of DCIO. First, additional information is needed to determine the appropriate endorsement for the DCIO position. Should the evidence demonstrate that the school administrator endorsement is appropriate, then petitioner may not

[2] The Commissioner notes that if the decision on remand concludes that the AP/CC and DC positions are substantially similar and that petitioner's time as AP/CC should be combined with her time as DC, her time as AP/CC cannot also be combined with her time as assistant principal to afford her tenure as assistant principal. *N.J.S.A.* 18A:28-5(c) provides that tenure in any of the administrative or supervisory positions enumerated in the statute – including assistant principal – shall accrue only by employment in that position. If petitioner's time as AP/CC is considered employment as DC, then petitioner will not have served as assistant principal for the time period required by law. Furthermore, service in a promotional or transfer title is only tacked onto a former title under *N.J.S.A.* 18A:28-6 if the employee does not achieve tenure in the promotional or transfer title, so if petitioner's time is included in earning her tenure as DC, this provision cannot apply to her circumstances.

serve in this role, even if she did acquire tenure as DC, because she does not possess a school administrator endorsement. While the ECS has approved the unrecognized title of DCIO with an endorsement of school administrator, the ultimate authority to determine the appropriate certification and title rests with the Commissioner. *See Nicholas Duva v. State-operated School District of the City of Jersey City, Hudson County*, State Board Decision No. 56-99 (March 6, 2002), and *Jack A. Perna v. State-Operated School District of the City of Paterson, Passaic County*, Commissioner Decision No. 2-12 (January 4, 2012). The circumstances surrounding the various vacancy notices and job descriptions for the DCIO position that have been identified during the course of the proceedings raise genuine questions regarding whether the additions to the job description for the DCIO position are meaningful; these questions are critical to determining both the appropriate endorsement and whether the DCIO position is substantially similar to the DC position, such that petitioner may assert tenure rights to the DCIO position.

Accordingly, the parties' cross-motions for summary decision are denied, and the matter is remanded to the OAL for further proceedings consistent with this decision.

IT IS SO ORDERED.

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 07213-20
AGENCY DKT. NO. 158-7/20

KATHERINE HERBST,
Petitioner,
v.
RIDGEFIELD PARK BOARD OF EDUCATION,
Respondent.

Andrew L. Schwartz, Esq., for petitioner (Schwartz Law Group, LLC, attorneys)

Kerri A. Wright, Esq., for respondent (Porzio, Bromberg & Newman, P.C., attorneys)

Record Closed: December 29, 2020 Decided: February 11, 2021

BEFORE **NANCI G. STOKES**, ALJ:

STATEMENT OF THE CASE

Petitioner Katherine Herbst did not possess a school administrator endorsement and served in various director positions with the Ridgefield Park School District

(District), encompassing district-wide responsibilities. Did petitioner earn tenure as a director? No. Under N.J.A.C. 6A:9B-12.3(a), a district-level administrative officer must hold a school administrator endorsement for the requisite time to earn tenure under either N.J.S.A. 18A:28-5 or -6.

PROCEDURAL HISTORY

On July 16, 2020, petitioner filed a Verified Petition with the Commissioner of Education (Commissioner) contesting a non-tenured staff member's appointment to the newly created title of Director of Curriculum, Instruction, and Operations (DCIO). Petitioner asserts that because she served as an Assistant Principal/Curriculum Coordinator (AP/CC) and Director of Curriculum (DC), she attained tenure as a director under N.J.S.A. 18A:28-5 and -6, with seniority rights under N.J.A.C. 6A:32-5.1.

Petitioner maintains that the Ridgefield Park School District's action in removing petitioner from the previous DC title and replacing her with a non-tenured staff member constituted a violation of her tenure and seniority rights. Petitioner seeks reinstatement to the DCIO title with all back pay and benefits.

On August 6, 2020, the District filed a motion to dismiss the petition in lieu of answer.

On August 10, 2020, the Department of Education (DOE) transmitted this case to the Office of Administrative Law, as a contested case under the Administrative Procedure Act, N.J.S.A. 52:14B-1 to -15, and the act establishing the OAL, N.J.S.A. 52:14F-1 to -13, for a hearing under the Uniform Administrative Procedure Rules, N.J.A.C. 1:1-1.1 to -21.6.

On September 3, 2020, I held a pre-hearing conference wherein the parties agreed that the material facts were undisputed, and no hearing was necessary to resolve the legal issue presented. Moreover, the parties agreed that the District's

motion to dismiss would be considered a motion for summary decision. See R. 4:6-2 (motion to dismiss "shall be treated as one for summary judgment" when considering matters outside the pleadings).

On September 7, 2020, petitioner filed her response and cross-motion for summary decision, and on September 24, 2020, the District replied.

On October 15, 2020, petitioner responded to the District's opposition, and on November 2, 2020, the District presented its sur-reply.

On November 18, 2020, I scheduled oral argument via Zoom. However, petitioner desired to submit previously unavailable materials. I granted petitioner's request and rescheduled the oral argument for December 10, 2020, via Zoom. On November 20, 2020, petitioner supplemented her supporting moving papers, including a certification attaching a 2017 e-mail from the DOE, Office of Induction and Certification, and on December 1, 2020, the District replied.

On December 10, 2020, I heard oral argument and closed the record.

On December 21, 2020, however, petitioner received documents under an Open Public Records Act (OPRA) request designating the 2017 e-mail as an official record and sought consideration of these materials, and I re-opened the record.

On December 29, 2020, the District replied, and I again closed the record.

FINDINGS OF FACT

Based on the documents submitted in support of and in opposition to the motions for summary decision, when viewed in the light most favorable to the non-moving party, I **FIND** the following as **FACT** for purposes of these motions only:

The District employed petitioner as a mathematics teacher with the required mathematics teacher certificate from 2002 until September 2008, and she acquired tenure as a teacher.

From September 2008 until August 2015, petitioner served as a supervisor of mathematics with the appropriate supervisor certificate, and petitioner attained tenure as a supervisor. After that, petitioner continued her service in the District as a mathematics supervisor and began performing an assistant principal's responsibilities. Effective January 1, 2016, petitioner was promoted to the title of assistant principal, and at all times while performing assistant principal duties, petitioner possessed the principal certificate.

Petitioner does not hold a New Jersey Administrative Certificate with an endorsement as a school administrator.

On June 9, 2017, Robert Higgins, the DOE's Office of Induction and Certification director, e-mailed all executive county superintendents (ECS) and certification personnel regarding principal endorsements. Higgins advised that the DOE intended to clarify the code that "anyone holding a chief school administrator endorsement, or a principal endorsement may serve as a director either district-wide or in a school building (or its equivalent)." Notably, the director designated the e-mail as "confidential." After the e-mail, the DOE made no regulatory changes to effectuate this clarification. The e-mail is not available on the DOE website.

On June 28, 2017, the District abolished the District's Assistant Superintendent of Curriculum and Instruction position because of a reduction in force, and no longer employed any assistant superintendent. The District has several schools.

On September 1, 2017, the District transferred petitioner to the AP/CC title. Qualifications include a valid certification as a principal in New Jersey, a master's degree or higher from an accredited college or university, and a minimum of five years

of teaching experience. The position's goal was "to provide leadership, supervision, and coordination of the total educational program within the school and coordinate a K through 12 curriculum, professional development, and standardized testing." (Emphasis added). Yet, many responsibilities were district-wide. Indeed, the role included:

- The oversight and implementation of district-wide professional development plans,
- Serving as the "District Testing Coordinator,"
- Selection, placement, and orientation of new district personnel, and
- Development and coordinating district-wide educational programs with Little Ferry.

Effective July 1, 2018, the District reassigned petitioner to the DC title, established by the District's Board of Education (BOE) on May 23, 2018. The DC position included the same qualifications. Yet, the goal changed from coordination of the educational program "within the school" to "within the District." Moreover, the DC now reported to the superintendent, not the principal. The DC title now excluded the obligations of "coordinating major [Jr. Sr. High School] events (BTSN, parent-teacher conferences, sports dinner academic awards, etc.)" and the "supervision of departments as assigned." All other performance responsibilities of the AP/CC title remained the same for the DC position, including district-wide duties.

Given petitioner's service under the promotional title of assistant principal from January 1, 2016, until June 30, 2018, she attained tenure as an assistant principal.

On November 14, 2018, the BOE approved a revised job description for the DC, still noting that the position required a valid New Jersey Principal Certificate. The job description provided detailed and expanded performance responsibilities under designated headings of "curriculum and instruction," "meetings and committees," "constructive interaction with staff," "information and resources," "District Testing Coordinator," and "other" responsibilities. The District delineated thirty-four

performance responsibilities for this role compared to the fifteen listed under the May 23, 2018, job description, or the seventeen listed for the 2017 position. Even though more expansive, the 2018 job description was comparable to the prior roles. In other words, the previous duties were more general, but would broadly encompass the same tasks.

The District again employed petitioner as the Director of Curriculum and Instruction (DCI) from July 1, 2019, until June 30, 2020. The District used the DC and DCI titles interchangeably until creating a different tile in 2020. The District's organizational chart places the DCI directly below the superintendent of schools.

On September 11, 2019, petitioner corresponded to all District K–12 principals and supervisors regarding district-wide procedures for teaching staff evaluations and observations.

On April 24, 2020, the superintendent of schools verbally informed petitioner that she would be recommending petitioner's removal as DC and reassignment to the Assistant Principal, Attendance, and Discipline (APAD) title for the 2020–21 school year. Petitioner did not agree to her transfer.

On May 4, 2020, the superintendent provided written notification to petitioner of her transfer from the DC position to the APAD job.

On May 21, 2020, the superintendent posted the DC job, noting that the title required a valid New Jersey Administrative Certificate for a "district-level administrative" position. Qualifications now also included:

- Extensive knowledge of educational laws.
- Experience in grant writing.
- Ability to analyze statistical data and present findings to the public.

- Knowledge of State compliance regulations and preparation of compliance reports.
- Ability to work with diverse populations.

On June 10, 2020, the BOE approved the job description for the DCIO title replacing the DC position, advising that the role required either the New Jersey Administrative Certificate or the Principal Certificate. The November 1, 2018, and June 10, 2020, performance responsibilities only differed slightly, with thirty-eight duties in the new narrative. However, despite mirroring the new role qualifications identified in the May 20, 2020, posting, including grant writing, statistical data analysis, and preparation of State compliance reports, the June 10, 2020, performance responsibilities failed to list these duties.

Because the DCIO position is an unrecognized title, the Bergen ECS must approve the District's request to use the title and identify the appropriate certificate needed for the position under N.J.A.C. 6A:9B-5.5. In September 2020, the District submitted its proposal and revised job description for the title to the ECS, encompassing all qualifications listed in the May 21, 2020, posting. The District maintains that any delay in submitting the title for ECS approval was due to difficulties in planning for schools' re-opening during the COVID-19 pandemic. The revised description now included an "operations" section noting that the DCIO would develop programs to "support the District's commitment to social justice and to ensure an accessible, inclusive, diverse, and equitable educational environment." The "operations" section also required the analysis of statistical data, preparation of State compliance reports, and availability to assume the superintendent's duties in the superintendent's absence. Lastly, performance responsibilities included a section entitled "grant writing."

On September 16, 2020, the Bergen ECS approved the title and determined that the position required a school administrator endorsement. On that same date, the BOE approved the corrected description for the DCIO title.

Petitioner applied for the DCIO position but was not selected.

The District appointed a non-tenured staff member to the DCIO title.

On November 19, 2020, the Board made an OPRA request for "correspondence from Robert Higgins to all Executive County Superintendents regarding the certification necessary to be a Director during the period of June 5, 2017 through June 5, 2018."

On December 1, 2020, the State denied the request, stating that no such record was made or maintained by the DOE.

On December 3, 2020, petitioner made a similar OPRA request for "correspondence from the Office of Certification and Induction and/or Robert Higgins to the State County Executive Superintendent offices regarding service in the title of 'director' under either the chief school administrator or principal endorsement between the months of May 2017 and September 2017." Petitioner's request also included background information regarding the "confidential draft" letter and seeking the final official letter.

On December 21, 2020, petitioner received a copy of the June 9, 2017, e-mail as a DOE government record responsive to the OPRA request.

DISCUSSION AND CONCLUSIONS OF LAW

Summary-Decision Standard

A party may move for summary decision upon all or any of the substantive issues in a contested case. N.J.A.C. 1:1-12.5(a). The motion shall be served with briefs, with or without affidavits. When the filed papers and discovery, together with any affidavits, show that no genuine issue of material fact exists and that the moving party is entitled to prevail as a matter of law, the judge may grant the motion. N.J.A.C. 1:1-12.5(b). When

such a motion is made and supported, an adverse party, to prevail, must submit an affidavit setting forth specific facts showing that a genuine issue of material fact exists that can only be determined in an evidentiary proceeding. Ibid.

Even though a statute calls for a "hearing," where a motion for summary decision is made and supported by documentary evidence and where the objector submits no evidence to demonstrate that a genuine issue of material fact exists, the motion procedure constitutes the hearing and no trial-type hearing is necessary. Contini v. Newark Bd. of Educ., 286 N.J. Super. 106, 120–21 (App. Div. 1995), certif. denied, 145 N.J. 372 (1996).

To determine whether a genuine issue of material fact exists that precludes summary judgment, the motion judge must consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to demonstrate that the moving party is entitled to a judgment as a matter of law. Brill v. Guardian Life Ins., 142 N.J. 520, 540 (1995).

Moreover, even if the non-movant comes forward with some evidence, the court must grant summary judgment if the evidence is "so one-sided that [the movant] must prevail as a matter of law." Ibid. at 536 (citation omitted). If the non-moving party's evidence is "merely colorable or is not significantly probative," the judge should not deny summary judgment. Bowles v. City of Camden, 993 F. Supp. 255, 261 (D.N.J. 1998).

In this case, no genuine issue as to the material facts exists, and the only question presented is whether petitioner obtained tenure in the title of director. More pointedly, no genuine issue exists that petitioner does not possess a New Jersey Administrative Certificate with a school administrator endorsement or whether she held a position with district-wide responsibilities from September 1, 2017, through June 30, 2020. During this period, petitioner possessed a principal endorsement, and the District undeniably only required the principal endorsement. Moreover, the District created the unrecognized title of DCIO for the 2020–21 school year, ultimately requiring a school

administrator endorsement, and hired a non-tenured staff member to serve in that role despite petitioner's application for the position. Since these facts are clear and undisputed, I **CONCLUDE** that this case is ripe for summary decision.

Tenure Requirements

Tenure laws, N.J.S.A. 18A:28-1 to -18, define the conditions under which teaching staff members can attain the security of tenure, and seek to aid "the establishment of a competent and efficient school system by affording teaching staff members 'a measure of security in the ranks they hold after years of service.'" Carpenito v. Rumson Bd. of Educ., 322 N.J. Super. 522, 528–29 (App. Div. 1999) (quoting Viemeister v. Prospect Park Bd. of Educ., 5 N.J. Super. 215, 218 (App. Div. 1949)).

Courts describe tenure as a "statutory right" imposed upon a teaching staff member's contractual employment status. Zimmerman v. Newark Bd. of Educ., 38 N.J. 65, 72 (1962), cert. denied, 371 U.S. 956 (1963). Indeed, the "right to tenure is created and governed entirely by statute." Breitwieser v. State-Operated Sch. Dist. of Jersey City, 286 N.J. Super. 633, 637 (App. Div. 1996).

Under N.J.S.A. 18A:28-5(a), teaching staff members must hold certificates required by their positions for a requisite time to be protected by tenure laws:

> The services of all teaching staff members employed prior to the effective date of P.L.2012, c.26 (C.18A:6-117 et al.) in the positions of teacher, principal, . . . assistant principal, vice-principal, assistant superintendent, and all school nurses . . . and such other employees as are in positions which require them to hold appropriate certificates issued by the board of examiners, serving in any school district or under any board of education, excepting those who are not the holders of proper certificates in full force and effect . . . , shall be under tenure during good behavior and efficiency and they shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming

> such a teaching staff member or other just cause . . . after employment in such district or by such board for:
>
> (a) Three consecutive calendar years . . . ; or
>
> (b) Three consecutive academic years, together with employment at the beginning of the next succeeding academic year; or
>
> (c) The equivalent of more than three academic years within a period of any four consecutive academic years.
>
> [Emphasis added.]

Moreover, under N.J.S.A. 18A:28-6(b), a tenured or tenure-eligible teaching staff member promoted or transferred to another position will not obtain tenure until (1) the expiration of two consecutive calendar years of employment in the new position; or (2) employment in the new position for two academic years and at the commencement of the next academic year; or (3) employment within any three consecutive academic years equaling more than two academic years. Also, if service in the promotional title ceases prior to the necessary period of time to attain tenure, then "the period of employment in such new position shall be included in determining the tenure and seniority rights in the former position held." N.J.S.A. 18A:28-6(b).

Accordingly, to gain tenure a teaching staff member must: (1) work in a position that requires a teaching certificate; (2) hold the appropriate certificate; and (3) serve the requisite period of time. Spiewak v. Rutherford Bd. of Educ., 90 N.J. 63, 74 (1982).

Under N.J.A.C. 6A:9B-5.1(a), "any person employed as a teaching staff member by a district board of education shall hold a valid and appropriate certificate." Indeed, N.J.S.A. 18A:28-5 excludes from tenure protection those teaching staff members "who are not the holders of proper certificates in full force and effect." Also, N.J.S.A. 18A:28-4 provides that "[n]o teaching staff member shall acquire tenure in any position in the

public schools . . . who is not the holder of an appropriate certificate for such position, issued by the State Board of Examiners [State Board], in full force and effect . . . ."

The State Board issues certificates under rules and regulations prescribed by the State Board of Education. N.J.S.A. 18A:6-38. Under N.J.A.C. 6A:9B-5.3(a), the State Board issues three categories of educational certificates: Instructional, Administrative, and Educational Services. Further, the State Board designates endorsements for each type of certificate, identifying the specific area in which a certificate holder has authority to serve. Employment in a particular assignment requires that the educator hold the appropriate endorsement. Nelson v. Old Bridge Bd. of Educ., 148 N.J. 358, 363 (1997).

Here, the issue surrounds the required endorsement under an Administrative Certificate to perform the duties of the AP/CC and the DC. Under N.J.A.C. 6A:9B-12.3(a), an individual authorized to serve in "any position that involves services as a district-level administrative officer" must possess an endorsement as a school administrator. (Emphasis added.) Such positions include superintendent, assistant superintendent, and director. This endorsement also allows the holder to serve as a principal or supervisor. Holders of this endorsement can "[p]rovide educational leadership by directing the formulation of districtwide goals, plans, policies, and budgets, by recommending their approval by the district board of education and by directing their districtwide implementation." Moreover, school administrator endorsement holders have the authority to "[r]ecommend for approval by the district board of education all staff appointments and other personnel actions," as well as to "[d]irect school district operations and programs," "[s]upervise and evaluate building administrators and central office staff, including school business administrators," and "[o]versee the administration and supervision of school-level operations, staff, and programs."

Petitioner holds a principal endorsement, but no school administrator endorsement. Under N.J.A.C. 6A:9B-12.3(b), "any position that involves service as an administrative officer of a school or other comparable unit within a school or school

district" requires a principal endorsement. (Emphasis added). Such positions include assistant superintendent for curriculum and instruction, principal, assistant principal, vice principal, and director. The holder of a principal endorsement can also serve in the position of supervisor. Principal endorsement holders have authority to "[p]rovide educational leadership by directing the formulation of goals, plans, policies, budgets, and personnel actions of the school or other comparable unit, by recommending them to the chief district administrator, and by directing their implementation in the school or other comparable unit." Also, such endorsement holders can "[d]irect and supervise all school operations and programs," "[e]valuate school staff," and "[d]irect the activities of school-level supervisors."

The District contends that petitioner's district-wide duties commencing September 1, 2017, required a school administrator endorsement until June 30, 2020. Without that endorsement, service in those roles, director or not, cannot count toward tenure. Thus, the District maintains that petitioner's length of service falls short of attaining tenure. Moreover, while the District required only the principal endorsement, its error does not absolve petitioner of the need to possess the school administrator endorsement. Indeed, the District asserts that if petitioner's position were correct, this would ignore the difference between an administrator with district-wide responsibilities and a principal without district-wide authority. In essence, petitioner's view would mean that no director position would require a director to hold the administrator's endorsement to obtain tenure.

The duties performed, and not the title of a position, are controlling to ascertain tenure accrual. See Christie v. Bd. of Educ. of E. Orange, 1985 S.L.D. 307 (Comm'r). Indeed, the analysis focuses on the job descriptions' duties to determine the certification and endorsement requirements of those assignments. Duva v. State-Operated Sch. Dist. of Jersey City, EDU 9801-98, State Bd. of Educ. (March 6, 2002), https://njlaw.rutgers.edu/collections/oal/.

The analysis in Duva is instructive because the State Board addressed the unrecognized director's title and how to determine what endorsement applies to that role. In Duva, the petitioner (Duva) served as a director for the Jersey City school district (Jersey City) from 1980 until 1998, holding both an administrator and a supervisor endorsement until the school district eliminated his position. Because he served as a director, Duva claimed that he acquired tenure rights entitling him to employment as a supervisor over any non-tenured individuals. The administrative law judge (ALJ) "concluded that [Duva] had achieved tenure as a 'director,' finding that a directorship constituted a distinct position for tenure purposes." Even though Duva possessed a supervisor endorsement, the ALJ determined that Duva's tenure rights from his service as a "director" did not "permit him to claim a supervisory assignment" because "director" and "supervisor" were "separately tenurable position[s]."

The State Board disagreed, holding that because "director" and "supervisor" are not explicitly listed in N.J.S.A. 18A:28-5 "there is no basis to hold that these assignments constitute 'separately tenurable positions.'" The State Board explained that N.J.S.A. 18A:28-5 initially defines the "scope" of tenurable positions, providing that "an individual must be a teaching staff member serving either in a capacity specifically designated in the statute or serving in a 'position' requiring him to hold an appropriate certificate in order to be eligible to achieve tenure." See also Ellicott v. Frankford Twp. Bd. of Educ., 251 N.J. Super. 342, 347 (App. Div. 1991).

Further, the State Board clarified that "the starting point for determining the scope of [Duva's] tenure protection is the certification that was required . . . to serve in the capacity" in which the school district employed him. Moreover, "[b]ecause [Duva's] service as a 'director' was in an unrecognized position title," examination of Duva's duties under the job description is necessary "to ascertain the certification requirements of those assignments." The State Board recognized that this determination usually fell within the responsibility of the county superintendent. However, because Jersey City did not submit Duva's positions to the county superintendent, the State Board exercised

its jurisdiction to determine the issue, having "ultimate administrative authority to determine certification."

In reviewing the job descriptions for the director assignments held by Duva, the State Board "conclude[d] that the duties of those assignments were of such character as to require that the individual serving in them possess an Administrative Certificate with an endorsement as a school administrator . . . to [statutorily] fulfill such functions." The State Board acknowledged that under N.J.A.C. 6:11-9.3 (now N.J.A.C. 6A:9B-12.3), the school administrator and principal endorsements authorize service as a "director." Still, the State Board determined that "an Administrative Certificate with an endorsement as a principal would not constitute appropriate certification," because "every job description under which [Duva] served involved district-level responsibilities," and the principal endorsement would not have authorized him to fulfill those responsibilities.

However, because Duva held a school administrator endorsement while serving as a director, the State Board found that "he fulfilled the statutory requirements of N.J.S.A. 18A:28-5." Moreover, "[Duva's] tenure protection under his Administrative Certificate extended to all assignments for which he was qualified by virtue of possessing a supervisor's endorsement," and, therefore, "upon abolishment of his director's assignment, [Duva] was entitled to be employed in assignments requiring a supervisor endorsement in preference to any non-tenured individuals." In other words, Duva earned tenure under his school administrator endorsement authorizing district-wide responsibilities, which extended to other assignments, such as a supervisor, for which he held an appropriate endorsement. See also N.J.A.C. 6A:9B-12.3(a) (holders of a school administrator endorsement may serve as a principal or supervisor).

The District primarily relies upon Perna v. State-Operated School District of Paterson, EDU 09761-09, Initial Decision (November 10, 2011), aff'd, Comm'r (January 4, 2012), http://njlaw.rutgers.edu/collections/oal/, which follows Duva's conclusions regarding the scope of school administrator endorsements. In Perna, the

Commissioner held that although Perna served in various district-wide director positions over the requisite three years, Perna did not earn tenure because he failed to possess the required school administrator endorsement. See also City Ass'n of Supervisors & Adm'rs v. State-Operated Sch. Dist. of Newark, EDU 00849-13, Initial Decision (August 27, 2014), https://njlaw.rutgers.edu/collections/oal/, adopted, Comm'r (August 13, 2015),[1] https://nj.gov/education/legal/ (where the ALJ explained in EDU 00849-13 that "the principal endorsement is intended to authorize its holder to perform school building level administrative functions," while the administrator endorsement holder is "responsible for . . . tasks at the central office or district-wide level").

As in this case, Perna's deciding issue was whether a principal endorsement was appropriate for service in various district-wide director positions. Similarly, the Paterson school district also failed to require the correct administrator endorsement for district-wide assignments. Regardless, the Commissioner held that the staff member must ensure that he or she has the proper endorsement for the position even where a district "improperly assigned the employee duties for which the employee is not certificated." Perna, EDU 09761-09, Comm'r, http://njlaw.rutgers.edu/collections/oal/. In essence, statutory requirements establish tenure by holding the "correct certificate and endorsement" for the position rather than by "intentional or unintentional actions of local school districts." Ibid.; see also Ledwitz v. Manalapan-Englishtown Bd. of Educ., 1988 S.L.D. 2497 (St. Bd.), aff'd, No. A-2861-87 (App. Div. Feb. 16, 1989) (holding that it is the "primary responsibility" of the staff member to obtain appropriate certification). In Perna, the Commissioner confirmed that he had discretion to send controversies to the OAL, and that an ALJ can make determinations about the appropriate certification for the Commissioner's consideration.

Moreover, a board of education does not have the authority to establish certification requirements that contradict the tenure laws. Jennings v. Bd. of Educ. of

[1] Initially, the Commissioner remanded the case for additional fact-finding, but later affirmed both Initial Decisions (EDU 00788-15, Initial Decision on Remand of EDU 00849-13 (July 13, 2015), https://njlaw.rutgers.edu/collections/oal/, adopted, Comm'r (August 13, 2015), https://nj.gov/education/legal/).

Highland Park, 1989 S.L.D. 1085 (St. Bd.). In Jennings, the petitioner (Jennings) held an endorsement to teach physical education but did not possess an endorsement to teach health, despite being hired to teach health. However, the State Board concluded that the school district's "improper action in assigning [Jennings] to teach health without the appropriate certification cannot be used to excuse [Jennings'] failure to acquire a health endorsement." Further, any reliance on the school district's actions was not reasonable given the "clear regulations to the contrary." Under the incorrect endorsement, Jennings' service did not count toward tenure despite his teaching health and the school district's representation that Jennings acquired tenure.

Petitioner here disagrees that she did not acquire tenure, noting that courts interpreting the tenure laws should "look to the substance rather than the form" of the title. Viemeister, 5 N.J. Super. at 218 (holding that a district cannot avoid tenure laws by abolishing one title and creating a substantially similar position under a different name). Petitioner served as the AP/CC from September 1, 2017, until June 30, 2018, and as the DC from July 1, 2018, through June 30, 2020. Petitioner maintains that she performed these services under a principal endorsement that contemplates the district-wide responsibilities she undertook in these roles, regardless of any limitations placed on an individual possessing only a principal endorsement. Indeed, the "principal" endorsement permits service as a "director" and "assistant superintendent for curriculum and instruction." Given petitioner's service as a "director" for the requisite time, she asserts that she earned tenure entitling her to the DCIO position. The District abolished the Assistant Superintendent for Curriculum and Instruction title and replaced it with variations of the same job. Thus, the District violated her tenure rights in hiring a non-tenured staff member for the DCIO job. Petitioner asserts that the District's attempt to change job titles while maintaining the position's substance should not discredit petitioner's service.

To support her position, petitioner relies upon Jacquelin v. Dennis Township Board of Education, EDU 9335-10, Initial Decision (November 16, 2012), aff'd, Comm'r (December 21, 2012), http://njlaw.rutgers.edu/collections/oal/. Petitioner highlights that

the Commissioner upheld the Jacquelin decision after Perna, and considers this decision to be analogous to her situation. In Jacquelin, the ALJ concluded that "[w]hile the expressed scope of authority granted to 'directors' under the administrator's endorsement versus a principal's endorsement is not perfect, clearly the [L]egislature authorized the holder of a principal's endorsement to be a 'director' with significant authority." Moreover, "[t]o upset the district's management alignment on a questionable interpretation of the term 'director' as it appears in both section (a) and (b) of the statute in question, after [the employee] has been in that title for [seven] years, would be a disservice to the district, the staff and students."

However, Jacquelin is distinguishable from this case. In 2005, the Dennis school district (Dennis) hired the current director of special education. In 2010, Dennis eliminated Jacquelin's director of curriculum and instruction position in a reduction in force, and Jacquelin only then contested the director of special education qualifications. Jacquelin possessed an administrator endorsement while the holder of the director of special education title did not. Yet, the current director of special education held a principal certificate with an endorsement as a teacher of the disabled. Significantly, the Commissioner concurred with the ALJ, noting that "the position of Director of Special Education/Child Study Team . . . did not require a School Administrator Endorsement because the position was not a district-wide administrative position." (Emphasis added.) Indeed, special-education services may be a "comparable unit within a school or district," as the director may have responsibilities to students throughout the district, but not the district as a whole. However, despite petitioner's urging, a DC cannot be considered an "administrative head" of a "unit of curriculum and instruction within the school district" without resolving the position's duties. Indeed, all positions held by petitioner included clear district-wide administrative responsibilities, and Jacquelin does not support petitioner's entitlement to tenure.

Petitioner also relies upon Still v. State-Operated School District of Camden, EDU 14246-16, Initial Decision (January 4, 2017), aff'd, Comm'r (February 21, 2017), http://njlaw.rutgers.edu/collections/oal/. In Still, the Commissioner noted that "holding

[Still] accountable in any way for the Board's administrative failure would contravene the principles of fairness and equity." Still served in the Camden school district (Camden) for nearly fourteen years as the technology coordinator, a position for which Camden required a teaching certificate. For less than two school terms, Still then served Camden in the lead educator title under a provisional principal certificate. Camden terminated Still as lead educator, advising her that she had no entitlement to other positions within Camden. Specifically, Still did not accrue tenure under the teaching certificate because technology coordinator was a non-instructional position. The ALJ rejected this argument, concluding that Camden required a teaching certificate, that Still possessed the certificate, and that Still accrued sufficient time to earn tenure under the certificate. Here, petitioner held the certificate required by the District's approved job descriptions, and, therefore, petitioner maintains that she earned tenure as a director under the principal endorsement.

Yet, Still also presents a different situation. In Still, Camden required a teaching certification, and Still possessed this certificate. Unlike this case, Camden did not assign duties to Still for which Still did not hold a required certificate or endorsement. The ALJ concluded that Camden's later attempt to dispute Still's tenure as a teacher because the technology coordinator position was "non-instructional" was unfair because Still held a teaching certificate. Indeed, the Commissioner rejected Camden's arguments regarding Still's lack of classroom instruction as a technology coordinator because "a teaching staff member has tenure in all positions for which his instructional certificate qualifies him." Still, EDU 14246-16, Comm'r Decision, http://njlaw.rutgers.edu/collections/oal/ (quoting Ellicott, 251 N.J. Super. at 349). On the contrary, the "director" position is an unrecognized title under N.J.S.A. 18A:28-5, where the determination of the necessary endorsement requires analysis of the duties performed in that role. Petitioner does not hold a school administrator endorsement authorizing her to perform district-wide tasks, whereas Still possessed a teaching certificate qualifying her to teach. Therefore, Still does not support petitioner's entitlement to tenure.

While petitioner relies upon a confidential e-mail to all ECS and certification personnel to support that a principal endorsement permits the holder to perform district-wide administrative responsibilities, the regulations do not allow those activities. To date, the Department of Education proposed no administrative code changes to effectuate a clarification of permitted duties under the principal or school administrator endorsements. Under N.J.S.A. 52:14B-4(a), such code amendments would require publication and a public comment period before adoption. In Metromedia, Inc. v. Director, Division of Taxation, 97 N.J. 313, 331–32 (1984), the Supreme Court explained that administrative guidance must often occur by rule-making, including when it "prescribes a legal standard or directive that is not otherwise expressly provided by or clearly and obviously inferable from the enabling statutory authorization," or "reflects an administrative policy that . . . was not previously expressed in any official and explicit agency determination, adjudication or rule."

Moreover, under N.J.S.A. 52:14B-3a(b), "[n]o State agency shall utilize regulatory guidance documents that have not been adopted as rules . . . unless the agency makes such documents readily available to the regulated community through appropriate means, including but not limited to posting in a prominent place on the website for the agency." Further, a regulatory guidance document not yet adopted as a rule cannot "impose any new or additional requirements that are not included in the State or federal law or rule that the regulatory guidance document is intended to clarify or explain." N.J.S.A. 52:14B-3a(c)(1).

The e-mail contains a confidential designation and is not posted on the DOE website or other DOE source. Moreover, the e-mail cannot be considered readily available to the regulated community if OPRA requests yield differing results concerning its status. Significantly, the clarification would permit a principal endorsement holder to effectuate district-wide responsibilities not previously authorized under the regulation; it requires rulemaking. Therefore, I **CONCLUDE** that considering the e-mail as dispositive, or even guidance, on the responsibilities allowed under the principal endorsement is not appropriate.

A review of the various job descriptions reveals that, while serving as an AP/CC and DC, petitioner was responsible for planning and implementing district-wide professional-improvement plans, acting as the "District Testing Coordinator," and selecting and placing new personnel in the District. Even though the DC's and AP/CC's duties appear comparable, the focus is whether petitioner performed district-wide responsibilities or did not. Like in Duva and Perna, petitioner's obligations specified in each job description under which she served involved district-level tasks. However, unlike in Duva, petitioner does not possess a school administrator endorsement.

Although a principal endorsement lists "director" as a position under the endorsement, N.J.A.C. 6A:9B-12.3(b) provides that "[t]he principal endorsement . . . [applies to] service as an administrative officer of a school or other comparable unit within a school or school district." The job descriptions for the titles held by petitioner demonstrate that petitioner's duties extended beyond the school and involved service as a district-level administrative officer outside the scope of petitioner's endorsement as a principal. Like in Perna, petitioner did not possess the administrator endorsement while serving in director positions with district-wide responsibilities. Therefore, I **CONCLUDE** that petitioner did not earn time toward tenure in the AP/CC or the DC position given her district-wide responsibilities without a school administrator endorsement. Moreover, I **CONCLUDE** that petitioner was primarily responsible for ensuring that she possessed the appropriate certification and endorsement for the positions she held, but she did not.

Even if petitioner obtained tenure, the DCIO title must be substantially similar to the DC position she held to provide petitioner with tenure rights over the non-tenured staff member. The District points to Dennery v. Passaic County Regional High School District #1, 131 N.J. 626, 640 (1993), which held that "[a] mere overlap in duties . . . does not mean that two positions are equivalent for tenure purposes. If a newly created position is similar to a tenure holder's abolished position but also requires additional

duties or different responsibilities, then the newly-created position is not considered to be substantially similar to the former position."

Undeniably, all roles involved district-wide responsibilities. However, the District highlights that the May 21, 2020, posting and the June 10, 2020, job description required different qualifications above and beyond those in the previous DC title. The new title involved operational tasks, including preparation of State compliance reports and implementing a diversity plan in educational programming, and required the availability to step into the superintendent's role in the superintendent's absence. Notably, the job also required knowledge and experience in grant writing. Yet, the June 10, 2020, performance responsibilities largely matched the duties in the November 1, 2018, job description, inadvertently not addressing the new tasks. Regardless, the job description submitted for ECS approval did not change the intended qualifications, but only included operations and grant-writing duties to match the new requirements. Petitioner's suggestion that the District added new duties to evade tenure obligations after filing her petition is unsupported. Instead, I **CONCLUDE** that the evidence demonstrates that the District intended the DCIO title to include distinct operational and grant-writing tasks, but the June 10, 2020, responsibilities were incomplete, and later corrected.

Petitioner also asserts that administrative errors do not allow school districts to avoid tenure rights accrued by individuals. Indeed, a school district that terminates an employee prior to earing tenure but allows the individual to remain in that role, whether under a different title or not, cannot discount time after discharge for tenure purposes. See Platia v. Bd. of Educ. of Hamilton, Mercer Cty., 434 N.J. Super. 382, 393 (App. Div. 2014) (citation omitted) (holding that "'because Platia was employed for the equivalent of more than three academic years . . . ,' tenure was conferred upon her"). Similarly, an "administrative oversight" that allowed an individual to complete the requisite period needed for tenure did not preclude that individual from earning tenure protections. Cohen v. Bd. of Educ. of East Brunswick, OAL Dkt. No. EDU 5643-81, Initial Decision (August 11, 1982), aff'd, Comm'r (September 30, 1982). However, neither case

involves a situation where the staff member did not hold the proper certification for the position at issue. Irrespective of the delay in presenting the DCIO title to the ECS for approval, this oversight is not of the same nature. Moreover, the incomplete job description approved on June 10, 2020, does not alter the new duties intended through the additional qualifications. The job description submitted to the ECS for authorization and then approved by the BOE included other responsibilities consistent with the new qualifications. Unlike in Platia and Cullen, the District terminated petitioner, and she did not serve in the new DCIO title.

Thus, I **CONCLUDE** that the DCIO title has several distinct additional job-performance responsibilities, making it dissimilar to petitioner's DC positions for tenure purposes. Moreover, the ECS determined that the title required a school administrator endorsement, which petitioner does not hold. Accordingly, I **CONCLUDE** that the District acted consistently with tenure and seniority requirements when it selected a non-tenured staff member to serve as the DCIO, and is entitled to prevail as a matter of law.

ORDER

Given my findings of fact and conclusions of law, I **ORDER** that the District be **GRANTED** summary decision, and that petitioner be **DENIED** summary decision. I further **ORDER** that petitioner's Petition of Appeal be **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days and

unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Decision

Melanie Sohl,

Petitioner,

v.

Board of Education of the Town of Boonton, Morris County,

Respondent.

Synopsis

Petitioner, a tenured teacher in the respondent Board's school district, appealed the Board's decision to affirm the results of a harassment, intimidation, and bullying (HIB) investigation into petitioner's conduct. The HIB investigation had concluded that the petitioner committed an act of HIB when she allegedly said to an overweight student who was walking slowly to the front of the classroom, "[i]f there was a cupcake up there, you would move faster." Petitioner maintained that she had a good relationship with the student in question and did not commit an act of HIB. Further, she contended that the Board failed to comply with the due process requirements of the Anti-Bullying Bill of Rights Act (Act), *N.J.S.A.* 18A:37-13 *et seq*. Petitioner filed a motion for summary decision, which was opposed by the Board.

The ALJ found, *inter alia*, that: there are no material facts at issue here, and the matter is ripe for summary decision; petitioner's due process rights were violated because the Board did not comply with the procedural mandates of the Act; the Board failed to provide petitioner with the opportunity to review the HIB investigatory report, as well as all witness statements and documentary evidence, as required pursuant to *N.J.S.A.* 18A:37-15b(6)(d); the Superintendent failed to submit a written summary of the HIB investigation in order to provide information about the content of the HIB report and any discipline imposed to the Board, as required under *N.J.S.A.* 18A:37-15b(6)(c); and after the HIB hearing, the Board – not the Superintendent – should have issued a detailed written decision in keeping with *N.J.S.A.* 37-15b(6)(e). Accordingly, the ALJ granted petitioner's motion for summary decision, remanded the matter to the Board for an HIB hearing in accordance with petitioner's due process rights under *N.J.S.A.* 18A:37-15 and ordered that the letter of reprimand be removed from the petitioner's personnel file.

Upon review, the Commissioner, *inter alia*, disagreed with the ALJ's determination that the petitioner was not afforded due process and that the Board failed to comply with the procedural requirements of the Act. As such, the Commissioner rejected the ALJ's decision to remand this matter for a Board hearing and instead remanded it to the OAL for a hearing on the merits. Petitioner will have the opportunity to challenge whether the Board's finding of HIB was arbitrary, capricious or unreasonable as this matter proceeds at the OAL. Additionally, the Board is not required to remove the letter of reprimand from petitioner's personnel file at this time. Accordingly, the Initial Decision was rejected and the matter was remanded to the OAL for a determination on the merits.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

OAL Dkt. No. EDU 05070-20
Agency Dkt. No. 102-5/20

New Jersey Commissioner of Education

Final Decision

Melanie Sohl,

Petitioner,

v.

Board of Education of the Town of Boonton, Morris County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) been reviewed and considered, as have the exceptions filed by the respondent Boonton Town Board of Education (Board), pursuant to *N.J.A.C.* 1:1-18.4. The petitioner did not file a reply.

This matter concerns an allegation of harassment, intimidation, and bullying (HIB) committed by a teacher against a student. Petitioner is alleged to have told an overweight student who was walking slowly to the front of the classroom, "[i]f there was a cupcake up there, you would move faster," in addition to other food-related comments. The student reported the alleged comment on January 15, 2020, and the following day, the school's Principal met with petitioner, along with the District's anti-bullying coordinator and the Boonton Education Association President. The anti-bullying coordinator then conducted an interview with petitioner on January 27, 2020, with the Board attorney, petitioner's attorney and the Principal in attendance. Thereafter, the Superintendent informed petitioner in writing that the HIB allegation was confirmed and that she would be required to undergo sensitivity training as a remedial

measure and would be issued a letter of reprimand. The Principal issued the letter of reprimand on February 4, 2020, which recounted that petitioner had admitted making the alleged "cupcake" comment and other food-related comments to the same student. Petitioner responded by letter clarifying that she had a good relationship with the student and "did not realize that the student might have taken the comment to mean anything other than a motivating comment to get them to the board quicker." She also explained that the student had previously asked for snacks or complained of being hungry, and while she denied making food comments toward the student, she has had many students who are motivated by snacks.

Prior to the Board hearing, the Superintendent submitted to the Board a summary of the HIB investigation and determination but did not appear to discuss discipline. Petitioner then appeared with her attorney in an executive session at the February 10, 2020 Board meeting, during which no testimony on behalf of the district was presented. The Board voted to uphold the finding of HIB, which was communicated to petitioner in a letter from the Superintendent the following day.

The Administrative Law Judge (ALJ) found that petitioner's due process rights were violated because the Board did not comply with the procedural mandates of the Anti-Bullying Bill of Rights Act (Act), *N.J.S.A.* 18A:37-13 *et seq.* The ALJ remanded the matter so that petitioner could be afforded a new Board hearing, specifically finding: (1) pursuant to *N.J.S.A.* 18A:37-15b(6)(d), the Board should provide petitioner with the opportunity to review the HIB investigatory report, as well as all witness statements and documentary evidence; (2) the Superintendent's written summary to the Board regarding the HIB investigation should inform the Board of the contents of the HIB report and any discipline imposed, as required by *N.J.S.A.* 18A:37-15b(6)(c); (3) the Board, not the Superintendent, should issue a detailed written decision

after the hearing, in keeping with *N.J.S.A.* 37-15b(6)(e); and (4) the February 4, 2020 letter of reprimand should be removed from petitioner's personnel file. However, the ALJ found that there was no due process violation with respect to petitioner's opportunity to confront and cross-examine witnesses because the Act does not require a full adversarial hearing.

By way of exceptions, the Board argues that the ALJ erred in her analysis of the due process requirements under the HIB statute. Specifically, the Board argues that *N.J.S.A.* 18A:37-15b(6)(e) does not prohibit the Superintendent – the "CEO" of the Board – from conveying the Board's HIB determination to petitioner, and notes that this issue was not raised or briefed by either party. Additionally, the Board maintains that *N.J.S.A.* 18A:37-15b(6)(c) does not require that the Superintendent's report to the Board on the HIB investigation be written, and since this issue was decided *sua sponte* by the ALJ, the Board did not have the opportunity to submit a certification as to the verbal summary made to the Board during the hearing. The Board also points out that the ALJ improperly required that a "detailed written decision" be issued after the Board hearing because *N.J.S.A.* 18A:37-15b(6)(e) only requires that the Board affirm, reject, or modify the Superintendent's decision.

The Board also argues that the ALJ erred in remanding the matter back to the Board for a new hearing and removal of the reprimand because petitioner's due process rights were not violated. According to the Board, *N.J.S.A.* 18A:37-15b(6)(d) only requires that petitioner be informed as to the nature of the investigation, whether the district found HIB, and any discipline imposed, and does not require that the Board produce the full investigatory file, such as the witness statements or the HIB report. The Board maintains that petitioner was not deprived of a life, liberty or property interest and, nevertheless, she was fully aware of the allegations and had the opportunity to be heard at the Board hearing. Additionally, the Board

contends that the reprimand was issued to petitioner as a result of her inappropriate statements to a student – and not as an outcome to the HIB investigation – so she would have had to challenge it through the locally negotiated grievance process rather than as part of her HIB petition. For these reasons, the Board urges the Commissioner to reject the Initial Decision.

Upon review, the Commissioner disagrees with the ALJ's determination that the petitioner was not afforded due process and that the Board failed to comply with the procedural requirements of the Act. As such, the Commissioner rejects the ALJ's decision to remand this matter for a Board hearing and will instead remand this matter to the OAL for a hearing on the merits.

The Commissioner will address the three relevant provisions of the Act in turn. First, and most pertinent to this matter, *N.J.S.A.* 18A:37-15b(6)(d) states:

> [P]arents or guardians of the students who are parties to the investigation shall be entitled to receive information about the investigation, in accordance with federal and State law and regulation, including the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether discipline was imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within 5 school days after the results of the investigation are reported to the board. A parent or guardian may request a hearing before the board after receiving the information, and the hearing shall be held within 10 days of the request. The board shall meet in executive session for the hearing to protect the confidentiality of the students. At the hearing the board may hear from the school anti-bullying specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents[.]

The Commissioner has previously established that teachers and other staff members who are accused of HIB are entitled to the same due process protections that are provided to students under the Act. *Ruth Young-Edri v. Board of Education of the City of Elizabeth, Union County,* Commissioner's Decision No. 174-19, decided July 8, 2019; *Stephen Gibble v. Board of*

Education of the Hunterdon Central Regional School District, Hunterdon County, Commissioner's Decision No. 254-16, decided July 13, 2016.

Here, petitioner was provided with two written communications regarding the investigation prior to the February 10, 2020 Board hearing: a January 28, 2020 letter from the Superintendent and a February 4, 2020 letter of reprimand from the Principal. The Superintendent's letter informed petitioner that the HIB investigation into her alleged actions was confirmed, and that the Board would vote on the results at its February 10 meeting. The letter further explained that the following measures were taken to address the situation: (1) Remedial Measures – Sensitivity Training; and (2) Consequence – Letter of Reprimand. The February 4, 2020 letter of reprimand memorialized the January 16, 2020 conversation:

> During our meeting, you admitted saying, "If there was a cupcake up there, you would move faster" to a student who was slowly making their way towards the front of the room to participate in answering a question. You had also mentioned that "food comments" were made, by yourself, to the same student during the study hall that you supervise. Regardless of rapport with a student, comments of this nature are improper, unprofessional, and must not be repeated. As the adult in the classroom, you are expected to act professionally at all times.

The Commissioner finds that when the two written communications are viewed in conjunction, petitioner was informed of the nature of the investigation, specifically of the cupcake comment that she was alleged to have said, along with the finding that she had admitted to making the comment. She was also informed that the district found evidence of HIB, and of the discipline being imposed in the form of sensitivity training and a letter of reprimand. Accordingly, as petitioner was provided with information about the investigation in advance of the Board hearing, the Commissioner finds that the Board met the requirements of *N.J.S.A.* 18A:37-15b(6)(d).

The ALJ relied upon *Young-Edri, supra*, in which, among other procedural violations, the petitioner was not provided with a written summary of the HIB investigation. The written letter of reprimand that Young-Edri received only informed her that she was a perpetrator in an HIB case, but did not recount any of the factual basis for that determination. *Id.* Additionally, in another matter, the Appellate Division issued an unpublished decision remanding an HIB matter for a new Board hearing and ordered the disclosure of the full HIB record, including the underlying investigative report and any reports or summaries. *J.L., on behalf of minor child, A.L. v. Board of Education of the Bridgewater-Raritan Regional School District, Somerset County*, A-2022-16T1 (App Div. Oct. 16, 2018).

Those cases are easily distinguishable from this matter. Contrary to *Young Edri*, petitioner did receive a written summary of the investigation; the letter of reprimand petitioner received explained the specific allegation against her. Additionally, the distinguishing factor in *J.L.* is that the accused child's parents were not informed about the HIB investigation until after the Board voted. Here, petitioner was aware of the HIB investigation: she participated in two meetings regarding the allegations, received two written communications, responded to the letter of reprimand acknowledging that she "did not realize that the student might have taken the comment to mean anything other than a motivating comment to get them to the board quicker," and she was represented by an attorney at the Board hearing. Petitioner was aware of the investigation and its findings, had the opportunity to be heard, and availed herself of her procedural due process rights.

The Commissioner agrees with the ALJ, however, that petitioner was not entitled to a trial-type adversarial hearing with the opportunity to cross-examine witnesses. The Act requires that a hearing be conducted in executive session and that the Board "*may* hear from the

school anti-bullying specialist about the incident, recommendations for discipline, or services, and any programs instituted to reduce such incidents." *N.J.S.A.* 18A:37-15b(6)(d) (emphasis added). Here, petitioner had the opportunity to present her own witnesses and evidence to refute the findings against her. As such, despite petitioner's arguments to the contrary, the Commissioner cannot find a procedural violation of *N.J.S.A.* 18A:37-15b(6)(d) that would require a new Board hearing.

Second, *N.J.S.A.* 18A:37-15b(6)(c) provides:

> [T]he results of each investigation shall be reported to the board of education no later than the date of the board of education meeting next following the completion of the investigation, along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the superintendent[.]

Here, following the completion of the HIB investigation, the Superintendent submitted a notice to the Board describing the allegations and the HIB determination. While the written notice does not appear to reference the discipline imposed, the statute does not specify the manner in which the Board must be informed. As it was not addressed by the parties in the briefing or certifications, it is unclear from the record what happened verbally at the Board meeting and whether the discipline imposed on petitioner was reported to the Board. As such, the Commissioner cannot find a procedural violation of *N.J.S.A.* 18A:37-15b(6)(c).

Finally, *N.J.S.A.* 18A:37-15b(6)(e) requires:

> [A]t the next board of education meeting following its receipt of the report, the board shall issue a decision, in writing, to affirm, reject, or modify the superintendent's decision. The board's decision may be appealed to the Commissioner of Education, in accordance with the procedures set forth in law and regulation, no later than 90 days after the issuance of the board's decision[.]

Following the Board's vote to sustain the HIB determination on February 10, 2020, the Superintendent advised petitioner by letter the following day that "the Board upheld your incident of January 14, 2020." The Commissioner disagrees with the ALJ that the statute prohibits the Superintendent from communicating the Board's decision. Additionally, the statute does not require a detailed decision. The statute simply requires that the Board "affirm, reject, or modify the superintendent's decision." *N.J.S.A.* 18A:37-15b(6)(e). As such, there is no evidence that the Board failed to comply with the requirements of *N.J.S.A.* 18A:37-15b(6)(e)

As the Commissioner has not found procedural deficiencies with the conduct of the Board's HIB investigation, a remand to the Board for a new hearing is inappropriate. Petitioner will have the opportunity to challenge whether the Board's finding of HIB was arbitrary, capricious or unreasonable as this matter proceeds at the OAL. Additionally, the Board is not required to remove the letter of reprimand from petitioner's personnel file at this time.[1]

Accordingly, the Initial Decision is rejected, and this matter is remanded to the OAL for a determination on the merits.

IT IS SO ORDERED.[2]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: May 18, 2021
Date of Mailing: May 18, 2021

[1] The Commissioner declines to address the Board's argument that the reprimand was not issued as an outcome of the HIB investigation, but rather as discipline subject to a challenge through the locally negotiated grievance process, as it is not necessary for this decision.

[2] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 05070-20
AGENCY DKT. NO. 102-5/20

MELANIE SOHL,
Petitioner,
v.
BOARD OF EDUCATION OF THE TOWN OF BOONTON, MORRIS COUNTY,
Respondent.

Joshua M. Forsman, Esq., for petitioner (Caruso Smith Picini, attorneys)

James L. Plosia Jr., Esq., for respondent (Plosia Cohen, attorneys)

Record Closed: February 3, 2021 Decided: February 24, 2021

BEFORE **SARAH H. SURGENT, ALJ**:

STATEMENT OF THE CASE

Petitioner Melanie Sohl (Sohl), a tenured teacher employed by respondent, the Board of Education of the Township of Boonton, Morris County (Board), appeals from its determination that she committed an alleged hate, intimidation, bullying (HIB) act against

an overweight student by referencing a "cupcake" as he walked toward the classroom chalkboard, along with making other "food comments" in his study hall. Sohl maintains her innocence and contends that the Board failed to comply with the due process requirements of the Anti-Bullying Bill of Rights Act (ABRA), N.J.S.A. 18A:37-13, et seq., and that its determination must therefore be reversed with prejudice. Sohl also maintains that in the alternative, if the matter is remanded, the Board must be ordered to comply with the ABRA at a subsequent Board hearing. The Board maintains that it did not violate Sohl's ABRA due process rights and that Sohl's motion for summary decision should be denied.

PROCEDURAL HISTORY

Sohl's petition of appeal with exhibits was filed by Crystal A. Alonso, Esq., (Alonso) of Caruso Smith Picini, P.C., with the Commissioner of Education (Commissioner) on or about April 30, 2020. (P-1). The Board's answer was filed with the Commissioner on or about May 19, 2020. (R-1). The matter was transmitted to the Office of Administrative Law (OAL) on May 20, 2020, where it was filed on June 2, 2020, to be heard as a contested case, pursuant to N.J.S.A. 52:14B-1 et seq. and N.J.S.A. 52:14F-1 et seq. (C-1).

On a July 23, 2020 telephone conference, the parties indicated they would be cross-moving for summary decision, a briefing schedule was set, and Alonso represented that Sohl did not deny referencing a "cupcake," but asserted there were due process issues regarding discovery and the Board's February 10, 2020 hearing. The parties were directed to submit a joint exhibit list and joint stipulation of facts by August 14, 2020. On August 14, 2020, the Board sent a letter requesting a telephone conference and indicating that Alonso responded on August 13, 2020 via email to the Board's proposed joint submissions stating "I cannot agree to a Joint Exhibit List at this time as there are documents on your proposed list that have never been provided to me." (R-2). The Board indicated that Alonso failed to address its proposed joint statement of facts and the Board requested that the matter be set down for a plenary hearing.

On August 19, 2020, Alonso filed a motion for summary decision with supporting exhibits and certifications by Alonso and Sohl, pursuant to N.J.A.C. 1:1-12.5, denying Sohl's alleged HIB conduct and asserting due process issues. (P-2). The Board's opposition brief was filed on August 28, 2020, (R-3), along with a supporting certification by Judy Sorochynskyj, the District's anti-bullying coordinator (ABC), (R-4). The Board did not cross-move for summary decision, as there were no joint exhibits or stipulations to material facts.

Alonso filed Sohl's reply brief and exhibit on September 10, 2020. (P-3). On October 14, 2020, Joshua M. Forsman, Esq., (Forsman) represented Sohl on a telephone conference, and indicated that Alonso had left his law firm. Forsman indicated that the parties were trying to settle the case. On December 14, 2020, another telephone conference was held with the parties, who did not reach a settlement. Oral arguments on Sohl's motion were heard on January 13, 2021. On that date, the parties agreed that a genuine issue of material fact exists as to whether Sohl committed and/or admitted to the alleged HIB conduct, precluding summary decision on that issue. Thus, the issue of this summary decision is limited to whether Sohl received ABRA due process prior to and at the Board hearing.

The record was left open for ten days, so that the Board could forward the HIB investigation discovery it provided to Alonso on August 4, 2020, (R-7), fifteen days before Alonso filed Sohl's motion. The Board also volunteered to send letters exchanged between the Board and Alonso prior to the February 10, 2020 Board hearing, but Forsman wanted to pre-screen them, with an opportunity to object. Not having heard about the disposition of those letters, I held the record open and contacted the parties about their status on January 27, 2021.

A telephone conference was held on that issue on February 2, 2021. The Board had produced to Forsman all correspondence in its file related to this case, but conceded it was not sure why any of that correspondence was relevant to the due process issues

at hand. After hearing Forsman's objections to the relevance of the letters, the parties agreed that the Board would only submit to this forum a February 6, 2020 letter from the Superintendent to Alonso, and that Sohl would be estopped from arguing any due process issues about the letters Forsman urged to be excluded, should the matter be remanded to the Board. The February 6, 2020 letter was received from the Board on February 3, 2021, (R-5), and the record closed.

FACTUAL DISCUSSION AND FINDINGS

These salient facts are undisputed. I therefore **FIND**:

Sohl is a tenured mathematics teacher who has been employed by the Board for eleven years. Aside from the subject of this decision, there is no evidence that she has any prior disciplinary history as a teacher for the District. She was Boonton High School student G.T.'s mathematics teacher during the 2019–2020 school year and also supervised G.T.'s study hall. G.T. was at that time an overweight adolescent in the ninth grade.

On January 15, 2020, G.T. spoke with Jason Klebez, the school Principal (Principal), and alleged that on January 14, 2020, as he was walking to the chalkboard to do a math problem, Sohl said, in front of the entire class, "I bet if there was a cupcake up here you'd move a lot faster." G.T. reported that he was upset and embarrassed by the alleged comment. On January 16, 2020, the District's ABC interviewed G.T. about the alleged incident, with the Principal in attendance. G.T. confirmed the "cupcake" comment he had reported to the Principal, and further alleged that on several occasions in study hall, Sohl had made other food-related comments, such as "what are you doing over here; there's no food here." G.T. reported that he was embarrassed and humiliated by such comments, particularly because they were heard by other students, and he believed they disparaged his "physique."

On January 16, 2020, the Principal held a meeting with Sohl, the District's ABC, and Bob Davis, the Boonton Education Association President. The Principal questioned Sohl about the alleged "cupcake" comment. The parties now disagree as to whether during that interview Sohl "recalled" making that specific comment or any other alleged comments about food to G.T., and whether or not she volunteered that she had made other "food" comments to G.T. during study hall. At the conclusion of the meeting, the Principal advised Sohl that she would be contacted by the ABC for further investigation of the alleged HIB violation.

On January 16, 2020, the Board's attorney received a letter from Alonso stating that "[g]iven the nature of the underlying allegations, Ms. Sohl is more than willing to cooperate with the District by participating in an interview." (R-4 Ex. A). On January 27, 2020, Sohl was interviewed by the ABC, with Alonso, the Board's attorney, and the Principal in attendance. The parties now disagree as to whether during that interview Sohl admitted, denied, or did not recall making the alleged comments.

By letter dated January 28, 2020, Robert Presuto, the Boonton Superintendent of Schools (Superintendent) advised Sohl:

> In accordance with the provisions of the New Jersey Anti-Bullying Bill of Rights Act and the Boonton Board of Education Policy #5512, parents or guardians of the student who are parties of a HIB investigation shall receive information about the outcome of the investigation.
>
> You were reported to have committed an act of . . . (HIB) on January 14, 2020. The complaint was investigated by our staff and determined to be a **Confirmed Incident** of HIB. At its February 10th meeting, the Boonton Board of Education will vote on the results of the investigation.
>
> All acts of HIB are taken very seriously and we have taken every measure to ensure that the situation was addressed appropriately, which had included but not limited to [sic] the following:

Remedial Measures – Sensitivity Training
Consequence – Letter of Reprimand

We continue to be committed to providing a safe and productive educational environment.

If you acknowledge the result, no further action is necessary. If you are not in agreement with this result, you may request and receive a hearing with the Board of Education. This request must be received in writing within 45 days of this notice. This hearing shall be held within ten days of the request.

Please do not hesitate to contact my office with any questions or concerns you may have regarding this matter.

[(P-2 Ex. A) (bold and emphasis in original).]

By letter dated February 4, 2020, the Principal advised Sohl:

This letter confirms and memorializes our conversation on January 16, 2020 regarding the concern of inappropriate comments towards a student.

During our meeting, you admitted saying, "If there was a cupcake up there, you would move faster" to a student who was slowly making their way towards the front of the room to participate in answering a question. You had also mentioned that "food comments" were made, by yourself, to the same student during the study hall that you supervise. Regardless of rapport with a student, comments of this nature are improper, unprofessional, and must not be repeated. As the adult in the classroom, you are expected to act professionally at all times.

I have reviewed your personnel file and determined what disciplinary consequences are warranted. After much consideration I have decided that a positive approach to discipline would be beneficial for you and your classroom environment. The attached improvement plan must be completed by Friday, February 21, 2020.

Please review and sign this letter prior to February 5, 2020. You may choose to provide a written explanation of your behavior, and I would be happy to attach it to this letter. If you

> refuse or fail to sign the copy of this letter by February 5, 2020, the letter will still be placed in your personnel file.
>
> I, Melanie Sohl have met with administration and had an opportunity to review this reprimand. I have received a copy and have been given the opportunity to provide a written response.
>
> [(P-2 Ex. C).]

The Superintendent was copied on that letter, which was signed by the Principal and Sohl, who wrote under her signature, "IN RECEIPT ONLY." By letter dated February 4, 2020, Sohl wrote and signed a lengthy written response stating, in relevant part, that during the January 16, 2020 meeting,

> I did not recall the exact wording of such made comment, I did however confirm there was a reference to food made to serve as a motivating factor.
>
> I proceeded to explain my relationship with the student and that I did not realize that the student might have taken the comment to mean anything other than a motivating comment to get them to the board quicker.
>
> . . . .
>
> I had asked the Principal if I was allowed to apologize to the student as my words were never intended to be hurtful in anyway [sic].
>
> [(P-2 Ex. C).]

By letter also dated February 4, 2020, Alonso wrote to the Board's attorney, confirming that she had received the Superintendent's January 28, 2020 letter to Sohl, and requesting that a Board hearing be scheduled "at your earliest convenience," so that Sohl could "present her appeal." (P-2 Ex. D). Sohl and Alonso appeared before the Board in an executive session on February 10, 2020.

Sohl now alleges that prior to and during the Board hearing,

> [n]o evidentiary materials or discovery from the investigation were ever provided to me. I never received witness statements. I never received a findings report from the HIB investigator. At the "hearing," no evidence was presented against me by neither [sic] the Board nor [sic] Superintendent. The Superintendent was present at the "hearing" and remained silent throughout. My attorney and I were permitted to make brief statements to the Board.
>
> [(P-2 Sohl Certif. ¶¶ 13-14).]

By letter dated February 11, 2020, the Superintendent advised Sohl that at the February 10, 2020 Board meeting, "the Board upheld your incident of January 14, 2020. The incident will remain confirmed." (R-6). That was the entirety of the communique.

The HIB file discovery which the Board provided to Ms. Alonso on August 4, 2020 and to this Tribunal on January 13, 2021 includes Sohl's February 4, 2020 above-described response letter to the Principal's February 4, 2020 letter, and a three-page "Harassment, Intimidation, & Bullying Incident Report Form" dated January 15, 2020, which contains no new information. (R-7). However, it also includes an undated, unsigned two-page summary of G.T.'s January 16, 2020 interview and Sohl's January 27, 2020 interview, along with a conclusion that the alleged incident was "a confirmed HIB." (R-7).

The summary of G.T.'s interview contains information that was not conveyed to Sohl by the Principal's February 4, 2020 letter, including that some of G.T.'s peers laughed at the alleged "cupcake" comment, while others told G.T., "[t]his is messed up." (R-7). It also states that G.T.'s friend, whose name was redacted, encouraged G.T. to report the incident to a Mrs. Soni (Soni), which G.T. did, that Soni referred it to a Mr. Nash, and that G.T. also reported the incident to his mother. (R-7). It describes G.T.'s feelings in much greater detail, including that he felt Sohl frequently belittled him, made him "look dumb," and that he wanted to switch to another math class to get away from Sohl. (R-7).

The Board's August 4, 2020 discovery production also includes a one-page Investigation Report Form, an Investigation Flowchart and Timelines, and an unsigned document entitled "BHS HIB #7 Confirmed # 036854," which summarizes the investigation and findings. (R-7). "Exec 1/27/20" and "Affirm 2/10/20" are handwritten on that document, which corresponds with the Board's January 27, 2020 meeting at which the Superintendent was to present a summary of the allegations and factual findings, and Sohl's February 10, 2020 hearing before the Board. (R-7).

The Parties' Written and Oral Arguments

By way of Alonso's moving and reply briefs, Sohl argues that the Board violated her due process rights under N.J.S.A. 18A:37-15b(6)(d) because "she never received crucial information about the HIB investigation, including, but not limited to, the evidence gathered during the course of the investigation," and because "[d]uring the hearing, the Board failed to produce any evidence in support of [the Superintendent's] determination that Ms. Sohl was guilty of violating the [ABRA]." She complains that the Superintendent did not testify or speak at the hearing, and that she had no opportunity "to face her accuser, cross-examine witnesses or challenge whatever evidence was gathered during the HIB investigation," because "[n]o one testified to their alleged statements and accusations at the 'hearing.'"

Sohl argues that those alleged violations of her due process rights "severely prejudiced her ability to defend against the [HIB] allegation." She relies upon an unpublished Appellate Division decision, J.L. v. Bd. of Educ., No. A-2022-16T1 (App. Div. Oct. 16, 2018), https://njlaw.rutgers.edu/collections/courts/appellate/a2022-16.opn.html, (C-2), and Young-Edri v. Bd. of Educ. of City of Elizabeth, 2019 N.J. AGEN LEXIS 403 (May 30, 2019), adopted Comm'r, 2019 N.J. AGEN LEXIS 845 (July 8, 2019), (P-3 Ex. A), for the proposition that she was denied due process because she did not receive the entire HIB investigation file and a "full and proper hearing" before the Board.

At oral arguments on Sohl's motion, the parties agreed that the HIB investigation file was not provided to Sohl prior to the Board hearing, that it was provided to Alonso on August 4, 2020,[1] fifteen days prior to Alonso's filing of Sohl's motion, and that there are no other documented witness statements aside from G.T.'s and Sohl's.

Forsman maintained that all HIB discovery was required to be provided under the ABRA prior to the hearing, whether or not Alonso requested it. However, he conceded that Alonso was an experienced attorney at the time of the Board hearing, that she did not request any discovery prior to the hearing, and that he did not know why she proceeded to the hearing without it, because Sohl's law firm was well aware of N.J.S.A. 18A:37-15. Forsman asserted that although there were no other witness statements, full discovery may have improved Sohl's defense by triggering further investigation and potential interviews with other students who may have witnessed the alleged incident.

The Board's opposition brief asserts that Sohl's due process rights were not violated, as she "was fully apprised of the nature of the allegations against her," and "she acknowledged making the offending statements to the student." The Board relies upon L.K. v. Mansfield Twp. Bd. of Educ., 2019 N.J. AGEN LEXIS 62 (Jan. 16, 2019), rejected on other grounds Comm'r, 2019 N.J. AGEN LEXIS 345 (April 22, 2019), for the proposition that the Board was not required to produce testimonial evidence at the hearing. It also relies upon DeFalco v. Hamilton Twp. Bd. of Educ., 2019 N.J. AGEN LEXIS 515 (June 25, 2019), adopted Comm'r, 2019 N.J. AGEN LEXIS 732 (July 26, 2019), for the proposition that the ABRA does not mandate a judicialized discovery and trial process, and merely requires that an accused staff member be apprised of the alleged HIB charge, the evidence upon which it is based, and the opportunity to present evidence, witness testimony, and oral arguments to the Board.

[1] On January 28, 2021, I inquired about what appeared to be missing pages 2-3 of the Board's Investigation Report Form, which was supplied by the Board to Alonso on August 4, 2020. (R-7). On February 4, 2021, the Board responded by supplying a three-page SSDS Incident Report Form, (R-8), which was not previously produced to this Forum or, according to Forsman, Alonso. The Board has not produced any additional pages of its Investigation Report Form, which contains the redacted names of two witnesses.

At the OAL oral arguments, the Board maintained that it was not required to produce HIB discovery sua sponte, and that Sohl had adequate notice of the charge against her, as outlined in the Principal's February 4, 2020 letter to Sohl. The Board accused Sohl's law firm of "playing a gotcha game," in essence, by inviting the alleged due process error. The Board argued that N.J.S.A. 18A:37-15(d) contemplates, at most, that only Loudermill[2] due process was arguably required – that is, notice of the allegations and an opportunity to be heard, because no property rights were lost – Sohl was merely reprimanded, not suspended or dismissed.

The Board explained that there were no other witness statements because G.T.'s allegation was investigated by interviewing Sohl first, and she allegedly admitted to the allegation, obviating the need to cause further disruption by interviewing other potential witnesses. For the same reason, the Board felt no need to call witnesses for what it believed to be an undisputed statement, and reiterated that it was not obliged to present witnesses in any event. The Board represented that it did not believe the HIB investigative report was provided to the Board prior to the hearing, and that the District's procedure is to provide that report to the Superintendent, who then renders a decision which is conveyed to the parent, teacher, and the Board before the hearing.

LEGAL ANALYSIS AND CONCLUSIONS

Summary Decision Standard

A summary decision "may be rendered if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." N.J.A.C. 1:1-12.5(b). That rule is substantially similar to the summary judgment rule embodied in the New Jersey Court Rules. See R. 4:46-2; Judson v. Peoples Bank & Trust Co. of Westfield, 17 N.J. 67, 74 (1954).

---

2 Cleveland Bd. of Educ. v. Loudermill, 470 U.S. 532 (1985).

In Brill v. Guardian Life Ins. Co., 142 N.J. 520 (1995), the New Jersey Supreme Court addressed the appropriate test to be employed in determining the motion:

> "[A] determination whether there exists a 'genuine issue' of material fact that precludes summary judgment requires the motion judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party. The 'judge's function is not . . . to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial.'"
>
> [Id. at 540 (quoting Anderson v. Liberty Lobby, Inc., 477 U.S. 242, 250 (1986)).]

In evaluating the merits of the motion, "[a]ll inferences of doubt are drawn against the movant and in favor of the opponent of the motion." Judson, 17 N.J. at 75. "When a motion for summary decision is made and supported, an adverse party in order to prevail must by responding affidavit set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding." N.J.A.C. 1:1-12.5(b). "If the opposing party offers no affidavits or matter in opposition, or only facts which are immaterial or of an insubstantial nature, a mere scintilla, fanciful, frivolous, gauzy or merely suspicious, he[/she] will not be heard to complain if the court grants summary judgment." Judson, 17 N.J. at 75 (internal quotation marks and citations omitted). When the evidence "is so one-sided that one party must prevail as a matter of law," the trial court should not hesitate to grant summary judgment. Liberty Lobby, 477 U.S. at 252.

Having reviewed the parties' submissions and heard their oral arguments, I **CONCLUDE** that no genuine issues of material fact exist which require an evidentiary hearing, and that this matter is therefore ripe for summary decision as to the alleged due process issues.

ABRA Due Process Requirements

The purpose of the ABRA is to promote "a safe and civil environment in school" by preventing "conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment." N.J.S.A. 18A:37-13. It was promulgated "to strengthen the standards and procedures for preventing, reporting, investigating, and responding to incidents of [HIB] of students that occur in school and off school premises." N.J.S.A. 18A:37-13.1f. It requires all school districts to adopt policies "prohibiting harassment, intimidation or bullying," N.J.S.A. 18A:37-15a, and procedures for reporting and investigating complaints of HIB, N.J.S.A. 18A:37-15b(5)-b(6).

> [A] procedure for prompt investigation of reports of violations and complaints . . . shall at a minimum provide that:
>
> > (a) the investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident and shall be conducted by a school anti-bullying specialist. The principal may appoint additional personnel who are not school anti-bullying specialists to assist in the investigation. The investigation shall be completed as soon as possible, but not later than 10 school days from the date of the written report of the incident of harassment, intimidation, or bullying. In the event that there is information relative to the investigation that is anticipated but not yet received by the end of the 10-day period, the school anti-bullying specialist may amend the original report of the results of the investigation to reflect the information;
> >
> > (b) the results of the investigation shall be reported to the superintendent of schools within two school days of the completion of the investigation, and in accordance with regulations promulgated by the State Board of Education pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), the superintendent may decide to provide intervention services, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, order counseling as a result of the findings of the investigation, or take or recommend other appropriate action;

> (c) the results of each investigation shall be reported to the board of education no later than the date of the board of education meeting next following the completion of the investigation, along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the superintendent;
>
> (d) parents or guardians of the students who are parties to the investigation shall be entitled to receive information about the investigation, in accordance with federal and State law and regulation, including the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether discipline was imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within 5 school days after the results of the investigation are reported to the board. A parent or guardian may request a hearing before the board after receiving the information, and the hearing shall be held within 10 days of the request. The board shall meet in executive session for the hearing to protect the confidentiality of the students. At the hearing the board may hear from the school anti-bullying specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents;
>
> (e) at the next board of education meeting following its receipt of the report, the board shall issue a decision, in writing, to affirm, reject, or modify the superintendent's decision. The board's decision may be appealed to the Commissioner of Education, in accordance with the procedures set forth in law and regulation, no later than 90 days after the issuance of the board's decision.
>
> [(N.J.S.A. 18A:37-15b(6)(a)-(e)) (emphasis added).]

N.J.A.C. 6A:16-7.7 provides further instruction to aid school districts in complying with statutory HIB requirements. The due process protections embodied in the law have equal applicability where, as here, a teacher is a target of a HIB investigation. Young-Edri, 2019 N.J. AGEN LEXIS 403 at 6; Gibble v. Bd. of Educ. of Hunterdon Cent. Reg'l Sch. Dist., 2016 N.J. AGEN LEXIS 1108 at 8 (July13, 2016).

The parties disagree about the import of N.J.S.A. 18A:37-15b(6)(d), with respect to what discovery must be provided to a HIB investigation target prior to a board hearing. That provision has been interpreted in two relatively recent decisions. In Young-Edri, which was adopted by the Commissioner, a teacher accused of HIB conduct against a student was not provided with the district AB[C]'s written report about the investigation, which included information the teacher was unaware of, and was not conveyed in the principal's subsequent letter of reprimand. Young-Edri, 2019 N.J. AGEN LEXIS 403 at 3. There was no evidence that the ABC's findings were shared with either the superintendent or the board, or that any investigatory materials were shared with Young-Edri prior to her OAL appeal of the board's determination that she had bullied the student. Ibid. The superintendent did not render a decision about the bullying allegations and investigation, even though the board was required to issue a written decision affirming, rejecting, or modifying the superintendent's decision. Id. at 6.

Persuaded by those facts and a similar fact pattern in J.L., No. A-2022-16T1, the ALJ concluded that the board had violated Young-Edri's due process rights embodied in N.J.S.A. 18A:37-15b(6)(d)-(e), and remanded the matter to the board, ordering the board to have the superintendent review the ABC's determination, ordering that the results of the ABC's investigation be shared with the board, ordering that Young-Edri be supplied with the investigatory file, including witness statements and the ABC's written report, and ordering that Young-Edri be permitted to present witnesses and documentary evidence to the board at a subsequent hearing. Young-Edri, 2019 N.J. AGEN LEXIS 403 at 6-8.

In this case, a written summary of the ABC's investigation was not provided to Sohl until almost six months after the Board hearing, and that investigation report contains information which was not conveyed in the Superintendent's January 28, 2020 letter or the Principal's February 4, 2020 letter to Sohl, including the extent of G.T.'s statements, how the alleged incident was initially reported to the Principal, by whom, and the names and roles of other individuals involved in the process and potential student witnesses who are alleged to have laughed at or frowned upon the alleged "cupcake" comment. (R-7). Moreover, contrary to N.J.S.A. 18A:37-15b(6)(e), the Superintendent's February 11, 2020

letter simply notified Sohl that "the Board upheld your incident," (R-6), when the Board itself should have issued a written decision detailing with specificity the conduct it determined to be HIB, based upon the Superintendent's January 28, 2020 letter, which does not describe the alleged conduct at all, (P-2 Ex. A). See Young-Edri, 2019 N.J. AGEN LEXIS 403 at 3-4 (finding that Board's letter notifying teacher that it upheld a HIB determination "did not detail with specificity the conduct or incidents that were perceived to have risen to a violation of law").

Under these circumstances, I **CONCLUDE** that Sohl's ABRA due process rights were violated with respect to the mandates of N.J.S.A. 18A:37-15b(6), that this matter should be remanded to the Board, and that Sohl should be given an opportunity to review the ABC investigatory report and any and all available statements and other documentary evidence within five school days after the results of the investigation are reported to the Board. N.J.S.A. 18A:37-15b(6)(d). I further **CONCLUDE** that what appears to be the Superintendent's written summary to the Board, entitled "BHS HIB #7 Confirmed," (R-7), does not adequately inform the Board of the discipline imposed or the contents of the HIB investigation report, and that the written investigation report "along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the superintendent" is required to be provided to the Board pursuant to N.J.S.A. 18A:37-15b(6)(c).

As to procedure at the Board hearing, I **CONCLUDE** there was no due process violation with respect to an opportunity to confront and cross-examine G.T. or any other witness. The ABRA does not require a full adversarial hearing, and only requires that it be conducted in executive session and that "the board may hear from the anti-bullying specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents." N.J.S.A. 18A:37-15b(6)(d) (emphasis added); Young-Edri, 2019 N.J. AGEN LEXIS 403 at 7-8. Thus, the ABC's testimony is not required by the ABRA, nor is the Superintendent's. The purpose of the Board hearing is to allow Sohl the opportunity to present her own witnesses, evidence, and arguments in her defense against the charge and the discipline imposed. The Board need not

present testimony by the accuser or any other witness, and Sohl would have no right to confront or cross-examine such witnesses in any event. DeFalco, 2019 N.J. AGEN LEXIS 515 at 7-8, 11-12, 26-27; L.K., 2019 N.J. AGEN LEXIS 62 at 59.

Should Sohl receive an unfavorable result after the Board hears this matter on remand, she will then have an opportunity for a full adversarial hearing if she wishes to appeal from the Board's determination to the Commissioner. Young-Edri, 2019 N.J. AGEN LEXIS 403 at 7 n.1.

ORDER

Based on the foregoing, it is **ORDERED** that Sohl's motion for summary decision is hereby **GRANTED**, and this matter is **REMANDED** to the Board to afford Sohl a HIB hearing in keeping with her due process rights under N.J.S.A. 18A:37-15. This requires that the February 4, 2020 letter of reprimand be removed from Sohl's personnel file, that the Superintendent comply with the mandates of N.J.S.A. 18A:37-15b(6)(c), that the Board provide Sohl with the investigatory file, including all witness statements, the ABC report, and all other documentary evidence, in keeping with N.J.S.A. 18A:37-15b(6)(d) and J.L., No. A-2022-16T1, that Sohl be permitted to present witnesses and evidence at the hearing, and that the Board, not the Superintendent, issue a detailed written decision after the hearing, in keeping with N.J.S.A. 18A:37-15b(6)(e) and Young-Edri, 2019 N.J. AGEN LEXIS 403 at 3-4.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless

such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

New Jersey Commissioner of Education

Order on Emergent Relief

Christopher Iasiello,

Petitioner,

v.

Board of Education of the Township of Wyckoff, Bergen County, and Kerry L. Postma, in her official capacity as Superintendent,

Respondents.

The record of this emergent matter, the sound recording of proceedings at the Office of Administrative Law (OAL), and the recommended Order of the Administrative Law Judge (ALJ) have been reviewed. Upon such review, the Commissioner concurs with the ALJ that petitioner has failed to demonstrate entitlement to emergent relief pursuant to the standards enunciated in *Crowe v. DeGioia,* 90 *N.J.* 126 (1982), and codified at *N.J.A.C.* 6A:3-1.6.

Accordingly, the recommended Order of the OAL denying petitioner's application for emergent relief is adopted. This matter shall continue at the OAL with such proceedings as the parties and the ALJ deem necessary to bring it to closure.

IT IS SO ORDERED.

Angelica Allen-McMillan, J.d.S.

Stephen R. Fogarty, Esq. appearing on behalf of respondent (Fogarty & Hara, attorneys)

Record Closed: April 20, 2021 Decided: April 21, 2021

BEFORE **NANCI G. STOKES**, ALJ:

FACTUAL DISCUSSION AND PROCEDURAL HISTORY

Petitioner, Christopher Iasiello, brings this action challenging the January 15, 2021, decision of the Wyckoff School District's (District or Board) Superintendent of Schools, Kerry Postma, Ed.D., to suspend Iasiello from his position as the Principal of the Eisenhower Middle School in the District.

Iasiello has been the Principal since 2012 and is a tenured employee. Before he served as the Principal, Iasiello served as the Assistant Principal for the Eisenhower Middle School since 2010. Iasiello's evaluations in these roles were uniformly excellent.

Kerry Postma, Ed.D., served as the District's Superintendent role since July 2020.

Superintendent Postma's January 15, 2021, suspension letter, sent via email, states that:

> I am hereby suspending you with pay from her position as principal of the Eisenhower Middle School [in the District], as a result of serious allegations concerning your failure to properly follow the Board's policies and procedures to investigate a report of a sexting incident that occurred on or about October 16, 2020. You shall be suspended pending a further investigation and further Board action . . .
> My action is being taken with the approval of the President of the Board, pursuant to the provisions of N.J.S.A. 18A:25-6 and N.J.S.A. 18A:6-8.3. During the period of your suspension, you are not to be present on any of the Wyckoff School District's property for any reason without prior written authorization from me. Your suspension shall be reported to the Board of Education fortwith and, the Board shall determine what further action is appropriate.

On February 8, 2021, the Wyckoff Board of Education (Board) met and approved the appointment of an Acting Principal for the Eisenhower Middle School, effective immediately. The Board took no specific action regarding Iasiello at this meeting.

On February 26, 2021, the District removed Iasiello's name from its website.

Counsel for Iasiello exchanged numerous emails with the Board's counsel attempting to ascertain more specific information concerning the Board's policies and procedures that Iasiello allegedly violated. On January 23, 2021, the Board's counsel advised Iasiello's counsel that the Superintendent was concerned that the events on October 16, 2020, might qualify as a harassment, bullying, and harassment (HIB) violation

that the middle school administration did not properly report or investigate.[1] Further, the Superintendent had concerns that the middle school administration did not report the incident to the Wyckoff Police Department. Moreover, the Superintendent first learned of the incident on January 14, 2021, and after speaking with Iasiello, concluded that she should immediately suspend Iasiello to investigate the incident properly. Ultimately, the October 16, 2020, incident led to findings of HIB violations committed by several students against Iasiello's daughter.

Still, the emails reflect that while investigating the October 16, 2020, incident and the middle school administration's investigation handling, employees and former employees reported other misconduct by Iasiello. In other words, the scope of the initial investigation expanded, and the investigation continues. Thus, Iasiello's counsel was aware of the reasons for the continued investigation. Although the Superintendent is considering recommending tenure charges, she has yet to determine the extent of those charges.

Iasiello maintains that he learned of the October 16, 2020, incident on October 19, 2020, and that the matter involved his daughter, a student at the Eisenhower Middle School. Iasiello asserts that he correctly recused himself from the investigation given his apparent conflict and entrusted the investigative process to the Assistant Principal, Christopher Giordano. Notably, the Board disputes that Iasiello remained uninvolved in the incident's investigation.

On March 17, 2021, Iasiello and his family served a Tort Claim Notice to the Board and Wyckoff Township, asserting reputational damage and severe emotional distress.

On April 13, 2021, Iasiello filed a petition of appeal and motion for emergent relief against the Board and Superintendent Postma with the Commissioner of Education. Specifically, Iasiello maintains that his suspension was improper, and the District violated

[1] Under the Anti-Bullying Rights Act (ABRA), N.J.S.A. 18A:37-13 to -37, each school district must adopt a HIB policy that meets minimum statutory requirements including "a procedure for prompt investigation of reports of violations and complaints." N.J.S.A. 18A:37-15(b)(6).

its discipline policy in failing to provide an adequate explanation for the suspension. Thus, Iasiello asserts that he is legally entitled to reinstatement.

District Policy 3150 for the Wyckoff Board of Education (Policy 3150), addressing discipline, directs all teaching staff members to observe New Jersey statutes, rules of the State Board of Education, Board policies, and administrative rules and regulations governing staff conduct. Moreover, "violations of those statutes, rules, policies, and regulations will be subject to discipline," and the Superintendent will deal with disciplinary matters on a "case-by-case basis." Indeed, "penalties may include suspensions, withholding of increments, and dismissal." Policy 3150 also addresses notice to staff members:

> In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; and date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

On April 15, 2021, the Department of Education, Office of Controversies and Disputes, transmitted this case to the Office of Administrative Law (OAL) for hearing as a contested case and resolution of Iasiello's motion for emergency relief.

On April 19, 2021, I conducted a telephone status conference, directed the Board to submit its response to the motion, and permitted a reply by Iasiello. On April 19, 2021, the OAL received these submissions, including a corrected submission by Iasiello after his initial reply.

In the Board's response, the Board highlights that Iasiello's suspension was with pay, that the Superintendent acted with statutory authority in doing so and has yet to complete her investigation to determine if discipline is warranted.

On April 20, 2021, an oral argument proceeded via Zoom because of the COVID-19 health crisis, and the record closed.

LEGAL ANALYSIS AND CONCLUSION

Under N.J.S.A. 18A:6-9, the Commissioner's jurisdiction is defined, and is limited to "controversies and disputes arising under the school laws." In Dunellen Bd. of Educ. v. Dunellen Ed. Assoc., 64 N.J. 17, 23 (1973), the New Jersey Supreme Court concluded that "the Legislature enacted provisions entrusting school supervision and management to local school boards . . . subject to the supervisory control [of] . . . the State Commissioner of Education."

The regulations governing such disputes before the Commissioner of Education provide that "[w]here the subject matter of the controversy is a particular course of action by a district board of education or any other party subject to the jurisdiction of the Commissioner, the petitioner may include with the petition of appeal, a separate motion for emergent relief or a stay of that action pending the Commissioner's final decision in the contested case." N.J.A.C. 6A:3-1.6(a). The regulations further provide that the Commissioner may "[t]ransmit the motion to the OAL for immediate hearing on the motion." N.J.A.C. 6A:3-1.6(c)(3).

N.J.A.C. 6A:3-1.6(b) sets forth the standards governing motions for emergent relief and instructs that:

> A motion for a stay or emergent relief shall be accompanied by a letter memorandum or brief which shall address the following standards to be met for granting such relief pursuant to Crowe v. DeGioia, 90 N.J. 126 (1982):
>
> > 1. The petitioner will suffer irreparable harm if the requested relief is not granted;
> > 2. The legal right underlying petitioner's claim is settled;
> > 3. The petitioner has a likelihood of prevailing on the merits of the underlying claim; and
> > 4. When the equities and interests of the parties are balanced, the petitioner will suffer greater harm than the respondent will suffer if the requested relief is not granted.

[N.J.A.C. 6A:3-1.6(b).]

Indeed, the moving party must demonstrate each element "clearly and convincingly." Waste Management of N.J. v. Union County Utilities Authority, 399 N.J.

Super. 508, 520 (App. Div. 2008). Emergent relief is designed "to 'prevent some threatening, irreparable mischief, which should be averted until opportunity is afforded for a full and deliberate investigation of the case.'" Crowe, 90 N.J. at 132 (citation omitted).

Irreparable harm

Harm is generally considered irreparable if monetary damages cannot adequately redress it. Id. at 132-33. In other words, irreparable harm is described as "'substantial injury to a material degree coupled with the inadequacy of money damages.'" Judice's Sunshine Pontiac, Inc. v. General Motors Corp., 418 F. Supp. 1212, 1218 (D.N.J. 1976) (citation omitted). A claimant must demonstrate more than a risk of irreparable harm. Continental Group, Inc. v. Amoco Chemicals Corp., 614 F. 2d 351, 359 (D.N.J. 1980). The requisite for injunctive relief requires a "'clear showing of immediate irreparable injury,'" or a "'presently existing actual threat; (an injunction) may not be used simply to eliminate a possibility of a remote future injury, or a future invasion of rights, be those rights protected by statute or by common law.'" Ibid.
(citation omitted).

Iasiello's submits that irreparable harm is clear. Specifically, he maintains that the Superintendent "removed from his position . . . without explanation" or the Board of Education's approval of the suspension, only to be "replaced by an 'Acting Principal,'" despite the absence of a vacancy. Further, that he is receiving pay cannot address the more significant damage to his future.

In Migliaccio v. Board of Education of Paterson, 1990 S.L.D. 294, a tenured School Business Administrator sought emergent relief challenging his suspension absent tenure charges. Essentially, Migliaccio maintained that the provisions of N.J.S.A.18A:8.3, permitting a suspension with pay, were not applicable. Instead, N.J.S.A.18A:6-14, part of the Tenure Employees Hearing Laws, N.J.S.A.18A:6-10 – 18.1, allowed a suspension with or without pay after the Board issued charges. Therefore, Migliaccio asserted entitlement to the protections afforded the tenure process. However, the Commissioner disagreed, concluding that the Legislature did not afford the same protections afforded an employee subject to tenure charges to those suspended with pay under N.J.S.A.

18A:6-8.3. Id. at 300. Moreover, the Commissioner held that Migliaccio could not establish irreparable harm because "he has suffered no monetary loss at all." Ibid. The Commissioner explained that the Business Administrator was "not in jeopardy since he has not been dismissed from said position, nor have tenure charges been filed against him. Rather, he has been merely suspended with pay." Id. at 301.

Similarly, Iasiello's suspension is with pay, and his continued suspension will not cause irreparable harm. While Iasiello suggests the Board's actions damaged his reputation, this alone does not afford due process protections. Instead, to make out a due process claim for deprivation of a liberty interest in reputation, a plaintiff must show a stigma to his reputation *plus* deprivation of some additional right or interest. "Hill v. Borough of Kutztown, 455 F.3d 225, 236 (3d Cir. 2006) (emphasis in original). Hill described this as the "stigma-plus" test. Id. at 236; see Edwards v. California Univ., 156 F.3d 488, 493 (3d Cir. 1998) (holding that while a suspended professor's might suffer damage to his reputation, this action "does not constitute a deprivation of employment" because he continued to receive pay) (citing Strum v. Clark, 835 F.2d 1009, 1012 (3d Circ. 1987). Notably, Iasiello also filed a Tort Claim Notice concerning many of the same issues in this application seeking monetary damages for his alleged reputational injury based on the District's misconduct.

Iasiello relies on Sanchez v. Bd. of Educ. of the City of Camden, Commissioner's Decision 107-03 (March 6, 2003), affirmed, State Bd. of Educ. (June 4, 2003), http://njlaw.rutgers.edu/collections/oal/, in which the Commissioner found that the District's transfer of a tenured principal to an acting vice-principal position with no salary loss would, nonetheless, suffer irreparable harm to her reputation if not returned to a principal role to which she was legally entitled. Indeed, "the illegal transfer and the consequent de facto demotion to the separate and subordinate position of Acting Vice Principal can never be adequately addressed over time, nor can monetary damages ameliorate the blemish on her professional standing among her peers and her reputation in the school district and in the community." Significantly, the transfer violated Sanchez's tenure rights.

Here, the District has not transferred Iasiello to another position without his consent, dismissed him, reduced his pay, or received tenure charges against him. In

other words, the District did not violate Iasiello's tenure rights. Instead, the Superintendent suspended Iasiello with pay pending an investigation into suspected misconduct as authorized by N.J.S.A. 18A:25-6 and N.J.S.A 18A:6-8.3.

Instead, Iasiello's circumstances are similar to those of the petitioner in Packard v. Board of Education of Carteret, EDU 06241-17, Order on Emergent Relief (May 11, 2017), http://njlaw.rutgers.edu/collections/oal/. The Carteret Board suspended Packard, a Supervisor of Buildings and Grounds, who sought immediate reinstatement to his position through emergent relief. Since he was on a paid suspension, the ALJ concluded that his "continued suspension will not cause him irreparable harm." Significantly, ALJ rejected the petitioner's claim of damage to reputation during the suspension as being "vague descriptions of community gossip and rumors about him due to his suspension" that could not "clearly and convincingly show that his reputation will be damaged irreparably." Indeed, Iasiello must submit evidence to support his claim of irreparable harm beyond "general statements." Diaz v. Bd. of Educ. of Mahwah, EDU 13998-08, Initial Decision (Dec. 18, 2008), http://www.nj.gov/education/legal/commissioner.

Settled Legal Right

Emergent relief "should be withheld when the legal right underlying plaintiff's claim is unsettled." Crowe, 90 N.J. at 133 (citing Citizens Coach Co. v. Camden H. R. Co., 29 N.J.Eq. 299, 304-305 (E & A 1878)).

Each school district is obligated to provide a thorough and efficient education system to all children residing in its school district. N.J. Const. art. VIII, § 4, ¶ 1; N.J.S.A. 18A:33-1. To carry out this policy, local boards of education have discretionary authority under N.J.S.A. 18A:11-1C. The boards adopt rules for the management of the district's public schools and act in a manner to ensure the lawful and proper conduct of the district's public schools. Yet, statutory requirements also apply to actions by a school district or a board of education.

Under N.J.S.A. 18A:6-8.3 "any employee or officer of a board of education in this State who is suspended from his employment, office, or position, other than by reason of

indictment, *pending any investigation*, hearing or trial or any appeal therefrom, shall receive his full pay or salary during such period of suspension. (emphasis supplied).

Moreover, N.J.S.A. 18A:25-6 permits the Superintendent, with the consent of the Board President, to suspend a principal. Once reported to the board, "[t]he Board or boards, each by a recorded roll call majority vote of its membership, shall take such action for the restoration or removal of such person as it shall deem proper[.]" Ibid. Thus, given the Board President's consent, the Superintendent had the authority to suspend Iasiello. While N.J.S.A. 18A:25-6 contemplates board action to remove or restore a suspended principal, there is no requirement that it be at the next board meeting or within a prescribed time.

Under N.J.S.A. 18A:6-11, if a tenure charge is filed with the school board, the board reviews it and the accompanying statement of supporting evidence, and any written statement submitted by the employee. The board then determines whether probable cause exists for the charge, and that the charge, if credited, sufficiently warrants a dismissal or reduction in pay. After the board certifies its probable cause determination, the Board forwards its determination to the Commissioner of Education. Once tenure charges are filed, the employee is entitled to a copy of the charges and supporting statement of evidence and a copy of the board's determination of probable cause. Ibid. After certification of the charge, the board may suspend the employee with or without pay under N.J.S.A. 18A:6-14.

Here, it is not settled that the Superintendent must provide greater detail in the suspension notice to Iasiello or that he has a legal right to an order immediately reinstating him to his position during the District's investigation into his conduct.

Iasiello focuses on Policy 3150 to assert the suspension was improper. Policy 3150 states that certain information is required when "contemplating discipline." Still, this policy cannot reasonably preclude an investigation from determining what statutes, regulations, policies, and procedures the employee may have violated. In other words, while the District must supply certain information to an employee against whom tenure charges are filed, the same cannot reasonably apply to an investigation of conduct before the Superintendent files tenure charges or determines if violations occurred. The

Superintendent first learned of the October 16, 2020, incident on January 14, 2021, and suspended Iasiello on January 15, 2021, noting the suspension related to that incident. To then require a detailed recitation of policies, statutes, procedures, or regulations that the employee may have violated is arguably premature. Suspensions with pay are permitted "pending an investigation." Notably, a suspension without pay permitted under N.J.S.A. 18A:6-14 ***after*** filing tenure charges requiring notice of those charges and a statement of supporting evidence.

Given the statutory framework permitting suspensions with pay during an investigation and tenure charge procedures, a more consistent consideration of "contemplating discipline" means when the Superintendent or other authorized person files tenure charges. At that point, the tenured employee is entitled to the notice and procedural protections under and the Tenure Employees Hearing Laws, N.J.S.A.18A:6-10 –18.1, as similarly stated in Policy 3150. Regardless, the email exchange between counsel provides additional information regarding the Superintendent's concerns regarding the October 16, 2020, incident, and the expansion of her investigation.

Iasiello cites two cases to support a school district's obligation to follow its rules, but neither are relevant, address similar circumstances, or involve emergent relief. In, EDU 1914-02 and EDU 5616-02, Partial Initial Decision (September 12, 2002), aff'd, Comm'r (Nov. 1, 2002), http://njlaw.rutgers.edu/collections/oal/, the Commissioner addressed whether a school district could permanently expel a student under the Zero Tolerance for Guns Act without finding that the student possessed a firearm. In that situation, the Board's failure to follow its policies resulted in "substantive and procedural infirmities" requiring the expulsion to be set aside. Similarly, In re Deans, CSV 01134-09, Initial Decision (May 5, 2009), aff'd, Commission (June 15, 2009), http://njlaw.rutgers.edu/collections/oal/, the Civil Service Commission addressed whether a civil service employer could terminate an employee for testing positive for marijuana where there was no evidence the employee was under the influence at work or in possession of drugs at work in violation of the employer's drug policy. Yet, the employee was still subject to discipline.

Instead, the Board highlights that the Commissioner distinguishes those policies protecting a vested right and those that do not. For example, in Blessing v. Bd. of Educ. of Palisades Park, 1974 S.L.D. 1133, 1135-36 (Dec. 2, 1974), the Commissioner concluded that boards of education were not absolutely bound by its policies. Instead, "it has been consistently held that a local board of education is not bound by its policies and rules when no vested rights are involved." (citing Polonsky v. Bd. of Educ. of Red Bank, 1967 S.L.D. 93; Noonan and Arnot v. Paterson City Board of Education, 1938 S.L.D. 331 (1925), aff'd State Board of Education, 1938 S.L.D. 336 (1925); Silvestris v. Bayonne Board of Education, 1959-60 S.L.D. 184.)

Regardless, no evidence exists that the Superintendent imposed Iasiello's paid suspension as a punishment or penalty for misconduct, e.g., discipline. Under N.J.A.C. 6A:32-4.1(d), each school must have "the services of a full-time non-teaching principal to be responsible for administration and supervision of the school." Hence, the Board had to choose an Acting Principal while the investigation continued during Iasiello's suspension. Thus, the District's removal of Iasiello from its website also does not constitute discipline. Instead, the District needed to update the website to provide current contact information for the Acting Principal.

In sum, Iasiello's right to reinstatement under Policy 3150 is not clear given the statutory authority under provisions of N.J.S.A. 18A:6-8.3 and N.J.S.A. 18A:25-6, and because the Superintendent has not filed tenure charges against him.

Likelihood of Success on the Merits

Under the third emergent relief standard, "a plaintiff must make a preliminary showing of a reasonable probability of ultimate success on the merits." Crowe, supra, 90 N.J. at 133 (citing Ideal Laundry Co. v. Gugliemone, 107 N.J. Eq. 108, 115-16 (E. & A. 1930)). This requirement if often implicitly tied to whether the right to the underlying claim is settled.

A presumption of lawfulness and good faith applies to a board of education's actions. In challenges to board actions, the challenger bears the burden of proving that

such acts were unlawful, arbitrary, capricious, or unreasonable. Schuster v. Bd. of Educ. Montgomery Twp., 96 N.J.A.R.2d (EDU) 670, 676 (citing Schnick v. Westwood Ed. of Educ., 60 N.J. Super. 448 (App. Div. 1960), and Quinlan v. Bd. of Educ. of North Bergen Twp., 73 N.J. Super. 40 (App. Div. 1962).

The "arbitrary, capricious and unreasonable" standard of review imposes a heavy burden on challengers of board actions, and "means having no rational basis." Piccoli v. Ed. of Educ. of Ramapo Indian Hills Regional School District, OAL DKT. EDU 1839-98 (January 22, 1999) (citing Bayshore Sewage Co. v. Dent. of Envir. Protection, 122 N.J. Super. 184, 199-200 (Ch. Div. 1973), aff'd 131 N.J. Super. 37 (App. Div. 1974).

Iasiello fails to meet this burden because he has not demonstrated that the Superintendent did not have the authority to suspend Iasiello with pay until completing her investigation or failing to recite specific violations justifying the suspension entitles his reinstatement. Moreover, his continued suspension has a rational basis of which he was aware.

Balancing of the Equities

Lastly, Iasiello fails to meet the fourth emergent relief standard, which involves "the relative hardship to the parties in granting or denying relief." Crowe, 90 N.J. at 134 (citing Isolantite Inc. v. United Elect. Radio & Mach. Workers, 130 N.J.Eq. 506, 515 (Ch.1941), mod. on other grounds, 132 N.J.Eq. 613 (E. & A. 1942)). Iasiello must demonstrate that he will suffer more significant harm than the Board if this tribunal does not grant the requested relief. If emergent relief is denied, Iasiello will continue to serve a suspension *with pay*. Any suspension may carry the risk of rumors or speculation concerning the suspended employee, but suspensions with pay are permitted and serve as an investigative tool to school districts.[2]

[2] However, this tool does not permit an indefinite suspension of Iasiello. See Migliaccio, 1990 S.L.D. at 302 (concluding that the school district must complete its investigation within sixty days even though authorized under N.J.S.A 18A:6-3 to suspend petitioner with pay).

However, if emergent relief is granted, the Board will be forced to reinstate an employee accused of misconduct before completing the investigation of that misconduct. Thus, the equities favor the Board.

Based on the above discussion, I **CONCLUDE** that Iasiello has failed to establish the existence of irreparable harm, that Iasiello's request for emergent relief relies upon settled law, that Iasiello is likely to prevail on the merits, or that the equities favor Iasiello. Thus, I **CONCLUDE** that Iasiello's request for emergent relief does not meet requirements under N.J.A.C. 6A:3-1.6 and must be **DENIED**.

ORDER

Therefore, I **ORDER** that petitioner's request for emergency relief be and is hereby **DENIED.**

This order on application for emergency relief may be adopted, modified, or rejected by the Commissioner of Education, who by law is authorized to make a final decision in this matter. The final decision shall be issued without undue delay, but no later than forty-five (45) days following the entry of this order. If the Commissioner of Education does not adopt, modify, or reject this order within forty-five days, this recommended order shall become a final decision on the issue of emergent relief in accordance with N.J.S.A. 52:14B-10.

Record Closed: September 11, 2018 Decided: April 6, 2021

BEFORE **ANDREW M. BARON**, ALJ:

This matter was transmitted to the Office of Administrative Law for determination

as a contested case on October 10, 2019, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

The parties have settled this matter and have filed a Resolution setting forth the terms of their agreement, which is attached and fully incorporated herein.

Having reviewed the record and the Resolution setting forth the terms of the parties' agreement, I **FIND**:

I have reviewed the record and terms of the settlement and **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by the signatures of the parties or their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with law.

I **CONCLUDE** that the agreement meets the safeguard requirements of N.J.A.C. 1:1-19.1 and, accordingly, I approve the settlement and **ORDER** that the parties comply with the settlement terms and that these proceedings be **CONCLUDED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

DAVID HERRON, Pro Se, Petitioner, vs. FRANKLIN D. TURNER, Respondent.	COMMISSIONER, NEW JERSEY DEPARTMENT OF EDUCATION BUREAU OF CONTROVERSIES AND DISPUTES AGENCY DOCKET NO. 123-5/18 EDU Docket No. 10056-18

This Settlement Agreement and General Release ("Agreement") is made and entered into by and between David Herron ("Petitioner/Plaintiff"), Franklin Turner (Respondent) and the Montclair Board of Education (the "Board"), (Petitioner/Plaintiff, Respondent and the Board collectively referred to as the "Parties").

WHEREAS, a dispute arose between Petitioner/Plaintiff and Respondent regarding his eligibility to serve as a Montclair Board of Education member and between Petitioner/Plaintiff and the Board regarding implementation of the requirements of the Open Public Meetings Act pertaining to a Board Meeting that occurred on April 11, 2018; and

WHEREAS, the Parties desire to settle all outstanding claims, controversies, demands, or causes of action with regard to the claims set forth in the Petition of Appeal and Superior Court Action, Essex County under Docket No. L-003823-18 and without admitting any liability or wrong doing; and

WHEREAS, the Parties deem it in their best interests to set forth in a formal written agreement their respective rights, duties and obligations.

NOW THEREFORE, in consideration of the mutual promises, covenants and other good and valuable consideration, set forth herein, it is hereby agreed by and between the Parties hereto as follows:

1. On or before October 31, 2018, Franklin Turner will resign as a Montclair Board of Education member. Within two weeks of the agreement being signed by Petitioners and Board approval, Mr. Turner will provide the Board President a letter of resignation advising of an effective date on or before October 31, 2018.
2. In consideration, the Petitioner/Plaintiff will withdraw the within Petition of Appeal and the Superior Court action, Essex County, under Docket No. L-003823-18 filed against the Montclair Board of Education upon receipt of the resignation letter of Mr. Turner and Board approval of this Agreement. Petitioner/Plaintiff agrees to prepare and sign a Stipulation of Dismissal of the Superior Court action referenced above and file same with the Essex County Superior Court with a copy to the attorney for Montclair Board of Education with 7 days after Board approval of this Agreement.
3. This Agreement is made without any admission of liability, wrong doing or responsibility by Respondent Turner or the Board and shall not be construed as an admission by Respondent Turner that he was not, at all times relevant hereto, an eligible board member

on the Montclair Board of Education or that the Board, at all times relevant hereto, did not hold its meeting on April 11, 2018 in accordance with the Open Public Meetings Act.

4. The Petitioner/Plaintiff hereby releases, acquits and forever discharges Respondent Turner and the Board, its current and former members, officers, directors, servants, employees, agents, successors, attorneys, assigns and affiliates, of and from any and all issues, causes of action, claims, liabilities, demands, indemnities, arising out of Respondent Turner's complete tenure on the Montclair Board of Education and from any and all issues, causes of action, claims, liabilities, demands, indemnities, arising out of the actions taken during the April 11, 2018 Board meeting that is subject of the Superior Court action under Docket no. L-003823-18 including, but not limited to, any and all claims and demands under the laws and regulations governing eligibility of a citizen to be a public school board member under N.J.S.A. 18A:12-1, et. seq., acts or codes of ethics governing school board members under N.J.S.A. 18A:12-24, et seq. and N.J.S.A. 18A:12-24.1, et seq., claims under OPRA, OPMA and any regulations promulgated under any of the aforementioned laws, or any other State or Federal law, statute, rule or regulation, and regardless of the forum for the claim.
5. The Parties covenant not sue, initiate, or continue any legal or administrative proceeding or appeals with regard to any or all claims released herein, provided, however, that this shall not preclude any claims pertaining to breach or enforcement of this Agreement.
6. This Settlement Agreement and Release represents the entire Agreement between the parties and will not be modified in whole or in part except by a mutual subsequent written and signed Agreement.

7. It is acknowledged that this Agreement has been entered into freely, willingly and voluntarily, without duress or coercion.
8. Petitioner/Plaintiff hereby states that he is signing this Agreement voluntarily of his own free will and not under duress or coercion of any kind.
9. This Agreement shall be construed fairly according to the plain language of its terms and not for or against any party hereto.
10. All parties are bound by this Agreement and each of its provisions. Anyone who succeeds to their rights and responsibilities, such as their successors and assigns are also bound. This agreement is made for the benefit of all parties hereto and all who succeed to their rights and responsibilities, and expressly includes their officials, representatives, employees, agents, attorneys, successors or assigns.
11. The terms of this Agreement shall be held in strictest confidence by all Parties and shall not be publicized or disclosed in any manner whatsoever, except that: the Board may disclose of Mr. Turner's resignation during the regular course of a Board meeting and disclose this Agreement as necessary to fulfill its obligation under the Open Public Records Act.
12. This Agreement constitutes the full and complete agreement of the Parties hereto with respect to its subject matter, it supersedes any prior or contemporaneous representations, whether oral or written, and it may not be modified or amended except by a written instrument signed by all parties hereto.
13. This Agreement is subject to review and approval by the Board at its next regularly scheduled meeting, which is September 5, 2018, following its execution by the Petitioner/Plaintiff and the Respondent Turner and is not effective as to the Board

without said approval. In the event that the Board fails to approve this Agreement, the failure to approve the Agreement shall be without prejudice to all Parties' positions and shall not be used as evidence by either party in any subsequent proceeding.

14. This Agreement shall be governed by the laws of the State of New Jersey. The Parties agree that the courts of the State or District Court of New Jersey shall be the sole forum in which any legal action concerning or relating to this agreement shall be brought.
15. In the event that any provision of this contract is held to be void or unenforceable by any court or regulatory authority having jurisdiction thereof, such ruling will not affect the validity of this contract; the remaining provisions shall continue to be in full force and effect.
16. This Agreement may be executed in one or more original, emailed or telecopied counterparts, all of which together shall be one instrument, and all of which shall be considered duplicate originals.
17. This Agreement may only be amended in writing by way of a document signed by all Parties and counsel.
18. The Parties agree to cooperate fully and execute any and all supplementary documents and to take all additional actions which may be necessary or appropriate to obtain the full force and effect of the basic terms and interest of this Settlement Agreement and General Release.

RE: **D.D. O/B/O R.D. VS. CALDWELL/WEST CALDWELL BOE**
Our File No. : 87918 STA
Docket No. : 152-6/19

Dear Mr. and Mrs. Daniolowicz:

As you are aware, I represent the Caldwell-West Caldwell Board of Education ("Board" or "District") with respect to this matter.

Please accept this correspondence memorializing the agreement between the parties. Please sign below and return a copy to my attention. Upon receipt of the executed copy, I will forward same to the District as well as the Honorable Carl Buck, ALJ, for incorporation into a Final Order.

The parents, individually and on behalf of R.D., and the District agree as follows:

1. Any reference to discipline related to the incidents investigated by the District in January 2019 and/or referenced within the HIB investigation report dated January 23, 2019 will be removed from R.D.'s records.

2. There will be no reference in R.D.'s school records to the alleged incidents investigated by the District in January 2019 and/or referenced within the January 23, 2019 HIB investigation report.

3. There will be no reference in R.D.'s school records to any HIB violation related to the January 23, 2019 investigation report and findings.

4. This agreement resolves the issues raised in the parents' pending petition of appeal.

5. Except as required by law, the Parties agree to keep confidential and not disclose to any third party the terms and conditions of this agreement.

6. By entering into this agreement, neither party makes any admission of any wrongdoing.

Please do not hesitate to contact me with any questions or concerns.

Very truly yours,

METHFESSEL & WERBEL, ESQS.

OAL Dkt. No. EDU 15420-19
Agency Dkt. No. 230-9/19

New Jersey Commissioner of Education

Final Decision

Louise Clarke,

Petitioner,

v.

Board of Education of the Carlstadt-East Rutherford Regional School District, Bergen County,

Respondent.

The record of this matter, the proposed Settlement Agreement and Release (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter. In doing so, however, the Commissioner notes that the Agreement references actions that were to take place in a time frame that preceded the consideration of the settlement by the Commissioner of Education. The parties are reminded that a settlement of litigation before the Commissioner is not binding until the Commissioner approves the settlement.

In light of the foregoing, the Commissioner adopts the Initial Decision as the final decision in this matter, provided that the parties have already implemented the settlement terms or have agreed upon mutually satisfactory alternate dates for the effectuation of the terms of the Agreement. Assuming same, the matter is hereby dismissed, subject to compliance with the terms of the settlement.

IT IS SO ORDERED.

RELEASE OF CLAIMS AGREEMENT

This Release of Claims ("Release") made and given this day of 2021, by Petitioner, **LOUISE CLARKE** (collectively, "PETITIONER" or "I") to CARLSTADT-EAST RUTHERFORD BOARD OF EDUCATION A/K/A RUTHERFORD REGIONAL SCHOOL DISTRICT ("Respondent"), and **AXA XL** ("AXA")

Terms of the Release of All Claims

Payment by AXA and Respondent. *Payment by AXA*: AXA will pay the sum of Fifty-Two Thousand Five Hundred dollars and zero cents ($52,500.00) to Petitioner in full and final satisfaction of all past claims asserted against Respondent, or which could have been asserted by Petitioner in the action entitled, Louise Clarke v. Carlstadt-East Rutherford Board of Education a/k/a Rutherford Regional School District brought before the Commissioner of Education under Agency Docket No. 230-9/19 and OAL Docket No. EDU-15420-2019 N (the "OAL Action"). This amount includes the supervisor stipends for the 2019-2020 and 2020-2021 scholastic years, attorneys' fees, and compensation for additional classes taught by Petitioner through January 23, 2021. This payment will be made payable to the firm of "Piro, Zinna, Cifelli, Paris and Genitempo in Trust for Louise Clarke, and said payment to be made within fifteen (15) days of Respondent's receipt of a fully executed copy of this release by the Petitioner as well as the completed Form W-9 from the firm of Piro, Zinna, Cifelli, Paris and Genitempo. The above sum includes the following:

2019-2020 school year: $25,327.00 (inclusive of the supervisor stipend of $8,400.00 for the 2019-2020 school year, and one-fourteenth (1/14) of Petitioner's base salary for every class taught above three (3).

2020-2021 school year: $17,292.00 (inclusive of the supervisor stipend of $8,400.00 for the 2020-2021 school year, and one-fourteenth (1/14) of Petitioner's base salary for every class taught above three (3), prorated from the beginning of the 2020-2021 school year through January 23, 2021.

Attorneys Fees: $10,000.00

Payment by Respondent: Respondent agrees to pay Petitioner, in addition to her normal salary and salary related benefits, the following from January 24, 2021 through the end of the 2020-2021 scholastic year as follows: one-fourteenth (1/14) of her base salary for every class taught above the four (4) maximum allowable for instruction supervisors, prorated from January 24, 2021 through the end of the 2020-2021 school year.

Respondent agrees to pay Petitioner, in addition to her normal salary and salary related benefits, the following from the 2021-2022 scholastic year and every succeeding scholastic year: 1/14 of her base salary for every class taught above the maximum allowable for instruction supervisors, as set forth by the applicable collective bargaining agreement(s) and other agreed upon contract(s); the stipend for instructional supervisors, as set forth by the applicable collective bargaining agreement(s) and other agreed upon contract(s).

Dismissal of Action. Petitioner agrees to promptly seek, obtain and be bound by a dismissal of the claims against Respondent with prejudice in the OAL Action only. Each party will bear its costs and expenses, including attorney's fees, but for what has been outlined in the preceding paragraph, incurred by it in the prosecution and defense of the OAL Action, only.

Release of Claims. Petitioner releases and gives up any and all claims and rights which she may have against Respondent and AXA, its employees, officers, directors, shareholders, successors and/or assigns that refer, reflect, or otherwise relate to claims set forth in the OAL Action only. The within Release does not extinguish claims Petitioner and Respondent have in the concurrent action, within the Superior Court of New Jersey, Passaic Vicinage, entitled Clarke v. Sforza, et al., PAS-L-533-19 ("Law Division Action"). Petitioner does not release claims of retaliation for Respondent's failure to make Petitioner a supervisor, as set forth in the Law Division Claim. Petitioner releases and gives up any and all claims and rights which she may have against Respondent or any other parties in the Law Division Action, or related entities, as to past, present and future economic claims as to stipends and additional classes set forth in this release as well her past present and future right to be reinstated to a supervisors title or position. This releases all economic claims that refer, reflect, or otherwise relate to that which has been set forth in the OAL Action, including those of which the parties are not aware and those not

mentioned in this Release. This Release applies to all claims that refer, reflect, or otherwise relate to the OAL Action, or claims within, resulting from anything which has happened up to now.

Definition of Claims. The matters encompassed by this Release are "Claims," which, as used herein, include, but are not limited to, claims, actions, suits, causes of action, accounts, judgments, attorney's fees, arbitration awards, agreements, promises, debts, damages, losses, liabilities, wages, bad faith claims, salary damages, punitive damages, extra-contractual damages, demands, losses, liabilities disputes and controversies of every nature in law or in equity actions, whether arising by statute, at common law, at equity or otherwise, whether arising under federal, state, foreign, or other law, whether assertable directly or in any representative capacity whatsoever, and whether discovered or accrued at any time related to or arising out of the OAL Action.

Representations and Warranties. By executing this Release, Petitioner acknowledges that she:

(a) has read the document;

(b) understands that it is a Release of Claims;

(c) intends to be legally bound by this document; and

(d) represents and warrants she is the sole owner of the claims settled and have not made or suffered any transfer of any interest in the claims to any third party.

No Admission of Liability. Neither the settlement of the claims, nor the payment of the consideration for the herein Release shall be construed as an admission of any liability by or on the part of Respondent and/or AXA; it is understood that such payment is made solely for purposes of terminating the OAL Action and resolving claims arising out of or related to the OAL action.

Independent Counsel. Petitioner has had full opportunity to consult, and indeed has, legal counsel and received legal advice with respect to this Release before signing it and has been represented by legal counsel in the Action and in the negotiation of this Release and its terms.

Interpretation. Should any provision of this Release require interpretation or construction, the court, administrative body or other entity interpreting or construing it shall not apply any presumption that its provisions are to be more strictly construed against one party than against the other.

Binding Affect. This Release shall be binding upon Petitioner and inures to the benefit of Respondent, each of their heirs, assigns, next of kin, dependents, parents, children, administrators, and attorneys, as well as Respondent, AXA and their administrators, predecessors, successors, assigns, divisions, subsidiaries, parents, affiliates and/or other related entities and/or other related entitles and each of their past, present and future directors, trustees, fiduciaries, administrators, officers, agents, employees, servants, stockholders and attorneys.

Liens. Petitioner expressly agrees to satisfy any and all liens of any and all kinds from the proceeds of this settlement and further agree to indemnify, defend and hold harmless Respondent, and AXA, and their attorneys, administrators, predecessors, successors, assigns, divisions, subsidiaries, parents, affiliates and/or other related entities and/or other related entitles and each of its past, present and future directors, trustees, fiduciaries, administrators, officers, agents, employees, servants and stockholders in the event that any lienholder asserts a claim or right to reimbursement.

Entire Agreement. The agreement set forth in the Release and waiver contain the entire agreement and understanding between the parties and constitute a full and final agreement in and all issues relating to the OAL Action only, except that the parties reserve their right to enforce the within agreement, if necessary.

Choice of Law. The agreement set forth in the Release shall be governed by the laws of the State of New Jersey.

Binding Effect. The parties shall be bound by the terms and conditions of the agreement set forth in the Release as to the OAL Action only, finding it to be in the best interests of the public, consistent with public policy, fair and equitable under all circumstances surrounding the OAL Action only.

Voluntary Agreement. The parties have entered into the agreement set forth in the Release freely and voluntarily with a full understanding of their rights and contents of the within agreement set forth in the Release as to the OAL Action only.

Breach. If a court determines that either party breached the agreement set forth in the Release, as to the OAL Action only, the breaching party shall bear the costs of the non-breaching party of any litigation or efforts to have such breach corrected or compensated for, including but not limited to, reasonable attorneys' fees.

Good Faith. The parties expressly agree that they shall not in good faith and ensure implementation of the agreement set forth in the Release.

Modifications: The agreement set forth in the Release may not be altered amended or modified except in writing, signed and duly authorized all parties.

Any person who knowingly files a statement of claim containing any false or

misleading information is subject to criminal and civil penalties.

IN WITNESS WHEREOF, I hereunto set my hand and seal this 15th day of February 2021.

LOUISE CLARKE

Louise Clarke

33 Washington Street, 7th Floor
Newark, NJ 07102

RE: *Louise Clarke v. Carlstadt-East Rutherford Board of Education*
Docket No: EDU 15420-19

Dear Judge Cohen:

As you know, this office represents The Carlstadt-East Rutherford Board of Education ("Respondent" or "BOE") in the above matter. In advance of the settlement conference before Your Honor, please accept the following position statement of the BOE.

Background Case Facts

There is ongoing litigation taking place in the Superior Court of New Jersey, Passaic County. Counsel for Petitioner Louise Clarke has made many allegations in her complaint including those involving, 1) sexual harassment under NJLAD; (2) hostile work environment under NJLAD; (3) gender discrimination under NJLAD; (4) retaliation under NJLAD; (5) wrongful termination under CEPA; (6) breach of contract; (7) violation of NJ Equal Pay Act; (8) violation of NJCRA; and (9) aiding and abetting under NJLAD. Respondent vehemently has denied these allegations. Respondent has also filed a counterclaim against Petitioner covering multiple grounds including breach of contract, good faith and fair dealing, theft of services,

destruction of records, and conspiracy to defraud Respondent. However, the basis behind the allegations are not germane to the issues at hand in the within matter.

Petitioner Louise Clarke ("Clarke") was formerly the Superintendent of the Carlstadt-East Rutherford School District. At the conclusion of the 2017-2018 scholastic year, Clarke's contract was not renewed. She subsequently was placed on paid leave for the 2018-2019 year. While on leave, a request was provided to Clarke as to her intentions or the 2019-2020 school year, as to whether she wanted to return to the district, which she responded in the affirmative indicated her desire to return to the District for the 2019-2020 school year. She allegedly provided her notice and was assigned a Spanish teacher position.

On September 18, 2019, Plaintiff filed a Petition of Appeal with the New Jersey Department of Education, asserting that she has been assigned to a regular teaching position for the 2019-2010 school year, even though she has tenured status of a supervisor. She further alleges that this assignment is in furtherance of the retaliation asserted in the lawsuit, and that she is being deprived of a supervisor's compensation. Respondent has filed an Answer denying the allegations made by Petitioner. There was no opening for the supervisor position she sought.

Petitioner's Specific Allegations

Petitioner, without any basis states that she has been "retaliated" against since she returned due to her position as teacher because of her lawsuit. Petitioner claimed that she received the "least desirable" schedule, without providing the schedules of any other teachers to provide any context. In reality, Petitioner did not receive the least desirable schedule. This has been verified by the analysis we have received from our school liability expert in the litigated matter, who reviewed the other schedules. If this matter continues with the Office of Administrative Law, we will provide these schedules through discovery.

Settlement Negotiations

Respondent does not concede any liability arguments against Petitioner in this matter. However, for the purposes of this mediation, Respondent is willing to negotiate in good faith as to the difference in pay Petitioner would have received if she was in a supervisory position for a reasonable amount of time. At the outset we note that Petitioner has been with the district since approximately 1980 and is close to retirement. Petitioner's current total salary, inclusive of longevity, is $124,456. The difference she would have received if operating in a supervisory capacity the past two years would have been the supervisory stipend of $8,200 per year.

Petitioner would be entitled thus far to the stipend for the 2019-2020 school year and half of the 2020-2021 school year. Petitioner, is also seeking attorneys' fees and costs. Given Petitioner's age and proximity in time to retirement, Respondent is willing to resolve this matter for the stipend which was not provided in the 2019-2020 and half of the 2020-2021 school year. Additionally, Respondent is willing to include in the settlement the stipend for a reasonable amount of time Petitioner expects to work in the future. This would obviously include the rest of the 2020-2021 school year. Lastly, Respondent is willing to include in the settlement an additional reasonable amount for the continuation of this action. We note that written discovery has not been exchanged on either side. Expert discovery has also not been exchanged on either side. Additionally, no depositions have been taken to date.

Very truly yours,
CIPRIANI & WERNER, P.C.

Frank Cavello, Jr., Esq., for respondent (Parker McCay, P.A., attorneys)

Record Closed: April 1, 2021 Decided: April 6, 2021

BEFORE **SARAH G. CROWLEY,** ALJ:

On May 11, 2020, the Department of Education Office of Controversies and Disputes transmitted the matter along with the petition of appeal to the Office of Administrative Law.

The parties have agreed to a settlement and have prepared a Settlement Agreement and General Release indicating the terms thereof, and submitted the Resolution of the Valley Regional High School Board of Education accepting the Settlement Agreement and Board Resolution, which are attached and fully incorporated herein. (J-1.)

I have reviewed the terms of settlement and I **FIND:**

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures on the Settlement Agreement and Board Resolution.

2. The settlement fully disposes of all issues in controversy.

I CONCLUDE that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and therefore **ORDER** that the parties shall comply with the settlement terms.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

This Settlement Agreement and General Release (the "Agreement") is entered into on this ____ day of December, 2020 by and between D.B. o/b/o T.B., and the Rancocas Valley Regional High School District Board of Education (hereinafter "District"), with its mailing office located at 520 Hedding Jacksonville Rd., Mount Holly, NJ, 08060 ("D.B. o/b/o T.B. and District" hereinafter collectively, "the Parties").

WHEREAS, T.B. is a student currently enrolled in the Rancocas Valley Regional High School Public School District;

WHEREAS, T.B. ~~is currently~~ D.B. WAS ALLEGED TO BE domiciled outside of the Rancocas Valley Regional High School Public School District;

WHEREAS, a dispute arose as to T.B.'s current domicile and his enrollment as a student in the Rancocas Valley Regional High School Public School District; and

WHEREAS, D.B. filed a Petition of Appeal with the Commissioner of Education challenging the removal of T.B. from the District; and,

WHEREAS, the District filed an Answer and Counterclaim seeking payment of tuition; and,

WHEREAS, the matter was transmitted to the Office of Administrative Law for a Hearing; and,

WHEREAS, the Parties in conducted negotiations and have reached a resolution of the claims contained in the Petition of Appeal and the Answer and Counterclaim filed on behalf of the Parties;

The Parties hereby agree as follows:

1. As of November 16, 2020, T.B. shall be withdrawn as a student in the Rancocas Valley Regional High School Public School District and enroll in the public school district of his current residence.

2. D.B. agrees to sign any necessary forms that may require her signature for the transfer of T.B.'s student records to the school in which he will be enrolled for the 2020-2021 school year.

3. The District will waive any entitlement to payment of tuition by D.B. o/b/o T.B. for T.B.'s attendance at the Rancocas Valley Regional High School Public School District up until November 16, 2020.

4. This Agreement is dispositive of all issues in dispute between the Parties hereto, and is intended to constitute a final resolution of the dispute between the Parties.

5. D.B o/b/o T.B. acknowledges that she has read and understands the terms of this Agreement, that she has had the opportunity to have the Agreement reviewed by counsel, that she is satisfied with the advice of her respective counsel, and that she is entering into this Agreement knowingly, freely, voluntarily, without coercion and not under the influence of anything or anyone.

MOUNTAIN LAKES BOARD OF EDUCATION Petitioner, v. Sm.T. and Sn.T., Respondents.	:	BEFORE THE COMMISSIONER OF EDUCATION OF THE STATE OF NEW JERSEY/OFFICE OF ADMINISTRATIVE LAW OAL Docket No.: EDU-00275-21 Agency Docket No.: 235-11/20 SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement (hereinafter "Agreement") is made this 1st day of March, 2021, by and between the Mountain Lakes Board of Education (hereinafter "Board"), which has offices located 400 Boulevard, Mountain Lakes, New Jersey 07046, and Sam and Sandra Trimble, parents of S.T. and E.T. (hereinafter "Parents"), residing at 44 Midvale Road, Unit A, Mountain Lakes, New Jersey 07046.

WITNESSETH

WHEREAS, the Mountain Lakes School District (hereinafter "District") is a pre-kindergarten through twelfth grade school district for students who are domiciled in Mountain Lakes, New

Jersey or are otherwise eligible for a free public school education in accordance with N.J.S.A. 18A:38-1; and

WHEREAS, the Board became aware that, for an indeterminate period of time, the Parents were not domiciled withing the lawful boundaries of the District, although S.T. and E.T. were enrolled in and attending school in the District on a tuition-free basis; and

WHEREAS, having determined that the Parents were not domiciled within the District, the Board found S.T. and E.T. ineligible for a free public school education in the District pursuant to N.J.S.A. 18A:38-1; and

WHEREAS, A hearing was held before the Board at which the Parents had an opportunity to testify and to present evidence relevant to their residency; and

WHEREAS, the parties are desirous of resolving this matter without resorting to litigation and bearing the additional costs and inconveniences associated therewith.

NOW, THEREFORE, in consideration of the mutual promises and covenants of the parties set forth below, the Board and the Parents hereby agree as follows:

1. The Parents agree to remit to the Board a total sum of $5,000.00 for the period that S.T. and E.T. were not entitled to receive a free education in the District.

2. Payment shall be made within ten (10) days from the date of this Agreement and payable to: "The Mountain Lakes Board of Education" and forwarded to:

The Mountain Lakes Board of Education
Attn: Mr. Alex Ferreira
Board Secretary/Business Administrator
400 Boulevard
Mountain Lakes, New Jersey 07046

3. This Agreement is without prejudice to the Board's right to conduct investigations of the Parents' continued residency in the District. If the District determines that the Parents are no longer domiciled in the District, the Parents shall be provided with a notice of ineligibility in accordance with N.J.S.A. 18A:38-1.

4. The Parents agree that they will be in default of this Agreement if Payment is not received by the Board within the time period specified herein. The Parents acknowledge and agree that the Board has the right to institute a civil proceeding in Superior Court to collect said amounts by way of summary proceeding and shall be entitled to a judgment for the amounts due and owing the Board, in addition to any attorneys' fees and costs incurred in connection with a default.

5. The Board hereby waives any and all claims it may have against the Parents in connection with their residency status up to the date of this Resolution, and shall not cause

any suit, demand, administrative, judicial or other proceeding, claim, complaint or other action of any kind to be brought against the Parents in connection with this matter.

6. The Parents hereby waive any and all claims they may have against the Board in connection with tuition allegedly owed for S.T. and E.T.'s attendance in the District up to the date of this Resolution, and shall not cause any suit, demand, administrative, judicial or other proceeding, claim, complaint, or other action of any kind to be brought against the Board in connection with this matter.

7. It is expressly understood, however, that either party may bring an action to enforce the terms of the within Agreement. It is understood that all parties shall bear their own attorney's fees and costs in connection with this matter, except as expressly provided in paragraph four (4) of this Agreement.

8. The parties recognize that they sign this Agreement as their own voluntary acts and deeds, and they fully understand the duties and obligations enumerated herein. This Agreement shall be subject to the laws of the State of New Jersey.

9. This Agreement is subject to the Board's approval at its meeting on March 1, 2021.

10. The Board President and Business Administrator are duly authorized to sign any and all documents necessary to effectuate the terms of the within Settlement Agreement.

11. Should any part, term or provision of this Agreement be declared or determined in a court, administrative proceeding, arbitration, or other venue of competent jurisdiction, applying New Jersey law, to be illegal, invalid or unenforceable, the legality, validity or enforceability of the remaining parts, terms or provisions shall not be affected.

12. This Agreement constitutes the entire understanding of the parties hereto with respect to its subject matter.

13. This Agreement may be signed in counterparts, which, taken together, shall constitute but a single document when executed by all parties. This Agreement shall not be effective until such time as it has been duly authorized and executed by all parties.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the date and year aforesaid.

New Jersey Commissioner of Education

Final Decision

Tara Beams,

Petitioner,

v.

Board of Education of the Township of Edison, Middlesex County,

Respondent.

The record of this matter, the proposed General Release and Settlement Agreement (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter. In doing so, however, the Commissioner notes that the Agreement references actions that were to take place in a time frame that preceded the consideration of the settlement by the Commissioner of Education. The parties are reminded that a settlement of litigation before the Commissioner is not binding until the Commissioner approves the settlement.

In light of the foregoing, the Commissioner adopts the Initial Decision as the final decision in this matter, provided that the parties have already implemented the settlement terms or have agreed upon mutually satisfactory alternate dates for the effectuation of the terms of the Agreement. Assuming same, the matter is hereby dismissed, subject to compliance with the terms of the settlement.

IT IS SO ORDERED.

J-1 General Release and Settlement Agreement and Board Resolution

Ge.eral Release & Settlement Agreement – Former Employee No. 107713

BE IT
RESOLVED: that upon the recommendation of the Superintendent of Schools, the Edison Township Board of Education hereby approves the General Release and Settlement Agreement in the matter of former Employee No. 107713 v. Edison Township Board of Education, Docket No. 174-8/17/EDU 150660-2017 S, and authorizes the Board President to execute the General Release and Settlement Agreement on behalf of the Board.

THIS IS CERTIFIED TO BE A TRUE AND COMPARED COPY OF A RESOLUTION ADOPTED BY THE EDISON BOARD OF EDUCATION ON MARCH 23, 2021.

SECRETARY

GENERAL RELEASE AND SETTLEMENT AGREEMENT

The General Release and Settlement Agreement (hereinafter referred to as the "Agreement") is made by Releasor Tara Beams (hereinafter also referred to as "Beams" or "Releasor" (includes herself and her legal representatives and agents), for the benefit of the Board of Education of the Township of Edison, its Elected Officials, Agents, Employees and Representatives (hereinafter also collectively referred to as "the Board," including its administrators, officers, agents and employees), for the following purposes and with reference to the following background.

BACKGROUND

A. Tara Beams was formerly employed with the Board of Education of the Township of Edison; and

B. Tara Beams filed a Petition of Appeal with the State of New Jersey Department of Education, Bureau of Controversies and Disputes, EDU 15066-17, claiming a violation of *N.J.S.A.* 18A:27-4.1 *et seq.* in connection with her employment; and

C. The Board of Education of the Township of Edison has denied, and continues to deny, any liability for the claims alleged by Tara Beams that the Board of Education of the Township of Edison violated any laws or engaged in any unlawful or wrongful conduct, or discriminated against her, or deprived her of any of her rights in any manner; and

D. The Parties desire to make a full and final settlement of any and all of the Releasor's claims and potential claims against Board of

Education of the Township of Edison, known or unknown, asserted or unasserted, based on any facts, events, acts or omissions, whether now known or unknown, occurring on or before the effective date of their Release, without any judicial, administrative, or arbitral resolution of them and without any admission with respect to any issues presented or capable of being presented.

NOW THEREFORE, in consideration of the mutual promises contained herein and for other good and valuable consideration, and intending to be legally bound, the undersigned parties agree as follows:

1. Non-Admission. The Agreement is not, and shall not in any way be considered or construed as, an admission by the Board or Releasor of any tortious conduct, or of any violation of any law, common law, or federal, state or local statute or regulation, or of any alleged duty owed by the Board to or from Tara Beams, or of any unlawful or wrongful acts whatsoever by the Board or Releasor. The payment hereunder is made by the Board's liability insurer and is made solely to avoid the inconvenience and cost of litigation and to resolve completely all of Releasor's claims against the Board, known or unknown, asserted or unasserted, as more fully detailed in Paragraph 7, below.

2. Cooperation. Releasor agrees to cooperate fully in connection with any steps required to be taken as part of her obligations under the Agreement.

3. Withdrawal and Dismissal of Lawsuit and Promise Not to Sue. Releasor understands that the Agreement extinguishes any claims or potential claims as to the Board, and agrees not to file, revive any claims, or open a lawsuit in any way. Releasor further agrees not to file any other Charges with any state or federal agency against the Board and/or any of its current or former elected officials, employees, agents or administrators based on any matter, fact or event occurring prior to the effective date of the Agreement.

Releasor further agrees that neither she, nor any person, organization, agency, or other entity on her behalf, will file, charge, claim or sue, or cause to be filed, charged, claimed or sued, any lawsuit, legal proceeding, action, or claim of any nature with any court or agency (including any action for damages, attorneys fees, injunction, declaratory, monetary, equitable or other relief) against the Board based on any matter, fact or event occurring prior to the effective date of the Agreement, whether now known or unknown, or involving any continuing effects of any acts or practices which may have arisen or occurred prior to the effective date of the Agreement, whether now known or unknown.

Releasor understands and agrees that she will not be considered a prevailing party under any statute, common law, or otherwise as a result of the Agreement.

The Board represents that there are no pending lawsuits, charges or other claims of any nature whatsoever by them against Releasor in any

state or federal court, agency or other administrative body, and that the Board, nor any person, organization, agency, or other entity on its behalf, will file, charge, claim or sue, or cause to be filed, charged, claimed or sued, any lawsuit, legal proceeding, action, or claim of any nature with any court or agency (including any action for damages, attorneys fees, injunction, declaratory, monetary, equitable or other relief) against the Releasor based on any matter, fact or event occurring prior to the effective date of the Agreement, whether now known or unknown, or involving any continuing effects of any acts or practices which may have arisen or occurred prior to the effective date of the Agreement, whether now known or unknown.

4. Consideration. In exchange for the promises, Releases, and legal releases stated herein, and other good and valuable consideration, the Board's insurance carrier will pay Tara Beams the sum of Forty Thousand Dollars ($40,000.00), within thirty (30) days from the effective date of the Agreement. The effective date of the Agreement shall be the date upon which the Board approves acceptance of the executed Agreement and receives W-9 forms on behalf of Tara Beams and McOmber McOmber & Luber P.C., and a child support search report from her attorney, whichever occurs last. Payment shall be issued as follows: one check in the amount of Thirty-Two Thousand Dollars ($32,000) to Beams and another check in the amount of Eight Thousand Dollars ($8,000) to McOmber McOmber & Luber, P.C.

5. Beams's Tax Indemnification. Tara Beams represents and warrants that neither the Board nor counsel to the Parties provided any advice regarding the taxability of the settlement amount paid pursuant to paragraph 4. Tara Beams acknowledges and agrees that she is solely responsible for payment of any and all federal, state and local taxes which may be due from the settlement sum in the event that it is determined that any taxes are owed based on the taxation laws in effect on the date of the execution of the Agreement or become due at any time in the future because of a change to the laws governing the taxation of such settlement proceeds. Releasor agrees to indemnify and hold the Board and counsel to the Parties harmless from any and all federal, state, and local tax liabilities, deficiencies, levies, interest, and penalties that may be assessed as a result of not withholding income and payroll taxes on the monies paid pursuant to the Agreement if she fails to properly pay any taxes to which her settlement may be subject.

6. Full and Complete Settlement. Releasor agrees that the payment described in paragraph 4 will be received by Tara Beams in full and complete settlement, as more fully detailed in paragraph 7, below, of all known or unknown claims, asserted or unasserted, of Releasor allegedly arising out of any and all conduct or actions of the Board and/or relationship with the Board, as more fully detailed in Paragraph 7, below.

7. General Release and Waiver of all Claims by All Signatories to the Agreement. In consideration for the payment and promises described

in paragraphs 3 and 4, and elsewhere in the Agreement, all signatories to the Agreement fully release and forever discharge each other of and from any and all claims, actions, causes of action, back pay, front pay, contracts, agreements, compensation, pay, promises, charges, judgments, grievances, obligations, rights, demands, debts, sums of money, salaries, wages, benefits, physical injury, pain, suffering, emotional distress, compensatory damages, punitive damages, attorneys' fees, expenses, costs, losses liabilities, damages, or accountings of whatever nature, whether known or unknown, disclosed or undisclosed, asserted or unasserted, in law or equity, contract or tort or otherwise (herein collectively designated "Claim" or "Claims"), through the effective date of the Agreement, including, but not limited to, any and all Claims of race, gender, sex, age and national origin discrimination, retaliation, and any and all tort Claims or contract Claims or Claims for general damages, and any and all Claims arising under, made, regarding, or involving: any federal, state or local laws or under the common law; violations of any federal, state or local fair employment practices or civil rights laws or ordinances; Claims for personal injury, defamation, wrongful conduct, or wrongful discharge; the Civil Rights Acts of 1866 and 1871, as amended, 42 U.S.C. §1981; the Civil Rights Act of 1964, as amended, including Title VII; the Americans with Disabilities Act; the Age Discrimination in Employment Act, as amended; the Older Workers Benefit Protection Act; the Employee Retirement Income Security Act; the Fair Labor Standards

Act; the Rehabilitation Act of 1973; Executive Order 11246; the federal Family and Medical Leave Act; state Family and Medical Leave Acts; Claims alleging retaliation under the Worker's Compensation Act; the Unemployment Compensation Law; the National Labor Relations Act, as amended; any and all state wage payment and collection laws; Pickering's policies, practices, collective bargaining agreements, contracts, benefits or understandings; any Claims arising out of any relationship, including employment relationship, between or among Tara Beams and the Released Parties predating the effective date of the Agreement; and all Claims for employment, reemployment, or reinstatement of employment to the Board; any and all grievances, or demands for mediation or arbitration, or Claims or demands under the Board's policies and procedures; and any and all Claims asserted, or which could have been asserted, in a state court Lawsuit referenced above, including any Claims against any current or former agents or employees of the Board.

The signatories to the Agreement hereby specifically waive, release and give up all Claims and rights, as described in the preceding paragraph, whether now known or unknown, which she have or may have, against the Board and the Released Parties, based on any fact, act, event, or omission, whether now known or unknown, occurring before the Effective Date of the Agreement. Releasor understands that she is waiving, releasing and giving up all Claims and rights that she knows about and all Claims and rights that she may not know about. The release does not

apply to Claims based on facts occurring after the Effective Date of the Agreement or claims against the Board or failure to perform any of her obligations under the Agreement

8. Neutral Job Reference. In the event the Board is contacted by any person or entity seeking a professional, personal, or character reference related to Tara Beams and/or her employment with the Board, all parties agree that such inquiry shall be directed to the Human Resources Manager, who shall advise such person or entity that it is the policy of the Board solely to provide information verifying employment, dates of hire and separation, salary and title. Beams will not seek future employment with the Board.

9. Mutual Non-Disparagement. Beams understands and agrees that she will not defame, disparage, demean, or in any other manner, make negative statements, whether written or oral (including, but not limited to, on social media and/or electronic blogs), nor do anything that derogates the Board, their services, compliance with the law, products, reputations, their officers, former and current employees, financial status, or operations, nor that damages the Board in any business relationships. The Board understands that they shall not defame, disparage or demean Beams, whether written or oral, nor do anything that derogates Beams.

10. Liens. It is further understood that as a condition of the settlement, all claims and/or liens, past, current and/or future arising out of the settlement or asserted against the proceeds of the settlement are to

be satisfied by Tara Beams (herein "Releasor"), including but not limited to any Medicare or Medicaid claims and/or liens, Worker's Compensation claims and/or liens, Social Security claims and/or liens, hospital/healthcare insurer claims and/or liens, physician or attorney claims and/or liens, or any of the statutory, equitable, common law or judgment claims and/or liens, including but not limited to claim based on subrogation or any other legal or equitable theory. Releasor therefore agrees, upon prompt presentation of any such claims and/or liens, to defend the Release Parties against any such claims and/or liens, and to indemnify and hold the Released Parties harmless against any judgment entered against the Released Parties based on such claims and/or liens, including the payment of any fines, charges and attorneys fees incurred as a result of any such lien. Failure to satisfy any such lien shall be considered a breach of the Agreement, and Releasor agrees to pay all costs, interest and attorneys fees relative to any such lien.

11. Attorneys' Fees, Costs, and Expenses. Each party shall be responsible solely for its or her own attorneys' fees, costs, and expenses. Releasor specifically waives all claims to attorneys' fees, costs, and expenses from the Board, including all claims for reimbursement to the Board or her attorneys, agents, or family members, of any attorneys' fees, costs, and expenses she has incurred or paid, or which were paid on her behalf.

12. Applicable Law and Severability. The Release shall be governed by and construed in accordance with the laws of New Jersey, except where federal law controls. Should any provision of the Release be declared or determined by any Court to be illegal or invalid, the validity of the remaining parts, terms or provisions shall not be affected thereby and said illegal or invalid part, term, or provision shall be deemed not to be a part of the Release.

13. Entire Release. The Release sets forth the entire Release between the parties and fully supersedes any and all prior Releases or understandings between the parties.

14. Tara Beams' Certification. Tara Beams agrees, certifies, acknowledges, and represents: (a) that she has been and is hereby advised in writing to consult with an attorney of her choice and at her expense, prior to signing the Release; (b) that she has had adequate time and opportunity to review and discuss, and has reviewed and discussed all of the terms and sections of the Release thoroughly with her attorney; (c) that her attorney has explained the entire Release to her; (d) that she does not waive any rights or claims that may arise after the date the Release becomes effective; (e) that she shall have and was given at least twenty-one (21) days to consider the terms and conditions of the Release before signing it; (f) that her waiver of Claims and the General Release shall not become effective until the effective date of the Release.

If Tara Beams decides to sign the Release before the expiration of the 21-day period, Tara Beams specifically acknowledges that she has had sufficient time and opportunity to review and understand the terms of the Release and specifically waives and gives up any rights for additional time or opportunity to review it.

The check for payment of the amounts set forth in paragraph 4 shall be delivered to McOmber McOmber & Luber, P.C. in the foregoing manner: Lawyers Service.

TARA BEAMS FURTHER CERTIFIES, ACKNOWLEDGES, AND REPRESENTS THAT SHE IS ABLE TO READ AND UNDERSTAND ENGLISH, THAT SHE UNDERSTANDS ALL OF THE PROVISIONS HEREIN, WITH THE ADVICE AND ASSISTANCE OF HER ATTORNEY, AND THAT SHE MAKES THE RELEASE KNOWLINGLY AND VOLUNTARILY. TARA BEAMS ACKNOWLEDGES THAT SHE HAS NO PHYSICAL OR MENTAL PROBLEM, CONDITION, OR IMPAIRMENT OF ANY KIND WHICH HAS INTERFERED WITH HER ABILITY TO READ AND UNDERSTAND THE MEANING OF THE RELEASE OR ITS TERMS. TARA BEAMS FURTHER REPESENTS THAT IN SIGNING THE RELEASE, SHE DOES NOT RELY ON ANY PROMISES OR REPRESENTATIONS MADE BY ANYONE OTHER THAN THOSE STATED SPECIFICALLY HEREIN.

15. Full Knowledge. Tara Beams further warrants, represents, and agrees that in signing the Release, she does so with full knowledge of

any and all rights which she may have with respect to the Board and other Released Parties, or the Lawsuit.

16. Headings. The headings of the paragraphs in the Release are for convenience only and shall not control or affect the meaning or construction of, or limit the scope or intent of, any of the provisions of the Release.

17. Effective Date. The effective date of the Release shall be the date upon which the Board receives Tara Beams's signed and notarized Release, a W-9 form, and a child support search report.

18. Settlement Subject to Approval by Governing Body. Tara Beams understands that the agreement will not be binding unless and until it is formally approved by the Board of Education of the Township of Edison. Should it not be approved by the Board, its terms will be null and void and Tara Beams will have the right to continue to prosecute her civil claims against the Board.

IN WITNESS WHEREOF, and intending to be legally bound, Tara Beams has executed the Release as of the dates set forth below.

OAL Dkt. No. EDU 06023-19
Agency Dkt. No. 175-8/17

New Jersey Commissioner of Education

Final Decision

Kathleen Miller,

Petitioner,

v.

Board of Education of the Township of Edison, Middlesex County,

Respondent.

The record of this matter, the proposed General Release and Settlement Agreement (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter. In doing so, however, the Commissioner notes that the Agreement references actions that were to take place in a time frame that preceded the consideration of the settlement by the Commissioner of Education. The parties are reminded that a settlement of litigation before the Commissioner is not binding until the Commissioner approves the settlement.

In light of the foregoing, the Commissioner adopts the Initial Decision as the final decision in this matter, provided that the parties have already implemented the settlement terms or have agreed upon mutually satisfactory alternate dates for the effectuation of the terms of the Agreement. Assuming same, the matter is hereby dismissed, subject to compliance with the terms of the settlement.

IT IS SO ORDERED.

Angelica Allen-McMillan, Ed.D.

ACTING COMMISSIONER OF EDUCATION

AGENCY DKT. NO. 175-8/17

KATHLEEN MILLER,

Petitioner,

v.

BOARD OF EDUCATION OF THE
TOWNSHP OF EDISON, MIDDLESEX COUNTY,

Respondent.

Armen McOmber, Esq., for petitioner (McOmber, McOmber & Luber, P.C., attorneys)

Brent R. Pohlman, Esq., for respondent (Methfessel & Werbel, P.C., attorneys)

Record Closed: April 13, 2021 Decided: April 19, 2021

BEFORE **TRICIA M. CALIGUIRE,** ALJ:

This appeal was originally filed on August 4, 2017, and transmitted to the Office of Administrative Law (OAL) by the Department of Education Office, of Controversies and Disputes (Department) for hearing as a contested case on September 13, 2017, where it was docketed as EDU 13584-17. The matter was returned to the Department following the failure of both parties to appear for a hearing on July 16, 2018. Petitioner appealed and on August 20, 2018, the Commissioner of the Department ordered the matter re-transmitted to the OAL for further disposition pursuant to N.J.A.C. 1:1-3.3(b). On May 6, 2019, the Department re-transmitted the matter to the OAL, and it was docketed as EDU 06023-19.

The parties have agreed to a settlement and have prepared a General Release and Settlement Agreement indicating the terms thereof, and submitted the General Release and Settlement Agreement and the Resolution[1] of the Edison Township Board of Education (Board), dated March 23, 2021, authorizing the Board President to execute the General Release and Settlement Agreement on behalf of the Board, which are attached and fully incorporated herein. (J-1.)

I have reviewed the terms of settlement and I **FIND:**

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures on the Settlement Agreement and General Release.

2. The settlement fully disposes of all issues in controversy.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and therefore **ORDER** that the parties shall comply with the settlement terms.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

[1] The Board Resolution makes reference only to the original OAL docket number, EDU 13584-17.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

J-1 General Release and Settlement Agreement and Board Resolution

General Release & Settlement Agreement – Former Employee No. 108113

BE IT
RESOLVED: that upon the recommendation of the Superintendent of Schools, the Edison Township Board of Education hereby approves the General Release and Settlement Agreement in the matter of former Employee No. 108113 v. Edison Township Board of Education, Docket No. 175-8/17/EDU 13584-2017 S, and authorizes the Board President to execute the General Release and Settlement Agreement on behalf of the Board.

THIS IS A TRUE AND COMPARED COPY OF
A RESOLUTION ADOPTED BY THE EDISON
TOWNSHIP BOARD OF EDUCATION ON
MARCH 23, 2021.

SECRETARY

GENERAL RELEASE AND SETTLEMENT AGREEMENT

The General Release and Settlement Agreement (hereinafter referred to as the "Agreement") is made by Releasor Kathleen Miller (hereinafter also referred to as "Miller" or "Releasor" (includes herself and her legal representatives and agents), for the benefit of the Board of Education of the Township of Edison, its Elected Officials, Agents, Employees and Representatives (hereinafter also collectively referred to as "the Board," including its administrators, officers, agents and employees), for the following purposes and with reference to the following background.

BACKGROUND

A. Kathleen Miller was formerly employed with the Board of Education of the Township of Edison; and

B. Kathleen Miller filed a Petition of Appeal with the State of New Jersey Department of Education, Bureau of Controversies and Disputes, EDU 06023-19, claiming a violation of *N.J.S.A.* 18A:27-4.1 *et seq.* in connection with her employment; and

C. The Board of Education of the Township of Edison has denied, and continues to deny, any liability for the claims alleged by Kathleen Miller that the Board of Education of the Township of Edison violated any laws or engaged in any unlawful or wrongful conduct, or discriminated against her, or deprived her of any of her rights in any manner; and

D. The Parties desire to make a full and final settlement of any and all of the Releasor's claims and potential claims against Board of

Education of the Township of Edison, known or unknown, asserted or unasserted, based on any facts, events, acts or omissions, whether now known or unknown, occurring on or before the effective date of their Agreement, without any judicial, administrative, or arbitral resolution of them and without any admission with respect to any issues presented or capable of being presented.

NOW THEREFORE, in consideration of the mutual promises contained herein and for other good and valuable consideration, and intending to be legally bound, the undersigned parties agree as follows:

1. Non-Admission. The Agreement is not, and shall not in any way be considered or construed as, an admission by the Board or Releasor of any tortious conduct, or of any violation of any law, common law, or federal, state or local statute or regulation, or of any alleged duty owed by the Board to or from Kathleen Miller, or of any unlawful or wrongful acts whatsoever by the Board or Releasor. The payment hereunder is made by the Board's liability insurer and is made solely to avoid the inconvenience and cost of litigation and to resolve completely all of Releasor's claims against the Board, known or unknown, asserted or unasserted, as more fully detailed in Paragraph 7, below.

2. Cooperation. Releasor agrees to cooperate fully in connection with any steps required to be taken as part of her obligations under the Agreement.

3. Withdrawal and Dismissal of Lawsuit and Promise Not to Sue. Releasor understands that the Agreement extinguishes any claims or potential claims as to the Board, and agrees not to file, revive any claims, or open a lawsuit in any way. Releasor further agrees not to file any other Charges with any state or federal agency against the Board and/or any of its current or former elected officials, employees, agents or administrators based on any matter, fact or event occurring prior to the effective date of the Agreement.

Releasor further agrees that neither she, nor any person, organization, agency, or other entity on her behalf, will file, charge, claim or sue, or cause to be filed, charged, claimed or sued, any lawsuit, legal proceeding, action, or claim of any nature with any court or agency (including any action for damages, attorneys fees, injunction, declaratory, monetary, equitable or other relief) against the Board based on any matter, fact or event occurring prior to the effective date of the Agreement, whether now known or unknown, or involving any continuing effects of any acts or practices which may have arisen or occurred prior to the effective date of the Agreement, whether now known or unknown.

Releasor understands and agrees that she will not be considered a prevailing party under any statute, common law, or otherwise as a result of the Agreement.

The Board represents that there are no pending lawsuits, charges or other claims of any nature whatsoever by them against Releasor in any

state or federal court, agency or other administrative body, and that the Board, nor any person, organization, agency, or other entity on its behalf, will file, charge, claim or sue, or cause to be filed, charged, claimed or sued, any lawsuit, legal proceeding, action, or claim of any nature with any court or agency (including any action for damages, attorneys fees, injunction, declaratory, monetary, equitable or other relief) against the Releasor based on any matter, fact or event occurring prior to the effective date of the Agreement, whether now known or unknown, or involving any continuing effects of any acts or practices which may have arisen or occurred prior to the effective date of the Agreement, whether now known or unknown.

4. Consideration. In exchange for the promises, Releases, and legal releases stated herein, and other good and valuable consideration, the Board's insurance carrier will pay Kathleen Miller the sum of Eighty Two Thousand Five Hundred Dollars ($82,500.00), within thirty (30) days from the effective date of the Agreement. The effective date of the Release shall be the date upon which the Board approves the executed Agreement and receives W-9 forms on behalf of Kathleen Miller and McOmber McOmber & Luber P.C., and a child support search report from her attorney, whichever occurs last. The funds shall be distributed in two (2) checks: one to Kathleen Miller in the amount of Seventy Thousand Dollars ($70,000), and another check in the amount of Twelve Thousand Five Hundred Dollars (12,500) to the firm of McOmber McOmber & Luber, P.C.

5. Miller's Tax Indemnification. Kathleen Miller represents and warrants that neither the Board nor counsel to the Parties provided any advice regarding the taxability of the settlement amount paid pursuant to paragraph 4. Kathleen Miller acknowledges and agrees that she is solely responsible for payment of any and all federal, state and local taxes which may be due from the settlement sum in the event that it is determined that any taxes are owed based on the taxation laws in effect on the date of the execution of the Agreement or become due at any time in the future because of a change to the laws governing the taxation of such settlement proceeds. Releasor agrees to indemnify and hold the Board and counsel to the Parties harmless from any and all federal, state, and local tax liabilities, deficiencies, levies, interest, and penalties that may be assessed as a result of not withholding income and payroll taxes on the monies paid pursuant to the Agreement if she fails to properly pay any taxes to which her settlement may be subject.

6. Full and Complete Settlement. Releasor agrees that the payment described in paragraph 4 will be received by Kathleen Miller in full and complete settlement, as more fully detailed in paragraph 7, below, of all known or unknown claims, asserted or unasserted, of Releasor allegedly arising out of any and all conduct or actions of the Board and/or relationship with the Board, as more fully detailed in Paragraph 7, below.

7. General Release and Waiver of all Claims by All Signatories to the Agreement. In consideration for the payment and promises described

in paragraphs 3 and 4, and elsewhere in the Agreement, all signatories to the Agreement fully release and forever discharge each other of and from any and all claims, actions, causes of action, back pay, front pay, contracts, agreements, compensation, pay, promises, charges, judgments, grievances, obligations, rights, demands, debts, sums of money, salaries, wages, benefits, physical injury, pain, suffering, emotional distress, compensatory damages, punitive damages, attorneys' fees, expenses, costs, losses liabilities, damages, or accountings of whatever nature, whether known or unknown, disclosed or undisclosed, asserted or unasserted, in law or equity, contract or tort or otherwise (herein collectively designated "Claim" or "Claims"), through the effective date of the Agreement, including, but not limited to, any and all Claims of race, gender, sex, age and national origin discrimination, retaliation, and any and all tort Claims or contract Claims or Claims for general damages, and any and all Claims arising under, made, regarding, or involving: any federal, state or local laws or under the common law; violations of any federal, state or local fair employment practices or civil rights laws or ordinances; Claims for personal injury, defamation, wrongful conduct, or wrongful discharge; the Civil Rights Acts of 1866 and 1871, as amended, 42 U.S.C. §1981; the Civil Rights Act of 1964, as amended, including Title VII; the Americans with Disabilities Act; the Age Discrimination in Employment Act, as amended; the Older Workers Benefit Protection Act; the Employee Retirement Income Security Act; the Fair Labor Standards

Act; the Rehabilitation Act of 1973; Executive Order 11246; the federal Family and Medical Leave Act; state Family and Medical Leave Acts; Claims alleging retaliation under the Worker's Compensation Act; the Unemployment Compensation Law; the National Labor Relations Act, as amended; any and all state wage payment and collection laws; Pickering's policies, practices, collective bargaining agreements, contracts, benefits or understandings; any Claims arising out of any relationship, including employment relationship, between or among Kathleen Miller and the Released Parties predating the effective date of the Agreement; and all Claims for employment, reemployment, or reinstatement of employment to the Board; any and all grievances, or demands for mediation or arbitration, or Claims or demands under the Board's policies and procedures; and any and all Claims asserted, or which could have been asserted, in a state court Lawsuit referenced above, including any Claims against any current or former agents or employees of the Board.

The signatories to the Agreement hereby specifically waive, release and give up all Claims and rights, as described in the preceding paragraph, whether now known or unknown, which she have or may have, against the Board and the Released Parties, based on any fact, act, event, or omission, whether now known or unknown, occurring before the Effective Date of the Agreement. Releasor understands that she is waiving, releasing and giving up all Claims and rights that she knows about and all Claims and rights that she may not know about. The release does not

apply to Claims based on facts occurring after the Effective Date of the Agreement or claims against the Board or failure to perform any of her obligations under the Agreement.

8. Neutral Job Reference. In the event the Board is contacted by any person or entity seeking a professional, personal, or character reference related to Kathleen Miller and/or her employment with the Board, all parties agree that such inquiry shall be directed to the Human Resources Manager, who shall advise such person or entity that it is the policy of the Board solely to provide information verifying employment, dates of hire and separation, salary and title. Miller will not seek reemployment with the Board.

9. Mutual Non-Disparagement. Miller understands and agrees that she will not defame, disparage, demean, or in any other manner, make negative statements, whether written or oral (including, but not limited to, on social media and/or electronic blogs), nor do anything that derogates the Board, their services, compliance with the law, products, reputations, their officers, former and current employees, financial status, or operations, nor that damages the Board in any business relationships. The Board understands that they shall not defame, disparage or demean Miller, whether written or oral, nor do anything that derogates Miller. Notwithstanding the above, the Board is permitted to provide truthful statements to any governmental agency, if requested to do so.

10. Liens. It is further understood that as a condition of the settlement, all claims and/or liens, past, current and/or future arising out of the settlement or asserted against the proceeds of the settlement are to be satisfied by Kathleen Miller (herein "Releasor"), including but not limited to any Medicare or Medicaid claims and/or liens, Worker's Compensation claims and/or liens, Social Security claims and/or liens, hospital/healthcare insurer claims and/or liens, physician or attorney claims and/or liens, or any of the statutory, equitable, common law or judgment claims and/or liens, including but not limited to claim based on subrogation or any other legal or equitable theory. Releasor therefore agrees, upon prompt presentation of any such claims and/or liens, to defend the Release Parties against any such claims and/or liens, and to indemnify and hold the Released Parties harmless against any judgment entered against the Released Parties based on such claims and/or liens, including the payment of any fines, charges and attorneys' fees incurred as a result of any such lien. Failure to satisfy any such lien shall be considered a breach of the Agreement, and Releasor agrees to pay all costs, interest and attorneys fees relative to any such lien.

11. Attorneys' Fees, Costs, and Expenses. Each party shall be responsible solely for its or her own attorneys' fees, costs, and expenses. Releasor specifically waives all claims to attorneys' fees, costs, and expenses from the Board, including all claims for reimbursement to the Board or her attorneys, agents, or family members, of any attorneys' fees,

costs, and expenses she has incurred or paid, or which were paid on her behalf.

12. Applicable Law and Severability. The Release shall be governed by and construed in accordance with the laws of New Jersey, except where federal law controls. Should any provision of the Release be declared or determined by any Court to be illegal or invalid, the validity of the remaining parts, terms or provisions shall not be affected thereby and said illegal or invalid part, term, or provision shall be deemed not to be a part of the Release.

13. Entire Release. The Release sets forth the entire Release between the parties and fully supersedes any and all prior Releases or understandings between the parties.

14. Kathleen Miller's Certification. Kathleen Miller agrees, certifies, acknowledges, and represents: (a) that she has been and is hereby advised in writing to consult with an attorney of her choice and at her expense, prior to signing the Release; (b) that she has had adequate time and opportunity to review and discuss, and has reviewed and discussed all of the terms and sections of the Release thoroughly with her attorney; (c) that her attorney has explained the entire Release to her; (d) that she does not waive any rights or claims that may arise after the date the Release becomes effective; (e) that she shall have and was given at least twenty-one (21) days to consider the terms and conditions of the Release

before signing it; (f) that her waiver of Claims and the General Release shall not become effective until the effective date of the Release.

If Kathleen Miller decides to sign the Release before the expiration of the 21-day period, Kathleen Miller specifically acknowledges that she has had sufficient time and opportunity to review and understand the terms of the Release and specifically waives and gives up any rights for additional time or opportunity to review it.

The check for payment of the amounts set forth in paragraph 4 shall be delivered to McOmber McOmber & Luber, P.C. in the foregoing manner: Lawyers Service.

KATHLEEN MILLER FURTHER CERTIFIES, ACKNOWLEDGES, AND REPRESENTS THAT SHE IS ABLE TO READ AND UNDERSTAND ENGLISH, THAT SHE UNDERSTANDS ALL OF THE PROVISIONS HEREIN, WITH THE ADVICE AND ASSISTANCE OF HER ATTORNEY, AND THAT SHE MAKES THE RELEASE KNOWINGLY AND VOLUNTARILY. KATHLEEN MILLER ACKNOWLEDGES THAT SHE HAS NO PHYSICAL OR MENTAL PROBLEM, CONDITION, OR IMPAIRMENT OF ANY KIND WHICH HAS INTERFERED WITH HER ABILITY TO READ AND UNDERSTAND THE MEANING OF THE RELEASE OR ITS TERMS. KATHLEEN MILLER FURTHER REPRESENTS THAT IN SIGNING THE RELEASE, SHE DOES NOT RELY ON ANY PROMISES OR REPRESENTATIONS MADE BY ANYONE OTHER THAN THOSE STATED SPECIFICALLY HEREIN.

15 Full Knowledge. Kathleen Miller further warrants, represents, and agrees that in signing the Release, she does so with full knowledge of any and all rights which she may have with respect to the Board and other Released Parties, or the Lawsuit.

16. Headings. The headings of the paragraphs in the Release are for convenience only and shall not control or affect the meaning or construction of, or limit the scope or intent of, any of the provisions of the Release.

17. Effective Date. The effective date of the Release shall be the date upon which the Board receives Kathleen Miller's signed and notarized Release, a W-9 form, and a child support search report.

18. Settlement Subject to Approval by Governing Body. Kathleen Miller understands that the agreement will not be binding unless and until it is formally approved by the Board of Education of the Township of Edison. Should it not be approved by the Board, its terms will be null and void and Kathleen Miller will have the right to continue to prosecute her civil claims against the Board.

IN WITNESS WHEREOF, and intending to be legally bound, Kathleen Miller has executed the Release as of the dates set forth below.

Kathleen Miller

Re: *Board of Education of the Borough of Kinnelon, Morris County, v. Karen D'Amico, Agency Docket No. 43-3/21*

Dear Counsel:

I have reviewed the petition for declaratory ruling in the above-captioned matter, together with the respondent's answer. Upon such review, I have determined to exercise my discretion to decline the request pursuant to *N.J.S.A.* 52:14B-8 and *N.J.A.C.* 6A:3-2.1(a)1, and instead direct that the matter shall proceed as a petition of appeal pursuant to *N.J.A.C.* 6A:3-1.1 *et seq*.

Accordingly, petitioner's request for declaratory ruling is declined and this matter shall be transmitted to the Office of Administrative Law.

Sincerely,

Angelica Allen-McMillan, Ed.D.

PURSUANT TO THE REFERRAL BY THE COMMISSIONER OF EDUCATION, STATE OF NEW JERSEY

IN THE MATTER OF THE TENURE HEARING OF ANDREW LOTA	**: BEFORE THE COMMISSIONER OF : EDUCATION, STATE OF NEW JERSEY**
BY DOVER SCHOOL DISTRICT, MORRIS COUNTY	**: AGENCY DOCKET NO. 216-10/20**
	: OPINION AND AWARD

BEFORE: CAROL F. LASKIN, ESQUIRE, ARBITRATOR

APPEARANCES:

On behalf of Andrew Lota
Caruso Smith Picini
Nicholas Poberezhsky, Esquire
Benjamin Weathers, Esquire

On behalf of Dover School District
Adams Gutierrez & Lattiboudere, LLC
Adam S. Herman, Esquire

PROCEDURAL BACKGROUND

Pursuant to *N.J.S.A.* 18A:6-16, as amended by *P.L. 2012, c. 26* ("TEACHNJ"), tenure charges were brought by the Board of Education, Dover School District, Morris County ("Petitioner", "District" or "Dover") against Andrew Lota ("Respondent", "Lota"or "A.L.") on August 28, 2020, alleging conduct unbecoming and other just cause.

On or about September 14, 2020, Lota filed a written response. The next day, September 15, 2020, the District voted to certify tenure charges to the Commissioner of Education. Following receipt of Respondent's answer on October 8, 2020, the Office of Controversies and Disputes reviewed and deemed sufficient the charges, if true, warranted dismissal or reduction in

salary; thereupon referring the matter to me on October 13, 2020, for hearing and decision.

Hearings were conducted via Zoom on November 27, 2020, December 9, 2020, December 18, 2020, December 21, 2020, December 22, 2020, January 5, 2021, January 6, 2021, January 14, 2021, January 30, 2021, January 22, 2021, February 3, 2021 and February 11, 2021. On February 18, 2021, without a court reporter, the admissibility of Exhibits was argued and a briefing schedule determined. Final submissions were received by April 6, 2021, whereupon the record closed.[1]

THE TENURE CHARGES

Dover, asserting Lota is guilty of unbecoming conduct and other just cause, referred four (4) *Sworn Tenure Charges* as follows:

Charge Number One

a. At all times relevant, Mr. Lota has been employed by the Board as a teaching staff member.

b. During the 2019-20 school year, Mr. Lota was assigned to teach 8th grade mathematics.

c. During the 2019-20 school year, Mr. Lota engaged in a pattern of inappropriate conduct.

d. Between March 2020 and April 2020, as a result of the COVID-19 pandemic, the District ceased providing in-person instruction and provided remote instruction to its students.

e. Between March 2020 and April 2020, Mr. Lota provided remote instruction to his students.

f. Between March 2020 and April 2020, Mr. Lota's remote instruction included electronic communications with his students through email and other electronic means.

---

[1] Exhibits shall be referenced as D-District and R-Respondent. The undersigned and the parties were well served by an excellent court reporter for the twelve (12) days of Hearings recorded, pages of which were numbered sequentially from 1 to 1479. Thus, it is unnecessary to burden this Decision with specific dates of testimony. Consequently, the transcript shall be referenced as T followed by page/line.

g. In violation of District policy, District procedure and law, between March 2020 and April 2020, Mr. Lota engaged in a pattern of inappropriate electronic communications with A.N. one of his female 8th grade math students.

h. Between March 2020 and April 2020, Mr. Lota exchanged hundreds of emails with A.N.

i. Between March 2020 and April 2020, Mr. Lota exchanged significantly more emails with A.N. than any other student.

j. Mr. Lota's email communications with A.N. frequently occurred after the conclusion of the school day and/or on weekends.

k. Between March 2020 and April 2020, several of Mr. Lota's emails invited A.N. to individual Google electronic classrooms.

l. Between March 2020 and April 2020, several of Mr. Lota's emails invited A.N. to FaceTime him.

m. Some examples of Mr. Lota's numerous inappropriate emails with A.N. between March 2020 and April 2020 include:

1. On March 19, 2020, Mr. Lota emailed A.N. and told her that:
"You are so sweet . . ."

2. On March 25, 2020, Mr. Lota emailed A.N. stating:
"no worries love. . . whenever you can. . . "

3. On March 26, 2020, Mr. Lota emailed A.N. asking:
". . . are you angry with me?

4. On March 30, 2020, Mr. Lota emailed A.N. stating:
"Haven't talked to you much today" and included a sad emoji at the end of the sentence.

5. On March 31, 2020, in the evening between 7:37 p.m. and 8:42 p.m., Mr. Lota engaged A.N. in a series of emails which discussed certain things including his wife and a school assignment.

6. During the email conversation, Mr. Lota told A.N.:
"lol . . .I truly miss you!"

7. During the same email conversation, when A.N. advised that she would be sending Mr. Lota a picture of the assignment, he responded with

"whenever's convenient dear" along with a smile emoji.

8. Once Mr. Lota received the picture of the assignment, he responded by stating:
"Yes dear, thank you!"

9. On April 2, 2020, Mr. Lota emailed A.N. and stated:
"Hello beautiful!"

10. In the same April 2, 2020 email conversation, Mr. Lota stated to A.N. that he was:
"[s]tuck in exile . . ." and that he was "gonna get out after [his] virtual dept meeting and take [his] boys for a bike ride."

When A.N. asked Mr. Lota to pick her up, Mr. Lota responded by stating that "I'm in a meeting now with my co-workers and supervisor."

11. On April 13, 2020, Mr. Lota communicated with A.N. about a math problem from 9:16 p.m. through 10:21 p.m. During this email exchange, Mr. Lota stated to A.N.:
"lol . . . you kill me. dont worry anything you do or ask is ok" and ended the sentence with a smile emoji

12. On April 15, 2020, Mr. Lota continuously communicated with A.N. between 1:31 p.m. and 5:47 p.m. During the voluminous email exchange, Mr. Lota stated to A.N.:
"Anything for you dear" and concluded his statement with a smile emoji.

13. In the same voluminous email trail, Mr. Lota stated to A.N. that she was
". . . more grown up than [him]."

14. In the same voluminous email conversation, Mr. Lota stated to A.N. that
"lol . . . just saying that your very mature for your age" and concluded his statement with a smile emoji.

15. On April 18, 2020, which was a Saturday, Mr. Lota engaged in email communications with A.N. between 10:15 p.m. and 11:24 p.m. During the conversation, Mr. Lota stated to A.N.:
"lol u rock."

16. During the same Saturday evening email conversation, Mr. Lota stated to A.N:
" hi Love" with a smile emoji.

17. During the same Saturday evening email conversation, Mr. Lota invited A.N.

to a Google meeting.

18. During the same Saturday evening email conversation, Mr. Lota discussed putting his children to sleep. When A.N. told Mr. Lota that it is nice to put his kids to sleep, Mr. Lota stated: "omg thx" with a smile emoji.

19. During the same Saturday evening email conversation, Mr. Lota stated:

> "[smile emoji] love helping you . . . never a problem."

20. On April 19, 2020, which was a Sunday, Mr. Lota engaged in emails multiple communications with A.N. from 10:19 p.m. through 7:34 p.m.

21. During the Sunday email conversation, at 1:18 p.m., Mr. Lota asked A.N. what time she woke up.

22. During the same Sunday email conversation, Mr. Lota, at 4:34 p.m. stated to A.N. that:

> "lol . . . you're a flower" with a smile emoji.

23. During the same Sunday email conversation, Mr. Lota advised A.N. that he was going to send her books in the mail. Mr. Lota stated to A.N.:

> i. "ima gonna try to get these books in the mail to you tomorrow. I'm reading the 3rd one again, prob for the 10th time, now. If you really liked the 2 I introduced you to, You'll love the series."
>
> ii. dude . . . no rush. In fact, take your time and ENJOY them. If your taste in this kind of reading is like I hope, then please take your time with them. The best thing I can do is pass them on without worry of them being brought back."
>
> iii. When Mr. Lota reiterated that A.N. can hold onto the books for as long as necessary, A.N. stated: "ohhh yeahhh hahaha this has to end sooner or later so its all good," In response, Mr. Lota stated: "yes it is" and concluded the sentence with a smile emoji.

24. During the same Sunday email conversation, at 7:22 p.m., Mr. Lota asked A.N. to Facetime him.

25. During the same Sunday evening email conversation, at 7:34 p.m., Mr. Lota invited A.N. to a Google meeting.

26. On April 22, 2020, Mr. Lota emailed A.N. and stated the following:

> "Are you ok? How's the toe? Books are on the way. Are you getting my e-mails?"

27. In response to A.N.'s email, A.N. responded:

> "I haven't taken the nail out but I'm getting there, and thank god I'm so excited to read them, do you know when they will get here? And no I haven't been getting your emails idk maybe they were saved as drafts."

n. Mr. Lota's email communications with A.N. requested and/or tried to establish a personal relationship with a student beyond his professional responsibilities.

o. Mr. Lota's email communications with A.N. are those type which the Commissioner of Education or an arbitrator would find to be inappropriate in determining that Mr. Lota's is unfit to discharge the duties and functions of his teaching position.

p. Mr. Lota failed to exercise self-restraint and controlled behavior which is required and mandated for a teaching staff member entrusted with the care and custody of students.

q. Mr. Lota's inappropriate and unprofessional conduct placed A.N. at risk of physical and emotional harm.

r. Mr. Lota's inappropriate and unprofessional conduct violates District policy, District procedure and law.

s. Mr. Lota's actions are sufficiently flagrant and egregious to warrant termination.

t. Mr. Lota's actions demonstrate that he is not fit to serve as a teaching staff member.

Mr. Lota's willful misconduct as described above constitutes Conduct Unbecoming sufficient to warrant dismissal from employment and/or reduction in compensation.

Charge Number Two

Mr. Lota is guilty of Conduct Unbecoming by way of the following:

a. The Board repeats and reiterates the allegations set forth above.

b. Mr. Lota attempted to build trust with A.N. to gain access to and time alone with her.

c. Mr. Lota showed favoritism towards A.N.

d. Mr. Lota granted special privileges to A.N.

e. Mr. Lota catered to the interests of A.N.

f. Mr. Lota's behavior with A.N. constitutes grooming.

g. Mr. Lota failed to exercise self-restraint and controlled behavior which is required mandated for a teaching staff member entrusted with the care and custody of students.

h. Mr. Lota's inappropriate and unprofessional conduct placed students in risk of harm.

i. Mr. Lota's inappropriate and unprofessional conduct placed A.N. at risk of physical and emotional harm.

j. Mr. Lota's inappropriate and unprofessional conduct violates District policy, District procedure and law.

k. Mr. Lota's actions are sufficiently flagrant and egregious to warrant termination.

l. Mr. Lota's actions demonstrate that he is not fit to serve as a teaching staff member.

Mr. Lota's willful misconduct as described above constitutes Conduct Unbecoming sufficient to warrant dismissal from employment and/or reduction in compensation.

Charge Number Three

Mr. Lota is guilty of Conduct Unbecoming by way of the following:

a. The Board repeats and reiterates the allegations set forth above.

b. Between March 2020 and April 2020, Mr. Lota engaged in a pattern of inappropriate electronic communications with N.D. one of his female 8th grade math students.

c. Some examples of Mr. Lota's numerous inappropriate emails with N.D. between March 2020 and April 2020 include:

1. On March 25, 2020, Mr. Lota emailed N.D. stating:
   "Thanks love!"

2. On March 25, 2020, Mr. Lota emailed N.D. stating:
   "You're awesome."

3. On April 14, 2020, Mr. Lota emailed N.D. stating:
   ". . . no ones better than you love!"

4. On April 15, 2020, Mr. Lota emailed N.D. stating:
   "Thanks dear u are awesome!"

5. On April 16, 2020, Mr. Lota emailed N.D. stating:
   "Thanks . . . you rock Star you!"

6. On April 17, 2020, Mr. Lota emailed N.D. stating:
"Thanks love. . . You're still awesome!"

7. On April 23, 2020, Mr. Lota emailed N.D. stating:
"Thanks love" with a concluding smile emoji.

d. Mr. Lota failed to exercise self-restraint and controlled behavior which is required and mandated for a teaching staff member entrusted with the care and custody of students.

e. Mr. Lota's inappropriate and unprofessional conduct placed students in risk of harm.

f. Mr. Lota's inappropriate and unprofessional conduct placed N.D. at risk of physical and emotional harm.

g. Mr. Lota's inappropriate and unprofessional conduct violates District policy, District procedure and law.

h. Mr. Lota's actions are sufficiently flagrant and egregious to warrant termination.

i. Mr. Lota's actions demonstrate that he is not fit to serve as a teaching staff member.

Mr. Lota's willful misconduct as described above constitutes Conduct Unbecoming sufficient to warrant dismissal from employment and/or reduction in compensation.

Charge Number Four

Mr. Lota is guilty of Other Just Cause by way of the following:

a. The Board repeats and reiterates the allegations in all the charges set forth above.

b. All of the foregoing Charges, Counts and the facts alleged in the tenure charges are incorporated by reference as if fully set forth herein. The acts of misconduct described above, jointly and severally, demonstrate a series of ongoing infractions over an extended period of time, constituting a pattern of conduct unbecoming and/or other just cause warranting his dismissal and/or reduction in compensation.

DISTRICT POLICIES

At hearing and through its post hearing submission, Dover presented the following District policies as being specifically relevant to the instant tenure charges:

"District Policy 3283 - Electronic Communications between Teaching Staff Members and Students (created/edited July 2014)

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate...

The Commissioner of Education and arbitrators, appointed by the Commissioner, have determined inappropriate conduct may determine a teaching staff member unfit to discharge the duties and functions of their position. Improper electronic communications by teaching staff members may be determined to be inappropriate conduct.

Inappropriate content of an electronic communication between a teaching staff member and a student includes, but is not limited to:

6. Communications requesting or trying to establish a personal relationship with a student beyond the teaching staff member's professional responsibilities;

8. Communications between the teaching staff member and a student that the Commissioner of Education or an arbitrator would determine to be inappropriate in determining the teaching staff member is unfit to discharge the duties and functions of their position."

"The following acceptable protocols for all electronic communications between a teaching staff member and a student shall be followed:

1. E-Mail Electronic Communications Between a Teaching Staff Member and a Student.

a. All emails between a teaching staff member and a student must be sent or received through the school district's email system. The content of all e-mails between a teaching staff member and a student shall be limited to the staff member's professional responsibilities regarding the student."... (D- 3)

District Policy 3281 - Inappropriate Staff Conduct (created/edited June 13, 2013)

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of

school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities....

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education." (D-4)

District Regulation 3281 - Inappropriate Staff Conduct (created October 2008 and edited February 2012) provides specific definitions and examples of inappropriate staff conduct, including,

"i. 'Inappropriate staff conduct' is any conduct prohibited by this policy and corresponding regulation, including any other conduct deemed by the Commissioner of Education, the State Board of Education, statute, administrative code, and/or judicial case law to be inappropriate conduct and/or conduct unbecoming a school staff member.

ii. 'Inappropriate comments' include, but are not limited to, comments about the staff member's personal life that are not relevant to the professional responsibility of the school staff member, comments of a sexual nature, sexually-oriented humor or language, inappropriate comments about a student's clothing or physical appearance, comments with sexual overtones, or comments regarding a student's dating partner.

iii. 'Inappropriate conduct' includes, but is not limited to, sexual misconduct, a request by a school staff member to a student for a social relationship outside the school staff/student relationship, sexually harassing conduct, inappropriate touching by the staff

member to a student or permitting a student to inappropriately touch a staff member, corporal punishment, requesting a student to expose private parts of their body other than for school medical purposes,...." (D-5)

ISSUE PRESENTED

Has the Dover School District, Morris County, met its burden of establishing by a preponderance of the credible evidence the tenure charges against Respondent, Andrew Lota?

If so, do the tenure charges warrant dismissal or a lesser discipline? (stipulated at T/5-19 to 6/8)

BASIC EVIDENTIARY FINDINGS

At hearing, the parties were zealously represented. Each was given a full opportunity to present testimony, written evidence, cross-examine witnesses and submit post hearing briefs.

Petitioner Dover proffered:

Dr. James McLaughlin - Superintendent
Christina Cirigliano - Assistant Superintendent
Jorden Dane Schiff, Ed.D[2]- School Liability Expert Group:
Detective Sergeant Oxmani Corona - Dover Police Department
Police Officer Joe Gotera - Dover Police Department
Mirian Y. Nieto-Gomez - Mother of A.N. (with assistance by Alex Tarasov, Spanish Interpreter)

And, on Rebuttal-
Aretha Dooley-Malloy - Consultant to Dover: January 20, 2020 to January 30, 2020 - Principal East Dover Elementary School and Dover Middle School

Respondent :

Andrew Lota, testified on his own behalf, in addition to:
Alison Merena - Andrew Lota's Wife
Kyle Madison - Dover Middle School Social Study Teacher

On November 2, 2020, Respondent filed a Motion to Suppress the testimony and expert report of Jorden Dane Schiff, Ed.D. On November 13, 2020, the District submitted its opposition. The parties orally argued the motion on a conference call whereupon the undersigned denied the motion, allowing Dr. Schiff to testify and submit his expert report.

Based upon a thorough review of the record, including all admitted exhibits, testimony, admissions, stipulations, arguments and observations of the demeanor of each witness, I ***find*** the following as basic evidentiary ***fact***:[3]

The Dover School District consists of five (5) schools, educating approximately thirty-four hundred (3400) students in Kindergarten through Twelfth grade. (T44/4 to 16). It has been categorized by the New Jersey Department of Education in District Factor Group "A," the lowest of eight (8) groupings in New Jersey measuring a community's relative socioeconomic status.

At all times relevant to the instant charges, the administration has been lead by Superintendent Dr. James McLaughlin and Assistant Superintendent Christina Cirgliano. The Dover Middle School, during the 2019-2020 school year, was lead by Interim Principal Aretha Dooley-Malloy, Vice Principal Heather Carlton and Vice Principal Michael McAuley.

Respondent, Andrew Lota, is a tenured eighth grade mathematics teacher who had been assigned to the Dover Middle School for the entirety of his twelve (12) year career with the District. He has no prior disciplinary history nor did he receive a summative evaluation rating less than effective or its equivalent. Lota organized the Dover Middle School's Chess Club. He also chaperoned school trips and assisted with track meets. (R-5, R-6, T931/24 to 935/14).

School Closure March 2020

After an initial meeting with school administrators, the administrative team determined to transition to remote learning. (T1380/14 to 1381/24, T48/1 to 16) On or about March 12, 2020, the District provided Emergency Closure Planning Guidance, D-9, to all teaching staff members informing of the transition to virtual learning, effective March 16, 2020. Therein, *inter alia*, a

---

[3] Controverted evidence will be identified in *Position of the Parties* below.

weekly organization folder was addressed along with instructions on how to record and post video/audio files utilizing Google Classroom.

Once remote virtual learning commenced, middle school administrators and staff held virtual meetings daily. Thereafter, meetings were conducted less frequently.[4] (T1385/24 to 1388/6)

Google Suite

The District utilizes Google Suite as its technical platform. Google Suite includes email, Google Classroom, Google docs, Google sheets, Google slides and Google Meet. (T350/9 - 351/10) With the exception of Google Meet sessions, all other electronic communications on the District's servers were monitored and recorded. Confidentiality laws preclude the District from preserving video or audio recordings of Google Meet sessions. (T536/9 - 19)

Students cannot create a Google meeting link - only administration or teachers. To create a link, an authorized teacher, on his/her calendar, clicks a specific day and time which produces a link the teacher can send to the students through Google Classroom or through the teacher's district website or email. (T352/ to 353/1)

The instant charges are based upon Andrew Lota's utilization of the Google Suite technology, commencing at the initiation of virtual learning on March 16, 2020 until April 22, 2020, when a Gaggle Alert was issued concerning his emails that date with a fifteen (15) year old female, A.N., a high performing math student.

Gaggle Alert - April 22, 2020

Dover records and monitors all emails, utilizing the program "Gaggle", to identify

---

[4] The parties differ on their recollection of specific content of these meetings, disclosed in *Position of the Parties* below.

communications indicating potential self-harm, inappropriate language and/or pornographic materials. (T61/5 to 13, D-35) Gaggle, as the early warning monitor program, tags key words sent throughout the school's on-line learning platform.

On April 22, 2020, Assistant Superintendent Cirgliano received a Gaggle Alert, D-10, of an email trail between Lota and A.N.- twenty-six (26) emails between 11:16 a.m. and 8:33 p.m. The alert was triggered by A.N.'s phrase, "It's okay, I think I will just die." The entirety of April 22, 2020, emails between Lota ("A.L") and A.N., appear, as follows:

11:16 AL to AN:	Are you ok? How's the toe? Books are on the way. Are getting my e-mails?
11:22 AN Response:	I haven't taken the nail out but I'm getting there, and thank god I'm so excited to read them, do you know when they will get here? And no I haven't been getting your emails idk maybe they were saved as drafts.
12:39 AL to AN:	They should be there Friday the latest:)
12:41 AN Response:	Thank you I will definitely read them and enjoy them, and I promise I will take care of
12:52 AL to AN:	The 1st one is eye of the world. It is very important that you read the prologues :) I have all but the 5th one, let me know when you need more and comment on them when you can:)
1:29 AN Response:	Okay I will read the prologue, are they confusing?
1:46 AL to AN:	Not al all, in faet when I read the prologue to the 1st book I knew this would be the best series ever written!
6:55 AN Response:	Really, can't wait to read them especially eye of the world that one sounds amazing. I hope that they're not to hard to understand.
7:21 AL to AN:	omg, if you liked the two other books you read from me, I think you will positively love these books. If you would like, from memory I could give you a small capture of the prologue?

7:22 AN Response: Yes, please I would love that

7:25 AL to AN: Ok, deep breath. Now remember, after the prologue, This book starts from someplace completely different, but eventually melds with the prologue to become completely awesome. It's not exact, obvious, because its way to you, but here you go..let me know what you think :) ""Lews Therin walked through the halls of his castle. The walls still shook from the horror that struck the floors around it. The walls had rents in them light from outside shone through. Every once in a while the ground itself shook, causing dust to permanently rise through the air. Tables toppled and food and drink on the floor from what had seemed a grand occasion littered the room. "Ilyana, Ilyaya my love, where are you? "He absent mindedly stopped over the dead body of a beautiful blond haired woman whose eyes stared in fixed horror from what she witnessed. Servants, children, friends, all dead filled the room. Lews Therein ignored these as if they weren't there. "Ilyana where are you? You can't hide from me!?" Behind him the air shimmered as if it were alive. The air itself seemed to rip in half, as it was torn fabric, to allow a tall figure to step through. He looked around the room, disgusted at what he saw. He saw Lews Therin and his face became an offended sneer...

7:30 AN Response: Wow that was cool, but I'm slightly confused so Lew saw himself?

7:36 AL to AN The prologue tells what happened ages ago with less Theron, the dragon to be born. There is more to the prologue, and much better written for the reader to be engaged, confused and able to wait to read on!

7:37 AN Response: Oh haha so it's meant for me to be confused okay good

7:40 AL to AN: Not necessarily confused, but needing to know more:)

7:42 AN Response: Yeahhh I get you like a hook, and okay hahah sounds good I told my mom that I'm expecting some books.

7:44 AL to AN: LOL awesome. There is really nothing inappropriate about them, they are considered fantasy fiction, pg at worst. Maybe she would like them :)

7:50 AN Response:	Maybe who would like them?
7:54 AL to AN:	lol, I jokingly meant your mom :) But if you talked to someone about them and they're interested, share :)
7:55 AN Response:	Omg Mr. Lota my toe hurts sooo muchhhh it's terrible
8:06 AL to AN:	I was hoping it was getting better. Soak the toe, pull that nail out. Better big pain short time than slightly less big pain long time.
8:08 AN Response:	Hahahah nr I think I made it worse for the past days, and it hurts a lot so I put a rubber bands on my toe to cancel most of the pain.
8:16 AL to AN	Have you thought about going to a doctor?
8:21 AN Response:	Yes I have, but my mom won't take me with everything going around she says that all I'm going to do is come back with corona.,
8:28 AL to AN	Maybe you have to have her pull the extra nail out without crying that will make her stop? I don't know, just trying to help. Feel bad :(
8:33 AN Response:	*It's okay I think I will just die.* (D-10)

Immediately Superintendent Cirgliano communicated with Dr. McLaughlin. They shared concerns; Lota was sending books, there was no mention of math throughout the day, Lota gave medical advice, and emails were exchanged after 8:00 p.m. Principal Dooley-Malloy was informed of the alert. Thereafter, Vice Principal Heather Carlton communicated by cell phone with Lota; whereupon, he confirmed mailing books to A.N. Carlton informed, an investigation would be conducted. (T942/2 to 13).

On Friday, April 24, 2020, Respondent with his Union President, John Coniglio, participated in a Zoom meeting with Dr. McLaughlin. Therein, Lota was notified of his

placement on administrative leave. Consequently, Lota's access to the District's Google Suite technology was revoked. (T1073/24)

Investigation

A. Dover Police Department

On April 24, 2020, Dr. McLaughlin also reported to the Dover Police Department his concern of a possible inappropriate relationship between a teacher and student." (R-4, D-34) A.N.'s mother was immediately informed about the school's report; an interview was scheduled for her and A.N. to determine whether the child had been "victimized by her teacher in any way." A recorded telephone interview was conducted. A.N. revealed three (3) instances where she felt "weird." (R-4, D-35)

A.N.'s mother consented to provide her daughter's cell phone for review by the Morris County Prosecutor's Office. Detective Sergeant Oxmani Corona, after reviewing the forensic results, closed the case as he "could not locate any evidence of a crime." (R-4, D-36)

B. The Institutional Abuse Investigation Unit

The District also notified the New Jersey Department of Children and Families, Institutional Abuse Investigation Unit, as required, to determine whether neglect or abuse occurred.

On December 22, 2020, the Institutional Abuse Investigation Unit reported its findings to Dr. McLaughlin, copied to Respondent's Counsel and the Interim Executive County Superintendent of Schools. After discussion at hearing, a portion of the Finding Report was read into the record by the undersigned.

> "Neglect/risk of harm is not established. IAIU has determined, in accordance with NJSA 9:6-8.21 that the child was not abused or neglected by teacher Andrew Lota. However,

some information indicates that the child was harmed or placed at risk of harm." (T1372/19 to 1375/5)

Respondent's Utilization of Google Suites With Students Between March 16 and April 22, 2020

Andrew Lota acknowledges the email exchanges between him and his students reflected within Dover's exhibits are accurate.[5] Consequently, Respondent concedes the accuracy of the emails listed within the Tenure Charges; Charge Number One, pertaining to student A.N. and Charge Number Three pertaining to student N.D., who was also an eighth grade female math student of Lota's and a friend of A.N., though were not assigned to the same math class. (T1056/1 to 1057/3)[6] N.D. and A.N. would sometimes come after school, with other math students not assigned to Lota, for extra help. (T977/15 to 978/2) Lota also confirmed his email trails with other students from the commencement of virtual learning until his Google Suite access was disabled. (D-37 through D-65)

Dover hired the school liability expert group, Dr. Jorden Schiff, to conduct an analysis and present an expert report. The report of October 16, 2020, D-32, was offered at hearing, resulting in extensive cross examination of Dr. Schiff. (T618/19 to 732/11) Appendix B of his report lists all documents reviewed, including the Tenure Charges, police files, school policies and procedures, school investigative records and Lota's personnel records. The school investigation records included emails of the middle school's other eighth grade math teacher, Thomas Frank, with his students for period March 3, 2020 to April 30, 2020. The spreadsheet of

---

[5] Indeed, this was reiterated as the third sentence of the *Statement of Facts* within Respondent's brief, "The facts of this matter are relatively straightforward and largely undisputed. Respondent relies on the hearing transcripts and the records admitted in evidence as the complete *Statement of Facts*." (Respondent's brief at p.4)

[6] Thus, Respondent admits the accuracy of the email trails with A.N., Exhibits D-11 through D-21, email trails with N.D., Exhibits D-23 through D-29, and emails with other students, D-37 to D-65.

Google Meet was also scrutinized. D-22.

Upon review of all the materials listed in Appendix B, Dr. Schiff related the following facts:[7]

> Lota, "a. Communicated with A.N. more than any other student and exchanged a significant number of emails with A.N. compared to other students. Between Wednesday, March 18, 2020 and Wednesday, April 22, 2020, Mr. Lota exchanged 163 emails with A.N. and 490 emails with 28 other students. 25% of the total emails reviewed were exchanged between Mr. Lota and A.N. Mr. Lota emailed A.N. 57 times during the weekend, but only emailed with his other students six times on Saturdays and Sundays between March 18, 2020 and April 22, 2020....
>
> b. Mr. Lota had a habit of referring to his female students as "dear" and "love," whereas his colleague, Mr. Thomas Frank, in his emails with students, was strictly professional and stuck to topics regarding math assignments, submitting work, and assistance signing into the various platforms. Mr. Frank and his students typically exchanged a chain of a few emails (usually between two and six) to answer a specific question or address an issue, and the emails were mostly during school hours. Mr. Frank did respond to student questions/concerns in the evening hours on some occasions, but these conversations were strictly regarding math. Mr. Frank did not refer to female or male students as "dear" or "love."...
>
> c. No other teacher, whose information we received, engaged in Google Meet sessions with students during the weekend, except Mr. Lota who video conferenced with A.N., and only A.N., seven times on Saturday, April 18, 2020, and three times on Sunday, April 19, 2020." (D-32 at page 13)[8]

Respondent Mailing Books to A.N.

Prior to the Pandemic, Lota lent books to students at school. During virtual learning, Lota mailed two (2) books to A.N., part of a fourteen (14) book fantasy series. His wife, Alison Merena, assisted him in mailing the books, including driving Mr. Lota to the post office. She corroborated he previously lent books to students, both male and female. (T994/15 to 996/5;

---

[7] Dr. Schiff's *opinion*, based upon these facts, is revealed in the *Position of the District*, below.

[8] The spreadsheet, D-22, disclosed the Goggle Meet sessions between Lota and A.N. on Saturday, April 18, 2020, totaled 128 minutes ending at 11:09 p.m.; the Google Meet sessions between Lota and A.N. on Sunday April 19, 2020 totaled 54 minutes, ending at 8:30 p.m..

T867/13 to 868/14)

Respondent Requesting A.N. Provide Photograph of Toe

A.N. complained of a painful toenail as reflected in the Gaggle alert, D-12, above. Lota suggested A.N. provide him a picture of her toe. (T998/8 to 1002/1) Alison Merena confirmed Lota showed her the picture. Ms. Marina is an Outpatient Occupational Physical Therapist with a Master's Degree in physical therapy. Ms. Marina testified she provided little feedback to her husband for, upon review of the toe, "it didn't appear to be insidious to me." (T866/16 to 867/7)

POSITION OF THE PARTIES

The parties presented comprehensive arguments, the essence of each is as follows:

Respondent, Andrew J. Lota

Lota maintains Petitioner, Board of Education, failed to meet its burden of proving the Tenure Charges against him by preponderance of relevant evidence. Counsel reasons,

> "Mr. Lota substantially complied with the Board's policies on electronic communications with students, which were relaxed amid the outbreak of the coronavirus pandemic and district wide transition to remote learning. There is no evidence that he "groomed" or attempted to establish a sexual relationship with a student. Nothing was presented at the hearing to demonstrate that Mr. Lota caused or attempted to cause harm to anyone." (Page 3)

Reviewing the policies Respondent is alleged to have violated, nothing therein limits the volume or duration of electronic communications a student may have with his/her teacher, the time or days permitted, one-on-one video conferencing, using terms of endearment with students, or lending books.

Respondent asserts *District Policy 3283*, D-3, *Electronic Communications Between Teaching Staff Members And Students*, enacted in 2014 is not applicable to remote instruction during a "once-in-a-century Pandemic." Lota avers this policy must be deemed unenforceable as

against electronic communications during full time remote learning. Counsel argues, "Stated differently, the policies are too vague to enforce except against patently inappropriate communications that need not require a consideration of the circumstances." (Brief at p.18)

Lota relies on his perception of Vice Principal Carlton's comments during Staff Goggle Meet sessions. He avers she declared Dover's electronic communication policies are relaxed during virtual learning. The testimony of Interim Principal Dooley-Malloy, expressly refuting this claim, should be disregarded, for she lied about her prior suspension by the School Ethics Commission.

Moreover, Respondent maintains the District failed to prove he "groomed" A.N. He never communicated with A.N. outside of Google Suites and indeed informed his wife about this student. Dr. Schiff's testimony and expert report must be accorded no weight, claims Lota, as he had no specialized training or experience in identifying sexual predators or behavior characteristic of grooming.

With respect to Tenure Charge Three, Respondent contends the Board failed to prove he committed conduct unbecoming with respect to any of his electronic communications with N.D. The entire factual predicate underlying Charge Three is that he referred to N.D. as "dear" and "love" and called her a "rock star." These facts, which are not in dispute, do not meet the criteria established for conduct unbecoming. Consequently, Respondent requests all Tenure Charges be dismissed and a make whole remedy be awarded.

Even if conduct unbecoming is determined, substantial mitigating factors including his exemplary background, willingness to submit to corrective action, and his lack of malicious intent, warrants discipline lesser than dismissal.

Dover Board of Education

The District maintains Respondent's email and video communications with A.N. within the early weeks of virtual learning clearly violated the professional boundaries between a teacher and student. There is no doubt Lota attempted to establish a personal relationship with A.N. His actions not only violated District Policies, handbooks and directives, they placed A.N. at risk of harm.

Dr. Schiff's expert opinion, within a reasonable degree of professional certainty, declared Lota acted in a manner unbecoming a teacher for the State of New Jersey. In his review, Dr. Schiff demonstrated how Lota's conduct "evolved" from an inappropriate mix of math and immature socializing type behaviors to entirely unprofessional and grooming behaviors. (D-32)

At hearing, Dr. Schiff opined,

"* Mr. Lota's inappropriate conduct violated District policies concerning staff conduct and the use of electronic communications;
* Mt. Lota's conduct met the definition of grooming.
* Mr. Lota's electronic communications resulted in the development of a prohibited inappropriate and sexually harassing relationship with a female student; and
* Mr. Lota's relationship and communications violated A.N.'s right to learn in a safe environment."[9] (District Brief at pp. 3-4)

Contrary to Respondent's representation, the Board's communication policies were not relaxed. Neither Vice Principal Carlton nor Interim Principal Dooley-Malloy made such a declaration. Further, on at least three (3) occasions staff was advised not to schedule a 1-on-1 Google Meet. Middle School Social Studies Teacher Kyle Madison confirmed; the only "relaxation" discussed by the Administrators dealt with the mental health of the students - for teachers to be compassionate with due dates, receiving assignments and providing extra help.

---

[9] Dover, in its comprehensive Brief, did not present any argument relating to Charge Number Three, Lota's Electronic Communications with N.D.

Madison conducts only group Google Meets; he conceded calling a female student "beautiful" or referring to her as "love" was inappropriate.

The District maintains the proper penalty for Mr. Lota's flagrant behavior in Dover requires removal from his tenured position. Counsel concludes,

> "Mr. Lota as a teacher, was expected to serve as a model of appropriate behavior. Instead, Mr. Lota engaged in inappropriate conduct via email and Google Meets with an 8th grade female student. His communications over the course of a few weeks in March and April 2020 demonstrate that he sought to establish a personal relationship with A.N. by using initiating communications, using terms of endearment, engaging in social discussions and juvenile banter, granting A.N. special privileges not extended to any other student, communicating on the weekends, holding one-on-one, and sending A.N. gifts. The behavior by Mr. Lota towards A.N. is also indicative of grooming behaviors. Mr. Lota violated district policies, procedures and standards of conduct. As such, the District respectfully submits that Madam Arbitrator sustain the charges and dismiss Mr. Lota from his teaching position." (District Brief at p. 80)

ANALYSIS OF EVIDENTIARY FINDINGS

Has the Dover School District, Morris County, met its burden of establishing by a preponderance of the credible evidence, the tenure charges against Respondent, Andrew Lota?

It is axiomatic. New Jersey provides protection to tenured teaching staff members from dismissal or reduction in compensation except for "insufficiency, incapacity or conduct unbecoming such a teaching staff member or other just cause." *N.J.S.A. 18:28-5(b)* While "conduct unbecoming" is not defined by the statute, it has been considered an elastic standard, determined on a case-by-case basis, embracing a wide range of conduct.

At all times, Dover maintains the burden of establishing by a preponderance of the credible evidence Respondent engaged in conduct unbecoming as alleged in the Tenure Charges *supra*, D-1. The rationale for these protections in an evidentiary review is highlighted herein for a finding of unbecoming conduct will forever tarnish the employment history and reputation of

Andrew Lota. Upon consideration of this record, with emphasis upon resolution of the credibility of the witnesses, I ***find*** Dover has met its burden with respect to the Tenure Charges related to Lota's conduct with A.N.

Tenure Charges Related to Lota's Conduct with A.N.

The evidentiary findings above reveal the District has established, by the preponderance of the credible evidence, Andrew Lota engaged in the conduct outlined in Charge Number One and, with the exception of the term "grooming," in Charge Number Two.

Lota's electronic communications with A.N. violated *District Policy 3283*, for he clearly established "a personal relationship" with A.N. " beyond the teaching staff member's professional responsibilities." Respondent made "inappropriate comments" referenced in *District Policy 3281 - Inappropriate Staff Conduct*. He failed to maintain a professional relationship with A.N. He utilized Google Meet, "seeking to be in her presence." These Policies are not vague or incompatible with virtual learning.

This record supports Dr. Schiff's pronouncement after review of District documents; Lota's communications in both time and subject matter expanded during virtual learning when initially math was at the forefront to discussions of fantasy books, Lota's opinion of her maturity, expressions of endearment, and extensive Google Meet sessions.

Throughout the hearing, Respondent maintained his objective was to show compassion to an A+ level student with low self-esteem and anxiety "permitted" by the administration's "relaxation" of electronic communication policies. This record does not support Lota's testimony. I credit the testimony of the administrators, including Interim Middle School Principal Aretha Dooley-Malloy, Social Study teacher, Kyle Madison, also confirmed Petitioner

never modified its policies on appropriate staff conduct or electronic communications between teaching staff members and students.

While Middle School administrators, during virtual staff meetings with teaching staff, discussed showing compassion for the mental health of students and appreciation of their struggles with virtual learning, it is dishonorable to suggest the administration's concern granted permission for a middle-aged teacher to engage in private communications with a 15 - year old, alone in her room on a Saturday night.

Respondent often initiated e-mail contacts with A.N., D-11 to D-21. Respondent initiated every Google Meet invite. Lota was aware, due to statutory privacy concerns, his conversations with A.N. would not be recorded. Respondent's failure to communicate his articulated concern over A.N's pervasive low self-esteem or anxiety to either School Guidance or A.N.'s Mother is unsettling.

Grooming

Upon consideration of this record in its entirety, I ***find*** there is insufficient evidence to support Charge Number Two (f), "Mr. Lota's behavior with A.N. constitutes grooming." Counsel's argument is persuasive. Dr. Schiff's expertise is in the field of education administration. Reviewing Appendix A, attached to his expert report, D-32, failed to identify any training or educational qualifications that could classify him an expert on determining "grooming" behaviors. Review of the resources Dr. Schiff utilized listed in Appendix B of his report list documents from the United States Department of Education and the American Bar Association. Reading these documents, without further training, did not transform him into an expert whose opinion on "grooming" would be helpful to the undersigned, as the trier of fact.

Nevertheless, this record unquestionably supports finding Lota established a special personal relationship with A.N. far beyond a teaching staff member's professional responsibility, in violation of District Policies.

Tenure Charge Number Three, Related to Lota's Conduct With N.D.

Respondent acknowledged his electronic communications with N.D.. No other evidence was proffered supporting this Charge; Dover did not address the Charge in its post hearing submission. Upon review, I ***find*** the emails do not establish conduct unbecoming as alleged in Charge Number Three.

Lota neither initiated email exchanges with N.D. nor sent her a Google Meet invite, D-23 to D-29. The difference in scope of his communications with A.N. compared to N.D. highlights the evolution of his special relationship with A.N. from March 16, 2020 to April 22, 2020 - to the point of appearing preoccupied with maintaining communication with A.N. throughout Saturday and Sunday, April 18 and 19, 2020.

Accordingly, the record established Respondent engaged in the conduct unbecoming, with the exception of "grooming" as expressed in Charges Number One, Two and Four.

Do the tenure charges warrant dismissal or a lesser discipline?

Andrew Lota, prior to the 2019-2020 school year, served both the District and his students in performing the duties of a middle school math teacher for twelve (12) years. Seeking a lesser discipline than dismissal, Respondent's counsel requested this arbitrator consider mitigating factors such as his exemplary background, willingness to submit to corrective action

and lack of malicious intent.[10]

The record review, however, does not support mitigation. Throughout the hearing, Lota refused to concede his conduct violated any District Polices. On direct examination, Respondent articulated contrition, expressing his conduct would not be repeated. However, on cross-examination, Lota was argumentative; he denied his conduct was inappropriate, even announcing he would send the same emails again:

> "Q. We talked about this a few minutes ago with some of the e-mails that we went over. You made the decision to use those terms of endearment with AN; correct?
> A. Yes, sir.
> Q. And you would agree with me you could have used other terms, words, or phrases if you truly wanted to be supportive or encouraging to AN; correct?
> A. Yes, I could always -- anybody could always use other terms or words.
> Q. And again, those e-mails that we reviewed during the course of the case so far, you made the decision to send those e-mails to AN; right?
> A. Of course I did. And would again.
> Q. And you would again? Okay.[11] (T1310/6 to 23)
> ...

(T1311 to 1312)

> Q. Okay. And you testified that you called AN "beautiful" because she was cute; right?
> A. No.
> Q. No.? And during the course of your direct testimony you testified, at least according to my notes, that quote, unquote, "This will never happen again." Do you remember that testimony?
> A. I have no idea what you're talking about.
> Q. No?
> Okay. All right.
> You agree that your e-mails and your electronic communications you had with AN from an objective standpoint looked really bad; correct?

---

[10] In addition to traditional mitigating factors,, the undersigned considered the commencement of the Pandemic as a mitigating factor. During March to late April, normal life ceased - replaced by a fog of anxiety for the unknown, concern for our health and the health of our loved ones. (Before it was understood Covid 19 was transmitted through the air - not likely from touching surfaces, fomites.)

[11] The words of endearment included beautiful, love and dear. Lota ,on cross, testified using terms of endearment "absolutely" has educational value. (T1347/11 to 1349/23)

I believe those were your words.

A. I don't believe those are my words.

Q. Okay.

A. From us. I probably said cynical or cynic's viewpoint they look bad." (T1312/21 to 1312/15)

...

Q. Mr. Lota, you're being argumentative, and I'm not looking to be argumentative back with you. I'm just asking you if you remember your testimony where you said the electronic communications made you look horrible?

A. I don't remember that, no.

Q. Okay. All right.
And you would agree with me that the electronic communications you had with AN, from an objective standpoint, looks like you were trying to establish a personal relationship with her; correct?

A. No.

Q. During your attorney's opening statements your attorney said some of your e-mails were not smart. Do you agree with that statement?

A. I would have said naive, but, yes.

Q. Yes what? You agree with your attorney's statement that some of your e-mails were, quote, unquote, "not smart"?

A. They were not smart to send from a point of view where people looking at it that think the worse would misconstrue them. That's what I agree with.

Q. Okay. So what you're saying is that you agree that they weren't smart because of how they may be viewed objectively by district –

A. Not objectively, cynically." (T1313/1 to 1314/7)

It is clear; Mr. Lota's conduct is a clear egregious violation of *District Policy 3281 - Inappropriate Staff Conduct* and *District Policy 3283 - Electronic Communications between Teaching Staff Members and Students*. Therein, the Board recognized school staff members hold the public's trust and confidence to protect the well being of all students to the highest level of professional responsibility.

A review of this record, in its entirety, did not disclose any attestation of Respondent's willingness to submit to corrective action. His conduct has broken the level of trust the District expects to rely upon for a teacher to perform his requisite duties. In light of Lota's failure to

recognize his conduct with A.N. was inappropriate, it remains a likelihood this behavior, upon reinstatement, could reoccur.

AWARD

The Charges are ***sustained***, in part, and ***denied***, in part. The Dover School District, Morris County, has established Andrew Lota engaged in actions expressed in Tenure Charges One, Two, and Four, *Conduct Unbecoming a Teaching Staff Member*.

There is insufficient evidence in this record to support discipline less than dismissal. Accordingly, Andrew Lota engaged in conduct unbecoming, constituting just cause for dismissal.

STATE OF NEW JERSEY DEPARTMENT OF EDUCATION

In the Matter of Tenure Charges Against Yesenia Camilo

WEST NEW YORK SCHOOL DISTRICT

Petitioner,

- and -

YESENIA CAMILO,

Ms. Camilo.

Agency Dkt No.
189-9/20

OPINION AND AWARD

Before
Joyce M. Klein
Arbitrator

Appearances:

For the Petitioner:
Jaclyn D'Arminio, Esq.
Florio Perrucci Steinhardt
Cappelli Tipton & Taylor, LLC

For Ms. Camilo:
James R. Zazzali, Jr., Esq.
Zazzali, Fagella, Nowak,
Kleinbaum & Friedman

Pursuant to *N.J.S.A.* 18A:6-16, as amended by *P.L. 2012*, c. 26 ("TEACHNJ"), the tenure charges brought by the West New York School District (the "Board" or "Petitioner") against Yesenia Camilo ("Camilo" or "Ms. Camilo") were referred to me by the Director of the Bureau of Controversies and Disputes, Department of Education, for a hearing and decision on September 24, 2020.

A pre-hearing conference was held via videoconference on November 5, 2020. Thereafter, several hearing dates were scheduled and subsequently cancelled due to Ms. Camilo and other members of her family being diagnosed with, and needing to recover from, COVID-19. This delay led to disputes over whether the hearing should be in person or via videoconference. On December

30, 2020, I ruled that Ms. Camilo's "procedural due process rights are not compromised by a virtual or remote hearing" and returned her to payroll on January 1, 2021 provided that she was prepared to proceed to a hearing via videoconference. On February 8, 2021, the parties met to commence the hearing, but only procedural matters were addressed. I conducted hearings via videoconference on March 19 and 25, 2021.

At the hearings, the parties argued orally, examined and cross-examined witnesses, and introduced documentary evidence into the record. Testimony was received from Principal Patrick Gagliardi; Assistant Superintendent of Administrative Services Scott Wohlrab; Assistant Principal Renee Theobald-Rodriguez (Rodriguez); Director of Special Education Services Allan Roth; Special Education District Supervisor Yoleisy Yanez and Respondent Yesenia Camilo.

Post-hearing briefs were received by May 7, 2021, whereupon the record was closed.

RELEVANT BOARD OF EDUCATION POLICIES

Relevant portions of the Board's Policies are reproduced below:

3150 - DISCIPLINE

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; a date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

District Policy 3161 – EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any teaching staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any teaching staff member whose physical or mental conditions so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons provided any such hearing is requested in writing within five working days of the receipt of the notice.

The Director of Human Resources, with reasonable cause may require a staff member to go for a fitness for duty physical examination by a Board approved physician to determine the staff member's ability to perform his/her duties.

This examination shall be at the expense of the school district and the results shall be confidential and only provided to the Director of Human Resources and/or designee.

* * *

. . . The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the teaching staff member.

* * *

If the results of the examination show mental abnormality or communicable disease, the teaching staff member shall be placed on sick leave and compensated in accordance with his/her sick leave entitlement, if any, until proof of recovery, satisfactory to the Board, is furnished. No leave of absence granted under this policy shall

exceed the term of the contract of a nontenured teaching staff member or a period of two years in the case of a tenured teaching staff member.

A teaching staff member who refuses to submit to the examination required by the Board and has exhausted the hearing procedures established by law and this policy shall be subject to discipline, which may include the certification of tenure charges to the Commissioner of Education.

District Policy 3270 – PROFESSIONAL RESPONSIBILITIES

The Board of Education will establish and enforce rules for the assignment of specific duties to teaching staff members and for the conduct of teaching staff members during the work day.

The Board directs the Superintendent to require the preparation of lesson plans by each teacher that implement the goals and objectives of the educational program. . ..

The Superintendent shall apply uniformly throughout the district, except as may otherwise be provided in this policy, the following additional rules for teaching staff member conduct:

* * *

2. Teaching staff members are expected to attend every faculty meeting unless expressly excused by the Building Principal:

* * *

District Policy 3280 – LIABILITY FOR PUPIL WELFARE

Teaching staff members are responsible for supervision of pupils and must discharge that responsibility with the highest levels of care and prudent conduct. All teaching staff members of this district shall be governed by the following rules in order to protect the well-being of pupils and to avoid any assignment of liability to this Board of Education or to a staff member personally in the event a pupil injured.

The Superintendent shall prepare such regulations as may be required to enforce the following rules:

1. Each teaching staff member must maintain a standard of care for supervision, control, and protection of pupils commensurate with the member's assigned duties and responsibilities;

District Policy 3281 – INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all pupils within this school district. Furthermore, the Boar recognizes there exists a professional responsibility for all school staff to protect a pupil's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all pupils attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all pupils. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

CHARGES

The West New York Board of Education brought charges against Yesenia Camilo on September 2, 2020 alleging that she engaged in conduct unbecoming a teaching staff member, incapacity, insubordination and other just cause. Those charges state:

CHARGE I

CONDUCT UNBECOMING A TEACHING STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING MS. CAMILO'S INAPPROPRIATE CONDUCT AND FAILURE TO COMPLY WITH BOARD POLICIES

Count 1

On September 4, 2019, Ms. Camilo arrived for a professional development day at 9:20AM, this was twenty (20) minutes after the start of the program. Also on this date, Ms. Camilo was observed smoking on school property after the second session of the professional development program began. Finally, when questioned about smoking during the program, Ms. Camilo said, "cono," threw her cigarette on the ground and walked inside the school building.

Count 2

On September 5, 2019, Ms. Camilo failed to attend a faculty meeting. An administrator called her classroom, after which she attended this meeting.

Count 3

On September 10, 2019, Ms. Camilo announced during CPT that she was leaving, walked out of the school building without permission or signing out, and later told administrators that she left to meet her father outside. After being questioned, Ms. Camilo demanded that her team members tell her who "ratted her out."

Count 4

On September 11, 2019, during a meeting about her actions on the previous day, Ms. Camilo stated to administration that she was late for the meeting because she got lost coming down the stairs and because she thought it was her preparation period.

With regard to her actions in leaving the CPT meeting on September 10, 2019, Ms. Camilo stated that she did not want to walk to the main office to sign out and that she did not say "boo" to her team when she returned to CPT.

Count 5

On September 12, 2019, Ms. Camilo called Assistant Principal Renee Theobald-Rodriguez's ("Ms. Theobald-Rodriguez") cellphone to request a personal day at 7:58AM. Ms. Camilo should have called at least one hour prior and the request should have been entered in the Board's attendance application, Frontline.

Count 6

On September 13, 2019, Yoleisy Yanez ("Ms. Yanez") greeted Ms. Camilo, who asked who would be evaluating her. When Ms. Yanez replied that she would be doing the evaluation, Ms. Camilo replied, "I knew you were here to get me in trouble."

Count 7

On September 16, 2019, Principal Patrick Gagliardi ("Principal Gagliardi") had to look for Ms. Camilo as she did not report to CPT. When he found her, she rambled about trying to reach another teacher and getting confused about her lunch period.

Count 8

On October 3, 2019, Ms. Camilo was found outside Ms. Theobald-Rodriguez's office ranting about a "huge animal" in the corner. The "animal" was a small cricket. Ms. Camilo's behavior was erratic and disturbing.

Count 9

On or about October 4, 2019, Ms. Camilo told a parent during an Individualized Education Program ("IERP") meeting that she uses food to bribe the student to complete tasks, in contravention of the IEP.

Count 10

On or about October 18, 2019, it was discovered that Ms. Camilo removed $10.00 from an envelope containing student money collected for a class field trip. On the envelope, Ms. Camilo left a note stating, "From the kids money, I took $10 for food – 10-04-19. YCamilo."

CHARGE II

CONDUCT UNBECOMING, NEGLECT AND INCAPACITY REGARDING MS. CAMILO'S INAPPROPRIATE CLASSROOM CONDUCT

Count 1

On September 11, 2019, during a walkthrough of her classroom, Ms. Camilo was observed standing in a daze with a cleaning spray and rag. She was heard mumbling and standing still. She then uttered something to the paraprofessional in her classroom, and Mr. Diaz started the day's lesson.

Count 2

On September 16, 2019, Ms. Camilo left her classroom two (2) minutes prior to the final bell, leaving her paraprofessional to dismiss her class. Upon questioning, Ms. Camilo stated that she stayed until the end of the day and dismissed her class. Upon being informed that security recordings proved that she walked out early, Ms. Camilo stated that she heard the bell and that's why she left the room. When Principal Gagliardi explained that the bell did not ring until two (2) minutes after Ms. Camilo left the room, she initially stated that the hallway was full of people, so she thought the day was over. Upon being informed that security cameras recorded her as the only person in the hallway at the time, Ms. Camilo

replied, "Write me up. What do you want me to say? What do you want me to do?"

Count 3

On September 17, 2019, Ms. Yanez entered Ms. Camilo's classroom after second period had begun and observed that there was no instruction taking place. Ms. Camilo was seated at her desk, appearing ill and told Ms. Yanez to give her a zero. Soon after making this statement, Ms. Camilo got up from her desk and began teaching her class.

Count 4

On October 4, 2019, Ms. Yanez visited Ms. Camilo's classroom to remind her that another teacher planned a lesson to model in her classroom the following Monday. The students in Ms. Camilo's classroom were all on Chromebooks. Some students were listening to music, some were looking at a website with images of the character "Momo." Ms. Camilo was on her cellphone, oblivious to what was occurring in her classroom. Upon speaking with the students, Ms. Yanez determined that most, if not all, of the students were not involved in any instructional activity. After observing for a period of approximately five (5) minutes, Ms. Yanez approached Ms. Camilo, who screamed and threw a pencil, as she had no idea that Ms. Yanez was in her classroom.

Count 5

From the beginning of the 2019-2020 school year until her removal from the classroom, in or about October 16, 2019, Ms. Camilo failed to set up a gradebook in PowerSchool, despite a policy requiring teachers to enter student assignments and grades within seven (7) days of their assignment. Further, Ms. Camilo's gradebook was empty and she failed to enter comments for any students by the deadline for progress reports. Upon questioning, Ms. Camilo stated that she was overwhelmed. Ms. Camilo did not ask for help. Additionally, Ms. Camilo stated that she kept all grades recorded in a paper gradebook and was corresponding with parents. Despite this claim, Ms. Camilo failed to provide any gradebook or correspondence with parents.

CHARGE III

INSUBORDINATION AND CONDUCT UNBECOMING FOR FAILURE TO FOLLOW DIRECTIVES

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Yesenia Camilo has engaged

in unbecoming conduct including misconduct, dishonesty, insubordination and other just cause by her acts and omissions relative to his employment by the Board. These acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal due to conduct unbecoming and insubordination.

Count 1

On October 16, 2019, the Board approved a resolution directing Ms. Camilo to submit herself to a Fitness for Duty Examination. On the same date, Ms. Camilo was informed via memorandum from Allan Roth, Esq. of the requirement that she submit to a Fitness for Duty examination. Despite the Board making every effort to assist Ms. Camilo, including arranging for her transportation, Ms. Camilo failed to attend at least two (2) scheduled meetings with the Board assigned psychologist.

To date, Ms. Camilo has failed to submit to same, nor has she initiated an appeal of the directive.

CHARGE IV

CONDUCT UNBECOMING A STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING MS. CAMILO'S CONDUCT

The foregoing background information, common to all charges, and the facts alleged therein, are incorporated by reference as if fully set forth herein.

Each of the foregoing charges and counts individually warrant dismissal. Viewed in their totality within the context of the Ms. Camilo's behavior, it is evident that she engaged in a petter of unbecoming conduct, neglect of duty, incapacity and insubordination or other just cause, warranting dismissal. The allegations, jointly and severally, demonstrate her unfitness to continue to serve in a position of trust, warranting her immediate dismissal.

BACKGROUND

Ms. Camilo has been employed as a teacher in the West New York School District since June 18, 2003. Ms. Camilo holds and maintains certificates as a teacher of English as a Second Language, Teacher of the Deaf or Hard of Hearing, Teacher of the Handicapped and Elementary School Teacher. Ms. Camilo enjoyed a record as a teacher in good standing for the first 16 years of her career where she served as a special education teacher at PS-2, an elementary school in the Early Childhood Program in the West New York Public School District ("District"). There, Ms. Camilo worked with young children aged

2 1/2 – 4 years old. Ms. Camilo had a clean record and received generally good evaluations.

In May of 2019, Ms. Camilo learned that she was transferred to a position at the West New York Middle School ("Middle School"). Ms. Camilo was concerned about the transfer and suspected that it was related to local politics. That she was being transferred to a position so different from her previous grade and age level, Pre-K resource teacher to Seventh/Eight Grade Special Education) and to a larger school, concerned Ms. Camilo. She testified that, before she started at the Middle School, she reached out to Principal Patrick Gagliardi for information and/or assistance but received no reply. Mr. Gagliardi stated that the Middle School has no orientation for teachers who transfer from within the District. Mr. Gagliardi was not aware of the age of the students Ms. Camilo taught at her prior school. Mr. Gagliardi testified that Ms. Camilo told him "they should never have transferred me here."

On the first day of school, which was a professional development day for teachers, Mr. Gagliardi was in the cafeteria corralling teachers to attend the professional development, when he saw Ms. Camilo, outside of the school building by the front doors. According to Mr. Gagliardi, she was about 20 minutes late and was smoking on school grounds where smoking is not permitted. No other staff member who was late to professional development was counseled.

Mr. Gagliardi explained that if staff members wish to smoke, they must either cross the street, away from the main entrance, or go to a designated area in the back end of the garage. He also indicated that there are signs that indicate that there is no smoking on the premises that are posted on the entrances to the school building and near where Ms. Camilo was smoking. Ms. Camilo's response to Mr. Gagliardi's finding her smoking outside of the school was to say "conyo" or "damn," and throw her cigarette on the ground.

Ms. Camilo acknowledged smoking, but testified that she did not believe she was on school property, that she was a good distance from the entrance of the school, and that she was with a group of school employees, who were smoking as well. Ms. Camilo also stated that she did not yell or curse at Mr. Gagliardi. She cursed to express her surprise after Mr. Gagliardi yelled at her in front of the other staff members. Mr. Gagliardi testified initially that he could not recall whether Ms. Camilo was alone or in a group, but later testified that others were late. According to Mr. Gagliardi, he told only Ms. Camilo to put out her cigarette. Mr. Gagliardi agreed with Ms. Camilo's testimony her cursing was not directed at him and he understood her expression to mean "damn." A 'no-smoking on school premises policy' was announced to staff in the past, but Mr. Gagliardi acknowledged that it was Ms. Camilo's first day, and that the 'no smoking' signs do not delineate where school property starts or ends.

The next day, on September 5, 2019, Mr. Gagliardi noted that Ms. Camilo was late to the first faculty meeting. Mr. Gagliardi viewed the faculty meeting as important because it covered many of the school's protocols and the administrators' expectations. Assistant Principal Renee Theobald Rodriguez (Rodriguez) explained faculty members were notified of the meeting via email. She testified that the only way Ms. Camilo "would have not been made aware [was] if she did not read her email or check the schedule that had been posted in the main office." Ms. Camilo was in her classroom and was called to attend the meeting nearly 20 minutes into the program.

Ms. Camilo acknowledged that she was late to the September 5, 2019 faculty meeting. She explained that she lost track of time setting up her new classroom and that she had expected, based upon her previous school, a PA announcement, for a faculty meeting. Ms. Camilo went to the faculty meeting immediately upon receiving a call from Ms. Rodriguez. Ms. Rodriguez testified that Ms. Camilo apologized for being late; stated that she did not realize she was late and "did come down rather quickly." Mr. Gagliardi confirmed that Ms. Camilo was late, but did attend the meeting.

Five days later, on September 10, 2019, Ms. Camilo was in the middle of her common planning time ("CPT") and told her team that she was hungry and left. According to Mr. Gagliardi, the only time a teacher is permitted to leave a building without permission is during their duty-free lunch, otherwise they are required to sign out in the logbook, even if they step out momentarily. Mr. Gagliardi explained that in the event of an emergency the administration needs to know who is the building.

Neither Mr. Gagliardi nor Ms. Rodriguez saw Ms. Camilo leave the building. Another faculty member, who was in the CPT, told Ms. Rodriguez that Ms. Camilo left to get something to eat. The faculty member reported to Ms. Rodriguez that when Ms. Camilo returned to the CPT she asked "who ratted me out."

Ms. Camilo testified that she had arrived early to that CPT and then left, telling another teacher that she was hungry and had to "go grab a bag" from her father. Ms. Camilo met her father at the entrance to the building and took a bag with supplies and her lunch from him. Ms. Camilo realized later that it took longer than she expected and was not a good idea. Ms. Camilo testified that she did not believe that she would have to sign out under the circumstances.

Mr. Gagliardi and Ms. Rodriguez met with Ms. Camilo on September 11 to discuss her leaving the CPT early on September 10. Ms. Rodriguez reminded Ms. Camilo that if a staff member needs to leave the building, they need to seek permission and sign out. Ms. Rodriguez recalled Ms. Camilo stating that "she had to get something from her father who was right outside the school" and that Ms.

Camilo explained that she had to meet her father to pick up a broom to clean her classroom.

Mr. Gagliardi testified that Ms. Camilo told him that she had left the meeting to meet her father, and that she did not go to the main office to sign out. At hearing, Mr. Gagliardi testified that Ms. Camilo did not sign out because she did not want to talk to people in the office. When Mr. Gagliardi issued a counseling notice on September 18, 2019, he described the incident as follows:

> 9/10/19 During CPT you announced to the team that you were hungry and that you were leaving. You then walked out of the building without permission and without signing out in the staff log book. It was also reported that upon your return to CPT you asked the team "who ratted you out?"
>
> 9/11/19 Met with you regarding the 9/10/19 walking out issue. You had multiple excuses for why you walked out of the building without permission, including that you got lost coming down the stairs, that you thought it was your prep, that you didn't want to walk that far to the main office to sign the book. When I inquired as to what you said to the team when you returned to CPT, you said that you "didn't say boo to anyone".

On September 11, 2019, Mr. Gagliardi was performing a walk through and went into Ms. Camilo's classroom, he found her standing in an apparent daze, holding cleaning supplies. Mr. Gagliardi "tried to get her attention and she didn't even recognize that [he] was there." Her students, he testified, "were doing absolutely nothing." Mr. Gagliardi noted that Ms. Camilo did not react to his presence in the room but Mr. Diaz, the paraprofessional began handing out worksheets and beginning the day's lesson approximately five to seven minutes into the start of class time. Ms. Camilo testified that she was about to clean a student's desk and she was expecting Mr. Gagliardi to speak first.

The next day, on September 12, 2019, at 7:58 a.m., Ms. Camilo called Ms. Rodriguez on her personal cellphone asking to use a personal day. This request was after the 7:00 a.m. deadline for reporting absences and the requested absence was not reported via Frontline, the Board's attendance application. The procedure for reporting absences was reviewed at the initial faculty meeting and is outlined in the Board Policy. Ms. Camilo explained that she was unable to request the absence properly because she had internet connectivity issues and could not access Frontline. She testified that she could not get through on the backup phone number.

On September 13, 2019, Special Education District Supervisor Yoleisy Yanez testified that she stopped in to greet Ms. Camilo in her classroom. Ms.

Yanez said it was a routine visit not a formal walkthrough, and that she was visiting all of the Middle School special education teachers that day. Ms. Yanez recalled that Ms. Camilo inquired who her evaluators would be. When Ms. Yanez told her she was one of her evaluators, Ms. Camilo stated that she knew Ms. Yanez would get her in trouble and that she had been informed of this by "some people in higher positions." Ms. Yanez testified that Ms. Camilo continued by attempting to discuss her medical issues. Ms. Yanez ended that discussion because there were students in the classroom.

Three days later, on September 16, 2019, Ms. Camilo was late to her CPT. Mr. Gagliardi explained that missing CPT was concerning, especially for special education disciplines. Fifteen minutes into the period, Mr. Gagliardi found her wandering the halls, rambling about trying to reach another teacher and being confused about her lunch period. Mr. Gagliardi noted that this incident increased his concern regarding Ms. Camilo's state of mind. Mr. Gagliardi summarized this incident in his September 18, 2019 counseling memo as follows:

> 9/16/19 Late for CPT. All CPTs on 9/16/19 were scheduled as high priority since the Middle School 504 Coordinator was leading a training for all teams. You were not in attendance at the CPT. In fact, 15 minutes after the CPT began, I went to look for you. I found you walking in the hallway. When I inquired as to your whereabouts, you stated that you were trying to call Ms. Winters and then asked me if she was on vacation. You also mentioned that you lost track of time after the lunch period.

Later that same day, Ms. Camilo left her classroom two minutes before the final bell, leaving her paraprofessional to dismiss her class. Mr. Gagliardi explained that this violated Board Policy. He acknowledged that there are incidents where a paraprofessional may be left in control of a classroom, but a certified teacher was not to leave her classroom without the proper authority and ensuring adequate coverage. Mr. Gagliardi explained further, "she doesn't have the authority to leave the classroom with those kids attended only by a paraprofessional. It's not a certified staff member." Assistant Superintendent of Administrative Services Scott Wohlrab confirmed that paraprofessionals are left in charge of classes when a teacher needs to use the restroom. According to Mr. Gagliardi, someone reported that Ms. Camilo left early, and he viewed the security footage to verify it.

According to Mr. Gagliardi, the next day Ms. Camilo first claimed she had stayed until the end of the day to dismiss her class. When informed that security footage showed otherwise, she indicated that thought she had heard the bell, and that the hallway had been full of people. When again advised that the hallway had been empty, save for her, Ms. Camilo's only response was "Write me up. What do you want me to say? What do you want me to do?" At hearing, Ms. Camilo clarified

that the sounds of students preparing to leave made her think she heard the bell and that she needed to use the restroom.

On September 17, 2019, Ms. Yanez again visited Ms. Camilo's classroom, this time for a formal walk-through. Ms. Yanez entered the classroom about ten minutes after the start of class and found Ms. Camilo seated in front of her classroom, looking "either sick or upset." No instruction was taking place. Ms. Yanez asked if Ms. Camilo was feeling all right and she responded, "Who sent you? Why did they send you here?" After explaining she was conducting walkthroughs, Ms. Yanez prompted Ms. Camilo to begin her lesson and she replied, "give me a zero." After further prompting Ms. Camilo begin to instruct her students. This interaction was concerning enough for Ms. Yanez to write to Mr. Cardenas in the Board's Human Resources office at the time, regarding her interactions with Ms. Camilo documenting both the September 13th and the September 17th events.

That letter described this incident as follows:

> Around 10 minutes after the second period started, I entered the classroom (Room 322). The students were quietly seated. I did not observe any type of instruction taking place. The teacher was seated at her desk as well, appearing to be very upset or ill. I asked her if she was feeling sick. She responded by questioning the reason why I was there. She also asked, "Why did they send you"? My response was that I was conducting walkthroughs, to which Camilo also added, "You can give me a zero".
>
> I reiterated to the teacher that I was conducting other walkthroughs and that at that point, I needed to observe her working with the class. She finally decided to get up from her seat and to introduce me to her students. She stated: "This my friend Mrs. Yanez...." Then, Mrs. Camilo asked her paraprofessional to hand out copies of the Reading Fluency packet, which consisted of a song, "Seasons of Love", printed on paper. The paraprofessional shared a copy with me.
>
> The first class activity consisted of having the students take turns to read on verse form the song. The following activity was a whole class choral reading. The teacher asked the paraprofessional to time them. All the students and the teacher read the song in unison. The teacher expressed how happy she was feeling because her students were doing much better with their reading fluency. She explained that they had done the same activity the day before, as an opportunity for them to be exposed to the same words again.

On October 3, 2019, Ms. Rodriguez was at her desk when she noticed Ms. Camilo in the hallway waving her arms in apparent distress. When she went to determine the cause, she found Ms. Camilo screaming about a "huge animal." Thinking that a squirrel or raccoon may have entered the school building, Ms. Rodriguez rushed to investigate. What she found was a cricket, which she promptly stepped on. Ms. Rodriguez characterized Ms. Camilo's behavior as "bizarre" and that she found it necessary to calm her because "she seemed fearful that she saw a huge animal." Ms. Rodriguez testified that she discussed the incident with Mr. Gagliardi and reached out to Human Resources.

According to Ms. Camilo, she was not waving her hands, but alerting Ms. Rodriguez that there was a large bug or cockroach in the hallway that might need attention before the students see it and react. Ms. Camilo explained that she was telling Ms. Diaz where the bug was in Spanish. Ms. Camilo said she had her purse in her hands and did not wave her arms. Ms. Camilo testified that she may have referred to the bug as "big cucaracha," but not as a "huge animal."

On October 4, 2019, Ms. Yanez made another unannounced visit to Ms. Camilo's classroom unannounced. When she entered, the students in Ms. Camilo's classroom were all on Chromebooks and were not engaged in instruction. One student was viewing a website with images of the character "Momo." Ms. Yanez testified "Momo" is "highly inappropriate" for school and is associated with suicidal tendencies. Ms. Yanez instructed the student to close the website. During this time, Ms. Camilo was speaking with someone on her cellphone and appeared unaware of what was occurring in her classroom. After observing for a period of approximately five (5) minutes, Ms. Yanez approached Ms. Camilo, who screamed in surprise, opened her arms, and threw a pencil. Ms. Yanez recorded her observations in another letter as follows:

> On Friday October 4, 2019, after a meeting with the CST and the teachers from House 4, I visited Mrs. Camilo's classroom. I wanted to remind her that Mr. Jimenez had planned a lesson to model in her class for Monday, and that I was going to be a part of it. It was 9th period, around 2:30 pm.
>
> The students were all in their Chromebooks, some listening to music. A couple of students were on a website with pictures of the character "Momo". One of them had the face of the character drawn on a piece of paper. I asked him to logout because the content was completely inappropriate for school. While all this was happening, Mrs. Camilo was on the phone, apparently unaware of what was going on.
>
> I continued speaking with the students on individual basis, finding out that many of them were not involved in any type of instructional

> activity. Around five minutes later, I approached Mrs. Camilo and her reaction was to scream. As she opened her arms due to the surprise, the pencil she had in one of her hands flew across the room. She appeared terrified when she saw me, stating that she had not seen me entering the room.

Also on October 4, 2019, Ms. Camilo took money from a collection envelope containing students' contributions towards an upcoming field trip and left an IOU. According to Mr. Gagliardi, there are no circumstances where a teacher can use student funds and it was a violation of the school's policy and protocol. Ms. Camilo stated her intent to return the funds, and did so. Ms. Camilo explained that she used the funds to purchase snacks for her students as an achievement incentive. She also explained that some of her special education students took medications that suppress their appetite, so she gave them food for snack when they were hungry. Ms. Camilo explained that there was no budget for snacks for middle grades so she used her own money to purchase food for her students. Ms. Camilo paid the $10.00 back.

On October 8, 2019, Mr. Gagliardi became aware that Ms. Camilo had failed to set up or update her PowerSchool. According to Mr. Gagliardi, she should have set-up PowerSchool when she received her roster of students and updated it regularly to reflect the current progress of her students. Ms. Camilo's gradebooks were empty.

When Mr. Gagliardi met with Ms. Camilo, she stated she was unfamiliar with PowerSchool but had kept all her grades recorded in a paper gradebook. Ms. Camilo never provided a gradebook. Instead, she provided stacks of assignments completed by her students. An examination of these assignments showed that all of them were marked with an "A" even though many were substantially incomplete. Ms. Rodriguez described the work as "juvenile", even when taking into consideration the students' classification as learning disabled.

Mr. Gagliardi issued a letter of reprimand to Ms. Camilo that same day. That letter provides in part"

> In conversation with you regarding these concerns, you expressed being unfamiliar with the "system". You stated you haven't used PowerSchool in over nine years. You said, "That's why I told them not to transfer me here." You stated that there was too much paperwork & that you are overwhelmed in this current position. You also stated that, although unfamiliar and overwhelmed, you have not asked one of your three supervisors nor one of your three administrators for assistance with these matters.

> Furthermore, you also stated that you have grades for all of your students and that you keep them recorded in a paper gradebook. You stated that although parents are unable to view their children's grades online, you have been in correspondence with the parents through email and written messages and are aware of their children's grades.
>
> When asked to produce your written gradebook and the electronic and/or written correspondence with parents, you were unable to produce anything. On the contrary, you shared piles of worksheets to "prove" your students were working. Once your supervisor and administrators reviewed the worksheets, it was apparent that "grades" were falsified in an attempt to satisfy the administration and that there has not been any feedback to students or parents as to their assignments, performance, grades, progress or lack thereof.
>
> I find it very disturbing and in direct violation of policies, procedures & directives that you do not have any student records documented for the school year. Moreover your attempt to deceive the administration in an apparent coverup of your own negligence is unprofessional.
>
> If you continue to violate policies, procedures or directives, you may be subject to disciplinary action up to and including termination.

Mr. Gagliardi acknowledged that no parent of any of Ms. Camilo's students complained about the lack of PowerSchool information or progress reports. Mr. Gagliardi also acknowledged that the Middle School never received any complaints from students' parents regarding Ms. Camilo in any other fashion.

Ms. Camilo confirmed that that she had not set up a PowerSchool account by October 8, 2019 and acknowledges that she should have done so. Ms. Camilo explained that she had not used PowerSchool since 2013, and had not, in fact, been responsible for entering grades because she had been teaching Pre-K since 2013.

Ms. Camilo testified that she believed that she was teaching her students and that they were learning. Ms. Camilo stated that she realized that she did not have the paper gradebook because it was at home. So, to represent her work and the students' progress, Ms. Camilo produced the student packets/worksheets. Ms. Camilo acknowledged that she added grades and/or comments to the paperwork while she was upstairs because she had three new students added into the class and wanted to demonstrate her work and the work of her students in lieu of the paper grade book. Ms. Camilo explained that she used an unorthodox method of reducing stressors and incentivizing her students with a grade "A" starting point.

A version of the grades also was displayed on the whiteboard in her classroom. Ms. Camilo explained that the "A" has to be maintained, and is not automatic. Ms. Camilo testified that she did not intend to falsify any documents, or to deceive Mr. Gagliardi or Ms. Rodriguez, and that her production of those notes and paperwork was to give them reassurance that she was working hard and her special education students were reading and making progress.

Ms. Camilo explained that she had just completed parent/teacher conferences the week before and communicated and shared student progress with the parents at that time. According to Ms. Camilo, many parents thanked her and expressed their happiness that their children were more eager to do their homework and showing a greater interest in reading. Ms. Camilo did not request training or assistance with PowerSchool.

After finding Ms. Camilo's empty grade book, Mr. Gagliardi discussed Ms. Camilo's erratic behavior with Allan Roth, the Administrative Assistant to the Director of Special Services, including the incident where she was found staring off into space, and the incident on October 4th where she expressed evident fear of a large animal that turned out to be a cricket. Mr. Roth brought the matter to the attention of the Superintendent who recommended to the Board that it order an "Examination for Cause" or a Fitness For Duty examination. Mr. Roth drafted notice to Ms. Camilo that the Board would consider ordering an Examination for Cause and inviting her to appear. Ms. Camilo was not present. Mr. Roth had also provided notice to the Association.

At the October 16, 2019 meeting, the Board issued a resolution directing Ms. Camilo to submit to an Examination for Cause. Mr. Roth testified that he then drafted a memorandum to Ms. Camilo advising her of the determination and arranging a date scheduling the examination for some time between October 16, 2019 and October 28, 2019. Mr. Roth testified that the original letter had been written over and he was unsure of the event date. Mr. Roth noted that the letter was sent via regular and certified mail, and that it was not returned to him. Ms. Camilo testified that she did not receive the letter but when she saw it, after Tenure Charges were filed, her address was incorrect.

Mr. Roth acknowledged that he cannot prove that she received the letter and that Ms. Camilo's attorney told him she did not receive the letter. Mr. Roth acknowledged that attorneys for Ms. Camilo told him that his first notice of a Fitness for Duty examination was not received by Ms. Camilo. He arranged for a second appointment on October 28, 2019. Mr. Roth testified that he was advised by both the doctor selected to perform the exam, as well as Ms. Camilo's then attorney, Mr. Krumholz, that Ms. Camilo attempted to attend the second appointment, but was late. Thereafter, Mr. Roth tried to arrange two more exams for Ms. Camilo. The first in mid-December, and the second on or about January 3rd. Mr. Roth testified that the first exam did not go forward due to a

miscommunication with Ms. Camilo's attorney's office. The second did not go forward because of a miscommunication with the doctor's office. Mr. Roth recognized that Ms. Camilo appeared for the January 3, 2019 appointment, but was unable to be seen at that time. Ms. Camilo waited and begged the doctor to complete the examination but that was not possible.

Mr. Roth scheduled a final fitness for duty examination for Ms. Camilo on January 23, 2020. Mr. Roth testified he sent a letter to Ms. Camilo, at her proper address, and copied both her attorney and the examining doctor. When he was notified by the doctor that Ms. Camilo had not attended this examination, Mr. Roth immediately contacted Ms. Camilo's attorney, who did not dispute that she had not appeared or advise that his client had appeared at the examination for cause. According to Mr. Roth, Ms. Camilo's attorney did not provide an excuse for her failing to attend the January 23, 2020 appointment. At hearing, Ms. Camilo claimed that she did not receive notice of that appointment. At this point, the Board did not offer additional dates for the Examination for Cause.

Ms. Camilo asserts that the focus on her was politically motivated. She explained that in the last round of elections she was working for a ticket opposite Mr. Gagliardi and Ms. Yanez. She asserts that this was the reason for her transfer to the Middle School, that she was being sent there to be "taken out," describing Mr. Gagliardi as a "hitman." Ms. Camilo acknowledges that she did not interact with Mr. Gagliardi during the campaign. Ms. Camilo testified that she believed Ms. Yanez was aware of her campaign work, but their few inactions were nonconfrontational.

Ms. Camilo testified that she voiced those concerns to her previous supervisor Joanne Winters, but Ms. Winters offered no assistance. Ms. Camilo also voiced her transfer concerns to Ms. Rodriguez. Ms. Rodriguez confirmed that Ms. Camilo was "very concerned" about her transfer, but she felt it was only about Mr. Gagliardi being a "rule follower," and stated that she offered her support to Ms. Camilo. Ms. Rodriguez acknowledged that she and Mr. Gagliardi had known Ms. Camilo for years. Ms. Camilo testified that she spoke to Ms. Rodriguez in detail of her concerns, including those regarding Mr. Gagliardi and Ms. Yanez, and that the transfer was potentially an effort to "get rid of (her)."

Ms. Camilo testified that she was "overwhelmed" in those first five weeks in the Middle School and she had told Ms. Rodriguez and Mr. Gagliardi. She also testified that she asked for help and support but received no answer to these requests. At hearing, Ms. Camilo acknowledged her own responsibility for those first weeks and believes she could have handled the situation better.

Mr. Gagliardi testified that he did not believe that Ms. Camilo "should lose her job for the behaviors (he) witnessed." He testified to his understanding that

Ms. Camilo's "(tenure) charges were brought about for incidents beyond what (he) documented here."

DISCUSSION

N.J.S.A. 18A:6-10 provides that no tenured employees of the public school system "shall be dismissed or reduced in compensation ... except for inefficiency, incapacity, unbecoming conduct, or other just cause." The District bears the burden to establish that it met this standard.

The New Jersey Supreme Court has defined "unbecoming conduct" as conduct "which has a tendency to destroy public respect for [government] employees and confidence in the operation of [public] services." In re Young, 202 N.J. 50, 66 (2010) (quoting Karins v. City of Atl. City, 152 N.J. 532, 554 (1998) (citation omitted). The New Jersey Supreme Court further defined "unbecoming conduct" as that which violates "the implicit standard of good behavior which devolves upon one who stands in the public eye as an upholder of that which is morally and legally correct." Bound Brook Bd. Of Ed. v. Ciripompa, Dkt. No. A-57-15, __ N.J. __ (February 21, 2017) (quoting Karins v. City of Atlantic City).

The Board asserts that Ms. Camilo engaged in insubordination, conduct unbecoming a staff member and/or other just cause regarding her inappropriate conduct and failure to comply with Board Policy. The Board points out that when Ms. Camilo became a teacher in the District, she agreed to "faithfully do and perform duties under [her] employment contract, and to observe and enforce the rules prescribed by the state of New Jersey, the Board and the Superintendent of Schools." The Board asserts that from her first day at the Middle School, she violated this agreement by repeatedly failing to uphold and conform to Board Policy and to the conduct generally expected of a teacher.

The Board emphasizes that Ms. Camilo was late for the scheduled professional development and was smoking on school property in violation of the Board's policies and State law (N.J.S.A. 26:3D-58(b)). The Board acknowledges that this conduct, accompanied by a curse, was insufficient, on its own, to justify discipline. The Board notes that this incident was only the first of many during the first month of school. The Board argues that the combination of events over the course of the first month show conduct unbecoming a teacher.

The Board would reject Ms. Camilo's claim that her violations were minor and she should have been given a chance to improve, asserting that retaining Ms. Camilo in a teaching position would lead to more disturbing behaviors and would cause greater harm to her students.

The Board asserts that Ms. Camilo repeatedly failed to follow appropriate protocols. The Board notes that she was late for important school meetings, including the first professional development day, the first faculty meeting and her CPT meetings. The Board also raises concerns about her behavior when questioned about her lateness. The Board points out that Ms. Camilo either rambled, claimed she got lost, or provided other excuses.

The Board points out that Ms. Camilo also failed to use the proper methods to report her absence by calling Ms. Rodriguez, rather than using Frontline, or calling the backup number. The Board also cites Ms. Camilo's action in taking money from funds marked for a student field trip and asserts that there can be no justification for this action. The Board points to Ms. Camilo's efforts to minimize these lapses because she was unfamiliar with the building and the technology and she intended to and did return the money. The Board emphasizes that, these excuses show that Ms. Camilo took no responsibility for her actions and focused on her belief that the Board would provide training despite her failure to ask for such training. The Board contends that when problems were brought to her attention, she still did not seek assistance or training, but expected that Mr. Gagliardi and Ms. Rodriguez would provide training and any other help with acclimating to the Middle School.

The Board would characterize Ms. Camilo as combative, citing her conduct in leaving the CPT and the leaving the building without signing out or permission. When asked about her conduct leaving the CPT meeting and the building, the Board points out that Ms. Camilo responded by asking her CPT "who ratted me out". The Board points out that this type of communication pits colleague against colleague which contradicts the purpose of CPT, which is to foster cooperation and collaboration amongst members of the same team. The Board notes that Ms. Camilo also tried to discuss her medical issues with Ms. Yanez in the presence of her students which, it maintains, is a violation of Board Policy 3281, Inappropriate Staff Conduct, which provides that "School Staff shall not make inappropriate comments to pupils or about pupils and shall not engage in inappropriate language or expression in the presence of pupils."

The Board emphasizes that in a brief period, Ms. Camilo's behavior became erratic and she appeared to be confused, disoriented, in a daze, or generally nonresponsive, even when addressed directly. The Board points to the incident on October 3, 2019 when Ms. Rodriguez saw her in apparent hysterics claiming to have seen a "huge animal", which was a small cricket. The Board notes that Ms. Rodriguez felt the need to calm her, noting that she appeared convinced that she had seen something of significant size.

The Board asserts that each of these incidents, by themselves, could be viewed as temporary lapses in judgment, and had these incidents happened over the length of a career, they might be viewed differently, but these incidents

occurred in a brief period of time. According to the Board, taken together, this conduct shows a teacher failing to meet an implicit standard of good behavior, and unable or unwilling to self-correct.

The Board asserts that Ms. Camilo is guilty of conduct unbecoming, neglect and incapacity regarding her inappropriate classroom conduct. During Ms. Camilo's month at the Middle School, the Board contends that she displayed an inability to conduct herself appropriately with her students. The Board asserts that Ms. Camilo's conduct in front of her students violates Board Policy 3281, Inappropriate Staff Conduct, and limited students' opportunity to be educated appropriately during the first month of the school year. The Board points to the September 13, 2019 incident where Ms. Yanez visited Ms. Camilo's classroom and, in front of her students, she accused Ms. Yanez of trying to get her in trouble and also tried to discuss her medical issues with Ms. Yanez, in the presence of her students.

The Board also cites Mr. Gagliardi's visit to Ms. Camilo's classroom on September 16, 2019, when he found her in a daze with no instruction being performed in her classroom. Further, the Board points to Ms. Yanez' September 17, 2019 walk through where Ms. Camilo was in apparent distress and was not teaching approximately ten minutes into the class period. The Board notes that Ms. Yanez had to prompt Ms. Camilo to start teaching after she suggested that Ms. Yanez "give her a zero" in front of her students. The Board asserts that later that same day, Ms. Camilo left her classroom two minutes before the bell in violation of school protocol. The Board contends that Ms. Camilo's reaction when asked about the incident was to claim that she had not left before the bell, that she had heard the bell or students in the hallway. When presented with evidence to the contrary, the Board emphasizes that Ms. Camilo had no excuse or rational explanation.

The Board points out that when Ms. Yanez visited Ms. Camilo's classroom on October 4, students were on their Chromebooks listening to music and viewing non-instructional content, including inappropriate material while Ms. Camilo was on a phone call and not paying attention to her classroom. The Board notes that Ms. Yanez was in the classroom for approximately five minutes before Ms. Camilo noticed her, screamed, and threw a pencil in apparent surprise.

The Board contends that Ms. Camilo's behavior, particularly in leaving her students improperly attended, are concerning, inappropriate and in direct contravention to Board Policy 3280, Liability for Pupil Welfare which provides that "teaching staff members are responsible for supervision of pupils and must discharge that responsibility with the highest levels of care and prudent conduct."

The Board argues that Ms. Camilo's actions show neglect for her students' safety and their education. The Board asserts that this was compounded by the

discovery that Ms. Camilo did not have an appropriate gradebook and she had not made any entries in PowerSchool, which is designed to keep parents updated on their child's progress. The Board argues that Ms. Camilo should have been aware that she was expected to keep PowerSchool updated, but one month into the school year, she had not set up her PowerSchool gradebook or entered any grades or comments.

Addressing Ms. Camilo's claim that she did not know how to use PowerSchool and had kept a paper gradebook instead, the Board notes that she has not produced a paper gradebook, and instead provided mostly incomplete packets of work where each student received an "A". Acknowledging Ms. Camilo's claim that she used the initial "A" grades to motivate her students and that their true grades would not reflect all "A"s, the Board notes that there is no evidence that she was tracking her student's progress in a way that could be appropriately reported to their parents. The Board cites Mr. Gagliardi's testimony that the result of Ms. Camilo's inability to produce evidence of her instruction that "those kids... really lost a month of school under her tutelage." Based upon the lack of entries in PowerSchool and the Administration's failure to observe any actual instruction being performed by Ms. Camilo in her classroom, Mr. Gagliardi concluded that no instruction was taking place.

The Board charges that Ms. Camilo is guilty of insubordination and conduct unbecoming a staff member and/or other just cause regarding her failure to follow directives.

In addition to the "egregiousness" of Ms. Camilo's conduct, the Board's original concern was her mental health. The Board emphasizes that many of the incidents detailed in the charges caused administrators and supervisors to question Ms. Camilo's fitness for duty. The Board acknowledges that it is odd that a teacher with a 17 year record of good service would suddenly and flagrantly violate so many Board policies and act in a bizarre and confrontational manner so often in such a brief period. So, the Board determined to send Ms. Camilo for a fitness for duty exam, and asserts that her failure to fully cooperate rises to the level of insubordination, or a willful refusal to attend the examination, and conduct unbecoming of a staff member. The Board cites Mr. Roth's testimony that that it scheduled, or attempted to schedule, an examination for cause a total of five times and the examination never occurred. Specifically, the Board cites Mr. Roth's testimony that Ms. Camilo failed to appear to the first exam (scheduled between October 16 and October 28); was late to the second, so that exam could not take place (October 28, 2019); failed to appear at the third (December 16, 2019) due to an alleged error by her attorney; appeared for the fourth (January 3, 2019) but due to an admitted error by the Board was not seen, and finally, completely failed to appear for the fifth scheduling (January 23, 2020). The Board points out that after the fifth attempt, it did not try to schedule another exam and Ms. Camilo did not

ask that one be scheduled for her. The Board notes that Ms. Camilo did not challenge the direction to submit to an Examination for Cause.

Addressing Ms. Camilo's claim that she was not properly notified of the Board's action, that she never received proper notice of the hearing, the result of the hearing, or the scheduling of the early examinations, the Board notes that she failed to appeal on these grounds or seek to preserve these allegations. The Board also notes Ms. Camilo's acknowledgement that she was in contact with Anita Kober, her Union President, and Tom DeSocio, her NJEA Representative, both of whom were fully aware of both Ms. Camilo's rights and the Board's actions during this period. The Board cites Mr. Roth's testimony that he was in communication with Ms. Camilo's Association representatives throughout the process. Addressing Ms. Camilo's claim she was unaware of the October 28, 2019 examination date, the Board cites Mr. Roth's testimony that she had attended that exam, but too late to be examined. The Board points out that Ms. Camilo failed to appear at the January 23, 2020 appointment despite reminders to her attorney. The Board asserts that by January of 2020, Ms. Camilo was aware of and attempted to attend at least two Examinations for Cause and she was aware or should have been aware that her job was on the line. Because Ms. Camilo did not attend the last examination that was scheduled for her, the Board concludes that she "completely failed to cooperate" and thus engaged in insubordination and must be dismissed from her employment.

Finally, the Board asserts that Ms. Camilo engaged in conduct unbecoming a staff member and/or other just cause regarding the totality of her conduct. The Board contends that each charge independently supports Ms. Camilo's dismissal, but also asserts that the charges, when viewed in totality support its tenure charges. The Board emphasizes that in the course of one month, Ms. Camilo was involved in 13 incidents where her behavior violated Board Policy and/or administration rules; was inappropriate in front of students or bizarre and concerning.

The Board emphasizes that the determination regarding whether a teacher has engaged in conduct warranting dismissal from a tenured position requires consideration of the nature of the act, the totality of the circumstances and the impact on the employee's career. (See I/M/O Tenure Hearing of Molokwu, OAL Dkt. No. EDU 9650-04 (December 12, 2005), citing in re Fulcomer, 93 N.J. Super. 404, 421 (App. Div.1967)). The Board cites cases where one incident is sufficient to establish conduct unbecoming and support removal and other cases where a series of incidents supports such removal. Redcay v. State Board of Education, 130 N.J.L. 369 (Sup. Ct. 1943), aff'd o.b. 131 N.J.L. 326 (E&A, 1944); See also, I/M/O the Tenure Hearing of Stephen Fox, OAL Dkt. No. EDU 7955-04 (February 10, 2005). The Board relies on Laba v. Newark Bd. of Educ., 23 N.J. 364, 384 (1975), where the Court established that the touchstone of unbecoming conduct is the teaching staff member's fitness to discharge the duties and functions of his

or her office or position. A finding of unbecoming conduct does not require a violation of any specific rule or regulation, but rather may be based primarily on an implicit standard of good behavior. In re Emmons, 62 N.J. Super. 136, 140 (App. Div. 1960).

Addressing Ms. Camilo's claim that this these charges are political retaliation on the part of Mr. Gagliardi and Ms. Yanez, the Board points out that this claim does not explain how any possible scrutiny led her to fail to follow Board Policy, fail to learn the procedures of her new assignment, and act in a manner labeled bizarre and erratic by her superiors, Further, the Board asserts that Ms. Camilo's claim of political retaliation does not explain her failure to cooperate in the Board's efforts to determine her fitness for duty. For these reasons, the Board contends that each of the charges individually warrant dismissal and when they are considered in their totality, Ms. Camilo's termination is supported.

Ms. Camilo asserts that the Board's failure to prove the charges against her by a preponderance of the evidence warrants dismissal of the charges.

In this instance, Ms. Camilo explains that the Board has not proven by a preponderance of the evidence that she engaged in unbecoming conduct. Ms. Camilo maintains that this dispute must be considered with the background that she was transferred from a position and grade level she had excelled at for many years to another position with her certification that required preparation and patience. Ms. Camilo asserts that any failures on her part were performance or efficiency based and not conduct unbecoming. Ms. Camilo acknowledges that she struggled and was overwhelmed in her new position and new school. She claims that rather than provide support, she was scrutinized and targeted. Ms. Camilo asserts that any of her conduct that varied from her previous work history or professional norms was in reaction to the pressure of the new situation. Ms. Camilo asserts that the record reflects only *de minimus* conduct or technical violations of policy and the Board has failed to meet its burden of proof.

Beginning with the First Count, Ms. Camilo asserts that the Board has failed to establish that she was on school property when smoking. Ms. Camilo also points out it was her first day working at the Middle School and she would not have known the boundaries of school property at that time. Ms. Camilo notes that she was the only one written up with a counseling despite the presence of other staff who were smoking.

Addressing the Second Count, Ms. Camilo acknowledged being late a couple of times, she never failed to attend a meeting. Both Ms. Camilo's and Ms. Rodriguez's testimony establish that there was no intent to miss the meeting or be late. Ms. Camilo contends that the Board failed to support its allegation that she left the building, or that she did more than step or reach out of the door for food and supplies. Ms. Camilo notes that the Board presented no direct evidence or

video supporting the Third Count. Ms. Camilo also cites the Board's acknowledgement that no pupil is under a staff member's supervision when in a CPT, so there is no support for the allegation that there was neglect or risk of harm to students.

Ms. Camilo does not dispute that she asked her colleagues in CPT who told on her, but emphasizes that there is no evidence that she left school grounds and she would not need to sign out unless she did so.

Ms. Camilo emphasizes that despite the extensive testimony that she left the building, no witness or video actually saw her leave the building. Ms. Camilo cites Ms. Rodriguez' testimony of Ms. Camilo's contemporaneous statement; that she met her father who was just outside the building.

Addressing the Fourth Count, Ms. Camilo points out that it does not include an allegation of a violation of policy but simply restates what occurred in a meeting with Mr. Gagliardi and Ms. Rodriguez.

Likewise, Ms. Camilo contends that the Fifth Count of Charge I recounts her last minute need to use an absence for a migraine. When her internet was not working and she could not reach anyone on the hotline, she called in her absence. Ms. Camilo asserts that calling Ms. Rodriguez's cellphone was reasonable based upon their working history together and Ms. Rodriguez's policy of handing out her number and requesting staff to call.

Addressing the Charges (Sixth Count of Charge I and Counts Three and Four of Charge II) based upon Ms. Yanez's interactions with Ms. Camilo, a conflict of interest based upon their political backgrounds is raised in defense. Because Ms. Yanez and Ms. Camilo have opposing political loyalties, Ms. Camilo claims that there is a conflict posed by Ms. Yanez's role as Ms. Camilo's primary evaluator and a witness in these Tenure Charges. Ms. Camilo asserts that Ms. Yanez's testimony lacks credibility and should, at a minimum, limit the weight given to her testimony. Ms. Camilo contends that it is unlikely that Ms. Yanez could have conducted her walk through on October 4 in a "very small room" for over ten minutes without being noticed by Ms. Camilo. Ms. Camilo suggests that Ms. Yanez's detailed accounts in all of her emails and complaints and in her direct testimony do not mention Mr. Diaz further undermines her credibility. Ms. Camilo points out that when Ms. Yanez was asked about Mr. Diaz on cross-examination, she seemed startled, rendering her claims not believable.

Ms. Camilo maintains Ms. Yanez's multiple, unannounced visits, ostensibly to "gain (her) trust" seemed to be meant more to undermine her. Ms. Camilo points out that Ms. Yanez, who regularly talked to Mr. Gagliardi before conducting walk throughs, could not remember if she had discussed Ms. Camilo with him before

she made the unannounced September 17 walk through right after Mr. Gagliardi's counseling of Ms. Camilo for the previous day's issue.

Addressing the Seventh Count of Charge I, Ms. Camilo points out that the allegation does not include a violation of any policy and cannot be considered a conduct unbecoming charge. Instead, the count describes Ms. Camilo's demeanor in an attempt to serve or support the eventual effort to have Ms. Camilo sent out for a Fitness for Duty examination.

Ms. Camilo asserts that Count Eight of Charge I is a story about a bug that has been embellished in order to paint Ms. Camilo as erratic. The conduct described is not conduct unbecoming a teacher, but an exaggerated incident with a but, according to Ms. Camilo.

Turning to Count Nine of Charge I, Ms. Camilo argues that the Board failed to present or admit any documentary or testimonial evidence supporting any allegation contained in this Count.

Addressing Count Ten of Charge I, Ms. Camilo admitted to and concedes that she violated the policy. Ms. Camilo explained that the money was not used for personal gain, she had no intent to retain the $10, and made sure that it was returned, despite the effort that was required to have it returned by her father.

Ms. Camilo maintains that Count One of Charge II seems intended to support the Board's efforts to justify a Fitness for Duty examination. Emphasizing that there is no violation of policy, Ms. Camilo asserts that Mr. Gagliardi also gave conflicting or changing testimony and she explained that she was cleaning up after her special education students and had an awkward moment with Mr. Gagliardi, but did not engage in conduct unbecoming or any other inappropriate classroom conduct.

Turning to Count Two of Charge II, Ms. Camilo acknowledges that this could represent a technical violation of Policy. Ms. Camilo points out that she thought she heard a bell and attempted to explain that, as well as that she had to use the bathroom for those two minutes. The students were not left alone, "unattended," or in any danger of harm. Mr. Diaz was in control and it was not in violation of policy. Otherwise, any trip to the bathroom by a staff member during teaching, could be a potential tenure charge. Ms. Camilo points out that Mr. Diaz was left in control of those same students the next day by Mr. Gagliardi, even though he testified that there was some kind of danger in doing so.

Ms. Camilo points out that this is the first time Mr. Gagliardi employed videotape against an employee and he varied his viewing or access procedure for this one time, not including his disciplinarian. Mr. Gagliardi failed to show Ms.

Camilo the videotape and, for the second time, was unable to recall who reported Ms. Camilo leaving two minutes early.

Ms. Camilo recognized and acknowledged that she left two minutes early and her frustrated responses to Mr. Gagliardi reflect her realization that her response or explanation did not matter.

Turning to the Fifth Count of Charge II, Ms. Camilo admitted at hearing that she failed to enter progress reports into PowerSchool and acknowledged that she should have relearned or gained access to the program sooner. Ms. Camilo explained the mitigating circumstances, including the difference between her responsibilities the previous eight years teaching pre-k and her new requirements at the Middle School. Ms. Camilo asserts that her failures were pedagogical and related to efficiency and performance.

Ms. Camilo points out that she wanted to demonstrate both her and her student's progress when she produced the student packets and was not intending to deceive. Ms. Camilo notes that the fact that her "A" motivation system was written on the whiteboard as well, supports her explanation and suggests that she did not falsify documents.

Ms. Camilo asserts that the Board failed to sustain its burden in the First Count of Charge III by making error after error in its "effort" to have Ms. Camilo tested for fitness for duty. Mr. Roth thwarted Ms. Camilo's Fitness for Duty exam by sending the initial letter to the wrong address and miscommunicating with the doctor's office.

Ms. Camilo emphasizes that she made all reasonable efforts to be tested under the direction and requirements of the Board. While Mr. Roth's testimony confirmed many of his mistakes, Ms. Camilo's willingness to submit to a Fitness for Duty exam, Ms. Camilo notes that it was not her responsibility to pursue the Fitness for Duty exam on her own and the Board did not require her to do so.

Turning to the Fourth Charge alleges that Ms. Camilo's conduct, separately and collectively, warrants dismissal, under the totality of the circumstances, Ms. Camilo asserts that these general allegations are not supported by the record. Ms. Camilo argues that review of the totality of the circumstances shows that her conduct does not warrant dismissal.

Ms. Camilo emphasizes that the charges focus on five weeks and the Board, if it had pedagogical concerns, could have made efforts to support and correct her performance, or it could have established a basis for efficiency charges. Ms. Camilo asserts that if the Board was truly concerned about her mental health or well-being, there were multiple options and resources there as well that could have been provided.

Ms. Camilo argues that dismissal is unwarranted and too severe a penalty under the circumstances. Even if a small portion of Ms. Camilo's conduct was inappropriate, the sanction of dismissal is disproportionate, especially considering Ms. Camilo's transfer to a new school and position. Ms. Camilo notes that the September 18, 2019 Instructional Counseling Notice given to Ms. Camilo states that it was "Non-Disciplinary" and includes many of the incidents that comprise the Tenure Charges. Ms. Camilo emphasizes the Charges are almost entirely based upon what the Board, or its administrators, deemed "Non-Disciplinary." Ms. Camilo asserts that converting non-disciplinary items into tenure charges is disproportionate and appears to be double jeopardy.

Ms. Camilo cites Mr. Gagliardi's testimony that Ms. Camilo should not lose her job for the conduct he witnessed. Mr. Gagliardi acknowledged that the Board based its decision on additional conduct. Ms. Camilo points out that the only additional conduct was the allegation that she refused to submit to a Fitness for Duty Examination.

Ms. Camilo asserts that if a penalty is warranted, then the doctrine of progressive discipline applies. Contending that the Board has failed to prove the tenure charges against Ms. Camilo, she argues that no penalty or sanction should apply. Alternatively, if discipline is warranted, Ms. Camilo asserts it should be progressive and take into account the nature of the appellant's offense, the concept of progressive discipline, and the employee's prior record.

Ms. Camilo contends that the tenure charges against her should be dismissed and she should be reinstated to a teaching position, together with all back pay, benefits, and emoluments, retroactive to the date the tenure charges were filed.

CHARGE I

CONDUCT UNBECOMING A TEACHING STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING MS. CAMILO'S INAPPROPRIATE CONDUCT AND FAILURE TO COMPLY WITH BOARD POLICIES

Count 1

On September 4, 2019, Ms. Camilo arrived for a professional development day at 9:20 AM, this was twenty (20) minutes after the start of the program. Also on this date, Ms. Camilo was observed smoking on school property after the second session of the professional development program began. Finally, when questioned about smoking during the program, Ms. Camilo said, "cono," threw her cigarette on the ground and walked inside the school building.

As the Board, acknowledges, this charge, by itself, would not warrant tenure charges. It is not disputed that Ms. Camilo was smoking, and she may have been smoking on school grounds, but because it was her first day at the Middle School, she was unaware of the limits of the school grounds and where smoking was permissible. Additionally, Ms. Camilo was with other staff members who were also late for professional development and may have been smoking as well. Mr. Gagliardi plainly stated that he was "corralling" the staff to attend the professional development, so apparently many teachers were also late. With respect to Ms. Camilo stating "cono" or "conyo", which Mr. Gagliardi interpreted as "damn", both Ms. Camilo and Mr. Gagliardi agree that she was not cursing at Mr. Gagliardi, but merely expressing her disgruntlement with the situation. Additionally, Ms. Camilo received "non-disciplinary" counseling for this incident. Under all of these circumstances, and given the *de minimus* nature of the allegations, Count 1 of Charge I does not support tenure charges.

Count 2

> On September 5, 2019, Ms. Camilo failed to attend a faculty meeting. An administrator called her classroom, after which she attended this meeting.

Both Ms. Rodriguez and Ms. Camilo testified that Ms. Camilo was late to the faculty meeting, but came immediately when she was called to let her know she was late. Lateness to a faculty meeting does not support tenure charges.

Count 3

> On September 10, 2019, Ms. Camilo announced during CPT that she was leaving, walked out of the school building without permission or signing out, and later told administrators that she left to meet her father outside. After being questioned, Ms. Camilo demanded that her team members tell her who "ratted her out."

Count 4

> On September 11, 2019, during a meeting about her actions on the previous day, Ms. Camilo stated to administration that she was late for the meeting because she got lost coming down the stairs and because she thought it was her preparation period.
>
> With regard to her actions in leaving the CPT meeting on September 10, 2019, Ms. Camilo stated that she did not want to walk to the main office to sign out and that she did not say "boo" to her team when she returned to CPT.

It is undisputed that Ms. Camilo announced that she was hungry and was going to get a bag or something to eat and left the CPT. According to Ms. Camilo, she went to the main entrance to the school where she met her father who brought her a bag with her lunch and some cleaning supplies. Ms. Rodriguez recalled that Ms. Camilo told her she met her father to get a broom outside of the building. Ms. Camilo acknowledges that she should not have left the CPT and that getting her lunch and cleaning supplies from her father took longer than she expected.

Mr. Gagliardi, Ms. Rodriguez and Mr. Wohlrab all testified that teachers were required to sign out if they left the building except during duty free lunch. Mr. Wohlrab explained that a teacher is required to sign out if they are leaving to grab lunch. If this is what occurred, Ms. Camilo should have signed out before leaving the school. But neither Mr. Gagliardi, Ms. Rodriguez or Mr. Wohlrab saw Ms. Camilo leave the school and no one checked the security video to see whether she did so. Ms. Camilo testified that she went to the doorway or right outside of the door to meet her father and get the cleaning supplies and her lunch.

There is insufficient evidence that Ms. Camilo left the school grounds. I note that Mr. Gagliardi did not seek to counsel or discipline Ms. Camilo or any other teacher who was outside of the building when he was corralling the staff to attend professional development.

Addressing the allegation that Ms. Camilo told Mr. Gagliardi that she did not want to walk to the main office and she didn't say "boo" upon returning to CPT, there is some question regarding what Ms. Camilo told Mr. Gagliardi. The substance of that conversation may have concerned Mr. Gagliardi because it was unusual, but it was not evidence of conduct unbecoming a teacher. In any event, given that there is insufficient evidence that Ms. Camilo did more than step outside of the building to meet her father to receive a bag, the allegations in Charges 3 and 4, even if true, do not support tenure charges.

Count 5

> On September 12, 2019, Ms. Camilo called Assistant Principal Renee Theobald-Rodriguez's ("Ms. Rodriguez") cellphone to request a personal day at 7:58AM. Ms. Camilo should have called at least one hour prior and the request should have been entered in the Board's attendance application, Frontline.

It is undisputed that Ms. Camilo did not follow the proper procedure to request a personal day. Ms. Camilo was unable to access Frontline due to internet connectivity issues and could not reach a person on the back up line for her last minute absence. Failure to use the proper procedure to request a last minute

personal day on one occasion, while substantiated, is not a policy violation that warrants tenure charges, with or without other more serious charges.

Count 6

> On September 13, 2019, Yoleisy Yanez ("Ms. Yanez") greeted Ms. Camilo, who asked who would be evaluating her. When Ms. Yanez replied that she would be doing the evaluation, Ms. Camilo replied, "I knew you were here to get me in trouble."

It is not disputed that this conversation occurred. Ms. Camilo's conduct in making that statement may have been ill advised, but the statement is not one that should lead to termination. Charge 6 does not support tenure charges.

Count 7

> On September 16, 2019, Principal Patrick Gagliardi ("Principal Gagliardi") had to look for Ms. Camilo as she did not report to CPT. When he found her, she rambled about trying to reach another teacher and getting confused about her lunch period.

Similarly, this count supports the Board's concern for Ms. Camilo's mental health and supports its determination to send her for a Fitness for Duty examination, but does not support tenure charges.

Count 8

> On October 3, 2019, Ms. Camilo was found outside Ms. Theobald-Rodriguez's office ranting about a "huge animal" in the corner. The "animal" was a small cricket. Ms. Camilo's behavior was erratic and disturbing.

There is some disagreement regarding whether Ms. Camilo's conduct when she saw the cricket was inappropriate. Ms. Rodriguez described Ms. Camilo's behavior as "bizarre" and testified that she was waving her arms, in distress and "fearful". Ms. Camilo, noting that Ms. Rodriguez does not speak Spanish, acknowledged that she may have described the bug as a "big cucaracha", but denies calling it a huge animal. Regardless of exactly what happened, the record supports a conclusion that Ms. Camilo over-reacted to the presence of a cricket or cockroach. As with Counts 6 and 7, this charge does not allege conduct that would warrant tenure charges, but does support a determination to send Ms. Camilo for a Fitness for Duty examination.

Count 9

> On or about October 4, 2019, Ms. Camilo told a parent during an Individualized Education Program ("IERP") meeting that she uses food to bribe the student to complete tasks, in contravention of the IEP.

The record does not include any evidence supporting Charge I, Count 9 and it is dismissed.

Count 10

> On or about October 18, 2019, it was discovered that Ms. Camilo removed $10.00 from an envelope containing student money collected for a class field trip. On the envelope, Ms. Camilo left a note stating, "From the kids money, I took $10 for food – 10-04-19. Y. Camilo"

Ms. Camilo did take $10.00 from student funds to purchase snacks for her class; documented that she did so and returned the money. This conduct was inappropriate. As Mr. Gagliardi testified, using student funds is a violation of the school's policy and protocol. Ms. Camilo should not have borrowed any student funds. But, she documented the loan and paid it back. No dishonesty or theft was involved, and this incident is not sufficiently serious to warrant tenure charges.

CHARGE II

CONDUCT UNBECOMING, NEGLECT AND INCAPACITY REGARDING MS. CAMILO'S INAPPROPRIATE CLASSROOM CONDUCT

Count 1

> On September 11, 2019, during a walkthrough of her classroom, Ms. Camilo was observed standing in a daze with a cleaning spray and rag. She was heard mumbling and standing still. She then uttered something to the paraprofessional in her classroom, and Mr. Diaz started the day's lesson.

Charge II, Count 1, reflects the walkthrough conducted by Mr. Gagliardi where he observed Ms. Camilo standing in a daze and mumbling with a cleaning rag. Ms. Camilo pointed out that she had been about to clean a student's desk and was waiting to be spoken to by Mr. Gagliardi. Whether or not Ms. Camilo's recollection is accurate, she does not explain why instruction was not taking place and why she appeared to be in a daze. As with several previous charges, the

allegations in Count 1 support the Board's determination to send Ms. Camilo for a Fitness for Duty exam, but do not support tenure charges.

Count 2

> On September 16, 2019, Ms. Camilo left her classroom two (2) minutes prior to the final bell, leaving her paraprofessional to dismiss her class. Upon questioning, Ms. Camilo stated that she stayed until the end of the day and dismissed her class. Upon being informed that security recordings proved that she walked out early, Ms. Camilo stated that she heard the bell and that's why she left the room. When Principal Gagliardi explained that the bell did not ring until two (2) minutes after Ms. Camilo left the room, she initially stated that the hallway was full of people, so she thought the day was over. Upon being informed that security cameras recorded her as the only person in the hallway at the time, Ms. Camilo replied, "Write me up. What do you want me to say? What do you want me to do?"

Ms. Camilo did leave her classroom two minutes before the bell rang in violation of Board Policy. Mr. Diaz, Ms. Camilo's paraprofessional remained in the classroom. After this was reported to Mr. Gagliardi, he personally reviewed the security cameras to verify that she had left the classroom early. Ms. Camilo initially denied leaving early, but when told of the footage from the security cameras, she replied in exasperation, "Write me up. What do you want me to say? What do you want me to do?"

The Board makes much of Ms. Camilo leaving her classroom without a certificated member of the staff in control of the classroom. Although administrators testified forcefully about the policy violation of leaving a classroom without a certificated staff member, the next day Mr. Gagliardi authorized Mr. Diaz, the paraprofessional, to remain in control of Ms. Camilo's classroom when he called her to his office to discuss her leaving early the previous day. Under these circumstances, Ms. Camilo's misconduct in leaving her class early, while inappropriate, does not warrant tenure charges.

Of greater concern is Ms. Camilo's initial denial that she left early. While teachers do sometimes need to leave the classroom without prior arrangement, such as, in this circumstance, to use the restroom, Ms. Camilo's denial that she had done so is troubling. However, Mr. Gagliardi determined that both Ms. Camilo's conduct in leaving early as well as her initial denial that she did so, along with other conduct warranted a non-disciplinary counseling. Under these circumstances, the counseling issued by Mr. Gagliardi is sufficient to address the count and tenure charges for these allegations are not supported.

Count 3

> On September 17, 2019, Ms. Yanez entered Ms. Camilo's classroom after second period had begun and observed that there was no instruction taking place. Ms. Camilo was seated at her desk, appearing ill and told Ms. Yanez to give her a zero. Soon after making this statement, Ms. Camilo got up from her desk and began teaching her class.

Count 4

> On October 4, 2019, Ms. Yanez visited Ms. Camilo's classroom to remind her that another teacher planned a lesson to model in her classroom the following Monday. The students in Ms. Camilo's classroom were all on Chromebooks. Some students were listening to music, some were looking at a website with images of the character "Momo." Ms. Camilo was on her cellphone, oblivious to what was occurring in her classroom. Upon speaking with the students, Ms. Yanez determined that most, if not all, of the students were not involved in any instructional activity. After observing for a period of approximately five (5) minutes, Ms. Yanez approached Ms. Camilo, who screamed and threw a pencil, as she had no idea that Ms. Yanez was in her classroom.

Addressing Counts 3 and 4 together, in both of these instances, Ms. Yanez was concerned and documented the incidents to Human Resources. Ms. Camilo asserts that Ms. Yanez, together with Mr. Gagliardi worked for an opposing local political ticket and their political differences led to a conflict of interest and an effort to undermine her. Ms. Camilo alleges that the frequency with which Ms. Yanez visited her classroom was part of an effort to undermine her because of their political differences. Ms. Camilo testified that she and Ms. Yanez met on the campaign trail, but did not have heated interactions.

Countering Ms. Camilo's allegations about her political differences with Mr. Gagliardi and Ms. Yanez is that Ms. Camilo has challenged the details of her interactions with Ms. Yanez, but has not challenged, the substance their meetings. For example, Ms. Camilo acknowledged that when Ms. Yanez came into her classroom on September 17, 2019, she had just returned from being counseled about leaving her class early by Mr. Gagliardi and had her head down on her desk so that her students would not see that she was crying. Further Ms. Camilo acknowledged her surprise when Ms. Yanez came into her classroom on October 4, but challenges Ms. Yanez's testimony that she could have been there as long as 10 minutes without Ms. Camilo being aware of her presence.

Under these circumstances, there is insufficient evidence that Ms. Yanez sought to undermine Ms. Camilo. Rather, the record establishes that Ms. Yanez's contemporaneous write ups of her observations of Ms. Camilo are, for the most part, accurate. Ms. Yanez's frequent visits to Ms. Camilo's classroom are, as asserted by Ms. Camilo, more frequent than is usual. The first visit, was a beginning of the year visit made to all Middle School special education classes. The September 17 visit was a formal observation. Only the October 4 visit, to issue a reminder, seems out of the ordinary. Under the circumstances of Ms. Camilo's previous concerning conduct, I cannot find this visit to be motivated by anything other than concern for Ms. Camilo's mental health and the education of her students.

It is concerning that on both September 17 and October 4, 2019, when Ms. Yanez visited Ms. Camilo's classroom, Ms. Camilo was distracted and it did not appear that instruction was occurring. Ms. Camilo's primary responsibilities are to her students and to insure their instruction and growth. This incident is an example of a situation where that was not occurring.

Count 5

> From the beginning of the 2019-2020 school year until her removal from the classroom, in or about October 16, 2019, Ms. Camilo failed to set up a gradebook in PowerSchool, despite a policy requiring teachers to enter student assignments and grades within seven (7) days of their assignment. Further, Ms. Camilo's gradebook was empty and she failed to enter comments for any students by the deadline for progress reports. Upon questioning, Ms. Camilo stated that she was overwhelmed. Ms. Camilo did not ask for help. Additionally, Ms. Camilo stated that she kept all grades recorded in a paper gradebook and was corresponding with parents. Despite this claim, Ms. Camilo failed to provide any gradebook or correspondence with parents.

On October 8, 2019, when Mr. Gagliardi began reviewing PowerSchool entries, he became aware that Ms. Camilo had failed to set up or update her PowerSchool. PowerSchool should have been set up at the beginning of the school year when Ms. Camilo received her roster of students and it should have been updated regularly. Ms. Camilo acknowledged that she had not set up PowerSchool because she was not familiar with it. However, she indicated to Mr. Gagliardi, and again at hearing, that she kept her grades in a paper gradebook. No gradebook has been provided to support this allegation.

Instead, Ms. Camilo provided stacks of assignments, many of which were incomplete or wrong, but all of which were graded with an "A". Ms. Camilo provided an explanation for her unorthodox grading method, that all students

began the school year with an A to motivate them. While it is possible that this method of grading could be used, by the fifth week of school, there should be some record of grades other than an "A", particularly for work that is wrong or incomplete. Nor did Ms. Camilo, who acknowledged being overwhelmed by her reassignment to the Middle School, seek assistance with PowerSchool or otherwise take responsibility for making sure that grades and comments were entered into PowerSchool.

Mr. Gagliardi issued a letter of reprimand citing both Ms. Camilo's failure to set up and enter grades and comments into PowerSchool and her "attempt to deceive the administration" by claiming to have a gradebook that was not produced. Ms. Camilo asserted that she did not have the paper gradebook because it was at home, but her failure to produce that gradebook to date suggest that no such gradebook exists. Ms. Camilo's responsibilities as a teacher include tracking and documenting her students' progress. Ms. Camilo's failure to document the progress and grades of her students constitutes neglect of her students and of a basic function of teaching. Ms. Camilo's failure to set up PowerSchool and to comment on and document her student's progress and grades constitutes conduct unbecoming a teacher. While this misconduct supports the Tenure Charges, Ms. Camilo has already received discipline for it.

CHARGE III

INSUBORDINATION AND CONDUCT UNBECOMING FOR FAILURE TO FOLLOW DIRECTIVES

The foregoing background information, and the facts alleged therein, are incorporated by reference as if fully set forth herein. Yesenia Camilo has engaged in unbecoming conduct including misconduct, dishonesty, insubordination and other just cause by her acts and omissions relative to his employment by the Board. These acts and omissions, as specifically set forth below, constitute just cause for immediate dismissal due to conduct unbecoming and insubordination.

Count 1

On October 16, 2019, the Board approved a resolution directing Respondent to submit herself to a Fitness For Duty examination. On the same date, respondent was informed via memorandum from Allan Roth, Esq. of the requirement that she submit to a Fitness For Duty examination. Despite the Board making every effort to assist Respondent, including arranging for her transportation, Respondent failed to attend at least two (2) scheduled meetings with the Board assigned psychologist.

To date, Respondent has failed to submit to same, nor has she initiated an appeal of the directive.

Ms. Camilo was directed to attend an initial Fitness For Duty examination by a letter, that was sent to the wrong address. Ms. Camilo has testified that she did not receive the letter. According to Mr. Roth, the letter was not returned to the Board, but he acknowledged that the Board has no proof that Ms. Camilo received the letter. The letter was sent via certified mail, but no acknowledgement of receipt was proffered. Under all of these circumstances, I find that Ms. Camilo did not receive notice of the first appointment for her Fitness for Duty exam.

A second Fitness For Duty exam was scheduled for October 28, 2019. It is undisputed that Ms. Camilo was late for the appointment, and the doctor did not have sufficient time to complete the exam. Ms. Camilo has explained that she was stuck in traffic and called the doctor's office to let them know she would be late.

A third Fitness for Duty exam was scheduled in mid-December. Mr. Roth testified that this appointment did not go forward due to a miscommunication with Ms. Camilo's attorney's office. There is no evidence that Ms. Camilo was involved in this miscommunication.

A fourth Fitness for Duty exam was scheduled for about January 3, 2020. This appointment did not go forward because of a miscommunication with the doctor's office. Ms. Camilo appeared for the January 3, 2019 appointment, but was unable to be seen at that time. Despite Ms. Camilo's efforts to be seen, the examination was not completed. There is no evidence that Ms. Camilo played any role in the miscommunication with the doctor's office.

A final Fitness for Duty exam was scheduled for January 23, 2020. According to Mr. Roth, he sent a letter to Ms. Camilo, at her proper address, and copied both her attorney and the examining doctor. When he was notified by the doctor that Ms. Camilo had not attended this examination, Mr. Roth contacted Ms. Camilo's attorney, who did not dispute that she had not appeared or provide an explanation for her failing to attend the January 23, 2020 appointment. At hearing, Ms. Camilo claimed that she did not receive notice of the last appointment.

At this point, the Board did not schedule an additional appointment for Ms. Camilo and instead determined to file these Tenure Charges. These charges allege that Ms. Camilo failed to attend "at least two (2) scheduled meetings with the Board assigned psychologist", though the record shows that Ms. Camilo can be faulted only for failing to attend the last scheduled appointment on January 23, 2020. In each of the other instances where the examination did not take place, if Ms. Camilo was aware of the appointment, she made every effort to attend. While the Board may have grown impatient with its inability to get Ms. Camilo evaluated for a determination of whether she was fit to return to work, the Board determined

to file tenure charges after Ms. Camilo failed to attend a single appointment for a Fitness for Duty exam where fault can be attributed to her. Given that notice of the appointment was sent to Ms. Camilo's then attorney as well as to her, I am not persuaded that she did not receive notice of the January 23, 2020 appointment. The missed Fitness for Duty exam is a failure to follow a directive issued by the Board that warrants discipline. To the extent that Ms. Camilo missed a single appointment for a Fitness for Duty exam, the Charge III is substantiated.

CHARGE IV

CONDUCT UNBECOMING A STAFF MEMBER AND/OR OTHER JUST CAUSE REGARDING MS. CAMILO'S CONDUCT

> The foregoing background information, common to all charges, and the facts alleged therein, are incorporated by reference as if fully set forth herein.
>
> Each of the foregoing charges and counts individually warrant dismissal. Viewed in their totality within the context of the Ms. Camilo's behavior, it is evident that she engaged in a pattern of unbecoming conduct, neglect of duty, incapacity and insubordination or other just cause, warranting dismissal. The allegations, jointly and severally, demonstrate her unfitness to continue to serve in a position of trust, warranting her immediate dismissal.

When these tenure charges are viewed in their entirety, many of the charges, including those reflected in the September 18, 2019 counseling letter, do not describe conduct sufficiently serious to support tenure charges that would result in Ms. Camilo's termination. A few instances of tardiness to meetings; smoking on school grounds when no students are present; leaving a meeting to meet her father at the entrance to the building; phoning Ms. Rodriguez directly to seek a last minute personal day; leaving the classroom two minutes before the end of the school day are examples of conduct that warranted counseling and should be corrected, but not instances that justify termination. Nonetheless, these examples, all of which occurred in only a few weeks, when viewed in light of Ms. Camilo's seventeen year career with a good record, serve as justification for the Board's determination to send Ms. Camilo for a Fitness For Duty examination.

Likewise, the erratic behavior documented by Mr. Gagliardi and Ms. Yanez, including standing in the classroom with cleaning supplies, apparently in a daze, sitting at her desk appearing to be upset or ill, talking on the phone and failing to notice Ms. Yanez for several minutes, also support the Board's determination to send Ms. Camilo for a Fitness For Duty examination.

In addition to Ms. Camilo's unusual and erratic behavior, Ms. Camilo engaged in conduct that was potentially neglectful of students' education, including her failure to set up and make entries into PowerSchool, the school's electronic gradebook, and those instances where Mr. Gagliardi and Ms. Yanez entered Ms. Camilo's classroom and found her in a daze, upset or ill, and on the phone not attending to students. In each of these instances, Ms. Camilo's students were not receiving instruction and/or her attention. These are not instances that warrant termination, but they do warrant both correction and assurance that Ms. Camilo is fit to continue in her role as a teacher. Ms. Camilo has received a letter of reprimand for failure to set up and make entries in PowerSchool, but has not received counseling or other discipline for the instances described by Ms. Yanez.

Rather, the Board, upon consideration of Ms. Camilo's conduct from the beginning of the school year through October 16, 2016, properly determined that she should be evaluated by a psychiatrist in a Fitness For Duty examination. For a variety of reasons detailed herein, including an incorrect address, traffic, and multiple miscommunications, the first four attempts to have Ms. Camilo evaluated did not occur, but Ms. Camilo is not at fault for the delays. A fifth and final appointment was scheduled for January 23, 2020 and Ms. Camilo's excuse for her absence was that she did not receive notice of the appointment. As previously discussed, that excuse was not persuasive given that her address was correct and her then attorney had notice of the appointment. At this point, the Board did not seek to reschedule the appointment and ultimately filed tenure charges.

When Ms. Camilo' s misconduct is evaluated in its entirety, she received a non-disciplinary counseling for a variety of minor infractions and/or erratic behavior in the first weeks of the school year. It is not appropriate to review the charges addressed by the counseling and weigh them in the evaluation of tenure charges. Mr. Gagliardi has already addressed them with Ms. Camilo. Likewise, Ms. Camilo received a letter of reprimand for her failure to set up and use PowerSchool, so this misconduct, though more serious than that addressed by the counseling, also has been addressed by Mr. Gagliardi. Given the prior non-disciplinary counseling and letter of reprimand issued to Ms. Camilo, both of which are encompassed in Charge IV, this Charge is dismissed.

Ms. Camilo's unusual and erratic behavior as documented by Ms. Yanez has not been the subject of discipline and is properly justification for the requirement that she have a Fitness For Duty exam. However, Ms. Yanez also documented two separate instances where several minutes passed where students were not engaged in instruction or completion of an assignment or a test while Ms. Camilo was at her desk with her head down or on the phone. During that period, Ms. Yanez noted students listening to music and viewing inappropriate material on their Chromebooks. Where, as here, Ms. Camilo's conduct materially affects her students, discipline is appropriate. In this instance, Ms. Camilo twice

neglected her students for a period of several minutes, and in doing so, allowed one or more students to view inappropriate material.

Additionally, Ms. Camilo engaged in misconduct when she failed to follow the directive to attend the January 23, 2020 Fitness For Duty exam. Failure to follow a directive is a form of insubordination and warrants discipline.

When all of the facts and circumstances of this case are considered, Ms. Camilo's misconduct in Charge II, Counts 3 and 4 by neglecting her students and allowing one or more students to view inappropriate material and her misconduct in Charge III, Count 1, to the extent that she failed to attend the January 23, 2021 Fitness For Duty examination warrant discipline, but are not sufficient to warrant termination. This is particularly so given the Board's concern about Ms. Camilo's mental health and well-being. The questions surrounding Ms. Camilo's mental health must be balanced with the Board's need to insure that its teachers assume responsibility for their classes and follow its directives. Withholding Ms. Camilo's increment for the 2021-2022 school year should serve as progressive discipline and to correct Ms. Camilo's conduct and insure that she takes full responsibility for providing instruction and following the Board's policies, and for asking for assistance as needed.

To date, Ms. Camilo has not attended a Fitness For Duty examination as required by the Board on October 16, 2019. Successful completion of a Fitness For Duty examination is required before Ms. Camilo is returned to the classroom. If Ms. Camilo is unable to successfully complete a Fitness For Duty examination, it is expected that the Board will continue to follow the provisions of its Policy 3161–Examination for Cause.

Accordingly, Respondent Yesenia Camilo shall be reinstated pending successful completion of a Fitness For Duty examination. Respondent Yesenia Camilo's increment for the 2021-2022 school year shall be withheld.

AWARD

Charge II, Counts 3 and 4 are sustained. Charge III, Count 1 is sustained to the extent that Ms. Camilo failed to attend the January 23, 2020 Fitness For Duty examination. The remaining charges filed by the West New York School District are denied.

Respondent Yesenia Camilo shall be reinstated pending successful completion of a Fitness For Duty examination. Respondent Yesenia Camilo's increment for the 2021-2022 school year shall be withheld.

Jessika Kleen, Esq., for respondent (Machado Law Group, attorneys)

Record Closed: March 19, 2021 Decided: April 27, 2021

BEFORE **DAVID M. FRITCH,** ALJ:

This matter was transmitted to the Office of Administrative Law (OAL) on May 30, 2019, for determination as a contested case, pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

On March 19, 2021, the parties filed a fully executed Settlement Agreement and the Board Resolution approving the settlement. The Agreement and Resolution are attached and fully incorporated herein.

I have reviewed the terms of settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

STIPULATION OF SETTLEMENT

WHEREAS, D.S. and S.A. o/b/o B.S. (Petitioners), reside in Metuchen, New Jersey; and

WHEREAS, the Metuchen Board of Education ("District") is the local educational authority with the responsibility of providing a free public education to B.S. for so long as he remains a resident of the District; and

WHEREAS, Petitioners filed an appeal of a decision made under the Anti-Bullying Rights Act (ABRA), N.J.S.A. 18A:37-13, et seq, hereinabove captioned;

WHEREAS, the Parties are now desirous of resolving the issues raised between them and have reached an amicable resolution thereby avoiding the time and expense associated with further litigation; and

WHEREAS, the Parties hereby agree as follows:

1. The District will pay four thousand dollars ($4,000.00) to Petitioners as reimbursement for fees and costs associated with this litigation, in accordance with the District's existing invoicing and payment policies and procedures.
2. The District shall permanently remove the record of the affirmative HIB finding from B.S.' official student record.
3. The terms of this Agreement represent the compromise of disputed claims between the Parties in this matter. The Parties agree that this Agreement sets forth a complete and full resolution of this matter and that it fully resolves all the claims that were raised or that could have been raised in this matter.
4. Petitioners acknowledge that execution of this Agreement shall be understood as a waiver, and the terms and scope of this waiver or release are limited to claims that were brought or could have been brought in this matter through the execution of this Agreement.
5. It is understood and agreed that there is no "prevailing party" and no entitlement for attorneys' fees or costs for either party. Notwithstanding the foregoing sentence, nothing herein shall abrogate the District's obligations as set forth in this Agreement.

6. The Board and Petitioners acknowledge that they have been represented by and have had the opportunity to consult with their chosen counsel and/or representative throughout the negotiations of this Settlement Agreement, that they have reviewed this Settlement Agreement with their counsel, that they fully understand its requirements and limitations and terms, and that they are entering into this Agreement voluntarily and with full understanding of its meaning. The Parties further expressly state that they are fully satisfied with the representation provided by their counsel and/or representative.

7. This Agreement contains the entire agreement between the Parties hereto.

8. It is expressly understood and agreed that this Agreement shall be subject to the laws of the State of New Jersey.

9. This Settlement Agreement may be signed in counter parts and shall be deemed fully executed and effective when all parties have executed at least one of the counterparts, even though no single counterpart bears all such signatures. A signature shall be considered valid, binding and enforceable if transmitted by facsimile.

10. This agreement is confidential, and its terms and conditions may not be shared with third parties, except for legal counsel, for enforcement purposes, for tax purposes or by court order.

v.
JERSEY CITY BOARD OF EDUCATION,
Respondent.

Brian Rans, Esq., for petitioners (Northeast New Jersey Legal Services)

Kyle Ulscht, Esq. appearing on behalf of respondent (Machado Law Group, attorneys)

Record Closed: April 26, 2021 Decided: April 27, 2021

BEFORE **NANCI G. STOKES**, ALJ:

On September 9, 2020, and on January 13, 2021, the Department of Education, Office of Controversies and Disputes, transmitted these matters to the Office of Administrative Law (OAL), for resolution as a contested case under N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F1 to -13. By Order dated January 22, 2021, I consolidated

these cases. I conducted prehearing telephone conferences and scheduled hearing dates. Before the April 27, 2021, hearing, the parties settled the cases. A copy of the Settlement Agreement and Jersey City Board of Education approval from its April 22, 2021, meeting is attached hereto for reference.

Having reviewed the contents of the attached Settlement Agreement, I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures and/or the signatures of their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this settlement meets the requirements of N.J.A.C. 1:1-19.1 and that I should approve the stipulations set forth. I approve the settlement and, therefore **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Jersey City Board of Education,	:	
	:	SETTLEMENT AGREEMENT
Respondent.	:	
	:	

THIS SETTLEMENT AGREEMENT (the "Agreement") made by and between the Jersey City Board of Education, with its principal office located in Jersey City, New Jersey (hereinafter referred to as the "Board" or "District") and S.B. (hereinafter referred to as "Parent") on behalf of student D.B., a minor (hereinafter referred to as "D.B.").

NOW THEREFORE, in consideration of the mutual premises and promises the parties hereto agree as follows:

1. Any student record that references the alleged incident which occurred in March of 2020 and was reported to the District in or around June of 2020 (hereinafter "HIB incident") and/or any discipline imposed by the District against D.B. as a result of the HIB incident, shall be rescinded and removed from D.B.'s student record.
2. D.B. shall not be permitted to reapply for admission to McNair High School while enrolled in the District.
3. The parent, on behalf of D.B., hereby agrees to withdraw, with prejudice, both of the above captioned petitions of appeal and further agree not to pursue any further proceeding or complaint before the Jersey City Board of Education, other agency, or court, including Federal or Superior Court, as it relates to the HIB incident, or the discipline which the District imposed in relation to same.
4. In the event the District discloses the HIB incident or any discipline that D.B. incurred as a result of the HIB incident to third parties, such as institutions of higher learning or training, the District shall issue a correction to the third party as soon as practicable.
5. As further consideration for the Agreement, the parties agree that, following the full execution of this Agreement, they will keep all terms of this Agreement completely confidential.

Notwithstanding anything to the contrary contained herein, it is expressly understood and agreed that, following the full execution of this Agreement, neither the parent nor her attorney will take any action to publicize the terms or nature of this Agreement except that disclosure is permitted: (1) as necessary with regard to any proceeding for the enforcement of this Agreement; (2) to the student's immediate family, treating physicians/therapists and attorneys, who shall agree not to disclose the fact of or any of the terms of this Agreement as if they were a party to this Agreement; (3) as may be required by any court or agency of competent jurisdiction; and (4) as may be required by law. To the extent that D.B. is asked about this matter, D.B. may indicate that the matter is "resolved," but will make no other disclosure regarding this matter. Violation of this confidentiality clause by Parent and/or D.B. shall result in the termination of all of the District's obligations under this Settlement Agreement, and will result in the inclusion of the reference to the HIB and suspension within D.B.'s student records.

6. This Agreement shall not constitute, be interpreted, construed or used as evidence of any admission of fact, law, responsibility, wrongdoing or liability on the part of the District or the petitioners and shall not be referred to in any subsequent proceeding by any party other than to enforce the terms of the Agreement. If this Agreement is not fully executed and approved by all parties hereto, this Agreement shall become null and void and shall neither constitute an admission of any party nor be referred to by any party in any subsequent legal proceeding for any purpose whatsoever.
7. The parent acknowledges that she has reviewed the Agreement in detail and that she fully understands its requirements and limitations.
8. The Petitioner hereby states that she is signing this Agreement voluntarily of her own free will and not under duress or coercion of any kind.
9. This Agreement shall be construed fairly according to the plain language of its terms and not for or against any party hereto. If, during the term of this Agreement, it is found that a specific clause(s) of the Agreement is/are illegal under Federal or State Law, then the remainder of the Agreement is not affected by such a ruling shall remain in full force and effect.
10. All parties are bound by this Agreement and each of its provisions. Anyone who succeeds to their rights and responsibilities, such as their successors and assigns, are also bound. This Agreement is made for the benefit of all the parties hereto and all who succeed to their rights and responsibilities, and expressly includes their officials, representatives, employees, agents, attorneys, successors and assigns.
11. This Agreement constitutes the full and complete agreement of the parties hereto with respect to its subject matter, that it supersedes any prior or contemporaneous representations, whether oral or written, and that it may not be modified or amended except by a written instrument signed by all parties hereto.
12. In consideration for the above, the parent herewith releases the Board of Education, its officers, employees, and agents from any and all claims, rights, liability, including but not limited to any claims or costs for attorney's fees, civil liability, or any other equitable or legal relief at all relevant times, whether known or unknown as of the date of this Agreement, as it relates to the above-captioned consolidated matters, or the events surrounding same.
13. This Agreement is specifically subject to the approval of the Respondent Jersey City Board of Education at its voting meeting of April 22, 2021.

14. The parties acknowledge that they have been represented by and have had the opportunity to consult with their legal counsel and/or advocate throughout the negotiations of this Agreement, that they reviewed this Agreement with their counsel and that they fully understand its requirements and limitations. The parties further expressly state that they are fully satisfied with the representation provided by their legal counsel and/or advocate.

IN WITNESS WHEREOF, the parties have executed this Settlement on the dates set forth below:

New Jersey Commissioner of Education

Decision

C.B., on behalf of minor child, C.B.,

Petitioner,

v.

Board of Education of the City of Elizabeth, Union County,

Respondent.

Synopsis

Pro se petitioner challenged the determination of the respondent Board that she and her minor child, C.B., were not domiciled in Elizabeth for the 2019-20 and 2020-21 school years. C.B. had been in an out of district placement for special services at the Developmental Learning Center in New Providence since 2018, and the Board requested tuition reimbursement based upon the cost of C.B.'s out of district placement. In a March 8, 2021 Commissioner's decision remanding the matter to the OAL, the Commissioner disagreed with the ALJ's calculation of tuition owed to the Board and found instead that the Board's ability to recover tuition is limited pursuant to *N.J.S.A.* 18A:38-1(b), which does not specify that the assessed tuition be equal to the actual costs incurred by the district for educating the student at issue. Rather, *N.J.S.A.* 18A:38-1(b) uses the measure of annual per pupil cost, which is based on the district's overall costs and enrollment, and is not specific to any individual student. As the Commissioner was unable to discern the per pupil cost from the record, the matter was remanded to the OAL for the sole purpose of recalculation of tuition pursuant to *N.J.S.A.* 18A:38-1(b).

On remand, the ALJ found, *inter alia*, that: C.B. was ineligible to attend school in the district for the entire 2019-20 school year and for 112 days of the 2020-21 school year; based on budget worksheets submitted by the Board which contained per diem rates for out of district students categorized by grade and in accordance with the child's classification; the per diem rate for a student with autism was $122.85 for the 2019-20 school year and $171.57 for the 2020-21 school year. Accordingly, the ALJ concluded that the respondent Board is entitled to tuition reimbursement in the total amount of $41,328.84 ($22,113 for the 2019-20 school year and $19,215.84 for 112 days of the 2020-21 school year).

Upon review, the Commissioner disagreed with the ALJ's calculation of tuition and reiterated that, pursuant to *N.J.S.A.* 18A:38-1(b), tuition is calculated based on the total annual per pupil cost to the local district; special education costs are not included in that figure, which is based on a district's overall costs and enrollment, and is not specific to an individual student; here, the district's annual per pupil cost was $11,773 for a kindergarten student during the 2019-20 school year and $14,993 for a first grade student in the 2020-21 school year. The Commissioner concluded that the Board is owed $11,773 for the 2019-20 school year and $9,328.48 for 112 days of the 2020-21 school year. Accordingly, the Initial Decision was modified as to the total amount of tuition owed for the period of C.B's ineligible attendance, and petitioner was directed to reimburse the Board in the amount of $21,101.48. The petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

125-21R

OAL Dkt. No. EDU 02722-21
(EDU 17292-19 ON REMAND)
Agency Dkt. No. 301-11/19

New Jersey Commissioner of Education

Decision on Remand

C.B., on behalf of minor child, C.B.,

Petitioner,

v.

Board of Education of the City of Elizabeth, Union County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed, mindful of the Commissioner's March 8, 2021 decision remanding this residency matter for determination of the annual tuition cost and calculation of tuition. The parties did not file exceptions.

In her March 8, 2021 decision, the Commissioner found that petitioner was not domiciled in Elizabeth for the 2019-20 and 2020-21 school years,[1] and the minor child was, therefore, not entitled to a free public education in the district during that time. With respect to the assessment of tuition, the Commissioner found that the Board's ability to recover tuition from petitioner is limited to "1/180 of the total annual per pupil cost to the local district multiplied by the number of days of ineligible attendance." *N.J.S.A.* 18A:38-1(b). The Commissioner further explained that the measure of annual per pupil cost is based on the

[1] Following the Commissioner's decision, the minor child was disenrolled from the district on March 19, 2021. Subsequent to the disenrollment, petitioner provided documentation that she is now domiciled in Elizabeth and her child is permitted to attend school in the district.

district's overall costs and enrollment, is not specific to any individual student, and does not include the assessment of special education and related costs.[2] As such, the Commissioner remanded this matter for determination of the annual tuition cost and a calculation of tuition that is consistent with *N.J.S.A.* 18A:38-1(b).

On remand, the Administrative Law Judge (ALJ) found that the minor child was ineligible to attend school in the district for the entire 2019-20 school year and for 112 days of the 2020-21 school year (up until his disenrollment on March 19, 2021). The ALJ noted that the Board submitted budget worksheets, which contained the per diem rates for out-of-district students categorized by grade and in accordance with the child's classification; the per diem rate for a student with autism was $122.85 for the 2019-20 school year and $171.57 for the 2020-21 school year. Accordingly, the ALJ found that the Board was entitled to tuition reimbursement in the amount of $41,328.84 ($22,113 for the 2019-20 school year and $19,215.84 for 112 days of the 2020-21 school year).

Upon review, the Commissioner disagrees with the ALJ's calculation of tuition. The Commissioner reiterates that tuition is calculated based on the "total annual per pupil cost to the local district." *N.J.S.A.* 18A:38-1(b). Special education costs are not included in that figure, as it is based on a district's overall costs and enrollment, and is not specific to an individual student. *N.J.-B., on behalf of minor child, I.T. v. Board of Education of the Township of Union, Union County*, Commissioner's Decision No. 112-20, decided April 24, 2020. In this matter, the annual per pupil cost was $11,773 for a kindergarten student during the 2019-20 school year and $14,993 for a first-grade student in the 2020-21 school year. As such, the Board is entitled to

[2] The minor child attended an out of district placement at the Developmental Learning Center in New Providence for special services.

tuition in the amount $21,101.48. Specifically, the Board is owed $11,773 for the 2019-20 school year and $9,328.48 for the 2020-21 school year ($83.29 per day for 112 days).

Accordingly, the Initial Decision of the OAL is modified as stated herein. Petitioner is directed to reimburse the Board in the amount of $21,101.48 for tuition costs incurred during the time period that C.B. was ineligible to attend school in Elizabeth. The petition of appeal is hereby dismissed.

IT IS SO ORDERED.[3]

C.B. o/b/o MINOR CHILD, C.B.,
Petitioners,
v.
BOARD OF EDUCATION OF THE CITY OF ELIZABETH, UNION COUNTY,
Respondents.

C.B., on behalf of minor child C.B., petitioner pro se

Christina M. DiPaola, Esq., for respondent (LaCorte, Bundy, Varady & Kinsella, attorneys)

Record Closed: APRIL 23, 2021 Decided: April 28, 2021

BEFORE **ERNEST M. BONGIOVANNI**, ALJ:

STATEMENT OF THE CASE AND PROCEDURAL HISTORY

Petitioner, C.B., on behalf of minor child C.B. (petitioner) lost an appeal of a residency determination by the Board of Education of the City of Elizabeth (BOE/respondent) that petitioners did not reside in Elizabeth and consequent demand for tuition reimbursement for the time frame where the minor child was enrolled in the

BOE's public school beginning the school year of 2019-2020, until the child was disenrolled. (Initial Decision, December 8, 2020). The minor child received special education services for autism as a kindergarten and first grade student. Petitioner was assessed $96.972.24 for costs as of the date of the hearing, November 9, 2020. The Initial Decision determination that petitioner was not domiciled in Elizabeth while enrolled in Elizabeth public schools was affirmed, however the matter was remanded because of the calculation of tuition, which was calculated at the actual cost paid by the City for the cost of education of the minor child, which equated to a per diem rate of $391.22.

The matter was returned to determine the "annual per pupil cost, which is based on the district's overall costs and enrollment and is not specific to any individual student." The sole purpose of this remand is to determine the "the annual per pupil cost from the record of the proceedings." Such annual tuition costs and calculation of tuition must be consistent with N.J.S.A 18A:38-1 (b). Commissioner's Decision, dated March 8, 2021, (page 3).

Accordingly, a hearing was held on April 23, 2021. Testimony was taken and Exhibits were received into evidence, and the record closed.

FACTUAL DISCUSSION

Testimony

Victor Tropeano

Victor Tropeano (Tropeano) is employed by respondent as a residency inspector within the legal department of the BOE. He is familiar with the petitioner's case since he began investigating her residency in November 2019, and has kept up with petitioner's whereabouts since his residency investigation began. He was aware that the minor child was disenrolled as a student of its schools on March 19, 2021. He testified further that shortly thereafter the disenrollment, the petitioner finally provided sufficient documentation that she is now domiciled in Elizabeth, and her child now permitted to

attend free of charge. Tropeano also testified that he is familiar with the exhibits prepared by the respondent which show the per pupil costs for students of the school district for the time frames when C.B. was enrolled in the schools but ineligible for public education as not being domiciled there, specifically from the beginning and throughout the school year of 2019-2020, and the beginning of the school year 2020-2021 until March 19, 2021. He testified also of his familiarity with the school calendar for those two years and presented the BOE's school calendars for those two years.

Based on the Exhibits and his evidence, none of which was refuted by the petitioner, the school calendar for 2019-2020 was 180 days commencing September 5, 2019 and ending June 15, 2020. (R-3). Further, and also not refuted by petitioner, the school calendar for 2020-2021 commenced on September 11, 2020 and the number of school days for that year that had elapsed from that day until the minor child was disenrolled was 112 (R-4).

Further, Tropeano testified to tuition rates charged to out of district students based on the Elizabeth Budget Worksheets for school years 2019-2020 (R-1) and 2020-2021 (R-2). Based on that evidence, the rates are charged in accordance with what grade the pupils attend and in accordance with the child's classification. There are several levels of classification for special needs education students. For children with autism the per diem rate for school year 2019-2020 was $122.85; for school year 2020-2021, the per diem rate is $171.57.

Therefore, the BOE charges petitioner with the entire cost of school year 2019-2020 $22,113 (180 days times $122.85) and for school year 2020-2021, from commencement of the school year until disenrollment March 19, 2021, $19, 215.84 (112 days times $171.57) for a combined cost of $41,328.84.

The Petitioner, C.B.

C.B. offered no contrary competent testimony nor documentary evidence to refute or negate in any way the evidence of the BOE. She agreed that the school year for 2019-2020 was 180 days and that her child attended the Elizabeth public schools

the entire year. She also agreed the 2020-2021 school year commenced September 11, 2020, that her child attended the Elizabeth public schools the entire year and was disenrolled by notification by the BOE on March 19, 2021, and that the number of days of the school year to that date was 112. She also agreed that the school rates were as published by the Budget Worksheets submitted by the Board and had no contrary evidence to same. She also admitted that during this time her son received special services education for autism as a kindergarten and first grade student.

C.B.'s entire contention was that she be charged nothing because she was always domiciled in Elizabeth and that the school's determination that she had not established domicile there before her son began attending Elizabeth schools in 2019, which she previously appealed, and which was denied by the undersigned, and which determination the Commissioner affirmed, was simply incorrect. Aside from her own testimony that she maintained she was always domiciled in Elizabeth, she wanted to offer the testimony of a neighbor, and many documents, who and which would prove that since approximately 2016, she has been domiciled at a certain address in Elizabeth and therefore, notwithstanding the Initial and Final Decisions, her child was entitled to a free education by Elizabeth during the school years involved in the prior proceeding. She essentially wanted to a rehearing on the prior determination. Such an effort to undue the prior determination on those issues was not permissible as the issue of whether petitioner had established residency issue was not before the undersigned on this remand. Therefore, all of petitioner's testimony on these points were ruled irrelevant and the petitioner did not enter any competent testimony or documents to advance her case. In fact, she provided admissions that she knew she was going to be charged for the educational costs of special services for her autistic child at the rates charged by Elizabeth, that the child did attend the school for kindergarten and first grade for the entire school year of 2019-2020 and again for the school year of 2020-2021 until he was disenrolled March 19, 2021. She had no contrary evidence regarding the school calendar or the school per diem rates. Petitioner had no other competent testimony to offer and otherwise agreed with or could not refute the evidence of respondent.

FINDINGS OF FACT

Based on the credible testimonial and documentary evidence, I **FIND** the following as **FACTS** in the matter in contention of this remand.:

1. The annual tuition cost was based on the BOE's worksheet budgets for school years 2019-2020 and 2020-2021 which contains the per diem rates for out of district students categorized by grade and by general and levels of special education.

2. Petitioner was charged for the time Ordered by the Initial Decision dated December 8, 2020, from the beginning of the 2019-2020 school year until the date he was disenrolled on March 19, 2021, for a total of 292 days.

3. For the 180 day school year of 2019-2020, the per diem rate charged to out of district students receiving special education services for autism was $122.85 which equals $22,113 charged to petitioner for the entire school year For the 2020-2021 school year, the per diem rate charged to out of district students receiving special education services for autism was $171.57, and the period being from beginning of that school year until disenrollment on March 19, 2021, a total of 112 days, which equals $19, 215.84.

4. Accordingly, petitioner is charged with tuition for the period of attendance in the Elizabeth public schools from the beginning of the school year 2019-2020 until March 19, 2021 in the 2020-2021 school year with the sum of $41,328.84.

LEGAL ANALYSIS

The Initial Decision of December 8, 2020 and the affirmed Final Decision of the NJ Commissioner of Education determined that, as petitioner had not established residency prior to entering her child as a student, and continued to attend there for nearly two years despite demands to prove her domiciliary or remove the child, tuition for a non-qualified student (not domiciled in Elizabeth) had to be paid by petitioner to the

school from the beginning of school year 2019-2020, for the entire year, and for school year 2020-2021, until such time as the child was disenrolled or established a domicile in Elizabeth. At the April 23, 2021 hearing on the narrow issue requiring the remand, it was uncontested that the child received special education services, specifically for autism, during the nearly two years of ineligible enrollment. The sole purpose of this remand was to clarify the amount owed to allow the Commissioner to "discern the annual per pupil cost from the record."

The Commissioner of Education is authorized to assess tuition pursuant to N.J.A.C. 6A:22-6.2(a), which provides as follows:

> If in the judgment of the Commissioner the evidence does not support the claim of the resident, he shall assess the resident tuition for the student prorated to the time of the student's ineligible attendance in the school district. Tuition shall be computed on the basis of 1/180 of the total annual per pupil cost to the local district multiplied by the number of days of ineligible attendance and shall be collected in the manner in which orders of the Commissioner are enforced.

N.J.S.A. 18A: 38-1(b) likewise requires that tuition be calculated on the basis of 1/180 of the total annual per pupil cost to the district multiplied by the number of days of ineligible attendance.

As correctly stated by respondent in its pre-hearing memorandum of April 20, 2021, the applicable statute N.J.S.A. 18A-38-1 (b) does not specify the assessed tuition be equal to the actual costs incurred by the District for education the particular student in issue. Instead, tuition assessment is measured by the average cost per pupil based on the District's overall costs and enrollment.

The actual cost per student which determines the tuition rate or rates for a given year is the local cost per student in average daily enrollment based on the student's grade. Tuition reimbursement is calculated on a student's ineligible enrollment based on the student's grade and program category consistent with N.J.A.C. 6A: 23-3.1. To arrive at the actual per pupil cost means to determine the average daily enrollment, based upon audited expenditures that year, for the purpose for which the tuition rate is

being determined, and consistent with the grade program categories in N.J.S.A. 18A:7F-13 and 18A:7F-19, meaning regular education classes, preschool and kindergarten, grades one through five, grades six through eight, grades nine through twelve, and special class programs defined in N.J.A.C. 6A:14-4.7.

Here the respondent provided uncontested evidence that during the child's ineligible period, he was enrolled in special class programs, specifically for autism and that the per diem rates, $122.85 for the entire 180 day school year 2019-2020, and per diem rate of $171.57 for the 2020-2021 school year up to the date of disenrollment were derived from the average daily enrollment based on audited expenditures those two years, consistent with the grade and special class programs for those students. Accordingly, based upon the facts adduced at the April 23, 2021 hearing on remand and the legal principles cited above, I **CONCLUDE** that respondent is entitled to payment for tuition from petitioner for the aforesaid period of ineligible attendance, in the amount of $41,328.84.

ORDER

Based on the foregoing, it is hereby **ORDERED** that petitioner, C.B. is required to and shall be made to pay made to require to pay respondent $41,328.84 for tuition reimbursement for the period that her for the period in the Elizabeth school years 2019-2020 and 2020-21 in which her minor child attended special education classes while not domiciled in Elizabeth.

I hereby **FILE** this Initial Decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Re: *In the Matter of the Tenure Hearing of Regina Gauss, Department of Corrections, Garden State Youth Correctional Facility, Agency Dkt. No. 65-4/21.*

Dear Parties:

I have reviewed the materials filed in connection with the Motion to Dismiss the tenure charges filed against Regina Gauss by the Department. Upon review, I find that the tenure charges do not comport with *N.J.A.C.* 6A:3-5.4. Specifically, *N.J.A.C.* 6A:3-5.4(c) requires proof of service of the tenure charges on the employee and the employee's representative, if known.[1] Moreover, "[s]uch service shall be at the same time and in the same manner as the filing of charges with the Commissioner." The tenure charges did not included proof of service on Ms. Gauss or her representative.

Accordingly, the Motion to Dismiss is hereby GRANTED, and the tenure charges are dismissed without prejudice.

Sincerely,

Angelica Allen-McMillan, Ed.D.
Acting Commissioner

126-21L

c: State Law Library

[1] It should also be noted that *N.J.A.C.* 6A:3-5.4 requires the Department of Corrections to provide the Commissioner with the name of the Deputy Attorney General who will be representing the agency.

New Jersey Commissioner of Education

Decision

C.B., on behalf of minor child, A.J.B.,

Petitioner,

v.

Board of Education of the City of Newark, Essex County,

Respondent.

Synopsis

Pro se petitioner filed a petition challenging the online processes required by the respondent Board to enroll petitioner's child at Newark's Central High School for the 2020–2021 school year. Petitioner claimed, *inter alia*, that she was being bullied, intimidated, manipulated and forced to register A.J.B. online with her personal information such as immunization records, photo ID, proof of residence and birth certificate. In her filing, no relief was requested aside from a statement that "this matter needs attention," and in response to the Board's interrogatory regarding the relief being sought, petitioner responded that she was "seeking a[n] investigation." The Board filed a motion for summary decision, contending, *inter alia*, that the matter is moot, as A.J.B. is enrolled and attending Central High School; further, the online registration protocol for the 2020-2021 school year had been approved by the Department of Education for use during the Covid-19 pandemic; and petitioner failed to state a claim for which relief can be granted.

The ALJ found, *inter alia*, that: there are no material facts at issue here, and the matter is ripe for summary decision; the claims set forth in the petition are either moot, insufficient to assert a justiciable claim for relief or outside of the OAL's jurisdiction. The ALJ concluded that the dismissal of the petition of appeal is warranted. Accordingly, the Board's motion to dismiss was granted and the petition was dismissed with prejudice.

Upon review, the Commissioner concurred with the ALJ that petitioner's claims regarding the enrollment of her child are moot, and that any other issues raised by petitioner fail to state a claim for relief that can be granted by the Commissioner. Accordingly, respondent's motion for summary decision was granted, and the petition of appeal was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

New Jersey Commissioner of Education

Final Decision

C.B., on behalf of minor child, A.J.B.,

Petitioner,

v.

Board of Education of the City of Newark, Essex County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed and considered. The parties did not file exceptions.

Upon review, the Commissioner concurs with the Administrative Law Judge that petitioner's claims regarding the enrollment of her child are moot, and that any other issues raised by petitioner fail to state a claim for relief than can be granted by the Commissioner.

Accordingly, respondent's motion for summary decision is granted, and the petition of appeal is hereby dismissed.

IT IS SO ORDERED.[1]

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 10179-20
AGENCY DKT. NO. 213-10/20

C.B. ON BEHALF OF MINOR CHILD A.J.B.,
Petitioner,
v.
CITY OF NEWARK BOARD OF EDUCATION, ESSEX COUNTY,
Respondent.

C.B., petitioner, pro se

Bernard Mercado, Senior Associate Counsel, for respondent (Brenda C. Liss, General Counsel)

Record Closed: April 22, 2021 Decided: May 3, 2021

BEFORE **MARGARET M. MONACO**, ALJ:

STATEMENT OF THE CASE

Petitioner C.B. on behalf of A.J.B. commenced this action relating to her son's enrollment at Central High School in Newark. The Board of Education of the City of

Newark (the Board) contends that dismissal of the matter is appropriate since the issues raised by the petition have been rendered moot and the relief sought by petitioner is beyond the jurisdiction of this forum.

PROCEDURAL HISTORY

On or about October 6, 2020, petitioner filed a Petition of Appeal with the Commissioner of Education (the Commissioner). On or about October 21, 2020, the Board filed an Answer to Petition of Appeal, and the Department of Education transmitted the matter to the Office of Administrative Law for determination as a contested case. On November 23, 2020, I held a prehearing conference and thereafter issued a prehearing order scheduling the hearing for April 16, 2020. Prior to the hearing, the Board filed a motion for summary decision and the hearing was adjourned at the Board's request. In support of its motion, the Board filed a brief and a certification of counsel (Mercado Cert.). Petitioner filed a response opposing the motion and the Board filed a reply brief. The record was closed upon receipt of the last submission.

FACTUAL DISCUSSION

Based upon a review of the documentation submitted, I **FIND** the following undisputed **FACTS**:

Petitioner is the parent of student A.J.B. (See Petition of Appeal).[1] On or about September 8, 2020, petitioner enrolled A.J.B. at Central High School in Newark for the 2020–2021 school year. (See Petition of Appeal; Mercado Cert. at Exhibit A.)

Or about October 6, 2020, petitioner filed the instant Petition of Appeal relating to the Board's enrollment process. Petitioner claims, among other things, that she was being bullied, intimidated, manipulated and forced to register A.J.B. on-line with her personal information such as immunization records, photo ID, proof of residence and birth certificate; she advised a Board representative that she "felt very uncomfortable providing

[1] The Petition of Appeal does not include numbered paragraphs.

[her] private information online" because the information "is not safe [and] secure"; and Board representatives were "very disrespectful." (See Petition of Appeal.) In her Petition of Appeal, petitioner requests relief in the form of "[t]his matter needs attention." In response to the Board's interrogatory regarding the relief being sought, petitioner responded that she was "seeking a[n] investigation." (Mercado Cert. at Exhibit C, Answer to Interrogatory 9.)

LEGAL DISCUSSION AND CONCLUSIONS

Pursuant to N.J.A.C. 1:1-12.5(b), summary decision "may be rendered if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." This rule is substantially similar to the summary-judgment rule embodied in the New Jersey Court Rules. See Judson v. Peoples Bank & Trust Co. of Westfield, 17 N.J. 67, 74 (1954). In Brill v. Guardian Life Insurance Co., 142 N.J. 520, 540 (1995), the New Jersey Supreme Court addressed the appropriate test to be employed in deciding the motion:

> [A] determination whether there exists a "genuine issue" of material fact that precludes summary judgment requires the motion judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational factfinder to resolve the alleged disputed issue in favor of the non-moving party. The "judge's function is not . . . to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial." . . . . If there exists a single, unavoidable resolution of the alleged disputed issue of fact, that issue should be considered insufficient to constitute a "genuine" issue of material fact for purposes of Rule 4:46-2.
>
> [Citations omitted.]

In evaluating the merits of the motion, all inferences of doubt are drawn against the movant and in favor of the party against whom the motion is directed. Judson, 17 N.J. at 75. However, "[w]hen a motion for summary decision is made and supported, an

adverse party in order to prevail must by responding affidavit set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding." N.J.A.C. 1:1-12.5(b). The New Jersey Supreme Court has cautioned that, "if the opposing party offers no affidavits or matter in opposition, or only facts which are immaterial or of an insubstantial nature, a mere scintilla, . . . '[f]anciful, frivolous, gauzy or merely suspicious' . . ., he will not be heard to complain if the court grants summary judgment, taking as true the statement of uncontradicted facts in the papers relied upon by the moving party, such papers themselves not otherwise showing the existence of an issue of material fact." Judson, 17 N.J. at 75 (citation omitted). Stated differently, "[b]are conclusions . . . without factual support in tendered affidavits, will not defeat a meritorious application for summary judgment." U.S. Pipe & Foundry Co. v. Am. Arbitration Ass'n, 67 N.J. Super. 384, 399-400 (App.Div.1961). Likewise, unsupported and self-serving statements, standing alone, are insufficient to create a genuine issue of material fact. Heyert v. Taddese, 431 N.J. Super. 388, 413-414 (App. Div. 2013). And the "non-moving party cannot defeat a motion for summary judgment merely by pointing to any fact in dispute." Brill, 142 N.J. at 529. Disputed issues of fact that are immaterial or of an insubstantial nature will not suffice. Ibid. Rather, "[c]ompetent opposition requires 'competent evidential material' beyond mere 'speculation' and 'fanciful arguments,'" Cortez v. Gindhart, 435 N.J. Super. 589, 605 (App. Div. 2014), certif. denied, 220 N.J. 269 (2015) (citation omitted), and the party opposing the motion "'must do more than simply show that there is some metaphysical doubt as to the material facts.'" Alfano v. Schaud, 429 N.J. Super. 469, 474 (App. Div. 2013), certif. denied, 214 N.J. 119 (2013) (citation omitted).

Against this backdrop, the Board contends that petitioner's claims relating to its enrollment process are moot since it is undisputed that A.J.B. is currently enrolled in Central High School. The Board further maintains that petitioner's claims regarding her uncomfortable feelings toward the Board's enrollment process and being taken advantage of or disrespected during that process fail to state a claim for which relief can be granted and that the relief sought by petitioner (i.e., the matter "needs attention" and an investigation) also do not fall within the jurisdiction of this forum to award.

Based upon the foregoing facts and the applicable law, I **CONCLUDE** that the matter is ripe for summary decision. Succinctly stated, there is no genuine issue as to any material fact, and the claims set forth in the Petition are either moot, insufficient to assert a justiciable claim for relief or outside my jurisdiction.

It is firmly established that "questions that have become moot or academic prior to judicial scrutiny generally have been held to be an improper subject for judicial review." Anderson v. Sills, 143 N.J. Super. 432, 437 (Ch. Div. 1976); see Oxfeld v. New Jersey State Board of Education, 68 N.J. 301, 303 (1975). An action is moot when it no longer presents a justiciable controversy because the issues raised have become academic or when a decision is sought on a matter which, when rendered, will have no practical effect on the existing controversy. Betancourt v. Trinitas Hosp., 415 N.J. Super. 301, 311 (App. Div. 2010). "[F]or reasons of judicial economy and restraint, courts will not decide cases in which the issue is hypothetical, a judgment cannot grant effective relief, or the parties do not have concrete adversity of interest." Anderson, 143 N.J. Super. at 437.

In short, petitioner's claim regarding the enrollment process that she underwent on behalf of her son in September 2020 is moot. It is undisputed that A.J.B. was enrolled in Central High School and, therefore, no ongoing controversy relating to enrollment exists. See Robinson v. State-Operated School Dist. of Paterson, EDU 09407-09, Initial Decision, (December 14, 2010), adopted, Comm'r (January 25, 2011) http://njlaw.rutgers.edu/collections/oal/, aff'd., 2011 N.J. Super. Unpub. LEXIS 2832 (App. Div. November 17, 2011) (dismissing as moot a student's petition challenging a suspension when no reference to the disciplinary incident existed in the student's records and the student had already graduated). In addition, our courts have recognized that where a petitioner is no longer subject to the force of school procedures or regulations, a challenge to those procedures or regulations becomes academic and moot. See Oxfeld, 68 N.J. at 303. It is not the role of the Commissioner to function in the abstract or to enter advisory rulings. See N.J. Civil Serv. Ass'n v. State of New Jersey, 88 N.J. 605, 611 (1982); Crescent Park Tenants Assoc. v Realty Eq. Corp. of New York, 58 N.J. 98,107 (1971). This matter also does not present any issue of great public importance compelling a definitive resolution despite its mootness. Oxfeld, 68 N.J. at 303.

Further, for this matter to be justiciable before this forum, petitioner must have suffered a distinct injury or harm that can be remedied by the Commissioner. See e.g., New Jersey Turnpike Auth. v. Parsons, 3 N.J. 235, 240 (1949). Petitioner's claims relating to her feelings of discomfort toward the Board's enrollment process and being taken advantage or disrespected during that process do not state a cognizable claim for which relief can be granted by this forum. This forum also lacks the jurisdiction to order an investigation or somehow give the matter some type of broad attention as requested by petitioner.

Based upon the foregoing, I **CONCLUDE** that dismissal of the Petition of Appeal is warranted.

ORDER

It is **ORDERED** that respondent's motion for summary decision be and hereby is **GRANTED** and petitioner's Petition of Appeal be and hereby is **DISMISSED WITH PREJUDICE**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-**

0500, marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Agency Dkt. No. 30-2/21

New Jersey Commissioner of Education

Decision

Board of Education of the Township of Washington, Gloucester County,

Petitioner,

v.

J.M. and R.H.,

Respondents.

In this matter, the Washington Township Board of Education (Board) seeks payment of tuition from respondents because their minor child attended school in Washington Township (District) when he was ineligible to do so. Respondents did not file an answer to the petition within twenty days, as required by *N.J.A.C.* 6A:3-1.5(a). A second and final notice was sent to respondents, indicating that if an answer was not filed within ten days, the Commissioner would decide the matter on a summary basis, pursuant to *N.J.A.C.* 6A:3-1.5(e). Respondents did not file an answer.

Accordingly, the Commissioner finds that each count in the petition is deemed admitted and that it is appropriate to decide the matter on a summary basis. The District's residency investigation revealed that respondents' minor child did not reside in the District from September 15, 2018 through the end of the 2019-2020 school year. The District issued a notice of ineligibility, which respondents did not appeal. The Commissioner concludes that the minor

child was, therefore, not entitled to a free public education in the District's schools during that time period.

Pursuant to *N.J.S.A.* 18A:38-1b, the Commissioner shall assess tuition against petitioner for the time period during which the minor child was ineligible to attend school in the District. Pursuant to *N.J.A.C.* 6A:22-6.1, when parents do not appeal a notice of ineligibility, a district may assess tuition for up to one year of ineligible attendance. Therefore, the Board is entitled to tuition reimbursement in the amount of $16,941 for the 2019-2020 school year, during which time respondents' minor child was ineligible to attend school in the District.

Accordingly, respondents are directed to reimburse the Board in the amount of $16,941 for the 2019-2020 school year, for tuition costs incurred during the time period in which their minor child was ineligible to attend school in Washington Township.

IT IS SO ORDERED. [1]

New Jersey Commissioner of Education

Final Decision

Barbara Holstein,

Complainant,

v.

Tacia Raftopoulos-Johnson, Montague Board of Education, Sussex County,

Respondent.

In the Matter of Tacia Raftopoulos-Johnson, Montague Board of Education, Sussex County.

This matter involves an appeal of the School Ethics Commission's (Commission) February 26, 2020 decision that appellant Tacia Raftopoulos-Johnson, a member of the Montague Board of Education (Board), violated the School Ethics Act (Act) in connection with her attendance at a meeting of the Port Jervis Board of Education to speak about the sending-receiving relationship between the two districts (PJBOE Meeting), and her vote in support of a resolution obligating the Board to pay for students, including her own child, to attend school in Port Jervis after the sending-receiving relationship had been terminated (Resolution). The Commission recommended a penalty of censure for the violation. Having carefully reviewed the

Commission's decision and the record in its entirety, the Commissioner finds that the Commission's decision is supported by sufficient, credible evidence, and that appellant failed to establish that the decision is arbitrary, capricious, or contrary to law. *N.J.A.C.* 6A:4-1.1(a). The Commissioner also finds that a penalty of censure is appropriate.

Two complaints were filed with the Commission in this matter. The first complaint, C14-15, concerned the PJBOE Meeting, as well as an email sent by appellant to her child's guidance counselor and blind copied to parents in the district. The complaint alleged that appellant violated *N.J.S.A.* 18A:12-24.1(a), *N.J.S.A.* 18A:12-24.1(b), *N.J.S.A.* 18A:12-24.1(c), *N.J.S.A.* 18A:12-24.1(d), *N.J.S.A.* 18A:12-24.1(e), *N.J.S.A.* 18A:12-24.1(f), and *N.J.S.A.* 18A:12-24.1(j). Following a motion to dismiss by appellant, the Commission dismissed some allegations and transmitted the remainder of the matter to the Office of Administrative Law (OAL). The matter was held in abeyance when a second complaint (C08-16) was filed concerning the Resolution, and alleging that appellant violated *N.J.S.A.* 18A:12-24(a), *N.J.S.A.* 18A:12-24(b), *N.J.S.A.* 18A:12-24(c), *N.J.S.A.* 18A:12-24(f), N.*J.S.A.* 18A:12-24.1(a), *N.J.S.A.* 18A:12-24.1(c), and *N.J.S.A.* 18A:12-24.1(f). Following a motion to dismiss by appellant, the Commission dismissed the allegations that appellant violated *N.J.S.A.* 18A:12-24(a) and transmitted the remainder of matter to the OAL, where the complaints were consolidated.

Following hearings, the Administrative Law Judge (ALJ) concluded that appellant did not personally and unethically try to benefit herself and thus that the charges had not been sustained. In its February 26, 2020 decision, the Commission found that appellant violated *N.J.S.A.* 18A:12-24.1(c), *N.J.S.A.* 18A:12-24.1(e), and *N.J.S.A.* 18A:12-24.1(f) in connection with her attendance at the PJBOE Meeting, and *N.J.S.A.* 18A:12-24(b), *N.J.S.A.* 18A:12(c), *N.J.S.A.* 18A:12-24(f), *N.J.S.A.* 18A:12-24.1(a), *N.J.S.A.* 18A:12-24.1(c), and *N.J.S.A.* 18A:12-

24.1(f) in connection with her vote on the Resolution.[1] The Commission recommended a penalty of censure, and noted that it would have recommended a penalty of removal, but appellant was no longer serving on the Board.

On appeal, appellant argues that all of her actions were in furtherance of protecting the children of Montague, who had a right to continue their secondary education in Port Jervis, even after the severance of the sending-receiving agreement, pursuant to *N.J.S.A.* 18A:38-21.1. According to appellant, any directives to the contrary from the Department of Education (DOE) were inconsistent with the law, and appellant was placed in the difficult position of ignoring her obligations to the students of her district or ignoring the DOE's directives. Additionally, appellant notes that all decisions were made by the board as a whole. Appellant contends that all board members who have children who attend school or who pay taxes in their district have some sort of financial relationship with the district, and that this relationship does not automatically create a conflict of interest. According to appellant, *N.J.S.A.* 18A:12-24(h) is a defense to her actions, because she did not receive any greater gain than the other 35 parents whose children were also permitted, pursuant to the Resolution, to continue to attend school in Port Jervis at Montague's expense.[2]

Appellant also alleges that fraud was committed by someone, because the Commission has stated that complaint C08-16 was filed on March 15, 2016, despite the fact that that it was not signed and notarized until March 16, 2016. Appellant contends that there were other procedural irregularities, including that the Commission failed to provide her with a copy

---

[1] The Commission adopted the ALJ's conclusion that appellant's actions related to the email she sent to her child's guidance counselor did not violate the Act. The Commission also adopted the ALJ's conclusion that appellant's actions related to the PJBOE Meeting did not violate *N.J.S.A.* 18A:12-24.1(b) or *N.J.S.A.* 18A:12-24.1(d).

[2] Appellant also reviews the individual provisions of the Act at issue in this matter, arguing that she did not violate any of them based on *N.J.S.A.* 18A:38-21.1 and *N.J.S.A.* 18A:12-24(h).

of the complaint. For these reasons, appellant urges the Commissioner to dismiss complaint C08-16, investigate the matter, or refer it to appropriate authorities.

In reply, the Commission argues that appellant improperly engaged in self-help, in defiance of DOE decisions and directives, rather than using the proper legal channels to challenge the DOE's directive that Montague parents who continued to send their children to Port Jervis would be responsive for tuition payments. According to the Commission, appellant improperly secured a benefit for her family when she used her position on the Board to enable her child to continue to attend school in Port Jervis at the Board's expense, rather than her own. The Commissioner also contends that appellant exceeded her authority by making representations at the PJBOE Meeting about the relationship between the districts. The Commission argues that each of its findings that appellant violated the Act was supported by sufficient, credible evidence and was not arbitrary, capricious, or unreasonable. Furthermore, the Commission maintains that its penalty was reasonable, because appellant bore special responsibility for the Board's actions as its president, and she played a significant role in leading the Board to defy the DOE's decisions and directives.

Regarding appellant's claims of fraud, the Commission argues that those claims are without merit. The Commission notes that the initial complaint was timely filed, and even if it had not been, the Commission has discretion to extend the limitations period. The Commission contends that it did not fraudulently alter any dates, and that the record demonstrates that date stamps were changed so that the dates on hard copy filings comported with the dates on faxed copies that were received earlier by the Commission, as the Commission considers the date of the first copy received to be the date of filing. The Commission argues that

its actions were in compliance with its procedures for the filing of complaints, and that appellant's accusations to the contrary do not support a finding of fraud or criminal activity.

Upon a thorough review of the record, the Commissioner concludes that the Commission's decision was not arbitrary, capricious, or unreasonable. The majority of appellant's arguments in this matter are based on *N.J.S.A.* 18A:38-21.1(a)(3), which provides that when a sending-receiving relationship is terminated, secondary school students shall be permitted to continue their education in the receiving district. According to appellant, all of her actions pertaining to Montague's continuing tuition obligations to Port Jervis were required by this statute. However, those issues are not before the Commissioner as part of this appeal.[3]

Appellant's violations of the Act result not from her interpretation of the law, or her opinion that the DOE's directives were incorrect, but rather from her decision to make statements at the PJBOE Meeting and to vote on the Resolution without seeking recourse through proper legal channels. Even board members who believe that their actions are consistent with the law and their duties can be held accountable when those actions are in violation of the Act. *See In the Matter of Lorenzo Richardson, Jersey City Board of Education, Hudson County*, Commissioner Decision No. 19-21SEC (January 26, 2021) (finding a violation of the Act when a board member filed a petition of appeal before the Commissioner to attempt to enforce his interpretation of the law, without authorization from the Board).

[3] The Commissioner notes that neither she nor any former Commissioner has addressed the applicability of *N.J.S.A.* 18A:38-21.1(a)(3) following the termination of a sending-receiving relationship authorized by *N.J.S.A.* 18A:38-10, such as the one between Montague and Port Jervis that existed prior to 2013. The settlement agreement referred to throughout the proceedings, under which Montague paid tuition for its middle school students to continue attending high school in Port Jervis, was approved by Commissioner Hespe. However, approval of the settlement agreement does not constitute a determination that appellant's interpretation of *N.J.S.A.* 18A:38-21.1(a)(3) was correct or that Montague was required to make such tuition payments. It is the nature of settlement agreements that parties may exceed their legal obligations in order to resolve litigation.

At the time it voted on the Resolution, the Board, including appellant, had received two directives from the DOE, indicating that parents who wanted their children to continue to attend school in Port Jervis would have to bear the expense of tuition. Moreover, appellant was specifically advised in an email from the Executive County Superintendent that the Board should follow the process outlined in *N.J.A.C.* 6A:3 to challenge the Commissioner's decision. Exhibit R-13. Appellant herself indicated in her testimony that the outcome of meetings between Board members and DOE employees was that the Board should reach out to the Commissioner with a petition. Tr. June 17, 2019, p. 87, lines 5-7. But instead of seeking a legal remedy through established pathways, the Board chose to vote in defiance of Commissioner decisions and DOE directives – and appellant admitted as much in her testimony.[4] Tr. June 17, 2019, page 155, lines 12-17.

Additionally, appellant participated in that vote, rather than recusing herself, despite the fact that she would receive a personal financial benefit from the Resolution – the ability to send her child to school in Port Jervis at Montague's expense, rather than her own. The Commissioner does not find persuasive appellant's argument that *N.J.S.A.* 18A:12-24(h) provides a defense for her actions. This provision states, "No school official shall be deemed in conflict with these provisions if, by reason of his participation in any matter required to be voted on, no material or monetary gain accrues to him as a member of any . . . group, to any greater extent than could reasonably be expected to accrue to any other member of that . . . group." Appellant has not identified any statute, regulation, or policy requiring her to vote on the Resolution. Furthermore, the Commissioner notes that even if this provision precludes a finding that appellant violated *N.J.S.A.* 18A:12-24, appellant's actions regarding both the PJBOE

[4] Appellant is not absolved by the fact that other members of the Board may also have violated the Act by voting in the same manner. *See Cheng v. Rodas*, Commissioner Decision No. 22-17 (Jan. 20, 2017) (noting that board members are responsible for their own actions).

Meeting and the Resolution also violated multiple provisions of *N.J.S.A.* 18A:12-24.1, for which *N.J.S.A.* 18A:12-24(h) provides no defense. Three of those provisions - *N.J.S.A.* 18A:12-24.1(a), *N.J.S.A.* 18A:12-24.1(c), *N.J.S.A.* 18A:12-24.1(e) – do not require any evidence of a conflict of interest or a personal benefit.[5]

Appellant's arguments are primarily focused on her participation in the vote for the Resolution, but the Commissioner also concludes that appellant's attendance and statements at the PJBOE Meeting violated the Act, for the reasons detailed in the Commission's decision.[6] In particular, the Commissioner emphasizes that appellant's attendance at the PJBOE Meeting to discuss the various sending-receiving relationships, when appellant clearly understood that those relationships might require further litigation to resolve, exceeded the scope of her authority and had the potential to compromise the board. *N.J.S.A.* 18A:12-24.1(e);[7] *N.J.A.C.* 6A:28-6.4(a)(5); *see also Persi v. Woska*, 2017 *N.J. Super.* Unpub. LEXIS 625, *7 (App. Div. Mar. 10, 2017) (finding that action taken by a board member that is beyond the scope of his authority and duties as a board member meets the definition of "private action" and is sufficient to demonstrate a violation); *Cheng, supra* (finding a violation of *N.J.S.A.* 18A:12-24.1(e) when a board member

[5] The ALJ appears to have disregarded these provisions when she dismissed the charges based on her conclusion that appellant did not take personal action to achieve an unwarranted personal benefit.

[6] The Commissioner notes that the ALJ and the Commission made different findings regarding appellant's statements at the PJBOE Meeting, but a recording of the meeting was entered into evidence as Exhibit R-20, and it speaks for itself. Appellant indicated that the Board "can take corrective action" and "revisit maybe long-term plans on how the relationship with Port Jervis could be continued as much as possible given some of the hasty actions the Board has taken in the past." Suggesting that the Board could continue a sending-receiving relationship with Port Jervis, when that relationship had been explicitly terminated by the Commissioner and no legal challenge had been made to the Commissioner's decision or any other issues surrounding the various sending-receiving relationships, cannot reasonably be held to be within the scope of appellant's authority – even if appellant had the permission of the other Board members to speak at the meeting.

[7] Appellant contends that the Commission did not argue in its exceptions to the Initial Decision that appellant violated *N.J.S.A.* 18A:12-24.1(e), and that it therefore waived, forfeited, and procedurally defaulted this argument. Respondent points to no authority for this proposition, and the Commissioner finds that it is unfounded. Agency heads have the authority under *N.J.A.C.* 1:1-18.6(b) to modify conclusions of law – as the Commission did here in rejecting the ALJ's conclusion that appellant did not violate *N.J.S.A.* 18A:24.1(e) – regardless of whether exceptions were filed regarding those conclusions.

acted on his own rather than seeking an Advisory Opinion from the Commission after receiving uncertain legal advice from counsel).

The Commission's decision thoroughly details the individual provisions of the Act at issue and the reasons the Commission concluded that appellant violated each of them. The Commissioner concludes that the Commission was not arbitrary, capricious, or unreasonable when it determined that appellant's conduct was in violation of the Act. Furthermore, the Commissioner concurs with the Commission that the appropriate penalty is censure. The Commissioner has previously imposed a penalty of reprimand when board members violated the Act but did not receive a benefit from their actions. *See IMO Carvalho, Neron, Nina, and Rodriguez*, Commissioner Decision No. 168-18A (June 1, 2018) (violation of *N.J.S.A.* 18A:12-24.(c)); *Richardson, supra* (violation of *N.J.SA.* 18A:12-24(g) and *N.J.S.A.* 18A:12-24.1(e); *Cheng, supra* (violation of *N.J.S.A.* 18A:12-24.1(e)). Here, because appellant violated multiple provisions of the Act – and received a benefit – the Commissioner concludes that the Commission's recommendation of censure was appropriate.

Finally, following a comprehensive review of the record, the Commissioner determines that there was no impropriety in the Commission's acceptance of Complaint C08-16. First, the Commissioner finds that the complaint was timely filed. The meeting at issue in the complaint occurred on August 25, 2015.[8] According to *N.J.A.C.* 6A:28-6.5, complaints must be filed within 180 days of notice of the events which form the basis of the alleged violation. Here,

[8] The complainant argued that the minutes for the August 25, 2016 meeting were not approved until September 23, 2015, and that the time period to file did not begin to run until that date. The Commissioner notes that the time period begins to run from notice of the events at issue. While the approval of meeting minutes is one method by which the public could receive notice of actions taken by a board member, it is not the only method – for example, a member of the public present at the August 2, 2016 meeting would have notice on that date of the events that had occurred. As the record does not reflect when the complainant was actually on notice of the events at issue, the Commissioner finds that it is most appropriate to use the date of the meeting as the commencement of the time period to file.

the expiration of the 180-day time period was February 21, 2016, which was a Sunday. It is standard in legal practice that a deadline falling on a weekend is extended to the next business day. *See, e.g., N.J. Ct. R.* 1:3-1; *N.J.A.C.* 6A:3-1.2. Complaint C08-16 was initially filed on February 22, 2016, the first business day after February 21, 2016, meeting the 180-day deadline. The complaint was deficient, and the complainant was given an opportunity to cure any defects, which she did by filing an amended complaint in March 2016. The Commissioner finds any issues regarding the precise date of filing of the amended complaint to be irrelevant, as the Commission's rules clearly provide that a complainant may amend a complaint to "cure technical defects, clarify or amplify allegations made in the original complaint and such amendments will relate back to the date the complaint was first received by the Commission for the purposes of determining timeliness." *N.J.A.C.* 6A:28-6.7(b).[9]

Moreover, there is no evidence that appellant has been prejudiced by any alleged issues related to the filing of Complaint C08-16. She has been ably represented by counsel throughout the proceedings, submitted numerous briefs and items of evidence, and had the opportunity to present and cross-examine witnesses during multiple days of hearings at the OAL. Additionally, the Commissioner concludes that appellant's violations of the Act related to Complaint C14-15 are sufficient to warrant a penalty of censure, even in the absence of any violations related to Complaint C08-16.

[9] Notwithstanding the Commissioner's conclusion that the precise filing date of the amended complaint is irrelevant because it relates back to the date of the initial filing, the Commissioner does not find any fraud or impropriety in the Commission's explanation for any date discrepancies on the amended complaint. The record demonstrates that a faxed copy of the amended complaint was received on March 15, 2016, and when a hard copy was received and stamped on March 18, 2016, the date stamp was modified to reflect the first date on which the amended complaint was received – March 15, 2016. While the amended complaint was not notarized until March 16, that technical defect does not alter the date of the faxed filing.

Accordingly, appellant is hereby censured as a school official found to have violated the School Ethics Act.

130-21

Agency Dkt. No. 40-3/21

New Jersey Commissioner of Education

Final Decision

In the Matter of the Teaching Certificates of Daniel Coviello, Board of Education of the Borough of Mendham, Morris County.

The record of this matter has been reviewed. The Mendham Borough Board of Education filed a petition seeking the suspension of respondent Daniel Coviello's teaching certificates pursuant to *N.J.S.A.* 18A:28-8 because he resigned without providing the Board with the requisite statutory notice. The Commissioner issued an Order to Show Cause on March 12, 2021, which the Board served on respondent on March 19, 2021. Respondent did not respond to the Order to Show Cause, despite being given multiple opportunities to do so. Accordingly, the Commissioner finds that the respondent's certificates should be suspended pursuant to *N.J.S.A.* 18A:28-8, and further finds that a one-year suspension of the respondent's certificates is the appropriate penalty.

Accordingly, the respondent's teaching certificates are suspended for a period of one year from the filing date of this decision, a copy of which shall be forwarded to the State Board of Examiners for implementation of the suspension.

IT IS SO ORDERED.[1]

INITIAL DECISION SETTLEMENT
OAL DKT. NO. EDU 03609-20
AGENCY DKT. NO. 33-2/20

TANYA TENTURIER,

Petitioner,

v.

BOARD OF EDUCATION OF THE CITY OF ELIZABETH, UNION COUNTY,

Respondent.

Randi Doner April, Esq., on behalf of petitioner Tanya Tenturier (Oxfeld Cohen, attorneys)

Heather Savage-Ford, Deputy Counsel, for respondent Board of Education of the City of Elizabeth (Elizabeth Public Schools Legal Department, attorneys)

Record Closed: May 3, 2021 Decided: May 6, 2021

BEFORE **GAIL M. COOKSON**, ALJ:

On or about February 7, 2020, petitioner Tanya Tenturier (petitioner) appealed alleged violations of her military service credit rights by the Board of Education of the City of Elizabeth (respondent). The matter was transmitted to the Office of Administrative Law (OAL), on or about March 11, 2020, for hearing as a contested case pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

I held several telephonic case management conferences with counsel, during which counsel requested time to conduct some further settlement discussions. Under cover of May 3, 2021, counsel for petitioner forwarded a fully executed Stipulation of Settlement and Release between the parties and requested that if approved, I incorporate same into an order.

I have reviewed the record and the terms of the Stipulation of Settlement and Release and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and, therefore, **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

This Settlement Agreement and Mutual Release ("Agreement") is made and entered into by and between Petitioner, Tanya Tenturier ("Tenturier") and Respondent, Board of Education of the City of Elizabeth ("Board") for full settlement of all claims,

WHEREAS, on or about February 7, 2020 Tenturier filed a Petition of Appeal before the State of New Jersey Commissioner of Education (the "Commissioner"), Tanya Tenturier v. Board of Education of the City of Elizabeth, Union County, OAL Docket No. EDU 03609-2020N, for the return of salary guide credit for active military service.

WHEREAS, this matter is currently pending before the Honorable Gail Cookson, A.LJ.; and

WHEREAS, the parties to this Agreement desire to amicably resolve their differences

and avoid additional expenses of further litigation in connection with the Petition of Appeal.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, it is hereby agreed by and between the parties hereto as follows:

1. This Agreement shall not be construed as an admission by the Parties of any acts or omissions alleged or those that could have been alleged by any of the Parties, or of any acts or omissions alleged or which could have been alleged against any of the Parties. Each party to this Agreement specifically denies any liability.

2. In exchange for the valuable consideration set forth herein, the Parties mutually release and give up any and all claims and rights they may have against each other for any damages or injuries claims that could have been alleged by either party in connection with this matter.

The Parties specifically release the following claims as to each other:

(a) Any and all claims and. counterclaims that were brought and that could have been brought in the Petition of Appeal bearing OAL Docket No. EDU 03609-2020N; and

(b) Any and all claims for attorneys' fees and expert costs, and any other fees and costs.

3. In total and complete settlement of any and all potential claims referred to above, the Board shall:

(a) Provide employment credit to Tenturier for her military service in compliance with N.J.S.A. 18A:29-11.

(b) Provide monetary credit to Tenturier at the Step 12 salary beginning on November 18, 2019 with all necessary contractual adjustments to said salary thereafter.

i. Tenturier shall be reimbursed a total of $11,914 for the 2020-2021 school year

which shall be paid in a lump sum for the period prior to the execution of this agreement and the remainder in her regular paychecks for the rest of the school year.

ii. Tenturier shall be reimbursed a total of $9,956.25 for the school year 2019-2020 which accounts for the effective period of November 18, 2019 through June 30, 2020.

4. The Parties acknowledge that they are fully satisfied with their respective legal representation in this matter and that they have reviewed the terms of this Agreement with their respective counsel.

New Jersey Commissioner of Education

Final Decision

Christine Lillis-Flaherty,

Petitioner,

v.

Board of Education of the City of Elizabeth, Union County,

Respondent.

The record of this matter, the proposed Settlement Agreement and Release (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner notes that item number 2 (two) of the Agreement references an action that was to have taken place in a time frame that preceded the consideration of the settlement by the Commissioner of Education. The parties are reminded that a settlement of litigation before the Commissioner is not binding until the Commissioner approves the settlement.

In light of the foregoing, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter, provided that the parties have already implemented the settlement terms or have agreed upon mutually satisfactory alternate dates for the effectuation of the terms of the Agreement. Assuming same, the matter is hereby dismissed, subject to compliance with the terms of the settlement.

IT IS SO ORDERED.

SETTLEMENT AGREEMENT & RELEASE

This Settlement Agreement and Release (hereinafter referred to as "Agreement") is made this 23rd day of November, 2020, by and between Christine Lillis-Flaherty and her agents, successors, heirs and assigns (collectively "Lillis-Flaherty"), and the Elizabeth Board of Education and its agents, past and present members, employees, successors, heirs and assigns (collectively "the Board"). (Lillis-Flaherty and the Board will hereinafter be collectively referred to as the "Parties").

WHEREAS, Lillis-Flaherty has been employed with the Board as a social worker on a full-time basis for over twenty-six (26) years; and

WHEREAS, Lillis-Flaherty filed a Petition for Relief with the Commissioner of Education to challenge the Board's decision to wrongfully remove Lillis-Flaherty from the payroll on September 27, 2019 through November 22, 2019 [OAL Dkt. No. EDU 00603-2020N; Agency Ref. No. 313-12/19]; and

WHEREAS, the Board filed an Answer to Lillis-Flaherty's Petition for Relief, disputing her entitlement to the reimbursement of salary withheld during the period of time she was removed from the payroll; and

WHEREAS, the matter was transferred to the Office of Administrative Law and assigned to the Honorable Andrew M. Baron, A.L.J., for adjudication; and

WHEREAS, the parties are desirous to amicably resolve this matter in lieu of proceeding with litigation; and

NOW, THEREFORE, in consideration of the agreement contained herein, the Parties agree as follows:

1. In exchange for the below consideration, Lillis-Flaherty agrees to withdraw her Petition for Relief currently pending before the Office of Administrative Law against the Board [OAL Dkt. No. EDU 00603-2020N; Agency Ref. No. 313-12/19].

2. The Board will pay Lillis-Flaherty for six (6) full weeks of her salary within thirty (30) days of the execution of this Agreement.

3. The signatures of the parties below indicate that they have had an opportunity to review this Agreement with their respective Counsel;, that they have read and understood the provisions, terms and conditions of this Agreement; and that they have executed it voluntarily with full knowledge of the significance of all provisions, terms and conditions of this Agreement.

4. This Agreement is executed, and all consideration is given in final settlement of disputed claims and shall not be construed as an admission by either party.

5. This Agreement shall not be modified or amended except by writing duly executed and signed by the parties to this Agreement.

JLF

IN WITNESS WHEREOF, the Parties hereto have duly executed this Agreement as of the date first written above.

Record Closed: May 6, 2021 Decided: May 7, 2021

BEFORE **BARRY E. MOSCOWITZ,** ALJ:

On February 12, 2021, the Commissioner of the Department of Education transmitted this case to the Office of Administrative Law (OAL) under the Administrative Procedure Act, N.J.S.A. 52:14B-1 to -15, and the act establishing the OAL, N.J.S.A.

52:14F-1 to -23, for a hearing under the Uniform Administrative Procedure Rules, N.J.A.C. 1:1-1.1 to -21.6.

A copy of their settlement agreement is attached to this decision. Having reviewed the terms of the settlement agreement, I **FIND** that the parties have entered into their settlement voluntarily, as evidenced by their signatures, the signatures of their representatives, or both.

Moreover, I **CONCLUDE** that the settlement agreement is consistent with the law, is fully dispositive of all issues in controversy between the parties, and is otherwise consistent with the requirements of N.J.A.C. 1:1-19.1.

Therefore, given my findings of fact and conclusions of law, I **ORDER** that the parties comply with the terms of their settlement and that these proceedings are now closed.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this case. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days, and unless such time limit is otherwise extended, this recommended decision shall become a final decision under N.J.S.A. 52:14B-10.

Attorneys for Respondent, Northern Valley Regional High School District Board of Education, (improperly pleaded as Northern Valley Demarest Regional School District Board of Education)

TERRANCE BURKE, Petitioner, v. NORTHERN VALLEY REGIONAL HIGH SCHOOL DISTRICT BOARD OF EDUCATION, Respondent.	OFFICE OF ADMINISTRATIVE LAW OAL DOCKET NO.: EDU-1929-21 AGENCY REF. NO.: 6-1/21 **SETTLEMENT AGREEMENT**

This Agreement is entered into by and between the Petitioner, Terrance Burke, (hereinafter referred to as the "Petitioner"), and Respondent, Northern Valley Regional High School District Board of Education, (hereinafter referred to as the "Board" or "Respondent") (collectively referred to as the "parties" and individually as the "party,"), and supersedes and replaces any and all prior agreements between the Board and the Petitioner.

WHEREAS, Petitioner was employed as a custodian of the Respondent on February 13, 2015, at which time he filed a Workers Compensation claim and began a leave of absence from work;

WHEREAS, by Order of Total Disability dated December 2, 2020, the New Jersey Department of Labor Division of Workers Compensation determined Petitioner to have sustained temporary disability on February 13, 2015, culminating in an adjudication of permanent disability, with a permanent disability retirement date of June 1, 2016;

WHEREAS, the Petitioner has filed this action, seeking payment of salary and sick pay in accordance with N.J.S.A. 18A:30-2.1, during the first year of his absence from work due to a wor-related injury;

WHEREAS, the Board and the Petitioner have negotiated an amicable resolution of the issues in dispute, without any admissions or findings of liability as to either party, and wish to set forth the terms of their agreement in this settlement agreement ("Agreement"), which has been determined to be in the best interest of the parties;

NOW, THEREFORE, in consideration of the foregoing, the Board and the Petitioner agree as follows:

1. **Terms.**

(a) The Board agrees to pay to Petitioner and Petitioner agrees to accept the sum of Fourteen Thousand Four Hundred Eighteen Dollars and Seventy-Two Cents ($14,418.72) ("Settlement Sum") in full and final satisfaction of any and all claims asserted, or which could have been asserted by Petitioner, including but not limited to any and all claim for payments due in accordance with N.J.S.A. 18A:30-2.1, including salary and sick leave payable during Petitioner's first year of absence from employment due to work-related injury.

(b) Payment of the Settlement Sum shall be made by the Board to the Petitioner within thirty (30) days of receipt by the parties of the Final Decision of the Commissioner of Education, approving the terms of this Agreement.

(c) The Board will issue an IRS Form 1099 for the Settlement Sum, and makes no representations as to the tax and/or other withholding consequences with regard to the Settlement Sum being paid to Petitioner, Terrance Burke, herein.

Petitioner explicitly agrees to pay any and all taxes found to be owed from the payment of the Settlement Sum. Petitioner further agrees to indemnify and hold the Board harmless from any claims, assessments, demands, penalties and interest owed, or found to be owed, as a result of the payment made pursuant to this Agreement if Petitioner should fail to properly pay any taxes or other payments to which the Settlement Sum may be subject.

2. **Binding Effect.**

All parties to this Agreement, as well as their heirs, successors, and assigns, are bound by it. The other party and/or parties may rely upon his/her actual authority in connection with the signing of this Agreement. Additionally, each party to this Agreement is an intended beneficiary hereof.

3. **Release and Extinction of Claims.**

This Action is being settled, and Petitioner is receiving payment for salary during the first year of work-related disability, less adjustment for salary and temporary disability payments received by Petitioner during the first year of work-related disability. Accordingly, Petitioner, agrees to and hereby releases and surrenders any and all claims and rights which Petitioner may have against the Board, including its employees, elected officials, representatives, agents, attorneys, successors, or assigns. The effect of this Release is to waive all of Petitioner's claims, either present or future, including those of which Petitioner is not aware, and those not expressly mentioned in this Release resulting from Petitioner's employment with the Board, leaves of absence, disability, and disability retirement from the Board. It is expressly understood and agreed, however, that the parties reserve the right to bring a claim before any tribunal

of competent jurisdiction to enforce their rights under this Agreement.

4. **Integration Clause.**

This Agreement shall constitute the entire agreement among the parties and supersedes all prior or contemporaneous agreements, oral or written. This Agreement cannot be altered, amended, modified, terminated, or discharged except in a writing signed by the party against whom enforcement of such alteration, amendment, modification, termination or discharge is sought.

5. **Interpretation.**

The parties recognize that they sign this Agreement as their own voluntary act and deed, and that they fully understand the duties, obligations, requirements and limitations enumerated herein. The drafting and negotiation of this Agreement have been participated in by each of the parties and/or their respective counsel and, for all purposes, this Agreement shall be deemed to have been drafted jointly by each of the parties. No ambiguity shall be resolved against any party based upon authorship.

6. **Representation.**

(a) The Board hereby acknowledges that it has been represented by counsel throughout the existence of this Action, throughout the negotiation of this Agreement, and at the execution of this Agreement, and has read and consulted with counsel regarding this Agreement. The Board acknowledges and agrees that it is satisfied with its legal representation in this matter.

(b) The Petitioner hereby acknowledges and agrees that it he has been represented by counsel throughout the existence of this Action, throughout the negotiation of this Agreement, and at the execution of this Agreement, and has read the

Agreement and consulted with counsel regarding this Agreement. Petitioner acknowledges and agrees that he is satisfied with his legal representation in this Action.

7. **Voluntary.**

No representations have been made to Petitioner to induce or coerce Petitioner into entering in to this Agreement. Petitioner and the Board enter into this Agreement voluntarily.

8. **Governing Law & Venue.**

This Agreement shall be governed by the laws of the State of New Jersey. Any controversies or disagreements arising out of, or relating to this Agreement or the breach thereof, shall be resolved in the Bergen County Superior Court of New Jersey.

9. **Severability.**

If all or any portion of any provision of this Agreement shall be held to be invalid, illegal, or unenforceable in any respect, then such invalidity, illegality, or unenforceability shall not affect any other provision hereof, and such provision shall be limited and construed as if such invalid, illegal, or unenforceable provision, or portion thereof, were not contained herein.

10. **Confidentiality.**

As further consideration for the Agreement, the parties agree that they will keep all terms of this Agreement completely confidential. Notwithstanding anything to the contrary contained herein, it is expressly understood and agreed that neither party nor any representative of the parties will take any action to disclose the terms or nature of this Agreement except that disclosure is permitted: (i) as necessary with regard to any proceeding for the enforcement of this Agreement; (ii) to the employee's immediate

family, accountants and attorneys for the parties, who shall agree not to disclose the fact of or any of the terms of this Agreement as if they were a party to this Agreement; (iii) as may be required, through subpoena or otherwise, by any court or agency of competent jurisdiction; (iv) as may be required pursuant to the Open Public Records Act; and (iv) as may be required by law.

11. **Counterparts.**

This Agreement may be signed by the parties in counterparts on separate copies of the Agreement, and all signature pages shall be incorporated into the Agreement as if all the signatures are affixed on one (1) page.

12. **Board Approval.** This Agreement is expressly conditioned upon and subject to the review and approval of the Northern Valley Regional High School District Board of Education.

IN WITNESS WHEREOF, the Parties have hereunto set their hands and seals the date and year set forth below.

BY SIGNING BELOW, THE PARTIES ACKNOWLEDGE THAT EACH HAS READ THE TERMS OF THIS AGREEMENT, UNDERSTANDS THE TERMS OF THIS AGREEMENT AND INTENDS TO BE LEGALLY BOUND BY THIS AGREEMENT AND ITS PROVISIONS. ADDITIONALLY, THE PARTIES ARE SIGNING BELOW VOLUNTARILY AND WITHOUT THREAT OR COERCION OF ANY KIND.

April 27, 2021

The Northern Valley Regional High School District Board of Education at its Combined Meeting of April 26, 2021 approved the following resolution:

7.9 Settlement Agreement - Workers Compensation

Be It Resolved that the Board of Education approves the attached confidential settlement agreement.

I, Marc A. Capizzi, School Business Administrator of the Northern Valley Regional High School District in the County of Bergen, and the State of New Jersey do hereby certify that this is a true copy of the Original Minutes of the Northern Valley Regional High School District Board of Education's Combined Meeting of April 26, 2021.

135-21

135-21
Agency Dkt. No. 62-4/21

New Jersey Commissioner of Education

Final Decision

In the Matter of the Suspension of the Teaching Certificates of Amanda Harmon, Freehold Regional High School District, Monmouth County.

The record of this matter has been reviewed. The Board of Education of the Freehold Regional High School District filed a petition seeking the suspension of respondent Amanda Harmon's teaching certificates pursuant to *N.J.S.A.* 18A:28-8 because she resigned without providing the Board with the requisite statutory notice. The Commissioner issued an Order to Show Cause on April 29, 2021, which the Board served on respondent on the same date. Respondent did not formally respond to the Order to Show Cause but emailed the Department of Education on June 11, 2021, stating that she wished to "plead guilty and close the case." Accordingly, the Commissioner finds that the respondent's certificates should be suspended pursuant to *N.J.S.A.* 18A:28-8, and further finds that a one-year suspension of the respondent's certificates is the appropriate penalty.

Accordingly, the respondent's teaching certificates are suspended for a period of one year from the filing date of this decision, a copy of which shall be forwarded to the State Board of Examiners for implementation of the suspension.

IT IS SO ORDERED.[1]

Angelica Allen-McMillan, Ed.D.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: June 25, 2021
Date of Mailing: June 25, 2021

[1] This decision may be appealed to the Appellate Division of the Superior Court pursuant to *N.J.S.A.* 18A:6-9.1. Under *N.J.Ct.R.* 2:4-1(b), a notice of appeal must be filed with the Appellate Division within 45 days from the date of mailing of this decision.

IN THE MATTER OF THE TENURE CHARGES BROUGHT BY

ELK TOWNSHIP BOARD OF EDUCATION
ELK TOWNSHIP SCHOOL DISTRICT
GLOUCESTER COUNTY, NEW JERSEY

DOCKET NO. 219-10/20

-AGAINST-

BEFORE JACQUELIN F. DRUCKER, ESQ.
ARBITRATOR

SONYA CRAMER

AWARD APPROVING
SETTLEMENT AGREEMENT

FOR THE DISTRICT:

SUSAN HODGES, ESQ.
PARKER MCCAY P.A.
9000 MIDLANTIC DRIVE
P.O. BOX 5054
MT. LAUREL, NEW JERSEY 08054

FOR MS. CRAMER:

HOP T. WECHSLER, ESQ.
SELIKOFF & COHEN, P.A.
700 EAST GATE DRIVE
MT. LAUREL, NEW JERSEY 08054

The Board of Education of the Elk Township School District, Gloucester County ("District," "Board," or "Employer") initiated, and the State District Superintendent certified to the Commissioner of Education, tenure charges seeking the termination of employment of Sonya Cramer ("Respondent" or "Ms. Cramer"). Respondent has been employed by the District as a certified teacher and holds tenure in that position. During her tenure, Respondent taught at the Aura Elementary School, within the District. The Commissioner of Education on October 30, 2020, referred the charges to this Arbitrator pursuant to N.J.S.A. 18A:6-16. Conferences were conducted with counsel, and scheduling and pandemic-related arrangements for hearing were discussed. As counsel reported that progress was being made regarding possible agreed resolution and as it was agreed that both parties wanted an in-person hearing, it was agreed that an extension of the statutory deadlines would be sought. Pursuant to the Arbitrator's request, the Office of Controversies and Disputes on December 9, 2020, granted an extension of the statutory deadline to June 30, 2021, for issuance of the award in this matter.

Following inquiries from the Arbitrator's office, counsel provided periodic updates on the progress of settlement discussions. On June 1, 2021, counsel notified the Arbitrator that settlement terms had been reached and, on June 11, 2021, counsel confirmed that the terms of the settlement had been approved by both parties. The parties conveyed to the Arbitrator a Separation Agreement and Release, executed June 1, 2021, by Respondent and, on behalf of the Board, on June 11, 2021. The parties also set forth a detailed statement of the grounds upon which they seek approval, in keeping with N.J.A.C. 6A:3-5.6 and the applicable factors set forth therein and in *In Re Cardonick*, New Jersey State Board of Education, 1990 School Law Decision 842.

The Arbitrator, being fully familiar with the charges and defenses set forth in this proceeding and being aware of the evidence expected to be adduced by the parties, has given full and careful consideration to the proposed terms of settlement. She finds same to be fair, appropriate, proper, and fully consistent with the applicable standards. The Arbitrator thus approves same and incorporates the Settlement and Release, with exhibits thereto, herein as her Award in this matter.

Dated: June 26, 2021

Jacquelin F. Drucker, Esq.
Arbitrator

SEPARATION AGREEMENT AND GENERAL RELEASE

THIS SEPARATION AGREEMENT AND GENERAL RELEASE (hereinafter Agreement) is entered into between Sonya Cramer (hereinafter "Cramer") and the Elk Township Board of Education/Elk Township School District (hereinafter "Board"). Cramer and the Board are jointly referred to as the "Parties" or severally as a "Party" throughout this agreement.

As used in this Agreement, any reference to the Parties shall include their predecessors and successors, all of their affiliates, their parent or controlling corporations, partners, divisions, and subsidiaries, and all of their present, past, and future owners, directors, officers, employees, representatives, attorneys, insurers, reinsurers, third-party administrators, agents, and assigns.

WHEREAS Cramer has been employed as a tenured teacher by the Board;

WHEREAS Cramer and the Board mutually desire to settle all aspects of Cramer's employment by executing this Agreement,

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties, each intending to be legally bound, agree as follows:

1. Recitals. The above recitals are repeated and incorporated into this Agreement.

2. Separation From Employment. Cramer will voluntarily and formally retire from her position with the Board at the close of business on Friday, June 18, 2021. She will submit an irrevocable letter of retirement, effective at the close of business on Friday, June 18, 2021, which shall be in the form attached hereto as Exhibit A and shall be signed and attached to this Agreement. Cramer agrees not to seek re-employment from the Board and acknowledges that the Board has no obligation, contractual or otherwise, to hire, rehire, or re-employ Cramer in the future. Cramer will comply with all other contractual, statutory, and regulatory provisions concerning retirement, pension eligibility, and insurance coverage upon retirement. Cramer will further comply with all statutory and regulatory provisions concerning the purchase of service credit. The Board will cooperate fully with Cramer's application and will timely submit all required documentation to the New Jersey Department of the Treasury, Division of Pensions and Benefits (hereinafter "Division of Pensions"), including a certification of service and final salary.

The Parties mutually intend that Cramer will retire with a service retirement with twenty-five (25) years of creditable service. Cramer and the Board have checked and re-checked her pension credit as stated on her Member Benefits Online System ("MBOS") statement and both believe that she will have twenty-five (25) years of pension credit on June 18, 2021, subject to the approval of her application to purchase service credit. Should the Parties' mutual understanding be incorrect, the Parties agree in advance that Cramer's retirement date will be adjusted to the first day of the next month following the date upon which the Division of Pensions has certified in writing that Cramer's pension shall be fully vested and Cramer shall be eligible for regular retirement as defined in the applicable pension statutes, and no sooner than the date when Cramer has reached twenty-five (25) years of creditable service.

SC

Appendix A

The Board agrees that upon the Parties' execution of this Agreement, Cramer will be deemed to have satisfied any and all contractual and statutory notice requirement.

3. Withdrawal of Tenure Charges and Rescindment of Suspension. The Board will withdraw the tenure charges filed with the Commissioner of Education (hereinafter "Commissioner") in accordance with the requirements of N.J.A.C. 6A:3-5.6, as fully set forth in Paragraph 8 below. The Board will rescind Cramer's 120-day suspension without pay and reinstate Cramer with full back pay retroactive to October 8, 2020. Payment shall be subject to the standard salary and tax deductions, including but not limited to pension contributions, but excluding all pension loan payments and all AFLAC policy payments.

4. Leave of Absence. Cramer will take a medical leave of absence from February 8, 2021 through the close of business May 25, 2021. During this time period, Cramer shall have the unconditional right to full continuation of her health and major medical benefits, prescription health insurance benefits, dental and vision benefits (subject to mandatory Chapter 78 contributions) and all other emoluments of employment as set forth in the operative collectively negotiated agreement (hereinafter "CNA") between the Board and the Elk Township Education Association (Association) except that Cramer will not receive pay during this period. Cramer shall then use seventeen (17) days of her accrued contractual sick and personal leave from May 26, 2021 through June 18, 2021.

The Board will designate the first twelve (12) weeks of Cramer's medical leave of absence, from February 8, 2021 through the close of business May 7, 2021, as Family and Medical Leave Act (FMLA) leave. During the designated FMLA leave period, Cramer will be responsible for paying the employee share of her health insurance contributions in the amount of $415.46 per month, or $1,246.38 total. The Board will pay the employer share. During the additional two-week period of non-FMLA medical leave, Cramer will be responsible for paying both the employer and employee shares of her health insurance contributions, or $650.08 total.

The Board acknowledges the validity and sufficiency of the physician's certificate and FMLA leave documentation, including but not limited to the completed Form WH-380-E, provided by Cramer's medical care providers.

5. Payment for Unused Accrued Leave. Cramer will be entitled to payment for any unused accrued leave upon her retirement as set forth in the CNA between the Board and Association. Cramer and the Board have calculated that Cramer will have 13.5 unused accrued sick days as of her retirement effective 11:59 p.m. on June 18, 2021. Based on these calculations, the Board will reimburse Cramer at the applicable contractual per diem rate of $45 for a total amount of $607.50.

6. Waiver/Release of Claims: In exchange for the covenants contained in this Agreement, Cramer agrees as follows:

a. Cramer and her heirs, agents, executors, representatives, and assigns (collectively "Releasers") irrevocably and unconditionally fully and forever waive, release, and discharge the Board, including its members, agents, representatives, and employees, in their corporate and individual capacities (collectively "Released Parties"), from any and all claims, demands, actions, causes of actions, judgments, rights, fees, damages, obligations liabilities, and expenses (inclusive of attorneys' fees and costs) of any

SC

kind whatsoever, whether known or unknown (collectively "Claims"), that Releasers may have or have ever had against the Released Parties, arising out of, or in any way related to Cramer's employment with the Board by reason of any actual or alleged act, omission, practice, conduct, occurrence, or other matter from the beginning of time up to and including the date of Cramer's execution of this Agreement, including, but not limited to:

i. Any and all claims under Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act, the Family and Medical Leave Act (with respect to existing but not prospective claims), the Employee Retirement Income Security Act, the Equal Pay Act, the Civil Rights Act of 1991, Sections 1981 through 1988 of Title 42 of the United States Code, the Fair Credit Reporting Act, the New Jersey Law Against Discrimination (with respect to existing but not prospective claims), the New Jersey Conscientious Employee Protection Act, the New Jersey Civil Rights Act, the New Jersey Family Leave Act, the New Jersey Wage Payment Law, the New Jersey Wage and Hour Law, retaliation claims under the New Jersey Workers' Compensation Law, the New Jersey Equal Pay Act, the New Jersey Civil Union Act, the National Labor Relations Act, the Occupational Safety and Health Act, the New Jersey Worker Health & Safety Law, the Fair Labor Standards Act, the Health Insurance Portability and Accountability Act, all as amended, any other federal, state, local, or foreign law (statutory, regulatory, or otherwise) that may be legally waived and released, and any anti-retaliation provision of any of the foregoing laws; however, the identification of specific statutes is for purposes of example only, and the omission of any specific statute or law shall not limit the scope of this general release in any manner;

ii. Any and all claims for compensation or benefits of any type whatsoever, including, but not limited to, wages, stipends, bonuses, vacation pay, sick pay, insurance, or compensation or benefits of any kind;

iii. Any and all claims arising under tort, contract, or quasi-contract law, including, but not limited to, claims of breach of an express or implied contract, tortuous interference with a contract, breach of the covenant of good faith and fair dealing, promissory estoppel, equitable estoppel, detrimental reliance, wrongful discharge, retaliation, defamation, invasion of privacy, and negligent or intentional infliction of emotional distress;

iv. Any and all claims for monetary or equitable relief, including, but not limited to, attorneys' fees and costs, medical costs, back pay, front pay, other compensatory damages, reinstatement, punitive damages, liquidated damages, and penalties;

v. Any right to indemnification; and

vi. Any other matter between the Parties.

SC

b. This release specifically excludes claims arising under the Workers' Compensation Act, N.J.S.A. 34:15-1 *et seq.*; the Teachers' Pension and Annuity Fund Act, N.J.S.A. 18A:66-1 *et seq.*; the indemnity provisions of *N.J.S.A.* 18A:16-6 and 6.1 with regard to civil and criminal actions; claims by third parties; and claims arising from any breach of this agreement. Cramer is not presently aware of any such claims.

c. Neither Cramer nor any person or entity acting on her behalf except as may otherwise be provided herein will file any type of complaint, charge, claim, and/or cause of action, or cause or permit any complaint, charge, claim, and/or cause of action to be filed, against any of the Released Parties involving any matter whatsoever which occurred at any time from the beginning of time up to and including the effective date of this Agreement, or involving any continuing effects or any acts or practices which may have arisen or occurred prior to the effective date of this Agreement. It is understood that if a class action is filed, that the mere filing of said action does not place Cramer in breach of this Agreement provided that Cramer take reasonable steps with all due speed to remove herself from the class. It is understood that if a collective action is filed, Cramer will not opt into the collective action.

d. To the extent that Cramer has already filed, or caused to be filed by any person or entity on her behalf, a complaint, charge, claim, and/or cause of action in any administrative and/or judicial forum, she shall immediately notify the Board, in writing, of the nature of the complaint, charge, claim, and/or cause of action and shall provide all copies of the same to the Board. Further, Cramer agrees to immediately withdraw any complaint, charge, claim, and/or cause of action and to provide the Board with documentation proving the same. To the extent that any administrative and/or judicial agency fails and/or refuses to permit Cramer to withdraw a complaint, charge, claim, and/or cause of action, Cramer shall advise the Board, in writing, and Cramer shall refuse to cooperate with any investigation and/or proceeding regarding the complaint, charge, claim, and/or cause of action if the law permits. Should Cramer receive any damages, monetary reimbursement, or any compensation whatsoever as a result of having brought a complaint, charge, claim, and/or cause of action, Cramer shall immediately remit said damages, monetary reimbursement, or compensation to the Board.

e. Nothing in this Agreement shall preclude Cramer from cooperating with any investigation being conducted by the Equal Employment Opportunity Commission or state or local fair employment practices agency, or in any criminal, quasi-criminal, or law enforcement investigation, although Cramer waives any right to any monetary relief related to the same. This Agreement is not intended to waive any claims that cannot be waived by law.

7. No Admission of Liability. Neither this Agreement nor Cramer's retirement constitutes an admission of any liability or wrongdoing on Cramer's part, nor does the execution of this Agreement constitute an admission of liability or wrongdoing on the part of the Board or its employees, representatives, or agents.

SC

8. *Cardonick* Factors. Pursuant to N.J.A.C. 6A:3-5.6:
   a. A true copy of the tenure charges is attached hereto as Exhibit B;
   b. A true copy of Cramer's Answer to the tenure charges is attached hereto as Exhibit C;
   c. In consideration of the nature of Cramer's conduct, and in light of her years of service to the District and the potential for protracted litigation, the Parties have determined it is in their best interest and the public interest to amicably resolve the charges;
   d. Both parties have knowingly and voluntarily consented to the within Agreement, as indicated by their respective signatures below;
   e. Both parties have been fully apprised of their rights and obligations and have indicated their full understanding and acceptance thereof by their respective signatures below;
   f. The within good-faith settlement will serve the public interest by avoiding certain "time, money, and proof problems" as set forth in *Matter of Cardonick*, 1990 S.L.D. 842, 848; and
   g. This Agreement results in a withdrawal of the charges and Cramer's reinstatement and voluntary retirement. Nonetheless, Cramer has been advised of the Commissioner's duty to refer tenure determinations resulting in a loss of position to the State Board of Examiners for possible suspension or revocation of certificates.

9. Prospective Employers. Any prospective employer who inquires as to Cramer's employment history shall be referred to the Superintendent of Schools or their designee and informed only of Cramer's retirement. In no event will the Board or its officers, members, employees, or agents make any statement, verbal or written, to any current or prospective employer that is adverse to Cramer's interests. All such references shall be cleared through the Superintendent.

10. Non-Interference and Non-Disparagement. The Parties mutually agree not to make, publicly or privately, through any media or medium (including, without limitation, comments on social networking sites and social media), any defamatory, disparaging, or derogatory remarks or otherwise make statements that could injure the business or reputation of any of the Parties to this Agreement. In the event that a Party is alleged to have breached this provision, the other Party may commence appropriate legal action and the non-prevailing Party will be responsible for all attorneys' fees and costs associated with such litigation.

11. Non-Precedential. It is expressly understood that the settlement memorialized by this Agreement is predicated exclusively upon the unique and individual circumstances of this matter and shall not be construed to represent any policy or procedure of the Board.

12. Confidentiality. The Parties mutually understand and agree that the existence of this Agreement and the terms herein are completely confidential. The Parties, including their representatives and agents, further agree that they shall not reveal to anyone, other than as may be mutually agreed upon in writing, any information, facts, or terms and conditions concerning this Agreement. This non-disclosure provision does not bar the following disclosures: (1) disclosure by Cramer to members of her immediate family; or (2) disclosures by a Party for the purpose of obtaining legal, tax, accounting, or financial advice; or (3) disclosures by a Party that may be required by law;

SC

or (4) disclosures by a Party for the purpose of obtaining or maintaining publicly or privately funded benefits or insurance; or (5) disclosures by a Party to any governmental agency or entity on a need-to-know basis, including but not limited to the Department of Education, the Teachers' Pension and Annuity Fund, and the State Board of Examiners. This non-disclosure provision further does not bar disclosures pursuant to a lawful request under the Open Public Records Act (OPRA) or disclosures as may otherwise be compelled by law or Court Order. The Parties agree to inform those persons with whom they are permitted to share such information as to the confidentiality of this Agreement and further agree to require such persons to hold information received by them about this Agreement as confidential pursuant to the terms herein. Upon all other inquiries, the Parties shall only respond that the matter has been resolved to the satisfaction of all those concerned. In the event that a Party or Parties are alleged to have breached the confidentiality provision of this Agreement, then the other Party or Parties may commence appropriate legal action.

13. No Reporting Obligation. The Parties agree that because Cramer is not the subject of allegations involving child abuse or sexual misconduct with a child as defined by N.J.S.A. 18A:6-7.6, no reporting obligation under that statute is triggered. The Board further agrees that it has not taken and will not take any action to disclose Cramer's retirement from employment under N.J.S.A. 18A:6-7.6 *et seq.* However, the Board will comply with any state law concerning a response to requests for information.

14. Right to Consult Counsel and Understanding of Agreement. By signing this Agreement, the Parties certify that they have had the opportunity to discuss the Agreement with counsel. They are fully satisfied with the services of their counsel with respect to both this Agreement and all other aspects of this case and they enter into this Agreement knowingly, willingly, and without any coercion or improper inducements.

15. Governing Law and Forum Selection. This Agreement, and all matters arising out of or relating to it, shall be governed by and construed under the laws of the State of New Jersey, without regard to conflict of law principles. Any disputes relating to this Agreement shall be resolved exclusively in the Superior Court of New Jersey, Gloucester County. The Parties hereby irrevocably submit to the exclusive jurisdiction of such court and waive the defense of inconvenient forum to the maintenance of any action or proceeding in such venue.

16. Entire Agreement. It is understood between the Parties that neither Party has relied upon any representation, express or implied, made by any other party or their counsel or any of their representatives, and that this Agreement constitutes the entire understanding of the Parties and cannot be modified except in writing signed by all of the Parties hereto.

17. Modification and Waiver. No modification or waiver of any of the terms of this Agreement shall be valid unless in writing and executed by each Party with the same formality as this Agreement.

18. Legally Binding. The terms of this Agreement contained herein are contractual, and not a mere recital. This Agreement shall be binding upon the Parties hereto and upon their heirs, administrators, representatives, executors and assigns. Cramer expressly warrants that she has not transferred to any person or entity any rights, causes of action or claims released in this Agreement.

SC

The Parties further represent and agree that they are not impaired, whether by bankruptcy or otherwise, from signing this Agreement or releasing any of the rights or claims.

19. Rules of Construction. Cramer agrees and acknowledges that, as Cramer has carefully read, reviewed, and considered the terms of this Agreement and has had the full opportunity to obtain legal advice from counsel of her choice in connection with this Agreement, the normal principle of contract construction whereby all ambiguities are to be construed against the drafting party shall not be employed in the interpretation and construction of this Agreement. Any headings contained herein are for reference purposes only and shall not in any way affect the meaning or interpretation of this Agreement.

20. Severability. Should any provision of this Agreement be declared or determined by any court of competent jurisdiction to be illegal, invalid, or unenforceable, the Parties will make reasonable efforts to reform that provision to be legal, valid, and enforceable. Should the provision remain illegal, invalid, or unenforceable, the legality, validity, and enforceability of the remaining parts, terms, or provisions shall not be affected thereby and said illegal, unenforceable, or invalid part, term, or provision shall be deemed not to be a part of this Agreement.

21. Counterparts. This Agreement may be signed in counterparts. Electronic scans or facsimiles of signatures will have the same force and effect as original signatures.

22. Revocation Period. Pursuant to the requirements of the Older Workers Benefit Protection Act, 29 U.S.C. §626 *et seq.*, Cramer acknowledges that she has been given the opportunity, if she so desires, to consider this Agreement for twenty-one (21) days before executing it. In the event that Cramer executes this Agreement within less than twenty-one (21) days of the date of its delivery to her, Cramer acknowledges that such decision was entirely voluntary and that she had the opportunity, if she had so desired, to consider this Agreement for the entire twenty-one (21) day period. Cramer further acknowledges that for a period of seven (7) days from the date of her execution of this Agreement, she shall retain the right to revoke this Agreement by written notice to the Board c/o its counsel:

Susan Hodges, Esq.
Parker McCay P.A.
9000 Midland Drive, Suite 300
Mt. Laurel, NJ 08054
shodges@parkermccay.com,

with a copy provided to Cramer's counsel:

Hop T. Wechsler, Esq.
Selikoff & Cohen, P.A.
700 East Gate Drive, Suite 502
Mt. Laurel, NJ 08054
hwechsler@selikoffcohen.com,

and that this Agreement shall not become effective or enforceable until the expiration of such revocation period.

SC

23. Board/Arbitrator Approval. This Agreement is subject to Board approval. The Board will make every effort to have the Agreement, once executed by Cramer, presented for approval at the Board's next scheduled meeting. The Board's Business Administrator will recommend approval. Upon approval, the Board President is fully authorized to execute this Agreement on behalf of the Board and will attach as Exhibit D to this Agreement a true copy of the Board minutes or resolution demonstrating Board approval. The Board will make all reasonable efforts to promptly provide a certified copy of the Board minutes and Board resolution to Arbitrator Jacquelin F. Drucker, Esq. The Parties will jointly work to obtain a final order approving settlement from Arbitrator Drucker.

New Jersey Commissioner of Education

Final Decision

N.G., on behalf of minor children, N.G.B. and H.B.,

Petitioner,

v.

Board of Education of the Township of Ewing, Mercer County,

Respondent.

The record of this matter, which was transmitted to the Commissioner by the Office of Administrative Law (OAL) pursuant to *N.J.A.C.* 1:1-14.4 and includes an advisement of petitioner's failure to appear at the scheduled September 30, 2020 OAL hearing, has been reviewed. Petitioner did not file an explanation for the failure to appear, notwithstanding the opportunity to do so. Accordingly, this matter is no longer deemed to be a contested case before the Commissioner and is hereby dismissed with prejudice.

IT IS SO ORDERED.[1]

Agency Dkt. No. 219-8/19

New Jersey Commissioner of Education

Final Decision

Scott Lloyd,

Petitioner,

v.

New Jersey Department of Education,
State Board of Examiners,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon such review, the Commissioner agrees with the Administrative Law Judge (ALJ) that the New Jersey State Board of Examiners did not act in an arbitrary, capricious, or unreasonable manner when it denied petitioner's application for a Teacher of Physical Education Certificate of Eligibility (CE). The Commissioner further concurs with the ALJ that petitioner did not meet the requirements for a CE because he failed to earn the 2.75 grade point average required by *N.J.A.C.* 6A:9B-8.3(b)(1), and he was eight credits short in the subject of individual, dual, and team sports, as set forth under *N.J.A.C.* 6A:9B-10.3.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter for the reasons expressed therein, and the petition is hereby dismissed.

IT IS SO ORDERED.[1]

State of New Jersey

OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION

OAL DKT. NO. EDU 15388-19

AGENCY DKT. NO. 219-8/19

SCOTT LLOYD,

Petitioner,

v.

NEW JERSEY DEPARTMENT OF EDUCATION, STATE BOARD OF EXAMINERS,

Respondent.

Scott Lloyd, petitioner pro se

Michal Czarnecki, Deputy Attorney General, for respondent (Gurbir S. Grewel, Attorney General of New Jersey, attorney)

Record Closed: May 14, 2021 Decided: June 1, 2021

BEFORE **SARAH G. CROWLEY,** ALJ:

STATEMENT OF THE CASE

Petitioner Scott Lloyd (petitioner), challenges the denial of his application for a Teacher of Physical Education Certificate of Eligibility by the State Board of Examiners (the Examiners). The Examiners reply that Lloyd failed to meet the regulatory requirements for issuance of this certificate set forth in N.J.A.C. 6A:9B-8.3 and N.JA.C. 6A:8B-10.3(a)(1). The reasons for the denial were that he lacked the requisite cumulative grade point average (GPA) requirements in the regulations and was lacking the required courses in physical education in the area of individual, dual or team sports. The Board substituted some of his experience for six credits hours, but he was still deficient eight credit hours in this area.

PROCEDURAL HISTORY

Petitioner filed a petition of appeal with the Commissioner of Education (the Commissioner) on August 14, 2019. A Motion to Dismiss, in lieu of an Answer, was filed by the Examiners, and the contested case was transmitted to the Office of Administrative Law (OAL) on October 6, 2019. The motion was converted to a summary decision motion, which was denied. After discovery was conducted, the matter was heard via zoom on May 14, 2021, and the record closed on May 16, 2021 after a post hearing submission by the petitioner.

FACTUAL DISCUSSION AND FINDINGS

Scott Lloyd represented himself in the proceeding. He testified that he thought the cumulative grade point average requirements in the regulations were unfair. Many of his classes towards his degree in Chiropractic care were taken on a pass fair and he did not have a choice in that. Petitioner conceded that he did not have the requisite 2.75 cumulative GPA required under N.J.A.C. 6A:9B-8.3(b)(1). Lloyd's cumulative GPA is 2.15. Petitioner did not argue that his pass-fail courses were entitled to some grade point average above the 2.15. He did not argue that any particular alternative experience should have been credited with more than the six hours that were provided in the area of required coursework.

Rani Singh works for the Office of Credential and Induction with the State Board of Examiners. She testified that she reviewed the application of the petitioner for a Certificate of Eligibility to teach Health and Physical Education. She discussed the requirements of the certificate that are set forth in N.JA.C. 6A:9B-10.3. Petitioner was deficient in credits in certain subject matter areas in addition to not having the requisite GPA. Fourteen semester hours are required in individual, dual or team sports. After reviewing petitioner's transcripts and work experience, the Board did give him an additional six hours for his work as a surfing instructor and a strength and conditioning coach towards the requirements in Individual, Dual or Team Sports. However, he was still short eight credit hours in this area.

Ms. Singh set forth the requirements in N.J.A.C. 6A: 9B-8.39(b)(1). She testified that a candidate who graduated before September 1, 2016 shall have a cumulative GPA of at least

2.75 in a baccalaureate degree program. The petitioner graduated a 1996 from an accredited college but only earned a cumulative GPA of only 2.15. She also discussed the other requirements and testified that the regulations do not permit any substitution of professional background or relaxing or waving the GPA requirements. Accordingly, the application was denied for the failure to meet the GPA requirements as well as being six credits short in the area of individual, dual or team sports.

The above facts are not in dispute and are **FOUND** as **FACT.**

LEGAL ANALYSIS AND CONCLUSIONS

An applicant for a certificate to teach Health and Physical Education must meet the requirements set for in N.J.A.C. 6A;9B-10.3(b). Pursuant to the plain language of these regulations an applicant must have a cumulative GPA of 2.75 and have received course or experiences in certain areas. The petitioner had only a 2.15 cumulative GPA. In addition, after reconsideration of the experience of petitioner he was still deficient eight credit hours in the area of individual, dual and team sports. The petitioner does not dispute these facts. He does not offer any additional experience which he submits should be substituted. He argues that the GPA requirements are unfair. The petitioner has not demonstrated that he met the requirements of the regulations, or that there was anything improper about the board's decision.

The decision by the Board in this matter was consistent with the applicable statutory and regulatory provisions. The petitioner has the burden of demonstrating by a preponderance of the credible evidence that he is entitled to the certification he seeks. Farrar v. State Bd. of Exam'rs, EDU 13763-08, Initial Decision (April 27, 2010), aff'd, Comm'r (July 26, 2010), <http://njlaw.rutgers.edu/collections/oal/>. Moreover, an administrative **agency's interpretation of its own regulations** is entitled to substantial weight. Allen v. PFRS, 233 N.J. Super. 197, 207 (App. Div. 1989). The petitioner failed to meet this burden.

I, therefore, **CONCLUDE** that the Examiners' decision was consistent with applicable law and thus, must be upheld.

ORDER

Based on the foregoing, it is hereby **ORDERED** that the Board of Examiners' Denial of the Certificates in **AFFIRMED** and the petition of appeal is **DISMISSED**.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, PO Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

Decision

Scott Levy,

Petitioner,

v.

Board of Education of the Township of Wyckoff, Bergen County,

Respondent.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed. The parties did not file exceptions.

Upon review, the Commissioner agrees with the Administrative Law Judge's determination – for the reasons stated in the Initial Decision – that no issues remain in dispute and that the petition of appeal should be dismissed. Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter for the reasons expressed therein, and the petition is hereby dismissed.

IT IS SO ORDERED. [1]

BOARD OF EDUCATION OF THE TOWHIP OF WYCKOFF, BERGEN COUNTY,

Respondents.

Nicholas Poberezhsky, Esq. for petitioner

Stephen R. Fogarty, Esq., (Fogarty and Hara, attorneys) for respondent

Record Closed: May 19, 2021 Decided: June 2, 2021

BEFORE **ERNEST M. BONGIOVANNI,** ALJ:

On April 28, 2021, the matter was transmitted to the Office of Administrative Law for determination as a contested case.

The parties have agreed to an amicable resolution of the matter and submitted the attached Stipulation of Dismissal.

Having reviewed the record and the Dismissal terms, I **FIND** as follows:

1. The parties have voluntarily agreed to the Dismissal as evidenced by their signatures or the signatures of their representatives.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

Therefore, I **CONCLUDE** that the agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. Accordingly, it is **ORDERED** that the parties comply with the settlement terms, and it is **FURTHER ORDERED** that the proceedings in this matter be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

New Jersey Commissioner of Education

Final Decision

P.V., on behalf of minor children, I.V. and I.V.,

Petitioner,

v.

Board of Education of the Borough of Alpha, Warren County,

Respondent.

The record of this matter, the proposed Settlement Agreement (Agreement), and the Initial Decision issued by the Office of Administrative Law pursuant to *N.J.A.C.* 1:1-19.1, have been reviewed. Upon such review, the Commissioner approves the settlement and adopts the Initial Decision as the final decision in this matter. In doing so, however, the Commissioner notes that paragraph sixteen (16) of the proposed Agreement states that the Agreement "will become effective immediately following final execution by the parties." The parties are reminded that a settlement of litigation before the Commissioner is not binding until the Commissioner approves the settlement.

In light of the foregoing, the Commissioner adopts the Initial Decision as the final decision in this matter, provided that the parties have already implemented the settlement terms or have agreed upon mutually satisfactory alternate dates for the effectuation of the terms of the Agreement. Assuming same, the matter is hereby dismissed, subject to compliance with the terms of the settlement.

IT IS SO ORDERED.

Angelica Allen-McMillan, J.d.S.
ACTING COMMISSIONER OF EDUCATION

Date of Decision: July 9, 2021
Date of Mailing: July 9, 2021

INITIAL DECISION SETTLEMENT

OAL DKT. NO. EDU 00287-21

AGENCY DKT. NO. 252-12/20

P.V. ON BEHALF OF I.V. & I.V.,

Petitioner,

v.

ALPHA PUBLIC SCHOOL, BOARD OF EDUCATION, WARREN COUNTY,

Respondent.

P.V., petitioner pro se

Robert J. Meryman, Esq., for respondent Alpha Public School Board of Education (Apruzzese, McDermott, Mastro & Murphy, attorneys)

Record Closed: May 24, 2021 Decided: May 27, 2021

BEFORE **GAIL M. COOKSON**, ALJ:

In December 2020, petitioner P.V. (petitioner) appealed an adverse residency determination by the Alpha Borough Board of Education (respondent or District) with respect to her children I.V. and I.V. The matter was transmitted to the Office of Administrative Law (OAL), on or about January 12, 2021, for hearing as a contested case pursuant to N.J.S.A. 52:14B-1 to -15 and N.J.S.A. 52:14F-1 to -13.

I held several telephonic case management conferences with the parties, which also allowed us to engage in settlement discussions. Under cover of May 21, 2021, counsel for Alpha forwarded a fully executed Settlement Agreement between the parties and requested that if approved, I incorporate same into an order. A copy of the Board Resolution approving same was also submitted.

I have reviewed the record and the terms of the Settlement Agreement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures.

2. The settlement fully disposes of all issues in controversy and is consistent with the law.

I **CONCLUDE** that this agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. I approve the settlement and, therefore, **ORDER** that the parties comply with the settlement terms and that these proceedings be concluded.

I hereby **FILE** this initial decision with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION** for consideration.

This recommended decision may be adopted, modified or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

CONFIDENTIAL

SETTLEMENT AGREEMENT

This Agreement is entered into by and between the ALPHA BOROUGH BOARD OF EDUCATION ("Alpha") and Petitioner, P.V. ("P.V.). In consideration of the mutual covenants and undertakings set forth herein, Alpha Borough and P.V. (collectively "the parties") hereby agree as follows:

1. In consideration of the terms of this agreement, P.V. agrees to pay to Alpha the total sum of Three thousand forty-five 00/100 Dollars ($3,045.00) on account of disputed claims for tuition.

2. The settlement proceeds shall be paid as follows: Within fifteen (15) days of the final execution of this agreement, P.V. will pay Alpha the sum of One Thousand 00/100 Dollars ($1,000.00). Between May 31 and June 30, P.V. will pay Alpha the additional sum of Two Thousand and forty-five 00/100 Dollars ($2,045.00). The payments shall be made by way of check made payable to the Alpha Board of Education, and delivered in person at the School District Offices located at 817 North Blvd, Alpha, NJ 08865.

3. It is agreed and understood that the tuition payment set forth herein is a legal obligation on the part of P.V. P.V. understands that her failure to provide payment in a timely manner will allow the District to pursue legal remedies to enforce the tuition obligation.

4. Alpha agrees to waive any claim for any additional monies, other than the sum described in Paragraph 2 above, whether by way of statute, regulation, contract, Board policy or otherwise, with regard to tuition and/or other costs as arising out of, or which could have been pursued in, the matter entitled M.P.V. o/b/o I.V. v. Alpha Board of Education, OAL Docket No. EDU- 00287-21.

S:\RJM\Alpha Board of Ed\Residence matters\EDU Ltr to Judge Cookson with Settlement Agreement.doc

5. Upon execution of this agreement, P.V. shall dismiss with prejudice her pending Administrative appeal, on behalf of her minor children, in the matter entitled P.V. o/b/o I.V. and I.V. v. Alpha Board of Education, Docket No. EDU-00287-21, in its entirety and with prejudice.

6. It is understood that the daughter of P.V., I.V., will be permitted to remain as a student in the Alpha School District for the remainder of the 2020-21 school year on a tuition basis as a compromise of disputed claims in this matter. P.V. acknowledges and agrees that both her son, I.V. and her daughter, I.V. have been, and will be considered, residents of and domiciled in the Town of Phillipsburg for purposes of school attendance and entitlement to a public education.

7. Both parties acknowledge that they have had the opportunity to consult with an attorney before agreeing to these terms and signing this Agreement; that they have carefully read and fully understand all of the provisions of this Agreement; that they have had adequate time to review the Agreement and the provisions contained herein; and that they fully understand and voluntarily agree to the terms of this Agreement. .

8. The parties agree that this Agreement shall be construed in accordance with the laws of the State of New Jersey, and that the laws of the State of New Jersey will apply to any dispute concerning it. The parties choose the Superior Court of New Jersey as their forum for resolving any dispute concerning this Agreement.

9. Both parties acknowledge that the provisions of this Agreement include valuable and sufficient consideration for the obligations undertaken herein.

10. This agreement is a compromise of disputed claims and is not an admission of liability or wrongdoing by any party. It is entered into as a business judgment, bearing in mind the cost and uncertainty of litigation.

11. This settlement involves unique facts and circumstances and therefore shall not be considered as precedent in any other matter or with respect to any other party.

12. The parties acknowledge and agree that each party is responsible for its own attorneys' fees and costs and that neither party is a "prevailing party" with respect to any fee-shifting laws or provisions.

13. The signatories below hereby certify that they have the authority to bind the respective parties to the terms of this Agreement.

14. This Settlement Agreement contains the full agreement between the parties and may not be abandoned, supplemented, amended, changed, or modified in any manner, orally or otherwise, except in writing of concurrent date or subsequent date, signed by a duly authorized representative of each of the parties hereto. Each party agrees to be responsible for their own costs and fees.

15. If any term, provision or condition of this Settlement Agreement and General Release is held invalid or unenforceable by a court of competent jurisdiction, such holding shall be without effect upon the validity or enforceability of any other sentence, paragraph, section, provision, term and/or condition of this Settlement Agreement and General Release, provided that the essential consideration received by each party is not eliminated or reduced as a result of such a declaration of invalidity.

16. This Settlement Agreement shall become effective immediately following final execution by the parties.

17. This Settlement Agreement contains the full agreement between P.V. and Alpha with regard to matters set forth herein and shall be binding upon and inure to the benefit of the parties, their officials (elected and/or appointed), officers, members, directors, attorneys,

representatives, employees, associates, partners, agents, servants, executors, administrators, personal representatives, heirs, successors and assigns of each and all other persons, firms, corporations, associations or partnerships or any other entity or persons connected therewith (past, present and future), except as set forth herein or as may be agreed to in a further writing between the parties and further execution by the parties.

Extract from the minutes of a meeting of the Board of Education of the Alpha Public School, Warren, County, New Jersey as recorded in the official minute book.

The Board of Education of Alpha Public School in the county of Warren New Jersey convened in Public Session on **May 18, 2021** the Alpha School, Alpha, New Jersey.

The following members of the board were;

ROLL CALL

Present	Absent
President, Jennifer Pettinelli	
Vice-President, Patrick Smith	
Travis Conway	
Christopher McGee	
Loretta Reed	

The following motions were offered:

Motion made by Patrick Smith, seconded by Travis Conway, to approve the following board affairs agenda items **1.1** through **1.2.**

1.2 To approve the settlement agreement in the matter of P.V. vs Alpha BOE.

Motion carried by unanimous roll call vote.

STATE OF NEW JERSEY)

) COUNTY OF WARREN)

I, Tim Mantz, secretary of the Board of Education of the Alpha Public School in the county of Warren, State of New Jersey hereby certify that the foregoing of **May 18, 2021,** has been compared by me with the original minutes as officially recorded in my office in the minute book of said Alpha Public School Board of Education and is a true complete copy thereof and of the whole of said original minutes so far as the same relate to the subject matter referred to in said extract in witness I have here unto set my hand and affixed the corporate seal of said Board of Education this **May 21, 2021.**

Tim Mantz, Board Secretary

143-21

143-21

New Jersey Commissioner of Education

Final Decision

In the Matter of the Suspension of the Teaching Certificates of Jessica Macaluso, Board of Education of the Borough of Pompton Lakes, Passaic County.

Synopsis

This matter was opened before the Commissioner of Education on May 20, 2020, by way of an Order to Show Cause served by the petitioner, the Board of Education of the Borough of Pompton Lakes (Board) upon the respondent, Jessica Macaluso, requiring respondent to show cause why an order should not be entered suspending her teaching certificates for unprofessional conduct pursuant to *N.J.S.A.* 18A:26-10 after she resigned her position without giving the sixty-day (60) notice required by her contract with the petitioner. Respondent was duly advised that – pursuant to *N.J.A.C.* 6A:3-1.5(e) – failure to respond would cause each allegation raised by the Board to be deemed admitted and might result in summary decision by the Commissioner. The respondent failed to answer the order, despite ample opportunity to do so.

There being no response to the order to show cause, the Commissioner concluded that the allegations, which respondent has chosen not to deny, may be deemed admitted and justify suspension of respondent's certificates. Accordingly, respondent's certificates were suspended for a period of one year from the date of the filing of this decision – a copy of which was forwarded to the State Board of Examiners for the purpose of effectuating this order.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

143-21

Agency Dkt. No. 80-5/21

New Jersey Commissioner of Education

Final Decision

In the Matter of the Suspension of the Teaching Certificates of Jessica Macaluso, Board of Education of the Borough of Pompton Lakes, Passaic County.

The record of this matter has been reviewed. The Pompton Lakes Board of Education filed a petition seeking the suspension of respondent Jessica Macaluso's teaching certificates pursuant to *N.J.S.A.* 18A:28-8 because she resigned without providing the Board with the requisite statutory notice. The Commissioner issued an Order to Show Cause on May 20, 2021, which the Board served on respondent on the same date. Respondent did not formally respond to the Order to Show Cause, despite being given multiple opportunities to do so. Accordingly, the Commissioner finds that the respondent's certificates should be suspended pursuant to *N.J.S.A.* 18A:28-8, and further finds that a one-year suspension of the respondent's certificates is the appropriate penalty.

Accordingly, the respondent's teaching certificates are suspended for a period of one year from the filing date of this decision, a copy of which shall be forwarded to the State Board of Examiners for implementation of the suspension.

IT IS SO ORDERED.[1]

Re: *Board of Education of the Township of Sparta, Sussex County, v. M.N., on behalf of minor child, A.D., Agency Docket No. 87-6/21.*

Dear Counsel:

I have reviewed the petition for declaratory ruling in the above-captioned matter. Upon such review, I have determined to exercise my discretion to decline the request pursuant to *N.J.S.A.* 52:14B-8 and *N.J.A.C.* 6A:3-2.1(a)1, and instead direct that the matter shall proceed as a petition of appeal pursuant to *N.J.A.C.* 6A:3-1.1 *et seq*.

Accordingly, petitioner's request for declaratory ruling is declined and this matter shall be transmitted to the Office of Administrative Law.

Sincerely,

Angelica Allen-McMillan, Ed.D.

146-21

New Jersey Commissioner of Education

Final Decision

Kenya Moncur,

Petitioner,

v.

Board of Education of the City of East Orange
Essex County,

Respondent.

Synopsis

Petitioner, formerly employed by the respondent Board as a non-tenured Supervisor of Mathematics, appealed the non-renewal of his employment. Petitioner contended that the Board's stated reasons for his termination were specious, rendering its actions arbitrary, capricious, and unreasonable, and sought reinstatement and back pay. Specifically, petitioner argued that the Board failed to properly and timely conduct state-mandated evaluations of his performance, and that evaluations that were completed rated his work as effective and never addressed the issue of low student test scores. The Board filed a motion for summary decision.

The ALJ found, *inter alia*, that: there are no material facts at issue in this case, and the matter is ripe for summary decision; pursuant to *N.J.S.A.* 18A:28-5(b)(1), a teaching staff member earns tenure upon completion of four years of consecutive employment, together with reemployment for the fifth year; petitioner had not yet earned tenure when his employment was terminated; it is well established that a local school board has virtually unlimited discretion in hiring or renewing non-tenured teaching staff; and the Board has engaged in no conduct that violated petitioner's constitutional or legislatively conferred rights. Accordingly, the ALJ granted the Board's motion for summary decision and dismissed the petition.

Upon comprehensive review of the record, the Commissioner concurred with the ALJ that summary decision is appropriate, and that petitioner is not entitled to the relief he sought because the Board's actions did not violate petitioner's rights. Accordingly, the Initial Decision of the OAL was adopted as the final decision in this matter, and the petition was dismissed.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

146-21

OAL Dkt. No. EDU 10105-20
Agency Dkt. No. 135-6/20

New Jersey Commissioner of Education

Final Decision

Kenya Moncur,

Petitioner,

v.

Board of Education of the City of East Orange, Essex County,

Respondent.

The record of this matter, the Initial Decision of the Office of Administrative Law (OAL), and the exceptions filed by petitioner pursuant to *N.J.A.C.* 1:1-18.4 have been reviewed.[1]

Petitioner, a former non-tenured Supervisor of Mathematics, alleges that his non-renewal by the East Orange Board of Education (Board) was improper. Following the Board's motion for summary decision, the Administrative Law Judge (ALJ) concluded that the Board's actions did not violate petitioner's constitutional or legislatively-conferred rights. The ALJ further concluded that even if petitioner was correct that the Board failed to properly or timely complete petitioner's evaluations, petitioner would not be entitled to reinstatement or a financial award.

In his exceptions, petitioner argues that the Board gave a reason for his non-renewal – his failure to improve math scores on standardized assessments – that was not

[1] The Board did not file a reply to petitioner's exceptions.

supported by the facts and was, therefore, arbitrary and capricious. Petitioner claims that he was not charged with improving test scores and that no concerns were ever raised by the administration regarding test scores during his employment; in fact, he received evaluations indicating that he was highly effective. Petitioner asserts that summary decision was inappropriate because of this dispute regarding the facts, and that he should have the opportunity to rebut the Board's stated reason for his non-renewal.

Upon a comprehensive review of the record, the Commissioner concurs with the ALJ that summary decision is appropriate, and that petitioner is not entitled to relief because the Board's actions did not violate petitioner's rights. A board of education has virtually unlimited discretion in hiring or renewing non-tenured staff members absent constitutional constraints or legislatively-conferred rights. *Dore v. Bedminster Twp. Bd. of Ed.*, 185 *N.J. Super.* 447, 456 (App. Div. 1982). Accordingly, when a non-tenured staff member challenges a board's decision to terminate his employment on the grounds that the reasons provided by the board are not supported by the facts, he is entitled to litigate that question only if the facts he alleges, if true, would constitute a violation of constitutional or legislatively-conferred rights. *Jamie Truncellito v. Bd. of Educ. of the Twp. of Lyndhurst, Bergen Cty.*, Commissioner Decision No. 271-19+ (December 3, 2019) (citing *Guerriero v. Bd. of Ed. of the Borough of Glen Rock*, decided by the State Board of Education February 5, 1986, *aff'd* Docket #A-3316-85T6 (App. Div. 1986)). As the ALJ noted, petitioner has not asserted any constitutional claims or alleged a violation of legislatively-conferred rights. Furthermore, any violations by the Board regarding petitioner's evaluations do not entitle him to the relief he is seeking. *Dore*, *supra*. The Commissioner does not find petitioner's exceptions persuasive, as they improperly attempt to place the burden on the Board to demonstrate a justification for the non-renewal, when the well-established standard

clearly requires petitioner to demonstrate a violation of his constitutional or legislatively-conferred rights – which he has failed to do.

Accordingly, the Initial Decision of the OAL is adopted as the final decision in this matter. The Board's motion for summary decision is granted and its decision to not renew petitioner's contract is affirmed.

IT IS SO ORDERED.[2]

State of New Jersey
OFFICE OF ADMINISTRATIVE LAW

INITIAL DECISION
SUMMARY DECISION
OAL DKT. NO. EDU 10105-2020
AGENCY DKT. NO. 135-6/20

KENYA MONCUR,
Petitioner,
v.
BOARD OF EDUCATION OF THE CITY OF EAST ORANGE, ESSEX COUNTY,
Respondent.

Robert M. Schwartz, Esq., for petitioner (Schwartz Law Group, attorneys)

Ramon Rivera, Esq., for respondent (Scarinci and Hollenbeck, attorneys)

Record Closed: May 14, 2021 Decided: May 26, 2021

BEFORE **ELLEN S. BASS**, ALJ:

STATEMENT OF THE CASE

Petitioner, Kenya Moncur, a former non-tenured Supervisor of Mathematics for the East Orange School District, challenges the non-renewal of his employment. He urges that the reasons offered for his termination were specious, rendering the actions of the East Orange Board of Education ("the Board") arbitrary, capricious, and unreasonable. Moncur seeks reinstatement and back pay.

PROCEDURAL HISTORY

This matter arose with the filing of a petition of appeal with the Commissioner of Education ("the Commissioner") on June 19, 2020. An answer was filed by the Board on September 18, 2020, and the matter was transmitted to the Office of Administrative Law ("OAL") as a contested case on October 20, 2020. The Board filed a Motion for Summary Decision on April 15, 2021. Moncur opposed the Motion via brief and certification filed on April 22, 2021. The Board replied to the opposition on May 14, 2021, at which time the record closed.

FINDINGS OF FACT

The salient facts are uncontroverted, and I **FIND**:

Moncur began his employment with the Board in or about August 2016, when he was retained to serve as an Elementary Math Supervisor. He remained continuously employed in this capacity through the end of the 2019-2020 school year. On April 27, 2020, Moncur received a letter from Assistant Superintendent of Schools, Anita Champagne advising that a recommendation for nonrenewal had been forwarded to Labor Relations "based on but not limited to your overall performance, professionalism, and/or attendance." On April 28, 2020, Superintendent of Schools Kevin West wrote to Moncur and advised that his employment would not be renewed. On May 1, 2020, in response to Moncur's request for a statement of reasons for his nonrenewal, West advised that District mathematics scores under Moncur's leadership had "not shown significant improvement on State Standardized Assessments aligned to the [District's] expectations and standards of excellence." Moncur requested and was granted an appearance before the Board. By letter dated May 14, 2020, he was advised that the Board had declined to overturn the Superintendent's decision to non-renew his employment.

A chart attached to the Board's submission reveals that in the third, fourth and fifth grades, grades under Moncur's leadership, the percentage of students who met or exceeded expectations on Standardized Tests remained low; less than 50% in all the

grades, and as low as 38% in third grade.[1] Moncur does not challenge these figures, but argues that he received no indication that his supervisors were dissatisfied with his performance generally; or were specifically unhappy with that performance relative to the test scores achieved by elementary age students in East Orange. Moncur notes that throughout his employment with the Board he received evaluations that rated his work as effective or highly effective; none contained any criticism of his work relative to student test scores. And he points out that Standardized Test Scores remain unimproved in East Orange in the higher grades as well.

In March 2020, schools throughout New Jersey moved to remote instruction due to the COVID-19 pandemic. East Orange closed its doors to in-person instruction effective March 17, 2020. Guidance from the Department of Education provided that non-tenured educators were to earn a summative evaluation rating based only on observations completed prior to school closure. The guidance document also provided for a minimum of two observations; if two were not completed prior to COVID, the district was to reach out to the Department for further guidance. Although Moncur urges that he received no evaluations or observations for 2019-2020 school year prior to the closing of school in March 2020, he did receive an evaluation for the period from July 1, 2019 through November 30, 2019, although it was finalized on March 20, 2020. And on March 20, 2020, he also received a composite evaluation score for the period ending on December 5, 2019. Moncur likewise received an observation finalized on April 7, 2020, for the period ending on March 24, 2020, thus encompassing a few days after school was closed.

CONCLUSIONS OF LAW

N.J.A.C. 1:1-12.5(b) provides that summary decision should be rendered "if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law." Our regulation mirrors R. 4:46-2(c), which

[1] The Board's brief cites different, lower percentages. I have relied on the figures in the exhibit attached to the Board's submission, which counsel certifies is an accurate copy of an excerpt from the 2018-2019 New Jersey School Performance Report for the East Orange schools.

provides that "[t]he judgment or order sought shall be rendered forthwith if the pleadings, depositions, answers to interrogatories and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to a judgment or order as a matter of law."

A determination whether a genuine issue of material fact exists that precludes summary decision requires the judge to consider whether the competent evidential materials presented, when viewed in the light most favorable to the non-moving party, are sufficient to permit a rational fact finder to resolve the alleged disputed issue in favor of the non-moving party. Our courts have long held that "if the opposing party . . . offers . . . only facts which are immaterial or of an insubstantial nature, a mere scintilla, 'Fanciful, frivolous, gauzy or merely suspicious,' he will not be heard to complain if the court grants summary judgment." Brill v. Guardian Life Ins. Co. of Am., 142 N.J. 520, 529 (1995) (citing Judson v. Peoples Bank & Trust Co., 17 N.J. 67, 75 (1954)).

The "judge's function is not himself [or herself] to weigh the evidence and determine the truth of the matter but to determine whether there is a genuine issue for trial." Brill, 142 N.J. at 540 (citing Anderson v. Liberty Lobby, 477 U.S. 242, 249 (1986)). When the evidence "is so one-sided that one party must prevail as a matter of law," the trial court should not hesitate to grant summary judgment. Liberty Lobby, 477 U.S. at 252. I **CONCLUDE** that this matter is ripe for summary decision, and that the Board is entitled to judgment as a matter of law.

In accordance with N.J.S.A. 18A:28-5(b)(1), a teaching staff member will earn tenure upon employment for four consecutive years, together with reemployment for the fifth year. Moncur had not yet earned tenure when his employment was terminated. But having commenced his employment with the 2016-2017 school year, he would have done so had he been reemployed for the 2020-2021 school year. Moncur's demand for reinstatement is thus tantamount to a request that the Commissioner afford him that which the Board declined to give, tenured employment in the East Orange Public Schools.

It is axiomatic that a local school board has virtually unlimited discretion in hiring or renewing non-tenured teaching staff members. RaShawn Adams v. Trenton Board of Educ., Comm'r (August 13, 2008), <http://njlaw.rutgers.edu/collections/oal/>, citing Dore v Bedminster Bd. of Educ., 185 N.J. Super. 447 (App. Div. 1982). As the Appellate Court held in Dore, "absent constitutional constraints or legislation affecting the tenure rights of [teaching staff members], local boards of education have an almost complete right to terminate the services of a [teaching staff member] who has no tenure and is regarded as undesirable by the local board." Dore v. Bedminster Bd. of Educ., 185 N.J. at 456. Indeed, "a non-tenured teaching staff member challenging a board's decision to terminate his employment on the grounds that the reasons given by the board are not supported by the facts is entitled to litigate that question only if the facts he alleges, if true, would constitute a violation of constitutional or legislatively conferred rights." Adams v. Trenton Bd. of Educ., citing Guerriero v Board of Education of the Borough of Glen Rock, State Board, (February 5, 1986), aff'd Docket #A-3316-85T6 (App. Div. 1986) <http://njlaw.rutgers.edu/collections/oal/>; John Kufel, Jr. v Board of Education of the Union County Vocational-Technical School District, 96 N.J.A.R. 2d (EDU) 446; Randy Pratt v Board of Education of the Borough of Butler, Morris County, State Board, (January 6, 1999) <http://njlaw.rutgers.edu/collections/oal/>.

Moncur has raised no claims of constitutional dimension, nor has he alleged a violation of legislatively conferred rights. Rather, he is aggrieved because he was terminated after receiving good evaluations, none of which raised a concern about low test grades. I **CONCLUDE** that even if the allegations of the petition are true, the Board has engaged in no conduct that allegedly violated Moncur's constitutional or legislatively conferred rights. The Board is entitled to the relief it seeks via this Motion.

The argument that some relief should flow from the Board's failure to comply with either statute, regulation, or informal Department of Education guidance relative to the evaluations and observations of Moncur's performance is a nonstarter. The school laws include requirements for evaluation of staff. See: N.J.S.A. 18A:27-3.1; N.J.A.C. 6A:10-2.4; N.J.A.C. 6A: 10-6.2. But it is well-established that a lack of strict compliance with these requirements does not give rise to reinstatement or a financial award. Dore v.

Bedminster Bd. of Educ., 185 N.J. at 455. See also: Tuck-Lynn v. The State Operated School District of the City of Newark, 201 NJ Unpub. LEXIS 518 (App. Div., March 3, 2011). I thus **CONCLUDE** that, even if assuming for argument's sake that the Board, through its administration, failed to properly or timely complete Moncur's evaluations, such a failure would not give rise to the relief sought by Moncur via this petition.

ORDER

Based on the foregoing, it is **ORDERED** that Summary Decision is granted in favor of the Board, and that the petition of appeal is **DISMISSED**.

This recommended decision may be adopted, modified, or rejected by the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION,** who by law is authorized to make a final decision in this matter. If the Commissioner of the Department of Education does not adopt, modify, or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Within thirteen days from the date on which this recommended decision was mailed to the parties, any party may file written exceptions with the **COMMISSIONER OF THE DEPARTMENT OF EDUCATION, ATTN: BUREAU OF CONTROVERSIES AND DISPUTES, 100 Riverview Plaza, 4th Floor, P.O. Box 500, Trenton, New Jersey 08625-0500,** marked "Attention: Exceptions." A copy of any exceptions must be sent to the judge and to the other parties.

147-21

NEW JERSEY DEPARTMENT OF EDUCATION
BUREAU OF CONTROVERSIES AND DISPUTES

IN THE MATTER OF THE TENURE HEARING OF:

UNION COUNTY EDUCATIONAL SERVICES
SCHOOL DISTRICT, UNION COUNTY

Petitioner

AND

ANN MARIE CASEY

Respondent

DECISION APPROVING WITHDRAWAL OF TENURE CHARGES

AGENCY DOCKET NO. 155-7/20

Before
James W. Mastriani
Arbitrator

Appearances:

For the Petitioner:
Eric L. Harrison, Esq.
Brent Pohlman, Esq.
Methfessel & Werbel, PC

For the Respondent:
Michael T. Barrett, Esq.
Bergman & Barrett

On July 27, 2020, I was appointed by the New Jersey Department of Education, Bureau of Controversies and Disputes to serve as arbitrator pursuant to N.J.S.A. 18A:6-16 as amended by P.L. 2012, c. 26 and P.L. 2015, c. 109, to hear and make a final determination on tenure charges filed by the Union County Educational Services School District [the "Petitioner"] against tenured teacher Ann Marie Casey [the "Respondent"]. Upon receipt of that appointment, I reviewed the certified tenure charges and the answer opposing the charges, as well as all documentation accompanying those submissions. Thereafter, on August 11, 2020, I convened a conference call with counsel for the parties to discuss the issues presented in the submissions and the procedures to be used to develop a record.

On August 17, 2020, counsel for Petitioner accurately summarized the discussions that ensued during the August 11, 2020 telephone conference:

> Please find this correspondence as a confirming letter regarding our conversation during the initial planning conference that took place telephonically on August 11, 2020. In the course of this conversation counsel for Ms. Casey advised that his client had still not received a response from TPAF regarding a decision or even the status of her disability pension application. In the interest of trying to see if this dispute could be resolved amicably and without the need to incur unnecessary expenses all parties agree that the tenure arbitration should be stayed for a reasonable period of time to see if TPAF will render a decision with respect to Ms. Casey's application. It is believed by all involved that once a decision on the application is reached this dispute will be resolved. In exchange for this tolling or stay Ms. Casey is willing to waive any claim that she has for unpaid wages during the distance learning period of March

15, 2020 through June 20, 2020 as well as from September 1, 2020 through October 5, 2020.

The parties will reconvene a teleconference on October 5, 2020 to discuss the status of the disability pension application and to determine if this matter can be resolved without a full tenure hearing.

Due to the uncertainty as to the timing of the decision that TPAF was anticipated to issue, an extension of time was requested, and granted, to allow for a determination to be made by TPAF. An additional telephone conference with counsel on October 5, 2020 was held confirming that the application for disability pension remained active and pending determination.

On June 3, 2021, the Board of Trustees of the TPAF, in pertinent part, notified Respondent that "at its meeting of June 3, 2021 considered and approved your application for Accidental Disability retirement benefits effective February 1, 2021 under Maximum pursuant to N.J.S.A. 18A:66-39 and relevant case law."

On July 6, 2021, Respondent notified Petitioner that:

I Ann Marie Casey here by resign from my appointment as a Special Education teacher at Union County Educational Services Commission due to a Disability Retirement.

Based on Respondent's letter of resignation, the Petitioner, the Union County Educational Services Commission, accepted the resignation and formally

notified this arbitrator on July 7, 2021 of its decision to withdraw the tenure charges.

The arbitrator is required under N.J.A.C. 6A:3-5.6 to approve the proposed withdrawal of tenure charges and while doing so, address the standards established by the State Board of Education in the matter intitled In re Cardonick (1990 School Law Decision [S.L.D.] 842, 846). After review, I have approved the withdrawal for the reasons that follow.

The nature of the charges are substantially related to the subject matters raised in Respondent's application for a disability pension. That application was reviewed and approved by the Board of Trustees of the TPAF. Respondent's receipt of approval resulted in her resignation from employment. Upon receipt of the resignation, the Petitioner accepted the resignation and proposed withdrawal of the tenure charges. The record before me is clear that Respondent entered her resignation, and the Petitioner's proposed withdrawal of the tenure charges reflected a full and complete understanding of their respective rights that existed at the time of stipulation to hold the tenure charges in abeyance through the time of the TPAF decision.

I find the withdrawal of the tenure charges is fully in line with the public interest, as well as the intent of the Petitioner and Respondent. Respondent is no longer employed and is on a State approved disability pension. This being the case, Petitioner is without any logical or rational reason to pursue the tenure

charges and need not be compelled to expend public funds to pursue unnecessary litigation. Moreover, no issues appear in the tenure charges that would justify the pursuit of an arbitral determination on any potential disputed issue which would further the interests of the Petitioner, Respondent, the public or any agency of the government.

Accordingly, and based upon all of the above, I approve the Petitioner's proposal to withdraw the tenure charges that resulted in the July 27, 2020 appointment by the New Jersey Department of Education, Bureau of Controversies and Disputes.

Dated: July 13, 2021
Lincroft, New Jersey

Re: *Robert Strauss v. Board of Education of the Borough of Metuchen, Middlesex County, Agency Dkt. No. 246-12/20.*

Dear Counsel:

I have reviewed the papers filed in connection with respondent's request for interlocutory review of Administrative Law Judge Kim C. Belin's Order denying respondent's motion to dismiss. Upon full consideration of the submitted materials, I have determined not to grant interlocutory review, pursuant to my discretion under *N.J.A.C.* 1:1-14.10.

Accordingly, respondent's request for interlocutory review is hereby denied.

Sincerely,

Angelica Allen-McMillan, Ed.D.

New Jersey Commissioner of Education

Decision

Leonor Alcantara, individually and as guardian *ad litem* for E.A., et al,

Petitioners,

v.

David Hespe, Commissioner of Education; New Jersey State Board of Education; and the New Jersey State Department of Education,

Respondents.

Synopsis

Petitioners – who include parents of students in the Lakewood Public School District (Lakewood) – alleged that the funding formula under the School Funding Reform Act, *N.J.S.A.* 18A:7F 43 - to -70 (SFRA) is inadequate in regard to Lakewood because it does not deliver sufficient funding to provide the district's students with a thorough and efficient education (T&E). The petitioners attribute this shortfall to the extraordinary costs that Lakewood incurs by providing transportation and special education services to a large number of resident students who attend private schools.

The ALJ found, *inter alia*, that: under the N.J. Supreme Court's *Abbott* and *Bacon* decisions, T&E is measured through a combination of factors, ranging from test scores to dropout rates to diversity of course offerings; by most of these measures, the education received by Lakewood's students is not constitutionally adequate; petitioners have failed to show that the SFRA is solely or significantly responsible for Lakewood's inability to provide its students with T&E; Lakewood's failure to raise taxes as permissible under the SFRA reduced its ability to take necessary steps to provide T&E; Lakewood has not shown that rising transportation costs are totally attributable to an increase in the number of nonpublic school students, nor that the district has done everything it can to cut down transportation costs; Lakewood has failed to develop strategies to educate more special education students in district and has not made progress towards a comprehensive preschool program for at-risk children. The ALJ concluded that Lakewood has been unwilling or unable, on its own, to provide T&E to its students but such failure cannot be attributed to the SFRA. Accordingly, the ALJ recommended that the Commissioner conduct a needs assessment for Lakewood similar to the study conducted in 2009 following the *Bacon* decision.

Upon review, the Commissioner, *inter alia*: disagreed with the ALJ's determination that Lakewood is not providing its students with T&E, but agreed that petitioners have failed to show that the SFRA is responsible for Lakewood's deficiencies; notwithstanding this determination, in light of the factual record elicited by the OAL, the Commissioner directed the Department to conduct a comprehensive review of the District in order to assess its compliance with the quality performance indicators in accordance with *N.J.A.C.* 18A:7A-11. In so doing, the Commissioner acknowledged Lakewood's educational shortcomings but pointed out that the deficiencies do not rise to the level of unconstitutional; further, the SFRA is constitutional as applied to Lakewood.

This synopsis is not part of the Commissioner's decision. It has been prepared for the convenience of the reader. It has been neither reviewed nor approved by the Commissioner.

New Jersey Commissioner of Education

Final Decision

Leonor Alcantara, individually and as Guardian ad Litem for E.A.; Leslie Johnson, individually and as Guardian ad Litem for D.J.; Juana Perez, individually and as Guardian ad Litem for Y.P.; Tatiana Escobar; Henry Moro and Ira Schulman, individually and as Guardian ad Litem for A.S.,

Petitioners,

v.

David Hespe, Commissioner of the New Jersey Department of Education; New Jersey State Board of Education; and New Jersey Department of Education,

Respondents.

The record of this matter and the Initial Decision of the Office of Administrative Law (OAL) have been reviewed, as have the exceptions filed by the parties and participants pursuant to *N.J.A.C.* 1:1-18.4, and their replies thereto.[1]

Petitioners in this matter are parents of children who attend Lakewood Township's public schools. In a 2014 petition[2] filed against the New Jersey Commissioner of Education, the New Jersey Department of Education (Department), and the New Jersey State Board of Education (collectively, "Respondents"), petitioners alleged that the Lakewood

[1] Participant Lakewood Township Board of Education did not file a reply.

[2] Petitioners amended their petition on September 4, 2018.

Township Board of Education (Lakewood) is unable to provide its public school students with a thorough and efficient education (T&E) because it does not receive sufficient funding under the School Funding Reform Act, *N.J.S.A.* 18A:7F-43 to -70 (SFRA). Petitioners maintain that the SFRA fails to account for the amount the district pays in special education and transportation costs for the large number of resident students who attend private schools. Subsequently, Lakewood and Paul Tractenberg, Esq., joined this matter as participants.[3][4]

Following a hearing, the Administrative Law Judge (ALJ) found that Lakewood's public school students are not receiving T&E; however, petitioners failed to meet their burden of demonstrating that the SFRA is solely or significantly to blame. The ALJ found that the population boom in Lakewood Township over the past twenty years has resulted in a rise in attendance at private schools, totaling almost 30,000 non-public school students compared to approximately 6,000 students who attend Lakewood public schools. This causes a strain on the district financially, as the private school students are entitled to transportation at Lakewood's expense; further, tens of millions of dollars are spent each year to send special education students to out-of-district placements.

The ALJ concluded that Lakewood's public school students are not receiving T&E as they are not being prepared for college, career and life under the New Jersey Student Learning Standards. The ALJ found that the education received by Lakewood's students is not constitutionally adequate based on cuts in industrial arts and auto mechanics, foreign language programs (leaving Spanish as the sole option), low standardized test scores, chronic absenteeism

[3] Mr. Tractenberg is a Professor of Law Emeritus and Board of Governors Distinguished Service Professor at Rutgers University. He established the Education Law Center, the Institute on Education Law and Policy, and the Center for Diversity and Equality of Education.

[4] While Lakewood initially declined to join this matter as a party and joined instead as a participant in 2016, Lakewood subsequently filed a motion to intervene as a party at the start of the hearing in 2018, which was denied.

rates, increased dropout rates, low graduation rates, and low New Jersey Quality Single Accountability Continuum scores. Additionally, the ALJ considered the increased rates of teacher turnover, low per pupil classroom spending and classroom salaries, and the lack of a preschool program for three-year-old general education students in determining that Lakewood students are not receiving T&E.

Nevertheless, the ALJ found that the SFRA is not unconstitutional as applied to Lakewood and that Lakewood has failed to take steps to increase its ability to provide T&E. For example, the ALJ explained that Lakewood's transportation costs have continued to increase annually from $23M in 2014-15 to $31M in 2018-19, and there is little evidence that Lakewood has done everything possible to cut down these costs; further, there is no evidence that these rising costs are solely due to the increasing number of nonpublic school students in the district. Additionally, the ALJ noted that a large portion of Lakewood's budget is dedicated to special education due to the number of out-of-district placements (specifically, 343 special education students were placed in private schools for a cost of $33M in 2018-19), but the record lacks evidence of any steps taken to set up a district-run program to save money by educating special education students in-district, as the Department has urged. The ALJ also reasoned that Lakewood has not made efforts to raise taxes to the extent permitted under the SFRA and does not offer a comprehensive preschool for three-year-old general education students. Further, the ALJ added that other legislation outside the SFRA has affected Lakewood financially, such as a tax levy cap on school districts and the annual Appropriations Act.

Finally, to address the deprivation of T&E, the ALJ recommended the Department to conduct a needs assessment with the goal of assessing Lakewood's educational needs and identifying ways to successfully address same. Through the assessment, the ALJ

hopes that the Department's transportation, special education, and preschool experts will be able to help identify strategies to deliver T&E to Lakewood's public school students.

In their submissions, petitioners agree with the ALJ that Lakewood students are not receiving T&E. Petitioners maintain that Lakewood's once rich curriculum has been reduced to bare-bones. Test scores have fallen, college enrollment is low, and any reported gains in those figures are insignificant. Petitioners explain that the district consists of low-income residents with a high minority population and limited English proficiency. Further, while Lakewood may offer educational opportunities to its students in areas such as vocational education, technology and the arts, petitioners argue that such programs provided through federal funding cannot be considered when evaluating whether students are receiving T&E as they are not funded through the district's operating budget.

While agreeing that Lakewood does not provide its students with the constitutionally required T&E, petitioners take exception to the ALJ's finding that the SFRA is not to blame for Lakewood's inability to provide T&E. First, petitioners argue that the ALJ applied the incorrect standard when she found that petitioners did not meet their "heavy burden," and instead should have applied a preponderance of the evidence standard. Petitioners then argue that the ALJ erred in finding that the district is not taxing up to its local fair share. According to petitioners, the ALJ improperly faulted Lakewood for not raising taxes by the maximum amount allowed during prior years when it did not need the additional funding, as well as for the failure of voters to pass a referendum. With respect to the Appropriations Act, petitioners maintain that they would not have had enough funding even with the amount that was cut in appropriations. Additionally, petitioners disregard the ALJ's findings on preschool because it was not addressed by the parties.

Petitioners emphasize that the SFRA provides funding based on 6,000 public school students, yet Lakewood is also required to pay transportation costs for an additional 30,000 private school students. Petitioners argue the ALJ erred in finding that rising transportation expenses are not totally attributable to the increasing number of nonpublic students. The record demonstrates that the district adds 2,500 to 3,000 nonpublic students each year, and the state monitors testified that Lakewood is operating its pupil transportation as efficiently as it can. Additionally, petitioners point out that the state monitors have not found ways to cut costs in special education. Finally, petitioners argue that the provision of advance aid is unsustainable and is a disguise for the failure to provide T&E; the ALJ should have found that the loans, as applied to Lakewood, are inconsistent with T&E. Accordingly, petitioners urge the Commissioner to reject the portion of the Initial Decision finding that SFRA is not unconstitutional as applied to Lakewood.

In their submissions, respondents take exception to the ALJ's conclusion that Lakewood is unable to provide T&E. Respondents argue that with the Department's assistance, the district has shown steady improvement on standardized test scores and graduation rates. Additionally, they contend that the district offers classes and opportunities to students in basic skills, vocational, arts and technology to prepare them for college, career and life. As such, respondents urge the Commissioner to reject this part of the Initial Decision.

Respondents, however, agree with the ALJ that the SFRA is not unconstitutional as applied to Lakewood. They argue that the ALJ appropriately applied a heavy burden on petitioners to demonstrate that the SFRA was solely or significantly to blame for any failure to provide T&E. Respondents are in accord with the ALJ's determination that Lakewood's fiscal mismanagement, general financial condition, and locally made choices have impacted

Lakewood's ability to provide a constitutionally-mandated education. Accordingly, respondents urge the Commissioner to reject the ALJ's conclusions regarding T&E.

Participant Tractenberg makes arguments similar to those of the petitioners. Specifically, he agrees with the ALJ that Lakewood cannot provide T&E to its public school students, but argues that: the ALJ applied the wrong burden with respect to whether the SFRA is constitutional; the ALJ's findings of fact do not support her conclusion that the SFRA is not significantly responsible for Lakewood's inability to provide T&E, and the ALJ's alternative explanations for Lakewood's financial situation are unsupported. Tractenberg further contends that the needs assessment ordered by the ALJ will not be helpful, and instead urges the Commissioner to take steps to forgive Lakewood's advance state aid repayments, support legislative action to adjust the SFRA's formula to respond to Lakewood's unique demographics, seek statutory changes so that the members of Lakewood's Board of Education accurately represents the public-school community rather than people who do not send children to public school, and consider a State takeover of the district.

Lakewood requests that the Commissioner reopen this matter and allow it to proceed as an intervenor – rather than a participant – so that it may present additional evidence of the significant progress and improvements the Board has made toward delivering T&E.[5] Lakewood contends that it is providing T&E to its students, but that the funding formula of the SFRA is unconstitutional as applied to Lakewood.

Upon review of the record in this matter, the Commissioner disagrees with the ALJ that Lakewood is not providing T&E to its public school students. While the Commissioner acknowledges the ALJ's findings regarding the district's shortcomings, the record does not

[5] The Commissioner denies Lakewood's request to reopen the case as a full record exists in this matter and such action would cause undue delay.

support a conclusion that Lakewood is failing to provide T&E. Notwithstanding, in light of the factual record elicited by the OAL, the Department is directed to conduct a comprehensive review of the District's organization, structure and policies to assess its compliance with the quality performance indicators in accordance with *N.J.A.C.* 18A:7A-11 to determine how the District can improve its educational program.

In *Abbott v. Burke (Abbott II)*, 119 *N.J.* 287 (1990), the New Jersey Supreme Court compared the educational opportunities available at affluent suburban schools and poorer urban districts to evaluate whether the urban schools were receiving a constitutional education. The Court looked at educational inputs, such as access to computers, science laboratories, foreign language instruction, music and art programs, vocational programs, and physical education. *Id.* at 359-62. The Court also explained that adequate physical facilities are also necessary for T&E so that children have an appropriate environment where they can learn. *Id.* at 362-63. Additionally, T&E can be measured by test scores, dropout rates, and attendance at college, in addition to teacher-student ratios and experience level of the staff. *Id.* at 366-68; 391. Similarly, in *Bacon, et al. v. New Jersey State Department of Education*, State Board Decision No. 4-03, decided January 4, 2006 at 39-40, the New Jersey State Board of Education evaluated whether districts were providing T&E and considered standardized test scores, dropout rates, and college attendance, in conjunction with "teacher-student ratios and the education and experience level of the professional staff, as well as facilities to accommodate appropriate class sizes, science labs, media centers and libraries, and the availability of advanced placement courses and programs for gifted students, art and music programs and quality physical education programs."

While Lakewood's standardized test scores are below the State average, they have shown consistent improvement. For example, in the 2014-15 school year, 23 percent of high
