TO: Honorable Members of the New Jersey State Legislature
FROM: Robert A. Briant, Jr., Chairperson, New Jersey Infrastructure Bank
SUBJECT: Fourth Amended State Fiscal Year 2023 Interim Financing Program **Project Priority List (PPL)**
for Short-Term Funding in the New Jersey Environmental Infrastructure Financing Program

Overview – The New Jersey Infrastructure Bank (“I-Bank”) is pleased to present to the New Jersey State Legislature, the quarterly amended Project Priority List (“PPL”) for the New Jersey Environmental Infrastructure Financing Program (“Water Bank”). The I-Bank’s Enabling Act, P.L. 1985, C. 334, as amended (“Enabling Act”) authorizes the I-Bank to amend the PPL four times during the State fiscal year (“SFY”). The PPL for SFY2023 was originally submitted to the Legislature in January 2022. This submission serves as the fourth such amendment.

This fourth and final SFY2023 amended PPL is a complete compilation of all projects seeking financing and consists of **740 environmental infrastructure projects** (“Projects”) at a **total estimated cost of \$8.26 billion**. This list for SFY2023 includes 174 additional projects for which applications were received since the submission of the original PPL in January 2022.

Background – Since issuing its first loan in 1987, the I-Bank has partnered with the Department of Environmental Protection (“DEP”) to jointly fund and manage the NJ Water Bank, which provides efficient, low-cost financing for Projects. The Water Bank leverages Federal and State Revolving Funds (“SRF”), offered at a zero-percent interest, with funds provided by the I-Bank, sourced through publicly issued AAA rated bonds. This enables the Water Bank to provide the lowest possible interest rate loans to constituent water systems for the construction and long-term financing of Projects.

Short-Term Loan Priority List – As DEP’s partner in the Water Bank, the I-Bank issues short-term loans to finance and facilitate the engineering, design, and construction processes. The Enabling Act requires that any project receiving short-term financing must be included on the interim financing PPL submitted to the Legislature and must be sponsored by an eligible borrower.

Project List – As is customary, the SFY2023 Priority List is presented as two project lists:

- Appendix A – Clean Water projects, and
- Appendix B – Drinking Water projects.

The Appendices present the list of projects in both alphabetical and prioritization rank order pursuant to the Water Bank’s project prioritization methodology (the prioritization methodology established by the DEP Commissioner is the means by which limited financing program funds are distributed among eligible Projects in ranked order). The detailed ranking methodologies for Clean Water and Drinking Water Projects were set forth in the Water Bank’s Federal FY2022 Clean Water/Drinking Water Intended Use Plan and the SFY2023 January Report submitted by the DEP. They are available at:
