DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

September 9--DEP JOINS STUDY OF OFFSHORE EXPLORATORY DRILLING--Commissioner English announced that New Jersey, Maine, Massachusetts and New Hampshire will undertake a study of programs which limits discharge of drill cuttings and muds resulting from exploratory drilling on the Outer Continental Shelf. The States will fund the study to be managed by the New England River Basins Commission. New Jersey's share is \$18,000. Information is available from David Stern, Bureau of Coastal Planning and Development, at (609) 292-9760.

September 9--CAFRA PERMITS IN ATLANTIC COUNTY--DEP has conditionally approved Coastal Area Facility Review Act (CAFRA) permits for major mixed-use developments with region-shaping implications. They are Bayshore Center in Egg Harbor Township and Towne of Smithville in Galloway Township and Port Republic. Together, they will provide 8,380 residential units, 1,200 hotel rooms and more than 1.5 million square feet of commercial and office space over the next decade. The Division of Coastal Resources rejected Bayshore's application to fill .35 acres of coastal wetlands for an access road and .5 acres for construction of a portion of a hotel and, in order to protect the shellfish habitat of Lakes Bay, rejected Bayshore's application to dredge 80,000 cubic yards from the water area for marina construction. Smithville's is merely conceptual approval for proposed development on the 2,375-acre site. Each construction phase must receive a separate CAFRA permit, with two CAFRA applications for early phases now pending. A rigorous water monitoring program must be established, with any remedial steps being taken when necessary to protect ground and surface water. Development must avoid critical wildlife habitats, freshwater wetlands and stands of white cedars onsite. In both cases, DEP requires developers to contribute 10 percent low income and 10 percent moderate income housing units, either on or off-site to comply with DEP's coastal policy on fair share housing.

September 9--HEARINGS ON WATER RESOURCE MANAGEMENT FUNDING--Commissioner English announced availability of documents explaining DEP's work plan for the next 12 months in areas of safe drinking water, water pollution control and resources recovery and recycling. Hearings were set for September 9 in Morristown and September 10 at Stockton State College. Comments should be sent to Charles Parkell, Coordinator, Agreement Update, Division of Water Resources, Box CN-029, Trenton, NJ 08625.

September 10--COASTAL MANAGEMENT PROGRAM COMPLETED--Commissioner English announced completion of The New Jersey Coastal Management Program and Final Environmental Impact Statement, culminating several years of planning by DEP's Division of Coastal Resources in conjunction with the National Oceanic and Atmospheric Administration (NOAA). Information and copies are available from John R Weingart at (609) 292-9762.
