GENERAL NOTES

1. ROUTE NO. -- "I" indicates Interstate System; "F" indicates Freeway
2. In tabulation of STATE HIGHWAY IMPROVEMENT PROJECTS COMPLETED (by County), the following symbols are used in the first column, under "Route No.":
 - ⊛ denotes projects under construction which are scheduled for completion by December 31, 1973.
 - ★★ denotes projects which have been completed or are scheduled for completion by December 31, 1973, but are not expected to be opened to traffic because of the nature of the contract, project staging, or other physical conditions. Subsequent contracts or completion of abutting sections will then permit these projects to be opened to traffic.
3. Several projects are located in two or three Counties. In those cases, the projects are listed in each of the Counties where located and cross referenced by note to the other County or Counties. In the GENERAL SUMMARY, the duplication is eliminated.
