

Munich Airport NJ LLC - The Terminal Operator at Newark Liberty International Airport (EWR)

Munich Airport NJ LLC, a 100% subsidiary of Munich Airport US Holding LLC, is responsible for Maintenance and Concession Management Services at EWR Terminal A and will be responsible for Airport Operations, Maintenance and Concession Management Services at the new Terminal A at EWR which is currently under development and is scheduled to open in 2022. The new Terminal A will replace the current Terminal A.

The new Terminal A

The new Terminal A at EWR will be a modern, state-of-the-art terminal and will replace the existing Terminal A. The Terminal has a design capacity of approx. 14 million annual passengers and 33 common-use gates, providing generous space for a smooth journey through the building, from curbside to for check-in, security, gate holdrooms and baggage claim. The retail and food and beverage offer will be tailored to the needs and requirements of domestic passengers

Terminal A is the state's largest design-build project, expected to generate more than \$4.6 billion in regional economic activity, create more than 23,000 job years and provide more than \$1.9 billion in wages.

Our vision

Our vision for the new Terminal A at Newark Liberty International Airport is a seamless and reliable experience for the passenger, showcasing the best New Jersey has to offer.

We have been working on this together with the team of The Port Authority of New York and New Jersey (PANYNJ) as well as the design and construction team and are excited to be part of this important development.
