**7:26C-4.5 Oversight costs**

(a) The person responsible for conducting the remediation shall pay the Department’s oversight costs pursuant to this section whenever the Department assesses those costs against the person responsible for conducting the remediation that is subject to any of the following circumstances:

1. N.J.A.C. 7:26C-2.4, and the Department incurs those costs when a case manager is assigned pursuant to the criteria in N.J.S.A. 58:10C-21b or c;
2. N.J.A.C. 7:26C-2.3, unless an individual review fee applies pursuant to N.J.A.C. 7:26C-4.3 or other applicable rules; or
3. N.J.S.A. 58:10C-27.

(b) The person responsible for conducting the remediation shall pay the Department’s oversight costs by the date indicated on the invoice for the Department’s oversight costs.

(c) The Department shall include the following information on the bill for the Department’s oversight costs referenced in (b) above:

1. The case Program Interest ID and associated Job Code(s);
2. The name of each staff member performing work on the site during the respective two week pay period, with a work activity description;
3. The number of hours spent by each staff member working on the site; and
4. The dollar amount of the oversight costs calculated pursuant to (e) below.

(d) The Department shall send a bill based on the formula in (e) below to the designated fee billing contact for the person responsible for conducting the remediation periodically throughout the remediation.

(e) The Department shall calculate its oversight costs based upon the following:

$$\text{Oversight Costs} = \text{direct program costs} + \text{indirect program costs} + \text{expenses}$$

or for persons signing the Developer’s Certification found in chapter Appendix A, incorporated herein by reference, and for persons responsible for conducting the remediation of discharged substances at their primary residence:

$$\text{Oversight Costs} = \text{direct program costs} + \text{expenses}$$

where:

$$1. \text{ Direct program costs} = (\text{number of coded hours} \times \text{hourly salary rate}) \times (1 + \text{salary additive factor}) \times (1 + \text{fringe benefit factor}), \text{ where:}$$

- i. Number of coded hours represents the sum of hours each Departmental employee has coded to the site specific job number. Actual hours for all Departmental employees including without limitation case managers, geologists, technical coordinators, samplers, inspectors, supervisors, section chiefs, and bureau chiefs using the site-specific job number, will be included in the formula calculations;
- ii. The hourly salary rate is each employee’s annual salary divided by the number of working hours in a year;
- iii. The salary additive rate represents the prorated percentage of charges attributable to Departmental employees’ reimbursable “down time” salary expenses. Reimbursable “down time” expenses includes costs for vacation time, administrative leave, compensatory time, sick leave, holiday time, emergency or early closing,

jury duty, absent with pay, convention, injury in the line of duty (SLI), military allowance with pay, union negotiating sessions, lost time on first day of injury, counseling employee advisory service, union business activities, grievances/hearings/Department conferences, civil service examinations, absent with pay in lieu of working holiday, and workers' compensation/SLI. The calculation for the salary additive rate is the sum of the reimbursable "down time" expenses divided by the net Department regular salary for a given fiscal year. The net Department regular salary cost is calculated by subtracting the Department employees' reimbursable "down time" expenses from the Department's regular salary; and

iv. The fringe benefit rate represents the Department's charges for the following benefits: pension, health benefits including prescription drug and dental care program, workers compensation, unemployment insurance, temporary disability insurance, unused sick leave, FICA and Medicare. The fringe benefit rate is developed by the Department of the Treasury's Office of Management and Budget (OMB). OMB negotiates the rate with the United States Department of Health and Human Services on an annual basis. The rate is used by all State agencies for estimating and computing actual charges for fringe benefit costs related to Federal, dedicated and non-State funded programs; and

2. Indirect program costs = (number of coded hours X hourly salary rate) X (indirect program cost rate factor), where:

i. The indirect program cost rate represents the rate which has been developed for the recovery of indirect program costs in Site Remediation. This indirect rate is developed by the Department on an annual basis in accordance with the applicable New Jersey Department of Treasury OMB Circular Letters and the Federal OMB Circular A-87, "Cost Principles for State and Local Governments" (2 CFR Part 225); and

ii. The methodology for computing the indirect program cost rate involves the following basic processes:

(1) Identification of Site Remediation expenditures that cannot be assigned directly to a specific Site Remediation cost objective. These expenditures include indirect labor coded as such by employees, and approved by supervisors, on their timesheets. Also included are expenses such as the Site Remediation's proportionate share of costs associated with upper management offices, and individual costs such as rent, general equipment use charges, office supplies, training, etc. that cannot be identified to a specific Site Remediation cost objective;

(2) Site Remediation indirect expenditures identified above are adjusted for any expenses not allowed

by the Federal Cost Principles such as interest expense;

(3) The adjusted Site Remediation's indirect expenditures are then reduced by the amount of any funds received by the Program from Federal Grants or New Jersey State Fee Reimbursements; and

(4) The resulting total unreimbursed Site Remediation indirect expenditures is then divided by the total unreimbursed Site Remediation direct labor expenditures to arrive at the indirect program cost rate.

#### 7:26C-4.6 Oversight cost review

(a) The person responsible for conducting the remediation may contest an oversight cost the Department has assessed, pursuant to N.J.A.C. 7:26C-4.5, by submitting a written request to the Department, pursuant to (c) and (d) below, within 30 days after the billing date indicated on the oversight cost invoice that person received from the Department.

(b) The Department shall deny an oversight cost review request if the request is based on the following:

1. An employee's hourly salary rate;
2. The Department's salary additive rate, fringe benefit or indirect rate; or
3. Management decisions of the Department, including decisions regarding who to assign to case, how to oversee the case or how to allocate resources for case review.

(c) The person responsible for conducting the remediation shall submit an oversight cost review request to the Department at the following address:

New Jersey Department of Environmental  
Protection  
Site Remediation  
Office of Direct Billing and Cost Recovery  
401 East State Street  
PO Box 413  
Trenton, NJ 08625-0413

(d) The person responsible for conducting the remediation shall include the following information in a request for an oversight cost review:

1. A copy of the invoice;

3. A list of the specific oversight cost charges contested;
4. The factual questions at issue in each of the contested charges;

5. The name, mailing address, email address, and telephone number of the person making the request; and

6. Information supporting the request or other written documents relied upon to support the request.

(e) If any information or the payment required by (d) above is not included, the Department shall deny a request for an oversight cost review.

(f) Upon the Department's receipt of a request for an oversight cost review, the Department shall attempt to resolve any of the factual issues in dispute. If the Department determines that an oversight cost imposed was incorrect, the Department shall adjust the oversight cost and issue a corrected invoice or have the revision in the next invoice, which shall be due and payable according to the corrected or next invoice.

(g) The Department may, if it determines that the factual issues involving an oversight cost dispute cannot be resolved informally, determine the matter to be a contested case and transfer it to the Office of Administrative Law for an adjudicatory hearing. An adjudicatory hearing shall be conducted pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1.

(h) If the Department does not determine the matter to be a contested case and, therefore, not subject to an adjudicatory hearing, the Department shall issue written notification for this determination. This determination shall be considered a final agency action.

(i) If the objector does not file a request for an oversight cost review within 30 days after the billing date shown on the invoice for the Department's oversight costs, the full amount of the oversight costs shall be due and owing. If the invoice is not paid, the Department may take any action in accordance with N.J.A.C. 7:26C-4.7.

(b) If the disbursement request is submitted to the Department rather than directly to the provider of the remediation funding source, within 30 days after the Department's receipt of the written request submitted pursuant to (a) above, the Department will respond to a disbursement request as follows:

1. The information submitted is complete and the disbursement amount represents actual remediation costs and, therefore, the disbursement is approved;
2. The information submitted is complete; however, the requested disbursement amount includes remediation costs that has neither been approved by the Department nor has been certified by a licensed site remediation professional, and therefore, the Department will only allow disbursement of funds for the approved remediation costs; or
3. The information submitted is incomplete, including a list of the missing information and a statement that the Department shall give no further consideration to the disbursement request until the requestor submits all the required information.

(c) If the disbursement request is submitted directly to the provider of the remediation funding source in accordance with (a) above, the person responsible for conducting the remediation shall provide the Department with notice of the disbursement or denial and the amount of the remaining remediation funding source within 30 days of disbursement or denial.

#### **7:26C-5.13 Failure to perform the remediation**

(a) The Department shall notify in writing the person required to establish a remediation funding source pursuant to this subchapter if the Department determines that the person

- i. Relevant guidance from the United States Environmental Protection Agency or other states; and
- ii. Other relevant, applicable, and appropriate methods and practices that ensure the protection of the public health and safety, and of the environment.

(d) The licensed site remediation professional may rely on a remedial action workplan or other equivalent plan the Department has approved for a site for the remedial action to be implemented at that site.

  - i. To the applicable ground water quality standard;
  - ii. The licensed site remediation professional has:

(1) Determined, based upon the most recent eight consecutive quarters of ground water monitoring data, that allowing the contaminated ground water to remain in the environment without active remediation will not result in any unacceptable impacts to any human or ecological receptors until such time when the ground water meets the applicable remediation standard pursuant to the Ground Water Quality Standards, N.J.A.C. 7:7C, and that a natural attenuation ground water remedial action is therefore appropriate;

(2) Estimated the time period during which the concentration of contaminants in the ground water will exceed the applicable remediation standard pursuant to the Ground Water Quality Standards, N.J.A.C. 7:7C;

(3) Determined that the Department established a ground water classification exception area pursuant to N.J.A.C. 7:26E-8.3; and

- 1. Remediating an unregulated heating oil tank; or
- 2. Subject to N.J.A.C. 7:26C-2.3 and completes the remedial action prior to May 7, 2012.

**7:26C-6.4 Modification, rescission and invalidation of a final remediation document**

(a) The Department may modify or rescind a no further action letter or invalidate a response action outcome under the following circumstances if it determines that the remedial action is no longer protective of public health and safety:

1. A discharge that occurred prior to the issuance of a final remediation document is discovered after the issuance of the final remediation document and the remediation of that discharge should have been addressed in the remediation to which the final remediation document pertains;

2. The Department amends a remediation standard after the issuance of a final remediation document and the difference between the new remediation standard and the level or concentration of a contaminant at the property differs by an order of magnitude and the person responsible for conducting the remediation fails to conduct further remediation;

(b) The Department may invalidate a response action outcome when it determines that the person responsible for conducting the remediation:

1. Implemented a remedial action that will render the property unusable for future redevelopment or recreational use; or

2. Failed to implement a presumptive remedy or alternative presumptive remedy when required.

(c) Upon the Department's rescission of a no further action letter or the invalidation of a response action outcome, the person responsible for conducting the remediation shall perform all additional remediation, according to expedited site specific remediation timeframes, as the Department may require.

**7:26C-6.5 Scope of final remediation document and covenant not to sue**

(a) The scope of a final remediation document is limited by the scope of the remediation addressed in that document. Likewise, the scope of a covenant not to sue that accompanies a final remediation document is also limited by the scope of the remediation addressed in the final remediation document.

(b) Any covenant not to sue that accompanies a final remediation document is without prejudice to any rights that the Department, the Commissioner, and the Administrator of the New Jersey Spill Compensation Fund may have against the person responsible for conducting the remediation and any person in any way responsible for a discharge, pursuant to the Spill Compensation and Control Act, N.J.S.A. 58:10-23.11g, with respect to liability for:

#### **7:26C-7.8 Transfer of a remedial action permit**

(a) Any permittee who believes that its status as a person responsible for conducting the remediation is limited by law to that period of time that that person is a subsequent owner or operator of the property that is the subject of the remedial action permit (see N.J.A.C. 7:26C-7.2(a)2) may, prior to changing such status, request that the Department transfer the permit to a new owner, operator, or tenant. 2. Is protective of the public health and safety and of the environment without the presence of the remedial action permit.

(b) A permittee may request that the Department terminate a remedial action permit by submitting, on the form appropriate for the specific remedial action permit, found on the Department's website at [www.nj.gov/dep/srp/srra/forms](http://www.nj.gov/dep/srp/srra/forms), the following:

## SUBCHAPTER 8. SITE ACCESS

### 7:26C-8.1 Scope

This subchapter identifies the minimum requirements for the person responsible for conducting the remediation of real property not owned by that person, to obtain access to that property.

### 7:26C-8.2 Site access

(a) The person responsible for conducting remediation shall take all appropriate actions, as outlined in (b) below, to obtain the access to property, not owned by that person, which is necessary to implement the remediation.

(b) The person responsible for conducting the remediation that requires access to the property of another shall send to each owner a written request, via certified mail, for access to

the property. The person responsible for conducting remediation shall include the following information in the written request:

1. A description of the obligation that the person responsible for conducting the remediation has to remediate the site;
2. A site map indicating each area for which access is needed;
3. A description of the reason access is needed and the extent of access needed;
4. A description of the remediation to be conducted, indicating the approximate time of initiation of the remediation and the approximate time necessary to implement the remediation; and
5. A request that the property owner respond in writing to the person requesting access within 30 days after receipt of the written request.

(c) If the owner of the property does not respond, the person responsible for conducting the remediation shall send a second written request to the property owner by certified mail. The person responsible for conducting the remediation shall include in the second written request a copy of the first written request detailed in (b) above.

(d) If the property owner does not grant access, the person responsible for conducting the remediation shall initiate and rigorously pursue an action in Superior Court, including an appeal to the Appellate Division, if appropriate, for site access. The person responsible for conducting the remediation shall provide written confirmation to the Department of the filing of such action. Upon request by the Department, the person responsible for conducting the remediation shall submit a copy of the court order that indicates that the Superior Court denied access to the property.

(e) The person responsible for conducting the remediation shall provide to the Department all appropriate information as detailed in this section when applying for an extension of a regulatory, mandatory, or expedited site specific timeframe, pursuant to N.J.A.C. 7:26C-3.

(f) Nothing contained in this section shall be construed to relieve any person conducting the remediation of that person's obligations to conduct remediation at any portion of a site or area of concern to which the person has access.

## SUBCHAPTER 9. ENFORCEMENT

### 7:26C-9.1 Scope

(a) This subchapter governs administrative enforcement actions the Department may take for a person's violation of any of the following:

1. An administrative order issued pursuant to any of the Department's statutory authorities;
2. An administrative consent order;
3. The Industrial Site Recovery Act, N.J.S.A. 13:1K-6 et seq., including any of the following:
  - i. The Industrial Site Recovery Act Rules, N.J.A.C. 7:26B; and
  - ii. A remediation agreement issued pursuant to the Industrial Site Recovery Act, N.J.S.A. 13:1K-6 et seq., and the Industrial Site Recovery Act Rules, at N.J.A.C. 7:26B-4;
4. The Site Remediation Reform Act, N.J.S.A. 58:10C-1 et seq., and this chapter;
5. The Underground Storage of Hazardous Substances Act, N.J.S.A. 58:10A-21 et seq., and the Underground Storage Tanks rules, specifically N.J.A.C. 7:14B-1.3, and 7 through 14;
6. The Discharges of Petroleum and Other Hazardous Substances rules, specifically N.J.A.C. 7:1E-5; or
7. A remedial action permit issued pursuant to N.J.A.C. 7:26C-7.

(b) This subchapter:

1. Identifies those violations where a grace period will be afforded;
2. Establishes base penalty amounts and penalty calculation procedures for non-minor violations and minor violations not corrected within the grace period;
3. Governs the procedures the Department will follow when it issues an administrative order;
4. Governs the procedures for requesting an adjudicatory hearing on an administrative order and a notice of civil administrative penalty assessment that the Department may issue pursuant to this subchapter; and
5. Identifies responses required to a directive the Department issues pursuant to the Spill Compensation and Control Act, N.J.S.A. 58:10-23.11f.

### 7:26C-9.2 Applicability

(a) Each violation of an administrative order, an administrative consent order, a remediation agreement, a rule, or a remedial action permit constitutes an additional, separate, and distinct offense, and each penalty payment constitutes a payment of civil or civil administrative penalties pursuant to the Spill Compensation and Control Act, N.J.S.A. 58:10-23.11 through 23.14.

(b) Each day during which a violation continues constitutes an additional, separate, and distinct offense.

(c) Neither the assessment of a civil administrative penalty nor the payment of any such civil administrative penalty shall be deemed to affect the availability of any other enforcement provision provided for by any other statute or rule in connection with the violation for which the assessment is levied.

(d) Any party to an Administrative Consent Order or a Remediation Agreement that includes stipulated penalty provisions may request in writing that the Department amend its document to replace the stipulated penalty provisions with language deferring to the penalty provisions in N.J.A.C. 7:26C-9. The Department may, in its discretion, agree to modify the Administrative Consent Order or Remediation Agreement.

#### Case Notes

Where respondents failed to immediately mitigate vapor and groundwater hazards down-gradient at a nearby property, and failed to perform proper remedial investigations, most particularly by not delineating the horizontal and vertical extent of groundwater contamination, respondents' liability was clear; contrary to respondents' allegations, the penalty was not duplicative where one penalty was for failing to immediately mitigate the effects of a discharge on a specific neighbor and the other was for delaying the remedial investigation of all potential impacts (adopting 2007 N.J. AGEN LEXIS 149). N.J. Dep't of Env'tl. Prot. v. Foster, OAL Dkt. No. EHW 83-06, 2007 N.J. AGEN LEXIS 505, Final Decision (May 4, 2007).

#### 7:26C-9.3 Administrative orders

(a) Whenever the person responsible for conducting the remediation fails to comply with any statute, administrative order, administrative consent order, remediation agreement, remediation certification, rule, remedial action permit, or guidance the Department may issue an administrative order that:

1. Specifies the provision or provisions of any statute, administrative order, administrative consent order, remediation agreement, remediation certification, rule, remedial permit or guidance of which that person is in violation;
2. Cites the action or omission that caused the violation;
3. Requires compliance with such provision or provisions; and
4. Gives notice to that person of a right to an administrative hearing to contest a notice of an administrative order issued pursuant to this subchapter.

#### 7:26C-9.4 Grace period applicability; procedures

(a) Each violation identified in the penalty table at (c) below by an "M" in the Type of Violation column, for which conditions at (c) below are satisfied, is a minor violation and is subject to a grace period, the length of which is indicated in the column with the heading "Grace Period."

(b) Each violation identified in the penalty table at (c) below by an "NM" in the Type of Violation column is a non-minor violation and is not subject to a grace period.

(c) The Department shall provide a grace period for any violation identified as minor under this section, provided that the following conditions are met:

1. The violation is not the result of the purposeful, knowing, reckless or criminally negligent conduct of the person responsible for the violation;
2. The activity or condition constituting the violation has existed for less than 12 months prior to the date of discovery by the Department;
3. The person responsible for the violation has not been identified in a previous enforcement action by the Department as responsible for a violation of the same requirement within the preceding 12-month period; and
4. The person responsible for the violation has not been identified by the Department as responsible for the same or substantially similar violations at any time that reasonably indicates a pattern of illegal conduct and not isolated incidents on the part of the person responsible.

(d) For a violation determined to be minor under (c) above, the following provisions apply:

1. The Department will issue a notice of violation to the person responsible for a minor violation that:
  - i. Identifies the condition or activity that constitutes the violation and the specific statutory and regulatory provision or other requirement violated; and
  - ii. Specifies that a penalty may be imposed unless the minor violation is corrected and compliance is achieved within the specified grace period.
2. If the person responsible for the minor violation corrects that violation and demonstrates, in accordance with (d)3 below, that compliance has been achieved within the specified grace period, the Department shall not impose a penalty for the violation and in addition, shall not consider the minor violation as an offense pursuant to N.J.A.C. 7:26C-9.2(b).
3. The person responsible for a violation shall submit to the Department, at the address indicated in the notice of violation, before the end of the specified grace period, written information, certified in accordance with N.J.A.C. 7:26C-1.5(b)1, and signed by the person responsible for conducting the remediation, detailing the corrective action taken or compliance achieved.
4. If the person responsible for the minor violation seeks additional time beyond the specified grace period to achieve compliance, the person shall request an extension of the specified grace period. The request shall be made in writing, certified in accordance with N.J.A.C. 7:26C-1.5, no later than one week before the end of the specified grace period and shall include the anticipated time needed to achieve compliance, the specific cause or causes of the delay, and any measures taken or to be taken to minimize

the time needed to achieve compliance. If the person is unable to meet this deadline due to extenuating circumstances, the person may still request the extension, which request shall explain the reason for the delay in requesting the extension. The Department may, at its discretion, approve in writing an extension, which shall not exceed 90 days, to accommodate the anticipated delay in achieving compliance. In exercising its discretion to approve a request for an extension, the Department may consider the following:

- i. Whether the violator has taken reasonable measures to achieve compliance in a timely manner;
- ii. Whether the delay has been caused by circumstances beyond the control of the violator;
- iii. Whether the delay will pose an additional risk to the public health, safety and the environment; and
- iv. Whether the delay will materially or substantially undermine or impair the goals of the regulatory program.

5. If the person responsible for the minor violation fails to demonstrate to the Department that the violation has been corrected and compliance achieved within the specified grace period, or within the approved extension, if any, the Department may, in accordance with the provisions of this chapter, impose a penalty that is retroactive to the date the notice of violation was issued pursuant to (d)1 above.

6. The person responsible for a minor violation shall not request more than one extension of a grace period specified in a notice of violation.

**7:26C-9.5 Civil administrative penalty determination**

(a) The amount of a civil administrative penalty shall be determined as follows:

- 1. The Department shall identify the violation listed in the table in (c) below;

2. The Department shall determine whether the violation is identified by an “M” or “NM” in the Type of violation column;

3. For a violation identified by an “M” as minor in the “Type of Violation” column, the Department shall apply the provisions of N.J.A.C. 7:26C-9.4; and

4. For a violation identified by an “NM” as non-minor in the “Type of Violation” column, or for a violation that is identified by an “M” as minor in the “Type of Violation” column, but for which the conditions at N.J.A.C. 7:26C-9.3 are not satisfied, the Department:

- i. Shall identify the corresponding base penalty dollar amount for the rule violated as listed in (c) below;
- ii. Shall adjust the amount of the base penalty by applying the factors in N.J.A.C. 7:26C-9.6(a), as applicable; and
- iii. May multiply the penalty calculated pursuant to subparagraph (a)4 above by the number of days the violation existed.

(b) The following summary of rules contained in the “Subchapter and Violation” column of the following tables is provided for informational purposes only. In the event that there is a conflict between the rule summary in the following tables and the corresponding rule provision, then the corresponding rule provision shall prevail. The “Citation” column lists the citation and shall be used to determine the specific rule to which the violation applies. In the “Type of Violation” column, “M” identifies a violation as minor and “NM” identifies a violation as non-minor. The length of the applicable grace period for a minor violation is indicated in the “Grace Period” column. The “Base Penalty” column indicates the applicable base penalty for each violation.

#### 7:26C-9.6 Penalty adjustment factors

(a) For violations that meet the criteria set forth at N.J.A.C. 7:26C-9.5(a)4, the Department may adjust the base penalty listed in the table at N.J.A.C. 7:26C-9.5(c) based on the following factors:

1. The Department may increase the amount of the penalty based on the compliance history of the violator as follows:
  - i. The second time that the same violation occurs, the Department may increase the amount of the penalty by a factor of two; and
  - ii. The third time the violation occurs and for each subsequent occurrence, the Department may increase the penalty by a factor of five.
2. The Department may increase the penalty by up to 100 percent if the violation is the result of any intentional,

deliberate, purposeful, knowing or willful act or omission by the violator.

#### 7:26C-9.7 Civil administrative penalty for submitting inaccurate or false information

(a) The Department may assess a civil administrative penalty pursuant to this section against each violator who submits inaccurate information or who makes a false statement, representation or certification in any application, record or other document required to be submitted or maintained pursuant to this chapter.

(b) Each day, from the day that the violator knew or had reason to know that it submitted inaccurate or false information to the Department until the day of receipt by the Department of a written correction by the violator, shall be an additional, separate and distinct violation.

(c) The Department shall assess a civil administrative penalty for violations described in this section as follows:

1. For each intentional, deliberate, purposeful, knowing or willful act or omission by the violator, the civil administrative penalty per act or omission shall be up to \$20,000 for the first offense, up to \$40,000 for the second offense and up to \$50,000 for the third and each subsequent offense; and

2. For all other conduct, the civil administrative penalty, per act or omission, shall be in the amount of up to \$1,000 for the first offense, up to \$2,000 for the second offense and up to \$5,000 for the third and each subsequent offense.

(d) A violation under this section is non-minor and therefore is not subject to a grace period.

#### **7:26C-9.8 Civil administrative penalty for economic benefit**

(a) When the Department determines that the violator has gained an economic benefit from a violation, the Department shall, in addition to any other civil administrative penalty assessed pursuant to this subchapter, include as part of a civil administrative penalty the economic benefit (in dollars) which the violator has realized as a result of not complying, or by delaying compliance, with any applicable requirements.

(b) The Department shall include the following dollar amounts in its calculation of economic benefit:

1. The amount of savings realized from avoided capital or noncapital costs resulting from the violation;
2. The return earned or that may be earned on the amount of the avoided costs;
3. All benefits accruing to the violator as a result of a competitive market advantage enjoyed by reason of the violation; and
4. All other benefits resulting from the violation.

(c) The Department shall consider the following factors in determining economic benefit:

1. The amount of capital investments required, and whether they are one-time or recurring;
2. The amount of one-time nondepreciable expenditures;
3. The amount of annual expenses;
4. The useful life of capital;
5. Applicable tax, inflation and discount rates;
6. The amount of low interest financing, the low interest rate, and the corporate debt rate; and
7. Any other factors relevant to economic benefit.

(d) If the total economic benefit was derived from more than one violation, the Department may apportion the total economic benefit amount among the violations from which it was derived so as to increase each civil administrative penalty assessment to an amount no greater than \$50,000 per violation.

#### **7:26C-9.9 Procedures for assessment and payment of civil administrative penalties**

(a) In order to assess a civil administrative penalty for violations listed in N.J.A.C. 7:26C-9.5(b), the Department

shall, by means of a notice of civil administrative penalty assessment, notify the violator by certified mail (return receipt requested) or by personal service. The Department may, in its discretion, assess a civil administrative penalty for more than one offense in a single notice of civil administrative penalty assessment or in multiple notices of civil administrative penalty assessment. In each notice of civil administrative penalty assessment the Department shall:

1. Identify the provision violated;
2. Concisely state the facts which constitute the violation;
3. Order such violation to cease;
4. Specify the amount of the civil administrative penalty assessed pursuant to N.J.A.C. 7:26C-9.5; and
5. Advise the violator of the right to request an adjudicatory hearing pursuant to the procedure in N.J.A.C. 7:26C-9.10.

(b) Payment of the civil administrative penalty is due upon receipt by the violator of the Department's final order in a contested case or when a notice of civil administrative penalty becomes a final order, as follows:

APPENDIX B

MODEL TERMINATION OF DEED NOTICE

FILED AT THE OFFICE OF THE REGISTER OF [county] COUNTY

IN DEED BOOK [volume], Pages [pages] AS TO BLOCK(S) , LOT(S) , TAX MAP OF THE [county] County

IN ACCORDANCE WITH N.J.S.A. 58:10B-13, THIS DOCUMENT IS TO BE RECORDED IN THE SAME MANNER AS DEEDS AND OTHER INTERESTS IN REAL PROPERTY.

Prepared by: \_\_\_\_\_

Recorded by: \_\_\_\_\_ [Signature, Officer of County Recording Office] [Print name below signature]

This Termination of Deed Notice is made as of [month day, year] by [name of property owner].

1. DEED NOTICE RECORDED IN THE OFFICE OF THE REGISTER OF [county] COUNTY, AT BOOK [book number/vol.], PAGES [page numbers]. By way of a Declaration of Environmental Restriction (DER) or Deed Notice (hereinafter collectively Deed Notice) dated [month day, year], [name of the original responsible party(s) that filed the DER or Deed Notice] advised of: (a) the existence of soil contamination in concentrations at the real property situated in the [city/town/borough name] and designated as Block(s) [see example above for multiples], Lot(s) [see example above for multiples] ("the Property") on the Tax Map of [city/town/borough name] that do not allow for the unrestricted use of the Property; (b) the existence of institutional and/or engineering controls selected as part of the remedial action for the Property; and (c) the continuing obligation of [name of original responsible party(s) that filed the DER or Deed Notice], subsequent owners, and others to monitor and maintain those institutional and/or engineering controls. The Deed Notice was part of the remediation of contamination at the Property and was recorded in the Office of the Register of [county] County on [month day, year] in Deed Book [book number/volume], Pages [page numbers] by [name of original responsible party(s) that filed the DER or Deed Notice], the then owner of the Property. Pursuant to Paragraph 10, the Deed Notice was to remain in effect until such time as the Department approved the termination of the Deed Notice by executing a document expressly terminating the Deed Notice.

2. TRANSFER OF THE PROPERTY. By Deed dated [month day, year] and recorded in the Office of the Register of [county] County on [month day, year] in Book [book number/vol.], Pages [page numbers], [name of person appear-

ing on deed] transferred ownership of Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ subject to the Deed Notice.

3. TERMINATION OF DEED NOTICE RECORDED IN THE OFFICE OF THE REGISTER OF [county] COUNTY AT BOOK \_\_\_\_\_, PAGES \_\_\_\_\_ AS TO BLOCK(S) \_\_\_\_\_, LOT(S) \_\_\_\_\_. By way of letter dated [month day, year], [name of person/corporation etc.] requested approval from the Department to terminate the Deed Notice because conditions that required the execution and recording of the Deed Notice no longer exist on Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_. The Department approved the request by way of letter dated [month day, year]. Accordingly, the Department hereby executes this Termination of Deed Notice. Subject to the provisions of paragraph 5 below, the Department directs that the Deed Notice recorded in the Office of the Register of [county] County in Deed Book \_\_\_\_\_, Pages \_\_\_\_\_ shall be terminated and discharged. A metes and bounds description of Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ and a scaled map showing the boundaries of Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ are attached hereto as Exhibits A and B, respectively.

4. EXECUTION OF NEW DEED NOTICE FOR BLOCK(S) \_\_\_\_\_, LOT(S) \_\_\_\_\_. Although the Department has determined that a change in conditions warrants the termination of the Deed Notice as to Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, the Department also has determined that soil contamination remains on Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, in concentrations that do not allow for the unrestricted use of the Property. Thus, the approved remedial action includes a new Deed Notice for Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_. The new Deed Notice shall be executed and recorded by [name of person or corporation etc. filing new Deed Notice].

5. EFFECTIVE DATE OF TERMINATION OF DEED NOTICE. This Termination of Deed Notice shall take effect on the date this Termination of Deed Notice or the date the new Deed Notice for Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ is recorded in the Office of the Register of [county], whichever is later, or, if this Termination of Deed Notice and the new Deed Notice are simultaneously recorded in the Office of the Register of [county], on the date of such simultaneous recording.

[Note: The language of the following two (2) consecutive paragraphs shall be substituted for the language of paragraphs 3 and 4 above where the subject property is proposed to be subdivided]

{Appropriate consecutive paragraph number}. TERMINATION OF DEED NOTICE RECORDED IN THE OFFICE OF THE REGISTER OF \_\_\_\_\_ AT BOOK \_\_\_\_\_, PAGE \_\_\_\_\_ AS TO BLOCK(S) \_\_\_\_\_, LOT(S) \_\_\_\_\_. By way of letter dated, [name of person /corporation etc.] requested approval from the Department to terminate the Deed Notice as to Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ because Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, has been subdivided from the Property, and the conditions that required the execution and recording of the Deed Notice no

longer exist on Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_. The Department approved the request by way of letter dated \_\_\_\_\_. Accordingly, the Department hereby executes this Termination of Deed Notice. Subject to the provisions of paragraph 5 below, the Department directs that the Deed Notice recorded in the Office of the Register of \_\_\_\_\_ in Deed Book \_\_\_\_\_, Page \_\_\_\_\_ shall be terminated and discharged as it applies to Block(s) \_\_\_\_\_ Lot(s) \_\_\_\_\_. Such termination, however, is limited to Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, and the Deed Notice remains in full force and effect as to such other portions of the Property for which the Department has not approved termination of the Deed Notice. A metes and bounds description of Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ and a scaled map showing the boundaries of Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_ are attached hereto as Exhibits A and B, respectively.

{Appropriate consecutive paragraph number}. EXECUTION OF NEW DEED NOTICE FOR BLOCK(S) \_\_\_\_\_, LOT(S) \_\_\_\_\_. Although the Department has determined that a change in conditions warrants the termination of the Deed Notice as to Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, soil contamination remains on Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_, in concentrations that do not allow for the unrestricted use of the Property. Thus, the approved remedial action includes a new Deed Notice for Block(s) \_\_\_\_\_, Lot(s) \_\_\_\_\_. The new Deed Notice shall be executed and recorded by [name of person or corporation etc. filing new deed notice].

[Note: The language of the following paragraph shall be substituted for that of paragraph number 5 above where no new Deed Notice would be filed for the subject property]

{Appropriate consecutive paragraph number}. EFFECTIVE DATE OF TERMINATION OF DEED NOTICE. This Termination of Deed Notice shall take effect on the date this Termination of Deed Notice is recorded in the Office of the Register of [county].

[Note: The following paragraph is required for all versions of this form]

{Appropriate consecutive paragraph number}. SIGNATURES IN WITNESS WHEREOF, [name of person/corporation etc. executing the Termination of Deed Notice] and the New Jersey Department of Environmental Protection have executed this Termination of Deed Notice, as of the date first written above.
