MINUTES

STATE OF NEW JERSEY

GENERAL ASSEMBLY

TUESDAY, January 8, 1952.

Organization proceedings of the One Hundred and Seventy-sixth Session of the General Assembly of New Jersey, the fifth session under the Constitution adopted by the people in 1947, at noon, Tuesday, January 8, 1952.

The Clerk of the General Assembly, Philip C. Wadsworth, of Bergen County, called the House to order and read the following call:

"This being the second Tuesday of January, the time fixed for the beginning of the legislative year, and by virtue of the authority vested in me as Clerk of the One Hundred and Seventy-fifth Session, the General Assembly of the State of New Jersey is now called to order to effect the organization for the conduct of its business for the One Hundred and Seventy-sixth Session."

The Clerk introduced the Right Rev. Monsignor Thomas F. Morrissey, pastor of the Church of the Madonna, Fort Lee, who opened the session with prayer.

The National Anthem was sung by Laura R. Hutchinson (Mrs. Charles P. Hutchinson) accompanied by Mrs. Esther Daniel.

Upon calling the roll, the following members appeared and answered to their names:

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Brixie, Cahill, Casciano, Deamer, Duffy, Dwyer, Evans, Field, Fowler, Glenn, Gray, Haines, C. W., Haines, M. D., Hauser, Hillery, Hoff, Jamieson, Joya, Knight, Knoblauch, Krawczyk, Kurtz, Lassans, Little, Mackey, Maebert, Marggraff, Mills, Murphy, Musto, Newton, Pilger, Saiber, Salsburg, Salvest, Savage, Schaeffer, Shannon,

Shepard, Shershin, Silver, Simmill, Smith, N. C.,
Snediker, Stewart, Thomas, Thompson, Tompkins,
Vervaet, Williams—56.

Absent—

Messrs. Cavinato, Jones, Junda, Smith, A. M.—4.

The Clerk declared a quorum present.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the reading of the certificates of election of the respective members be dispensed with, and that the certificate of the Secretary of State certifying to the election of the members be received as evidence of their election, and be read by the Clerk of the General Assembly and spread in full upon the Minutes.

[SEAL] IN TESTIMONY WHEREOF, I have hereunto set my hand and official seal of office at Trenton, this eighth day of January, A. D. 1952.

LLOYD B. MARSH,
Secretary of State.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Honorable Paul M. Salsburg administer the oath of office to the members-elect and the Speaker and other officers when they are elected.

Mr. Salsburg requested the members-elect to rise and repeat the oath of office after him.

The members in turn then stepped forward to sign the roll as their names were called.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the General Assembly do now proceed with the election of a Speaker for the One Hundred and Seventy-sixth General Assembly of the State of New Jersey.

The Clerk announced that nominations for Speaker were now in order. He recognized Assemblyman Walter H. Jones, of Bergen County, who nominated the Honorable Lawrence A. Cavinato, of Bergen County, which nomination was seconded and further endorsed by Messrs. Hillery, of Morris County; Simmill, of Monmouth County (Majority Leader); Jamieson, of Warren County (Minority Leader); Joya, of Essex County, and Gray, of Mercer County.

Mr. Simmill moved that the nominations be closed.

Which motion was adopted.

The Speaker declared the nominations closed.

Upon calling the roll, Mr. Lawrence A. Cavinato was elected Speaker of the General Assembly by the following vote:

In the affirmative were—

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Brixie, Cahill, Casciano, Deamer, Duffy, Dwyer, Evans, Field, Fowler, Glenn, Gray, Haines, C. W., Haines, M. D., Hauser, Hillery, Hoff, Jamieson, Jones, Joya, Junda, Knight, Knoblauch, Krawczyk, Kurtz, Lassans, Little, Mackey, Maebert, Marggraff, Mills, Murphy, Musto, Newton, Pilger, Saiber, Salsburg, Salvest, Savage, Schaeffer, Shannon, Shepard, Shershin, Silver, Simmill, Smith, A. M., Smith, N. C., Snediker, Stewart, Thomas, Thompson, Tompkins, Vervaeet, Williams
—59.

In the negative—None.

The Clerk declared the Honorable Lawrence A. Cavinato, of Bergen County, elected Speaker of the General Assembly for the One Hundred and Seventy-sixth Session of the Legislature of New Jersey and requested Messrs. G. Clifford Thomas, of Union County; Walter H. Jones, of Bergen County; Nathaniel Smith, of Cape May County, and Mrs.

Lettie E. Savage, of Ocean County, to escort the Speaker, Mr. Cavinato, to the Bar of the General Assembly, where he was sworn in by Mr. Salsburg. The Speaker was then escorted to the rostrum by the above-named committee.

On assuming the chair the Speaker addressed the General Assembly:

Members of the General Assembly and Friends:

It is with a deep sense of personal humility, ever mindful of the tremendous honor and responsibility which you have conferred upon me, that I accept the office of Speaker of this great body. For your action in elevating me to this high post, I am profoundly grateful. I pledge to you my sincere co-operation in the common task which is ours. With Divine Guidance, may I ever be forthright in action, impartial and fair in judgment and exercise my trust with abiding consideration of each of your legislative problems.

To all my neighbors and fellow citizens of Bergen County who have again continued me as a member of the Assembly, I extend my sincere appreciation. Over the years it has been my continuing conviction that the prime objective of free government should be the protection of its citizens and the promotion of their general welfare. To all the people of New Jersey, I pledge my firm adherence to that principle in every endeavor which I undertake in the execution of the functions of this office.

Once again our Legislature convenes in critical times. Our country is still engaged in an armed conflict in the Far East, where many of our fellow citizens are shedding their life blood in our battle to maintain and preserve free governments and free institutions. The threats of totalitarian aggression travel the course of the sun. Our nation is girding its manpower and resources in a tremendous defense effort. Yet, this alone is not enough if we are to remain a free people in a free Republic. We must constantly keep before us the full realization that Communism and Communist aggression can only thrive on disease, dissension and insecurity. As a nation we must not only maintain and strengthen our military might, but we must, at the same time, firmly rebuild our internal security—the fiscal soundness of our nation and the welfare and individual liberties of its citizens.

By our work here in New Jersey during the past five years, under the great humanitarian and progressive leadership of our Governor, Alfred E. Driscoll, we have demonstrated the innermost vitality of our sovereign State and its ability for forthright, constructive action in the interest of promoting the common good.

In these five short years, under the aggressive leadership of a Governor dedicated to the cause of sound and prudent government, we have achieved greater and more far-reaching constructive accomplishments in our State than in the entire preceding half-century. I propose that we continue to lay aside petty partisan considerations and follow the bold course which he will set for us this afternoon.

Through the leadership of Governor Driscoll, our State has adopted a modern Constitution, replacing its previous century-old charter. Under this vibrant new fundamental law of our State—which has been used as a model for Constitutional revision movements throughout the country—we have achieved judicial and executive reorganizations which have placed us at the head of all of our sister states in these two branches of government. It remains for us as legislators to immediately adopt the same far-reaching approach for the problem of reorganizing the machinery of our legislative process. We must discard the antiquated caucus system. We must strengthen the structure and functions of our committee system and afford our citizens every opportunity for participation in the consideration of measures which come before us. We must become a full and illustrious partner in the reorganization of the already most illustrious State in the Union.

With the far-reaching vision and prudent planning and management which has characterized the entire administration of our Governor, New Jersey has achieved and maintained the smallest State budget of any comparable industrial State in the Union, with fewer and lower taxes than most States and the smallest per-capita State tax collection in the Nation. Our broad, comprehensive Civil Rights program is without equal in the country. With the adoption of our new Constitution, we became the first of the 48 States to provide equal Constitutional rights to women. We are among the first three States to provide a Temporary Disability Benefits program to safeguard our vast army of workers against loss of wages because of illness and off-the-

job injuries. We have provided full coverage for all occupational diseases in our already notable workmen's compensation program.

The continued strengthening and improvement of our highway transportation and traffic safety programs have placed us in the forefront of statewide achievements in these fields. Our completely modern parole system, the rapid development of our youth guidance programs, our crime prevention activities (including our outstanding clinic for the classification of criminals), and the vast improvements which we have made in the field of law enforcement, are firm accomplishments of which we can be justly proud. Our pioneer achievements in Civil Defense and military aid; our adoption of a solid foundation for the strengthening of local governments; our leadership in the field of veterans' services and benefits; our forthright action in the reorganization and improvement of our public health and State aid programs—these are but a few of the accomplishments in the outstanding record of our Governor—a record in which we have been privileged to participate. Working side-by-side with Governor Driscoll, we have together demonstrated, time and time again, that progress for the common good can be achieved through clear vision, careful planning, hard work and public officials who both live and act, in the administration of the business of government, by the strictest principles of selfless devotion and integrity.

As the Governor will point out, several of the programs which I have enumerated will require further strengthening. He will, moreover, present to us new and far-reaching goals. Throughout the last half decade, the eyes of our Nation have been upon us. In my capacity as a member of this General Assembly and as its Majority Leader, I have seen clearly the deep and inspiring effect which our joint resourcefulness and action have had, not only upon the people of our own State, but upon citizens everywhere.

I know that our work together will be productive of many more sound achievements. With the help of Almighty God, may our labors during this current session be such that posterity will look upon them and judge them a most worthy continuation of the splendid progress of these five past momentous years.

The Speaker announced the appointment of David A. Gilber as his secretary.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the privileges of the floor be extended to Mrs. Lillian A. Mathis, of Bergen County, former Assemblywoman, and that the Speaker appoint two members to escort her to the rostrum.

The Speaker appointed Mrs. Savage and Mrs. Marggraff to escort Mrs. Mathis to the rostrum, whereupon Mrs. Mathis presented the Speaker with a gift from the Bergen County Women's Republican Club.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the General Assembly do now proceed with the election of a Clerk of the One Hundred and Seventy-sixth General Assembly of the State of New Jersey.

The Speaker announced that nominations for the Clerk were now in order and recognized Mr. Field, of Bergen County, who nominated William T. Ludlum, of Bergen County.

The nomination was seconded by Mr. Frank W. Shershin, of Passaic County, and Mr. Nathaniel C. Smith, of Cape May County.

Mr. Simmill moved that the nominations be closed.

Which motion was adopted.

The Speaker declared the nominations closed.

Upon calling the roll, Mr. William T. Ludlum was elected Clerk of the General Assembly by the following vote:

In the affirmative were—

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Brixie, Cahill, Casciano, Cavinato, (Speaker), Deamer, Duffy, Dwyer, Evans, Field, Fowler, Glenn, Gray, Haines, C. W., Haines, M. D., Hauser, Hillery, Hoff, Jamieson, Jones, Joya, Junda, Knight, Knoblauch, Krawczyk, Kurtz, Lassans, Little, Mackey, Maebert, Marggraff, Mills, Murphy, Musto, Newton, Pilger, Saiber,

Salsbury, Salvest, Savage, Schaeffer, Shannon, Shepard, Shershin, Simmill, Smith, A. M., Smith, N. C., Snediker, Stewart, Thomas, Thompson, Tompkins, Vervaet, Williams—59.

In the negative—None.

The Speaker declared Mr. Ludlum elected Clerk of the General Assembly.

Mr. Paul M. Salsburg administered the oath of office to Mr. Ludlum.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Speaker appoint forthwith a committee of seven to wait upon the Governor and inform him that the General Assembly has organized by the election of the Honorable Lawrence A. Cavinato, of Bergen County, as Speaker, and of William T. Ludlum, of Bergen County, as Clerk of the One Hundred and Seventy-sixth General Assembly of New Jersey, and is now ready to proceed to business.

Whereupon the Speaker appointed the following committee to wait upon the Governor as follows: Mrs. Lettie E. Savage, of Ocean County, and Messrs. Thomas J. Hillery, of Morris County; John R. Shannon, of Essex County; Anderson Fowler, of Somerset County; Peter B. Hoff, of Salem County; Frank W. Shershin, of Passaic County, and Edwin J. Snediker, of Middlesex County.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Clerk of the General Assembly be directed to inform the Senate that the General Assembly has organized by the election of the Honorable Lawrence A. Cavinato, of Bergen County, as Speaker, and William T. Ludlum, of Bergen County, as Clerk of the One Hundred and Seventy-sixth Session, and has proceeded to business.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,

Mr. Speaker:

January 8, 1952. }

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That at one o'clock P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Message of His Excellency Alfred E. Driscoll, Governor of the State of New Jersey, which will be delivered in person.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

Mr. Simmill moved that the General Assembly concur in the Senate concurrent resolution.

Which motion was adopted.

The Speaker declared the Senate concurrent resolution concurred in.

Mr. Simmill moved that the General Assembly recess for the purpose of a joint session.

Which motion was adopted.

Upon the arrival of the Senators for the joint session, Senator Young, of Morris County, offered the following resolution, which was adopted:

Resolved, That the Honorable Harold W. Hannold, President of the Senate, be chosen Chairman of this joint session, and Oliver F. Van Camp, Secretary of the Senate, as Clerk.

FIFTH ANNUAL MESSAGE

Mr. President, Mr. Speaker, Members of the Senate and General Assembly:

Our business is government—a fact that cannot be overlooked, even in a year that may be expected to develop collateral political interests. I am confident that neither personal nor political considerations will be permitted to divert our attention from our primary responsibility—the general welfare of our State.

To the members of the 176th Legislature I offer my wholehearted cooperation as we seek to meet our mutual responsibilities. It has been the good fortune of New Jersey that the Legislatures that have preceded you have achieved for our historic State a record of fine accomplishments that provide a firm and secure foundation upon which we may continue to build.

On many occasions during the past five years, New Jersey has demonstrated the amazing vitality and productive capacity of our republican form of government—a union of States. In our Republic, it has been the traditional task of the States to protect individual freedom while providing an opportunity for extensive citizen participation in and control of government. Our State on more than one occasion has had its rendezvous with destiny. In recent years it has been a busy laboratory in which we have pioneered in the art of government, testing old values and seeking new formulae for the conservation and advancement of our freedoms. This is as it should be, and as I hope it will be.

Despite the contention of some who put their trust in a strong centralized government in the Nation's capital, big government sooner or later ceases to be either representative or responsible. It retains the appearance of a

union of States, and of popular representation, but abandons the substance. This does not imply that we do not recognize that world power politics require a nation of big power. Of course we recognize the need for national strength to insure our national security, and to support our international leadership.

This concept requires State governments able and willing to assume responsibility for the services of government that their people desire. It requires States competent to sustain a national government powerful enough to represent the United States in our international relations, and to cope with domestic problems that transcend State boundaries and the methods of interstate compacts. If we are to maintain the substance as well as the appearance of responsible representative government, close to the people, the States must be prepared to perform their historic functions, however difficult and burdensome those duties may now appear.

We must recognize that freedom may not be subdivided, nor is it a privilege that belongs to either the majority or the minority. It belongs to society as a whole. A society with freedom limited to certain classes is just as bad as a society with privileges limited to certain classes. Accordingly, we will provide protection and insure respect for our economic, political and social minorities as well as for our majorities.

Our native enterprise and productivity, a dynamic and constantly expanding economy, affords our citizens their best hope for security. We would be well advised, therefore, to recognize that an effective private enterprise system is not keyed to the welfare of any one group in our society and, in fact, demands for its survival a government competent to prevent any group from dominating the others. Accordingly, we must continue to restore balance in government; to reconcile divergent group interests; to avoid group domination; and to implement a better way of life for all of our people.

Our national leadership must recognize that the hard-earned tax dollars we are now devoting to military preparation will not buy national security if we permit the destructive forces of inflation to continue without restraint. Nor will money alone buy freedom any more than it can buy friendship. National security requires, therefore, that we balance our economic and military strength, and that we refrain from an unwise dissipation of our human and material resources.

We will probably continue to live during the present year in an atmosphere in which the dominant note will be war and the threat of war. In these years of crises and national peril, New Jersey has and will continue to shoulder in full measure its responsibilities. It would be well for us to continue those programs that in the past have demonstrated that it is possible for a government to be prudent as well as progressive.

DEFENSE

Our own fine National Guard, Air National Guard and Naval Militia must be considered as part of the nation's first line of defense. These armed forces deserve the continuing and enthusiastic support and commendation of our State and its citizens.

In my judgment, moreover, one way that we may sustain an adequate national defense in years to come, while avoiding the threat of national bankruptcy, is to strengthen our National Guard and Naval Reserve programs and to provide for these reserve components a proper and adequate place in a coordinated national security program.

The cost of maintaining an armored division in the regular service is more than fifteen times the cost of maintaining a National Guard armored division. It is obvious, therefore, that after provision has been made for basic training and adequate professional forces, an arrangement should be made whereby as many trainees as possible who

have received their primary instruction in the skills of warfare should be given an opportunity to continue their service in the National Guard and the Naval Reserve.

Our fine State Department of Defense also includes a Division of Selective Service which continues to perform its difficult duties in a superb manner, and a Division of Civil Defense, which has within the past year been accorded further nation-wide recognition for its achievements.

In our Civil Defense activities, we have had the fine cooperation of our municipalities which, with few exceptions, have achieved the goals set for them. The 187,000 New Jersey citizens who have enrolled on a voluntary basis for Civil Defense constitute more than ten per cent of the nation's registered volunteer Civil Defense force. These men and women, like their brothers in arms, while preparing against the possibility of war, are part of our campaign for peace—upon the principle that the country which is best prepared to meet any eventuality is least likely to be attacked.

Thus far, the Federal Government has failed to assume effective leadership in Civil Defense. The Constitution of the United States authorizes Congress to provide for the common defense. Civil Defense is a vital part of our national defense. Accordingly, Congress, rather than the States, should protect our Civil Defense volunteers against the hazards incident to their service. The national government having failed to assume this responsibility, the States should do so. Therefore, I recommend that provision be made for disability, death, medical and hospital benefits for Civil Defense volunteers who may be injured while performing the authorized duties of their service.

LEGISLATIVE PROCEDURES

During the past five years we have been engaged in the fascinating task of conserving the basic values of our way of life. To achieve this objective, our citizens adopted a

new Constitution in 1947. Since then we have achieved one of the best judicial systems in the country, a fine modern executive organization, the smallest State budget of any comparable industrial State in the nation, and a legislative branch that has been strengthened and given new opportunities to improve its procedures and practices. Among the improvements in the operation of our legislative branch, which I commend to you for your consideration, is the strengthening of your staff by the elimination of many part-time jobs and the substitution of a limited number of full-time technicians available for research, bill drafting and committee work. This change could be accomplished within your present budget and, indeed, with some savings.

While I am heartened by the report that the so-called caucus system is to be modified, if not abandoned, a prompt interment of an outmoded practice would appear to be in order. The form is not worth saving, even though similar practices continue in use in the Congress and in other States. In lieu of the old practice you could, with advantage to the State, substitute a working committee system.

PUBLIC WELFARE AND INSTITUTIONS

A year ago I reported that, despite the handicaps of the Korean War and the world crisis, the Department of Institutions and Agencies was proceeding with the program of improving the safety and adequacy of existing institutions, and building additional and greatly needed facilities. I stated then that unless conditions took a decided turn for the worse, this program, designed to help those who are least able to help themselves, should be continued and expanded. In this program, as in all of our efforts, we have been hard hit by the cruel forces of inflation that have shrunk the purchasing power of the dollar.

Whatever the circumstances, the aged, the infirm, the mentally sick must be fed, clothed, housed and, wherever possible, treated and cured. The latter responsibility, in particular, requires modern facilities. The \$25,000,000 pro-

gram upon which we embarked, and which is now producing favorable and satisfactory results, was too modest. We were overly cautious. Moreover, a pressing problem has been made even more acute by a decision of the national government, communicated to us within the week, calling upon the State to vacate, by September 1, 1952, facilities in the neighborhood of the Mercer Airport in which the department has maintained 650 senile patients.

I recommend that we ask our fellow citizens to approve the expenditure of an additional \$25,000,000 for the continuation of the modernization and expansion of our institutional facilities. This will be an investment in the future of people, which will produce dividends in the form of better citizenship and a more productive society. Our social conscience will not permit us to ignore this prime obligation. It is a fact that many persons formerly considered incurable and doomed to a lifetime of incarceration at public expense, can today be cured and returned to a productive, self-supporting life. For this modern miracle, we are indebted, in large measure, to the advances of science that have taken place in recent years.

Typical of the pioneering activities of your State Government in its efforts to conserve our human resources, are two significant New Jersey contributions to the difficult task of treating the young offender. The first is the State Diagnostic Center, which is meeting all of our expectations and is giving sound, scientific and practical advice to the courts. Visitors in search of new and modern methods have characterized the Center as one of the most valuable pioneering establishments of its type in the world.

The second contribution is the High Fields Experimental Treatment project for youthful offenders. High Fields provides a specialized, intermediate facility between probation and institutionalization. It is entirely possible that New Jersey may have discovered a type of treatment for the pre-delinquent and adolescent offender which is more economical, more humanitarian and more effective than the

traditional type of discipline heretofore imposed. I cite these two illustrations to show what can be done, and, in fact, what is being done, when proper facilities are available.

Even though the construction of new institutions may be unavoidably delayed by the war and the defense program, our reorganized and greatly strengthened Department of the Treasury has demonstrated a capacity to handle the financing of the State Government, including capital improvements, in a wise and prudent manner that has been productive of substantial earnings. These practices are typical of those that have helped us to maintain the lowest per capita State tax collection in the nation.

The 1951 Legislature wisely established a fourth category in the assistance program—aid to the permanently and totally disabled, administered by our county welfare boards and the State Department of Institutions and Agencies. At the same time it adopted legislation under which a distinguished commission has been hard at work studying methods of administering welfare at all levels of government. The commission has undertaken a complicated and difficult task. The first report indicates that it is making real progress. I recommend that the commission be continued for another year.

ECONOMIC WELFARE

Turning to the broad question of economic welfare, the men and women who produce the goods in our industries command our attention. Along with our favorable geographical location, the presence of these citizens is one of the chief reasons why new industries are moving to New Jersey in increasing numbers. In our State, fortunately, industry has found the advantages of geography, modern transportation, a skilled and responsible labor force, and an environment in which industry may grow and expand.

It has been our purpose, so far as possible, to protect our working people from the vicissitudes of an industrial age

that are beyond their control. Our unemployment compensation and sickness insurance law should be strengthened. The present maximum payments should be increased and coverage extended to permit these programs to accomplish their objectives and to overcome the erosion of inflation.

It is likewise my hope that you will favorably consider a State labor relations law, as well as the improvement and extension of our minimum wage law. Our constitutional guarantee of equality of women before the law should be implemented in our statute law. Equal pay for equal work is a fundamental application of that guarantee.

EDUCATION

The citizens of tomorrow are but a few short years away from the citizens of today. But our system of public education, upon which we depend heavily to bridge those years, may still leave something to be desired. When the State School Aid Commission, which is presently studying the problems of finance, has reached agreement and filed its report, I propose to submit a separate message to the Legislature devoted exclusively to the subject of education. Meanwhile, State school aid, apportioned pursuant to the Armstrong formula (Chapter 66, P. L. 1948), should be stabilized. This will increase State aid and place an additional burden upon our general revenues.

We know that it is the desire of teachers that they excel in their profession. It is our common hope that they may be assured a broad, liberal education, if possible even superior to that provided other professional men and women, as a strong foundation for good citizenship and straightforward thinking. At this session of the Legislature, therefore, the Executive Branch of the government should be authorized to proceed with the second phase of the program for the improvement and reorganization of the facilities of our State Teachers Colleges. Our studies of the various proposals for a much-needed medical school and the methods of financing it should be continued.

At my request the State Office Building Authority, in cooperation with the Department of Education, is preparing a program for the construction at the proper time of an adequate administration building for the Department to be located on the campus of the State Teachers College in Trenton. This will permit the Department to carry on its important activities in an academic atmosphere, giving it for the first time in its history modern, adequate and economical office space. It would also permit us to strengthen our library services. It would provide the college with much needed modern dining facilities. In turn, Department executives will have at their disposal the auditoriums of the college for meetings and conferences. It is my hope that the program will meet with your approval. This undertaking would be apart from our general capital improvement program for our State Teachers Colleges.

CONSERVATION AND RECREATION

As we seek to conserve our resources, we will recognize the need for wholesome recreation. Our recreational and park facilities are inadequate. If we are to maintain an adequate system of parks and wild life refuges, we must act promptly to acquire additional areas along the coast as well as inland.

WATER RESOURCES

The long-standing question of water resources affects our conservation and recreation programs. It is also becoming more and more apparent that limited potable and industrial water supplies could place a ceiling on the very growth of our State. Many new employment-giving industries would, however, take advantage of our strategic location as a workshop of the nation if they could be assured of sufficient water reserves. This is a large problem and requires that we plan with imagination, ingenuity and foresight.

The 1951 Legislature acted promptly and favorably upon the plan proposed by the Interstate Commission on the Delaware River Basin for an extensive development of the

water resources of the Delaware River. The State of Delaware took similar action last year. It is my hope that the States of Pennsylvania and New York will reach a favorable decision this year. A plan of the magnitude submitted to the Legislature a year ago is always subject to improvement in its engineering and financial aspects. A year's reflection, however, has convinced me that the principle of interstate cooperation is sound and that the States should assume the full measure of their responsibility to their citizens to provide an adequate supply of water. If the States fail to take proper action, we may expect the pressure for action by the national government to increase. Pending the adoption of this program, provision should be made for the acquisition of additional water reserves within the State.

HIGHWAYS AND TRAFFIC

Perhaps the most tragic waste of our human resources occurs on our highways. The fact that New Jersey's record is one of the best in the country offers little solace as one reads the reports of the traffic deaths and accidents that are occurring daily. During the past year we created within the Department of Law and Public Safety a Traffic Safety Bureau. The purpose of my Executive Order creating this bureau was to consolidate all of the activities of the State relating to traffic safety, and to coordinate, strengthen and expand those activities. I now recommend that the provisions of our Crimes Act applicable to the users of our highways be strengthened, particularly to permit more effective prosecution in accident fatality cases resulting from careless and heedless driving.

The modernized traffic safety code adopted by the 175th Legislature is a great improvement over previous laws and codes. We need, however, to enlarge our State Police force to provide a more vigorous enforcement of our traffic laws. During the past three years our Division of State Police has been called upon to assume many new duties. It has engaged in the war against crime on numerous

fronts, including a vigorous attack against the narcotics menace which has already received national recognition. As a result its forces have been stretched too thin. It should be increased by at least a hundred additional men. This increase in the force will provide additional patrols in our rural areas as well as a greater number of men on our expanding highway system.

The task of the State Police is enforcement. The tasks of the Traffic Safety Bureau are planning, education and coordination. It has been the task of the State Highway Department, including the Turnpike Authority, to engineer and build the safest possible highways. Traffic jams and snarls are not only inconvenient, time-consuming and uneconomic—they produce traffic accidents.

Between 1917 and 1947, the State of New Jersey spent approximately \$370,000,000 for the construction of State highways. From 1947 to 1951, inclusive, the State, including the New Jersey Turnpike Authority, spent or committed over \$380,000,000 for new and improved State highways. We cannot, however, afford to rest on our laurels. There is an urgent need for additional parkways, freeways and turnpikes to carry the commerce of our State and nation, to permit our citizens more easily to travel back and forth between their homes and businesses, for recreation and, equally important, to achieve greater highway safety. The prompt completion of the Garden State Parkway and Freeway is greatly to be desired. Once this highway is in full service, it will become a tremendous State asset.

I recommend that there be created within the State Highway Department, as an integral part thereof, an Authority to finish all, or a major portion of, the Garden State project promptly as a revenue-financed facility if the engineering studies that are presently being made demonstrate that this plan is feasible.

It is my earnest hope that you will adopt legislation authorizing the Highway Department to construct all future

State highways on a limited-access, thruway or parkway basis. The State Highway Department should be granted authority to construct and reconstruct traffic circles and grade separation interchanges as thruways. The Department should likewise be authorized, in cooperation with the Department of Conservation and Economic Development, to acquire limited roadside areas that may be maintained as roadside parks in appropriate areas of our State.

I am happy to report that a comprehensive plan for the construction of the Newark Bay crossing and the construction of a limited-access highway from the bridge to the Holland Tunnel, in Hudson County, has been adopted. Competent engineers have been employed and the work is in progress. The New Jersey Turnpike Authority, whose achievement during the past year has received appropriate favorable recognition, is proceeding with plans to link our Turnpike with the Pennsylvania Turnpike and the proposed New York Thruway.

Five years ago the State, for the first time, began to devote major attention to the traffic problems of its large metropolitan areas. Within our limited resources, we have adopted plans for and are building highways in many of our larger cities. In the development of these programs, we have been slowed by financial limitations, a shortage of steel and increasing costs. We are determined, however, to complete the programs as quickly as possible.

METROPOLITAN TRANSIT

In the east as well as in the west of our State there is an urgent need for additional crossings of the rivers that separate us from New York and Pennsylvania. With traffic constantly increasing and present facilities overburdened, construction of these facilities should, if practicable, be begun this year.

In the New York-North Jersey metropolitan area, as in the South Jersey-Philadelphia metropolitan area, our citi-

zens need better interstate high-speed rail transportation. While improved rapid transit facilities will be of immeasurable value to the residents of our State, they will also serve the needs and convenience of citizens of New York and Pennsylvania. They will contribute to the relief of traffic congestion on city streets throughout these two large metropolitan areas.

Last year we took a major step forward by the creation of the Delaware River Port Authority with its provision for a comprehensive high-speed transit system in the South Jersey-Philadelphia area. An important commission which has been studying the transportation problems of the New York-North Jersey area may be expected to file its report in the near future. As I have stated, both problems are interstate in character. It is to be hoped that their solution may be found in interstate cooperation.

CRIME AND DELINQUENCY

The struggle to maintain our freedom involves more than a military operation, even more than the mastery of the art of maintaining a sound economy. It involves many other operations, some of which I have touched upon in this message. There is involved in this struggle for freedom our capacity for self-discipline, the ability of society to achieve a complete mastery over the forces of crime and delinquency in all their aspects. Crime hits the very roots of our free institutions. Effective measures to combat crime requires more than dramatic remedies or one-time procedures, although even these may serve a purpose. Whether we think in terms of a legislative committee, an Attorney General, a county prosecutor, a police department, or an institutional or social work program, there can be no substitute for a vigorous, energetic and, above all, an even-handed and persistent application of all the forces of law and order to this problem.

Despite the fact that our State is strategically located at the crossroads of America, it has compiled a growing record

of apprehension and conviction of criminals. We should, however, be just as interested in eliminating the causes of crime as in the number of convictions we achieve.

Under the distinguished leadership of our Attorney General, Theodore D. Parsons, supported by all the forces of our reorganized Department of Law and Public Safety, particularly the State Police, the people of New Jersey have witnessed the mobilization of our forces and have had an opportunity to observe the program in action.

It remains for us to organize more effectively the great force of citizen participation as a supplement to our existing law enforcement program. Just as judicial councils have been of immeasurable help to court systems throughout the nation in improving judicial administration, particularly in our own State, so a comparable council within the Department of Law and Public Safety, dealing with all aspects of the problems of crime and delinquency throughout the State, would accomplish much toward perfecting law enforcement.

Accordingly, I recommend the establishment of a Law Enforcement Council in the Department to be appointed by the Attorney General, with the approval of the Governor and without regard to partisan consideration. The functions of the Council would, of course, develop in detail as it entered upon its work, but in broad outline it would have three fundamental purposes: (1) To develop plans and programs insofar as possible to eliminate the basic causes of crime; (2) To review and evaluate our criminal laws for the purpose of making them more effective deterrents to crime; (3) To examine and appraise, on a continuous basis, the administration of all law enforcement facilities and, wherever necessary in its judgment, make such investigations as may be required to permit it to advise the Governor, the Attorney General, the Legislature and our citizens on law enforcement within the State. The Council should be given the power of subpoena and appropriate financial support.

In the performance of its duties it may consult with and will be entitled to the advice and assistance of the administrative officers throughout the State charged with the responsibility for the enforcement of our laws.

Fortunately, New Jersey has developed a strong tradition of citizen participation in the business of government. This tradition marks one of the outstanding differences between the way we do business in our State and local governments as compared with our national government. It is this citizen interest and citizen participation that made possible our new Constitution. It is the same citizen participation that supported the reorganization of the Judicial and Executive branches of our government; that has made possible the revision of our statutes and many of the notable programs upon which we are now embarked. I am confident that we may count on constructive citizen participation in this law enforcement program. In the final analysis, however, the enforcement of our laws depends upon public acceptance of these laws and the public will that these laws shall be faithfully obeyed and enforced.

This new program is not to be considered as a substitute for our traditional grand jury system which has served this nation so well in the past and upon which we shall continue to rely. The purpose of the Council is to get at causes and to performance—audit all law enforcement programs at all levels of government throughout the entire State to assure that they are fully coordinated and completely effective.

I repeat my previous recommendations that the authority to appoint jury commissioners be transferred to the Supreme Court, where it naturally belongs, for the jury system is an integral and a very important part of our judicial system.

MODERNIZATION OF THE LAWS

In the Special Session of the Legislature two months ago you wisely adopted a complete revision of Titles 2 and 3 of the Revised Statutes. Your action has received national attention and is considered a progressive step forward.

The logical step remains of revising and bringing up to date the balance of our statute law, particularly those aspects relating to practice and procedure and to the principal departments resulting from the administrative reorganization program. A major part of this task will include a complete modernization of antiquated Title 48 of the Revised Statutes which embodies the laws relating to public utilities. A body of law which is as clear as it is concise is essential to the most effective operation of both the Judicial and Executive branches of our government. Accordingly, for the accomplishment of these goals I urge that you continue the Committee on Revision of Statutes. It is my hope that provision will be made for continuous yearly revisions of our statutes once the basic task is completed.

Among other important business which will require your attention is: the extension of rent control; provision for the formulation of modern, performance-type building codes; further progress in the adjustment of the compensation paid our loyal body of public employees; the strengthening, where necessary, of our already fine program of veterans' legislation; and the adoption of a State Administrative Procedure Act which would standardize and regulate the rule-making functions and the practice and procedure of our State administrative agencies.

* * * * *

It has not been my purpose in this message to discuss all the problems and issues confronting our State. The broad outlines of our continuing program have been sketched in previous messages, and a detailed discussion of some issues has been reserved for the future. The ever-present prob-

lems of finance are being reserved for the Budget Message. Suffice it to say, our approach to the controversial issue of taxation should be realistic. We may not, with propriety, overlook the fact that our citizens are being called upon to pay the highest national taxes in the history of this or any nation. It is the total tax impact that may make or break a society. With this in mind, we are prepared to carry on the normal functions of our government within presently available revenues.

Our opportunities to work together and to promote the general welfare are the true measure of our responsibility. It has been my privilege during the past five years to participate with many of you in important undertakings. The convening of this Legislature comes at a time when our hearts and minds are inclined toward even larger affairs—the achievement of a just peace in Korea and throughout the world. Those of us who would see a way through the dust of quarreling peoples and the confusion and doubts that beset persons of limited vision, must think in new terms of time and space. The future of our State and nation must be charted with reference to the principles and ideals which throughout history have moved whole peoples and are, in fact, the source of our greatness. We are interested in the enduring prosperity of a whole people, rather than the transient popularity of any man, political party or organization. In the even-handed administration of government, neither the pull of friendship nor the fear of enemies should be permitted to influence the course of our actions.

We may appear to be far removed from the main currents that will dominate the history of our time. I assure you that this is not the case, for we are close to our people, their actions and their aspirations. The manner in which these are undertaken and fulfilled will become our history. Therefore, to the extent that we meet the challenge of our time and protect the general welfare of our citizens, we have defended and preserved the Republic. I am confident that the achievements of this Legislature will be no less than

those of previous Legislatures with which it has been my good fortune to work. With Divine Guidance, let us work together, and work hard, at the business of good government.

Respectfully submitted,

ALFRED E. DRISCOLL,
Governor.

[SEAL]

Attest:

LEON S. MILMED,
Counsel and Acting Secretary to the Governor.

After the joint session the General Assembly reconvened at 2:45 o'clock P. M.

Upon calling the roll, the following members appeared and answered to their names:

Present were—

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Brixie, Cahill, Casciano, Cavinato (Speaker), Deamer, Duffy, Dwyer, Evans, Field, Glenn, Haines, M. D., Hillery, Hoff, Jones, Junda, Knight, Knoblauch, Kurtz, Lassans, Little, Mackey, Maebert, Marggraff, Mills, Murphy, Newton, Pilger, Saiber, Salsburg, Savage, Schaeffer, Shannon, Shepard, Silver, Simmill, Smith, A. M., Smith, N. C., Snediker, Stewart, Thompson, Tompkins, Vervaet—48.

Absent were—

Messrs. Fowler, Gray, Haines, C. W., Hauser, Jamieson, Joya, Krawczyk, Musto, Salvest, Shershin, Thomas, Williams—12.

Mr. A. M. Smith offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the privileges of the floor be extended to Mayor Lester F. Titus, of Paterson.

The Speaker invited Mayor Titus to address the General Assembly.

Mayor Titus addressed the General Assembly briefly.

Mr. Bowser offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the privileges of the floor be extended to Dr. James Otto Hill, former member of the General Assembly; Attorney J. Mercer Burrell, former member of the General Assembly, and Mrs. Bertha O. Hill, advisory member of the New Jersey State Republican Committee, all of Essex County.

Mr. Field offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the privilege of the floor be extended to Mr. Andrew DiMartini, of Fort Lee, New Jersey.

Mr. DiMartini presented Speaker Cavinato with a gavel, gift of friends and neighbors of the Speaker's home town, Fort Lee.

Resolved, That the General Assembly proceed to fill the remaining several offices of the General Assembly, and the nominations be made and a vote taken for all of the offices at one and the same time.

Mr. Simmill offered the following resolution, which was read in part by the Clerk and adopted, following a motion by Mr. Simmill that reading of the list itself be dispensed with, but spread in full upon the Minutes.

Resolved, That the following persons be and are hereby elected to the respective offices preceding their names:

Assistant Clerk—Max L. Husselrath.

Calendar Clerk—Edwin Miller.

Assistant Calendar Clerk—Mrs. Marie C. Robinson.

Journal Clerk—Mrs. Edith K. Reinhard.

Assistant Journal Clerk—Mrs. Anna L. Jennings.

Assistant Journal Clerk—Mrs. Jane Glover.

Supervisor of Bills—Mrs. Ruby V. Perfette.

1st Assistant Supervisor of Bills—Mrs. Ruth Frederick.

2nd Assistant Supervisor of Bills—Mrs. Amelia Reeve.

Sergeant-at-Arms—Philip E. Tripician.

Assistant Sergeant-at-Arms—Nicholas Forcella.

Assistant Sergeant-at-Arms—Russell Orlando.

Assistant Sergeant-at-Arms—John J. Cuzzo.

Assistant Sergeant-at-Arms—R. E. Stevenson.

Assistant Sergeant-at-Arms—Frank Boyd.

Assistant Sergeant-at-Arms—Clarence Towler.

Assistant Sergeant-at-Arms—W. W. Layng.

Assistant Sergeant-at-Arms—Mrs. Dorothy Muench.

Bill Clerk—Mrs. Ethel W. Kuhne.

Assistant Bill Clerk—Mrs. Sarah Salt.

Assistant Bill Clerk—Mrs. Katherine Unser.

Page—Charles Koppen.

Page—Marion Morrison.

Page—M. A. Swann.

Page—Benjamin Jacobs.

Page—Roy Miglianorino.

Secretary to the Speaker—David A. Gelber.

Assistant Secretary to the Speaker—John Frank, Jr.

Clerk to the Majority Leader—Irving S. Bennett.

Clerk to the Minority Leader—Charles Jones.

Clerk to the Essex Delegation—Charles J. Ward.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the following persons are hereby elected clerks to committees: Benjamin A. Rimm, Charles Kraus, Laura De Boers, Laura Smith, Edward Swenson, Louis Battaglia, Russell M. Stoddard, Louis N. Cazziano, Charlotte Frye, Edith Behnke, Mabel Hunt, Mrs. Helen Booth, David T. Gifford, Virgil S. Johnson, Philip F. Casela, Mrs. Lillian M. Jacques, Mrs. Charlotte Tucker, Mrs. Clarisse G. Mosch, Mrs. Edna Lang, Nelson Saunders, Elwood Bentz, Lester W. Humphrey, Mrs. Ethel Kline, Warren A. Gibbs, Marion E. Schaeffer, Kenneth Morrison, Edward W. Orr, Jr., Mrs. A. L. Johnsrud, Mrs. Marjorie Bailey, Charles O. Hewitt, Sr., John Gross, Nicholas De Paolo, Sr., Joseph Hanlon, Mrs. Charlotte A. Groeling, Anthony Van Genderen, Mary Stark, Max Streit, William Bizub, Robert Mayer, Essie Roome, Phoebe Walker, Isabelle Amos, Joseph C. Job and Nicholas Durandi.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That unless otherwise ordered, the regular hours of meeting of the General Assembly for morning, afternoon and evening sessions shall be respectively at

10:00 A. M., 2:00 P. M., and 8:00 P. M. Unless otherwise ordered, adjournment on Monday sessions shall be until Tuesday morning at 10:00 A. M.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Speaker is hereby authorized and directed to appoint a committee of seven members of this General Assembly to serve as a Committee on Rules.

Whereupon the Speaker announced the appointment of the following members of the General Assembly to serve as a Committee on Rules:

Mr. Simmill of Monmouth County, Mr. Hillery of Morris County, Mr. Joya of Essex County, Mr. Shershin of Passaic County, Mr. Hauser of Hudson County, Mr. Snediker of Middlesex County, and Mrs. Savage of Ocean County.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Rules of the General Assembly as printed in the Official Rules of the General Assembly for the 1951 session be adopted as the official rules for the first two weeks of the 1952 legislative year with the following changes:

Rule 34. Strike out the following: "The following Joint Committee of seven members shall also be appointed to act conjointly with a corresponding committee to be appointed by the Senate: A Committee on Civil Defense." and insert under Standing Committees, "A Committee on Civil Defense."

Rule 61. After the word "Assembly" on line 1, insert the following: "or Senate"; and on line two after the last word "the" insert the following: "message or".

Add a new rule as follows:

Rule 77. In the re-enactment of a bill pursuant to Article V, Section I, paragraph 14 (b), of the Constitution, at the regular session of the Legislature or at any special session thereof, all Assembly rules relating to Assembly and Senate bills, respectively, from first reading to delivery to the Senate or presentation to the Governor, as the case may be, shall apply as far as practicable; except that

(a) No Assembly or Senate bill shall be given a first reading except on motion therefor;

(b) An Assembly bill to which a motion for first reading has been addressed shall be taken to be in the form enacted by the Legislature and returned by the Governor; and shall not be reprinted unless and until an amendment or amendments shall have been made to the bill;

(c) After first reading, no Assembly or Senate bill shall be referred to committee except on motion; and in the event of referral or commitment or re-commitment of a bill to committee at any time by special order, it shall not be reported by committee substitute.

(d) An Assembly or Senate bill which has not been referred or committed to a committee after first reading, shall have a second reading without special order; and such bill may, by special order, be given second reading on the same day as it was given first reading.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Speaker be authorized and directed to appoint the following Special and Assembly Constitutional Legislative Committees:

Assembly Special Committees: Conference, Rules, State University, and Steering.

Assembly Constitution Legislation Committees: Law Revision, State Department Reorganization, Tax Revision.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That Betty Ann Duffy, daughter of the Honorable Neil G. Duffy, Assemblyman from Essex County, and Karen G. Vervaet, daughter of the Honorable Arthur W. Vervaet of Bergen County, be adopted as the daughters of the General Assembly for 1952, and William O. Barnes, III, son of the Honorable William O. Barnes, Jr., Assemblyman from Essex County, and Allan C. Deamer, son of the Honorable Pierce H. Deamer, Jr., Assemblyman from Bergen County, be adopted as the sons of the General Assembly for 1952.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,
January 8, 1952. }

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the present contract with MacCrellish & Quigley for furnishing all legislative printing be continued on the same terms until definite arrangements are made with the Director of the Division of Purchase and Property.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

Mr. Simmill moved that the General Assembly concur in the Senate concurrent resolution.

Which motion was adopted.

The Speaker declared the Senate concurrent resolution concurred in.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

The Current Service New Jersey Legislation for 1952 be subscribed to, and appropriate binders for the same be purchased, for the use of the members of the Senate and General Assembly and for such officers of the Senate and General Assembly and for such other persons as the President of the Senate and the Speaker of the General Assembly shall respectively designate, the same to be mailed to the local address of each member of the Senate and General Assembly and to the local address of each such officer or other person so designated to receive the same, as shall be furnished by the President of the Senate or Speaker of the Assembly, respectively, and that payment for each such subscription be made at the rate of twenty-five dollars (\$25.00) including a binder to be furnished to each new member and that statements of the expense for the subscriptions and binders furnished to the members and officers of, and to such other persons for the account of, the Senate or General Assembly, respectively, be referred to the Committee on Incidental Expenses of that house and when approved by said committee, said approval to be indicated by the signature of its chairman, and of the Secretary of the Senate or Clerk of the General Assembly, respectively, as an expense of said house, the said bills shall be forwarded to the Director of the Division of Budget and Accounting in the Department of the Treasury.

Messrs. Bowser and Saiber offered the following concurrent resolution which was read by the Clerk and adopted.

CONCURRENT RESOLUTION memorializing the President of the United States and the Attorney General to adopt measures directed against mob violence, destruction of life and property in the State of Florida.

WHEREAS, In a certain section of the United States crimes of violence directed against the persons and property of citizens of so-called minority groups, including damage to

and attempted destruction of houses of religious worship, are rapidly increasing both in number and in seriousness; and,

WHEREAS, One of the most deplorable types of crime is the wanton destruction of human life, private and public and even religious property by individuals and groups using such methods to intimidate and to prevent the exercise by certain classes of American citizens of their constitutional rights to life, liberty, the pursuit of happiness and the peaceful ownership and occupation of property; and,

WHEREAS, The State of Florida has in recent months been the scene of a succession of such incidents including shootings, bombing of public, private and religious property of Negro, Jewish and Catholic citizens, and finally the killing of a respectable and prominent Negro citizen and his wife and the destruction of their home by bomb; and,

WHEREAS, Such a wave of this particular type of crime in the State of Florida strikes at the very fundamentals of our constitutional rights and our system of democratic government in this nation, tending, if unchecked, to result in an absolute disrespect for and defiance of duly constituted agencies charged with the protection of life and property and with the proper enforcement of criminal laws on the local, state and the national levels; and,

WHEREAS, The continual disregard of the taking of human life and the destruction of public, private and religious property by irresponsible individuals under the influence of excitement, racial and religious hate usurping the prerogatives of proper legal agencies devoted to the investigation, apprehension, prosecution and punishment of persons accused of crime, can but encourage this rising tide of violence; and,

WHEREAS, A stable Government can only be maintained where the Courts, operating under due process of law, shall be the only and proper agency or power committed to settle differences between individuals and groups in a constitutional manner, and any Government must fall when individuals and groups are permitted to bypass the Courts and resort to private methods of adjusting real and imaginary grievances and of obtaining revenge upon those with whom there may be controversy or disagreement; and,

WHEREAS, We firmly believe that this unfortunate and growing disregard of law and order can best be curtailed and eradicated through the power of our Federal Government operating through the Department of Justice, as in these situations, we believe that the civil rights of American citizens are being violated; therefore,

Be It Resolved by the Senate and General Assembly of the State of New Jersey:

1. That His Excellency Harry S. Truman, President of the United States of America, be memorialized and requested to as speedily as possible direct the proper Federal officials and agencies to investigate the situation in the State of Florida, and upon proper report of such investigation to direct the Attorney General of the United States to use every agency under his jurisdiction, including the Federal Bureau of Investigation, to bring to justice those responsible not only for the actual commission of acts of lawlessness, but all others who shall have conceived, conspired, aided or abetted in any of these acts of lawlessness, to the end that this growing tide of violence and disregard of law may be checked and eradicated and that every citizen of the United States of America may be accorded and guaranteed full constitutional protection of life, liberty and property.

Be It Further Resolved, That copies of this concurrent resolution be transmitted to the President of the United States, Attorney General of the United States, and to the Governor of the State of Florida.

2. This concurrent resolution shall take effect immediately.

WHEREAS, It has pleased Almighty God in His infinite wisdom to call from this world, Honorable John J. Dugan, former Assemblyman from the City of Bayonne, County of Hudson, who served in the Legislature from 1916 to 1917; therefore

Be It Resolved, That the members of the General Assembly express their deep regret and extend their sympathy to his daughter, Miss Margaret Dugan, in her bereavement; and

Be It Further Resolved, That a copy of this resolution signed by the Speaker and attested by the Clerk, be sent to Miss Dugan.

Mrs. Savage offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, January 24th marks the birthday of the illustrious American, Douglas MacArthur; and

WHEREAS, The people of this State and Nation owe Douglas MacArthur a great debt of gratitude for his many years of devoted service to his country as an outstanding military leader; and

WHEREAS, Douglas MacArthur continues to serve his country in an outstanding manner as a private citizen by contributing to the information and knowledge of the people by public appearances; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey, That congratulations be extended General of the Army Douglas MacArthur on his birthday and wish him many years of continued health and success.

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Brixie, Casciano, Cavinato (Speaker), Deamer, Duffy, Field, Fowler, Glenn, Gray, Haines, C. W., Haines, M. D., Hauser, Hillery, Hoff, Jamieson, Joya, Kloblauch, Krawczyk,

Kurtz, Lassans, Little, Mackey, Maebert, Marggraff, Mills, Murphy, Musto, Newton, Pilger, Saiber, Salsburg, Salvest, Savage, Schaeffer, Shannon, Shershin, Silver, Simmill, Smith, A. M., Smith, N. C., Snediker, Stewart, Thomas, Thompson, Tompkins, Williams—52.

In the negative—None.

Mr. Simmill offered the following resolution which was read by the Clerk:

Resolved, That the Rules of the General Assembly as printed in the Official Rules of the General Assembly for the 1951 Session be adopted as the Official Rules for the 1952 legislative year, with the following changes:

Rule 34. Strike out the following: "The following Joint Committee of seven members shall also be appointed to act conjointly with a corresponding committee to be appointed by the Senate: A Committee on Civil Defense." and insert under Standing Committees, "A Committee on Civil Defense."

Rule 61. After the word "Assembly" on line 1, insert the following: "or Senate;" and on line two after the last word "the" insert the following: "Message or."

Add a new Rule as follows:

Rule 77. In the re-enactment of a bill pursuant to Article V, Section I, paragraph 14(b), of the Constitution, at the regular session of the Legislature or at any special session thereof, all Assembly rules relating to Assembly and Senate bills, respectively, from first reading to delivery to the Senate or presentation to the Governor, as the case may be, shall apply as far as practicable; except that

(a) No Assembly or Senate bill shall be given a first reading except on motion therefor;

(b) An Assembly bill to which a motion for first reading has been addressed shall be taken to be in the form enacted by the Legislature and returned by the Governor; and shall not be reprinted unless and until an amendment or amendments shall have been made to the bill;

(c) After first reading, no Assembly or Senate bill shall be referred to committee except on motion; and in the event of referral or commitment or re-commitment of a bill

to committee at any time by special order, it shall not be reported by committee substitute.

(d) An Assembly or Senate bill which has not been referred or committed to a committee after first reading, shall have a second reading without special order; and such bill may, by special order, be given second reading on the same day as it was given first reading.

Mr. Hauser offered the following amendments to Mr. Simmill's resolution, which were read:

Amendment to Rule 17.

Add the following sentence: "Provided, however, that any member may yield his time to any other member."

Amendment to Rule 34.

Strike out "A Committee on Miscellaneous Business."
Add the following paragraph:

"The speaker shall give proportionate representation to members of all political parties when making appointments to all standing committees."

Amendment to Rule 35.

"All members appointed to committees shall meet at the call of the chairman of such committees, but not less than once a week during the regular session. Every bill or resolution referred to any committee shall be considered and acted upon by the full committee within three weeks after such referral. The committee shall either report its action as favorable, unfavorable or without recommendation. After such reports have been made the bills shall be presented for action by the House."

"Any Member of the House may move a bill to second and third reading and a final vote by obtaining the consent of one-third of the Members of the House either by motion orally made or by a written petition."

Mr. Hauser moved the adoption of his amendments to Mr. Simmill's resolution, which was lost by the following vote:

In the affirmative were—

Messrs. Brady, Brixie, Casciano, Gray, Hauser, Jamieson, Knoblauch, Krawczyk, Kurtz, Little, Murphy,

Musto, Salvest, Schaeffer, Shepard, Snediker, Stewart, Thompson—18.

In the negative were—

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Cahill, Cavinato (Speaker), Deamer, Duffy, Evans, Field, Fowler, Glenn, Haines, C. W., Haines, M. D., Hillery, Hoff, Joya, Junda, Knight, Lassans, Mackey, Maebert, Marggraff, Mills, Newton, Pilger, Saiber, Salsburg, Savage, Shannon, Shershin, Silver, Simmill, Smith, A. M., Smith, N. C., Thomas, Tompkins, Vervaet, Williams—40.

The Speaker declared the amendment lost.

Mr. Hauser moved to table for one week the Majority Leader's resolution to adopt rules for the 1952 session as presented.

The motion was declared lost by a voice vote.

Mr. Hauser requested a roll call vote, which was denied by the Speaker.

Mr. Simmill moved that his resolution, as presented, be adopted.

Which motion was passed by the following vote:

In the affirmative were—

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Cahill, Cavinato (Speaker), Deamer, Duffy, Dwyer, Evans, Field, Fowler, Glenn, Haines, C. W., Haines, M. D., Hillery, Hoff, Jones, Joya, Junda, Knight, Lassans, Mackey, Maebert, Marggraff, Newton, Pilger, Saiber, Salsburg, Savage, Shannon, Shepard, Shershin, Silver, Simmill, Smith, A. M., Thomas, Tompkins, Vervaet, Williams—41.

In the negative were—

Messrs. Brady, Brixie, Casciano, Gray, Hauser, Jamieson, Knoblauch, Krawczyk, Kurtz, Little, Murphy, Musto, Salvest, Schaeffer, Snediker, Stewart, Thompson—17.

Messrs. Thompson, Stewart and Gray offered the following Assembly resolution, which was read by the Clerk and referred by the Speaker to the Committee on Judiciary.

WHEREAS, On March 21, 1951, following the murder of Victor Viteritto and the serious injury to Lester Throckmorton, during the performance of their duties as guards at the New Jersey State Prison, a certain resolution was introduced in the Senate of the State of New Jersey wherein the Board of Control of the Department of Institutions and Agencies was requested forthwith to conduct an investigation of the New Jersey State Prison at Trenton in all its aspects and that said board report their finding to the Senate of New Jersey prior to its next adjournment; and

WHEREAS, Said resolution was referred to the Committee on Institutions and Agencies of the Senate; and

WHEREAS, So far as the records of the Senate indicate no investigation was made and no report filed as said resolution requested; and

WHEREAS, Since said time various employees of said New Jersey State Prison at Trenton have repeated the shocking charges reflecting on the administration of that institution and have alleged that the conditions which existed prior to March 21, 1951, have become aggravated; and

WHEREAS, The nature of the charges and the manner in which they were made indicate a complete lack of confidence by said State employees in the persons responsible for the administration of said State Prison; and

WHEREAS, A prominent and highly respected New Jersey newspaper has published a story alleging on its information and belief that certain prisoners at the New Jersey State Prison gamble, drink intoxicating beverages, obtain and use narcotics and commit crimes against nature; and

WHEREAS, The Commissioner of the Department of Institutions and Agencies of the State of New Jersey has indicated a genuine desire that certain charges be thoroughly investigated; and

WHEREAS, Remedial legislation may be required in aid of proper administration of said State Prison; and

WHEREAS, The best interests of all persons involved and the people of the State of New Jersey require that a thorough investigation be made as hereinbefore indicated; now therefore,

Be It Resolved, That the President of the Senate and the Speaker of the General Assembly each appoint two members of their respective houses, one from each major political party, as a committee of the Legislature with power to conduct a complete and thorough investigation of the administration and the conduct of affairs of the State Prison at Trenton and to report their findings to the Legislature at the earliest possible date but not later than the next date of adjournment of the Legislature.

The following bills were introduced, were read for the first time by their title, ordered to have a second reading and were referred to committees as follows:

By Mr. A. M. Smith,

Assembly Bill No. 202, entitled "An act concerning the adoption of children, and supplementing chapter three of Title 9 of the Revised Statutes,"

Referred to Committee on Revision and Amendment of Laws.

By Mr. A. M. Smith,

Assembly Bill No. 203, entitled "An act to repeal 'An act to prohibit the delivery of milk or cream within certain specified hours, and prescribing penalties for violation thereof,' approved May third, one thousand nine hundred and forty-five (P. L. 1945, c. 294),"

Referred to the Committee on Labor and Industries.

By Mr. A. M. Smith,

Assembly Bill No. 204, entitled "An act to amend 'An act concerning banking and banking institutions (Revision of 1948),' approved April twenty-ninth, one thousand nine hundred and forty-eight (P. L. 1948, c. 67),"

Referred to the Committee on Banking.

Mr. Saiber offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the name of Arnold M. Smith, of Passaic County, be included as a co-sponsor of Assembly Bill No. 176, heretofore introduced by Samuel Saiber, of Essex County.

Mr. Jones, Chairman of the Committee on Labor and Industries, reported

Assembly Bill No. 176,

Favorably, without amendment.

The following communication was sent to the desk and read by the Clerk:

Budget Message of Governor Driscoll for the fiscal year ending June 30, 1953.

Mr. Simmill moved that the communication be received and filed.

Which motion was adopted.

"THE POWER TO TAX INVOLVES THE POWER TO DESTROY."

—Mr. Chief Justice John Marshall, *McCulloch vs. Maryland*, March 6, 1819.

BUDGET MESSAGE

To the Members of the Senate and General Assembly:

The Budget that I have the honor to submit to you today for your consideration for the fiscal year 1952-1953 does not require new taxes. If the recommendations herein contained are adopted, we will continue our policy of "paying as we go" the cost of operating our State Government and for our cash assistance to our counties, municipalities and school districts. The proposed budget anticipates another modest, but nonetheless prudent cash surplus at the end of the next fiscal year. In the preparation of this budget, we have, as in previous years, determined to avoid deficit financing and to maintain our tradition of a "balanced budget."

TAXES

In my Message on January 8th I stated that we were prepared to perform the duties and responsibilities heretofore assigned to the Executive Branch, by the Legislature, within available revenues.

It is difficult to imagine a more confusing, complex, inequitable taxing program than that presently described in a multitude of Federal, State and local tax laws. In fact, our so-called tax system is really no system at all. The lack of an equable co-ordinated tax system in this country handicaps the States, hurts their citizens and makes the task of accurate budget-making almost impossible.

During 1951 more than half of the States holding legislative sessions boosted the rates of at least one major tax. Three States adopted general sales taxes, while two States raised existing sales tax rates. Eight States increased gasoline tax rates; four States boosted cigarette taxes; two imposed new cigarette taxes. Seven States imposed higher taxes on the manufacture, distribution or sale of alcoholic beverages. Three States chose to raise their income tax rates. New Jersey continued its policy of holding the line and avoided new taxes.

The States were not alone in their consideration of tax increases. On October 20, 1951, the Revenue Act of 1951 was approved by the President. As a result, effective November 1, 1951, individual income tax liabilities were boosted on an average of $11\frac{3}{4}$ per cent. Taxes on corporate net income were increased 5 per cent, the new rates being retroactive to April 1st. The alternate rate on capital gains was raised from 25 per cent to 26 per cent, also retroactive to April 1st. The tax imposed by the National Government on cigarettes was increased, as of November 1st, from seven to eight cents per pack; while the tax on distilled spirits was increased from \$9.00 to \$10.50 a gallon. The tax on beer was increased from \$8.00 to \$9.00 a barrel, and the gasoline tax of the National Government went up from $1\frac{1}{2}$ c. to 2c. per gallon.

I will not attempt to enumerate all of the tax increases imposed, either by the National Government or by our sister-states during 1951. An examination of the welter of tax laws that confuse, perplex and harass our citizens reminds one of the statement of Colbert in the 17th century, "The art of taxation consists in so plucking the goose as to obtain the largest amount of feathers with the least possible amount of hissing." It is rather obvious that Colbert has many disciples in the 20th century.

It is evident that a tax program that permits "tax lightning" emanating from many different levels of government to strike the same taxpayer and the same taxable activity on two or more occasions during the same tax year, places our private enterprise incentive system in great danger. This unfortunate situation in

which the various levels of government impose new taxes without any consideration being given to the total impact of all taxes and without any serious attempt to relate the total increase to the ability of the taxpayer to pay, if continued, will result in the inevitable stagnation of our economy—or worse. And yet, the end is not yet in sight. The President, in his report to the Congress on the economic condition of the Nation on January 17th of this year, asked the Congress of the United States to increase the tax revenues of our National Government five billion dollars.

In 1916, local governments in this country collected 65 per cent of all taxes; while State Governments collected 12 per cent and the National Government collected 23 per cent. The National Government now collects approximately 75 per cent of all governmental revenue. The balance is divided rather evenly between State and local governments. Our New Jersey citizens, in addition to paying the taxes levied by the governments in this State, are called upon to pay an ever-increasing share of the taxes levied by the National Government, as well as taxes imposed in our sister-states, either as direct levies on income or wages, or as these taxes are incorporated in the increased cost of the commodities manufactured in these States and sold in New Jersey.

There are three significant facts that require attention:

1. We no longer can afford forty-nine or more competing tax systems. A major revision of the tax laws of the National Government should be begun immediately. The relationship between the National Government, the States and their political subdivisions must be clarified and defined.

New Jersey should put its own house in order. Our new Constitution has presented new opportunities for the classification of property and the development of a fair and equitable tax and assessment system. We should promptly take advantage of the opportunities afforded us by the Constitution so that our tax burdens may be justly and fairly apportioned among our citizens.

Our practices and procedures with respect to the assessment of real and personal property should be completely modernized.

Throughout the State the assessment of real estate varies from less than 10 per cent of current appraised value to more than 100 per cent. Similar inequities are to be found in the assessment of personal property. A study of more than twenty-one thousand representative residential properties in New Jersey discloses assessed values averaging approximately 29 per cent of appraised value. In this sense, the assessment ratio for New Jersey is approximately 29 per cent; and the average general property tax rate of \$6.00 per hundred of net valuation taxable, is the equivalent of a tax of \$1.75 per hundred upon the true value of the residential property. Unfortunately, the average conceals rather than discloses the inequities in our current practices. Furthermore, the measure of the State's cash assistance to its school districts is dependent in part upon assessed valuations that vary from municipality to municipality and county to county. Until such time as uniform assessment practices are accomplished, it will be almost impossible to measure the relative capacities of our counties, municipalities and school districts to meet their respective obligations.

As a first step, I am recommending that there be created within the Department of the Treasury a Bureau of Tax Equalization and that \$98,000 be appropriated for the support of this bureau for the next fiscal year.

2. We may not ignore the total tax burden that our citizens are being called upon to carry during these critical years. We may not ignore the effect of tax levies by other levels of government. If we are to maintain the free enterprise incentive system, we may not adopt a provincial point of view.

3. The lack of a coordinated tax system and the failure to integrate the tax and spending programs of our various governments, has helped to promote inflation. The resultant increase in the cost of materials and services has placed a heavy burden upon our citizens. Your State Government likewise has felt the weight of the inflationary spiral during the past year, as in previous years.

REVENUES

In my Budget Message a year ago I stated: "It is becoming increasingly difficult to accurately estimate the revenue that the State will receive from its limited taxes more than a year in advance of the date when those taxes are collectible." Practically all of the taxes levied by the State of New Jersey are subject to substantial change during this period of a National emergency. Gasoline rationing by the National Government, or a restriction in the manufacture of alcoholic beverages, or substantial increases in tax rates by the National Government on activities presently taxed by the State of New Jersey, if adopted, could completely change our best estimates of anticipated revenues.

As of the present time it is estimated that revenues for the fiscal year 1952-1953, together with the anticipated surplus as of July 1, 1952, will total approximately \$212,236,000.00.

REQUESTS FOR APPROPRIATIONS

The Director of the Budget reports that there were filed in his office total requests for appropriations for the next fiscal year substantially exceeding a quarter of a billion dollars. In addition, many public-spirited citizen groups have requested additional appropriations totaling approximately three-quarters of a billion dollars. Thus the total requests, formal and informal, for appropriations for Current State services, additional State services, cash assistance to our counties, municipalities and school districts, as well as for capital improvements, exceeded a billion dollars.

Under these circumstances, it has been a difficult task to limit appropriations to those that may be paid for with available revenues. In the presentation of this Budget we recognize that many of the services and grants requested are meritorious. Our ability to grant the requests, however, are limited by our determination to balance our budget and to continue our pay-as-you-go policies.

The schedules attached to this Message cover three budgets. First, current General State Operations; second, State Aid (cash assistance to our counties, municipalities, school districts); third, Capital Improvements. The following table summarizes esti-

mated income as well as proposed allocations for the three budgets:

Estimated balance July 1, 1952	\$31,947,001.00
Less deficiencies appropriations for 1950-51 and supplemental appropriations for 1951-52	1,734,334.69
Adjusted estimated balance July 1, 1952	\$30,212,666.31
Estimated revenues for 1952-53	182,023,655.00
Total estimated resources for 1952-53	<u>\$212,236,321.31</u>

Recommended Expenditures:

Budget Part I—General Operations	\$104,804,378.66
Budget Part II—State Aid	69,331,579.56
Budget Part III—Capital	22,280,569.96
	<u>\$196,416,528.18</u>
Balance for reservations and surplus	<u>\$15,819,793.13</u>

Of the total of the three budgets, approximately \$51,700,000.00 will be devoted to education, and \$46,700,000.00 for care of the wards of our State. In other words, these two important services will receive slightly more than 50 per cent of the total of the three budgets.

BUDGET—PART I

CURRENT STATE OPERATIONS

The State Departments presented to the Budget Director requests for appropriations totaling \$114,954,044.38. After a careful study of these requests, they have been reduced to \$104,804,378.66. Of the total amount recommended for current State operations \$30,922,378.19, or almost 30 per cent of the total State Operating Budget, has been allocated to the Department of Institutions and Agencies.

This Department administers our humanitarian welfare programs. It operates our three mental hospitals, nine correctional institutions, four feeble-minded institutions and five other specialized institutions—all engaged in the task of caring for more than 25,000 patients and inmates. Institutional food and other operating expenses for next year, it is estimated, will cost \$835,000 more than this year. Provision has been made for additional personnel so that we may adequately staff present institutions and the new institutions which will be opened during the next fiscal year. \$500,000.00 has been recommended to provide for equipment and maintenance of these new buildings.

The Department during the next fiscal year will continue to administer our various welfare programs including old age assistance, care of the blind, child welfare, municipal aid and the permanently disabled.

Department of Education

For the support of the Department of Education, the State Teachers Colleges, the State University and the Newark College of Engineering, the sum of \$12,561,612.06 has been allocated for the next fiscal year. This is approximately 12 per cent of our State Operating Budget.

Provision has been made for the increased cost of operating and maintaining our Teachers Colleges and the University.

Department of Law and Public Safety

I am recommending a rather substantial increase in the appropriation for the Department of Law and Public Safety. This Department during the past year has been required to assume substantial new duties. Its Statewide campaign against crime is an expensive business. Likewise, its traffic safety programs involve substantial expenditures. To neglect these activities, however, would be even more expensive. For this Department, there has been allocated in the Budget \$9,254,387.97, or 8.8 per cent of the State Operating Budget.

In my Annual Message I recommended the creation of a Law Enforcement Council. In the proposed Budget, provision has been made for an initial appropriation for the work of the council of \$25,000.00.

At the special session of the 175th Legislature, provision was made for the appointment of rate counsel, technical experts and other assistants in rate proceedings before the Board of Public Utility Commissioners to protect the public interest. To permit the Department to carry out this legislative mandate, I am recommending an initial appropriation of \$50,000 to be included in the supplemental section of this Budget. Once the program is established, it will be self-supporting and the appropriation that I am now requesting will be returned to the treasury.

In this year's Annual Message, I recommended that our State Police force should be increased by a minimum of 100 additional troopers. The increased activities of this division and the need to maintain more frequent patrols on our State highways and in our rural areas amply justifies the proposed increase in the force. In the schedule attached to this message there has been reserved \$638,684.50 to cover the cost of these additional troopers upon the adoption of the program.

Department of the Treasury

The appropriation of \$4,661,539.37 requested for the support of the Department of the Treasury is 4.4 per cent of the State Operating Budget.

This Department, under the reorganization program, is rendering increasingly constructive and productive service to the State. The savings achieved by the Department under the reorganization program are substantial.

Civil Service

Within the appropriation of \$572,956 recommended for the support of the Department of Civil Service, there is an appropriation of \$15,000 to institute a merit award program adopted this year. It is my conviction that this incentive program will result in very substantial savings to the taxpayers, which will far exceed the modest appropriation that is necessary to initiate the program. The benefits that have accrued in industry when such a program has been adopted, will prove equally beneficial in the case of government.

Department of Highways

To provide for the maintenance of our growing State highway system, I have recommended an appropriation of \$12,376,992.17. This is almost 12 per cent of our State Operating Budget.

The forty-hour a week program adopted last year and the acceleration of our highway construction program has required an increase in personnel. Provision has also been made for the overtime that has been a by-product of our determination to complete our new highways as quickly as possible.

Other Departments

There are no major changes in the appropriations for the remaining Departments, with the exception of the increase to cover normal salary increments. A few of the Departments actually show small decreases.

Debt Service

The appropriation for Debt Service has been increased by \$1,702,935 over the appropriation for the current fiscal year. With this increase we will for the first time provide an appropriation for the amortization of our institutional construction bonds.

The total gross debt of the State, which at one time exceeded \$200,000,000, is presently \$94,290,000.

Pensions

Our increase in salaries for State employees is reflected in an increase in the State's contribution for pensions of \$150,560. The total amount recommended is \$3,180,578.

Emergency Fund

I have recommended that this fund be increased by an additional appropriation of \$50,000 over the normal appropriation of \$125,000. This increase will permit us to support and promote the work of the Regional Intra-State Projects Commission.

Salaries and Wages

Included in the schedules are total recommended appropriations for salaries and wages for State employees of \$64,857,373.46. This represents an increase, including normal increments, of \$8,526,818 over the appropriation for the current fiscal year. Our State employees have been subject to the same inflationary forces that have compelled industries to revise upward their wage schedules.

During the past year it has been my observation that the services of our civil servants have been increasingly productive. They have recognized that in return for salary increases, imposing a substantial burden upon the State's limited resources, they have an obligation to be increasingly efficient and productive.

The program for the apportionment of these recommended increases has been carefully and painstakingly developed by our Civil Service Commission in cooperation with the chief executives of the principal departments. The program developed by the Civil Service Commission, in my judgment, will permit us to retain our State employees, while at the same time recruiting new employees to fill vacancies on the staffs of our State institutions.

Civil Defense

The 175th Legislature appropriated \$1,000,000 to be devoted to Civil Defense. I am recommending that the unexpended balance of this appropriation, as of June 30, 1952, be reappropriated.

The State has been asked by the National Government to guarantee certain purchases of medical supplies and other Civil Defense equipment made by the municipalities from the National Government. Where these guarantees have been given as an assistance to our municipalities, an appropriate reserve has been charged against last year's Civil Defense appropriation.

It is my present opinion that the balance in this fund, over and above the portion reserved, will be sufficient to cover administration of Civil Defense barring unexpected emergencies for the next fiscal year.

In my Annual Message to the Legislature on January 8th of this year, I recommended that provision should be made for disability, death, medical and hospital benefits for Civil Defense volunteers who may be injured while performing the authorized duties of their service. Subject to the adoption of this program by the Legislature, \$200,000 has been marked for reserve in the schedule accompanying this message. In my judgment this sum will be sufficient to initiate the program on a self-insurance basis.

BUDGET II

STATE AID

Requests for State Aid total \$72,516,867.88. I am recommending total State Aid appropriations of \$69,331,579.56. It is interesting to note that for the fiscal year 1946-47 total State Aid (cash assistance) was approximately \$37,828,000. It is to be remembered that the fiscal year 1946-47 was the last year in which the State collected a State school tax on real estate. This substantial tax revenue was one of the main supports of the so-called State Aid program as it existed prior to the fiscal year 1947-48. In 1947 the State discontinued its tax on real estate and returned this tax to the local levels of government. This was a substantial reduction in State taxes.

The State Aid Budget follows the pattern established during the previous years. It provides for three categories for aid; namely, aid for education, welfare and highways. The budget also provides for a continuation of the State's program for the strengthening of police and firemen's pension funds. The sum appropriated for this purpose is \$1,000,000. The amount recommended for aid to education amounts to \$36,288,678.68. Of this amount \$26,109,880.68, or \$1,010,550.68 more than the amount requested by the State Board of Education, will be distributed to our local school districts. This includes all the categories of aid outlined in the statutes including State subsidies for county superintendents; the State's share of the cost of educating crippled children; operation of the vocational and industrial schools; and direct distributable aid under statutory formulae. The increase in State Aid will permit the Department of Education to stabilize the State Aid granted pursuant to the Armstrong formula. \$10,178,798 is provided for the support of our teachers' pension programs.

I am recommending an appropriation of \$1,200,000 to continue our program for beach protection and inland waterways.

One hundred five thousand dollars has been recommended to continue one of our many veterans' aid programs which clearly falls within the grant-in-aid category.

There is also included in this Budget a recommendation in the amount of \$15,899,180.88 to continue our present State Aid to counties and municipalities for the maintenance, construction, reconstruction and other administrative costs for local roads.

Included in this State Aid Budget is a recommended appropriation of \$13,907,750 to continue all categories of welfare grants and payments.

The State's share of the salaries for county judges and stenographic reporters for the next fiscal year will total \$432,100. Provision has been made in the Budget to meet this obligation.

BUDGET—PART III

Total requests for capital improvements amounted to \$112,952,410.46. In the case of the *State Highway Department*, the amount of the request was kept high on my insistence, despite the fact that it obviously exceeds available funds, because of our recognition of the need for new highways. In the report of the Director of Defense Mobilization on January 1, 1952, he states that the level "of freight traffic on the Nation's highways increased 20 per cent in the first half of 1951 over the first half of 1950." He reported that there were 3,500,000 more passenger cars, trucks and buses using the highways than a year ago. His report stresses the importance of highway transportation in the Defense program.

For the State Highway Department, I recommend an initial capital appropriation of approximately \$20,000,000.00 for the continuation of our State Highway improvement program. With the addition of the Federal grant—when appropriated—this will permit us to continue our highway construction program at a somewhat accelerated pace over the current year. We recognize that the highways that are planned and which we are building as fast as available revenues will permit, have a three-fold purpose: (a) to reduce traffic accidents by reducing the density of traffic; (b) to promote the economy of the State; (c) to provide Defense facilities if needed. New Jersey occupies a strategic place in the very heart of industrial America. It is our responsibility to provide for a free flow of commerce.

It is imperative that we complete the Garden State Parkway as quickly as possible. Various methods for financing the completion of this highway are being studied. One of the plans presently being considered is that the Parkway be completed as a combination free and toll highway. In the schedule attached to this Message, \$8,000,000.00 has been reserved to facilitate the construction program of the Garden State Parkway.

For the *Department of Law and Public Safety* I recommend that there be appropriated for capital improvements \$301,330.50. Of this amount, \$125,000.00 is for the completion of the dormitory building and additional service facilities at the State Police Training School. In the event of a National emergency, the State Police Training School building will become the staff headquarters for Civil Defense. In addition, the training of additional State Troopers that has been recommended, together with pressing current needs, justify the construction of these additional facilities at this time.

The balance of \$176,330.50 is required to build immediately several much needed additional Motor Vehicle Inspection stations. A careful study of the operation of the present stations discloses (a) the need for additional facilities to meet the reasonable requirements of our citizens, particularly to avoid unnecessary delays; (b) the fact that a substantial amount of money may be saved by the acquisition and operation of certain stations presently leased by the State. The State Office Building Authority is presently engaged in studying this subject. The money recommended for appropriation is far less than the amount required to purchase all the stations that should, in this economy program, be owned and operated by the State.

For the *Department of Conservation and Economic Development*, I recommend an appropriation of \$351,000, of which \$350,000 is for the purpose of continuing the rehabilitation of the Delaware and Raritan Canal. This canal is a major asset. The completion of our rehabilitation program will increase our water resources in the central part of our State. It will likewise produce additional revenues which, in time, will more than liquidate the amount spent on rehabilitation. Provision has been made for the acquisition of additional public hunting and shooting grounds. The \$1,000 appropriation represents a minimum compliance with the technicalities of the law.

For the *Department of Education*, I recommend a capital appropriation in the amount of \$2,125,000. Our State University is presently serving approximately 22,500 full and part-time stu-

dents. Its present library was built in 1902 for a student body of less than 250. It is completely inadequate. A University without an adequate library may be compared to a reference book without an index. Our libraries are the laboratories in which our students may find and test the accumulated knowledge of the ages. As the first step in the establishment of an adequate library system for the University and its many important branches, a new central library building should be constructed as quickly as possible. To accomplish this purpose, I recommend an initial appropriation of \$2,000,000.

There is also recommended \$100,000 for the completion of the Chemistry Building at the State University and \$25,000 for the completion of the Agricultural Science Building.

I am withholding recommendations for the improvement of our State Teachers College Buildings because of the studies that are now being made by the State Commissioner of Education.

Preliminary census figures disclose that the population of New Jersey increased approximately 16.23 per cent between 1940 and 1950. New industries are moving to New Jersey in increasing numbers. New areas are being developed. We should have many years ago acquired substantial areas for parks, wildlife sanctuaries and water resources to meet the essential public health and recreational requirements of our citizens. In the schedules attached to this Budget, I have reserved for the purpose of developing Sandy Hook Park and the purchase of recreational and wildlife sanctuary areas, as well as water reserves, \$5,250,000.00. Wisely spent, this comparatively small sum would represent a large investment in the future welfare of our citizens. To delay may be to lose an opportunity that may never be regained.

CONCLUSION

As I have stated in previous messages, a budget is not a blueprint for spending. Properly understood, it represents a challenge to reduce expenditures in every conceivable way. We will continue to apply to all of our programs the basic test of need, cost and timeliness. We will continue to live within the budget and,

whenever possible, to reduce expenses, thus increasing our cash surplus.

In the event that we are called upon to appropriate large sums for either military or civil defense purposes, it will be necessary either to reduce very substantially services presently being rendered by your Government or to increase tax revenues. If circumstances change, we must be prepared to change our policies. The uncertainty of this critical era makes it advisable for the Legislature to renew its grant of emergency transfer power. You have my assurance that these powers will only be evoked when necessary to provide for the safety and the welfare of our State.

I have greatly appreciated the cooperation that has been accorded me by the heads of the various State agencies. In particular, I wish to express my appreciation to our State Budget Director, J. Lindsay deValliere; his deputy, Abram M. Vermeulen; and their staff, for the constructive service they have rendered in the development of this Budget. I regret that in many instances available funds did not permit me to recommend requested appropriations. We must, however, live within our available revenues.

The Speaker announced, pursuant to Assembly Concurrent Resolution No. 8, the appointment of Assemblymen Alfred N. Beadleston, of Monmouth County, William O. Barnes, of Essex County, and Mrs. Florence Dwyer, of Union County, to the committee to study the manufacture, sale and distribution of dangerous brushed rayon articles.

Mr. Brady offered the following resolution, which was read by the Clerk:

WHEREAS, A stoppage of work exists, and has existed, arising from a labor dispute between the Prudential Insurance Company of America and its insurance agents, as a result of which thousands of employees of that company have been unemployed for over nine (9) weeks; and

WHEREAS, The Prudential Insurance Company of America has, instead of making sincere efforts to reach an agreement with the union of its agents, expended enormous sums of the money of its policyholders for advertising and other purposes to defeat the claim of its agents for a fair, minimum salary; and

WHEREAS, The Unemployment Compensation Laws of our State are, therefore, prepared as to favor an employer in such a dispute by disqualifying all claimants for benefits who are unemployed by reason of a labor dispute; now, therefore,

Be It Resolved, By the General Assembly of the State of New Jersey that:

(1) We call upon the Governor of the State of New Jersey to take active steps to intervene in this dispute in order that an early settlement may be arrived at.

(2) The Speaker of the General Assembly is authorized and directed to appoint a special committee of the General Assembly to investigate the corporate structure and ex-

penditures of the Prudential Insurance Company of America so as to determine whether said company is truly operating in the manner and form of a mutual insurance company, and whether the expenditures of said company in its effort to defeat the claims of the union of its agents have been lawful. Said special committee is directed to file a report with the Speaker at the earliest possible moment, which shall contain recommendations for such legislation as may be necessary to require the management and operation of said Prudential Insurance Company of America as a true mutual insurance company in all respects.

(3) The General Assembly of the State of New Jersey asserts that fairness requires the amendment of the Unemployment Compensation Law to impose a limit of four (4) weeks upon the disqualification for benefits arising from unemployment due to a labor dispute, and determines that Assembly Bill No. 164 shall be forthwith acted upon, adopted by this House, and delivered to the Senate for similar action.

Referred to Committee on Judiciary.

The Speaker introduced Assemblyman Tompkins who gave the following address in honor of Abraham Lincoln.

ANNUAL LINCOLN DAY ADDRESS

DELIVERED IN THE

NEW JERSEY GENERAL ASSEMBLY

BY ASSEMBLYMAN WILLIAM F. TOMPKINS, ESSEX COUNTY
FEBRUARY 11, 1952

Mr. Speaker, Members of the Assembly, and Guests:

It is entirely fitting and proper that we should pause for a few moments today to pay our respects to Abraham Lincoln, that great American whose birthday we celebrate tomorrow.

Let us refresh our memories of this great man by recalling some of the principal incidents of his life.

Of his early years—his undistinguished family, his lack of school, his hard life in a frontier settlement—almost too much has been written, and his handicaps have acquired a sort of virtue as though they are to account for his later emergence as the leader of his country. Although they give no basic clue to the central mystery of how Lincoln came to be a giant among Americans, the recital of these facts holds an undeniable fascination for us.

He was born in a log cabin in Hardin County, Kentucky, in the year 1809 of a shiftless father and an illiterate mother. The young Abe had practically no formal schooling—we have his own word for this—but he did possess an exceptional intellectual curiosity and lost no opportunity to devour such books as came to hand. The story of his walking long distances to borrow a volume from a neighbor is a true one and if the total number of books available to him was small, it is apparent that he absorbed their contents thoroughly.

His early manhood, which was uneventful, was spent in New Salem, Illinois, a small village near the capitol city of Springfield. In his one business venture, keeping store, he was a failure but it is significant that he paid off the heavy debt (\$1,100.00) his partner had bequeathed to him, by physical labor such as splitting rails and other similar tasks. Meanwhile he was reading law and studying grammar and using every opportunity to test himself by entering into neighborhood political discussions—a favorite indoor and outdoor sport of the day. The first firm evidence that he was capable of being a leader of men is furnished by his participation in the Black Hawk War where he was unanimously elected the captain of his company. In 1834 he was chosen to the State Legislature and served for four successive terms. As a Whig he was a member of the minority party but achieved some distinction by being made the Whig floor leader in the lower house. It was here that he cut his political eyeteeth and learned the useful art of legislative maneuver.

In 1837, Lincoln left New Salem and moved to Springfield. So poor was he at this time that he rode into town on a borrowed horse, all his possessions in his saddlebags except his surveying instruments which had been attached

for debt. For ten years he practiced law in Springfield and in 1847 was elected to Congress. His views upon the Mexican War brought him into disfavor with the voters—he did not regard the war as a just one for the United States—and he was not returned for a second term.

As a lawyer Lincoln gradually rose to front rank in Illinois. His practice, in partnership with capable men, was important and extensive. Popular stories of this circuit-riding phase tend to obscure the fact that he was engaged in a great deal of important litigation and that he frequently appeared in the State Supreme Court and the Federal Court in Chicago. He acquired a solid reputation for his ability to go to the heart of a matter and master the elements of each case. His prescription for success as a lawyer was simple. "Work, work, work," he said, "is the main thing."

In 1856, he joined the newly formed Republican party and quickly became the leading Republican in Illinois. Defeated by Stephen A. Douglas in the race for Senator, he nevertheless achieved national recognition as a powerful spokesman for the new Party. An advocate of moderation in all things, he tried in every way possible not to offend the South and while opposing the extension of slavery, urged that the North maintain a warm and friendly attitude toward the Southern people. Above all he sought to preserve the Union by avoiding the threatened conflict. He was elected as President in 1860 and immediately found himself confronted with one of the gravest crises in the Nation's history. Many doubted that this calm, quiet man could keep the lid on the boiling cauldron, but his stern determination to do his duty as he saw it was quickly made evident, and on his way to be inaugurated in Washington, he explained to the New Jersey House of Assembly: "I shall take the ground I deem most just to the North, the East, the West, the South, and the whole country, in good temper, certainly with no malice to any section. I am devoted to peace, but it may be necessary to put the foot down firmly."

There was little in his background to prepare him for the great trials that lay ahead. For four long and bitter years Lincoln struggled to contain the insurrection and bring peace to a ravaged land. Plagued by the successive defeats of Union armies, disappointed by his failure to find a winning general, heartsick at the bloodletting (the casual-

ties were the highest the world had ever seen), betrayed by many of his closest advisers and scorned by his generals he continued to the sickening business of quelling the Rebellion by a remarkable assumption of executive authority. In 1863 came the Emancipation Proclamation, which, while it had little immediate effect on the conduct of the war, was to go down as one of the major accomplishments of his administration.

Draft riots and the continuing failure of Northern arms continued to depress the country and burden the President. His own uncouth appearance and unconventional manners made him and his family the butt of continuing attacks of a violently personal nature. It is doubtful if many men in American public life have been subjected to more persistent and vicious attacks in the public press than Abraham Lincoln. That he rose above them and shamed his detractors is to his everlasting credit. His ability to lift himself above the petty attitudes of mankind was further evidenced in his Gettysburg speech which is remarkable for the dignity of tone and sublimity of expression it employed while the conflict still raged.

When finally the South capitulated and the carnage ceased, it was Lincoln who offered a peace that was unparalleled in the generous terms it offered to the vanquished. Four years of bitter struggle had not altered his essential character and while others about him cried for vengeance, Lincoln continued to stand for forgiveness and reconciliation. It is small wonder that his "With malice toward none" speech is generally regarded as his most sublime utterance, epitomizing as it does the essential grandeur of the man.

On April 14, 1865, Lincoln was assassinated in Ford's Theatre and the entire Nation was plunged into mourning as an unprecedented wave of grief swept over the country.

In assessing Lincoln's character the things that impress us most are his moral strength, his essential goodness and his deep and abiding love for mankind. It is precisely these qualities which have endeared him to generations of Americans who have selected Lincoln as their particular folk-hero. His very nicknames "Honest Abe," "The Rail-splitter," and most significant of all, "Father Abraham," indicate his great and lasting hold upon our affections. Completely honest, completely selfless, concerned only that

he do his duty for his country, he remains for us the finest example of what Democracy can produce. His humanitarianism reached out across the seas and touched hearts in other lands where his name became a symbol for tolerance and brotherly love. Tolstoy said that of the greatest heroes and statesmen of history, "Lincoln is the only real giant."

As long as men continue to worship Freedom, Abraham Lincoln will stand as a symbol of men's hopes and aspirations for a better world.

"He is the gentlest memory of our world."

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,
February 11, 1952. }

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

A Concurrent Resolution providing for the designation of the State Highway Route 25 from Port Street to the Pulaski Skyway, Newark, as the "Ironbound Viaduct."

WHEREAS, It is desired to give recognition to the industrialists of Newark, who were among the early settlers of the city, and who paved the way for the establishment of the Ironbound Territory of Newark as one of the leading industrial centers of the State, and to further encourage the development of industry within our Commonwealth; therefore,

Be It Resolved by the Senate (the General Assembly concurring):

1. State Highway Route 25 from Port Street to the Pulaski Skyway is hereby designated the "Ironbound Viaduct."

2. The State Highway Commissioner shall cause to be erected on such portion of State Highway 25 an appropriate and suitable tablet indicating the name of the Viaduct hereby designated.

3. This concurrent resolution shall take effect immediately.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

The Senate message was then taken up, and

Mr. Saiber moved that the General Assembly concur in the Senate concurrent resolution.

Which motion was adopted.

The Speaker declared the Senate concurrent resolution concurred in.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,
January 21, 1952. }

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has concurred in the following Assembly concurrent resolution:

CONCURRENT RESOLUTION memorializing the President of the United States and the Attorney-General to adopt

measures directed against mob violence destruction of life and property in the State of Florida.

WHEREAS, In a certain section of the United States crimes of violence directed against the persons and property of citizens of so-called minority groups, including damage to and attempted destruction of houses of religious worship, are rapidly increasing both in number and in seriousness; and,

WHEREAS, One of the most deplorable types of crime is the wanton destruction of human life, private and public and even religious property by individuals and groups using such methods to intimidate and to prevent the exercise by certain classes of American citizens of their constitutional rights to life, liberty, the pursuit of happiness and the peaceful ownership and occupation of property; and,

WHEREAS, The State of Florida has in recent months been the scene of a succession of such incidents, including shooting, bombing of public, private and religious property of Negro, Jewish and Catholic citizens, and finally the killing of a respectable and prominent Negro citizen and his wife and the destruction of their home by bomb; and,

WHEREAS, Such a wave of this particular type of crime in the State of Florida strikes at the very fundamentals of our constitutional rights and our system of democratic government in this Nation, tending, if unchecked, to result in an absolute disrespect for and defiance of duly constituted agencies charged with the protection of life and property and with the proper enforcement of criminal laws on the local, State and national levels; and,

WHEREAS, The continual disregard of the taking of human life and the destruction of public, private and religious property by irresponsible individuals under the influence of excitement, racial and religious hate usurping the prerogatives of proper legal agencies devoted to the investigation, apprehension, prosecution and punishment of persons accused of crime, can but encourage this rising tide of violence; and,

WHEREAS, A stable government can only be maintained where the courts, operating under due process of law, shall be the only and proper agency or power committed to settle differences between individuals and groups in a constitu-

tional manner, and any government must fall when individuals and groups are permitted to bypass the courts and resort to private methods of adjusting real and imaginary grievances and of obtaining revenge upon those with whom there may be controversy or disagreement; and,

WHEREAS, We firmly believe that this unfortunate and growing disregard of law and order can best be curtailed and eradicated through the power of our Federal Government operating through the Department of Justice as in these situations, we believe that the civil rights of American citizens are being violated;

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

1. That His Excellency Harry S. Truman, President of the United States of America, be memorialized and requested to as speedily as possible direct the proper Federal officials and agencies to investigate the situation in the State of Florida, and upon proper report of such investigation to direct the Attorney-General of the United States to use every agency under his jurisdiction, including the Federal Bureau of Investigation, to bring to justice those responsible not only for the actual commission of acts of lawlessness, but all others who shall have conceived, conspired, aided or abetted in any of these acts of lawlessness, to the end that this growing tide of violence and disregard of law may be checked and eradicated and that every citizen of the United States of America may be accorded and guaranteed full constitutional protection of life, liberty and property.

Be It Further Resolved, That copies of this concurrent resolution be transmitted to the President of the United States, Attorney General of the United States, and to the Governor of the State of Florida.

2. This concurrent resolution shall take effect immediately.

OLIVER F. VAN CAMP,
Secretary of the Senate.

Whereupon the Clerk delivered Assembly concurrent resolution referred to in Senate message to Mr. Mills, Chairman of Assembly Joint Committee on Passed Bills, for presentation to the Governor for his approbation.

Invitation extended by Hon. John V. Kenney to Members of New Jersey Legislature, introduced by Assemblyman Leo N. Knoblauch of Hudson County, March 24, 1952.

"It is my privilege, in behalf of Mayor John V. Kenney, of Jersey City, to extend to all the members of the Legislature, a cordial invitation to visit The Jersey City Medical Center, in Jersey City, on Wednesday, March 26, 1952, which date has been set aside as Medical Center Day.

"The great humanitarian services that have been extended to the people of the City of Jersey City, and, in fact, to the citizens of the State of New Jersey, to whom its doors have always been open, is well known to us all.

"The people of this State are entitled to first hand knowledge of the many medical services that are available, are being rendered, and are always available to them. It is for this reason that the City Fathers of Jersey City have proclaimed March 26th as a special day open to the public for their personal inspection of the great facilities and great work being accomplished at this institution.

"It is my personal hope, also, that the ladies and gentlemen of this House and the Senate, may find the time to visit The Jersey City Medical Center, to acquaint themselves with the facilities available for the establishment of a State Medical College, as I have proposed in A-433 which Bill lies dormant in committee, hopefully waiting its call to the floor for your esteemed consideration. I would like to say, also, at this time, that A-433 is a Bill for the creation and establishment of a State Medical College, and that the location of the institution is left up to the Board of Trustees.

“The Mayor’s invitation is timely and of the utmost importance to us all. I sincerely trust that all of you will find it possible to make the visit and see for yourselves the great Hospital with its beautiful buildings, and the great work going on within its doors.”

Mr. Simmill moved that the communication be received and spread in full upon the minutes.

Which motion was adopted.

Mr. Simmill, Chairman of the Committee on Introduction of Bills, reported consent has been given to introduce

The following communication was sent to the desk and read by the Clerk:

Annual Report of the Division of Taxation, Department of the Treasury, State of New Jersey, for the year 1951.

And

LETTER OF TRANSMITTAL

ANNUAL REPORT OF THE

DIVISION OF TAXATION

DEPARTMENT OF THE TREASURY

Trenton, July 1, 1951.

To the Hon. Alfred E. Driscoll, Governor of the State of New Jersey, and the Legislature of the State of New Jersey:

Pursuant to the provisions of R. S. 54:1-13, I respectfully submit the 1951 Annual Report of the Division of Taxation, Department of the Treasury, covering the activities of the eight Bureaus of the Division for the calendar year 1951 and the State fiscal year ending June 30, 1951.

The heavy burden of local property taxes is focusing attention on the lack of uniformity of assessments among property owners and the absence of equalization of ratables among the taxing districts. There is also concern over the effect of unequalized assessments on the annual distribution of a portion of the State aid for schools.

Since there have been no appropriations over the last 20 years, the Director of Taxation and his predecessor, the State Tax Commissioner, have not been in a position to cope with these conditions which have become very serious in the past 10 years by reason of the rapidly rising burden of local taxes.

It is imperative that at least some steps be taken to remedy these conditions. I urge the creation of a pilot bureau in the Division of Taxation to deal with at least

some of the most pressing problems and by its accomplishments demonstrate the value of an adequately staffed State agency to function in this field. I will submit to the Governor and the 1952 Legislature a budget request for this purpose.

While some improvement in the administration of veterans' exemptions has resulted from the enactment of c. 184, laws of 1951, several inequitable situations have developed under Article VIII, section 1, paragraph 3 of the New Jersey Constitution of 1947, which it is believed can be remedied only by constitutional amendment. No exemption is presently provided for citizens and residents of the State while actually serving in the armed forces in time of war. As the constitutional provision now stands an honorable discharge or release under honorable circumstances is indispensable to the allowance of an exemption claim. As a result, career men of the armed forces, some of whom have had combat service in two World Wars, must be denied exemption where they are still in the armed forces and there has never been a break in their military service. Uncertainty as to the meaning and intent of the constitutional clause "in time of war" and uncertainty as to the power of the Legislature to define that clause has resulted in great confusion in and dissatisfaction with the administration of the exemption provisions of the Constitution. If the clause is limited to the period of actual hostilities of the four formally declared wars in which this Country has been engaged in the last 100 years, then many veterans who have served in the military forces of the United States in time of armed conflict short of formally declared war (*e.g.*, Philippine Insurrection and encounters, Cuban occupation and pacification, Porto Rican Occupation, Nicaraguan Campaigns, Dominican Campaigns, Boxer Uprising, Mexican Punitive Expedition, Mexican Border Troubles, Vera Cruz Expedition, China Relief Expedition, Korean Incident or Policing Action, *et als.*) must be denied the right to exemption. Since the Legislature is apparently powerless to alter any substantive right granted by the Constitution, it would seem that these inequitable situations can be corrected only by constitutional amendment. More than 200,000 veterans annually claim exemption of over \$100 million of local ratables involving an annual local tax reduction of approximately \$6,500,000. It is apparent that the issue is a substantial one and because policy questions are involved, I respectfully urge the creation of a Legisla-

tive Committee to examine the problem and submit its recommendations.

Respectfully submitted,

(Signed) WALTER T. MARGETTS, JR.,
*State Treasurer,
Acting as Director,
Division of Taxation.*

Mr. Simmill moved that the communication be received and filed.

Which motion was adopted.

Mr. Simmill offered the following amendments to Committee Substitute for Assembly Bill No. 10, which were read.

Amendments proposed to Committee Substitute for Assembly Bill No. 10:

Amend page 8, section 6, immediately following line 52 insert the following paragraph:

"If the Authority, by resolution, determines that it is a reasonable public necessity to acquire, for any project, lands owned by or under the control or jurisdiction of any county park commission, it shall, within ten days after its adoption of said resolution, serve a copy of said resolution upon the said park commission. The park commission may within twenty days after said service upon it appeal from the said determination of the Authority to the Appellate Division of the Superior Court, which shall hear and determine the question of whether or not the taking of the land in question in preference to some other route, is a reasonable public necessity; and if said Court shall determine that said taking is such a reasonable necessity, the Authority may thereupon proceed therewith."

Amend page 10, section 7, line 31, change the word "time" to "times".

Amend page 20, section 18, line 22, change the word "othewise" to "otherwise".

Amend page 25, section 20, delete lines 23 to 31, inclusive, in their entirety and insert in lieu thereof the following: "hundred and fifty-two; and (3) shall, with respect to any part of said project located in Essex county, provide connections therewith by means of parallel or other feeder or service roads or otherwise, to and from existing county highways intersecting such part of said project between and including Springfield avenue, Irvington and Belleville avenue, Bloomfield, or such of said county highways as, prior to September fifteenth, one thousand nine hundred and fifty-two or such later date as may be fixed by the

Authority, shall be designated by certificate of the county engineer of Essex county, approved by resolution of the Authority; and (4) shall not collect tolls on such project at Springfield avenue, Irvington, or Belleville avenue, Bloomfield, or at any point between said avenues, except with respect to vehicles entering or leaving the project south of said Springfield avenue or north of said Belleville avenue. In the design, construction and operation of”.

Amend page 26, section 20, line 36, after the words “points of” delete the balance of the line and insert in lieu thereof the words “connection between public highways and the”.

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 31, 1952.

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

WHEREAS, It is generally agreed that law enforcement officers are engaged in a hazardous employment that requires that such officers be accorded special retirement and pension coverage; and

WHEREAS, Special retirement and pension coverage for law enforcement officers is in the public interest since superannuated law enforcement officers are unable to protect adequately the public; and

WHEREAS, Public pension systems should be established on an actuarially sound basis in order to reduce the cost to the taxpayers while affording maximum security to employees; and

WHEREAS, The many hundreds of law enforcement officers now employed by the State Government of New Jersey are either members of small, unsound special pension systems or are members of retirement systems designed primarily to meet the needs of employees engaged in nonhazardous employment; now, therefore,

Be It Resolved by the Senate (the General Assembly of the State of New Jersey concurring):

1. A commission is hereby created to study the possibility of establishing a single, uniform retirement system for law enforcement officers employed by the State Government of New Jersey.

2. The commission shall consist of ten members as follows: two members of the Senate appointed by the President of the Senate; two members of the General Assembly appointed by the Speaker of the General Assembly; and six citizens of the State, two of whom shall be appointed by

the Governor, two of whom shall be appointed by the President of the Senate and two of whom shall be appointed by the Speaker of the General Assembly.

3. The commission shall organize and elect one of its members chairman and may select such other officers as it deems necessary.

4. The commission shall study the duties and responsibilities of all law enforcement officers employed by the State Government of New Jersey for the purpose of determining which of such officers require special retirement coverage.

5. The commission shall study all existing pension and retirement systems established for the benefit of law enforcement officers employed by the State Government of New Jersey in order to determine if such pension and retirement systems are actuarially sound and if the provisions of such pension and retirement systems are consistent with sound public policy.

6. The commission shall report to the next session of the Legislature, but not later than February first, one thousand nine hundred and fifty-three, on the nature and condition of existing retirement provisions for law enforcement officers employed by the State Government of New Jersey and on the feasibility and cost of establishing a single, uniform, and actuarially sound retirement system for such officers.

7. The commission may hold hearings as it deems necessary and may call upon any State officer, department, agency or commission for advice and assistance.

8. This concurrent resolution shall take effect immediately.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

The Senate message was then taken up, and

Mr. Mills moved that the General Assembly concur in Senate concurrent resolution.

Which motion was adopted.

The Speaker declared the Senate concurrent resolution concurred in.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 31, 1952. }

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

A concurrent resolution continuing the Study Commission created pursuant to Senate Concurrent Resolution No. 3 and referring certain bills to said Study Commission.

Be It Resolved by the Senate (the General Assembly of the State of New Jersey concurring):

1. The special commission created pursuant to Senate Concurrent Resolution No. 3 is hereby continued.

2. The members of the commission shall be those persons appointed pursuant to Senate Concurrent Resolution No. 3.

3. The commission shall study the provisions of Article 1, Chapter 4, Title 43 of the Revised Statutes of New Jersey, the provisions of Senate Bill No. 306 of the 1952 Legislative Session and the provisions of Assembly Bill No. 392 and Assembly Bill No. 652 of the 1952 Legislative Session and any other material bearing upon the retirement of war veterans in public employ.

4. The commission shall report its findings and recommendations, including the estimated cost of the various bills referred to it, to the Legislature, but not later than January 15, 1953.

5. The commission may conduct hearings, as it may deem desirable. It shall have the authority to call upon any State department, agency or commission to provide information, advice and assistance for the purpose of carrying out this resolution.

6. This concurrent resolution shall take effect immediately.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

Resolved, That the privileges of the floor be extended to Edmund G. Lyons of Clifton, who is State Commander of the American Legion.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,

Mr. Speaker:

April 4, 1952.

I am directed by the Senate to inform the General Assembly that the Senate has passed the following concurrent resolution:

WHEREAS, It is sought to pay homage and respect to the memory and achievements of General Friedrich Wilhelm von Steuben, who came to our shores on December 1, 1777, to offer his heart and his hand to assist our struggle for independence, and his heroic deeds are emblazoned in the history of our country; and

WHEREAS, The hero, born at Magdeburg, Prussia, on September 17, 1730, did join with Washington at Valley

Forge and devote himself with great resolve and effect to the bolstering and reorganization of our then sadly tried soldiers, and distinguished himself at Monmouth and Yorktown; and

WHEREAS, By historical coincidence, Constitution Day and the birthday of General von Steuben both occur on the same day; and

WHEREAS, General von Steuben was instrumental in promulgating the drill regulations and regulations for order and discipline of the troops of the United States, which were adopted by Congress on March 29, 1779, and in addition he is historically credited with the fundamental idea of the establishment of the United States Military Academy at West Point; now, therefore,

Be It Resolved by the Senate (the Assembly concurring): That the Governor of the State of New Jersey be and hereby is authorized and requested to issue a proclamation commemorating Constitution Day and also the anniversary of the birth of General von Steuben and that the Governor call upon all citizens of New Jersey to display the National Emblem, and that proper exercises be held in schools, churches and other places.

In which the concurrence of the General Assembly is requested.

OLIVER F. VAN CAMP,
Secretary of the Senate.

The Senate message was then taken up, and

Mr. Hauser moved that the General Assembly concur in the Senate concurrent resolution.

Which motion was adopted.

The Speaker declared the Senate concurrent resolution concurred in.

Mr. Shershin offered the following resolution, which was read and adopted:

WHEREAS, The Right Reverend Monsignor William V. Dunn, M.R., V.F., LL.D., Pastor of St. Nicholas Roman Catholic Church, is celebrating his Fiftieth Anniversary as an ordained priest on May 25, 1952, at St. Nicholas Church in the City of Passaic, County of Passaic, and State of New Jersey, and

WHEREAS, He has served since his ordination to the priesthood at St. Michael's, St. Aloysius, and St. John's of Jersey City, Immaculate Conception Church in Franklin, and with the missions in Ogdensburg and Sussex, and has also served as Pastor of Our Lady of the Blessed Sacrament, East Orange, and at St. Nicholas, Passaic, New Jersey, and

WHEREAS, During all of his services as a priest, he has been active in civic and community affairs in each of the communities in which he has served, and

WHEREAS, He has been active in the City of Passaic, New Jersey, as Catholic Chaplain of the Police and Fire Departments and served on hospital drives, Bond and U. S. O. drives, and has preached continuously of patriotism and loyalty from the pulpit and at all of his public functions, and

WHEREAS, His whole life as a priest has been devoted not only to the rendering of great service to his Church, but also to the rendering of great services to the people of various communities in both words and act throughout his whole life since ordained as a priest,

THEREFORE, Fully acknowledging our indebtedness to the Right Reverend Monsignor William V. Dunn, M.R., V.F., LL.D., as a religious and civic leader, we extend to him on this memorable occasion of his Fiftieth Anniversary of service our deepest appreciation for work well done as a priest and community leader, and pray that he may be with us for many more years in this great service.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the members of the General Assembly take this opportunity to express to the Honorable Lawrence A. Cavinato, its Speaker, their sincere appreciation for the fair, dignified and thoroughly impartial manner in which he has presided over its deliberations during the session of 1952, and that the Assembly congratulate him on the careful and painstaking manner in which he has conducted its affairs, whereby the business has been disposed of in a methodical manner, with regard and respect for the interest of the members pending legislation, and with a high purpose to serve the best interest of the State. This emi-

ment fitness to preside, his kindly consideration and thoughtfulness have made him a place in the affections of the entire membership of this Assembly; they wish him long life and prosperity and hope that the future holds for him higher political honors.

Mr. Simmill, the Majority Leader, presented Speaker Cavinato with a gavel, on behalf of the entire Assembly.

Mr. Jamieson, Minority Leader, added his tribute, speaking for the minority party.

Messrs. Snediker, of Middlesex county; Junda, of Passaic county; Field, of Bergen county; Hauser, of Hudson county; Joya, of Essex county; Brixie, of Middlesex county; Tompkins, of Essex county; Mackey, of Union county; Evans, of Camden county; N. C. Smith, of Ocean county; Mrs. Savage, of Ocean county, and Mrs. Pilger, of Essex county, added their words of praise and thanks for the Speaker's leadership and co-operation.

The Speaker responded with his expression of appreciation for the tributes accorded him and for the co-operation of the entire personnel during the session.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the Honorable James C. Jamieson, of Warren county, leader of the Democratic representation in the General Assembly, be extended the thanks of the General Assembly for the able manner in which he has fulfilled the peculiarly exacting duties representing his party, while at the same time co-operating with the Majority in the enactment of important measures that have come before the General Assembly.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That a committee of three be appointed by the Speaker forthwith to wait upon His Excellency, the Governor, and inform him that the One Hundred and Seventy-Sixth Session of the Legislature has completed its labor and is about to adjourn *sine die*, and to inquire if the Executive has any further communications to make to this body.

Whereupon the Speaker appointed Messrs. Thomas, Jamieson and Mrs. Savage, as the committee to wait upon the Governor.

Mr. Jamieson offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the thanks of the members of the General Assembly be and hereby are extended to the Honorable Elvin R. Simmill, of Monmouth county, Leader of the Republican representation in the General Assembly, for the capable manner in which he has assisted in the transaction of the important matters which have come before this body for action. While the sentiment of this resolution is fully endorsed and approved by the entire membership, the Democratic Leader especially wishes to record his appreciation of the fairness and consideration shown to the Minority by Mr. Simmill.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the thanks of the members of the General Assembly be and are hereby extended to William T. Ludlum, Clerk of the 1952 Session, for the prompt, efficient and courteous manner in which he has administered his office.

The committee appointed to wait upon the Governor returned, saying they had notified the Governor that the General Assembly was ready to adjourn *sine die*, and that the Governor thanked them, and commended them for a successful session.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the thanks of the General Assembly be extended to the Honorable Richard L. Gray, for the assistance and courtesy which he has rendered the entire membership of the General Assembly in the performance of his duties as Assistant Minority Leader.

CONSTITUTIONAL SESSION

TUESDAY, May 27, 1952.

The Constitutional Session called in accordance with the Constitution adopted by the people in 1947 to receive the Governor's veto messages.

General Assembly met at 12 o'clock noon, D. S. T.

Prayer was offered by Rev. John B. Oman, of the First Methodist Church, Trenton, N. J.

The following announcement was sent to the desk and read by the clerk:

Pursuant to Article V, Section 1, Paragraph 14, subsection "b" of the Constitution of the State of New Jersey of 1947, adopted November 4, 1947, by the people of the State, the General Assembly of the State of New Jersey is now called to order by virtue of the aforesaid section for the purpose of acting under authority provided for in this paragraph upon bills returned by the Governor without his approval.

The General Assembly, having been called to order, the Speaker ordered the Clerk to proceed with the roll call.

Upon the calling of the roll, the following members appeared and answered to their names:

Messrs. Barnes, Beadleston, Bianco, Bowkley, Bowser, Brady, Cahill, Casciano, Cavinato (Speaker), Deamer, Duffy, Dwyer, Evans, Field, Fowler, Glenn, Gray, Haines, C. W., Haines, M. D., Hauser, Hillery, Hoff, Joya, Junda, Knight, Knoblauch, Krawczyk, Kurtz, Lassans, Mackey, Maebert, Marggraff, Mills, Murphy, Musto, Pilger, Saiber, Salsburg, Salvest, Savage, Schaeffer, Shannon, Shepard, Shershin, Simmill, Smith, A. M., Smith, N. C., Snediker, Thomas, Thompson, Tompkins, Vervaet, Williams—53.

Absent—

Messrs. Brixie, Jamieson, Jones, Little, Newton, Silver, Stewart—7.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the Speaker appoint a committee of four to wait upon the Governor and inform him that the General Assembly is now in session, with a quorum present, and is ready to proceed to business.

Whereupon, the Speaker appointed the following committee to wait upon the Governor: Mr. Thomas of Union County, Mr. Joya of Essex County, Mr. Silver of Gloucester County, and Mr. Brixie of Middlesex County.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the Clerk of the General Assembly be and he is hereby directed to inform the Senate that the General Assembly is now in session with a quorum present and is ready to proceed to business.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the rules of the regular 1952 session be adopted as the rules of the Constitutional Session.

Mr. Simmill offered the following resolution, which was read by the Clerk and adopted:

Resolved, That all standing committees of the 1952 session be reappointed and reconstituted by the same members for the Constitutional Session.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

	STATE OF NEW JERSEY,	}
	SENATE CHAMBER,	
Mr. Speaker:	May 27, 1952.	

I am directed by the Senate to inform the General Assembly that the Senate is now in session with a quorum present and is ready to proceed to business.

OLIVER F. VAN CAMP,
Secretary of the Senate.

The following are the absolute vetoes:

ASSEMBLY JOINT RESOLUTION No. 11

To the General Assembly:

I am returning herewith, without my approval, Assembly Joint Resolution No. 11 for the following reason:

By Joint Resolution No. 10, of 1939, approved August 8, 1939, the Legislature designated State Highway Route No. 24 as the "Military Order of the Purple Heart Memorial Highway" as a memorial and in commemoration of the services of the members of the Military Order of the Purple Heart.

Assembly Joint Resolution No. 11 proposes a new designation for this highway. It designates Highway Route No. 24 as a freeway to be known as the "Morris Freeway." The resolution contains no repealer of the 1939 designation of the route. The State Highway Commissioner would, accordingly, have before him two conflicting expressions of the Legislature.

I am, accordingly, returning Assembly Joint Resolution No. 11 herewith, without my approval.

ASSEMBLY BILL No. 109

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 109, for the following reasons:

This bill would provide a pension for the widow and children of any county superintendent or assistant county superintendent of weights and measures who dies after retirement on one-half pay pension provided pursuant to Chapter 397 of the Laws of 1938. It is a mandatory pension measure. No opportunity is afforded the governing body of the county, which is responsible for raising the money to pay the pension, to pass upon the granting of the pension. Moreover, the proposed additional benefit would be provided without any requirement for additional contributions on the part of the members or the employers to meet the cost of the pensions.

Although the objectives of this legislation are desirable, the method of financing the proposed pensions would depart from the principle of an actuarially sound benefit structure. In the absence of actuarial soundness there can be no enduring pension system. Promises to pay in the future, unsupported by substance may create the illusion of security—and in the end such promises may be a cruel jest.

I should be very pleased to add my unqualified approval to this bill if it were actuarially sound. The contrary being the case, I am returning the measure without my approval, and with the recommendation that the entire matter be given further study by the Legislature to the end that there may be adopted appropriate legislation to protect the promised benefits with an actuarially sound basis of contributions.

Respectfully,

ASSEMBLY BILL No 121

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 121, for the following reasons:

This bill is similar to Senate Bill No. 295 which I have also been constrained to return without my approval. Like the Senate bill, it has limited application, in this case to certain cities of the fourth class in the counties of the fifth class (bordering on the Atlantic Ocean in either Monmouth or Atlantic Counties).

Assembly Bill No. 121 would permit the governing body in the municipalities affected to "increase and fix" the annual salary of the mayor and members of the governing body thereby overriding any previous action of the voters of the municipality in establishing the salaries by referendum. The bill would, in effect, amend R. S. 40:46-26 although neither the title nor the body refers to Chapter 46 of Title 40.

As I pointed out in my message regarding Senate Bill No. 295, the Legislature only last year adopted a thoroughly acceptable method of dealing with the problem of the present bill. Laws of 1951, c. 327, authorizes the submission of a public question to the voters which, in effect, enables them to authorize the governing body to fix salaries previously fixed by the voters by referendum. The awkward, costly and rarely used procedure of a remonstrance against a salary increase, which is incorporated in Assembly Bill No. 121, cannot be considered as a substitute for the proper recognition of the existing authority of the legal voters.

Accordingly, I am constrained to return the bill herewith without my approval.

ASSEMBLY BILL No. 128

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 128, for the following reasons:

This measure would validate affidavits, acknowledgments and proofs of deeds, mortgages and other writings, and the certificates thereof, heretofore taken or made before or by any commissioner of deeds in and for this State, or foreign commissioner of deeds for this State, or notary public of this State, who had been duly appointed but had failed to qualify or whose term of office had expired or commission become void at the time of taking such affidavit, acknowledgment or proof.

The provisions of Assembly Bill No. 128 are entirely too broad. It would circumvent many statutory provisions enacted for the protection of the public by requiring certain instruments to be sworn to before an officer who possesses present authority to do so.

There are a number of validating acts on the statute books covering certain instances of the kind treated in this

measure. Carefully circumscribed bills to meet hardship situations would appear appropriate, but a blanket validation of the type proposed by the instant measure is undesirable.

Accordingly, I am constrained to return the bill without my approval.

ASSEMBLY BILL No. 132

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 132, for the following reasons:

This bill would validate all final decrees of the former Court of Chancery or final judgments heretofore entered in the Superior Court, Chancery Division, in tax foreclosure proceedings brought by a municipality to bar the equity of redemption of the owner of some estate or interest in or the holder of some encumbrance on the lands and premises affected, who may have been omitted, *inadvertently or otherwise*, as a party defendant in any prior action to foreclose the tax certificate, notwithstanding the fact that the municipality sold the said lands and premises prior to such final decree or judgment.

Our courts have permitted a mortgagee who purchased the mortgaged premises at the foreclosure sale and then conveyed them to a third party, to maintain strict foreclosure proceedings against a junior mortgagee who was not

made a party to the original mortgage foreclosure proceedings. This was done on the theory that the mortgagee had the requisite interest to file such a bill by reason of taking possession of the lands under the sheriff's deed in foreclosure and his liability under the warranty contained in his subsequent deed to the third person; and furthermore upon the primary ground that our courts, in the exercise of equity jurisdiction, have the inherent right to grant relief against the consequence of accident and mistake of fact—in other words, to act where equitable considerations are involved. *Sears, Roebuck & Co. vs. Camp*, 124 N. J. Eq. 403.

It would seem, by parity of reasoning, that a municipality should, under similar circumstances, have a right to maintain strict foreclosure against the owner of some estate or interest in or the holder of some incumbrance on the affected premises who was omitted as a party defendant to the original tax foreclosure sale. However, such omission must have been inadvertent, or there must be present some other equitable consideration that will move the court to award equitable relief.

Assembly Bill No. 132 would go beyond these considerations. It is not limited to instances where the municipality went into possession under the original tax foreclosure or where it may have given a warranty deed. But more fundamentally important is the fact that the bill validates proceedings where a necessary party defendant was omitted under circumstances that may not have been inadvertent or excusable in equity. The bill puts the stamp of approval upon tax foreclosures that may have been instituted and carried through with indifference to the rights of parties whose interests might have been determined through reasonable search and investigation.

Accordingly, I am constrained to return the bill without my approval.

ASSEMBLY BILL No. 153

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 153 for the following reasons:

The purpose of this bill is to establish Saturdays between June 15th and September 15th in each year "as public holidays" with respect to the transaction of business in public offices. Under existing law, Saturdays during July and August are considered as "public holidays."

Assembly Bill No. 171 of 1950 and Assembly Bill No. 145 of 1951 were designed to accomplish the same purpose as the instant bill. In my messages to the Assembly in 1950 and 1951, accompanying the return of the stated bills, without my approval, I pointed out:

"The public business is a business of service for the convenience, welfare and safety of the people. To this end it is our obligation to keep public offices open at all reasonable hours. In this respect government cannot and should not hope to emulate some private businesses which have seen fit to close on Saturdays. Many State and local services, including hospitals and police, must operate around the clock without interruption. Many offices, accordingly, may neither conveniently nor properly be closed, so-called public holidays to the contrary notwithstanding. Any increase in public holidays is bound to increase the cost of government.

"As employers, we can well appreciate the advantages of a five-day week for employee morale. But a five-day week for employees does not necessarily require a five-day week for the public business or an increase in the number of public holidays. Through careful administration, the management of public offices may in many instances arrange for a five-day week where this arrangement is proper and in the public interest. There is presently sufficient authority for the operation of public offices on Saturdays, other than those during July and August, with a skeleton force.

“While I sincerely hope that public employees can enjoy the greatest possible leisure consistent with their public trust, the conditions of work and paramount requirements of service to the public differ so widely in different departments and agencies, let alone in the different counties and municipalities, that the subject of Saturday closing cannot properly be regulated with any more uniformity than is already provided by law.”

For the same reasons I am constrained to return Assembly Bill No. 153 without my approval.

ASSEMBLY BILL No. 177

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 177, for the following reasons:

This amendment to R. S. 54:34-4 (f) would exempt from New Jersey inheritance tax \$5,000.00 of the proceeds of any contract of life insurance payable on the death of the insured to his executor, administrator or estate.

In its present form the proposed amendment raises a doubt as to whether \$5,000.00 of each policy so payable shall be excluded from the taxable estate or whether only \$5,000.00 in the aggregate of all such policies is intended to be excluded.

The Statement to the bill alleges that "Many persons maintain additional life insurance contracts to provide funds at death to pay State and Federal taxes and mandatory death costs." If, as a legislative policy, there should be tax-free funds from which such liabilities will be met, then there is no logical reason why the source of such funds should be limited to life insurance proceeds. There are some who might prefer to set aside bank accounts, stock or other property to meet such liabilities.

New Jersey has always required inclusion in the taxable estate of insurance proceeds payable on the death of the insured to his estate or to his executor or administrator, and such insurance is includable for estate tax purposes in New York and by the Federal Government; in fact, those jurisdictions, subject to specified deductions, include insurance proceeds payable to specifically designated beneficiaries other than the insured's estate, his executor or administrator.

The Division of Taxation advises me that approval of this measure would adversely affect our State revenue, and that the loss will be substantial. If we are to continue existing services without the impact of new and additional taxes, it is essential that we do not impair current revenues.

Accordingly, I am constrained to return Assembly Bill No. 177 without my approval.

ASSEMBLY BILL No. 244

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 244, for the following reasons:

This bill deals with the personnel policies of counties, municipalities and school districts operating under Title 11 (Civil Service) of the Revised Statutes. Such policies include decisions as to the number of employees required by each unit of local government, their compensation, working conditions, leaves of absence, sick leave and vacation time, either with or without pay. Among the various units of local government some may offer more attractive opportunities and personnel policies than others, depending upon their financial conditions as well as general employment conditions in their area and the requirements of fair treatment of all employees.

It has been customary for the Legislature to set up certain minimum standards, applicable throughout the State, with regard to public employment. In this way the general State interest in maintaining at least minimum conditions is upheld. Over and above the minimum, it is the responsibility of each local government, and of its employees, to decide and agree upon fair and reasonable conditions affecting their employments. Merely because the State government has adopted a good policy, does not mean that counties, municipalities and school districts should necessarily adopt the same policy; nor does it show that they have the ability to do so.

Last year the State government adopted a policy of increased vacation time for older employees. From the point of view of the administration of State government, we believe that this was a desirable policy and we have been prepared to adjust our finances accordingly. It is the responsibility of those in charge of the administration of local government to decide for themselves upon the best policy to follow with respect to vacation time. State law

has guaranteed all employees a certain minimum vacation. It has not placed any ceiling on vacation time. In any local government where longer vacations are desirable, the local governing bodies have full power and responsibility to apply such policies as they find in the best interest of their employees and of their public responsibility, commensurate with the salary scales and other working conditions in each separate local government.

Accordingly, I am returning the bill herewith without my approval.

ASSEMBLY BILL No. 252

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 252, for the following reasons:

This bill would amend Section 40:37-165 of the Revised Statutes, relating to park police pension or retirement funds in certain counties by, among other things, providing a pension for widows of members where death of the member occurs before retirement and not in the performance of duty.

No provision is made in the bill for increased contributions to meet the cost of the additional benefits. In addition, R. S. 40:37-162 provides that if the pension or retire-

ment fund shall not be sufficient at any time for the payment of the pensions provided under the law establishing the pension program (R. S. 40:37-157 et seq.) all pensions payable out of the fund shall abate proportionately.

In the light of these two conditions, the effect of the enactment of Assembly Bill No. 252 would be to ultimately reduce the pension being paid to those who are now or who may be pensioned under the provisions of the law creating the pension system. This will mean, for example, that widows of members who have lost their lives in the performance of duty will have their pensions reduced so that widows of members who die from natural causes can be pensioned.

Although the objective of the measure is desirable, the method of financing the proposed new pensions would depart from the principle of an actuarially sound structure. I have repeatedly stated that in the absence of actuarial soundness there can be no enduring pension system.

If the provisions of the bill were actuarially sound I would be pleased to add my unqualified approval to it. The contrary being the case, I am returning Assembly Bill No. 252 without my approval and with the recommendation that the matter be given further study by the Legislature to the end that there may be adopted appropriate legislation to protect the promised benefits with an actuarially sound basis of contributions.

ASSEMBLY BILL No. 260

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 260, for the following reasons:

This bill represents a revision of the Walsh Act (commission form of government law) prepared by a committee of the State League of Municipalities to accomplish important changes in the charter under which some 61 municipalities in this State operate. It does not appear that the revision has had the benefit of any citizen participation in this charter-making activity. It is intended to take effect January 1, 1953, without any action on the part of the citizens of the municipalities affected.

The present bill consists in large part of provisions of a technical character, designed to conform the Walsh Act to the election law, to clarify the recall sections, and to correct some of the references to the courts. These changes would be helpful, but they hardly comply with the stated purpose of the bill "to strengthen the fundamentals of commission government." On review of the remaining provisions of the bill, I am convinced that not only will it fail to strengthen the fundamentals but, if it were to become law, it would actually weaken commission government as we have known it.

One of the basic principles of the bill is apparently directed toward the practice which has, unfortunately, cropped up from time to time of a majority on the board of commissioners stripping the minority of their administrative functions. As a substitute for this unhappy arrangement, the bill would require that the board of commissioners assign powers and duties to "appropriate departments" in such manner that there may be "as nearly as possible an equal division of the various divisions, bureaus, officers and functions of government among the departments . . ." At first glance, it might appear that this amendment would go back to the provision of the commis-

sion form of government law that existed before 1927, requiring assignments be "to the appropriate departments." It soon became apparent that this provision was entirely unworkable because it substituted judicial discretion for the board's discretion in the assignment of powers and duties, and the courts were not suited to exercise that discretion. It was necessary to repeal the provision by Chapter 330 of the Laws of 1927.

As a matter of principle, the assignment of powers and duties by the governing body, under commission government, presents a problem of achieving the most efficient organization of the administrative activities of the local government. The amendment proposed in the present bill would demand an equal division of the various bureaus, officers and functions of government. If this is to imply an equal division of the spoils, it hardly can square with an intention to make the assignment to the most appropriate department. If it is intended to present a standard to guide a court, it will be more confusing than ever. It is impossible to divide functions equally and at the same time divide officers equally, since the number of officers required by any given function obviously varies considerably. Similarly, an equal division of the bureaus may prevent an equal division of either functions or officers. Above all, as the Commission on Municipal Government has said: "The idea of divying up the jobs, which is implicit in this proposal, is in fact one of the glaring deficiencies that commission government has produced."

Further evidence of the unworkable character of the proposal is that it is coupled with the provision that once an assignment of powers and duties has been made, it may not be changed without unanimous consent of the board, as compared with the majority vote which is permissible with respect to all legislative matters. This suggests a complete distrust of the judgment of the commissioners in administrative matters. The whole idea of good organization of government implies reasonable flexibility to make changes as new conditions and experience develop. While I heartily disapprove of a political stripping of a commission, I am equally opposed to the proposed freezing contemplated in this bill.

Another major point of attention in the bill is the power of the mayor. In the past he has had nominal power to

“supervise all departments,” although the courts have seen little content in this phrase. The present bill would take away the power to supervise and replace it with the power “to investigate” any one of the other commissioners or their departments. Within the framework of the commission form of government, such a power could only lead to friction rather than efficiency. The power to investigate should be accompanied by the power to take appropriate action. Assuming the investigation disclosed the need to relieve a commissioner of his departmental activities, the commission’s power to act would be effectively blocked by the requirement of unanimous consent. Having observed the depth of the bitterness that develops in commission government in our larger cities, it is hard for me to believe that the commissioner investigated would help the majority achieve its objective be that objective commendable or political.

The necessity of improving the mayor’s position under commission government is recognized in other States by having him separately elected. This not only gives him a recognized position, but also eliminates one of the elements of bargaining which usually enters into the assignment of divisions, bureaus and officers among the five commissioners. All impartial studies of commission government have recognized, moreover, that the main weakness in organization is in the budget process. But the proposed bill does nothing to enhance the mayor’s role in this connection or to improve the process in any other way.

In fact, the bill contains an invitation to higher local budgets in the form of a provision repealing State statutes which now establish minimum and maximum salaries for members of the board of commissioners and transferring the authority to fix their own salaries to the commissioners. The Optional Municipal Charter Law adopted in 1950 allows the local governing body such authority. But under those charters there is no mingling of legislative and administrative powers, as in commission government, and the power of the council is checked and balanced by the centralization of responsibility for the budget in the mayor, and by the requirement of a two-thirds vote in the council to increase his recommendations. This provision to take the lid off commissioners’ salaries would not be justified by anything else contained in the present bill.

There is still a real opportunity for strengthening the Walsh Act. The present bill does not come to grips with the recognized weaknesses of that act and would import new ones not heretofore experienced. The bill does not recognize the principle of home rule which would allow the voters of each municipality to decide for themselves whether or not they want to make the substantial changes in their charter that the bill would impose.

The efforts of the municipal officials who have sought sincerely to produce a better law should not be fruitless, however. A broadened approach to the problem with adequate participation by civic organizations and citizens at large will, I am sure, produce an acceptable improvement in this important part of our local government law. Further study of this important subject is desirable.

For these reasons I am returning Assembly Bill No. 260 without my approval.

ASSEMBLY BILL No. 373

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 373, for the following reasons:

This bill would amend section 30 of Chapter 138 of the Laws of 1951. By its terms the measure would not become effective before July 1, 1953.

The subject of the amendment covers one of the many phases of the overall study of the administration of welfare currently being undertaken by the commission appointed pursuant to Joint Resolution No. 9 of 1951 and continued by Joint Resolution No. 2 of 1952. It is expected that the commission will submit its report to the Legislature before January, 1953. It would, therefore, appear appropriate to await the commission's report prior to the enactment of legislation on the subject.

Accordingly, I am constrained to return Assembly Bill No. 373 herewith without my approval.

ASSEMBLY BILL No. 463

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 463 for the following reasons:

In 1930 the Legislature addressed itself for the first time in a comprehensive fashion to the subject of municipal planning. By section 14, P. L. 1930, c. 235 (R. S. 40:55-15) it was provided that any owner or agent of any owner of land located within a subdivision controlled by sections 11 and 12 of the act, who transferred or sold any land "by reference to or exhibition of or by other use of a plat of a subdivision," before the plat had been approved by the planning board and duly recorded, was subject to a penalty of not less than \$100 for each lot or parcel so transferred or sold. The municipality was authorized to enjoin such transfer or sale, or to recover the penalty by a civil action.

In 1948 and again in 1950 this section was re-examined in the light of two decades of municipal planning experience. By P. L. 1948, c. 464, section 6, and P. L. 1950, c. 67, section 8, the Legislature provided that any owner or agent of any owner of land who transferred or sold land which formed a part of a subdivision "before a plat thereof has been approved by the approving agency, whether the planning board or governing body," and recorded, was to be subject to an injunction or penalty action. Chapter 213 of the Laws of 1951 eliminated the specific reference to the \$100 penalty and the civil action which the municipality might institute for its recovery. In addition, it refined the provisions of R. S. 40:55-15 relating to the injunction proceeding, and limited the right of the municipality to bring

any such action to two years after the date of the recording of the instrument of transfer, sale or conveyance of the land.

Assembly Bill No. 463 would amend the existing law and reinstate the language of the original 1930 act. Under this bill, injunction proceedings might be brought by a municipality only if the owner or agent of the owner of land located within a platted subdivision controlled by R. S. 40:55-12 and 13 transferred or sold or agreed to sell any land "by reference to a plat of a subdivision," before such plat had been approved by the approving agency. The amendment also eliminates the provision that R. S. 40:55-15 is not to apply in any case where the requirement of approval by the approval agency has been waived.

If this measure becomes law, municipal planning may be set back 25 years. I know that this was not the intention of the sponsor of this bill, nor of the Legislature. The high price that the citizens of New Jersey are now paying for the lack of adequate planning in the past is every day becoming more apparent. Under Assembly Bill No. 463 all that a land owner need do to avoid the planning laws of New Jersey is to sell lots in his subdivision by a metes and bounds description, without "reference to a plat" of the subdivision. The whole structure of municipal planning would thus be rendered worthless.

I am informed that R. S. 40:55-15 as it now stands imposes undue hardship on property owners in some cases. This undoubtedly explains the reason for several separate bills having been introduced at the recent session to amend or repeal P. L. 1951, c. 213. It is claimed that Assembly Bill No. 463, the only bill passed, makes the present law more workable. However, it has gone entirely too far.

A conference was recently held at the suggestion of the Commissioner of Conservation and Economic Development, attended by all agencies interested in any way in the zoning and municipal planning laws—municipal attorneys and engineers, real estate interests, planning boards and others. I am informed that the conference was unanimous in agreeing that fractional revision of the zoning and planning acts was inadvisable, and a committee was appointed to work on a complete revision of the laws.

The work of this committee and further study by all concerned will, I am sure, accomplish constructive results.

Accordingly, I am constrained to return the bill without my approval.

COMMITTEE SUBSTITUTE FOR ASSEMBLY BILL NO. 469

To the General Assembly:

I am returning herewith, without my approval, Committee Substitute for Assembly Bill No. 469, for the following reasons:

R. S. 11:14-1 as amended by P. L. 1951, c. 215, provides for annual leave for vacation purposes with pay for every permanent employee in the classified service of the State service. Committee Substitute for Assembly Bill No. 469 provides that in determining such annual leave, credit shall be given for all continuous, full-time service which such employee shall have served, "whether the same shall have been served under temporary or permanent appointment in an office, position or employment in the classified or unclassified service of the State service."

It is a matter of common knowledge that in many instances there have been temporary employees who served for a long time before successfully competing in one or more examinations and thereby becoming eligible for per-

manent employment. There are other cases where temporary employees have been blanketed into permanent classified service by operation of statute. To give such employees the same advantage as those who have had permanent status throughout their entire length of service would be inequitable. The strength of our Civil Service law lies in equal treatment of employees under equal circumstances. To do less would be to defeat the very purpose of the merit system.

Accordingly, I am constrained to return the bill without my approval.

ASSEMBLY BILL No. 516

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 516, for the following reasons:

This bill proposes that retail liquor licensees shall not, notwithstanding the provisions of any statute, rule, regulation or ordinance limiting the hours for sale of alcoholic beverages at retail, be required to conform to the change in standard time, during the period commonly referred to as daylight saving time, on the first and last days of such period.

The language of the bill is vague and indefinite. Varying interpretations may be applied to its terms. Moreover, the bill employs a term, "sale day," which is foreign to legislation regulating the sale of alcoholic beverages, without attempting to define this new phrase. The term has no commonly accepted meaning either in the Division of Alcoholic Beverage Control or in the alcoholic beverage industry.

The bill would permit the sale of alcoholic beverages between 12 midnight and 1:00 A. M. on the fourth Sunday in April even in municipalities which prohibit sales on Sunday. I doubt if the Legislature intended to override municipal policy, nor do I approve of such a policy.

I am, accordingly, constrained to return the bill without my approval.

ASSEMBLY BILL No. 517

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 517, for the following reasons:

Under the present law, any one who sells alcoholic beverages to a minor is guilty of a misdemeanor unless he is able to establish *all* of the following facts as a defense: (a) that the minor falsely represented in writing that he

was of full age, and (b) that his appearance was such that an ordinarily prudent person would believe him to be of full age, and (c) that the sale was made in good faith in reliance upon such written representation and appearance and in the reasonable belief that the minor was actually of full age.

Assembly Bill No. 517 emasculates these salutary provisions. A person selling alcoholic beverages to a minor could successfully avoid punishment if he proved *any one* of the following: (a) the minor's false written representation of full age, plus the fact that the sale was made in good faith, in reliance upon that representation and in the reasonable belief that the minor appeared of age; or (b) that the minor was in fact 19 years of age and would to the ordinarily prudent person appear of full age; or (c) the minor's false representation of full age by "some documentary evidence or proof," plus the fact that the sale was made in good faith in reliance thereon and in the reasonable belief that the minor appeared of age.

The instant measure in effect lowers the legal age for the sale of alcoholic beverages from 21 to 19. Further, any one of three situations is available to an offending seller as a defense, rather than the full combination of three sets of facts presently required. Finally, it would be all too easy for a minor to acquire "*some* documentary evidence or proof" by which he can falsely represent his age and so provide the seller with his needed defense.

The total effect of the bill is to provide licensees with many more escape doors by which they can avoid criminal prosecution and disciplinary action for selling alcoholic beverages to minors. The sale of alcoholic beverages in New Jersey is a privilege granted to a few and denied to many. Those who apply for the privilege and are granted a license should assume the accompanying responsibilities. Thus far, these responsibilities have included the protection of persons under 21 years of age. I am opposed to changing the law and weakening the protection we now strive to provide for our younger citizens.

To take the action contemplated in this bill would render society a disservice and, incidentally, would in the long run place the licensee in jeopardy. Our license system is dependent upon public confidence in that system.

I am advised by representatives of the Division of Alcoholic Beverage Control that the Division opposes this bill. I concur in its position.

Accordingly, I am constrained to return the bill herewith without my approval.

ASSEMBLY BILLS Nos. 543 AND 559

To the General Assembly:

I am returning herewith, without my approval, Assembly Bills No. 543 and 559, for the following reasons:

Assembly Bill No. 543 authorizes the State Board of Control of Institutions and Agencies to establish a facility for the confinement, care and treatment of persons addicted to the use of narcotics or who have been convicted of using narcotics or of violating any law of this State relating to narcotic drugs.

The provisions of this measure have received most careful consideration by the Legislature and the special commission to study the laws relating to narcotics which presented its excellent report at the recent legislative session. These provisions reflect the highest level of thinking in a field which has received our increasing attention. Our efforts to meet and conquer the evil of the narcotics menace

has gained for New Jersey a position of unquestioned leadership in the Nation. The proposal to create a facility for the treatment of drug addicts is in the enlightened pattern of our entire narcotics program.

Assembly Bill No. 559, the companion measure to Assembly Bill No. 543, allots from any unexpended balances in the accounts of the Department of Institutions and Agencies such sums as may be necessary for establishing the proposed facility and for its maintenance and operation until June 30, 1953. Such funds do not exist. The Department of Institutions and Agencies requires every dollar now appropriated to it to carry on the many programs which have been entrusted to it.

To approve these two bills would be an empty gesture. We should not create a hope we cannot satisfy. We should not act until the money is in hand to permit the accomplishment of the legislative objective.

Accordingly, I am constrained to return Assembly Bill No. 543 and Assembly Bill No. 559 without my approval.

ASSEMBLY BILL No. 568

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 568, for the following reasons:

This bill would require the addition of a new State Highway route between Perth Amboy and Middlesex Borough, connecting with Route No. 29 and with interchanges with U. S. Route No. 1 and New Jersey Routes Nos. 25, 35 and 28.

The need for new highway facilities in the area designated in this measure is apparent. However, if the proposed new route is to become a part of our State Highway system, it should be constructed on a freeway or limited-access basis. This necessary provision is not included in Assembly Bill No. 568.

Moreover, the entire subject of new State Highway routes will properly come before the State Highway Study Commission, established pursuant to Joint Resolution No. 9 of 1952, which I approved on May 16, 1952.

I am, accordingly, returning this bill without my approval, and with the recommendation that the State Highway Study Commission carefully consider this proposal, and report thereon to the next session of the Legislature.

ASSEMBLY BILL No. 583

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 583, for the following reasons:

This bill would eliminate the requirement of a surety on the bond of the guardian of a minor where the value of the minor's estate does not exceed \$50,000 and the assets are in cash and invested in legal securities, or are partly in cash and partly so invested, and the cash and such securities are deposited by court order in the manner prescribed by N. J. S. 3A:7-10.

The bill has the effect of completely abrogating the sound provisions of N. J. S. 3A:7-1 which authorizes the surrogate to require bond of a guardian "in such a sum and with such proper conditions and sureties, having due regard to the value of the estate in his charge and the extent of his authority, as the court shall approve," as well as of N. J. S. 3A:7-11 which states that where cash or securities are deposited in a place of safekeeping by court order, "the court may fix the amount of the bond with respect to the value of the remainder only of the estate or fund, or in case all of said estate or fund is so deposited, then in such amount as the court shall determine to be sufficient under the circumstances."

The effect of the instant measure is to deprive an infant ward of the court with an estate of less than \$50,000 of any bond protection whatsoever as long as the assets are impounded.

The general purpose of the bond requirement is that those interested in the estate may be protected by some security in addition to the mere personal liability of the fiduciary for the faithful discharge of his duties. The present bill loses sight of this objective. While the deposit of assets in a place of safekeeping may safeguard the assets physically, it is equally true that the fiduciary is not by rea-

son thereof released from his responsibilities to manage the assets, and there is, therefore, no safeguard against their loss in value under circumstances which would make the fiduciary liable to surcharge. The assets may be physically safe, but if they depreciate in value through the irresponsibility of the fiduciary, there is recourse only to the personal responsibility of the fiduciary, and it may turn out to be that he is financially worthless. In addition, the effect of this measure would be to leave the infant unprotected as to the income from the assets deposited.

Our courts have historically been solicitous of infants as a class, recognizing that they are helpless to protect themselves over long periods of time. The existing law is sound; it was re-enacted in 1951, effective January 1, 1952. Assembly Bill No. 583 would run counter to a policy and practice which has been entirely practical and satisfactory.

Accordingly, I am constrained to return the bill without my approval.

ASSEMBLY BILL No. 616

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 616 for the following reasons:

Our present law (P. S. 48:3-7) expressly requires, among other things, approval by the Board of Public Utility

Commissioners of any sale by a public utility of any of its lands. Any such sale made without such approval is declared to be void.

Assembly Bill No. 616 would nullify this provision of the law with respect to sales made by a public utility of its lands, without the Board's approval, where the deed of conveyance has been of record for a period of 15 years and no proceedings are pending to set aside the sale or deed.

There appears to be no sound reason for this broad validation. To approve the present measure would be to set a precedent which would encourage loose practice.

Accordingly, I am constrained to return Assembly Bill No. 616 herewith without my approval.

ASSEMBLY BILL No. 618

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 618, for the following reasons:

Under the present law (N. J. S. 2A :3-15) in those counties in which the Governor may appoint more than one judge of the County Court and has not done so, the judge is required to devote his full time to his judicial duties and may not engage in the practice of law. The purpose of Assembly Bill No. 618 is to amend N. J. S. 2A :3-15 so that the County Court judge in such county does not become full-time and is not prohibited from practicing law, until such time as the Governor has actually appointed more than one judge.

The proposed amendment will only serve to confuse the entire situation. The Governor is presently authorized to appoint additional County Court judges in certain in-

stances "whenever in his judgment the public interest requires" (N. J. S. 2A:3-13). It may happen that in a given county the judge was appointed on a part-time basis, and with a salary fixed proportionately. If in the future the Governor were to appoint an additional judge, the proposed amendment might be construed to transform the first part-time judge to a full-time judge, perhaps in the middle of his term; and if, when the term of the first judge expired, the Governor should decide it was then unnecessary to have two judges, it might be argued that the second judge, originally appointed on a full-time basis, would suddenly become a part-time judge with part-time salary.

If any changes are to be made in the statutes relating to appointment of County Court judges, it would seem more advisable to await the outcome of pending proposals for basic changes in the County Courts. Any other approach would be to deal with a complex situation in a piece-meal fashion.

ASSEMBLY BILL No. 622

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 622, for the following reasons:

This bill would authorize municipal governing bodies, by resolution, to declare an emergency in case of a flood affect-

ing public or private property, or both, and by resolution to authorize the expenditure of public moneys to alleviate the emergency.

R. S. 40:2-31, as amended, authorizes municipalities to make emergency appropriations for purposes not foreseen at the time of the adoption of the annual budget, in order to protect or promote the public health, safety, morals or welfare. That law provides necessary controls over the amount of such emergency appropriations that are unfortunately not included in the proposed legislation. Moreover, Chapter 96 of the Laws of 1951 authorizes emergency appropriations between the beginning of the fiscal year and the date of the adoption of the annual budget. These statutes thus fully cover all emergency expenditures, including the necessities of floods. It would appear therefore that Assembly Bill No. 622 could not in any way improve upon existing law.

For these reasons, I am constrained to return the measure without my approval.

ASSEMBLY BILL No. 631

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 631, for the following reasons:

This bill makes a strong appeal on the superficial equities of the situation, that is, where a property owner is called

upon to pay taxes for a full year even though his property has been destroyed soon after the first of the tax year. The equities appear all the stronger since existing law (Laws of 1945, c. 137, and Laws of 1949, c. 144) requires an added assessment where the physical condition or taxable status of property changes substantially after January 1st and before October 1st in the tax year. It would seem logical to allow the property owner a comparable adjustment where the value of the property is impaired or destroyed due to fire or other disaster.

The bill requires, however, that we reconcile the general public interest in the continued ability of local government to render services in time of emergency with the possibility of hardship on one or more particular property owners. Certainly, if there is justification for recognizing physical changes in property which affect its value and take place between January 1 and January 10 of the tax year, there is every reason to recognize such changes taking place at any other time in the course of the tax year. In the event of a major conflagration (and it is apparently the purpose of this bill to cover the worst fire in Atlantic City's history which occurred on January 7, 1952) the requirements of the bill could paralyze the ability of local government to operate and render emergency services as well as normal services required during the tax year. In fact, the greater the fire, the more demands there are likely to be upon local government for extra health, welfare and relief services of all kinds. It is quite apparent that the kind of tax relief that this bill would offer might well make it impossible for local government to survive the event of a major disaster.

Looking at the problem from the viewpoint of the property owner, moreover, the hardship will rarely be substantial. It is almost universal practice to insure properties against loss by fire and destruction by acts of nature, and the economic position of the property owner will ordinarily be protected by insurance proceeds. While this may not be true universally, the balance of the equities in favor of the continued ability of local government to render its services under all circumstances, as opposed to possible hardship upon property owners who have not adequately insured their interest, is heavily in favor of the public necessities.

I am, accordingly, constrained to return the bill herewith without my approval.

ASSEMBLY BILL No. 634

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 634, for the following reasons:

This bill would prevent the introduction of proof at the trial of any civil action founded upon a tort of any payment made by one or more of joint tortfeasors, not parties to the action which would otherwise be admissible in mitigation of the damages of any tortfeasors made a party to the action. Any verdict for the plaintiff would be required to be rendered without deduction of such payment. In such case, the bill would make it the plaintiff's duty, and allow any other party to the action, to apply to the court to credit on the judgment the amount so paid, for the benefit of any defendant in the judgment who would have been entitled to credit such payment in mitigation of damages except for the provisions of the bill. Upon sufficient proof of the facts, an order would be required to be entered satisfying the judgment as against such defendant to the extent of the amount so paid.

The statement appended to the bill states that its purpose "is to prevent the confusion of the jury by evidence which does not affect the merits of the case, and which cannot assist in the determination of liability."

The subject matter of this bill appears to be essentially procedural and one that should be dealt with by rule of court in accordance with the Constitution of 1947, Article VI, Section II, paragraph 3; *George Ziegler Co. vs. Norton*, 8 N. J. 374 (1952).

Accordingly, I am constrained to return Assembly Bill No. 634 without my approval.

ASSEMBLY BILL No. 651

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 651, for the following reasons:

This was one of three bills adopted by the Legislature to amend Section 34:15-43 of the Revised Statutes. In order to avoid internal conflict among the three bills it is necessary to conform their provisions and to incorporate them in one of the three. This may be done through the adoption of the amendment proposed in the qualified veto message appended to Senate Bill No. 315.

Beyond the technical accomplishment of the legislative objective, there lies the substantial fact that as a result of this bill legislation may be enacted to eliminate a form of discrimination against the elective public officer as compared to those holding appointive public office. But it is appropriate to recognize that the amendment will not grow into the full-fledged blessing which it might appear to promise those newly admitted to the covered fraternity.

The workmen's compensation act applies to "every employee of the State, county, municipality" as well as of

other local governmental entities which are described in the present law. The designation "employee" may at first trouble legal minds conversant with the distinctions between employment, position and office which are made by our courts, but the Legislature has long ago avoided that kind of question by defining an employee to include "all natural persons who perform service for another for financial consideration, . . ." (R. S. 34:15-36). Workmen's compensation is based, of course, on the amount of that consideration—the weekly benefit being at present two-thirds of wages but not more than \$30.00 nor less than \$10.00 per week. In order to be entitled to \$30.00 in weekly benefit rate, therefore, the public office must carry compensation of at least \$45.00 a week.

It is fair to ask who may benefit from the new coverage. There is obviously a substantial number of county and municipal officials who would come under workmen's compensation who might otherwise remain dependent upon less desirable protection now provided by the county or municipality in the event they suffer an injury arising out of and in the course of their employment. Taking elective municipal officials as a whole, however, there are relatively few who are paid enough to qualify for maximum benefits, that is \$2,340 a year. The great majority of local governments in our State are boroughs and townships, in which elected officials generally serve with little or no compensation. Members of boards of education similarly contribute their time and talents. Unless they are paid a financial consideration for their services, it seems that officers in either of these groups cannot expect any benefits if need ever arises. Therefore prudence and fairness require an adequate insurance program for which the program contemplated by this bill can never be a complete substitute.

Even though experience indicates that they suffer under a variety of occupational hazards which heretofore have been uninsurable, the members of the Legislature probably could not become beneficiaries of the new coverage. Our State Constitution of 1947 prohibits any "allowance or emolument, directly or indirectly, for any purpose whatever," in addition to such compensation as shall from time to time be fixed by law. The organic law seems to deal somewhat more lightly with the office of Governor in that it provides that he shall receive "for his services a salary, which shall be neither increased nor diminished during the

period for which he shall have been elected." This may have an element of abstract justice in view of the greater exposure of any person holding the office of Governor to ailments of the digestive tract. Since in your wisdom you were foresighted enough to accept the policy of full coverage of occupational diseases as one of your acts during the present Administration, it may be comforting to future Governors to have assurance that their peptic ulcers and other forms of occupational diseases somewhat peculiar to the office of the Chief Executive, might not go uncompensated.

It is therefore for purely technical reasons and in view of the fact that the purposes of the bill will be accomplished in another way, that I am constrained to return Assembly Bill No. 651 herewith without my approval.

Respectfully,

ASSEMBLY BILL No. 664

To the General Assembly:

I am returning herewith, without my approval, Assembly Bill No. 664, for the following reasons:

This bill provides that a widow of a deputy clerk of any county district court in any county of the first class of over 800,000 population, where the husband died subsequent to September 14, 1949, and prior to July 3, 1950, shall be

entitled to the benefits provided for widows of deputy clerks under P. L. 1945, c. 281, as amended by P. L. 1950, c. 296, upon her paying the county treasurer a sum equal to 2 per cent of the amount of salary received by the husband between July 1, 1945, and the date of his death. The measure repeals all acts and parts of acts inconsistent therewith.

Chapter 296 of the Laws of 1950, which amended the 1945 act providing for the retirement of clerks and deputy clerks of county district courts in first-class counties of over 800,000 population, became effective July 3, 1950. It provided that the widow of a deputy clerk who had served the district court at least 25 years and died in service, was entitled to receive for life, or as long as she remained unmarried, a pension in such sum as the board of chosen freeholders might determine, but not less than one-half the salary received at the time of death. No pension was to be paid the widow if she married such employee after he reached age 50. The widow's pension provision was to become effective only if the husband paid the county treasurer 2 per cent of his salary from July 1, 1945, to July 3, 1950, and a like sum thereafter.

Assembly Bill No. 664 does not contain the 25-year service limitation of the 1950 act, nor the requirement that the marriage should have taken place before the employee reached age 50. Nor does it contain the provision that the widow is to receive the pension as long as she remains unmarried. Although the objective of the bill appears to be meritorious, it would destroy the uniformity of treatment provided in the legislation which established this pension program.

Accordingly, I am constrained to return the bill herewith without my approval.

COMMITTEE SUBSTITUTE FOR ASSEMBLY BILL NO. 106

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Committee Substitute for Assembly Bill No. 106.

The purpose of this measure is to require busses, trucks, full trailers, and semi-trailers of more than three tons gross weight to be equipped with devices that will prevent the throwing of dirt, water or other materials on the windshields of following vehicles.

Senate amendments eliminated pole trailers from the application of the proposed legislation, along with dump trucks, tanks and other vehicles requiring complete freedom around the wheel area. However, the Title of the bill as finally passed includes an improper and confusing reference to pole trailers.

Accordingly, I am returning Committee Substitute for Assembly Bill No. 106 herewith for reconsideration and with the recommendation that amendment to the bill (Second Official Copy Reprint) be made as follows:

On page 1, Title, line 2, delete comma after the word "trailers" and insert in lieu thereof the word "and"; and also delete the words "and pole trainers".

ASSEMBLY BILL No. 110

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 110.

This bill does not make for uniformity. It leaves to each township committee the determination, by a majority vote, whether the chairman shall be given the designation "mayor." Such a situation is fraught with the possibility of considerations, on the part of members of the committee, which may be rooted in personal feelings. This is not in the public interest. If the title "mayor" has merit at all—and this I believe to be the case—it ought to prevail uniformly and not, as now, only in certain townships (see R. S. 40:144-11). Its bestowal certainly ought not to be left to the whim of the members of the township committee.

Accordingly, I am returning herewith Assembly Bill No. 110 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 3, after the word "thereof" insert the words "and who shall be known as mayor of such township but shall have no additional authority by virtue of such designation except as may be otherwise provided by law applicable to the township".

Strike out the entire sentence beginning on line 3 and ending on line 6.

ASSEMBLY BILL No. 116

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 116.

This bill would authorize the leasing by a municipality (for a term not in excess of 20 years) of its publicly owned golf course whenever the governing body has determined that it is not to the advantage of the municipality to continue public operation thereof.

The whole idea of abandonment of a large public project and the decision to lease it for private operation is a decision of considerable local importance. The bill would permit this decision to be made informally, whereas public policy and the importance of the issue appears to require an ordinance. In order to assure the fullest competition, moreover, the bill should provide for the freest opportunity for bids and the most effective notice to prospective bidders. The failure to follow this procedure has resulted in costly and time-consuming litigation.

Accordingly, I am returning herewith Assembly Bill No. 116 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 5, after the word "supplement" insert a comma.

On page 1, section 1, line 8, after the word "may" insert ", pursuant to ordinance,".

On page 1, section 1, line 9, after the word "other", insert the word "public".

On pages 1 and 2, sections 2 and 3, delete all of said sections and insert in lieu thereof the following:

"2. Any lease executed hereunder shall be upon competitive bids following public advertisement therefor, in a newspaper circulating in the municipality, at least once, not less than 20 days prior to the receipt of bids. The advertisement shall designate the time and place of a meeting of the governing body at which the bids shall be received. At such time and place, the governing body, or any committee thereof having authority to do so, shall receive sealed bids and immediately proceed to unseal them and publicly announce the contents thereof. A record of the rentals, other consideration and terms offered shall be made in the minutes of the governing body for each bid. No bid shall be received previous to the hour designated in the advertisement and none shall be received thereafter. The lease shall be awarded to the highest responsible bidder."

On page 2, renumber sections "4" and "5" to read "3" and "4" respectively.

ASSEMBLY BILL No. 158.

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 158.

The purpose of this bill is twofold. In the main, it would allow prior service credits for those employees who enter the service of a county or municipality after the State retirement system has become effective in the county or municipality.

The second purpose of the bill is a further extension to 1953 of the time for filing applications for prior service certificates by persons who were employees of a county or municipality when the retirement system took effect therein. The most recent of a number of extensions was only last year as provided by Chapter 33 of the Laws of 1951. This date has been extended again and again and the time has come when there can be no further justification for another extension.

Accordingly, I am returning herewith Assembly Bill No. 158 for reconsideration and with the recommendation that amendment be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 10, delete "fifty-three" and insert "fifty-one" in lieu thereof.

ASSEMBLY BILL No. 160

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 160.

This bill repeals R. S. 11:15-7, concerned with separation from service of an employee in the classified service of the Civil Service of the State; and also R. S. 11:15-8, concerned with the abolition of positions of such persons. This measure is a companion bill to Assembly Bill No. 161, relating to employees in the classified Civil Service of municipalities, counties and school districts. The procedure proposed to be substituted for that contained in the aforementioned sections of the Revised Statutes is similar to that proposed in Assembly Bill No. 161 and is, likewise, bound to cause much confusion and inequity.

The basic objections which I set forth in my message returning Assembly Bill No. 161 for reconsideration and amendment, are equally applicable to Assembly Bill No. 160.

Accordingly, and in order to clarify the terms of the proposed legislation and make it more effective and workable, I am returning the bill herewith for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 1, delete the word "An" and insert in lieu thereof the words "When an".

On page 1, section 1, line 5, after the word "abolished," insert the words "such employee".

On page 1, section 1, line 5, after the word "shall", delete the words ", upon such employee's request," and insert in lieu thereof the words ", whenever possible,".

ASSEMBLY BILL No. 161

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 161.

This measure repeals R. S. 11:22-9, concerned with separation from service of employees in the classified service

of any municipality, county or school district, and also R. S. 11:22-10, concerned with the abolition of positions of such persons. In their place it substitutes a far-reaching and unsatisfactory procedure that is bound to cause confusion and inequity.

Assembly Bill No. 161 provides that an employee of any county or municipality or of any public agency thereof, or of any school district, holding office or position in the classified service, who has heretofore been or hereafter is separated from such service because of economy or otherwise and not because of his delinquency or misconduct, or whose office or position has been or shall hereafter be abolished, may request to be demoted to some lesser office or position in the same department *or any other department*, in regular order of demotion and according to seniority. Should it be impossible to place him in a demoted office or position, or should he be unwilling to accept such office or position, then upon his further request his name is to be placed on all appropriate civil service employment lists for every office or position "*for which his qualifications are appropriate or have been established*".

The bill further provides that such employee shall be entitled to reinstatement at any time thereafter in the same or any similar office or position as that from which he was separated, or as soon as the opportunity arises, in the same or any other department. Upon his request the Civil Service Commission may conduct a hearing to determine the qualifications of such employee for the purpose of placing his name on appropriate employment lists to facilitate re-employment.

The provision that an employee may request that his name be placed upon all appropriate civil service employment lists for "every office or position for which his qualifications are appropriate or have been established," in cases where he cannot be placed in a demoted office or position or he is unwilling to accept such office or position, is vague and trouble-provoking. The term "qualifications," a word of broad possible interpretation, is not defined. I am advised by the Department of Civil Service that it would be substantially impossible to administer the proposed law satisfactorily or equitably.

Accordingly, and to clarify the terms of the proposed legislation, and make it more effective and workable, I am returning Assembly Bill No. 161 herewith for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 1, delete the word "An" and insert in lieu thereof the words "When an".

with the approval of the president of the Civil Service Commission, shall determine the lesser office or position to which such employee may be demoted.”.

On page 2, section 2, line 2, after the word “any”, delete the word “similar” and insert in lieu thereof the word “comparable”.

On page 2, section 2, line 2, after the words “of the”, delete the word “kind” and insert in lieu thereof the words “same nature”.

ASSEMBLY BILL No. 191

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 191.

The apparent object of this bill is to extend to municipalities furnishing water and sewerage services to inhabitants of another municipality the right to discontinue such services to any inhabitant who is in arrears in payment.

A literal construction of the language employed in the bill, however, would authorize the furnishing municipality to discontinue the service furnished to the entire receiving municipality upon the arrearage of a single inhabitant. It is inconceivable that this could have been intended, nor is it desirable.

Accordingly, I am returning herewith Assembly Bill No. 191 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

ASSEMBLY BILL No. 251

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration, and with my objections, Assembly Bill No. 251.

The purpose of this bill is to provide tenure "during good behavior and efficiency" for certain township treasurers, upon approval of the voters at a referendum. The bill would only apply to township treasurers who had served continuously for ten years.

The bill seeks to confer a tenure in an office protected against removal except for good cause shown, upon written charges, a trial, and subject to appeal to the courts by a trial de novo. In effect, this means tenure for life. Experience with other tenure measures has shown that municipal officials are naturally reluctant to retire, especially where there is no adequate provision for retirement pension, even though they are no longer able to perform the duties of their office. This is particularly important where the municipality's chief financial officer would be involved as in the case of a township treasurer.

If tenure for life is to be conferred by statute, even with a popular referendum, it should be accompanied by some mandatory retirement age.

Accordingly, I am returning herewith Assembly Bill No. 251 for reconsideration and with the recommendation that amendment be made to the bill (Official Copy Reprint) as follows:

Amend page 2, section 1, line 20, by adding at the end of said line a new sentence to read as follows:
"When any treasurer serving under such tenure shall attain seventy years of age, his tenure of office shall terminate and he shall retire from such office, position or employment."

ASSEMBLY BILL No. 280

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 280.

This bill would further regulate the payment of legal expenses under the Workmen's Compensation Act. Its principal effect is to amend the conditions under which there is an opportunity to minimize the allowance for attorney's fees, by substituting the requirement that compensation be "tendered in good faith or paid" for the present requirement that it be "offered or paid". In fairness to attorneys who devote themselves to preparation of a workmen's compensation case, the amendment would also require that the tender be made within a reasonable time prior to any hearing.

These changes are desirable but the way they are stated in the bill they would appear to require a tender or payment of compensation which might not in fact be due for some time. Obviously, there cannot be a tender of an amount payable under the workmen's compensation schedule over a stated number of weeks in the future. In requiring tender or payment, the bill also neglects the interest of the State, counties and municipalities in the sense that governmental bodies are not in a position to tender or pay compensation due to the rigid and proper controls that the law imposes upon the expenditure of public moneys.

Accordingly, I am constrained to return the bill herewith for reconsideration and with the recommendation that

amendments be made to the bill (Third Official Copy Reprint) as follows:

On page 1, section 1, line 14, after the word "been" insert the words "offered and the amount then due has been".

On page 1, section 1, line 17, before the word "tendered" insert the word "offered,".

On page 2, section 1, line 19, delete the word "therefore" and insert the word "offered," and after the word "paid," insert the words ", as aforesaid,".

On page 2, section 1, line 21, insert at the end of said line a new sentence to read as follows: "The State, any county, municipality or school district, or any department, agency or instrumentality of the State or local government, not carrying workmen's compensation insurance, shall, when a party, be deemed to have tendered compensation whenever compensation has been offered at a reasonable time prior to any hearing.".

ASSEMBLY BILL No. 295

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 295.

This bill has a good purpose in extending the public control over the subdivision of land, through plat approval requirements at the county level, so as to prevent the creation of road hazards because of the drainage of storm water directly or indirectly onto a county road. County planning boards in other than counties of the first class having more than 300,000 population now have the power to withhold approval of any subdivision plat until adequate drainage facilities are provided. Assembly Bill No. 295 proposes to amend P. L. 1948, c. 412, as amended (N. J. S. A. 40:27-12), to extend this power to all counties having planning boards.

The text of the bill throughout refers to "map" where it should read "plat". This is not a mere technical defect because the language of our planning laws does refer to official maps, but such maps have nothing to do with the problem under consideration.

Accordingly, I am returning herewith Assembly Bill No. 295 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 2, section 2, line 5, delete the word "map" and insert in lieu thereof the word "plat".

ASSEMBLY BILL No. 308

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 308.

This bill is another in a series of measures which were adopted at the current session of the Legislature amending sections of the Revised Statutes containing obsolete words and phrases. This bill, for example, proposes to amend Section 23:2-4 of the Revised Statutes which still contains references to the Board of Fish and Game Commissioners which was abolished by Chapter 22 of the Laws of 1945. The functions of that board are now vested in the Department of Conservation and Economic Development established by Chapter 448 of the Laws of 1948, and are exercised in that Department through the Division of Fish and Game. A major amendment contemplated by Assembly Bill No. 308 would delete the statutory limitation on the number of fish and game wardens who may be appointed. In order to accomplish this purpose a supplement to the "Department of Conservation and Economic Development Act of 1948" would appear appropriate, pending a complete revision of our statute law affected by the administrative reorganization program of 1948. That revision is one of the specific tasks enumerated in earlier legislation adopted this year establishing a Legislative Commission on Statute Revision (P. L. 1952, c. 11).

Accordingly, I am returning herewith Assembly Bill No. 308 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, title, line 1, after the word "wardens", delete the remainder of the title and insert in lieu thereof the words "and supplementing the 'Department of Conservation and Economic Development Act of 1948', approved October twenty-fifth, one thousand nine hundred and forty-eight (P. L. 1948, c. 448),"

On pages 1 and 2, section 1, delete the entire section and insert in lieu thereof the following:

"1. Notwithstanding any limitations contained in any other law upon the number of fish and game wardens who may be appointed by the Commissioner of Conservation and Economic Development, said Commissioner may, subject to the provisions of Title 11 of the Revised Statutes, Civil Service, appoint, in the Division of Fish and Game of the Department of Conservation and Economic Development, such number of additional fish and game wardens as he may determine to be necessary, within the limits of available appropriations therefor. All persons appointed pursuant to this section shall have all of the functions, powers and duties of fish and game wardens in the said Division of Fish and Game as otherwise provided by law."

ASSEMBLY BILL No. 310

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 310.

This bill makes provision for a new special trout stamp, in addition to the regular fishing license, to be obtained by all persons fishing for trout between the opening day of the trout season and June 30th following.

It is noted that the bill, if approved, would take effect immediately (section 5). Since the trout season is currently in progress, approval of the measure at this time would only result in a confused situation and inconvenience and hardship to the persons affected.

Accordingly, I am returning Assembly Bill No. 310 herewith for reconsideration and with the recommendation that amendment be made to the bill (Official Copy Reprint) as follows:

On page 2, section 5, line 1, delete the word "immediately" and insert in lieu thereof the words "January first, one thousand nine hundred and fifty-three".

ASSEMBLY BILL No. 328

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 328.

This bill would amend Section 45:14-4 of the Revised Statutes by increasing the per diem compensation of members of the State Board of Pharmacy.

Chapter 439 of the Laws of 1948, which established the Department of Law and Public Safety, prescribed uniform budgetary practices and procedures applicable to all professional boards in that department. The requirements for these uniform practices and procedures superseded inconsistent provisions of then existing law, some of which are

to be found in Section 45:14-4 of the Revised Statutes relating to the State Board of Pharmacy.

Accordingly, to accomplish the object of Assembly Bill No. 328, a supplement to the Department of Law and Public Safety Act of 1948, rather than an amendment to R. S. 45:14-4 restating some of the superseded provisions of the Pharmacy Act, would appear to be the appropriate and only legally safe method.

Therefore, I am returning herewith Assembly Bill No. 328 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, title, after the word "pharmacy," delete the words "and amending Section 45:14-4 of the Revised Statutes." and insert in lieu thereof the words "providing an increase in compensation to members of the Board of Pharmacy of the State of New Jersey, and supplementing the 'Department of Law and Public Safety Act of 1948,' approved October fifteenth, one thousand nine hundred and forty-eight (P. L. 1948, c. 439)."

On page 1, section 1, delete the entire section and insert in lieu thereof the following:

"1. Subject to the limitations and restrictions contained in the act to which this act is a supplement:

"Each member of the Board of Pharmacy of the State of New Jersey, other than the secretary, shall continue to receive such traveling and other necessary expenses incurred in the performance of his duties as prescribed by law. In addition thereto, and in lieu of any other compensation prescribed by law, each member of such board, other than the secretary, shall receive the sum of twenty-five dollars (\$25.00) for each and every day during which he is engaged upon the duties of the board."

ASSEMBLY BILL No. 343

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 343.

The object of this bill is to provide methods of substituted service upon insurance companies not authorized to transact business in this State and to bring such companies within the jurisdiction of the courts of this State.

This is a salutary measure designed to protect the residents of New Jersey. I am, however, advised that during the course of the drafting of this bill, a section providing for attorneys' fees was deleted but the title of the bill was not amended to conform with the deletion. The title of the measure, in its present form, is, therefore, defective.

Accordingly, I am returning herewith Assembly Bill No. 343 for reconsideration, and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, Title, line 4, after "surers;" delete the words "and providing for the allowance of attorneys' fees in actions against such insurers,".

ASSEMBLY BILL No. 376

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 376.

This bill would authorize a court having jurisdiction of the settlement and allowance of a fiduciary's accounts to allow, in addition to such compensation as may otherwise be allowable, reasonable compensation to the fiduciary for services rendered by him in connection with or arising out of any property as defined in the bill, "including, *but not by way of limitation*, services rendered in connection with apportionment of any taxes" (specified in the bill) "between a decedent's estate and the recipient of such property, or between the decedent's estate and such property, and in collecting or attempting to collect, such apportionment or such taxes applicable to such property."

The additional compensation which would be so allowable would, therefor, supplement the recently liberalized schedule of compensation now set forth in Chapter 10 of Title 3A of the New Jersey Statutes. In my judgment the provisions of the bill, above quoted, are too broad. The additional compensation which may be allowed to the fiduciary should be related to services *required by law* to be rendered by the fiduciary in connection with or arising out of the property defined in the bill. In addition, the bill requires a technical correction to clearly accomplish its purpose.

Accordingly, I am returning herewith Assembly Bill No. 376 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 2, line 3, after the words "for services" insert the words "required by law to be".

On page 2, section 2, line 9, after the word "apportionment" delete the word "or" and insert in lieu thereof the word "of".

ASSEMBLY BILL No. 420

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 420.

Section 1 of this bill would make it a crime to remove, deface, alter, change, destroy, cover or obliterate any trade-mark, distinguishing or identification number, serial number or mark, on or from any machine, article or electrical or mechanical device or apparatus. Motor Vehicles (being already covered with respect to such acts, under Chapter 127 of Title 2A of the New Jersey Statutes) are specifically excepted from the provisions of this section except those running upon or guided by rails or tracks.

Section 2 of the bill establishes as a crime the acquisition *for the purpose of sale or resale* and the knowing possession of any machine, article or electrical or mechanical device or apparatus, or any of the parts thereof, excepting a motor vehicle, from or on which any trade-mark, distinguishing

or identification number, or serial number or mark, has been removed, covered, altered, changed, defaced, destroyed or obliterated, unless certain steps are taken as required therein.

The purpose of the bill is to prevent fraud upon the consuming public, to enable manufacturers to trace their goods, and to help the police determine whether merchandise has been stolen. Section 1 of the measure, as presently written, would, however, also penalize those who perform or permit, for legitimate reasons, any of the acts enumerated therein. This could not have been intended. The bill excepts "any machine, as defined in this act,". No definition of "machine" is included in the bill.

After conference with the sponsor of the measure, amendments thereto have been arrived at which would completely effectuate the bill's sound objectives.

Accordingly, I am returning herewith Assembly Bill No. 420 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 3, after the word "machine," delete the word "article".

On page 1, section 1, line 4, after the word "act," insert the words "and thereafter, and with intent to defraud, sells or resells the same in such condition,".

On page 1, section 1, line 5, after the word "a" delete the word "high".

On page 1, section 2, line 2, after the word "machine," delete the words "as defined in this act, article".

On page 1, section 2, line 4, after the word "vehicle," insert the words "as defined in this act,".

On page 1, section 2, line 7, after the word "machine," delete the word "article".

On page 1, section 2, line 9, delete the word "municipality" and insert in lieu thereof the word "municipality".

On page 1, section 2, line 10, after the word "machine," delete the word "article".

On page 2, section 2, line 15, after the word "machine," delete the word "article".

On page 2, section 3, line 3, after the words "muscular power" insert a comma.

ASSEMBLY BILL No. 425

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 425.

One of the amendments to R. S. 45:24-9 proposed by this measure would authorize municipalities to regulate, by ordinance, hawking, peddling and vending on public streets and highways. It is entirely conceivable that the municipal regulations which may be promulgated under this new authority could, in their application, attempt to alter or modify the provisions of R. S. 39:4-60, recently amended by Chapter 23 of the Laws of 1951 (Revised Motor Vehicle and Traffic Code) which prohibits persons from standing "in the roadway of a highway to stop, impede, hinder or delay the progress of a vehicle for the purpose of soliciting the purchase of goods, merchandise or tickets, or for the purpose of soliciting contributions for any cause, . . .".

In order that any such possible conflict may be avoided, I am returning Assembly Bill No. 425 herewith for reconsideration and with the recommendation that amendments be made to the bill (Second Official Copy Reprint) as follows:

On page 1, section 1, line 9, after the word "to", at the beginning of the line, insert the word "the".

On page 1, section 1, line 10, before the word "World", insert the word "the".

On page 1, section 1, line 14A, after the word "emergency", insert a comma.

On page 2, immediately following section 1, insert the following new section: "2. Nothing herein contained shall be deemed or construed to alter, modify, supersede, repeal, or in any way affect any of the provisions of Title 39 of the Revised Statutes."

On page 2, section 2, line 1, change the section number "2" to section number "3".

ASSEMBLY BILL No. 439

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 439.

R. S. 40:1-11, as amended by P. L. 1940, c. 159, now permits a municipality or county to combine two or more bond issues intended for different municipal or county purposes, into a single combined issue of bonds, by ordinance or county bond resolution adopted after public hearing. It has been suggested that the present law is not adequate for the purpose of such combination. Assembly Bill No. 439, supplementing the local bond act, purports to remove any doubt on the subject and expands the scope of R. S. 40:1-11.

The instant measure would provide that the single combined issue of bonds may be authorized by resolution, without public notice and hearing; and the bonds of the combined issue (not exceeding the aggregate amount of the issues authorized by the municipal bond ordinances or county bond resolutions described in said resolution) "shall mature within an average period of usefulness" to be determined in the resolution, "taking into consideration the respective amounts of obligations to be issued pursuant to each of said municipal bond ordinances or county bond resolutions and the period or average period of usefulness determined in said municipal bond ordinances or county bond resolutions respectively.

R. S. 40:1-34, last amended in 1951, sets up a carefully considered schedule of periods of usefulness for various municipal and county improvements and purposes. Assembly Bill No. 439 gives the municipal or county governing body, apparently, unlimited discretion in fixing the average period of usefulness. Such average period may be too long, with resultant heavier cost to the county or municipality for financing.

Accordingly, I am returning herewith Assembly Bill No. 439 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 12, delete the period and insert in lieu thereof the following: "; provided, however, that the Director of the Division of Local Government in the Department of the Treasury, shall in each case first find, in writing, that the average period of usefulness so determined for the single combined issue of bonds is correctly computed within the limita-

tions of this act and Sections 40:1-34 to 40:1-36 of the Revised Statutes in the article hereby supplemented."

ASSEMBLY BILL No. 440

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 440.

This bill would validate deeds of conveyance made or delivered prior to April 1, 1950, to any municipality in this State in settlement of past due municipal liens or in lieu of tax sale foreclosure, or both, where made or delivered by any duly appointed administrator or administrators with the will annexed, or by any duly appointed administrator or administrators de bonis non with the will annexed, covering real property sold for a valuable consideration by the estate of the testator pursuant to a power, permission or direction in the will of the testator; notwithstanding that the terms of the sale may not have been submitted to and confirmed by a court of competent jurisdiction in this State as required by law.

The bill contains several conditions limiting the validation. It would appear appropriate to add an additional proviso, to guard against the possibility of any infant, or

person under any legal disability, having an outstanding interest which might be prejudiced.

Accordingly, I am returning herewith Assembly Bill No. 440 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 1, delete the word "or" and insert in lieu thereof the word "and".

On page 2, section 1, line 18, delete the period at the end of the line and insert in lieu thereof the following: "*; and provided further, that on the date of delivery of such deed of conveyance, and for at least five years prior thereto, no person having an interest in the said estate of the testator was an infant or under any legal disability whatsoever.*".

ASSEMBLY BILL No. 457

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 457.

The object of this bill, which I approve, is to authorize the Division of Veterans' Services in the Department of Conservation and Economic Development to co-ordinate all services and information for the benefit of servicemen

and their dependents and to assist servicemen and their dependents to obtain Federal and State benefits to which they may be entitled.

Assembly Bill No. 457, however, attempts to accomplish the aforementioned objective by an amendment to Chapter 85 of the Laws of 1944 which established the former Department of Economic Development. The functions, powers and duties of that department were, by Chapter 448 of the Laws of 1948, transferred to the Department of Conservation and Economic Development. The veterans' services functions of the former Department of Economic Development were, by the same reorganization act of 1948 (P. L. 1948, c. 448), allocated to the Division of Veterans' Services in the Department of Conservation and Economic Development. Accordingly, the objective of Assembly Bill No. 457 should be accomplished by way of a supplement to Chapter 448 of the Laws of 1948.

Therefore, I am returning herewith Assembly Bill No. 457 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, title, delete the entire title and insert in lieu thereof the following: "An Act relating to the Division of Veterans' Services in the Department of Conservation and Economic Development and supplementing the 'Department of Conservation and Economic Development Act of 1948,' approved October twenty-fifth, one thousand nine hundred and forty-eight (P. L. 1948, c. 448)."

On page 1, section 1, delete lines 1 and 2 in their entirety.

On page 1, section 1, line 3, delete "41. The department" and insert in lieu thereof "1. In addition to other functions, powers and duties vested or imposed upon it by law, the Department of Conservation and Economic Development, through the Division of Veterans' Services in said department,".

ASSEMBLY BILL No. 465

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 465.

This measure is intended to vest in Ralph J. Lechner title to certain real estate, therein described, in which Annie Hoffman, late of Hillsdale, Bergen County, died seized, and which is alleged to have escheated to the State of New Jersey. The bill indicates that the property was sold to Mr. Lechner by the administrator of the estate of Annie Hoffman, appointed on application of the Bergen County Welfare Board, pursuant to an order of the former Bergen County Orphans' Court to sell lands to pay the debts of the decedent.

The bill, to validly accomplish its purpose, requires two technical corrections.

Accordingly, I am returning herewith Assembly Bill No. 465 for reconsideration and with the recommendation that amendments to the bill (Official Copy Reprint) be made as follows:

ASSEMBLY BILL No. 471

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 471.

I am advised that this bill was designed to limit the duration of the State's lien for delinquent taxes arising under the domestic corporation franchise tax laws, Sections 54:13-1 through 54:13-8 of the Revised Statutes, *which were repealed* by the provisions of Section 27, Chapter 162, Laws of 1945. However, the bill is so phrased that the provisions thereof are not limited to taxes arising under the aforesaid Sections 54:13-1 through 54:13-8 but would apply as well to taxes imposed under other sections of Chapter 13 of Title 54 of the Revised Statutes.

I am informed that it was not intended to limit or repeal the tax lien with respect to those taxes which are still being assessed pursuant to those sections of Chapter 13 which were not repealed in 1945 and still remain alive; nor would this be a desirable step.

Accordingly, I am returning herewith Assembly Bill No. 471 for reconsideration and with the recommendation that amendment be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 3, after "visions of" delete the words "chapter thirteen of Title 54" and insert in lieu thereof "section 54:13-1 to section 54:13-8, inclusive,".

ASSEMBLY BILL No. 488

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 488.

This bill would authorize county boards of freeholders or the county boulevard commissioners of any county to provide, by resolution, for the payment of either a lump sum amount or an annual allowance to police officers engaged in the regulation of traffic upon county roads who are permanently disabled in the line of duty, upon recommendation of the committee having charge of the department in which such police officers are employed and on certification of a physician by the county boulevard commissioners as to the probable permanency of the disability. The amount of the award payable in any one year, plus any other pension payments and any workmen's compensation allowance payable within the year, may not exceed the annual salary paid to the police officer at the time the disability occurred.

To the extent that the bill would authorize the county boulevard commissioners to require the payment of the pensions, without any action on the part of the county board of chosen freeholders, it would deprive the authority responsible for raising the money to pay the pensions of any opportunity to pass upon the expenditure of the funds involved. I have consistently opposed this unsound arrangement.

Accordingly, I am returning Assembly Bill No. 488 herewith for reconsideration and with the recommendation that

amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, title, lines 1 and 2; delete "or boulevard commissioners".

On page 1, title, line 3, after "county or " delete "commissioners" and insert in lieu thereof "the boulevard commissioners of such county".

ASSEMBLY BILL No. 500

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 500.

This bill provides for the issuance by the Division of Fish and Game of separate licenses for the hunting of deer.

The bill was introduced at the request of the State Division of Fish and Game. The Division, in the statement appended to the bill, states: "It is felt that if this fine game animal is to continue to survive and furnish sport in our small, heavily populated State, that the Division must have additional funds for proper management in the form of law enforcement, protection of crops, the development of deer-feeding areas, and the increase of the herd in the wilder areas of the State."

The bill contains several technical errors which must be corrected. Accordingly, I am returning herewith Assembly Bill No. 500, for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, title, after the words "An Act", delete the remainder of the Title and insert in lieu thereof the words: "relating to the hunting of deer; providing for a separate license therefor; providing penalties for violations hereof; and supplementing Title 23 of the Revised Statutes."

On page 1, section 1, line 2, after the word "character," insert the words "or with bow and arrow,".

ASSEMBLY BILL No. 549

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 549.

By amendment to R. S. 45:14-12 (Pharmacy Act), this bill would require the Board of Pharmacy of the State of New Jersey to refuse an application for examination or to revoke the certificate of a registered pharmacist or a registered assistant pharmacist, after notice and hearing, when the applicant or registrant is shown to be addicted to the use of narcotic drugs, or has been convicted of violating any law of this or any other State or of the United States relating to narcotic drugs. The present law leaves it in the discretion of the Board to refuse an application for examination or to suspend or revoke the certificate under similar circumstances.

The amendment is so broad that it could well produce a harsh result. It presupposes that rehabilitation of a narcotic violator can never be accomplished, and would bar the Board of Pharmacy from exercising its sound discretion in meritorious cases. I am informed that the amendment recommended below is acceptable to the legislative commission to study narcotics which sponsored the present measure.

Assembly Bill No. 549 also amends R. S. 45:14-14 to require prescriptions for any narcotic drug or barbiturate or any other hypnotic or somnifacient drug to be given in writing, signed by the person prescribing, and in no other manner. Additional amendments to the bill are required to bring it into conformity with the Federal Narcotics Law and Regulations relating to telephoned prescriptions for narcotic drugs in emergencies; and to eliminate redundant matter.

It is also noted that the provisions of Section 1 of the bill, providing for review of the determination of the Board in

denying, suspending or revoking a certificate, after hearing, technically is not in accordance with the Rules of the Supreme Court.

Accordingly, I am returning Assembly Bill No. 549 herewith, for reconsideration and with the recommendation that amendments be made to the bill (Second Official Copy Reprint) as follows:

On page 2, section 1, line 22, insert after the period the following: "Any person whose certificate is so suspended or revoked shall be deemed an unregistered person during the period of such suspension or revocation, and as such shall be subject to the penalties prescribed in this chapter, but such person may, at the discretion of the Board, have his certificate reinstated at any time without an examination, upon application to the Board."

On page 2, section 1, lines 24 and 25, delete the words "by a proceeding in lieu of the prerogative writs", and insert in lieu thereof the words "by appeal in accordance with the Rules of the Supreme Court".

On page 2, section 2, line 17, delete the words "or any drug included within the" and insert in lieu thereof the following: "except as provided in section 24:18-7 of the Revised Statutes".

On page 2, section 2, line 18, delete the words "provisions of sections 45:14-23 and 45:14-25 of the Revised Statutes".

On page 2, section 2, line 19, delete the words "or filled when given or transmitted".

On page 2, section 2, line 21, after the word "same" insert the words "nor shall such prescription be renewed or refilled".

Respectfully,

ASSEMBLY BILL No. 555

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 555.

The present measure would amend the act regulating the teaching and practice of nursing (P. L. 1947, c. 262, as amended) by adding to the qualifications required of applicants for a license to practice professional nursing or practical nursing, that the applicant is not an habitual user of drugs and has never been convicted or has not pleaded nolo contendere, non vult contendere or non vult to an indictment, information or complaint, alleging a violation of any Federal or State law relating to narcotic drugs. A further amendment to Section 10 of the act requires the Board of Nursing to revoke or refuse to renew a license where the applicant or holder is an habitual user of drugs or has been convicted or so pleaded to an indictment, information or complaint.

The present law allows the Board at any time to "permit a person whose license has been revoked or whose application for renewal has been denied, to make an original application for a new license on such terms and conditions as in the judgment of the board are just and equitable". However, because of the additional qualification required by the proposed amendment, a nurse whose license had been revoked or its renewal refused for narcotic violation would be denied forever the privilege of making an original application for a license. Such a result would appear to be too harsh. It presupposes that rehabilitation of a narcotic violator can never be accomplished, and would bar the Board of Nursing from exercising its sound discretion in meritorious cases. I am advised by the chairman of the Legislative Commission to Study Narcotics, which proposed this legislation, that this result was not intended, and that the amendments which I am recommending herein, meet with his full approval. It is entirely possible that a person

“cured” of the “habit” may desire to devote his or her life to helping others conquer the “habit”.

It is also noted that the provisions of Section 3, providing for review of the determination of the Board in suspending or revoking a license, or refusing to issue a renewal of a license after hearing, technically is not in accordance with the Rules of the Court.

Accordingly, I am returning Assembly Bill No. 555 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 6, section 3, lines 38 and 39, delete the words “proceedings in lieu of the prerogative writs” and insert in lieu thereof the words “appeal in accordance with the Rules of the Supreme Court”.

On page 6, section 3, line 42, insert after the words “board may” the words “, notwithstanding any other provision hereof,”.

ASSEMBLY BILL No. 586

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 586.

Section 1 of this measure provides that any person who has served as clerk of a municipal court in any city of the second class for a period of 30 years and who has attained age 55 may be retired on a pension equal to one-half his annual salary. The next section (apparently inconsistent with the first section) makes it mandatory upon the city to pay the pension, but in "such sum as the governing body of the city determines by resolution". In the event the clerk dies after serving 30 years, his widow is to receive a pension equal to one-half his salary at the time of his death, or if he was retired on pension, then the pension is to be continued in favor of the widow. The widow's pension is mandatory and is to be paid to her "so long as she remains a widow".

This measure falls within the category of mandatory pension legislation to which I have repeatedly stated my opposition, although it is apparent from the first section that a permissive pension bill was intended.

Accordingly, at the request of the sponsor, I am returning herewith Assembly Bill No. 586, for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, lines 3 and 4, after the word "pension" strike out the remainder of the section and insert a period.

On page 1, section 2, lines 3 and 4, strike out the words "upon the filing of such certificate he shall be entitled".

On page 1, section 2, lines 4 and 5, after the word "pension" delete the remainder of the sentence and insert in lieu thereof the words "equal to one-half of his annual salary at the time of his retirement."

On page 1, section 3, line 1, delete "3. The pension", and insert in lieu thereof the words "3. Such pension may be granted by the governing body of the city, by resolution, and if so granted,".

On page 1, section 4, lines 1 through 4, strike out all of said lines and insert in lieu thereof the following:

"4. In the event of death, before retirement, of any such person having served continuously for 30 years as clerk of the municipal court, the governing body of

said city may allow his widow such a pension, or if such person was retired on pension at the time of his death, then”.

On page 2, section 4, line 6, strike out the words “a widow” and insert in lieu thereof the word “unmarried”.

On page 2, section 5, line 2, delete the words “of the aforesaid” and insert in lieu thereof the words “of any such”.

ASSEMBLY BILL No. 637

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 637.

The amendment proposed to N. J. S. 3A:3-5 by this bill would provide that wills, if in writing, made by members of the armed forces who are 18 years of age or over, in time of peace as well as in time of war, shall be valid. Historically, and for sound reasons, the exception made in the case of soldiers which permitted them to make wills without signature, witnesses or other formalities, was extended only in time of actual war.

I am aware that the phrase "in time of war" which the present measure would delete from the statute presents an ambiguity, namely, whether it should be held to apply to the Korean conflict or any similar emergency. In order to properly provide for elimination of such ambiguity, I am, accordingly, returning Assembly Bill No. 637 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 5, insert after the words "United States" the words "in time of war or in time of emergency".

On page 1, section 1, insert a new paragraph after line 5 as follows: "As used herein the term 'in time of emergency' shall mean and include any time after June twenty-third, one thousand nine hundred and fifty, and prior to the termination, suspension or revocation of the proclamation of the existence of a national emergency issued by the President of the United States on December sixteenth, one thousand nine hundred and fifty, or termination of the existence of such national emergency by appropriate action of the President or Congress of the United States."

ASSEMBLY BILL No. 642

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 642.

The purpose of this supplement to Title 58 of the Revised Statutes is to authorize any district water supply commission owning, operating, controlling and maintaining any watershed property, reservoir and water system within this State, and the governing body of any municipality owning, operating, controlling and maintaining a watershed property exceeding 3,000 acres in area, and a reservoir and water system, to establish a constabulary for the purpose of preserving order thereon, and of protecting, regulating and controlling the watershed property. The bill would give such district water supply commission or governing body the authority to make rules and regulations for the protection, regulation and control of the watershed property, reservoirs, pumping station, dams, pipe lines and other properties therein, and to prescribe fines and penalties for violation of such rules and regulations; such rules and regulations to be first approved by the Department of Law and Public Safety and additionally, in the case of a municipality, by the district water supply commission, if any, of the water supply district within which the watershed properties are situated. The powers and duties of the constabulary so established are set forth in the measure.

I am advised that this bill is primarily intended for the North Jersey District Water Supply Commission, which is not subject to civil service. I am also informed that there are two municipalities now operating under the civil service statutes which could be affected by this legislation and could, if the measure were approved, in its present form, make any number of appointments thereto for a fixed term, regardless of the civil service laws. In this respect, the bill should be amended to provide that, with respect to munici-

palities operating under civil service, appointments under the bill would be made in accordance with Title 11 of the Revised Statutes.

It is also noted that no limit is placed upon the penalty which may be prescribed for violation of a rule or regulation promulgated under the terms of this bill by a district water supply commission or a municipality. The penalty provision prescribed by R. S. 40:49-5, with respect to violations of municipal ordinances, is suggested herein by way of amendment.

Accordingly, I am returning herewith Assembly Bill No. 642 for reconsideration and with the recommendation that amendments be made to the bill (Official Copy Reprint) as follows:

On page 1, section 1, line 9, delete the words "the enforcement of" and insert in lieu thereof the word "enforcing".

On page 2, section 2, line 7, delete the period at the end of the line and insert in lieu thereof the following: "*; provided, however, that in the case of any such municipality now or hereafter operating under the provisions of Title 11 of the Revised Statutes, Civil Service, all members of said constabulary shall be appointed in accordance with the provisions of said Title 11 of the Revised Statutes.*"

On page 2, section 3, line 5, delete the words "fines and".

On page 2, section 3, lines 6 and 7, delete the words "and fix the amount thereof" and insert in lieu thereof the following: "*, either by imprisonment in a county jail or in any place provided by a municipality for the detention of prisoners, for any term not exceeding 90 days, or by a fine not exceeding \$200.00, or both.*"

On page 3, section 5, line 4, delete the word "Board" at the beginning of the line and insert in lieu thereof the word "Commissioner".

Respectfully,

ALFRED E. DRISCOLL,
Governor.

To the General Assembly:

ASSEMBLY BILL No. 644

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 644.

The purpose of this bill is to shift the power of appointment of a municipal magistrate from the mayor to the municipal council if the mayor should fail to make a nomination to the office within 30 days after the office becomes vacant, or if the council shall fail to confirm any nomination so made within 30 days after it is made. As a general principle, it would be unsound under a mayor-council form of government to permit the local legislative body to take over the appointing power simply by inaction. Under our borough law, however, the mayor-council relationship which generally is found in cities is modified to the extent that the mayor is, in effect, a member of the council, presides over its meetings and is authorized to cast a vote in the event of a tie. Under these circumstances the borough law already has the same provision with respect to all other appointments to borough offices that is proposed in the present bill. If this bill were limited to apply only in the case of boroughs, therefore, it would conform to established law regulating the appointment of other officers in boroughs.

General experience has proved that the best results in appointments to judicial office are obtained where responsibility for the appointment is clearly vested in a single executive, and were it not for the existing law with respect to other appointive borough officers, I would be constrained to withhold my approval without qualification.

In view of the present statutes, and for the time being, I am returning herewith Assembly Bill No. 644 for reconsideration, and with the recommendation that amendment to the bill (Official Copy Reprint) be made as follows:

On page 1, section 1, line 9, following the word "council", strike out the word "but" and insert in lieu thereof the following: "; *provided*, that in municipalities governed under the borough law (Chapters 86 to 94 of Title 40 of the Revised Statutes)".

ASSEMBLY BILL No. 673

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith, for reconsideration and with my objections, Assembly Bill No. 673.

This bill would permit any township, town or borough school district, having accepted the provisions of Chapter 6 of Title 18 of the Revised Statutes, to later determine by referendum whether to return to operation under the provisions of Chapter 7 of Title 18 of the Revised Statutes.

While I approve the object of the bill, a technical amendment is required to accomplish the apparent objective of the Legislature.

Accordingly, I am returning herewith Assembly Bill No. 673 for reconsideration and with the recommendation that an amendment to the bill (Official Copy Reprint) be made as follows:

Mr. Knoblauch offered the following resolution, which was read by the Clerk:

Be It Resolved, That the General Assembly of the State of New Jersey does hereby memorialize the Governor of the State of New Jersey to hold a general conference at this time, by calling together all interested parties, to consider certain Rules and Regulations promulgated by the Director of Motor Vehicles of the State of New Jersey, affecting the revocation and suspension, ownership and operation of motor vehicles in the State of New Jersey.

WHEREAS, The Executive Branch of the Government of the State of New Jersey has usurped definite legislative function in promulgating said Rules and Regulations, and

WHEREAS, No standards have been fixed by the Legislative Branch of our Government for promulgating such Rules and Regulations; and

WHEREAS, There has been exhibited a tremendous and live interest by the people of the State of New Jersey in the question of whether or not the Executive Branch of the State Government shall be empowered to delegate to one of its Administrative Branches, the power of life and death

over the ownership and operation of a motor vehicle by duly qualified citizens of the State of New Jersey, and

WHEREAS, There have been two bills introduced in the past session of the General Assembly—A. 367 and A. 496, specifying that every operator shall be allowed five violations, with certain exceptions, over a period of five years, and, then, his record cleared, and said bills were never considered on the floor of the General Assembly; and

WHEREAS, An overwhelming majority of the citizens of the State of New Jersey either directly or indirectly earn their livelihood from the operation of motor vehicles and, this, therefore, makes this question one of great public interest, and

WHEREAS, It is the fundamental duty of this General Assembly to preserve unto itself, and, therefore, the people whom it represents, the right to make laws; now, therefore,

Be It Resolved, That following the general conference with the Governor as heretofore set forth, a public hearing be held in this Assembly Chamber to fully consider the question of revocation and suspension of drivers licenses, so as to properly define and legislate into law, general principles of law enforcement and regulation, by the office of the Director of Motor Vehicles, which will be most beneficial to the people of the State of New Jersey, and

Be It Further Resolved, That such recommendations be submitted at the next session of the Legislature for their action and that, in the interim, the Director of Motor Vehicles withhold the establishment and enforcement of any new rules.

Mr. Simmill rose on point of order.

Whereupon, the Speaker declared Mr. Knoblauch's resolution unconstitutional, inasmuch as this Constitutional Session convened for the sole purpose of action on the Governor's veto messages and no other action may be considered.

Messrs. Hauser, Musto, Brady, Casciano, Knoblauch, Krawczyk, Salvest and Miss Murphy offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, Today is the forty-ninth birthday of our colleague, George B. Schaeffer, of Secaucus;

Therefore, Be It Resolved, That members of the General Assembly extend congratulations and best wishes for many happy returns of the day.

The Speaker invited Mr. Schaeffer to address the General Assembly.

Mr. Schaeffer addressed the General Assembly briefly.

Messrs. Tompkins and Jamieson offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved, That the General Assembly congratulate the New Jersey Civil Service Association in their selection of John J. Goff, as State President. Mr. Goff is well known to all the members of the General Assembly having worked here for the past twenty years and we are sure that the same cordial relationship that has always existed between the General Assembly and the New Jersey Civil Service Association will continue under his leadership; and

I ask Mr. Speaker, that Mr. Goff be permitted a few minutes to address the General Assembly.

The Speaker invited Mr. Goff to address the General Assembly.

Mr. Goff addressed the General Assembly briefly.

A message was received from the Senate by the hands of its Secretary as follows—and was read by the Clerk:

STATE OF NEW JERSEY,

SENATE CHAMBER,

June 9, 1952.

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following bills:
