GOVERNOR CHRISTIE'S REFORM LEGISLATION WILL FIX NEW JERSEY'S BROKEN EDUCATION SYSTEM BY PUTTING CHILDREN FIRST

Working with the Legislature on a bipartisan basis, Governor Christie has put forward a package of bills that will address the biggest challenges facing public education in New Jersey and put children before special interests. Throughout the course of the last year, these proposals have been debated, discussed and deliberated. Now, in 2012, it is time to act to match New Jersey's strong financial commitment to schools with real, meaningful reforms that seek to ensure every child in New Jersey is given the opportunity to succeed regardless of zip code.

- **School Children First Act (S-807/A-981):** The bill would create a statewide educator evaluation system consistent with the goals of the Obama Administration, ties tenure to effectiveness, ends forced placements and Last-In-First-Out (LIFO) personnel policies by using both seniority and educator effectiveness in staffing decisions, and reforms compensation systems. These changes will allow New Jersey to identify and reward the most effective teachers in a meaningful and fair way, while also better supporting those comparatively few teachers who are not effective.
- **Charter Reform Bill (A-980):** The bill provides critical updates to strengthen and improve New Jersey's charter law. The bill increases the number of charter school authorizers, permits public schools to be converted to charter schools by local boards of education as well as the Department of Education Commissioner, and increases charter autonomy while making them more accountable.
- **Opportunity Scholarship Act (S-1779):** The bill would provide tax credits to entities contributing to scholarships for low-income students, broadening choice and educational options for children in some of New Jersey's worst performing schools.

GOVERNOR CHRISTIE IS INCREASING AID TO PUBLIC COLLEGES AND UNIVERSITIES BY \$108 MILLION

 - Total State support for State colleges and research institutions increases by 6% to over \$1.4 billion, supporting day-to-day operations and to pay for the cost of employee fringe benefits.
- **State Funding For County Colleges Increases By \$6.6 Million.**

GOVERNOR CHRISTIE'S BUDGET INCLUDES \$1 MILLION FOR THE GOVERNOR'S URBAN SCHOLARSHIP TO HELP EVERY NEW JERSEY CHILD REACH THEIR POTENTIAL

Governor Christie is acting on his commitment to provide college access for high-achieving students from economically disadvantaged areas through the creation of the Governor's Urban Scholarship Program. This new initiative, funding with an initial \$1 million appropriation in the fiscal year 2013 budget, will provide students in New Jersey's urban communities the opportunity they need to succeed.

- The Scholarship Will Be Known As The Governor's Urban Scholarship And Is Funded In The Fiscal Year 2013 Budget At \$1 Million.
- Keeping true to the Governor's commitment that no child's educational destiny should be predetermined by zip code, this scholarship will specifically target children in New Jersey's urban communities. Aid will be available to those in eligible areas who are in the top 5% of their high school class and who choose to attend a New Jersey institution of higher education.

GOVERNOR CHRISTIE IS INCREASING STUDENT FINANCIAL ASSISTANCE TO AN ALL-TIME HIGH
