The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels:

Low Growth: Less than 35

Typical Growth: Between 35 and 65

High Growth: Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	74.5	17.5%
Mathematics Proficiency	72.7	17.5%
English Language Arts Growth	1.3	25.0%
Mathematics Growth	29.6	25.0%
Chronic Absenteeism	67.4	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		43.6
Summative Rating: Percentile rank of Summative Score		39.6
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 Staff and Professional Learning:	<p>Staff are provided four full days and four half days dedicated to professional development. Staff professional development truly focuses on teacher and student need. This year, staff will be trained on Lucy Calkins Writing Program and Personalized Student Learning. As needs arise during the year additional trainings are schedule on a variety of topics including technology, Wilson Reading Programs, and social/emotional learning.</p>
 Student Supports and Services:	<p>Frenchtown supports an I&RS Team that works to help identify strategies to provide for more success in learning that can be implemented in the student's program. In addition, Frenchtown's Child Study Team works closely with parents, students, and teachers to ensure a successful learning environment for students with disabilities. Speech, occupational, and physical therapies are also provided to children that need such services.</p>
 Student Health and Wellness:	<p>Student health and wellness is a priority at Frenchtown. All students at Frenchtown receive recess time and multiple classes of physical education and health. In addition, students have access to a full-time guidance counselor. Frenchtown School offers breakfast and lunch programs through Maschio's Food Service.</p>
 Parent and Community Involvement:	<p>Frenchtown School greatly benefits from community partnerships, support, expertise and resources. Our PTO provides support to our classroom teachers and assemblies for our students. The district provides music and theater performance opportunities in partnership with the River Union Stage Company. A community garden connects the classroom and the community further strengthening these relationships.</p>

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students

Frenchtown has utilized school climate surveys with middle school students. Survey questions focused on the student's perceptions of safety, voice, and activities in the middle school. Survey results revealed that overall Frenchtown students feel safe at school, feel that there are adults who care about them at school, and enjoy coming to school on a regular basis.

Facilities:

Our facility served as the "Frenchtown High School" until 1959. The district recently completed several referendum projects: window replacement, roof replacement, toilet room renovations, boiler conversion and paving. In addition, several "in-house" renovations and upgrades were completed: Tech Lab, Auditorium sound system, gymnasium and scoreboard, playground equipment and cafeteria equipment. The building is truly a much beloved landmark.

<div>Other Information:</div>	<p>The Frenchtown Elementary School provides a full range of educational services, programs and activities appropriate for students in grades preschool through 8 with and without special needs. Our district is located along the Delaware River in beautiful Hunterdon County. We serve approximately 125 students, both resident and choice. Frenchtown students in grades 9-12 attend Delaware Valley Regional High School. In an effort to contain costs, the district prides itself on its commitment to the sharing of professional and educational services. Our Superintendent, Business Administrator, Facilities and IT Managers are all contracted through Delaware Valley Regional High School via shared administrative services agreements. Transportation and CST services are also provided through the high school on an as-needed basis. As a district we greatly appreciate our community partnerships. These creative collaborations and sharing of expertise are critical in providing for educational projects and opportunities that go well beyond the basics. We are grateful for such friends and benefactors who share their time and talent in extraordinary ways.</p>
