Devon L. Graf, Director
Office of Legal and Regulatory Compliance
Office of the Commissioner
Department of Health and Senior Services
PO Box 360
Trenton, NJ 08625-0360

Dear Mr. Graf:

I am writing as Director of Regulatory Affairs at the New Jersey State Nurses Association NJSNA) to comment on proposed Adult Protective Services rules: N.J.A.C. 8:89, which were published in the *New Jersey Register* November 7, 2011 by the Department of Health and Senior Services.

NJSNA would like to commend DHSS and express its overall support for these comprehensive and important rules which are intended to protect some of New Jersey's most vulnerable residents from harm.

There is one section of the rule, however, that could be strengthened by modification in the language; that appears at 8:89-3.2 Education and training. The rule, as currently written requires that a "certified APS worker or a county APN supervisor" have a minimum of a bachelor's degree or a license as an RN. The requirement is then undercut but allowing one year of employment in social services to substitute for one year of education (when an individual has four years of social service employment history). To allow employment to substitute for education fails to meet those best practice standards that assure that the most qualified individuals are providing protective services for this specialized population. It is particularly troubling that the substitution of employment for education would be allowed for either the APS worker *or* the county APN supervisor; shouldn't there be a distinction in requirements between the supervisor and the supervisee and shouldn't the requirements for supervisor exceed those of the supervisee? If the proposed language stands, it means that an individual with four years of (unspecified) employment in social services might be supervising a professional individual with a baccalaureate degree in nursing or social work. NJSNA urges DHSS to reconsider this language and make the requirements more stringent for those acting in a supervisory capacity, at a minimum.

February 1, 2012

Robert J. Melillo, Chief
Legislative and Regulatory
20 West State Street
Department of Banking and Insurance
PO Box 325
Trenton, NJ 08625-0896

Dear Mr. Melillo:

I am writing as Director of Regulatory Affairs at the New Jersey State Nurses Association to comment on the Department of Banking and Insurance proposed rules regarding Accelerated Death Benefits N.J.A.C. 11:4-30.2-30.1 which were published in the *New Jersey Register*, December 5, 2011.

I respectfully request that the Department consider modifying the language of the proposed rule at N.J.A.C. 11.4-30.8: Terms of accelerated death benefit contract provisions, to include advanced practice nurses (APNs) along with physicians, as providers who can complete the primary, secondary or tertiary physical examination required by insurers to confirm the qualifying condition necessary for the receiving accelerated death benefist. New Jersey APN statutes at N.J.S.A. 45:11-49 et seq, authorize APNs to diagnose and manage both acute and chronic conditions including those that may be terminal in nature. APNs are, increasingly, New Jersey consumers' primary care providers in the community, in long term care and in acute care settings and may be the attending provider who can most accurately attest to a patient's illness or disability status.

Insurers, and ultimately patients, will benefit from having a larger pool of providers available who are permitted to perform the assessments required to verify the existence of a qualifying condition in the circumstances surrounding payment of accelerated death benefits.

Thank you for the opportunity to comment on these rules. Please do not hesitate to contact me if I can be of any assistance in clarifying them.

Sincerely,

Carolyn T. Torre RN, MA, APN
Director, Regulatory Affairs
