The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school’s culture and climate. In addition, research shows that student absences impact a child’s ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	42.5	17.5%
Mathematics Proficiency	30.4	17.5%
English Language Arts Growth	40.6	25.0%
Mathematics Growth	37.8	25.0%
Chronic Absenteeism	77.0	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		43.9
Summative Rating: Percentile rank of Summative Score		39.9

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

Student Group	Summative Score	Cut-off Score for Targeted Support and Improvement	Requires Targeted Support and Improvement for 2016-17	English Language Arts Proficiency	Mathematics Proficiency	Chronic Absenteeism	English Language Arts Student Growth	Mathematics Student Growth	At Risk for Consistently Underperforming Student Group

 <p>Courses, Curriculum, Instruction:</p>	<p>Content area courses include 80 minutes of ELA & Math and 40 minutes of Social Studies and Science. Specials classes include Health & PE K-8, Library K-5, Computers K-7, STEAM 4-7, Greenhouse 3, yearlong Art & Music K-8, and Spanish K-5, 6-7 (2 times), 8 (daily). An additional Currents course in 6-7 provides our future leaders with a foundation of understanding about the political, economic, scientific, and social issues that face all of us. G&T opportunities are offered at each grade level.</p>
 <p>Clubs and Activities:</p>	<p>ATS offers a broad range of extra-curricular activities that are organized and supervised by qualified staff members to foster development of well-rounded personalities. Activities include 8th grade fundraising events, band, chorus, yearbook, drama cast & crew, interscholastic cross country, volleyball, track, battle of books, and chess. Our Jumpstart program & Homework Club allows for our at-risk students to participate in additional LA and math practice with the assistance of a teacher.</p>
 <p>Before and After School Programs:</p>	<p>Before and Aftercare programs are located at the Mountain Villa School for all students. The local YMCA facilitates the program for approximately 25-30 of our students. Both AM/PM sessions offer opportunities for students to complete homework, get assistance, build friendships, and have fun.</p>

 Staff and Professional Learning:	<p>In the Allamuchy School District, staff members participate in a variety of professional development opportunities. These range from mandatory trainings to self-selected workshops. In addition to trainings, staff members are afforded the opportunity to work together to understand the student learning standards, generate meaningful assessments, and analyze data. They do this through their professional learning communities.</p>
 Student Supports and Services:	<p>We have developed a new I&RS system. It allows for more individualized instruction and fosters data collection and analysis to see growth in our at-risk students. Each student that is brought to the team is discussed. Then, goals are developed, and benchmarks are created. Student, staff, and parents are on the same page working to achieve the same goal. Along the way, data is collected. Changes, adaptations or exits from the program can occur based on the analysis of the data.</p>
 Student Health and Wellness:	<p>In addition to offering Health and PE to our students, we have partnered with Atlantic Health to bring new programs that encourage healthy eating and adding activity to our daily schedule. We have a “Get Up and Move” period to encourage breaks from sitting. We also have a salad eating challenge where students are encouraged to eat or try salad. Each year new pieces of the program are added. This year, we look forward to using our walking trails.</p>
 Parent and Community Involvement:	<p>The PTO is dedicated to promoting our children’s health, well-being, and educational success through strong parent, family and community involvement by sponsoring events that assist and promote additional educational opportunities for our students. The district fosters participation in community service and fundraising. Opportunities our students experience include assisting at the food pantry, senior citizen center and hosting an annual Veteran’s Day Assembly that bring Veteran’s near and far.</p>

<div>A blue icon of a school building with a flag on top.</div> <div>Facilities:</div>	<p>The Allamuchy Township School continues to utilize the original 1939, slate roof school house. The facility has had several additions as the community grew, with the latest addition being completed in 1996. The building houses grades 3rd through 8th and is on a very large parcel of land. On the property, the district recently completed a solar project that has benefited the district by offsetting utility costs.</p>

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Other Information:

Allamuchy Township School provides a challenging educational environment for its approximately 300 students in third through eighth grade. The average class size of 20 combined with thorough in-class support and academic skills improvement programs offers a comprehensive educational system to meet the individual needs of our students. Positive school climate is fostered through monthly class meetings following the Olweus Anti-Bullying Program and Wolf Pack Pride Initiative. Language Arts is an evolving process involving reading, speaking, listening and writing. Through authentic literature, Reading Wonders, Orton-Gillingham and novel studies, students explore interdisciplinary connections and are introduced to a variety of texts. Skills increase systematically in each grade level, so students can gain adequate exposure to different texts and tasks. Our goal is to develop enthusiastic learners, avid readers, critical thinkers and active writers. The primary goal of our math curriculum is that students will be able to solve real-world problems, reason effectively, and make logical connections while aspiring to exceed standards. The students will gain necessary skills to achieve this goal through the interaction of parents, teachers, peers, and the use of curriculum supporting materials at each level: K-5 My Math, 6-8 Big Ideas and Algebra. A cross-curricular, thematic approach ensures that the Social Studies curriculum builds a bridge between history and daily life as a citizen of Allamuchy Township, New Jersey, the United States and the world. Houghton Mifflin Harcourt is the base of our K-8 Science Program. Lessons, experiments and activities are designed to nurture and improve the scientific abilities of our students through inquiry based instruction. Skills of observation, exploration, discovery and investigation are developed and encouraged.

The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

This section shows information about student absences which provides important information about a school’s culture and climate. In addition, research shows that student absences impact a child’s ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	42.5	17.5%
Mathematics Proficiency	30.4	17.5%
English Language Arts Growth	40.6	25.0%
Mathematics Growth	37.8	25.0%

Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		43.9
Summative Rating: Percentile rank of Summative Score		39.9

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

Activities include 8th grade fundraising events, band, chorus, yearbook, drama cast & crew, interscholastic cross country, volleyball, track, battle of books, and chess. Our Jumpstart program & Homework Club allows for our at-risk students to participate in additional LA and math practice with the assistance of a teacher.</p>
 <p>Before and After School Programs:</p>	<p>Before and Aftercare programs are located at the Mountain Villa School for all students. The local YMCA facilitates the program for approximately 25-30 of our students. Both AM/PM sessions offer opportunities for students to complete homework, get assistance, build friendships, and have fun.</p>

 Staff and Professional Learning:	<p>In the Allamuchy School District, staff members participate in a variety of professional development opportunities. These range from mandatory trainings to self-selected workshops. In addition to trainings, staff members are afforded the opportunity to work together to understand the student learning standards, generate meaningful assessments, and analyze data. They do this through their professional learning communities.</p>
 Student Supports and Services:	<p>We have developed a new I&RS system. It allows for more individualized instruction and fosters data collection and analysis to see growth in our at-risk students. Each student that is brought to the team is discussed. Then, goals are developed, and benchmarks are created. Student, staff, and parents are on the same page working to achieve the same goal. Along the way, data is collected. Changes, adaptations or exits from the program can occur based on the analysis of the data.</p>
 Student Health and Wellness:	<p>In addition to offering Health and PE to our students, we have partnered with Atlantic Health to bring new programs that encourage healthy eating and adding activity to our daily schedule. We have a “Get Up and Move” period to encourage breaks from sitting. We also have a salad eating challenge where students are encouraged to eat or try salad. Each year new pieces of the program are added. This year, we look forward to using our walking trails.</p>
 Parent and Community Involvement:	<p>The PTO is dedicated to promoting our children’s health, well-being, and educational success through strong parent, family and community involvement by sponsoring events that assist and promote additional educational opportunities for our students. The district fosters participation in community service and fundraising. Opportunities our students experience include assisting at the food pantry, senior citizen center and hosting an annual Veteran’s Day Assembly that bring Veteran’s near and far.</p>

<div>A blue icon of a school building with a flag on top.</div> <div>Facilities:</div>	<p>The Allamuchy Township School continues to utilize the original 1939, slate roof school house. The facility has had several additions as the community grew, with the latest addition being completed in 1996. The building houses grades 3rd through 8th and is on a very large parcel of land. On the property, the district recently completed a solar project that has benefited the district by offsetting utility costs.</p>

Other Information:

Allamuchy Township School provides a challenging educational environment for its approximately 300 students in third through eighth grade. The average class size of 20 combined with thorough in-class support and academic skills improvement programs offers a comprehensive educational system to meet the individual needs of our students. Positive school climate is fostered through monthly class meetings following the Olweus Anti-Bullying Program and Wolf Pack Pride Initiative. Language Arts is an evolving process involving reading, speaking, listening and writing. Through authentic literature, Reading Wonders, Orton-Gillingham and novel studies, students explore interdisciplinary connections and are introduced to a variety of texts. Skills increase systematically in each grade level, so students can gain adequate exposure to different texts and tasks. Our goal is to develop enthusiastic learners, avid readers, critical thinkers and active writers. The primary goal of our math curriculum is that students will be able to solve real-world problems, reason effectively, and make logical connections while aspiring to exceed standards. The students will gain necessary skills to achieve this goal through the interaction of parents, teachers, peers, and the use of curriculum supporting materials at each level: K-5 My Math, 6-8 Big Ideas and Algebra. A cross-curricular, thematic approach ensures that the Social Studies curriculum builds a bridge between history and daily life as a citizen of Allamuchy Township, New Jersey, the United States and the world. Houghton Mifflin Harcourt is the base of our K-8 Science Program. Lessons, experiments and activities are designed to nurture and improve the scientific abilities of our students through inquiry based instruction. Skills of observation, exploration, discovery and investigation are developed and encouraged.
