Court-Authorized Electronic Surveillance

2013

The New Jersey Wiretapping and Electronic Surveillance Control Act requires the Attorney General to report annually on the use of court-authorized intercepts. To accomplish this, the Act directs the Attorney General to collect and maintain records of all court-authorized intercepts, regardless of whether the intercept is carried out by the Attorney General's Office, a county prosecutor's office, or a local law enforcement agency.

Data reported pursuant to *N.J.S.A. 2A:156A-23* was compiled to report on the operation of the New Jersey Wiretapping Act. As required by statute, this report contains data concerning:

- (1) The number of applications made.
- (2) The number of orders issued.
- (3) The effective periods of such orders.
- (4) The number and duration of any renewals.
- (5) The crime in connection with electronic surveillance orders.
- (6) The name of the applicants.
- (7) Indictments resulting from each application.
- (8) The crime which each indictment charges.
- (9) The disposition of each indictment.

In addition to the detailed information provided for 2013 applications and orders, supplemental follow-up data is provided for electronic surveillance orders reported in previous calendar years.

SUPREME COURT OF NEW JERSEY

STUART RABNER
CHIEF JUSTICE

RICHARD J. HUGHES JUSTICE COMPLEX
PO Box 023
TRENTON, NEW JERSEY 08625-0023

December 8, 2014

MEMORANDUM TO: THE HONORABLE CHRIS CHRISTIE AND THE LEGISLATURE OF THE STATE OF NEW JERSEY

The New Jersey Wiretapping and Electronic Surveillance Control Act (N.J.S.A. 2A:156A-1 to -34) requires the Chief Justice to submit an annual report to the Governor and the Legislature (N.J.S.A. 2A:156A-23E). In accordance with that section, I am submitting this report to inform you of the operation of the Act during 2013.

N.J.S.A. 2A:156A-2(i) provides that only Superior Court judges designated by the Chief Justice are authorized to hear wiretap applications. For the year 2013, the following judges were authorized wiretap judges: by order dated December 3, 1997, Judge Samuel D. Natal; by order dated July 22, 1999, Judge Marilyn C. Clark; by order dated May 26, 2007, Judge Travis L. Francis and Judge Lawrence M. Lawson; by order dated July 14, 2008, Judge Peter J. Vazquez; by order dated February 1, 2009, Judge Joseph P. Donohue; by order dated February 18, 2009, Judge Peter E. Doynes; by order dated September 1, 2009, Judge Ronald E. Bookbinder, Judge Yolanda Ciccone, Judge Francis R. Hodgson, Jr. and Judge Walter L. Marshall, Jr.; by order dated March 1, 2010, Judge Pedro J. Jimenez, Jr.; by order dated June 1, 2010, Judge Michael A. Donio and Judge Bernard E. DeLury, Jr.; by order dated September 1, 2010, Judge Liliana DeAvila-Silebi; by order dated October 4, 2010, Judge Greta Gooden Brown; by order dated October 3, 2011, Judge Joseph V. Isabella, Judge Sheila A. Venable and Judge Lisa Rose; by order dated March 1, 2012, Judge Mary C. Jacobson; and by order dated December 24, 2012, Judge Stuart A. Minkowitz.

The data for the year 2013 includes reports of all orders granting permission to intercept wire, electronic and/or oral communications, or to perform electronic surveillance, for any period that ended in 2013. It is the actual termination date of the surveillance that governs which reports are included within the reporting year. During 2013, the reports to the Administrative Office of the Courts reflected 147 applications¹ seeking permission to intercept wire, electronic or oral communications. No applications were denied. Thus, in 2013 the authorized judges entered 147 orders granting permission to intercept wire, electronic and/or oral communications.

¹ Note the Office of the Attorney General reports 134 applications. The numbers differ because of differences in reporting methods for the two reports. The Judiciary reports a wiretap in the year that it terminated. The Attorney General does not report a wiretap until the investigation in the case is complete.

Of the 147 orders entered, 77 permitted interceptions of wire communications, 36 permitted interceptions of electronic communications, and 1 permitted interception of oral communications. In addition, 33 applications were authorized for the retrieval of stored communications, rather than for the interception of wire, electronic and/or oral communications. There were 37 orders authorized for 30 days each, 90 were specified for 20 days each, and 20 others were authorized for less than 20 days each. Additionally, 81 extensions of previously entered orders were granted during the reporting year. Of these, 24 extensions were for 30 days and 15 extensions were for 20 days. There were another 42 extensions for 10 days or less.

The distribution of orders and extensions among the judges authorized to issue orders during 2013 was as follows:

The reports made by the authorized judges indicate that in reporting year 2013, a showing of special need was required in 0 of the orders, a showing was not required in 83 orders, and the special need information was not available in 64 orders.

Respectfully submitted,

Chief Justice Stuart Rabner
