THURSDAY, JANUARY 11, 1979

The following communication was received from the Governor:

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT,  
January 11, 1979. }

SENATE BILL NO. 113

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 113, with my objections, for reconsideration.

This bill is a companion bill to Senate Bill No. 115 which I signed into law on June 13, 1978 establishing a tax court. Senate Bill No. 113 would amend R. S. 54:3-21, *inter alia*, to establish thresholds of assessed valuation as the bases for direct property tax appeals to the tax court and for the transfer of property tax appeals pending before county boards of taxation. The bill also would amend the present law concerning the persons to be notified of a tax appeal.

While I support the concept of this legislation, several amendments are needed. The bill provides that appeals pending before the county boards of taxation can be transferred to the tax court in cases where the assessed valuation of the property involved exceeds \$750,000.00. However, the level of assessed valuation at which appeals can be taken directly to the tax court is at \$500,000.00. I am recommending that the level for direct appeals be amended to \$750,000.00 to be consistent with the threshold for the transfer of pending appeals.

Further, the bill states that "an appeal pending" before a county board of taxation may be transferred to the tax court. Some confusion could occur about when the appeal is considered "pending" to enable such a transfer to take place. I am recommending an amendment to make clear that this provision applies to matters pending on the effective date of this act, July 1, 1979.

On August 16, 1978 I signed into law Assembly Bill No. 332 which amended R. S. 54:3-21 so that petitions of tax appeal are to be filed with the clerk of the taxing district who is then to notify the assessor, collector and any other municipal officials as the governing body should direct. I am recommending amendments to make this legislation consistent with this recently enacted law.

Accordingly, I herewith return Senate Bill No. 113 for reconsideration and recommend that it be amended as follows:

*Page 1, Section 1, Line 13:* Delete "500,000" and insert "750,000"; after "pending" insert "on July 1, 1979".

*Page 1, Section 1, Line 20:* After "shall" and before "notify" insert "forthwith"; delete "attorney".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,  
Attest: Governor.  
/s/ ROBERT E. MULCAHY, III,  
Chief of Staff, Secretary.

SENATE BILL No. 779

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 779, with my objections, for reconsideration.

This bill would amend the "Charitable Fund Raising Act of 1971," N. J. S. A. 45:17A-1 *et seq.*, by exempting charitable organizations registered by the State, which annually receive contributions of less than \$50,000, from the requirement that their annual report to the Attorney General must be accompanied by an opinion signed by an independent public accountant certifying that the financial statement and balance sheet contained in the report fairly represent the

THURSDAY, JANUARY 18, 1979

financial operations and position of the organization. The bill further provides that the reports of such organizations receiving less than \$50,000 shall be certified by the president or other authorized officer of the organization.

It is recognized that the present law requiring an accompanying report by an independent public accountant places a burden on these small charities by requiring them to pay public accountant fees, and that as a result some of these small charities are filing reports without the required opinion, and are thereby risking the cancellation of their registrations pursuant to N. J. S. A. 45:17A-6(e). On the other hand, the existence of this present certification requirement may inhibit some existing or potential small charities from improper activities.

To balance these competing considerations, I recommend that the bill be amended to provide that charities receiving less than \$50,000 during the fiscal year being reported may apply to the Attorney General for a waiver of the requirement of an opinion signed by an independent public accountant. The Attorney General may, in his discretion, grant or deny such a waiver, and will thereby be in a position to monitor the practices of these small charities, and thus help safeguard the public from possible deception and fraud.

Accordingly, I herewith return Senate Bill No. 779 for reconsideration and with the recommendation that it be amended as follows:

*Page 1, Section 6(a), lines 24-25:* delete "receiving in excess of \$50,000.00 during the fiscal period being reported".

*Page 2, Section 6(a), line 30:* delete ".".

*Page 2, Section 6(a), line 30:* after the word "officer," insert "If, upon application to the Attorney General for a waiver, the Attorney General waives the requirement for an opinion signed by an independent public accountant."

## SENATE BILL No. 789

## SECOND OFFICIAL COPY REPRINT

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate No. 789, with my objections, for reconsideration.

Senate Bill No. 789 would authorize local boards of education to join voluntary associations which promote and regulate extra-curricular student activities. The bill would also require the Commissioner of Education to approve the charter, bylaws, constitutions and rules and regulations of all such associations. Moreover, the bill would authorize the Commissioner to direct an association to conduct an inquiry or to direct that a particular matter be heard directly by him. Finally, the bill would require the Commissioner to prepare an annual report to the Legislature detailing all programs and fiscal activities of the associations functioning under the act, detailing any developments contrary to the public interest and indicating whether the legislative intent in granting authority to boards of education to join such associations is faithfully being executed.

I am of the opinion that this reporting requirement is too broad. It could be construed to include every local athletic or band conference in the state. In addition, I believe that a separate reporting requirement is unnecessary because the required information can be included in the general annual report on education. Furthermore, the bill contains no reporting requirement on the part of the associations which might form the basis of the Commissioner's report.

Accordingly, I respectfully recommend the following change in Senate Bill No. 789:

On Page 2, Section 2, Line 6: beginning after "signature" delete remainder of section and insert:

"The Commissioner or his designee shall prepare a report detailing all programs and fiscal activities of the statewide associations and such other associations function-

THURSDAY, JANUARY 18, 1979

ing under this act as he feels may be necessary. This report shall be based upon annual reports submitted to him by the associations operating under this act and shall detail any developments contrary to the public interest and shall indicate whether or not the intent of the Legislature in its grant of statutory authority to boards of education to join such associations is faithfully being executed.”

Respectfully,

SENATE BILL No. 537 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 537 (OCR), without my approval.

This bill requires the Department of Environmental Protection to reimburse parties who successfully appeal inclusions of their property in a flood hazard area for costs for surveying, engineering, legal or other services incurred in the process of appeal.

This bill reflects the concern of homeowners who may be subject to regulation under the existing flood plain delineation program. The sponsor of this bill has taken vigorous actions to recognize these concerns, and has been effective in securing legislation, which I approved, to alleviate the concern that existing homes could not be rebuilt in the event of destruction (See Chapter 385 of the Laws of 1977).

The present bill, however, contains both substantive and technical defects which force me to withhold my approval. The bill fails to define adequately the nature of the appeals which would be subject to reimbursement by the State, and is also unclear concerning the period when such reimbursement could be provided. More importantly, I feel that the bill would set a bad precedent to allow reimbursement of legal and other fees for State actions which have not been shown to be in bad faith; the bill also fails to include any specific appropriation, and would accordingly subject the State to an open-ended liability for reimbursement of these costs.

In view of these problems, I must withhold approval from S-537 (OCR).

SENATE BILL No. 775

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 775, without my approval, for the following reasons:

This bill would authorize any private, non-profit service organization to solicit charitable contributions on public highways, provided that the time and location are agreed to by the chief law enforcement officer of the municipality in which solicitations are to be conducted at least 7 days prior to the date upon which they are to be conducted. Furthermore, under the bill, such activities would not be conducted at any time or at any location on any highway where the standing of any person or the parking of any vehicle would be hazardous or inimical to the proper flow of traffic.

The current statute prohibits such soliciting where progress on a highway would be stopped, impeded, hindered or delayed; furthermore, the current statute creates a presumption that any such soliciting does in fact create such conditions. Finally, the current statute permits the Director of the Division of Motor Vehicles to designate any highway or sections of any highway as a location where such soliciting would be dangerous.

The practice which the bill addresses often creates difficult and dangerous situations. Furthermore, under current law, organizations intending to engage in this type of activity can seek approval of a time and location with the local police authorities and other appropriate authorities in advance of the activity. In this regard the seven day notice provision in the bill might be more restrictive than the requirement of the current statute. I would assume that such advance

THURSDAY, JANUARY 18, 1979

clearance could help to rebut the current statutory presumption that any such action stops or impedes traffic.

In addition, it is unclear whether or to what extent the bill would allow the chief law enforcement officer of the municipality to permit such activities on major traffic arteries within his municipality. It is unclear whether the authority currently vested in the Director of Motor Vehicles to designate locations where such activities would be hazardous would be abrogated by the bill. Although the language of the proposed amendment provides that no such activity shall "be conducted at any time or at any location on any highway where the standing of any person or the parking of any vehicle would be hazardous or inimical to the proper flow of traffic", it is unclear who is to make the determination, whether a designation of a location as such by the Director of the Division of Motor Vehicles would supersede any agreement by a municipal chief law enforcement officer to permit such activity, or whether all final determinations would have to be made by the courts.

Accordingly, I return Senate Bill No. 775 without my approval.

Respectfully,

/s/ BRENDAN BYRNE,  
Governor.

SENATE BILL No. 782

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 782, without my approval.

This bill provides that the mileage of a motor vehicle be recorded by a State motor vehicle inspector on the certificate of approval affixed to it after the successful completion of the motor vehicle inspection procedure. The removal of such sticker would be forbidden until title passes to a subsequent purchaser. The Director of the Division of Motor Vehicles would be authorized to adopt rules and regulations concerning the manner of recordation of mileage and all other necessary procedures to effectuate the Act.

Although the purpose of this bill is commendable—to help insure that a consumer purchasing a used motor vehicle receives as accurate an indication as is possible of the actual number of miles which the vehicle has been driven—the purpose of this bill is already being accomplished through existing law and regulations.

N. J. S. A. 2A:170-50.1, makes it a disorderly person offense for a motor vehicle dealer or other person to misrepresent the mileage of a used motor vehicle which he is offering for sale, trade-in or exchange by changing the odometer. Further, N. J. A. C. 13:21-5.8 provides that every person shall, at the time he transfers ownership of a vehicle, indicate on the certificate of ownership, manufacturer's statement of origin or other prescribed form, the mileage reading at the time of transfer, "and shall certify the truth thereof." In addition, N. J. A. C. 13:21-5.9 provides that every person at the time he transfers ownership of a vehicle disclose in writing to a buyer the cumulative mileage appearing on the odometer. This section also provides that every buyer to whom title is transferred in his capacity as a licensed automobile dealer, shall obtain this written disclosure and shall maintain a copy thereof for a period of five years. Thus, Senate Bill No. 782, which would require the mileage to be recorded on the certificate of approval, would merely duplicate our present law.

Moreover, enactment of the bill would result in the additional costs of devising a new inspection sticker providing space for the mileage entry, while entering mileage would require procedural changes in the inspection system which would tend to increase time and cost.

After careful review, I have concluded that the bill will not materially increase the effectiveness of efforts to eliminate the opportunities for deceiving potential purchasers as to the number of miles a used motor vehicle has been driven.

Accordingly, I herewith return Senate Bill No. 782 without my approval.

Respectfully,

*Whereas*, The New Jersey Department of Transportation has completed a study of various alignments of Interstate Route 287; and

*Be It Resolved* by the Senate of the State of New Jersey:

1. That the New Jersey Department of Transportation be and is hereby requested to undertake and complete the following:

a. Update data with respect to the current values of homes and other residential real property ratables that would be acquired in connection with the "State Preferred Route"; and

b. Update data with respect to the current values of commercial and industrial ratables and jobs that would be lost if the "State Preferred Route" is finally approved; and

c. Provide supporting data and analysis that will demonstrate the accuracy of its conclusion that the "Western Alternate Route" would impose greater adverse environmental impact than the other alignments; and

d. Provide data showing the impact on property values adjacent to the proposed routes; and

e. Provide factual and analytical justification for the conclusion that the "Western Alternate Route" would require three and one-half (3½) years longer to complete than the "State Preferred Route"; and

f. Provide a detailed breakdown of cost estimates for the "Western Alternate Route" and the "State Preferred Route"; and

g. Provide a copy of the New Jersey Department of Transportation's latest report to each municipality affected by the alignment decision; and

2. That the New Jersey Department of Transportation reevaluate its alignment determination in light of the foregoing data and determinations and complete and make public its study in accordance with this resolution within 45 days.

*Be It Further Resolved*, that duly authenticated copies of this resolution signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to the Secretary of the United States Department of Transportation, The Federal Highway Administration, the Secretary of the United States Department of the Interior, each member of the New Jersey Congressional Delegation; the Commissioner of the New Jersey Department of Transportation; and the Boards of Freeholders of Bergen, Morris and Passaic Counties.

The Secretary read the following communications from the Governor:

STATE OF NEW JERSEY  
EXECUTIVE DEPARTMENT  
February 8, 1979 }

SENATE BILL No. 435

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 435, without my approval.

This bill would increase the number of Monmouth County Court judges from four to six. The stated purpose of the bill is to "assist in alleviating a severe backlog of cases in the county court."

I have made a nomination to the Monmouth County Juvenile and Domestic Relations Court which has been blocked through the exercise of "senatorial courtesy." This action could be viewed as an indication that these Monmouth County senators do not believe that there is a serious judicial backlog in Monmouth County. In any event, there is no indication that I could get confirmation on nominations to newly created vacancies. Until such time as the Senate acts upon the pending Monmouth County nomination, I will not consider any legislation to increase the number of judgeships in that county.

In addition, because of the recent merger of the Superior Court and the county courts, enactment of this bill would serve no purpose.

Accordingly, I herewith return Senate Bill No. 435 without my approval.

Respectfully,

STATE OF NEW JERSEY  
EXECUTIVE DEPARTMENT  
February 8, 1979 }

SENATE BILL No. 277 (3rd OCR)

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 277 (3rd OCR), with my objections, for reconsideration.

This bill would raise the New Jersey minimum wage from \$2.40 to \$2.70 as of the bill's effective date, \$2.90 as of January 1, 1979 and \$3.10 as of January 1, 1980. In addition, the bill would set a separate minimum wage for full-time students employed by a college or university. These students would be paid not less than 85% of the effective minimum wage.

This bill will set the New Jersey minimum wage at the same level as the Federal minimum wage for 1979 and 1980. I had hoped that the Legislature would set the State's minimum wage at a level 15¢ higher than the Federal minimum through 1981. The higher cost of living in this State more than justifies such an increase, which would have a minimal impact on the cost of doing business in New Jersey. The vast majority of the State's employers pay above the minimum wage. However, in order to protect those workers who are not covered by the Federal minimum wage, I have determined to approve this bill after certain technical problems are eliminated.

While I intend to approve the minimum wage established by this bill, it must be returned to the Legislature for the clarification of certain technical points. First, because the bill was not finally passed until after January 1, 1979, the

bill should be amended to provide that the New Jersey minimum wage will be \$2.90, not \$2.70, on the bill's effective date.

Second, the word "engaged" should be substituted for the word "paid" when referring to farm workers who are hired on a piecework or hourly basis. This will ensure that the minimum wage will benefit all farm workers.

Third, the paragraph providing for a smaller minimum wage for full-time college or university students should be amended to clarify that this provision applies only to students who work for the college or university at which they are enrolled. This provision is necessary to allow colleges and universities to make greater use of available work/study funding.

Accordingly, I herewith return Senate Bill No. 277 for reconsideration and with the recommendation that it be amended as follows:

*Page 1, Section 1, Line 5:* Omit "\$2.70" and insert "\$2.90".

*Page 1, Section 1, Line 10B:* Omit "\$2.90 per hour as of January 1, 1979,".

*Page 2, Section 1, Line 38:* Omit "paid", insert "engaged".

*Page 2, Section 1, Line 41:* Omit "employed by a college or university".

*Page 2, Section 1, Line 42:* After "employed" insert "by the college or university at which they are enrolled".

Respectfully,

Messrs. Maressa and Errichetti offered the following resolution, which was read and adopted by the following vote:

A Resolution expressing the sense of the Senate that the acquisition and operation of the Garden State Racetrack facility by the New Jersey Sports and Exposition Authority is necessary and desirable and that the authority should review the methods and means for such acquisition and operation.

WHEREAS, In February of 1978, an act was approved to authorize the New Jersey Sports and Exposition Authority to acquire, operate, maintain, repair, reconstruct, restore and improve the Garden State Racetrack facility as an additional project of the authority; and

WHEREAS, Subsequent to the enactment of that act, the facility was acquired by a private individual and measures were adopted to rebuild the facility; and

WHEREAS, It is now apparent that the means, financial and otherwise, to rebuild and operate the facility by a private individual are not now, and will not be, available; and

WHEREAS, It is vital not only to State Government, but also to the citizens of South Jersey and throughout the State, that the revenues derived from parimutuel betting on horse race meetings be continued; and

WHEREAS, It is essential that the State's racetracks remain competitive with those in its sister states in the

attraction of the best bred horses and the scheduling of racing dates; and

WHEREAS, Although a feasibility study previously done indicated it would not be advisable for the New Jersey Sports and Exposition Authority to acquire and operate the facility, it is now in the public interest to reexamine and review that study with a view towards said acquisition and operation; and

WHEREAS, The New Jersey Sports and Exposition Authority is the most experienced and capable entity in this State to effect such a takeover and to manage and operate such a facility successfully; now, therefore,

*Be It Resolved by the Senate of the State of New Jersey:*

It is the sense of the Senate that the acquisition and operation of the Garden State Racetrack facility by the New Jersey Sports and Exposition Authority is necessary and desirable and in the public interest, and that the authority should undertake a review and reexamination of any reports or studies it may have with respect thereto with a view toward said acquisition and operation.

The following communications were received from the Governor:

STATE OF NEW JERSEY  
EXECUTIVE DEPARTMENT

SENATE BILL No. 958 (2nd OCR)

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 958 (2nd OCR), without my approval.

This bill would amend the Sales and Use Tax Act to exempt from taxation free circulation newspapers which limit advertising to 90 percent of the printed area of each issue. Current law does not tax advertising services, such as printing services, in newspapers. The proponents of this legislation seek a similar exemption for publications which are commonly known as "shoppers' guides."

The Division of Taxation has informed me that nine of the eleven papers which would be helped by this bill have cases pending, either at the hearing level or on appeal and that two others are now under review. I think that process should continue to its completion.

In addition, the amount of revenue which will be forthcoming to the State if the issue is resolved favorably amounts to approximately \$650,000. I cannot at this time of severe fiscal constraint give my approval to a measure which would have such a result.

I am, however, aware that inequities exist in the Sales and Use Tax Act, and I would be receptive to a more comprehensive bill which addresses all those inequities at once.

There is, therefore, no need for further consideration of Senate Bill No. 958 (2nd OCR).

Respectfully,

SENATE BILL No. 999 (OCR)

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 999 (OCR), without my approval, for reconsideration.

This bill was drafted by Legislative Services to revise and correct errors in the laws of the State. It is my intention to approve those portions of the bill which accomplish that purpose. However, I return it to you today with several recommendations made necessary because of my intention to veto A-578, the provisions of which were included by amendment and by the enactment of other laws subsequent to the passage of Senate Bill No. 999 (OCR).

Accordingly, I herewith return Senate Bill No. 999 (OCR) for reconsideration and recommend that it be amended as follows:

*Page 4, Section 1, Line 143:* Omit "Physical handicap" insert "Handicapped"

*Page 4, Section 1, Line 143:* Omit "any" insert "suffering from"

*Page 4, Section 1, Line 150:* After "device" insert ", or from any mental psychological or developmental disability resulting from anatomical, psychological, physiological or neurological conditions which prevents the normal exercise of any bodily or mental functions or is demonstrable, medically or psychologically, by accepted clinical or laboratory diagnostic techniques"

SENATE BILL NO. 729

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 729 without my approval.

This bill would exempt New Jersey residents who hold certain radio amateur licenses from the requirement of the current statute that they obtain a permit from the Chief of Police where they reside before they may install or possess in an automobile a short-wave radio receiver operative on fire, police or other governmental frequencies. The current statute makes the failure to obtain such a permit a misdemeanor.

The stated purpose of this legislation is to encourage licensed individuals possessing short-wave radios in their automobiles to help during civil emergencies.

In reality, the presence of well meaning or curious individuals at accident or emergency scenes more often than

not hinders the operation of the authorized emergency personnel. I believe it would not be in the best interests of our citizens to encourage and facilitate the presence of such individuals at those critical situations. The mere presence of many vehicles or pedestrians or both on routes to or at emergency scenes may slow down an operation in which even a few minutes may be important to life.

If a licensed amateur radio operator has a need to have these receivers installed, he can, under current law, obtain a permit from the police.

In addition, the possibility exists that the criminal element in our society will take advantage of this bill to monitor police activity from automobiles and thereby gain advantage in their illegal enterprises. This result may needlessly endanger the lives of police officers and other people.

I believe the current law strikes a desirable balance between the needs of our licensed amateur radio operators and of our fire, police, and other emergency personnel.

Accordingly, I return herewith Senate Bill No. 729 without my approval.

Respectfully,

/s/ BRENDAN BYRNE,

SENATE BILL NO. 721  
[OFFICIAL COPY REPRINT]

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 721 (OCR) with my objections for reconsideration.

Senate Bill No. 721 (OCR) would affect local government construction contracts by permitting a contractor and a local

contracting unit to agree as a condition of a contract to have the contractor deposit as security negotiable bearer bonds of the State or negotiable bearer bonds or notes of any political subdivision thereof in lieu of the withholding of cash payments. In cases where cash payments were withheld the bill would require the contracting unit to deposit the withheld money in an interest bearing account and to return both the principal and interest to the contractor upon his satisfactory completion of the work.

It was the sponsor's intent that this bill bring the local procedures with regard to the withholding of payments and the deposit of bonds into a consistent position with the laws and procedures which govern this practice at the State level. Under State law and procedure a contractor in certain cases has the discretion concerning the deposit of negotiable bearer bonds as security. Any interest earned on such bonds is returned to the contractor upon his satisfactory completion of the work. If cash is withheld then any interest earned on that cash remains with the State. However, under this bill the local contracting unit would have the discretion to accept or reject the deposit of bonds by a contractor.

The purpose of the deposit of bonds or the withholding of payments is to provide security for the local government unit to assure that the work performed is satisfactorily completed. In my judgment, the deposit of bonds protects the local government unit while allowing a contractor to continue to earn interest on his security. If a contractor should default for not performing the work satisfactorily then the contracting unit has control of the bonds and can use them in the same manner as withheld cash payments. At the same time, a contractor retains the advantage of his investment in the bonds. Therefore, I believe that giving the contractor the discretion to decide whether to deposit negotiable bearer bonds as security would be consistent with State law and procedure and would provide adequate protection to the local contracting unit. Accordingly, I am recommending an amendment which would make the deposit of bearer bonds discretionary with the contractor.

If the decision whether to deposit bonds becomes discretionary with the contractor then the provision that the nature and amount of bonds to be deposited be specified in the advertisement for bids is no longer necessary. I am recommending an amendment to delete this requirement.

Under the bill a contractor could elect to deposit bonds on any construction contract. However, the Department of Treasury informs me that the management and control of deposited bonds on small contracts would be unworkable. Therefore, I am recommending an amendment to permit the deposit of bonds only on contracts which exceed \$100,000.

The bill would provide that if a contractor agrees to the withholding of payments then that money would have to be deposited in an interest bearing account and any interest earned thereon would have to be given to the contractor together with the principal upon satisfactory completion of the work. This provision is inconsistent with current municipal accounting and borrowing practices and with current State practices. The contractor's right to withheld cash payments is contingent upon his satisfactory completion of the work. Until that time he would not appear to be entitled to any interest earned on those funds. Accordingly, I am recommending an amendment which would make it clear that when cash is withheld, interest earned on the withheld payments shall remain with a municipality.

The bill is not clear whether the interest earned on bonds would be returned to the contractor upon satisfactory completion of the work. I am recommending an amendment that would make it clear that when bonds or notes are withheld then interest accruing on those bonds or notes shall remain with the contractor.

Accordingly, I respectfully recommend the following changes in Senate Bill No. 721:

1. Page 1, Section 1, Line 1: After "contract" insert ", the total price of which exceeds \$100,000,"
2. Page 1, Section 1, Line 6: Delete "with"
3. Page 1, Section 1, Line 7: Delete "the approval of the contracting unit"
4. Page 1, Section 1, Line 13: Delete "and"
5. Page 1, Section 1, Line 14: Delete "shall be specified in the advertisement for the bids"
6. Page 1, Section 1, Line 20: Delete "and any interest accruing thereon,"
7. Page 1, Section 1, Line 21: After "deposited," insert "and any interest accruing on such bonds or notes,"

8. Page 1, Section 1, Line 23: After "holding," add "Any interest accruing on cash payments withheld shall be credited to the contracting unit."

Respectfully,

/s/ BRENDAN BYRNE,

SENATE BILL NO. 1298  
[OFFICIAL COPY REPRINT]

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 1298, with my objections, for reconsideration.

Senate Bill No. 1298 would revise the order in which public questions are to be placed on voting ballots. Currently statewide questions are placed at the top of sample and official ballots and county and municipal questions are placed in that order at the foot of the ballot. Senate Bill No. 1298 would place all public questions at the foot of the ballot in the following order: municipal questions, county questions, statewide questions.

I believe that the order of questions on voting ballots should reflect the relative impact of the questions on the voters and should attempt to obtain some uniformity. Statewide questions, affecting all the voters of the State, have the greatest impact. Municipal questions are often of great immediate concern, especially in a State like New Jersey with such strong local control. Following these criteria, I believe that propositions to be voted for by all the voters in the State should be placed first, propositions to be voted for by the voters of a municipality should be placed second, and propositions to be voted for by the voters of a county should be placed last on voting ballots.

THURSDAY, MAY 3, 1979

Accordingly, I respectfully recommend the following changes in Senate Bill No. 1298:

Page 1, Title, line 3: Delete “, and supplementing Title 19 of the Revised Statutes”.

Page 1, Section 1, lines 1-7: Delete entirely.

Page 1, Section 2, line 1: Delete “2.”, insert “1.”

Page 1, Section 2, lines 2-7: after “Arrangement of public questions”, delete entirely.

Page 1, Section 2, line 9: Delete “last”, insert “first”.

Page 1, Section 2, lines 9-11: Delete “shall be printed in compliance with the provisions of this amendatory and supplementary act”.

Page 1, Section 2, line 11 :After “shall be”, insert “printed”.

Page 2, Section 2, lines 17-21: Delete entirely, insert:

“All public questions to be voted for by the voters of a municipality shall be placed second and shall be printed in the order as determined by the drawing of lots by the county clerk. All public questions to be voted for by the voters of a county shall be placed last and shall be printed in the order as determined by the drawing of lots by the county clerk. The county clerk shall draw lots in substantially the same manner as the drawing is made for the arrangement of candidates' names upon the ballot.”

SENATE BILL No. 885 (OCR)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 885 (OCR) with my objections, for reconsideration.

Senate Bill No. 885 (OCR) purports to allow full-time assistant prosecutors to be employed without compensation on a part-time basis, in any institution of higher education to teach in programs for law enforcement officers. I do not believe this bill is necessary to accomplish this purpose. Present law (N. J. S. 2A :158-15.1) prohibits full-time assistant prosecutors from engaging "in the practice of law or other *gainful* employment . . ." (emphasis added). The law does not prohibit other employment, such as teaching, without remuneration. Furthermore, passage of this bill may give rise to an interpretation that full-time assistant prosecutors are prohibited from any and all other activities, even if not compensated, because the Legislature has deemed it necessary to expressly provide for an exception allowing them to teach in the specified programs without compensation. I do not believe this was intended by current law.

In conclusion, present law permits the activity provided for in this bill, making the bill unnecessary.

On the other hand, the law enforcement community and others, including educators, have for some time been advocating an amendment to the present law to permit full-time assistant prosecutors to be compensated for teaching in programs for law enforcement officers. The benefits to be derived by all parties involved in such a program and society at large are obvious. While there is nothing now prohibiting the voluntary participation of full-time assistant prosecutors in such programs, remuneration would certainly be an incentive.

I agree that full-time prosecutors and their assistants should be generally discouraged and prohibited from en-

gaging in other gainful employment because of the potential for conflict; however, I believe that the exception discussed above has merit. I note that the amendment, narrowly drawn to include only the teaching of law enforcement officers in institutions of higher education and requiring the prior approval of the County Prosecutor would insure against abuses.

Accordingly, I respectfully recommend the following change in Senate Bill No. 885 (OCR):

*Section 1, line 8:* Delete "without" before "compensation", insert "with" in its place.

Respectfully,

[SEAL]

SENATE BILL No. 455 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 455 (OCR), with my objections, for reconsideration.

THURSDAY, MAY 21, 1975

Senate Bill No. 455 would establish a twenty-two member Commission on Children's Services to "monitor, coordinate and promote services for children provided by State, local and private agencies or organizations, in order to strengthen such services, avoid duplication of effort and waste of resources, provide for unmet needs and improve the delivery of such services."

The Commission would be required to hold bimonthly hearings throughout the State and would be authorized to compel by subpoena the attendance of witnesses and the disclosure of information. The Commission would be required to report its findings and recommendations to the Governor and the Legislature before its expiration thirty months after enactment.

While this bill reflects the legitimate concerns of a variety of civic organizations and individuals that services for children be reviewed and coordinated to eliminate duplication and to assure that changing needs are met, I believe that S-455 would duplicate to some extent efforts of both the existing Governor's State Committee on Children and Youth, which has been requested to review the operations of agencies affecting children, and of the State Commission of Investigation, which has subpoena power to investigate the misuse of State funds.

The fifty member State Committee, however, has been unable to provide any real coordination because of its size and its focus on preparing for decennial White House Conferences on Youth and Families. In order to create an effective body to review and coordinate children's services provided by a variety of State and local agencies, I believe that the existing State Committee should be reconstituted into a statutory "Commission on Children" but that such Commission not be granted subpoena power.

Accordingly, I respectfully recommend the following changes in Senate Bill No. 455:

Page 1, Title, line 2: Delete "monitor," insert "review and"

Page 1, Title, lines 2-3: Delete "and promote"

Page 1, Title, line 4: Delete "to evaluate the effect of legislative"

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT,  
June 11, 1979. }

SENATE BILL No. 1095 (OCR)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 1095 (OCR), with my objections, for reconsideration.

This bill would repeal various statutory provisions which govern the setting of compensation to mayors and governing bodies of certain types of municipalities. In place of those statutes, the bill would substitute a general statute, N. J. S. 40A:9-10, which provides that:

Except as otherwise provided by law, the board of chosen freeholders of the county or the governing body of the municipality shall fix the amount of salary, wages or other compensation to be paid to county and municipal officers and employees unless they are to serve without compensation.

As originally introduced, the bill would have made N. J. S. 40A:9-165 rather than N. J. S. 40A:9-10 the generally governing statute.

N. J. S. 40A:9-165 is a general statute which provides that a municipal governing body shall fix by ordinance the compensation to be paid to the governing body and mayor or other chief executive, fixes the time after which such ordinance will take effect, and prescribes the procedure for protesting the passage of such ordinance. The sponsor's statement indicates that when N. J. S. 40A:9-165 was enacted, several statutes at variance with this law were never repealed. This bill as originally introduced would have accomplished that.

I am informed that the Senate committee substituted N. J. S. 40A:9-10 for N. J. S. 40A:9-165, anticipating the prompt passage of other pending legislation which would have repealed this latter section of the law and would have put in place generally applicable provisions with regard to referenda. However, this legislation has not yet passed the Legislature. Consequently, the bill in its present form pro-

vides that “. . . the procedure for protesting against the passage of any ordinance providing for an increase in said salaries, wages or compensation shall be as provided in N. J. S. 40A :9-10.” However, this section contains no such procedures. It appears that the bill should be amended to return it to its original form.

Accordingly, I respectfully recommend the following changes in Senate Bill No. 1095 (OCR) :

*Page 1 Section, 1, line 5:* Delete “40A :9-10”, insert “40A :9-165”.

*Page 1, Section 1, line 10:* Delete “40A :9-10”, insert “40A :9-165”.

SENATE BILL No. 1497 (OCR)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1497 (OCR), without my approval.

This bill would extend by approximately one month the statutory deadlines for the introduction and adoption of municipal and county budgets for the 1979 local budget year. The legislation would be retroactive to January 1, 1979. The stated purpose of the bill is to allow local governments more time to adjust to the loss of federal anti-recession funds in 1979.

When the loss of anti-recession funds was announced toward the end of 1978, local governments had an interest in having the budget process delayed to determine if any State or federal funding would become available which could be incorporated into the 1979 budget. However, local governments have been informed of the exact amounts they will receive under the State aid package and have incorporated

those funds into their budgets. No source of federal funding has been identified which would justify a delay in the budget process. Further, the Department of Community Affairs informs me that the Division of Local Government Services has approved the budgets of a majority of local governments.

The bill would authorize municipalities and counties to make temporary appropriations to cover the approximately one-month extension for budget adoption furnished under the bill. Under present law local governments are permitted to make temporary appropriations for expenses between the start of the fiscal year and adoption of the budget. These temporary appropriations cannot exceed 25% of the total appropriations made for the preceding budget year. This bill would allow total temporary appropriations to rise to 37% to cover the additional time which would be made available under the bill. It would appear to be an unsound fiscal and budgetary practice to allow local governments to rely so heavily on temporary appropriations. Further, the Department of Community Affairs has indicated that the bill would cause administrative problems for local officials in striking tax rates and determining tax bills.

There is, therefore, no need for further consideration of Senate Bill No. 1497 (OCR).

Respectfully,

STATE OF NEW JERSEY  
EXECUTIVE DEPARTMENT  
August 2, 1979. }

SENATE BILL No. 1501 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 1501, with my objections, for reconsideration.

Senate Bill No. 1501 would amend the General Public Assistance Law to require municipal welfare directors to assign employable persons to perform public work, if such work is available, during the interim between the time such welfare director notifies the New Jersey Employment Service of an employable person in receipt of public assistance and the time the Employment Service assigns such person to a work site.

This bill also clarifies the types of work which may be assigned, the number of hours, and the recourse for individuals injured while performing public work.

Finally, the bill requires that all rules and regulations proposed by the State Departments of Labor and Industry

and Human Services to implement the act be filed with the Senate and General Assembly and the appropriate committees thereof, and that no such rule or regulation shall take effect if, within 60 days after transmittal, the Legislature passes a concurrent resolution stating that it does not favor such rule or regulation.

Although I support the substance of this bill, I am deeply concerned that the imposition of legislative review of each new rule and regulation which is proposed to aid in carrying out this newly expanded "workfare" program would substantially interfere with the effective implementation of the program. The publication requirements under the Administrative Procedure Act, P. L. 1968, c. 410 (C. 52:14B et seq.) provide sufficient notice and time for comment by concerned members of the Legislature. Furthermore, I find the imposition of such stringent legislative review of each proposed rule and regulation unnecessarily burdensome where such rules and regulations are promulgated merely in aid of a program rather than as the primary purpose of the legislation.

Accordingly, I respectfully recommend the following changes in Senate Bill No. 1501:

On Pages 3-4, Section 2, lines 1-18: Delete the section entirely.

On Page 4, Section 3, line 1: Delete "3.", insert "2."

Respectfully,

[SEAL]

/s/ BRENDAN BYRNE

Attest:

Governor.

MARTIN L. GREENBERG  
Senator, 28th District  
100 Evergreen Place  
East Orange, New Jersey 07018  
201-673-8200

August 6, 1979.

Honorable Joseph P. Merlino  
President of the Senate  
State House  
Trenton, New Jersey 08625

Dear Joe:

It is with sincere regret that I advise you of my resignation as Senator from the 28th Legislative District effective August 16, 1979.

The almost full-time requirements for the effective discharge of the duties of that office, quite aside from those resulting from my position as chairman of the Judiciary Committee, have been ever-increasing since I first assumed office in 1974 and are now placing an unreasonable burden on my law partners and my family.

My law firm is in the process of expanding and will require greater attention on my part. These additional demands on my time together with the increasing requirements of Senate duties make my continued Senate service a practical impossibility unless I sharply curtail the time I devote there. I cannot in good conscience do that. I would not want to remain in the Senate without giving it the full measure of time it requires and deserves.

Having most regretfully reached the decision to resign, I have selected this point in time to announce it since my replacement can be selected in the up-coming legislative election with the least disruption to my constituents and my colleagues.

I humbly acknowledge a most sincere debt of gratitude to my colleagues who have shared with me their hopes and their efforts to achieve the common good. I will miss the Senate and my good friends and associates there and will always cherish the unique opportunity to have served in such a distinguished body among such dedicated people.

Sincerely,

MARTIN L. GREENBERG

Mr. J. Russo moved that the letter be spread in full upon the journal, which motion was adopted.

among other details, the conditions under which the operator of the vehicle may drive or move the vehicle when the light is in use. The director would charge a \$25 fee for the issuance of each permit.

As indicated in the Senate Law, Public Safety and Defense Committee Statement to Senate Bill No. 19, this bill is intended to apply in planned developments which hire an agency to handle their security. It is, therefore, my recommendation that the scope of this bill be specifically limited in its application. In addition, these special identification lights should be a color other than red, the color used by our public police, fire and ambulance vehicles.

Accordingly, I herewith return Senate Bill No. 19 for reconsideration and with the recommendation that it be amended as follows:

Page 1, Section 1, Line 2A: After "services" insert "in planned developments as defined in the "Municipal Land Use Law" P. L. 1975, c. 291 (C. 40:55D-1 et seq.),".

Page 1, Section 1, Line 3C: After "type" delete "and color" and after "of" delete the word "the".

Page 1, Section 1, Line 6: After "use." insert "The permit shall also specify the color of the light, which shall be other than red.".

SENATE BILL No. 1410 (*Official Copy Reprint*)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1410 (*Official Copy Reprint*), with my objection, for reconsideration.

This bill would permit New Jersey licensed real estate brokers to pay referral fees or commissions to licensed

brokers in other states. The bill also permits the out of state brokers to maintain actions for such payments in this State.

While I support the concept of the legislation, I am concerned that the bill could be interpreted to permit the out of state broker to sue the New Jersey broker's customer for the referral fee owed by the New Jersey broker. The right of suit should be limited to suit against the New Jersey broker.

Accordingly, I herewith return Senate Bill No. 1410 (Official Copy Reprint) for reconsideration and recommend that it be amended as follows:

*Page 2, section 1, line 56*—After "State", insert "against a duly licensed real estate broker of this State".

SENATE BILL No. 1205 (*Official Copy Reprint*)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1205 (Third Official Copy Reprint), with my objections, for reconsideration.

This bill would make three significant changes in the appointment of members to the New Jersey Board of Nursing. First of all, the bill would change the composition of the Board by adding three additional registered nurses, one additional licensed practical nurse and one additional public member. Secondly, the bill would eliminate the current baccalaureate and executive or teaching experience requirements in order to qualify for appointment to the Board. Finally, the bill would require the Governor to make the appointments with the advice and consent of the Senate.

I find the requirement that the Governor's authority to appoint the members of the Board of Nursing be subject to the advice and consent of the Senate objectionable. Current law authorizes the Governor to appoint the members of the Board of Nursing without the advice and consent of the Senate. Of the twenty-two existing boards and commissions, only five have advice and consent requirements and four of these are boards with quasi-public functions in certifying documents. Only independent positions should be subject to Senate advice and consent. The functions of the Board of Nursing are essentially advisory.

Accordingly, I am returning Senate Bill No. 1205 for reconsideration with the recommendation that it be amended as follows:

*Page 1, Section 2(a), lines 11-12: after "Governor" delete "with the advice and consent of the Senate".*

Respectfully,

/s/ BRENDAN BYRNE,  
Governor.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT,  
November 19, 1979. }

SENATE BILL No. 172 (2d OCR)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 172 (2d OCR), with my objections, for reconsideration.

The purpose of the bill is to protect the civil rights of persons serving in the active military service of the United States or of the State, provide for the deferment of certain tax and contractual obligations of such persons, provide for stays of proceedings to evict such persons and their families from the homes, accord reemployment rights to persons returning from military service, and provide penalties for persons violating this act. This act would remain in effect until December 31, 1985.

The prior "New Jersey Soldiers' and Sailors' Civil Relief Act" was enacted in 1962 and by its terms expired in 1964. The law was then enacted again in 1968 and by its terms was to expire in July, 1972. In 1972, the Act was amended to extend its expiration date until July, 1974.

Although almost identical federal legislation has been in effect since World War I, this bill is needed to encompass "members of the organized militia (New Jersey National Guard) or members of a reserve component . . ." There are also a number of technical variations between the federal and state versions.

The problem is that this bill sets an expiration date. In the past this law has lapsed twice—1964-1968 and 1974 to date. These lapses have been due to inadvertence and would be avoided by deleting any expiration date.

Accordingly, I herewith return Senate Bill No. 172 (2d OCR) for reconsideration and with the recommendation that it be amended as follows:

Page 13, Section 26: Delete in its entirety.

Page 13: Renumber Sections 27 and 28 to 26 and 27.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,  
Attest: Governor.  
/s/ HAROLD L. HODES,  
Chief of Staff, Secretary.

STATE OF NEW JERSEY }  
EXECUTIVE DEPARTMENT }  
December 3, 1979. }

SENATE BILL No. 685 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 685 with my objections for reconsideration.

This bill would authorize the Treasurer to issue rules and regulations to expand business opportunities for socially and economically disadvantaged contractors and vendors

seeking to provide materials and services for State contracts.

The object of the bill is laudable. It would allow the State to provide the necessary technical assistance, information, and knowledge to enable minority contractors and vendors to compete in the market place. It would not necessarily establish a "quota" of contract awards.

Regrettably, the bill was amended in the Assembly to provide for a legislative veto of the Treasurer's regulations—a process that could create controversy on a sensitive issue where none is necessary.

The balance of power between the Legislature and Executive branches of government is a delicate one. The Legislature, by structure and tradition is that branch which gives direction to public policy through analysis, debate and compromise. The Executive must administer that policy in an efficient and evenhanded manner. The regulatory process has developed a means by which these two branches can perform their appropriate roles in harmony with respect to complex programs. The Legislature sets up the framework of the program through legislation and the Executive completes the structure by regulation.

Regulations are easily amendable and therefore adaptable to meet particular problems facing a program but they must necessarily comport to the legislative guidelines. Legislative veto of regulations breaks down the balance between the branches and ties the administrator's hands. The broad questions of policy must be debated anew with each specific regulatory proposal.

Accordingly, I return Senate Bill No. 685 for reconsideration and recommend that it be amended as follows:

On page 2, section 1, line 56—Delete “; provided” and insert “.”

On page 2, section 1, lines 37-67—Delete in their entirety.

Respectfully,

[SEAL]

/s/ BRENDAN BYRNE,

Attest:

Governor.

/s/ HAROLD L. HODES,

SENATE BILL No. 1267

*To the Senate:*

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1267 without my approval.

This bill would restore the Sunday closing laws which would have been repealed by the "New Jersey Code of Criminal Justice", P. L. 1978, c. 94. This bill is no longer necessary because Section 145 of P. L. 1979, c. 178 saved the Sunday closing laws from repeal.

For this reason I am returning Senate Bill No. 1267 without my approval.

Respectfully,

SENATE BILL No. 1408 (4th OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1408 (4th OCR), with my objections for reconsideration.

This measure proposes to supplement the Consumer Fraud Act by adding a "truth-in-menu" provision. This bill would prohibit restaurants, hotels, cafes, lunch counters or other eating establishments from misrepresenting food or food products on their menus or other posted information, including advertising.

The sponsor's desire to help consumers is certainly laudable, however, I am troubled by the need for state governmental agents to inspect menus and commercial kitchens or to taste test products at a time when other budgetary priorities exist.

I would recommend a different approach i.e. a self help remedy which would provide restitution to the defrauded customer or patron, as well as local enforcement by certified county and municipal consumer protection personnel.

Accordingly, I respectfully recommend the following changes in Senate Bill No. 1408:

Page 2, Section 2, after line 11 insert new sections 3 and 4 as follows:

“3. Any person violating the provisions of the within act shall be liable for a refund of all moneys acquired by means of any practice declared herein to be unlawful.”

“4. The refund of moneys herein provided for may be recovered in a private action or by such persons authorized to initiate actions pursuant to P. L. 1975, c. 376 (C. 40:23-6.47 et seq.).”

Page 2, section 3, line 1, omit “3”, insert “5”.

Page 2, section 4, line 1, omit “4”, insert “6”.

SENATE BILL No. 650 (2nd OCR)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 650 with my objections for your reconsideration.

This bill amends the statute which provides for liability of a person having custody of a minor who willfully, maliciously or unlawfully destroys or injures the property of another. Senate Bill No. 650 raises the age of minority from 16 to 18 for purposes of "parental" liability, and increases the monetary limit of liability from \$250 to \$2,000.

I agree with the age amendment which brings this law into the general rule regarding the age of majority in this State. However, I disagree with placing any limitation on the amount of recovery that can be had against the person with custody of an offending minor, assuming, of course, that liability can be proven. While increasing the recovery limit from \$250 to \$2,000 is a step in the right direction, I believe it would be better to eliminate the limitation altogether, and to permit recovery as in any other tort case.

Accordingly, I herewith return Senate Bill No. 650 for reconsideration and recommend that it be amended as follows:

Section 2, line 8, delete " , provided that no ".

Section 2, line 9, delete entirely.

Section 2, line 10, delete entirely except for final period.

Respectfully,

SENATE BILL No. 60 (Official Copy Reprint)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 60 (Official Copy Reprint) with my objections for reconsideration.

This bill would require all local units of government that do not deposit their funds in the New Jersey Cash Management Fund to invest their money in interest-earning accounts in banks and savings and loan associations. Specifically, the legislation would require that funds must be placed in a public depository which allows interest on all balances deposited and that all funds other than minimum amounts in checking accounts for cash disbursement purposes must be in interest bearing accounts, or when more compatible with cash flow requirements, in time accounts with interest. Local governments could agree with banks to deposit funds in non-interest bearing accounts in exchange for bank services such as free checking, check processing, bonding assistance and payroll service. Such service arrangements would have to be approved by the Division of Local Government Services to assure that the nature and amount of such service would be sufficient to compensate the local governments for the amount of interest which otherwise would have been earned.

I agree with the concept of the legislation to foster good financial practices by local officials. However, I am concerned that local officials would not have administrative sufficient flexibility to carry out their obligations under this act.

Accordingly, I respectfully recommend the following amendments to Senate Bill No. 60 (Official Copy Reprint):

Page 2, New Section: "2. The Division of Local Government Services shall adopt rules and regulations to implement this act. The Division may provide for a grace period of time to permit local administrators flexibility in transferring funds between accounts and for variances from the rules and regulations for the

handling of small amounts of money as defined by the Division.”

SENATE BILL No. 1398 (Official Copy Reprint)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 1398 (Official Copy Reprint), with my objections, for reconsideration.

This bill would replace outmoded penalties concerning condemned shellfish and shellfish beds with modern penalties and would recodify certain environmental protection statutes. While I agree with updating the statutes one change made by the bill appears to need modification. Section 9 of the bill provides that a person who violates certain provisions of the bill will be subject to a civil penalty for a first offense and a civil and criminal penalty for subsequent offenses. The Attorney General’s office advises me that it would be appropriate to make the penalties either entirely civil or criminal.

The Department of Environmental Protection indicates that the criminal incarceration in the present statute serves as a valuable deterrent to illegal clamming. Further, the potential detrimental health effects from the sale and consumption of clams illegally taken from polluted waters would appear to justify criminal penalties for these abuses.

Accordingly, I herewith return Senate Bill No. 1398 (Official Copy Reprint) for reconsideration and recommend that it be amended as follows:

Page 2, Section 9, lines 3 through 12: beginning with “shall” on line 3 delete the entire text and insert “is guilty of a petty disorderly persons offense and any

SENATE BILL No. 3043 (Second Official Copy Reprint)

*To the Senate:*

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 3043 (Second Official Copy Reprint), with my objections, for reconsideration.

This bill would significantly increase the level of funeral expenses paid by county welfare agencies for the burial of deceased persons who had been receiving old age assistance. This cost is shared 75% by the State, 25% by the counties.

Currently funeral directors are paid \$350.00 (\$255.00 federal social security and \$95.00 State and county funds) plus an additional \$150.00 which the next of kin or other interested parties may contribute. S 3043 would permit the State and county share to reach a maximum of \$545.00 per burial and would permit next of kin or other interested parties to contribute up to an additional \$400.00.

While I appreciate the fact that the level of payment for funeral costs of deceased old age assistance beneficiaries is too low and has not been increased in more than a decade, I do not believe that the payment level should be raised precipitously in any one year. Therefore, I am suggesting a slightly smaller increase in the maximum which may be paid both by the county welfare agency and by any other interested parties.

Accordingly, I am returning Senate Bill No. 3043 for reconsideration with the recommendation that it be amended as follows:

Page 1, Section 1, Line 10: Omit “\$600.00”, insert “\$350.00”.

Page 1, Section 1, Line 12: Omit "\$600.00", insert "\$350.00".

Page 2, Section 2, Line 1: Omit "immediately", insert "July 1, 1980".

SENATE BILL NO. 3294

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3294, with my objections, for reconsideration.

S 3294 would establish a moratorium on the assessment and taxation as real property of certain mobile homes on leased land until October 1, 1980 for the tax year 1981. The stated purpose of the bill is to permit local governments to adjust to the changes in taxation principles brought about by the N. J. Supreme Court decision in Koester v. Hunterdon County Board of Taxation, 79 N. J. 381 (1979). This decision states that a mobile home on leased land is taxable as real property if it serves as a permanent dwelling and receives or is entitled to the same municipal services as other dwellings. Prior to this decision it was the prevailing view that mobile homes on leased property in commercial mobile home parks were not so affixed to the land as to qualify them as real property. Koester suggests that intent and use rather than manner of affixation should determine whether mobile home qualifies as real property.

While I concur with the concept of allowing municipalities the opportunity to adjust to this significant change in prevailing tax assessment practices, I am concerned about the focus of the bill on mobile homes on leased land. In

my judgment, greater equity would be done by providing for all mobile homes, whether on leased or owned land.

Under my recommendation mobile homes taxed as real property on or before March 20, 1979, the date of *Koester*, would continue to be so taxed. Mobile homes not taxed as real property prior to that date could not be taxed until October 1, 1980 for the tax year 1981. Mobile homes acquired after March 20, 1979 would be taxed as real property except that mobile homes located after that date in a mobile home park in which the mobile homes were not taxed as real property prior to that date would not be taxed as real property until October 1, 1980 for the tax year 1981.

Accordingly, I herewith return Senate Bill No. 3294 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 1-11: Delete the text in its entirety and insert:

“a. Any mobile home assessed and taxed as real property prior to and on March 20, 1979 for which no appeal has been taken on the imposition of a real property tax as of said date, shall be assessed and taxed as real property. Any mobile home that was not assessed and taxed as real property prior to and on March 20, 1979 shall not be assessed and taxed as real property until October 1, 1980 for the tax year 1981.

“b. Any mobile home acquired after March 20, 1979 shall be assessed and taxed as real property; except that any mobile home located after said date in any mobile home park in which mobile homes were not assessed and taxed as real property prior to March 20, 1979 for which no appeal has been taken on the imposition of a real property tax as of said date, shall not be assessed and taxed as real property until October 1, 1980 for the tax year 1981.”

Page 1, Section 1, Line 14: After “mobile homes”, insert “subject to the moratorium”.

Page 1, Section 1, Lines 15-16: Delete “unless such property is assessable and taxable as real property under subsection b. of this section”.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT,  
January 3, 1980. }

SENATE BILL No. 139

*To the Senate:*

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 139 with my objections, for reconsideration.

This bill would increase the amount of an intestate's property which may be distributed by affidavit in lieu of formal administration. In the case of a surviving spouse, the amount would be increased from \$5,000 to \$10,000. In other cases, the amount would be increased from \$2,500 to \$5,000. All property distributed to the surviving spouse under this act would be free of the debts of the intestate.

While I agree that the amount of property subject to in lieu administration should be increased, I do not believe that the entire amount should be free of debts. For this reason, I propose that the bill be amended to provide that only the first \$5,000 with respect to a surviving spouse be free from the intestate's debts.

Accordingly, I herewith return Senate Bill No. 139 with my recommendations for reconsideration and recommend that it be amended as follows:

*Page 1, Section 1, Line 8:* After "administration and" insert "up to \$5,000 of such assets shall be".

ASSEMBLY BILL No. 3485 (Senate Committee Substitute)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3485 (Senate Committee Substitute) with my objections, for reconsideration.

The bill seeks to amend various portions of the Casino Control Act. These amendments are necessary in order to meet deficiencies perceived during the course of the first two years of the administration of the Act. The amendments will better enable the State to achieve the purposes enunciated in the original legislation.

I support, for the most part, the bill as proposed. I am returning the bill, however, in order to improve certain provisions. These corrections serve to refine the legislation to better insure that the goals of economic development and operational integrity are met.

Accordingly, I herewith return Assembly Bill No. 3485 (Senate Committee Substitute) with my recommendation for reconsideration and recommend that it be amended as follows:

Page 5, section 11, line 23: After "traded", insert "would not, in the opinion of the employing agency, interfere with the objective discharge of such person's employment obligations, but in no instance shall any person be appointed to or employed by the commission or division if his interest in such a casino hotel or casino service industry which is publicly traded constituted".

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT,  
January 5, 1980. }

SENATE BILL No. 1370 (2nd OCR)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1370 (2nd OCR), with my objections, for reconsideration.

This bill would require each State agency to submit an annual report to the Commission on Capital Budgeting and Planning on all real property owned or leased by the agency specifying its size, value, and condition, as well as its past, present and planned uses and its availability to other governmental agencies.

The purpose of the bill is to assist the Commission in its task of efficiently utilizing the State's capital resources but amendment is necessary, I believe, to accomplish this goal.

The Bureau of Real Property Management in the Department of the Treasury is now compiling such information for land and has the computerized capacity for constant updating rather than the annual report mandated by the bill which would not remain accurate for any great length of time. The preferable procedure is for the Bureau of Real Property Management to accumulate building information on a problem by problem basis, thus saving the agencies the staff time which would be necessary for the required annual review under the bill.

I am therefore returning Senate Bill No. 1370 (2nd OCR) and recommend that it be amended as follows:

Page 2, Section 1, Line 52: Delete "A report on" and insert "Such other information as the commission may request."

Page 2, Section 1, Lines 53 to 56: Delete in its entirety and insert

"c. Each State agency shall, when requested, provide the commission with supplemental information in addition to that to be available to the commission under the computer-

ized record keeping of the Department of the Treasury, Bureau of Real Property Management, concerning any real property owned or leased by the agency including its current or future availability for other State uses.”

The following communication was received from the Governor:

STATE OF NEW JERSEY  
EXECUTIVE DEPARTMENT

SENATE BILL No. 3362 (OCR)  
CORRECTED COPY

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3362 (OCR) with my objection, for reconsideration.

I have carefully studied the subject legislation which seeks to provide more exact standards and definitions of noise induced occupational hearing loss and to increase the benefits

MONDAY, JANUARY 7, 1968

for certain forms thereof. By defining noise induced occupational hearing loss in terms of bilateral loss of hearing acuity only after a prolonged and habitual exposure to hazardous noise in employment this legislation has raised substantive medical questions about which there is much difference. Some contend earnestly that, for example, an operator of a pneumatic drill working in a closely-confined space, might well experience an occupational hearing loss in less than forty weeks not of a traumatic nature and further that persons of unusual occupational callings might suffer an occupational hearing loss in one ear. There is also dispute with respect to the fence of 30 decibels established in the legislation. Respected scientific bodies have chosen higher or lower fences.

Finally, I am concerned that for determining the degree of hearing loss for awarding compensation under the bill, the average hearing threshold for each ear shall be determined by adding the hearing thresholds for the four frequencies, 500, 1,000, 2,000 and 3,000 hertz and dividing that sum by 4. My concern is that occupational hearing loss rarely affects the lower ranges of hearing and the ranges of 2,000 and 3,000 are the ranges of common speech, particularly the discerning of consonants.

Accordingly, I am recommending changes in the bill to overcome these objections. The fence of 30 decibels will be reasonable if the formula is adjusted as I recommend. These recommendations may not solve all future problems, but the Legislature has wisely provided for an 18 month study period to report back on any deficiencies.

Accordingly, I herewith return Senate Bill No. 3362 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 2, Line 8: After "accident." insert "Exceptional cases of sensorineural hearing loss can be considered occupational hearing loss providing it can be established that the cause was short term exposures to high intensity noise levels."

Page 2, Section 3, Lines 1-9: Omit "For purposes of determining the degree of hearing loss for" on line 1 and all of lines 2-9.

Page 2, Section 3: Insert new subsection a. as follows: "For purposes of determining the degree of hearing loss for

awarding compensation for noise induced occupational hearing loss, the average hearing threshold for each ear shall be determined by adding the hearing thresholds (ANSI) for the three frequencies 1,000, 2,000 and 3,000 hertz and dividing that sum by three. To determine the binaural disability, subtract the 30dB (low fence) from the obtained average in each ear. This decibel amount is then multiplied by 1.5% for each ear. Then multiply the smaller percentage (the better ear) by 5 and add the larger number (the poorer ear) and divide the resulting number by 6. This resulting number is the percentage of binaural hearing disability to be used pursuant to the provisions of section 9 of this act."

Page 2, Section 3, Line 16: After "compensable." insert "If the audiogram is performed on an ASA calibrated audiometer, the hearing threshold level must be converted to ANSI calibration levels."

Page 2, Section 3, Lines 17-28: Omit entirely.

Page 3, Section 4, Line 5: After "a" omit "pre-employment" insert "placement".

Page 3, Section 4, Line 11: Omit "pre-employment" insert "placement".

Page 3, Section 6, Line 2: Omit "500,".

Respectfully,

/s/ BRENDAN BYRNE,

SENATE BILL No. 417 (Official Copy Reprint)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 417 (Official Copy Reprint), without my approval.

This bill would require every restaurant to prominently display choke-prevention posters in the food preparation and service areas of the restaurant. It would also require every restaurant to make available to customers choke-prevention pamphlets. The posters and pamphlets would be prepared and distributed by the Department of Health through local boards of health. This bill further provides that no person would be obligated to attempt to remove food lodged in a person's throat, nor would any such attempt in good faith result in civil liability for any acts or omissions in the rendering of emergency assistance.

Every good idea need not be memorialized as law in our ever expanding statutory codes. There are ample mechanisms available within the Department of Health to help encourage and foster programs and informational devices regarding choke-prevention. The desirability of leaving such matters on a voluntary flexible basis with the Depart-

ment of Health is readily apparent from this bill's treatment of restaurants and choke-prevention. This bill does not require posters and pamphlets in the kitchens and dining rooms of private homes or on vending machines; restaurants should have been similarly treated. This bill does not require restaurants to provide posters and pamphlets regarding emergency rules in case of a fire; choke-prevention should have been similarly treated.

In any event, since this bill does not provide any penalties for violation of its provisions, there would be little public benefit at a significant public cost. There is no incentive for restaurant proprietors to display choke-prevention posters and pamphlets which they might consider unappealing and burdensome. Yet, the Department of Health would be required, at taxpayers expense, to print, supply and distribute these items.

Finally, the provision which absolves from liability anyone rendering assistance in good faith to a choking victim is superfluous and therefore potentially misleading since a rule presently exists by virtue of the "Good Samaritan Law" P. L. 1963, c. 140.

I am, therefore, returning Senate Bill No. 417 (Official Copy Reprint) without my approval.

Respectfully,

/s/ BRENDAN BYRNE,

*Governor.*

SENATE BILL No. 1463 (Second Official Copy Reprint)

*To the Senate:*

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1463 (Second Official Copy Reprint) without my approval.

This bill would direct the Department of Environmental Protection (DEP) within one year of the effective date of this bill, to adopt rules and regulations establishing the "general criteria for evaluating the suitability of specific sites for the location of any new commercial solid waste

facility for the disposal of hazardous or chemical waste.” After the effective date of this bill the DEP would be prohibited from approving any new commercial hazardous or chemical waste facility until the department had adopted such rules and regulations.

Further, the bill would provide that the department submit the rules to legislative oversight. The rules would take effect unless within sixty days of the date of transmittal to the Legislature, that body should pass a concurrent resolution stating that it did not favor such rules.

While I support the intent of the bill to insure that proper criteria are in place to review applications for hazardous waste treatment facilities, I am concerned about several aspects of the legislation. The bill gives no new authority to the DEP since they already are empowered to adopt rules for hazardous waste. In fact, the department has proposed rules and regulations to deal with hazardous waste facilities and is conducting siting studies to determine the best locations for such facilities. The DEP informs me that they intend to conform these rules and regulations to the requirements of this legislation.

Further, the bill would subject the rules and regulations of the DEP proposed under this bill to legislative oversight. If the Legislature exercised their oversight authority as set forth in this legislation this could delay adoption of regulations and frustrate the ability of the department to review any such facility which applies for a permit.

The bill was certainly well intended when introduced. However, it attempts to deal with a significant problem in a limited manner. Since the bill was introduced, I have undertaken a four-part program on hazardous waste which deals with the problem in a more comprehensive manner. We are utilizing the Federal-State Hazardous Waste Strike Force to intensify efforts by various agencies to detect and prosecute the illegal handling and disposal of toxic waste. I have introduced bills to impose new criminal sanctions for violators, including stiff fines and jail sentences for those convicted of illegal disposal, and to amend the New Jersey Spill Compensation and Control Act to provide additional funds from the chemical industry to help pay for the clean up of chemical spills, pending the determination of liability. My Hazardous Waste Advisory Commis-

sion will be reporting in the near future on an overall policy and system for disposing of hazardous waste in ways which will best protect the public. Enactment of Senate Bill No. 1463 at this time would appear unnecessary in the midst of these other initiatives.

Therefore, I herewith return Senate Bill No. 1463 (Second Official Copy Reprint) without my approval.

Respectfully,
