Department of Factory and Workshop Inspection of the State of New Jersey.

REPORT.

OFFICE OF
INSPECTOR OF FACTORIES AND WORKSHOPS,
TRENTON, NEW JERSEY, October 27, 1901.

Hon. Foster M. Voorhees, Governor of the State of New Jersey:

SIR:—In submitting the Nineteenth Annual Report as Inspector of Factories and Workshops for the year ending October 26, 1901, I invite particular attention to some of the most important functions and work of this department. They may properly be considered as follows:

First—The inspection and oversight of child labor in connection with the compulsory school law, which provides in general that no boy under the age of twelve years, nor any girl under fourteen years, shall be employed in any factory, and no child under the age of fifteen years, unless such child shall have attended within twelve months immediately preceding, some day or night school for a period of five days or evenings during a term of at least twelve consecutive weeks and unless provided with a certificate issued by the Factory Inspection Department.

With this child labor question the department, during the past year, has experienced some difficulty. Violations thereof have necessitated and warranted the institution by this department of some prosecutions, in two of which the department was successful, the defendant being adjudged guilty, paid a fine, which was promptly turned into the State School Fund as the statute provides.

When labor is in great demand and is fully employed as at the present time, it makes the enforcement of the laws relative to the conditions under which labor shall be employed more difficult, and especially is this true of those laws which regulate the hours and employment of child labor. I deem it only fair to say in many cases where these laws are violated I think there is no deliberate intention on the part of the manufacturers to violate the law, but rather in many instances charitably dis-

posed employers are imposed upon and deceived by the parents or guardians of children whom they employ.

Second—Reporting of all accidents in workshops, factories and mines, oversight, examination and control, as far as possible, of hatchways, elevators and factory machinery for the purpose of insuring safety and protection to employees. The supervision of sanitary condition of factories, including light and ventilation, and the avoidance of dust and dirt where operators are employed.

With reference to accidents I regret to report there have been within the State, during the past year, seventy-three accidents or injuries to workmen, nine of which cases resulted fatally; but a comparison of this list with that of the year previous is gratifying to the department, as an examination of last year's Annual Report shows a total of ninety-five accidents, or twenty-two more than the present year, and this notwithstanding the very remarkable growth of our manufacturing industries. This decrease in accidents can be attributed, in a large measure, to the effort on the part of manufacturers to secure the most modern devices for the avoiding of accidents, as well as to the diligent work on the part of this department. The laws tending to render work rooms more healthful, convenient and comfortable, those making provision for means of exit in cases of emergency and requiring the proper equipment of all factories with fire escapes, are all being generally complied with. It now being believed that improper ventilation is the cause of more deaths than have ever occurred through dangerous machinery, exhaust systems for removing injurious and poisonous gases from work rooms have now come into general use, and have been the means of placing the factories of New Jersey in a better sanitary condition than every before. The manufacturers realize that when employees are contented they take a personal interest in the success and development of the business of their employer.

One of the most difficult matters the department has to contend with is the so-called Sweat Shop, due to the fact that they are extremely hard to locate unless reported to the department. It is important that citizens report such places to this department. When it is remembered that products of these sweat shops are taken to the public clothing store and placed on sale side by side with factory made goods, the importance of a vigorous enforcement of the laws on this subject will be apparent

Third—The supervision of bake houses and the enforcement of cleanliness where food products are manufactured.

The stringent laws of our State relating to the sanitary conditions of bake shops have necessitated the closing of forty-one bakeries during the last year, some of which were in good condition except from the fact they were located in cellars or basements. The enforcement of the law pro-

hibiting new bakeries in cellars or basements has resulted in much criticism, but we believe that the wisdom of the enactment of these laws by the legislature and the necessity of the enforcement is not generally questioned.

The bake shops that have complied with the act relative to new bakeries have been more than compensated for their trouble and expense by reason of their increased trade, which forcibly demonstrates that the general public realize light and air are essential to the healthful production of food products, and it is only a question of time when all bakeries will be compelled to locate on the ground floor, if not by law, by reason of lack of patronage.

The impression with many people seems to be that the best way for this department to enforce the law is to invoke the aid of the courts, but experience has taught that this is the last remedy and by no means the best. The education of both employer and employee is the best means of bringing about a respect for and obedience to the laws enacted for the purpose of bringing the factories of New Jersey to a higher standard of safety, comfort and health.

Whatever success has been attained by this department during the year last past has been in a great measure due to the faithful work of the Deputy Inspectors—Mr. Lewis H. Barrett, of the First District; Mr. Joseph Milburn, of the Second District; Mr. William B. Tucker, of the Third District; Mr. William H. Dod, of the Fourth District; Mr. Heber Wells, of the Fifth District; Mr. William H. Conklin, of the Sixth District—and to my Clerk, Elliott G. Moody, and I desire in this way to acknowledge their very effective service.

Very respectfully submitted,

JOHN C. WARD,
Inspector.

SECOND DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 3d, 1900, to OCTOBER 26th, 1901.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.
TRENTON, October 31st, 1901.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I respectfully submit my annual report as Deputy Factory Inspector for the Second District for the year closing October 31, 1901. The evidences of a truer and more intelligent conception of the real spirit and purpose of the Factory Laws on the part of employers is shown in their ready co operation with the Deputy Inspector, in the enforcement of the same, and this growing disposition to regard the laws manifested by employers is a source of real assistance and encouragement to the Inspector. In regard to the Compulsory Education Laws I am pleased to state that employers of child labor are in full accord with the Inspector in attention to the education of the toiling children. In conclusion, I am pleased to state as my honest conviction that the Factory Laws are yearly proving to be of great value to the wage earner, and of vital importance in the development of a better and truer relationship between employer and employes.

Yours truly,

JOSEPH MILBURN,
Deputy Inspector Second District.

THIRD DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 3d, 1900, to OCTOBER 26th, 1901.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.
ELIZABETH, October 31st, 1901.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

DEAR SIR: I herewith respectfully submit my annual report for the year. Conditions do not vary in this district from my previous reports except in the larger activity of industries and the greater employment and increased advantage to employes in the matter of wages. It is gratifying to note that with this increase there is an evidence of a larger appreciation on the part of employers, of the beneficent purposes of the provisions of the factory laws, and a pronounced effort to comply therewith in letter and spirit.

Orders have been issued in the matter of the employment of minors, safety and sanitary requirements for employes, fire-escapes for buildings and cleanliness in bakeries; and while there has been occasional opposition there has been no determined resistance; and I am happy to state that all such improvements have been secured without friction.

The deplorable condition noted in the public press, of the employment and degradation of minors in establishments for bottling malt beverages, in some localities, does not exist in this district; which is disclosed by an exhaustive investigation in all such establishments under my jurisdiction.

Items in the Western press, eminating from a society having a humane object, were brought to my attention, in which it was claimed that there was an excessive employment of women in industrial establishments, working under conditions that argued ill for the race.

From my standpoint of observation exception must be taken to such claim. The hours of labor and the environing conditions of female operatives in this district does not warrant any such conclusion. To the interested observer they indicate people of reasonable health and contentment. Numerically, they comprise but eighteen per cent. of the forty-two thousand employes in the district; and I may add that minors under sixteen years of age, amount to only one and forty-four one hundredths per cent. This is a decrease of one per cent. in the number of female employes, and two-tenths per cent. in minors from the previous year. This shows that

an increase of over seventy-five hundred employes in the district is fully made up with adult males, a gratifying condition in keeping with our industrial advancement.

However felicitous may be the retrospect of the year, a relaxation of vigilence on the part of the inspector would be an error.

He should possess an interest in the work, and realize that only by employing tact, patience, perseverance, firmness and a universal courtesy can success be attained.

Very respectfully yours,

WM. B. TUCKER,

Deputy Inspector Third District.

FOURTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 3d, 1900, to OCTOBER 26th, 1901.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.
HOBOKEN, January 14th, 1901.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I respectfully submit to you my report for the fiscal year ending October 31, 1901. As far as factories and mills are concerned they are in excellent condition, and every facility has been offered me for a thorough inspection. The utmost courtesy has been shown me by the managers, Some of the bakeshops are not kept as clean as they should be, but I notice an improvement.

Yours respectfully,

WM. H. DOD,
Deputy Inspector Fourth District.

FIFTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 3d, 1900, to OCTOBER 26th, 1901.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.
PATERSON, N. J., November 12th, 1901.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

SIR: I beg to submit my report as Deputy Inspector for the Fifth District.

My appointment to fill the position I occupy has been of so recent date that I have not been able to cover all the territory embraced in my district, but according to my observation the factory laws (barring one) are very generally observed. With a solitary exception I have received the most courteous treatment while performing my duties and my requirements have been heeded to my satisfaction.

In regard to the employment of children, I deem the subject of sufficient importance to engage the attention of the Legislature of this State at its coming session. Some of the laws bearing on the subject are so loosely drawn that it is doubtful if they could stand the test if a legal contest were made. This causes them to be looked upon with more or less distrust and contempt by interested parties.

In regard to the general question as to the proper age for children to go to work, I consider the present requirement of twelve for boys and fourteen for girls to be wrong, and that the age for both should be fourteen. I cannot see the propriety of allowing boys to go to work so much sooner than girls, for the former will probably in after years need more than the latter, the instruction they might acquire in the years between twelve and fourteen. Besides, those two later years are the very ones in which boys may digest, so to speak, the general knowledge they have obtained. Even if the standard for boys should be raised from twelve to fourteen years, there will not be a few cases in which the law will be evaded by parents and employers. Therefore we should not "let down the bars" to the detriment of the young.

Nor do I look with favor upon the plea that the little boys can make up for a lack of two years schooling by attending night school. It is all well enough, under our present practice to encourage the children to go there, but experience shows that soon after the evening schools have been opened in the fall there is a good attendance, but that in a short time,

what with their daily toil and the restraints upon them, they gradually fall out and fail to reap the benefit intended. There is also the fact to be considered that many of the children are working in localities where night schools are never maintained. This gives force to the argument for extending the employment age to fourteen years for both sexes.

I could easily fortify this position in regard to child labor by reference to the practice in other States, but I refrain from doing so at present.

In regard to certificates for the employment of children, I think they should be supplied by the State, and that the law should state definitely that no child between the ages of fourteen and sixteen should be employed unless a certificate executed by a proper civil officer be filed in the office of the employer. The law should also require a careful registration in every school, public or private, of the date and place of birth of the children, and of the school attendance of the same.

Respectfully,

HEBER WELLS,

Deputy Inspector Fifth District.

SIXTH DISTRICT.

Department of Factory and Workshop Inspection of the State of New Jersey.

NOVEMBER 3d, 1900, to OCTOBER 26th, 1901.

DEPARTMENT OF
FACTORY AND WORKSHOP INSPECTION,
STATE OF NEW JERSEY.
NEWARK, N. J., January 15th, 1902.

To Hon. John C. Ward, Chief Inspector of Factories and Workshops:

DEAR SIR: I herewith submit my report of inspections made in the Sixth District during the last quarter of year ending Oct. 31st, 1901. I have inspected 212 factories. I find conditions very good. Bakeshops 19, which I also find in fair condition. Have granted 130 certificates of age, and reported 3 accidents caused by carelessness on the part of those injured. As a general thing I find hatchways and machinerys, belts, etc., well guarded. Thanking you for information.

I remain respectfully,

WILLIAM H. CONKLIN,
Deputy Inspector Sixth District.

Department of Factory and Workshop Inspection of the State of New Jersey.

FACTORY LAWS.

1901.

Factory Laws.

The Employment of Children.

An Act to limit the age and employment hours of labor of children, minors and women, and to appoint an inspector for the enforcement of the same.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That after the fourth day of July, one thousand eight hundred and eighty-three, no boy under the age of twelve years, nor any girl under fourteen years of age, shall be employed in any factory, workshop, mine or establishment where the manufacture of any goods whatever is carried on.

2. And be it enacted, That on and after the first day of July, one thousand eight hundred and eighty-four, no child between the ages of twelve and fifteen years shall be employed in any factory, workshop, mine or establishment where the manufacture of any kind of goods whatever is carried on, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well-recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or it parents or guardian, shall have presented to the manufacturer, merchant or other employer seeking to employ such child, a certificate giving the name of his parents or guardian, the name and number of the schools attended, and the number of weeks in attendance, such certificate to be signed by the teacher or teachers of such child; provided, that in case the age of the child be not known, such teacher shall certify that the age given is the true age to the best of his or her knowledge or belief; provided, that in case of orphan children, where necessity may seem to require, the guardian or others having charge of the same may, upon application to the inspector provided for in this act, receive from him a permit for the employment of such child or children, under such regulations as the said inspector may prescribe.

3. And be it enacted, That no child or children under the age of fourteen years shall be employed in any factory, workshop, mill or establishment where the manufacture of any kind of goods is carried on, for a longer period than an average of ten hours in a day, or sixty hours in a week.

4. And be it enacted, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation hereof, shall be guilty of misdemeanor, and upon conviction shall be fined for each offense in a sum of not less than fifty, nor more than one hundred dollars, and in default of payment of the same, shall be imprisoned in the county jail for not less than thirty, nor more than ninety days, and that every head of a family, parent or guardian, who knowingly permits the employment of such children, shall be likewise subject to a fine of not more than twenty-five, nor less than ten dollars, for every child so employed, and for each offense, and in default of such payment, shall be imprisoned in the county jail for a period of not less than ten days, nor more than twenty days; a certificate of the age of the minor, made by him or her, and by his or her parent or guardian at the time of employment, shall be conclusive evidence of the age of such minor upon any trial for the violation of this act; provided, that the provisions in this act, in relation to the hours of employment, shall not apply to or affect any person engaged in preserving perishable goods in fruit-canning establishments.

5. And be it enacted, That the Governor shall immediately after the passage of this bill, appoint, with the advice and consent of the Senate, some suitable person, who shall be a resident and citizen of this State, as inspector, at a salary of twelve hundred dollars per year, to be paid monthly, whose term of office shall be for three years; the said inspector shall be empowered to visit and inspect, at all reasonable hours, and as often as practicable, the factories, workshops, mines and other establishments in the State, where the manufacture or sale of any kinds of goods is carried on, and to report to the Governor of this State on or before the thirty-first day of October in each year; it shall also be the duty of said inspector to enforce the provisions of this act, and to prosecute all violations of the same in any Recorders' Court of cities, and Justices of the Peace, or other courts of competent jurisdiction in the State.

6. And be it enacted, That all necessary expenses incurred by said inspector in the discharge of his duty shall be paid from the funds of the State, upon the presentation of proper vouchers for the same; provided, that not more than five hundred dollars shall be expended by him in any one year.

7. And be it enacted, That all fines collected under this act shall insure to the benefit of the school fund of the district where the offense has been committed.

8. And be it enacted, That all acts and parts of acts inconsistent with the provisions of this are hereby repealed, and that this act shall take effect immediately.

Approved March 5th, 1883.

A supplementary act, approved in 1884, contains the following enactments:

That the inspector and his deputies shall have power to demand a certificate of physical fitness from some regular practicing physician in

the case of minors, who may seem physically unable to work, and shall have power to prohibit the employment of any minor that cannot obtain such a certificate.

That any parent or guardian who, when so required by the inspector or one of his deputies, shall furnish to such inspector, or deputy, a certificate from the office of registration of births, or in the absence of such certificate, an affidavit or affidavits of the age of such minor, and if any one shall knowingly swear falsely in any such affidavit, the person or persons so swearing shall be guilty of perjury and liable to indictment and punishment accordingly.

That section four of the act to which this is a supplement shall be amended to read as follows:

[4. And be it enacted, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation thereof, shall be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any Justice of the Peace having due jurisdiction, and that any parent or guardian, who knowingly permits the employment of such child or children, shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five or more than ten days after issue, and it shall not be necessary to indorce the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme court, when such a court of justices shall be satisfied that further confinement will not accomplish the payment of the judgment and costs; an affidavit of the age of any minor, made by its parent or guardian, at the time of its employment, shall be conclusive evidence of the age of such minor, upon any trial against a manufacturer or employer for the violation of this act, but any parent or guardian that shall knowingly swear falsely in such affidavit, shall be guilty of perjury, and the inspector or deputy inspector shall be authorized in case they shall find any minor employed under any false affidavit given as aforesaid, to order and compel such minor to desist from work; the provisions of this act in relation to the hours of employment shall not apply to or affect any person engaged in preserving goods in fruit-canning establishments.]

General Factory Act.

The law of April 7th, 1885, known as the General Factory act, is hereby given in full:

General Act relating to factories and workshops, and the employment, safety, health and work hours of operatives.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That any person or corporation engaged in manufacturing, which requires from persons in his or its employ, under penalty of forfeiture of a part of the wages earned by them, a notice of intention to leave such employ, shall be liable to the payment of a like forfeiture if he or it discharge without similar notice a person in such employ, unless in case of a general suspension of labor in his or its shop or factory.

2. And be it enacted, That all accidents in workshops, factories or mines, that results in death, shall be reported at once by the occupier to the inspector of workshops at Trenton, and the city or district physician, where one is employed as such, which notice may be given by mail.

3. And be it enacted, That the belting, shafting, gearing and drums in all factories and workshops, when so placed as to be dangerous to persons employed therein while engaged in their ordinary duties, shall be securely guarded when practicable (possible); if otherwise, then notice of its danger shall be conspicuously posted in the factory or workshop.

4. And be it enacted, That no minor, under eighteen years of age, or woman, shall be required to clean any part of the mill gearing or machinery in any factory or workshop, while the same is in motion, or work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water or other mechanical power.

5. And be it enacted, That the opening of all hostway, hatchways, elevators and well-holes upon every floor of a factory or mercantile or public building, shall be protected by good and sufficient trap-doors or self-closing hatches and safety catches, or strong guard rails at least three feet high, and all due diligence shall be used to keep such trap-doors closed at all times, except when in actual use by the occupant of the building having the use and control of the same.

6. And be it enacted, That no explosive or inflammable compound shall be used in any factory, in such place or manner as to obstruct or render hazardous the egress of operatives in case of fire.

7. And be it enacted, That no minor under the age of sixteen shall be employed in any manufacturing, mercantile or mechanical establishment more than ten hours a day or sixty hours a week.

8. And be it enacted, That suitable places shall be provided in all factories and workshops where girls or women are employed, where unclean work of any kind has to be performed, for such girls or women to wash; workshops be properly screened.

9. And be enacted, That separate water-closets be provided for the use of the employes of either sex in all manufacturing, mercantile or mechanical establishments where persons of both sexes are employed.

10. And be it enacted, That where the factories or workshops appear so overcrowded that in the opinion of the inspector of factories there is danger to health, the inspectors shall have power, after being supported in their opinion by some reputable resident physician, to prohibit such overcrowding.

11. And be it enacted, That the inspectors of factories shall have power to order a fan or other mechanical means of proper construction, if practicable, for the purpose of preventing the inhalation of dust in establishments where any process is carried on by which dust is generated and inhaled by the workers to an injurious extent.

12. And be it enacted, That all factories and mines be ventilated so as to render harmless all impurities as near as may be.

13. And be it enacted, That no cellar, room or place shall be occupied as a bake-house, which is less than one-half its height above the level of the street, footway or ground adjoining the same, unless the following regulations are complied with: first, no water-closet, earth-closet, privy or ash-pit shall be within or communicate directly with the bake-house; second, no drain or pipe for carrying off sewage or other impure matter shall have an opening within a bake-house, unless such drain or pipe be trapped with a six-inch water seal, both within and without the wall of the bake-house, and have a ventilating pipe of one-half the size of drain-pipe between the wall and the outer trap, and which ventilating pipe shall run two feet above the roof of the building.

14. And be it enacted, That the sleeping places for workmen and others employed in bake-houses shall be separated and distinct from the places used for the making of bread.

15. And be it enacted, That any person or corporation, being the owner, lessee or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any building or room, shall, for the willful violation of any provisions of this act, except sections one and two, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of fifty dollars; that such actions shall be prosecuted by and in the name of the inspector of factories; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five days or more than ten after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such defendant

is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme Court, when such court or justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs; provided, nothing herein shall subject any owner of a building or premises to any penalty unless he shall be the proprietor of the business conducted therein

16. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act be and are hereby repealed.

Approved April 7th, 1885.

A Supplement to an act entitled "A general act relating to factories and workshops, and the employment, safety, health and work hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That every person shall, within one month after he begins to occupy a factory or workshop, notify one of the factory inspectors of such occupancy.

2. And be it enacted, That section two of the act to which this a supplement be amended to read as follows:

[2. And be it enacted, That all accidents in workshops, factories or mines, which prevent the injured person or persons from returning to work within two weeks, or which result in death, shall, within twenty-four hours after the expiration of such two weeks, or after the death, as the case may be, be reported by the person in charge of such workshop, factory or mine, to one of the factory inspectors and to the city or district physician, where there is such an officer, which notice may be given by mail.]

3. And be it enacted, That section six of the act to which this is a supplement be amended to read as follows:

[6. And be it enacted, That no minor or woman shall clean any part of the mill gearing or machinery in any factory or workshop while the same is in motion, or work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water, or other mechanical power.]

4. And be it enacted, That all factories, manufacturing establishments or workshops of two or more stories in height, in which thirty or more persons are employed above the first floor thereof, shall be provided with one or (if the proper officials deem necessary) more outside iron fire escapes, not less than six feet in length and three feet in width, properly and safely constructed, guarded by iron railings not less than three feet in height, and taking in at least two windows at each story, and connected with the interior by easily accessible and unobstructed

openings; and the said fire escapes shall connect by iron stairs not less than twenty-four inches wide, the steps to be not less than six inches tread, placed at not more than an angle of forty-five degrees slant, and protected by a well-secured hand-rail on both sides, with a twelve-inch-wide drop ladder from the lower platform reaching to the ground

5 And be it enacted, That for every twenty persons employed on every floor above the second floor of every factory and workshop there shall be one rope or portable fire escape, and that each story shall be amply supplied with means for extinguishing fire.

6. And be it enacted, That all the main doors, both inside and outside, in factories, shall open outwardly, when the inspectors of factories, in writing, so direct, and that no outside or inside door of any building wherein operatives are employed, shall be so locked, bolted or otherwise fastened during the hours of labor as to prevent egress.

7. And be it enacted, That no minor below the age if sixteen shall be employed at any work dangerous to health without a certificate of fitness from a reputable physician.

8. And be it enacted, That factories and workshops in which women and children are employed and where dusty work is carried on, shall be lime-washed or painted at least once in every twelve months.

9. And be it enacted, That an abstract of the factory and workshop laws, to be prepared and furnished by the chief factory inspector, shall be affixed in a conspicuous place at the entrance of every factory and workshop.

10. And be it enacted, That if the inspector of factories find that the heating, lighting, ventilation or sanitary arrangement of any shop or factory is such as to be injurious to the health of persons employed therein, or that the means of egress, in case of fire or other disaster, is not sufficient, or that the belting, shafting, gearing, elevators, drums and machinery in shops and factories are located so as to be dangerous to employes and not sufficiently guarded, or that the vats, pans or structures filled with molten metal or hot liquid are not surrounded with proper safeguards for preventing accident or injury to those employed at or near them, he shall notify the proprietor of such factory or workshop to make the alterations or additions necessary within thirty days and if such alterations or additions are not made within thirty days from the date of such notice or within such time as said alterations can be made with proper diligence upon the part of said proprietors, said proprietors or agents shall be deemed guilty of violating the provisions of this act; it shall then be the duty of the inspectors to examine the matter in dispute, and, if adverse to the appellant, he shall carry out the alterations or additions directed by said inspectors within thirty days as aforesaid, and under the like penalty.

11. And be it enacted, That section fifteen of the act to which this is a supplement be amended to read as follows:

[15. And be it enacted, That any person or corporation, being the owner, lessee or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any build-

ing or room shall, for the violation of any provisions of this act, or of the act to which this is a supplement, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector of factories; the trial shall proceed as other actions upon contract, and the first process shall be a summons, returnable in not less than five days or more than ten days after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant; and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme Court, when such court of justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs.]

12. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act be and are hereby repealed.

Approved May 6th, 1887. P. L., ch. 177.

A Further Supplement to an act entitled "A general act relating to factories and workshops and the employment, safety, health and work hours of the operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That on and after the sixth day of July, one thousand eight hundred and ninety-two, fifty-five hours shall constitute a week's work in any factory, workshop or establishment where the manufacture of any goods whatever is carried on; and that the periods of employment shall be from seven o'clock in the forenoon until twelve o'clock noon, and from one o'clock in the afternoon until six o'clock in the evening of every working day except Saturday, upon which last-named day the period of employment shall be from seven o'clock in the forenoon until twelve o'clock, noon.

2. And be it enacted, That no person under the age of eighteen years, male or female, and that no woman above that age shall be employed in any factory, workshop or manufacturing establishment, except under the periods of employment hereinbefore mentioned; provided, that the provisions of this act in relation to the hours of employment

shall not apply to or affect any person engaged in preserving perishable goods in fruit canning establishment, or in any factory engaged in the manufacture of glass.

3. And be it enacted, That the inspector of factories shall investigate any reported violation of the provisions of this act and of the act to which this is a supplement, after it has been discovered by him or brought to his notice, and may proceed against the violator or violators in the manner prescribed by the act to which this is a supplement.

4. And be it enacted, That any manufacturer or other employer who shall violate any of the provisions of this act shall be liable to a penalty of one hundred dollars for each offense, to be recovered in the same way and for the same purpose as prescribed in the act to which this is a supplement.

5. And be it enacted, That all acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Approved March 23rd, 1892.

A Further Supplement to an act entitled "A general act relating to factories and workshops and the employment, safety, health and work hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That no room or rooms, apartment or apartments, in any tenement or dwelling-house shall be used for the manufacture of coats, vests, trousers, knee-pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts, purses, feathers, artificial flowers or cigars, except by the immediate members of the family living therein; that no person, firm or corporation shall hire or employ any person to work in any room or rooms, apartment or apartments, in any tenement or dwelling-house, or building in the area of a tenement or dwelling-house, at making, in whole or in part, any coats, vests, trousers, knee-pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts, purses, feathers, artificial flowers or cigars, unless such person, firm or corporation first shall have obtained a written permit from the factory and workshop inspector, or a deputy inspector, which permit may be revoked at any time that the health of the community or of those employed as aforesaid may require it, and that such permit shall not be granted until due and satisfactory inspection of the premises affected shall have been made by the said inspector or deputy inspectors; that such permit shall be framed and posted in a conspicuous place in the room, or each of the rooms, to which it relates, shall be duly numbered, and shall state the number of persons allowed to be employed therein.

2. And be it enacted, That any person, firm or corporation being the owner, lessee or occupant of the room or rooms to which this act relates shall for the violation of any of the provisions herein be liable to

the same penalty or penalties as are now prescribed for violations of the act and supplements of the act to which this a further supplement.

And be it enacted, That this act shall take effect immediately.

Approved March 17, 1893.

Compulsory Education Law.

A Supplement to an act to establish a system of public instruction, approved April ninth, one thousand eight hundred and seventy-five.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That all parents, and those who have the care of children, shall instruct them or cause them to be instructed in spelling, reading, writing, English grammar, geography and arithmetic, and every parent, guardian or other person having control and charge of any child or children between the ages of seven and twelve years, shall be required to send any such child or children to a public day-school for a period of at least twenty weeks in each year, eight weeks, at least, of which attendance shall be consectutive, unless such child or children are excused from such attendance by the board of the school district in which such parents or guardians reside, upon its being shown to their satisfaction that the bodily or mental condition of such child or children has been such as to prevent him, her or their attendance at school, or that such child or children are taught in a private school, or at home, by some qualified person or persons, in such branches as are usually taught in primary schools.

2. And be it enacted, That no child under the age of fifteen years shall be employed by any person, company or corporation to labor in any business whatever, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well-recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or his or her parents or guardian, shall have complied with the provisions of the act approved March fifth, one thousand eight hundred and eighty three, limiting the employment hours of the labor of children.

3. And be it enacted, That every parent, guardian or other person having charge or control of any child, from twelve to sixteen years of age, who has been temporarily discharged from employment in any business in order to be afforded an opportunity to receive instruction or schooling, shall send such child to some public or private day-school for the period for which such child shall have been discharged, unless such child shall have been excused from such attendance by the inspec-

tors of factories and workshops or by the board of the school districts for reasons as stated in section one hereof.

4. And be it enacted, That in case any parent, guardian or other person shall fail to comply with the provisions of sections one and three of this act, such parent, guardian or other person shall be deemed guilty of a misdemeanor, and shall, on conviction, be liable to a fine of not less than ten dollars nor more than twenty-five dollars for the first offense, and of not less than twenty-five dollars for each subsequent offense, or to imprisonment for not less than one month or more than three; the said fines, when paid, to be added to the public school money of said school district in which the offense occurred.

5. And be it enacted, That all children between the ages of seven and fifteen years, who are habitual truants from school, or who, while in attendance at any public school, are incorrigible, vicious or immoral in conduct, and all children between the said ages who absent themselves habitually from school, and habitually wander about the streets and public places during school hours, having no business or lawful occupation, shall be deemed juvenile disorderly persons and subject to the provisions of this act.

6. And be it enacted, That in all cities having a duly authorized police force, it shall be the duty of the police authority, at the request of the inspectors of factories and workshops, or the school authority, to detail one or more members of said force to assist in the enforcement of this act, and in districts having no regular police force subject to this act, it shall be the duty of the board of education or the school district officers to designate one or more constables of said city, township or village, whose duty it shall be to assist in the enforcement of this act as occasion may require, and said board of education shall fix and determine the compensation to be paid such officer or constable for the performance of his duties under the act; members of any police force or any constable designated to assist in the enforcement of this act, as provided in this section, shall be known as truant officers; provided, that in districts where no constable resides the said board shall have power to appoint some other suitable person as truant officer.

7. And be it enacted, That it shall be the duty of any such truant officer or officers detailed to enforce the provisions of this act to examine into all cases of truancy, when requested so to do by the inspectors of factories and workshops, or by a district school board, and to warn such truants, their parents or guardians, in writing, of the final consequences of truancy, if persisted in, and also to notify the parent, guardian or other person having the legal charge and control of any juvenile disorderly person, that the said person is not attending any school, and to require said parent, guardian or other person to cause the said child to attend some recognized school within five days from said notice, and it shall be the duty of said parent, guardian or other person having the legal charge and control of said child to cause the attendance of said child at some recognized school; if said parent, guardian or other person having the legal charge and control of said child shall wilfully

refuse, fail or neglect to cause said child to attend some recognized school, it shall be the duty of said officer to make or cause to be made a complaint against said parent, guardian or other person having the legal control and charge of such child in any court of competent jurisdiction in the school district in which the offense occurred for such refusal or neglect, and upon conviction thereof said parent, guardian or other person, as the case may be, shall be punished by a fine of not less than ten dollars, nor more than twenty-five dollars, or the court may, in its discretion, require the person so convicted to give bond in the penal sum of one hundred dollars, with one or more sureties, to be approved by said court, on condition that said person so convicted shall cause the child or children under his or her legal charge or control to attend some recognized school within five days thereafter, and to remain at said school during the term prescribed by law; provided, that if said parent or guardian, or other person in charge of said child, shall prove inability to cause said child to attend said recognized school, then said parent or guardian or other person shall be discharged, and said court shall, upon complaint of said truant officer or other person that said child is a juvenile disorderly person, as described in section five of this act, proceed to hear such complaint, and if said court shall determine that said child is a juvenile disorderly person within the meaning of this act, then said court shall thereupon sentence said child to a juvenile reformatory until such child shall arrive at the age of sixteen years, unless sooner discharged by the board of control of said juvenile reformatory; provided, however, that such sentence may be suspended in the discretion of said court for such time as the child shall regularly attend school and properly deport himself or herself; it is further provided, that if for any cause the parent or guardian, or other person having charge of any juvenile disorderly person as defined in this act, shall fail to cause such juvenile disorderly person to attend said recognized school, then complaint against such juvenile disorderly person may be made, heard, tried and determined in the same manner as is provided for in case the parent pleads inability to cause said juvenile disorderly person to attend said recognized school; and it is further provided, that no child under the age of nine years shall be sent to a juvenile reformatory under the provisions of this act.

8. And be it enacted, That it shall be the duty of the officers empowered, detailed or appointed under the provisions of this act to assist in the enforcement thereof, to institute or cause to be instituted, proceedings against any parent, guardian or other person having legal charge and control of any child, or any person, company or corporation violating any of the provisions of the sections of this act; provided, this law shall not be operative in those school districts of the State where there are not sufficient accommodations to seat the children compelled to attend school under the provisions of this act; and that no prosecution shall be instituted against any parent, guardian or child unless they have received due notification from an officer empowered under this act that they are acting in violation of the provisions of this act.

9. And be it enacted, That when there is not within the distance of two miles from the factory or shop in which a child under the age of fifteen years is employed, or from the residence of the child, a recognized efficient school, attendance at a school temporarily approved by an inspector of factories and workshops shall for the purposes of this act be deemed attendance at a recognized efficient school, and the inspector of factories shall immediately report to the education department every case of the approval of a school by him under this section.

10. And be it enacted, That two weeks' attendance of children between twelve and fifteen years of age at a recognized half-time or evening school shall for all purposes of this act be counted as one week at a day school.

11. And be it enacted, That when any of the provisions of this act are violated by a corporation, proceedings may be had against any of the officers or agents of said corporation who in any way participate in or are cognizant of such violation by the corporation of which they are the officers or agents, and said officers or agents shall be subject to the same penalties as individuals similarly offending.

12. And be it enacted, That all acts and parts of acts inconsistent with this act are hereby repealed, and that this act shall take effect on the first day of September, one thousand eight hundred and eighty-five.

Manufacture of Flour and Meal Food Products.

An Act to regulate the manufacture of flour and meal food products.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. No employe shall be required, permitted or suffered to work in a biscuit, bread or cake bakery, or confectionery establishment more than sixty hours in any one week, or more than ten hours in any one day, unless for the purpose of making a shorter workday on the last day of the week, nor more hours in any one week than will make an average of ten hours per day for the whole number of days in which such person shall so work during such week; but it shall be lawful in cases of emergency for employers to permit any employee and for the latter to work an additional time not exceeding two hours per day, such extra work to be remunerated at the current rate of the weekly wages paid to such employe for his weekly work of sixty hours; no employe in any biscuit, bread or cake bakery shall be discharged by his employer for having made any truthful statement as a witness in a court or to the factory inspector or a deputy factor inspector, in pursuance of this act.

2. All buildings or rooms, occupied as biscuit, bread or cake bakeries, shall be drained and plumbed in a manner to conduce to the proper and healthful sanitary condition thereof, and constructed with air

shafts, windows or ventilating pipes sufficient to insure ventilation, as the factory inspector or any of his deputies shall direct; no cellar or basement not now occupied as a bakery, shall hereafter be occupied and used as a bakery, and a cellar bakery heretofore occupied, when once closed, shall not be reopened unless the proprietor shall have previously complied with the provisions of this act.

3. Every room used for the manufacture of flour or meal food products shall be at least eight feet in height and shall have, if deemed necessary by the factory inspector, an impermeable floor, constructed of cement or of wood properly saturated with linseed oil; the side walls of such rooms shall be plastered or wainscoted, except where brick walls are shown, and, if required by the factory inspector, shall be whitewashed at least once in three months; the furniture and utensils in such rooms shall be so arranged that the furniture and floor may at all times be kept in a proper and healthful, sanitary and clean condition; no domestic animal, except cats, shall be allowed to remain in a room used as a biscuit, bread or cake bakery, or for the storage of flour or meal food products.

4. The manufactured flour or meal products shall be kept in perfectly dry and airy rooms, so arranged that the floor, shelves and all other facilities for storing the same can be easily and perfectly cleaned.

5. Every such bakery shall be provided with a proper wash room and water-closet or closets apart from the bake-room or rooms where the manufacturing of such food products is conducted; and no water-closet, earth closet or privy shall be within or communicate directly with the bake-room of any bakery, hotel or public restaurant.

6. The sleeping places for the persons employed in a bakery shall be kept separate from the room or rooms where flour or meal food products are manufactured or stored, and the factory inspector or a deputy factory inspector may inspect such sleeping places, if they are on the same premises as the bakery, and order them cleaned or changed, in compliance with sanitary principles.

7. Any person who violates any of the provisions of this act, or refuses to comply with any requirement of the factory inspector or deputy factory inspector, as provided herein, shall be guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than twenty nor more than fifty dollars for the first offense, and not less than fifty nor more than one hundred for a second offense, or imprisonment for not more than ten days, and for a third offense by a fine of not less than two hundred and fifty dollars and not more than thirty days' imprisonment.

8. The factory inspector and his deputies shall inspect all bakeries and see that the provisions of this act are observed therein; such deputies shall have all power and duties of the deputy inspector and shall be amenable to the supervision and control of the factory inspector; the factory inspector or a deputy factory inspector authorized by him may issue a certificate to a person conducting a bakery that such bakery is conducted in compliance with all the provisions of this act.

9. The owner, agent, or lessee of any property affected by the provisions of sections two, three or five of this act, shall, within sixty days after the service of a notice requiring any alterations to be made in or upon such premises, comply therewith, and such notice shall be in writing and may be served upon such owner, agent or lessee, either personally or by mail, and a notice mailed to the last known address of such owner, agent or lessee shall be deemed sufficient for the purpose of this act.
