

NEW JERSEY LOCAL NAMES

Thomas H. Kean
Governor

Hazel Frank Gluck
Commissioner

New Jersey Local Names contains an alphabetical listing of the names of locales, areas and municipalities in New Jersey. The listing also shows the incorporated municipality and the county in which each local name is located.

Many of the names listed are unofficial, having no legal significance, but are used by people familiar with the specific area. Some local names which may have originated in the development of an area are no longer in general use. These names are included for informal historic interest only.

Similarly, as new residential areas are created, their locales may assume their names which then become generally used for the entire area.

Suggested changes, corrections or additions to this listing should be sent to the Communications Office, New Jersey Department of Transportation, CN 600, Trenton, NJ 08625.
