2. Clearly states its face value;

3. Contains on at least one face, in the case of a slot token only, a statement, approved by the Commission as to form and content, that notifies a patron that the slot token will be accepted to activate play only in slot machines operated by the casino licensee that issued it;

4. Contains the statement "Not Legal Tender";

5. Is not deceptively similar to any current or past coin of the United States or a foreign country;

6. Is of a size or shape or has other characteristics which physically prevents its use in lawful vending machines or other machines designed to be operated by coins of the United States, except slot machines;

7. Is not manufactured from:

i. A three-layered material consisting of a pure copper core clad on both sides with a copper-nickel alloy;

ii. A copper based alloy, unless the total zinc, nickel, aluminum, magnesium and other alloying metal exceeds 25 percent of the token's weight; or

- iii. A ferromagnetic material;
- 8. Shall not have a diameter which is between:
 - 0.680 inch and 0.860 inch

(d) Each prize token with a face value that is less than the denomination of any slot token that is approved for use by any casino licensee shall be designed, through differences between it and such slot token in their metal content, diameter, thickness or by any other means approved by the Commission, to prevent its use for activating play at any slot machine that is capable of accepting any slot token of greater denomination than the prize token.

(e) Each casino licensee, in accordance with its internal controls approved by the Commission, may encase its prize tokens in clear plastic provided that:

- 1. The plastic does not hamper the payout of prize tokens from a payout-only hopper;

2. A patron with reasonable ease can remove the prize token from the plastic; and

(f) No slot token or prize token shall be issued by a casino licensee or utilized in a casino or casino simulcasting facility unless and until:

- 1. The design specifications of the proposed slot token or prize token are, prior to the manufacture of the slot token or prize token, submitted to and approved by the Commission, which submission shall include a detailed schematic depicting the actual size of the token's diameter and thickness and, as appropriate, location of the following:

(h) A casino licensee may issue promotional non-gaming tokens not intended for and prohibited from use in gaming or simulcast wagering in its casino or casino simulcasting facility. The physical characteristics of promotional non-gaming tokens shall be sufficiently distinguishable from approved design specifications of any authorized slot token issued by a casino licensee so as to reasonably ensure that they will not be confused with authorized slot tokens and that they will be incapable of activating slot machine play at any slot machine operated by the issuing casino licensee or any other casino licensee. In addition, at a minimum, such promotional non-gaming tokens shall:

- 1. Be unique in terms of size or metallic composition;

2. Be not deceptively similar to any current or past coin of the United States or a foreign country, nor have characteristics which physically allow their use in lawful vending machines or other machines designed to be operated by coins of the United States; and

3. Bear the name and location of the issuing casino licensee on at least one face and language on both faces stating that they do not activate slot machine play.
