English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	98.2%	85.0%
12th graders taking SAT in 2017-18 or prior years	69.0%	72.2%
12th graders taking ACT in 2017-18 or prior years	*	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested
AP Calculus AB	6	6
AP Computer Science A	0	1
AP English Literature and Composition	17	17
AP Psychology	20	21
AP U.S. Government and Politics	16	16
Total Exams taken		61
Exams with scores of at least 3 on AP exams or 4 on IB exams		14

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

Students Earning Industry-Valued Credentials

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students that earned one or more industry-valued credential, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	Number of students chronically absent	Percent of students chronically absent	State Average	Met State Average

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	15.47	17.5%
Mathematics Proficiency	33.81	17.5%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum, Instruction:

Our curriculum is aligned with the New Jersey State Learning Standards. We have continuously integrated the newest standards into each course while maintaining and improving the rigor, depth, and breadth of each course. Chartertech undergoes a review of all curriculum twice a year to ensure pacing and sequence of courses are aligned. The curriculum is also reviewed during the summer months; changes to the curricula are made and alignment to the standards are reviewed. The rigor of our academic department's curriculum has been mounting over the past several years and we currently offer honors courses in most academic courses and five AP courses including AP Biology, AP Literature and Composition, AP Calculus AB, AP Psychology, and AP United States Government and Politics. We also have Dual Credit and articulation programs with several neighboring colleges including Rowan University, Stockton University, and Atlantic Cape University.

Clubs and Activities:

Our artists enjoy over 30 different clubs and organizations and are always welcome to organize new clubs or organizations that meet their needs. The following is a sampling of clubs and organizations that are offered: Artist Council, National Honor Society, Interact Club, Photography Club, Drawing Club, Yearbook Club, Gay- Straight Alliance, Debate Club, Yoga Club, Tap Club, Introduction to Film Making Club, Piano and Voice Lessons, Dance Lessons, Photoshop Club, Gaming Club, Culture Club, and, the School Musical Production.

 <p>Before and After School Programs:</p>	<p>We offer free tutoring both before and after school. Before school tutoring is available from 7:30 am to 8:00 am. After school, as part of our Title I extended day program, tutoring is available from 3:00 pm to 4:30 pm Monday-Thursday and then from 3:00-3:30 pm on Fridays.</p>
 <p>Postsecondary Information:</p>	<p>We offer comprehensive support to our students to help them achieve their goals whether that be getting into their dream college, the military, or the work force after graduation. This starts freshmen year and continues throughout their high school career including providing artists with the opportunity to take the PSAT 8/9, PSAT 10, PSAT/NMSQT, and SAT here at school; a SAT Prep elective; free SAT online prep; and integrated PSAT/SAT prep into our regular curriculum. Additionally, we have a SAT coordinator who provides professional development to staff members and analyzes data to look for trends that will benefit instruction. Our guidance counselor also works closely with the artists to help them register and utilize fee waivers. To help those artists entering the military, we offer the ASVAB here at school, which is the military entrance exam. Last year, 94% of our graduating class applied and was accepted into college.</p>

Student Supports and Services:

We offer a tiered intervention system of supports for struggling students including tutoring during Intervention/Enrichment, before and after school, and small group pull out. Additionally, for Students with disabilities Chartertech offers the least restricted placement options to meet the needs of Artists with disabilities for special education and related services. Educational program options include general education class settings with supplementary aids and services such as educational adaptations and modifications, supplementary instruction, assistive technology, instructional assistants, and related services. As we believe in meeting the individual needs of our Artists, Special Education Artists also have the opportunity to take Honors and AP courses. Artists are provided differentiated instruction, enrichment activities, tiered assignments, flexible skills grouping, and mentoring. Artist progress is monitored to ensure individual growth and attainment of individual goals.

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers

We survey artists (students), parents, administration, and teachers annually about our school climate and safety.

School Safety:

We take school safety very seriously. In fact this past summer, we connected our two buildings so that the artists no longer had to walk outside where they could be potentially exposed. Additionally, we have a school wide video surveillance system, and a School Resource Office through the Somers Point Police Department. Furthermore, we take the time to educate our artists into well informed sensitive citizens. For example, every year our Musical Theatre department hosts "True Colors". This is an artist presentation where original and true reflections of student experiences including such topics as bullying, eating disorders, drugs and alcohol, and LGBTQ issues are presented to help all be aware of the diversity and support available in our school. We also integrate character awareness into our curriculum and conduct School Safety and Climate Surveys.

Other Information:

Our school offers block scheduling in a unique format, where the artists receive their art every day and their academics alternate every other day throughout the rest of the schedule. This allows them to receive all their academics year round, which traditionally does not happen in a block schedule. Additionally, we have a dedicated Intervention/Enrichment period in the school day that allows artists to either receive extra help or delve into other interests or expand current interests. This also allows us to offer AP labs, which gives the AP classes additional instruction and preparation time. We accept artists from over 26 different districts and hold an annual lottery in January for our incoming class for the upcoming school year.
