19:46-1.18 Cards; receipt, storage, inspections, and removal from use

(a) When decks of cards are received for use in the casino or casino simulcasting facility from the manufacturer or distributor thereof, they shall be placed for storage in a locked cabinet in the cashiers' cage or within a primary or secondary storage area by at least two individuals, one of whom shall be from the casino department and the other from the casino security department or casino accounting department. The

cabinet or primary storage area shall be located in the cashiers' cage or in another secure place, the location and physical characteristics of which shall be approved by the Commission. Secondary storage areas shall be used for the storage of surplus cards. Cards maintained in secondary storage areas shall not be distributed to gaming pits or tables for use in gaming until the cards have been moved to a primary storage area. All secondary storage areas shall be located in secure areas, the location and physical characteristics of which shall be approved by the Commission. Nothing herein shall preclude a casino licensee from having a separate storage area for the cards to be used at the game of poker; provided, however, the location and physical characteristics of the separate storage area shall be approved by the Commission.

(b) All primary, secondary and poker storage areas, other than the cashiers' cage, shall have two separate locks. The casino security department shall maintain one key and the casino department or cashiers' cage shall maintain the other key; provided, however, that no person employed by the casino department below the table games shift manager in the organizational hierarchy shall have access to the casino department key for the primary and secondary storage areas and no person below the poker shift supervisor in the organizational hierarchy shall have access to the casino department key to the poker storage area. Cards stored in a cabinet within the cashiers' cage shall be secured by a lock, the key to which shall be maintained by a tables games shift manager or casino supervisor thereof.

(d) If removed from the primary storage area, the table games shift manager or casino supervisor thereof and the casino security officer who removed the decks shall distribute sufficient decks to the poker shift supervisor and to the pit boss who shall then distribute the decks to the dealer at each table. If removed from the poker storage area, the decks shall be removed by the poker shift supervisor, in the presence of the casino security officer, and transported to the poker pit stand. Subsequently, the poker shift supervisor shall distribute the decks to the dealer at each poker table either directly or through the floorperson assigned to supervise the dealer. If needed, the poker shift supervisor or floorperson shall place the appropriate replacement cards into the deck from the cards held in reserve at the pit stand. Upon insertion of the replacement cards into the deck, the poker shift supervisor or floorperson shall re-examine the front of each card and the back of each card to ensure a consistent shading pattern and to ensure that the condition of the deck with the inclusion of the replacement cards has sufficient quality in order to maintain the integrity of gaming at poker. If the integrity of gaming at poker would in any way be compromised by the use of the deck with the replacement cards, the entire deck of cards shall be placed in a sealed envelope or container, identified with the date and time and shall be signed by the poker shift supervisor. The poker shift supervisor shall maintain the envelope or container in a secure place within the pit stand until collection by a casino security officer.

3. Cards in the pit stand shall be placed in a locked compartment, keys to which shall be in the possession of the poker shift supervisor or supervisor thereof or the pit boss or casino supervisor thereof.

Card inspection at the gaming table shall require each pack to be used to be sorted into sequence and into suit to assure that all cards are in the deck. The dealer shall also check the back of each card to assure that it is not flawed, scratched or marked in any way.

1. If, after checking the cards, the dealer finds that a card is unsuitable for use, a poker shift supervisor or casino supervisor shall bring a substitute card from the card reserve in the pit stand.

2. The unsuitable card shall be placed in a sealed envelope or container, identified by table number, date, and time and shall be signed by the dealer and floorperson assigned to that table. The poker shift supervisor or casino supervisor shall maintain the envelope or container in a secure place within the pit until collection by a casino security officer.

(f) All envelopes and containers used to hold or transport cards collected by security shall be transparent.

If the casino maintains a separate storage area for poker cards, a poker shift supervisor or supervisor thereof may collect all extra decks in card reserve for the game of poker. If collected, all sealed decks shall either be canceled or destroyed or returned to the storage area.
