BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 2 of the act of which this act is amendatory is amended to read as follows:

"Director" means the Director of the Division of Motor Vehicles in the Department of Law and Public Safety.

C. 39:6-62.
Terms defined.

"Treasurer" means the State Treasurer of New Jersey acting as the custodian of the Unsatisfied Claim and Judgment Fund.

"Commissioner" means the Commissioner of Banking and Insurance.

"Unsatisfied Claim and Judgment Fund" or "Fund" means the fund derived from the sources specified in this act.

“Qualified person” means a resident of this State or the owner of a motor vehicle registered in this State or a resident of another State, territory or Federal district of the United States or Province of the Dominion of Canada, or foreign country, in which recourse is afforded, to residents of this State, of substantially similar character to that provided for by this act.

“Uninsured motor vehicle” means a motor vehicle as to which there is not in force a liability policy meeting the requirements of sections 3, 24, 25 or 26 of the Motor Vehicle Security-Responsibility Law of this State, established pursuant to the provisions of chapter 173 of the laws of 1952, as amended and supplemented, and which is not owned by a holder of a certificate of self-insurance under said law.

“Person” includes natural persons, firms, co-partnerships, associations and corporations.

Section

C. 39:6-63.
Creation of
fund.

2. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. Creation of fund. For the purpose of creating the fund

(a) Every person registering an uninsured motor vehicle in this State for the yearly period commencing April 1, 1954, shall pay at the time of

registering the same, in addition to any other fee prescribed by any other law, a fee of \$3.00;

(b) Every person registering any other motor vehicle in this State for the yearly period commencing April 1, 1954, shall pay at the time of registering the same, in addition to any other fee prescribed by any other law, a fee of \$1.00;

(c) On or before March 31, 1955, each insurer shall pay to the treasurer a sum equal to $\frac{1}{2}$ of 1% of its net direct written premiums for the calendar year 1953 as shown in its annual statement filed with the commissioner;

(d) On the first day of September in each year, beginning with 1955, the director shall calculate the probable amount which will be needed to carry out the provisions of this act during the ensuing registration license year. If, in his judgment, the estimated balance of the fund at the beginning of the next registration license year will be insufficient to meet such needs, he shall

(1) Assess the estimated deficiency against insurers for such year's contribution to the fund. Such deficiency shall be apportioned among such insurers in the proportion that the net direct written premiums of each bears to the aggregate net direct written premiums of all insurers during the preceding calendar year as shown by the records of the commissioner. Such aggregate assessment, however, shall in no event exceed $\frac{1}{2}$ of 1% of the aggregate net direct written premiums for such preceding calendar year. Each insurer shall pay the sum so assessed to the treasurer on or before March 31, next following.

(2) If such assessment against insurers be insufficient in the judgment of the director to provide the estimated amount needed to carry out the provisions of this act for the ensuing registration license year, he shall determine the amount to be fixed as the Unsatisfied Claim and Judgment Fund Fee for such license year.

Such fee shall in no case exceed \$1.00, and shall be paid by each person registering a motor vehicle for such ensuing year at the time of registration in addition to any other fee prescribed by any other law; provided, however, that each owner of an uninsured motor vehicle at the time of payment of such fee shall also pay the sum of \$2.00 in addition thereto.

3. Section 4 of the act of which this act is amendatory is amended to read as follows:

4. Unsatisfied Claim and Judgment Fund Board. There is hereby established in, but not as a part of, the Division of Motor Vehicles of the Department of Law and Public Safety, an Unsatisfied Claim and Judgment Fund Board consisting of the director, the commissioner, and 4 representatives of insurers. Such representatives of insurers shall be designated annually by the commissioner. He shall designate 1 representative of each of the following classes of companies:

- (a) Stock company rating organization members;
- (b) Mutual company rating organization members;
- (c) Independent stock companies; and
- (d) Independent mutual and other companies.

A person designated as a representative shall be an employee or officer of an insurer of the class which he represents. None of the members of the board shall receive any compensation or remuneration from the fund. Such board shall maintain an office in this State, administer the fund subject to the provisions of this act, determine its cash requirements, and the amounts, if any, available for investment, and shall have the power to employ such clerical and other help as may be necessary to the proper discharge of the duties of the board. The director in the administration of the Motor Vehicle Security-Responsibility Law and the board in the administration of this act shall co-operate in order to avoid duplication and to achieve ef-

iciency and economy. The board shall reimburse the Division of Motor Vehicles semiannually for the reasonable and appropriate costs and expenses incurred in performing any service for the board under this act. Expenses so incurred by the board or by any department, division or agency of the State on behalf of the board shall be assessed annually by it, against insurers pro rata in proportion to premium writings as provided in section 3(d)1. Insurers shall be entitled to deduct any assessments so paid, from any assessments made by the director under said section.

4. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. Notice of accident and intention to file claim. Any qualified person, or the personal representative of such person, who suffers damages resulting from bodily injury or death or damage to property arising out of the ownership, maintenance or use of a motor vehicle in this State on or after April 1, 1955, and whose damages may be satisfied in whole or in part from the fund, shall, within 30 days after the accident, as a condition precedent to the right thereafter to apply for payment from the fund, give notice to the board, on a form prescribed by it, of his intention to make a claim thereon for such damages if otherwise uncollectible and otherwise comply with the provisions of this section; provided, any such qualified person may, in lieu of giving said notice within said time, make proof to the court on the hearing of the application for the payment of a judgment that he was physically incapable of giving said notice within said period and that he gave said notice within 30 days after he became physically capable to do so or in the event that he did not become so capable, that a notice was given on his behalf within a reasonable period. In said notice he shall specify the time and place of the accident, identify the operators and vehicles involved therein and such witnesses to said accident, as are then known to him and describe the injuries then known to him and the damage to

property sustained. Said notice shall be accompanied by (a) a certification by a physician of the injuries sustained so far as they can then be anticipated and of the treatment afforded by him, (b) itemized estimates of an automobile repairman or itemized bill, of the cost of repairs if the damage is to an automobile, (c) such information as is known to him with regard to liability insurance in effect with respect to the motor vehicles involved in the accident and (d) a copy of the complaint if an action has theretofore been brought for the enforcement of such claim. Such person shall also notify the board of any action thereafter instituted for the enforcement of such claim within 15 days after the institution thereof, and such notice shall be accompanied by a copy of the complaint.

The director is hereby authorized and empowered, the provisions of any other law relating to the confidential nature of any reports or information furnished to or filed with the Division of Motor Vehicles notwithstanding, to furnish to the board upon its request, for such use, utilization and purposes as the board may deem reasonably appropriate to administer this act and discharge its functions hereunder, any reports or information filed by any person or persons claiming benefits under the provisions of this act, that the director has with regard to any accident, and any operator or owner of a motor vehicle involved in any accident, and as to any automobile or motor vehicle liability insurance or bond carried by any operator or owner of any motor vehicle.

Order for
payment of
judgment.

5. Section 11 of the act of which this act is amendatory is amended to read as follows:

11. Order for payment of judgment. The court shall make an order directed to the treasurer requiring him to make payment from the fund of such sum, if any, as it shall find to be payable upon said claim, pursuant to the provisions of and in accordance with the limitations contained in this act, if the court is satisfied, upon the hearing:

(a) Of the truth of all matters required to be shown by the applicant by section 10,

(b) That the applicant has fully pursued and exhausted all remedies available to him for recovering damages against all persons mentioned in subparagraph (m) of section 10 by

(1) Commencing action against all such persons against whom the applicant might reasonably be considered as having a cause of action in respect of such damages and prosecuting every such action in good faith to judgment and

(2) Taking all reasonable steps available to him to collect on every judgment so obtained and by applying the proceeds of any judgment or recovery so obtained towards satisfaction of the amount due upon the judgment for payment of which the claim is made.

Any amount for compensation or indemnity for damages or other benefits which the plaintiff has received or can collect from any person other than the judgment debtor shall be deducted from the amount due upon the judgment for payment of which claim is made.

6. Section 12 of the act of which this act is amendatory is amended to read as follows:

12. Settlement of actions against motorists.

(a) In any action against an operator or owner of a motor vehicle for injury to or death of any person or for damage to property arising out of the ownership, maintenance or use of said vehicle in this State on or after April 1, 1955, pending in any court of competent jurisdiction in this State, the plaintiff may upon notice to the board file a verified petition with the court alleging

(1) the matters set forth in subparagraphs (a), (b), (c), (d), (e) and (f) of section 10;

(2) that the petition is not presented on behalf of an insurer under circumstances set forth in subparagraph (1) of section 10;

Section

C. 39:6-72.
Settlement
of actions
against
motorists.

(3) that he has entered into an agreement with the defendant to settle all claims set forth in the complaint in said action and the amount proposed to be paid to him pursuant thereto;

(4) that said proposed settlement has been consented to by the board;

(5) that the defendant has executed and delivered to the board a verified statement of his financial condition;

(6) that a judgment against the defendant would be uncollectible;

(7) that the defendant has undertaken in writing to repay to the treasurer the sum that he would be required to pay under such settlement, if approved by the court, and has executed a confession of judgment in connection therewith.

If the court be satisfied of the truth of the allegations in said petition and of the fairness of such proposed settlement, it may enter an order approving the same and directing the treasurer, upon receipt of the undertaking and confession of judgment mentioned in subparagraph (7) of this section, to make payment to the plaintiff of the amount agreed to be accepted.

(b) An insurer to whom a claim has been assigned may settle any claim involving the payment of less than \$1,000.00 with the approval of the director and any other 1 member of the board, without court approval, if satisfied

(1) that the claimant is not a person of the character described in subparagraphs (a), (b), (c), (d), (e) and (f) of section 10;

(2) that the settlement is not made on the behalf of an insurer under circumstances set forth in subparagraph (1) of section 10; and

(3) that a judgment against the owner or operator of the motor vehicle involved in the accident would be uncollectible, and if such owner or operator has consented to such settle-

ment, executed and delivered to the board a verified statement of his financial condition and undertaken in writing to repay to the treasurer the sum to be paid under the settlement, and executed a confession of judgment in connection therewith. Any settlement so made shall be certified by the board to the treasurer, who shall, upon receipt of said undertaking to repay and confession of judgment, make the required payment to claimant out of the fund.

7. Section 14 of the act of which this act is amendatory is amended to read as follows:

14. Default and consent judgments. No claim shall be allowed and ordered to be paid out of the fund if the court shall find, upon the hearing for the allowance of the claim, that it is founded upon a judgment which was entered by default unless (1) the claimant shall have complied with the requirements of section 5, and (2) prior to the entry of such judgment the board shall have been given notice of intention to enter the judgment and file a claim thereon against the fund and shall have been afforded an opportunity to take such action as it shall deem advisable under section 15.

If the court, upon a hearing for the allowance of any claim against the fund, finds that it was a claim which was not assigned by the board to an insurer in accordance with section 6, or that the action upon such claim was not fully and fairly defended, or that the judgment thereon was entered upon the consent or with the agreement of the defendant, the court shall allow such claim but shall order it to be paid only in such sum as the court shall determine to be justly due and payable out of the fund, on the basis of the actual amount of damages for which the defendant was liable to the plaintiff under the cause of action, upon which the judgment was rendered and reduced by any amount received from any person mentioned in subparagraph (m) of section 10, notwithstanding that the judgment is for a greater amount.

Section

of judgments
to director.

17. Assignment of judgments to director. The treasurer shall not pay any sum from the fund, in compliance with an order made for that purpose, in any case in which the claim is founded upon a judgment, except a judgment obtained against the director under this act, until the applicant assigns the judgment to the director and, thereupon, the director shall be deemed to have all the rights of the judgment creditor under the judgment and shall be entitled to enforce the same for the full amount thereof with interest and costs and if more money is collected upon any such judgment than the amount paid out of the fund, the director shall pay the balance, after reimbursing the fund, to the judgment creditor.

(e) All reasonable efforts have been made to ascertain the identity of the motor vehicle and of the owner and operator thereof and either that the identity of the motor vehicle and the owner and operator thereof cannot be established, or that the identity of the operator, who was operating the motor vehicle without the owner's consent, cannot be established,

(f) The application is not made by or on behalf of an insurer under circumstances set forth in paragraph (b) of section 10.

21. Defense of such actions by director. In any action brought under sections 18 and 19 of this act, the director may appear by counsel for the insurer to whom such action has been assigned. He shall for all purposes of the action be deemed to be the defendant. He shall have available to him any and all defenses which would have been available to said operator or owner or both if the action had been brought against them or either of them and process upon them or either of them had been duly served within this State, but he shall be entitled to defend in all cases without asserting any specific facts.

1. Section 78 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

78. Loans. Investments in loans may be made as follows:

C. 17:12A-78.
Mortgage
loans.

(1) Mortgage loans. In direct reduction, sinking fund, and straight mortgage loans. Each such loan shall be evidenced by an obligation and secured by a mortgage which shall be a first lien on real estate in the State, or outside of the State if located within 50 miles of the principal office of the association. A mortgage shall be deemed a first lien notwithstanding the existence of a prior mortgage or mortgages held by the association, or liens of taxes or assessments which are not delinquent, building restrictions or other restrictive covenants or conditions, leases or tenancies whereby rents or profits are reserved to the owner, joint driveways, sewer rights, rights in walls, rights-of-way or other easements, or encroachments which the appraisers signing the appraisal provided for in section 81, report in their opinion do not materially affect the security for the mortgage loan. Such loans shall be on real estate used or to be used wholly or partially for dwelling purposes. If the proceeds of any such loan are used in whole or in part to improve the mortgaged real estate, they may be advanced in installments as the construction of a building or the making of other improve-

ments thereon progresses and the value of the contemplated improvement may be included in arriving at the appraised value of the property.

Each direct reduction loan shall require periodical payments sufficient to pay the principal and interest of the loan in full in a period of 25 years or less. Any association may by agreement with the borrowing member reduce the amount of periodical payments, but the amount of the periodical payments thereafter required shall be sufficient to pay the balance of the loan and interest thereon within a period of 20 years or less from the time of making such agreement. Each sinking fund loan shall require periodical payments, at least monthly, on an account pledged as collateral security for such loan which shall be sufficient to pay such loan in a period of 20 years or less. Any association may by agreement with the borrowing member provide for the application of such account to the principal of the loan and for a reduction in the periodical payments required on an account thereafter; provided, however, that such periodical payments thereafter required shall be sufficient to retire the loan in a period of 20 years or less from the time of the making of such agreement. The amount of any direct reduction loan or sinking fund loan, less the withdrawal value of any account which may be pledged as collateral security therefor, shall not exceed 80% of the value of such real estate as found by appraisal at the time when the loan is granted.

A straight mortgage loan having a term of 1 year or less, the proceeds of which are used or are to be used in pursuance of a plan to improve the mortgaged real estate, may be made in an amount not to exceed 80% of the value of such real estate as found by appraisal at the time the loan is granted. Otherwise the term of any straight mortgage loan shall not exceed 3 years and the amount of any such straight mortgage loan shall not exceed 50% of the value of the property as found by appraisal at the time the loan is granted. An association may re-

new any straight mortgage loan held by it for a period not exceeding 3 years and for amounts not in excess of 50% of the value of the real estate as found by appraisal at the time of such renewal. The total amount invested in straight mortgage loans by any association shall not exceed 10% of its assets at the time any such investment is made.

(2) Improvement or repair loans. In additional loans to members for repairs, alterations, or improvements already made or to be made, of real estate owned by such members, upon which the lending association already holds a mortgage lien, or to pay the cost of insurance upon the life of such member which policy of insurance may also include health, accident or disability features, the proceeds of such policy to be applied in accordance with its terms and conditions; provided, however, the amount of such life insurance shall not exceed the amount loaned on the mortgage lien held by the association. If the mortgage already held by the lending association secures payment of a direct reduction loan, such additional loan shall not exceed the sum of \$2,500.00 or the amount which has been repaid in reduction of the principal of such mortgage loan, whichever is less. If the mortgage already held by the lending association secures payment of a sinking fund loan, such additional loan shall not exceed the sum of \$2,500.00 or the withdrawal value of the installment account which is pledged as collateral security for the payment of such sinking fund loan, whichever is less. Each such additional loan shall be evidenced by an obligation which shall state the terms on which such loan is made, and the amount thereof shall be added to the amount due on the association's mortgage against such real estate, and payment thereof shall be secured thereby. All persons who acquire any rights in, or liens upon, the mortgaged real estate subsequent to the recording of any association's mortgage shall hold such rights and liens subject to the association's right to make such additional loans. For the purpose of such additional loans,

no search or examination of the title to the mortgaged real estate shall be required. The power to make such additional loans is in addition to, and not to the exclusion of, the power to make any other lawful loan or any other lawful additional loan, or to make advances for any purpose expressly or impliedly reserved or provided for in any bond, mortgage or other obligation held by or hereafter acquired by any such association.

(3) Camp meeting leaseholds. In any obligation secured by first mortgage on any leasehold estate of real estate in this State of any camp meeting association, to the extent authorized by, and subject to, the limitations and restrictions contained in section 17:2-1 of the Revised Statutes.

(4) Purchase of loans. In the purchase of any loan which an association is authorized to make.

(5) Account loans. In loans secured by a pledge of a member's account. No such loan shall exceed the withdrawal value of the pledged account, less interest thereon for a period of 6 months.

(6) Guaranteed loans. In loans guaranteed or insured in whole or in part by the United States of America or the State of New Jersey, any instrumentality or agency of either of them, or for which a commitment to so guarantee or insure has been made. Such loans shall not be subject to the provisions of section 27, subdivision (13), section 78, subdivision (1), section 81 and section 82 of this act. Such loans may be made in accordance with the terms and conditions permitted by the agency guaranteeing or insuring such loans, notwithstanding any other provisions of law limiting interest or other charges or prescribing terms and conditions. Such loan shall include only those which are made for the purchase or improvement of real estate, or for the construction, alteration, repair, or improvement of buildings erected thereon, used or to be used, wholly or partially for dwelling purposes, in which case they may or may not be secured by mortgages; or those which may be made for any other purpose provided they be secured by a mort-

gage on real estate used or to be used wholly or partially for dwelling purposes.

2. This act shall take effect immediately.

Approved May 11, 1955.

The total amount owing to an association upon all such loans and investments in excess of \$25,000.00 shall not exceed 25% of the aggregate amount owing to it on all of its mortgage loans at the time any such loan or investment in excess of \$25,000.00 is made.

Members shall have the right to purchase credit for the prior service evidenced therein, up to the nearest number of years and months, but not exceeding 10 years. Members shall be given 1 year from the date of enrollment to file such a statement and to agree to purchase such credit.

The board of trustees shall verify as soon as practicable the statement of service submitted. The member may obtain credit for such service by making a lump sum payment or by contributing installment payments in such manner as the board of trustees shall approve. The board of trustees shall issue to the member a service certificate certifying to the aggregate length of such service on account of which he has contributed or agreed to contribute.

Any member electing to contribute toward such service, who retires prior to completing payments as agreed with the retirement system for the purchase of such service will receive pro rata credit for service purchased prior to the date of retirement, subject to provisions of section 68 of this act, but if he so elects at the time of retirement, he may make such additional lump sum payment as will be necessary to provide full credit at that time.

14. Any person employed temporarily as a teacher and whose temporary employment resulted in permanent employment or any person employed as a substitute immediately prior to permanent employment shall be permitted to make contributions covering such service in accordance with the rules and regulations of the board of trustees and receive the same annuity and pension credits as if he had been a member during such service.

service.

15. In computing for retirement or for purposes of resignation or separation from service under sections 36 and 37 of this act the total service of a member about to be retired, the board of trustees shall credit him with the time of all service rendered by him since he last became a member and in addition, if a service certificate heretofore issued to him is in full force and effect, with all the service certified in the certificate, and with no other service. Except as otherwise provided in this act, a service certificate or modified service certificate shall be final and conclusive for retirement purposes, or for purposes of resignation under sections 36 and 37 of this act, as to service certified therein, except that a service certificate shall become void when membership ceases.

C. 18:13-112.17.
Service
credit for
retirement.

For the purpose of computing service for retirement purposes, the board of trustees shall fix and determine by appropriate rules and regulations how much service in any year shall equal a year of service and part of a year of service. Not more than 1 year shall be credited for all service in a calendar year.

16. There shall be in the retirement system the contingent reserve fund, annuity savings fund, retirement reserve fund, pension fund, special reserve fund, interest fund, and the members' death benefit fund.

C. 18:13-112.18.

the contingent reserve fund, which shall be the fund in which shall be credited contributions made by the State and other employers.

a. Upon the basis of such tables as the board of trustees adopts, and regular interest, the actuary of the board shall compute annually the amount of contribution, expressed as a proportion of the compensation paid to all members, except veteran members who were employed as teachers on January 1, 1955, which, if paid monthly during the entire prospective service of such members, will be sufficient to provide for the pension reserves required at the time of discontinuance of active service, to cover all pensions to which they may be entitled or which are payable on their account, and to provide for the amount of the death and accidental disability benefits payable on their account, and which amount is not covered by contributions to be made as provided in paragraphs "b" and "c" hereof and the funds in hand available for such benefits.

b. Upon the basis of such table as the board of trustees adopts, and regular interest, the actuary of the board shall compute, annually, the amount of the liability which has accrued by reason of the establishment of Class B credit by nonveteran members and which has not already been covered by State contributions to the retirement system. Using the total amount of this liability remaining as a basis, he shall compute the amount of the flat annual payments which, if paid in each succeeding fiscal year commencing with July 1, 1957, for a period of 30 years, will provide for this liability.

c. The actuary of the board shall compute, annually, a "deficiency contribution" which shall not be less than an amount which, if paid in each succeeding fiscal year commencing with July 1, 1956, for a period of 11 years, will be sufficient to liquidate the accrued liability of the pension fund which has not already been covered by previous deficiency contributions and is not covered by other prospective contributions on account of members.

d. Upon the basis of such tables as the board of trustees adopts, and regular interest, the actuary of the board shall compute annually the amount of the total liability for past service and all prospective service for veteran members who were employed as teachers on January 1, 1955, which has not already been covered by State and employer contributions to the retirement system and, except as provided by section 70 of this act, by past or prospective contributions by such veteran members and which will be sufficient to provide for the pension reserves required at the time of discontinuance of active service, to cover all pensions to which they may be entitled or which are payable on their account, and to provide for the amount of death and accidental disability benefits payable on their account. Using the total amount of this liability remaining as a basis, he shall compute the amount of the flat annual payment, which, if paid in each succeeding fiscal year commencing with July 1, 1957, for a period of 30 years, will provide for this liability.

e. The board of trustees shall estimate and certify annually the aggregate amount payable to the contingent reserve fund in the ensuing year, which amount shall be equal to the sum of the amounts described in paragraphs "a," "b," "c," and "d" hereof, and which shall be paid into the contingent reserve fund in the manner provided by section 33 of this act.

f. Except as provided in sections 26 and 53 of this act, the cash death benefits payable under the provisions of this act upon the death of a member in active service shall be paid from the contingent reserve fund.

g. Any other provision of this act notwithstanding, no payment shall be made to the contingent reserve fund on behalf of service of veteran members until the fiscal year commencing July 1, 1957. This shall not affect the payment of benefits to, and on behalf of, veteran members prior to said date, and any such disbursements for benefits not

covered by reserves in the system on account of veterans shall be met by direct contribution of the State.

C. 18:13-112-21.
Annuity
savings
fund.

19. The annuity savings fund shall be the fund in which shall be credited accumulated deductions and contributions to the fund by members as provided in section 13 of this act.

The accumulated deductions of a member withdrawn as provided in section 34 shall be paid out of the annuity savings fund. In the case of a withdrawal, an amount equivalent to the difference between the amount of the accumulated deductions and the amount of the accumulated deductions calculated by the use of interest at the rate specified for withdrawals shall be transferred to the interest fund to meet the interest to be annually credited by the board of trustees to the various funds pursuant to section 25.

C. 18:13-112-22.
Excess
contributions
returned.

20. Any contributions made by a member which are in excess of (a) those required on the basis of the rate of contribution initially certified and any changes in such rate in accordance with section 5 of this act, and (b) any contributions made by the member for the purchase of prior service credit, shall be refunded with regular interest to January 1, 1956, to the member or his beneficiary or estate or shall, at his request, be used at retirement with regular interest, to provide an annuity of equivalent actuarial value which shall be in addition to his retirement allowance as computed in accordance with section 44.

Upon the submission of such evidence as the board of trustees may require, the board of trustees shall refund to any member, at his request, that part of his accumulated deductions which were paid into the retirement system as a result of deductions based on payments to him over and above compensation as defined in this act.

C. 18:13-112-23
Retirement
reserve fund.

21. The reserves held as of the effective date of this act in the former annuity reserve fund for beneficiaries other than beneficiaries of the pension fund, and those held in the former pension reserve

fund are hereby transferred to the retirement reserve fund. The retirement reserve fund shall be the fund from which all retirement allowances shall be paid except those payable from the pension fund as provided in section 22. Upon the retirement of a member other than a present-entrant, the accumulated deductions of the member shall be transferred to the retirement reserve fund from the annuity savings fund. The reserve needed to produce the balance of the retirement allowance shall be transferred from the contingent reserve fund.

Any surplus or deficit developing in the retirement reserve fund shall be adjusted from time to time by transfer to or from the contingent reserve fund by appropriate action of the board of trustees.

22. The pension fund of the retirement system is the fund in which shall be accumulated the reserves for the payment of pensions to present-entrant members, and from it shall be paid all retirement allowances of present-entrant members and of all beneficiaries of the Teachers' Pension and Annuity Fund who, as of the effective date of this act, were receiving pensions from the pension fund. All reserves for the payment of annuities to persons receiving pensions from the pension fund, as of the effective date of this act, are hereby transferred from the former annuity reserve fund to the pension fund. Upon the retirement of a present-entrant member, the accumulated deductions of the member shall be transferred from the annuity savings fund to the pension fund. The board of trustees shall annually transfer from the contingent reserve fund to the pension fund the annual State and employer contributions on account of present-entrant members as computed in accordance with subsection "(a)" of section 18 and the deficiency contribution made by the State in accordance with subsection "(c)" of section 18 of this act. Any surplus or deficit developing in the pension fund shall be adjusted from time to time by transfer to or from the contingent reserve

C. 18:13-112.25.

transferred.

23. If the pension or the annuity of a beneficiary is canceled, the appropriate reserve shall be transferred to the annuity savings fund and in the case of other than a present-entrant to the contingent reserve fund. If the pension of a disability beneficiary who was not a present-entrant is reduced in accordance with section 40 as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the contingent reserve fund during the period of the reduction.

C. 18:13-112-26.
Interest
fund.

24. There is hereby created an interest fund in which shall be accumulated interest received on the securities, funds and investments of the retirement system. From this fund the board of trustees shall periodically credit interest to the other funds of the system as provided in this act. Any surplus or deficit developing in the interest fund shall be adjusted from time to time by transfer to or from the contingent reserve fund by appropriate action of the board of trustees. Interest payable to a member or his beneficiary under any provision of this act shall be paid from the interest fund.

C. 18:13-112-27.
Interest
allowed.

25. The board of trustees at the end of each fiscal year shall allow interest on the balance of the contingent reserve fund, the retirement reserve fund, pension fund and the members' death benefit fund as of the beginning of said fiscal year at the regular interest rate applicable thereto to cover the interest creditable to the respective funds for the year. The amount so allowed shall be due and payable to said funds and shall be credited annually thereto by the board.

C. 18:13-112.28.
Death benefit
fund.

26. The members' death benefit fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their additional death benefits under the provisions of section 53. Upon the death of a member electing the additional death benefit, the additional death benefit payable shall be paid from the member's death benefit fund.

27. The special reserve fund shall be the fund to which all profits on the sale of securities shall be transferred. All losses from the sale of securities shall be charged against the profits deposited in said special reserve fund arising as aforesaid on the sale of securities.

C. 18:13-112.29.
Special
reserve fund.

28. The various funds created by this act shall be subject to examination by the Commissioner of Banking and Insurance. The Commissioner of Banking and Insurance shall have the power, whenever he deems the same expedient, to make or cause to be made an examination of all the assets and liabilities, method of conducting business and all other affairs of the retirement system and shall make such examination at least once every 3 years.

C. 18:13-112.30.
Examination
of funds.

For the purpose of such examination the Commissioner of Banking and Insurance may employ such persons to conduct the same or to assist therein as he may deem advisable. For the purpose of such examination all securities, books, papers or other documents owned by, in the possession of, or relating to the retirement system shall be made available on demand for the inspection of the commissioner or any of his duly authorized assistants. The reasonable expenses of such examination shall be fixed and determined by the Commissioner of Banking and Insurance and he shall collect the same from the retirement system, which shall pay the same when appropriated by the Legislature. The report on such examination shall be filed in the Department of Banking and Insurance and a copy thereof shall be transmitted to the board of trustees of the system and to the Governor. Neither the commissioner nor any appointee thereof shall be liable for any statement included therein.

29. Upon the basis of such tables as the board adopts, and regular interest, the actuary of the board shall determine for each member the proportion of compensation, exclusive of the rate for any additional death benefit provided under section 53 of this act, which, when deducted from each

payment of his prospective earnable compensation prior to service retirement and accumulated at regular interest until he retires, shall be computed to be sufficient to provide, at that time, an annuity equal to $\frac{1}{2}$ of the retirement allowance then allowable for service as a member after the establishment of the retirement system.

Any member of the retirement system as of January 1, 1956, shall pay the proportion of compensation as provided by section 5 of this act applicable to the age at enrollment, which proportion shall not be increased during the continuation of membership other than as provided in section 67, and shall make any special payments either as lump sums or as installment payments as required by the board of trustees as a result of election by the member to obtain additional service credit. Members enrolling on and after the effective date of this act shall contribute at the proportions applicable to Class B members of the "Public Employees' Retirement System" as of January 2, 1955, except that the board of trustees may from time to time adopt for employees becoming members thereafter new proportions of compensation to be determined as provided in the preceding paragraph. No member shall be required during the continuation of his membership to increase the proportion of compensation certified at the time of becoming a member as payable by him other than as provided in section 67.

C. 18:13-112.31.
Employee's
consent to
deductions.

30. Every teacher to whom this act applies shall be deemed to consent and agree to any deduction from his compensation required by this act and to all other provisions of this act. Notwithstanding any other law, rule or regulation affecting the salary, pay, compensation, other perquisites, or tenure of a person to whom this act applies or shall apply, and notwithstanding that the minimum salary, pay or compensation or other perquisite provided by law for him shall be reduced thereby, payment, less such deductions, shall be a full and complete discharge and acquittance of all claims and demands for service rendered by him during the period covered by such payment.

31. The board of trustees shall certify to each employer the proportion of each member's compensation to be deducted in accordance with rules and regulations established by the board of trustees, and to facilitate the making of deductions the board of trustees may modify the deduction required by a member of such amount as shall not exceed $\frac{1}{10}$ of 1% of the compensation upon the basis of which the deduction is to be made.

C. 18:13-112.33.
Trustees to
certify
contribution
rates.

Except as provided in sections 26 and 27 the board of trustees shall cause to be credited in the annuity savings fund to the individual account of each member any amounts so deducted or contributed by him.

32. Upon the employment of a person to whom this act may apply, his employer shall inform him of his duties and obligations under this act as a condition of his employment; the employer shall notify the board of trustees of such appointment within 10 days thereafter; it shall keep such records and from time to time furnish such information as the board of trustees in the discharge of its duties may require; deduct the proportion of salary and extra salary deductions as certified by the board of trustees; transfer each of the amounts so deducted to the retirement system; and shall transmit to the board of trustees monthly or at such intervals as the board designates a detailed statement of all amounts so paid. Where there is a delay of more than 90 days in the transmittal of such amounts, there shall be an interest charge of 6% per annum. Any failure on the part of the employer to comply with the provisions of this section shall constitute a default, and the State Board of Education may withhold school moneys from the district until the default is made good.

C. 18:13-112.34
Employer's
duties.

33. a. Each employer as of January 1, 1955, of a veteran member who was employed as a teacher on January 1, 1955, shall pay the liability for such veteran member as computed by the actuary in accordance with subsection "d" of section 18 of this act; provided, however, that no annual payment by

and State

an employer other than the State shall be greater than the annual payment certified as provided below for the fiscal year beginning July 1, 1957.

The board of trustees shall annually certify, for a period of 30 years beginning July 1, 1957, to the Commissioner of Education, the State Treasurer, and to each employer of a veteran member who was employed as a teacher on January 1, 1955, the contributions due on behalf of such veteran members as described above payable by the employer to the contingent reserve fund. The Commissioner of Education shall deduct the amount so certified from the certification, to the State Treasurer and the Director of the Division of Budget and Accounting, of State aid payable to such employer under the provisions of chapter 85, P. L. 1954.

The State Treasurer, upon warrant of the Director of the Division of Budget and Accounting, shall pay the amounts so deducted to the retirement system. In the event that no State aid is payable under chapter 85, P. L. 1954, to such employer, the board of trustees shall certify the amount due on behalf of such veteran members to the chief fiscal officer of such employer.

The contributions so certified by the board of trustees shall be paid to the retirement system on July 1 in each year commencing with July 1, 1957.

b. Regular interest charges payable, the creation and maintenance of reserves in the contingent reserve fund and the maintenance of retirement allowances and other benefits granted by the board of trustees under the provisions of this act, except the amounts payable by other employers under the provisions of this section, are hereby made obligations of the State. Except as provided in section 27, all income, interest, and dividends derived from deposits and investments authorized by this act shall be used for payment of these obligations of the State.

Upon the basis of each actuarial determination and appraisal provided for in this act, the board of trustees shall prepare and submit to the Gov-

error in each year an itemized estimate of the amounts necessary to be appropriated by the State to provide for payment in full during the ensuing fiscal year of the obligations of the State accruing during that year. The Legislature shall make an appropriation sufficient to provide for such obligations of the State. The amounts so appropriated shall be paid into the contingent reserve fund.

34. A member who withdraws from service or ceases to be a teacher for any cause other than death or retirement shall receive all, or such part as he demands, of the accumulated deductions standing to the credit of his individual account in the annuity savings fund, plus regular interest on contributions made after January 1, 1956, less any loan outstanding, and except that for any period after June 30, 1944, the interest payable shall be such proportion of the interest determined at the regular rate as 2% per annum bears to the regular rate of interest; provided, however, that no interest shall be payable if such a member does not have 3 years of membership service at the time of withdrawal from service or cessation of employment.

C. 18:13-112.36.
Withdrawals.

Except as provided for in sections 7 and 8 of this act, he shall cease to be a member 2 years from the date he discontinued service as a teacher, or, if prior thereto, upon the date when payment to him on demand of his accumulated deductions exceeds $\frac{1}{2}$ of the accumulated deductions. The board of trustees may, in its discretion, withhold, for not more than 1 year after a member ceases to be a teacher, all or part of his accumulated deductions, if he previously withdrew from the annuity savings fund all or part of his accumulated deductions and failed to redeposit that amount to the credit of his individual account in the fund. No veteran member shall be entitled to withdraw the amount of his accumulated deductions contributed by his employer covering his military leave unless he shall have returned to the payroll and contributed to the retirement system for a period of 90 days.

C. 18:13-112.37.
Loans.

35. After January 1, 1959, any member who has at least 3 years of service as a member to his credit may borrow from the retirement system, with the approval of the board of trustees, an amount equal to not more than 50% of the amount of his accumulated deductions, but not less than \$50.00; provided, that the amount so borrowed, together with interest thereon, can be repaid by additional deductions from compensation, not in excess of 25% of the member's compensation, made at the same time compensation is paid to the member, but not after the attainment of age 60. The amount so borrowed, together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deduction from the compensation of the member at the time the compensation is paid and in such amounts as the board of trustees shall approve, but such installments shall be at least equal to the member's contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 60. Not more than 2 loans may be granted to any member in any fiscal year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable before the attainment of age 60 shall be deducted from the benefit otherwise payable.

Loans may be to a member from his accumulated deductions. In addition the board of trustees is hereby authorized to set aside moneys within the contingent reserve fund from which loans to members may be made. If such moneys are used for the purpose of making loans, the interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.

36. Should a member, after having completed 20 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for inefficiency, incapacity, conduct unbecoming a teacher or other just cause under the provisions of sections 18:13-16 to 18:13-19 of the Revised Statutes, inclusive, such person may elect to receive, in lieu of the payment provided in section 34:

C. 18:13-112.38.

a. the payments provided for in section 37 of this act, if he so qualifies under said section; or

b. a deferred retirement allowance, beginning at age 60, which shall be $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act, with optional privileges provided for in section 47 of this act; provided, also that such election is communicated by such member to the board of trustees in writing stating at what time subsequent to the execution and filing thereof he desires to be retired; and provided further, that such member may later elect: (a) to receive the payments provided for in section 37 of this act, if he had qualified under that section at the time of leaving service; or (b) to withdraw his accumulated deductions with interest as provided in section 34, or, if such member shall die before attaining service retirement age, then his accumulated deductions, plus regular interest after January 1, 1956, shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees; otherwise to the executor or administrator of the member's estate.

37. Should a member resign after having completed 25 years of service before reaching service retirement age, he may elect "early retirement," on which he shall receive, in lieu of the payment provided in section 34 of this act, a total retirement allowance of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$

of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act, reduced by $\frac{1}{2}$ of 1% for each month that the member lacks of being age 60 at the time of resignation, except that in the case of a member who has not attained age 53 at the time of resignation, the reduction is equal to 42% plus $\frac{1}{6}$ of 1% for each month the member lacks of being age 53 at the time of resignation, and with the optional privileges provided for in section 47 of this act.

C. 18-13-112.40.
Death
benefit.

38. Except as provided in section 69, upon the receipt of proper proof of the death of a member in service on account of which no accidental death benefit is payable under section 46, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate:

(a) His accumulated deductions at the time of death together with regular interest after January 1, 1956; and

(b) An amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service.

A member may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested written new nomination of the payee of the death benefit provided under this section. Such member may also file, and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

For the purposes of this section and section 53 of this act, a member shall be deemed to be in service for a period of no more than 2 years while on official leave of absence without pay; provided, that

satisfactory evidence is presented to the board of trustees that such leave of absence without pay is due to illness. For the purposes of this section and section 53 of this act, a member shall be deemed to be in service for a period of no more than 93 days while on official leave of absence without pay when such leave of absence is due to any reason other than illness. In order for a member to be covered for the optional death benefits provided by section 53 of this act, he shall continue to make contributions for same during the period such member is on official leave of absence without pay.

39. A member, who shall have been a teacher and a member of the retirement system for each of the 10 years next preceding his retirement, shall, upon the application of his employer or upon his own application or the application of one acting in his behalf, be retired for ordinary disability by the board of trustees, on a regular disability allowance if he is under 60 years of age and on a service allowance if he has reached or passed that age. The physician or physicians designated by the board shall have first made a medical examination of him at his residence or at any other place mutually agreed upon and shall have certified to the board that the member is physically or mentally incapacitated for the performance of duty and should be retired.

C. 18:13-112.41.
Disability
retirement.

A member shall, upon the application of his employer or upon his own application or the application of one acting in his behalf, be retired by the board of trustees, if said member is disabled as the result of personal injuries sustained in or from an accident arising out of and in the course of his employment, on an accident disability allowance. No such application shall be valid or acted upon unless a report of the accident, in a form acceptable to the board of trustees, is filed in the office of the retirement system within 60 days next following the accident; no such application shall be valid or acted upon unless it is filed in the office of the retirement system within 2 years of

the date of the accident; provided, however, that the board of trustees may waive strict compliance with either or both time limitations, if the board is satisfied (1) that a report of the accident from which the disability is claimed to have resulted was filed with the appointing authority with reasonable promptitude and in no event later than 60 days after the accident, and (2) the applicant shall show that his failure to file a report with the board of trustees or to file his application for retirement within the time limited by law was due to mistake, inadvertence, ignorance of fact or law, inability, or to the fraud, misrepresentation or deceit of any person, or to a delay in the manifestation of the incapacity, or to any other reasonable cause or excuse, and (3) that the application for retirement was filed in good faith and the circumstances justify its favorable consideration.

Before consideration of an application for accident disability allowance by the board of trustees, the physician or physicians designated by the board shall have first made a medical examination of the member at his residence or at any other place mutually agreed upon and shall have certified to the board that he is physically or mentally incapacitated for the performance of duty, and should be retired, and the employer shall have certified to the board that an accident arising out of and in the course of his employment was the natural and proximate cause of the disability, the time and place where the duty causing the disability was performed, that the disability was not the result of his willful negligence and that the member should be retired.

C. 18:13-112.42.
Conditions of
disability,
retirement,
examination,
restoration
to service.

40. Once each year the board of trustees may, and upon his application shall, require any disability beneficiary who is under the age of 60 years to undergo medical examination by a physician or physicians designated by the board. The examination shall be made at the residence of the beneficiary or any other place mutually agreed upon. If the physician or physicians thereupon report and

certify to the board that the disability beneficiary is not totally incapacitated either physically or mentally for the performance of duty and that he is engaged in or is able to engage in a gainful occupation, and if the board concurs in the report, then the amount of his pension shall be reduced to an amount which, when added to the amount then earned by him, shall not exceed the amount of his final compensation. If subsequent medical examination of such a beneficiary shows that his earning capacity has changed since the date of his last examination, then the amount of his pension may be further altered; but the new pension shall not exceed the amount of pension originally granted or an amount which, when added to the amount earned by the beneficiary, shall not exceed the amount of his final compensation.

If a disability beneficiary, while under age of 60 years, refuses to submit to at least 1 medical examination in any year by a physician or physicians designated by the board, his pension shall be discontinued until withdrawal of his refusal, and if his refusal continues for 1 year, all his rights in and to the pension shall be forfeited.

Upon application to the employer by whom he was employed at the time of his retirement, any beneficiary, while under the age of 60 years, may, in the discretion of the employer, be restored to active service. No disability beneficiary restored to service shall be compelled or permitted to become a member, or to receive any benefits other than those previously awarded to him, as long as his annual rate of compensation is less than his final compensation at the time of his retirement. Any beneficiary under the age of 60 years, who is restored to active service at an annual rate of compensation equal to or greater than his final compensation at the time of his retirement, or whose annual rate of compensation is increased at any time after his restoration to service, to a rate equal to or greater than his final compensation at the time of his retirement, shall thereupon again become a member of

the retirement system. His retirement allowance shall be canceled, and notwithstanding anything in this act to the contrary, the appropriate reserves shall be transferred as provided in section 23. Deductions shall be made from his compensation at the rate applicable to him prior to his retirement. Any service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and he shall be credited with all service as a member standing to his credit at the time of his retirement; except that such a beneficiary again becoming a member after having attained the age of 50 years shall receive a pension on subsequent retirement based on all his service as a member since his last return to membership, and in addition he shall receive a pension equal to the pension on which he was retired at the time of his last retirement, but the total pension upon subsequent retirement shall not be a greater proportion of his final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement.

C. 18:13-112.43.
Ordinary
disability
allowances.

41. Subject to the provisions of section 68 of this act, a member upon retirement for ordinary disability shall receive a retirement allowance of the sum of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{2}{100}$ of the sum of $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act; and provided further, that in no event shall the allowance be less than $\frac{3}{100}$ of final compensation, except that in no case shall the rate of allowance exceed $\frac{2}{100}$ of the rate of allowance which the member would have received had he remained in service to age 60.

Except as provided in section 69, upon the receipt of proper proofs of the death of a member who has retired on an ordinary disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written des-

42. Subject to the provisions of section 68 of this act, a member upon retirement for accident disability shall receive a service retirement allowance if he has attained the age of 70; otherwise he shall receive a retirement allowance which shall consist of:

(a) an annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement; and

(b) a pension, in addition to the annuity, of $\frac{2}{3}$ of his actual annual compensation for which contributions were being made at the time of the occurrence of the accident.

Except as provided in section 69, upon the receipt of proper proofs of the death of a member who has retired on an accident disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

(c) Any member, who has attained the age of 62 years shall, upon the request of his employer, be retired from service if a written statement duly attested is filed by his employer with the board of trustees setting forth at what time, subsequent to the execution and filing thereof, his employer desires such retirement. The board of trustees shall retire the member at the time specified or at such other time within 30 days thereafter as it finds advisable.

C. 18:13-112.46.
Service
retirement
allowance.

44. Subject to the provisions of section 68 of this act, a member, upon retirement for service, shall receive a retirement allowance consisting of:

(a) an annuity which shall be the actuarial equivalent of his accumulated deductions, less any excess contributions as provided in section 20; and

(b) a pension which, when added to the annuity, will produce a retirement allowance of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service.

In the case of a member who was age 60 or over on the effective date of this act, who if he had retired immediately would have had an annuity in excess of $\frac{1}{40}$ of his final compensation for each year of membership service, the amount of such excess annuity determined as of such date shall not be used in determining the pension on immediate or subsequent retirement.

Except as provided in section 69, upon the receipt of proper proofs of the death of a member who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

45. Any present-entrant member who has had 35 years of service as a teacher to his credit shall be retired at his request, irrespective of his age, and

shall receive, subject to the provisions of section 68, a retirement allowance, calculated in accordance with section 44 of this act, consisting of not less than $\frac{1}{10}$ of his final compensation for each year of credited service at retirement.

46. Upon the death of a member in active service as a result of an accident arising out of and in the course of his employment and not as the result of his willful negligence, an accident death benefit shall be payable, if a report, in a form acceptable to the board of trustees, of the accident is filed in the office of the retirement system within 60 days next following the accident, but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action. Evidence must be submitted to the board of trustees proving that the natural and proximate cause of his death was an accident arising out of and in the course of employment at some definite time and place.

C. 18:13-112.48.
Accidental
death
benefit.

Upon application by or on behalf of the dependents of such deceased member, the board of trustees, in addition to the payment of his accumulated deductions as provided in section 38 of this act, shall grant an allowance of $\frac{1}{2}$ of the final compensation of such member, if the member was a male teacher, as a pension to his widow, to continue during her widowhood; or, if no widow, or in case the widow dies or remarries before the youngest child of such deceased member attains age 18, or if the member was a married female employee, then the child or children of such member under age 18, divided in such manner as the board in its discretion shall determine, to continue until the youngest surviving child dies or attains age 18. If there be no widow or child under age 18 surviving such member, then there shall be paid a cash sum equal to $1\frac{1}{2}$ times the amount of his or her final compensation to his or her estate or to such person as he or she shall have nominated by written designation duly acknowledged and filed with the board of trustees. In no case shall the accident death

benefit under this section be less than that provided for ordinary death benefit under the provisions of section 38.

No such application shall be valid or acted upon unless it is filed in the office of the retirement system within 2 years of the date of the accident; but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action.

C. 18:13-112.49.

47. Subject to the provisions of section 68 of this act, at the time of his retirement any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may on retirement elect to receive the actuarial equivalent at the time of his annuity, his pension or his retirement allowance, in a lesser annuity, or a lesser pension, or a lesser retirement allowance, payable throughout life, with the provision that:

Option 1. If he dies before he has received in payments the present value of his annuity, his pension or his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation acknowledged and filed with the board of trustees at the time of his retirement, either in a lump sum or by equal payments over a period of years at the option of the payee.

No optional selection shall be effective in case a beneficiary dies within 30 days after retirement and such a beneficiary shall be considered an active member at the time of death until the first payment on account of any benefit becomes normally due.

48. A pension, an annuity or a retirement allowance granted under the provisions of this act shall be paid in equal monthly installments and shall not be decreased, increased, revoked, or repealed, except as otherwise provided in this act; provided, however, that at the time any benefit becomes payable, any unpaid balance of a loan or arrearage outstanding shall be deducted from any benefit otherwise payable.

Optional
death
benefits.

53. a. Within 1 year after the effective date of this section or after the effective date of membership, whichever date is later, each member shall have the right to select additional death benefit coverage during active service, or during active service and after retirement, as follows:

Upon the receipt of proper proof of the death in service of a member who selected coverage under this section, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to 1½ times the compensation received by the member in

the last year of creditable service. In addition, he may select the following death benefit coverage:

(1) Upon the receipt of proper proofs of the death of a member selecting coverage under this section who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

b. Each member selecting additional death benefit coverage under this section shall agree to the deduction of a percentage of his compensation in addition to that required under section 29. The actuary of the retirement system shall determine the percentages of contribution which, if deducted from each payment of the prospective earnable compensation throughout active service of a member selecting coverage under this section, are computed to be sufficient to provide the benefits selected under this section.

c. The percentage rates of contribution payable by members selecting coverage under this section shall be subject to adjustment from time to time by the board of trustees on the basis of annual actuarial valuations and experience investigations

as provided under section 58, so that the value of future contributions of members selecting additional death benefit coverage under this section when taken with present assets held for such additional death benefits shall be equal to the value of prospective benefit payments.

d. All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall be fixed by the board of trustees. Such application shall be made with the secretary of the board of trustees in such manner and upon such forms as the board of trustees shall provide.

e. Any other provision of this act notwithstanding, the additional contributions of members selecting additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, except in the form of the death benefit herein provided, nor shall such contributions be included in any annuity payable to any such member or his beneficiary.

f. A member selecting additional death benefit coverage under this section may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested, written new nomination of the payee of the death benefit provided under this section. Such member may also file and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

54. Whenever any beneficiary of the Teachers' Pension and Annuity Fund shall, in writing, request the board of trustees to make deductions from his retirement allowance for the payment of premiums for any hospital service plan or medical surgical plan or both, the board of trustees may make such deductions and transmit the sum so deducted to the company carrying the policy or policies. Any such written authorization may be withdrawn by any member upon filing notice of such withdrawal with the board of trustees.

63. If any change or error in records results in a member or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, then on discovery of the error, the board of trustees shall correct it and, so far as practicable, adjust the payments in such a manner that the actuarial equivalent of the benefit to which he was correctly entitled shall be paid.

(a) That such employees are members of a retirement system coverage group within the meaning of the Social Security Act as amended;

(b) That the agreement shall not be made applicable to services in such positions so long as said positions are barred from coverage by the provisions of the Social Security Act as amended;

(c) That the agreement shall be consistent with the terms and provisions of this act. It shall cover all employment in positions covered by the Teachers' Pension and Annuity Fund on the date of this enactment and each board of education or other employer in the State shall be deemed to have submitted a plan in accordance with the provisions of section 5 of chapter 253, laws of 1951, as amended;

(d) That the effective date of said Social Security agreement shall be January 1, 1955.

66. The amount of the employer's share of the Social Security contributions for members shall be provided from the contingent reserve fund for service from January 1, 1955, to June 30, 1956; thereafter the State of New Jersey shall provide such amounts by appropriations upon certification by the State Treasurer as to the amounts required; provided, however, that the State's provision for such Social Security contributions shall be limited to contributions upon compensation upon which members' contributions to the retirement system are based. The employer shall pay the employer's share of Social Security contribution upon all other wages.

C. 18:13-112.69.

contributions.

67. Prior to January 1, 1960, amounts equal to the Social Security contributions by each member upon compensation upon which such member's contributions to the retirement system are based shall be deducted from the contributions required to be paid to the retirement system by such member as provided in section 29 of this act. On and after January 1, 1960, amounts equal to the Social Se-

curity contributions by each member upon compensation upon which such member's contributions to the retirement system are based shall be deducted from the contributions required to be paid to the retirement system by such member to the extent of the Social Security rate of contribution in effect on December 31, 1959. Any change in the rate of contribution to the Social Security fund after December 31, 1959, shall result in a corresponding change in the amount of contributions payable by the member.

Contributions by members of the retirement system to the Social Security fund shall be made in the manner prescribed by the State agency for Social Security. Contributions to the Social Security fund shall not be subject to any provisions of this act dealing with the withdrawal of contributions, loans, or the payment of any annuities, pensions, disability or death benefits.

68. When a member who retires reaches age 65 or upon retirement of a member after the attainment of age 65, the board of trustees shall reduce the retirement allowance by the amount of the old age insurance benefit under Title II of the Social Security Act paid or payable to him whether received or not. Membership in the retirement system shall presume the member's acceptance of and consent to such reduction. However, such reduction shall be subject to the following limitations:

(a) The amount of the old age insurance benefit shall be computed in the same manner as computed by the Federal Social Security Administration, except that in determining such benefit amount only the wages or compensation for services performed in the employ of the State, or 1 or more of its instrumentalities, 1 or more of its political subdivisions, or 1 or more instrumentalities of its political subdivisions, or 1 or more instrumentalities of the State and 1 or more of its political subdivisions shall be included.

(b) Eligibility to the old age insurance benefit shall be computed in the same manner as computed by the Federal Social Security Administration, except that in determining such eligibility only the quarters of coverage and wages or compensation for services performed in the employ of the State, or 1 or more of its instrumentalities, or 1 or more of its political subdivisions, or 1 or more instrumentalities of its political subdivisions, or 1 or more instrumentalities of the State and 1 or more of its political subdivisions shall be included.

(c) The retirement allowance shall not be reduced below the amount of the annuity portion of the retirement allowance fixed at the time of the member's retirement, unless the member shall, at the time of retirement, agree to such reduction in order to provide a higher level of payments prior to attaining age 65 based upon his accumulated deductions.

(d) The reduction shall apply in the following cases only:

- (1) Retirement for age.
- (2) Retirement for disability.
- (3) Retirement for age on a deferred retirement allowance, as provided in section 36 of this act.
- (4) Where an allowance is being paid upon resignation after 25 years of service, as provided in section 37 of this act.
- (5) Where an allowance is being paid upon retirement after 35 years of service as provided in section 45 of this act.

(e) Any increase in the amount of the old age insurance benefit under Title II of the Social Security Act to take effect after December 31, 1959, shall be disregarded in determining the amount of such reduction from the retirement allowance.

(f) Whenever the amount of such reduction from the retirement allowance shall have been once determined, it shall remain fixed for the duration of

the retirement allowance, except that any decrease in the amount of the old age insurance benefit under Title II of the Social Security Act shall result in a corresponding decrease in the amount of reduction from the retirement allowance, and except that any error may be corrected, as provided in section 63 of this act.

(g) The reduction provided in this section shall never be greater than the amount of the old age insurance benefit which may be paid or payable by the Federal Social Security Administration whether received or not.

69. Any other provision of this act notwithstanding, any member who is not covered under the old-age and survivors insurance provisions of Title II of the Federal Social Security Act as a teacher, or his designated beneficiary, shall not be eligible for the death benefit provisions of sections 38, 41, 42 and 44 of this act.

All service rendered in office, position, or employment of this State or of a county, municipality, or school district, board of education or other employer by such veteran member previous to January 1, 1955, for which evidence satisfactory to the board of trustees is presented within 1 year of the effective date of this section, shall be credited to him as a "Class B" member and the accrued liability for such credit shall be paid by the employer as provided in section 33.

b. Each veteran member as of the effective date of this section shall make contributions to the retirement system at the rates of contribution applicable to Class B members of the Public Employees' Retirement System as of January 2, 1955, except that the board of trustees may from time to time adopt for employees becoming members after the

No veteran member shall be required during the continuation of his membership to increase the proportion of compensation certified on the effective date of this section or at the time of becoming a member, if later, as payable by him, except as required by changes in the rate of contributions to the Social Security fund.

c. In the event that a veteran who prior to the effective date of this section rendered service in office, position, or employment of this State or of a county, municipality, or school district, board of education or other employer, but who is not in such office, position or employment on the effective date of this section shall later become a member of the retirement system, such veteran member shall receive service credit for service rendered prior to January 1, 1955, for which evidence satisfactory to the board of trustees is presented, and shall pay the proportion of compensation applicable to the age resulting from the subtraction of his years of such prior service from his age on the date of his becoming a member of the retirement system. The State shall pay the liability on behalf of such prior service, and such liability shall be paid in such a manner that the total obligation will be met within the period of time fixed for the liquidation of all accrued liabilities under this act.

Any veteran who has contributed to the Teachers' Pension and Annuity Fund on account of any prior teaching service outside of New Jersey shall have

the option, within 1 year of the effective date of this act, of receiving, at his request, the return of such contribution, and, if such contributions are returned to him, he shall not have service credit based upon such prior service.

71. a. Any veteran member in office, position or employment of this State or of a county, municipality, or school district, board of education or other employer on January 1, 1955, who remains in such service thereafter and who has or shall have attained the age of 60 years and who has or shall have been for 20 years in the aggregate in office, position or employment of this State or of a county, municipality or school district, board of education or other employer, satisfactory evidence of which service has been presented to the board of trustees, shall have the privilege of retiring and of receiving a retirement allowance of $\frac{1}{2}$ of the compensation received during the last year of employment upon which contributions to the annuity savings fund or contingent reserve fund are made with the optional privileges provided for in section 47 of this act.

b. Any veteran becoming a member after January 1, 1955, who shall be in office, position, or employment of this State or of a county, municipality or school district, board of education or other employer, and who shall have attained 62 years of age and who shall present to the board of trustees satisfactory evidence of 20 years of aggregate service in such office, position, or employment shall have the privilege of retiring and of receiving a retirement allowance of $\frac{1}{2}$ of the compensation received during the last year of employment upon which contributions to the annuity savings fund or contingent reserve fund are made with the optional privileges provided for in section 47 of this act.

c. Any veteran member who has been for 20 years in the aggregate in office, position, or employment of this State or of a county, municipality or school district, board of education or other employer as of January 1, 1955, shall have the privilege of retiring

effective date.

72. Any other provision of this act notwithstanding, the board of trustees shall adjust the account of any member or of any beneficiary of the retirement system as though this act had been in effect on January 1, 1955; provided, that

(a) Within 1 year the board of trustees shall compute any benefits which would have been available to any beneficiary who retired on or after January 1, 1955, and before the effective date of this act, had this act been in full force and effect at the time of such retirement. The board shall notify such beneficiary of such benefits, and the beneficiary may elect to receive such benefits, including, after payment of an amount deemed necessary by the board of trustees, Class B credit for all or part of his service. Such benefits shall be in lieu of those benefits available to him at the time of his retirement; provided, however, that such beneficiary may not change any optional section made at the time of his retirement.

(b) In the case of any beneficiary of the retirement system who retired on or after January 1, 1955, and before the effective date of this act, and whose death occurs prior to the exercise of the election as described in "(a)" of this section, the board of trustees shall compute any benefits which would have been available had this act been in full force and effect at the time of retirement, and shall make any additional payments over and above those available under the retirement allowance fixed at the time of retirement, to the retirant, his estate or any named beneficiary of the retirant upon the basis of the optional selections made at the time

of his retirement; provided, however, that no death benefits provided under sections 41, 42, and 44 shall be payable in such case.

(c) In the case of any member of the retirement system who died on or after January 1, 1955, and before the effective date of this act, the board of trustees shall pay, in addition to his accumulated deductions at the time of death, to such person if living as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service.

(d) Any veteran employed as a teacher on December 31, 1954, who retired on or after January 1, 1955, and before the effective date of this act, under provisions of sections 43:4-1, 43:4-2 and 43:4-3 of the Revised Statutes, as amended, shall have the option, within 1 year of the effective date of this act, of electing retirement from the Teachers' Pension and Annuity Fund as though this act had been in full force and effect at the time of his retirement. Such retirement shall be effective as of the date of exercising such option, but shall be based upon the veteran's age as of the effective date of exercising such option, and on his compensation and service at the time of his withdrawal from teaching service. As of the effective date of retirement under this act, such veteran shall have no further claims for retirement benefits under sections 43:4-1, 43:4-2 or 43:4-3 of the Revised Statutes as amended.

(e) An amount equal to the Social Security contribution required on behalf of any member for the year beginning January 1, 1955, and ending December 31, 1955, shall be deducted from amounts credited to such member in the annuity savings fund.

73. Except for section 65 and this section, which shall take effect immediately, this act shall take effect January 1, 1956; provided, that prior to said

(1) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of Title II of the Social Security Act;

(2) The several employers other than the State shall pay to the State Agency and the State Agency shall in turn pay to the Secretary of the Treasury the amounts severally due on behalf of the State and of such other employers, at such time or times as may be prescribed under the Social Security Act, contributions with respect to wages (as defined in section 2 of this act), equal to the sum of the taxes which would be imposed by the Federal Insurance Contributions Act if the services covered by the agreement constituted employment within the meaning of that act;

(3) Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services, is entered into; except that a modification entered into after December 31, 1954, and prior to January 1, 1958, may be effective with respect to services performed after December 31, 1954, or after a later date specified in such modification;

Such liability shall arise in consideration of the employee's retention in the service of the State, or his entry upon such service, after the enactment of this act.

C. 43:22-4.
Employee's
contribu-
tions.

(b) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

5. Section 5 of the act to which this act is amendatory and supplementary is amended to read as follows:

5. (a) Each employer other than the State coming within the provisions of this act is hereby authorized to submit for approval by the State Agency a plan for extending the benefits of Title II of the Social Security Act, in conformity with applicable provisions of such act, to employees of such employer. Each such plan and any amendment thereof shall be approved by the State Agency if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the State Agency, except that no such plan shall be approved unless:

(1) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under section 3;

(2) It provides that all services which constitute employment as defined in section 2 and are performed in the employ of such employer by employees thereof, shall be covered by the plan;

(3) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (1) of subsection (c) and by subsection (d) are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(4) It provides for such methods of administration of the plan by such employer as are found by the State Agency to be necessary for the proper and efficient administration of the plan;

(5) It provides that such employer will make such reports, in such form and containing such information, as the State Agency may from time to

time require, and comply with such provisions as the State Agency or the Secretary of Health, Education, and Welfare may from time to time find necessary to assure the correctness and verification of such reports; and

(6) It authorizes the State Agency to terminate the plan in its entirety in the discretion of the State Agency, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the State Agency and may be consistent with the provisions of the Social Security Act.

(b) The State Agency shall not finally refuse to approve a plan submitted by any such employer under subsection (a), and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the county or municipality affected thereby.

(c) (1) Each such employer as to which a plan has been approved under this section shall pay into the Contribution Fund, with respect to wages (as defined in section 2 of this act), at such time or times as the State Agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the State Agency under section 3.

(2) Each such employer required to make payments under paragraph (1) of this subsection is authorized, in consideration of the employee's retention in, or entry upon, employment after enactment of this act, to impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to his wages (as defined in section 2 of this act), not exceeding the amount of employee tax which would be imposed by the Federal Insurance Contributions Act if such services constituted employment within the meaning of that act, and to deduct the amount of such contribution from his wages as and when paid. Contributions so collected shall be paid into

the Contribution Fund in partial discharge of the liability of such employer under paragraph (1) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(d) Delinquent payments due under paragraph (1) of subsection (c) may, with interest at the rate of 6% per annum, be recovered by action in a court of competent jurisdiction against the employer liable therefor or may, at the request of the State Agency, be deducted from any other moneys payable to such subdivision by any department or agency of the State.

Governor

6. (a) The Governor is empowered to authorize a referendum on the question whether service in positions covered by a retirement system which is supported in whole or in part by the State and which is established by the State or by a political subdivision thereof should be included under an agreement under this act. With respect to employees of a political subdivision in positions covered by a retirement system which is not supported in whole or in part by the State and which is applicable to more than 1 political subdivision, the Governor is empowered to authorize such a referendum. With respect to employees of any political subdivision in positions covered by a retirement system which is not supported in whole or in part by the State and which is established by a political subdivision thereof, the Governor shall authorize such a referendum upon the request of the governing body of such subdivision; and in all cases the referendum shall be conducted, and the Governor shall designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218 (d) (3) of the Social Security Act on the question of whether service in positions covered by a retirement system established by the State or by a political subdivision thereof should be included under an agreement under this act.

The notice of referendum required by section 218 (d) (3) (C) of the Social Security Act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this act.

(b) Upon receiving evidence satisfactory to him that with respect to any such referendum the conditions specified in section 218 (d) (3) of the Social Security Act have been met, the Governor shall so certify to the Secretary of Health, Education, and Welfare.

7. This act shall take effect immediately.

to exercise, or hold himself out as authorized to exercise, the rights and privileges of a license except the licensee and then only with respect to the licensed premises, shall be guilty of a misdemeanor.

In case of death, bankruptcy, receivership or incompetency of the licensee, or if for any other reason whatsoever the operation of the business covered by the license shall devolve by operation of law upon a person other than the licensee, the director or other issuing authority may, in his or its discretion, extend said license for a limited time, not exceeding its term, to the executor, administrator, trustee, receiver or other person upon whom the same has devolved by operation of law as aforesaid. Under no circumstances, however, shall a license, or rights thereunder, be deemed property, subject to inheritance, sale, pledge, lien, levy, attachment, execution, seizure for debts, or any other transfer or disposition whatsoever, except to the extent expressly provided by this chapter.

On application made therefor setting forth the same matters and things with reference to the premises to which a transfer of license is sought as are required to be set forth in connection with an original application for license, as to said premises, and after publication of notice of intention to apply for transfer, in the same manner as is required in case of an application for license as to said premises, the director or other issuing authority may transfer, upon payment of a fee of \$5.00, any license issued by him or it respectively to a different place of business than that specified therein, by indorsing permission upon such license.

The actuary of the retirement system shall determine the uniform and constant percentage of contributions which, if deducted from each payment of the prospective earnable compensation throughout active service of all members selecting coverage under this section, is computed to be sufficient to provide for all benefits of this section.

(3) The percentage rate of contribution payable by members selecting coverage under this section shall be subject to adjustment from time to time

by the board of trustees on the basis of annual actuarial valuations and experience investigations as provided under section 13, so that the value of future contributions of members selecting the additional death benefit coverage under this section when taken with present assets held for such additional death benefits, shall be equal to the value of prospective benefit payments.

(4) All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. Contributions,
administra-

paid by
State, ap-

3. Section 15 of chapter 255 of the laws of 1944 is amended to read as follows:

15. (1) The contributions required for the support of the retirement system shall be made by members and their employers except for the expenses of administration, which shall be paid by the State.

(2) Upon the basis of such tables as the board shall adopt and regular interest, the actuary of the retirement system shall determine for each age at entrance into the system the uniform and constant percentage of compensation of the member entering at such age, which, if deducted from each payment of his prospective earnable compensation throughout active service, is computed to be sufficient to provide for all benefits on account of his membership.

(3) The percentage contribution rate of each member, exclusive of the rate for any additional death benefit provided under section 5 of chapter 266 of the laws of 1953, shall be fixed according to his age at entrance into membership and shall be $\frac{1}{2}$ of the total percentage contribution rate calculated for such age to be required to provide all benefits except the pensions upon accidental disability and the benefits payable upon death.

(4) Each employer shall make a contribution equal to that made by each member in its employ and in addition shall make a contribution equal to the percentage of the compensation of each such member certified by the board to be required to provide the cost of accidental disability pensions and any death benefits on his account exclusive of additional death benefits provided under section 5 of chapter 266 of the laws of 1953. Notwithstanding this provision, the board may in its discretion certify an average and uniform rate for payments by all employers, which shall be set on the basis of the annual actuarial valuations to be sufficient to provide with previous contributions of employers all benefits for which employers are responsible.

(5) In addition each employer shall make such contribution, if any, as is certified by the board of trustees to be required to provide for accrued liability arising out of all prior service certificates granted to members chargeable to such employer.

(6) The percentage rates of contribution payable by members and employers shall be subject to adjustment from time to time by the board of trustees on the basis of annual actuarial valuations and experience investigations as provided under section 13, so that the value of future contributions of members and employers, when taken with present assets, shall be equal to the value of prospective benefit payments.

(7) The board of trustees shall certify to the chief fiscal officer of each employer the percentage of salary payable by each member and by the employer in behalf of each member. The officer or officers responsible for the payment of salaries of the employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period the percentage of earnable compensation of each member certified for payment by the member. In determining the amount earnable by a member in a payroll period, the board of trustees may consider the rate of salary payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deduction from salary for any period less than a full payment period if an employee was not a member on the first day of the payroll period, and to facilitate the making of deductions it may modify the deduction required of any member by such an amount as shall not exceed $\frac{1}{10}$ of 1% of the annual salary upon the basis of which such deduction is to be made.

(8) The deductions provided for herein shall be made notwithstanding that the minimum salary provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full

salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the service rendered by such person during the period covered by such payment, except as to the benefits provided under this act. The chief fiscal officer of each employer shall certify to the board of trustees on each and every payroll or in such other manner as the board of trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited to the individual account of the member from whose salary said deduction was made.

(9) The amount payable each year by the employer based on the percentage rates certified by the board of trustees, together with the amount, if any, payable each year by the employer on account of accrued liability arising out of prior service certificates as certified by the board of trustees, shall be included in the budget of the employer and levied and collected in the same manner as any other taxes are levied and collected for the payment of the salaries of members.

(10) The treasurer or corresponding officer of the employer shall pay on or before December 27 in each year to the State Treasurer the amount so certified as payable by the employer for said year, and shall pay monthly to the State Treasurer the amount of the deductions from the salary of the members in the employ of the employer, and the State Treasurer shall credit such amount to the appropriate fund, or funds, of the retirement system.

(11) The expenses of administration of the retirement system shall be paid by the State of New Jersey. The board of trustees shall estimate and certify, annually, to the Governor and to the Budget Commissioner by October 15 the amount required during the ensuing fiscal year to provide for the expense of operation of the retirement system

and such amount shall be paid by the State to the expense fund for this purpose. For the purpose of organizing the retirement system an appropriation of \$20,000.00 is hereby appropriated from the treasury of the State.

(12) Prior to the receipt of contributions from members and employers, any moneys in the funds of the system may be used temporarily to cover disbursements, but such moneys shall be restored to their proper funds on or prior to the end of the second year of operation.

4. Section 16 of chapter 255 of the laws of 1944 is amended to read as follows: Section amended.

The aggregate contributions of a member withdrawn by him or paid to his estate or his designated beneficiary in event of his death as provided in this act shall be paid from the annuity savings fund. Upon the retirement or death of a member where the aggregate contributions of the member are to be provided in the form of an annuity, the aggregate contributions of the member shall be transferred from the annuity savings fund to the retirement reserve fund.

(3) The pension accumulation fund shall be the fund in which shall be credited contributions made by employers. Upon the death of a member either before or after retirement any lump sum benefit payable in addition to the employee's contributions, except any additional death benefit payable under section 5 of chapter 266 of the laws of 1953, shall be charged to the pension accumulation fund. Upon the retirement or death of a member the reserve of any pension payable to or on his account shall be

transferred to the retirement reserve fund. All interest and other income from investments shall be credited to the pension accumulation fund and annually the board of trustees shall transfer from the pension accumulation fund to the retirement reserve fund and to the members' death benefit fund regular interest on the mean amount in each fund for the year. The board of trustees, in its discretion, may transfer to and from the pension accumulation fund any surplus or deficit in the retirement reserve fund.

(4) The retirement reserve fund shall be the fund in which shall be held the reserves on all retirement allowances granted to members or their beneficiaries and from which all retirement allowances and benefits in lieu thereof shall be paid. Should a member who retired on account of disability be restored to active service his pension reserve shall be transferred from the retirement reserve fund to the pension accumulation fund and the excess of his aggregate contributions as they stood at retirement over the amount of annuity payments made shall be transferred to the annuity savings fund. Should the pension of any disabled member be reduced as a result of an increase in his earning capacity the amount of the annual reduction in his pension shall be paid annually into the pension accumulation fund during the period of such reduction.

(5) The members' death benefit fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their additional death benefits under the provisions of section 5 of chapter 266 of the laws of 1953. (6) The expense fund shall be the fund contributed by the State, and shall be the fund to which shall be credited all money provided by the State to pay the administration expenses of the retirement system, and from which shall be paid all the

expenses necessary in connection with the administration and operation of the system.

AN ACT concerning interstate compacts on juveniles; authorizing and directing the Governor to execute on behalf of the State such compacts in certain cases.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. The Governor is hereby authorized and directed to execute a compact on behalf of this State with any other State or States legally joining therein in the form substantially as follows:

C. 9:23-1.
Interstate
compact on
juveniles.

INTERSTATE COMPACT ON JUVENILES

The contracting States solemnly agree:

ARTICLE I—FINDINGS AND PURPOSES

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The co-operation of the States party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to (1) co-operative supervision of delinquent juveniles on probation or parole; (2) the return, from 1 State to another, of delinquent juveniles who have escaped or absconded; (3) the return, from 1 State to another, of nondelinquent juveniles who have run away from home; and (4) additional measures for the protection of juveniles and of the public, which any 2 or more of the party States may find desirable to undertake co-operatively. In carrying out the provisions of this compact the party States shall be guided by the noncriminal, reformatory and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles gen-

erally. It shall be the policy of the States party to this compact to co-operate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II—EXISTING RIGHTS AND REMEDIES

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III—DEFINITIONS

That, for the purposes of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the States party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "State" means any State, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV—RETURN OF RUNAWAYS

(a) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, per-

son or agency may apply to the appropriate court in the demanding State for the issuance of a requisition for his return. The application shall state the name and age of the juvenile, the name of the applicant and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The application shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by 2 certified copies of the document or documents on which the applicant's entitlement to the juvenile's custody is based, such as birth certificate, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such application. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the applicant is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the State. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the State where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such

juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding State, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the State, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another State party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and

welfare, for such a time not exceeding 90 days as will enable his return to another State party to this compact pursuant to a requisition for his return from a court of that State. If, at the time when a State seeks the return of a juvenile who has run away, there is pending in the State wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such State, or if he is suspected of having committed within such State a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such State until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any State party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all States party to this compact, without interference. Upon his return to the State from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that State.

(b) That the State to which a juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

(c) That "juvenile" as used in this article means any person who is a minor under the law of the State of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V—RETURN OF ESCAPEES AND ABSCONDERS

(a) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to the executive authority of the State where the delinquent juvenile is alleged to be located a written requisition for the

return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by 2 certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding State, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the State, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge,

however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any State party to this compact, such person may be taken into custody in any other State party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding 90 days, as will enable his detention under a detention order issued on a requisition pursuant to this article. If, at the time when a State seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the State wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such State, or if he is suspected of having committed within such State a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such State until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any State party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all States party to this compact, without interference. Upon his return to the State from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that State.

(b) That the State to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

ARTICLE VI—VOLUNTARY RETURN PROCEDURE

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any State party to this compact, and any juvenile who has run away from any State party to this compact, who is taken into custody without a requisition in another State party to this compact under the provisions of article IV (a) or of article V (a), may consent to his immediate return to the State from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding State. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the State in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the State demanding his return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the State to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such State and shall provide him with a copy of such court order; in such event

a copy of the consent shall be forwarded to the compact administrator of the State to which said juvenile or delinquent juvenile is ordered to return.

ARTICLE VII—CO-OPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES

(a) That the duly constituted judicial and administrative authorities of a State party to this compact (herein called "sending State") may permit any delinquent juvenile within such State, placed on probation or parole, to reside in any other State party to this compact (herein called "receiving State") while on probation or parole, and the receiving State shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving State. Before granting such permission, opportunity shall be given to the receiving State to make such investigations as it deems necessary. The authorities of the sending State shall send to the authorities of the receiving State copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving State in supervising a probationer or parolee under this compact. A receiving State, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving State, and if so accepted the sending State may transfer supervision accordingly.

(b) That each receiving State will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(c) That, after consultation between the appropriate authorities of the sending State and of the

receiving State as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending State may enter a receiving State and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending State to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving State, but if, at the time the sending State seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving State any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such State, or if he is suspected of having committed within such State a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of the receiving State until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending State shall be permitted to transport delinquent juveniles being so returned through any and all States party to this compact, without interference.

(d) That the sending State shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving State or of returning any delinquent juvenile to the sending State.

ARTICLE VIII—RESPONSIBILITY FOR COSTS

(a) That the provisions of articles IV (b), V (b) and VII (d) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party State, or between a party State and its subdivisions, as to the payment of costs, or responsibilities therefor.

(b) That nothing in this compact shall be construed to prevent any party State or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party State or subdivision thereof may be responsible pursuant to articles IV (b), V (b), or VII (d) of this compact.

ARTICLE IX—DETENTION PRACTICES

That, to every extent possible, it shall be the policy of States party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X—SUPPLEMENTARY AGREEMENTS

That the duly constituted administrative authorities of a State party to this compact may enter into supplementary agreements with any other State or States party hereto for the co-operative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any State entering into such supplementary agreement. Such supplementary agreements shall (1) provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished; (2) provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another State for care, treatment and custody; (3) provide that the State receiving such a delinquent juvenile in 1 of its institutions shall act solely as agent for the State sending such delinquent juvenile; (4) provide that the sending State shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another State;

(5) provide for reasonable inspection of such institutions by the sending State; (6) provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another State; and (7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the co-operating States.

ARTICLE XI—ACCEPTANCE OF FEDERAL AND OTHER AID

That any State party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the Federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII—COMPACT ADMINISTRATORS

That the Governor of each State party to this compact shall designate an officer who, acting jointly with like officers of other party States, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII—EXECUTION OF COMPACT

That this compact shall become operative immediately upon its execution by any State as between it and any other State or States so executing. When executed it shall have the full force and effect of law within such State, the form of execution to be in accordance with the laws of the executing State.

ARTICLE XIV—RENUNCIATION

That this compact shall continue in force and remain binding upon each executing State until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending 6 months' notice in writing of its intention to withdraw from the compact to the other States party hereto. The duties and obligations of a renouncing State under article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the 6 months' renunciation notice of the present article.

ARTICLE XV—SEVERABILITY

That the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any State participating therein, the compact shall remain in full force and effect as to the remaining States and in full force and effect as to the State affected as to all severable matters.

2. Pursuant to said compact, the Governor is hereby authorized and empowered to designate an officer within the Department of Institutions and Agencies who shall be the compact administrator and who, acting jointly with like officers of other party States, shall promulgate rules and regulations to carry out more effectively the terms of the

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. Section 1 of the act of which this act is amendatory is amended to read as follows: Section amended.

1. Definitions. As used in this act.

a. The words "the board" mean the New Jersey Board of Nursing created by this act. C. 45:11-23.
Terms defined.

b. The word "nursing" includes "professional nursing" and "practical nursing." "Professional nursing" is the performance for compensation of any professional service requiring the application of principles of nursing based on biological, physical and social sciences, including responsible supervision of a patient requiring skill in observation of symptoms and reactions and the accurate recording of the facts and carrying out of treatments and medications prescribed by a licensed physician, and the application of such nursing procedures as involve understanding of cause and effect in order to safeguard life and health of a patient and others. "Practical nursing" is the performance for compensation of such duties as are required in the care of a patient in carrying out of medical orders prescribed by a licensed physician, requiring an understanding of elementary nursing but not requiring the professional service outlined in the definition of professional nursing.

The terms "nursing," "professional nursing," and "practical nursing" as used in this act shall not be construed to include nursing by students enrolled in a school of nursing accredited or ap-

proved by the board performed in the prescribed course of study and training, nor nursing performed in hospitals, institutions and agencies approved by the board for this purpose by graduates of such schools pending the results of the first licensing examination scheduled by the board following completion of a course of study and training and the attaining of age qualification for examination, or thereafter with the approval of the board in the case of each individual pending results of subsequent examinations; nor shall any of said terms be construed to include nursing performed for a period not exceeding 12 months unless the board shall approve a longer period, in hospitals, institutions or agencies by a nurse legally qualified under the laws of another State or country, pending results of an application for licensing under this act, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice under this act; nor shall any of said terms be construed to include the practice of nursing in this State by any legally qualified nurse of another State whose engagement made outside of this State requires such nurse to accompany and care for the patient while in this State during the period of such engagement, not to exceed 6 months in this State, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice in this State; nor shall any of said terms be construed to include nursing performed by employees or officers of the United States Government or any agency or service thereof while in the discharge of his or her official duties; nor shall any of said terms be construed to include services performed by nurses aides, attendants, orderlies and ward helpers in hospitals, institutions and agencies or by technicians, physiotherapists, or medical secretaries, and such duties performed by said persons aforementioned shall not be subject to rules or regulations which the board may prescribe concerning nursing; nor shall any of said terms be construed to include first aid nursing assistance, or gratui-

tous care by friends or members of the family of a sick or infirm person, or incidental care of the sick by a person employed primarily as a domestic or housekeeper if such incidental care does not constitute professional nursing and such person does not claim or purport to be a licensed nurse; nor shall any of said terms be construed to include services rendered in accordance with the practice of the religious tenets of any well-recognized church or denomination which subscribes to the art of healing by prayer and the principles of which are opposed to medical treatment. A person who is otherwise qualified shall not be denied licensure as a professional nurse or practical nurse by reason of the circumstance that such person is in religious life and has taken a vow of poverty.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

Section
amended.

1. Section 43:21-14 of the Revised Statutes is amended to read as follows:

Collection of
contributions.

43:21-14. (a) In addition to such reports as the Director of the Division of Employment Security may require under the provisions of subsection (g) of section 43:21-11 of this chapter (R. S. 43:21-1 et seq.), every employer shall file with the division periodical contribution reports on such forms and at such times as the director shall prescribe, to disclose the employer's liability for contributions under the provisions of this chapter (R. S. 43:21-1 et seq.), and at the time of filing each contribution report shall pay the contributions required by this

chapter (R. S. 43:21-1 et seq.) for the period covered by such report. The director may require that such reports shall be under oath of the employer. Any employer who shall fail to file any report, required by the director, on or before the last day for the filing thereof shall pay a penalty of \$1.00 for each day of delinquency until and including the tenth day following such last day and, for any period of delinquency after such tenth day, a penalty of \$1.00 a day or 20% of the amount of the contributions due and payable by the employer for the period covered by the report, whichever is the lesser; if there be no liability for contributions for the period covered by any contribution report or in the case of any report other than a contribution report, the employer or employing unit shall pay a penalty of \$1.00 a day for each day of delinquency in filing or \$15.00, whichever is the lesser; provided, however, that when it is shown to the satisfaction of the director that the failure to file any such report was not the result of fraud or an intentional disregard of this chapter (R. S. 43:21-1 et seq.), or the regulations promulgated hereunder, the director, in his discretion, may remit or abate any unpaid penalties heretofore or hereafter imposed under this section and he may also, in his discretion, ratify any remission or abatement of penalties heretofore allowed by the Unemployment Compensation Commission, its executive director or acting executive director, or the Division of Employment Security, its director or acting director. On or before October 1 of each year, the director shall submit to the Commissioner of Labor and Industry a report covering the 12-month period ending on the preceding June 30, and showing the names and addresses of all employers for whom the director remitted or abated any penalties, or ratified any remission or abatement of penalties, and the amount of such penalties with respect to each employer. Any employer who shall fail to pay the contributions due for any period on or before the date they are required by the division

to be paid, shall pay interest at the rate of 1% a month on the amount thereof from such date until the date of payment thereof. Upon the written request of any employer or employing unit, filed with the division on or before the due date of any report or contribution payment, the director, for good cause shown, may grant, in writing, an extension of time for the filing of such report or the paying of such contribution with interest at the rate of 1% a month on the amount thereof; provided, no such extension shall exceed 30 days and that no such extension shall postpone payment of any contribution for any period beyond the day preceding the last day for filing tax returns under Title IX of the Federal Social Security Act for the year in which such period occurs.

(b) The contributions, penalties, and interest due from any employer under the provisions of this chapter (R. S. 43:21-1 et seq.), from the time they shall be due, shall be a personal debt of the employer to the State of New Jersey, recoverable in any court of competent jurisdiction in an action-at-law in the name of the State of New Jersey; provided, however, that except in the event of fraud, no employer shall be liable for contributions, penalties or interest unless assessed before 4 years have elapsed from the time when the contributions were due. Upon application therefor, the division shall furnish interested persons and entities certificates of indebtedness covering employers, employing units and others for contributions, penalties and interest, for each of which certificates the division shall charge and collect a fee of \$0.25 per name, no such certificate to be issued, however, for a fee of less than \$1.00. All fees so collected shall be paid into the unemployment compensation auxiliary fund.

(c) If any employer shall fail to make any report as required by the rules and regulations of the division pursuant to the provisions of this chapter (R. S. 43:21-1 et seq.), the division may make an estimate of the liability of such employer from

any information it may obtain and, according to such estimate so made, assess such employer for the contributions, penalties, and interest due the State from him, give notice of such assessment to the employer, and make demand upon him for payment.

(d) After a report is filed under the provisions of this chapter (R. S. 43:21-1 et seq.) and the rules and regulations of the division, the division shall cause the report to be examined and shall make such further audit and investigation as it may deem necessary, and if therefrom there shall be determined that there is a deficiency with respect to the payment of the contributions due from such employer, the division shall assess the additional contributions, penalties and interest due the State from such employer, give notice of such assessment to the employer, and make demand upon him for payment.

(e) As an additional remedy, the division may issue to the clerk of the Superior Court of New Jersey a certificate stating the amount of the employer's indebtedness under this chapter (R. S. 43:21-1 et seq.) and describing the liability, and thereupon the clerk shall immediately enter upon his record of docketed judgments such certificates or an abstract thereof and duly index the same. Such certificate or abstract from the time of such docketing shall have the same force and effect as a judgment obtained in the Superior Court of New Jersey, and the division shall have all the remedies and may take all the proceedings for the collection thereof which may be had or taken upon the recovery of such a judgment in an action at law upon contract in said court. Such debt, from the time of the docketing thereof, shall be a lien on and bind the lands, tenements, and hereditaments of the debtor.

The Clerk of the Superior Court shall be entitled to receive for docketing such certificate \$0.50, and for a certified transcript of such docket \$0.50. If the amount set forth in said certificate as a debt shall be modified or reversed upon review, as here-

inafter provided, the Clerk of the Superior Court shall, when an order of modification or reversal is filed, enter in the margin of the docket opposite the entry of the judgment the word "modified" or "reversed," as the case may be, and the date of such modification or reversal.

The employer, or any other party having an interest in the property upon which the debt is a lien, may deposit the amount claimed in the certificate with the Clerk of the Superior Court of New Jersey, together with an additional 10% of the amount thereof, or \$100.00, whichever amount is the greater, to cover interest and the costs of court, or in lieu of depositing the amount in cash, may give a bond to the State of New Jersey in double the amount claimed in the certificate, and file the same with the Clerk of the Superior Court. Said bond shall have such surety and shall be approved in the manner required by the Rules of the Supreme Court.

After the deposit of said money or the filing of said bond, the employer or any other party having an interest in the said property, may, after exhausting all administrative remedies, secure judicial review of the legality or validity of the indebtedness or the amount thereof, and the said deposit of cash shall be as security for and the bond shall be conditioned to prosecute the judicial review with effect.

Upon the deposit of said money or the filing of the said bond with the Clerk of the Superior Court, all proceedings on such judgment shall be stayed until the final determination of the cause, and the moneys so deposited shall be subject to the lien of the indebtedness and costs and interest thereon, and the lands, tenements, and hereditaments of said debtor shall forthwith be discharged from the lien of the State of New Jersey and no execution shall issue against the same by virtue of said judgment.

(f) If not later than 2 years after the calendar year in which any moneys were erroneously paid

to, or collected by the division, whether such payments were voluntarily or involuntarily made or made under mistake of law or of fact, an employer, employing unit, or employee who has paid such moneys shall make application for an adjustment thereof, the said moneys shall, upon order of the director, be either credited or refunded, without interest, from the appropriate fund. For like cause and within the same period, credit or refund may be so made on the initiative of the director.

(g) All interest and penalties collected pursuant to this section shall be paid into a special fund to be known as the unemployment compensation auxiliary fund; all moneys in this special fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be expended, under legislative appropriation, solely for the purpose of aiding in defraying the cost of the administration of this chapter (R. S. 43:21-1 et seq.) and for essential and necessary expenditures in connection herewith not provided in or by grants of the Federal Government. The Treasurer of the State shall be ex officio the treasurer and custodian of this special fund and, subject to legislative appropriation, shall administer the fund in accordance with the directions of the division. Any balances in this fund shall not lapse at any time, but shall be continuously available, subject to legislative appropriation, to the division for expenditure. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the unemployment compensation auxiliary fund in an amount to be fixed by the division, the premiums for such bond to be paid from the moneys in the said special fund.

upon receipt thereof by the commission, shall be
forwarded to the treasurer, who shall immediately
deposit them in the clearing account. Refunds pay-
able pursuant to subsection (f) of section 43:21-14
of this Title may be paid from the clearing account
upon warrants issued by the treasurer under the

direction of the commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to section 904 of the social security act, as amended, any provisions of law in this State relating to the deposit, administration, release or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release

by State officers of money in their custody. All warrants for the payment of benefits and refunds shall be issued by and bear only the signature of the director or his duly authorized agent for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the unemployment trust fund, as provided in subsection (b) of this section.

(d) Management of funds upon discontinuance of unemployment trust fund. The provisions of subsections (a), (b) and (c) to the extent that they relate to the unemployment trust fund shall be operative only so long as such unemployment trust fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such unemployment trust fund, from which no other State is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this State shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit and release such moneys, properties or securities in a manner approved by the commission, in accordance with the provisions of this chapter; provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States

The treasurer shall dispose of securities or other properties belonging to the unemployment compensation fund only under the direction of the commission.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

Section
amended.

1. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. Section 39:3-10 of the Revised Statutes is amended to read as follows:

Driver's
license
required, age,
examination,
scope, au-
thority and
duration, fee,
renewals,
refusal to
grant license,
violation,
penalty.

39:3-10. No person shall drive a motor vehicle on a public highway in this State unless licensed to do so in accordance with this article. No person under 17 years of age shall be licensed to drive motor vehicles, nor shall a person be licensed until he has passed a satisfactory examination as to his ability as an operator. The examination shall include a test of the applicant's knowledge of such portions of the mechanism of motor vehicles as is necessary to insure the safe operation of a vehicle of the kind or kinds indicated by the applicant and of the laws and ordinary usages of the road and a demonstration of his ability to operate a vehicle of the class designated.

The director, upon payment of the lawful fee and after he or an inspector of his has examined the applicant and is satisfied of the applicant's ability as an operator, may, in his discretion, license the applicant to drive a motor vehicle. The license shall authorize him to drive any registered automobile or motorcycle and shall expire on the last

day of the twelfth or thirty-sixth calendar month following the calendar month in which such license was issued, the term of such license to be at the option of the driver; provided, however, that during the month of March, 1956, the director may, at his discretion, issue licenses which shall expire on a date fixed by him, which date shall not be sooner than 5 months nor later than 41 months, after the date of issuance of such licenses, and the fee for such licenses shall be fixed by the director in amounts proportionately less or greater than the fee herein established. The license fee for such 36-month period shall be \$8.00 for drivers of automobiles and \$2.50 for operators of motorcycles, and for the 12-month period shall be \$3.00 for drivers of automobiles and \$1.00 for operators of motorcycles. The driver's license shall have the name of the licensee endorsed thereon in his own handwriting.

The director shall issue licenses for the following license period on and after the first day of the calendar month immediately preceding the commencement of such period, such licenses to be effective immediately.

All applications for renewals of licenses shall be made on forms prescribed by the director, which forms shall be mailed by the director from the central office of the division to the last addresses of the licensed drivers as they appear on the records of the division. Upon the return by mail of such forms, accompanied by the requisite fees, the director shall issue renewals of such licenses by mail from the central office of the division.

The director in his discretion may refuse to grant a license to drive motor vehicles to a person who is, in his estimation, not a proper person to be granted such a license, but no defect of the applicant shall debar him from receiving a license unless it can be shown by tests approved by the Director of the Division of Motor Vehicles that the defect incapacitates him from safely operating a motor vehicle.

A person violating this section shall be subject to a fine not exceeding \$500.00 or imprisonment in the county jail for not more than 60 days.

Nothing in this section shall be construed to alter or extend the expiration of any license issued prior to March 1, 1956.

Act effective.

2. This act shall take effect March 1, 1956, except that it shall become effective immediately, so far as to permit the taking of such measures and the making of such expenditures as shall be necessary to administer the provision of this act prior to March 1, 1956, and to make such preparations as may be necessary to provide for the administration of this act on and after said date.

CHAPTER 80

AN ACT concerning alcoholic beverages, and amending section 33:1-31 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section amended.

1. Section 33:1-31 of the Revised Statutes is amended to read as follows:

Causes for suspension or revocation of license.

33:1-31. Any license, whether issued by the director or any other issuing authority, may be suspended or revoked by the director, or the other issuing authority may suspend or revoke any license issued by it, for any of the following causes:

a. Violation of any of the provisions of this chapter;

b. Manufacture, transportation, distribution or sale of alcoholic beverages in a manner or to an extent not permitted by the license or by law;

c. Nonpayment of any excise tax or other payment required by law to be paid to the State Tax Commissioner;

d. Failure to comply with any of the provisions of subtitle 8 of the title Taxation (§ 54:41-1 et seq.):

e. Failure to have at all time a valid, unrevoked permit, license or special tax stamp, or other indicia of payment, of all fees, taxes, penalties and payments required by any law of the United States;

f. Failure to have at all times proper stamps or other proper evidence of payment of any tax required to be paid by any law of this State;

g. Any violation of rules and regulations;

h. Any violation of any ordinance, resolution or regulation of any other issuing authority or governing board or body;

i. Any other act or happening, occurring after the time of making of an application for a license which if it had occurred before said time would have prevented the issuance of the license; or

j. For any other cause designated by this chapter.

No suspension or revocation of any license shall be made until a 5-day notice of the charges preferred against the licensee shall have been given to him personally or by mailing the same by registered mail addressed to him at the licensed premises and a reasonable opportunity to be heard thereon afforded to him.

A suspension or revocation of license shall be effected by a notice in writing of such suspension or revocation, designating the effective date thereof, and in case of suspension, the term of such suspension, which notice may be served upon the licensee personally or by mailing the same by registered mail addressed to him at the licensed premises. Such suspension or revocation shall apply to the licensee and to the licensed premises.

A revocation shall render the licensee and the officers, directors and each owner, directly or indirectly, of more than 10% of the stock of a corporate licensee ineligible to hold or receive any other license, of any kind or class under this chapter, for a period of 2 years from the effective date of such revocation and a second revocation shall render the licensee and the officers, directors and each owner, directly or indirectly, of more than 10% of the stock of a corporate licensee ineligible to hold or receive any such license at any time thereafter. Any revocation may, in the discretion of the director or other issuing authority as the case may be, render the licensed premises ineligible to become the subject of any further license, of any kind or class under this chapter, during a period of 2 years from the effective date of the revocation.

No refund, except as expressly permitted by section 33:1-26 of this Title, shall be made of any portion of a license fee after issuance of a license; but if any licensee, except a seasonal retail consumption licensee, shall voluntarily surrender his license,

there shall be returned to him, after deducting as a surrender fee 50% of the license fee paid by him, the prorated fee for the unexpired term; provided, that such licensee shall not have committed any violation of this chapter or of any rule or regulation or done anything which in the fair discretion of the director or other issuing authority, as the case may be, should bar or preclude such licensee from making such claim for refund and that all taxes and other set-offs or counterclaims which shall have accrued and shall have become due and payable to this State or any municipality, or both, have been paid. Such refund, if any, shall be made as of the date of such surrender. The surrender of a license shall not bar proceedings to revoke such license. The refusal of the other issuing authority to grant any refund hereunder shall be subject to appeal to the director within 30 days after notice of such refusal is mailed to or served upon the licensee. Surrenders of retail licenses shall be promptly certified by the issuing authority to the director. Surrender fees shall be accounted for as are investigation fees. If any licensee to whom a refund shall become due under the provisions of this section shall be indebted to the State of New Jersey for any taxes, penalties or interest by virtue of the provisions of subtitle 8 of the title Taxation (§ 54:41-1 et seq.), it shall be the duty of the issuing authority before making any such refund, upon receipt of a certificate of the State Tax Commissioner evidencing the said indebtedness to the State of New Jersey, to deduct therefrom, and to remit forthwith to the State Tax Commissioner the amount of such taxes, penalties and interest.

In the event of any suspension or revocation of any license by the other issuing authority, the licensee may, within 30 days after the date of service or of mailing of said notice of suspension or of revocation, appeal to the director from the action of the other issuing authority in suspending or revoking such license which appeal shall act as a stay

of such suspension or revocation pending the determination thereof unless the director shall otherwise order. When any person files with any other issuing authority written complaint against a licensee specifying charges and requesting that proceedings be instituted to revoke or suspend such license, he may appeal to the director from its refusal to revoke or suspend such license or other action taken by it in connection therewith within 30 days from the time of service upon or mailing of notice to him of such refusal or action. The director shall thereupon fix a time for the hearing of the appeal and before hearing the same shall give at least 5 days' notice of the time so fixed to such licensee, other issuing authority and appellant.

The Bordentown Manual Training and Industrial School has outlived the purposes for which it was established. Excellent facilities are now available in all counties to provide the same training. It is therefore uneconomic for the State of New Jersey to continue to operate this institution at the annual cost of \$2,000.00 per pupil. In order to maintain and protect the properties during July and August when steps can be taken by the Legislature to devote these facilities to other State purposes, appropriations to the extent of \$21,131.00 will be made available under this act, as follows:

Salaries:	
Superintendent	\$1,405 00
Other officers and employees	13,836 00
Total Salaries	\$15,241 00

Materials and Supplies:	
Heat, light, power, water, gas and electricity	\$2,840 00

The license fee shall be \$2.00 per annum for each of the above purposes.

The division, when it appears that the application is made in good faith, shall, upon the payment of the fee for each license, issue to the applicant such of the following license or licenses as may be applied for:

Additional tags may be provided to any licensee in number equal to $\frac{1}{2}$ of the number of birds released after May 1 in each year. The tags shall be of a special kind provided for the purpose. The number of birds taken in any year, either alive or dead, on lands on which pheasants, wild turkeys, partridge or quail are propagated in a semiwild state shall not exceed the number of tags obtained from the division. Pheasants, wild turkeys, and partridge propagated in a semiwild state may be taken by shooting only from November 10 to January 20, except where the licensee shall have produced evidence satisfactory to the division that he has liberated on the land during the year covered by his license, or that he has in his possession on the land or in some other designated place or places and will liberate on the land prior to February 28 a total of at least 100 pheasants and partridge or combination thereof for any acreage up to 100 acres and at least 1 pheasant or partridge for each additional acre, in which case the licensee or any person or persons authorized by him so to do may take pheasants, wild turkeys, and partridge by shooting from November 10 to the next following February 28, both inclusive, on the land described in his license. The number of pheasants, wild turkeys, and partridge so taken by shooting shall not exceed $\frac{1}{2}$ of the total number of pheasants, wild turkeys, and partridge liberated on said land during the year covered by such license. Section 23:4-24 of this Title relating to hunting on Sunday shall not apply to any person authorized to shoot pheasants, wild turkeys, quail and partridge under sections 23:3-28 to 23:3-39 of this Title. Quail propagated in a semiwild state may be taken by shooting only from

November 10 to the next following February 28, both days inclusive. No pheasants, wild turkeys, partridge or quail propagated in a semiwild state shall be trapped without the written permission of the division.

Under a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" license, pheasants, wild turkeys, and partridge may be taken by shooting only on lands described in the application and license, without regard to sex and daily bag limit, by fully licensed hunters authorized by the licensee to shoot on said land between September 1 and the following March 15, both dates inclusive.

All pheasants, wild turkeys, quail and partridge liberated on a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" for which a license has been issued shall first be banded with a leg band which shall bear upon it a symbol identifying the shooting preserve, and a description of said band and symbol shall be set forth in the application for license. No pheasants, wild turkeys, quail or partridge shall be possessed or transported outside the licensed area, unless each bird shall have been tagged with a suitable tag or seal supplied by the division, and no licensee shall receive from the division, during any year of operation, more tags to be affixed to the bodies of pheasants, quail and partridge than four times the number of female pheasants, quail and partridge released prior to May 1 in each year, in addition to 1 tag for each pheasant, wild turkey, quail and partridge liberated during the shooting period hereinbefore specified.

AN ACT to amend the "Savings and Loan Act," approved April 4, 1946 (P. L. 1946, c. 56).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 78 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

Investments in loans may be made as follows:

C. 17:12A-78.
Investments
in mortgage
loans.

(1) Mortgage loans. In direct reduction, sinking fund, and straight mortgage loans. Each such loan shall be evidenced by an obligation and secured by a mortgage which shall be a first lien on real estate in the State, or outside of the State if located within 50 miles of the principal office of the association. A mortgage shall be deemed a first lien notwithstanding the existence of a prior mortgage or mortgages held by the association, or liens of taxes or assessments which are not delinquent, building restrictions or other restrictive covenants or conditions, leases or tenancies whereby rents or profits are reserved to the owner, joint driveways, sewer rights, rights in walls, rights-of-way or other easements, or encroachments which the appraisers signing the appraisal provided for in section 81, report in their opinion do not materially affect the security for the mortgage loan. Such loan shall be on real estate used or to be used wholly or partially for dwelling purposes. The granting of such loans shall be without regard to race, creed, color, national origin or ancestry. The granting of such loans shall be without discrimination of any nature including, but not limited to, interest rates, terms and duration, because of race, creed, color, national origin or ancestry. If the proceeds of any such loan are used in whole or in part to improve the mortgaged real estate, they may be advanced in installments as the con-

struction of a building or the making of other improvements thereon progresses and the value of the contemplated improvement may be included in arriving at the appraised value of the property.

Each direct reduction loan shall require periodical payments sufficient to pay the principal and interest of the loan in full in a period of 25 years or less. Any association may by agreement with the borrowing member reduce the amount of periodical payments, but the amount of the periodical payments thereafter required shall be sufficient to pay the balance of the loan and interest thereon within a period of 20 years or less from the time of making such agreement. Each sinking fund loan shall require periodical payments, at least monthly, on an account pledged as collateral security for such loan which shall be sufficient to pay such loan in a period of 20 years or less. Any association may by agreement with the borrowing member provide for the application of such account to the principal of the loan and for a reduction in the periodical payments required on an account thereafter; provided, however, that such periodical payments thereafter required shall be sufficient to retire the loan in a period of 20 years or less from the time of the making of such agreement. The amount of any direct reduction loan or sinking fund loan, less the withdrawal value of any account which may be pledged as collateral security therefor, shall not exceed 80% of the value of such real estate as found by appraisal at the time when the loan is granted.

A straight mortgage loan having a term of 1 year or less, the proceeds of which are used or are to be used in pursuance of a plan to improve the mortgaged real estate, may be made in an amount not to exceed 80% of the value of such real estate as found by appraisal at the time the loan is granted. Otherwise, the term of any straight mortgage loan shall not exceed 3 years and the amount of any such straight mortgage loan shall not exceed 50% of the value of the property as found by

appraisal at the time the loan is granted. An association may renew any straight mortgage loan held by it for a period not exceeding 3 years and for amounts not in excess of 50% of the value of the real estate as found by appraisal at the time of such renewal. The total amount invested in straight mortgage loans by any association shall not exceed 10% of its assets at the time any such investment is made.

(2) Improvement or repair loans. In additional loans to members for repairs, alterations, or improvements already made or to be made, of real estate owned by such members, upon which the lending association already holds a mortgage lien, or to pay the cost of insurance upon the life of such member which policy of insurance may also include health, accident or disability features, the proceeds of such policy to be applied in accordance with its terms and conditions; provided, however, the amount of such life insurance shall not exceed the amount loaned on the mortgage lien held by the association. If the mortgage already held by the lending association secures payment of a direct reduction loan, such additional loan shall not exceed the sum of \$2,500.00 or the amount which has been repaid in reduction of the principal of such mortgage loan, whichever is less. If the mortgage already held by the lending association secures payment of a sinking fund loan, such additional loan shall not exceed the sum of \$2,500.00 or the withdrawal value of the installment account which is pledged as collateral security for the payment of such sinking fund loan, whichever is less. Each such additional loan shall be evidenced by an obligation which shall state the terms on which such loan is made, and the amount thereof shall be added to the amount due on the association's mortgage against such real estate, and payment thereof shall be secured thereby. All persons who acquire any rights in, or liens upon, the mortgaged real estate subsequent to the recording of any association's mortgage shall hold such rights

and liens subject to the association's right to make such additional loans. For the purpose of such additional loans, no search or examination of the title to the mortgaged real estate shall be required. The power to make such additional loans is in addition to, and not to the exclusion of, the power to make any other lawful loan or any other lawful additional loan, or to make advances for any purpose expressly or impliedly reserved or provided for in any bond, mortgage or other obligation held by or hereafter acquired by any such association.

(3) Camp meeting leaseholds. In any obligation secured by first mortgage on any leasehold estate of real estate in this State of any camp meeting association, to the extent authorized by, and subject to, the limitations and restrictions contained in section 17:2-1 of the Revised Statutes.

(4) Purchase of loans. In the purchase of any loan which an association is authorized to make.

(5) Account loans. In loans secured by a pledge of a member's account. No such loan shall exceed the withdrawal value of the pledged account, less interest thereon for a period of 6 months.

(6) Guaranteed loans. In loans guaranteed or insured in whole or in part by the United States of America or the State of New Jersey, any instrumentality or agency of either of them, or for which a commitment to so guarantee or insure has been made. Such loans shall not be subject to the provisions of section 27, subdivision (13), section 78, subdivision (1), section 81 and section 82 of this act. Such loans may be made in accordance with the terms and conditions permitted by the agency guaranteeing or insuring such loans, notwithstanding any other provisions of law limiting interest or other charges or prescribing terms and conditions. Such loans shall include only those which are made for the purchase or improvement of real estate, or for the construction, alteration, repair, or improvement of buildings erected thereon, used or to be used, wholly or partially for

dwelling purposes, in which case they may or may not be secured by mortgages; or those which may be made for any other purpose provided they be secured by a mortgage on real estate used or to be used wholly or partially for dwelling purposes.

54. Limitations.

C. 17:9A-54.
Loan
limitations.

A. A bank which makes a loan to which this article applies shall not

(1) require that more than 1 installment be payable in any 1 payment-period, except that the last 2 installments may be payable in the same payment-period. Every such loan shall provide for payment-periods of equal duration measured in terms of weeks or months, except that the period scheduled to elapse between the making of the loan and the date when the first installment is scheduled to be paid, hereinafter in this paragraph referred to as "the initial payment-period," may be longer than any other payment-period, but may not exceed 60 days. Any such loan may provide for the omission of installments during any period not exceeding 93 days in any one 12-month period. When the period during which installments are so omitted falls within or coincides with the initial payment-period as hereinabove defined, the initial payment-period may be longer than any other payment-period, but may not exceed 93 days. Except as herein otherwise expressly provided, no payment-period shall be shorter than 1 week or longer than 1 month;

(2) require that the amount of any installment be greater than or less than that of any other installment, except that the final installment may be not more than \$1.00 more or less than any previous installment;

(3) prior to default, directly or indirectly take any security for any such loan other than an interest in tangible personal property;

(4) make any such loan unless its final installment shall be due and payable not later than 2 years and 1 month subsequent to the making of the loan; except that the final installment of any such loan may be due and payable not later than 3 years and 1 month subsequent to the making of the loan when

(a) the loan is a property improvement loan, as defined in subsection B of this section; or

(b) the loan is secured by an interest in tangible personal property; provided, that the commissioner may, from time to time, make, alter and repeal regulations governing every such loan secured by an interest in tangible personal property, the final installment whereof is due and payable more than 2 years and 1 month but not more than 3 years and 1 month subsequent to the making of such loan, in respect to (1) the maximum maturity, not to be less than 2 years and 1 month or more than 3 years and 1 month, which may be stipulated in any such loan; (2) the methods of determining purchase prices or market values of the tangible personal property taken as security, or other bases for computing the maximum amount which may be loaned upon the security of tangible personal property for any period in excess of 2 years and 1 month but not in excess of 3 years and 1 month; and (3) special or different terms, conditions or exemptions with respect to such loans secured by new or by used tangible personal property, and with respect to the kind and character of the tangible personal property, including, in the case of new goods financed in whole or in part with the proceeds of any such loan, the required minimum original cash payment;

(5) make any further interest or other charge or demand, in connection with such loan, other than those expressly authorized by this article;

(6) make any such loan, other than a property improvement loan or loans, for the payment of which any person shall be liable to the bank in any capacity, if the making of such loan would cause the liability, in any capacity, of any such person to the bank upon all loans to which this article applies, exclusive of property improvement loans, to exceed \$3,000.00;

(7) make any property improvement loan to which this article applies, for the payment of which any person shall be liable to the bank in any capacity, if the making of such property improvement loan would cause the liability, in any capacity, of any such person to the bank upon all property improvement loans to which this article applies, to exceed \$3,000.00.

B. As used in this section, "property improvement loan" means a loan, the purpose of which, as represented to the bank by the borrower, is to enable the borrower to pay the cost, in whole or in part, of modernizing, rehabilitating, altering, repairing or improving real property in which the borrower has an interest, and in connection with which the borrower files with the bank, at the time when the loan is made, either (1) a copy of the contract pursuant to which such modernizing, rehabilitating, altering, repairing or improving has been done or is to be done; or, if there be no such contract, (2) a statement, sworn to by the borrower, that the proceeds of the loan will be used to pay the cost, in whole or in part, of modernizing, rehabilitating, altering, repairing or improving such real property, as the case may be.

C. Nothing in this section or elsewhere in this article contained shall prevent a bank from making a loan to which this article applies, the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan

theretofore made under the provisions of this article or otherwise.

AN ACT to amend "An act concerning banking and banking institutions (Revision of 1948)," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

Section
amended.

1. Section 52 of the act of which this act is amendatory is amended to read as follows:

C. 17:9A-52.
Dividends.

52. Dividends.

A. Dividends on the capital stock of a bank may be paid from time to time wholly in cash, or wholly in stock of the bank, or partly in cash and partly in stock of the bank as the board of directors may in its discretion determine, subject to the limitations in this section contained.

B. No dividend shall be paid by a bank on its capital stock unless, following the payment of each such dividend, the capital stock of the bank will be unimpaired, and

(1) the bank will have a surplus of not less than 50% of its capital stock, or, if not,

(2) the payment of such dividend will not reduce the surplus of the bank.

C. The certificate of incorporation of a bank, or an amendment thereof, may provide that dividends may be paid in stock of the bank without an amendment of the bank's certificate of incorporation

pursuant to article 19, notwithstanding the payment of such dividend effects an increase in the capital stock of the bank. In such a case, dividends may be paid from time to time in the stock of the bank, at the discretion of the board of directors, without compliance with article 19; provided that, prior to the date of the payment of any such dividend, a certificate made by 2 officers of the bank, 1 of whom shall be the president or a vice-president, shall be filed in the department stating

- (1) the date upon which the dividend is to be paid; and
- (2) the amount of such dividend; and
- (3) the amount of the capital stock and the surplus of the bank after giving effect to the payment of such dividend.

If the commissioner finds that the certificate of incorporation of the bank, or an amendment thereof, authorizes the payment of dividends in stock of the bank without an amendment of the bank's certificate of incorporation pursuant to article 19, and if he finds that the payment of the dividend will not violate subsection B of this section, he shall endorse his approval upon the certificate, and shall file it in the department. A certificate filed in the department pursuant to this subsection shall be deemed for all purposes to be an amendment of the certificate of incorporation of the bank with the same effect as if it had been authorized, executed, approved and filed in the department pursuant to article 19.

D. When the certificate of incorporation of a bank, or an amendment thereof, does not provide that dividends may be paid in stock of the bank without an amendment of the bank's certificate of incorporation pursuant to article 19, no such dividend which results in an increase in the capital stock of the bank shall be paid unless the necessary increase in capital stock is authorized pursuant to article 19.

E. Subsections C and D of this section shall not apply to a stock dividend paid pursuant to section 212.

F. This section shall not limit the power of a bank to pay dividends on shares of preferred stock issued prior to the effective date of this act, as provided in its certificate of incorporation.

Section amended.

2. Section 116 of the act of which this act is amendatory is amended to read as follows:

C. 17:9A-116.

Nature of amendments to incorporation certificate.

116. Nature of amendments.

A bank may, by amending its certificate of incorporation in the manner provided by this article,

- (1) change its corporate name;
- (2) increase its capital stock; except that no amendment of the certificate of incorporation pursuant to this article shall be required when an increase in capital stock results from a stock dividend paid as authorized by subsection C of section 52;
- (3) decrease its capital stock;
- (4) change the par value of its shares;
- (5) assume the authority to exercise any or all of the powers specified in section 28;
- (6) relinquish the authority to exercise any or all of the powers specified in section 28;
- (7) effect any other object, which, pursuant to any other provision of this act, is required or permitted to be effected by amendment of the certificate of incorporation.

3. This act shall take effect immediately.

1. Section 55 of the act of which this act is amendatory is amended to read as follows:

C. 17:9A-55.
Permissible
provisions
and actions.

55. Permissible provisions and actions.

A. A bank which makes a loan to which this article applies may

(1) require 1 or more comakers or endorsers of the instrument evidencing the loan, or 1 or more guarantors of payment of the loan;

(2) when the payment of such loan is secured by an interest in tangible personal property, require that such property be insured for the benefit of the bank, against such loss or damage as the bank may require, and may retain out of the proceeds of such loan the premium for such insurance. If such insurance expires, lapses, or is cancelled, and other insurance by insurers and in amounts satisfactory to the bank is not furnished to the bank without lapse of coverage, the bank may obtain insurance upon such property, and the cost thereof, less the amount of the return premium, if any, received by the bank on cancellation of

prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan, shall be added to and become part of such loan, payable upon demand with interest at the legal rate; and, in default of such payment within 30 days after such demand, the entire unpaid balance of the loan shall, at the election of the bank, become immediately due and payable;

(3) upon institution of a suit for the collection of a loan in default, charge a collection fee, in addition to court costs allowable by law, equal to \$7.50 when the unpaid balance of the loan is \$50.00 or less; \$10.00 when such unpaid balance is more than \$50.00 but not in excess of \$100.00; \$12.50 when such unpaid balance is more than \$100.00 but not in excess of \$500.00; and \$25.00 when such unpaid balance is in excess of \$500.00;

(4) when the payment of such loan is secured, and provision is made by law for the filing or recording of the instrument of security or notice or abstract thereof, require compliance with such provision and retain the cost of such recording or filing out of the proceeds of the loan.

B. An instrument evidencing, or intended to secure the payment of, a loan to which this article applies, may provide that

(1) upon default in the payment of any installment on its due date, the entire unpaid balance of the loan shall, at the election of the bank, become immediately due and payable;

(2) when the maturity of the unpaid balance of the loan is accelerated as provided by this section, the bank may charge interest at the legal rate from the date such acceleration takes place upon the difference between the amount of the unpaid principal balance of the loan, and the amount of credit given pursuant to section 56;

(3) the bank may charge interest at the legal rate upon each installment in arrears, for the period from the date that default in the payment of such installment occurs, to the date that payment of such installment is made; or, if the maturity of the unpaid balance of the loan is accelerated as provided by this section, to the date upon which such acceleration takes place. In lieu of providing for interest pursuant to this paragraph (3), such instrument may provide that, on any installment in arrears for more than 15 days, the bank may make a late charge which shall not exceed 5% of such installment, or \$5.00, whichever is the lesser; provided, (a) that the total of such late charges shall not exceed \$15.00 in any 1 12-month period, and (b) that only 1 such late charge shall be made on any 1 installment; and (c) that no such late charge shall be made upon any installment scheduled, by the terms of such instrument, to fall due upon a date subsequent to the date upon which the maturity of the unpaid balance of the loan is accelerated as provided by this section;

(4) no person who is a party to the instrument evidencing the loan shall be released or discharged from liability to the bank by reason of the bank's extending the time for the payment of an installment or installments owing or due upon such loan, or by reason of the bank's waiver of any term or condition of the instrument evidencing such loan, or of the instrument intended to secure payment thereof;

(5) all parties to the instrument evidencing the loan shall waive presentation for payment, demand for payment, protest and notice of protest, nonpayment, dishonor, and the bank's election to accelerate the maturity of the unpaid balance of the loan.

C. For the purposes of this section,

(1) "unpaid principal balance" of a loan means the face amount of the note evidencing such loan, less the aggregate of all installments paid thereon, plus the cost of any insurance paid for by the bank pursuant to paragraph (2) of subsection A of this section, after crediting against such cost the amount of the return premium, if any, received by the bank on cancellation of prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan;

(2) "unpaid balance" of a loan means the unpaid principal balance of such loan, plus unpaid interest and late charges, if any.

Section amended.

Calling of elections, submission of proposal to create a regional school district, contents of proposal.

1. Section 18:8-1 of the Revised Statutes is amended to read as follows:

18:8-1. Whenever the boards of education of 2 or more school districts and the State Commissioner of Education, after study and investigation, shall deem it advisable for such school districts to unite in creating a regional school district for the establishment and development of elementary schools, junior high schools, high schools, vocational schools, special schools, health facilities or particular educational services or facilities in the territory comprised within such school districts and shall determine whether the amounts to be

raised for annual or special appropriations for such regional school district, as provided in section 18:8-17 of the Revised Statutes, are to be apportioned upon the basis of ratables, or of average daily enrollment of the constituent school districts during the preceding school year, the board of education of each of such school districts shall call and conduct a special election, which shall be held on the same date in each of such school districts, in the manner provided for the conduct of special school district elections in chapter 7 of this Title and shall submit a proposal for creation of a regional school district for any 1 or more of the above purposes. The proposal so submitted shall state whether the amounts to be raised for annual or special appropriations for such regional school district, as provided in section 18:8-17 of the Revised Statutes are to be apportioned upon the basis of ratables or of average daily enrollment of the constituent school districts during the preceding school year.

There may be included, as a part of each proposal to be submitted with respect to the creation of a regional school district, an authorization for the issuance of promissory notes or temporary loan bonds of the regional school district, in a principal amount not in excess of that stated in such proposal, for the purpose of providing for the current expenses of the regional school district until June 30 subsequent to the date of the first annual election of the regional school district. No such authorization shall be included in such proposal unless the State Commissioner of Education shall have made a finding, in writing, prior to the date of submission of such proposal, that the principal amount of such promissory notes or temporary loan bonds, as stated in such proposal, is not in excess of the amount of money reasonably expected to be necessary for the current expenses of the regional school district as aforesaid. If each of such proposals includes such an authorization and pursuant to such proposals such school

districts shall vote to create a regional school district, such proposals shall after such vote be authority for the issuance of such promissory notes or temporary loan bonds of the regional school district to the amount and for the purposes set forth therein, and shall for all the purposes of chapters 7 and 8 of this Title and any other provisions of said Title, be deemed to constitute a proposal duly adopted on said date by the legal voters of the regional school district authorizing the regional board of education to issue bonds of the regional school district, but no school debt statement need be prepared or filed prior to such authorization. Such promissory notes or temporary loan bonds of the regional school district shall be issued by the regional board of education in the manner provided in article 8 of chapter 7 of this Title, except that all such promissory notes or temporary loan bonds shall mature in not exceeding 1 year and may be renewed by similar promissory notes or temporary loan bonds which shall mature not later than 2 years from the date of the first of the original notes or bonds so issued. There may be included, as a part of each proposal to be submitted with respect to the creation of a regional school district, the authorization of bonds of the regional school district for any 1 or all of the following purposes: (a) any purpose or purposes described in section 18:7-85 of the Revised Statutes, (b) the purchase of any schoolhouse or schoolhouses or other buildings for school purposes with or without the sites thereof and lands appertaining thereto or the furniture and other necessary equipment therefor or the materials and supplies therefor, and (c) the making of additions, alterations, repairs or improvements in or upon any such schoolhouse or other building or

purchasing school furniture or other necessary equipment therefor. Such an authorization shall for all the purposes of this Title, and particularly chapter 8 and article 18 of chapter 5 thereof, be deemed to constitute a proposal authorizing the regional board of education to issue bonds of the regional school district, but no school debt statement need be prepared or filed prior to the authorization of such bonds. A copy of each such proposal may be submitted prior to said election for consideration by the State Commissioner of Education and the Local Government Board under and for all the purposes of section 18:5-86 of the Revised Statutes. If each of such proposals includes such an authorization and pursuant to such proposals such school districts shall vote to create a regional school district, such proposals shall after such vote be authority for the issuance of bonds of the regional school district to the amount and for the purpose or purposes set forth therein and, from and after the date of such vote, shall for all the purposes of chapters 7 and 8 of this Title, and any other provisions of said Title, be deemed to constitute a proposal duly adopted on said date by the legal voters of the regional school district authorizing the regional board of education to issue bonds of the regional school district for the purpose or purposes and in the amount or amounts set forth in such proposal. The bonds so authorized shall be issued, shall be dated and sold in all respects in accordance with the provisions of said chapters, and shall mature within the period or respective periods of time prescribed by such provisions, in each case computed from the date of such bonds.

If each such county superintendent of schools shall determine from such certificates that the total number of votes cast in each school district in favor of the proposal for creating a regional school district exceeds the total number of votes cast in such school district against the same, he shall immediately notify the board of education of each of such school districts of his determination.

If such statements shall establish the adoption of such a proposal by the regional school district and by each proposed constituent school district, each of the county superintendents of schools in which any part of any of said school districts is situated shall send notice thereof to the board of education of each of said school districts and to the State Commissioner of Education.

Not later than 30 days after the date on which the enlargement of any regional school district shall become effective, the county superintendents of schools of each county in which any part of the regional school district or a new constituent school district is situated, shall make a reapportionment of the representation of the constituent school districts in membership on the regional board of education on the basis of the population of the constituent districts as provided in section 18:8-5 of this Title and shall designate the number of members to be elected from each particular constituent school district at the next several annual elections of the regional school district upon the expiration of the terms of office of the then members of the regional board of education so that the representation of the constituent school districts in membership on the regional board of education shall be as established by such reapportionment. The corporate existence of the regional school district shall be deemed to have continued without interruption from the date of its original creation prior to its enlargement and the regional school district shall continue to be known by its then corporate name unless pursuant to resolution adopted by the regional board of education another corporate title, as therein set forth, shall be approved by the State Board of Education and so certified by said board to the Secretary of State. The board of education of the original school district shall have full authority and powers and duties with respect to the regional school district as enlarged, except that it shall not exercise any authority with respect to the educational facilities then being provided for pupils in any new constituent school district until July 1 next succeeding the first annual election in such regional school dis-

As a part of such consideration and before endorsing any approval on such copy, the commissioner or board may require the board of education of such school district or governing body of such municipality to adopt resolutions restricting or limiting any future proceedings therein or other matters or things deemed by the commissioner or board to affect any estimate made or to be made under said subsections, and every such resolution so adopted shall constitute a valid and binding obligation of the school district or municipality, as the case may be, running to and enforceable or releasable by the commissioner or board, as the case may be.

If the State Commissioner of Education shall not be so satisfied within said period of 60 days, he shall endorse his disapproval on such copy.

(d) Within 60 days after the submission to the Local Government Board of any copy of a proposal or ordinance pursuant to subsection (b) of this section, it shall cause its consent to be endorsed thereon if it shall be satisfied and shall record by resolution its estimates that the amounts to be expended for the new educational facilities to be financed pursuant to such proposal or ordinance are not unreasonable or exorbitant, and that issuance of the bonds mentioned and described in such proposal or ordinance will not materially impair the credit of any municipality comprised within such school district or substantially reduce its ability during the ensuing 10 years to pay punctually the principal and interest of its debts and supply essential public improvements and services, and that authorization of such bonds would not be possible under the provisions of either section 18:5-84 or section 18:5-85 of this article, and that, taking into consideration trends in population and in values and uses of property and in needs for educational facilities, the net school debt of such school district will at some date within 20 years be less, in the case of a certified local school district, than 8%, or in the case of any other school district, than 6% of the average assessed valuation of property in such school district as stated in supplemental debt statements, which might be filed on such date. If the Local Government Board shall not be so satisfied within said period of 60 days, it shall cause its disapproval to be endorsed on such copy.

AN ACT to amend the "Banking Act of 1948," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

Section
amended.

1. Section 181 of the act of which this act is amendatory is amended to read as follows:

C. 17:9A-181.
Mortgage
loans.

181. Mortgage loans.

A-1. A savings bank may make or invest in mortgage loans in the manner and subject to the limitations prescribed by this section. For the purposes of this section, "mortgage loan" shall include every indebtedness secured by mortgage on real property, or on a lease of the fee of real property (in any case in which such lease is lawful security for such mortgage loan), except as otherwise provided by subsection Q of this section, and a savings bank shall be deemed to have made a mortgage loan when

(a) it lends or participates in lending money to a borrower upon the security of real property; or

(b) it acquires, by purchase or otherwise, a mortgage loan or any share or part of or interest in a mortgage loan which is not subordinate to any share or part thereof or interest therein held by any other person. A savings bank may sell, assign or otherwise dispose of a share or part of or interest in a mortgage loan held by it to any other person.

A-2. For all purposes of compliance with the applicable provisions and restrictions of subsections D, E, F and G of this section as to the percentage of the mortgage loan to the appraised value of the mortgaged property, and the term of and rate of amortization of such loan, the date of the acquisition by a savings bank of a mortgage loan or a share or part thereof or interest therein shall, as respects such savings bank, be deemed to be the date as of which the mortgage loan was made, and the unpaid amount of the principal then due shall be deemed to be the amount of such mortgage loan.

B. No savings bank shall make a mortgage loan at any time when the total cost of acquisition by the savings bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the savings bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceeds, or by the making of such loan will exceed, 70% of its deposits. For the purposes of this subsection, principal balances owing on mortgage loans made pursuant to subsection Q of this section shall, only to the extent of 75% of such balances, be included in the total of all principal balances owing to the savings bank on mortgage loans.

C. Every mortgage loan shall be evidenced by a note or bond, and shall be secured by a mortgage on the fee of real property located within this State, or, if outside this State, upon the fee of real property located within 50 miles of the principal office of the savings bank. Every mortgage shall be certified to be a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be a first lien by a corporation authorized to guarantee titles to land in such State. For the purposes of this section, a mortgage shall be deemed to be a first lien, notwithstanding the existence of a prior mortgage or mortgages held by the savings bank, or a lien for current taxes

or assessments not due or payable at the time the loan is made, and notwithstanding the existence of leases, building restrictions, easements, encroachments, or covenants which, in the opinion of an officer of the savings bank designated for that purpose by the board of managers, do not materially lessen the value of the real property to be mortgaged.

D. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a 1-family dwelling, or upon which such a dwelling is in the course of construction or is to be constructed, the amount of the mortgage loan shall not exceed (a) 80% of the appraised value of the real property, or (b) \$25,000.00, whichever is lesser.

E. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a 2-, a 3-, or a 4-family dwelling, or upon which such a dwelling is in the course of construction or is to be constructed, the amount of the mortgage loan shall not exceed 80% of the first \$30,000.00 of the appraised value of the real property, plus 50% of the excess, if any, of such appraised value over \$30,000.00.

F. The instrument evidencing a mortgage loan made pursuant to either subsection D or subsection E of this section shall require that

(1) interest shall be paid on such loan monthly, and that equal monthly payments be made in reduction of such loan of an annual rate equal to at least 5% of the original amount of such loan; or

(2) that a constant sum be paid monthly in an amount sufficient for current interest and for the payment of the loan in full in not more than 20 years from the making of such loan; or

(3) the payments provided in (1) hereof may be reduced to an annual rate equal to 4% of the original amount of such loan, or the payment provided in (2) hereof may be an amount

sufficient for current interest and payment of the loan in not more than 25 years from the making of such loan, provided, that in either of such cases the mortgage loan shall, by its terms, mature and any unpaid balance shall become due and payable not more than 20 years from the making of such loan.

G. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a building or buildings other than dwellings of the nature described in subsections D and E of this section, or upon which such other buildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed 66⅔% of appraised value of such real property. The instrument evidencing a mortgage loan made pursuant to this subsection shall require that the loan be repaid in full in not more than 10 years from the date it is made; and (a) if the amount of such loan, when made, exceeds 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 2% of the original amount of such loan; or (b) if the amount of such loan, when made, does not exceed 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 1% of the original amount of such loan. When, however, the amount of such loan does not, when made, exceed 50% of the appraised value of such real property, and the instrument evidencing such loan requires that it be paid in full in not more than 5 years from the date it is made, the instrument need not require that any payment be made in reduction of such loan prior to its maturity date.

H. When the real property offered as security for a mortgage loan is of the nature described in subsection D or E of this section, and the amount of the loan does not exceed 66⅔% of the appraised

value of such real property, the instrument evidencing such loan shall be sufficient if it conforms to the requirements of either subsection F or subsection G of this section.

I. A mortgage loan may be made for the purpose of enabling a borrower to construct a building or buildings upon real property owned by him, and, in such a case, the appraised value of the real property shall include the value of the building or buildings to be constructed, but at no time shall a greater sum be advanced on account of such loan than, in the opinion of (1) the appraisers hereinafter provided for, or (2) 1 of such appraisers and an officer of the savings bank designated for that purpose by the board of managers, is warranted by the state of completion of the buildings in process of construction. For the purposes of compliance with the applicable requirements of subsection F or G of this section as to the term of and the rate of amortization of a loan made pursuant to this section, such loan shall be deemed to have been made when the final advance shall be made to the borrower on such loan, or 18 months from the date of the mortgage securing such loan, whichever is earlier.

J. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are not to be used to construct a building on such land, the amount of such loan shall not exceed 30% of the appraised value of such real property. The instrument evidencing a loan made pursuant to this subsection shall require that such loan be paid in full in not more than 5 years from the date it is made. No loan made pursuant to this subsection shall exceed \$10,000.00, or $\frac{1}{4}$ of 1% of the deposits of the savings bank, whichever is greater; nor shall any such loan be made at any time when the total of all such loans exceeds, or if the making of such loan would cause such total to exceed 1% of the deposits of the savings bank.

K. No mortgage loan shall be made except upon a certificate signed by 2 or more appraisers who shall be either members of the board of managers or such other persons as the board of managers shall designate. The certificate shall certify that the appraisers have inspected the real property to be mortgaged, shall set forth or incorporate by reference all factors which, in their judgment, are materially determinative of the value of the real property, and shall disclose as separate items the value placed upon land and upon improvements, if any. The appraisers shall also certify that, in their opinion, the real property furnishes adequate security for the amount of the loan to be made. The certificate shall be filed with the permanent records of the savings banks, and shall be preserved until the savings bank has no interest, as mortgagee or otherwise, in the real property.

L. Purchase money mortgage loans made by a savings bank on the sale of real property owned by it shall not be subject to the preceding subsections or to subsection P of this section, except that such loans shall be included in determining whether the total amount of mortgage loans held by a savings bank exceeds 70% of its deposits.

M. In addition to the mortgage loans authorized by the preceding subsections of this section, a savings bank may make mortgage loans secured by

(1) a mortgage which is a first lien upon the lease of the fee of real property in this State of a camp meeting association; provided,

(a) that the real property is subject to no lien or encumbrance other than such lease, or of the character permissible under subsection C of this section;

(b) that the lease shall have an unexpired term of not less than 25 years, or shall be renewable to the lessee, his heirs and assigns, for a term of not less than 25 years;

(c) that the camp meeting association has consented to the making of such mortgage loan;

(d) that the amount of such loan shall not exceed 66 $\frac{2}{3}$ % of the appraised value of the leasehold estate; and

(e) that the commissioner has approved the making of such loans by savings banks upon leases of real property of such camp meeting association.

All the provisions of this section shall be applicable to loans made pursuant to this subsection except to the extent that such provisions are inconsistent with this subsection.

N. The instrument evidencing a mortgage loan may be in such form, and may contain such provisions, not inconsistent with law, as the savings bank may choose to insert for the protection of its lien and the preservation of its interest in the real property mortgaged to it.

O. Notwithstanding the limitations prescribed by the preceding subsections or by subsection P of this section, a savings bank may

(1) for the purposes of preventing or mitigating loss, or of preserving the lien of its mortgage, or of conserving the value of the real property affected by its mortgage, (a) extend the time for the payment of principal or interest, (b) modify or waive any of the terms or conditions of the instrument evidencing a mortgage loan, (c) settle or compromise all or part of the amount due or to grow due on a mortgage loan, (d) sell or assign the mortgage loan, or a share or part thereof or interest therein, for such consideration as it shall deem proper, and (e) advance funds for the payment of any tax, lien, charge or claim whatsoever; and

(2) make a loan in addition to an existing mortgage loan or loans held by it, upon the security of the same real property and secured by the existing mortgage or mortgages, in an amount not to exceed the difference between the

balance due on the existing mortgage or mortgages and the original amount thereof, or the sum of \$2,500.00, whichever is less; provided, however, that no such additional loan shall be made which shall increase the total amount due upon such mortgages over the amount which could be loaned upon the security of such real property. Such additional loan shall be repaid in equal monthly installments, beginning within 1 year from the date of such loan, with the payments adjusted so that the additional loan shall be repaid in full either before or at the maturity of the existing mortgage. If the unexpired term of such mortgage or mortgages shall have been reduced to 10 years or less such term may be extended for an additional period of not more than 10 years. CHAPTER 203

AN ACT concerning unemployment compensation, and amending sections 43:21-3, 43:21-6 and 43:21-19 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 43:21-3 of the Revised Statutes is amended to read as follows: Section amended.

43:21-3. (a) Payment of benefits. All benefits shall be promptly paid from the fund through local employment offices in accordance with such regulations as may be prescribed hereunder. Benefits.

(b) Weekly benefits for unemployment.

With respect to an individual's benefit year commencing on or after January 1, 1953, such individual, if eligible and unemployed (as defined in subsection (m) of section 43:21-19 of this Title), shall be paid an amount (except as to final payment) equal to his weekly benefit rate with respect to any week in which he has earned no remuneration or remuneration equal to less than $\frac{1}{2}$ said rate, or shall be paid an amount equal to $\frac{1}{2}$ his weekly benefit rate with respect to any week in which he has earned remuneration equal to or more than $\frac{1}{2}$ said rate but less than said rate.

(c) Weekly benefit rate.

(1) With respect to an individual whose benefit year commences prior to October 1, 1955, his weekly benefit rate under each benefit determination shall be $\frac{2}{3}$ of his average weekly wage; provided, that such rate shall be computed to the next highest multiple of \$1.00 if not already a multiple thereof, and shall not be more than \$30.00 nor less than \$10.00.

(2) With respect to an individual whose benefit year commences on or after October 1, 1955, and whose average weekly wage does not exceed \$45.00, his weekly benefit rate under each benefit determination shall be $\frac{2}{3}$ of his average weekly wage; provided, that such rate shall be computed to the next highest multiple of \$1.00 if not already a multiple thereof, and shall not be more than \$30.00 nor less than \$10.00.

(3) With respect to an individual whose benefit year commences on or after October 1, 1955, and whose average weekly wage exceeds \$45.00, his weekly benefit rate under each benefit determination shall be \$30.00 plus $\frac{2}{3}$ of the amount by which his average weekly wage exceeds \$45.00; provided, that such rate shall be computed to be the next highest multiple of \$1.00 if not already a multiple thereof, and shall not be more than \$35.00.

(d) Maximum total benefits.

With respect to an individual to whom benefits shall be payable as provided in this section:

(1) Such individual shall be entitled to receive, under each successive benefit determination relating to each of his base year employers, a total amount of benefits equal to $\frac{3}{4}$ of his base weeks from the employer in question multiplied by his weekly benefit rate; but the amount of benefits thus resulting under any determination made with respect to an employer shall be adjusted to the next higher multiple of $\frac{1}{2}$ of said weekly benefit rate, if not already a multiple thereof.

(2) No such individual shall be entitled to receive benefits under this Title for more than 26 weeks in any benefit year under either of subsections (c) and (f) of section 43:21-4 of this Title. In the event that any individual qualifies for benefits under both of said subsections during any benefit year, the maximum total amount of benefits payable under said subsections combined to such individual during the benefit year shall be $1\frac{1}{2}$ times the maximum amount of benefits payable under 1 of said subsections. For the purposes of this paragraph, any week for which an individual receives a half-payment as provided in subsection (b) of this section shall be counted as $\frac{1}{2}$ of a week.

(3) If the full weekly benefit rate cannot be paid to an individual who is otherwise entitled thereto because the amount of unused benefits remaining under the applicable benefit determination is only $\frac{1}{2}$ of said rate, he shall be paid that amount; but if such individual is entitled to additional benefits under a successive determination, he shall also be paid for the week in question an amount equal to $\frac{1}{2}$ of his weekly benefit rate under said successive determination.

2. Section 43:21-6 of the Revised Statutes is amended to read as follows: Section amended.

43:21-6. (a) Filing. Claims for benefits shall be made in accordance with such regulations as the Director of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey may approve. Each employer shall post and maintain on his premises printed notices of his subject status, of such design, in such numbers, and at such places as the director of the division may determine to be necessary to give notice thereof to persons in the employer's service. Each employer shall give to each individual at the time he becomes unemployed a printed copy of Claims for benefits.

benefit instructions. Both the aforesaid notices and instruction shall be supplied by the division to employers without cost to them.

(b) (1) Procedure for making determinations with respect to benefit years commencing prior to January 1, 1953. (A) Initial determinations. The director of the division shall designate a representative or representatives to promptly examine the claims and to determine which claims do and which claims do not meet the requirements of section 4 (e); and as to those claims meeting the requirements of section 4 (e) to further determine the weekly benefit rates and the maximum total benefits payable. Each claimant shall promptly be notified of the determination of his claim.

(B) Weekly determinations. The director of the division shall assign a representative or representatives to each local claims office for the purpose of making weekly determinations (except those under subsections 4 (f) and 5 (d) in the course of the benefit year, in accordance with the initial determination of a valid claim. Whenever a determination of eligibility shall be made with respect to the first week of the benefit year for which benefits are claimed, the claimant, the last employing unit and all employers in the base year shall be promptly notified of such determination. Whenever a determination of ineligibility or disqualification shall be made with respect to any week of the benefit year, the claimant shall be promptly notified of such determination.

(C) Any claimant or any interested entity or person may file an appeal from any determination under paragraphs (1) and (2) of this subsection within 5 calendar days after the delivery of notification, or within 7 calendar days after the mailing of notification, of such determination. Unless such an appeal is filed such determination shall be final and benefits shall be paid or denied in accordance therewith. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitle-

ment by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of section 43:21-5 of the Revised Statutes or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are 2 determinations of entitlement, benefits for the period covered by such determination shall be paid regardless of any appeal which may thereafter be taken, but no employer's account shall be charged with benefits so paid if the decision is finally reversed.

(2) Procedure for making initial determinations with respect to benefit years commencing on or after January 1, 1953.

A representative or representatives designated by the director of the division and hereinafter referred to as a "deputy" shall promptly examine the claim, and shall notify the most recent employing unit and, successively as necessary, each employer in inverse chronological order during the base year. Such notification shall require said employing unit and employer to furnish such information to the deputy as may be necessary to determine the claimant's eligibility and his benefit rights with respect to the employer in question, and such notification shall also provide the most recent chargeable employer in the base year with the name and address of the most recent employing unit of the claimant.

In his discretion, the director may appoint special deputies to make initial or subsequent determinations under subsections 4 (f) and 5 (d) of this chapter.

If any employer or employing unit fails to respond to the request for information within 7 days after the mailing of such request, the deputy shall rely entirely on information from other sources, including an affidavit to the best of the knowledge and belief of the claimant with respect to his wages and time worked. Except in the event of fraud, if it is determined that any information in such affidavit is erroneous, no penalty shall be imposed on the claimant.

The deputy shall promptly make an initial determination based upon the available information. The initial determination shall show the weekly benefit amount payable, the maximum duration of benefits with respect to the employer to whom the determination relates, and also shall show whether the claimant is ineligible or disqualified for benefits under the initial determination. The claimant and the employer whose account may be charged for benefits payable pursuant to said determination shall be promptly notified thereof.

Whenever an initial determination is based upon information other than that supplied by an employer because such employer failed to respond to the deputy's request for information, such initial determination and any subsequent determination thereunder shall be incontestable by the noncomplying employer, as to any charges to his employer's account because of benefits paid prior to the close of the calendar week following the receipt of his reply. Such initial determination shall be altered if necessary upon receipt of information from the employer, and any benefits paid or payable with respect to weeks occurring subsequent to the close of the calendar week following the receipt of the employer's reply shall be paid in accordance with such altered initial determination.

The deputy shall issue a separate initial benefit determination with respect to each of the claimant's base year employers, starting with the most recent employer and continuing as necessary in the inverse chronological order of the claimant's last

date of employment with each such employer. If an appeal is taken from an initial determination as hereinafter provided by any employer other than the first chargeable base-year employer, then such appeal shall be limited in scope to include only 1 or more of the following matters:

- (A) the correctness of the benefit payments authorized to be made under the determination;
- (B) fraud in connection with the claim pursuant to which the initial determination is issued; or
- (C) the refusal of suitable work offered by the chargeable employer filing the appeal.

The amount of benefits payable under an initial determination may be reduced or canceled if necessary to avoid payment of benefits for a number of weeks in excess of the maximum specified in subsection (d) of section 43:21-3 of this Title.

Unless the claimant or any interested party within 7 calendar days after delivery of notification of an initial determination or within 10 calendar days after such notification was mailed to his or their last-known address and addresses, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith, except for such determinations as may be altered in benefit amounts or duration as provided in this paragraph. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitlement by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of section 43:21-5 of the Revised Statutes or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall

be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are 2 determinations of entitlement, benefits for the period covered by such determinations shall be paid regardless of any appeal which may thereafter be taken, but no employer's account shall be charged with benefits so paid if the decision is finally reversed.

(3) Procedure for making initial determinations in certain cases of concurrent employment, with respect to benefit years commencing on or after January 1, 1953.

Notwithstanding any other provisions of this Title, if an individual shows to the satisfaction of the deputy that there were at least 13 weeks in his base period in each of which he earned wages from 2 or more employers totaling \$15.00 or more but in each of which there was no single employer from whom he earned as much as \$15.00, then such individual's claim shall be determined in accordance with the special provisions of this paragraph. In such case, the deputy shall determine the individual's eligibility for benefits, his average weekly wage, weekly benefit rate and maximum total benefits as if all his base year employers were a single employer. Such determination shall apportion the liability for benefit charges thereunder to the individual's several base year employers so that each employer's maximum liability for charges thereunder bears approximately the same relation to the maximum total benefits allowed as the wages earned by the individual from each employer during the base year bears to his total wages earned from all employers during the base year. Such initial determination shall also specify the individual's last date of employment within the base year with respect to each base year employer, and such employers shall be charged for benefits paid under said initial determination in the inverse chronological order of such last dates of employment.

(4) Procedure for making subsequent determinations with respect to benefit years commencing on or after January 1, 1953. The deputy shall make determinations with respect to claims for benefits thereafter in the course of the benefit year in accordance with any initial determination allowing benefits, and under which benefits have not been exhausted, and each notification of a benefit payment shall be a notification of an affirmative subsequent determination. The allowance of benefits by the deputy on any such determination, or the denial of benefits by the deputy on any such determination, shall be appealable in the same manner and under the same limitations as is provided in the case of initial determinations.

(c) Appeals. Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and the determination. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the board of review, unless within 10 days after the date of notification or mailing of such decision, further appeal is initiated pursuant to subsection (e) of this section.

(d) Appeal tribunals. To hear and decide disputed benefit claims, including appeals from determinations with respect to demands for refunds of benefits under section 43:21-16 (d) of this chapter (R. S. 43:21-1 et seq.), the director with the approval of the Commissioner of Labor and Industry shall establish 1 or more impartial appeal tribunals consisting in each case of either a salaried examiner or a body, consisting of 3 members, 1 of whom shall be a salaried examiner, who shall serve as chairman, 1 of whom shall be a representative of employers and the other of whom shall be a representative of employees; each of the latter 2 members shall serve at the pleasure of the commissioner and be paid a fee of not more than \$20.00 per day of active service on such tribunal plus necessary

expenses. No person shall participate on behalf of the division in any case in which he is an interested party. The director may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the chairman of the appeal tribunal is present.

(e) Board of review. The board of review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The board of review shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and from any determination which has been overruled or modified by any appeal tribunal. The board of review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the board of review shall be heard by a quorum thereof in accordance with the requirements of subsection (c) of this section. The board of review shall promptly notify the interested parties of its findings and decision.

(f) Procedure. The manner in which disputed benefit claims, and appeals from determinations with respect to (1) claims for benefits and (2) demands for refunds of benefits under section 43:21-16 (d) of this chapter (R. S. 43:21-1 et seq.) shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the board of review for determining the rights of the parties, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be

kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness fees. Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the director. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this chapter (R. S. 43:21-1 et seq.).

(h) Court review. Any decision of the board of review shall become final as to any party upon the mailing of a copy thereof to such party or to his attorney, or upon the mailing of a copy thereof to such party at his last-known address. The Division of Employment Security and any party to a proceeding before the board of review may secure judicial review of the final decision of the board of review. Any party not joining in the appeal shall be made a defendant; the board of review shall be deemed to be a party to any judicial action involving the review of, or appeal from, any of its decisions, and may be represented in any such judicial action by any qualified attorney who may be a regular salaried employee of the board of review or has been designated by it for that purpose, or, at the board of review's request, by the Attorney-General.

(i) Failure to give notice. The failure of any public officer or employee at any time heretofore or hereafter to give notice of determination or decision required in subsections (b), (c) and (e) of this section, as originally passed or amended, shall not relieve any employer's account of any charge by reason of any benefits paid unless and until that employer can show to the satisfaction of the director of the division that the said benefits, in whole or in part, would not have been charged or chargeable to his account had such notice been given. Any determination hereunder by the director shall be subject to court review.

Section
amended.

3. Section 43:21-19 of the Revised Statutes is amended to read as follows:

Terms
defined.

43:21-19. As used in this chapter, unless the context clearly requires otherwise:

(a) (1) "Annual payroll" means the total amount of wages paid during a calendar year (regardless of when earned) by an employer for employment.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last 3 or 5 preceding calendar years, whichever average is higher, except that any year or years throughout which an employer has had no "annual payroll" because of military service shall be deleted from the reckoning; the "average annual payroll" in such case is to be determined on the basis of the prior 3 or 5 calendar years in each of which the employer had an "annual payroll" in the operation of his business, if the employer resumes his business within 12 months after separation, discharge or release from such service, under conditions other than dishonorable, and makes application to have his "average annual payroll" determined on the basis of such deletion within 12 months after he resumes his business; provided, however, that "average annual payroll" solely for the purposes of paragraph (3) of subsection (e) of section 43:21-7 of this Title means the average of the annual payrolls of any employer, on which he paid contributions to the State disability benefits fund, for the last 3 or 5 preceding calendar years, whichever average is higher; provided further, that only those wages be included on which employer contributions have been paid on or before January 31 immediately preceding the beginning of the 12-months' period for which the employer's contribution rate is computed.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter, with respect to his unemployment.

(c) (1) The term "base year" with respect to benefit years commencing prior to January 1, 1953,

means the first 4 of the last 5 completed calendar quarters immediately preceding the first day of an individual's benefit year; provided, that no calendar quarter shall comprise a part of more than 1 base year.

(2) "Base year" with respect to benefit years commencing on or after January 1, 1953, shall mean the 52 calendar weeks ending with the second week immediately preceding an individual's benefit year.

(d) "Benefit year" with respect to any individual means the 364 consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of this Title shall be deemed to be a "valid claim" for the purpose of this subsection if (1) no remuneration was paid or is payable for the day on which, or as of which he files a claim for benefits, and no work is available to him with his current employing unit on such day, or, he is unemployed for the week in which, or as of which, he files a claim for benefits; and (2) he has fulfilled the conditions imposed by subsection (e) of section 43:21-4 of this Title.

(e) "Division" means the Division of Employment Security of the Department of Labor and Industry established by chapter 446, P. L. 1948, and any transaction or exercise of authority by the director of the division thereunder, or under this chapter (R. S. 43:21-1 et seq.), shall be deemed to be performed by the division.

(f) "Contributions" means the money payments to the State unemployment compensation fund required by this chapter.

(g) "Employing unit" means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trus-

tee or successor thereof, or the legal representative of a deceased person, which has or subsequent to January 1, 1936, had in its employ 1 or more individuals performing services for it within this State. All individuals performing services within this State for any employing unit which maintains 2 or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter. Whenever any employing unit contracts with or has under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter, whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided, the employing unit had actual or constructive knowledge of the work.

(h) "Employer" means:

(1) Any employing unit which for some portion of a day, but not necessarily simultaneously, in each of 20 different weeks, whether or not such weeks are or were consecutive, within either the current or the preceding calendar year, has or had in employment 4 or more individuals (irrespective of whether the same individuals are or were employed in each such day);

(2) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another which at the time of such acquisition was an employer subject to this chapter;

(3) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another employing unit and which, if treated as a single unit with such other employing unit, would be an employer under paragraph (1) of this subsection;

(4) Any employing unit which together with 1 or more other employing units, is owned or controlled (by legally enforceable means or otherwise), directly or indirectly by the same interests, or which owns or controls 1 or more other employing units (by legally enforceable means or otherwise), and which, if treated as a single unit with such other employing unit or interest, would be an employer under paragraph (1) of this subsection;

(5) Any employing unit which, having become an employer under paragraphs (1), (2), (3) or (4), has not, under section 43:21-8 of this Title, ceased to be an employer subject to this chapter; or

(6) For the effective period of its election pursuant to subsection (c) of section 43:21-8 of this Title any other employing unit which has elected to become fully subject to this chapter.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section amended.

1. Section 39:10-11 of the Revised Statutes is amended to read as follows:

Title papers submitted to director; fees, penalty for noncompliance; construing.

39:10-11. A. The purchaser of a motor vehicle in this State shall, within 10 days after its purchase, submit to the director evidence of purchase. Upon presentation of the certificate of origin, or certificate of ownership, or bill of sale issued prior to October 1, 1946, with proper assignment and certification of the seller, to the director, a record of the transaction shall be made and filed. A certificate of ownership will be issued by the director and delivered to the purchaser in the case of an absolute sale, and the director shall collect a fee of \$1.50 for the issuance and filing thereof.

B. In the case of a sale other than absolute, a certificate of ownership, with the name and address of the holder of the encumbrance recorded thereon, shall be delivered to the holder of the encumbrance, and a copy thereof shall be delivered to the purchaser. The director shall collect a fee of \$2.00 for his services in issuing a certificate and copy thereof, and for making a record of and filing the record of the transaction pursuant to this subsection.

C. Except as hereinafter in this section otherwise expressly provided, whenever a chattel mortgage is placed on a motor vehicle, it shall be recorded or lodged for record in the county as provided in sections 46:28-5 and 46:28-7 of the title Property, and, in addition thereto, there shall be presented to the director, before the end of the fifth day next succeeding the day on which the mortgage was executed, excluding any day on which the office of the

director is not open for business, the certificate of ownership of the mortgaged motor vehicle, together with a statement of the encumbrance on a form prescribed by the director; otherwise there shall be the same result of failure to record as provided in section 46:28-5 of the title Property. At least once in each 5-year period following the establishment of the system, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the retirement system, and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such mortality, service and other tables as shall be deemed necessary and shall certify the rates of contribution payable under the provisions of this act.

32:14-20. Palisades Interstate Park Commission may erect and operate elevators and escalators at such places in the park as it may deem necessary or expedient. The commission may provide and operate or provide by lease, charter, concession, exclusive or nonexclusive privilege, or otherwise, for the operation of such other facilities, including hotels, restaurants, stands, booths, amusements, docks, wharves, and any and all means of transportation to, from or in said park, for the use and enjoyment of such park by the public and for increasing the accessibility thereof to the public as it may deem to be necessary or expedient. CHAPTER 218

AN ACT to authorize the creation of a State debt by the issuance of bonds of the State of New Jersey in the aggregate principal amount of \$100,000,000.00 for the purpose of acquiring, constructing and developing dependable public water supplies for domestic and industrial uses and facilities appurtenant thereto, in any part of this State as need appears, and providing the ways and means to pay the interest of such debt and also to pay and discharge the principal thereof.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. This act shall be known as and may be cited as the New Jersey Water Supply Bond Act. Short title.

2. The Legislature hereby finds that—

(a) Adequate supplies of wholesome water are essential to the health, welfare, commerce and prosperity of the people of the State. Such supplies will be best developed by plans, to be put into effect in stages during a period of years. The formulation and execution of such plans cannot safely be allowed to wait until the shortage of water in the State becomes critical in all parts of the State. Legislative findings.

(b) In order to serve the needs of a growing population and industrial development within this State, and to provide the increased water supplies demanded by modern living and manufacture, it is necessary and desirable to construct and provide large-scale water supplies which anticipate State-wide needs of up to 50 years in the future, and such needs are beyond the financial capacity or proper responsibility of existing public and private water supply systems.

(c) It is necessary to supplement and integrate existing public and private water supplies in order

to meet the present and future needs of the people of the State for adequate supplies of water.

(d) The planning and development of adequate additional supplies of water will best be accomplished by the issuance of State bonds to pay the cost thereof.

(e) An ample and adequate water supply is of special benefit to the region directly affected, and is of general benefit to the entire State in enhancing the health, safety and economic welfare of our interdependent areas of residence, employment and recreation.

Regions for
analysis of
water needs
and resources.

3. (a) The Legislature further finds that upon the basis of independent engineering studies and a report thereof made by the Legislative Commission on Water Supply (pursuant to J. R. No. 3, of 1955), by report dated August 1, 1955, the water needs and resources of the State may be analyzed with reference to 4 regions:

I. Northeastern Metropolitan Region—Bergen, Hudson, Essex, Middlesex, Passaic and Union counties.

II. Coastal Region—Atlantic, Cape May, Cumberland, Monmouth and Ocean counties.

III. Southwestern Metropolitan Region—Burlington, Camden, Gloucester, Mercer and Salem counties.

IV. Northwestern Metropolitan Region—Hunterdon, Morris, Somerset, Sussex and Warren counties.

According to the engineering findings all 4 regions, with the possible exception of Region IV, have important water problems which must be solved without undue delay, and the condition of Region I is critical. This region accounts for approximately 71% of total present water consumption in the State. The engineering studies conclude that Region I above "faces a critical situation with consumption rapidly approaching the dependable yield of existing supply systems." With respect to this region, it is the conclusion of the engineers upon completion of population and water consump-

tion studies that "the available dependable supplies may equal demand before a major new system can be completed by 1960 or 1961 and that even with the completion of a new 200 mgd (million gallons daily) supply the demand may again approach dependable yields less reasonable reserve by 1975."

(b) The Legislature therefore finds and determines that the health, welfare, commerce and prosperity of the people of the State require immediate action on the water problem of Region I with concurrent development of appropriate action with respect to Regions II, III, and IV.

4. As used in this act, unless the context indicates another or different meaning or intent: Terms defined.

(a) "Bonds" means the Water Supply Bonds authorized to be issued, or issued, under this act.

(b) "Board" means the New Jersey Water Development Board in the Department of Conservation and Economic Development, or its successor.

(c) "Construct" and "construction" mean, in addition to the usual meanings thereof, acts of construction, reconstruction, replacement, extension, improvement and betterment of a water supply system.

(e) "Operating expenses" means, in addition to the usual meanings thereof, all costs and expenses of operating, maintaining, managing, repairing and reconstructing a water supply system and each and every part thereof including, without limiting the generality of the foregoing, administrative expenses, premiums on insurance, including use and occupancy insurance and casualty insurance, costs of collection of any revenues, legal and engineering expenses, payments to pension, retirement, health and hospitalization funds, expenses, liabilities and compensation of fiduciaries, and any other expenses required to be paid for or with respect to proper operation or maintenance of such water supply system.

a water supply system or any part thereof, or to provide for the conservation and development of future water supply sources, or to facilitate incidental recreational uses of either of them.

5. Bonds of the State of New Jersey are hereby authorized to be issued in the aggregate principal amount of \$100,000,000.00 for acquiring, constructing, and developing dependable public water supply systems for domestic and industrial uses, and facilities appurtenant thereto, in any part of this State as need appears. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall have ceased to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

Bond recital.

9. (a) Such bonds shall recite that they are issued for acquiring, constructing and developing dependable water supply systems for domestic and industrial uses and facilities appurtenant thereto and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1955, and that it received the sanction of the majority of the votes cast for and against it

at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of the statutes applicable thereto, and shall be incontestable for any cause.

series, in-
terest rate.

Maturities.

11. Bonds of each series issued hereunder shall mature in annual installments commencing not later than 10 years and ending not later than 35 years after the date of issue of such series, and in such amounts as shall be determined by the issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power of election by resolution or resolutions of the issuing officials to call for redemption, and to redeem on any interest payment date beginning in a stated year, as a whole or in part in the inverse order of their numbers, bonds of that series prior to their maturity, upon notice by publication, at least once, at least 60 days prior to the date fixed for redemption, in a newspaper published in the city of Trenton and in a publication carrying municipal bond notices and devoted primarily to financial news, published in New York City or in New Jersey. On and after the date of redemption so fixed, interest on bonds so called for redemption shall cease to accrue.

and sale.

12. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon and under such terms, conditions and regulations as the issuing officials may prescribe, after notice of said sale, published at least 3 times (the first notice shall be at least 7 days prior to the day of bidding) in at least 3 newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey. The said notice of sale may contain a provision to the effect that any or all bids made in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials are authorized to sell said bonds at private sale. The issuing officials may sell all or a part of the bonds of any series as issued to the sinking fund or funds for other bonds issued by the State or to the trustees for the support of public schools, the Teachers' Pension and Annuity

Fund, or any other pension fund established for the benefit of State employees or to the trustees of the State Disability Benefit Fund, or to the Federal Government or any agency thereof, at private sale, without advertisement.

13. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

Temporary
bonds.

14. The proceeds from the sale of said bonds, exclusive of accrued interest and premiums, and all interest on deposits thereof received from depositories, shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of such fund, which fund shall be known as the "State Water Supply Fund." All accrued interest and premiums from the sale of said bonds, except as provided in section 19 hereof, shall also be held by the State Treasurer to the credit of the State Water Supply Fund.

State Water
Supply Fund.

15. The moneys in the State Water Supply Fund are hereby specifically dedicated to acquiring, constructing, and developing dependable public water supply systems for domestic and industrial uses and facilities appurtenant thereto and for paying the costs of water supply systems. Said fund shall be held for the demand of the board and shall be drawn upon and disbursed as are other moneys from the State treasury.

Moneys
dedicated.

16. Pending their application to the purposes provided in this act, moneys in the State Water Supply Fund and Water Bond Fund, respectively, may be invested and reinvested as other trust funds in the custody of the State Treasurer, in the manner provided by law.

Authorizes
investment
of moneys.

17. There is hereby established a separate fund, to be known as the "Water Bond Fund" which shall be held by the State Treasurer and which shall be used and applied only as expressly provided in

Water Bond
Fund.

this act. Moneys in the Water Bond Fund may be deposited in such depositories as may be selected by the State Treasurer. All revenues received from the operation of a water supply system in excess of the operating expenses of such water supply system and such reasonable reserves therefor as the board may determine shall constitute the net revenues from the operation of such water supply system and shall be paid to the State Treasurer and by him paid into the Water Bond Fund.

Moneys
dedicated.

18. Except as hereinafter in this section provided, all moneys at any time in the Water Bond Fund are hereby appropriated and specifically dedicated and irrevocably pledged to the payment of, and shall be used by the State Treasurer to pay, the interest on and principal of the bonds as the same shall become due, including redemption premiums, if any, on bonds which become due by reason of being called for redemption; provided, however, that on any date when the moneys in said fund shall exceed an amount sufficient to meet all interest on all outstanding bonds becoming due within 2 years thereafter, and to pay any such bonds which mature during such 2 years, he may transfer such excess into the General State Fund of the State free and clear of any pledge, lien or other claim under the provisions of this act.

Issuing
expense.

19. Any expense incurred by the issuing officials for advertising, engineering, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from accrued interest and premiums from the sale of bonds or, if these funds be insufficient, from the proceeds of the sale of bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

Treasurer
authorized
to transfer
moneys to
fund.

20. At any time the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the State Water Supply Fund such sum or sums as may be deemed necessary for the purposes of this act by the board.

which said sum or sums so transferred shall be returned to the treasury of the State by the State Treasurer from the proceeds of the sale of the first next ensuing series of bonds, before the proceeds of such sale are paid into the State Water Supply Fund.

21. To provide ways and means, exclusive of loans, to pay the interest of the debt created under this act as it falls due, and also to pay and discharge the principal thereof, there are hereby appropriated in the following order:

Provisions
for payment
of interest
and principal.

(a) The net revenues, as defined in section 17, from the operation of any water supply system, costs of which were financed by the proceeds of bonds issued under this act;

(b) Revenues derived from the franchise taxes collected under and by virtue of the Corporation Business Tax Act (1945) as amended.

(c) If in any year or at any time funds, as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet such interest and principal payments falling due prior to the end of the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

Authorizes
transfer of
moneys from
General State
Fund to
Water Bond
Fund.

22. If during the month of December in any year the issuing officials shall determine that there are moneys in the General State Fund, beyond the needs of the State, sufficient in amount when added to any other moneys in the Water Bond Fund to meet the principal of all then outstanding bonds issued under this act which mature, and all interest on all outstanding bonds which becomes payable in the then current fiscal year and in the next ensuing fiscal year, then and in that event such issuing officials may by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer said amount of such moneys to the Water Bond Fund, and the State Treasurer shall pay such principal and interest out of said fund as the same shall become due and payable, but if for any reason the moneys transferred to such fund shall be insufficient or unavailable for such payments, the State Treasurer shall take and apply to such payments the first moneys available in the General State Fund. After the adoption of such resolution and the transfer of said amount of such moneys into the Water Bond Fund, the receipts for said ensuing fiscal year from the corporation business tax above referred to shall thereupon be considered as part of the General State Fund, available for general purposes.

Taxes levied
to meet
deficit.

23. Should the State Treasurer by December 31 of any year deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments on all then outstanding bonds issued under this act becoming payable in the year after the ensuing year, then the State Treasurer shall certify to the Director of the Division of Taxation the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Director of the Division of Taxation shall, on or before March 1 following, calculate the amount in dollars to be

assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Director of the Division of Taxation shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

24. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1955, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively shall cause to be printed on each of the ballots for said election, the following:

	No.	

The fact and date of the approval or passage of this act, as the case may be, shall be inserted in the appropriate place after the title in said ballot. No other requirement of law of any kind or character as to notice or procedure except as herein provided need be adhered to.

CHAPTER 219

AN Act to provide for increased dependable public water supplies for domestic and industrial uses; creating a water development board and a Division of Water Development and prescribing the functions, powers and duties of such board and division, and of the Commissioner of the Department of Conservation and Economic Development, in connection therewith, and supplementing Title 58 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. This act shall be known and may be cited as the "New Jersey Water Supply Law." C. 58:19-1.
Short title.

2. The Legislature hereby finds that—

(a) Adequate supplies of wholesome water are essential to the health, welfare, commerce and prosperity of the people of the State. Such supplies will be best developed by plans, to be put into effect in stages during a period of years. The formulation and execution of such plans cannot safely be allowed to wait until the shortage of water in the State becomes critical in all parts of the State. C. 58:19-2.
Legislative findings.

(b) In order to serve the needs of a growing population and industrial development within this

State, and to provide the increased water supplies demanded by modern living and manufacture, it is necessary and desirable to construct and provide large-scale water supplies which anticipate State-wide needs of up to 50 years in the future, and such needs are beyond the financial capacity or proper responsibility of existing public and private water supply systems.

(c) It is necessary to supplement and integrate existing public and private water supplies in order to meet the present and future needs of the people of the State for adequate supplies of water without, however, absorbing any existing public or private water supply system.

(d) The planning and development of adequate additional supplies of water will best be accomplished by the issuance of State bonds to pay the cost thereof.

(e) An ample and adequate water supply is of general benefit to the entire State in enhancing the health, safety and economic welfare of our interdependent areas of residence, employment and recreation.

C. 58-19-3.
Regions for
analysis of
water needs
and resources.

3. The Legislature further finds that upon the basis of independent engineering studies and a report thereof made by the Legislative Commission on Water Supply (pursuant to J. R. 3, of 1955), by report dated August 1, 1955, the water needs and resources of the State may be analyzed with reference to 4 regions:

- I. Northeastern Metropolitan Region—
Bergen, Hudson, Essex, Middlesex, Passaic and Union counties.
- II. Coastal Region—
Atlantic, Cape May, Cumberland, Monmouth and Ocean counties.
- III. Southwestern Metropolitan Region—
Burlington, Camden, Gloucester, Mercer and Salem counties.
- IV. Northwestern Metropolitan Region—
Hunterdon, Morris, Somerset, Sussex and Warren counties.

According to the engineering findings all 4 regions, with the possible exception of Region IV, have important water problems which must be solved without undue delay, and the condition of Region I is critical. This region accounts for approximately 71% of total present water consumption in the State. The engineering studies conclude that Region I above "faces a critical situation with consumption rapidly approaching the dependable yield of existing supply systems." With respect to this region, it is the conclusion of the engineers upon completion of population and water consumption studies that "the available dependable supplies may equal demand before a major new system can be completed by 1960 or 1961 and that even with the completion of a new 200 mgd (million gallons daily) supply the demand may again approach dependable yields less reasonable reserve by 1975."

The Legislature therefore finds and determines that the health, welfare, commerce and prosperity of the people of the State require immediate action on the water problem of Region I with concurrent development of appropriate action with respect to Regions II, III, and IV.

4. As used in this act, unless the context indicates another or different meaning or intent:

board.

11. With respect to any water supply system authorized by this act or other legislation, the division, upon the direction or approval of the board, shall:

(a) acquire in the name of the State, by contract, purchase, gift, exchange or condemnation such property, real, personal and mixed, as may be required for the purposes of this act;

(b) negotiate contracts for work, labor and services and materials, equipment and supplies;

(c) operate and maintain water supply systems, and any parts thereof, which may be provided under this act;

(d) employ all necessary personnel to administer, operate, maintain and protect the water supply system or systems acquired by the State under this act;

(e) negotiate and enter into contract for the sale of water from the State systems, for the purchase of water from other systems and for exchange of water between systems;

(f) have power to enter into and upon real property whenever necessary for the purposes of this act, by its duly authorized agents and other persons acting under its authority and by its direction, for the purpose of making surveys, diagrams, maps or plans, tests, soundings or borings, as it may find necessary or convenient for the acquisition, construction, operation and maintenance of any water supply system or any part thereof;

(g) adopt rules and regulations for the operation, maintenance and use of any water supply system within the control of the division.

12. The division, upon the direction or approval of the board, may acquire, construct, operate and maintain works, facilities and appurtenances necessary and desirable for the integration of all or part of the dependable water supply resources including, without limitation, the construction and operation of interconnections, reservoirs and booster stations between and for the service of public and private water supply systems. Prior to undertaking any such project, the division shall upon the agreement of the water supply system or systems concerned, enter into a contract with such system or systems establishing the terms and conditions for the operation of such works, facilities and appurtenances and for the exchange or transfer of water between and among such systems or otherwise, and the establishment of rates for the purchase, sale, exchange and transmission of such water, and for such other or different purposes as may appear necessary and desirable to achieve a more effective integration of water supply systems.

C. 58:19-12.
Integration
of water
systems.

C. 58:19-13.
Board's action
not subject
to review, etc.,
exceptions.

13. Any plan, project or work approved by the board except any diversion of water from the Delaware and Raritan canal, shall not be subject to review, approval or other action by the State Water Policy and Supply Council, notwithstanding the provisions of any other law; provided that the board, division, or department, with or without such review, approval or action by said council, shall not withdraw water from the Raritan river at any time that the flow in the river falls below 130,000,000 gallons per day.

C. 58:19-14.
To fix rates,
procedure.

14. The board shall fix the rates to be charged for water sold or exchanged by any water supply system operated by the division. Such rates shall not be subject to revision or other action by any other department, commission, board or body.

The rates shall be fixed by the board after a public hearing thereon, upon reasonable notice to the public. They shall be based upon the cost of operation and maintenance of the water supply system or such part thereof as is in actual operation, and may include an equitable charge for capital costs as herein provided. Whenever the board shall find, after such public hearing, that the price of water supplied from the State system can include amortization of principal and interest on the debt incurred by the State to supply such water without adversely affecting the economy of the region or district and without unduly burdening consumers of water from newly developed water supplies as compared with those served by older water supplies, the board shall, to the extent it so finds, include the annual amortization and interest cost in the water rates so fixed. Differentiation in rates may be made on the basis of quantities of water to be supplied, distances between the reservoirs and points of distribution, connection and interconnection costs, and the like. The aggregate revenue produced by such rates shall, so far as practicable, be limited to costs to the State of operation and maintenance and of debt service and to the reimbursement of the State treasury of the

amount of operating deficits, including annual payments of principal and interest, previously incurred by the State.

15. (a) Whenever, by this act, the division is authorized or directed to do or perform any act, such act may be performed by the commissioner and when so performed by him, such act shall have the same force and effect as though performed by the said division.

C. 58:19-15.
Exercise
of powers.

(b) The commissioner may assign to the division from among the personnel of the Department of Conservation and Economic Development such personnel as he may deem necessary to aid it in the performance of its functions and duties.

(c) Any specific enumeration of powers granted by this act to the board, division or commissioner shall not be deemed to be a limitation upon the general powers granted to the said board, division or commissioner.

16. (a) Whenever the power of condemnation is exercised by the division, pursuant to this act, the provisions of chapter 1 of Title 20 (Eminent Domain) of the Revised Statutes, as amended and supplemented, shall be applicable and such power shall include the condemnation of public as well as privately owned property; provided that this shall not include the power to condemn any public or private water supply system except to construct, develop or acquire a water supply system authorized by this act or other legislation.

C. 58:19-16.
Exercising
the power of
eminent
domain.

(b) Whenever any person entitled to an award in condemnation proceedings instituted for the purposes of this act, or whenever any person deriving a right, title or interest under such person, shall remain in possession of the property taken after the date of the vesting of title in the State, the reasonable value of the use and occupancy of such property subsequent to such time, as may be fixed by agreement or by the court in which such condemnation proceeding is pending, or by any court of competent jurisdiction, shall be a lien against such award and the interest thereon, subject only to

liens of record at the time of such vesting of title in the State.

C. 58:19-17.
Filing
declaration
of taking,
contents.

17. On or at any time after the institution of an action by the division for the condemnation of property, such division may file with the clerk of the Superior Court, a declaration of taking signed by the commissioner or other duly authorized officer of the division declaring that all or any part of such property is being taken for the use of the State. The said declaration of taking shall be sufficient if it sets forth: (1) a description of the property, sufficient for the identification thereof, to which there may be attached a plan or map thereof; (2) a statement of the estate or interest in said property being taken; (3) a statement of the sum of money estimated by the division to be just compensation for the property taken.

From the filing of the said declaration of taking and the deposit in court to the use of the persons entitled thereto of the amount of the estimated compensation stated in said declaration, title to the property described as being taken by said declaration shall vest in the State (free from the right, title, interest or lien of all persons), and said property shall be deemed to be condemned and taken for the use of the State and the right to just compensation for the same shall vest in the persons entitled thereto. Upon the filing of the declaration of taking, the court shall designate a day (not exceeding 20 days after such filing, except upon good cause shown), on which the persons in possession shall be required to surrender possession to the division.

The ultimate amount of compensation shall be determined pursuant to Title 20 of the Revised Statutes. If the amount so fixed shall exceed the amount so deposited in court by the division or otherwise paid to the persons entitled thereto, the court shall enter judgment against the division in the amount of such deficiency, together with interest at the legal rate on such deficiency from the date of the vesting of title to the date of the entry

of the final judgment (subject, however, to abatement for use, income, rents or profits derived from such property by the owner thereof subsequent to the vesting of title in the State), and the court shall order the division to deposit the amount of such deficiency in court. The money deposited into court by the division shall be secured in such manner as may be directed by the court and shall be disbursed according to the order or judgment of the court to the persons found to be entitled thereto by the final award or judgment of the court. In case the amount deposited in court by the division as the estimated compensation for the property shall exceed the amount of the final award or judgment, such excess shall be returned to the division.

18. The division shall keep separate accounts for the operation, maintenance and debt service cost attributable to each project.

The board shall also have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances herein called "public utility facilities" of any public utility as defined in section 48:2-13 of the Revised Statutes, in, on, along, over or under any project. Whenever the board shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under any project, should be relocated, or should be removed from such project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the board; provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public

utility in connection with the relocation or removal of such property, shall be ascertained and paid by the division as a part of the cost of such project. In case of any such relocation or removal of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

CHAPTER 224

AN ACT concerning interstate compacts on forest fires and authorizing the Governor to execute on behalf of the State a compact with certain other States for the effective prevention and control of forest fires and for mutual aid in fighting forest fires.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

C. 32:24-1.
Forest fire
protection
compact.

1. The Governor is hereby authorized and directed to execute a compact on behalf of this State with any 1 or more of the States of Delaware, Maryland, Pennsylvania, Virginia and West Virginia, who may, by their legislative bodies, so authorize a compact, in form substantially as follows:

MIDDLE ATLANTIC INTERSTATE FOREST FIRE PROTECTION COMPACT

ARTICLE I

The purpose of this compact is to promote effective prevention and control of forest fires in the Middle Atlantic region of the United States by the development of integrated forest fire plans, by the

maintenance of adequate forest fire fighting services by the member States, and by providing for mutual aid in fighting forest fires among the compacting States of the region and with States which are party to other regional forest fire protection compacts or agreements.

ARTICLE II

This compact shall become operative immediately as to those States ratifying it whenever any 2 or more of the States of Delaware, Maryland, New Jersey, Pennsylvania, Virginia and West Virginia which are contiguous have ratified it and Congress has given consent thereto.

ARTICLE III

In each State the officer who is responsible for forest fire control shall act as compact administrator for that State and shall consult with like officials of the other member States and shall implement co-operation between such States in forest fire prevention and control.

The compact administrators of the member States shall organize to co-ordinate the services of the member States and provide administrative integration in carrying out the purposes of this compact.

The compact administrators shall formulate and, in accordance with need, from time to time revise a regional forest fire plan for the member States.

It shall be the duty of each member State to formulate and put into effect a forest fire plan for that State and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

ARTICLE IV

Whenever the State forest fire control agency of a member State requests aid from the State forest fire control agency of any other member

State in combating, controlling or preventing forest fires, it shall be the duty of the State forest fire control agency of that State to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

ARTICLE V

Whenever the forces of any member State are rendering outside aid pursuant to the request of another member State under this compact, the employees of such State shall, under the direction of the officers of the State to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the State to which they are rendering aid.

No member State or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting State or under the laws of the aiding State or under the laws of a third State on account of or in connection with a request for aid shall be assumed and borne by the requesting State.

Any member State rendering outside aid pursuant to this compact shall be reimbursed by the member State receiving such aid for any loss or damage to or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of employees and equipment incurred in connection with such request; provided, that nothing herein contained shall prevent any assisting member State from assuming such loss, damage, expense or other cost, or from loaning such equipment, or from donating such services to the receiving member State without charge or cost.

Each member State shall provide for the payment of compensation and death benefits to injured employees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.

For the purposes of this compact, the term employee shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding State under the laws thereof.

The compact administrators shall formulate procedure for claims and reimbursement under the provisions of this article in accordance with the laws of the member States.

ARTICLE VI

Nothing in this compact shall be construed to authorize or permit any member State to curtail or diminish its forest fire fighting forces, equipment, services or facilities, and it shall be the duty and responsibility of each member State to maintain adequate forest fire fighting forces and equipment to meet demands for forest fire protection within its borders in the same manner and to the same extent as if this compact were not operative.

Nothing in this compact shall be construed to limit or restrict the powers of any State ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement of State laws, rules or regulations intended to aid in such prevention, control and extinguishment in such State.

Nothing in this compact shall be construed to affect any existing or future co-operative relationship or arrangement between the United States Forest Service and a member State or States.

ARTICLE VII

The compact administrators may request the United States Forest Service to act as the primary research and co-ordinating agency of the Middle Atlantic Interstate Forest Fire Protection Compact in co-operation with the appropriate agencies in each State, and the United States Forest Service may accept the initial responsibility in preparing and presenting to the compact administrators its recommendations with respect to the regional fire plan. Representatives of the United States Forest Service may attend meetings of the compact administrators.

ARTICLE VIII

The provisions of articles IV and V of this compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any State party to this compact and any other State which is party to a regional forest fire protection compact in another region; provided, that the Legislature of such other State shall have given its assent to such mutual aid provisions of this compact.

ARTICLE IX

This compact shall continue in force and remain binding on each State ratifying it until the Legislature or the Governor of such State takes action to withdraw therefrom. Such action shall not be effective until 6 months after notice thereof has been sent by the chief executive of the State desiring to withdraw to the chief executives of all States then parties to the compact.

C. 32:24-2.
Compact

exchange of
documents.

2. When the Governor shall have executed said compact on behalf of this State and shall have caused a verified copy thereof to be filed with the Secretary of State, and when said compact shall have been authorized by the Legislature and exe-

cuted by the Governor of 1 or more of the States named in section 1 of this act, then said compact shall become operative and effective as between this State and such other State or States. The Governor is hereby authorized and directed to take such action as may be necessary to complete the exchange of official documents as between this State and any other State authorizing said compact.

3. The Commissioner of Conservation and Economic Development, or someone designated by him, shall act as compact administrator for this State and represent this State in the Middle Atlantic Interstate Forest Fire Protection Compact.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

October 13, 1955

STATEMENT ON SENATE BILL No. 387

Pursuant to Article V, Section I, paragraph 15 of the Constitution, I am appending to Senate Bill No. 387, at the time of signing it, this statement of each item or part thereof to which I object so that such item or parts so objected to shall not take effect:

“5. The following sums are hereby appropriated out of the General Treasury for the purposes hereinafter specified:

STATE HIGHWAY DEPARTMENT

R 20. State Aid to Counties and Municipalities

Construction, reconstruction and repair of county and municipal utilities damaged by flood, subject to the approval of the State Highway Commissioner	\$900,000.00
---	--------------

The share of the cost of each project to be assumed by the State shall not exceed 50% thereof.

Applications for participation in the allocation of such funds shall be filed with the State Highway Commissioner on or before December 1, 1955.”

So far as appears, there is no instance in which the State has heretofore assumed the burden of disaster losses experienced by county and municipi-

pal utilities. To grant such relief would be to deal unequally with the citizens of our State who heretofore met such local losses by local effort. Approval of this item would establish a precedent whereby the State would become an insurer against such losses to the extent of 50 percent thereof. Nor could the precedent be limited to utilities, since, by analogy, it could well embrace all county and municipal properties such as county and municipal buildings. Nor, of course, could it be limited to floods. The precedent would be equally compelling with respect to damage by wind or rain. And the citizens in municipalities where the utilities are privately-owned might, with equal justice, urge that similar State aid go to a private utility company to avoid the impact which the loss might have upon rates charged by the company.

It is impossible to estimate the total cost of this adventure into a new area of State aid, but some specific events of the past are at least suggestive of the tremendous impact.

Shortly after the 1944 hurricane, the City of Cape May issued \$205,000.00 in bonds, and shortly after the 1950 hurricane made two such issues aggregating \$189,000.00. Some of our seashore municipalities made no attempt to restore some facilities destroyed by the 1944 hurricane, and in other instances only limited restoration was undertaken.

With respect to the hurricane of November 1953, reports filed with the Division of Local Government indicate that total damages in excess of \$3,000,000.00 were sustained by municipalities as to which emergency resolutions were adopted in excess of \$200,000.00. It is estimated that the bond issues filed at that time totaled \$535,000.00.

Although the bill would appropriate \$900,000.00 with respect to utility damage, the information presently available indicates the amount of damage is far below that figure. The amount fixed in the bill was based upon preliminary estimates which, by reason of attending circumstances, could not then be substantiated. It now appears that only

one municipality is concerned to any degree and after the completion of work which might be said to have been performed in the ordinary course of events with existing manpower, the amount of the remaining loss is in the neighborhood of \$20,000.00. It is expected that through administrative efforts the actual remaining loss of that municipality will be met by a federal agency.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: Governor.
ROBERT J. BURKHARDT,
Secretary to the Governor.

AN ACT relating to the Teachers' Pension and Annuity Fund, and amending sections 18:13-43, 18:13-47 of the Revised Statutes and "An act relating to the Teachers' Pension and Annuity Fund, repealing section 18:5-50.1, and amending sections 18:13-25, 18:13-43, 18:13-49, 18:13-52, 18:13-57, 18:13-72, 18:13-78, 18:13-90, 18:13-94 and 18:13-105, and supplementing Title 18 of the Revised Statutes," approved April 24, 1946 (P. L. 1946, c. 145).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 18:13-43 of the Revised Statutes is amended to read as follows: Section amended.

18:13-43. Each new entrant shall file a detailed statement of school service and service in a similar capacity in other States rendered by him prior to so becoming a member for which he desires credit and on account of which he desires to contribute and of such other facts as the board of trustees may require for the prior operation of the system. New entrants who enroll on or after July 1, 1955, shall be given 1 year from the date of enrollment to file such statement and to agree to purchase credit for the prior service evidenced therein. New entrants who were enrolled in the retirement system prior to July 1, 1955 shall be given 1 year from that date to file such statement, except that any teacher in service on July 1, 1952, who has rendered service prior to September 1, 1919, as a teacher in the public schools of the State, for which no credit is allowed, may within 1 year after July 1, 1955, file a statement, or enroll and file a statement, showing the period of service as a teacher in the public schools of the State not now creditable for which Statement of service by new entrant, time of filing.

he is willing to contribute. Credit may be obtained for such service by making a lump sum payment, or by contributing at an additional percentage rate of deduction. The amount of the lump sum payment shall be computed by the board of trustees to be sufficient to provide an annuity approximately equal to the pension allowable on account of such service at age 62 at the rate of $\frac{1}{140}$ of average salary for each year so claimed. The additional percentage rate of deduction shall be the rate which if contributed to age 62 shall be computed to be sufficient to produce a like benefit. Any member electing to contribute towards such service, who retires prior to age 62, will receive pro rata credit for service purchased to the date of retirement, subject to the provisions of section 18:13-55 of the Revised Statutes, but if he so elects at the time of retirement, he may make such additional lump sum payment as will be necessary to provide full credit at such earlier retirement date.

Section amended.

2. Section 18:13-47 of the Revised Statutes is amended to read as follows:

Prior service credits of new entrants.

18:13-47. In his prior service certificate, a new entrant shall be credited in full up to the nearest number of years and months, but not exceeding 10 years, with all service rendered by him as a teacher in public schools in or outside of the State prior to becoming a member, for which he desires credit and on account of which he desires to contribute, except that the limit of 10 years shall not apply to teachers who are in service on July 1, 1952, who rendered service in the State prior to September 1, 1919, and who elect to contribute for prior service in the State prior to July 1, 1956.

Section amended.

3. Section 4 of the act of which this act is amendatory is amended to read as follows:

C. 18:13-48.1. Return of former member to pensionable service.

4. A former member whose membership has become inactive, who has not withdrawn his accumulated deductions and whose inactive membership has expired, or a former member who has withdrawn his accumulated deductions, on returning to pensionable service, is required to re-enroll

in the retirement system and to contribute at the rate which applies at his then attained age. After accepting such employment the member shall not be permitted to withdraw any funds which may stand to his credit. The member may if he wishes, within 1 year from the date of return to service, or if he re-enrolled prior to July 1, 1955, within 1 year from that date, establish full credit for the service attached to his former membership by making a lump sum payment, the amount of which shall be determined by the board of trustees, or by agreeing to contribute until age 62 at an increased rate of deduction, which rate shall be determined by the board of trustees by the method hereinafter described.

The amount of the lump sum payment or the increased rate of deduction referred to above is to be determined not by the amount of accumulated deductions formerly withdrawn but by the amount of prospective deductions calculated to be required from the date of reinstatement until age 62 in order that the total amount credited to his individual account in the annuity savings fund at age 62 may be adequate to produce an annuity which will approximately equal the pension then payable on account of the member's service during his current membership and also on account of his service while formerly a member and on account of any years of prior service for which during his former membership he claimed credit by making a lump sum payment or by agreeing to contribute at an increased rate of deduction.

The amount of such restored credits shall not be limited to the 10 years of prior service for which new-entrants are permitted to purchase credit but may be for whatever years of service the member had established or was establishing credit during his former membership, if the member so elects.

4. This act shall take effect immediately.

Passed December 5, 1955 over the Governor's veto by two-thirds majority of both houses.

Filed December 6, 1955.

AN ACT concerning elections, and amending section 19:5-3 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section amended.

1. Section 43:21-9 of the Revised Statutes is amended to read as follows:

Establishment and control of unemployment compensation fund.

43:21-9. (a) Establishment and control. There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an unemployment compensation fund, which shall be administered by the division exclusively for the purpose of this chapter. This fund shall consist of (1) all contributions collected under this

chapter; (2) interest earned upon any moneys in the fund; (3) any property or securities acquired through the use of moneys belonging to the fund; and (4) all earnings of such property or securities. All moneys in this fund shall be mingled and undivided.

(b) Accounts and deposit. The treasurer of the State of New Jersey shall be ex-officio the treasurer and custodian of the fund and shall administer such fund in accordance with the directions of the division and shall issue his warrants upon it in accordance with such regulations as the division shall prescribe. He shall maintain within the fund 3 separate accounts: (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the division, shall be forwarded to the treasurer, who shall immediately deposit them in the clearing account. Refunds payable pursuant to subsection (f) of section 43:21-14 of this Title may be paid from the clearing account upon warrants issued by the treasurer under the direction of the division. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act, as amended, any provisions of law in this State relating to the deposit, administration, release or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. Moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the division in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond conditioned upon the faithful per-

formance of his duties as custodian of the fund in an amount fixed by the division and in a form prescribed by law or approved by the Attorney-General. Premiums for said bond shall be paid from the administration fund.

(c) Withdrawals. Moneys shall be requisitioned from this State's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the division. The division shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and the payment of benefits shall be made solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by State officers of money in their custody. All warrants for the payment of benefits shall be issued by and bear only the signature of the director or his duly authorized agent for that purpose. All warrants for the payment of refunds shall be issued by the treasurer and bear the signature of the treasurer and the counter-signature of the director or his duly authorized agent for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the division, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the unemployment trust fund, as provided in subsection (b) of this section.

(d) Management of funds upon discontinuance of unemployment trust fund. The provisions of subsections (a), (b) and (c) to the extent that they relate to the unemployment trust fund shall be operative only so long as such unemployment trust fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such unemployment trust fund, from which no other State is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this State shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit and release such moneys, properties or securities in a manner approved by the division, in accordance with the provisions of this chapter; provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States of America and of the State of New Jersey; and provided, further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The treasurer shall dispose of securities or other properties belonging to the unemployment compensation fund only under the direction of the division.

(e) Notwithstanding any requirements of the foregoing subsections of this section, the division shall, prior to whichever is the later of (i) 30 days after the close of this session of the Legislature, and (ii) July 1, 1939, authorize and direct the Secretary of the Treasury of the United States to transfer from this State's account in the Unem-

ployment Trust Fund, established and maintained pursuant to section 904 of the Social Security Act as amended, to the Railroad Unemployment Insurance Account, established and maintained pursuant to section 10 of the Railroad Unemployment Insurance Act, an amount hereinafter referred to as the preliminary amount; and shall, prior to whichever is the later of (i) 30 days after the close of this session of the Legislature, and (ii) January 1, 1940, authorize and direct the Secretary of the Treasury of the United States to transfer from this State's account in said Unemployment Trust Fund to said Railroad Unemployment Insurance account an additional amount, hereinafter referred to as the liquidating amount. The Social Security Board shall determine both such amounts after consultation with the division and the Railroad Retirement Board. The preliminary amount shall consist of that proportion of the balance in the unemployment compensation fund as of June 30, 1939, as the total amount of contributions collected from "employers" and "employees" (as the terms "employer" and "employee" are defined in sections 1-(a) and 1-(d) respectively of the Railroad Unemployment Insurance Act) and credited to the unemployment compensation fund bears to all contributions theretofore collected under this chapter and credited to the unemployment compensation fund. The liquidating amount shall consist of the total amount of contributions collected from "employers" and "employees" (as the terms "employer" and "employee" are defined in sections 1-(a) and 1-(d) respectively of the Railroad Unemployment Insurance Act) pursuant to the provisions of this chapter during the period July 1, 1939, to December 31, 1939, inclusive.

2. This act shall take effect immediately.

Approved January 6, 1956.

CHAPTER 260

AN ACT concerning elections, and amending section 19:52-6 of the Revised Statutes, and supplementing Title 19 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

Section
amended.

1. Section 19:52-6 of the Revised Statutes is amended to read as follows:

Counter
compart-
ments
locked;
recheck; cost;
return of
irregular
ballots.

19:52-6. The district election officers shall, as soon as the count is completed and fully ascertained, as by this subtitle required, lock the counter compartment and it shall so remain for a period of 15 days, except it be opened by order of a judge of the Superior Court assigned to the county. Within such period and upon written request of any defeated candidate, or in the case where a public question is involved upon petition of any 10 qualified voters of a county or municipality using machines who voted in the election in question, the judge shall, at a cost of \$2.00 per district to the candidate or petitioners, order the machines in question opened and the registering counters rechecked against the election officers' returns. Any candidate or petitioners requesting such recheck,

shall deposit with the county clerk, the amount necessary for all the districts requested. The county clerk, if it appears that an error or errors have occurred as a result of which the election is changed or the difference between the negative and affirmative of any public question is altered so as to change the results of the election, shall upon the warrant of such judge of the Superior Court, pay to such candidate or petitioners the cost of such recheck. In the event it shall appear after such recheck that the results of the election remain unchanged, the county clerk shall, upon the warrant of such judge, pay the funds so deposited into the county treasury. Such recheck shall be made under the supervision of the county election officials and in co-operation with the parties at interest or their representatives. When irregular ballots of whatever description have been voted, the district election officers shall return all such ballots in a properly secured package indorsed "irregular ballots" and return and file such package with the municipal clerk at the same time the original statement of the results of the election made by them is filed. Such package shall be preserved for 6 months next succeeding such election, and it shall not be opened or its contents examined during that time except by the order of a judge of a court lawfully empowered to direct the same to be opened and examined. At the end of the 6 months, such packages may be opened and the ballots disposed of at the discretion of the official having charge thereof.

2. Whenever a judge of the Superior Court assigned to a county enters an order for the recheck of any voting machines the county board of elections of such county shall conduct such recheck in co-operation with the county clerk, the commissioner of registration and in counties having a superintendent of election in co-operation with him, which recheck shall be commenced within 5 days of the entry of such order unless otherwise ordered by the judge and conducted in the following manner:

C. 19:52-6.1.
Order for
recheck;
procedure.

(1) The county board shall ascertain from the defeated candidate or from the petitioners, as the case may be, which districts shall be rechecked and the order in which they shall be rechecked, and upon receiving such information shall conduct the recheck in conformity thereto. If more than one candidate or set of petitioners has requested a recheck and are unable to agree upon the order in which the districts are to be rechecked, such order shall be determined by the judge.

(2) The superintendent of elections in counties having superintendents of election and the county board in all other counties shall remove the padded cover, remove the impounding seal, if any, and unlock the padlock on the metal cover and where necessary raise all voting machines which are to be rechecked before the recheck is actually commenced.

(3) The superintendent of elections in counties having a superintendent of elections and the county board in all other counties shall then proceed to open the counter compartment of each voting machine as the same is rechecked, but in no event shall the counter compartment of more than 1 voting machine be opened at the same time unless it shall be agreed to do so by the county board of elections and a majority of the candidates whose nomination or election may be affected by the outcome of the recheck, and who are present or represented at the recheck, or in the case that the votes cast for or against a public question are to be rechecked then, by agreement between the county board of elections and a representative of the proponents and opponents of the public question.

(4) The county board of elections shall then check the number of votes cast for each candidate, or in the event a public question is involved for or against such public question and announce the number of votes cast for each candidate named in the order or for or against a public question as found on the registering counters and record the same on tally sheets prepared for that purpose.

(5) Whenever a recheck is to be held, the county clerk or the municipal clerk, as the case may be, shall, upon demand by the county board of elections or any candidate whose interests may be affected by the recheck, produce at the time and place of the recheck the official statements containing the results of the election as certified by the various district boards and filed with such officers. The county board of elections shall then recheck the registering counters on the machines with the official statements as returned by the various district boards.

(6) After the recheck is completed the county board in co-operation with the county clerk or municipal clerk, as the case may be, shall make a comparison of the tally sheets of the county clerk or municipal clerk showing the results of his official canvass with the tally sheets prepared by the county board in making the recheck.

(7) Whenever any discrepancies shall appear as the same are set forth on such tally sheets such discrepancies shall be noted and upon completion of the comparison a report and certification shall be filed with the court wherein the order for the recheck originated, which report shall set forth in full just what discrepancies have been found in the county clerk's or municipal clerk's official canvass.

(8) Nothing in this chapter shall be construed to mean that a defeated candidate or in the case of a public question the petitioners cannot abandon the recheck at any time during the progress thereof and receive back the deposit made with the county clerk for the districts which remain unchecked.

(9) In the event it should appear during the course of the recheck that there has been a sufficient change in the tally of votes cast which would affect the result of the election, any candidate who appears then to be defeated, or in the event of a public question the parties in interest whose interest may be affected adversely may, within 7 days, apply to a judge of the Superior Court assigned to the county and received an order to continue the re-

check in his behalf upon the same terms and conditions under which the original recheck was held.

3. This act shall take effect immediately.

Approved January 11, 1956.

system.

7. There is hereby established the Public Employees' Retirement System of New Jersey in the Division of Investment of the Department of the Treasury. The membership of the retirement system shall include:

b. Any person becoming a permanent employee of the State after the effective date of this section; and

The board may deny the right to become members of the retirement system to any class of elected officials or to any class of persons other than veterans not within the classified civil service, but any person who has been a member of the former "State Employees' Retirement System" for 1 or more years and who has been or may hereafter be appointed to an office or position in the unclassified service shall be eligible to become a member of the retirement system and entitled to all the

Notwithstanding any other law to the contrary all other persons accepting permanent employment in the classified service of the State shall be required to enroll in the retirement system as a condition of their employment, regardless of age. No person in employment, office or position, for which the annual salary or remuneration is fixed at less than \$500.00, shall be eligible to become a member of the retirement system.

The accumulated deductions of the members of the former "State Employees' Retirement System" which have been set aside in a trust fund designated as Fund A as provided in section 5 of this act and which have not been claimed for refund within 30 days after the effective date of this section shall be transferred from said Fund A to the Annuity Savings Fund of the retirement system, provided for in section 25 of this act. Each member whose accumulated deductions are so transferred shall receive the same prior service credit, pension credit, and membership credit in the retirement system as he previously had in the former "State Employees' Retirement System" and shall have such accumulated deductions credited to his individual account in the Annuity Savings Fund. Any outstanding obligation of such member shall be continued.

The reserve needed to produce the balance of the retirement allowance shall be transferred from the Contingent Reserve Fund. If the pension or the annuity of a member who has been retired is subsequently canceled, the appropriate reserve shall be transferred to the Annuity Savings Fund and the Contingent Reserve Fund. If the pension of a disability beneficiary is reduced as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the Contingent Reserve Fund during the period of the reduction.

Any surplus or deficit developing in the Retirement Reserve Fund shall be adjusted from time to time by transfer to or from the Contingent Reserve Fund by appropriate action of the board of trustees.

L. 1950, as amended and supplemented. Before any such investment, reinvestment, purchase, sale, or exchange shall be made by said director for or on behalf of the board of trustees, the Director of the Division of Investment shall

submit the details thereof to such board of trustees, which shall itself or by its finance committee, within 48 hours, exclusive of Sundays and public holidays, after such submission to it, file with the director its written acceptance or rejection of such proposed investment, reinvestment, purchase, sale, or exchange; and the director shall have authority to make such investment, reinvestment, purchase, sale, or exchange for or on behalf of such board of trustees unless there shall have been filed with him a written rejection thereof by such board of trustees or its finance committee as herein provided. The board of trustees shall determine from time to time the cash requirements of the various funds and accounts established by this act and the amount available for investment, all of which shall be certified to by the State Treasurer and the Director of the Division of Investment.

The members of the finance committee of the board of trustees shall be appointed at or after July 1 of each calendar year by the chairman of the board of trustees to serve through June 30 of the ensuing calendar year and until their successors are appointed. to his credit may borrow from the retirement system, with the approval of the retirement board, an amount equal to not more than 50% of the amount of his accumulated deductions, but not less than \$50.00; provided, that the amount so borrowed, together with interest thereon, can be repaid by additional deductions from compensations, not in excess of 25% of the member's compensation, made at the same time compensation is paid to the member, but not after the attainment of age 60. The amount so borrowed, together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deduction from the compensation of the member at the time the compensation is paid or in some other manner and in such amounts as the retirement board shall approve, but such installments shall be at least equal to the member's contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 60. Not more than 2 loans may be granted to any member in any fiscal year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable before the attainment of age 60, shall be deducted from the benefit otherwise payable.

Loans may be made to a member from his accumulated deductions. In addition the board of trustees is hereby authorized to set aside moneys within the contingent reserve fund from which loans to members may be made. If such moneys are used for the purpose of making loans, the interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.

No loans to members shall be granted until 3 months after the establishment of the Public Em-

ployees' Retirement System; provided, however, that loans outstanding as of the effective date of the repeal of the former "State Employees' Retirement System" shall have the identical status in the Public Employees' Retirement System and that the repayment of loans from the former "State Employees' Retirement System" shall continue to be made to the Public Employees' Retirement System in accordance with rules established by the board of trustees.

38. Should a member of the Public Employees' Retirement System, after having completed 20 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for cause on charges of misconduct or delinquency, such person may elect to receive: (a) the payments provided for in section 41. b. of this act, if he so qualifies under said section, or; (b) a deferred retirement allowance, beginning at the retirement age, which shall be made up of an annuity derived from the accumulated deductions standing to the credit of the individual member's account in the annuity savings fund at the time of his severance from the service together with regular interest, and a pension which when added to the annuity will produce a total retirement allowance of $\frac{1}{60}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service, calculated in accordance with section 48 of this act, with optional privileges provided for in section 50 of this act; provided, also that such election is communicated by such member to the board of trustees in writing stating at what time subsequent to the execution and filing thereof he desires to be retired; and provided further, that such member, as referred to in subsection (b) may later elect: (a) to receive the payments provided for in section 41. b. of this act, if he had qualified under that section at

the time of leaving service, or; (b) to withdraw his accumulated deductions or, if such member shall die before attaining service retirement age then his accumulated deductions shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees otherwise to the executor or administrator of the member's estate.

10. Section 39 of the act of which this act is amendatory is amended to read as follows:

C. 43:15A-39.
Computing length of service for retirement purposes; rules and regulations; salary minimum.

39. In computing for retirement purposes the total service of a member about to be retired, the board of trustees shall credit him with the time of all service rendered by him since he last became a member, and in addition if a service certificate heretofore issued to him is in full force and effect, with all the service certified on the certificate, and with no other service. Except as otherwise provided in this act, a service certificate or modified service certificate, shall be final and conclusive for retirement purposes as to service certified therein, unless in any 4-year period which elapses subsequent to its issuance the member to whom it was issued fails to render 2 additional years of service, in which case it shall be void.

For the purpose of computing service for retirement purposes, the board shall fix and determine by appropriate rules and regulations how much service in any year shall equal a year of service and a part of a year of service. Not more than 1 year shall be credited for all service in a calendar year. In computing the service or in computing final compensation, no time during which a member was absent on leave without pay shall be credited, unless the service was allowed for retirement purposes, both by the head of the employing department and by the board of trustees, or unless the service rendered to an employer other than the State or a political subdivision thereof was allowed for retirement purposes by the provisions of any law of this State. Any such member shall be required to contribute, either in a lump

sum or by installment payments, an amount calculated, in accordance with the rules and regulations of the board of trustees, to cover the contributions he would have paid for any service or compensation credited for the period of such official leave of absence without pay, unless the service rendered to an employer other than the State or a political subdivision thereof was allowed for retirement purposes by the provisions of any law of this State. In computing the service or in computing final compensation no time during which a member was in employment, office, or position, for which the annual salary or remuneration was fixed at less than \$500.00 shall be credited, except that in the case of a veteran member credit shall be given for service rendered prior to January 2, 1955 in an employment, office or position if the annual salary or remuneration therefor was fixed at not less than \$300.00 and such service consisted of the performance of the full duties of such employment, office or position.

11. Section 41 of the act of which this act is amendatory is amended to read as follows:

41. a. A member who withdraws from service or ceases to be an employee for any cause other than death or retirement shall receive all, or such part as he demands, of the accumulated deductions standing to the credit of his individual account in the annuity savings fund, plus regular interest, less any outstanding loan, except that for any period after June 30, 1944, the interest payable shall be such proportion of the interest determined at the regular rate as 2% per annum bears to the regular rate of interest, except that no interest shall be payable on members' contributions made after December 30, 1954, in the case of those members who resign from service with less than 5 years of membership credit for which contributions have been made. Except as provided for in sections 8 and 38 of this act, he shall cease to be a member 2 years from the date he discontinued service as an employee, or, if prior thereto, upon the date when

payment to him on demand of his accumulated deductions exceeds $\frac{1}{2}$ of the accumulated deductions. The board of trustees may, in its discretion, withhold, for not more than 1 year after a member ceases to be an employee, all or part of his accumulated deductions, if he previously withdrew from the annuity savings fund all or part of his accumulated deductions and failed to redeposit that amount to the credit of his individual account in the fund. No veteran member shall be entitled to withdraw the amount of his accumulated deductions contributed by his employer covering his military leave unless he shall have returned to the payroll and contributed to the retirement system for a period of 90 days.

b. Should a member resign after having completed 25 years of service, before reaching service retirement age, he may elect to receive, in lieu of the payment provided for above, an annuity which is the actuarial equivalent of his accumulated deductions together with regular interest, and in addition a pension which when added to the annuity will produce a total retirement allowance of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service, reduced by $\frac{1}{2}$ of 1% for each month that the member lacks of being age 60, except that in the case of a member who has not attained age 53 the reduction is equal to 42% plus $\frac{1}{6}$ of 1% for each month the member lacks of being age 53, and with the optional privileges provided for in section 50 of this act; provided, however, that upon the receipt of proper proofs of the death of such a member after the member shall have reached 60 years of age there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

c. Upon the receipt of proper proof of the death of a member in service on account of which no accidental death benefit is payable under section 49 there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate:

(1) His accumulated deductions at the time of death together with regular interest; and

(2) An amount equal to $1\frac{1}{2}$ times the compensation upon which his contributions are based or received by the member in the last year of creditable service; provided, however, that if such death shall occur on or after July 1, 1956, and after the member shall have attained age 70, the amount payable shall equal $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service instead of $1\frac{1}{2}$ times such compensation.

d. A member may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested written new nomination of the payee of the death benefit provided under this section. Such member may also file, and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

12. Section 45 of the act of which this act is amendatory is amended to read as follows:

45. Subject to the provisions of section 59 of this act, a member upon retirement for ordinary disability shall receive a retirement allowance, which shall consist of:

Section amended.

C. 43:15A-45.

Allowance on ordinary disability retirement.

a. An annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest;

b. A pension which, when added to the annuity, will produce a total retirement allowance of $\frac{3}{10}$ of the sum of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service; provided, however, that in no event shall the allowance be based upon less than 17 years of service, unless the member would have had less than 17 years of service at age 60, in which event he shall be given credit for the years to age 60.

c. Upon the receipt of proper proofs of the death of a member who has retired on an ordinary disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

13. Section 46 of the act of which this act is amendatory is amended to read as follows:

C. 43:15A-46.
Allowance
on accident
disability
retirement.

46. Subject to the provisions of section 59 of this act, a member upon retirement for accident disability shall receive a service retirement allowance if he has attained the age of 70; otherwise he shall receive a retirement allowance which shall consist of:

a. An annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest; and

b. A pension, in addition to the annuity, of $\frac{2}{3}$ of his actual annual compensation for which contributions were being made at the time of the occurrence of the accident.

c. Upon the receipt of proper proofs of the death of a member who has retired on an accident disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

14. Section 48 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

48. Subject to the provisions of section 59 of this act, a member, upon retirement for service, shall receive a retirement allowance consisting of:

C. 43:15A-48.
Allowance
on service
retirement.

a. An annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest;

b. A pension which, when added to the annuity, will produce a retirement allowance of $\frac{1}{70}$ of his final compensation for each year of service credited as Class A service and $\frac{1}{60}$ of his final compensation for each year of service credited as Class B service.

c. If in the case of a member who was age 60 or over on June 30, 1953, who if he had retired immediately would have had an annuity in excess of $\frac{1}{140}$ of his final compensation for each year of membership service credited as a Class A member and $\frac{1}{120}$ of his final compensation for each year of membership service credited as a Class B member, the amount of such excess annuity determined as of such date shall not be used in deter-

mining the pension on immediate or subsequent retirement.

d. Upon the receipt of proper proofs of the death of a member who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

Section

15. Section 49 of the act of which this act is amendatory is amended to read as follows:

C. 43:15A-49.
Accidental
death,
allowance to
dependents.

49. Upon the death of a member in active service as a result of an accident arising out of and in the course of his employment and not as the result of his willful negligence, an accident death benefit shall be payable, if a report, in a form acceptable to the Board of Trustees, of the accident is filed in the office of the retirement system within 60 days next following the accident, but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action. Evidence must be submitted to the board of trustees proving that the natural and proximate cause of his death was an accident arising out of and in the course of employment at some definite time and place.

Upon application by or on behalf of the dependents of such deceased member, the board of trustees, in addition to the payment of his accumulated deductions as provided in section 41 of this act, shall grant an allowance of $\frac{1}{2}$ of the final compensation of such employee, if the member was a male employee, as a pension to his widow, to continue during her widowhood; or, if no widow, or in case the widow dies or remarried before the youngest child of such deceased member attains age 18, or if the member was a married female employee, then to the child or children of such member under age 18, divided in such manner as the board in its discretion shall determine to continue until the

youngest surviving child dies or attains age 18. If there be no widow or child under age 18 surviving such member, or if the member was never married, then there shall be paid a cash sum equal to the amount stipulated under section 41 (c) (2) of this act to his or her estate or to such person as he or she shall have nominated by written designation duly acknowledged and filed with the board. In no case shall the accident death benefit under this section payable to the widow or children be less than that provided for ordinary death benefit under the provisions of section 41.

No such application shall be valid or acted upon unless it is filed in the office of the retirement system within 2 years of the date of the accident; but the retirement board may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action.

16. Section 52 of the act of which this act is amendatory is amended to read as follows:

Section

His first examination after the effective date of this act shall be for the period ending June 30, 1956.

For the purpose of such examination the Commissioner of Banking and Insurance may employ such persons to conduct the same or to assist therein as he may deem advisable. For the purpose of such examination all securities, books, papers or other documents, owned by, in the possession of, or relating to the retirement system shall be made available on demand for the inspection of the commissioner or any of his duly authorized assistants. The report on such examination shall be filed in the Department of Banking and Insurance and a copy

thereof shall be transmitted to the trustees of the system and to the Governor. Neither the commissioner nor any appointee thereof shall be liable for any statement included therein.

C. 43:15A-57.
Optional and additional death benefit coverage.

17. Section 57 of the act of which this act is amendatory is amended to read as follows:

57. a. Each member who is a member on the date this amendment takes effect and each person who thereafter becomes a member, will be eligible to purchase the additional death benefit coverage hereinafter described, provided that he selects such coverage within 1 year after the effective date of this section as amended or after the effective date of membership, whichever date is later.

b. The board of trustees shall establish schedules of contributions to be made by the members who elect to purchase the additional death benefit coverage. Such contributions shall be so computed that the contributions made by or on behalf of all covered members in the aggregate shall be sufficient to provide for the cost of the benefits established by subsection c of this section. Such schedules of contributions shall be subject to adjustment from time to time, by the board of trustees, as the need may appear.

c. Upon the receipt of proper proofs of the death in service of any such member while covered for the additional death benefit coverage there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service or some lesser amount as may be provided by the board of trustees and elected to purchase by the member; provided, that if such death in service shall occur on or after July 1, 1956, and after the member has attained age 70, the amount payable shall equal $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service instead of $1\frac{1}{2}$ times such compensation.

d. The board of trustees may also establish additional supplemental contributions to be paid by such members as express their desire to have the additional death benefit coverage continued after retirement in the form of paid-up coverage for the amount hereinafter set forth, and to pay the increased cost therefor. Such supplemental contributions shall also be subject to adjustment from time to time by the board.

e. Upon the receipt of proper proofs of the death of a member retired on a service retirement allowance who is covered for paid-up coverage as provided by this section at time of death, there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

f. Upon the receipt of proper proofs of the death of a member retired on ordinary or accident disability retirement allowance who is covered for paid-up coverage as provided by this section at time of death, there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to $1\frac{1}{2}$ times the compensation received by the member in the last year of creditable service or such lesser amount as may be provided by the board of trustees and purchased by such member if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to $\frac{3}{16}$ of the compensation received by the member in the last year of creditable service.

g. The contributions of a member for the additional death benefit coverage, including the supplemental contributions of a member electing to make such contributions, shall be deducted from

his compensation, but if there is no compensation from which such contributions may be deducted it shall be the obligation of the member to make such contributions directly to the board of trustees or as directed by the board; provided, however, that no contribution shall be required after June 30, 1956, while a member remains in service after attaining age 70 but that his employer shall be required to pay into the fund on his behalf in such case an amount equal to the contribution otherwise required by the board of trustees in accordance with this section.

h. Any other provision of this act notwithstanding, the contributions of a member for the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall any contributions made for the additional death benefit coverage be included in any annuity payable to any such member or to his beneficiary.

i. A member who has elected to purchase the additional death benefit coverage provided by this section may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested, written, new nomination of the payee of the death benefit provided under this section. Such member may also file and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

j. All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall

be fixed by the board of trustees. Any such percentage may be made applicable to male members only or to other groupings as determined by the board of trustees of the Public Employees' Retirement System. Applications for such additional death benefit coverage shall be submitted to the secretary of the board of trustees in such manner and upon such forms as the board of trustees shall provide.

18. Section 60 of the act of which this act is amendatory is amended to read as follows:

Section
amended.

60. a. Each public employee veteran member shall have returned to him his accumulated deductions as of the effective date of this section. All service rendered in office, position, or employment of this State or of a county, municipality, school district or board of education or service rendered for the State University of New Jersey, an instrumentality of this State, after April 16, 1945, and the New Jersey State Agricultural Experiment Station established by an act approved March 10, 1880 (P. L. 1880, c. 106 and continued pursuant to chapter 16 of Title 4 of the Revised Statutes), an instrumentality of this State, excluding service rendered as County Extension Service Farm and Home Demonstration Agents, by such veteran member previous to the effective date of this section, for which evidence satisfactory to the board of trustees is presented within 6 months of the effective date of this section, shall be credited to him as a "Class B" member and such credit shall be known as prior service credit and the obligation of the employer on account of such credit shall be known as the accrued liability on behalf of such veteran member. Service by a veteran member as a member of the Congress of the United States from the State of New Jersey, if any, pursuant to election or appointment as a United States Senator or member of the United States House of Representatives shall be included within the calculation of prior service, as though such service had been rendered in office, position or employment of this State.

of veteran
members.

b. The accrued liability on behalf of State employee veteran members including veteran members employed by the State University of New Jersey or by the New Jersey Agricultural Experiment Station shall be paid by the State as provided in section 24. The accrued liability on behalf of other public employee veteran members shall be paid by their employers, as of the effective date of this section, in the same manner as provided in the case of State employee veteran members in section 24. The board of trustees shall certify to the chief fiscal officer of the employer the accrued liability contribution payable by such employer on behalf of veteran members as if they were State employees.

c. Each public employee veteran member shall make contributions to the retirement system at the proportions applicable to Class B members of group 2 of the former "State Employees' Retirement System" as of June 30, 1949, except that the board of trustees may from time to time adopt for employees becoming members after the effective date of this section new proportions of compensation to be determined as provided in section 25. Each public employee veteran member shall pay the proportion of compensation applicable to his age at the commencement of employment, position or office with the State, any county, municipality or school district or board of education, except that where such service has not been continuous the public employee veteran member shall pay the proportion of compensation applicable to the age resulting from the subtraction of his years of service from his age as of the effective date of this section. No public employee veteran member shall be required during the continuation of his membership to increase the proportion of compensation certified at the time of becoming a member as payable by him, except as required by changes in the rate of contributions to the Social Security Fund.

d. In the event that a public employee veteran who prior to the effective date of this section ren-

dered service in office, position or employment of this State, including such service rendered for any instrumentality enumerated in paragraph a. of this section, or of a county, municipality, or school district or board of education but who is not in such office, position or employment on the effective date of this section shall later become a member of the retirement system, such public employee veteran shall receive prior service credit for service rendered prior to the effective date of this section, for which evidence satisfactory to the board of trustees is presented, in the same manner as received by other public employee veteran members and shall pay the proportion of compensation applicable to the age resulting from the subtraction of his years of such prior service from his age on the date of his becoming a member of the retirement system. The employer of such public employee veteran on the date of his becoming a member shall pay the accrued liability on behalf of such prior service and such accrued liability shall be paid in such a manner that the total obligation will be met within the period of time fixed for the liquidation of all accrued liabilities of the employer.

19. Section 73 of the act of which this act is amendatory is amended to read as follows:

JOINT RESOLUTION No. 15

A JOINT RESOLUTION establishing a commission to study the improvement of the Law of Evidence in this State.

Preamble. WHEREAS, A committee appointed by the Supreme Court to consider a revision of the principles of evidence has reported to the Chief Justice and Associate Justices of the Supreme Court recommending the adoption of certain rules of evidence based upon the Uniform Rules of Evidence promulgated by the National Conference of Commissioners on Uniform State Laws which covers the entire field of evidence and of competency of witnesses in trials in the courts of this State; and

Preamble. WHEREAS, The changes suggested in the Law of Evidence in this State by said report are so numerous and of such radical character that the adoption of the Rules proposed will so change the conduct of trials of civil and criminal causes in the courts of this State as to amount to an almost complete departure from the system of standards for the proof of facts established at the Common Law and by the statutes of this State; and

Preamble. WHEREAS, The changes so recommended to be made include, in addition to many other important changes, the following:

a. The repeal of all statutes relating to the competency of witnesses and the substitution of new standards of competency under which the husband or wife of an accused will be competent and compellable to testify against his or her spouse to any facts, except such as the court shall find to have been the subject matter of a "confidential communication between them" and under

which testimony as to transactions with a decedent may be received without restraint, in cases in which the decedent's representative is a party;

b. The modification of the rule prohibiting the admission of hearsay evidence so as to permit unsworn statements, even of self-serving character, made out of court by a person not called as a witness, to be testified to by another person, if the declarant is present for cross-examination thereon, and to permit unsworn statements, describing or explaining an event or condition, to be received in evidence, if the maker thereof is unavailable as a witness and the judge finds that the statement was made in good faith before the action was instituted and when the event was recently perceived by the declarant and his recollection thereof was clear;

c. The extension of the scope of cross-examination of a witness so as to allow cross-examination as to any relevant facts instead of limiting cross-examination, except as to parties, to facts testified to on direct examination, and authorization of the judge to allow cross-examination for the purpose of affecting credibility, upon a written statement of facts inconsistent with the witness's testimony, without first showing or reading the statement to him;

d. Authorization of the court, at expense of the county in criminal causes and of the parties to be taxed in the costs and without their consent, in civil causes, to appoint its own experts to testify relating to such facts as the court shall determine, and permits the fact that they were so appointed to be made known to the jury;

e. The exclusion of evidence of previous conviction of crime as affecting credibility, absolutely in criminal causes and the limitation of proof of such conviction in civil causes to that of crimes involving fraud, veracity or false statements, except when the accused or other party offers evidence of credibility;

f. The authorization of impeachment by a party of his own witness;

FOREWORD

The following Table of Contents with its accompanying Schedules is prepared pursuant to P. L. 1939, Chapter 379 to indicate the changes made in the statute law since the enactment of the Revised Statutes, except those made in the revision of Titles 2 and 3 by Chapters 344 and 345 of the Laws of 1951, known as the New Jersey Statutes.

The Table itself indicates the changes made in the general and permanent statute law by amendment or repeal of pre-existing legislation or by enactment of additional legislation.

The classification and arrangement used is that of the Revised Statutes and the New Jersey Statutes, amplified so as to include material for which no adequate classification units appear in those works. New chapters or other new subdivision headings are set up under the designation "added" when they are set up by statute and under the designation "new" when they are set up for convenience in classification merely.

An amendment of a section of a pre-existing statute is indicated by reference to the number of the statute amended, as found in the Revised Statutes, the New Jersey Statutes or the Pamphlet Laws.

Additional legislation, supplementary or otherwise, is classified under the same classification system, with the compilation numbers used in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements preceded by the letter "C." added in parenthesis after the Pamphlet Law references, thus "(C. 1:1-2.5)" except where, as occurs in some instances, material is differently classified in the compilations of statutes, in which case both classification numbers so used are indicated, thus "(NJSA 40:2-17.1; RSCS 40:3-3.1)." A Schedule of these divergent numbers is appended to the Table.

Amendments to additional legislation enacted during the period covered are carried under the numbers assigned to the sections amended.

Under this system the Table serves as a Table of Contents of the material covered, as it appears in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements, as well as of the Pamphlet Laws, but citation should not be made to the Pamphlet Laws by these compilation numbers unless the year and chapter number of the Pamphlet Law volume is added.

Cross-reference notes are to the section or Title and Chapter numbers under which the legislation referred to will be found, thus, "(N. J. S. 2A:83-2)" or "(N. J. S. 2A: Chapter 6)" or to the Title and Chapter numbers in which reference thereto will be found in the Table, thus, "(T. 40, c. 2)".

Statutes of general and permanent character enacted and repealed, and statutes not of this character enacted, within the period covered, are not referred to in the Table but reference to them will be found in Schedules 3, 5, 6 and 7 annexed to the Table.

Acknowledgment is made to John W. Ockford, Counsel, and to H. Arthur Smith, Jr., and William M. Lanning, Assistants to Counsel, to the Commission, and to the Commission's clerical staff, for their valuable assistance in the preparation of this work.
