

PETROLEUM UNDERGROUND STORAGE TANK REMEDIATION, UPGRADE AND CLOSURE FUND

2010 Annual Report

The New Jersey Economic Development Authority (the "EDA") and the New Jersey Department of Environmental Protection (the "DEP") report the results of activities for calendar year 2010 under the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Fund (the "Fund") of the Underground Storage Tank Finance Act in accordance with P.L. 1997, c. 235. In addition to these activities, a brief history of the Fund and a summary of previous years are included.

Overall Fund Activity

As of August 31, 2011, the net balance of the Fund was approximately \$11.2 million, which reflects the booked fiscal year 2012 receivable of \$14 million. Effective May 3, 2011, the EDA temporarily suspended accepting new applications for the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Program for non-leaking tanks due to insufficient funds – with the expectation that DEP and EDA approved projects would be processed upon availability of funds.

For the leaking tank program co-administered by the EDA and the DEP, the DEP will continue to accept new applications, record their date received, and hold them until sufficient funds become available.

Applications that are already in-house will be reviewed and processed in the order that they were received and in accordance with statutory priority set forth in NJSA 58:10A-37.4 until current funding is exhausted.

Since the program's inception in 1997, \$200.1 million has been appropriated to the Fund. In addition, the Fund received \$2.8 million in funding transferred from the Bureau of Underground Storage Tanks (BUST) as well as a total of approximately \$70.5 million from grant and loan repayments, interest income and fees, bringing the total amount of funding provided to the Fund to approximately \$273 million.

As of December 31, 2010 and including the leaking tank recommendations for funding made by DEP, EDA closed a total of 12,587 projects totaling over \$182 million to provide assistance to businesses, private individuals and municipal and county governmental entities.

Total disbursements from the Fund since the program's inception are approximately \$23 million in loans, nearly \$142 million in grants, incurred administrative costs of \$19 million and \$61 million in transfers to State agencies and funds, including the Hazardous Discharge Remediation Fund (HDSRF.) As of December 31, 2010, the Fund had nearly \$12 million available for future projects. (*Note: These figures do not reflect funding obligations including undisbursed portions of closed projects which amount to approximately \$32 million.*)

2010 Fund Activity

In 2010, EDA closed 3,165 projects totaling over \$31 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additionally, in 2010, EDA approved 3,264 loans and grants totaling over \$35 million. During this time period, the EDA disbursed over \$26 million in grants and loans.*

The Fund did not receive an appropriation in 2010 as the Fund balance exceeded \$20 million, so no appropriation was required in accordance with the State Constitution. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in August 2010. During this period, the Fund received a total of nearly \$4.8 million from loan and grant repayments (commercial project grant repayments due to assisted properties being sold prior to lien expiration), interest income and financing fees. From that income, \$1.7 million was expensed in costs associated with administering the Fund, resulting in a net increase of \$3.1 million during 2010.

Below is a chart that summarizes the categories of outstanding commitments as of December 31, 2010.

Petroleum Underground Storage Tank Outstanding Commitments as of 12/31/10		
Type	Projects	Amount
County	0	0
Municipality	0	0
Business	1	\$92,603
Residential	330	\$6,384,884
Total	331	\$6,477,487

Non-leaking Residential Oil Tanks

During 2010, the EDA approved 2,226 of these applications awarding over \$6.3 million, closed 2,229 totaling over \$6.3 million and disbursed on 2,213 totaling over \$6 million.

Assessment of Current Funding Levels to Meet Statutory Objectives

For the current year, through September 30, 2011, the EDA has approved over \$28.8 million in financial assistance for 2,387 projects. Also, as of September 30, 2011 and including new approvals in 2011 that have yet to close, the EDA now has outstanding commitments totaling over \$14.1 million for 662 projects. Also in process, as of December 31, 2010, there were 490 leaking tank applications totaling approximately \$14 million that were pending EDA approval along with 324 non-leaking tank applications pending approval totaling approximately \$625,000.

As of December 31, 2010 there were 981 applications totaling nearly \$28.8 million pending DEP approval, bringing the total amount of projects awaiting funding approval to nearly \$30.1 million.

As of August 31, 2011, the net balance of the Fund is approximately \$11.2 million. (*This figure takes into account outstanding commitments for grants and loans that have been approved, undisbursed portions of closed loans and grants and the booked fiscal year 2012 receivable appropriation of \$14 million.*)

**Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*

Recommendations

Since 1997, 13,844 projects have been approved totaling \$200.6 million in loans and grants. As of January 31, 2011, the UST Fund had an estimated \$9.6 million available in cash to award. The current pipeline of UST Fund applications received between the EDA and DEP equals a total funding request of \$50 million, which is why no new non-leaking applications are being accepted. However, new applications for leaking tanks will continue to be accepted and held until sufficient funds become available.

As a result, under the regular course of administering financial assistance, like the HDSRF, the UST Fund could be depleted in the near term. During the summer of 2010, EDA met with various stakeholders who included: DEP staff, executives from the Fuel Merchants Association and several environmental consultants to discuss the health of the Fund and potential legislative changes.

Accordingly, EDA and DEP are analyzing various statutory revisions to address limited financial resources and overwhelming demand in the program.

Conclusion

Attached are three appendices, including the Fund History (Exhibit A), a chart, which provides a list of projects that closed in 2010, (Exhibit B) and a chart, which provides a listing of outstanding commitments that had not yet closed as of 12/31/2010, (Exhibit C). Fund History

1997 Fund Activity Summary

1997 was the first year for the Fund. Following the late summer enactment of P.L. 1997, c.235, the DEP and EDA worked together to develop appropriate regulations. These regulations were proposed in December 1997 and adopted in February 1998. During 1997, the Fund received a \$9.9 million legislative appropriation, which supplemented the \$2.8 million in existing cash and payments transferred from the BUST program to the EDA. The Fund also received \$286,000 in loan/grant repayments and interest income in 1997. There were no loans or grants provided in 1997 from the Fund.

1998 Fund Activity Summary

During 1998, the Fund received two appropriations totaling \$20.7 million. An additional appropriation of \$19.1 million was made in 1998 for utilization in 1999.

In 1998, EDA closed 45 projects totaling \$3.7 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1998, EDA approved 54 loans and grants totaling nearly \$10.4 million. During this time period, the EDA disbursed \$907,000 in loans and grants.*

1999 Fund Activity Summary

During 1999, the Fund received an appropriation totaling \$21.44 million, in addition to the \$19.1 million appropriated in the previous year for use in 1999, bringing the total appropriation to \$40.5 million.

In 1999, EDA closed 215 projects totaling \$21.9 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1999, EDA approved 213 loans and grants totaling nearly \$27.2 million. During this time period, the EDA disbursed \$3.9 million in loans and \$8.2 million in grants for total of \$12.1 million in disbursements.*

2000 Fund Activity Summary

In 2000, EDA closed 212 projects totaling \$20.6 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 33 projects totaling \$10.37 million in outstanding commitments from previous years, as well as new approved projects in 2000.

In 2000, EDA approved 199 loans and grants totaling \$13.3 million. During this time period, the EDA disbursed \$10.8 million in loans and \$10 million in grants, for a total of \$20.8 million in disbursements.

The Fund received an appropriation in 2000 totaling approximately \$21.12 million. Also during this period, the Fund received a total of \$5.2 million from loan repayments, interest income and financing fees. In 2000, the EDA incurred \$828,514 in fees and expenses associated with administering the Fund. *

2001 Fund Activity Summary

In 2001, EDA closed 185 projects totaling nearly \$13 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. These projects include 29 projects totaling \$5.34 million in outstanding commitments from previous years as well as new approved projects in 2001.

In 2001, EDA approved 177 loans and grants totaling \$9.8 million. During this time, the EDA disbursed nearly \$4.9 million in loans and \$7.95 in grants, for a total of \$12.85 million in disbursements. The Fund received an appropriation in 2001 totaling approximately \$20.76 million. Also during this period, the Fund received a total of \$5.4 million from loan repayments, interest income and financing fees. In 2001, the EDA incurred \$899,138 in fees and expenses associated with administering the Fund. *

2002 Fund Activity Summary

In 2002, EDA closed 18 projects totaling over \$1.2 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2002.

In 2002, EDA approved 173 loans and grants totaling over \$7.6 million. During this time period, the EDA disbursed over \$2.1 million in loans and \$4.9 million in grants, for a total of \$7 million in disbursements.

The Fund received an appropriation in 2002 for utilization for FY2003 totaling approximately \$18.6 million. Also during this period, the Fund received a total of just over \$5.4 million from loan and grant repayments, interest income and financing fees. In 2002, the EDA incurred \$631,309 in fees and expenses associated with administering the Fund. *

2003 Fund Activity

In 2003, EDA closed 229 projects totaling nearly \$9 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2003.

In 2003, EDA approved 110 loans and grants totaling nearly \$4 million. During this time period, the EDA disbursed over \$192,555 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements.*

2004 Fund Activity Summary

In 2004 EDA closed 110 projects totaling over \$3.5 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 2 projects totaling over \$200,000 in outstanding commitments from previous years, as well as new approved projects in 2004.

In 2004 EDA approved 100 loans and grants totaling nearly \$3.4 million. During this time period, the EDA disbursed nearly \$200,000 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements.*

The Fund received an appropriation in 2004 for utilization for FY2004 totaling approximately \$37.77 million. Also during this period, the Fund received a total of just over \$5.8 million from loan and grant repayments, interest income and financing fees. In 2004, the EDA incurred \$630,841.01 in fees and expenses associated with administering the Fund.

2005 Fund Activity Summary

In 2005, EDA closed 132 projects totaling over \$7 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. Additional activity includes 2 projects totaling over \$300,000 in outstanding commitments from previous years, as well as new approved projects in 2005.

In 2005, EDA approved 136 loans and grants totaling over \$7.1 million. During this time period, the EDA disbursed over \$46,000 in loans and nearly \$5.2 million in grants, for a total of \$5.25 million in disbursements.*

The Fund received an appropriation in 2005 for utilization for FY2005 totaling approximately \$21.32 million. Also during this period, the Fund received a total of just under \$5.8 million from loan and grant repayments, interest income and financing fees. In 2005, the EDA incurred \$2,119,320 in fees and expenses associated with administering the Fund.

2006 Fund Activity Summary

In 2006, EDA closed 227 projects totaling over \$5.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 12 projects totaling over \$345,000 in outstanding commitments from previous years, as well as new approved projects in 2006.

In 2006, EDA approved 222 loans and grants totaling over \$5 million. During this time period, the EDA disbursed nearly \$5.5 million in grants, for a total of over \$5.56 million in disbursements.*

The Fund received an appropriation in 2006 totaling approximately \$1.86 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Diesel Risk and administration. Additionally, during this period, the Fund received a total of just under \$7.04 million from loan and grant repayments, interest income and financing fees. In 2006, the EDA incurred \$3,838,980 in fees and expenses associated with administering the Fund.

2007 Fund Activity Summary

In 2007, EDA closed 1,447 projects totaling over \$10.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 4 projects totaling nearly \$840,000 in outstanding commitments from previous years, as well as new approved projects in 2007.

In 2007, EDA approved 1,500 loans and grants totaling nearly \$10.7 million. During this time period, the EDA disbursed nearly \$8.5 million in grants, for a total of nearly \$8.6 million in disbursements.*

The Fund received an appropriation in 2007 totaling approximately \$7.5 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Recreational Land Development and Conservation. Additionally, during this period, the Fund received a total of over \$7.5 million from loan and grant repayments, interest income and financing fees. In 2007, the EDA incurred \$2,460,229 in costs associated with administering the Fund.

2008 Fund Activity Summary

In 2008, EDA closed 3,081 projects totaling over \$23 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks.

In 2008, EDA approved 3,112 loans and grants totaling nearly \$24 million. During this time period, the EDA disbursed nearly \$20 million in grants and loans.*

The Fund did not receive an appropriation in 2008. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in August 2008. During this period, the Fund received a total of over \$6.6 million from loan and grant repayments, interest income and financing fees. In 2008, the EDA incurred \$2,814,093 in costs associated with administering the Fund.

2009 Fund Activity Summary

In 2009, EDA closed 3,553 projects totaling nearly \$26.8 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks.

In 2009, EDA approved 3,533 loans and grants totaling nearly \$27 million. During this time period, the EDA disbursed nearly \$23 million in grants and loans.*

The Fund did not receive an appropriation in 2009. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in July 2009. During this period, the Fund received a total of over \$5.7 million from loan and grant repayments, interest income and financing fees. In 2009, the EDA incurred over \$2.7 million in costs associated with administering the Fund.

** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*
