- How has your life changed since March as a result of the Covid-19 pandemic?

* My life has taken a 360° turn.

As a result of the pandemic I've ended up homeless, I've been laid

off from work, and any job I have gotten hours have been drastically cut.

- What was the hardest/biggest challenge for you?

My electricity & gas had been cut off

so I would say that taking cold showers and not being able to cook food took a toll on me. Not having any money

also was one of my biggest challenges because I wasn't able to buy myself toiletries or food or anything I've needed in general.

- Who were your allies/who were you able to lean on?

Throughout this time I haven't really had family to lean on, my aunt that I lived with previously had covid from months April-August. My boyfriend has been here for me emotionally, mentally, and financially, and I'm very grateful for having him by my side.
