2006 ANNUAL REPORT

Prepared: March 2007

PETROLEUM UNDERGROUND STORAGE TANK REMEDiation, UPGRADE AND CLOSURE FUND

2006 Annual Report

The New Jersey Economic Development Authority (the "EDA") and the New Jersey Department of Environmental Protection (the "DEP") are pleased to report the results of activities for calendar year 2006 under the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Fund (the "Fund") of the Underground Storage Tank Finance Act in accordance with P.L. 1997, c. 235. In addition to these activities, a brief history of the Fund and a summary of previous years are included.

Overall Fund Activity

Since the program's inception in 1997, \$192.6 million has been appropriated to the Fund by the Legislature. In addition, the Fund received \$2.8 million in funding transferred from the Bureau of Underground Storage Tanks (BUST), a program previously administered by the DEP, as well as a total of over \$45.3 million from grant and loan repayments, interest income and fees, bringing the total amount of funding provided to the Fund to approximately \$240.6 million.

As of December 31, 2006, EDA closed a total of 1,350 projects totaling over \$91.2 million to provide assistance to businesses, private individuals and municipal and county governmental entities.

Total disbursements from the Fund since the program's inception equal nearly \$22.45 million in loans and over \$50 million in grants, for a total of over \$77 million in disbursements. (*Note: These figures do not reflect funding obligated through closings, or un-disbursed portions of closed projects.*)

2006 Fund Activity

In 2006, EDA closed 227 projects totaling over \$5.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 12 projects totaling over \$345,000 in outstanding commitments from previous years, as well as new approved projects in 2006.

In 2006, EDA approved 222 loans and grants totaling over \$5 million. During this time period, the EDA disbursed nearly \$5.5 million in grants, for a total of over \$5.56 million in disbursements.*

** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*

The Fund received an appropriation in 2006 totaling approximately \$1.86 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Diesel Risk and administration. Additionally, during this period, the Fund received a total of just under \$7.04 million from loan and grant repayments, interest income and financing fees. In 2006, the EDA incurred \$3,838,980 in fees and expenses associated with administering the Fund.

Below is a chart that summarizes the categories of outstanding commitments as of December 31, 2006.

Petroleum Underground Storage Tank Outstanding Commitments as of 12/31/06		
Type	Projects	Amount
County	0	0
Municipality	2	\$259,732
Business	1	\$30,682
Residential	9	\$54,720
Total	12	\$345,134

Assessment of Current Funding Levels to Meet Statutory Objectives

Since January 1, 2007, the EDA has approved \$611,774 in financial assistance for 43 projects. Including new approvals in 2007 that have yet to close, the EDA now has outstanding commitments totaling \$747,342 for 18 projects as of the writing of this report. Also in process, as of December 31, 2006, there were 31 applications totaling just under \$996,477 that were pending EDA approval and 242 applications totaling over \$6.4 million pending DEP approval bringing the total amount of projects awaiting funding to approximately \$7.4 million.

The net balance of the Fund is now over \$93.4 million. *(This figure takes into account outstanding commitments for grants and loans that have been approved, as well as un-disbursed portions of closed loans and grants. In addition, it should be noted that a legislatively mandated re-appropriation of \$10.5 million of UST funds will be made to DEP for Diesel Risk and administration when the 2006 appropriation is received in Summer 2007.)*

Recommendations

The enabling legislation asks the DEP and EDA to review the program and make suggestions for improvements in its operations. In previous years, after analyzing the historic utilization of the Fund, DEP and EDA made a number of recommendations for the Legislature to consider. Under the provisions of legislation passed in 2003, all of those recommendations were addressed. The DEP and EDA continue to work collaboratively at refining and enhancing the effectiveness of the Fund.

EDA staff has the delegated authority from the EDA Board of Directors to approve new and supplemental grant applications up to \$100,000, which cuts 30-60 days from the funding process.

Furthermore, in August of 2006, enabling legislation was enacted to allow up to \$1,200 of reimbursement for closure and removal of a non-leaking underground residential oil tank and up to \$3,000 for closure, removal and replacement of such tanks. EDA is tasked with administering this entire process.

This is the first year EDA is handling these types of applications and a significant increase in application volume has been observed. In the first 5 months of 2007, EDA has processed more applications than in all of 2006. The impact on operations should be monitored by EDA.

Non-leaking Residential Oil Tanks

As of 12/31/2006 the EDA approved 12 of these applications awarding \$28,487; closed 12 totaling \$28,487 and disbursed 9 totaling \$19,925 with no outstanding commitments. Through the month of January 2007, EDA has approved 20 applications totaling \$51,898, closed 20 totaling \$51,898 and disbursed 9 totaling \$24,245.

In addition, pending EDA approval as of 12/31/2006, there were 14 applications totaling \$32,989.

On August 2, 2006, the enabling legislation was also changed to increase the income and net worth limitations for grant recipients. The limitation on taxable income increased to \$250,000 from \$200,000. The limitation on net worth, exclusive of permanent residence and pension, increased to \$500,000 from \$200,000. The overall net worth limitation was increased to \$3,000,000 from \$2,000,000.

The legislation also reduced the duration of a lien on the real property, upon which the subject facility is not the applicant's residence, down to 5 years from 15 years.

Conclusion

Attached are three appendices, including the Fund History (Exhibit A), a chart, which provides a list of projects that closed in 2006, (Exhibit B) and a chart which provides a listing of outstanding commitments that have not closed, (Exhibit C). Should you need any additional information about the contents of this report, please contact the EDA Public Affairs staff at (609) 292-1800 or the DEP at (609) 633-0719.

Exhibit A Fund History

1997 Fund Activity Summary

1997 was the first year for the Fund. Following the late summer enactment of P.L. 1997, c.235, the DEP and EDA worked together to develop appropriate regulations. These regulations were proposed in December 1997 and adopted in February 1998. During 1997, the Fund received a \$9.9 million legislative appropriation, which supplemented the \$2.8 million in existing cash and payments transferred from the BUST program to the EDA. The Fund also received \$286,000 in loan/grant repayments and interest income in 1997. There were no loans or grants provided in 1997 from the Fund.

1998 Fund Activity Summary

During 1998, the Fund received two appropriations totaling \$20.7 million. An additional appropriation of \$19.1 million was made in 1998 for utilization in 1999.

In 1998, EDA closed 45 projects totaling \$3.7 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1998, EDA approved 54 loans and grants totaling nearly \$10.4 million. During this time period, the EDA disbursed \$907,000 in loans and grants.*

1999 Fund Activity Summary

During 1999, the Fund received an appropriation totaling \$21.44 million, in addition to the \$19.1 million appropriated in the previous year for use in 1999, bringing the total appropriation to \$40.5 million.

In 1999, EDA closed 215 projects totaling \$21.9 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1999, EDA approved 213 loans and grants totaling nearly \$27.2 million. During this time period, the EDA disbursed \$3.9 million in loans and \$8.2 million in grants for total of \$12.1 million in disbursements.*

2000 Fund Activity Summary

In 2000, EDA closed 212 projects totaling \$20.6 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 33 projects totaling \$10.37 million in outstanding commitments from previous years, as well as new approved projects in 2000.

In 2000, EDA approved 199 loans and grants totaling \$13.3 million. During this time period, the EDA disbursed \$10.8 million in loans and \$10 million in grants, for a total of \$20.8 million in disbursements.

The Fund received an appropriation in 2000 totaling approximately \$21.12 million. Also during this period, the Fund received a total of \$5.2 million from loan repayments, interest income and financing fees. In 2000, the EDA incurred \$828,514 in fees and expenses associated with administering the Fund. *

2001 Fund Activity Summary

In 2001, EDA closed 185 projects totaling nearly \$13 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. These projects include 29 projects totaling \$5.34 million in outstanding commitments from previous years as well as new approved projects in 2001.

In 2001, EDA approved 177 loans and grants totaling \$9.8 million. During this time, the EDA disbursed nearly \$4.9 million in loans and \$7.95 in grants, for a total of \$12.85 million in disbursements.

The Fund received an appropriation in 2001 totaling approximately \$20.76 million. Also during this period, the Fund received a total of \$5.4 million from loan repayments, interest income and financing fees. In 2001, the EDA incurred \$899,138 in fees and expenses associated with administering the Fund.*

2002 Fund Activity Summary

In 2002, EDA closed 18 projects totaling over \$1.2 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2002.

In 2002, EDA approved 173 loans and grants totaling over \$7.6 million. During this time period, the EDA disbursed over \$2.1 million in loans and \$4.9 million in grants, for a total of \$7 million in disbursements.

The Fund received an appropriation in 2002 for utilization for FY2003 totaling approximately \$18.6 million. Also during this period, the Fund received a total of just over \$5.4 million from loan and grant repayments, interest income and financing fees. In 2002, the EDA incurred \$631,309 in fees and expenses associated with administering the Fund. *

2003 Fund Activity

In 2003, EDA closed 229 projects totaling nearly \$9 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2003.

In 2003, EDA approved 110 loans and grants totaling nearly \$4 million. During this time period, the EDA disbursed over \$192,555 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. *

2004 Fund Activity Summary

In 2004 EDA closed 110 projects totaling over \$3.5 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 2 projects totaling over \$200,000 in outstanding commitments from previous years, as well as new approved projects in 2004.

In 2004 EDA approved 100 loans and grants totaling nearly \$3.4 million. During this time period, the EDA disbursed nearly \$200,000 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. *

The Fund received an appropriation in 2004 for utilization for FY2004 totaling approximately \$37.77 million. Also during this period, the Fund received a total of just over \$5.8 million from loan and grant repayments, interest income and financing fees. In 2004, the EDA incurred \$630,841.01 in fees and expenses associated with administering the Fund.

2005 Fund Activity Summary

In 2005, EDA closed 132 projects totaling over \$7 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. Additional activity includes 2 projects totaling over \$300,000 in outstanding commitments from previous years, as well as new approved projects in 2005.

In 2005, EDA approved 136 loans and grants totaling over \$7.1 million. During this time period, the EDA disbursed over \$46,000 in loans and nearly \$5.2 million in grants, for a total of \$5.25 million in disbursements. *

The Fund received an appropriation in 2005 for utilization for FY2005 totaling approximately \$21.32 million. Also during this period, the Fund received a total of just under \$5.8 million from loan and grant repayments, interest income and financing fees. In 2005, the EDA incurred \$2,119,320 in fees and expenses associated with administering the Fund.

**** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.***
