Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for Mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

† 2018-19 results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Shared Time - Instructional Time	5 Hrs. 55 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support.

Status for 2020-21 School Year	Not in Status

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Accountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	87.1%	90.6%	87.2%

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these [accountability resources](#).

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Technology is a part of each school day, with all students in Grade 5-8 utilizing 1:1 personal Chromebooks.
- Students in Pre-K through Grade 4 use iPads and laptops to enhance learning. SmartBoards are in all classrooms.
- Commitment to promoting strong character and citizenship; character education and positive school climate infused daily.

Mission, Vision, Theme:

Ho-Ho-Kus Public School is inspired by our mission statement, one reflective of inclusive principles and strong community spirit: "The Ho-Ho-Kus Public School is committed to a high standard of academic excellence in compliance with the New Jersey Student Learning Standards in a safe and nurturing environment that will allow students to maximize their potential and prepare them to be responsible, contributing members of a diverse society."

Awards, Recognition, Accomplishments:

Ho-Ho-Kus Public School has been recognized as a School of Character, reflecting the district's culture of respect. Ho-Ho-Kus School recently shared the Be Wise Award with ECLC, a special needs school also based in Ho-Ho-Kus. This award is sponsored by the Bergen County Prosecutor's Office and promotes tolerance and respect.

Courses, Curriculum, Instruction:

We are a Pre-K to Grade 8 school with a send/receive relationship with Northern Highlands Regional High School in Allendale. We are fortunate to have our Pre-K to eighth grade students together sharing the same campus. Our setting allows the students and staff to develop long-lasting relationships and helps to create a seamless and meaningful academic environment. Our students take part in a rigorous program that incorporates the New Jersey Student Learning Standards.

Clubs and Activities:

Students are engaged in numerous co-curricular and extra-curricular activities. Some examples are soccer, volleyball, cross country, basketball, track and field, Student Council, Club ECLC, Bergen Brainbusters, and Mock Trial. Students also participate in an array of arts experiences such as choraliars, jazz and wind ensembles, and art club. There is also a spring musical each year open to students in 6th -8th grade.

 <p>Before and After School Programs:</p>	<p>The Youth Activities Council (YAC) runs after school programs for students that range from art club to robotics, and STEM to musical theater. The YAC is a community group that organizes and promotes after school activities for students. These programs are available for students in Grades 1-8. Before and After School Care is also available for Ho-Ho-Kus School families and is run by the Wyckoff YMCA.</p>
 <p>Staff and Professional Learning:</p>	<p>The districts of Allendale, Ho-Ho-Kus, Upper Saddle River, and Northern Highlands RHS are part of a consortium that oversees curriculum, instruction, and assessment. The Regional Office of Curriculum and Instruction promotes and supports many opportunities for professional development for staff. By collaborating with one another and researching model programs, we are able to construct progressive curricula and support educators in ways that reflect national best practices.</p>

 <p>Student Supports and Services:</p>	<p>There are many supports in place for students at Ho-Ho-Kus School. Learners are provided with general and special education, response to intervention instruction (RTI), English Language Learning, and enrichment. Homework Club is also available for students after school. The Child Study Team, RTI team, and Intervention and Referral Services (I&RS) group help oversee some of these areas. In addition, teachers are always available for extra help for students.</p>
 <p>Student Health and Wellness:</p>	<p>Ho-Ho-Kus School has identified wellness as an important goal each year. Practices such as mindful minutes, brain breaks, yoga, dog therapy stress relief during PARCC, and teacher/student stress reduction training are some examples of recent initiatives. In addition, the school embraces the education of the whole child where the social and emotional well-being of students is just as important as academics.</p>
 <p>Parent and Community Involvement:</p>	<p>Ho-Ho-Kus strongly values education and everyone shares in the responsibility to support school programs that reflect critical learning tenets. We are proud that our community partners, the Home & School Association (HSA) and Education Foundation, represent the best of community engagement in public education. These groups have funded author visits, state of the art technology, and other extra experiences for our students, enabling us to enhance our instructional program in numerous ways.</p>

Facilities:

Ho-Ho-Kus School was originally constructed in 1936 with other additions added to the building, the most recent in 2004. The school has a large auditorium, gym, library/media center, science and computer labs, choral music and band rooms, and a large outdoor campus. Ho-Ho-Kus School is the hub of the community; the facility is also used by outside groups such as scouts, rec/travel sports teams, and YAC after school activities. Community events like the Halloween Parade also take place here.

School Safety:

The safety of the students and staff is of utmost importance at Ho-Ho-Kus School. There are many safeguards in place to ensure this is the case. The Ho-Ho-Kus Police Department and the Ho-Ho-Kus School District work together to support safety and security.

 <p>Technology and STEM:</p>	<p>Students in Grades K-8 enjoy many STEM learning experiences. Some examples of these opportunities are maker spaces, inquiry based science lessons, robotics classes, genius hour, elementary grade technology electives, and STEM middle school electives. Materials/methods used include Lego robotics, coding opportunities, and engineering and design activities. Students also have the use of a 3D printer to create models of their designs. In addition, every science unit has engineering components built in.</p>
 <p>Early Childhood Education:</p>	<p>Ho-Ho-Kus School presently has a half day integrated preschool program for three and four year olds. The Tools of the Mind curriculum is used where learning is fostered through dramatic play. Students engage in play planning in which they develop an idea for play time, draw and write it, and then follow through the plan in different centers. Encouraging executive functioning skills is a critical component. The preschool curriculum is built around everyday themes such as restaurant, family, doctor, etc. to further develop real world vocabulary and social situations.</p>
