The By-laws also provide that Executive Director serves for the term and at a salary designated by the Authority. The Executive Director has the powers that are given to that office in By-laws and by the Act and by resolution. She noted that when Steve Hanson retired, there became a vacancy in the position of Executive Director. At this time, the Board wishes to appoint a new Executive Director In accordance with the By-laws

Commissioner/Chairman Simpson stated that Steve Hanson also served as CFO to the NJ DOT and asked DAG Manocchio Nason if Mr. Hanson received extra compensation for serving on the Board. DAG Aimee Manocchio Nason and Michael MacFeeters, NJDOT. responded that Mr. Hanson served as Executive Director without compensation. Commissioner/Chairman Simpson then recommended the new CFO for the New Jersey Department of Transportation, Gary Brune, for the position of Executive

Director of the Authority. He stated that Mr. Brune served at a Senior Level in Treasury and would be an outstanding candidate for the position of Executive Director.

Commissioner/Chairman Simpson asked Steve Petrecca if he had worked with Mr. Brune prior to his coming to NJ DOT. Mr. Petrecca stated he had worked with Gary Brune over the years. He is very competent and will serve the Authority well in the position.

As the Fourth Item of Business (Agenda Package, Item/Tab F), Amendment of the Authority's By-laws to create the Office of Comptroller, Commissioner/Chairman Simpson asked Michael MacFeeters of NJDOT and DAG Aimee Manocchio Nason to discuss, explain, and summarize the Amendments to the Authority's By-laws.

DAG Aimee Manocchio Nason stated the By-laws provide that they may be amended at any meeting if notice is given to the members of the board before the meeting of the proposed amendment. Notice was given to the board members of the proposed amendment to the By-laws to establish the Office of Comptroller. The Act authorizes the Authority to employ an Executive Director and additional officers or staff that are needed for the Authority to function. Under the By-laws, the Authority can appoint an officer and set the officer's compensation, term and duties. DAG Manocchio Nason stated that the resolution presented to the board amended Sections 1 and 2 of Article IV of the By-laws to create the Office of the Comptroller. These amendments provide that the Comptroller will not be a member of the Authority, will be designated at an Annual or Special Meeting and will hold the office at a term and a salary that the Authority designates. The proposed amendments to the By-laws

create a new Section 7 in Article 5 which sets forth the duties of the Comptroller. It provides that the Comptroller will report to and be supervised by the Executive Director and have the duties stated in the By-laws plus any other duties designated by resolution or assigned by the Executive Director and the Chairman of the Board.

DAG Manocchio Nason then turned the discussion over to Michael MacFeeters to discuss the need for the Comptroller and explain the duties of the Comptroller. WHEREAS, the Authority is empowered and authorized pursuant to Section 6 of the Act to appoint and employ an executive director and such additional officers and such other personnel and staff as it may require; and

WHEREAS, Article IV, Section 1 of the Authority's By-laws provides that the Authority may appoint such officers as it shall deem necessary who shall hold their offices for such terms as shall be determined by the Authority and who shall exercise such powers and perform such duties as shall be determined by the Authority; and

The Evaluation Committee reviewed the responses and recommended that Mercadien P.C. be selected as the Authority's auditor. The Audit Committee agreed with this recommendation.

Commissioner/Chairman Simpson then asked the Members if there were any questions or further discussion on this matter. Hearing none, Chairman/Commissioner Simpson requested a motion to adopt the resolution to appoint Mercadien, P.C. as Auditor for the Annual Audit of the Authority's Financial Statements.

WHEREAS, pursuant to the auditor selection process set forth in Executive Order No. 122 (McGreevey 2004) and the By-laws, the Evaluation Committee conducts a solicitation and evaluation of

eligible auditors and provides a written report to the Audit Committee, which then evaluates the report and makes a recommendation to the Board; and

WHEREAS, on May 7, 2010, the Evaluation Committee distributed the request for proposal for an auditor ("RFP"), a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, to various firms, which RFP provided for the selection of a firm to serve as auditor for the Authority for the one-year term of Fiscal Year 2010, and to perform the annual audit for the Authority for Fiscal Year 2010, which engagement shall be renewable, at the option of the Authority, for two (2) consecutive one-year terms of Fiscal Year 2011 and Fiscal Year 2012, including the performance of the annual audit for Fiscal Year 2011 and Fiscal Year 2012, respectively, at the rates set forth in the winning firm's proposal; and

WHEREAS, the Evaluation Committee received two responses to the RFP from Mercadien, P.C. ("Mercadien") and McEnerney, Brady & Co., LLC ("McErnery"), reviewed and evaluated the responses from Mercadien and McErnery, and made a written recommendation to the Audit Committee to accept Mercadien's proposal, a copy of which proposal is attached hereto as Exhibit "B" and incorporated herein by reference.

WHEREAS, the Audit Committee met on August 2, 2010, considered the Evaluation Committee's report, a copy of which is attached hereto as Exhibit "C," and determined to recommend to the Authority that it award the contract for auditor to Mercadien, and a copy of the Audit Committee's Report is attached hereto as Exhibit "D;" and

3. The Authority hereby authorizes the Executive Director to take and do any and all acts and things as may be necessary or desirable in connection with such selection.
4. This Resolution shall take effect upon adoption in accordance with the Act.

Thomas Canto, Public Member seconded the motion. The members were polled with all members being in favor, and no members were in opposition; therefore, the motion was carried.

Chairman/Commissioner Simpson asked if there was any other business to be brought before the board. Steve Petrecca, Designee for the Treasurer, responded that he had two issues for the Board Members. In September, Treasury will request a board meeting to approve the issuance of bond by the Authority. Pursuant to an RFP process, Barclays Bank was selected as senior underwriter for this transaction, which will include a refunding of approximately \$350 million to \$400 million and a new money bond issues sized such that the Authority's debt service obligation will equal the Authority's appropriation under the Fiscal Year 2011 Appropriations Act of \$800 million to 900 million. This financing is expected to fund the Authority's needs through March 2011. At the time, the Trust Fund will be funded through the end of Fiscal Year 2011 by the measures specified in the Governor's Fiscal Year 2012 Budget Message.

In addition, Mr. Petrecca stated that Treasury will be distributing an RFP for Financial Advisory Services relating to the re-authorization of the Trust Fund. Commissioner/Chairman Simpson asked Steve Petrecca to explain why it is important for the Authority to use a financial advisor in this case when other authorities may not be using a financial advisor. Mr. Petrecca responded that there is no blanket policy for use of financial advisors. A financial advisor is needed for the Trust Fund re-authorization because it will involve the review and analysis of very complicated cash flow scenarios. The financial advisor will need to review spending patterns for projects as well as various bond scenarios. The State cannot provide the necessary turn around of information in the time available. In

assisting in sizing the re-authorization, the financial advisor will need to consider the appropriation side as well as the bonding side. It is more complicated than a typical pay as you go program. This situation is unique because an analysis of this type has not been done since the 1994 re-authorization. As a result, Treasury believes it is appropriate to hire a financial advisor to perform this analysis. Commissioner/Chairman Simpson asked if the members had any questions on this matter. Hearing none, Commissioner/Chairman Simpson continued by stating the State is working to meet the challenge of finding the proper funding solutions or menu of solutions to fund the Transportation Trust Fund Authority in Fiscal Year 2012 and beyond. The Governor's Office has been having a group of listening sessions. These are informal sessions in which stakeholder's groups of all types have come together to discuss possible solutions. The Commissioner stated that the State is confident that the appropriate solution can be found to move NJ forward in 2012. He will report back to the board once there is a sense of where the State is going.

Commissioner/Chairman Simpson asked if there was any other business. Hearing none, Commissioner/Chairman Simpson requested a motion to adjourn. Vice Chairperson Ripa moved the motion followed by a second from Public Member Canto.

The members were polled with all members being in favor, and no members were in opposition; therefore, the motion was carried.

The New Jersey Transportation Trust Fund Authority meeting ended at approximately 2:25 P.M.

Respectfully Submitted,

Authority Secretary

NEW JERSEY TRANSPORTATION TRUST FUND AUTHORITY

REQUEST FOR PROPOSAL FOR AUDITING SERVICES May 2010

I. PURPOSE

The New Jersey Transportation Trust Fund Authority (the "Authority") was created by the State of New Jersey (the "State") in 1984 to provide a stable, predictable funding mechanism for transportation projects undertaken by the New Jersey Department of Transportation (the "Department"). Transportation projects financed by the Authority include expenditures for the planning, acquisition, design, construction, repair, and rehabilitation of public facilities for ground, water or air transportation of people or goods. The Authority also finances State aid to counties and municipalities for transportation projects. The Authority is governed by seven members including the Commissioner of the New Jersey Department of Transportation (the "Commissioner") and the State Treasurer who serve as ex-officio members.

Through this Request for Proposal (the "RFP"), the Authority is soliciting responses from accounting firms interested in serving as Auditor for the Authority for *fiscal year 2010 (July 1, 2009 through June 30, 2010), renewable at the option of the Authority, for two consecutive one year periods for the fiscal year ending June 30, 2011 and the fiscal year ending June 30, 2012, respectively*. The primary purpose of this contract is to complete a full audit of the *Authority's FY 2010 financial transactions (ending June 30, 2010)*. Questions concerning this RFP may be directed to Michael MacFeeters, NJ Transportation Trust Fund Authority; PO Box 600; 1035 Parkway Avenue; Trenton, NJ 08625 at 609-530-6219.

II. BACKGROUND

A. History

The Authority is a public body corporate and politic, with corporate succession, constituted as an instrumentality of the State organized and existing under and pursuant to the New Jersey Transportation Trust Fund Authority Act (the "Act"). For the purpose of complying with Article V, Section IV, Paragraph I of the State Constitution, the Authority is allocated within, but is independent of any supervision or control by, the Department. The purpose of the Authority is to provide the payment for and financing of all or a portion of the costs incurred by the Department for the State transportation system, including, without limitation, (i) the State's share (which may include State advances with respect to any Federal share) under Federal Aid Highway Laws of the costs of planning, acquisition, engineering,

construction, reconstruction, repair resurfacing and rehabilitation of public highways, (ii) the State's share (which may include State advances with respect to any Federal share) of the costs of planning, acquisition, engineering, construction, reconstruction, repair and rehabilitation of public transportation projects and other transportation projects in the State, and (iii) State aid to counties and municipalities for public transportation projects.

The Authority must submit a financial plan to the State Legislature explaining the financing of the transportation system projects that the Department has proposed for the upcoming Fiscal Year. The financial plan must contain an enumeration of the Authority revenues, including (i) the proceeds of any anticipated bond issues, (ii) investment income, and (iii) State appropriations. Additionally, the financial plan must include an aggregation of project expenditures for the current Fiscal Year.

Pursuant to the Act, the Commissioner may from time-to-time (but not more frequently than monthly) certify to the Authority an amount necessary to fund payments, made, or anticipated to be made, by or on behalf of the Department. The Authority is obligated to provide such amount from its revenues or other funds, including proceeds from the sale of bonds. The Act directs the Authority, within fifteen (15) days of receipt of the Commissioner's certificate, to transfer funds to the State Treasurer for deposit in a special fund maintained by the State Treasurer (the "Special Transportation Fund") in an amount equal to the amount so certified by the Commissioner. Expenditures from the Special Transportation Fund may be made on behalf of the Department only pursuant to legislative appropriations or authorizations. The Department provides such certificates on a monthly basis, when cash is necessary for transportation system improvement disbursements to minimize the amounts maintained in the Special Transportation Fund.

The Act was renewed during Fiscal Year 2006. The debt service is provided by constitutionally dedicated revenues comprised of Motor Fuels Taxes, but not less than \$483 million, an amount equivalent to the revenues derived from the tax imposed on the sale of petroleum products of not less than \$200 million in each applicable Fiscal Year, and an amount equivalent to the revenues derived from the tax imposed under the Sales and Use Tax Act on the sale of new motor vehicles of not less than \$200 million for each applicable Fiscal Year, and statutorily dedicated revenues derived from the Toll Road Contributions, Heavy Truck Registration Fees, and Good Drivers Surcharges. Statutorily dedicated revenues are subject to annual appropriation by the Legislature.

FY 2009 ended with an outstanding bond balance of \$10,310,927,355. AS of January 31, 2010 the Authority issued its Transportation System Bonds, the 2009 Series A and B and the 2010 Series A and B pursuant to its 1995 Transportation System Bond Resolution, adopted on June 15, 1995, as amended and supplemented (the "Bond Resolution") for the purpose of paying State Transportation System Costs. The outstanding bond balance to date is \$11,227,980,715. Bond proceeds are combined with the Authority's revenues to fund State transportation improvement projects and to defease or refund a portion of the Authority's outstanding bonds. "Revenues" under the Bond Resolution include (i) all amounts appropriated by the State Legislature and paid to the Authority by the State Treasurer from the Transportation Trust Fund Account in the State General Fund, (ii) any other amounts appropriated by the State Legislature and paid to the Authority by the State Treasurer, or received by the Authority from any other source and pledged by the Authority as security for the payment of bonds, and (iii) interest received on any moneys or securities held pursuant to the Bond Resolution.

B. Flow of Funds

Pursuant to the Bond Resolution, all revenues shall be promptly deposited by the Authority as received into the Transportation Improvement Fund. The Authority shall transfer or credit to the Trustee, for deposit in the following Funds and Accounts, on the following date and in the following order of priority the amounts set forth below, but only to the extent the amount in the Transportation Improvement Fund shall be sufficient therefore:

1. On or before each Payment Date with respect to each Series of Bonds
 - a) For deposit in the Debt Service Fund, the amount, if any, so that the balance in the Fund shall equal the amounts of Debt Service on all Series of Bonds coming due on such Payment Date; and
 - b) For deposit to the Debt Service Reserve Fund, the amount, if any, required so that the balance in said Fund shall equal the sum of the amounts of Debt Service Reserve Requirement on all Reserve Fund Bonds, if any, for such Payment Date.
2. On or before the due dates thereof, for deposit in the Debt Service Fund, the amount of any Financing Facility Payment Obligations.
3. On or before the due dates thereof, and subject and subordinate at all times to the payments, credits or transfers required pursuant to paragraphs 1 and 2 above, for deposit in the Subordinated Debt Fund, the amount of any principal, prepayment or redemption price, interest or other amounts payable in connection with any Subordinated Debt.

C. Systems, Records, and Procedure

1. The Authority maintains its records for the governmental fund financial statements on a modified accrual basis. The State of New Jersey has implemented the changes defined in GASB 34 and any subsequent guidance.
2. All records pertaining to the Authority's Funds are available at the Office of the Director, Division of Accounting and Auditing, New Jersey Department of Transportation.
3. State appropriations are paid to the Authority monthly.
4. All Transportation Improvement Fund expenditures are disbursed by wire to the State's Special Transportation Fund. All disbursements to the Special Transportation Fund must be audited. Monies disbursed from the Special Transportation Fund are not included in this audit.
5. All Authority Operating and Cost of Issuance Expenses are disbursed by checks, authorized by two signatures. Approximately 100 disbursements were made during the Fiscal Year, which ended *June 30, 2009*.
6. All securities held by the Authority are purchased through the State's Division of Investments.

FIRM DESCRIPTION

Mercadien, P.C., Certified Public Accountants ("Mercadien, P.C.") is a professional association of certified public accountants and management consultants and is a Mercadien Group company.

The Mercadien Group is a family of distinct companies created to serve the diverse and sophisticated needs of our clients in a capacity far greater than any single organization can offer. The group is comprised of seven individual companies situated in one location. We are a powerful brain trust for your organization made up of trusted advisors working in one place, sharing a broad knowledge base and creating seamless solutions to meet your personal and business objectives.

Mercadien, P.C., Certified Public Accountants

At the center of The Mercadien Group is Mercadien, P.C. It is the principals of Mercadien, P.C. who have worked to conceive this new entity and create the infrastructure to support it.

Mercadien, P.C. distinguishes itself by providing a level of highly personalized client services normally associated only with smaller CPA firms, combined with the range of technical abilities and professional expertise generally available only from national CPA firms.

Founded more than four decades ago, Mercadien, P.C. is located in Hamilton and has a staff of approximately 85 professionals, including thirteen principals.

In addition to accounting services, Mercadien, P.C. furnishes taxation advisory and tax return preparation services, as well as various management advisory services.

In particular, we at Mercadien, P.C. have developed a specialization in servicing the governmental entities. We have the governmental sector experts, the staffing, the levels of experience, and the special interest to provide excellence in the services which governments require.

Integral to our audit philosophy is the belief that a Mercadien, P.C. audit should be performed only by qualified, experienced staff. All of our accountants are graduates of major universities with degrees in accounting, and many are certified public accountants. It is our standard practice that a senior CPA assigned to a governmental audit will have at least three years of such experience. As the principal ultimately responsible for your services from Mercadien, P.C, I will be personally involved in your audit and will ensure that it goes smoothly. We take pride in the excellent service we provide our clients, and we pledge that the same superior quality of services will be extended to the Authority.

In providing these services, we use a very specific methodology that has been time-tested to provide assurance that the mission, objectives, and goals of an organization are being carried out effectively.

We understand that the objective of this audit is to express an opinion as to the fair presentation of Authority's financial statements. As part of each audit, we will comment on compliance with Authority policies, procedures and guidelines.

Finally, in keeping with the accounting standards guidelines, we affirm that we are independent from our clients and, therefore, qualified to perform audit services for them.

We uphold the very highest standards of accounting and auditing services, and since we are a member of the American Institute of Certified Public Accountants (the "AICPA"), our operations are reviewed annually for performance to such standards. As required by the AICPA, we undergo a peer review every three years.

Our principals' professional involvement includes membership in the American, Pennsylvania, New York and New Jersey Institutes of Certified Public Accountants.

For more than four decades, Mercadien, P.C. has provided professional services to all types of organizations and entrepreneurial entities and currently provides audit services to approximately 150 clients. We advise them on internal control procedures, accounting systems (both manual and computerized), cash flow management and budgeting, as well as more routine financial operations and more sophisticated management consulting and advisory services.

Mercadien, P.C. is an integral part of the RSM McGladrey Network, the national accounting firm association of RSM McGladrey, Inc. This affiliation gives us access to a full range of national and international capabilities, including the resources of almost 300 locations through the United States. Internationally, our affiliation includes over 600 offices in over 70 countries worldwide. In most cases, our RSM McGladrey Network affiliation allows us to meet demands that financial services be performed by a "nationally recognized accounting firm." We accepted an invitation to become affiliated with this network because it is a natural outgrowth of our commitment to clients and our determination to stay on the cutting edge of developments affecting accounting and consulting firms.

Our Industry Knowledge and Qualifications to Conduct Governmental Audits

Our firm has a long history of servicing the governmental and nonprofit industry. Currently, our Nonprofit & Governmental Services group ranks as one of the largest CPA practices in the Delaware Valley dedicated exclusively to researching and serving the needs of governments and nonprofits.

We provide audit, agreed-upon procedures, and consulting services to many state authorities and agencies, local authorities and municipalities; some of which are included in the Firm

Experience section of this proposal. Indeed, our expertise in this area is such that several of our principals and managers are recognized leaders in the area of compliance with government audit regulations. Frequently, they are called upon to lecture inside and outside the firm on the fundamentals of compliance issues such as various GASB pronouncements and implementation matters and related issues affecting governmental and nonprofit organizations.

In recent years, we have assisted many governmental agencies in implementing the following Governmental Accounting Standards Board Statements:

- GASB 34 - Basic Financial Statement and Management's Discussion and Analysis for State and Local Governments;
- GASB 40 - Deposits and Investment Risk Disclosures;
- GASB 42 - Accounting and Financial Reporting for Impairment of Capital Assets;
- GASB 46- Net Assets restricted by Enabling Legislation;
- GASB 45- Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions;
- GASB 53- Accounting and Financial Reporting for Derivative Instruments;
- GASB 55- The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments; and
- GASB 56- Codification of Accounting and Financial reporting Guidance Contained in the AICPA Statements on Auditing Standards.

The Authority will be implementing GASB Statement numbers 53 & 55 in June 30, 2010.

We perform audits for many state and local authorities, several of which are outlined in the reference portion of the proposal.

Our commitment to the governmental sector is demonstrated by our membership in the AICPA's Government Audit Quality Center, the Government Finance Officers Association, and the Association of Government Accountants. Our government audit staff also receives the required and necessary annual continuing professional education to enable them to improve their governmental audit knowledge and skills.

As the current auditor of the Authority, New Jersey Building Authority, Tobacco Settlement Financing Corporation, and Middletown Township (PA) we have an understanding of the unique requirements of government-wide and governmental fund financial statement audits, including the following:

- The basic financial statements consist of government-wide and governmental fund financial statements.
- The Authority, as a single program government, combines government-wide and

governmental fund financial statements, which are linked together by the reconciliation.

- The government-wide financial statements are prepared under the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenditures are recognized when incurred.
- The governmental fund financial statements are prepared under current financial resources measurement focus and on the modified accrual basis of accounting. Revenues are recorded when measurable and available. Expenditures are recognized when the related liability is incurred. The exception to this rule is that principal and interest on long-term debt are recognized when due.

We are familiar with all the adjustments needed to convert the Authority's governmental fund financial statements to the government-wide financial statements as required under GASB Statement Number 34.

In short, we at Mercadien, P.C. have the government sector experts, the staffing, the levels of experience, and the special interest to provide excellence in the services that governments require, and we are uniquely aware of the applicable reporting deadlines, rules and regulations promulgated by state authorities.

A copy of the most recent peer review report of Mercadien P.C. is included in the attachment section of this proposal.

2. As part of our audit procedures, we document, evaluate, and test internal controls of an authority client's accounting system as follows:
 - a. We would inquire of client personnel as to authority procedures in major audit areas (*e.g., the State Transportation cost payment cycle*) and would document these procedures in our audit files.
 - b. We would perform walkthroughs of each major transaction cycle to determine if accounting internal controls are operating in accordance with procedures, *e.g., we would perform a walkthrough of a sample of state transportation cost expenditures to determine that procedures are being followed by accounting personnel.*
 - c. We would audit all major transactions or all amounts over materiality, *e.g., we would audit all bond and state transportation cost transactions for supporting documentation and correct recording to accounting records. We would also audit transactions under materiality as considered necessary.*
 - d. We would determine whether the authority is recording transactions in a timely

- manner and on a monthly basis and whether those reconciliations and supporting schedules for significant account balances are being reconciled to the general ledger trial balance.
- e. We would also evaluate proper segregation of duties and management oversight within the accounting department.
 - f. As required under Statements on Auditing Standards ("SAS") 99, we perform fraud inquiry procedures through interviews with client accounting, non-accounting, management and staff personnel on a surprise and subjective basis to determine if there was any fraud or internal control concerns that could cause fraud.
 - g. Any recommendations to improve accounting procedures would be documented in a management letter.
3. In prior two calendar years, Mercadien P.C. has had 3 clients, New Jersey Transportation Trust Fund Authority, New Jersey Building Authority, and New Jersey Higher Education Student Assistance Authority, who have financial instrument agreements, such as interest rate swap agreements, in relation to variable rate bonds to achieve a synthetic fixed interest rate. Thus, each entity pays a fixed rate of interest, based on each agreement, on a notional amount equal to the bond principal amount being hedged pursuant to such swap. The fair market value of the swaps is disclosed in each entity's notes to financial statements. Over the past two years, we have audited capital appreciation bonds on the Authority audits, as well as the Mercer County Improvement Authority audits. Thus, we are familiar with all related financial reporting and disclosure requirements.

As of June 30, 2010, the Authority will be implementing GASB Statement No 53 which will require them to reevaluate reporting of financial instruments in the financial statements. Our experience in implementation of new GASB pronouncements, as noted earlier in the proposal, will enable us to provide the Authority with the necessary technical guidance required.

4. Over the past three calendar years, we have performed government-wide audits in accordance with *Government Auditing Standards* for the Authority, New Jersey Building Authority, Tobacco Settlement Financing Corporation and Middletown Township (PA).

OTHER AUDIT REQUIREMENTS

1. The audited financial statements and related disclosures will be prepared in accordance with accounting principles generally accepted in the United States of America. The audit will be performed in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*. Our audit procedures will include procedures noted in section IIIA, "Scope of Services Annual Audit," of the request for proposal ("RFP"). Assuming records are ready for audit, we will perform the audit in

accordance with the sixty-day timeline noted in this same section of the RFP. The issuance of our auditor reports along with the financial statements will be coordinated with the New Jersey Office of Management and Budget requirement and will also meet your statutory state reporting deadline.

2. We will issue the appropriate signed audit opinion as to the fairness of the financial statements and the respective financial position of the Authority's governmental activities and changes in its financial position.
3. We will also issue a signed report on the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. Any findings would be disclosed in this report. Any management comments regarding efficiency recommendations would be issued in a separate letter.
4. We will issue the accountants certificate as noted in the scope of services in section III of the RFP.
5. Bond document review procedures would be performed as discussed in the scope of services in section III of the RFP.
6. Our audit procedures would be as follows on any traditional fixed rate or synthetic fixed rate bonds to determine correct account balances and financial statement disclosure:
 - a. Analysis of bond official statements to agree bond and bond issuance cost balances to Authority accounting records.
 - b. Analysis of interest rate swaps agreements to determine proper financial statement disclosure.
 - c. Analysis of amortization of bond issuance costs.
 - d. Confirmations of end-of-year interest rate swap fair values for financial statement purposes.
 - e. Audit of supporting documentation of bond principal and interest expense payments.
7. We are in agreement that all services performed under the contract shall be performed within the United States to be in accordance with P.L. 2005, c. 92.

MARGOLIS & COMPANY P.C.

Certified Public Accountants and Business Consultants

To the Principals of
Mercadien, P.C.
and the Center for Public Company
Audit Firms Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Mercadien, P.C. (the firm) applicable to non-SEC issuers in effect for the year ended May 31, 2007. The firm's accounting and auditing practice applicable to SEC issuers was not reviewed by us since the Public Company Accounting Oversight Board (PCAOB) is responsible for inspecting that portion of the firm's accounting and auditing practice in accordance with PCAOB requirements. A system of quality control encompasses the firm's organizational structure and the policies adopted and procedures established to provide it with reasonable assurance of complying with professional standards. The elements of quality control are described in the Statements on Quality Control Standards issued by the American Institute of Certified Public Accountants (the AICPA). The design of the system and compliance with it are the responsibility of the firm. Our responsibility is to express an opinion on the design of the system, and the firm's compliance with that system based on our review.

Our review was conducted in accordance with standards established by the Peer Review Committee of the Center for Public Company Audit Firms and included procedures to plan and perform the review that are summarized in the attached description of the peer review process. Our review would not necessarily disclose all weaknesses in the system of quality control or all instances of lack of compliance with it since it was based on selective tests. Because there are inherent limitations in the effectiveness of any system of quality control, departures from the system may occur and not be detected. Also, projection of any evaluation of a system of quality control to future periods is subject to the risk that the system of quality control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the system of quality control for the accounting and auditing practice applicable to the non-SEC issuers of Mercadien, P.C. in effect for the year ended May 31, 2007, has been designed to meet the requirements of the quality control standards for an accounting and auditing practice established by the AICPA, and was complied with during the year then ended to provide the firm with reasonable assurance of conforming with applicable professional standards.

III. CONTRACTOR'S STATUS AND RESPONSIBILITIES:

- A. **CONTRACTOR'S STATUS:** The Contractor's status shall be that of an independent contractor and not that of an employee of the State.
- B. **CONTRACTOR'S CERTIFICATION AS TO ITS REPRESENTATIONS:** The Contractor certifies that all representations made by it in its proposal or other related and/or supporting materials are true, subject to penalty of law. Further, the Contractor agrees that its violation of any statute or regulation related to public contracts and/or its misrepresentation or concealment of any material fact in the proposal, award or performance of the Contract may be cause for rescission of the contract award. In addition, the Contractor's violation of any statute or regulation related to public contracts and/or its misrepresentation or concealment of any material fact in the proposal, award or performance of the Contract shall serve as a legal bar to the Contractor's enforcement of its rights under the Contract including any and all claims at law or equity.
- C. **CONTRACTOR'S PERFORMANCE:** The Contractor agrees to perform in a good, skillful and timely manner all services set forth in the Contract. To perform these services, the Contractor shall employ or engage the services of qualified persons and/or entities at its own expense except as otherwise specified in the Contract. The Contractor has an affirmative obligation to promptly notify, in writing, the State of any changes in circumstances which might affect the Contractor's ability to be awarded or to perform its obligations under the Contract.

D. RESPONSIBILITIES OF CONTRACTOR:

- 1) The Contractor is responsible for the quality, technical accuracy and timely completion and delivery of all deliverables and other services to be furnished by the Contractor under the Contract. If circumstances beyond the control of the Contractor result in a late delivery, it is the responsibility and obligation of the Contractor to make the details known immediately to the Division and Agency.
- 2) The Contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its services and deliverables furnished under the Contract. The approval of interim deliverables furnished under the Contract shall not in any way relieve the Contractor of fulfilling all of its obligations under the Contract. The acceptance or payment for any of the services rendered under the Contract shall not be construed as a waiver by the State or Agency, of any rights under the agreement or of any cause of action arising out of the Contractor's performance of the Contract.
- 3) The acceptance of, approval of or payment for any of the services performed by the Contractor under the Contract shall not constitute a release or waiver of any claim the State or Agency, has or may have for latent defects or errors or other breaches of warranty or negligence.
- 4) Should the Contractor hire, employ or otherwise engage subcontractors, the Contractor shall be considered the prime Contractor and the sole point of contact with regard to contractual matters. The Contractor assumes sole and full responsibility for the complete performance contemplated by the Contract including the performance of all subcontractors.
- 5) When the Contractor intends to subcontract for any work under the Contract, the subcontractor must be approved by the Director in writing. It is understood, however, that consent of the Director for the subcontracting of any work under the Contract in no way relieves the Contractor from its full obligations under the Contract. In addition, the Contractor must notify and receive the approval of the Agency Project Manager before hiring any sub-contractor for the contract work. The Contractor shall at all times give due attention to the fulfillment of the Contract and shall keep the work under its control. The Contractor, shall be responsible for all work performed by the subcontractor, which shall conform to the provisions of the Contract and all requirements of law. The failure of any subcontractor to adhere to the terms of the Contract or requirements of law may, in the Director's discretion, be cause for rescission of the contract award.
- 6) All payments for services under the Contract will be made only to the Contractor. The Contractor assumes sole and full responsibility for any payments due to its subcontractors under the Contract.
- 7) Nothing herein or in the Contract shall be construed as creating a contractual relationship between any subcontractor and the State and/or the Agency.
- 8) The Contractor's obligations under this clause are in addition to the Contractor's other expressed or implied assurances under the Contract or law and in no way diminish any other rights that the State or Agency may have against the Contractor.

- E. **INVESTIGATION:** By submitting a proposal in response to the Agency Request, the bidder certifies and warrants that it has satisfied itself, from its own investigation, of the conditions to be met and that it fully understands its obligations and if awarded the Contract agrees that it will not make any claim for, or have right to, cancellation or relief from the Contract without penalty because of its misunderstanding or lack of information.
- F. **PRICE FLUCTUATION DURING CONTRACT:** Unless otherwise set forth in writing by the Director, or the Director's designee, all prices quoted shall be firm and not be subject to increase during the duration of the Contract. However, in the event of a manufacturer's price or contractor's cost decrease during the Contract period, the State shall receive the full benefit of such price/cost reduction on any undelivered purchase order and on any subsequent order placed during the contract period. The Director must be notified in writing of any price reduction within five (5) days of the effective date. Failure to report and/or pass on price reductions may result in the rescission of the contract award for cause.
- G. **COST LIABILITY:** The State assumes no responsibility and no liability for costs incurred by the bidder prior to the award of the Contract and thereafter only as specifically provided in the Contract.
- H. **INDEMNITY/LIABILITY TO THIRD PARTIES:**

The State bill form in duplicate together with the original Bill of Lading, express receipt or other related papers must be sent to the consignee on the date of each delivery. Responsibility for payment rests with the Agency. Notwithstanding Section VIII B, payment will not be made until the Agency has approved payment.
- B. **NEW JERSEY PROMPT PAYMENT ACT:** The New Jersey Prompt Payment Act, N.J.S.A. 52:32-32, et. seq. requires State agencies to pay for goods and services within sixty (60) days of the Agency's receipt of a properly executed New Jersey Payment Voucher or within sixty (60) days of receipt and acceptance of goods and services, whichever is later. Properly executed performance security, when required, must be received by the Division prior to processing any payments for goods and services accepted by the State and/or the Agency. Interest will be paid on delinquent accounts at a rate established by the State Treasurer. Interest will not be paid unless it exceeds \$5.00 per properly executed invoice. A good faith dispute creates an exception to the Prompt Payment Act. Except as noted above, cash discounts and other payment terms included as part of the original agreement are not affected by the Prompt Payment Act.
- C. **AVAILABILITY OF FUNDS:** The State's obligation to make payment under the Contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the State for payment of any money shall arise unless and until funds are made available each fiscal year to the using agency by the State Legislature.
- D. **RETAINAGE:** If retainage is required on the Contract, the State and/or Agency will retain the stated percentage or retainage from each invoice. Payment of retainage will be authorized after satisfactory completion and submission of all services, deliverables or work products by the Contractor and acceptance by the Agency of all services, deliverables or work products required by the Contract.

For ongoing term contracts, the Agency will retain the stated percentage of each invoice submitted. At the end of the three (3) month period after payment of each invoice, the Agency will review the Contractor's performance and if performance has been satisfactory, the Agency will release the retainage for the preceding three (3) month period. Following the expiration of the Contract, retained fees will be released to the Contractor after certification by the Agency's project manager, if any, that all services have been satisfactorily performed.

- IX. **NOTICES:** All notices required under this contract shall be in writing and shall be validly and sufficiently served by the Agency and/or Division upon the Contractor, and vice versa, if addressed and mailed by certified mail to the addresses set forth in the Contract.
- X. **CLAIMS:** The following shall govern claims made by the Contractor against the State concerning interpretation of the Contract, Contractor performance and/or rescission of the contract award:

All claims asserted against the State and/or Agency by the Contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1, et seq., and the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

XI. **APPLICABLE LAW:** This agreement and any and all litigation arising therefrom or related thereto shall be governed by the applicable laws, regulations and rules of evidence of the State of New Jersey without reference to conflict of laws principles.

The Evaluation Committee (the Committee) solicited responses from qualified audit firms in accordance with Executive Order #122 to perform the audit of the annual financial statements and other services for the New Jersey Transportation Trust Fund Authority (NJTTFA) for the fiscal years 2010, 2011 and 2012.

The Audit Committee (the Committee) reviewed the recommendation for a qualified audit firm in accordance with Executive Order #122 to perform the audit of the annual financial statements and other services for the New Jersey Transportation Trust Fund Authority (NJTTFA) for Fiscal Years 2010, 2011, and 2012, as submitted by the Evaluation Committee on June 4, 2010.

The list of potential firms was solicited from the New Jersey Department of the Treasury, Division of Purchase and Property.

The Evaluation Committee disbursed eleven requests for proposal (RFP) and received only two responses. The responding firms were Mercadien, P.C. of Mercerville, NJ and McEnerny, Brady & Co., LLC of Livingston.

The Evaluation Committee members reviewed the responses of the firms and determined them to be qualified responses. The responses addressed all requirements of the RFP as established by the Committee and management of the NJTTFA.

The firm, Mercadien, P.C., has submitted fees for the annual financial audit for Fiscal Years 2010, 2011 and 2012 of \$16,500, \$17,000 and \$17,500, respectively. The firm, McEnerny, Brady & Co., LLC has submitted fees for the annual financial audit for Fiscal Years 2010, 2011 and 2012 of \$29,500, \$29,500 and \$29,500, respectively. There are established fees for management advisory and consulting services in the responses for future agreed upon procedures, if deemed necessary by the NJTTFA Board.

The Evaluation Committee contacted a sample of references of governmental and public agencies given in the response.

The Audit Committee recommends Mercadien, P.C. to the Board as a qualified candidate to be the NJTTFA auditor for Fiscal Years 2010, 2011 and 2012 for approval by the Board of Directors of the NJTTFA. The Committee met on Monday, August 2, 2010.

Respectfully submitted on behalf of the Audit Committee,
