General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE APPEAL OF
WFD AND CAFRA PERMIT APPLICATION DENIALS

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION (DEP) intends to settle the pending appeal of the denial of two applications for Statewide General Permit authorizations pursuant to the Waterfront Development Act, N.J.S.A. 12:5-3 et seq. ("WFD"), and the Coastal Area Facilities Review Act ("CAFRA"), N.J.S.A. 13:19-1 et seq. (File Nos. 1517-03-0049.2 (WFD 040001) and 1517-03-0049.2 (CAF 040001), which have since been consolidated) to construct a single family home and dock on property owned by Petitioner that is known as Block 1.88, Lots 2.04 and 2.05 on the tax map of the Long Beach Township, Ocean County, New Jersey. Through Petitioner's submission of a revised plan, prepared by Horn, Tyson & Yoder, titled "Sketch Plat of Lots 2.04 and 2.05, Block 1.88 Tax Map Sheet #7, Long Beach Township, Ocean County" dated April 6, 2007 (the "Plan"), NJDEP is of the opinion that the plan now substantially conforms to the applicable coastal zone management regulations. In accord with the Plan, Petitioner may utilize the landward-most 55' of the 144' deep lot for construction of one single-family home in compliance with the terms of this settlement. Petitioner may utilize a 12' corridor at the northern edge of the portion of the Property for exclusive use including perpendicular private access to the water's edge, and construct a private dock with two (2) private boat slips on the water's edge adjacent to the twelve foot corridor. The remaining area, measuring approximately 89' from the water's edge and 99' north of Osbourne Avenue constitutes the Filled Water's Edge Area. Petitioner agrees to deed restrict in perpetuity the Filled Water's Edge Area on the Property from any further development other than such use referenced in this settlement and outlined below, or such water dependent uses which may hereafter be approved by the Department.

Petitioner agrees to include in the deed restriction a 20' public access easement along the entire waterfront of the Filled Water's Edge Area. Prior to occupancy of the residential home, Petitioner shall: (a) restore a wooden ramp for public access and use as a launching locale for kayaks, row boats, canoes and the like; and (b) construct a 10' public walkway along the entire waterfront of the Filled Water's Edge Area, with said walkway running around the wooden ramp. Said walkway shall be open to the public twenty-four hours per day,

seven days per week except when temporary closure is necessary to make appropriate repairs to the walkway; and (c) install at least three public benches immediately adjacent to the landward side of the 10' public walkway. In addition, Petitioner agrees to install trash and recycling receptacles for public use on the Property; and (d) construct a public fishing pier equal in length to that of the most waterward dock of the neighboring marina; and (e) construct 8 public parking spaces on the Filled Water's Edge Area, including 2 handicap parking spaces. In the absence of a municipal agreement to maintain the Filled Water's Edge Area, the area must be maintained by Petitioner or his successor in interest in the Property under a perpetual maintenance plan subject to written approval by DEP. Petitioner further agrees to provide appropriate signage indicating the Property is available for public access and use.

Upon the issuance of the Letter of Authorization and NJDEP's receipt of a fully recorded deed restriction in a form which has been reviewed and approved by NJDEP, the Petitioner shall then be authorized to start proposed site disturbance, pre-construction earth movement or improvements on the Property in accord with the Plan.

Comments regarding this settlement, or requests for copies of the stipulation of settlement or the plan, may be sent to Christopher Dolphin, Acting Bureau Manager, Bureau of Coastal Regulation, P.O. Box 402, Trenton, NJ 08625-0402, fax (609) 292-8262, or telephone (609) 633-2289. Comments must be received by NJDEP within 10 days of publication in the December 5, 2007 NJDEP Bulletin, or by December 15, 2007.
