Virtual Field Trips

We offer virtual, interactive tours of the 9/11 Memorial & Museum. These age-appropriate programs are led by Education staff via Zoom and offer time for questions throughout. This page features information about available tours, reservations, schedules, and additional information.

New York City and New Jersey schools are able to participate for FREE. This program is supported in part, by public funds from the New York City Department of Cultural Affairs in partnership with the City Council, with additional support from the RBC Foundation USA and other generous funders.
