New Jersey Turnpike Authority

MEMORANDUM

August 8, 2024

TO: James D. Carone, Executive Director

FROM: Thomas F. Holl, Director of Law

RE: Authorization to Renew the Authority’s Cyber Liability Insurance Program for one (1) additional year (September 29, 2024 - September 29, 2025)
 Renewal Amount: not to exceed \$1,834,432.00
 Account No.: 010-00-822-121010

The New Jersey Turnpike Authority (“Authority”) maintains comprehensive cyber liability insurance to protect itself from a myriad of cyber risks. This insurance provides the Authority with protection from theft and ransom of its electronic data and other cyber-related risks, including the following: (1) Media Wrongful Acts; (2) Privacy and Cyber Security; (3) Privacy Regulatory Defense, Awards and Fines; (4) Data Recovery Expenses; (5) Data Breach Response and Crisis Management Costs; (6) Cyber Extortion and Ransomware; and (7) Business Interruption and Dependent Business Interruption coverage (the “Program”). The Program expires September 29, 2024.

Willis of New Jersey, Inc. (“Willis”), the Authority’s broker of record, was tasked with renewing the Program and seeking alternate quotations for higher limits. As in the past, the Authority met with prospective underwriters and outlined various upgrades to its security protocols and cyber protections, which was favorably received by the underwriters. Willis continues to market the Program and will provide firm quotations from the incumbent primary and excess carriers and any new carriers that may provide enhanced coverage at a more favorable price than the incumbent carriers.

The total premium for coverage as outlined above will not exceed \$1,834,432.00, including all New Jersey mandatory taxes and surcharges.

It is therefore recommended that the Board of Commissioners authorize the Executive Director to renew the Program at an amount not to exceed \$1,834,432.00. It is also requested that the Executive Director be authorized to execute all documents and to take all further actions to effectuate the renewal of the Program consistent with the intent of the recommendation.

Publicly advertised in the Star Ledger and posted on the Authority's website on May 20, 2024			

This contract will provide for bridge deck reconstruction and miscellaneous repairs of eleven (11) bridges located on the New Jersey Turnpike Newark Bay-Hudson County Extension (NB-HCE), between Interchange 14A (Milepost N3.5) and the eastern terminus at Jersey Avenue. This work includes select deck replacements and steel and concrete repairs being performed to maintain these bridges until which time they are replaced as part of the NB-HCE Improvements Program. All work is expected to be substantially completed by March 2028.

Five bid proposals were received on June 25, 2024 for the above publicly advertised contract, as shown on the attached bid summary sheet. The Law Department recommends rejection of the low bid proposal, which is non-responsive, due to the low bidder's failure to submit a valid Consent of Surety with its bid.

The second low bid proposal, in the amount of \$80,735,000.00, may be compared to the next low bid proposal of Ferreira Construction Co., Inc. in the amount of \$92,269,472.00. Both bid proposals were lower than the Engineer's Estimate in the amount of \$98,696,937.40, which is likely due to the bidders' knowledge and experience of similar completed work. The second low bidder, Joseph M. Sanzari, Inc., has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T100.638 be awarded to the lowest responsible bidder, Joseph M. Sanzari, Inc. of Hackensack, New Jersey, in the amount of \$80,735,000.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

This contract will provide for the rehabilitation of Mechanically Stabilized Earth (MSE) walls at Parkway Structure No. 127.2S over the Raritan River. The work includes placement of low-density cellular concrete behind the MSE wall panels to fill voids, replacement of settled concrete slope protection apron, concrete spall repairs, substructure membrane waterproofing and other incidental work. All work is expected to be substantially completed by August 2025.

Ten bid proposals were received on July 12, 2024 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$895,472.00 may be compared to the second low bidder in the amount of \$917,871.42. The bids were significantly lower than the Engineer's Estimate in the amount of \$1,249,793.00 likely due to Ferreira Construction's familiarity of the repair types and previous work completed for the Authority under the Maintenance Reserve Program. Engineering Department representatives confirmed with the low bidder that they can perform at the bid prices. The low bidder, Ferreira Construction Co. Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. P100.644 be awarded to the low bidder, Ferreira Construction Co., Inc. of Branchburg, New Jersey in the amount of \$895,472.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide for final design services, preparation of construction contract documents and other related work for the replacement of structures on the Newark Bay-Hudson County Extension. Specifically, the Turnpike Interchange 14 ramp system to approximately Pier W30 of existing Structure No. N2.01W will be replaced to meet the alignment of the staged twin, cable stay bridges proposed to replace it.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and forty (40) engineering firms were prequalified and eligible under Profile Codes: A090, Bridges: New; A250, Fully Controlled Access Highways; and A252, Complex Interchanges. Three firms submitted EOIs by the closing date of April 29, 2024.

In accordance with the regulations, for Complex Projects, "If only three or four EOIs have been deemed complete by the Authority, these firms shall receive the RFP and the Review Committee will not conduct an evaluation of the EOIs..." [19:9-2.8.3]. The Review Committee recommended that we proceed directly to the RFP phase of the procurement and solicit Technical and Fee Proposals from the three firms which submitted complete EOIs: Gannett Fleming, Inc.; Hardesty & Hanover, LLC; and Michael Baker International, Inc. The Review Committee reviewed and evaluated each firm's Technical Proposal and it was determined that oral presentations be held. Final scoring resulted in Michael Baker International, Inc. being the highest technically ranked firm. The fee submitted by Michael Baker International, Inc. has been reviewed, negotiated, and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3921 be issued to the firm of Michael Baker International, Inc. of Newark, New Jersey, in an amount not to exceed \$142,200,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.66 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide supervision of construction services for Contract No. T100.638, Deck Rehabilitation of Newark Bay-Hudson County Extension (NB-HCE) Bridges, Zones 2 and 3. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and fifty-one (51) engineering firms were prequalified and eligible under Profile Codes: B153, Roadway Construction Inspection; 2) B155, Bridge Construction Inspection; B156, Bridge Repair Inspection; and B157, Bridge Deck Repair/Replacement Inspection. Seven firms submitted EOIs by the closing date of May 7, 2024.

The scoring of the EOIs by the Review Committee resulted in the following order of ranking: 1) Aptim Environmental & Infrastructure, LLC; 2) Dewberry Engineers Inc.; and 3) WSP USA Inc. *On June 18, 2024, Technical and sealed Fee Proposals were received from the top three firms. The Review Committee reviewed and evaluated each firm's Technical Proposals and it was determined that oral presentations would not be required. The final scoring resulted in Dewberry Engineers Inc. being the highest technically ranked firm. The fee submitted by Dewberry Engineers Inc. has been reviewed, negotiated and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3963 be issued to the firm of Dewberry Engineers Inc. of Bloomfield, New Jersey, in an amount not to exceed \$8,700,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.31 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide final design services for the installation of site-specific curve advisory signs at sixty-eight (68) locations on select Interchange ramp bridges and associated approaches of the New Jersey Turnpike from Milepost 50.9 to 112.7 and the Garden State Parkway from Milepost 48.3 to 155.8. The work includes the evaluation of existing conditions and will provide location recommendations for curve advisory sign installation and other related work.

This assignment is classified as a "Simple Project" based on the scope of work being clearly defined and not likely to change during the course of the project, and the cost not exceeding \$2,000,000.00. The solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and forty (40) engineering firms were prequalified and eligible under Profile Codes: A091, Bridges: Widening and Modifications and A250, Fully Controlled Access Highways. Three firms submitted EOIs by the closing date of May 24, 2024.

Subsequent to the scoring of EOIs by the Review Committee, Fee Proposals were requested from the top three technically ranked firms. The firms in the order of ranking are: 1) Van Cleef Engineering Associates, LLC; 2) STV Incorporated; and 3) NV5, Inc. The fee submitted by Van Cleef Engineering Associates, LLC has been reviewed and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. A4198 be issued to the firm of Van Cleef Engineering Associates, LLC of Freehold, New Jersey, in an amount not to exceed \$1,875,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.62 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. This Order for Professional Services was issued at the May 25, 2021 Commission Meeting, in the amount of \$2,000,000.00. It provides for on-call environmental investigation, remediation, and compliance services at various locations along the Turnpike and Parkway roadways. The consultant provided the professional services for specific tasks only after receiving written authorization through the Work Release Authorization Form process. The projects are funded on a task-by-task basis.

Supplement A will provide for anticipated environmental compliance services due to an increased level of remedial investigation/action at timeframes set forth by the New Jersey Department of Environmental Protection ("NJDEP"). The professional services provided will occur at multiple sites where the Consultant/Licensed Site Remediation Professional is actively involved through the terms of the agreement.

It is, therefore, recommended that Supplement A to Order for Professional Services No. A3814 be issued to Mott MacDonald not to exceed the amount of \$600,000.00 with compensation on the same basis as the original Order for Professional Services. The addition of this amount increases the total authorized fee from \$2,000,000.00 to \$2,600,000.00. The original contract was procured pursuant to N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services was issued at the December 22, 2020, in the amount of \$9,405,000.00 to provide for the inspection, preliminary and final design services and preparation of construction contract documents for the replacement of two (2) bridges at the Turnpike Interchange 17 Toll Plaza.

Supplement A will provide for unanticipated design and post-design services which are beyond the current authorized scope of work. The additional design services include resolution of unanticipated utility conflicts, submission of a permit modification, comprehensive constructability review for the ramp bridge replacement alternative, schedule analysis to accommodate adjacent contract work, development of Right-of-Way documents and other miscellaneous tasks.

It is, therefore, recommended that Supplement A to Order for Professional Services No. T3826 be issued to Greenman-Pedersen, Inc. not to exceed the amount of \$950,000.00 with compensation on the same basis as the original Order for Professional Services. The addition of this amount increases the total authorized fee from \$9,405,000.00 to \$10,355,000.00. The original contract was procured pursuant to N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services was issued at the January 25, 2022 Commission Meeting, in the amount of \$8,125,000.00. It provided supervision of construction services for Contract No. P100.579, Parkway Bridge Deck and Superstructure Reconstruction, Milepost 124.4 to 128.1. These services include construction inspection, material testing, record keeping, preparation of payment estimates and other services required to ensure compliance with the contract documents.

Supplement A will provide for unanticipated additional construction supervision services which are beyond the current authorized scope of work for Contract No. P100.579. These services include construction inspection, material testing, record keeping, preparation of payment estimates and other services required to ensure compliance with the contract documents.

It is, therefore, recommended that Supplement A to Order for Professional Services No. P3837 be issued to Greenman-Pedersen, Inc. not to exceed the amount of \$500,000.00 with compensation on the same basis as the original Order for Professional Services. The addition of this amount increases the total authorized fee from \$8,125,000.00 to \$8,625,000.00. The original contract was procured pursuant to N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services was issued at the June 28, 2022 Commission Meeting in the amount of \$4,545,000.00. It provided construction supervision for Contract No. P200.578, Garden State Parkway Service Area Ramp Widening. These services included construction inspection, material testing, record keeping, preparation of payment estimates and other services required to ensure compliance with the contract documents.

Supplement A will provide for additional construction supervision services for Contract No. P200.578. Supplement A will compensate Urban Engineers, Inc. for unanticipated additional services associated with extending the duration of Contract No. P200.578 by one year.

It is, therefore, recommended that Supplement A to Order for Professional Services No. P3858 be issued to Urban Engineers, Inc. not to exceed the amount of \$750,000.00 with compensation on the same basis as the original Order for Professional Services. The addition of this amount increases the total authorized fee from \$4,545,000.00 to \$5,295,000.00. The original contract was procured pursuant to N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

Publicly advertised in the Star Ledger and Asbury Park Press and posted on the Authority's and State's websites on July 17, 2024.	

At the July 23, 2024, Board of Commissioners meeting, the Authority awarded contracts to six (6) vendors for 2024-2027 Snow Removal Services for twenty (20) of the twenty-four (24) areas solicited. No bids were received for four (4) Loader Contracts on the Turnpike. The maximum allowable hourly bid rate for loaders was capped at \$500.00 with a set Stand-By rate of \$300.00 per hour. The four (4) contracts were re-advertised, and the twenty-two (22) vendors listed in the Authority's database for the referenced services were notified of the procurement. On July 30, 2024, two (2) bids were received.

After review by the Operations and Procurement and Materials Management ("PMM") Departments (collectively, the "Departments"), one (1) of the two (2) bids received was deemed non-compliant. Based on the Departments' review, which included inspection of the compliant bidder's equipment, the Departments make the following recommendation:

1. Staff recommends that contract for snow removal and salting services be awarded to the lowest responsible bidder.

Contract LTP-12-24			
Location / Toll Plaza Interchange 12 – TMD6 Loader Only			
Estimated Annual Contract Value \$33,600.00			
Contractor		All-Inclusive Hourly Operating Rate (1) Loader Only	
Joseph M. Sanzari, Inc. Hackensack, NJ		\$500.00	

2. Non-Compliance

An additional bid was received from Clarke Moynihan Landscaping and Construction (“Moynihan”) of Andover, NJ for contracts LTP-10-24, LPT-12-24, and LTP-13-24. This bidder bid higher than the maximum allowable rate of \$500.00. Thus, it is recommended that the bid submitted by Moynihan be rejected.

3. For a second time, no compliant bids were received for the following locations:

Contract No.	Locations:	Annual Contract Value
LTP-10-24	Toll Plaza Interchange 10 – TMD5	\$33,600.00
LTP-11-24	Toll Plaza Interchange 11 – TMD6	\$108,800.00
LTP-13-24	Toll Plaza Interchange 13 – TMD6	\$33,600.00

Pursuant to the Authority’s enabling statute *N.J.S.A. 27:23-6.1(a)*, staff will commence negotiations with responsible contractors for the three (3) outstanding contracts required, upon terms, conditions, restrictions, and specifications substantially similar to those that were the subject of competitive bidding on two (2) occasions. Given the need to secure these essential services on a timely basis, authorization is requested for delegated authority to the Executive Director to award such contracts upon completion of successful negotiations with responsible contractors, subject to ratification by the Board.

Accordingly, authorization is requested to award a three (3) year contract to Joseph M. Sanzari Inc. to provide snow removal services, for a total amount not to exceed \$100,800.00, subject to funding availability at the time of service. Authorization is further requested for the Executive Director to exercise, within his discretion, the options for two (2) one-year extensions upon satisfactory performance by the vendor. The prices for the succeeding years of the contract will be adjusted yearly based on a Consumer Price Index (“CPI”) factor consisting of the average of 1) the New York/ Northern New Jersey CPI and 2) the Philadelphia/Southern New Jersey CPI. The maximum annual increase permitted shall be five (5) percent.

Finally, it is respectfully requested that the Executive Director be given delegated authority, subject to subsequent ratification of the Board, to award all successfully negotiated contracts as described herein.

Publicly advertised in the Star Ledger and Asbury Park Press and posted on the Authority's and State's websites on July 2, 2024.			

Under these contracts, multiple vendors will provide up to 141,000 tons of granular sodium chloride (treated and untreated rock salt) annually for use on both Roadways for roadway de-icing during winter storm events. The bid was fully advertised, and seven (7) vendors were notified of the procurement. On July 17, 2024, five (5) bids were received. Bids were reviewed by staff from both the Operations and Procurement and Materials Management ("PMM") Departments.

Treated Rock Salt

Bidders were required to bid a price per ton as a Primary Supplier (50% of estimated requirement), Secondary supplier (30% of estimated requirement) and/or Tertiary Supplier (20% of estimated requirement) for delivery to any or all of the specified locations ("Delivery Locations") on both Roadways. The bid was divided into twenty-nine (29) individual Delivery Locations. Bidders could bid the same Delivery Location as primary, secondary and/or tertiary supplier; however, no bidder could be awarded the same Delivery Location for more than one category.

All five vendors submitted bids for treated rock salt. (Unit prices are provided in the attached bid summary). Authorization is requested to award the following contracts:

- Riverside Construction Materials, Fairless Hills, PA** as the Primary Supplier for fourteen (14) Delivery Locations for an estimated 29,000 tons of treated rock salt for a contract value not to exceed **\$2,358,850.00**, and as the Secondary Supplier for fifteen (15) Delivery Locations for an estimated 18,400 tons of treated rock salt for a contract value not to exceed **\$1,625,260.00**, for a total contract amount not to exceed **\$3,984,110.00**.

2. **Morton Salt Inc., Chicago, IL** as the Primary Supplier for fifteen (15) Delivery Locations, for an estimated 31,500 tons of treated rock salt for a contract value not to exceed **\$2,478,148.00**, as the Secondary Supplier for ten (10) Delivery Locations for an estimated 14,300 tons of treated rock salt for a contract value not to exceed **\$1,209,579.00** and as the Tertiary Supplier for four (4) Delivery Locations for an estimated 2,400 tons for a contract value not to exceed **\$222,944.00**, for a total contract amount not to exceed **\$3,910,671.00**.
3. **Chemical Equipment Labs of DE, Inc., Newtown Square, PA** as the Secondary Supplier for four (4) Delivery Locations, for an estimated 3,600 tons of treated rock salt for a contract value not to exceed **\$324,450.00**, and as the Tertiary Supplier for ten (10) Delivery Locations for an estimated 9,200 tons for a contract value not to exceed **\$875,800.00**, for a total contract amount not to exceed **\$1,200,250.00**.
4. **Atlantic Salt, Inc., Lowell, MA** as the Tertiary Supplier for fifteen (15) Delivery Locations, for an estimated 12,600 tons of treated rock salt for a contract value not to exceed **\$1,220,458.00**.

Untreated Rock Salt

Bidders were also requested to bid on 20,000 tons of untreated rock salt. Bidders were requested to submit pricing per ton with transportation costs to one (1) of two (2) Authority locations: 1) Parkway Maintenance District 5 (Holmdel) and 2) Turnpike Maintenance District 6A (Woodbridge). Bids were received as follows for the untreated rock salt:

<u>Vendor</u>	<u>Unit Price Per Ton</u>	<u>Total Bid Amount</u>
Riverside Construction Materials, Fairless Hills, PA	\$66.50	\$1,330,000.00
Morton Salt, Inc., Chicago, IL	\$67.23	\$1,344,600.00
Atlantic Salt, Inc., Lowell, MA	\$79.00	\$1,580,000.00
Chemical Equipment Labs of DE, Inc., Newtown Square, PA	\$92.00	\$1,840,000.00
Cargill, Inc., North Olmstead, OH	No Bid	N/A

Accordingly, authorization is requested to award a contract to **Riverside Construction Materials, Fairless Hills, PA** for the purchase and delivery of up to 20,000 tons of untreated rock salt for a total contract value not to exceed **\$1,330,000.00**.

(Optional) Material Pick-up

Bidders were also requested to provide unit prices for pick-up of untreated or treated rock salt by the Authority or its authorized agents at the supplier's distribution facility. This option did not factor in the basis of award for either treated or untreated rock salt, but simply allows the Authority to pick up rock salt on an as-needed basis from any vendors that bid on this item. Quotes were received as follows:

<u>Vendor</u>	<u>Price Per Ton (Treated)</u>	<u>Price Per Ton (Untreated)</u>
Atlantic Salt, Inc., Lowell, MA	\$79.00	\$79.00
Cargill, Inc., North Olmstead, OH	No Bid	No Bid
Chemical Equipment Labs of DE, Inc., Newtown Square, PA	\$90.00	\$80.00
Morton Salt, Inc., Chicago, IL	\$75.00	\$67.00
Riverside Construction Materials, Fairless Hills, PA	\$85.00	\$65.00

Accordingly, in the event that there is a need for the Authority or its authorized agents to pick up treated or untreated rock salt at the suppliers' facilities, authorization is requested to issue contracts to the above suppliers at the quoted prices for combined total amount not to exceed **\$500,000.00**.

Departmental Estimate: **\$11,369,105.80**

Bids for these contracts were procured, and the authorization being sought is to award these fair and open contracts to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

Accordingly, authorization is requested to award contracts, as stated herein, for 1) delivery of approximately 121,000 tons of treated rock salt in an amount not to exceed \$10,315,489.00, 2) approximately 20,000 tons of untreated rock salt in an amount not to exceed \$1,330,000.00 and 3) for material pick-up, if needed, for an amount not to exceed \$500,000.00 for a combined total authorized amount not to exceed \$12,145,489.00, subject to funding availability at the time of ordering. Authorization is further requested for the Executive Director to approve each of the two, one-year extensions upon satisfactory performance by the vendor.

Publicly advertised in the Star Ledger and Asbury Park Press and posted on the Authority's and State's websites on June 17, 2024.	

Under this contract, awarded vendors will provide asphaltic concrete and tack oil for roadway maintenance on both Roadways. To ensure delivery of heated concrete material to the Maintenance Districts, the bid was divided by mileposts into 18 areas ("Areas"), eight (8) on the New Jersey Turnpike and ten (10) on the Garden State Parkway. Bidders were required to quote per ton prices for estimated quantities of hot asphalt and per gallon prices for estimated quantities of tack oil. Bidders were permitted to bid on one or multiple areas and awards are based on the total bid amount per area. However, the vendor's facilities must be located within twenty-five (25) miles of the applicable Maintenance Districts. The bid was fully advertised, and the five (5) vendors listed in the Authority's database for the referenced commodity were notified of the procurement. On July 3, 2024, bids were received from two (2) Bidders for 14 of the 18 areas. No bids were received for four (4) areas and these areas will be readvertised and rebid.

Under this contract, Axon Enterprise, Inc. will provide fifty (50) complete digital in-car video recording (DIVR) camera systems with required installation accessories for the State Police (Troop D) 2023/2024 Vehicle Fleet. The contract also includes an extended five (5) year warranty on all units. The NJSP Division Headquarters ("Division") system supports the software, which is compatible with current body cameras in use and all video will be transferred to Division via current servers installed at each station. These video systems are available under State Contract No. T-0106/17-FLEET-00738 expiring 05/14/2025.

This procurement, under State Contract T-0106/17-FLEET-00738, is in accordance with N.J.A.C. 19:9-2.5(a), promulgated pursuant to N.J.S.A. 27:23-1 et seq., the Authority's enabling legislation, and Executive Order No. 37 (Corzine 2006) which permits the Authority, without advertising, to purchase goods and services directly from vendors who hold contracts with the State of New Jersey.

Accordingly, authorization is requested to award a contract to Axon Enterprise, Inc. for fifty (50) digital in-car video recording camera systems in a total amount not to exceed \$419,220.00.

At a prior Board of Commissioners meeting, the Authority approved a purchase (up to a maximum authorized dollar amount) from the vendors listed herein under the New Jersey State contracts referenced below. The terms of the referenced State contracts have since been extended and additional funds are needed to purchase these necessary goods and/or services through the extended terms of the State contracts.

The original procurements, under the State contracts, were in accordance with N.J.A.C. 19:9-2.5(a), promulgated pursuant to N.J.S.A. 27:23-1 et seq., the Authority's enabling legislation, and Executive Order No. 37 (Corzine 2006) which permits the Authority, without advertising, to purchase goods and services directly from vendors who hold contracts with the State of New Jersey.

Accordingly, given that the period of time during which the Authority may make additional purchases under the referenced State Contract was extended through the new expiration dates of these contracts, approval is hereby requested to increase the Authority's current authorized amount to the new authorized amount stated in the attached chart, subject to funding availability at the time of order.

Under this contract, the Authority will award a sole source contract to Hexagon EAM Services to upgrade the Authority's Trades & Building Maintenance functionality within the Enterprise Asset Management (EAM) System by migrating from TrackIT to Hexagon EAM. This upgrade is essential for improving asset management efficiency and reducing maintenance costs. The current system is outdated and lacks essential features for effective asset management. Hexagon EAM will enhance maintenance scheduling, resource allocation, reporting, and integration with other enterprise systems. As the sole source in the State of New Jersey for EAM products, Hexagon EAM Services is the only vendor capable of providing these services.

Thus, it is recommended that this award be made without public advertisement under the sole source procurement authorization of N.J.A.C. 19:9-2.2(d)1, as promulgated under N.J.S.A. 27:23-6.1 and consistent with Executive Order No. 37 (Corzine 2006). A resolution, as required by N.J.A.C. 19:9-2.2(d)1, is attached hereto.

Accordingly, authorization is requested to award a sole source contract to Hexagon EAM Services for EAM Phase III for an amount not to exceed \$798,790.00.

RESOLUTION FOR SOLE SOURCE PROCUREMENT

**SOFTWARE LICENSE AND TECHNICAL SUPPORT SERVICES AGREEMENT
WITH HEXAGON EAM SERVICES**

WHEREAS, the New Jersey Turnpike Authority’s Information Technology Services Department has requested the award of a sole source contract for upgrade services for EAM Phase III with Hexagon EAM Services (“Hexagon”); and

WHEREAS, Hexagon is the copyright owner for these software products; and

WHEREAS, Hexagon is the only vendor that has the unrestricted ability to provide training and consulting services for such Hexagon-owned software products; and

WHEREAS, *N.J.A.C. 19:9-2.2(d)1* of the New Jersey Turnpike Authority’s regulations, promulgated under *N.J.S.A. 27:23-6.1*, permits sole source procurement when only one source of the required goods or service exists;

NOW, THEREFORE, BE IT RESOLVED THAT the Authority’s Board of Commissioners hereby authorizes the award of a contract for EAM Phase III with Hexagon EAM Services for an amount not to exceed \$798,790.00 as a sole source exception to procurement by public advertisement as permitted by *N.J.A.C. 19:9-2.2(d)1*, promulgated under the Authority’s enabling legislation, *N.J.S.A. 27:23-6.1*.

Illustrated below in Figures 1 and 2 are trend lines for monthly vehicle mileage traveled and total crash rate per 100 Million Vehicle Miles (MVM) for the most recent 12 months of available data.

Figure 1 - New Jersey Turnpike Vehicle Mileage Traveled and Total Crash Rate by Month

Figure 2 - Garden State Parkway Vehicle Mileage Traveled and Total Crash Rate by Month

Illustrated below in Figures 3 and 4 are monthly crashes compared to the same month from previous year. A trend line of the five-year average is also provided. The data, received by the State Police - Troop D, reflects the most recent 12 months of available data. Due to changes to the State Police Crash Record System that took effect on June 8th 2021, the total number of crashes cannot be differentiated between injury and property-damage-only crashes.

**New Jersey Turnpike Authority
Financial Summary
For the Seven Months Ended July 31, 2024**

	Actual YTD January - July	YTD Budget January - July	2024 Annual Budget

Special Reserve Fund	31,558,000	31,558,000	54,100,000
Debt Service Coverage	2.15	1.96	1.97
Total Requirements Coverage	1.63	1.49	1.50

The following un-audited results are for the seven months ended July 31, 2024.¹ Based upon these results, revenues will be sufficient to satisfy the requirements of the Authority's Bond Resolution. For the twelve months ending December 31, 2024, the Authority is projected to have a debt service coverage ratio of 1.97 and a total requirements coverage ratio of 1.50.

The Authority's total revenue for the seven months ended July 31, 2024, was \$1,538,537,000, which is \$52,540,000 or 3.5% above the 2024 year-to-date budget. Toll revenue was \$1,295,846,000, which is \$7,553,000 or 0.6%, below the 2024 year-to-date budget. Toll revenue is below budget primarily due to the three impactful snow events and one State of Emergency (flooding) that occurred in January. Additionally, there were two more snow events in February, followed by one heavy rain/flooding event in March and two in April. Furthermore, a Heat Advisory Warning was issued in June due to a severe heat wave, making it the second warmest month since 1931 and the driest since 1999. In addition to the severe weather, the 3% toll increase was budgeted for the full year but did not go into effect until March 1, 2024. Gas prices averaged \$0.07/gallon higher in 2024 compared to the same period in 2023, but when compared to June 2024, gas prices in July remain unchanged. Investment income was \$33,721,000, or 96.9%, above budget due to higher invested balances. E-ZPass fees were \$21,399,000, or 29.3% above the budget due to conservative budgeting in 2024. Miscellaneous revenue was \$1,697,000, or 16.2% above budget due to the receipt of the \$1.8M in Arts Center rent for 2023 PNC variable rent payment, \$400K in surplus property sales, and \$200K in Arts Center naming rights revenue from 2020, which was offset by adjustments in advertising and building and property rentals, as well as fiber lease revenue billings.

For the seven months ended July 31, 2024, traffic on the New Jersey Turnpike increased 1.0% and toll revenue increased 1.8% compared to the same period in 2023. The increase in traffic can be attributed to greater passenger car travel, and normal growth. Toll revenue increased mainly due to the 3% annual toll rate indexing that went into effect on March 1, 2024. In addition, July 2024 had two more weekdays compared to July 2023, which had a positive impact on results. The 2024 traffic and toll revenue budgets are based on the Authority's traffic engineering consultant's (CDM Smith) New Jersey Turnpike System 2023 Traffic and Toll Revenue Forecast Study dated July 28, 2023. CDM Smith projected a 0.5% decrease in traffic and a 2.5% increase in revenue as compared to the prior year. The actual results for the seven months ended July 31, 2024, exceeded CDM's traffic projections, but were below CDM's revenue projections, as the budget assumed the 3% annual toll rate indexing on January 1, 2024, which was only implemented as of March 1, 2024. When compared to the same period in 2019, pre-pandemic, traffic is down 2.6% and revenue is up 42.1% for the same period. Traffic has recovered to 97.4% of pre-pandemic levels. Through July 2024, the E-ZPass usage rate on the New Jersey Turnpike was 92.8%, an increase from 92.3% for the same period in 2023.

For the seven months ended July 31, 2024, toll transactions on the Garden State Parkway increased 0.5% and revenue increased 2.8% when compared to the same period in 2023. The slight increase in traffic and revenue is primarily due to normal growth and the 3% annual toll rate indexing that went into effect on March 1, 2024. The actual results for the seven months ended July 31, 2024, exceeded CDM Smith's projection of a 0.3% increase in toll transactions, but was below the toll revenue projection increase of 3.2%, as the budget assumed the 3% annual toll rate indexing on January 1, 2024, which was only implemented as of March 1, 2024. When compared to the same period in 2019, pre-pandemic, traffic is down 3.3%, but revenue is up 33.1%. Traffic has recovered to 96.7% of pre-pandemic levels. Through July 2024, the E-ZPass usage rate on the Garden State Parkway was 91.1%, an increase from 90.5% for the same period in 2023.

Operating expenses for the seven months ended July 31, 2024, were approximately \$387,786,000, which is \$41,620,000, or 9.7% below the year-to-date budget. The Authority's operating expenses through July were below budget primarily due to lower than budgeted snow/severe weather costs. This was partially offset by higher-than-budgeted State Police costs due to unforeseen Supplemental Enlisted Pay as well as retroactive salary payments. Additionally, the expenses for banking services increased due to higher banking and credit card fees. The Authority spent a total of \$22,013,000 for snow and severe weather costs in 2024, with \$12,965,000 charged to operating expenses and an additional \$9,048,000 charged to extraordinary events in the General Reserve Fund. All snow and severe weather costs are considered operating expenses and paid from the Revenue Fund, except for declared state of emergency events, which are charged to the General Reserve Fund. New Jersey had one declared state of emergency event in January 2024. When excluding snow/severe weather costs and its budget, operating expenses for the seven months are 5.3% below budget for 2024.

¹ These are un-audited results. Amounts and categories of revenue and expenses may change when audited.

**Financial Summary
For the Seven Months Ended July 31, 2024**

Debt Service includes interest and principal payments on the Authority's outstanding bonds and is funded primarily through revenue and to a much lesser extent bond proceeds (capitalized interest). For the seven months ended July 31, 2024, Debt Service totaled \$563,323,000, which was \$13,800,000 or 2.4% below budget as the 2024 Budget assumed a \$500M new money bond issuance in January 2024, that was ultimately issued in April. In addition, the 2024 Budget assumed a \$1.0 Billion bond issuance in July 2024, which to date has not been required. Debt Service through July included \$342,782,000 in interest payments and \$220,541,000 in principal payments. Net debt service (funded from revenue, net of capitalized interest) was \$535,057,000 for the seven months, which is \$3,078,000 or 0.6% below budget due to the \$500M new money bond issuance that was budgeted for January 2024 but was not issued until April. The 2024 annual debt service budget includes approximately \$922,500,000 of debt service funded from revenue (net debt service), and the remaining \$84,700,000 of debt service funded from bond proceeds (capitalized interest), for a total debt service budget of \$1,007,200,000.

The General Reserve Fund includes all contractual payments subordinate to bondholders and expenditures for any other corporate purpose. The General Reserve Fund spending totaled \$396,831,000 for the seven months ended July 31, 2024, which was \$5,032,000, or 1.3% below budget. Spending consisted primarily of \$272,316,000 for the 2021 State Public Transportation Projects Funding Agreement, \$12,833,000 for the Transportation Trust Fund, and \$9,048,000 for Extraordinary Events (State of Emergency Events). Also included are \$78,894,000 in transfers to the Supplemental Capital program in the Construction Fund (including chargebacks).

The Capital Budget, which is funded by revenue, consists of the Maintenance Reserve Fund, Special Project Reserve Fund, and the Supplemental Capital Program. For the seven months ended July 31, 2024, total expenditures were approximately \$193,065,000, which was 76.4% of the 2024 year-to-date spending budget. Expenditures included \$62,796,000 for Service Area Improvements, \$12,414,000 for TPK Section 7 Mileposts 54-60 Bridge Repairs, and \$3,628,000 for Tolling Legacy Parts Replacement. In addition to these expenditures, there are open contracts and commitments totaling approximately \$320,522,000.

The Construction Fund, which is funded from bond proceeds, consists of the 2024-2028 Capital Improvement Program, the 2019 Capital Improvement Program, and the 2008 \$7 Billion Capital Improvement Program. For the seven months ended July 31, 2024, total expenditures were approximately \$236,772,000, which was 59.8% of the 2024 year-to-date spending budget. Total expenditures included \$33,403,000 for TPK NBHCE Mileposts 2.0 to 3.4 Improvements, \$24,916,000 for TPK Bridge Rehabilitation W107.84 and E107.84, and \$14,900,000 for TPK Deck Reconstruction Mileposts 98.48 to 98.76. In addition to these expenditures, there are open contracts and commitments totaling approximately \$1,145,847,000.
