(1) The Budgetary Cost per Pupil that represents comparisons with districts of similar budget type. The components that comprise the budgetary cost per pupil are as follows: classroom instructional costs; support services (attendance and social work, health services, guidance office, child study team, library and other educational media); administrative costs (general administration, school administration, business administration, and improvement of instruction); operations/maintenance of plant; food services, and extracurricular costs. The total of these expenditures is divided by the average daily enrollment for a total budgetary cost per pupil.

(2) Second is the Total Cost Per Pupil which, in addition to all of the costs listed above for the budgetary cost, includes costs for tuition expenditures and payments to preschool providers; transportation; other current expenses (lease purchase interest, residential costs, and judgments against schools); equipment; facilities/acquisition; and restricted expenses less nonpublic services and adult schools. The total of these expenditures is divided by the average daily enrollment, combined with all students sent out of the district as reported on the ASSA (annual state aid collection) to calculate a total cost per pupil.

(1) The Budgetary Cost per Pupil that represents comparisons with districts of similar budget type. The components that comprise the budgetary cost per pupil are as follows: classroom instructional costs; support services (attendance and social work, health services, guidance office, child study team, library and other educational media); administrative costs (general administration, school administration, business administration, and improvement of instruction); operations/maintenance of plant; food services, and extracurricular costs. The total of these expenditures is divided by the average daily enrollment for a total budgetary cost per pupil.

(2) Second is the Total Cost Per Pupil which, in addition to all of the costs listed above for the budgetary cost, includes costs for tuition expenditures and payments to preschool providers; transportation; other current expenses (lease purchase interest, residential costs, and judgments against schools); equipment; facilities/acquisition; and restricted expenses less nonpublic services and adult schools. The total of these expenditures is divided by the average daily enrollment, combined with all students sent out of the district as reported on the ASSA (annual state aid collection) to calculate a total cost per pupil.

The federal *No Child Left Behind (NCLB) Act* has imposed specific accountability and reporting requirements on states. The *NCLB* reports present school-, district-, and state-level information in those areas mandated by *NCLB*, which are as follows: status regarding Adequate Yearly Progress; information on highly qualified teachers; attendance and dropout data; and assessment data that has incorporated all of the conditions mandated under *NCLB* for meeting federally approved proficiency levels.

The results displayed on *NCLB* Reports are based on the state assessment data with the *NCLB* conditions applied. Additionally, the *NCLB* data incorporates the data appeals submitted by districts/schools that have been granted by the NJDOE. >>[New Jersey School Report Card](#)

The annual New Jersey School Report Card is required under a 1995 state law. It presents thirty-five fields of information for each school in the following categories: school environment, students, student performance indicators, staff, and district finances.

The assessment results displayed on the New Jersey School Report Cards are based on the state assessment data without any *NCLB* conditions applied. Therefore, the assessment data in the NJ School Report Card may be different from the assessment data displayed on the *NCLB* Reports where there have been *NCLB* conditions applied to the test results.

WELCOME TO THE NEW JERSEY SCHOOL REPORT CARD FOR 2011

One of the major goals of the Department of Education is to increase school- and district-level accountability for educational progress by communicating useful information to members of the public to be used in measuring how well their schools are doing. The New Jersey School Report Card has provided the public with information about every school in New Jersey since 1995 when the Legislature mandated the annual accountability report.

The 2011 edition of the New Jersey School Report Card offers the same level of information as last year. We encourage you to examine your school's report card to decide for yourself whether your school is making satisfactory progress in helping your child meet New Jersey's Core Curriculum Content Standards. If you would like to give the department feedback on the report card process, please contact us: reportcard@doe.state.nj.us.

Above all, the Department of Education urges you to become involved with your local schools. With the scrutiny and support of the community, our schools can and will provide an excellent education for all of our students.
