## OVER-THE-COUNTER PERMITS

### I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

### II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

### III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

## MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

## THE COMMISSIONER

### Proposed Amend Fees for 90-Day Construction Permits

Jerry Fitzgerald English, Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 13:1B-3 and N.J.S.A. 13:1D-33, proposes to amend N.J.A.C. 7:1C-1.5 concerning fees for the Department's development permits under the 90-day law. This proposal is known within the Department as Docket No. DEP 011-81-02.

The proposed amendments are intended to provide adequate fees for the cost of administering the 90-day permit program in accordance with the requirements imposed by N.J.S.A. 13:1D-33. Under the present permit fee structure, the Department is not receiving fees adequate to cover the cost of the programs involved. In several cases, the permit fees are only covering 50 percent of the costs of the program. The proposed amendment will revise the fee schedule for permits issued for stream encroachments, waterfront development, and CAFRA permits. Fees for sewer extensions are not being revised at this time; however they may be revised to meet program cost needs, pending a review of current operating costs.

Full text of the proposed amendment follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

#### 7:1C-1.5 Fees

(a) Except as provided in [subsection] (g) below, fees shall be charged for the review of any application for a construction permit in accordance with the following schedule:

1. Waterfront development (N.J.S.A. 12:5-3) (riparian permits):

i. The fee shall be [one half of one percent ( $\frac{1}{2}$  of 1%)] one percent of the construction cost, or a minimum of \$100.00;

ii. The fee for permits for minor maintenance, and/or repair or replacement of lawful existing structures shall be [one half of one percent ( $\frac{1}{2}$  of 1%)] one percent of the construction cost or a minimum of \$25.00.

2. (No change.)

3. CAFRA permits (N.J.S.A. 13:19-1):

i. The fee for residential facilities shall be [\$500.00] \$1,000 plus \$10.00 per dwelling unit;

ii. The fee for non-residential and mixed-use facilities shall be [\$1,000] \$1,500 plus \$10.00 per acre to be developed.

4. Stream encroachments [(N.J.S.A. 58:1-26)] (N.J.S.A. 58:16A-55.2):

i. (No change.)

ii. For minor projects, the fee shall be [\$50.00] \$100.00, except that no fee should be charged for such project in a drainage area of less than 320 acres which has been approved by the appropriate municipal or county engineer, or a professional engineer for State agency projects, and the certification of such approval has been submitted to and acknowledged by the department.

iii. Fees:

(1) (No change.)

(2) For other major projects the fee shall be [\$500.00] \$1,000 for each structure in or along the channel, or portion of the channel thereof up to one thousand feet. This fee shall include but not be limited to the following types of projects: bridges, culverts, small dams, concrete lining, major riprap and gabion protection, channel modification, channel realignment, channel relocation and all retaining walls. The fee for major projects such as culverts or bridges shall include channel work for a distance of 300 feet upstream and downstream.

(3) For major projects outside the channel but within the 100-year flood the fee shall be [\$500.00] \$1,000 for each project.

5. (No change.)

(b) Each extension of time requested must be accompanied with a [\$25.00] \$50.00 non-refundable fee. Each extension, if granted, will be a maximum period of one year. No permit will be extended beyond a total of five years from the original date of permit.

(c) Each request for an approval of a modification in detail of the approved project must be accompanied with a fee equal to [25] 50 [per cent] percent of the total permit fee charged to that portion of the project to be modified.

(d) (No change.)

(e) (No change.)

(f) (No change.)

(g) [The maximum fee for waterfront development, wetlands, and CAFRA permit applications shall be \$5,000, except for unusually large scale or complex projects where the appropriate agency determines, after consultation with the applicant, that additional fees are necessary for a proper review of the application.] There shall be no maximum fee for a waterfront development, a wetlands or a CAFRA application for an unusually large scale or complex project. The Department, after consultation with the applicant, shall determine the fee necessary for a proper review of the application.

Interested persons may present, in writing, statements or arguments relevant to the proposed action on or before April 17, 1981 to:

William McCarthy  
Wallach Building  
88 East State Street  
Trenton, N.J. 08625

March 31--ENVIRONMENTAL QUALITY OUTLINES ENFORCEMENT ACTIVITIES--DEP's Division of Environmental Quality outlined the enforcement actions taken from March 5 through 16. The Division issued 31 Administrative Orders including 3 negotiated consent orders, and 9 Notices of Prosecution. Assessed penalties and a settlement payment totalled \$14,100. The Division monitors air pollution control, pesticide use, radiation safety, noise control, and solid waste management in New Jersey.

\* \* \*

April 2--WATER RESOURCES OUTLINES ENFORCEMENT ACTIONS--DEP's Division of Water Resources outlines the enforcement actions taken from March 16 - 20. The Division assessed five Administrative Orders with penalties totalling \$20,275 for violations of the State's water quality control regulations.

\* \* \*

April 3--LANDFILL ORDERED CLOSED UNTIL VIOLATIONS CORRECTED--DEP Commissioner Jerry Fitzgerald English announced that the Vineland Construction Company landfill in Pennsauken (Camden County) has been ordered to cease operation until violations of its approved plans are corrected, and towards that end, the Department has imposed a \$5,000 settlement penalty.

\* \* \*

April 3--CAFRA PERMIT DENIED FOR SUBDIVISION--David N. Kinsey, Director of the DEP's Division of Coastal Resources announced that the Department has denied a Coastal Area Facility Review Act (CAFRA) permit for a 50-lot single family residential subdivision in Egg Harbor Township (Atlantic County).

\* \* \*

April 6--FIREWOOD CUTTING ENDS APRIL 17--DEP Commissioner English announced that the Division of Parks and Forestry annual program allowing residents to cut or collect firewood for personal use will close for the 1980 - 81 season on April 17. Ten state parks and forests have already depleted their quotas of cords designated for this season. The one area still offering wood cutting permits until April 17 is Wharton State Forest.

\* \* \*

April 6--CAFRA PERMIT APPROVED--David N. Kinsey, Director of DEP's Division of Coastal Resources announced that the Department has conditionally approved a Coastal Area Facility Review Act (CAFRA) permit for the Doughty Road Investor's Sanitary Landfill for Inert Demolition Materials, in Egg Harbor Township, Atlantic County.

\* \* \*

April 7--LANDFILL PERMITTED TO OPERATE WITH ADDITIONAL STANDARDS--DEP Commissioner English expressed regret that the State Superior Court had overruled a DEP Order to prevent operation of the Carrino Sanitary Landfill on the campus of Montclair State College in Little Falls Township (Passaic County), although, the Commissioner noted, the Court did require the landfill to meet additional DEP standards.

\* \* \*

April 7--ENVIRONMENTAL QUALITY ENFORCEMENT ACTIONS--DEP's Division of Environmental Quality issued 44 Administrative Orders and 24 Notices of Prosecution during the period of March 17 through 25, with assessed penalties totalling \$15,850. The Division is responsible for air pollution control, pesticide and radiation safety, noise control, and solid waste management in New Jersey.

\* \* \*

April 8--LANDFILL CLOSURE AFFIRMED BY UTILITIES BOARD--The Supreme Court of New Jersey has denied a stay to the State Board of Public Utilities (PBU)'s decision affirming a DEP order closing the Henry Harris Landfill in Harrison Township, Gloucester County. The BPU action blocked the last road of appeal which kept the landfill open. "The Supreme Court had already upheld the DEP closure order," said Deputy Attorney General Kennis J. Krumholz, "but the utilities board still had the final say."

\* \* \*

April 9--APPROVAL GIVEN FOR BURNING OF WATER-BASED WASTES--DEP Commissioner English announced approval of the American Cyanamic Company's plans to burn water-based wastes using newly upgraded equipment at its Warners Plant in Linden (Union County). Federal law requires the firm to end ocean dumping of the wastes by April 31.

\* \* \*

April 9--REAGAN CUTS ON EMISSION CONTROLS SEEN AS UNHEALTHY TO NJ--DEP Commissioner English today charged the Reagan Administration with a full-fledged retreat in controlling air pollution from motor vehicles. English said, "Over the last decade, Congress, carrying out the will of the people, has enacted tougher clean air standards particularly in regard to the automobile. Yesterday, in one fell swoop, the Reagan Administration began the process to unravel 18 rules, which have served to not only clean up car and truck emissions but the assembly plants where they are manufactured as well.

\* \* \*

April 9--STUDY RELEASED ON STATE'S GROUNDWATER--DEP Commissioner English announced the completion of a study by the Department's Office of Cancer and Toxic Substances on toxics in New Jersey's ground water. The study, directed by Dr. Robert Tucker, summarized the data from a statewide groundwater testing project new in its fourth year. This particular report is an analysis of the first two years, and summarizes data from over 1100 samples taken from 670 wells.

\* \* \*

April 9--HAZARDOUS WASTE HAULER ACCEPTS LICENSE REVOCATION--DEP Commissioner English announced that Samson Tank Cleaning Corporation of Bayonne will not contest the Department's revocation of its license to collect and haul hazardous wastes. The firm, currently under criminal indictment in New Jersey and Massachusetts for hazardous waste violations, withdrew its request on Tuesday, April 8, for an administrative hearing by which it would have challenged the revocation, according to Deputy Attorney General Rebecca Fields.
