STATE OF NEW JERSEY  
TRENTON

James J. Florio, Governor

Judith A. Yaskin, Commissioner

New Jersey Department of Environmental Protection

### General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

### Application Milestone Codes

- |    |                                      |     |                                     |
|----|--------------------------------------|-----|-------------------------------------|
| 1. | I = Additional Information Requested | 6.  | P = Permit Decision Date            |
| 2. | T = Additional Information Received  | 7.  | L = Legal Appeal of Permit Decision |
| 3. | F = Complete for Filing              | 8.  | M = Permit Modification             |
| 4. | H = Public Hearing Date              | 9.  | W = Application Withdrawal          |
| 5. | R = Complete for Review              | 10. | A = Application Approved            |
|    |                                      | 11. | D = Application Denied              |

### Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin  
Department of Environmental Protection  
CN 402, Trenton, N.J. 08625

### DEP Permit Address Information

Printing and circulation of the DEP BULLETIN is handled through the Department's Documents Distribution Center. Persons desiring to be included on the mailing list may call: (609) 292-1553 or write to this office. If you want to cancel your subscription, please use this form below as well.

Notice to Subscribers:

As part of our commitment to provide the subscribers of the DEP BULLETIN with up to date information on pending permits that fall under the provisions of the "90 Day Act", as well as other permits that may be of general public interest, we are in the process of making additional changes to the publication. With the increased volume of permits, we utilized the technologies of office automation several months ago to provide you with the same information in a new fashion to achieve a dramatic savings with postage, data processing and printing costs.

As part of our new look for the 1990's, we will be formatting the information in a new style to provide you with more data dealing with exact description of the project, as well as the name of the project manager, listed in order of county and municipality, rather than by project numbers. We trust this new format will assist you to locate pending applications more readily. Our numbering system will be revamped to reflect permits issued by specific Divisions. All permits issued by the Division of Coastal Resources will be listed under the DI series, while permits issued by the Division of Water Resources will be issued under the DII series. The Division of Solid Waste will utilize the DIII series.

To provide for more effective contacts with the offices involved with permit administration, liaisons and their respective telephone number will be listed in the inside cover of the Bulletin. Kindly utilize this listing when you need to obtain additional permit information.

We will continue to bring to you permit information in as timely a manner as possible, and ask your patience as we shift from our current system into a more updated program which will monitor our varied DEP permits.

Your continued interest in DEP activities and overall comments to our new format is appreciated.

#### Master Permit Information Application

The Department of Environmental Protection in conjunction with the Department of Commerce and Economic Development has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy which provides personalized assistance in resolving problems encountered when doing business in New Jersey. The Office of Business Advocacy's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Permit Expediter will assist with the following:

- A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY STAFF  
CN 823, TRENTON, N.J. 08625  
(609) 292-0700
