The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

NJASK Science Assessment Performance: Grade 8

This table shows the percentage of students in each proficiency category for the NJASK science test for the school and each student group and also provides a comparison to the statewide percentages.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the ESSA accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	20.4	17.5%
Mathematics Proficiency	25.1	17.5%
English Language Arts Growth	31.5	25.0%
Mathematics Growth	53.3	25.0%
Chronic Absenteeism	61.3	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		38.3
Summative Rating: Percentile rank of Summative Score		31.4
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Highlights:</p>	<ul style="list-style-type: none"> • A new Enrichment period has added to schedule. • In 2017, we had a student nominated for Broadcom MASTERS. • Thirteen students placed at the 2017 Science Fair.
 <p>Mission, Vision, Theme:</p>	<p>The mission of the Lower Alloways Creek School is to ensure that each child will experience optimal academic, social, emotional, and physical success through a challenging and progressive learner-active educational program in a technology infused, safe, and healthy learning environment.</p>
 <p>Awards, Recognition, Accomplishments:</p>	<p>In 2017, 35 students in grades 5-8 from LAC School put in countless hours to compete for 1st through 3rd place. Thirteen of those students placed in their respective category. In 2017, Hannah Sharp, 6th grade student, was a nominee for the 2017 Broadcom MASTERS (Math, Applied Science, Technology and Engineering for Rising Stars), a program of Society for Science & the Public. The Broadcom MASTERS is a national competition and only 10% of middle school projects nationwide are invited to apply.</p>

 <p>Courses, Curriculum, Instruction:</p>	<p>Preparing students to be college and career ready is at the center of all teaching. LACI has taken new steps this school year to prepare their students for college and their careers. A rearrangement of the schedule has allowed the students to participate in a variety of Enrichment classes that include STEM, Math and Reading Enrichment, Mindfulness, Journalism, Book Clubs as well as Choir and Band.</p>
 <p>Sports and Athletics:</p>	<p>Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Field Hockey (Girls), Soccer (Boys & Girls), Softball (Girls)</p> <p>Although we do not have school affiliated sports' teams, the township offers sports for our students to participate in. Many of the teams use our facilities and their victories are celebrated within our school community.</p>
 <p>Clubs and Activities:</p>	<p>LAC offers a variety of clubs and activities including Student Council, National Honors Society, Yearbook, Walking Club, Math Showcase, Science Fair, and Art Club. Additionally, Character Education days are scattered throughout the year as well as participation in Heart Health, Red Ribbon Week, Week of Respect, Read Across America, Career Day, Ag Day, and D.A.R.E. as well as a variety of field trips.</p>
 <p>Before and After School Programs:</p>	<p>LAC offers homework center four days a week for students in grades 3-8 with a certified teacher. We also offer a Latchkey program five days a week to all students.</p>

 <p>Staff and Professional Learning:</p>	<p>Four teachers will be participating in a year long Literacy Consortium that brings together the expertise of a group of people, committed to literacy, who believe in the power of teacher-to-teacher sharing and knowledge building. The goal of TLC is to empower them to use new understandings to adapt instruction to fit the changing needs of students and curriculum. Additionally, MAP training was provided at the beginning of the year as well as opportunities for training in their specialty. "</p>
 <p>Student Supports and Services:</p>	<p>Students are offered a variety of services like small group tutoring to designated intervention period to homework center after school. For students who need extra assistance, we refer them to our I&RS team. Intervention and Referral Services is an interdisciplinary team of professionals within the school who come together to formulate coordinated services and delivery systems to address the full range of student learning, behavior, social, and health problems in the general education program.</p>
 <p>Student Health and Wellness:</p>	<p>An assortment of breakfast and lunch options are available for all students. Nutrition guidance is offered by our nurse as well as a fluoride program. Students have 2 classes of gym throughout the week as well as daily recess. For the 2017-18 school year, recess time has been extended for students in grades 3-8. Assemblies and programs on healthy eating and daily exercise are integrated throughout the year.</p>
 <p>Parent and Community Involvement:</p>	<p>The LAC PTO organization welcomes parents of all students in PreK-8. The PTO organizes a variety of events such as Trunk or Treat, themed dances, Marshball Tournaments, Tricky Tray, and many more. Parents are given information through different venues including website, email, Back to School night, and text messages. Parents have access to their students' grades through the parent portal. Also, social media and newspaper articles keep our community up to date about the on-goings of our school.</p>
