## **INTRODUCTION**

To the Governor, the Legislature, and the Advisory Council on Domestic Violence this report, submitted pursuant to N.J.S.A. 2C: 25-33 covers the period from January 1, 2007 to December 31, 2007. The New Jersey Administrative Office of the Courts presents this statistical report on the operation of the Prevention of Domestic Violence Act, N.J.S.A. 2C: 25-17 through 2C: 25-35. It presents data from the Family Automated Case Tracking System (FACTS) and the Criminal Division Automated System (Promis/Gavel). Collection and analysis of accurate data regarding trends in domestic violence proceedings serves as an important resource for governmental agencies and service providers with regard to funding, report writing, grants, legislation, and policy recommendations.

The format of this annual report follows that used for previous reports in presenting data regarding domestic violence filings, dispositions of restraining orders, and forms of relief sought and granted. In addition, this report includes data on non-indictable contempt charges, which are processed in Family Court (N.J.S.A. 2C:29.9b); and data on violations of non-contact orders or other offenses requiring arrest and criminal charges, which are processed in the Criminal Division.

The total number of domestic violence complaint filings in calendar year 2007 is 39,538 compared to 40,866 in 2006. In 2007, there were 7,993 domestic violence contempt filings, a decrease of 753 filings from 2006.

The New Jersey Judiciary continues to implement policies and procedures to enhance the protective process for victims of domestic violence and their families. These improvements are made possible in part through funding received by the Judiciary from the Federal STOP Violence Against Women Act (VAWA). The Domestic Violence Technical Assistance Team and Continued Domestic Violence Training are two of the VAWA grants administered by the Family Practice Division of the Administrative Office of the Courts. These projects provide technical assistance and coordination of training for judges, domestic violence staff members, and other court employees. The Continued Domestic Violence Training grant enables the Judiciary to continue the development of its video production library that will provide domestic violence training for newly hired or assigned court staff. The library will contain basic and advanced domestic violence topics via videotape, CD-ROMs and DVDs. This grant also enables the Judiciary to provide training for Family Court staff, Probation Officers who have a domestic violence caseload, court volunteers and others. The Judiciary strives to continuously promote uniform procedures, best practices and to provide a clear understanding of the dynamics of domestic violence and the Prevention of Domestic Violence Act to all Judiciary staff and court volunteers.

Training is a key element of the Judiciary's domestic violence efforts. Grant funding supports essential training each year for the Judiciary. Every year a mandatory Domestic Violence Conference is organized for all Family Division judges and staff statewide. The Domestic Violence Team Leaders, Domestic Violence Hearing Officers, and the Backup Domestic Violence Hearing Officers also receive training throughout the year. All new judiciary employees receive training on the Dynamics of Domestic Violence and the Prevention of Domestic Violence Act. The Family Division also coordinates with the Municipal Court Services Division to train Municipal Court Judges and Municipal Court Administrators

regarding domestic violence processes and procedures. Grant funds also provided for a two-day domestic violence training event which included Probation Officers who have a domestic violence caseload as well as staff from the Family Court's Domestic Violence Unit. Without grant funding, much of this training would not occur.

The Family Practice Division completed the production of a set of five domestic violence training videos that will serve to train newly hired or assigned court personnel thereby complying with the statutory mandate regarding training. The set was distributed to the vicinages as a resource to train this population. The five training videotapes cover the following: (1) the domestic violence event, (2) the TRO hearing conducted by the DVHO, (3) the FRO hearing (4), a contempt hearing, and (5) a customer service piece. The Judiciary is also in the process of developing a series of training CD-ROMs for court personnel that will provide information on advanced topics relating to domestic violence, such as mental health, substance abuse, cyber stalking, immigration, primary aggressor and compassion fatigue. CDs on cultural considerations are being considered as well. The Judiciary is developing a third project in DVD format, to serve as a bridge for the above two projects. The third project will further sensitize court staff to the issues faced by victims and their families. It will focus on victims and their history of domestic violence, families of victims where the victim was killed by the batterer and a batterer's intervention program. Actors and domestic violence experts will role play in these DVDs.

New Jersey's domestic violence efforts also include the Statewide Domestic Violence Central Registry (DVCR) an important information tool that is available to law enforcement agencies as well as to the Family Courts. It contains up-to-date information on all Restraining Orders entered into the Family Automated Case Tracking System (FACTS), including out-of-state restraining order information. The DVCR is intended to serve as a database for law enforcement to facilitate enforcement of Temporary Restraining Orders (TRO) and Final Restraining Orders (FROs), thereby enhancing protection for victims, even when they relocate between municipalities and counties within the state. The Registry also provides vital information to law enforcement as part of the screening process for individuals who apply for firearms licensing. The Registry was made possible through Federal STOP VAWA funding and through inter-agency cooperation among the Judiciary, the Attorney General's Office, the New Jersey State Police, and local law enforcement agencies.

The Domestic Violence Hearing Officer (DVHO) Program continues to be a valuable component of the overall effort to ensure court access by victims. The quick availability of the DVHO reduces the need for judges to interrupt ongoing trials to handle applications for TROs. Extensive training continues to be a mainstay of the DVHO program in order to ensure the highest quality service to the public. The Judiciary has implemented an initiative to have designated Backup Domestic Violence Hearing Officers (BDVHOs) in place to hear requests for TROs when the regularly assigned DVHO is unavailable. Currently, there are fourteen BDVHOs sitting in the vicinages.

The effort to establish victim waiting rooms in every county courthouse has been an important ongoing issue. However even in those courthouses that still do not have such separate waiting rooms, every possible effort is being made to ensure the victim's safety and to separate plaintiffs and defendants while they await their court appearances.

The Judiciary is presently working with the New Jersey State Police to finalize the

electronic record requirements for New Jersey to join the National Crime Information Center Protection Order file database. The Protection Order file is designed to enable civil and criminal courts to receive timely and accurate information on active protective orders, as well as historical records; to enable law enforcement agencies to access information regarding the existence and terms of a protection order, including orders issued in other states; and support the identification of persons prohibited by federal or state laws from purchasing a firearm.

The electronic TRO (e-TRO) project by which domestic violence complaints and temporary restraining orders may be filed electronically, operated on a pilot basis for nearly five years before expanded statewide in July 2007. The Supreme Court initially authorized the project in December 2002, with two expansions of the pilot thereafter. The Court's approval included relaxation of a number of court Rules for the pilot counties. By all measures the pilot test of the e-TRO has been a success in all municipalities in which it has been implemented. The Administrative Office of the Court's Family Practice Division, Information Technology Office, Automated Trial Court Services Unit, and Municipal Court Services Division collaborated in the development of this innovative program. The initiative and support of the pilot vicinages and municipalities have been invaluable. Since statewide implementation in July 2007, the Municipal Court Services Division has trained 333 municipalities.

The New Jersey Judiciary will continue to strive to improve the overall quality of services it provides to all. And we will maintain effective communication and interaction between internal and external organizations to ensure standardized practices throughout the state. Training of judges and staff will continue to be a critical component of our efforts in this area.

**15. INTAKE MONITORING OF CONDITIONS OR RESTRAINTS**

Intake monitoring, which requires frequent contact with victims to determine if restraints are being observed, is rarely sought. In 2007, it was requested in only 2.0% of all cases and was granted in 20.8% of those cases. Limited availability of court staff to provide for the monitoring required by this relief may be the most likely reason for the low incidence of inclusion of this relief in FROs.

24. **MONETARY COMPENSATION-EMERGENT SUPPORT**

Economic relief for victims and their children usually takes the form of interim and/or ongoing support. If a prior support order exists through a divorce or child support civil action, additional reliefs arising from the domestic violence action are likely to be treated as separate from the ongoing support order already in effect. This may account for the fact that emergent support continues to be rarely requested or granted.

a. **VICTIM - EMERGENT SUPPORT**

Emergent support for victims ensures that victims are financially able to meet their daily needs. In 2007, this relief was sought in only 2.4% of all cases and was granted in 11.8 % of those cases.

**SECTION FOUR**  
**POST-DISPOSITIONAL RELIEF**

Enforcement of domestic violence TROs or FROs can be pursued either through the criminal contempt process, N.J.S.A.2C:29-9b or N.J.S.A.2C:25-30, or through civil enforcement of litigant's rights, under Rule 1:10-3. Under the criminal statute, violations of any restraints and certain reliefs and conditions of a restraining order require mandatory arrest and criminal prosecution. Violations of other reliefs and conditions are enforceable by the court pursuant to applicable court rules. The Family Division has jurisdiction over disorderly person's domestic violence contempt actions pursuant to N.J.S.A. 2C: 29-2b. This includes contempt charges that were initially indictable but have been downgraded by the Prosecutor's Office in the county of venue. The following section reports the data on those cases. It does not cover indictable contempts of the fourth degree and above, which are handled in the Criminal Division.

**1. DOMESTIC VIOLENCE CRIMINAL CONTEMPTS (FOs)**

**A. STATEWIDE FIGURES**

**a. FILINGS**

The Family Division processed 7,993 disorderly persons criminal contempts in 2007, a decrease of 8.61% from 2006.

Domestic Violence Contempts Filed 2006-2007			
Year	2006	2007	Variation
Filings	8,746	7,993	8.61%

**b. TERMINATIONS**

Total terminations include those cases in which defendants either entered a guilty plea or were found guilty of disorderly persons contempt charges, as well as those cases in which contempt charges were dismissed, either as part of a plea agreement to a lesser charge (e.g., harassment) at the victim's or prosecutor's request or after a trial and a finding of not guilty. In 2007, the number of contempt terminations decreased by 8.02% from 2006.
