## State of New Jersey

DEPARTMENT OF LAW AND PUBLIC SAFETY  
OFFICE OF THE ATTORNEY GENERAL

CHRISTINE TODD WHITMAN  
Governor

CN 080  
TRENTON, NJ 08625-0080  
(609) 292-4925

PETER VERNIERO  
Attorney General

*The Honorable Christine Todd Whitman  
Governor of the State of New Jersey*

*Honorable Members of the Senate and  
Assembly of the State of New Jersey*

*Dear Governor and Members of the Legislature:*

*Pursuant to N.J.S.A. 52:17B-5.5, I am submitting the thirtieth annual report of crime in New Jersey. The annual report is based on crime statistics submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 1996.*

*Effective law enforcement requires accurate crime statistics in order to identify the extent, type, and location of criminal activity. Criminal Justice administrators and planners have long recognized the Uniform Crime Reporting Program as the vehicle to accomplish this objective.*

*The success of the Uniform Crime Reporting System during 1996 could not have been realized without the cooperation extended by each of the 556 law enforcement agencies of the state, the New Jersey Chiefs of Police Association, and the County Prosecutors Association.*

*It is in the interest of more effective law enforcement to over seven million residents of New Jersey that the thirtieth annual report is submitted.*

*Respectfully,*

A handwritten signature in cursive script that reads "Peter Verniero".

*Peter Verniero  
Attorney General of New Jersey*

**SECTION I**

**SYNOPSIS**

**UNIFORM CRIME  
REPORTING PROGRAM**

# THE NEW JERSEY UNIFORM CRIME REPORTING SYSTEM

## DEFINITION

The New Jersey Uniform Crime Reporting System is based upon the compilation, classification, and analysis of crime data reported by all New Jersey police agencies in accordance with the regulations prescribed by law.

## DEVELOPMENT

The New Jersey Uniform Crime Reporting Law (N.J.S.A. 52:17 B-5.1 et. seq.) was enacted on May 16, 1966, and became effective January 1, 1967. Responsibility for the establishment, direction, control, and supervision of the Uniform Crime Reporting System was assigned to the State's Attorney General. The Attorney General authorized the New Jersey State Police to collect and collate the crime data received from law enforcement agencies within the state.

At the request of the Attorney General, the New Jersey State Police researched crime systems in operation throughout the nation in order to establish a firm foundation from which to grow. The most logical approach was the paralleling of the federal crime reporting system. There was a distinct need for a compatibility feature that would enhance both the state and federal systems through the data entry at both levels.

This compatibility has, as its nucleus, the standard classification of offenses established by the Federal Bureau of Investigation. Regardless of the label placed on a particular offense in the various states' systems, *i.e.*, felony, misdemeanor, disorderly persons, if the incident meets the federal standard it will be reported as an offense.

The terms "crime" and "offense" are used interchangeably in this publication, and refer to an act committed in violation of a law which is reportable under the guidelines of the Uniform Crime Reporting Program.

The New Jersey State Chiefs of Police Association has served the program in an advisory capacity since 1966. The contributions of this association have proved valuable to the success of the program. This association works in close harmony with the State Police as a means of improving the quality of reporting through recommended program standards, policies and procedures.

## COLLECTION OF CRIME DATA

As required by statute, all law enforcement agencies in the state submit monthly and annual summary crime reports to the program. During the year 1996, offense and arrest data were received from 480 full-time municipal police departments, four (4) part-time municipal police departments, and the New Jersey State Police (acting as the reporting agent for the 73 municipalities without local police services.) In addition to the 480 full-time municipal police departments there are ten (10) police departments contracted by other municipalities.

In addition to the above agencies, arrest data was received from the state's twenty-one (21) prosecutors, sheriffs' departments, four (4) county police departments, and three (3) county park police departments. In order to incorporate all New Jersey law enforcement agencies under the system, the nine (9) other state agencies with law enforcement responsibilities, as well as thirteen (13) college campus police departments were incorporated within the program. Collectively, a total of 556 law enforcement agencies submit the reports to the New Jersey State Police.

## METHOD

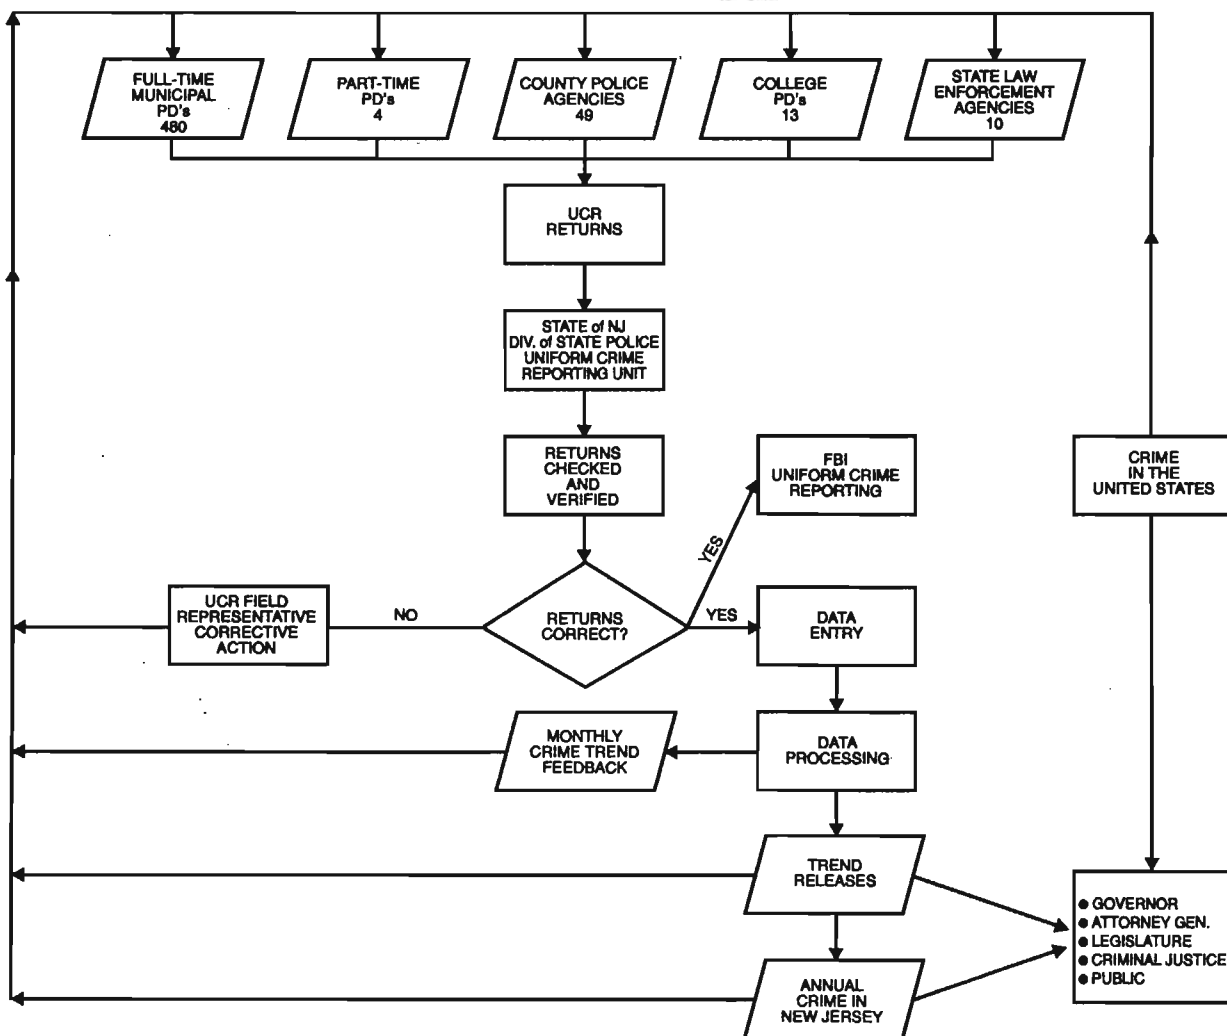

A State of New Jersey Uniform Crime Reporting Guide has been distributed to all contributors. It outlines reporting procedures in detail, and is complete to the extent of providing examples and illustrations. Field representatives provide additional instruction and clarification when required.

All reported offenses are related to the municipality in which they occur rather than to the agency which may conduct the investigation. The clearance is credited to the municipality in which the offense occurred. Each contributing agency is responsible for compiling its own reports. Law enforcement agencies report the number of known offenses according to the following categories: Homicide (Murder and Manslaughter), Rape, Robbery, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson. The "Crime in New Jersey," and the Federal Bureau of Investigation's "Crime in the United States" publications exclude manslaughters, simple assaults, and arsons from the "Index" offenses. These are further referred to as "violent" and "nonviolent" crimes as graphically illustrated in

Section VII under "Municipal and County Offenses and Demographic Data," and Section II, "State Summary and Offense Analysis."

All reported offenses are compiled from a record of all criminal complaints received by police from victims or other sources, or discovered by the police during routine operations. Complaints determined to be unfounded are eliminated from this count. Analytical data pertaining to specific crime categories are also reported, *i.e.* total adult and juvenile arrests made during the month. Police killed or assaulted and arson data are also collected monthly. Police personnel information is submitted on an annual basis.

## FLOW CHART OF UCR REPORTS

## **VERIFICATION PROCESSES**

The uniformity and accuracy of data gathered from contributors must be safeguarded through various way. Although guidelines and instructions are provided to each contributor, they are not the panaceas for the accuracy being sought.

The reports received by the Uniform Crime Reporting Unit are recorded and examined for mathematical accuracy and reasonableness of the interpretation of the offense classifications. Improper classifications, changes in reporting procedures, or actual change are identified in this manner. Errors of a minor nature are corrected by direct telephone contact with the contributors, while all other errors are resolved through a personal visit by a field representative to the reporting agency.

Further verification is accomplished through the analysis of statistical data accrued from the reports submitted. Fluctuations in crime rates noted from previous submissions are verified by the field representatives through their municipal counterpart.

## **FUNCTION**

Police executives make use of this data in administrative, planning, and operational determinations for their respective jurisdictions. The State Police Uniform Crime Reporting Unit provides assistance to municipal police agencies through the individual analysis of statistics as they relate to specific crime problems within their jurisdiction. Police executives also use this data for identifying man-power and equipment needs. The Uniform Crime Reporting Program requirements not only have increased police efficiency in reporting and record keeping areas, but have helped police in their day to day operations.

Although the data collected on the offenses of manslaughter and simple assault are not presented in the annual report, they are required for the federal system. However, this data is processed and available for special research purposes.

# PROFILE OF NEW JERSEY

New Jersey is situated between the major industrial markets of New York and Philadelphia and can be classified as the "Crossroads of the East." The geographic location of the state has been a major factor in its growth and development. The many miles of super-expressway facilities within the state have been a major factor in its growth and development. The many miles of super-expressway facilities within the state connect New Jersey directly with the neighboring states of New York, Pennsylvania, and Delaware. Additionally, New Jersey as a corridor state, accommodates large volumes of traffic from both the eastern and western part of the United States.

The state is geographically composed of 21 counties which contain 567 incorporated municipalities. Nationally, New Jersey, although 46th in size, ranks ninth in population and first as the most densely populated state in the country. In addition to this density of 1,054.5 persons per square mile, New Jersey still has many miles of rural areas and sparsely settled communities. The areas of density show a heavy concentration around the major urban centers and those areas most accessible for commuting.

Area in Square Miles	1990 Census Population	1994 Estimated Population	1994/1990 Percent Change	1990 Density per Square Mile	1994 Density per Square Mile
7,495.73	7,730,188	7,903,994	2.2	1,031.3	1,054.5

## STATE, COUNTY AND MUNICIPAL PROFILES

The presentation of state, county and municipal profiles in this section is offered for the purpose of projecting, for the consideration of the reader, a group of recognizable factors which may affect the amount and type of crime that occurs from community to community. Selection of the areas of information to be related to individual municipalities was based on the immediacy and completeness of data available.

Population statistics presented here, and throughout this publication, were obtained from the Department of Labor, Division of Labor Market and Demographic Research. The 1994 estimated population count was used in this publication.

Character of municipalities by urban, suburban and rural classifications, and square miles, were initially compiled by the Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes. Following is a list of categories used and a description of each category.

- URBAN CENTER      Densely populated with extensive development.
- URBAN SUBURBAN      Near an urban center but not as extremely developed and more residential areas.
- SUBURBAN      Predominantly single family residential, within a short distance of an urban area.
- RURAL      Scattered small communities and isolated single family dwellings.
- RURAL CENTER      High density core area with surrounding rural municipalities.

Certain other socioeconomic factors present in varying degrees in all communities may have an influence on resulting crime rates. Obvious difficulties in the identification, documentation and measurement of these factors, however, precluded their application in this report.

Those factors presented were listed to affirm their existence within the county and community and to provide a base for consideration in the evaluation of that community's crime experience.

## CRIME FACTORS

In order to provide a meaningful statistical profile of crime within the State of New Jersey, each law enforcement agency must provide the Uniform Crime Reporting Unit with data that depicts specific crimes that are occurring within their jurisdiction. There is a need for compatibility with the National Uniform Crime Reporting System and, therefore, categories of offense classifications used within the state are identical with those of the National System. This results in equitable conclusions being drawn from the data submitted.

Reported Part 1 offenses and arrests are recorded in the municipality where they occurred, regardless of the outside investigative agency which may investigate, arrest, or otherwise dispose of the case.

The factors which influence crime rates are dependent upon characteristics of the community. When attempting to interpret the crime statistics presented herein, one should be aware of the social structure and factors that lead to or cause criminal behavior.

Crime rates in this publication are based on the stable population of the municipality. Fluctuating seasonal population figures are too inaccurate to be used as a measurement for determining crime rates. Municipalities with high seasonal populations may indicate a higher crime per one thousand than may be normal for a municipality their size. This would also be indicated in municipalities that experience high population increases due to special events or commuters.

Set forth below are some factors which, by type and volume, will affect the crime rate that occurs from place to place:

- Density and size of the community population and the metropolitan areas of which it is a part.
- Composition of the population with reference particularly to age, sex and race.
- Economic status, including job availability, and mores of the population.
- Relative stability of population, including commuter, seasonal, and other transient types.
- Climate, including seasonal weather conditions.
- Cultural conditions, such as educational, recreational, and religious characteristics.
- Effective strength of law enforcement agencies.
- Administrative and investigative emphases of law enforcement.
- Policies of other components of the criminal justice system (*i.e.*, prosecutorial, judicial, correctional, and probational.)
- Crime reporting practices of the general citizenry.
- Attitudes of the public toward crime reporting.
- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.
- Cooperation of adjoining and overlapping police agencies.

# THE POLICE POINT OF VIEW

The New Jersey State Police Uniform Crime Reporting Unit surveyed various police agencies of the state, attempting to ascertain their opinion concerning factors contributing to the increase or decrease of specific crimes in their municipality. One of the goals of the Uniform Crime Reporting Unit is to assist police in reducing crime by first identifying its extent, type and location. The following viewpoints are offered with the expectation of reaching this goal.

## ROBBERY

### Decreases:

- More stringent sentencing requirements under the State Criminal Code.
- Advanced technology in communications has led to increased exchanges of information between police departments.
- Highly visible foot patrols being deployed in commercial areas and densely populated residential areas.
- Use of Anti-crime Unit in high robbery areas.

### Increases:

- Resort areas have shown an increasing seasonal population.
- Our highly mobile society provides easy access to areas which were previously difficult to reach.

## BURGLARY

### Decreases:

- Better deployment of police personnel, such as highly visible foot patrols in high density crime areas, and increased patrols during probable time and at probable locations of burglaries.
- More stringent sentencing requirements under the State's Criminal Code have been a deterrent.
- Crime Prevention Programs are being stressed in many communities and citizens have been taking a more active part by reporting suspicious persons or circumstances.

### Increases:

- Extreme increases in population in certain areas have led to new housing in suburban and rural areas.
- Husband and wife are both working; leaving homes frequently unoccupied for long periods of time.

## LARCENY

### Decreases:

- Public awareness programs contribute to the decrease in thefts from parked vehicles.
- Improved or additional lighting deters criminal acts from occurring in parking areas.
- "Safe Streets" Programs and Anti-crime Units have been established in many communities.

**Increases:**

- Shoplifting is a theft that police have little or no control over. Store security forces are under the control of the store administration, and their policies vary from strict enforcement, arrest and prosecution, to only a warning. Policy change has been directed toward prosecuting the offenders rather than warning them, causing to some extent an increase in the number of shoplifting offenses reported to the police.
- Certain types of property such as tape decks, radar detectors and radios are popular and present resale opportunities.
- Youth gang activity on the increase resulting in thefts from motor vehicles.

**MOTOR VEHICLE THEFT**

**Decreases:**

- Stronger sentencing of career criminals has been effective.
- Modern ignition systems and anti-theft devices act as a deterrent.
- Better lighting in parking lots has helped decrease motor vehicle thefts.

**Increases:**

- The tremendous replacement cost of auto parts has contributed significantly to the increase in motor vehicle thefts for the purpose of auto parts resale.

## **SECTION II**

# **STATE SUMMARY AND OFFENSE ANALYSIS**

- **Murder**
- **Rape**
- **Robbery**
- **Aggravated Assault**
- **Burglary**
- **Larceny-Theft**
- **Motor Vehicle Theft**
- **Arson**

# 24 Hour Crime Cycle in New Jersey — 1996

# NEW JERSEY CRIME CLOCK — 1996

## CRIME INDEX OFFENSE 1 every minute and 31 seconds

**VIOLENT CRIME**  
1 every 12 minutes  
and 25 seconds

**NON-VIOLENT CRIME**  
1 every minute  
and 44 seconds

**MURDER**  
1 every 26 hours  
and 4 minutes

**RAPE**  
1 every 4 hours  
and 27 minutes

**BURGLARY**  
1 every 8 minutes  
and 21 seconds

**LARCENY-THEFT**  
1 every 2 minutes  
and 43 seconds

**ROBBERY**  
1 every 27 minutes  
and 57 seconds

**AGGRAVATED ASSAULT**  
1 every 24 minutes  
and 48 seconds

**MOTOR VEHICLE THEFT**  
1 every 11 minutes  
and 21 seconds

The Crime Clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the index offenses. This mode of display should not be taken to imply a regularity in the commission of these offenses; rather, it represents the annual ratio of crime to fixed time intervals.

## CRIME INDEX FOR THE STATE - 1996

## STATEWIDE CRIME SUMMARY - 1996

### CRIME INDEX – VOLUME/RATE

- There were 346,094 Index offenses in 1996, a 7 percent decrease compared to 1995.
- The crime rate of the state is 43.8 victims for every 1,000 permanent inhabitants, a decrease of 7 percent compared to 1995.

### ADDITIONAL ANALYSIS

- July with 33,304 offenses reported, recorded the highest incidence of Crime Index offenses while February was the lowest with 24,449 offenses.
- The total value of property stolen amounted to \$572.7 million in 1996, a 3 percent increase from 1995.
- Value of property recovered was \$250.7 million, resulting in a recovery rate of 44 percent.
- Stolen motor vehicles accounted for 62 percent of stolen property and 91 percent of the recovered property value.

### CRIME INDEX ARRESTS/CLEARANCES

- A total of 73,657 persons were arrested for Index offenses, which represents a 5 percent decrease compared to 1995.
- Adult Index arrests decreased 5 percent and juvenile arrests decreased 4 percent.
- Crime Index arrests accounted for 17 percent of the total arrests in 1996.
- Males accounted for 76 percent of the Crime Index arrests and females accounted for 24 percent.
- Fifty-three percent of the Index arrests were white, 45 percent were black and 2 percent were other races.
- Hispanics accounted for 15 percent of the arrests for Index offenses.
- Police cleared 20 percent of the Index offenses and juveniles accounted for 25 percent of these clearances.

## VIOLENT CRIME SUMMARY

This category consists of the following Index offenses: Murder, Rape, Robbery, Aggravated Assault.

### VOLUME/RATE/TREND

- There were 42,420 violent crimes reported in 1996, an 11 percent decrease compared to the violent crimes reported in 1995.
- Violent crimes accounted for 12 percent of the total Crime Index.
- The violent crime rate decreased 10 percent to 5.4 victims for every 1,000 permanent inhabitants.

### ADDITIONAL ANALYSIS

- The highest number of violent crimes were reported in August with 3,869 offenses while the lowest number was reported in February with 3,165 offenses.
- The value of property stolen as a result of violent crime was \$13.1 million.

### **ARRESTS/CLEARANCES**

- Arrests for violent crime offenses decreased 4 percent to 20,484.
- Violent crime arrests accounted for 28 percent of the Index arrests and 5 percent of the total arrests during the year.
- Adult arrests for violent crime decreased 4 percent and juvenile arrests showed a 5 percent decrease.
- Adults accounted for 74 percent of the violent crime arrests while the remaining 26 percent were juveniles.
- Males were responsible for 84 percent and females for 16 percent of the violent crime arrests.
- Forty-four percent of those arrested were white, 55 percent were black and 1 percent were other races.
- Hispanics accounted for 16 percent of the arrests.
- Forty-six percent of all violent crimes were cleared and juveniles accounted for 21 percent of these clearances.

## **NONVIOLENT CRIME SUMMARY**

This category consists of the following Index offenses: Burglary, Larceny-Theft, Motor Vehicle Theft.

### **VOLUME/RATE/TREND**

- There were 303,674 nonviolent crimes reported in 1996, a 7 percent decrease compared to the 326,129 reported in 1995.
- Nonviolent crime accounted for 88 percent of the total Crime Index.
- The nonviolent crime rate decreased 7 percent to 38.4 victims per 1,000 inhabitants in 1996.

### **ADDITIONAL ANALYSIS**

- The largest number of nonviolent crimes were reported in July with 29,550 while the lowest number was reported in February with 21,284.
- The total value of property stolen as a result of nonviolent crime amounted to \$560 million.

### **ARRESTS/CLEARANCES**

- There were 53,173 nonviolent crime arrests, this represents a decrease of 5 percent when compared to 1995.
- Nonviolent crime arrests accounted for 72 percent of the Index arrests and 12 percent of the total arrests during 1996.
- Juveniles were responsible for 33 percent of the nonviolent crime arrests and adults 67 percent.
- Adult nonviolent crime arrests decreased 6 percent while juvenile arrests decreased 4 percent.
- Males represented 73 percent and females 27 percent of persons arrested for the nonviolent crime.
- Fifty-seven percent of all persons arrested for nonviolent crimes were white, 42 percent were black and 2 percent were other races.
- Hispanics accounted for 15 percent of the arrests.
- Seventeen percent of all nonviolent crimes reported were cleared in 1996 and juveniles accounted for 26 percent of these clearances.

## TOTAL ARREST SUMMARY

- There were 431,710 persons arrested in 1996, which represents a 2 percent decrease compared to 1995.
- The arrest rate for 1996 decreased 2 percent to 54.6 persons arrested per every 1,000 inhabitants.
- Adult arrests decreased 1 percent to 343,804 and juvenile arrests decreased 4 percent to 87,906 in 1996.
- Adults accounted for 80 percent and juveniles 20 percent of the total state arrests.
- Persons under 21 years of age accounted for 34 percent of all arrests.
- Males accounted for 81 percent and females 19 percent of the total persons arrested during the year.
- Fifty-nine percent of the total persons arrested in 1996 were white, 40 percent were black and 1 percent were other races.
- Hispanics accounted for 14 percent of the arrests.

## **POLICE OFFICERS KILLED AND ASSAULTED SUMMARY**

- There were no police officers feloniously killed in the line of duty during 1996.
- New Jersey reported 4,090 police officers assaulted in the line of duty in 1996.

## **CRIME IN NEW JERSEY, UNITED STATES AND THE NORTHEAST REGION**

- The Crime Index in New Jersey decreased 7 percent, while the United States decreased 3 percent and the Northeast Region decreased 7 percent.
- Violent crime in New Jersey decreased 11 percent, the United States decreased 7 percent and the Northeast Region decreased 9 percent.
- Nonviolent crime in New Jersey decreased 7 percent, while the Northeast Region decreased 7 percent and the United States decreased 3 percent.

# MURDER

## DEFINITION

Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This Index offense is counted by police on the basis of their investigation without regard to findings of a court, jury or the decision of a prosecutor. Attempts to kill, are scored as aggravated assaults and not as murder. Suicides, accidental deaths, negligent manslaughters, and justifiable homicides are not counted, nor reflected in the murder classification.

## VOLUME/RATE/TREND

- There were 337 murders reported to law enforcement agencies of the state in 1996, a 17 percent decrease compared to the 408 murders reported in 1995.
- Murders accounted for one-tenth of one percent of the reported Index offenses, and 1 percent of the violent crime.

## ADDITIONAL ANALYSIS

- The age group of 20-24 accounted for 18 percent of all murder victims.
- Firearms were used in 51 percent of the murders, knives or cutting instruments in 19 percent, blunt objects in 6 percent and physical force in 14 percent.
- Thirty-six percent of the offenders were friends or acquaintances of the victim, while 11 percent were relatives, and 17 percent were strangers.
- Felony murders accounted for 17 percent of all murder circumstances. Robbery was the motive in 91 percent of the 57 felony murders.
- Fifty-three murders were recorded on Sunday and Wednesday for the high, while Thursday was the lowest, with 41.
- March recorded the highest number of murders, with 34, while February recorded the lowest with 16.
- Forty-six percent of the murders occurred on highways or streets, 23 percent in multi-family or apartment dwellings, and 15 percent in single family dwellings.
- The total value of property stolen because of murder amounted to \$45,184.
- Drug related arguments accounted for 9 percent (30) of all murder circumstances.

## ARRESTS/CLEARANCES

- A total of 363 persons were arrested for murder in 1996, a 6 percent decrease compared to 1995.
- Adult murder arrests decreased 4 percent (from 325 to 311) and juvenile arrests decreased 16 percent (from 62 to 52).
- Sixty-seven percent of persons arrested for murder were black, 33 percent were white and 1 percent were other races.
- Hispanics accounted for 19 percent of the arrests.
- Eighty-three percent of the murders were cleared in 1996 (280 out of 337). Juveniles accounted for 8 percent of those cases cleared.
- Males accounted for 94 percent and females 6 percent of those arrested for murder.

# MURDERS BY COUNTY - 1996

# RAPE

## Definition

Rape is defined as the carnal knowledge of a female forcibly and against her will. All assaults and attempts to rape are counted, but carnal abuse, rape without force (statutory rape) and other sex offenses are not included.

## VOLUME/RATE/TREND

- There were 1,972 reported rapes in 1996, an increase of 2 percent compared to the 1,924 in 1995.
- Rape accounted for six-tenths of one percent of the total Crime Index and 5 percent of all violent crimes.

## ADDITIONAL ANALYSIS

- Eighty-five percent of the rapes were forcible, the remaining 15 percent were attempts to rape.
- The total value of property stolen as a result of rape amounted to \$25,631.

## ARRESTS/CLEARANCES

- A total of 948 persons were arrested during 1996, a 7 percent decrease compared to 1995.
- Adult rape arrests decreased 5 percent, while juvenile arrests decreased 16 percent.
- Fifty-two percent of the arrested perpetrators were white, 47 percent were black and 1 percent were other races.
- Hispanics accounted for 18 percent of the arrests.
- Thirty-nine percent of all persons arrested for rape were between 25 and 39.
- Fifty-three percent of all rape cases were solved during 1996. Juveniles accounted for 15 percent of those cases cleared.

### Rape Scenario

# ROBBERY

## Definition

Robbery is defined as the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. The element of personal confrontation is always present in this crime. Under the program, all assaults or attempts to rob are included.

## VOLUME/RATE/TREND

- There were 18,859 robbery offenses in 1996, a 16 percent decrease compared to 1995.
- Robbery accounted for 5 percent of the total Crime Index and 44 percent of all violent crime.
- The robbery rate was 2.4 victims per 1,000 population.

## ADDITIONAL ANALYSIS

- Highway robberies accounted for 69 percent of all reported robberies.
- Residential robberies decreased 11 percent and gas, service station robberies decreased 10 percent.
- Total value of property stolen during robberies amounted to \$12,996,042.

## ARRESTS/CLEARANCES

- A total of 5,697 persons were arrested for robbery in 1996, a 7 percent increase compared to 1995.
- There was an 8 percent decrease in adult robbery arrests, and juvenile arrests decreased 7 percent in 1996.
- Males accounted for 89 percent and females 11 percent of the robbery arrests during 1996.
- Sixty-five percent of all persons arrested for robbery were black, 35 percent were white and 1 percent were other races.
- Hispanics accounted for 17 percent of the robbery arrests.
- Twenty-six percent of the robbery cases were cleared and juveniles accounted for 28 percent of these clearances.

# CARJACKING

- Carjacking is a form of robbery; therefore, further analysis is provided in this section for 1996.
- There were 642 carjacking offenses reported to the police; 31 were determined to be unfounded, leaving a total of 611 carjackings, involving 665 victims, including passengers.
- Carjackings decreased 22% when comparing 1996 to 1995.
- Ninety-five of the 567 municipalities in New Jersey reported carjackings.
- Firearms were involved in 51% (314) of all carjackings. One percent (2) of the firearms used were assault firearms. Shootings were involved in 2 percent (11) of all carjackings.
- New Jersey registered vehicles represented 93% (570) of all carjackings. Ford, with 12% (74), was the most frequently carjacked vehicle make, while 1987, with 9% (55), was the most frequently targeted vehicle year.
- Seventy-one percent (433) of all carjacked vehicles were recovered. The average value of a carjacked motor vehicle was \$8,845.00.
- Carjackings occurred in a residential area 58% (355) of the time. The hours of darkness (6:00 p.m. to 6:00 a.m.) accounted for 64% (390) of all carjackings.
- Seventeen percent (106) of all carjackings were witnessed.
- The most frequent victim age groups were 20-24 and 25-29, which accounted for 36% (242) of the victim total (665). Seventy-one percent (474) of all victims were male. Fifty-two percent (345) of all victims were white.
- The total number of offenders was 1,096. Insufficient analysis information was supplied on 21% (228) of the offenders. Of all known offenders (868), 20-24 was the most frequent offender age group and accounted for 42% (367). Ninety-five percent (826) of all known offenders were male. Eighty percent (693) of all known offenders were black.
- Juveniles accounted for 22% (38) of the total arrests for carjacking (173), while adults accounted for 78% (135).
- The months of January and October shared the highest number of offenses with (62). Combined they accounted for 20% of all reported carjacking offenses.
- Sunday recorded the highest number of offenses, accounting for 17% (102) of all reported carjackings.
- Region I, which consists of Essex, Hudson, and Union counties, accounted for 70% (430) of all reported carjackings.
- One murder was reported in 1996 as the result of carjacking.

# AGGRAVATED ASSAULT

## Definition

Aggravated assault, as defined under the New Jersey Uniform Crime Reporting system, is an attempt or offer, with unlawful force or violence, to do serious physical injury to another. Attempts are included since it is not necessary that an injury result when a firearm, knife, or other weapon is used which could result in serious personal injury if the crime was successfully completed.

## VOLUME/RATE/TREND

- There were 21,252 reported aggravated assaults in 1996, a decrease of 7 percent when compared to 1995.
- Aggravated assault accounted for 6 percent of the total Crime Index and 50 percent of all violent crimes.
- The rate for aggravated assault decreased to 2.7 victims per 1,000 population.

## ADDITIONAL ANALYSIS

- Physical force (i.e. hands, fists, and feet) was used in 32 percent, and other dangerous weapons (i.e. clubs, bricks, tire irons, etc.) were used in 31 percent of all reported aggravated assaults.
- Firearms were used in 15 percent of all aggravated assaults committed.

## ARRESTS/CLEARANCES

- There were 13,476 persons arrested for aggravated assault in 1996, a 3 percent decrease compared to 1995.
- Adult arrests decreased 3 percent, while juvenile arrests decreased 2 percent.
- Males accounted for 80 percent, and females 20 percent of the aggravated assault arrests.
- Forty-seven percent of the persons arrested for aggravated assault were white, 51 percent were black and 1 percent were other races.
- Hispanics accounted for 16 percent of the arrests.
- Sixty-one percent of all aggravated assault cases were cleared, juveniles accounted for 19 percent of those clearances.

# BURGLARY

## Definition

Under this program, burglary is defined as an unlawful entry or attempted entry of any structure to commit a felony or larceny. Data collection for this offense is further categorized as forcible entry, unlawful entry (where no force is used) and attempted forcible entry.

## VOLUME/RATE/TREND

- There were 63,163 reported burglary offenses in 1996, a decrease of 9 percent.
- Burglary accounted for 18 percent of the total Crime Index and 21 percent of all nonviolent crimes.
- The burglary rate per 1,000 population decreased 9 percent to 8.0 in 1996.

## ADDITIONAL ANALYSIS

- During 1996, forcible entry accounted for 69 percent of all burglaries, 20 percent were unlawful entries where no force was used and the remaining 11 percent were attempts to enter forcibly.
- Residences were targets in 67 percent of the reported burglaries.
- Fifty-three percent of the nonresidential burglaries occurred between the hours of 6:00 p.m. and 6:00 a.m.
- Stolen property as a result of burglary statewide, amounted to \$79.8 million, for an average loss of \$1,263.
- The average loss as a result of a residential burglary was \$1,118, while nonresidential burglary loss was \$1,563.

## ARRESTS/CLEARANCES

- Burglary arrests decreased 2 percent with 9,712 persons arrested.
- Adult arrests decreased 4 percent while juvenile arrests increased 2 percent.
- Males accounted for 92 percent, and females 8 percent of the burglary arrests.
- Juveniles accounted for 36 percent of all burglary arrests.
- Sixty-two percent of burglary arrests were white, 37 percent were black and 1 percent were other races.
- Hispanics accounted for 17 percent of the arrests.
- Thirteen percent of the burglaries statewide were cleared and juveniles accounted for 25 percent of these clearances.

# LARCENY-THEFT

## Definition

The definition of larceny-theft, as provided under this program, is the taking of the property of another with intent to deprive him of ownership. All larcenies and thefts resulting from pocketpicking, purse-snatching, shoplifting, larcenies from motor vehicles, thefts of motor vehicle parts and accessories, bicycle thefts, etc., are included here. Embezzlement, unlawful conversions, larceny by bailee, frauds or bad checks are not included.

## VOLUME/RATE/TREND

- There were 194,074 larcenies reported in 1996, a decrease of 6 percent compared to the 206,421 in 1995.
- Larceny accounted for 56 percent of the total Crime Index and 64 percent of all nonviolent crimes.
- The rate for larceny per 1,000 population decreased to 24.6 in 1996.

## ADDITIONAL ANALYSIS

- Thefts of motor vehicle parts and accessories and thefts from motor vehicles, collectively accounted for 32 percent of all larceny-thefts reported.
- Pocket-picking increased 12 percent in 1996 compared to 1995.

## ARRESTS/CLEARANCES

- Larceny-theft arrests decreased 5 percent in 1996, with 41,211 persons arrested.
- Juvenile arrests decreased 4 percent and adult arrests decreased 6 percent in 1996.
- Males accounted for 67 percent, and females 33 percent of the larceny arrests.
- Fifty-six percent of all persons arrested for larceny were white, 42 percent were black and 2 percent were other races.
- Hispanics accounted for 14 percent of the arrests.
- Twenty percent of the larcenies were cleared with juveniles accounting for 25 percent of these clearances.

# MOTOR VEHICLE THEFT

## Definition

In Uniform Crime Reporting, motor vehicle theft includes all thefts and attempted thefts of a motor vehicle. This includes the theft or attempted theft of a motor vehicle which is defined as a self-propelled vehicle that runs on the surface and not on the rails. This definition excludes taking a motor vehicle for temporary use, such as family situation, or unauthorized use by other having lawful access to the vehicle. The motor vehicle theft category includes the subheadings of autos, trucks and buses, and other vehicles (motorcycles, mopeds, etc.)

## VOLUME/RATE/TREND

- There were 46,437 motor vehicle thefts reported in 1996, a decrease of 7 percent compared to the 50,161 in 1995.
- Motor vehicle theft accounted for 13 percent of the total Crime Index and 15 percent of all nonviolent crimes.
- The motor vehicle theft rate of 5.9 victims per 1,000 population represents a decrease compared to 6.3 in 1996.

## DISTRIBUTION BY TYPE

Type	Number	Percent Distribution
Auto	41,911	90
Trucks and Buses	2,743	6
Other Vehicles	1,783	4

## ADDITIONAL ANALYSIS

- Motor vehicles represented 62 percent of the total value of property stolen during 1996.
- Total value of stolen motor vehicles amounted to \$356.6 million during the year.
- The average value of a stolen motor vehicle was \$7,680.
- Vehicles valued at \$227.4 million represent 91 percent of the total value of recovered property during 1996.

## ARRESTS/CLEARANCES

- A total of 2,250 persons were arrested for motor vehicle theft, this represents a 14 percent decrease compared to 1995.
- Juvenile arrests decreased 19 percent and adult arrests decreased 8 percent.
- Males accounted for 91 percent, and females 9 percent of the motor vehicle theft arrests.
- Forty-seven percent of all persons arrested for motor vehicle theft were white, 52 percent were black and one percent were other races.
- Hispanics accounted for 16 percent of the arrests.
- Six percent of motor vehicle thefts were cleared in 1996, juveniles accounted for 37 percent of these clearances.

# ARSON

## Definition

Arson is defined by the New Jersey Uniform Crime Reporting program as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.

Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded.

## VOLUME/RATE/TREND

- There were 2,425 reportable arsons in 1996, which represents a decrease of 4 percent compared to 2,516 in 1995.
- The arson rate remained at 0.3 victims per 1,000 population.

## ADDITIONAL ANALYSIS

- Fifty-two percent of the arsons were structures, with residences accounting for 32 percent of the structural fires.
- Mobile property, including motor vehicles, accounted for 33 percent of the arsons in the state.
- Other property (timber, crops, etc.) accounted for 15 percent of the reported arsons.
- The total value of property damage due to arson amounted to \$30.2 million for an average dollar value loss of \$12,441.
- The average residential loss was \$20,781 while the average loss to industrial/commercial structures was \$34,197.
- The average motor vehicle loss was \$6,316.

## ARRESTS/CLEARANCES

- Arson arrests numbered 570 in 1996, representing a 4 percent decrease.
- Adult arrests decreased 5 percent while juvenile arrests increased 10 percent.
- Males accounted for 86 percent, and females 14 percent of the arson arrests.
- Juveniles accounted for 53 percent of the arson arrests.
- Sixty-six percent of the persons arrested for arson were white, 32 percent were black and 2 percent were other races.
- Hispanics accounted for 12 percent of the arrests.
- The arson clearance rate was 21 percent, and juveniles accounted for 44 percent of these clearances.

# ARREST SUMMARY FOR NON-INDEX OFFENSES

## MANSLAUGHTER

### Definition

The unlawful killing of a human being, by another, through gross negligence. Arrests relating to traffic fatalities are included.

- There were 37 arrests reported by law enforcement agencies for manslaughter during the year. This represents a 61 percent decrease compared to 1995.
- Adults accounted for 76 percent and juveniles accounted for 24 percent of the arrests.
- Males accounted for 95 percent of the arrests and females 5 percent.
- Fifty-four percent of the persons arrested were white and 46 percent were black.
- The hispanic ethnic origin accounted for 11 percent of the arrests and 89 percent were non-hispanic.

## SIMPLE ASSAULT

### Definition

Simple assault, as defined under the New Jersey Uniform Crime Reporting System, is an assault or an attempted assault where no weapon is used and which does not result in serious or aggravated injury to the victim.

- There were 39,840 simple assault arrests in 1996, representing a 4 percent decrease when compared to 1995.
- Of the total, 21 percent were juveniles and 79 percent were adults.
- Males accounted for 77 percent and females 23 percent of the persons arrested for simple assault.
- Sixty-one percent of the persons arrested were white, 38 percent were black, and 1 percent were other races.
- Fourteen percent of the persons arrested were hispanic and 86 percent were not of hispanic origin.

## ARSON

### Definition

Under this program, arson is defined as the willful or malicious burning, or attempting to burn, with or without intent to defraud; a dwelling, house, building, ship or vessel, motor vehicle or aircraft, contents of building, personal property of another, etc.

- There were 570 arrests reported for arson offenses, a 4 percent decrease compared to 1995.
- Juveniles accounted for 53 percent and adults 47 percent of persons arrested for arson.
- Eighty-six percent of the total arson arrests were males while 14 percent were females.
- Sixty-six percent of the persons arrested were white, 32 percent were black, and 2 percent were other races.
- Hispanics accounted for 12 percent of those arrested and non-hispanics accounted for 88 percent.

## FORGERY AND COUNTERFEITING

### Definition

The definition of forgery and counterfeiting is the making, altering, uttering or possessing or attempting to make, alter, utter or possess, with intent to defraud, anything false which is made to appear true.

- There were 1,498 arrests reported during the year for forgery or counterfeiting, a 6 percent decrease compared to 1995.
- Adults accounted for 95 percent and juveniles accounted for 5 percent of the arrests.
- Males accounted for 70 percent of the arrests and females 30 percent.
- Sixty-three percent of the persons arrested were white, 36 percent were black, and 2 percent were other races.
- Hispanics accounted for 18 percent of the arrests and 82 percent were non-hispanic.

## FRAUD

### Definition

In Uniform Crime Reporting, fraud is the fraudulent conversion and obtaining money or property by false pretenses. This includes bad checks, confidence games, etc., except forgeries and counterfeiting.

- There were 6,315 arrests reported during the year for fraud, a 1 percent increase compared to 1995.
- Adult arrests represented 97 percent and juveniles 3 percent of the persons arrested.
- Males accounted for 59 percent and females 41 percent of the persons arrested for fraud.
- Sixty-two percent of the persons arrested were white, 35 percent were black, and 3 percent were other races.
- Nine percent of the persons arrested were hispanic and 91 percent were not of hispanic origin.

## EMBEZZLEMENT

### Definition

The definition of embezzlement is the misappropriation or misapplication of money or property entrusted to one's care, custody or control.

- There were 82 persons arrested for embezzlement, a 28 percent increase compared to 1995.
- Ninety-three percent of those persons arrested were adults and 7 percent were juveniles.
- Males accounted for 65 percent and females 35 percent of the persons arrested for embezzlement.
- Fifty-seven percent of the persons arrested were white and 43 percent were black.
- Hispanics accounted for 15 percent of those arrested and non-hispanics accounted for 85 percent.

## **STOLEN PROPERTY (Buying, Receiving, Possessing)**

### **Definition**

Included in this class are all offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.

- In 1996, there were 10,011 arrests reported for stolen property, a decrease of 3 percent compared to 1995.
- Of the total, 68 percent were adults and 32 percent were juveniles.
- Eighty-six percent were males and 14 percent were females.
- Forty-three percent of the persons arrested were white, 56 percent were black, and 1 percent were other races.
- Hispanics accounted for 18 percent of the arrests and 82 percent were non-hispanic.

## **CRIMINAL/MALICIOUS MISCHIEF**

### **Definition**

Criminal/Malicious mischief is defined as the willful destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.

- There were 10,762 arrests for criminal/malicious mischief, a decrease of 13 percent compared to 1995.
- Juveniles accounted for 55 percent and adults 45 percent of persons arrested for criminal/malicious mischief.
- Males accounted for 88 percent and females 12 percent of the arrests.
- Seventy-two percent of the persons arrested were white, 27 percent were black, and 1 percent were other races.
- Eleven percent of the persons arrested were hispanic and non-hispanics accounted for 89 percent.

## **WEAPONS: CARRYING, POSSESSING, etc.**

### **Definition**

Under this program, this offense includes all the violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers, and attempts.

- There were 6,173 arrests reported for weapon offenses, a 9 percent decrease compared to 1995.
- Of the total, 69 percent were adults and 31 percent were juveniles.
- Males accounted for 90 percent and females 10 percent of those arrested.
- Fifty percent of the persons arrested were white, 49 percent were black, and 1 percent were other races.
- Hispanics accounted for 15 percent of those arrested and 85 percent were non-hispanic.

## PROSTITUTION AND COMMERCIALIZED VICE

### Definition

Prostitution and commercialized vice are sex offenses of a commercialized nature and attempts. Included in this category are prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, etc.

- There were 2,151 prostitution and commercialized vice arrests during 1996, representing a decrease of 10 percent when compared to 1995.
- Adults accounted for 99 percent, and juveniles 1 percent of the arrests.
- Thirty-two percent were males and 68 percent were females.
- Fifty-five percent of the persons arrested were white, 44 percent were black, and 1 percent were other races.
- Hispanics accounted for 18 percent of those arrested and 82 percent were non-hispanic.

## SEX OFFENSES

### Definition

Sex offenses, as defined under the New Jersey Uniform Crime Reporting Program, do not include rape, prostitution and commercialized vice. Included in this class are offenses against chastity, common decency, morals, and the like; attempts are also included.

- There were 2,080 sex offense arrests during 1996, representing a decrease of 4 percent when compared to 1995.
- Adults accounted for 79 percent, and juveniles 21 percent of the arrests.
- Ninety-five percent were males and 5 percent were females.
- Seventy percent of the persons arrested were white, 28 percent were black, and 2 percent were other races.
- Twenty percent of the persons arrested were hispanic and 80 percent were not of hispanic origin.

## DRUG ABUSE VIOLATIONS

### Definition

Under the program, drug abuse violations are defined as the unlawful sale/manufacturing/possession/use of the below listed narcotics and drugs:

- a. Opium or Cocaine and their derivatives (morphine, heroin, codeine.)
- b. Marijuana, hashish, etc.
- c. Synthetic narcotics—manufactured narcotics which can cause true drug addiction—(demerol, methadones.)
- d. Other—dangerous non-narcotic drugs (barbiturates, amphetamines, hallucinogens.)

- There were 61,416 arrests reported by the law enforcement agencies of the state for drug abuse violations, a 4 percent increase compared to 1995.
- Adults accounted for 82 percent and juveniles 18 percent of the arrests.
- Forty percent of persons arrested for drug abuse violations were under the age of 21.

- Males accounted for 86 percent of all the arrests while females accounted for the remaining 14 percent.
- Fifty-one percent of the persons arrested were white, 48 percent were black, and less than one-half of one percent were other races.
- Hispanics accounted for 13 percent of those arrested and 87 percent were non-hispanic.
- Arrests for possession/use of drugs accounted for 71 percent of the arrests, and the remaining 29 percent were for the sale/manufacturing of drugs.
- Arrests for opium or cocaine and their derivatives represented 48 percent of the possession/use category and 78 percent of the sale/manufacturing category. Overall, they accounted for 57 percent of the total drug abuse violation arrests.

## 1996 TOTAL ARRESTS FOR ALL DRUG ABUSE VIOLATIONS

1995	1996	Percent Change

## GAMBLING

### Definition

Gambling violations are defined as the promoting, permitting or engaging in illegal gambling.

- There were 1,051 gambling arrests reported during 1996, resulting in an increase of 49 percent compared to 1995.
- Eighty-five percent of the arrests were adults and 15 percent were juveniles.
- Males represented 84 percent and females 16 percent of the gambling arrests.
- Fifty-four percent of the persons arrested were white, 34 percent were black, and 12 percent were other races.
- Hispanics accounted for 22 percent of the arrests and 78 percent were non-hispanic.

## OFFENSES AGAINST FAMILY AND CHILDREN

### Definition

The definition of offenses against family and children is the nonsupport, neglect, desertion or abuse of family and children.

- There were 17,322 arrests for offenses against family and children during 1996, representing a decrease of 6 percent from 1995.
- Less than one-half of one percent of the arrests were juveniles, and nearly 100 percent were adults.
- Males accounted for 93 percent and females 7 percent of the arrests.
- Fifty-three percent of the persons arrested were white, 47 percent were black, and less than one-half of one percent were other races.
- Hispanics accounted for 11 percent of the arrests and 89 percent were not of hispanic origin.

## DRIVING UNDER THE INFLUENCE

### Definition

Under the New Jersey Crime Reporting Program, the offense of driving under the influence is defined as the driving or operating of any motor vehicle while drunk or under the influence of alcohol or narcotics.

- There were 31,268 arrests reported for driving under the influence in 1996, a decrease of 4 percent compared to 1995.
- Ninety-nine percent of the arrests were adults and only 1 percent were juveniles.
- Males accounted for 86 percent of the arrests while females accounted for the remaining 14 percent.
- Eighty-seven percent of the persons arrested were white, 11 percent were black, and 2 percent were other races.
- Thirteen percent of the persons arrested were hispanic and 87 percent were non-hispanic.

## LIQUOR LAWS

### Definition

Included in this category are state or local liquor law violations, with the exception of "driving under the influence."

- There were 13,809 arrests reported for liquor law violations, an increase of 12 percent from the previous year.
- Adults were responsible for 79 percent of the arrests while the remaining 21 percent were juveniles.
- Males accounted for 79 percent of the liquor law arrests while females accounted for the remaining 29 percent.
- Eighty-three percent of the persons arrested were white, 17 percent were black, and 1 percent were other races.
- Hispanics accounted for 8 percent of those arrested and 92 percent were not of hispanic origin.

## DISORDERLY CONDUCT

### Definition

In this category are placed all charges of committing a breach of the peace (disorderly person).

- There were 37,031 arrests reported for disorderly conduct, a decrease of 2 percent from the previous year.
- Adults were responsible for 73 percent of the arrests while the remaining 27 percent were juveniles.
- Males accounted for 80 percent of the disorderly conduct arrests while females accounted for the remaining 20 percent.
- Sixty percent of the persons arrested were white, 39 percent were black, and 1 percent were other races.
- Hispanics accounted for 14 percent of those arrested and 86 percent were not of hispanic origin.

## VAGRANCY

### Definition

In this category are persons charged with vagabondage, begging, loitering, etc.

- There were 2,610 arrests in this category, a decrease of 8 percent from the previous year.
- Adults were responsible for 90 percent of the arrests while the remaining 10 percent were juveniles.
- Males accounted for 66 percent and females accounted for the remaining 34 percent of arrests in this category.
- Thirty-two percent of the persons arrested were white, 68 percent were black, and less than one-half of one percent were other races.
- Hispanics accounted for 18 percent of those arrested and 82 percent were not of hispanic origin.

## ALL OTHER OFFENSES

### Definition

Included in this category are all violations of state and local laws, except those offenses that can be categorized into one of the specific crime classifications previously mentioned.

- There were 105,296 arrests reported for all other offenses, an increase of 2 percent from the previous year.
- Adults were responsible for 90 percent of the arrests while the remaining 10 percent were juveniles.
- Males accounted for 82 percent of the arrests while females accounted for the remaining 18 percent.
- Fifty-seven percent of the persons arrested were white, 43 percent were black, and 1 percent were other races.
- Hispanics accounted for 14 percent of those arrested and 86 percent were not of hispanic origin.

## CURFEW AND LOITERING LAW VIOLATIONS

### Definition

In this category are juvenile arrests made for violations of local curfew or loitering ordinances.

- There were 3,098 arrests reported for curfew and loitering law violations, a decrease of 4 percent from the previous year.
- Males accounted for 77 percent and females accounted for the remaining 23 percent.
- Seventy-one percent of the persons arrested were white, 28 percent were black, and less than one-half of one percent were other races.
- Hispanics accounted for 16 percent of those arrested and 84 percent were not of hispanic origin.

## RUNAWAYS

### Definition

For Uniform Crime Reporting purposes, this category is limited to juveniles taken into protective custody, under provisions of local statutes, as runaways.

- There were 5,633 runaway arrests reported, a decrease of 6 percent from the previous year.
- Males accounted for 42 percent of the arrests while females accounted for the remaining 58 percent.
- Fifty-eight percent of the persons arrested were white, 40 percent were black, and 1 percent were other races.
- Hispanics accounted for 17 percent of those arrested and 83 percent were not of hispanic origin.

Arson is not a crime index offense.

## CRIME INDEX FOR POPULATION GROUPS – 1996

The presentation of crime statistics by population groups was made for the purpose of projecting, for consideration, the relative crime experience of communities of varying populations. Although the individual municipalities within the various groups may be geographically separated, their inclusion into a specific group was predicated by the similarity in population with the other municipalities within the group. Municipalities within the same group may differ widely when all factors are considered, but they do share the common bond of population size. The grouping of communities in this manner allows recognition of variances in the crime volumes, rates and clearances between the established groups.

Set forth below are the established municipal groupings as used in this section:

POPULATION GROUPS	TOTAL CRIME INDEX	Murder	Rape	Robbery	Aggravated Assault	Burglary	Larceny-theft	Motor Vehicle Theft
<b>GROUP I</b>								
<b>4 Municipalities over 100,000</b>	69,095	140	382	7,754	7,212	13,153	25,665	14,789

<b>Total Crime Index</b>	<b>252,316</b>	<b>215,730</b>	<b>-15</b>	<b>119,949</b>	<b>109,285</b>	<b>-9</b>	<b>22,141</b>	<b>21,079</b>	<b>-5</b>
<b>Violent Crime</b>	<b>39,398</b>	<b>33,784</b>	<b>-14</b>	<b>7,197</b>	<b>6,754</b>	<b>-6</b>	<b>2,055</b>	<b>1,882</b>	<b>-8</b>
<b>Nonviolent Crime</b>	<b>212,918</b>	<b>181,946</b>	<b>-15</b>	<b>112,752</b>	<b>102,531</b>	<b>-9</b>	<b>20,086</b>	<b>19,197</b>	<b>-4</b>

The character of some municipalities has changed due to the updating of Urban, Suburban and Rural classifications.

- During the five-year period, Urban communities experienced the largest percentage change in Index offenses, a decrease of 15 percent.
- Suburban and Rural communities experienced 9 percent and 5 percent decreases respectively in Index offenses.
- Motor Vehicle Theft decreased 30 percent in the Urban community compared to 1992.
- Overall, Urban, Suburban and Rural communities' experienced a decrease in violent and nonviolent crimes.

⊛ Less than one-tenth of one percent.

- In 1996 there were 22,716 Index crimes reported in Rural municipalities, a 7 percent decrease compared to 1995.
- Six percent of the state's Index crime occurred in Rural communities.
- Violent crime increased 2 percent and accounted for 4 percent of the state's total violent crime.
- Nonviolent crime in rural communities accounted for 6 percent of the nonviolent crime in the state.
- The crime rate decreased 7 percent to 24.4 victims per 1,000 inhabitants.

**SECTION VI**

**CRIME IN THE CITIES**

## CRIME IN THE CITIES

This section deals with serious crimes reported in the large urban cities of the state. These cities represent 20 percent of the population and historically account for one third of the reported Crime Index of the state.

This analysis involves the latest ten-year period 1987-1996 and endeavors further to identify crime trends in these urban areas.

The cities included in this analysis were initially categorized as urban municipalities (i.e., densely populated with extensive development) by the New Jersey Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes.

The criteria used in the selection of these cities were (1) classified as urban character and (2) have a population of 50,000 or more inhabitants.

For further comparative analysis, the urban cities were subdivided into two distinct groupings.

Group number one consisted of the state's six largest urban centers with populations of 80,000 or over and is categorized as "Major Urban."

The second group included the "Major Urban" and the additional urban communities with populations of 50,000 or more inhabitants, and is referred to as the "Urban 15."

### MAJOR URBAN

- Camden
- Elizabeth
- Jersey City
- Newark
- Paterson
- Trenton

### THE "URBAN 15"

- Bayonne
- Camden
- Clifton
- Dover Twp.
- East Orange
- Elizabeth
- Irvington Town
- Jersey City
- Newark
- Passaic
- Paterson
- Trenton
- Union City
- Vineland
- Woodbridge

The accompanying table reflects percent changes in the state's "Major Urban" and "Urban 15" municipalities Crime Index for the years 1987-1996.

## STATE AND URBAN CRIME INDEX OFFENSES Percent Change 1987 - 1996

### Percent Change

- During the ten-year period 1987-1996, the Crime Index in New Jersey has decreased 14 percent, while the "Urban 15" cities decreased 17 percent and the six major urban cities decreased 19 percent.
- Violent crime in the state increased 3 percent, the 15 urban cities decreased less than one-half of 1 percent and the six major cities decreased 5 percent.
- Nonviolent crime in the state decreased 16 percent, the "Urban 15" decreased 21 percent, and the six major cities decreased 22 percent.

# CRIME IN THE CITIES TEN YEAR SUMMARY

## COMPARATIVE CRIME INDEX DISTRIBUTION FOR STATE AND URBAN CITIES 50,000 Population and Over 1987-1996

	NEW JERSEY	URBAN CITIES Over 80,000 Population (Major Urban)	URBAN CITIES Over 50,000 Population (Urban 15)
<b>CRIME INDEX TOTAL</b>	<b>3,921,656</b>	<b>1,035,383</b>	<b>1,433,560</b>
Percent Distribution		26.4	36.6
<b>Violent Crime</b>	<b>468,849</b>	<b>223,849</b>	<b>282,642</b>

<b>Motor Vehicle Theft</b>	617,606	258,110	338,335
Percent Distribution		41.8	54.8

**Distribution:**

- Six major urban centers—Camden, Newark, Jersey City, Trenton, Paterson and Elizabeth—collectively represent 11 percent of New Jersey's total population. These same urban centers, during the period 1987 through 1996, accounted for 26 percent of the state's total crime.
- Major Urban centers from 1987 through 1996 accounted for 48 percent of all violent crime and 24 percent of the nonviolent crimes in the entire state.
- The 15 urban municipalities represent 19 percent of the state's total population.
- "Urban 15" municipalities accounted for 37 percent of New Jersey's total Crime Index. Violent crime was 60 percent of the state total while nonviolent crime was 33 percent of the state total during this ten-year period.
- Nearly seven out of every 10 robberies reported occurred in the "Urban 15" cities during this ten-year period.

## STREET CRIME

There has never been a clear-cut definition for street crime within the criminal justice system. The nation's clearinghouse for the collection and dissemination of criminal statistics, the Federal Bureau of Investigation, has no criteria in the categorization of specific crimes to be designated or defined as "street crimes." More and more this media term has been confused with the violent crime group of murder, rape, robbery, and aggravated assault.

Although any particular crime can and does occur on the street, this analysis, because of reporting constraints within the Uniform Crime Reporting System, is limited to defining street crimes as those offenses which occur, or are most likely to occur, on streets, highways, parking lots, etc. These crimes include highway robbery, purse-snatching, theft from autos, theft of auto parts and accessories, theft of bicycles, and motor vehicle thefts. All are crimes against property and only one, highway robbery, falls in the violent crime group.

- During the ten-year period 1987-1996, the "Urban 15" cities accounted for 43 percent of the street crimes in the state.
- Three out of every four highway robberies occurred in the "Urban 15" during the ten-year period.
- More than half of all motor vehicle thefts during the survey span occurred in these 15 urban municipalities.
- Fifty-one percent of all purse-snatchings were perpetrated in the "Urban 15" cities.

The accompanying table reflects percent distribution of street crime for the "Urban 15" cities for the years 1987-1996.

## STREET CRIME TRENDS URBAN FIFTEEN MUNICIPALITIES

STREET CRIME	1987	1988	1989	1990	1991	1992	1993	1994	1995	1996	TOTAL	Percent of State Total

## **NEW JERSEY MUNICIPAL-COUNTY OFFENSE AND DEMOGRAPHIC DATA**

- All crime rates are based on permanent, year-round populations. Comparisons of crime rates between individual municipalities should not be made without giving major consideration to the volume of seasonal population, transients, tourists and labor forces.
- All offenses are recorded in the municipality of occurrence, regardless of the outside investigative agency, i.e., Federal, State, County, College Campus Police.
- + Crime rates were not computed for municipalities with population less than 100.

## POLICE EMPLOYEE DATA

The Uniform Crime Reporting Program of New Jersey incorporates the collection of pertinent data relating to the police of the state. Information regarding police employees strength and trends are discussed in this section.

Individual listings of full-time state, county, university and college police departments are shown in tables within this section. Listings of municipal police departments will be found in Section VII.

The determination of police strength for any given area or municipality should be subject for serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. For example, the increased need for police service in a municipality which has a highly mobile or seasonal population differs from a municipality which has a relatively stable population. Some other factors, discussed elsewhere in this publication, relate to size, density of population, geographic location, character, and proximity to metropolitan areas. The tables and charts shown in this section should not be interpreted as recommended strength for any given municipality.

### TOTAL POLICE EMPLOYEES

Total police employees are defined as the total number of full-time police officers and civilian police employees (clerks, dispatchers, mechanics, etc.) employed by all law enforcement agencies in the state.

- During 1996, there were 45,420 full-time police employees in New Jersey. This represents a decrease of less than one-half of 1 percent compared to the 45,635 full-time police employees in 1995.
- The number of full-time police officers decreased less than one-half of 1 percent, from 34,513 in 1995 to 34,432 in 1996.
- The number of full-time civilian employees decreased 1 percent, from 11,122 in 1995 to 10,988 in 1996.
- Seventy-six percent were sworn officers and the remaining 24 percent were civilian employees.

### MUNICIPAL POLICE EMPLOYEES

This category consists of the number of police employees, including civilian personnel, employed full-time by municipalities of the state.

- During 1996, there were 23,282 municipal police employees, an increase of 1 percent compared to the 23,099 in 1995.
- For every 1,000 inhabitants of the state there were 2.9 municipal police employees.
- Passaic County reported the largest increase in municipal police employees, an increase of 4 percent (42 employees).
- Atlantic County recorded the highest police employee rate; 4.9 per 1,000 population; (this rate is computed on the static population and does not take into account the large influx of seasonal and recreational population).
- Hunterdon County and Warren County recorded the lowest police employee rate of 1.5 per 1,000 population.

## MUNICIPAL CIVILIAN POLICE EMPLOYEES

The personnel of each department differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties. Employing civilians in police departments to perform clerical duties is in line with the thinking of many police administrators who recommended the use of civilians in this capacity. Thus, freeing the sworn personnel for actual police related services.

- There were 3,697 municipal civilian police employees in 1996, a decrease of 3 percent compared to the 3,809 in 1995.
- Sixteen percent of all municipal police employees were civilians.

## MUNICIPAL POLICE OFFICERS

This includes the number of sworn police officers employed full-time by municipalities of the state. The police employee rate per 1,000 population presented here should not be construed as recommended ratios. The determination of police strength for any municipality should be based on the numerous factors that create the need for police services. These factors, as crime, vary in type and degree from place to place. Some examples are: seasonal population, geographic location, density and composition of the population.

- There were 19,585 full-time municipal police officers in 1996; this represents an increase of 2 percent when compared to the 19,290 full-time municipal police officers in 1995.
- The number of full-time municipal police officers was calculated at 2.5 per 1,000 population; this represents a 4 percent increase when compared to 1995.
- Sworn officers represented 84 percent of all municipal police employees.
- Essex County recorded the largest numerical increase (97) which represented a 4 percent increase of municipal police officers.
- The largest numerical decrease occurred in Middlesex County, a decrease of seven municipal police officers, or less than one-half of one percent.
- Atlantic County, with 3.9 police officers per 1,000 inhabitants, recorded the highest rate of full-time municipal police officers. (This rate is computed on the static population, and does not take into account the large influx of seasonal and recreational population.)
- Hunterdon County and Sussex County recorded the lowest rate of full-time municipal officers with 1.3 police officers per 1,000 population.

## OTHER POLICE (State Agencies)

In addition to the State Police, there are nine other state agencies reporting to the system. These agencies consist of: NJ Forest Fire Service, Division of Parks & Forestry, Department of Corrections, Department of Human Services, Division of Criminal Justice, Division of Fish and Game, Office of Weights and Measures, Palisades Interstate Park, and NJ Transit Police. No rates were computed due to the variations in the types of police services rendered, and their statewide jurisdictions.

- Together, these agencies reported a total of 9,362 full-time employees; a decrease of 5 percent compared to the 9,868 police employees in 1995.

- There were 5,992 sworn police officers in 1996, a decrease of 7 percent compared to the 6,425 in 1995.
- These agencies reported 3,370 civilian police employees in 1996, representing a 2 percent decrease compared to the 3,443 reported in 1995.
- Sixty-four percent were sworn personnel, while the remaining 36 percent were civilians.

## COUNTY POLICE, SHERIFFS AND PROSECUTORS

The functions of county law enforcement vary widely throughout the state. The operation of one sheriff's department may be limited exclusively to civil areas and the administration of the county jail, or they may be actively involved in criminal matters throughout the county.

County police departments are varied in their activities in that some are responsible for enforcement throughout the county, while others may have as their primary mission the policing of county parklands. The responsibilities of county prosecutors' officers include criminal investigations, trial preparation, court presentation and special probes. Because of the difference in the types of police service rendered, rates for county law enforcement agencies are not presented here.

- County law enforcement agencies reported a total of 8,434 full-time police employees in 1996; an increase of 2 percent compared to 8,271 in 1995.
- There were 5,833 full-time sworn police officers employed by county agencies in 1996. This represents an increase of 1 percent compared to 5,750 in 1995.
- County police agencies reported 2,601 civilian police employees in 1996; an increase of 3 percent compared to 2,521 civilian employees in 1995.
- Sworn personnel accounted for 69 percent while the remaining 31 percent were civilians.

## STATE POLICE

The State Police total includes personnel from the Marine Police, Alcoholic Beverage Control Enforcement Bureau, and Capitol Police. The breakdown for each bureau is depicted on the State Police personnel chart.

The New Jersey State Police is empowered to provide all phases of law enforcement throughout the state. It also renders, upon request, police services to all the law enforcement agencies in the state. No rates are used due to the variations in the nature and extent of the police services performed by the State Police.

- The New Jersey State Police reported 3,580 full-time police employees; a decrease of 2 percent compared 3,636 to in 1995.
- State Police employed 2,650 officers in 1996 this represented a decrease of 1 percent when compared to 2,666 in 1995.
- The State Police reported 930 civilian employees in 1996; a decrease of 4 percent over the 970 reported in 1995.
- Sworn personnel accounted for 74 percent and civilians represented 26 percent of the total State Police employees.

**SECTION IX**

**LAW ENFORCEMENT OFFICERS  
KILLED AND ASSAULTED  
SUMMARY**

## POLICE OFFICERS KILLED AND ASSAULTED

The killing or assault of a police officer has a deleterious effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country. Today a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member or the very same society they are sworn to protect. This deplorable situation should be a subject of serious concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following information.

### POLICE FELONIOUSLY KILLED

#### VOLUME/TREND

- Since the inception of the Uniform Crime Reporting program in 1967, 54 police officers have been feloniously killed in the line of duty.

Year	Police Officers Killed	Year	Police Officers Killed
1987	1	1992	-
1988	-	1993	1
1989	-	1994	2
1990	-	1995	4
1991	-	1996	-

### ASSAULTS ON POLICE OFFICERS

Police assault statistics are important to the police administrator who attempts to identify the causative factors of this type of criminal activity. Many factors contribute to police assaults, and circumstances vary from place to place. Identifying specific reasons for these assaults is therefore extremely difficult. The following information illustrates the frequency of these events, and any attempt at analysis of these assaults should include consideration of the unique variable present in each jurisdiction. Due to the broad field of services performed by many state and county police agencies, no assault rates are computed for total police officers.

#### VOLUME/TREND

- There were 4,090 police officers assaulted in 1996, an increase of 6 percent when compared to the 3,871 in 1995.

#### ADDITIONAL ANALYSIS

- Thirty-two percent (1,304) of the officers assaulted sustained injury.
- Personal weapons, such as hands, fists and feet were used in 84 percent (3,416) of all police assaults.
- Twenty-three percent of police assaults occurred when officers were handling or transporting prisoners.
- Sixteen percent of the assaults on police officers occurred during the 2-hour period of 8:00 p.m. to 10:00 p.m.

#### CLEARANCES

- The police of New Jersey were successful in clearing 97 percent of the assaults directed at them.

## ASSAULTS ON MUNICIPAL POLICE OFFICERS

### VOLUME/TREND

- A total of 3,273 municipal police officers were assaulted during 1996, a 5 percent increase compared to the 3,114 assaulted in 1995.
- The assault rate, for every 100 municipal officers, was 16.7, a 4 percent increase compared to 1995.

### ADDITIONAL ANALYSIS

- Thirty percent of the municipal officers assaulted sustained injury.
- Personal weapons, such as hands, fists and feet were used in 84 percent of all municipal police assaults.
- Twenty-seven percent of municipal police assaults occurred when officers responded to disturbance calls.
- Attempting Other Arrests accounted for 23 percent of municipal police assaults.

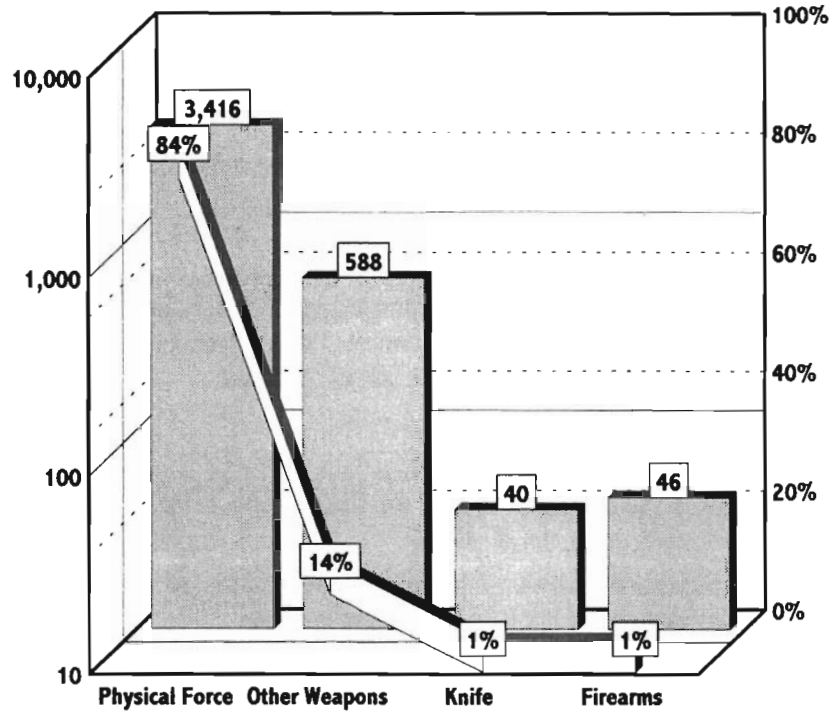

## OTHER POLICE OFFICERS ASSAULTED

The following law enforcement agencies are dealt with separately and are not included when computing municipal assault rates; the services performed by these agencies vary greatly from the functions of municipal police agencies.

### VOLUME/TREND

- County law enforcement agencies reported 138 officers assaulted with 57 sustaining injury.
- The New Jersey State Police reported 59 officers assaulted with 38 sustaining injury.
- Other state agencies, with police powers, reported 599 officers assaulted with 231 sustaining injury.
- University and college police agencies reported 21 officers assaulted with 12 sustaining injury.

# **SECTION X**

## **DOMESTIC VIOLENCE**

## INTRODUCTION

The violence within the American domicile has been recognized for decades by elements of government and society with little done to correct the problem. Only recently has this phenomenon begun to receive the attention it deserves. In an effort to understand, identify and treat the incidents of abuse occurring in the home, the State of New Jersey, through its legislature, has provided the means to gain a meaningful insight into this issue.

In 1982, the Domestic Violence Act was instituted to protect battered victims and study the complex problems that spark such aggressive behavior. This legislation also provided the opportunity to identify the causes of violence in the home and put forth a more comprehensive effort to combat the crime of Domestic Violence.

Improvements since the implementation of the Domestic Violence Act are continuing; serious concern has been displayed within many municipal and county agencies whereby various committees and working groups have been formed to help battle this important problem. Revised investigation and reporting procedures by the police; improved processing of domestic complaints by the courts; mandatory in-service training for police and court personnel have all enabled the victim to come forward and implement the constitutional rights granted to all Americans.

The following pages of narrative and graphics in this chapter are the result of gathered data displaying the complexities of domestic violence found within the State of New Jersey. (NOTE: Legislation enacted August 11, 1995, added stalking as a domestic violence offense. This 1995 legislation also expanded domestic violence protection to persons involved in a dating relationship. These legislative changes will effect comparisons of the volume of reported domestic violence acts.) It is through analysis of this data that, hopefully, the keys to preventing future violence can be found.

## DOMESTIC VIOLENCE STATISTICAL SUMMARY

Highlights of the 1996 domestic violence statistics are listed below:

- There were 85,018 domestic violence offenses reported by the police in 1996, a 2% decrease compared to the 86,631 reported in 1995.
- Murders decreased 30% in 1996 (43) when compared to 1995 (61).
- Assaults accounted for 51% (43,017) and harassment accounted for 36% (30,191) of the reported offenses in 1996.
- Arrests were made in 33% (28,039) of the offenses reported for 1996, a decrease of 4% when compared to 1995 (29,061).
- The most frequent day of domestic violence occurrences was Sunday (15,316).
- For the fourteenth consecutive year, the most frequent hours of domestic violence incidents were between 8:00 p.m. and midnight, when 29% (24,655) of the offenses were reported.
- Children were involved or present during 43% of all domestic violence offenses occurring in 1996. Specifically, 7% (5,545) were involved and 36% (31,003) were present.
- Wives were the victims in 24% (20,717) and ex-wives were the victims in 3% (2,201) of the reported domestic violence offenses in 1996. Overall, females were victims in 80% (68,011) of all domestic violence offenses.
- The number of domestic violence complaints that had prior court orders issued against the offender decreased from 29,061 in 1995 to 19,618 in 1996. This is a decrease of 32%.
- Alcohol and/or drugs were involved in 36% (30,784) of the reported offenses occurring in 1996. Alcohol involvement alone accounted for 31% (26,303) of the total domestic violence offenses reported.
- Persons age 60 or over were victims in 3% (2,600) of all reported domestic violence offenses that occurred in 1996.
- Domestic violence does not occur at a regular frequency, but when viewed as a ratio of its occurrence to a fixed time interval, one act of domestic violence would occur every six (6) minutes and eleven(11) seconds.
- Domestic violence offenses arising from a dating relationship accounted for 11% (9,202) of the state total. Seven of these offenses were murder.

- Assaults accounted for 39% (1,023) of all domestic violence offenses for victims 60 years old or over.
- Females, age 60 or over were the victims in 63% (1,644) of the 2,600 elderly abuse offenses.
- Persons age 60 or over were the victims in 3% (2,600) of all the reported domestic violence offenses during this period.

# DOMESTIC VIOLENCE OFFENSES BY TIME OF DAY 1995/1996

- During 1996, 29% (24,655) of the reported domestic violence offenses occurred between 8:00 p.m. and 12 midnight.

# DOMESTIC VIOLENCE OFFENSES BY DAY OF WEEK 1995/1996

- Sunday recorded the highest number of occurrences in 1996 with 15,316 offenses.
- During 1996, 35% (29,623) of the reported domestic violence offenses occurred during the weekend (Saturday and Sunday).

# DOMESTIC VIOLENCE OFFENSES BY MONTH OF YEAR 1995/1996

- In 1996, the highest number of domestic violence offenses occurred during the month of July.
- During 1996, the month with the lowest number of reported domestic violence offenses was February.

**SECTION XI**

**BIAS INCIDENT  
SUMMARY**

## INTRODUCTION

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, or gender. Closely linked to such heritage are individual values, beliefs, and identities.

Realizing that no agency within the state was collecting complete data on bias incidents, a broad-based Ad Hoc committee was created to develop a comprehensive statewide reporting system. As a result of the committee's recommendation, Attorney General Executive Directive No. 1987-3 was issued mandating all New Jersey law enforcement agencies to begin reporting bias incident offenses to the Division of State Police, Uniform Crime Reporting Unit, on a monthly basis, effective January 1, 1988. On August 15, 1995, legislation was enacted which enhanced the state's definition of a bias incident to include crimes that are gender or handicap-motivated.

The directive was instituted to capture vital data in an effort to identify the problem. This information permits proper evaluation of progress in preventing bias crime and assist with necessary planning for the future.

This is the ninth annual publication concerning bias crimes, which contains comparisons to the previous year's statistics. The published statistics and graphs are the result of data submitted by the police community of New Jersey.

Hopefully, the information contained in this publication will be of value to various segments of society and serve its intended purpose.

# BIAS INCIDENT

## DEFINITION

A Bias Incident is defined as any suspected or confirmed offense or unlawful act which occurs to a person, private property, or public property on the basis of race, color, creed, ethnicity, religion, sexual orientation, gender, or handicap. An offense is bias-based if the motive for the commission of the offense or unlawful act is racial, religious, ethnic, sexual orientation, gender, or handicap.

Highlights of the 1996 bias incident offense statistics are listed below:

- New Jersey law enforcement agencies reported 918 individual bias incidents, resulting in 1,041 specific bias incident offenses in 1996, an 8% increase compared to 1995.
- Harassment accounted for 33%(344) of all bias incident offenses.
- Criminal mischief and damage to property accounted for 39% (401) of all bias incident offenses.
- Racial bias accounted for 55% (575) of all bias incident crimes in 1996.
- The target category of person accounted for 58% (601) of all bias offenses.
- The Black race represented the most frequent racial group victimized by bias crime, accounting for 46% (479) of all bias offenses.
- The Jewish religion represented the most frequent religious group victimized by bias crime, accounting for 25% (256) of all bias offenses.
- The Hispanic ethnicity represented the most frequent ethnic group victimized by bias crime, accounting for 5% (56) of all bias offenses.
- The most frequent day of occurrence was Monday (179 offenses).
- The most frequent month of occurrence was June (123 offenses).
- The most frequent place of occurrence was a residence, where 32% (329 offenses) of all bias incidents occurred.
- Forty percent (413) of all bias incident offenses were cleared with 22% (224) being cleared by arrest, and 18% (192) being exceptionally cleared.
- A total of 246 arrests (160 adults and 86 juveniles) were made resulting from bias incidents. A 50% increase compared to the 164 (111 adults and 53 juveniles) persons arrested in 1995.

# BIAS INCIDENTS BY DAY OF WEEK

## 1995/1996

# BIAS INCIDENT BY MONTH

## 1995/1996

## GLOSSARY OF TERMS

<b>ADULT</b>	For Uniform Crime Reporting purposes, a person aged 18 or over.
<b>AMERICAN INDIAN or ALASKAN NATIVE</b>	A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
<b>ARREST RATE</b>	The number of arrests for Part I and Part II offenses for each unit of population, generally per 1,000.
<b>ASIAN or PACIFIC ISLANDER</b>	A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example: China, India, Japan, Korea, the Philippine Islands, and Samoa.
<b>BLACK</b>	A person having origins in any of the black racial groups of Africa, characterized by dark skin pigmentation.
<b>CLEARANCE</b>	For Uniform Crime Reporting purposes, the solution to a particular crime, usually by the arrest of the offender.
<b>CLEARED BY ARREST</b>	For Uniform Crime Reporting purposes, an offense is cleared when the offender has been identified, sufficient evidence has been obtained to formally charge and the offender has been ordered to appear in court.
<b>CRIME INDEX</b>	The total of the seven major offenses used to measure the extent, fluctuation and distribution of crime in a geographical area. The following crimes make up the index: Murder, rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft; these offenses are referred to as Index offenses.
<b>CRIME RATE</b>	The number of Index offenses reported for each unit of population per 1,000.
<b>CRIMES AGAINST PERSONS</b>	Consists of the following Index offenses: Murder, rape, and aggravated assault.
<b>CRIMES AGAINST PROPERTY</b>	Consists of the following Index offenses: Robbery, burglary, larceny-theft, and motor vehicle theft.
<b>DAY</b>	For Uniform Crime Reporting purposes, the hours from 6:00 a.m. to 6:00 p.m.
<b>ETHNIC ORIGIN</b>	Having or originating from linguistic or cultural ties with a specific group.
<b>EXCEPTIONAL CLEARANCE</b>	For Uniform Crime Reporting purposes, an offense is cleared exceptionally when an offender has been identified or located and sufficient evidence to charge has been obtained, but there is some reason beyond police control that prohibits the offender from being brought before the court.
<b>HIERARCHY RULE</b>	For Uniform Crime Reporting purposes, each crime or attempted crime is counted in only one offense category. If several offenses are committed, simply glance down the list of Part I offenses and stop at the first offense recognized from the facts given; this offense is the correct classification for this criminal activity.
<b>HISPANIC</b>	A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
<b>JUVENILE</b>	For Uniform Crime Reporting purposes, a person under the age of 18.
<b>JUVENILE CLEARANCE</b>	Those crimes where the offenders are identified as juveniles.

<b>NIGHT</b>	For Uniform Crime Reporting purposes, the hours from 6:00 p.m. to 6:00 a.m.
<b>NONVIOLENT CRIME</b>	Consists of the following Index offenses: Burglary, larceny-theft, and motor vehicle theft.
<b>UNFOUNDED</b>	Classification of reported crimes that are found to be false or baseless.
<b>VIOLENT CRIME</b>	Consists of the following Index offenses: Murder, rape, robbery, and aggravated assault.
<b>WHITE</b>	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

## CALCULATIONS OF RATES AND TRENDS

- 1. Crime Rate per 1,000 inhabitants:** This represents the number of Index offenses per 1,000 inhabitants. For example: What is the crime rate for a municipality with 513 Index offenses (murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft), with a population of 8,280?

$$513 \text{ (Index offenses)} \div 8,280 \text{ (population)} = .061957 \times 1,000 = 62.0 \text{ (crime per 1,000 inhabitants)}$$

- 2. Crime Trend:** A crime trend shows the extent to which crime increased or decreased. This is done by comparing a period of the current year with the same period of a previous year. For example: A municipality experienced 264 Index offenses in a previous year and 513 Index offenses in the current year. What is the percent of the increase?

$$513 \text{ (current year Index offenses)} - 264 \text{ (previous year Index offenses)} = 249 \text{ (numerical increase)}$$
$$249 \text{ (numerical increase)} \div 264 \text{ (previous year)} = .943 \times 100 = +94\% \text{ (percent change)}$$

NOTE: If there were more Index offenses in a previous year than in the current year, we would have a percentage decrease.

- 3. Number of Police personnel per 1,000 inhabitants:** This is calculated in the same manner as a crime rate. For example: A municipality with a population of 8,280 and 28 police personnel. How many officers are there per 1,000 population?

$$28 \text{ (police personnel)} \div 8,280 \text{ (population)} = .00338 \times 1,000 = 3.4 \text{ (police personnel per 1,000 inhabitants)}$$

NOTE: This formula can be applied to either total police personnel or just police officers per 1,000 inhabitants.

- 4. Police Assaulted Rate:** This is calculated at a rate per 100 police officers. For example: A municipality with 25 officers had five of them assaulted during the month. What is the police assaulted rate?

$$5 \text{ (police officers assaulted)} \div 25 \text{ (police officers)} = .2 \times 100 = 20 \text{ (police assaulted per 100 officers)}$$

- 5. Clearance Rate:** This refers to the percent of Index offenses cleared (solved), over a specific period of time. For example: A municipality with 513 Index offenses in a chosen time frame, cleared 95 of these offenses. What is the clearance rate?

$$95 \text{ (Index offenses cleared)} \div 513 \text{ (Index offenses)} = .185 \times 100 = 18.5 \text{ (percent cleared)}$$

***To reduce crime, you must first identify its extent, type and location***
