GOVERNOR WHITMAN TO ANNOUNCE PARTNERSHIP BETWEEN LIBERTY SCIENCE CENTER AND STATE'S POOREST SCHOOL DISTRICTS

Gov. Christie Whitman tomorrow will highlight her commitment to education technology during a fourth grade science lesson conducted at the Liberty Science Center and sent via distance learning to students in Harrison.

The Governor also will announce a partnership between the state's 28 so-called Abbott districts and the Liberty Science Center, as well as a technology grant program for Paterson, Jersey City and Newark -- the three state-operated school districts.
