

DIVISION OF FISH, GAME AND WILDLIFE

7:25-12.16 Licensing fees

(a) The annual fee for each surf clam license shall be the minimum provided for at N.J.S.A. 50:2-6.3.

(b) The annual fee for a bait clam vessel license shall be the minimum provided for at N.J.S.A. 50:2-6.3.

Amended by R.1995 d.632, effective December 4, 1995.
See: 27 N.J.R. 3269(a), 27 N.J.R. 4888(a).

7:25-12.17 Renewal of surf clam licenses and bait clam vessel licenses

(a) Surf clam licenses and bait clam vessel licenses shall be renewed annually by payment of the annual license fee on or before the June 30 immediately preceding the license year. If a surf clam licensee has not paid the annual license fee on or before the expiration date, the Department shall retire that surf clam license from the surf clam fishery.

(b) Surf clam license and bait clam vessel license renewal is specifically conditioned on the continuing compliance of the licensee with all the requirements of this subchapter and all statutory criteria for licensing and harvest. The Department shall not renew a surf clam license or a bait clam vessel license for a licensee who, by June 30, has not filed the required weekly reports in a timely fashion, as specified at N.J.A.C. 7:25-12.13, and, in the case of bait clams, paid the required landing fee in a timely fashion, as specified at N.J.A.C. 7:25-12.12, for any part of the preceding license year.

Amended by R.1995 d.632, effective December 4, 1995.
See: 27 N.J.R. 3269(a), 27 N.J.R. 4888(a).

7:25-12.18 Signatories; certification

(a) All applicants and licensees shall, upon submission of initial, renewal, replacement applications, transfer applications or weekly harvest reports, sign the following certification on the application or report forms:

1. "I certify under penalty of law that the information provided in this document is true, accurate and complete. I am aware that there are significant civil penalties for submitting false, inaccurate or incomplete information and significant criminal penalties, including fines and/or imprisonment for submitting false, inaccurate or incomplete information or information which I do not believe to be true."

(b) Penalties for false swearing or false reporting may include the penalties set forth in N.J.S.A. 2C:28-3 and the penalties set forth in N.J.A.C. 7:25-12.19.

7:25-12.19 Penalties

Violation of any section of this subchapter, or any license or order issued pursuant to it, shall subject the violator to the penalties set forth in the Marine Fisheries Management and Commercial Fisheries Act, N.J.S.A. 23:2B-1 et seq., at N.J.S.A. 23:2B-14. Penalties may include monetary penal-

ties of \$100.00 to \$3,000 for a first violation, and \$200.00 to \$5,000 for any further violations. Penalties may also include confiscation of any vessel or equipment used in committing a violation, and revocation of any license issued under this subchapter and N.J.S.A. 50:2-6.1 through 50:2-6.3. The Department may compromise and settle any claim for a penalty under this subsection in such amount as in the discretion of the Department may appear appropriate and equitable under all the circumstances.

7:25-12.20 Hearings

(a) Except as provided in (b) below, prior to the suspension or revocation of any license, the licensee has the right to a hearing, upon the licensee's request to the Department. The request for a hearing shall be sent to the Office of Legal Affairs, ATTENTION: Adjudicatory Hearing Requests, Department of Environmental Protection, CN 402, Trenton, New Jersey 08625-0402. The hearing shall be conducted pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B and 52:14F, and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(b) When necessary to protect the public health, safety or welfare, the Department may immediately suspend a license without a pre-suspension hearing. In that case, the hearing shall be conducted on an expedited basis.

New Rule, R.1991 d.173, effective April 1, 1991.
See: 23 N.J.R. 223(a), 23 N.J.R. 1001(a).
Administrative change in (a).
See: 23 N.J.R. 3325(b).

SUBCHAPTER 13. LEASED TIDAL GROUNDS**7:25-13.1 Marking of leased tidal grounds; Delaware River and Bay**

No leased shellfish ground in the Delaware River and Bay shall be dredged upon unless it is properly staked or buoyed. Proper stakes or buoys shall extend at least four feet above mean high water; each corner marked with a stake or buoy shall have on it the number of the lots marked. Numbers shall be four inches high on a background of contrasting color. Corners that have to be marked shall be the same as those shown on the approved shellfisheries maps.

R.1977 d.16, effective January 26, 1977.
See: 8 N.J.R. 547(b), 9 N.J.R. 78(a).

SUBCHAPTER 14. CRAB MANAGEMENT**Authority**

N.J.S.A. 23:2B-6, 23:2B-14, and 50:3-16.13.

Subchapter Historical Note

Unless otherwise expressly noted, all provisions of Subchapter 14, Crab Management, were originally adopted pursuant to authority of N.J.S.A. 50:3-20 and were filed and became effective June 1, 1977, as R.1977 d.196. See: 9 N.J.R. 117(a), 9 N.J.R. 319(b). Amendments to Subchapter 14, which were proposed in the May 7, 1981 Register at 13 N.J.R. 2828(b), were disapproved by the legislature on June 15, 1981 by Senate Concurrent Resolution No. 3024 (see: 13 N.J.R. 382(a)). The amendments were subsequently adopted by the Department and filed with the Office of Administrative Law on July 20, 1981 d.299, to become effective August 6, 1981. The adopted amendments were modified to comport with the Legislative objectives. See: 13 N.J.R. 546(a). Subchapter 14 was proposed as a readoption with amendments and was adopted as a new rule pursuant to Executive Order No. 66(1978) as R.1985 d.560, effective November 4, 1985. See: 17 N.J.R. 1930(a), 17 N.J.R. 2608(a). See, also, Chapter Historical Note.

7:25-14.1 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise:

“Blue crab” means the crab *Callinectes sapidus*.

“Crab” means any species commonly known as a crab except horseshoe crab (*Limulus polyphemus*).

“Crab dredge area” means all marine waters of the State including the Atlantic Ocean with the exception of the Newark Bay Complex, the State oyster beds defined in N.J.A.C. 7:25-19.1, and the Delaware Bay north and west of a line:

1. Beginning at a point (Corner 1) on the shore line of Cape May County (Lat. 39 deg 04.35'N; Long. 74 deg 54.83'W) thence running 247 deg 38.08' (T) 21,127 feet to a point (Corner 2) where the Clam Line intersects the Brandywine-Dennis Creek Line (Lat. 39 deg 05.66'N; Long. 74 deg 58.96'W);

2. Thence running 221 deg 14.32' (T) 4, 871 feet to a point (Corner 3) (Lat. 39 deg 05.06'N; Long. 74 deg 59.64'W) located on the Dennis Creek Range Line;

3. Thence running 319 deg 24.57' (T) 13,749 feet to a point (Corner 4) (Lat. 39 deg 06.77'N; Long. 75 deg 01.54'W) located in the Delaware Bay;

4. Thence running 270 deg 50.95' (T) 40,487 feet to a point (Corner 5) (Lat. 39 deg 06.84'N; Long. 75 deg 10.10'W) in Delaware Bay;

5. Thence running 329 deg 27.45' (T) 25,825 feet to a point (Corner 6) (Lat. 39 deg 10.49'N; Long. 75 deg 12.90'W) on the Southwest Line; and

6. Thence running 235 deg 24.00' (T) 7,561.25 feet to the ruins of the former lighthouse known as Cross Ledge Shoal in Delaware Bay.

“Commercial crab pot” means a cube or rectangular shaped device not larger than 30 inches on a side with openings inward for the entrance of crabs. Any similar device may be approved by the Division. The material of which the pot is constructed shall have a mesh not less than one inch across measured on its longest axis. The openings into the interior of the pot shall be oval and not larger than seven inches wide and four inches high.

1. Effective January 1, 1998, all commercial crab pots shall be constructed to include a biodegradable panel or other mechanism which is designed to create an opening to allow the escape of crabs or other marine organisms after a pot has been abandoned or lost, and which meets the following criteria:

i. The opening covered by the panel or created by another approved mechanism as identified in subparagraph 1iii below shall be oval or rectangular and measure at least eight inches wide and five inches high, shall be located in the upper section of the pot, and shall be in a position which allows the unobstructed exit of crabs or fish from the pot;

ii. The panel shall be constructed of, or fastened to the pot with one of the following materials: wood lath; cotton, hemp, sisal or jute twine not greater than $\frac{3}{16}$ inch in diameter; or non-stainless, uncoated ferrous metal not greater than $\frac{3}{32}$ inch in diameter; and

iii. The door or a side panel of the pot may serve as the ghost panel if the door or side panel is fastened to the pot with a material specified in subparagraph 1ii above.

2. Effective January 1, 1998, all commercial crab pots set within 50 feet of a shoreline shall include terrapin excluder devices attached to the inside of all pot entrance funnels which meet the following criteria:

i. The terrapin excluder device shall be rectangular and no larger than four inches wide and two inches high;

ii. The terrapin excluder device shall be securely fastened inside each funnel to effectively reduce the size of the funnel opening to no larger than four inches wide and two inches high; and

iii. Any similar device may be approved by the Division after consultation at a regularly scheduled meeting of the Marine Fisheries Council.

“Delaware Bay,” for the purpose of this subchapter, consists of the marine waters under the jurisdiction of the State of New Jersey north and west of the COLREGS Demarcation Line which runs from the Cape May Point Lighthouse in Cape May, New Jersey to F1 5sec Horn at Cape Henlopen, Delaware.

“Department” means the Department of Environmental Protection.

"Division" means the Division of Fish, Game and Wildlife.

"Land" means to transfer the catch of crabs from any vessel to any land, pier, wharf or dock.

"Newark Bay Complex" means the tidal Passaic River, the tidal Hackensack River, the Newark Bay, the Arthur Kill, and the Kill Van Kull.

"Trot line" means a single length of anchored line no longer than 3,000 feet to which baits or baited barbless hooks are attached.

Repeal and New Rule, R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Section was "Crab pots and trot lines defined".

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Inserted definitions for "blue crab" and "crab", and amended definitions of "crab dredge area" and "commercial crab pot".

7:25-14.2 Use of crab pots and trot lines

(a) No individual shall tend or remove crabs from any pot or trot line unless he or she is the holder of a valid license, or as otherwise herein provided.

1. An individual tending crab pots or trot lines shall have in his or her possession his or her numbered license which corresponds to the vessel number and the number marker on the pots or trot lines tended;

2. A commercial licensee may authorize an agent to tend his or her pots or trot lines provided the agent is in possession of his or her own license, the license of the individual whose pots are to be tended and a letter of authorization from said licensee, issued and notarized by the Division indicating the number marker of the pots or trot lines that the agent is authorized to tend. In cases of hardship due to illness or vessel repairs, an authorized agent is not required to possess his or her own license, and can, for a maximum of 30 days, tend said licensee's pots or trot lines upon satisfying all other conditions of this paragraph.

3. The commercial licensee may be held liable and subject to the penalty provisions provided in N.J.A.C. 7:25-14.13 for the violation of provisions of this subchapter actually committed by the agent based upon the apparent authority of the agent to act for his or her principal.

(b) No person shall cut or break the lines or otherwise tamper with or damage in any way, any pot, trot line or buoy which he does not own or is not authorized to tend.

(c) All other organisms other than crabs and conchs shall be immediately released to the waters from which such organisms were taken.

(d) All crab pots must be checked and emptied of all crabs and other organisms at least once every 72 hours.

(e) No license holder shall fish more than 600 crab pots in Delaware Bay nor more than 400 crab pots in all other waters.

(f) No license holder shall set any crab pots except between April 16 to December 14 in Delaware Bay and between March 15 to November 30 in all other waters.

(g) All gear associated with crab potting must be removed from the water within three days of the end of the season.

Amended by R.1985 d.560, effective November 4, 1985.

See: 17 N.J.R. 1830(a), 17 N.J.R. 2608(a).

(a)3 added.

Amended by R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Added hardship provision in (a)2.

7:25-14.3 Hours of fishing

Crab pots and trot lines may be tended only from 0400 hours (4:00 A.M.) to 2100 hours (9:00 P.M.) prevailing time, in Delaware Bay and 24 hours a day in all other waters.

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Expanded hours for waters outside of Delaware Bay.

7:25-14.4 Commercial licenses for crab pots/trot lines and crab dredges

(a) No individual shall take or attempt to take crabs by any means for the purpose of sale or barter without having in his or her possession his or her valid commercial crab pot/trot line or crab dredge license issued by the Division pursuant to N.J.S.A. 23:5-35.2. A Delaware Bay commercial crab dredge license is valid to harvest crabs only within that portion of the "Delaware Bay" defined at N.J.A.C. 7:25-14.1 as part of the "crab dredge area." An Atlantic Coast commercial crab dredge license is valid to harvest crabs in all areas defined at N.J.A.C. 7:25-14.1 as the "crab dredge area" except that area defined as the "Delaware Bay."

1. To be eligible for a commercial crab pot license, the applicant must provide a copy of a previously valid commercial crab pot license held by the applicant from the preceding year. Any person on active military service during any part of the period from January 1, 1991 through July 8, 1993, will also be eligible for a license provided application is made to the Department within a 90 day period following completion of that active military service, upon submission of official documentation indicating duration of military service and date of discharge.

2. No additional crab pot licenses will be issued until the number of licenses issued decreases below the number issued in 1991 (312 licenses).

i. When additional licenses are available, unsuccessful applicants from the previous lottery will be given the first right to the license provided they purchase a license within 30 days of being notified by the Department. Notification by the Department shall be by first class mail. It is the responsibility of the applicant to provide the Department with written notification of any change in mailing address. Once a lottery list is exhausted, the Department shall notify commercial docks and fishing organizations as to the availability of licenses. Applications for a license shall be available from the Department; and successful applicants shall be chosen by lottery, if necessary, from all completed applications received by the Department.

3. To be eligible for an Atlantic Coast commercial crab dredge license, the applicant must provide a copy of a previously valid Atlantic Coast commercial crab dredge license held by the applicant from the preceding year. Any person on active military service during any part of the period from January 1, 1991 through July 8, 1993, will also be eligible for a license provided application is made to the Department within a 90 day period following completion of that active military service, upon submission of official documentation of military service and date of discharge.

4. No additional Atlantic Coast commercial crab dredge licenses will be issued until the number of licenses issued decreases below the number issued in 1993 plus 20 percent (338 licenses). When additional licenses are available, the Department will issue available licenses pursuant to (a)2i above.

5. To be eligible for a 1997 Delaware Bay commercial crab dredge license, the applicant shall provide a copy of a New Jersey crab dredge license, an Area 2 and 3 license or an oyster dredge boat license valid at any time during the period from January 1, 1992 through December 31, 1996; and shall have landed and sold blue crabs in New Jersey during the crab dredge season concurrent with the time period of the license(s) held. Applicants qualifying under an Area 2 or 3 license or an oyster dredge boat license above shall have also concurrently held a commercial crab pot/trot line license. Proof of landings shall include monthly reporting forms held by the Division, weigh-out slips, or other form of proof acceptable to the Commissioner. In subsequent years, the applicant shall provide a copy of a previously valid Delaware Bay commercial crab dredge license held by the applicant from the preceding year.

6. No additional Delaware Bay commercial crab dredge licenses shall be issued until the number of licenses issued decreases below the number sold in 1997. When additional licenses are available, the Department shall issue available licenses pursuant to (a)2i above.

7. Commercial crab pot and crab dredge licenses are non-transferable except that a license holder may transfer the right to the license at any time to the license holder's spouse, father, mother, son or daughter upon application to the Division. The new licensee shall have a license issued in their name after payment of the fee specified at (a)8 below.

8. The license fee for New Jersey residents shall be \$100.00 for a commercial crab pot/trot line license, \$100.00 for a Delaware Bay commercial crab dredge license and \$100.00 for an Atlantic Coast commercial crab dredge license. The license fee for non-residents will be the same as that for a resident if a New Jersey fisherman can obtain a license to harvest crabs in the state of residence of the non-resident applicant for the same fee as a resident of that state. Otherwise, the non-resident license fee shall be an amount equal to five times the \$100.00 New Jersey resident license fee. All licenses shall expire on December 31 of the calendar year for which they were issued.

9. For crab pots and trot lines, the gear number shall be displayed on both sides of the crabber's boat amidship, in numerals not less than 12 inches high of a color contrasting with the background, and such numerals shall be illuminated during the hours of darkness.

(b) For the purposes of this section and N.J.S.A. 23:5-35.1, the possession of more than one bushel of crabs shall be considered as taking for the purpose of sale or barter. A bushel shall be defined as a U.S. standard bushel equivalent to four pecks or 32 quarts.

Amended by R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Substantially amended section.

7:25-14.5 Noncommercial licenses for crab pot/trot lines and crab dredges

(a) No individual shall take or attempt to take crabs by means of crab pots, trot lines or crab dredges without having in his or her possession a valid license issued by the Division.

1. The Division will issue a noncommercial crab pot/trot line license for no more than two crab pots or two trot lines. Trot lines shall not exceed 150 feet in length with a maximum of 25 baits attached. Pots and trot lines shall be marked with the license number. There is no fee for this noncommercial license. All licenses shall expire on December 31 of the calendar year for which they were issued.

2. The Division shall issue a noncommercial crab dredge license subject to the following provisions:

i. The number of dredges on any one vessel shall not exceed two;

- ii. The maximum weight of each dredge shall be 80 pounds;
- iii. The maximum length of the tooth bar shall be 38 inches;
- iv. The maximum length of teeth shall be three inches;
- v. The maximum space between teeth shall be three inches, measured at the base;
- vi. Mechanical dredge haulers are prohibited;
- vii. No person shall catch, take or attempt to catch or take crabs by means of a crab dredge except during the times and seasons set forth in N.J.A.C. 7:25-14.7(d) and (e);
- viii. All organisms other than crabs taken by crab dredge shall be immediately returned to the water; and
- ix. There is a fee of \$15.00 for this noncommercial license.

3. Crabs taken under provisions of a noncommercial license may not be sold or used for barter. The maximum harvest and/or possession of crabs for the noncommercial crabber is one bushel per day per person.

Amended by R.1994 d.152, effective March 21, 1994.
 See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).
 Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).
 See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).
 Applied section to crab dredges; recodified as (a)2 as (a)3; and inserted new (a)2.

7:25-14.6 Placement and marking of pots and trot lines

(a) Each crab pot shall be clearly and visibly marked with a buoy, stake or permanent identification tag bearing the license number of the owner. All crab pot buoys shall be marked with fluorescent or reflective paint, tape or other reflective material or reflectors. Floating line shall not be used on any crab pot or crab pot buoys.

(b) Each trot line shall be marked at both ends with a clearly visible stake or buoy. No trot line shall be set within 100 feet of another trot line.

(c) No pot shall be placed in a creek, ditch or tributary less than 50 feet wide at mean low water unless approved by the Division. No pot or trot line shall be placed in any man-made lagoon or in any marked or charted channel except noncommercially licensed pots fastened to a pier or other shore connected structure by a line no larger than twice the depth of the water at that point. Any pot placed in any body of water less than 150 feet wide from shoreline to shoreline at mean low water or in any man-made lagoon shall contain terrapin excluder devices pursuant to N.J.A.C. 7:25-14.1.

(d) No pot or trot line shall be placed in areas designated by the Division after consultation with the Shellfisheries

Council and the Marine Fisheries Council, as off limits for the catching of crabs by means of pots or trot lines, except noncommercially licensed pots fastened to a pier or other shore connected structure by a line no longer than twice the depth of the water at that point.

(e) At no time shall any pot or trot line be placed to obstruct or impede navigation.

Amended by R.1985 d.560, effective November 4, 1985.

See: 17 N.J.R. 1830(a), 17 N.J.R. 2608(a).

"Stake" substituted for "state".

Amended by R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Petition for Rulemaking.

See: 27 N.J.R. 944(b), 27 N.J.R. 1478(c).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Recodified (a)2 as (a)3 and inserted new (a)2; and in (c), added provision relating to terrapin excluder devices.

7:25-14.7 Use of crab dredges

(a) An individual shall not catch or take crabs by dredges without having his or her valid crab dredge license in his or her possession. A Delaware Bay commercial crab dredge licensee may authorize an agent to operate a crab dredge vessel if the agent is in possession of the said licensee's license and a letter of authorization from said licensee, issued and notarized by the Division, indicating the license number and vessel registration number of the vessel that the agent is authorized to operate.

1. No boat shall have more than four dredges working at the same time, except in Delaware Bay where no boat shall have more than two dredges working at the same time.

2. The maximum length of each tooth bar shall be 75 inches north of Route 36 (Highlands Bridge) and in the Atlantic Ocean, but if two or fewer dredges are in possession north of Route 36 (Highlands Bridge) or in the Atlantic Ocean then the maximum length of each tooth bar shall be 96 inches. The maximum length of each tooth bar shall be 54 inches in Delaware Bay, but if no more than one dredge is in possession in Delaware Bay then the maximum length of each tooth bar shall be 96 inches. The maximum length of the tooth bar in all other crab dredge areas shall be 38 inches.

3. The maximum weight of each dredge shall be 400 pounds north of Route 36 (Highlands Bridge) and in the Atlantic Ocean, but if two or fewer dredges are in possession north of Route 36 (Highlands Bridge) or in the Atlantic Ocean then the maximum weight of each dredge shall be 500 pounds. There is no weight limit for dredges used in Delaware Bay. The maximum weight of each dredge in all other crab dredge areas shall be 80 pounds. All weights refer to the weight of the dredge and collecting bag.

4. The maximum length of teeth shall be six inches north of Route 36 (Highlands Bridge), the Delaware Bay

and in the Atlantic Ocean and three inches in all other crab dredge areas.

5. Shellfish harvested from Delaware Bay Areas 2 and 3 may be retained as provided under N.J.S.A. 50:3-16.13 and N.J.S.A. 50:3-16.20. Simultaneous possession of shellfish and a dredge larger than specified in N.J.S.A. 50:3-16.20 shall be prima facie evidence of a violation of this section.

6. The minimum space between teeth shall be three inches in all crab dredge areas, measured at the base.

7. A chain or toothless bar shall be allowed in place of a tooth bar in all waters.

8. The collecting bag of a dredge, if material, shall have mesh not less than two inches bar measure or four inches stretched measure; if wire, shall not be less than two inches bar mesh (inside measurement) or two and one-half inches inside diameter if circular; if metal, the O-rings shall not be less than two inches in diameter and shall be connected with no more than six "S" hooks that measure not less than two inches in length as measured to the inside of the "S" configuration.

9. Each dredge shall be independently and separately attached to a vessel by a single cable or tow line; except that two dredges can be towed by a single line in the Atlantic Ocean, Delaware Bay and north of Route 36 (Highlands Bridge) provided that the dredges are not solidly attached to each other in any way and are fastened to the tow line by a bridle that allows the dredges to act independently of each other.

(b) No person shall catch, take, or attempt to take crabs by dredge from any area except the "crab dredge area" as defined in the definitions section. No person shall dredge or attempt to dredge crabs on any marked leased shellfish grounds, except for a lessee on his or her leased shellfish grounds in Delaware Bay. A lessee may authorize an agent to dredge crabs on his or her leased shellfish grounds in Delaware Bay if the agent is in possession of the said lessee's license(s) and a letter of authorization from said lessee issued and notarized by the Division, indicating the license number(s) and vessel registration number of the vessel that the agent is authorized to operate. No person shall dredge or attempt to dredge crabs within 50 yards of any marked leased shellfish grounds.

(c) Any clams, oysters, scallops, mussels, other bivalve mollusks, or finfish, which may be caught incidentally to the catching of crabs by dredge, shall be redeposited immediately in the water from which such clams, oysters, scallops, mussels, other bivalve mollusks, or finfish are caught. No person, while engaged in the catching and taking of crabs by dredge, shall have in his or her boat or possession any clams, oysters, scallops, mussels, other bivalve mollusks, or finfish obtained from any source, except as provided under N.J.S.A. 50:3-16.13. Conchs may be retained in the crab dredge fishery as a by-catch only. The possession of bivalve mollusks or finfish, dredges and crabs simultaneously in the boat of any person shall constitute prima facie evidence of the violation of this section.

(d) No person shall catch, take or attempt to catch or take crabs by means of a crab dredge except from one-half hour after sunrise to one-half hour before sunset from November 15 through April 15 in Delaware Bay; and from December 1 through March 31 in all other waters.

(e) No person shall catch, take or attempt to catch or take crabs by means of a crab dredge at any time on Sunday except north of Route 36 (Highlands Bridge), in Delaware Bay, or in the Atlantic Ocean.

New Rule, R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Inserted references to Delaware Bay; inserted (a)5; and recodified former (a)5 through (a)8 as (a)6 through (a)9.

7:25-14.8 Landing crabs

All crabs harvested commercially in State waters shall be landed in this State.

New Rule, R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

7:25-14.9 Female crabs with eggs attached

No person shall take from any of the waters of this State, or have in his possession any female crustacean, commonly known as crab, with eggs or spawn attached thereto, or from which the egg pouch or union has been removed.

7:25-14.10 Size of crabs taken

(a) No person shall take from any tidal waters of this State or have in his or her possession any peeler or shedder blue crab measuring less than three inches across the back from the tip of the longest lateral spine to the other or a soft blue crab measuring less than three and one-half inches across the back from the tip of the longest lateral spine to the other, or hard blue crab measuring less than four and one-half inches across the back from tip to tip of spike.

1. For purposes of this section, a peeler or shedder blue crab shall mean a hard blue crab which has a fully formed soft shell beneath the hard outer shell and the impending shedding process is evidenced by the white sign along the outer rim of the paddle-like appendages on the crab's fifth pair of legs.

(b) A person shall not purchase, sell, offer for sale, or expose for sale any hard blue crabs measuring less than four and three-quarter inches across the back from tip to tip of spike.

R.1982 d.169, effective June 7, 1982.

See: 13 N.J.R. 645(a), 14 N.J.R. 578(a).

Amended by R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Petition for Rulemaking.

See: 27 N.J.R. 944(b), 27 N.J.R. 1478(c).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

11. All permitted New Jersey Summer Flounder Dealers shall provide weekly reports to the Division listing the amount of summer flounder landed on a daily basis by size category and any other information that may be required by the Commissioner or as a result of an agreement with other states pursuant to (j)6 above. Such report shall be FAXed to the Division at 609-984-1408 no later than two days following the week's end or sent by any other method approved by the Department. For the purpose of this provision, the week shall begin on Sunday and end on Saturday.

12. Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

i. Failure to submit the application by June 30, 1993 for use of otter trawls, pound nets, gill nets or scallop dredges or by May 31, 1994 for use of hook and line or to attach the required documentation to the application shall result in the denial of the permit.

ii. Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of summer flounder landed as specified in (i)4 above shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

iii. Failure to comply with the provisions of (j)3 above, minimum mesh size, (i)5iii above, landing, possessing or accepting in excess of the daily trip limit for summer flounder, (j)5iv, failure of notification of landing of summer flounder, (j)5vii above, landing summer flounder after the directed fishery and/or by-catch season has been closed, or (j)5xiii above, failure to submit accurate and timely monthly reports, (j)8 accepting more than by-catch amounts from non-permitted vessels, (j)9 accepting any summer flounder other than fresh product, or (a), (b), (d), (e) or (f) above or N.J.S.A. 23:3-46 through 23:3-47 shall result in the suspension or revocation of the vessel's New Jersey Summer Flounder Permit or the dealers New Jersey Summer Flounder Dealers Permit according to the following schedule:

- (1) First offense: 60 days suspension
- (2) Second offense: 120 days suspension
- (3) Third offense: permanent revocation

iv. Any person who has had his or her New Jersey Summer Flounder Dealers Permit suspended or revoked shall not land or permit the landing of any summer flounder at his or her facility during the suspension or revocation under the provisions of another permittee's New Jersey Summer Flounder Dealers Permit.

(k) Special provisions applicable to a directed weakfish fishery are as follows:

1. The possession of more than 100 pounds of weakfish on board a vessel or landed from a vessel shall constitute a directed fishery for weakfish.

2. A person shall not possess any weakfish less than 12 inches in length that have been harvested by otter or beam trawl during the period from September 1 through December 31. During the period of January 1 through August 31, the minimum size limit for weakfish harvested by otter or beam trawl is 13 inches in length pursuant to N.J.A.C. 7:25-18.12(a).

3. A person utilizing a beam or otter trawl in a directed fishery for weakfish shall not use a net of less than 3.75 inches stretched diamond mesh or 3.375 inches stretched square mesh, inside measurement, applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net. The possession of any net less than the minimum mesh specified above in this paragraph, or as modified by the Commissioner pursuant to (p) below, on board a vessel in a directed fishery for weakfish is prohibited.

4. A person shall not land any weakfish harvested by otter trawl except during the open seasons of January 1 through July 31 and October 13 through December 31 or as modified by the Commissioner pursuant to (p) below. No dealer shall accept any weakfish landed in New Jersey taken by otter trawl except during such open seasons or as modified by the Commissioner pursuant to (p) below.

(l) Special provisions applicable to a directed winter flounder fishery are as follows:

1. The possession of more than 100 pounds of winter flounder on board a vessel or landed from a vessel shall constitute a directed fishery for winter flounder.

2. A person shall not possess any winter flounder less than 12 inches in length that have been harvested by otter or beam trawl, or any other net, trap, dredge or commercial gear.

3. A person utilizing an otter or beam trawl in a directed fishery for winter flounder shall not use a net of less than 5.0 inches stretched mesh inside measurement applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net.

4. No person shall fish for or land any winter flounder taken by otter trawl or by any other net, trap, dredge or commercial gear in New Jersey waters, except during the open season of December 1 through May 31 or as modified by the Commissioner pursuant to (p) below. No dealer shall accept any winter flounder taken in New Jersey waters except during such open season or as modified by the Commissioner pursuant to (p) below. The harvest of winter flounder by the use of fyke nets is subject to the provisions of N.J.A.C. 7:25-18.5(g)2.

5. Except during the open season specified at (l)4 above, a vessel with any winter flounder on board shall

not have any otter or beam trawl available for immediate use while on the marine waters of this State. An otter or beam trawl that conforms to the provisions at (b)1 through 3 above is considered not "available for immediate use."

(m) Special provisions concerning the harvest of bluefish are as follows:

1. The annual bluefish allocation to the otter trawl fishery shall be 14.7 percent of New Jersey's annual commercial bluefish quota as allocated by the National Marine Fisheries Service.

2. A person shall not land any bluefish by otter trawl except during the open season of January 1 through December 7 or as modified by the Commissioner pursuant to (p) below.

(n) Special provisions applicable to a directed scup fishery are as follows:

1. The possession of more than 4,000 pounds of scup on board a vessel or landed from a vessel shall constitute a directed fishery for scup.

2. A person utilizing an otter or beam trawl in a directed fishery for scup shall not use a net of less than 4.0 inches stretched mesh inside measurement applied throughout the cod end for at least 75 continuous meshes forward of the terminus of the net.

(o) For the purpose of this section, "land" shall mean to begin offloading fish, to offload fish or to enter port with fish.

(p) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify quotas, mesh sizes, minimum size limits and seasons specified in this section by notice in order to maintain compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. § 5104(b). The Department shall publish notice of any such modification in the Division's commercial regulation publication and the New Jersey Register.

Substantially amended section.

7:25-18.15 Atlantic sturgeon management

(a) An individual shall not take or attempt to take, possess or land any Atlantic sturgeon in the State, without a valid Atlantic Sturgeon Commercial Gill Net Permit or a valid Atlantic Sturgeon By-Catch Permit issued by the Department. No holder of either permit shall land an Atlantic sturgeon unless such sturgeon has a valid, properly affixed possession tag as specified at (g) and (h) below. No person shall possess any Atlantic sturgeon that does not have a valid, properly affixed possession tag. "Land" shall mean to begin offloading fish, to offload fish or to enter port with fish.

(b) An Atlantic Sturgeon Commercial Gill Net Permit may be transferred to another individual eligible for a gill net license for the purpose of taking Atlantic sturgeon with gill nets. The permittee shall request approval to transfer the permit in writing to the Department, and no such transfer shall be valid until the transferee has received a valid permit issued in his or her name from the Department. An Atlantic sturgeon commercial gill net possession tag may be transferred to another Atlantic Sturgeon Commercial Gill Net Permit holder. The permittees shall list on the permittee's annual report pursuant to (l) below the name of the permittee or permittees to whom the permittee transferred any possession tag. The recipient of the transferred possession tag or tags shall list in the annual report pursuant to (l) below each such transferred tag received.

(c) To qualify for an Atlantic Sturgeon Commercial Gill Net Permit, an applicant shall comply with the provisions below by April 2, 1993:

1. The applicant shall complete an application provided by the Department, listing the dressed weight of Atlantic sturgeon harvested by gill net during 1988, 1989 or 1990, whichever year he landed the greatest dressed weight, or the number of nine-inch or greater stretched mesh gill nets purchased between January 1, 1989 and January 10, 1991 with the intent of entering a directed Atlantic sturgeon fishery.

2. The applicant shall attach documented proof of the dressed weight of Atlantic sturgeon harvested by gill net during 1988, 1989 or 1990, whichever year he landed the greatest dressed weight, or the number of nine-inch or greater stretched mesh gill nets purchased between January 1, 1989 and January 10, 1991. Documented proof shall consist of one or more of the following:

i. Weigh-out slips totaling the dressed weight harvested;

ii. A notarized statement from the applicant and the purchaser(s) attesting to the dressed weight harvested (records must be verifiable based upon inspection of the purchaser's business records);

iii. Sales receipts for the number of nine-inch or greater stretched mesh gill nets purchased, including date of sale, length, and stretched mesh size;

iv. A notarized statement from the applicant and the seller(s) attesting to the number of nine-inch or greater stretched mesh gill nets purchased, including date of sale, length, and stretched mesh size; or

v. Other documentation similar to that in (c)2i, ii, iii or iv above may be accepted at the discretion of the Commissioner after his or her review; and

3. The applicant shall sign an affidavit on the application certifying as to the validity of the information provided.

(d) The application period closes April 2, 1993. Therefore, the Commissioner will determine an annual quota of Atlantic sturgeon (in pounds dressed) that may be harvested for each qualified applicant based upon the following:

1. The total allocation for the directed Atlantic sturgeon gill net fishery in 1993 shall equal the 1990 documented dressed weight landings provided by applicants on their applications, to be divided in the following way:

i. Applicants providing documentation of having purchased a minimum of 10 nine-inch or greater stretched mesh gill nets between January 1, 1989 and January 10, 1991 shall receive an equal share of 10 percent of the total gill net allocation, not to exceed 3,000 pounds each or;

ii. Applicants providing documentation of landings of at least 1,000 pounds dressed weight of Atlantic sturgeon during any one of the years 1988, 1989 or 1990 shall receive a minimum base of 3,000 pounds dressed weight plus a percentage of the remaining allocation determined as follows:

(1) Each applicant shall document to the Department the dressed weight of Atlantic sturgeon landed during 1988, 1989, or 1990, whichever year he landed the greatest dressed weight. The Department will divide the individual dressed weight documented by each applicant by the total amount documented by all applicants under this sub-subparagraph (d)1ii(1) to obtain each applicant's percentage of the remaining allocation.

(e) All qualified applicants will receive an "Atlantic Sturgeon Commercial Gill Net Permit" by May 2, 1993 which shall indicate that permittee's annual (calendar year) quota of Atlantic sturgeon that may be commercially harvested.

(f) An Atlantic Sturgeon By-Catch Permit and a harvest quota will be issued to each qualifying applicant who provides documentation of Atlantic sturgeon landed in New Jersey by otter trawl or pound net of at least 1,000 pounds dressed weight during any one of the years 1988, 1989, or 1990. The Atlantic Sturgeon By-Catch shall not exceed 5.8 percent of the State allocation for Atlantic sturgeon. This represents the percentage of Atlantic sturgeon landed in New Jersey by otter trawl and pound net in 1990 as reported by the National Marine Fisheries Service. To qualify for an Atlantic Sturgeon By-Catch Permit, an applicant shall comply with (f)1 through 4 below by March 23, 1995:

1. The applicant shall complete an application, provided by the Department, listing the dressed weight of Atlantic sturgeon he or she landed by otter trawl or pound net during any one of the years 1988, 1989, or 1990, whichever year the applicant landed the greatest dressed weight.

2. The applicant shall attach documented proof of the dressed weight of Atlantic sturgeon harvested by otter trawl or pound net during any one of the years 1988, 1989, or 1990, whichever year the applicant landed the greatest dressed weight. Such proof shall consist of one or more of the following:

i. Weigh-out slips totaling the dressed weight harvested;

ii. A notarized statement from the applicant and the purchaser(s) attesting to the dressed weight harvested (records must be verifiable based upon inspection of the purchaser's business records);

iii. Other documentation similar to that specified in (f)2ii above may be accepted at the discretion of the Department.

3. The application period closes March 23, 1995.

4. By April 22, 1995, each qualified applicant will receive an "Atlantic Sturgeon By-Catch Permit" which shall indicate that permittee's annual (calendar year) harvest quota of Atlantic sturgeon that may be landed.

(g) The Department will issue serially numbered Atlantic sturgeon possession tags to each Atlantic sturgeon commercial gill net and by-catch permittee based upon the permittee's annual harvest quota percentage established pursuant to (d) and (f) above and an equivalent average weight per fish landed as determined through average weighout landing verifications. No person shall reuse or alter any tag, or use a broken tag. All unused tags must be returned to the Department by January 15 of the following year. Tags will be issued for each calendar year by February 15.

(h) An Atlantic sturgeon commercial gill net or Atlantic sturgeon by-catch permittee who takes and possesses an Atlantic sturgeon of legal size shall tag such sturgeon with a numbered tag issued by the Department. Such tag shall be attached and securely locked at the nape of the fish once

such fish has been dressed and prior to tending another piece of gear. All Atlantic sturgeon not tagged or of less than the legal minimum size shall be returned uninjured to the water immediately.

(i) The possession of Atlantic sturgeon of a length less than 60 inches or a dressed length less than 36 inches is prohibited. Dressed length is the length of an Atlantic sturgeon after the entire head, collar, tail and viscera have been removed.

(j) All Atlantic Sturgeon Commercial Gill Net and Atlantic Sturgeon By-Catch Permit holders shall have their permit on their person at all times when engaged in any phase of harvesting, transporting, selling or possessing Atlantic sturgeon.

(k) All Atlantic sturgeon harvested under the Atlantic Sturgeon Commercial Gill Net Permit or Atlantic Sturgeon By-Catch Permit shall be landed in New Jersey.

(l) All permittees shall be required to complete annual reports on forms supplied by the Department. The annual report shall be signed by the permittee attesting to the validity of the information and be submitted so it is received by the Department no later than January 15 of the next subsequent calendar year at the following address:

Division of Fish, Game and Wildlife
Atlantic Sturgeon Program
P.O. Box 418
Port Republic, NJ 08241

1. The annual report shall include:

i. The daily harvest and sale of Atlantic sturgeon (in pounds dressed) and possession tag number for each fish landed;

ii. The buyer(s) name;

iii. Name(s) and address(es) of the permit holder(s) who landed an Atlantic sturgeon that was tagged with the permittee's transferred possession tag;

iv. The cumulative total of Atlantic sturgeon (in pounds dressed) landed at the end of the year;

v. Weigh out slips or sales receipts verifying the amount (in pounds dressed) of Atlantic sturgeon sold; and

vi. Any other requested information pertinent to management of the Atlantic sturgeon resource including catch/effort data, length and sex data, by-catch data, and tagging information from a representative size range of Atlantic sturgeon.

(m) Adjustments in individual allocation for any calendar year subsequent to 1993 may be made annually by the Department, based upon recommendations of the Atlantic States Marine Fisheries Commission, annual commercial landings data from the National Marine Fisheries Service and an individual's historical harvest performance. If no such adjustment is made, each permittee's quota shall remain at the previous year's amount.

(n) Research personnel from the Department shall be allowed to sail aboard any permitted vessel at any time.

(o) Any person or permittee violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the following:

1. Failure to submit the application within 45 days of the effective date of this section or to attach the required documentation to the application will result in the denial of the permit.

2. Falsification or misrepresentation of any information on the application including documentation provided to verify the amount of Atlantic sturgeon harvested or number and size of gill nets purchased shall result in the denial or revocation of the permit in addition to any civil or criminal penalties prescribed by law.

3. Failure to comply with the provisions of (a), (h), or (l) above shall subject the violator to suspension or revocation of the Atlantic Sturgeon Commercial Gill Net Permit or the Atlantic Sturgeon By-Catch Permit.

4. Prior to the suspension or revocation of the permit, the permittee shall have the opportunity to request a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

New Rule, R.1993 d.77, effective February 16, 1993.
See: 24 N.J.R. 205(a), 25 N.J.R. 689(a).
Amended by R.1995 d.82, effective February 6, 1995.
See: 26 N.J.R. 4277(b), 27 N.J.R. 487(a).

7:25-18.16 Horseshoe crab (*Limulus polyphemus*)

(a) An individual shall not catch, take, or attempt to catch or take horseshoe crabs except by hand collection or while using other gear allowed under this chapter and/or N.J.S.A. Titles 23 and 50 from any beach or shoreline or from the marine waters of this State unless such individual has in his or her possession a valid permit to take horseshoe crabs issued by the Commissioner of Environmental Protection and Energy. Any individual who wishes to harvest horseshoe crabs may obtain a permit by completing an application available from the: Division of Fish, Game and Wildlife, Bureau of Marine Fisheries, CN 400, Trenton, NJ 08625. The following persons, in the following circumstances, are not subject to this prohibition:

1. Property owners, tenants or agents of property owners may, at any time, remove dead horseshoe crabs

from their property for purposes of disposal. No sale, trade, or barter of horseshoe crabs is permitted under this paragraph.

2. Persons collecting horseshoe crabs for strictly scientific purposes only and operating under the terms and conditions specified by a required scientific collecting permit issued pursuant to N.J.S.A. 23:4-52 by the Administrator of the Marine Fisheries Administration within the Division of Fish, Game and Wildlife.

(b) The season for taking horseshoe crabs shall be January 1 through December 31, subject to the following provisions:

1. A person shall not harvest horseshoe crabs from the beaches and shoreline of the Delaware Bay waterfront and the adjacent waters within 1,000 feet bayward of the mean high water line extending from the Cape May Canal in Cape May County to Stow Creek in Cumberland County at any time.

2. Collection of horseshoe crabs by hand, without the aid of any implements (nets, rakes, spears, shovels, forks, etc.), may occur in areas other than specified in (b)1 above, only on Tuesday and Thursday.

3. A person shall not harvest or land any horseshoe crabs during the month of May except when taken as provided in (b)2 above. Simultaneous possession of horseshoe crabs and any harvest gear, with the exception of miniature fykes, conch pots, lobster pots or fish pots, shall be prima facie evidence of violation of this section.

(c) Any person harvesting horseshoe crabs by any method permitted by the Commissioner shall provide monthly reports within five working days following the end of the reported month to the Department on forms supplied to the permit holder. The monthly report shall include the number of horseshoe crabs harvested, the area of collection, the gear utilized and any other information as the Department may deem necessary for management of the horseshoe crab resource. If no horseshoe crabs were harvested during the month, a report to that effect shall be provided. The permittee shall be personally responsible for guaranteeing the timely delivery of reports to the Division as well as the accuracy of all information contained therein. The Department may demand that a permittee provide proof of the truth of any data contained in any report submitted to the Division under this program. If the permittee fails to file a true, complete monthly report with the Division by the fifth day of any month, the Division, in its discretion, may contact the permittee by the most expeditious method available in order to secure a complete report.

(d) Any person violating the provisions of this section shall be subject to the penalties prescribed in N.J.S.A. 23:2B-14 in addition to the suspension or revocation of the permittee's horseshoe crab harvesting privileges, according to the following procedures:

1. The Division shall notify the permittee in writing of the Division's intention to revoke the permittee's horseshoe crab harvesting privilege for the reasons stipulated in the notice, effective 20 business days after the date on the written notice (excluding the date on the notice) and of the Division's suspension of the permittee's horseshoe crab harvesting privileges in the interim, effective on a date stipulated in the notice but not sooner than 10 business days after the date of the notice (excluding the date on the notice).

2. The permittee may request a hearing to contest a proposed revocation of horseshoe crab harvesting privileges in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1. The request for an administrative hearing must be received in writing by the Department within 20 business days from the date on the Division's notice of suspension and intention to revoke, excluding the date on the notice. However, if a timely request for a hearing is not received by the Department, any allegation contained in the notice shall be deemed admitted by the permittee and horseshoe crab harvesting privileges shall be revoked as of the date stipulated in the notice, without any further action by the Division.

3. The Division Director may, in his or her sole discretion, stay the suspension of horseshoe crab harvesting privileges pending a hearing on the notice of proposed revocation of horseshoe crab harvesting privileges for any good cause set forth in a written petition from the permittee, including sworn statements from the permittee or other persons with knowledge relevant to the allegations on which the Division action is based. The petition and its supporting statements and documentation shall be made available to the court and all parties in advance of any hearing.

4. The Division shall reinstate horseshoe crab harvesting privileges suspended for late or incomplete reports, but no more than one time per permittee in any single permit year, if that permittee personally delivers any missing reports, completed, along with a credible written explanation for the delay and/or omissions to the Division within 20 business days from the date on the notice of suspension.

5. Any permittee who has had his or her horseshoe crab harvesting privilege revoked shall be disqualified from exercising any privilege associated with a horseshoe crab harvesting permit for 24 months following the effective date of an uncontested notice of proposed revocation of privileges, or whichever of the following is applicable:

- i. The date of the Commissioner's Final Decision affirming revocation of horseshoe crab harvesting privileges, or
- ii. The filing date of the court order affirming the Commissioner's Final Decision revoking horseshoe crab harvesting privileges.

6. The Division shall issue a horseshoe crab permit to an applicant pending resolution of a contested Division proposal to revoke that applicant's horseshoe crab harvesting privilege, but that permittee shall not exercise or enjoy any horseshoe crab harvesting privilege pending resolution of a proposed revocation until, as appropriate, one of the following occurs:

- i. The Division Director lifts the suspension of that permittee's horseshoe crab harvesting privilege;
- ii. The Commissioner issues a Final Decision reinstating that permittee's horseshoe crab harvesting privilege; or
- iii. A court of competent jurisdiction orders reinstatement of that permittee's horseshoe crab harvesting privileges.

SUBCHAPTER 18A. FISHERIES CLOSURES AND ADVISORIES FOR STRIPED BASS, AMERICAN EEL, BLUEFISH, WHITE PERCH AND WHITE CATFISH TAKEN FROM THE NORTHEAST REGION OF THE STATE

Authority

Marine Fisheries Management and Commercial Fisheries Act, N.J.S.A. 23:2B-1 et seq.

Source and Effective Date

R.1983 d.102, effective March 17, 1983.
See: 15 N.J.R. 39(a), 15 N.J.R. 543(c).

Subchapter Historical Note

Subchapter 18A, Fisheries Closures and Advisories for Striped Bass, American Eel, Bluefish, White Perch and White Catfish Taken from the Northeast Region of the State, was originally adopted as emergency new rules by R.1982 d.477, effective December 15, 1982. The concurrent proposal of Subchapter 18A was readopted with changes to N.J.A.C. 7:25-18A.6.

7:25-18A.1 Authority

This subchapter has been promulgated pursuant to the Marine Fisheries Management and Commercial Fisheries Act, N.J.S.A. 23:2B-1 et seq.

7:25-18A.2 Scope and construction
