Comparison Of Tax Levies And Tax Rates For 1974 With Tax Levies

And Tax Rates Resulting From Governor's Tax Reform Recommendation

The attached sheets show the 1974 Tax Levies and Tax Rates for New Jersey's 567 municipalities, and an approximation of the levies and rates if the Governor's Tax Reform recommendations had been implemented in 1974. The tables combine both the school financing program, and the municipal overburden program. A brief description of each column follows:

- Column 1 1974 Tax Levy - The total amount of money which must be raised by property taxes in 1974 to support schools, municipal and county government, county libraries, veterans and senior citizens. All tax levy data is from the 1974 County Abstracts of Ratables.
- Column 2 Net Changes: Schools and Overburden -
- Schools - The net increase or decrease of state support, assuming \$106,000 guaranteed valuation per unweighted pupil. Data is taken from the booklet entitled "Present and Proposed Apportionment of State Support to New Jersey School Districts", dated May 15, 1974, and prepared by the Department of Education. Adjustments, as provided by the Department of Education, have been made for each Regional School District so as to apportion the proposed changes to the constituent municipalities. In those municipalities whose school districts levy taxes on a calendar year the impact would be spread over two calendar years.
- Municipal - The net decrease resulting from the state assuming the cost of (1) municipal welfare; (2) county welfare (AFDC, Bureau of Children's Services, Welfare Board Administration, Assistance to the Working Poor, and Supplemental Social Security Income); and, (3) Courts (County Courts, Law Library, District Courts, Juvenile and Domestic Courts, Jury Commissions and Fees, Surrogate, Probation, and Library - less any revenues from District and County Courts, Surrogate and Probation). And by having the state provide (4) in lieu of tax payments for state owned property; and (5) providing a tax rebate for publicly assisted housing.
- Column 3 1974 Adjusted Levy - The 1974 total tax levy minus or plus all adjustments for the school and overburden program.
- Column 4 Percent Change - The percentage of increase or decrease between the 1974 Tax Levy and the 1974 Adjusted Levy. Increases are shown with a + sign.

Columns 1974 General Tax Rate

5 Current - Is the 1974 General Tax Rate for each municipality as determined by the County Boards of Taxation, and
and published in the Abstracts of Ratables.

6 Proposed - Is the Adjusted General Tax Rate based upon the 1974 Adjusted Levy (Col. 3).

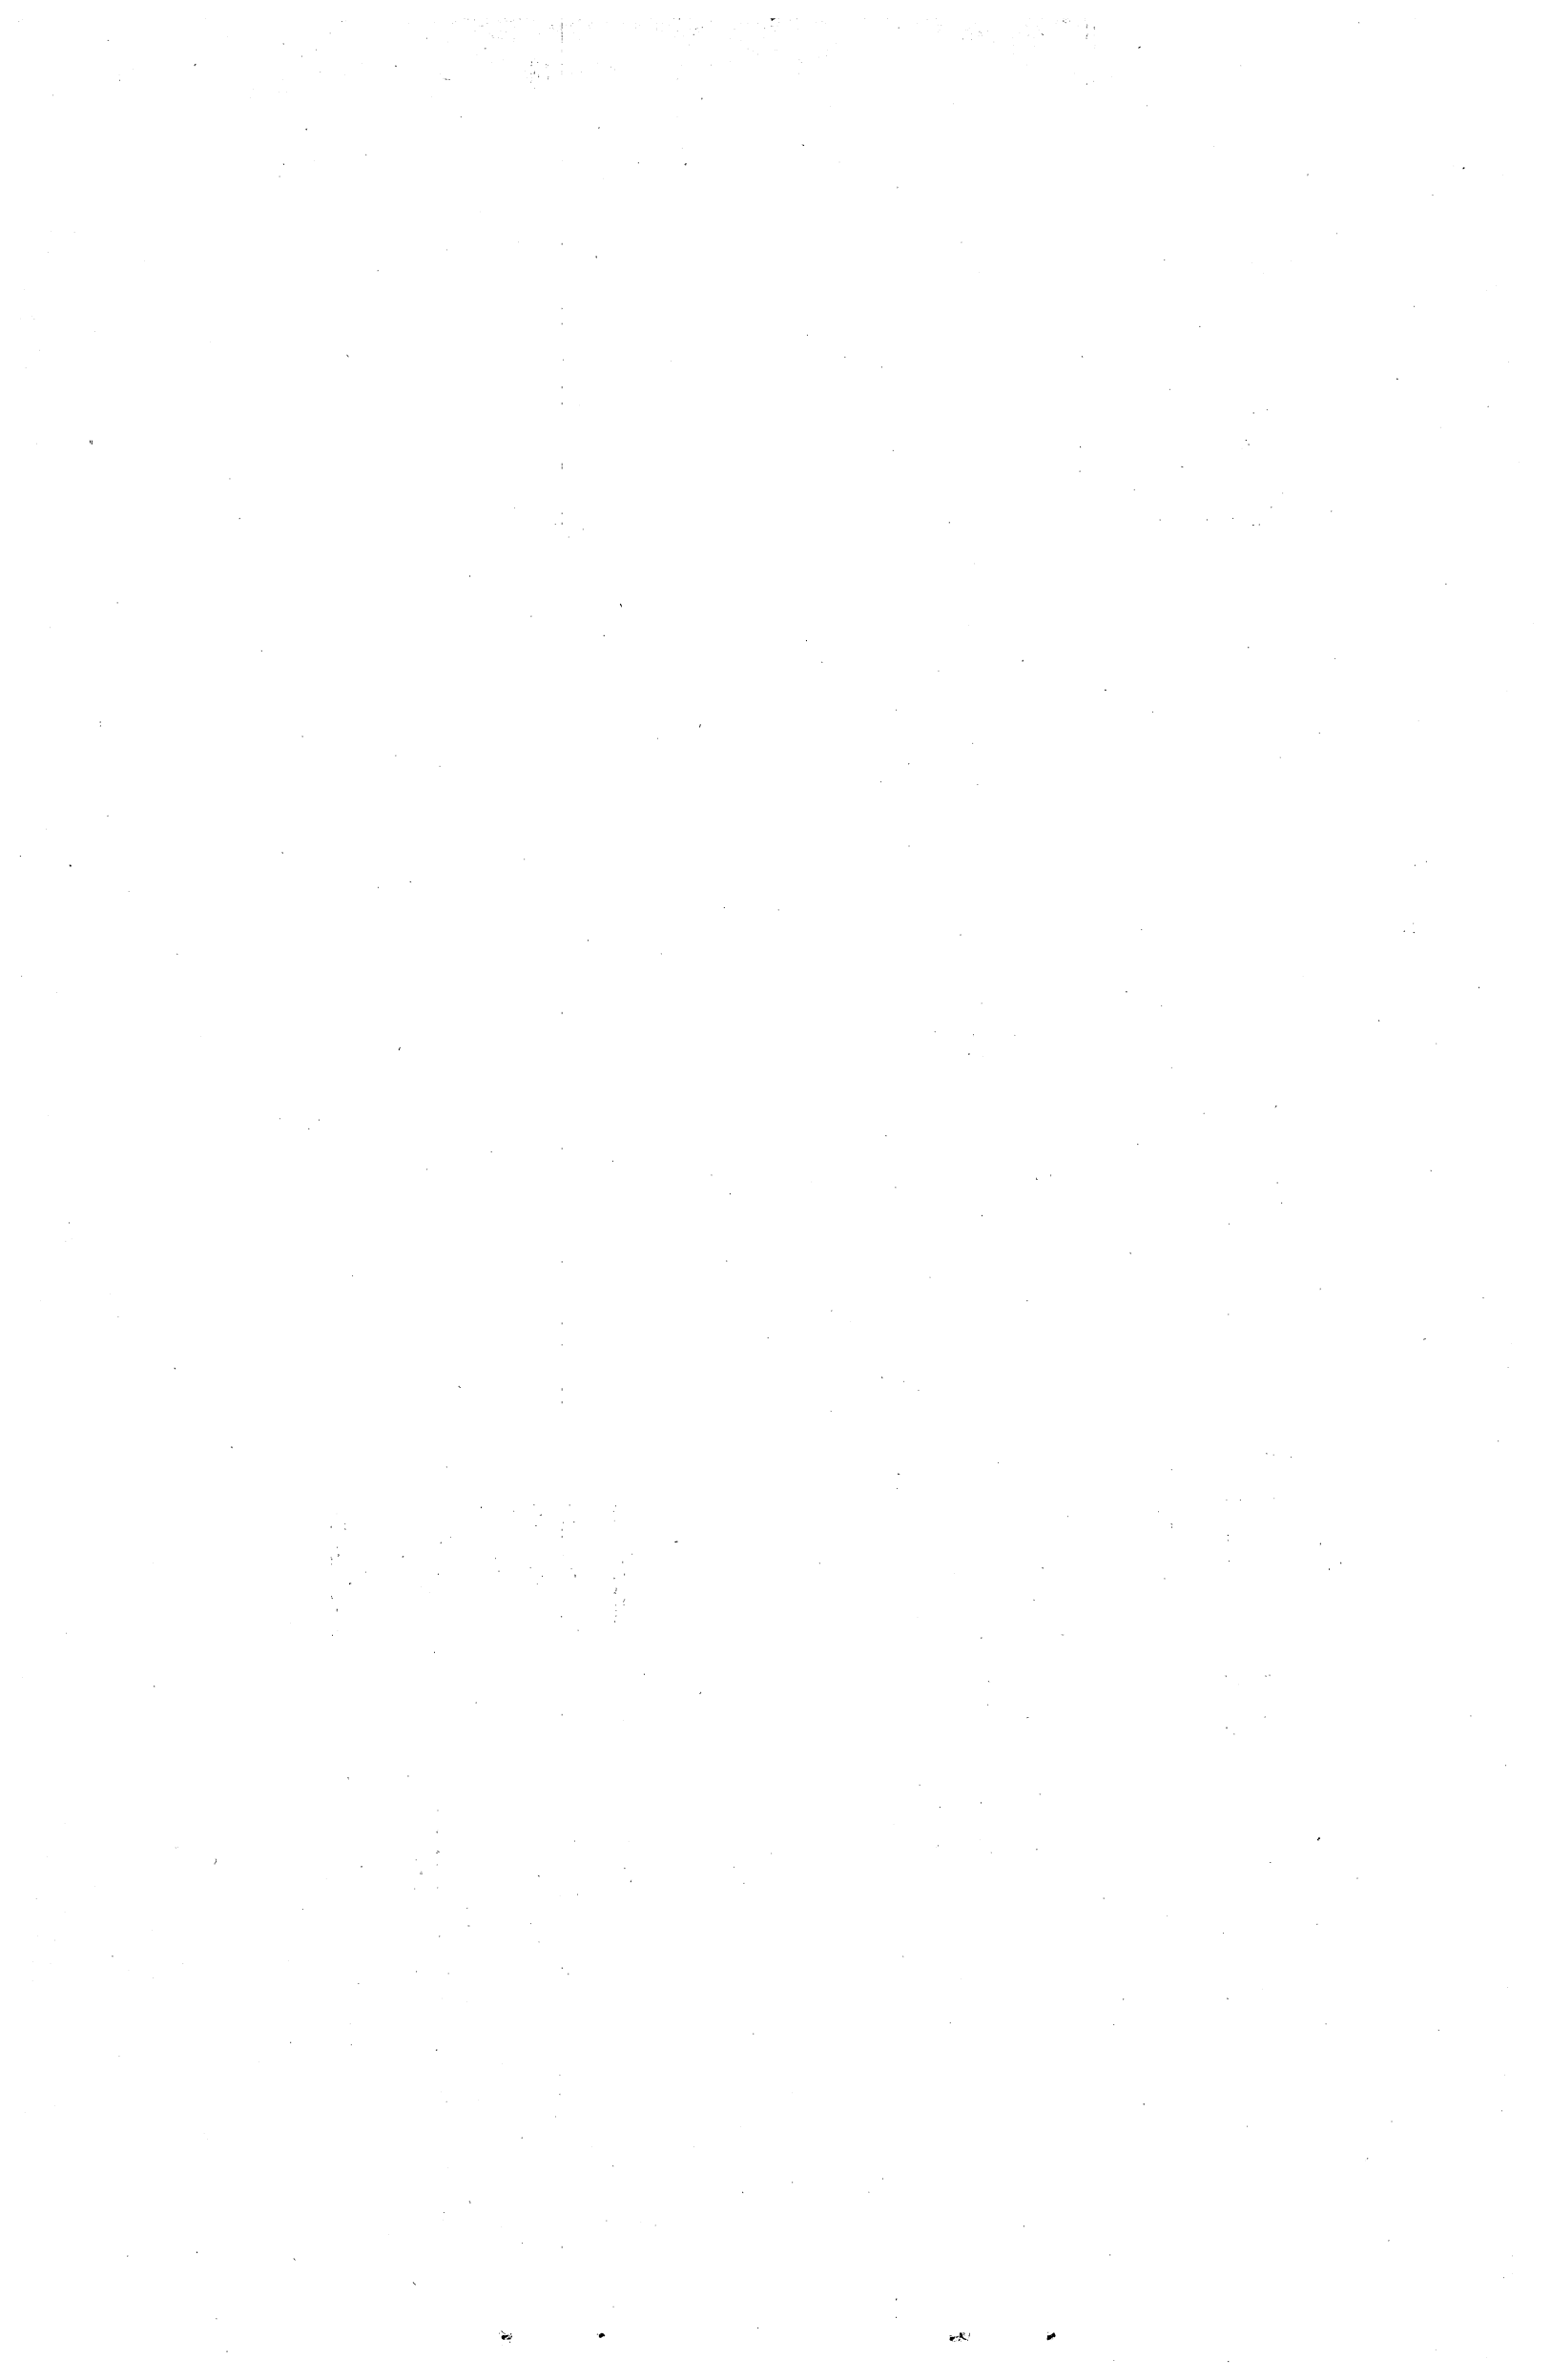

Columns 1974 Equalized Tax Rate -

7 Current - Is the 1974 General Tax Rate multiplied by the county equalization ratio for each municipality.
and

8 Proposed - Is the 1974 proposed general tax rate multiplied by the county equalization ratio for each municipality.

An example of the procedure is shown for the Township of Cinnaminson (Burlington County) on the next sheet.
