JOURNAL OF THE SENATE

STATE OF NEW JERSEY,

SENATE CHAMBER, .

TUESDAY, JANUARY 12, 1954.

At twelve o'clock noon, this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called by the Honorable John M. Summerill, Jr., of Salem County, who requested Mr. Oliver F. Van Camp to read the following statement:

STATE OF NEW JERSEY,

DEPARTMENT OF STATE.

I, LLOYD B. MARSH, Secretary of State of the State of New Jersey, DO HEREBY CERTIFY, that the following members of the Senate have been duly qualified:

Burlington County—Albert McCay.

Camden County—Bruce A. Wallace.

Cape May County—Anthony J. Cafiero.

Essex County—Mark Anton.

Gloucester County—Harold W. Hannold.

Middlesex County—Bernard W. Vogel.

Monmouth County—Richard R. Stout.

Salem County—John M. Summerill, Jr.

Somerset County—Malcolm S. Forbes.

Union County—Kenneth C. Hand.

Warren County—Wayne Dumont, Jr.

And it further appears that at the General Election held on the third day of November, A. D. 1953, members of the Senate were duly elected as follows:

Atlantic County—Frank S. Farley.

Bergen County—Walter H. Jones.

Cumberland County—W. Howard Sharp.

Hudson County—James F. Murray, Jr.

Hunterdon County—Wesley L. Lance.

Mercer County—Sido L. Ridolfi.

Morris County—Thomas J. Hillery.

Ocean County—W. Steelman Mathis.

Passaic County—Frank W. Shershin.

Sussex County—George B. Harper.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my official seal of office at Trenton, this twelfth day of January, A. D. 1954.

LLOYD B. MARSH,
[SEAL] *Secretary of State.*

Mr. Wallace (Camden County) moved that Mr. Vogel (Middlesex County), be chosen as temporary President for the purpose of administering the oath to the newly-elected members.

Which was agreed to.

Mr. Summerill appointed Senators Farley, Hand and Sharp to escort Mr. Vogel to the rostrum.

Mr. Wallace moved that Mr. Oliver F. Van Camp be chosen as temporary Secretary.

Which was agreed to.

The oath of office was administered by Mr. Vogel to the following Senators-Elect:

Frank S. Farley—Atlantic County.

Walter H. Jones—Bergen County.

W. Howard Sharp—Cumberland County.

James F. Murray, Jr.—Hudson County.

Wesley L. Lance—Hunterdon County.

Sido L. Ridolfi—Mercer County.

Thomas J. Hillery—Morris County.

W. Steelman Mathis—Ocean County.

Frank W. Shershin—Passaic County.

George B. Harper—Sussex County.

Under the direction of the temporary President, the Secretary was directed to call the roll, and the following members answered to their names:

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis, McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace.

Mr. Wallace moved that the Senate do now proceed to the election of a President *pro tempore.*

Mr. Hand placed in nomination as President *pro tempore,* Senator Cafiero (Cape May County).

Which nomination was seconded by Mr. Sharp.

Under the direction of the temporary President, the temporary Secretary called the roll.

Those voting for Mr. Cafiero were:

Messrs. Anton, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis, McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

Mr. Cafiero having received 20 votes was declared duly elected President *pro tempore* for the legislative year.

Mr. Vogel appointed Senators Hand and Murray to escort Senator Cafiero to the rostrum.

The oath of office of President *pro tempore* was administered by Senator Vogel.

Mr. Wallace moved that the Senate do now proceed to the election of a President, for the legislative year.

Which was agreed to.

Mr. Farley placed in nomination for President of the Senate Mr. W. Steelman Mathis, of Ocean County.

Which nomination was seconded by Mr. Vogel.

There being no further nominations, Mr. Wallace moved that the nominations be closed.

Which was agreed to.

Under the direction of the President *pro tempore,* the temporary Secretary called the roll. Those voting for Mr. Mathis were:

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

Mr. Mathis, having received 20 votes, was declared duly elected President of the Senate.

Mr. Cafiero appointed Messrs. Wallace, Shershin and Ridolfi to escort the President-elect to the rostrum.

The oath of office of President of the Senate was administered to Mr. Mathis by the Honorable Howard Ewart, Judge of the Superior Court.

The President upon taking the Chair addressed the Senate as follows:

ADDRESS OF W. STEELMAN MATHIS

PRESIDENT OF THE SENATE

To My Colleagues of the Senate and to Our Guests at this Opening of the One Hundred Seventy-Eighth Legislature of the State of New Jersey:

I wish to express my thanks and deep appreciation to the members of this body for having conferred upon me the great honor of electing me as your President. I am especially grateful for this honor since just 25 years ago, my father was likewise honored by the members of the New Jersey Senate by being chosen as its President.

Grateful as I am for this distinction, I am nevertheless mindful of the responsibilities which you entrust to me, and I assure the members of the Senate and the citizens of

the State of New Jersey that at all times I shall do my utmost to accept and dispatch those obligations faithfully, justly and impartially.

I consider it appropriate in my position as President of the Senate to present to the members of the Legislature and to the citizens of the State of New Jersey some of the subjects and the issues that will appear during this Legislative Session.

One subject that has probably received more attention by the Legislature in the past few years than any other, is the question of additional State aid for education. The school districts have been confronted with increasing costs in local education, all of which have been met to a great extent by a tax on real estate. Despite the fact that State school aid has increased in the last few years by many millions of dollars, the rapid advance in cost has lead many of our citizens to the belief that New Jersey should still provide increased State aid for education in the hope that it might give some relief to real estate, or at least retard the constant increase in real estate taxes. Numerous bills have been introduced in different sessions of the Legislature in the past designed to provide a solution to this problem, but all such measures have failed of passage. There has been some disagreement in the Legislature as to the method of distributing the new funds, and there has also been a difference in opinion as to the method by which those funds should be raised. Obviously, if the Legislature is going to grant additional local relief for education, a new source of revenue must be provided in order to make the funds available. The matter has been referred to the State Tax Policy Commission with instructions to submit its report early in this session. This report is intended to offer a means of equitable distribution of additional aid and at the same time is to be accompanied by a plan by which the funds can be raised. It is my belief that this fund for additional aid should not exceed twenty-five million dollars because we of the Republican party who have studied the

program feel that twenty-five million dollars at this time will give the school districts of the State substantial assistance in those communities where it is most seriously needed.

There are substantial grounds for considering at the same time the preplexing problem of inventory tax as it is now administered in this State. The inventory tax on business in New Jersey today is administered at the discretion of the local assessing authorities. This leaves much to be desired because of the inequity of the administration of this tax. Perhaps the tax should be abolished entirely. In any event, consideration of this phase of our present tax structure should be included in our discussion of the whole problem. We believe also that for the purpose of the distribution of this new money to the school districts, there should be an equalization of assessments among the districts in the State. Today it is generally recognized that there is no uniform method of assessing property. It is all done at the local level by the local authorities. The injustice of this system arises when the State distributes moneys to the municipalities and when local real estate valuations are used in the formula for the distribution of such funds. Therefore, equalization of assessments should be included in any program insofar as the distribution of additional State aid is concerned. In my opinion, it is imperative that the Legislature conclude its consideration of this problem with a proper solution at this present session.

Any discussion of taxes in this State cannot be considered without at the same time making some appraisal of the general situation in the State with reference to revenues and expenditures. We have been fortunate in the past few years to be able to balance the income of the State with the disbursements of the State and without the necessity of resorting to any new additional taxes. However, there are many today who believe that our revenues from present sources have reached their maximum. Each year we have

balanced our budget with practically no remaining surplus. Then we have witnessed a situation where the revenues from regular sources have exceeded the anticipation from year to year, so that we have ended each year with a substantial surplus that was not anticipated at the beginning of the year. There is evidence of an increase in revenue this year over anticipation, and I consider it an obligation of the Legislature within the limit of its ability to try to produce an appropriation bill for the coming fiscal year that will balance the revenues with the expenditures and without the necessity of any new tax to make them balance. We must recognize, however, that with the increase in new buildings in our institutions, with the approaching construction of new buildings and additions in our teachers colleges that debt service and maintenance costs will inevitably increase the expenditures in our State in the future. We are also faced with the necessity of additional funds each year to provide salary increments for State employees. This item alone involves several million dollars additional in expenditures each year and for the years to come. Therefore, our revenues must not only equal what we have been receiving, but must increase sufficiently to take care of these increased expenditures if we are going to balance our budget without resorting to new taxes. I believe the Appropriations Committee should carefully analyze the situation this year and make every effort to present a balanced budget to the Legislature and maintain the balance within the present structure of revenues in our State. This will result in the avoidance of any new additional tax for the purpose of general State costs during the coming year.

Another of our problems in New Jersey and a problem which seems to be increasing in seriousness from year to year is the congestion on our highways. By using a portion of motor vehicle revenues for general purposes we have been obliged to curtail highway expenditures for new construction in this State so that during the past few years this amount has been set at approximately seventeen mil-

lion dollars. With the increase in traffic on all our highways, we recognize that many of the roads in this State are inadequate for the present flow of traffic. We have been fortunate in New Jersey in the substantial relief that certain highways have received by virtue of the construction of the New Jersey Turnpike. This highway has relieved parallel roads from the necessity of carrying so much out-of-State traffic. We are now in the process of constructing the Garden State Parkway which when completed will also serve to provide great relief for the regular highways within our State. But it is my opinion even with these methods of relief coming from our toll highways there is still a serious need for additional funds for highway construction. This problem must be considered by this Legislature, and I am hopeful that we will be able to provide more liberal funds for the relief of the regular highway traffic on New Jersey roads.

Another question which the voters of this State have instructed the Legislature to solve is the regulation and control of bingo and to confine its proceeds solely to charitable purposes. I believe that the Republican members of the Legislature are prepared at this time to present legislation designed to accomplish the purpose of the Referendum approved by the people last November. We will offer legislation which will be designed to provide the opportunity for playing bingo and at the same time avoid any abuses that might arise.

There are many other questions that we will be called upon to consider. One of the problems in this State which holds the interest of many of our citizens is the development of a medical college in New Jersey. We of the Republican Party will devote our efforts to provide a solution that will give to New Jersey a medical college that it deserves and of which it could be justly proud.

On the subject of procedure in the Legislature, I am able to state that the Republican majority in the Senate has decided to abolish what has been known as the Caucus

System. Instead, beginning with this session, we will undertake to use what is generally known as the Committee System. Bills will be referred to committees, and I might say, the number of committees has been substantially reduced for efficiency. Those committees will consider the bills, conduct hearings where necessary, and the committee will decide whether the bill shall be released for vote on the floor of the Senate, or whether it shall be retained within the committee. If the bill is approved by the committee it will then take its regular course and appear on the floor for action by the Senate. It is hoped that this system will meet with public approval and that it will expedite the proper disposition of matters before the Legislature.

The Senate also possesses the responsibility of confirmation of appointments by the Chief Executive. We wish to offer our co-operation to the incoming Governor, a member of the opposite political party, and wish to declare that it is our intention to endeavor to work with him in the best interests of all the people of the State of New Jersey. As appointments are made from time to time, we feel it is our duty as members of the Senate, charged with the responsibility of confirmation of those appointees, to make sure that the people who are selected for the respective positions are able and well qualified.

There will be nothing arbitrary in our action but rather as a recognition of our responsibility in producing the maximum efficiency of government in the State. Our sole objective will be to dedicate our knowledge, and our experience so that the result may be good government in the State of New Jersey.

Mr. Wallace moved that the Senate do now proceed to the election of a Secretary.

Which was agreed to.

Mr. Wallace placed in nomination Mr. Oliver F. Van Camp, of Ocean County, as Secretary of the Senate for the legislative year.

Which nomination was seconded by Mr. Vogel.

There being no further nominations, Mr. Wallace moved that the nominations be closed.

Which was agreed to.

Under the direction of the President, the temporary Secretary called the roll. Those voting for Mr. Van Camp were:

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—21.

Mr. Van Camp, having received 21 votes, was declared duly elected Secretary of the Senate for the legislative year.

The oath of office of Secretary of the Senate was administered to Mr. Van Camp by the President of the Senate, the Honorable W. Steelman Mathis.

The session was opened with prayer by the Reverend W. Neal Raver, Chaplain of the Senate.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—21.

Mr. Wallace offered the following resolution which was read and adopted:

Resolved, That a committee of three be appointed to await upon His Excellency the Governor and inform him that the Senate has organized and elected Honorable W. Steelman Mathis, of the county of Ocean, President, and

Oliver F. Van Camp, of the county of Ocean, Secretary, and is now ready to proceed to business and also to receive any communications that he may forward.

The President appointed Senators Farley, Summerill and Vogel.

Mr. Wallace offered the following resolution which was read and adopted.

Resolved, That the Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable W. Steelman Mathis, of the county of Ocean, President, and Oliver F. Van Camp, of the county of Ocean, Secretary, and has proceeded to business.

BE IT RESOLVED *by the Senate of the State of New Jersey (the General Assembly concurring):*

That at 1:30 o'clock P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the annual message of His Excellency Alfred E. Driscoll, Governor of the State of New Jersey, which will be delivered in person.

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—21.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That secretaries, to be assigned to each member of the Senate, be employed at a salary of $500.00 per year each, payable in the same manner as all other Senate employees, for the legislative year.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—21.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That unless otherwise ordered, the daily sessions of the Senate shall begin at 11:00 o'clock in the forenoon and at 3:00 o'clock in the afternoon.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manual apportioned by law to the State Senate be distributed on the same basis as the session of 1953.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That the Committee on Ways and Means be authorized to procure bill files and the necessary stationery and supplies for the use of members and officers of the Senate.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate be hereby directed to instruct the printer to mail each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and General Assembly, as soon as the same is printed.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That the Sergeant-at-Arms be instructed to report daily to the Secretary the absence without leave of any of the officers and attaches of the Senate, the complete report of such absentees and the time lost to be furnished to the Committee on Appropriations at the closing of the sessions, and that a pro rata reduction be made by such committee and a copy of its report be furnished to the Comptroller of the Treasury.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That 600 copies of the weekly Senate Journal be printed and the printer directed to mail copies to each member of the Senate and General Assembly and to the clerical officers of each body.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That the Rules of the Senate for the legislative year 1953 be adopted as the Rules of the Senate for the legislative year 1954, until further order of the Senate.

Mr. Wallace offered the following resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the printer be directed to furnish to the State Library as soon as printed, for the use of the Legislative Department of said State Library and for exchange by said State Library with the State Libraries and Legislative Reference Libraries of other States, 30 copies each of all bills and joint and concurrent resolutions introduced in the Senate and General Assembly, as well as printed committee substitutes; also 20 copies of each weekly installment of the Journal of the Senate and Minutes of the General Assembly, and 30 copies of each official copy reprint of all bills and joint and concurrent resolutions.

Mr. Wallace offered the following resolution, which was read and adopted:

WHEREAS, Section 59:19–20 of the Revised Statutes requires that a requisition officer be appointed, and the act regulating receipts and disbursements requires the designation of approval officers for the payment of the necessary expenses of all divisions of the government; therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Secretary of the Senate and the Clerk of the General Assembly be designated as requisition officers for the Legislature, their compensation to be $750.00 each; and

Be It Further Resolved, That all statements of expenses of the Legislature be referred to the Committee on Ways and Means of the Senate and General Assembly, respectively, and when approved by said committee said approval shall be indicated by the signature of the Chairman of the Senate Committee on Ways and Means for expenses of the Senate, and by the Chairman of the House Committee on Ways and Means for expenses of the General Assembly, together with the signature of the Secretary of the Senate or the Clerk of the General Assembly, respectively, and said bills when approved, shall be forwarded to the Comptroller of the Treasury for payment.

Mr. Wallace offered the following resolution, which was read and adopted:

Be It Resolved, by the Senate of the State of New Jersey (the General Assembly concurring):

Resolved, That the Senate do now recess and proceed to the Assembly Chamber for the purpose of receiving the Annual Message of the Governor.

SEVENTH ANNUAL MESSAGE

Mr. President, Mr. Speaker, Members of the Senate and General Assembly, my Fellow Jersey Men and Women:

Many of you, as legislators, have been participants during the past seven years in events of considerable importance. Our mutual concern has been the welfare of the State and all of its citizens. While my present tasks are nearly done, those of this new Legislature have just begun.

History teaches us that leaders, like those whom they would lead, are frequently carried by the tide of events and ideas which are larger and more important than any individual. It is in this broad perspective that I wish to address you on this, my last official opportunity as Chief Executive of our historic and beloved State.

It was my privilege seven years ago to present to you a philosophy of government and an action program of considerable magnitude. As a Nation, we then had only recently emerged from the most terrible war in history. As a State, it was our function to play our part in the reconstruction of a peaceful way of life, the re-establishment of homes and families and the dedication of government to the service of mankind.

Ever since that day, seven years ago, the world has been in a turmoil of conflicting national interests and social readjustment. National insecurity and the threat of further war has continued to dominate the international scene. Domestic problems of veterans' readjustment, housing shortages, inflationary prices, labor disputes, educational facilities inadequate for increasing populations, motor vehicle traffic choking our streets and highways built for an earlier age, and a sizeable post-war crime wave have been

experiences we shared with almost every State in the Nation.

All of these problems, and many others that must come to your mind, were made the more difficult of solution by the deficiencies in the form and structure of a government designed to meet the needs of our citizens in a time when the pace of America was measured by the horse and buggy. The growth of our State Government between 1844 and 1947 was as disorganized as it was undisciplined. There was, in 1947, a monumental reconstruction job that had to be done. These and other problems were upon us so rapidly and with such urgency that, were it not for an excellent spirit of co-operation and legislative leadership, which we had then and continued to have during my administration, it would have been impossible to establish the gratifying record of achievement to which we can now jointly refer.

This co-operative attitude between the Legislature and the Executive Branch of our government brought untold benefits to the people of our State. It fostered the common spirit of public interest before partisan interest with which we began and continued our efforts. I would like, if I may, to repeat my words of seven years ago because the course of events has justified their text even more, I dare say, than I foresaw at the time. On that day when I first took the oath of this great office, I said:

> "The broader implications of our present position are clear. They stem from a conception of our Republican form of government as a composite of group interests. While we operate through the mechanics of majority rule, we must not indulge in majority excesses. Our philosophy of government recognizes that today's majorities may be nothing more than a coalition of yesterday's minorities. Over and above any provincial view of party responsibility, we must be moved by a nation-wide recognition that effective government requires the effective expression of all the group interests which make up our society. Political exploita-

tion of any one group has been repudiated. But this does not mean, as some would have us believe, that group interests have been repudiated. We would be well advised to recognize that an effective private enterprise system is not keyed to the welfare of any one group in our society and in fact demands for its survival a strong government which can and will prevent any group from dominating the others. It is our mandate to restore balance, to reconcile group interests, to avoid group domination and to implement a better way of life for all our people."

I submit that we have carried out that self-imposed mandate. Against this background of our philosophy of government, which I hope you will continue, we have enjoyed a complete cycle of Legislative, Executive and Judicial progress. The record is so full that I prefer to forego the normal inclination to review it in detail at this time. Instead, I should like to recall with you the single accomplishment of each year which, in my present perspective, has come to mean most without dimming the luster of any of the others.

1947—This was a year for the architects of the future government of our State. The inspiration, planning and successful conclusion of the Constitutional Convention of 1947, held on the campus of the State University, not only dominated that year but each succeeding year as well. It provided the basic groundwork for the management of the fiscal affairs of the State—management which resulted in balanced budgets and the avoidance of new taxes that have plagued our sister states.

1948—This was a year of transition. The monumental task of clearing away the old structure of government and the outmoded ways of doing things to make way for the improvements of the new Constitution was the pressing influence upon this year. This included the reduction of 70 departments to 14 and the founding of a real merit system

in the civil service. Beyond all else, the organization of our new Judicial system, under the administration of our pre-eminent Chief Justice, was, to my mind, the work of the year in this State and, perhaps, in any State in this Nation. Second only to Judicial reform was the development and adoption of our Temporary Sickness Benefits Law, which now protects almost 2,000,000 of our fellow working people and under which New Jersey remains today as one of only four States that provide such security against off-the-job sickness and accident.

1949—This was a year of consolidation of our gains in the protection of civil rights and civil liberties. The watchword was human welfare. Housing, employment security and an institutional building program for the wards of our State were the marks of progress. Together with broad increases in benefits and coverage of our unemployment compensation and workmen's compensation systems, and extensive programs of veterans' benefits, these programs have meant a continuing attack upon the causes of human suffering.

1950—This was the year we turned to home rule and the improvement of local government. It saw the adoption of the Optional Municipal Charter Law and the installation of the New Jersey Civil Defense Plan, with its emphasis on municipal responsibility. Together with major increases in State aid for schools, the first effective program of State aid for municipal streets ever adopted in this State, and new provision for consolidated local health districts, these programs have spelled opportunities for stronger and better local self-government.

1951—This was a year of achievement and planning for vast new public improvements, when our dreams of the 118-mile New Jersey Turnpike became a reality. By this time, we had spent more on improving New Jersey highways in the few years since 1947 than had been spent for that purpose in the entire period of thirty years between 1917 and 1947.

Meanwhile, a fresh approach to the development of long-sought water resources was made this year; and the ground was broken for far-reaching development of the South Jersey area by creation of the Delaware River Port Authority pursuant to an interstate compact with the Commonwealth of Pennsylvania. By compacts such as these with Delaware, Pennsylvania and New York, we have set in motion tremendous programs for the improvement of one of the great areas of the entire world.

During these busy years, we have been proving that one answer to the proponents of big government in Washington is co-operation among the States led by men and women aware of the needs of their fellow citizens and determined to meet those needs.

1952—This year we renewed our attention to the problems of want, disease and delinquency. Upon approval by the voters of the necessary bond issues, we increased the previous 25 million dollar program to a 50 million dollar program for the modernization and expansion of our State institutional facilities. This has resulted in 82 projects under way in 21 institutions, which are adding thousands of beds and vital improvements in all types of facilities. It was in this year also that we made a basic approach to the problems of crime and delinquency in the creation of the Law Enforcement Council. Meanwhile, the services of our Department of Law and Public Safety were immeasurably strengthened. Our policing agencies are today larger, better staffed and better trained than at any other time in the history of the State, and when judged against the perspective of history, will be found to have done one of the best jobs in the country.

1953—This has been a final year when we consolidated our gains and completed many long-term projects of the years before. It saw the opening of new freeways; the completion of plans to speed the construction of the 165-mile Garden State Parkway; the acquisition of the Phipps Estate, that unique natural preserve known as Island Beach, unlike any

other along the entire eastern seaboard; and the successful conclusion of a major phase of the program to bring critically needed additional water supplies to our State. As the year closed, we finally concluded arrangements for acquiring the Wharton Tract, a rich source of water resources and reserves for the future.

Perhaps more dramatic than all else, this year our attack on organized crime culminated in the establishment of the Water-front Commission of New York Harbor. The result of painstaking investigation which started in 1951, this new weapon in the battle against crime on the water front was forged in an interstate compact with the State of New York. It was a pioneering effort to pool the police power of two great States to rid the commerce of the Port of New York of the tribute of organized crime.

Throughout all these seven years, there has been one highlight which has not fitted into any one year more than another—I mean the success of our program of financial prudence. Costs of government, like the costs of the market-basket, have risen steadily since the close of the war. We have been able, nevertheless, to carry out these large-scale ventures, without either a sales tax or income tax, one or the other of which burdens the residents of all of our neighboring States and the great majority of all the States in the Nation. This is especially notable in the light of the fact that repeal of the 16 million dollar State property tax was effective in the first year of our administration.

Despite the lack of those taxes, we have paid substantial increases in compensation to our State employees, commensurate with the increased cost of living, and have placed public employees' pension funds on a sound actuarial basis.

When we compare the kind and quality of governmental services that the people of New Jersey enjoy, I am sure many of us will be surprised that we have been able to do so well with so few tax dollars. Back of all these achievements has been legislative action, the kind of legislative cooperation to which I made reference at the very outset.

All these achievements, I may add, have not been gained at the price of any ruthless disregard of dissenters on the one hand or without incurring substantial enemies on the other. As for the dissenters it has been my hope, and not infrequently my experience, that they would sooner or later join in worthy objectives. As for the enemies, we have frankly followed the course that it is just as well to be known by the enemies you make as by less subtle means.

It is with a sense of satisfaction and, if you will permit me, some pride, that I review the past seven years in our mutual accomplishments. New Jersey has plainly come a long way in that time—and it is, of course, my earnest hope that it will remain on the same road. There are those who would see in every delay a sign of weakness, in every setback a fatal loss. The art of government by the consent of the governed calls for sterner stuff, greater patience and deeper understanding.

During these years we have not hesitated to assert the paramount interests of the public in disputes between labor and management by recognizing and protecting the rights of each of the contestants. We have at all times been mindful of the fact that the public interest must be protected. So now, mindful of the fact that rival political parties will be exercising leadership in the Legislative and Executive Branches of our government, I bespeak your continued mutual co-operation and make bold to remind you that the public interest is once again paramount. It was this interest that motivated the men and women who attended the Constitutional Convention. It was this interest that carried us through the constructive years of implementation.

There is nothing so difficult as to look back over an exciting period of years and to appraise its meaning, except possibly to look ahead and predict the course of future events. Of one thing I am sure, however, and that is the great debt of gratitude that I owe to those who have helped loyally and tirelessly to achieve the record that has been made. I am happy to acknowledge such a debt to the legis-

lative leaders and members of the Legislature of the past seven years.

Government is a large enterprise, and its successful administration requires a large variety of talents. It is my pleasure to carry away with me the memory of the contribution that has been made by the great mass of devoted civil servants, as well as the necessarily smaller cabinet group upon whom I have relied more closely. I take this opportunity to record my deep-felt appreciation to them all, and to the hard-working State House press correspondents, who have always helped to interpret our work to the public fairly and objectively. To the members of my Cabinet, to my Secretaries and staff, to the Directors of the Divisions, to the Comptroller and to my Counsel, and to that great host of New Jersey men and women who have served on our various boards and councils, I wish to acknowledge my warm gratitude for their loyalty and constructive support. They have served New Jersey well.

With all of the progress that has been made, however, it need not be assumed that there is little more to do. A balanced budget and the avoidance of unnecessary and oppressive taxes are essential if we are to maintain the present prosperity of our citizens. This is my key recommendation for the future. I am happy to report to you that new industries and new job opportunities have been flowing into our State with increasing rapidity. There has been created in New Jersey an environment in which labor and management may prosper and grow. It is a good State in which to live, and work, and to play.

While it has been my privilege to serve our State for the longest continuous period of years of any elected Governor, my tenure has been short in comparison with the time over which problems have been building up for us. We obviously could not do everything at once and have had to take first things first. Some of the projects we have started are even now in a phase calling for further development. To this

end, may I set before you ten areas which seem to me to merit your attention for the future.

1. *Education*—While we have greatly increased State aid for schools and support for our State University, and made a fine start on better facilities for the University and our teacher colleges, it will be necessary, in my judgment, to continue and expand these programs in the near future.

2. *Highways*—A modern program of highways and superhighways has made much progress. It will be your responsibility to carry it forward and to assure its proper integration with the highway systems of our neighboring States.

3. *Water Supply*—This problem, which has plagued our State for at least a quarter of a century, is now within striking distance of a solution. The steps which we have already taken will require your continued support and further attention.

4. *Rapid Transit*—High speed rail rapid transit in North Jersey and South Jersey can be attained. We have provided the basis for these programs, which remain to be carried to completion.

5. *Housing*—The continued high cost of slums and blighted areas re-emphasizes the importance of the 100 million dollar slum clearance program which I have previously recommended. That program, in my judgment, should be reconsidered and, if need be, modified to meet current needs, but its primary emphasis on private enterprise should be retained.

6. *Modernization of the Property Tax*—You have now had before you, for about a year, a carefully worked out program to correct the administration of the property tax, which has been characterized as "a century of inequities". Action upon this proposal should not be deferred.

7. *Social Security and Industrial Safety*—The social security and industrial safety programs that you have

begun should be strengthened and greatly enlarged. They should be further expanded in such a manner as to permit us to have full coverage for unemployment compensation, and sickness benefit insurance, for example.

8. *Chronic Sick*—The pioneering research programs initiated in recent years by our Departments of Health and Institutions and Agencies and designed to prevent disease and reduce the impact of chronic sickness, as well as the vicissitudes of old age, should likewise be strengthened and expanded. In the long run, an investment in these preventive programs will cost less and do more for our society than prolonged hospitalization and cure. This same philosophy applies with equal weight to the excellent pioneering programs initiated in recent years by the Department of Institutions and Agencies in its other important activities where we seek to strike at the root of juvenile delinquency and to make our correctional institutions something more than places of confinement. This latter objective, of course, requires a continuing program for the construction of modern facilities.

9. *Public Welfare*—It is my hope that agreement will soon be reached on the basic objectives of the Commission to study the administration of welfare in New Jersey.

10. *Recreational Facilities*—The growing population of our State will continue to require expanded recreational facilities. We must provide playgrounds and play opportunities for all our citizens and particularly for our children. It is my hope that Island Beach, the Wharton Tract and, ultimately, Sandy Hook, will each be developed in keeping with their character, together with other existing natural facilities, as a recreational heritage for future generations.

By way of expressing my personal wishes for the future to the new Governor and to the members of this new Legislature, I would leave with you this thought:

The fight for liberty must be won anew each day, and the contest for good government waged during the days of

peace is no less important than the battle waged in the heat of armed conflict. May your service in guiding our State be one of dedication to those ideals that shine the brightest in the history of our great State. May you be blessed with clearness of vision, soundness of purpose and successful accomplishments, to the end that the future citizens of this State will repeat your names with pride and call you wise and just.

I shall miss you in the year and years immediately ahead. I shall look back upon these years, and particularly our service together, with affection and with gratitude for the opportunities that the citizens of this State have given to me. As one who loves his State, as one who thinks it is one of the truly great States of our great Nation, I am happy to have had a small part in its history. Yours, ladies and gentlemen, however, is now the high calling that I have followed—the service of our fellow citizens—and it is a continuing opportunity for each and every one of you to do credit to yourself and to your people.

For all that you have been to me, thank you, and may God bless every one of you.

Respectfully submitted,

ALFRED E. DRISCOLL,
Governor.

Secretary of the Senate.

In the affirmative were—

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—21.

In the negative—None.

Mr. Hand moved that the rules be suspended and that Senate Bill No. 14 be advanced to second reading without reference.

Which motion was adopted.

Senate Bill No. 14, entitled "An act concerning the county district courts, and amending section 2A:6-3 of the New Jersey Statutes,"

Was taken up, read a second time, considered by sections, agreed to, ordered to be printed, and to have a third reading.

Senate Bill No. 14, entitled "An act concerning the county district courts, and amending section 2A:6-3 of the New Jersey Statutes,"

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Anton, Cafiero, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

In the negative—None.

The Secretary was directed by the President to carry said bill to the General Assembly and inform that body

that the Senate has passed the same, and requests its concurrence therein.

Fourteen communications were received from the Governor by the hands of his secretary endorsed "Nominations."

Mr. Wallace offered the following resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That on Tuesday, January 19, 1954, at 12:00 o'clock noon, both Houses of the Legislature meet in joint session at the War Memorial Building, for the purpose of participating in the Inaugural Ceremonies of The Honorable Robert B. Meyner as Governor of the State of New Jersey.

On motion of Mr. Wallace the Senate proceeded to the consideration of Executive business, on the conclusion of which and,

Resolved, That the Senate do now recess until 1:30 o'clock, and that we do now proceed to the War Memorial Building, for the purpose of participating in the Inaugural Ceremonies of the Honorable Robert B. Meyner, as Governor of the State of New Jersey.

Following is the address delivered at the Inaugural Ceremonies in the War Memorial Building:

INAUGURAL ADDRESS

Members of the Legislature, Governor Driscoll, My Fellow Citizens:

Mindful that our progress over the centuries and our hopes for the future are inevitably dependent upon Divine Providence, I have taken the oath and accepted the Great Seal of the State of New Jersey.

I do so with a prayer that Almighty God will give me the zeal, the energy, the intelligence and understanding to govern in the spirit of the preamble to the Constitution of our State. The preamble expresses gratitude to the Almighty for the civil and religious liberty which He has so long permitted us to enjoy, and looks to Him for a blessing upon our endeavors to secure and transmit this liberty unimpaired to succeeding generations.

Illustrious predecessors in this office have brought honor to New Jersey and have left legacies of thought and action that will serve to light our path.

To Governor Driscoll, who for seven years has devoted his energies to the State, I want to pay tribute. One of the monuments to his administration is our 1947 Constitution.

Freedom of the Individual

We meet at a time in history when the liberty of the individual is threatened both from abroad and at home. The world of 1954 is tragically divided; it is half-slave and half-free.

Since our shores were first settled more than three centuries ago, American government has been predicated on the proposition that the freedom of the individual is

inviolate. But each generation must safeguard this principle and no generation has had a greater obligation in this respect than ours.

All citizens must be zealous to guard the constitutional rights of individuals—rights which were won by the blood and agony of our ancestors. Tyranny sometimes walks in the guise of extreme idealism or super patriotism. Tyranny so cloaked subtly enslaves the mind and numbs the senses. Freedom of expression, of thought, and of intellectual inquiry then becomes its prey. This we must resist with all our force.

At the same time, we cannot forget that liberty is not license to aid or comfort those who seek to destroy our freedoms.

Law Enforcement

In our own State we face another threat to the preservation of freedom. There have been pernicious incursions upon the peace and dignity of our people. The hoodlum, the racketeer, and the professional gambler have made their appearance in New Jersey. To tolerate their activities is to abdicate the supremacy of law. By so doing we jeopardize the safeguards and guarantees which preserve for us the tranquillity and security of an orderly society.

Throughout the recent gubernatorial campaign emphasis was placed on the need for improved law enforcement. Our Constitution says that we shall not be deprived of our lives, liberty or property except by due process of law. If we are to hold fast to this heritage our government must be under law, and not under men who condone its violation. It is impossible for the underworld to operate successfully without the connivance of public officials who are sworn to enforce the law. The breaking up of such alliances is a task which will concern our administration. In New Jersey we have on the books substantially all the legislation necessary to cope with crime. What we need is thorough enforcement. It will be forthcoming.

In the office of the Attorney-General, it is my hope that the public will be represented by the finest law firm available—whose members can meet opposing lawyers on an equal footing, both in criminal and civil matters. The Attorney-General's office will set the tone for all other law-enforcement agencies, to the end that those who operate beyond the pale do so at their peril.

Beware of Superficial Remedies

The problem of law enforcement cannot be cured by more laws or the creation of a new bureau or agency. Indeed, in these days of constantly expanding governmental operations and mounting public financial burdens, a reappraisal of our general concepts of State Government and of its relationship to the individual is required.

Too often our citizens seek solutions to economic problems and remedies to social injustice through legislative panaceas which add additional burdens to our State Government. Governors almost without exception have recognized the ever-mounting costs of State Government and the need for its reorganization to keep pace with changing trends.

Such reorganization is a continuing process and must be adapted to the changing social and economic needs of our complex modern society. Bigger government is not in itself necessarily better government, and the creation of new agencies is often a superficial remedy. Hence, any reorganization should be preceded by more than cursory study. In this process full advantage should be taken of the research facilities of our universities and the modern techniques of our leading business institutions. Greater reliance upon these resources could well minimize waste and promote economy. The essential needs of the people should be met by an adequate number of public servants and public agencies, but no more.

Duties of the Citizen

The times call for the individual citizen to re-examine his obligations to the community. In a profound sense, the public at large constitutes a fourth branch of government. The effective discharge of the duties of the established branches —executive, legislative and judicial—depends, in vital measure, upon the voice of the all-powerful fourth branch. In keeping with this grave responsibility, the public should concern itself with the business of government, and it should exercise a salutary influence upon political party organizations. The individual has duties as well as rights. As Thomas Paine said: "Those who expect to reap the blessings of freedom must, like men, undergo the fatigue of supporting it."

The several branches of government are not watertight compartments. They are interrelated. While close cooperation among them is in the public interest, so also should they scrupulously avoid encroaching on the provinces of the other branches. This is true not only of the judiciary which is the ultimate arbiter of the constitutional bounds of each branch, but is also true of the legislative and executive.

The executive department is symbolized by the Governor; actually, it is composed of more than 23,000 public servants. They give the state government continuity. They, by the quality of their services, create the attitude which the general public assumes toward the State. At the same time, decent and considerate treatment of State employees is a matter of enlightened self-interest on the part of the State. High morale is essential to superior service.

No Iron Curtain

In reading the inaugural messages of some of my predecessors, I was struck by the thought expressed by Governor James F. Fielder forty years ago, when he said: "Too many bills are introduced of not the slightest importance to the

State at large and too many unnecessary and defective laws are enacted each year. . . . The proof of a legislator's capacity is not to be found in the great number of bills he may introduce and pass, but rather in the quality of the few which bear his name . . . ".

Governor Fielder's point is as valid today as it was then.

I shall lower no iron curtain between the executive and the Legislature. The Governor's office will make full disclosure of the reasons for any proposal, and will furnish all pertinent information. Department heads will do likewise. If the executive department drafts a bill, it will be submitted without any petty pride of authorship or any jealous concern as to sponsorship. Full co-operation in a legislative program between the executive branch and the legislative branch will be sought at all times.

Improved Legislative Process

Of its own volition, the Legislature is taking the highly laudable step of abolishing the old caucus system and of breathing life into the committees. It is hoped that the State can look forward to a new era of open debate and continued improvement of the legislative process.

In the days to come, may we furnish an example of a Legislature and an executive department, each alive to its own responsibility, neither jealous of the responsibilities or prerogatives of the other, and both striving, sympathetically, for the attainment of the common weal. I will not burden you with vexatious or frivolous proposals and may I ask similar consideration on your part.

To revert to the fourth branch—the people themselves—the State Constitution wisely provides for public participation in certain governmental decisions. The people vote on constitutional changes; they pass on bond issues; they approve or reject referenda on various other matters. An example of direct public participation in the formulation of public policy was the bingo amendment approved overwhelmingly in last November's election.

A Livelier Democracy

I am a strong advocate of submitting important questions to the people on the ground that it makes for a livelier, more responsive and more responsible democracy. Without seeking to evade my own responsibilities as Governor, or to invade the province of the Legislature, I will consider recommending the submission of various matters of substance for popular decision, in the spirit of the old New England town meeting which met at least once a year to lay down general policies and to give each citizen an individual voice. One question might be increased State aid for our schools; another, important fiscal policies.

The public will be fully informed of the actions and purposes of my administration. Public announcements will be issued on all important or newsworthy developments. Press conferences will be held frequently. Periodic reports will be made to the people over television and radio, and my office door will be open at regular intervals to receive suggestions from citizens.

Study at the Source

I also want to revive, at least to a limited degree, the practice of earlier Governors who made visits to various parts of the State to meet people in their own communities. It seems to me the Governor cannot fully appreciate the problems of citizens unless he studies and discusses them at the source. No Governer should sit in an ivory tower. By studying issues in the localities where they originate, I hope to increase my usefulness to the people.

By these means, it is our hope that a participating interest in the affairs of the State will be stimulated. An alert public tends to produce responsive government.

Some Major Problems

It is not the intention here to discuss in detail all of the specific problems that confront the State. Some of them will be treated in the budget message and others in special messages to the Legislature. Reference to some of the major problems will suffice to indicate general lines of approach and policy.

By mandate of the people at the last election, it is our duty to propose a law legalizing the games of bingo and raffles and I have appointed a committee of able and representative lawyers to aid us in that regard. Such a law should permit non-profit organizations to raise funds, yet contain safeguards against invasion by lawless elements.

Labor Measures

A number of labor problems press urgently for solution. These should have prompt attention. One is the question of a State Labor Relations Act. New Jersey is the only major industrial State in the East without one. In the light of present living costs, the question as to the sufficiency of existing unemployment and workmen's compensation and disability benefits requires realistic study. There is a need too, for an over-all minimum wage law.

A new approach to the grave problem of public utility labor disputes has been demanded for some time. Serious doubts have arisen as to both the constitutionality and effectiveness, from a collective bargaining standpoint, of the provisions for compulsory arbitration in the present law. Yet a workable and legal solution must be found to recognize both the right of the public to a continuous supply of essential public services and the rights of employer and employee to fair treatment.

Moreover, the act regulating public utilities is badly in need of revision. It abounds in ambiguities and leaves uncharted large areas of supervision.

Taxation

Of paramount importance is the age-old problem of taxation. This subject has two major aspects. The first is whether the burden could be distributed more fairly and equitably, and in the best interests of the economy of the State. The second is the absence of uniformity in assessing real and personal property at the local level. In this respect, each local assessor is a law unto himself. This situation is intolerable.

Recent reports by the State Tax Policy Commission contain notable suggestions in this field.

One conclusion of the commission in its 1950 Report was that "the State of New Jersey is completely lacking in a long range fiscal policy." That is still true today.

The challenge of our tax problems calls for statesmanship of a high order. They have troubled every Governor and Legislature since colonial days. We must measure up to the task in both the legislative and executive branches.

State Aid for Schools

Linked with fiscal policy is the question of State aid for education. In 1952-53, New Jersey was second only to New York in educational expenditures per pupil. But the funds come largely from local taxes on real and personal property. In 1952, only four State Governments in the country spent less money per capita in State aid to education than New Jersey. Our State has never paid more than one-fifth of the total cost of education.

Last year the School Aid Commission, established by the Legislature in 1950, recommended greatly increased State aid for schools. This question is now beyond controversy, and ways must be found to solve it other than by compounding the excessive burdens of real property owners.

At the same time, we should set up a revolving fund to help needy school districts finance new construction at reasonable interest costs.

A Medical and Dental College

New Jersey has great need of a State College of Medicine and Dentistry, a fact deeply impressed upon me during my service on the Medical College Commission. The possibility of obtaining the necessary funds from private sources should be thoroughly explored. In the event sufficient funds are not forthcoming, the issue should be presented to the voters this Fall.

Mental Health and Prisons

One of the gravest tasks of the State lies in the fields of mental health, correction and welfare administration, presided over by the Department of Institutions and Agencies. Here again we are faced with a continuing problem. Back in 1917, when Governor Edge first took office, we find him calling attention to the overcrowded condition of the State Prison here in Trenton. Today the State Prison is still crowded. It has been proposed that a new prison be built by an initial investment of $4,800,000 in bond issue funds, and adding $3,000,000 a year for three years from general revenues. In other words, it is proposed to spend nearly $14,000,000 in capital investment to house some 1,200 inmates. That amounts to more than $11,000 per occupant.

These figures give rise to reflection as to whether ways may not be found to reduce the costs of penal institutions and, at the same time, decrease the idleness which is the curse of so many imprisoned men, by dispersing their places of confinement and broadening their occupations.

In dealing with human beings who suffer the handicaps of disease, dependency or delinquency, it is my hope the State can attain an eminent position. We need adequate personnel and research, training and educational programs;

proper executive direction; increased attention to preventive measures. We should pursue such a course most actively.

Agriculture and Industry

In agriculture, we can take pride in the fact that New Jersey farms earn the highest gross income per acre in the Nation. Team effort has made this possible. The captain of the team is the New Jersey farmer himself, aided by the State Department of Agriculture, such organizations as the Farm Bureau and the State Grange, the agricultural scientists at the State University, county agents and 4-H and Future Farmers of America. We should seek to continue our agricultural progress.

Our State is rich in industry, but we should be ever alert to encourage new industries to come here, old industries to stay and present industries to enlarge their plants. Here the stabilization and equalization of our tax system is of paramount importance. A vigorous program is needed to guarantee the industrial stability and the sound expansion of the State.

Other Objectives

These are some of the objectives of the new administration. There are many others. We must consider tighter departmental reorganization, better administrative procedures, housing and slum clearance, improved rapid transit facilities, an expanded highway system, air pollution and other public health problems, simplification of municipal laws, conservation of our natural resources, a park system consistent with our urban development, overall State zoning and planning, an adequate water supply, a strengthened civil service and civil defense, and many other matters of high importance.

CONCLUSION

Above all, we must ever be conscious that in government, as in life, nothing is ever permanently settled, nothing ever disposed of beyond the need for continuous study and action. It is a timeless process, an endless campaign against smug self-approval.

In my travels over the State and in my talks with countless citizens, I have learned of their aims and aspirations, which I shall strive to translate into a program of action. Let us look forward, with the aid of Almighty God, to a future of energetic and progressive administration, in the spirit of the words of the Great Seal: "Liberty and Prosperity."

Respectfully submitted,

ROBERT B. MEYNER,
Governor.

State Library Committee

14. Introduction of bills, joint resolutions and concurrent resolutions shall be limited to the first six weeks of the session. During said time each bill, joint resolution or concurrent resolution shall be proposed for introduction by presenting it, with the name of the introducer written or endorsed thereon, to the Secretary of the Senate. Thereafter any bill, joint resolution or concurrent resolution may be proposed for introduction in the same manner, but only upon the written consent of a majority of the Committee on Introduction of Bills.

15. Each bill, joint resolution or concurrent resolution shall be presented for introduction in the form of one original and three carbon or duplicated copies, and to each bill may be annexed a "Statement" of not more than three hundred words, explaining the object thereof.

In any bill, which is in the form of an amendment to an existing Statute, new matter shall be underscored, if the bill is written or typewritten, or printed in italics, if the bill is printed, and matter appearing in the Statute to be amended which is to be omitted in the bill shall be included in its proper place in bold-faced brackets.

Concurrent resolutions proposing amendments to the Constitution shall comply with this Rule and Rules 68 through 75.

Any bill, joint resolution or concurrent resolution which does not comply with these rules shall not be introduced or receive its first reading.

16. The Secretary shall make a list of bills, joint resolutions and concurrent resolutions upon their presentation to him for introduction; and each bill, joint resolution and concurrent resolution shall be given a number by the Secretary.

One copy shall be retained by the Secretary for public use and he shall forthwith deliver the original and two copies to the Committee on Revision and Amendment of the Laws for examination as to its form. After examination, the original and one copy shall be returned to the Secretary with a notation thereon as to result of the examination, and the Secretary shall transmit one copy to the Supervisor of Bills.

The bill, joint resolution or concurrent resolution shall then, in open meeting, on motion of the sponsor, be taken to have been introduced, shall have first reading, for which the title to the same may be taken, and shall be referred by the President of the Senate to the proper committee.

17. The original of each bill, joint resolution or concurrent resolution shall immediately upon its first reading be delivered by the Secretary to the Supervisor of Bills for printing if it has not already been printed, and it shall be printed in the manner and form prescribed by the Com-

mittee on Printing. When printed the original of the bill with a printed copy shall be returned to the Supervisor of Bills for examination under the supervision of the Committee on Printed Bills in order to ascertain whether or not it has been correctly printed, and thereafter the original shall be forthwith delivered to the Committee to which it has been referred.

18. Committee reports upon bills, joint resolutions and concurrent resolutions of either House shall be in writing and shall show whether the same are reported upon favorably or otherwise, and how each member signing the report voted upon the question of the report, but no bill, joint resolution or concurrent resolution of either House shall be reported out of committee except upon the signed concurrence of a majority of the Committee. Upon the written petition of eleven Senators, that any bill, joint resolution or concurrent resolution be reported by the Chairman of the Committee to which it shall have been referred, the Committee shall forthwith report the same.

19. Upon release by Committee of a bill, joint resolution or concurrent resolution of either House it may be forthwith moved on second reading and the title of the same may be taken therefor. No bill, joint resolution or concurrent resolution reported adversely by a Committee shall receive a second reading except upon motion for that purpose made by, or in the presence of, the introducer or mover and concurred in by a majority of all the Senators.

20. Bills, joint resolutions and concurrent resolutions, together with all amendments thereto adopted by the Senate, on passing second reading shall forthwith be delivered by the Secretary to the Supervisor of Bills. The Supervisor of Bills shall forthwith have printed all such amendments and in addition he shall have reprinted all Senate bills, joint resolutions and concurrent resolutions originating in the Senate and amended therein, with the amendments included therein, but no other bill, joint resolution or concurrent resolution shall be reprinted, except by order of the President. One copy of each amendment so adopted shall be delivered by the Secretary to the Committee on Revision and Amendment of Laws for examination immediately after its adoption.

The Supervisor shall affix his official stamp to each page of the official copy, of each bill, joint resolution or concurrent resolution which shall have passed second reading and shall deliver the same to the Chairman of the Committee on Printed Bills.

It shall be the duty of said Committee to examine all bills, joint resolutions and concurrent resolutions before they shall be put upon their third reading, to ascertain whether or not they have been correctly printed, and if so to report the same to the Senate and the Senate shall cause to be entered upon the Journal that the same have been correctly printed. The Chairman of said committee shall deliver the official copy of the bill, joint resolution or concurrent resolution to the President, and said copy shall be used on third reading of the bill, joint resolution or concurrent resolution.

21. Bills, joint resolutions and concurrent resolutions of both Houses, and all other resolutions, reports or matters offered shall be called up by the President for consideration in the order of his pleasure and shall be considered as directed by him.

22. All bills, joint resolutions and concurrent resolutions of either House before the Senate shall be read three times in the Senate before final passage. No bill or joint resolution shall be read a third time until after the intervention of one full calendar day following the day of the second reading; but if the Senate shall resolve by vote of three-fourths of all of its members, signified by yeas and nays, entered on the Journal, that a bill or joint resolution before it is an emergency measure, it may proceed forthwith from second and third reading. No bill, joint resolution or concurrent resolution shall pass unless there shall be a majority of all of the members of the Senate personally present and agreeing thereto, and the yeas and nays of the members voting on such final passage shall be entered on the Journal. The like entry of any question in connection therewith shall be made on the Journal at the request of any Senator present.

23. When any bill, joint resolution or concurrent resolution is amended by the Senate, the title thereof together with the amendment and a designation of the part of the bill, joint resolution or concurrent resolution affected by the amendment shall be entered on the Journal.

24. The concurrence of the Senate in any amendment adopted by the General Assembly, to any bill, joint resolution or concurrent resolution originating in and passed by the Senate, shall follow the same course as is provided by these rules for action upon bills, joint resolutions and concurrent resolutions originating in the Senate and the bill, joint resolution or concurrent resolution, with the amendments so concurred in, shall be delivered by the Secretary to the Supervisor of Bills for reprinting under the supervision of the Committee on Printed Bills.

25. When any bill, which is of such character that public notice of intention to apply for the passage thereof is requisite, shall be proposed for introduction, the proof of publication of notice of intention to apply for the passage thereof shall be presented to the Secretary with the bill and shall be forwarded to the Committee on Revision and Amendment of Laws, and shall be returned to the Secretary, with the bill.

27. Two copies of every bill, joint resolution and concurrent resolution introduced shall be printed on good bond paper, to be approved by the Supervisor of Bills, one of which copies shall be retained in his office and the other of which shall be used thereafter as the official copy of said bill, joint resolution or concurrent resolution; and whenever an amendment of any bill, joint resolution or concurrent resolution originating in the Senate is adopted by the Senate, or is adopted by the General Assembly, and is concurred in by the Senate, the same course shall be followed as to the bill, joint resolution or concurrent resolution in its amended form.

28. The Supervisor of Bills shall have printed for the members of the Legislature at least one hundred copies of each bill, joint resolution and concurrent resolution originating in the Senate, which shall have been amended in the Senate and ordered to a third reading, which copy shall be known and designated as the "Official Copy Reprint" of the bill, joint resolution or concurrent resolution. If and when any further amendment of any bill, joint resolution or concurrent resolution shall be adopted by the Senate, he shall have printed the same number of reprints of it in its amended form, which shall be known as the "Second Official Copy Reprint" of the bill, joint resolution or con-

current resolution, or by further numerical designations, as the case may be, as changes are made therein.

33. No bill, joint resolution or concurrent resolution shall be withdrawn after it shall have been moved on third reading and final passage; and if, upon the call of the roll thereon, sufficient votes are not cast in favor of the passage thereof, the roll call may be continued; but if, upon the second continuation of the roll call, sufficient votes are not cast in favor of the passage thereof, the bill, joint resolution or concurrent resolution shall be declared lost.

When a bill, joint resolution or concurrent resolution shall have been lost, the same shall not be reconsidered except after motion made and carried that the Senate proceed to the reconsideration thereof; and when a motion to proceed to the reconsideration of, or a motion to reconsider, any bill, joint resolution or concurrent resolution shall have been made and lost, no such motion shall be made again, nor shall the bill, joint resolution or concurrent resolution be reconsidered, but by the unanimous consent of the Senate.

41. When a question is before the Senate, no motion shall be received but—

1. To adjourn.
2. To proceed to the consideration of Executive business.
3. To lay on the table.
4. For the previous question.
5. To postpone indefinitely.
6. To postpone to a certain day.
7. To commit.
8. To amend.

These motions shall have precedence in the order in which they stand arranged.

42. A motion to adjourn, or to fix a day to which the Senate shall adjourn, or for the previous question shall always be in order, except when a vote is being taken or while a Senator is addressing the Senate.

43. The motions to adjourn, to proceed to the consideration of Executive business, to proceed to the reconsideration of a bill, joint resolution or concurrent resolution, to lay on

the table, and for the previous question, shall be decided without debate.

45. When a motion once made, shall have been carried in the affirmative or negative, it shall be in order for any Senator who voted on the prevailing side to move a reconsideration thereof on the same day or next succeeding day of actual meeting; but no motion for reconsideration of a bill, joint resolution or concurrent resolution, which shall have been lost, shall be in order until a motion to proceed to the reconsideration thereof shall have been made and carried; and no motion for reconsideration shall be in order after the bill, joint resolution, concurrent resolution, message, report, amendment or motion, which is the subject matter of the same, shall have gone from the possession of the Senate, unless the same shall have been returned to the possession of the Senate and every motion for reconsideration shall be decided by a majority of votes, except a motion to reconsider the vote on the final passage of a bill, joint resolution or concurrent resolution, which shall require the same majority as is necessary for final passage.

Proposals for Amendment to the Constitution Originating in the Senate

68. Any amendment or amendments to the Constitution shall be proposed in the Senate by concurrent resolution, stating the amendment or amendments proposed and signifying the agreement of the Legislature thereto, which shall be proposed for introduction in the same manner, and shall take the same course, as is required in the case of other concurrent resolutions originating in the Senate and shall be considered in accordance with the provisions of paragraphs 1 and 2 of Article IX of the Constitution and with these Rules.

69. If and when such a concurrent resolution shall have had a second reading in the Senate, printed copies thereof shall be placed upon the desks of the members of the Senate, in open meeting, which shall be noted on the journal, and similar copies shall be forwarded by the Secretary to the General Assembly with the request that they be placed upon the desks of the members of that House in open meeting also.

70. After printed copies of the concurrent resolution have been placed upon the desks of the members of each House of the Legislature, in open meeting, a public hearing upon the concurrent resolution shall be held before the Senate or a Committee thereof, when and as shall be ordered by the Senate.

71. After such public hearing and after report thereof shall have been made in writing by the Committee, if such public hearing was ordered to be held by a Committee, a record of the holding and date thereof shall be entered upon the journal by the Secretary, and thereafter such concurrent resolution may be ordered, by the Senate, to a third reading and vote upon its final passage, after at least twenty calendar days shall have elapsed from the time when printed copies thereof, in the form in which it is to have third reading and be voted upon, shall have been placed on the desks of the members of each House of the Legislature.

72. If any such concurrent resolution shall be amended after its introduction, printed copies of such concurrent resolution in its amended form shall be placed upon the desks of the members of each House of the Legislature, in open meeting, a public hearing shall be held thereon in its amended form and the concurrent resolution as amended shall not have a third reading, and its final passage by the Senate shall not be voted upon, until at least twenty calendar days shall have elapsed from the time when the printed copies thereof in its amended form shall have beer so placed upon the desks of the members of each House of the Legislature. No such concurrent resolution shall be amended upon its third reading.

73. Upon the first and each subsequent vote upon the third reading and final passage of any such concurrent resolution, in the Senate, the amendment or amendments to the Constitution, proposed therein, shall be entered on the journal of the Senate with the yeas and nays of the members voting thereon.

74. If such concurrent resolution shall be passed by the Senate, a certificate reciting whether or not said concurrent resolution was amended, after its introduction; that printed copies of said concurrent resolution, in the form in which it was passed, by the Senate, were placed upon the desks

of the members of the Senate in open meeting with the date thereof; that a public hearing has been held thereon before the Senate or a Committee thereof naming the same, with the date of the holding of said public hearing, that said concurrent resolution has been read three times in the Senate with the dates of the readings thereof and that the same was passed by the Senate upon its third reading, with the number of votes for and against the passage thereof, shall be signed by the Secretary and the President of the Senate and shall be annexed to, and be transmitted to the General Assembly with, the concurrent resolution.

75. If such a concurrent resolution which shall have been passed by the Senate and shall be returned from the General Assembly with a certificate reciting that printed copies of said concurrent resolution, in the form in which it was passed by the General Assembly, were placed upon the desks of the members of the General Assembly, in open meeting, with the date thereof, that said concurrent resolution has been read three times in the General Assembly with the dates of the readings thereof and that the same was passed by the General Assembly upon its third reading, together with the number of votes cast for and against the passage thereof, signed by the Clerk and Speaker of the General Assembly, annexed thereto, the same shall be received by the Senate in open meeting and shall be transmitted by the Secretary to the Secretary of State with the certificates annexed thereto, to be proceeded upon as prescribed by the Constitution and as may be provided by the Legislature.

Proposals for Amendment of the Constitution Originating in the General Assembly

76. Whenever printed copies of a concurrent resolution introduced in the General Assembly proposing an amendment or amendments to the Constitution shall be received from that House, the Secretary shall cause copies thereof to be placed upon the desks of the members of the Senate in open meeting at the earliest opportunity after the receipt thereof and shall note the same in the journal and certify the same with the date thereof to the Clerk of the General Assembly immediately.

77. Whenever there shall be received in the Senate any concurrent resolution proposing an amendment or amendments to the Constitution which shall have originated in, and been passed by the General Assembly and to which there shall be annexed a certificate signed by the Speaker and Clerk of the General Assembly reciting such facts as would indicate that it had been considered and passed in accordance with the provisions of Article IX, paragraphs 1 and 2 of the Constitution, the report of the Clerk of the General Assembly thereon shall be taken as the first reading of said concurrent resolution and it shall then be proceeded upon and take the same course as other concurrent resolutions originating in, and passed by, the General Assembly and received in the Senate are required to take.

78. If such a concurrent resolution shall be passed by the Senate upon its third reading a certificate reciting that printed copies of said concurrent resolution, in the form in which it was passed by the Senate, were placed upon the desks of the members of the General Assembly in open meeting with the date thereof, that said concurrent resolution has been read three times in the Senate with the dates thereof and that the same was passed by the Senate upon its third reading with the number of votes cast for and against the passage thereof, signed by the Secretary and the President of the Senate, shall be annexed to, and be transmitted to the General Assembly with, the concurrent resolution.

Proposals for Amendment of the Constitution, Requiring Passage by a Second Legislature

79. If any concurrent resolution proposing an amendment or amendments to the Constitution shall have passed in the Legislature held in the legislative year next preceding, by less than three-fifths of all of the members of either House but nevertheless by a majority of all of the members of each of the respective Houses, and such concurrent resolution shall be sent to the Senate by the Secretary of State, if it originated in the Senate, or by the General Assembly, if it originated in and shall have been passed by that House, it shall take the same course in the Senate as concurrent resolutions not proposing an amendment or amendments to the Constitution are required to take by these Rules.

BILLS VETOED BY THE GOVERNOR OR RETURNED BY THE GOVERNOR FOR RE-ENACTMENT AND RECONSIDERATION AND APPROVED WITHOUT AMENDMENT

80. Whenever a bill originating in the Senate is returned to the Senate by the Governor, with his objections and with or without recommendation for amendment, said objections shall be entered at large on the journal.

81. On and after the third day following the return of the bill, if the bill be returned before the Legislature has adjourned *sine die* pursuant to Paragraph 14 of Section I of Article V of the Constitution, or on or after the day upon which the same is returned, if the bill be returned to a Special Session convened for the sole purpose of acting upon bills returned by the Governor, pursuant to said paragraph of the Constitution, the bill may be reconsidered without amendment, whether or not amendment is recommended and if upon reconsideration two-thirds of all of the members of the Senate shall agree to pass the bill, the objections of the Governor to the contrary notwithstanding, as determined by the yeas and nays taken upon the vote thereon, the names of persons voting for and against the passage of the bill shall be entered on the journal and it shall be certified by the President of the Senate that the bill was returned by the Governor, with his objections, to the Senate in which it originated, with the date thereof, and the objections having been entered at large in the journal of the Senate, the Senate reconsidered the bill, with the date thereof, and that two-thirds of all of the members of the Senate agreed to pass the bill the objections of the Governor to the contrary notwithstanding, with the date and number of persons voting for and against the passage of the bill, the same shall be sent to the General Assembly for its action thereon.

82. If any bill, which so passed the Senate the objections of the Governor to the contrary notwithstanding, shall have been sent to the General Assembly and shall have been returned by the General Assembly with a certificate annexed thereto signed by the Speaker that the same was approved, the objections of the Governor to the contrary notwithstanding, by two-thirds of all of the members of the General Assembly, with the date and number of persons voting for

and against the adoption of the bill, the same shall be forwarded with the certificates by the Secretary to the Secretary of State.

83. Any bill originating in the General Assembly which shall have passed both Houses and shall have been presented to the Governor and been returned by him with his objections, with or without recommendation for amendment, to the General Assembly, which shall be forwarded to the Senate by the General Assembly with a certificate signed by the Speaker of the General Assembly that the bill as returned by the Governor, with his objections, to the General Assembly in which it originated, with the date thereof, and the objections having been entered at large on the journal of the General Assembly, the General Assembly proceeded to reconsider the bill, with the date thereof, and that two-thirds of all of the members of the General Assembly agreed to pass the bill, the objections of the Governor to the contrary notwithstanding, with the date thereof and the number of persons voting for and against the passage of the bill, may be reconsidered by the Senate and if approved by two-thirds of all of the members of the Senate determined by the yeas and nays on the vote taken thereon, the names of the persons voting for and against the bill shall be entered on the journal of the Senate and the same shall be returned to the General Assembly certified by the President of the Senate, that the Senate reconsidered the bill with the date thereof and that two-thirds of the members of the Senate agreed to pass the bill, the objections of the Governor to the contrary notwithstanding, with the number of persons voting for and against the passage of the bill.

84. When the Governor shall sign any bill containing one or more items of appropriations of money but shall object in whole or in part to any such item or items, while approving the other portions of the bill, and a copy of the statement of each item or part thereof, to which he objects, appended to the bill at the time of signing it, shall be transmitted by him to the House in which the bill originated, one or more of such items may be reconsidered and may be approved by two-thirds of all of the members of each House of the Legislature in the same manner as is by these Rules provided in the case of bills returned by the Governor with his objections thereto, and said copy of said statement shall be entered upon the journal of each House and shall be cer-

tified and forwarded to and returned by the other House, upon reconsideration, in the same manner as is by these Rules provided as to bills so returned.

The following communication was received and read by the Secretary

NEW JERSEY SENATE

January 22, 1954.

To the Honorable President and Members of the Senate of the State of New Jersey.

HONORABLE SIRS:

I shall accept my appointment as Judge of the Superior Court on Thursday, January 28, 1954; and therefore hereby submit my resignation as the Senator from Cape May County effective at the close of the session of January 25, 1954; and respectfully request that the same be accepted.

Permit me to express my thanks for the many kindnesses, courtesies and special consideration which were extended to the county which I represent, to its people, and to me personally by the other members of the Senate, their aides, staff and our Secretary. I shall always treasure and cherish the many pleasant memories I have collected during the years I have served as a member of this body.

Respectfully,

/s/ ANTHONY J. CAFIERO,
Senator, Cape May County.

Mr. Wallace offered the following resolution, which was read and adopted:

WHEREAS, A vacancy exists in the office of the member of the Senate from Cape May County by reason of the resignation of Anthony J. Cafiero, which has been accepted by the Senate; therefore,

Be It Resolved, That a writ of election do forthwith issue which shall be in the nature of a proclamation and be signed by the Governor and the President of the Senate under the Great Seal of the State, directing that an election be held according to the laws of the State of New Jersey in said county of Cape May, on Tuesday, the second day of November, one thousand nine hundred and fifty-four, for the purpose of electing a Senator from said county to fill the vacancy caused by the resignation of said Anthony J. Cafiero.

BE IT RESOLVED *by the Senate of the State of New Jersey:*

1. There is hereby created a committee to be known as the "Senate Investigating Committee" to be composed of five Senators to be named by the President of the Senate, who shall constitute a committee for the purpose of investigating the finances, affairs and operations of any and all departments, boards, officers and commissions of the State Government, and all other bodies and political subdivisions of the State who shall be receiving State moneys or public funds of any kind. The committee is authorized to examine into the pay and duties of the employees and the conduct of the work and affairs of all such boards, commissions, officers and departments and other bodies and political subdivisions of the State who shall be receiving State moneys, for the purpose of recommending ways and means of reducing costs of administration and promoting efficiency.

2. Such committee shall serve without pay, but is authorized to employ counsel and such accounting, investigating, clerical or other assistants as to it may seem necessary.

3. Such committee shall have the power to subpœna and examine witnesses, and any accounts, records or other matter pertaining to the operating of any department or departments of the State Government, of any political subdivision of the State, or of any other body receiving State moneys or public funds of any kind, or of any bi-State commission which may be acting jointly with another State.

4. The committee may appoint a secretary who need not be a member of the committee. Said committee shall meet from time to time, hold hearings and examinations in a manner and in places which to them may seem best and proper.

5. Any agency, board or department of the State Government, any officer or employee of any political subdivision of the State or of any other body receiving State funds, and the officers and employees of any bi-State commission which may be acting jointly with another State, shall furnish to such committee such information, records and data as may be required for a comprehensive analysis of the operation and financial affairs of such agency, board or commission, or other public body, including any bi-State commission, as from time to time such commission shall determine.

6. Investigations and examinations may be made privately or publicly, but it shall be unlawful for any person to divulge the results of any investigation or examination to any person or persons other than such committee, unless a public hearing shall have first been held. Whenever any person shall be examined by such committee or by its duly authorized representative or representatives, under the powers contained in this act, at a public hearing, the officer, department, board, bureau, commission or individual under investigation or scrutiny may through his or its authorized representative or representatives cross-examine any such person or any phase of the matter concerning which he has been examined or questioned, and such officer, department, board, bureau, commission or individual may introduce other evidence to explain, enlarge upon, or clarify the matter, situation or condition under investigation or scrutiny to the end that the full details of any such matter, situation or condition may be developed and presented at one and the same time.

7. This committee shall remain in effect and force until the opening day of the 1955 Legislature, notwithstanding any *sine die* adjournment.

8. There is hereby appropriated for the expenses of such committee any funds that may be hereafter included in any appropriation bill.

9. This resolution shall take effect immediately.

Mr. Wallace offered the following resolution which was read and adopted:

Resolved, That when the Senate adjourns, it be to meet on Thursday morning at 10:00 o'clock, and that when it then adjourn, it be to meet on Saturday morning at 10:00 o'clock, and that when it then adjourn it be to meet on Monday afternoon at 2:00 o'clock.

On motion of Mr. Wallace the Senate then adjourned.

THURSDAY, February 11, 1954.

In the absence of the President, Mr. Ridolfi took the chair as President *pro tempore.*

Under the direction of the President *pro tempore,* the Secretary called the Senate, when the following Senator appeared and answered the call:

Mr. Ridolfi.

As there was no quorum present, the Senate then adjourned.

SATURDAY, February 13, 1954.

In the absence of the President, Mr. Ridolfi took the chair as President *pro tempore.*

Under the direction of the President *pro tempore,* the Secretary called the Senate, when the following Senator appeared and answered the call:

Mr. Ridolfi.

As there was no quorum present, the Senate then adjourned.

MONDAY, February 15, 1954.

At 2:00 o'clock P. M. the Senate met.

The session was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Dumont, Farley, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—19.

On motion of Mr. Wallace the journal of the previous session was approved and its further reading was dispensed with.

Mr. Wallace offered the following resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That at 2:30 o'clock P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Budget Message of His Excellency Robert B. Meyner, Governor of the State of New Jersey, which will be delivered in person.

The President named Messrs. Wallace and Vogel to escort the Governor to the Assembly Chamber.

BUDGET MESSAGE

To the Members of the Senate and General Assembly:

In presenting my first Budget Message to the Legislature of New Jersey, I have attempted to prepare a document that is honest, forthright and realistic.

This Budget is balanced. It gears expenditures for the coming fiscal year to available and anticipated revenues, without resort to new taxes and without increased rates for existing taxes.

Members of the Legislature are aware that, through co-operation of my predecessor, I was represented at all of the Budget hearings held during the Summer and Fall of 1953. Since November, I have worked closely with the staff of the previous administration. Out of this study, I have been able to offer some changes in budgetary practice.

This is a tight Budget. In my judgment, no further substantial cuts can be made in the requests of the various departments without seriously impairing State programs and services.

Careful studies may well reveal operating economies that can be made, but such studies will require months of research. Money saved by improved administration of the Executive Branch can be applied to other areas which are now suffering from neglect.

This Budget is balanced by maintaining State services at current operating levels. This Budget does not solve the problems of increased State aid for education, additional highway construction or a proposed Medical and Dental College. Nor does it give promise of handling beyond the current year interest and principal on our bonded debt, the operation and maintenance of new institutional facilities, and other necessary capital improvements.

On these matters, we await the report of the State Tax Policy Commission. As soon as it is forthcoming, I shall present to you a supplemental message covering these and other major aspects of long-term fiscal policy. We dare not postpone unduly the facing of these facts.

My predecessors, because of rising revenues, were able substantially to avoid imposition of new taxes, but they have left us with an increased debt, a declining surplus and with expanding programs over which, as Governor, I have limited or no control. I cite this to you and to the public without the slightest partisan intent, but merely in the interest of realism.

OUR FISCAL INHERITANCE

In presenting this fiscal program, it is helpful to review both the resource and expenditure programs that we have inherited.

On July 1, 1944, the effective date of Governor Edge's first budget, the treasury contained $32,310,236 which represented 36½ per cent of his recommendation of $88,254,977 in expenditures.

On July 1, 1947, the date on which Governor Driscoll's first budget became effective, cash in the treasury totalled $46,267,220 and represented 29.7 per cent of his recommendation of $155,802,317.

On the basis of revenues to date in the current fiscal year, plus anticipated revenues for the balance of the year, we should have cash on hand July 1, 1954, of $26,162,605. My Budget recommendations equal $236,646,000. Simple arithmetic discloses that only 11 per cent can be financed by left-over cash.

So, in the last 10 years, cash balances have dwindled to a very small percentage of our operating requirements.

From 1945 to date, State revenues, as heretofore mentioned, have shown a consistent increase. Revenues listed in Governor Edge's Budget for 1944-45 equalled $80,800,000; in Governor Driscoll's Budget for 1947-48 $130,000,000; in this Budget $212,000,000.

In the period between Governor Edge's 1944-45 Budget and the present one, only one new major source of income has been enacted, namely, the cigarette tax, which now yields some $20,000,000 per annum.

From the foregoing analysis, it is obvious that this administration has inherited a spending program which now is progressing at a far more rapid pace than revenues. Many factors have produced this result. A most important one is the current building programs of both the Department of Institutions and Agencies and the Department of Education. Proceeds from bond sales totalling 65 millions are rapidly being transformed into brick and mortar, and this Budget must contain funds to operate that part of these expanded facilities which will be completed between now and June 30, 1955, together with the principal and interest on the bonds.

The State's bonded debt imposes an ever-increasing burden on the State's revenue, and a comparison of the present structure with that of the past is revealing. At the beginning of January, 1944, bonded debt totalled $59,626,180, a figure that dropped to $37,250,000 by the beginning of 1947. When I assumed office, the bonded debt totalled $120,950,000.

But this is not the whole story. When you add the New Jersey Highway Authority debt—guaranteed by the State's credit—the figure reaches $405,950,000. Pile upon this the New Jersey Turnpike Authority debt of $405,000,000 and you have the staggering total of $810,950,000. While it is true the Turnpike debt is not a direct legal obligation of the State, it is still a debt of a State agency.

A Federal commission now in operation may produce suggestions to drop certain grant-in-aid programs and, at the same time, to return to the States tax bases now being used by the Federal Government. If this is done, there is reason to believe New Jersey eventually will benefit.

Meanwhile, however, the gradual reduction of Federal grant-in-aid funds threatens our taxpayers with mounting burdens. I say this because I am sure the citizens of New Jersey would not

sanction curtailment of vital services to crippled children and in other areas of public health and welfare, because of the Federal Government's failure to support this work to the same extent as in former years.

BUDGET RESOURCES

After providing for supplemental appropriations of $1,222,838 for 1953-54, our free surplus in the general treasury will equal $24,939,767. Revenues for 1954-55 are estimated at $212,018,625, making total resources available for this budget of approximately 237 millions.

The State's revenue-collecting experience of the past five years indicates revenues as anticipated should be realized. In support of this position, I quote from the December issue of the National Tax Journal:

> "The New Jersey tax structure is less sensitive to sharp variations in economic conditions than that of States which rely heavily upon sales, income or gross receipts taxes. While New Jersey taxes do reflect economic changes, they can be projected for short periods of time within a more or less narrow range of probable error."

Success of our revenue estimates is also relatively assured because we operate under annual budgets. Such success is not nearly as evident in those States where biennial budgets are the rule.

Estimates of revenue from cigarette taxes for 1954-55 have been reduced by a million dollars under the amount which normally might be collected. Also it was considered conservative to reduce the amount which might normally be expected from beverage taxes by half a million. A complete list of the revenue estimates will be found in the statistical tables.

As against the 237 millions of resources, I have recommended in round numbers $235,500,000 to operate our State departments, for capital improvements and for State aid to local government. The amount recommended is $90,000,000 less than that re-

quested by the various departments and agencies. If the recommendations are followed, we should close the next fiscal year with a surplus of at least $1,500,000.

Of the total sums recommended for appropriation, 54.4 per cent will provide for State level costs; 10.4 per cent will be used for new land, buildings and highways; and the balance of 35.2 per cent will provide assistance to municipalities, counties and school districts.

I have made a major change in the format of this Budget with respect to the handling of inter-departmental items such as debt service, rent, telephone, insurance, postage and pensions. This change does not affect the total budget; it does, however, give the Legislature and the public a more realistic picture of the total cost of departmental operation. It is my hope that this improved method of reflecting costs may induce departments to exercise greater care in spending. For convenience, I have also included in summary form the total cost of these centrally administered but departmentally budgeted items.

As a further step to improve budget presentation, I recommend we discontinue the practice of re-appropriating unspent funds. Also we should abandon wherever feasible, the practice of adding to definite sums recommended for departments whatever money they may collect. This practice has made it impossible to present a definite plan of future spending.

By adopting this change, we are able to submit a clear and intelligent spending program.

Against this background, my first budget is offered. It is offered with the warning that this is most likely the last year that a New Jersey State budget can be balanced, so to speak, with "mirrors." It is balanced, I frankly admit, only in the narrow sense that it provides for the State's minimal housekeeping needs for 12 months.

Like preceding budgets, it does not contain a frontal attack on our basic long-range problems. After further studies, however, I shall submit to you a supplemental message on these problems.

At this point, let me remind you of a budget formula created by Charles Dickens in "David Copperfield."

"Annual income, 20 pounds; annual expenditures, 19 pounds, 19 shillings and sixpence: result, happiness.

"Annual income, 20 pounds; annual expenditures, 20 pounds and sixpence: result, misery."

Here is a concept which governments, as well as individuals, may ponder.

LAW ENFORCEMENT

I have pledged to the people of New Jersey that I will do everything in my power to provide effective law enforcement.

I have said that our need is not so much for more laws as it is for men who will conscientiously carry forth their high duties in this field.

In order to provide the Attorney General with the finest legal firm available in New Jersey and to support him with adequate funds for effective, hard-hitting full-time law enforcement, I have recommended an increased appropriation to the Division of Law.

Part of the increase represents our plan to end certain undesirable practices with respect to revolving funds and receipts over which the State has had inadequate controls and safeguards. I propose that the cost of all legal work, be it work throughout the counties or public defender work on rate cases, should be paid from the State treasury.

All funds paid for legal services performed by the Division of Law should be provided for by the usual appropriation method and paid into the treasury as anticipated receipts not available for further expenditure.

I have also recommended a substantial increase so that the Department of Law and Public Safety can accelerate investigatory work and be in position to assume full responsibility for inquiry when the Law Enforcement Council has completed its statutory life. It is my opinion the Council should continue during 1954-55 the investigatory work now being conducted and I have, therefore, recommended an appropriation of $75,000 for this purpose.

TWENTY-FOUR-HOUR SAFETY PATROL

For the current fiscal year, provision was made for 91 additional men to provide a 24-hour safety patrol of the highways.

There has been some indecision on the part of the executive branch as to whether this patrol should be manned by motor vehicle inspectors or State patrolmen.

I do not believe adequate study has been made as to the relative advantages or disadvantages of the two proposals.

We are all agreed, however, on the necessity of improving our State Highway Patrol. I have, therefore, retained these positions in the budget of the Division of State Police and I recommend their retention subject to possible transfer to the Division of Motor Vehicles if study discloses the wisdom of such a course.

MOTOR VEHICLE AGENCY SYSTEM

For the present, no change has been made with respect to amounts recommended for the handling of motor vehicle licensing and registration. In recognition of widespread discussion concerning the matter, a special study committee has been set up, composed of State officials and men borrowed from private business and industry.

This committee will present for consideration a program for revision of our motor vehicle system in the interest of motorist convenience and economy of operation. The Legislature will be informed of all progress toward those ends.

Meanwhile, regardless of any change that may be adopted, this Budget contains sufficient funds for operation.

HIGHWAY CONSTRUCTION

Along with its budget requests, the State Highway Department submitted a list of projects totalling more than 85 million dollars for what it considers to be essential highway needs.

It is obvious that funds are not available for such a greatly expanded program. I am, therefore, recommending 25 million dollars, the same amount appropriated during the current year.

Approximately 9 million dollars of this is Federal Aid, as in previous years.

The inadequacy of our highway building program over the past decade is fully recognized, though it is true that if the expenditures of the Turnpike Authority and the Highway Authority are taken into account, the record of expenditure would present a more realistic picture.

I have made clear my views that the State should rely for future highway expansion on the State Highway Department.

MENTAL ILLNESS

We are all deeply concerned over the high incidence of mental illness. Last week I attended the Governors' Conference on Mental Health in Detroit to learn first hand of the steps being taken in other States and to talk with some of the foremost professionals in this field.

New Jersey voters have approved two 25 million dollar bond issues primarily to increase our hospital bed capacity and to eliminate fire hazards. Construction of a new State Hospital and the addition of beds in the three existing State Hospitals will have increased our total capacity. Despite this, we must face the fact that our building program will not stem the tide of our increasing State Hospital population.

Our hospital programs should be based on the most modern concepts of treatment. We should shorten the stay of patients and hasten, whenever possible, their return to a useful life in their communities. We should give patients the maximum possible degree of medical and psychiatric attention.

Our hospitals should not be crowded with patients whose real need may be for financial assistance. Too often citizens shirk their duties to aging parents by turning them over to the State.

We should make greater strides toward building within our communities the resources for education with respect to mental and emotional ills, and for providing at the community level the early help which can prevent, in many cases, the onset of long term and often hopeless hospitalization.

PUBLIC HEALTH

Because of reduction of Federal aid for health programs, a considerable increase in State funds is necessary. I have recommended the sum of $300,000 to replace Federal money which I anticipate will not be forthcoming as grants-in-aid. If, however, this anticipation proves incorrect, the amounts herein recommended should be returned to the treasury.

While the department asked for a greatly expanded chronic sick program, I have recommended funds to continue that program at its present level. We should avoid duplication of effort along this line with respect to activities of the Federal Government, private universities and research foundations.

In the chronic sick program, there should be more co-ordination between the Department of Health and the Department of Institutions and Agencies. A request from the Department of Institutions and Agencies for $50,000 for community mental health research is recommended.

Funds are included for continuance of the work on air pollution.

EDUCATION

There are few issues of greater concern to our citizens than State aid for education and related fiscal policies.

In 1953, the Legislature, by joint resolution, instructed the State Tax Policy Commission to ascertain the amount necessary for State aid, the proper method for its distribution and the ways and means of raising the money.

When this report is ready, no time will be wasted in presenting a specific program to this legislative session. Meanwhile, this Budget recommends approximately $64,750,000 for education.

The sum of $30,357,000 has been set up to meet the requirements of existing formulas for State aid, and it has been supplemented by $389,000 to insure that no school district would receive less money in the coming year than in the present year.

We have reserved over 13½ million dollars for the State's share of the cost of maintaining the actuarial soundness of the Teachers' Pension and Annuity Fund. The sum of $18,028,000 has been set aside for education on the State level; $9,642,863 of this sum will provide for the State's share of operating the State University at New Brunswick, and $4,086,000 will go for the maintenance of our various teachers' colleges. In addition to the sum recommended for the university, $2,000,000 is recommended for new buildings for work in horticulture and poultry industry.

In these amounts, provision will be made for the first time to cover the cost of operating new facilities created by bond issue, inasmuch as they will be open in the latter part of the coming fiscal year.

The sum of 10 thousand dollars is included for distribution by the State Board of Education as summer scholarships for graduates of liberal arts colleges. These will be devoted to pedagogical courses, thereby providing an additional source of teacher recruitment. This method has been used by other States to great advantage, and will be an inexpensive way of adding to our supply of teachers.

EDUCATIONAL TELEVISION

The sum of $292,000 has been requested by the New Jersey Commission on Television for continuance of its television research project and for capital funds to build and equip a transmitter and television studio. It has been decided not to recommend any funds for State-operated television.

If the State of New Jersey, alone among all other States, were able to afford at this time the costly outlay for such a project, serious doubts would remain as to the propriety of publicly-financed, State-controlled televised interference with local school programs.

Surely, there is a place for visual education of various types, but it can never supplant the teacher-pupil relationship. "My idea of a university," said James A. Garfield, is "Mark Hopkins at one end of a log and a student at the other."

A 20-inch screen should not come between teacher and pupil during school hours.

NEW POSITIONS

More than 2,650 new positions were requested at the Budget hearings by the various departments. These would have cost at the minimum of existing salary ranges more than 6½ million dollars.

The requests were carefully reviewed by the Division of Budget and Accounting, which felt that a total of 1,404 positions, at a cost of some 3 millions, was necessary for the State's business, including the staffing of the new institutional plant.

There has been insufficient time for me to study these suggestions carefully. It is therefore recommended that new position funds be appropriated for subsequent allocation after careful consideration of the need, and upon approval of the Budget Director.

By this means, it is hoped to avoid unnecessary spending and to advance the program of reorganization within the various departments. This follows a policy adopted some time ago by the Legislature.

PAY INCREASES FOR STATE EMPLOYEES

In this Budget, recommendations of the Department of Civil Service have been accepted.

Accordingly, $2,005,000 has been set aside for normal increases within established salary ranges; also, $1,050,000 to make necessary adjustments through selective salary range revision.

Time has been lacking to study details of the salary program, but with the help of experts from private industry, we are reviewing the State's program of employee compensation.

PENSIONS

Although State and local governments were once leaders in creating retirement benefits for long and faithful service, they have now lagged far behind the current industrial trend.

In New Jersey, the great majority of public employees not in hazardous occupations, such as police and fire work, are covered by the State Employees' Retirement System, the Teachers' Pension and Annuity Fund, or the Veterans' Retirement Act.

All three of these laws are deficient in death benefit protection. None provides adequate retirement pay for low-salaried employees. While the first two systems are actuarially sound, the Veterans' Retirement Act is completely unfunded and thus represents a large potential State and local liability.

We hope to improve retirement and death benefits, and to offer an answer to the financial problems of the Veterans' Act. It is proposed to integrate the State Employees' System and the Teachers' Fund with Federal Old Age and Survivors' Insurance. If this is done, Federal benefits will become available to more than 75,000 State and local employees.

In addition to these survivorship benefits, there would be extended to all three State systems death benefit protection from commencement of employment, as well as after retirement.

Further, all veterans in public employ would get death benefit protection, while their pensions would be protected by proper reserves.

If this plan becomes an actuality, New Jersey employees will have pension benefits among the most liberal in the country, with all that means in terms of high morale.

CAPITAL BUDGET AND CAPITAL PLANNING

In an important respect, I find the State Budget process in need of change. I refer to our traditional lack of planned policy with regard to capital improvements.

For instance, we must spend in the coming fiscal year almost a million dollars in rent for State offices and building facilities and more than 12 millions for debt service costs, an increase of $2,707,000 over the current year.

Since 1949, the voters have been asked to approve referendums for two institutional bond issues, an educational bond issue and a pledge of the State's credit behind State Highway Authority bonds to the tune of $285,000,000. In addition, legislation was enacted giving the New Jersey Turnpike Authority permission to incur debt, which now equals $405,000,000.

Moreover, the State embarked upon the State Building Authority which, until it was declared unconstitutional, involved a hastily conceived expansion of motor vehicle inspection stations, State Police barracks, housing for institution employees and other building projects.

It is my purpose to review the State's capital needs with a view to formulating a program based on long-range appraisal of our needs, sound financing and a system of priorities. As far as possible, the State should save interest costs by a pay-as-you-go policy.

A NEW STATE PRISON?

The previous administration had planned to set aside $4,800,000 from the second institutional bond issue to begin construction of a new State prison. It was proposed to add $3,000,000 out of general funds each year until the prison was built.

A capital appropriation for this purpose is not recommended because I object to the idea on three grounds:

First, the voters supported the institutional bond issues with the understanding that they were primarily for relief of over-

crowding in mental hospitals, cutting down waiting lists and elimination of fire hazards at those institutions.

Second, it is not wise to anticipate a large capital appropriation for future years without knowing where the money is coming from and without long-range capital planning.

Third, such a large expenditure should not be used to create a monument to outmoded theories of penology. Rather, we should adopt present-day thinking and achievement as to the handling of adult offenders.

This administration proposes to stress, therefore, improved management of our penal and correctional institutions, strengthened personnel, a dispersal of places of confinement and a broadening of occupation to relieve the curse of prison idleness.

DEAF SCHOOL NURSERY

It is proposed to spend $175,000 for a nursery at the State School for the Deaf. This nursery will enable the school to train an additional 30 boys and girls, and will promote early adjustment to their special problems.

POULTRY PATHOLOGY

It is important to improve laboratory facilities for poultry, the State's largest farming enterprise. It is recommended, therefore, that $50,000 be used for enlargement and equipment of the Vineland Poultry Pathology Laboratory.

Careful consideration has been given to an additional laboratory in the vicinity of Monmouth and Ocean Counties to improve service in that important poultry area. It seems, however, the need can best be met by an extension service from our laboratory in New Brunswick, and I propose to set aside sufficient funds to employ poultry pathologists who can be of direct service to farmers of the area.

WHARTON TRACT

Included in this Budget is a request for $500,000 for the purchase of water reserves and recreational areas. Two million dollars have already been paid for some 58,000 acres of the Wharton Tract. This acquisition should insure an adequate water supply in South Jersey for the foreseeable future.

However, it should be pointed out that, in acquiring public lands in the past, the State has not made realistic appraisals for operation and development. For example, the Wharton Tract will not produce water resources without costly dams and equipment for regulating this vast potential reservoir. Likewise, the State bought Island Beach as a recreational area, but there has been no real planning for its development. Again, our public parks and forests have suffered neglect.

A recommendation of $300,000 is made, therefore, for development of recreational areas throughout the State.

THE STATE UNIVERSITY

Criticism of the State's capital planning applies equally to Rutgers University, including the University College, the Agricultural Experiment Station and New Jersey College for Women.

It should be noted that appropriations of many millions for operation of these schools are not subject to the fiscal controls applied to other department funds.

It is proposed to give careful study to the relationship of the State to Rutgers; my recommendation for the university is based largely on information handed on by the previous administration.

MORVEN

In the supplemental section of this Budget is included funds for Morven, the Princeton estate given to the State by former Governor Walter E. Edge. It thus can be preserved as a historic site and be used, as Governor Edge intended, for a Governor's residence.

CONCLUSION

Because the Budget is of basic importance, I have appeared before you to present the State's fiscal problems and to offer my sincere co-operation in our joint responsibility for conduct of the State's business.

As soon as possible, I shall submit a supplementary message covering policies not spelled out here, such as State aid for schools, additional highway construction and means of creating a Medical and Dental College.

It is my hope that this Budget will be studied by the people of New Jersey, as well as by the Legislature, because it is their money which is being collected and spent, and we are but their elected agents.

Respectfully submitted,

ROBERT B. MEYNER,
Governor of New Jersey.

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

Mr. Wallace offered the following resolution, which was read and adopted:

WHEREAS, Our esteemed colleague, Malcolm S. Forbes, the Senator from Somerset county, is a patient at the Presbyterian Hospital, at Harkness Pavilion, New York City, where he is recovering from minor surgery; and

WHEREAS, We regret to learn it was necessary for the Senator to return to the hospital after a slight relapse,

we are now happy to know that he is now on the way to a full recovery, and will soon be home with his family and we look forward to having him rejoin us after the recess; therefor,

Be It Resolved, That we extend to him our very best wishes and sincere hope for a speedy recovery.

The President resumed the duties of the Chair.

Mr. Mathis offered the following resolution, which was read and adopted:

WHEREAS, During the coastal storm of November 6-7, 1953, Barnegat Inlet in this county was seriously damaged and shoaled, to the extent that it cannot since that time be used for navigation; and

WHEREAS, The area surrounding Barnegat Bay, serviced by said Barnegat Inlet, is one having many large businesses and industries depending upon the proper and efficient operation of the Inlet for their existence; and

WHEREAS, One of the largest and most beneficial of the industries in Ocean county is catering to tourists, visitors and other persons who have occasion by boat and otherwise to use Barnegat Inlet, which is now impassable; and

WHEREAS, Because of the conditions recited above the said Inlet is impassable for safety and rescue work of the United States Coast Guard; and

WHEREAS, The present conditions of said Inlet present a potential health menace of major proportions and endanger the life of fish and other wild life of the bay; therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The Senate of the State of New Jersey hereby respectfully calls the deplorable present conditions of Barnegat Inlet, in the county of Ocean, as recited in the Preamble hereof, to the attention of the United States Army Engineers and petitions redress from said conditions, through the dredging and improvement of Barnegat Inlet, in the county of Ocean, to the end that said Inlet may be opened for efficient operation and use.

2. The Secretary of this Senate shall forthwith send a certified copy hereof to the United States Army Engineers and to each member of the Congress of the United States representing the State of New Jersey.

Mr. Dumont offered the following resolution, which was read and adopted:

WHEREAS, At long last, the Senator from Monmouth, with the able assistance of his charming wife, has produced a *son* and heir; and

WHEREAS, The frequent absences from home, on State business, on the part of the Senator have made the guiding and steadying influence of another male a much-needed addition to the Stout household; and

WHEREAS, The fears for the future failure of the distinguished Stout lineage and name are now allayed; therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. Congratulations and best wishes of the Senate are extended to Richard and Nancy Stout upon the occasion of the birth of a son and to their three daughters upon the occasion of the arrival of a brother.

2. A signed and authenticated copy of this resolution be forwarded to Senator and Mrs. Stout.

April 5, 1954.

Honorable W. Steelman Mathis,
President, New Jersey Senate,
State House,
Trenton, N. J.

DEAR SENATOR MATHIS:

I do not know how to tell you and the other members of the Senate how sorry I am for the confusion I caused when I fell and broke my hip on the floor of the Senate last Monday. I seem to be doing well and am still a patient at the Mercer Hospital here in Trenton, and I guess may be here for a while.

Will you please express to the members of the Senate my appreciation for the basket of gorgeous flowers which were so thoughtfully sent to me.

For the first aid and many other acts of kindness last Monday, my deepest gratitude.

If ever again I am permitted on the floor of the Senate, I promise to watch every step.

Very sincerely,

/s/ REBECCA M. RITTER,
(MRS. FRANK RITTER).

Mr. Sharp offered the following resolution, which was read and adopted:

WHEREAS, Mrs. Frank T. Ritter, of Vineland, had the misfortune to fall and break her hip while visiting the Senate last week;

Mr. Forbes offered the following resolution, which was read and adopted:

A resolution inviting the New York Stock Exchange and its member firms to relocate in the State of New Jersey.

WHEREAS, The New York Stock Exchange and its member firms now face the prospect of a 3% New York City service sales tax which would add a possible $8,000,000.00 addition to the costs of investors doing business in New York City; and

WHEREAS, 70% of the public business transacted on the New York Stock Exchange is by nonresidents, including thousands of citizens of the State of New Jersey; and

WHEREAS, The State of New York already imposes a stock transfer tax on all Exchange transactions, and the city of New York in addition imposes a tax on financial businesses that has increased 700% since 1946; and

WHEREAS, The New York Stock Exchange and its member firms fear the possible diversion of business to other competitive markets which the proposed city of New York additional impost would cause; and

WHEREAS, For similar reasons of threatened tax impositions in 1933, the New York Stock Exchange prepared to move to New Jersey and at that time filed and has since maintained a New Jersey corporate entity; now therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. An earnest, cordial invitation is extended to the New York Stock Exchange and its member firms to activate their plans of 1933 and relocate in New Jersey; where:

(a) No similar stock exchange taxes now exist or are contemplated to penalize American people investing in free American enterprise; and where

(b) There are physical facilities available in cities of New Jersey which are geographically close to the present location of the exchange and its member firms; and where

(c) There would be outright annual tax savings of many millions of dollars to member firms and the investing public.

2. The Speaker of the General Assembly shall appoint a committee of 3 members, including minority representation, to meet with the Officers and Directors of the New York Stock Exchange to extend this invitation and explore its possibilities.

3. This resolution shall take effect immediately.

3643 Roland Avenue,
Baltimore 11, Md.,
April 13, 1954.

The Honorable Senators,
State of New Jersey,
Trenton, N. J.

GENTLEMEN:

Regarding the enclosed account which appeared in this morning's "Sun," this city, would advise that, in the case of starlings, it has been learned that the most effective means of scaring off these birds is to catch one of them, hold him upside down, and shake him violently. His wild screaming will warn others of the flock. All of them will take off, never to return to that particuar roosting-spot, and what is more important, other flocks coming into the general orbit of that place will know, by some obscure means, and that it is an undesirable place to settle, and themselves depart for other places.

I felt it desirable to advise you of this because of the facts that this method will save the cost of fireworks, the possibility of endangering life and property through their use, the loss of time to set them off, the frequency necessary to assure effectiveness, and the sound and fury it saves the countryside.

Yours respectfully,

/s/ Miss Merle V. Martin.

Supplementary Budget Message of Governor Robert B. Meyner to the Legislature

To the Members of the Senate and General Assembly:

On February 15, 1954, I appeared before you to present my first Budget Message and to offer my sincere co-operation in our joint responsibility for the conduct of the State's business. I tried to present that budget with candor. I warned that it was probably the last New Jersey State budget that could be balanced, so to speak, with mirrors. It was, admittedly, a budget balanced only in the narrow sense that it provided for payment of the State's minimal housekeeping needs for twelve months.

The Budget Message concluded with a promise that, as soon as possible, I would submit a supplementary message covering policies on certain vital issues not then spelled out, such as State aid for schools, additional highway construction and means of creating a medical and dental college.

It has not been an easy task to analyze carefully our fiscal inheritance and to face frankly the unpleasant facts of fiscal problems that lie immediately ahead of us. For the short run, it would doubtless be a more popular course for the Chief Executive to stick his head in the sand and hope, in ostrich fashion, that the problems would thus painlessly be erased. You and I know that we cannot thus discharge our responsibility to the people of New Jersey.

In this message, I should like to present for consideration and action by the Legislature, and for study by the people of New Jersey, three major aspects of our fiscal problem:

> First, specific recommendations for appropriations and revenues in fiscal year 1954-55 and for policies which should be formulated in that year;
>
> Second, an analysis of needs for the fiscal year 1955-56 which from the standpoint of prudent management, we must deal with to provide a proper method for meeting foreseeable obligations;

Third, certain suggestions for joint legislative and executive consultation on these matters and a listing of possible alternative approaches for the raising of necessary revenues.

PART I

FISCAL YEAR 1954-55

I am requesting action in this fiscal year on three major problems that call for early decision: State aid for schools, additional highway construction, and a proposed medical-dental college.

Events since February have made clear the necessity of additional funds for construction of our State highways. In the budget submitted in February I recommended approximately $25,000,000 for this purpose. Of this sum $15,000,000 represents State funds, and the balance Federal money. This, however, is only a fraction of the money actually needed for highway construction. The State Highway Department had submitted a request for $80,000,000 to pay for what it considered to be essential projects. There are parts of the State—notably in our highly urbanized counties of Essex, Hudson, Passaic and Bergen, as well as in southern New Jersey—where mounting traffic has placed an intolerable burden on existing highways, and where we are witnessing a ghastly toll in deaths, injuries and property damage. Highway No. 17 in Bergen County, for example, has acquired the sinister name of "Butcher Boulevard." There are also substantial requirements for additional highway construction in other parts of the State.

Our continued business and industrial growth depends to a great extent on our network of highways; our farmers' income is keyed to easy access to metropolitan markets; hundreds of thousands of our people depend on our highways for daily travel to and from work; and New Jersey, as a vacationland for large numbers of visitors, as well as for our own citizens, profits from a sound highway system. Our new toll facilities—the Turnpike and the Garden State Parkway—add to the pressure on our State and municipal roads and streets because the additional traffic must be funneled into already overcrowded, inadequate access roads.

Our highway program presents a very special problem because it must be geared to Federal aid. You and I are fully aware—and so is the Federal Government—that the State of New Jersey has been diverting highway user revenues to other State purposes in violation of the Federal Hayden-Cartwright Act. The diversion of these revenues has for some time amounted to some $20,000,000 annually and the U. S. Bureau of Public Roads has notified me that New Jersey faces penalties through loss of substantial sums of Federal aid if this practice is continued.

The recent passage by Congress of an expanded highway aid program will mean the availability of an additional $5,985,000 of Federal money for New Jersey highways in the fiscal year 1954-55, provided New Jersey appropriates sufficient funds to match the Federal grants under the new formula.

I have also learned since submitting the Budget Message in February that $6,000,000 of Federal highway funds heretofore allotted to New Jersey will be lost unless funds are appropriated by New Jersey to match that amount.

In view of our great highway needs and the vast sums that New Jersey taxpayers contribute to the support of the Federal Government, I submit to you that it would be foolhardy to permit the loss of this additional Federal aid. It is clearly in our self-interest to act to insure our continued participation in the Federal road program.

I therefore strongly urge the adoption of an additional tax of one cent per gallon on motor fuels. I further recommend that $14,000,000 thus derived be appropriated in the fiscal year 1954-55 to the State Highway Department for highway construction. When added to the appropriations for highway construction previously recommended and to the additional $5,985,000 anticipated under the new Federal legislation, New Jersey can undertake a highway construction program totalling some $45,000,000 annually. I believe, moreover, this course will greatly lessen the likelihood of Federal penalties for diversion. It will also make certain that we do not lose the $6,000,000 of Federal funds already allotted to us.

It seems to me that a stable policy of continuous highway construction is more conducive to an economical and efficient highway program than resort to expensive, stop-and-go, multi-million dollar projects financed by bond issues.

STATE AID TO EDUCATION

A second great issue before us is how to provide increased State aid to schools and more just distribution of school costs. In recent weeks we have had the opportunity to study the Seventh Report of State Tax Policy Commission. At the outset, let me say that I agree with the recommendation for additional State school aid and strongly endorse the formula devised by the Commission for the equitable distribution thereof. This for the first time gears distribution of State aid to an equalization of ratables and is a vast improvement over the present Pascoe and Armstrong distribution formulas. The problem is a difficult one; and the Commission is to be commended for a sound approach and a sound proposal in this regard. I recommend the adoption of the distribution formula proposed in the Seventh Report and incorporated in pending legislation.

I do not agree, however, with the Commission's recommendations for financing school aid. Its recommendation of financing part of school aid with an increase of one cent in the gasoline tax would further aggravate our problem of highway diversion, since there already exists excessive diversion of highway user revenues to other than highway purposes, as I have previously shown. The estimate of the Commission of increased yields from pari-mutuel taxes has been questioned by the New Jersey Racing Commission; and the final report dated March 8, 1954, of the New York State Joint Legislative Committee which studied racing in that State makes it doubtful whether the suggested increase in the pari-mutuel take from 12% to 15% would raise the $8,000,000 estimated by the State Tax Policy Commission. Rather, this increase might adversely affect racing in New Jersey and jeopardize this important source of revenue.

There is a further aspect of the school aid problem which should be realistically faced. Local school district budgets have already been adopted for the fiscal year 1954-55 and local tax rates fixed. An appropriation at this time of State aid in the amount of $28,500,000 for the year 1954-55 would therefore, in my judgment, not be susceptible to sound and prudent use.

The school boards, however, should be definitely informed by November of this year as to the amounts which they may anticipate for the fiscal year 1955-56. I therefore strongly urge that the Legislature adopt the formula now and thus

make it possible to notify these boards in time for intelligent and thorough budget preparation for the year 1955-56. The State Tax Policy Commission estimates that approximately $31,000,000 will be required for that year. The development of ways and means to meet the costs of this and other pressing State needs will be discussed in the third part of this message.

Medical and Dental College

New Jersey is one of the most highly industrial and urban States of the Union and has a population of more than 5 million people. Many New Jersey young people are at a serious disadvantage in obtaining a medical or dental education because there are no medical or dental schools in this State and because of residence requirements of schools in other States. Moreover, the establishment of a health center in this State would be conducive to higher health standards.

I therefore advocate the establishment of a Medical and Dental College or Health Center, to be publicly supported and operated, except to the extent that it may be possible to obtain private financial and other participation. Since such a project may involve the raising of substantial public capital funds I believe it should be submitted to the people for their approval at a referendum.

It is accordingly recommended that you provide for the submission to the people in November, 1954, of the question whether they will approve a bond issue of $25,000,000 estimated as necessary for the erection of the necessary facilities for a Medical and Dental College. If this is approved, funds for maintenance and debt service will not, in my opinion, be required prior to the fiscal year 1955-56. An appropriate revenue source must, of course, be provided in the referendum.

Part II

Fiscal Year 1955-56

At this point I propose to discuss the following problems which require attention in connection with the fiscal year 1955-56:

First, the Proposed Highway Program recommended in Part I;

Second, additional revenues in lieu of surplus used to finance 1954-55, which will not be available for 1955-56.

Third, the foreseeable increase in Maintenance and Operating Costs in 1955-56 over those for the fiscal year 1954-55; and

Four, Additional State Aid for Education.

Highway Construction Program

I have discussed in Part I the compelling reasons why the highway construction program should be expanded during the fiscal year 1954-55. If my recommendations are adopted the basis will be laid for a continuation of that program during the fiscal year 1955-56 and thereafter.

Revenue in Lieu of Surplus

You are fully aware that proposed expenditures in the 1954-55 budget are to be met by using, as part of the resources, most of the surplus of $25,000,000 expected to be on hand July 1, 1954. Appropriations for the fiscal year 1954-55 which are presently under review by your fiscal committees are estimated at $235,500,000. Anticipated revenues are $212,000,000. Thus $23,500,000 of the July 1, 1954, surplus will be needed to meet the 1954-55 expenditures, leaving an estimated surplus on July 1, 1955, of $1,500,000.

It must be remembered that this surplus of $1,500,000 will be available only if our revenue estimates are actually realized. In my opinion our revenue forecasts have been carefully and realistically developed. They have not been deliberately lowered to produce a hidden surplus and I am convinced that this dangerously low anticipated surplus of $1,500,000 as of July 1, 1955, cannot be expected to increase

substantially because of the kind of revenue over-runs which were experienced in the past.

We must therefore face the fact that to continue the present services of the State Government in the fiscal year 1955-56 will require among other things, replacement by added revenue of the $23,500,000 which will have been taken from surplus in the fiscal year 1954-55 and will no longer be available.

INCREASED MAINTENANCE AND OPERATIONAL COSTS

As I indicated in my previous Budget Message, the $235,500,000 budget for the fiscal year 1954-55 included funds to operate a *part* of the expanded facilities provided from the $65,000,000 educational and welfare bond issues voted in recent years by the people. In the budget of 1955-56 the maintenance and operational costs of substantially *all* of these facilities must be provided. At a bare minimum, these costs will exceed the 1954-55 costs by $5,500,000.

If we are to continue—and I feel we should—the policy of granting normal salary increases to State employees (a program established in 1944) and also make necessary selective salary range revisions, we must have, in the fiscal year 1955-56, an additional $2,500,000. Our expanded salary scales both on the State and local levels make it mandatory to increase our contributions to our pension systems. These increases in the fiscal year 1955-56 will amount to approximately $1,900,000.

It is estimated that State aid for welfare, which includes old age assistance, child welfare, relief subsidies for municipalities, aid to the permanently and totally disabled, and payments to county hospitals, will increase by $1,400,000. All other anticipated increases in the 1955-56 budget are expected to equal $2,800,000. This latter figure will provide minimum additional funds needed for the State University; the improvement of our mental health program; the strengthening of our law enforcement agencies, with great emphasis on traffic control; and expansion of our reconstruction program of our already established highways. The total of these minimal increased requirements for the 1955-56 budget is approximately $14,100,000.

STATE AID FOR EDUCATION

As noted in Part I of this message, the additional school aid recommended in the report of the State Tax Policy Commission will require an additional $31,000,000 for that purpose in the fiscal year 1955-56.

RECAPITULATION

From these facts and figures it becomes clear that to balance the budget for the fiscal year 1955-56 the State will need the following sums over and above my February request for the fiscal year 1954-55:

1. Highway construction program..	$14,000,000
2. Funds in lieu of the surplus used in meeting 1954-55 budget obligations	23,500,000
3. Foreseeable increases in maintenance and operational costs in the fiscal year 1955-56 over and above fiscal year 1954-55	14,100,000
4. State aid for education	31,000,000
Total additional amount required for fiscal year 1955-56	$82,600,000

If the motor fuels tax increase is enacted now, for 1954-55, as recommended in Part I of this message, it will, of course, be available in the fiscal year 1955-56 in the amount of $14,000,000, leaving a net amount of new revenue required of $68,600,000.

I am sure that all of you agree with me that the facts and figures which I have set forth pose a serious problem. We will have to choose between two difficult alternatives. One is to cut services, the other to raise additional revenues. In studying the first alternative, it must be remembered that in our budget submitted in February for the fiscal year 1954-55 we have allotted $199,800,000, or 85% of the entire budget, to education, institutions, highways and law enforcement. I have pointed out in this message why it appears to be necessary to increase the appropriations for education and highways; and I am sure that none of our citizens would countenance a reduction in appropriations

for the welfare institutions which would preclude the opening of the doors of those facilities presently being built to relieve overcrowding. Likewise, the need for strengthening law enforcement is obvious.

The remaining sums, representing 15% of the budget, or a total of $35,700,000, provide for the Legislature, the judiciary, health, labor and industry, agriculture, and all the other services of our State Government. Even if we completely eliminated this entire group of services we would still be short of the amount required.

I shall, of course, seek every possible operating economy in the administration of our State Government. As you know, we have borrowed a large number of key men from New Jersey business and industry to work with our State officials in studies of methods and procedures looking toward the introduction of further modern business practices and I am hopeful that this step will result in money savings. But these savings will not suffice to solve our problem.

Part III

Toward the Development of a Revenue Program

Since it is clear that the fiscal problems immediately facing us cannot be solved solely by curtailment of services or the effectuation of economies of operation, we must reluctantly seek other ways and means of raising necessary revenues.

The possibilities are these: increasing the rates of existing taxes; imposing new taxes, or a combination of any of these. There is appended to this message a table listing some types of existing tax sources and some possible new tax sources.

There are strong objections to a policy of increasing rates of existing taxes. In the first place there are practical limitations on the extension of specific tax sources. Moreover, many of the existing State taxes are in the nature of selective sales taxes and concentration on these sources may place the burden of government unfairly upon specific classes of consumers such as purchasers of cigarettes, motor fuels, alcoholic beverages, etc.

Nor can we rely upon local property taxes to meet that part of our revenue problem which arises from the need for additional aid to schools. Continuing to saddle increased educational costs upon already overburdened property owners does not satisfy the present-day concept that the cost of education should be shared more equitably by the State with its local governments.

Many of the groups which have studied the school aid problem have arrived at the conclusion that the shouldering by the State Government of its fair share of the cost of aid to schools requires resort to broad base taxes.

The inexorable logic of the situation is that we must now face that alternative if we are to meet the need for more school aid and our other fiscal requirements. The State Government has been contributing some 13% of the cost of the local schools. With the adoption of the State Tax Policy Commission recommendation for additional State aid we would be contributing some 30%. Furthermore, our expenditures for all educational purposes, State and local, in the fiscal year 1955-56, will total $98,130,000, one-third of our State budget, if we provide the $31,000,000 additional State aid recommended by the State Tax Policy Commission.

At present the State contributes 13% of direct local school costs; only six of the 48 States contribute a smaller proportion. All other States contributing this or a higher proportion of local school expenses have one or more broad base taxes. In fact, New Jersey is one of only four States which are without one or more of personal income, corporate income, general sales and gross receipts taxes.

I am thoroughly aware of the opposition to new State taxes on the part of both political parties. I have myself opposed new taxes without prior submission to the people by referendum. But I am forced to conclude that now is the time to place the facts before the people and to ask them to choose between having certain State services and doing without further taxes.

These matters require attention now. Postponement to next year will leave us without adequate time to set up the administrative machinery for any new revenue measures which may be agreed upon. In the interest of fairness to our taxpayers, they should know of any new obligations in

advance of their due date. And the executive branch must know what services it is to provide when it starts, in August, 1954, the departmental hearings on the 1955-56 budget.

The power to raise revenue resides in the legislative branch of the government. However, I am of the opinion that a frank discussion between the Legislature and the executive branch would be the most likely method of reaching a sound solution of this pressing problem.

I therefore invite the Legislature to select such of its membership as it considers appropriate to meet with our tax and budget men, the heads of our operating departments and any others whom you may wish to consult. If conferences of this nature between the Executive and Legislative branches can preserve New Jersey's traditional policy of avoidance of broad base taxes, so much the better. I have no desire to impose upon our already heavily burdened citizenry any new taxes which can reasonably and fairly be avoided.

What confronts us, however, may be so sharp a break from the State's fiscal tradition that we must accept joint responsibility for it and submit the question in the form of a referendum to the people.

It is their money which is involved. It is their schools which need assistance. It is their government whose fiscal integrity must be preserved.

Respectfully submitted,

ROBERT B. MEYNER,
Governor of New Jersey.

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

April 26, 1954.

Mr. Shershin offered the following resolution which was read and adopted:

WHEREAS, Recently the exigencies of the political situation dictated the retirement of Abe J. Greene as State Athletic Commissioner after many years of stewardship; and

WHEREAS, Since his youthful days as a sports editor during which he crusaded for clean sports, Abe Greene has been a consistent leader in elevating what is variously described as the turbulent and hazardous sport of boxing. First, as a county inspector, then in 1931, when he singlehandedly completely reorganized boxing in New Jersey after a legislative investigation had revealed grave and sordid violations of the sport, Mr. Greene has been a vital factor in maintaining our State as a model of progress and development; and

WHEREAS, Mr. Greene was three times appointed as State Athletic Commissioner, and was called to lead his fellow commissioners of the National Boxing Association, representing all the State Commissions of the United States and neighboring countries, and was for seven years elected President, and upon retirement was elected and reelected for five successive years, as the first and only National Commissioner, which post he still holds; and

WHEREAS, Through these years he has brought to New Jersey many outstanding championship and other major contests, and has been a foremost architect in the safety programs which have marked the evolution of boxing in modern days and is universally besought for counsel and guidance in the conduct of the sport. Through these years, too, he has been personally responsible for the ascension of several New Jersey boys to world championships and quite widely has been characterized as "Mr. Boxing," now, therefore,

Be It Resolved, That the New Jersey Legislature take formal note of Commissioner Greene's faithful devotion and service to his State and to the sport of boxing in the nation; noting with especial pride that through all the years of his service, no taint of scandal has ever attached itself to his administration;

And Be It Further Resolved, That we offer him our warm appreciation and felicitations, and voice the hope that his unique talents may again be enlisted in the service of the people of the State.

"8. The commission shall have power to formulate and promulgate, amend and repeal codes and rules and regulations controlling and prohibiting air pollution throughout the State or in such territories of the State as shall be affected thereby; provided, however, that no such code, rule or regulation and no such amendment or repeal shall be adopted except after public hearing to be held after 30 days' prior notice thereof by public advertisement of the date, time and place of such hearing, at which opportunity to be heard by the commission with respect thereto shall be given to the public; and provided, further, that no such code, rule or regulation and no such amendment or repeal shall be or become effective until 60 days after the adoption thereof as aforesaid. Any person heard at such public hearing shall be given written notice of the determination of the commission.

"9. The Department shall control air pollution in accordance with any code, rule or regulation promulgated by the commission and for this purpose shall have power to—

(a) Conduct and supervise research programs for the purpose of determining the causes, effects and hazards of air pollution;

(b) Conduct and supervise State-wide programs of air pollution control education including the preparation and distribution of information relating to air pollution control;

(c) Require the registration of persons engaged in operations which may result in air pollution and the filing of reports by them containing information relating to location, size of outlet, height of outlet, rate and period of emission and composition of effluent, and such other information as the Department shall prescribe to be filed relative to air pollution. The requirement for filing of reports shall be conditional upon either the consent of the person engaged in operations which may result in air pollution or the direction of the Department, which direction may be granted only after a hearing upon notice to the person engaged in such operations,

(d) Enter and inspect any building or place, except private residences, for the purposes of investigating an actual or suspected source of air pollution and ascertaining compliance or noncompliance with any code, rules and regulations of the commission. The right to enter and inspect shall be conditional upon either the consent of the owner or lessee of the premises or the direction of the Department, which direction may be granted only after a hearing upon notice to the owner or lessee of the premises. Before any entry and inspection is made, the person who is to make the same shall sign a statement in the presence of and witnessed by a notary public or other officer qualified to take acknowledgment to deeds, that all information obtained shall be kept confidential except as it relates directly to air pollution. If samples are taken for analysis, a duplicate of the analytical report shall be furnished promptly to the person suspected of causing air pollution;

(e) Receive or initiate complaints of air pollution, hold hearings in connection with air pollution and institute legal proceedings for the prevention of air pollution and for the recovery of penalties, in accordance with this act;

(f) With the approval of the Governor, cooperate with, and receive money from, the Federal Government, the State Government, or any county or municipal government or from private sources for the study and control of air pollution.

"10. Any hearing required by this act to be held before the commission shall be held before any 3 or more members of the commission designated by the chairman and any member of the commission shall have power to subpœna witnesses and compel their attendance, administer oaths and require the production for examination of any books or papers relating to any matter under investigation in any such hearing. Any information as to secret processes or methods of manufacture or production shall not be disclosed in public hearing before the commission, insofar as practicable, and shall be kept confidential."

In case any written complaint is filed with the Department, or the Department has cause to believe, that any person is violating any code, rule or regulation promulgated by the commission, the department shall cause a prompt investigation to be made in connection therewith and if the Department shall find, after such investigation, that a violation of any code, rule or regulation of the commission exists, it shall immediately endeavor to eliminate any source or cause of air pollution resulting from such violation by conference, conciliation and persuasion.

"15. In case of the failure to correct or remedy a violation of any code, rule or regulation of the commission, within a reasonable time, by conference, conciliation and persuasion, the Department shall cause to be issued and served a written notice, together with the copy of a complaint made by it, or a copy of the complaint made to it, requiring the person so complained against to answer the charges of such complaint at a hearing before the department at a time and place to be specified in such notice.

"16. The respondent to such complaint may file a written answer thereto and may appear at such hearing in person or by representative, with or without counsel, and submit testimony, or both. The testimony taken at the hearing shall be under oath and recorded stenographically, but the parties shall not be bound by the strict rules of evidence prevailing in the courts of law and equity at such hearing, provided, however, that true copies of any transcript and of any other record made of or at such hearing shall be furnished to the respondent upon request and at his expense.

"17. Any hearing required by this act to be held before the department shall be held before the State Commissioner of Health, or a member of the department designated by him, who shall have power to subpœna witnesses and compel their attendance, administer oaths and require the production for examination of any books or papers relating to any matter under investigation in any such hearing. The department, at the request of any respondent to a complaint made by it, or to it, pursuant to this act, shall subpœna and compel the attendance of such witnesses as the respondent may designate and require the production for examination of any books or papers relating to any matter under investigation in any such hearing.

"18. If, at said hearing, the department shall determine that the person against whom the complaint is made is violating any code, rule or regulation promulgated by the commission, it shall fix a reasonable time during which said person shall be required to take such measures as may be necessary to prevent the same and to give periodic progress reports. Any information as to secret processes or methods of manufacture or production revealed by such periodic progress reports shall be kept confidential.

"19. If such preventive or corrective measures are not taken in accordance with the order of the department, the

department may institute a civil action in any court of competent jurisdiction for injunctive relief to prevent any further violation of such code, rule or regulation. Said court shall have power to grant such injunctive relief upon notice and hearing. Any person thus determined by the department to have violated a code, rule or regulation promulgated by the commission shall be liable for a penalty of $100.00 per week beginning with the tenth day after the expiration of the time fixed for the taking of preventive or corrective measures in the department's order. In the event that he continues to maintain or to permit the maintenance of any condition which has been determined by the department to constitute such a violation, the method of recovery of said penalty shall be pursuant to the Penalty Enforcement Law. (N. J. S. 2A:58–1 et seq.)"

"20. Review of any final decision or action by the department or by the commission shall be by procedure in lieu of prerogative writs. Review of the validity of any code, rule or regulation promulgated by the commission shall likewise be by procedure in lieu of prerogative writs."

Senate Bill No. 199, entitled "A supplement to an act entitled 'An act making appropriations for the support of the State Government and for several public purposes for the fiscal year ending June 30, 1954, and regulating the disbursement thereof,' approved April 18, 1953,"

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Anton, Dumont, Farley, Forbes, Hand, Hannold, Hillery, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—18.

In the negative—None.

The Secretary was directed by the President to carry said bill to the General Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

The following communication was received and read by the Secretary:

The Veterans' Ticket Committee today authorized its general chairman, Edward Simandl to contact each member of the New Jersey Assembly and Senate and request

that the rider to the bill amending the Faulkner Act that would take the investigating and other powers from the Newark Councilmen who will take office July 1st and place that power or powers in the hands solely of the Mayor and Administrator be killed and not become law.

Calling the rider a "rank violation of the principles of home rule" the veterans group referred to the bill rider as "the work of the Newark Evening News and out of town carpet baggers and others on the team that is trying to elect a group of hand picked candidates who are expected to do their bidding and who ultimately will become mere pawns and rubber stamps in the new government."

Citing the parrot-like phrases and pledges of obedience of the candidates being backed by these groups, Simandl, on behalf of the veterans group, stated that "if the bill passes the Legislature and becomes law it will show the extent of deception on the part of those who in one breath play the game of 'holier than thou' and in the next breath would deceive the voters of Newark who overwhelmingly voted for the new charter that contains provisions of checks and balances between the administrative and legislative sections of the new government in Newark. The very persons who condemned the power politics in the old city commission form of government are today playing for bigger stakes in the game of power politics and are pulling strings behind the scenes, not only to elect their hand-picked candidates but to take away the prerogative of the councilmen and to place all power in the hands of two men, the Mayor and the Administrator. That was not the intent of the new charter as it was voted for by the citizens of Newark. There is reason for the members of the Essex delegation and the leaders of Newark and Essex County clean government to disown and block the passage of this bill as ripper home rule legislation far more than the denunciation given the harness racing bill. The racing bill affected only those who would gamble with or without the bill becoming law while the home rule ripper legislation affects every citizen of Newark and goes to the heart of decent and representative government.

It must be remembered that these plans were made behind closed doors and it is even said today that already the planners have prepared a complete list of those who will

be appointed to key positions in the new government and that this list will soon be made public in the press even before the members of the Council who should pass on these appointments are elected. Is it any wonder that in view of these plans that legislation is being planned to take away the powers of the new Council? Will the members of the New Jersey Legislature stand for this ripper legislation? Or will they strike a blow at behind the scenes and invisible government? Since the Mayor heads the administrative section of the new government and the Council heads the legislative section it is inconceivable that anyone would want to give the administrative section the investigating power and to become its own judge and prosecutor. The veterans and voters of Newark urge the New Jersey Legislature to prevent passage of this rider.

EDWARD SIMANDL, *General Chairman,*
Veterans' Ticket Committee.

The following veto messages were received from the Governor by the hands of his Secretary containing:

Senate Bill No. 31, entitled ''An act to add an additional route to the State highway system,''

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 2, 1954.

SENATE BILL No. 31

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 31, for the following reasons:

This bill proposes to add a route approximately 3.6 miles in length to the state highway system in Atlantic County. The proposed route is not in any sense a spur or a connector, neither beginning nor ending in any part of the existing

state highway system. Most of the through traffic in this area is now amply handled by State Highway Route U. S. 30 and State Highway Route U. S. 40 into Atlantic City.

Atlantic County now maintains the route proposed by this bill, as County Road No. 20.

I am informed that the proposed route fails to comply with accepted standards for state highways, such as width, degree of curves, bridge alignment and other respects. Upon enactment of this bill the State would be faced with extraordinary construction and maintenance costs, at a time when we have insufficient funds for new construction, in addition to the financial burden of normal maintenance and patrolling by the State Police.

For the foregoing reasons, I am constrained to return Senate Bill No. 31 without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

Senate Bill No. 103, entitled "An act providing a method for increasing the number of the members of the board of chosen freeholders in counties having between 150,000 and 200,000 population,"

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 2, 1954.

SENATE BILL NO. 103

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 103, for the following reasons:

This bill would provide that in counties having between 150,000 and 200,000 population the boards of chosen freeholders shall consist of 5 members unless the number is increased to 7 by referendum of the voters of the county at the next general election.

In the event of an affirmative majority the two additional members of the board would be elected at the next ensuing general election.

In effect this bill is applicable only to Morris County. By virtue of the expiration on June 1 of the legislative "freeze" of the effect of the promulgation of the 1950 census in respect to the filling or creation of additional county offices (Chapter 9 of the Laws of 1954) Morris County is required to have 7 rather than 5 freeholders. The bill here in question is designed to subject the event of the change to referendum of the people of the county.

But it appears from the Final Report of the Joint Legislative Committee to Study the Effect of the 1950 Census on Certain Statutes, submitted June 22, 1953, p. 14, table 4, that the effectuation of the 1950 census will change the legal number of members of boards of freeholders in 8 counties. I am aware of no consideration peculiar to the County of Morris, as distinguished from the other 7 counties in question, which makes it reasonably appropriate that only in that county should the effect of existing county classification statutes pertaining to the number of members of such boards be made conditional upon a popular referendum. It may well be sound policy to permit the question as to the size of boards of freeholders to be determined by referendum in all of the eight counties which are to experience the change, or, indeed, in all of the counties of the State. If the Legislature in its wisdom enacts such a provision I would be inclined to give it sympathetic consideration, under principles of home rule. But I am not in accord with the special referendum provision for 1 county only accomplished by this bill.

A reading of the Final Report hereinabove referred to reveals a most undesirable welter of special classifications and subclassifications of counties in respect to number and salaries of offices, based upon population criteria ranging from reasonable to arbitrary in varying degrees. I believe the legislative effort at classification in this field should henceforth be geared toward general rather than special laws. The instant bill does not conduce to that objective. I am therefore constrained to return it without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

The following are conditionally vetoed:

Senate Bill No. 32, entitled "An act concerning county and municipal budgets, and amending section 40:2–29 of the Revised Statutes,"

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 2, 1954.

SENATE BILL NO. 32

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 32 herewith, with my objections, for reconsideration.

This bill amends section 40:2–29 of the Revised Statutes, a part of the Local Budget Law, which prohibits the making by local governmental bodies of contracts involving the expenditure of money unsupported by or in excess of existing budget appropriations for the purpose, with certain exceptions. The amendment would add to the existing exceptions municipal contracts for the purchase of street railway company rights-of-way on public streets or highways and for the improving or paving thereof.

I have no objection to the general purposes of the bill. Two deletions from the amendatory language appear, however, to be required, to prevent the possibility of results beyond the intent or proper scope of the bill.

The amending verbiage begins: "provided further, that nothing in this section nor in section 40:50–6 of this Title *or in any other provision of law* shall prevent a municipality from making a contract" etc. (Italics mine). In my judgment the italicized language should be deleted. If any other provision of law prohibits or restricts the making of such a contract (none come to mind) it should be considered and dealt with advisedly and not repealed in the indiscriminate fashion of this amendment.

The amendment carries a proviso requiring annual budgetary provisions for meeting the payments due under the contract. This seems to me unnecessary, as all lawful expenditures are already contemplated by law to be covered by specified appropriation itemization in each annual local budget. R. S. Section 40:2–21. But, more important, the proposed express requirement in the amendment for future

budgetary provision for the one kind of municipal contract dealt with therein might inferentially negative the same requirement in the case of the other long-term contracts already excepted from the effect of section 40:2–29, a clearly undesirable contingency.

Accordingly, I am returning Senate Bill No. 32 for reconsideration and with the recommendation that amendments be made to the bill as follows:

Amend page 2, line 19, by striking out the words "or in any other provision of law".

Amend page 2, line 25, by striking out the semicolon after the word "acquired" and insert in lieu thereof a period.

Amend page 2, lines 25 to 29, inclusive, by striking out all the contents of those lines commencing with the word "provided" on line 25 and concluding with the word "contract" and the following period on line 29.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

Senate Bill No. 144, entitled "An act to validate sales of land by private or public sale by the several municipalities of the State,"

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 2, 1954.

SENATE BILL No. 144

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 144 herewith, with my objections, for reconsideration.

This bill has the broad effect of validating all sales of municipally-owned lands pursuant to any ordinance setting minimum prices without conditions and minimum prices to veterans with conditions, where payment of purchase price and delivery of deed has taken place.

I believe that legislation should not validate municipal real property sales which are, or may be within the 30-day period of limitations fixed in Supreme Court R. R. 4:88–15, the subject of a judicial proceeding.

Accordingly, I am returning herewith Senate Bill No. 144 for reconsideration and with the recommendation that the bill be amended as follows:

Strike out the entirety of section 1 and insert in lieu thereof:

1. Any sale of any lands or any right or interest therein not needed for public use in accordance with chapter 60 of Title 40 of the Revised Statutes, which was made on or before May 1, 1954, by the governing body of any municipality pursuant to an ordinance which provided minimum prices without conditions and minimum prices to veterans with conditions and restrictions, and which is not the subject of any judicial proceeding pending in any court of this State on the effective date of this act, shall be valid and effectual in all respects, together with all proceedings had in connection therewith, provided that the purchase moneys pursuant to said ordinance have been paid to the municipality by the purchaser and that a deed has been delivered by the municipality to the purchaser.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

Senate Bill No. 145, entitled "An act to validate sales of land by public auction or private sale by the several municipalities of this State in certain cases,"

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 2, 1954.

SENATE BILL No. 145

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 145 herewith, with my objections, for reconsideration.

This bill has the broad effect of validating all sales of municipally owned lands at public auction or at private sale pursuant to an ordinance which was defective for failure to state a definite period of time for expiration of the ordinance.

I believe that legislation should not validate municipal real property sales which are, or may be within the thirty day period of limitations fixed in Supreme Court R. R. 4:88–15, the subject of a judicial proceeding.

Accordingly, I am returning herewith Senate Bill No. 145 for reconsideration and with the recommendation that the bill be amended as follows:

Strike out the entirety of Section 1 and insert in lieu thereof:

1. Any sale made at public auction or at private sale of any lands and premises by any municipality on or before May 1, 1954, which is not the subject of any judicial proceeding pending in any court of this State on the effective date of this act, is hereby validated and confirmed, together with all proceedings had in connection therewith, and any conveyance by such municipality of such lands to the purchaser or purchasers thereof upon payment of the purchase moneys therefor shall be construed in all courts of this State to convey or to have conveyed all the right, title and interest of any such municipality of, in and to the said land and premises notwithstanding that such sale was pursuant to an ordinance which did not state a definite period of time for expiration of such ordinance; provided,

however, that any such sale shall have been or shall be authorized or confirmed by resolution of the governing body of such municipality.

Add Section 2 as follows:

2. This act shall take effect immediately.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

WHEREAS, The Honorable Harold G. Hoffman, former Governor of the State of New Jersey, departed this life on the fourth day of June, 1954; and

WHEREAS, Governor Hoffman served with great distinction his native city of South Amboy as City Treasurer, his county of Middlesex as Assemblyman, his Congressional District as a Member of Congress, his State as Motor Vehicle Commissioner, as Director of Employment Security and as Governor and his country in the Army of the United States in both world Wars, rising to the rank of Colonel; and

WHEREAS, In his public and private life he was always intensely human, never given to pretense or sham, generous to a fault, at all times genuine, and earned for himself a well-deserved recognition for his honesty, courage and strength of character; and

WHEREAS, Notwithstanding his manifold activities as a statesman, legislator, Governor, administrator, editor, soldier and orator, Governor Hoffman always found the time to perform kindly deeds and to encourage the depressed with his homespun philosophy; and

WHEREAS, His courage on the battlefield and in public life has become legendary; and

WHEREAS, Governor Hoffman attained a unique position in public and private life by reason of his unexcelled ability as Master of Ceremonies and Speaker, with a rare and exceptional gift for humor, sparkle and punch

lines that made him known to and loved by many throughout the length and breadth of the land, to such an extent as has made his name synonomous with wit and the joy of living; and

WHEREAS, Governor Hoffman's unique position in public life cannot be filled and his death leaves a great void in the minds and hearts of the people of our State; and

WHEREAS, It is widely recognized that he was ever ready to extend a helping hand to men and women in all walks of life, even to the forsak ng of beckonings to pathways which would have lead him to golden rewards; and

WHEREAS, His unstinted devotion to the humanitarian causes in which he believed undoubtedly hastened his passing to the loving care of his Maker; now, therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Legislature of the State of New Jersey does record its deep sorrow at the death of Harold G. Hoffman and expresses its profound condolences to his bereaved family and to the legion of friends throughout the United States; and

Be It Further Resolved, That this resolution be spread in full on the Journal of the Senate and the Minutes of the General Assembly; and

Be It Further Resolved, That a copy of this resolution, signed by the President, and attested by the Secretary of the Senate, and by the Speaker, and attested by the Clerk of the General, Assembly, be sent to his family.

The following message was received from the General Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
Mr. President: June 10, 1954.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following bill:

Senate Bill No. 2, entitled "An act concerning retirement on pension of certain veterans in the public service, and amending section 43:4–1 of the Revised Statutes,"

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

The following message was received from the General Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
June 2, 1954.

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following concurrent resolution:

A concurrent resolution to declare the month of July as United States Marine Corps Reserve Month.

WHEREAS, The United States Marine Corps Reserve units in the State of New Jersey are about to engage in their annual summer training encampment; and

WHEREAS, More than four hundred of our young men in five separate units in New Jersey will devote two weeks of their time undergoing rigorous training under the direction of the United States Marine Corps Reserve; and

WHEREAS, These patriotic young men and their officers are giving their time and vigor to prepare for the future welfare of our citizens; and

WHEREAS, Such devotion and loyalty is worthy of note and honorable recognition in order to acquaint our citizenry with this wonderful endeavor; therefore,

Be It Resolved by the Senate and General Assembly of the State of New Jersey:

That the month of July is directed to be known as United State Marine Corps Reserve Month; and the residents are urged to recognize and support the invaluable service of the United States Marine Corps Reserve.

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

The following communications were received and read by the Secretary:

June 2, 1954.

Mr. Oliver F. Van Camp,
Secretary of the Senate,
State House,
Trenton, New Jersey.

DEAR MR. VAN CAMP:

I am attaching herewith for presentation to the Senate and Assembly of New Jersey petitions signed by several thousand residents of the State of New Jersey.

In accordance with the constitutional right of petition, the New Jersey State CIO and its affiliated locals and members, as well as the general public, are petitioning the Legislature for the following three purposes:

1. Increase maximum unemployment, temporary disability, and workmen's compensation benefits to at least $45 for single workers, plus $5 per dependent, as provided in S-170 (McCay), S-116 (Ridolfi), A-101 (Lazzio-Meloni), and A-186 (Kurtz).

2. Extend and strengthen the State Rent Control Law for at least 18 months, as provided in S-175 (Vogel).

3. Defeat the increase from 3¢ to 4¢ per gallon in the gasoline sales tax (A-389, Barnes).

We had intended accumulating the petitions until at least 100,000 persons had signed them, but the imminence of action by the State Legislature on tax and other legislation made it necessary to present the first batch of petitions—most of them signed over the Memorial Day week-end—to the Legislature at once.

They are but the opening wave of a flood of similar petitions from New Jersey citizens that will be presented to the Legislature within the next week. We strongly urge the Legislature to grant our petition.

Sincerely yours,

HARRY KRANZ,
Legislative Director.

June 10, 1954.

Mr. Oliver F. Van Camp,
Secretary of the Senate,
State House,
Trenton, New Jersey.

DEAR MR. VAN CAMP:

In accordance with my letters of June 2 and 7, I am attaching herewith additional petitions bearing the signatures of 3,829 additional residents of the State of New Jersey and directed to the State Legislature.

Together with the petitions presented June 2 and 7, this brings to 14,978 the number of signatures that have been collected on these petitions circulated by the New Jersey State CIO.

These petitions, signed by CIO members and the general public request the Legislature to:

1. Increase maximum unemployment, temporary disability, and workmen's compensation benefits to at least $45 for single workers, plus $5 per dependent, as provided in S-170 (McCay), A-101 (Lazzio-Meloni), S-116 (Ridolfi), A-106 (Lazzio-Meloni), and A-186 (Kurtz).

2. Extend and strengthen the State Rent Control Law for at least 18 months, as provided in S-175 (Vogel).

3. Defeat the increase from 3¢ to 4¢ per gallon in the gasoline sales tax (A-389, Barnes).

We urge the Legislature to bear the views of these thousands of New Jersey citizens in mind in voting on these issues.

Sincerely yours,

HARRY KRANZ,
Legislative Director.

PETITION

To: New Jersey Senate and Assembly

We, the undersigned, residents of the State of New Jersey, hereby petition the State Legislature to:

1. Increase maximum unemployment, temporary disability, and workmen's compensation benefits to at least $45 for single workers, plus $5 per dependent, as provided in S-170 (McCay), A-101 (Lazzio-Meloni), S-116 (Ridolfi), A-106 (Lazzio-Meloni), and A-186 (Kurtz).

2. Extend and strengthen the State Rent Control Law for at least 18 months, as provided in S-175 (Vogel).

3. Defeat the increase from 3¢ to 4¢ per gallon in the gasoline sales tax (A-389, Barnes).

Mr. Forbes offered the following resolution, which was read and adopted:

WHEREAS, The Regional Plan Association has put forward a proposal for a major contribution to the problem of North Jersey metropolitan rapid transit, involving the extension of New York's 14th Street subway into the Jersey City Meadows; and

WHEREAS, Such an extension of a facility now operating far below capacity would:

1. Take advantage of facilities already existing in New York, instead of requiring elaborate new terminals;

2. Provide connections directly or through underground passages with every North, South subway line in Manhattan;

3. Require rail tubes beneath the Hudson River, which would be built for 40 million dollars instead of additional vehicular tunnels which would cost from 100 million to 200 million dollars;

4. Run beneath expensive city ratables without disturbing them and fan out into an inexpensive meadow land terminal near the East end of the Pulaski Skyway and there connect with rail lines which have no direct entry into Manhattan;

5. Have available vast parking facilities to handle those that would otherwise drive their cars into Manhattan; now, therefore,

Be It Resolved, That the Senate of New Jersey urge the Metropolitan Rapid Transit Commission and the New York Transit, Authority, give this proposal serious study with the idea of reporting to the Legislature on their findings and to request any co-operation that this body can, if it sees fit, extend in this vital undertaking.

Amend page 1, before 1, insert:

"1. Section 402 of the act of which this act is amendatory is amended to read as follows:

402. Licensed distributors shall not sell, borrow, loan, buy or exchange unstamped cigarettes or stamps to, from or with other licensed distributors; *except cigarettes bearing the cigarette revenue stamps of other States.*

2. Section 406 of the act of which this act is amendatory is amended to read as follows:

406. Wholesale dealers and retail dealers shall not accept deliveries of unstamped cigarettes. All packages of cigarettes shall be examined by wholesale and retail dealers immediately upon their receipt and they shall immediately return any and all unstamped cigarettes to the vendor or consignor thereof or to a common carrier for return to such vendor or consignor. Unless substantial evidence to the contrary be shown, the possession of any unstamped cigarettes by a wholesale or retail dealer shall be prima facie evidence that such cigarettes were possessed in violation of the provisions of this act. *The director may, however, in his discretion and subject to such conditions as he may prescribe, authorize wholesale dealers and retail dealers to acquire and have in their possession cigarettes bearing cigarette revenue stamps of other States, provided such cigarettes are intended for sale or other disposition in those States.*".

Amend page 1, section 1, line 1, omit "1." insert "3.".

Amend page 2, section 2, line 1, omit "2." insert "4.".

Amend page 3, section 2, line 20, after "director" insert "; provided, however, anything to the contrary notwithstanding that any person claiming to be the holder of a mortgage, conditional sales contract or other security interest in any vehicle or vessel, the disposition of which is provided for above, may present his petition so alleging and be heard, and in the event it appears to the court that the property was unlawfully used by a person other than such claimant, and if such claimant acquired his security

interest in good faith and without knowledge that the vehicle or vessel was going to be so used, the court shall either waive forfeiture in favor of such claimant and order the vehicle or vessel returned or delivered to such claimant, or if it is found that the value thereof exceeds the amount of the claim, the court shall order payment of the amount of the claim out of the proceeds of the sale".

Amend page 3, section 3, line 1, omit "3." insert "5.".

A resolution honoring Simon H. Fabian.

WHEREAS, On August 24, 1914, there was launched in the city of Paterson, by Jacob Fabian, the father of Simon H. Fabian, the first architecturally artistic motion picture theatre in the country, marking the transition of a great American industry from the antiquated nickelodeon to the de luxe presentation which has made America the world seat for film entertainment; and

WHEREAS, Simon H. Fabian has continued to pioneer, as did his father before him, in new modes and methods for the development of the film industry and the resulting benefit to the public generally; and

WHEREAS, Simon H. Fabian has served his country with distinction, particularly during the war years when he aided in the launching of the Motion Picture Council for National Defense, served as chairman and active member of the War Activities Committee of the Motion Picture Industry, served as member of the War Manpower Commission by the appointment of the President of the United States, and spearheaded his industry's drive for

the United States Treasury campaigns, resulting in the award to him by the United States Government in 1947 of the Certificate of Merit, the highest civilian award within the gift of the nation; and

WHEREAS, Simon H. Fabian is to be given a dinner honoring his outstanding service to his industry, community, State and country; therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That on this memorable fortieth milestone of pioneering achievement in the field of motion pictures and industry, the Senate salutes Simon H. Fabian and commends him on his outstanding achievements and services to his industry, community, State and nation.

2. The Secretary of the Senate is directed to have a copy of this resolution printed and made available for presentation to Simon H. Fabian.

3. This resolution shall take effect immediately.

NEW JERSEY STATE COUNCIL

CIO

CONGRESS OF INDUSTRIAL ORGANIZATIONS

NEWARK 2, N. J.

June 14, 1954.

Honorable Oliver F. Van Camp,
Secretary, Senate of New Jersey,
State House,
Trenton, New Jersey.

DEAR MR. VAN CAMP:

In accordance with my recent letters, I am attaching herewith additional petitions bearing the signatures of 2,390 additional residents of the State of New Jersey and directed to the State Legislature.

Together with the petitions presented June 2, 7 and 10, this brings to 17,368 the number of signatures that have been collected on these petitions circulated by the New Jersey State CIO.

These petitions, signed by CIO members and the general public request the Legislature to:

1. Increase maximum unemployment, temporary disability, and workmen's compensation benefits to at least $45 for single workers, plus $5 per dependent, as provided in S-170 (McCay), A-101 (Lazzio-Meloni), S-116 (Ridolfi), A-106 (Lazzio-Meloni), and A-186 (Kurtz).

2. Extend and strengthen the State Rent Control Law for at least 18 months, as provided in S-175 (Vogel).

3. Defeat the increase from 3c to 4c per gallon in the gasoline sales tax (A-389, Barnes).

We urge the Legislature to bear the views of these thousands of New Jersey citizens in mind in voting on these issues.

Sincerely yours,

HARRY KRANZ,
Legislative Director.

The Secretary was directed by the President to carry said bill to the General Assembly and inform that body that the Senate has passed the same, without amendment.

A message was received from the Governor by the hands of his Secretary, endorsed "Veto Message."

Under the direction of the President, the seal of the message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 28, 1954.

SENATE BILL No. 113

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 113 herewith, with my objections, for reconsideration.

This bill permits the Attorney-General in his discretion to increase the salary of any assistant deputy attorney-general who was appointed prior to the effective date of the bill and who now has tenure, above the existing statutory maximum salary for such officers of $7,500.00 per annum. Thus it creates a class for enjoyment both of tenure and unrestricted compensation which cannot be entered except by incumbent assistant deputy attorneys-general who have tenure. I am opposed in principle to such a restrictive classification and have grave doubts as to its constitutionality.

As an acceptable alternative in accordance with the apparent legislative intention, I recommend an amendment authorizing the Attorney-General to grant salary increases to assistant deputy attorneys-general with 10 years service as such.

Accordingly, I am constrained to return Senate Bill No. 113 for reconsideration and with the recommendation that it be amended as follows:

In section 1, line 13, after "law" strike out the period and insert "; provided that Assistant deputy Attorneys-General heretofore or hereafter appointed who shall have served 10 years or more in such position shall receive such salary as the Attorney-General shall from time to time designate."

In section 1, lines 14, 15 and 16, strike out entirely.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

A message was received from the Governor by the hands of his Secretary, endorsed "Veto Message."

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 123

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 123 herewith, with my objections for reconsideration.

This bill authorizes the Department of Conservation and Economic Development to sell and convey certain State lands in the borough of Point Pleasant in Ocean County to Tillie Burley, who is presently leasing the premises from the State and maintaining a residence thereon.

The description of the property in the bill is not in accord with the surveys and description of the Division of Navigation of the Department of Conservation and Economic Development. Accordingly, I am returning it herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, line 6, strike "320.66" and insert in lieu thereof "347.82".

On page 3, section 1, line 17, after the word "Road" insert "a".

On page 4, section 1, line 41, strike "8964.42" and insert in lieu thereof "8694.42".

On page 4, section 1, line 42, after the word "less" insert "to a point".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

A message was received from the Governor by the hands of his Secretary, endorsed "Veto Message."

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 317

To the Senate:

Pursuant to Article V, Section 1, paragraph 14 (b) of the State Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 317.

I have endorsed the objective of this bill for a referendum on a State bond issue to finance establishment of a State Medical-Dental School since my membership on the New Jersey Medical College Commission in 1950-1951. Many citizens are vigorously supporting the project.

For amendment of a technical defect, I am constrained to return Senate Bill No. 317. In my judgment, the amount of the State debt authorized by the act should be stated both in the title and in the proposition to the voters. Accordingly, I recommend that the bill be revised as follows:

On page 1, amend the title by inserting "by the issuance of bonds of the State in the sum of $25,000,000.00" after "State of New Jersey".

On page 8, section 17, between lines 15 and 16, amend the proposition to the voters by inserting "by the issuance of bonds of the State in the sum of $25,000.000.00" after "State of New Jersey".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

Senator Wallace moved that Committee Substitute for Assembly Bill No. 387 and Committee Substitute for Assembly Bill No. 388 and also Committee Substitute for Assembly Bill No. 389, be left on the President's desk.

Senate Bill No. 126, entitled "An act concerning shellfish in this State, and amending section 50:3–15 of the Revised Statutes,"

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

MONDAY, AUGUST 2, 1954.

At 2:00 o'clock P. M. (Daylight Saving Time), the Senate met.

The session was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Anton, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

On motion of Mr. Wallace, the journal of the previous session was approved and its further reading was dispensed with.

Twelve communications were received from the Governor by the hands of his Secretary "Endorsed Nominations."

The following message was received from the General Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
Mr. President: June 28, 1954.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following bill:

Assembly Bill No. 475, entitled "An act to provide for the increase of the water supplies of the State by the construction, operation and maintenance of 2 water supply systems, including reservoirs, to be acquired, in the name of the State, and to be constructed, operated and maintained on behalf of the State, by commissions appointed or to be appointed pursuant to chapter 5 of Title 58 of the Revised Statutes, as agents for the State, and to provide for the acquisition of real property by condemnation, and of real and personal property by purchase or condemnation or other means, for the construction, operation and

maintenance of such water supply systems and to provide an additional method for the acquisition of real property by condemnation, and to give such commissions powers to sell and exchange water, fix rates and make contracts for the sale and exchange thereof, and powers to construct, operate, maintain and extend such water supply systems on behalf of the State, and to amend sections 58:5–2, 58:5–3 and 58.:5–4 of the Revised Statutes,''

In which the concurrence of the Senate is requested.

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

The Assembly message was taken up, and

Assembly Bill No. 475, entitled ''An act to provide for the increase of the water supplies of the State by the construction, operation and maintenance of 2 water supply systems, including reservoirs, to be acquired, in the name of the State, and to be constructed, operated and maintained on behalf of the State, by commissions appointed or to be appointed pursuant to chapter 5 of Title 58 of the Revised Statutes, as agents for the State, and to provide for the acquisition of real property by condemnation, and of real and personal property by purchase or condemnation or other means, for the construction, operation and maintenance of such water supply systems and to provide an additional method for the acquisition of real property by condemnation, and to give such commissions powers to sell and exchange water, fix rates and make contracts for the sale and exchange thereof, and powers to construct, operate, maintain and extend such water supply systems on behalf of the State, and to amend sections 58:5–2, 58:5–3 and 58:5–4 of the Revised Statutes,''

Was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Agriculture.

Mr. Summerill, Chairman of the Committee on Agriculture, Conservation and Economic Development, reported

Senate Committee Substitute for Assembly Bill No. 475,

Signed—John M. Summerill, Jr., Harold W. Hannold, Frank S. Farley, W. Howard Sharp.

Senate Committee Substitute for Assembly Bill No. 475, entitled "An act authorizing the State House Commission to acquire real property and options to purchase real property for and in the name of the State for water supply purposes and making an appropriation,"

Was taken up, read a second time, considered by sections, and ordered to have a third reading.

Emergency resolution by Mr. Summerill for Senate Committee Substitute for Assembly Bill No. 475 was laid over.

Mr. Wallace, Chairman of the Committee on Introduction of Bills, offered for introduction the following bills:

By Mr. Wallace,

Senate Bill No. 343, entitled "An act to amend 'An act concerning municipalities, and supplementing article 1 of chapter 60 of Title 40 of the Revised Statutes,' approved May 6, 1942 (P. L. 1942, c. 138),"

Which was read for the first time by its title.

Without reference.

Mr. Wallace moved that the rules be suspended and that Senate Bill No. 343 be advanced to second reading without reference.

Which motion was adopted.

SENATE BILL No. 44

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 44 herewith, with my objections, for reconsideration.

This bill provides for the abolition of the Hudson County Criminal Judicial District Court and provides for transfer of pending causes and records to the County Court. As amended in the Assembly, the bill requires that the employees of the Hudson County Criminal Judicial District Court in the classified service of the Civil Service be transferred to the County Court or the district court.

I have been advised that there is at present no need for these additional employees in the courts to which they would be transferred by mandate of this bill. This provision would impose an undue burden upon the public. They are, however, entitled to the protection of preferential listing in the event that there is a future call for employment in their category.

The abolition of the criminal judicial district courts under our present judicial system is highly desirable. Accordingingly, I am returning this bill herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 2, line 10, delete "transferred and ap-".

On page 2, section 2, lines 11 and 12, delete both lines and insert in lieu thereof the following:
"carried on a special Civil Service list, which list shall take precedence over all other Civil Service lists, and as future appointments to positions or employments of comparable duties and responsibilities in the district court or the County Court of the county are made, such appointments shall first be made from among such persons in the order of their seniority of service when of equal rank."

SENATE BILL No. 46

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith for reconsideration and with my objections, Senate Bill No. 46.

This bill provides that in civil service promotional examinations for policemen, 5 points shall be counted for any policeman who has received or shall receive an award for

heroism by any duly organized State-wide police association and that upon receipt of 3 such awards there may be a promotion to the next higher rank at the discretion of the governing body of the municipality.

I am in sympathy with the general objective of recognition of outstanding heroism by authorizing promotion of policemen (and firemen as well) in such cases. Written examinations do not always disclose the valuable attributes of personal valor which are sometimes manifested in actual experience. The difficulty is in respect to the fairness and impartiality of the agency making the award. I would prefer the development of a technique for such awards by official agencies. Pending enactment of legislation toward that end, I am approving so much of the present bill as authorizes a promotion for 3 awards, subject to clarification to assure that the awards have been granted for 3 separate and distinct acts of valor, rather than by different associations for one act.

I disapprove the provision for allowance of points based upon one award.

Accordingly, I am returning herewith Senate Bill No. 46 for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, lines 1 to 7, inclusive, delete the entire section and substitute in lieu thereof the following:

"1. Whenever a policeman in any municipality has received or shall have received awards for 3 or more separate and distinct acts of valor or heroism issued by any duly organized state-wide police association or associations which issue such awards on a regular basis and in accordance with specific rules or regulations such policeman may be promoted to the next higher rank at the discretion of the governing body of the municipality without taking a promotional examination."

Governor.

SENATE BILL No. 72

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 72 herewith, with my objections, for reconsideration.

The section of the election law here involved, R. S. 19:31–15, sets forth the procedure whereby the names of registered voters who may have died, been disqualified or improperly registered, may be removed from the voting lists. This bill would amend the paragraphs of this section dealing with the required publication of the notice of such removal and of the list of such voters. In the case of counties without a superintendent of elections, the present law specifies:

> ". . . .Such notice and list shall be published at least 2 entire days prior to the removal of such names and shall be published in at least 1, and if the county board deems necessary, 2 or more newspapers published within the county, 1 of which newspapers, at least, shall be published in the municipality affected, if there be one published therein; otherwise, 1 which shall have a circulation in said municipality. At least 1 of such newspapers shall be a daily newspaper, but if there be no daily newspapers published in the county then such notices shall be published as above provided in weekly papers. . . ."

This bill would remove the last quoted sentence. It also amends in similar manner another comparable provision applicable to counties having a superintendent of elections.

The section here involved has been amended eleven times since 1930. Until the 1953 amendment (P. L. 1953, c. 206), except for a period of 26 days, the statute required publication in 2 newspapers. Until 1934, both newspapers, and

thereafter, only 1, was required to be a daily. As the law now reads, it is ambiguous; first, as to whether the newspaper has to be published in the municipality affected if the board chooses to publish in only 1 paper, and second, as to whether the paper has to be a daily if there is to be publication in only 1 paper.

The deletion which this bill would effect still leaves an ambiguity. It is not clear whether the restriction that "1 of which newspapers at least, shall be published in the municipality affected" applies only when there is publication in more than 1 newspaper.

This section affects one of the fundamental prerogatives of our citizens—the right to vote. It is therefore essential that the statute permitting the name of a registered voter to be removed from the voting lists be clear and unequivocal and that the publication requirement be such as to insure that reasonable notice be given to the voter of the impending disfranchisement.

Accordingly, I am returning Senate Bill No. 72 herewith, for reconsideration and with the recommendation that the bill be amended as follows:

On page 3, section 1, line 58, after "lished" delete the rest of the line and insert the following: "as follows: (a) in a daily newspaper published and circulating in the municipality affected, if there is one, or if not, (b) in a weekly newspaper published and circulating in such municipality and a daily newspaper published in the county and circulating in the municipality; but if there be no such weekly newspaper, then in lieu thereof the publication shall be in a weekly newspaper circulating in the municipality, if any; if there be no such daily newspaper published in the county and circulating in the municipality, then in lieu thereof the publication shall be in a daily newspaper circulating in the municipality, if any."

On page 3, section 1, lines 59, 60 and 61, delete the entire lines.

On page 5, section 1, line 111, after "order" delete the rest of the line and insert the following: "in a daily newspaper published in the county and circulating in the municipality affected; in addition thereto,

if the commissioner deems it necessary, there may be publication in any other newspaper circulating in the municipality affected."

On page 5, section 1, line 112, delete the words "more newspapers published within the county".

Respectfully,

Attest: *Governor.*

SENATE BILL No. 76

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 76 herewith, with my objections, for reconsideration.

The statute, R. S. 40:151–33, which is amended by this bill, now permits township fire districts to issue bonds not exceeding an aggregate of $60,000.00. This bill would authorize any such fire district where the ratables equal or exceed $10,000,000.00 to issue bonds not exceeding $200,000.00.

As amended, the section would leave an excessive variable in the limitations for debt applicable to districts above and below the $10,000,000.00 ratable criterion. It would appear that where ratables are to be used as a basis for determining the debt limitation, there should be some degree of progressive relationship between the amount of the ratables and the amount of the limitation in order to afford equitable treatment to all fire districts within the scope of

the act. One method of accomplishing that object would be to permit fire districts to issue bonds in amounts up to $60,000.00 or 2% of the ratables, whichever is the greater.

Accordingly, with the concurrence of the sponsor, I am returning this bill herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, line 8, after "$60,000.00" insert "or 2% of the assessed valuations of taxable real property of such district, whichever is the greater,".

On page 1, section 1, lines 11, 12 and 13, delete "; provided, however, that in any such fire district where the ratables equal or exceed the sum of $10,000,000.00, bonds in a sum not exceeding an aggregate of $200,000.00 may be issued."

SENATE BILL No. 81

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 81.

This bill amends the Teachers' Pension and Annuity Fund law to remove the one-year limitation on the purchase of prior service credits by new entrants with teaching service in this State and other States and by former members who re-enroll. The existing statute imposes a ten-year max-

imum on the teaching service for which a new entrant may purchase back credits, except that a new entrant with teaching service in this State prior to September 1, 1919, could, if employed as a teacher on July 1, 1952, elect within one year thereafter to purchase back service credits for his total service within or without the State not limited to ten years. The outdated requirements of (1) employment on July 1, 1952 and (2) election to contribute for back service on or before July 1, 1953 are deleted in the proposed measure.

For the State's matching contribution for back service credits, under the act as hereby amended, it is estimated by the Actuary of the Teachers' Pension and Annuity Fund that the State would face a yearly expenditure of $140,000. I am informed that teachers upon their enrollment or reenrollment as members of the fund have been advised fully of their rights under the Teachers' Pension and Annuity Fund law, including the right to elect within one year to contribute for back service. There is no indication that the time limit is unreasonable.

I am unable to approve the removal of the one-year limitation because the foreseeable benefit is outweighed by the substantial additional financial burden imposed upon the State. This is another example of legislation which, while it has an ostensible justfication, refuses to recognize the serious financial problems of the State. The cumulative effect of such bills would be fiscal disaster to the State Government.

I am therefore returning Senate Bill No. 81 with my recommendation for its revision as follows:

On page 1, section 1, line 9, after the bracket insert "who enroll on or after July 1, 1946, shall be given 1 year from the date of enrollment to"; before "file" strike out "may at any time after enrollment".

On page 1, section 1, line 10, before "agree" insert "to".

On page 2, section 1, line 17, after the bracket insert "New entrants who were enrolled in the retirement system prior to July 1, 1946, shall be given 1 year from that date to file such statement, except that any new entrant in service on July 1, 1952, who has rendered service prior to September 1, 1919, as a teacher in the public schools of the State, for which no credit is

allowed, may within 1 year after July 1, 1952, file a statement showing the period of service as a teacher in the public schools of the State not now creditable for which he is willing to contribute."

On page 3, section 3, line 10, after the bracket strike "at any time after" and insert "within 1 year from".

SENATE BILL No. 93

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 93 herewith, with my objections, for reconsideration.

The statute which this bill would amend, N. J. S. 2A:162–5, provides for a period of limitation of 6 years after which no recognizance of bail shall be a lien or charge upon or against any real property. This amendment would extend this period of limitation to all property, real or personal, employed as security for a recognizance of bail.

While the object of this legislation is desirable, the bill makes no provision for a reasonable time within which to prosecute existing claims which would otherwise be barred or for which the time for enforcement would be curtailed by the proposed amendment. Such a saving clause is required by considerations of due process. I regard 6 months as a reasonable period for this purpose.

Accordingly, I am returning the bill herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, line 14, delete the period and insert in lieu thereof the following: "; provided that any claim, lien, or charge against personal property affected by any of the provisions of this act may be prosecuted or enforced within 6 months from the effective date hereof."

SENATE COMMITTEE SUBSTITUTE FOR

SENATE BILL No. 131

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith, for reconsideration and with my objections, Senate Committee Substitute for Senate Bill No. 131.

The proposed legislation regulates the registration, equipment and operation of power vessels and motors on the nontidal waters of this State. It would repeal sections 12:7–1 through 12:7–34 of the Revised Statutes, which presently regulate the same subject. The operation of power vessels on the tidal waters within this State is regulated under Chapter 157 of the Laws of 1952, and the apparent intention of the present bill is to leave the latter law unaffected.

It is clearly desirable that the operation of power vessels on non-tidal waters be brought under more effective control. However, the present bill has the following objectionable features which should be amended if it is to become law:

1. A large part of the bill is devoted to regulating in detail the manner in which power vessels and motors shall be equipped and operated. For example, it devotes 2 sections to prescribing regulations for the conduct of boat races or regattas. All of these matters should more properly be the subject of regulation by the Department of Conservation and Economic Development, pursuant to statutory authority; such details of regulation should not be spelled out in the statute itself. Administrative regulations, under standards set forth in the statute, will provide desirable flexibility and will enable the department to keep its rules in accord insofar as practicable with similar regulations promulgated by the United States government in respect to the operation of power vessels on tidal waters. Such coordination of the rules governing tidal and non-tidal waters is in my opinion essential.

2. Many sections of the bill are unnecessarily repetitious and at times difficult to reconcile with other sections. I am recommending hereinafter the elimination of several such sections, in particular certain specific provisions relating to penalties, in view of the scope of the general penalty provision.

3. The bill provides that from the moneys received for registrations and licenses, the Department of Conservation and Economic Development is authorized first to deduct and pay over a certain sum of money to the special inspector issuing a registration or license. Such financial operations contravene the established fiscal policy of this State, which requires that fees of this type be turned over to the State Treasurer for deposit into general State funds.

4. Section 63, providing for the repealer of the present statute governing power vessels on non-tidals waters, is ambiguous as presently written, since it equates chapter 7 of Title 12 with section 12:7–1 to 12:7–34, inclusive; this poses a question as to the status of section 12:7–44 through 12:7–53 of the New Jersey Statutes annotated.

5. Several of the sections pertaining to enforcement procedure in the courts are unnecessary and possibly invalid; the matter contained therein is adequately covered by court rules or other statutes.

6. Offenses classed as misdemeanors should be kept to a minimum, and minor offenses should be classed instead as disorderly conduct. This downgrading in my judgment will render enforcement of the statute more effective.

7. The proposed legislation should expressly provide that violations of regulations duly issued by the department are punishable offenses under the statute.

Based on the foregoing, I am returning Senate Committee Substitute for Senate Bill No. 131 herewith, with my recommendation for its revision as follows:

On page 1, amend the title, after "repealing" strike out "chapter 7 of Title 12 (§§" and insert "Sections"; after "12:7–34" strike out "inc.)" and insert "inclusive"; after "supplementing" strike out "said"; after "Title" insert "12 of the Revised Statutes".

On page 2, section 1, after subdivision (e), line 15, insert a new subdivision as follows:

"(f) The term 'inspector' shall mean power vessel inspector."

On page 2, section 2, line 2, before "rules" strike out "such"; after "regulations" insert a comma; after "inconsistent" strike out "herewith as may be necessary" and insert "with this act, governing the registration, licensing, inspection, operation, equipping, anchoring and racing of power vessels upon the waters other than tidal waters of this State. Said rules or regulations shall be such as are reasonably necessary for the protection of the health, safety and welfare of the public and for the free and proper use of said waters by any persons or vessels in, on or about such waters. Said regulations shall, insofar as practicable, be in substantial conformity with regulations issued by the agency or agencies of the United States having jurisdiction with respect to power vessels upon the tidal waters of this State."

On page 2, section 2, line 3, strike out "in carrying out the purposes of this act."

On page 2, section 3, line 2, after "motor" insert "or upon the issuance of a license or permit".

On page 2, section 4, line 1, after "any" insert "power".

On page 2, section 4, line 4, after "force" insert ", and the operator thereof shall have been duly licensed to operate a power vessel".

On page 2, section 5, line 4, after "registering" insert "or operating".

On page 3, section 5, line 7, after "lights" insert "pursuant to the rules and regulations prescribed by the department".

On page 3, section 5, lines 10 to 13, inclusive, strike out entirely.

On page 4, section 10, line 1, after "for" insert "registrations,".

On page 4, section 10, line 3, after "State" strike out "; provided, however, the department", and insert a period.

On page 4, section 10, lines 4 to 7, inclusive, strike out entirely.

On page 5, section 13, line 4, after "association" strike out "except as hereafter set forth" and insert "in accordance with rules and regulations prescribed by the department and pursuant to a permit duly issued by the Department".

On page 5, sections 14 and 15, strike out entire sections.

On pages 5 and 6, section 16, lines 1 to 5, inclusive, strike out entirely.

On page 6, section 17, line 1, strike "17." and insert "14."

On page 6 section 18, line 1, strike "18." and insert "15."

On page 6, section 19, line 1, strike "19." and insert "16."

On page 7, section 20, line 1, strike "20." and insert "17."; before "No" insert a new sentence as follows: "No person shall operate a power vessel or motor which displays a fictitious number or a number other than that designated for such vessel or motor in its New Jersey registration certificate."

On page 7, section 20, line 7, after "delivery." strike out "Any person who shall violate this section shall be".

On page 7, section 20, lines 8 to 13, inclusive, strike out entirely.

SENATE BILL No. 167

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 167.

This is a bill to validate certain in rem tax foreclosures conducted pursuant to P. L. 1948, Chapter 96. The bill

applies to cases where the tax foreclosure list failed to state, as required by the statute, the full amount of tax liens accruing subsequent to the tax sale. The bill seeks first to validate the tax foreclosure list "notwithstanding the lack of such inclusion", and, secondly, to validate the foreclosure proceeding "as though such inclusion had been made". There must be resolutions by the governing body of the municipality confirming both the tax foreclosure list and the proceedings.

The essential purpose of the bill to validate a formal, not a jurisdictional, defect, is proper. Despite the omission of the full amount of the subsequent liens, the right of redemption of the owner or of any party in interest is not affected and the amount to be paid on redemption must include the subsequent liens.

I object, however, to the provisions in this bill for the validation and confirmation of an admittedly defective tax foreclosure list. Validation of the proceedings is legally significant; validation of an error in the tax foreclosure list is not only anomalous but will not *nunc pro tunc* validate the proceedings.

With the concurrence of the sponsor, I am therefore returning Senate Bill No. 167 with my recommendation for its amendment as follows:

On page 1, amend the title, strike out "(P. L. 1948, c. 9)" and insert "(P. L. 1948, c. 96)".

On page 1, section 1, line 8, after "(1948)," strike "such Tax Foreclosure List" and insert "any final judgment entered in any such action or proceeding".

On page 1, section 1, line 9, strike "adequate, sufficient" and insert in lieu thereof "good"; after "valid" insert ", legal and effectual for all purposes whatsoever,".

On page 1, section 1, line 10, before "shall" strike "the proceeding".

On page 1, section 1, line 11, after "municipality" insert "shall,"; after "resolution," strike "con-" and insert "amend and correct such Tax Foreclosure List and shall further, by resolution,".

On page 1, section 1, lines 12 and 13, strike out entirely.

On page 1, section 1, line 14, before "ratify" insert "confirm,"; after "any" insert "final judgment entered in any action or"; after "proceeding" strike "taken thereafter and".

On page 1, section 1, line 15, after "List" strike "relating to such foreclosure subsequent to the reso-" and insert ", all within 3 months of the effective date of this act."

On page 1, section 1, line 16, strike out entire line.

SENATE BILL No. 169

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 169.

This bill has the broad effect of validating all past public sales of lands acquired but no longer needed for school purposes by any board of education, despite noncompliance with the statute on public advertisement. R. S. 18:5–26 requires publication at least once a week for two weeks prior to public sale. Senate Bill No. 169 validates any such sale advertised at least twice, and otherwise conducted in accordance with the statute, if confirmed by the board of education.

I believe that legislation should not validate irregular sales of lands by municipalities or other public bodies which are, or may within the thirty-day period of limitations fixed by Supreme Court R. R. 4:88–15, be the subject of a judicial proceeding.

Accordingly, I am returning herewith Senate Bill No. 169 for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, line 1, after "proceedings" omit "heretofore" and insert in lieu thereof "which were"; after "board of education" insert "on or before July 1, 1954".

On page 1, section 1, line 3, after "utes" omit the comma; after "therein" insert ", and which are not the subject of any judicial proceeding pending in any court of this State on the effective date of this act,".

SENATE BILL No. 225

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 225.

This bill has the worthy purpose of enlarging the State Racing Commission's control over stock ownership in corporations or associations which conduct race meetings.

Under existing law, persons seeking to acquire 1% or more of the issued and outstanding stock in such corporations must obtain advance approval from the Commission. The proposed amendment would require such approval of stockholders by the Commission prior to the acquisition of any stock, without limit as to percentage of ownership.

Because Senate Bill No. 225 is an amendment to Chapter 167 of the Laws of 1946, its title as an amendment to Chapter 17 of the Laws of 1940 is defective.

I further believe that the bill should be revised to set forth specifically and beyond possibility of mistake the State Racing Commission's authority to approve or disapprove upon investigation the prospective purchaser of any proprietorship interest in a racing corporation or association evidenced otherwise than by shares of stock, for example by a trust certificate.

Accordingly, I am returning Senate Bill No. 225 herewith with my recommendation for its revision as follows:

On page 1, omit the title and substitute as the title:

"An act to amend 'An act to supplement "An act creating the New Jersey Racing Commission and defining its powers and duties; providing for the granting of permits and licenses for the operation of race meetings whereat the running, steeplechase racing or harness racing of horses only may be conducted; providing for the licensing of concessionaires and operators and their employees; regulating the system of pari-mutuel betting and fixing the license fees, taxes and revenues imposed hereunder and fixing penalties for violations of the provisions of this act," approved March 18, 1940, (P. L. 1940, c. 17), as said Title was amended by chapter 137 of the laws of 1941 (P. L. 1941, c. 137),' approved April 25, 1946 (P. L. 1946, c. 167)."

On page 1, section 1, line 5, delete "stock thereof" and substitute the words "shares of stock or certificates or other evidence of ownership of any interest in such association or corporation."

On page 2, section 1, line 10, delete the word "stock" and substitute the words "shares of stock or certificates or other evidence of ownership of any interest in such association or corporation".

On page 2, section 1, line 12, delete the word "stock" and substitute the words "shares of stock or certificates or other evidence of ownership of any interest in such association or corporation".

On page 2, section 1, line 15, delete the words "stock of" and insert in lieu thereof the words "shares of stock or certificates or other evidence of ownership of any interest in".

SENATE BILL No. 226

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 226.

This bill seeks to amend the existing statute which now requires a corporate applicant for a permit to conduct a race meeting to file with the State Racing Commission the names and addresses of each stockholder owning 1% or more of the stock of the corporation. Filing of the names and addresses of all stockholders, without limit as to percentage of ownership, would be mandatory under this amendment.

I am sympathetic with the objective of strict control of ownership in racing corporations and associations by the commission and suggest a further tightening of such control by the following amendment which conforms to the amendments I have recommended for Senate Bill No. 225:

On page 2, section 1, line 20, omit the words "stockholder owning stock thereof" and substitute in lieu thereof the words "owner or holder, directly or indirectly, of any share of stock or certificate or other evidence of ownership of any interest in such corporation or association".

SENATE BILL No. 243

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the State Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 243.

This bill would divide the Shell Fisheries Council in the Department of Conservation and Economic Development into two autonomous departments, one to be known as the "Department of Maurice River Cove" and the other to be known as the "Department of the Atlantic Coast." One member of the Council would, however, belong to both departments. The problems confronting the clam industry along the Atlantic Coast and the oyster industry in the Delaware Bay are distinct, as this legislation recognizes. Although, as a general principle, I favor consolidation of bureaus and agencies dealing with the same subject matter, I am of the view that the proposed subdivision in the Shell Fisheries Council would provide a more effective and workable administration of the shellfish industry.

I believe, nevertheless, that there should be a revision of the designations of the two subdivisions of the Shell Fisheries Council to be created hereby. The Constitution, in Article V, Section IV, paragraph 1, fixes "department" as a principal instrumentality within the State Government concerned with a major and comprehensive administrative function, e.g., the Department of Conservation and Economic Development.

Under the Constitution, there can be no more than 20 such principal departments. Designation of the two subdivisions of the Shell Fisheries Council as "departments" is in conflict with the basic organizational structure of the State Government.

Accordingly, I am constrained to return Senate Bill No. 243 herewith with my recommendation for amendments as follows:

On page 1, section 1, line 4, after "2" strike "depart-" and insert "sections".

On page 1, section 1, line 5, strike "ments"; after "the" strike " 'Department of Maurice river cove,' " and insert " 'Maurice River Cove Section,' ".

On page 1, section 1, line 7, after "the" strike " 'Department of the Atlantic coast,' " and insert " 'Atlantic Coast Section,' ".

On page 1, section 1, line 11, after "2" strike "departments" and insert "sections".

On page 1, section 1, line 12, after "The" strike "Department of the Maurice River Cove" and insert "Maurice River Cove Section".

SENATE BILL No. 265

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith Senate Bill No. 265 with my objections, for reconsideration.

The present statute, R. S. 40:47–3, which this bill amends, deals with the qualifications for appointment as an officer or member of a police force or fire department. One provision of the section prohibits the appointment of any person who has been convicted of any crime "involving moral turpitude, which in the judgment of the appointing power would be prejudicial to the morale of the force." This bill would delete the quoted portion and substitute any crime "constituting an indictable offense."

The purpose of the bill is to raise the standards so as to preclude the appointment of individuals with a past record incompatible with their public duties. The public interest requires that persons in such positions have an unassailable background. I heartily endorse the objective of this bill.

It is my view, however, that due to the new disorderly persons act and its "downgrading" of offenses, many convictions which should disqualify an applicant for such a position are not classified as indictable offenses, e.g., consorting with criminals (2A:170–1), common thieves (2A:170–2), carrying burglary tools (2A:170–3), prostitution (2A:170–4), and possession of lottery slips (2A:170–18).

The bill would also produce discrimination as to those persons who were convicted of an indictable crime which is now merely a violation of the disorderly persons act.

In order to conform the powers and duties of the appointing authority to the existing status of the criminal law, and

yet subserve the object of the present bill, I am returning this bill herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, line 15, delete the words "crime constituting an" and insert after the word "offense" the following: ", or who has been convicted of any crime or offense involving moral turpitude".

SENATE BILL No. 281

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 281 herewith for reconsideration and with my objections.

The bill authorizes county park commissions to lease park lands or concessions within park lands for revenue purposes. This is a useful supplement to the statute establishing the powers of the park commissions.

The lease must be to the highest bidder "after published advertisement for not less than 10 days." Literally, and in accordance with the decision in *Application of Buckeye Pipe Line Co.*, 89 A. (2d) 289 (N. J. Special Statutory Court, 1952), such language would call for publication on ten separate days. I believe that such publication is excessive, beyond the demand of adequate notice.

I am, therefore, returning Senate Bill No. 281 with my recommendation for its revision as follows:

On page 2, section 1, subdivision h, line 30, after "advertisement" strike "for"; after "days" insert "prior to award of lease".

SENATE BILL No. 315

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith for reconsideration and with my objections Senate Bill No. 315.

This bill proposes to validate any sale of municipally-owned lands heretofore made, although the last public notice of the sale was eleven days prior to the sale, not seven days as required by R. S. 40:60–26, if the municipal governing body has confirmed the sale and the full purchase price has been paid.

In conformity with my conditional vetoes of Senate Bills Nos. 144, 145 and 169 of this session, I state again my conviction that legislation should not validate municipal real property sales which are, or may, within the thirty-day period of limitations fixed in Supreme Court R. R. 4:88–15, be the subject of a judicial proceeding.

Accordingly, I am returning herewith Senate Bill No. 315 for reconsideration and with the recommendation that it be amended as follows:

On page 1, section 1, line 2, after "use," omit "heretofore made" and insert "which was made on or before July 1, 1954".

SENATE BILL No. 318

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 318 herewith, with my objections, for reconsideration.

This bill establishes the compensation schedule consisting of 42 ranges for the State service for the fiscal year 1954-1955. One effect is to require the ranges allocated by the Civil Service Commission to all class titles within the classified service of the State as of July 1, 1954, to be maintained throughout the fiscal year 1954-1955.

At my request, a study has been instituted of the range allocations in the State service by a committee of experts from private industry. Preliminary reports by the committee indicate that some range revision will be necessary. It

had originally been anticipated that this revision could have been completed by July 1, 1954. The magnitude of the task and the broad scope of the inquiry, however, have made it impossible to complete the final report as of that date.

It would be inequitable to many State employees and hamper effective administration if all range allocation to class titles were frozen on the basis of previous schedules. The report of the committee will be based upon an objective survey with sufficient factual material, and if implemented, will insure that selective range revision will be done on a sound and fair basis. It is, therefore, necessary that appropriate provision be made for some revision of the allocation of ranges.

In order to effectuate the objectives of this bill in the current fiscal year and to permit the State to take advantage of the results of the report of the committee now studying the problem, I am returning Senate Bill No. 318 for reconsideration and with the recommendation that the bill be amended as follows:

On page 6, section 12, line 3, after the word "power" insert the following: "to revise the allocation of ranges specified in sections 4 and 5 of this act, and".

Governor.

SENATE BILL No. 338

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I am returning herewith, for reconsideration and with my objections, Senate Bill No. 338.

The instant measure, if approved, would amend R. S. 14:8–16, a punitive statute creating a right of action in favor of a stockholder or creditor against the president and secretary or treasurer of a corporation for all its debts contracted prior to the filing of a certificate of payment of an installment of capital stock, where the stockholder or creditor requests such filing in writing and the officer has thereafter failed to comply with the request for a period of thirty days.

The proposed amendment seeks to condition the officer's liability upon actual receipt of the written request within one year after the certificate should have been filed and upon the provision that the request contain no other matter and cite the statutory consequences of failure of compliance. I approve these revisions of a severely punitive statute which is susceptible of unjust abuse as it now stands.

In addition, however, Senate Bill No. 338 would cut off all existing rights of action under the statute to be amended, whether or not an action in the courts has commenced, and would invalidate any judgment from which an appeal had been taken or might be taken of right within the time limited by law.

I have grave doubt of the constitutionality of legislation which sets aside a judgment which redresses a private grievance. Such legislation not only takes away a vested property right without compensation but is in fundamental conflict with the doctrine of separation of powers established in Article III, paragraph 1 of the State Constitution.

The Court of Errors and Appeals in *Aldridge* vs. *Essex Road Board,* 51 N. J. L. 166 (1888) said:

> "When questions involving private interests have been settled by the final sentence of a judicial tribunal, the power of re-opening them is by our constitution confided to the judiciary and denied to the legislature."

I refer for further authority to *Pennsylvania* vs. *Wheeling Bridge,* 18 How. 421 (U. S. 1856) and *McCullough* vs. *Virginia,* 172 U. S. 102 (1898). In the latter case, a statute enacted between the date of entry of judgment and prosecution of the appeal was held not to affect substantive law, under constitutional principles.

There is no similar constitutional objection to retroactive removal of the remedy against corporate officers, short of impairment of a filed judgment, where an alternative cause of action exists for the enforcement of the creditor's or stockholder's rights. So much of the present bill has my approval.

Accordingly, I am returning Senate Bill No. 338 herewith, with my recommendation for its revision, as follows:

On page 2, section 1, line 30, after "rights" insert a period and delete "; nor shall any".

On page 2, section 1, lines 31 to 34, inclusive, delete entirely.

President Mathis named Senator Hannold to assume the duties of the chair.

Senator Hannold presided.

Mr. Wallace offered the following resolution, which was read and adopted:

Resolved, That Senate Bills Nos. 44, 46, 72, 76, 81, 93, 131, 167, 169, 225, 226, 243, 265, 281, 315, 318, 338, be given first reading for the purpose of re-enactment.

The same Senator offered the following resolution, which was read and adopted:

Resolved, That Senate Bills Nos. 44, 46, 72, 76, 81, 93, 131, 167, 169, 225, 226, 243, 265, 281, 315, 318, 338 be advanced to second reading for the purpose of re-enactment.

On motion of Mr. Wallace, the Senate proceeded to the consideration of Executive business, on the conclusion of which and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

Mr. Summerill offered the following resolution, which was read and adopted:

Be It Resolved by the Senate by the vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal of the Senate, that

Senate Committee Substitute for Assembly Bill No. 475, entitled "An act authorizing the State House Commission to acquire real property and options to purchase real property for and in the name of the State for water supply purposes and making an appropriation,"
is an emergency measure and may proceed forthwith from second to third reading.

I, Oliver F. Van Camp, Secretary of the Senate, do hereby certify that this resolution is a true copy taken from the Journal of the Senate, and that it was adopted by a vote of three-fourths of all of the members of the Senate, signified by the yeas and nays entered on the Senate Journal.

OLIVER F. VAN CAMP,

ray, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—17.

In the negative—None.

On motion of Mr. Wallace, the Senate proceeded to the consideration of Executive business, on the conclusion of which and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Dumont, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Sharp, Shershin, Stout, Summerill, Vogel, Wallace—20.

The following messages were received from the General Assembly by the hands of its clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
Mr. President: August 2, 1954.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following bill:

Senate Bill No. 343, entitled "An act to amend 'An act concerning municipalities, and supplementing article 1 of chapter 60 of Title 40 of the Revised Statutes,' approved May 8, 1942 (P. L. 1942, c. 138),"

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
Mr. President: August 2, 1954.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following concurrent resolution:

Senate Concurrent Resolution No. 16, entitled "A concurrent resolution creating a commission to study the problem of the punishment of sex offenders, and providing for report thereon to the Governor and the Legislature,"

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
August 2, 1954.

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following concurrent resolution:

Assembly Concurrent Resolution No. 19, entitled "A concurrent resolution to create a legislative commission to study ways and means for improving the prevention, detection, control and fighting of forest fires,"

In which the concurrence of the Senate is requested.

WILLIAM T. LUDLUM,
Clerk of the General Assembly.

The Assembly message was taken up, and

Assembly Concurrent Resolution No. 19, entitled "A concurrent resolution to create a legislative commission to study ways and means for improving the prevention, detection, control and fighting of forest fires,"

Was read.

Senator Wallace moved the adoption of Assembly Concurrent Resolution No. 19,

Which was agreed to.

The President laid before the Senate 31 communications endorsed "Veto Messages."

On motion of Mr. Wallace, the seals of the communications were broken and the messages read in full upon the Journal of the Senate.

SENATE BILL No. 2

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 2, for the following reasons:

This bill would include within the veterans pension provisions of R. S. 43:4–1 persons who "are judges of any criminal judicial district court in any county of the second

class and hereafter cease to be such judges by reason of the abolition of the court in which they are serving."

This bill was intended to apply to a judge of the Bergen County Criminal Judicial District Court, the only criminal judicial district court in counties of the second class. P. L. 1954, chapter 1, abolished the Bergen County Criminal Judicial District Court as of April 1, 1954. It is therefore apparent that there is presently no person to whom this bill could apply.

The present law authorizes pensions to veterans who after 20 years of service have attained the age of 62 years or have become incapacitated. The proposed amendment adds a clearly arbitrary class of veteran pensioners. It bears no reasonable relationship whatsoever to the general object of the underlying legislation.

I am, accordingly, constrained to return this bill without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 16

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 16 for the following reasons:

This bill amends R. S. 38:23–2 and would include the New Jersey State Patrolmen's Benevolent Association, Inc., among the list of organizations, the duly authorized representatives of which are required to be granted leaves of absence with pay from any State, county, or municipal employment to attend any State or national convention of such organizations. The statute which this would amend is in Title 38. That title pertains to soldiers, sailors and

marines. The statute was originally enacted as P. L. 1929, chapter 1, and its title provided:

> "An act to prescribe the duties of public officers of this State with respect to granting leaves of absence to certain veterans to attend state and national conventions of State and national organizations of former soldiers, sailors and marines."

This title has not been amended although the statute was amended in the years 1932, 1940, 1945, 1947 and 1948 to add various veterans organizations to this list. Under P. L. 1951, chapter 219, the New Jersey Civil Service Association was included and P. L. 1952, chapter 207, added the Council of State Employees, both nonveterans organizations. The section was again amended during the present session to include the Marine Corps League of the United States and the Army and Navy Legion of Valor, pursuant to Assembly Bill No. 49, which became chapter 114 of the Laws of 1954. The present bill would amend the statute in such a manner as to omit these veterans organizations.

The present bill would, moreover, add to the list another nonveterans organization, the New Jersey State Patrolmen's Benevolent Association, Inc. Inasmuch as this statute contemplated application only to veterans organizations and the title of the act is so restricted, I do not feel that R. S. 38:23–2 can properly include such a nonveterans organization. Accordingly, I am constrained to return this bill without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 75

To the Senate:

I am returning herewith, without my approval Senate Bill No. 75 for the following reasons:

This bill authorizes boards of chosen freeholders in fourth class counties and in third class counties under 95,000 population to adopt by resolution a special pension system for the county clerk, surrogate and sheriff. The pension system may be contributory or noncontributory. To be eligible, the official must be 60 years of age and have served at least nine years, including service as a deputy. The maximum pension which may be drawn is $3,400.00 per year.

I am informed that the specified officials in certain of the six counties covered by the bill are now members of the State Employees' Retirement System. Further, establishment of a separate pension system at this time will bar the officials from the benefits of Federal Social Security under Chapter 84 of the Laws of 1954 and Chapter 253 of the Laws of 1951.

I am aware that in counties which have not brought the county clerk, surrogate and sheriff under the State Employees' Retirement System the amount of accrued liability payable upon their enrollment in that system may approximate the reserves necessary to set up this special pension fund.

Nevertheless, on policy, there are compelling reasons for encouraging one uniform public employees' pension system in this State, integrated with Federal Social Security, as set up in Chapter 84 of the Laws of 1954.

Special pension systems, such as the one hereby proposed, are frequently actuarially unsound, threatening additional taxpayer liabilities. The size of the group to be covered pursuant to this bill is so small as to negate the concept of a pension fund; the bill furnishes no guarantee of actuarial soundness. A free pension to any of the designated officials may result upon enactment of this bill and adoption of a resolution pursuant thereto by the board of chosen freeholders.

Joint Resolution No. 7 of the Laws of 1954 continues the commission created by P. L. 1954, Joint Resolution No. 6, to study all noncontributory pension systems for public employees. I am reluctant to approve any additional pension system which may be noncontributory until the report of this commission at the next session of the Legislature.

Senate Bill No. 75 also has the fault of a double classification; it applies to third class counties, then restricts its application within third class counties according to population.

For all the foregoing reasons, I am constrained, accordingly, to return Senate Bill No. 75 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 92

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 92, for the following reason:

Senate Bill No. 287 of this session, has been enacted into law as chapter 173, of the Laws of 1954. This bill seeks to amend the same section of the Revised Statutes (R. S. 43:15–2) and, if approved, would immediately repeal chapter 173, which is inconsistent with it.

I examined both bills after their passage and reached the decision that, since only one of these two bills, both amending the same section of the Revised Statutes, could become law, it was preferable to approve Senate Bill No. 287. With reference to the instant measure, I note that it would establish rights under chapter 15 of Title 43 of the Revised Statutes, until July 1, 1955, although this chapter will be

repealed pursuant to chapter 84 of the Laws of 1954, on December 30, 1954.

Accordingly, I am constrained to return Senate Bill No. 92 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 104

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 104, for the following reasons:

This bill seeks to exempt one county, Passaic, from the recent removal of the "freeze" on the effectuation of the 1950 Federal census by barring, in that county only, (1) any increase or decrease in compensation to any county or municipal officer or employee, (2) the creation of any additional office or employment and (3) the granting or increase of any pension, because of the taking effect of the 1950 Federal census.

No reasonable basis for lifting the so-called "freeze" on the 1950 Federal census in twenty counties, but not in Passaic county, is discernible to me. Because of the enactment of chapter 82 of the Laws of 1954, which is general legislation founded on reasonable population classifications, the number of freeholders in Passaic county is retained at seven. On the same principle, I may be favorably disposed towards legislation revising present general statutes to prevent any hardship because of the taking effect of the 1950 Federal census, should such be enacted.

I must, therefore, return Senate Bill No. 104 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

Secretary to the Governor.

SENATE BILL No. 108

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 108, for the following reasons:

This bill would amend N. J. S. 2A:164–3 and 2A:164–11 which require the commitment of certain enumerated sex offenders to the diagnostic center for examination and provide for the method of payment by the county committing the offender, of its portion of the costs, which are shared equally by such county with the State. This bill would substitute the county in which the person committed has a legal settlement (5 years residence) for the county committing the offender. In the event the person had no legal settlement in any county, the State would be required to bear the entire cost.

Under existing law, the cost of the examination is visited upon the county of conviction as an incident to the expense of criminal prosecution in the county. The attempt to shift this cost from the county in which the crime was committed to another county is unwarranted and contrary to established practice in the allocation of the expenses of criminal prosecution.

To the extent that the bill would impose the entire cost of such treatment upon the State, it is based upon the purported analogy of hospital care and treatment to the mentally ill under Title 30 of the Revised Statutes. This analogy is not apt. It confuses two separate and distinct concepts

as to the allocation of expenses between the State and the counties.

The sex offender laws were designed to prevent repetitive sex crimes and not to shift the pecuniary obligations of the counties concerning criminal prosecutions. Moreover, the State is in no financial condition to undertake this additional expense at this time.

Bills to effect the same object as this bill passed the Legislature in 1952 and 1953 and were in each instance returned without approval by Governor Driscoll.

For the reasons set forth above, I am returning Senate Bill No. 108, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 142

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 142, for the following reasons:

This bill seeks to validate certain defects in proceedings under the In Rem Tax Foreclosure Act.

The court rule requires that the complaint set forth, *inter alia,* "The name of the person or one of the persons who, according to the records in the office of the county recording officer, appears as a transferee or purchaser of title to the land to be affected by the tax foreclosure proceedings, and the book and page or date and instrument number by which such person acquired title . . ."

Senate Bill No. 142 proposes to validate proceedings in which the complaint set forth the name of an executor or one of the executors or a devisee or one of the devisees under a will, or a person or one of the persons to whom an

interest in land had descended or had been conveyed, instead of setting forth the name or names of the persons required by the court rule and the book and page or date and instrument number of the proper instrument.

As I have pointed out in my message on Senate Bill No. 340, the constitutionality of the In Rem Tax Foreclosure Act was sustained in *City of Newark* vs. *Yeskel,* 5 N. J. 313 (1950) where the court pointed out at page 323 that to accomplish the extinguishment of the owner's rights, there must be "a strict adherence to the enabling statute." An attempted waiver of the requirement of strict adherence to the rules and the statute raises considerable doubt as to whether the demands of due process of law have been met.

Consequently, without considering the propriety of a legislative attempt to validate a failure to comply with rules of court, I do not feel that this bill can withstand constitutional attacks.

I am also of the view that validating acts should take the form of statutes of limitation so as to afford to any person affected sufficient time to institute an appropriate action.

I am therefore obliged to return Senate Bill No. 142, without my approval.

Respectfully,

SENATE BILL No. 150

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 150 for the following reasons:

The bill has the effect of exempting antique cars, as defined therein, from payment of the regular motor vehicle license fee. Instead a $3.00 license fee is fixed. In addition

special license plates for antique cars are required by this legislation.

It is difficult for me to discern any justification for Senate Bill No. 150. Under it the State would lose revenue. Motor vehicle registration fees of $10.00, $15.00 and $25.00 based upon shipped weight are proposed in pending legislation. The present fees which are in proportion to horsepower are comparable. The entire subject of the issuance of license plates has been recently thoroughly studied. I favor one comprehensive system for motor vehicle registration fees and the issuance of license plates. Special fees and license plates for antique cars are not in conformity with such an integrated system.

Further, the State would face extra costs in the manufacture of special license plates. Uniform law enforcement considerations require that license plates on all cars should be substantially identical.

For all the foregoing reasons, I am constrained to return Senate Bill No. 150 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 152

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 152 for the following reasons:

This bill amends section 38:17–9 of the Revised Statutes which now requires the county supervisor of veterans' interment to decorate all graves of deceased veterans with flags on Memorial Day, the expense thereof being borne by the county. Senate Bill No. 152 would require, subject to the discretionary authorization of the board of chosen free-

holders the supervisor also to decorate such graves with emblematic flagholders and flowers.

I have been informed that there are at the present time within the State of New Jersey approximately 85,000 deceased war veterans. Several veterans' organizations now provide emblematic flag holders for veterans' graves. Under this bill there may well be substantial duplication of the work already carried on by these veterans' organizations. The approximate cost of this program, if approved by the freeholders of the several counties, would amount to over $250,000.00 in addition to the annual cost of providing adequate floral decorations for each grave.

I am mindful of the sacrifices made by the men who have served in the armed forces of this country. Practically all of our local governing bodies make annual appropriations for public recognition of our war dead on Memorial Day and sometimes on other holidays. I subscribe to the policy behind legislation designed to assist veterans in readjustment upon their return to civilian life or to alleviate the problems faced by the veterans disabled in service. No county governing bodies have requested this bill. The public funds which would be spent under this bill can be used more effectively in numerous other ways to promote the objectives of our democracy and the welfare of veterans.

In view of the financial crises now being experienced by the local governing units throughout this State, such an additional burden should not be imposed upon the local taxpayers at this time. I sincerely hope that the national veterans' organizations of this State will continue their fine work in providing suitable decorations for the veterans' graves in cooperation with the counties. The past practice of these organizations has demonstrated a commendable public spirit which is in accord with our basic democratic tenets for providing such a function through private initiative.

I am, therefore, returning Senate Bill No. 152 without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,

SENATE BILL No. 162

To the Senate:

I am returning Senate Bill No. 162 herewith, without my approval, for the following reasons:

This bill provides a pension at one-half of salary for life for any assistant attorney general or deputy attorney general over 60 years of age who has been employed by the State as a full-time lawyer continuously for 25 years, if such person, in the course of his service, was granted tenure by law and subsequently was deprived of such tenure by law. The bill is a patent example of special legislation in the constitutional sense. The criteria for its application neither do, nor were intended to, create any general classification of persons reasonably warranting segregation from all other persons holding such office who are relegated to membership in the State Employees Retirement System on a contributory basis.

The bill is designed to provide a special pension for one particular person and to exclude therefrom all others in the statutory categories of assistant attorneys general, deputy attorneys general, and assistant deputy attorneys general.

The individual in question was eligible for, and, indeed, was a member of the State Employees Retirement System for many years. He withdrew some time ago. Had he remained a member and made the required contributions he would have been entitled, as of July 1, 1954, to retire at a pension of $6,186.00 annually. A number of other persons in the same employment category in the Division of Law have made contributions toward establishment of pension rights for many years and still belong to the system.

Passage of this bill would cost the State $140,000 over the period of the proposed pensioner's life expectancy. It would require a reserve having a present value of $95,077.50.

The present acute fiscal straits of the State also militate against my approval of legislation of this kind.

I am, accordingly, returning Senate Bill No. 162 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 172

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 172, for the following reasons:

Under the present law, R. S. 39:5–41, all fines, penalties and forfeitures for violations of the motor vehicle provisions, Title 39, other than those where the complainant is a State officer, are paid to the county as a fund for the construction and maintenance of roads and bridges. This bill would distribute the money so collected, 50% to the county and 50% to the municipality "after payment of costs and fees of prosecution."

The primary objective in enforcing the provisions of Title 39 is to promote the greatest possible safety on our public highways. The fines and penalties imposed by that title are intended to have a deterrent effect upon violators and not to provide revenue for any governmental unit. This bill would reward a municipality in direct proportion to the number of arrests and the amount of the fines in each case. I believe that some municipalities would overemphasize the revenue aspects, not the promotion of traffic safety, and establish so-called "speed traps" in order to shift the expenses of local government upon the unwary, transient motorist. The potential abuse by some municipalities warrants the rejection of this proposal until sufficient safeguards can be established.

I would approve of a distribution of these funds to a municipality based upon the local traffic safety record, but I am aware of no feasible method of establishing such formula. Any amendment to this section should be designed to encourage enforcement of the motor vehicle laws to the benefit of the general public and not only an increase in revenue to particular municipalities.

I must take exception to the provision for distribution "after payment of costs and fees of prosecution." This does not refer to court costs for which provision is made elsewhere. The clause is vague and uncertain; it might even include the cost of operating the municipal police department and of a prosecuting attorney.

I also wish to point out that the taxpayers benefit from the present distribution, and if this bill became law, the counties would be required to obtain the necessary funds to maintain the roads and bridges from the property owners by increased taxation.

Based upon the foregoing reasons, I am obliged to return Senate Bill No. 172, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 178

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 178, for the following reasons:

This bill provides that the board of chosen freeholders in any county of the second class having a population of between 275,000 and 350,000 may by resolution provide that the clerk of the board of chosen freeholders of such county

shall have tenure in office, providing he has continuously served as such for a period of not less than 7 years prior to January 1, 1954.

This bill is a clear example of local legislation affecting the internal affairs of counties, contrary to the provisions of the Constitution, Article IV, Section VII, paragraph 9 (13).

The effect of this bill would be to create a special rule for the granting of tenure to clerks of county boards of freeholders in two counties, permitting such clerks to obtain tenure after 7 years of service, while clerks of county boards of freeholders, generally, cannot attain tenure until after 20 years of service as such. There is nothing to distinguish the counties included for such special treatment of their clerks from those excluded, from the standpoint of the general objective of the proposed and existing legislation, i. e. the provision of tenure of office for clerks of boards of freeholders. Double classification of counties on the basis of both statutory class and population within the class has been frequently condemned by the courts.

The bill is doubly objectionable as special because the class of clerks entitled to its benefits is confined by the bill to persons whose 7 years of service was completed prior to January 1, 1954.

The submission of this bill to me is an apt occasion for my pointing out that in the Constitution of 1947 a medium for the constitutional enactment of special or local laws regulating the internal affairs of municipalities and the counties was expressly provided, Article IV, Section VII, paragraph 10. This innovation in our constitutional law provides that upon petition of the governing body of any municipality or of any county and by vote of two-thirds of all of the members of each House, the Legislature may pass private, special or local laws regulating the internal affairs of the municipality or county. The Constitution further specifies that the manner of petitioning for the passage of such a law and for its adoption by ordinance of the governing body or by vote of the legally qualified voters thereof shall be prescribed by general law. Such a general law has been enacted, P. L. 1948, chapter 199 (R. S. 1:6–10 et seq.) and is readily available for the effectuation of the local will for special or local laws affecting the internal affairs of any municipality or county.

For the foregoing reasons, I am returning Senate Bill No. 178 herewith, without my approval.

SENATE BILL No. 183

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 183, for the following reasons:

This bill amends R. S. 40:146–2, which provides that all townships with a population in excess of 4,500, except those in sixth class counties, shall have 5 members on the township committee. Those townships of less than 4,500 population are required to have 3 committeemen. The present bill provides that where the effectuation of any census would increase the membership of any township committee from 3 to 5 in a third class county having a population exceeding 100,000, such increase should not be effective until voted upon favorably by the voters of the township at the next election.

The amendment would apply only to two counties, Morris and Burlington. According to the "Final Report of the Joint Legislative Committee to Study the Effect of the 1950 Census on Certain Statutes," submitted June 22, 1952, it appears, in Table 10, p. 36, that 27 townships throughout the State will increase from 3 to 5 township committee members at the next annual election under the existing law, as a result of the effectuation of the 1950 census. The present bill would modify the effect of the application of the 1950 census in respect only to two townships, Pemberton and New Hanover, in Burlington County, to only one, Roxbury, in Morris County, and to no others elsewhere. I know of no basis upon which these three townships reasonably warrant such special treatment as is contemplated by this bill.

Policy considerations may indicate that any increase in the membership of 3-member township committees should be decided by a referendum in all of the affected townships. I would be inclined toward sympathetic consideration of a general provision for that purpose if the Legislature should see fit to pass such a bill.

Accordingly, I am constrained to return this bill without my approval.

Respectfully,

Attest: *Governor.*

SENATE BILL No. 190

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 190, for the following reasons:

The present statute, R. S. 53:1–2, which this bill would amend, provides that the Governor, by and with the advice and consent of the Senate, shall appoint the Superintendent of State Police for a term of 5 years. This bill would add the requirement that the Superintendent be selected "from among those members of the State Police who entered the service of the State Police as troopers after satisfactorily completing the required preliminary training and who have served as lieutenant in the State Police for at least 1 year."

The Superintendent of State Police is, in effect, a division head head in the Department of Law and Public Safety and functions at a policy level rather than merely as a ministerial or executive officer. The qualifications for appointment as a member of the State Police do not require the type of ability, experience or judgment which must be expected of an appointee to the position of Superintendent. While some members of the State Police may at any given

time possess the qualifications necessary to serve as Superintendent, the Governor should be entitled to make his choice of an appointment to this position from as wide a scope as possible in order to select the most competent man available. It would be contrary to the public interest to impose undue restrictions upon the latitude afforded to the Governor in making such an appointment.

Accordingly, I am constrained to return this bill without my approval.

Respectfully,

Attest: *Governor.*

SENATE BILL No. 196

To the Senate:

I am returning herewith Senate Bill No. 196, without my approval, for the following reasons:

This bill amends R. S. 43:6–3, which was part of the judicial pension statute in existence prior to 1948 (R. S. 43:6–1 et seq.). As a result of the reorganization of the judicial system consequent upon the adoption of the Constitution of 1947, the Legislature adopted the judicial pension act of 1948, P. L. 1948, Chapter 391 (R. S. 43:6–6.4 et seq.). In its prospective operation the 1948 act superseded the earlier statutes on the subject of judicial pensions.

R. S. 43:6–3 permitted retirement at a pension of one-half of salary upon age of 70 and service of not less than 14 years in any one or more of the judicial positions of Chancellor, Chief Justice, Associate Justice of the Supreme Court, judge of the circuit court, judge of the court of common pleas or Vice-Chancellor. In the case of a common pleas judge there was a requirement of service on a full-time basis for at least five years, service as a part-time judge counting only at three-fourths of its face amount.

Since all of the judicial offices mentioned have been superseded by the new kinds of judicial positions created by the Judicial Article of the 1947 Constitution, it is apparent that R. S. 43:6–3, as it now stands, cannot authorize the inception of new pensions.

Senate Bill No. 196 amends R. S. 43:6–3 so as to include within the classes of judicial officers specified as qualifying for the pension provided for therein judgeships in the county court (created by the 1947 Constitution) and in the district court. There is no existing general statutory pension plan for county court judges or for district court judges. The effect of the present bill would be to single out certain county court judges and district court judges and to qualify them for pensions not available to either county court judges or district court judges as a class, solely upon the basis of the facts that their service as district court judge or in one of the other capacities mentioned, prior to 1948, added to their service as either county judges or district court judges since 1948, aggregates 14 years and that they are 70 years of age. I am not satisfied that this is a reasonable basis upon which to discriminate in favor of the class thus benefited and against all other county and district court judges now in office.

I am informed that, in the case of one county court judge who could immediately qualify for an $8,000.00 annual pension under this bill, the pension payments required to be paid during his life expectancy would amount to a sum having a present value of $50,672.

In times of fiscal stress such as those which the State is now experiencing it becomes particularly essential that the State not obligate itself financially other than for purposes clearly valid, justifiable and appropriate.

For the foregoing reasons I am returning Senate Bill No. 196 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 197

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 197 for the following reasons:

This bill provides that any former common pleas judge in a first class county who is more than 70 years of age and has served as such judge for at least 15 years and was not reappointed shall receive a pension of one-half of his salary from the county in which he served.

This bill would in effect, retrospectively create a class for enjoyment of special pensions to certain former common pleas judges. The judges to be benefited were not entitled to such pensions under the terms of the former Judicial Pension Act (R. S. 43:4–1 et seq.) covering certain judicial officers, including common pleas judges, prior to the adoption of the Constitution of 1947. I am aware of no reasonable basis for the selection, from among all of the former common pleas judges who served under the judicial system in existence prior to 1948 and did not qualify for a pension under the general judicial pension statute then in existence, the limited sub-class which would benefit from the present bill.

In its practical application this bill would make a gift of an annuity to persons who for varying periods of time have been separated from the judicial system of this State. The bill partakes of none of the attributes of a general judicial pension statute.

One former judge who would immediately qualify for a pension at the rate of $7,500.00 per year under this bill has a life expectancy which would give him pension rights having a present value of $40,658.00. There is at least one other former judge who may eventually qualify for a pension under this bill when he reaches the age of 70, to the substantial pecuniary expense of one of our counties.

For the foregoing reasons and having in mind the stringent financial circumstances confronting all of our counties, as well as the State, for the foreseeable future, I am

returning Senate Bill No. 197 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,

STATE OF NEW JERSEY,

SENATE BILL No. 205

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 205, for the following reasons:

This bill, like Senate Bill No. 104, which I have returned today without my approval, seeks to exempt only one county from the recent removal of the "freeze" on the effectuation of the 1950 Federal census by barring (1) any increase or decrease in compensation to any county or municipal officer or employee, (2) the creation of any additional office or employment, and (3) the granting or increase of any pension, because of the taking effect of the 1950 Federal census. The county identifiable by population and county classification in this bill is Mercer.

My reasons for vetoing this special legislation are identical with my reasons for vetoing Senate Bills Nos. 103 and 104 of this session. I reemphasize that I may be willing to approve general legislation, if enacted, revising present statutes to prevent any hardship because of the taking effect of the 1950 Federal census.

Accordingly, I am constrained to return Senate Bill No. 205 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 207

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 207, for the following reasons:

Senate Bill No. 207 seeks to validate a decree in a foreclosure of a tax sale certificate by one tenant in common to the same effect as if his co-tenants, who were made parties defendant, had separate rather than common interests.

It has been settled law in this State at least since *Roll* vs. *Everett,* 73 N. J. Eq. 697 (E. & A. 1908), that a tenant in common who acquires a tax title holds in part for the benefit of his co-tenants, subject to his right of reimbursement from them. Three reasons are assigned for this principle: (1) that a tenant in common should not profit through his own default in payment of taxes; (2) that his tax title cannot be superior to, and is merged in, his interest as a tenant in common; and (3) the confidential relationship existing between co-tenants.

This bill therefore would have the extraordinary consequence of reposing legal and equitable title in the present holder of bare legal title, after expiration of a mere three-month period of limitations for the institution of an action by a co-tenant. Such a consequence is in my opinion in conflict with basic legal doctrine. A co-tenant who has relied on the existing law that his co-tenant foreclosed the tax sale certificate for his benefit should not have his equitable interest cut off by a newly enacted three-month statute of limitations, when no period of limitations existed when the equitable interest vested.

I am therefore constrained to return Senate Bill No. 207, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 214

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 214, for the following reasons:

This bill would amend R. S. 34:15–36, which defines the applicability of the workmen's compensation act, by excluding from the definition of "employees" covered by the act a "person engaged from time to time in rendering services at a race track as a blacksmith or as a jockey, or trainer, and who is not employed generally to exclusively serve a horse owner or horse trader."

The workmen's compensation act was originally conceived to substitute the concept of industrial liability for injuries sustained by employees in connection with their employment, regardless of negligence either by the employer or the employee, for the common law doctrine which limited the liability of the employer to failure to furnish safe conditions of employment and barred liability where the employee was contributorily negligent. The tendency has been toward the widest coverage possible so that industry, rather than government, may bear the cost of human losses incidental to the industrial process.

With the foregoing in mind, R. S. 34:15–36 is a carefully drawn section defining with precision the "employers" and the "employees" made subject to its coverage. There are at present only two classes of employments treated specially in the section, forest fire wardens and fighters employed by the State and sales agents for distributors of newspapers and magazines. There has developed a fixed body of decisional law construing and interpreting the phraseology of the section.

The present bill would create another class of exempted employees. The language in which the proposed exemption is couched may well unsettle existing judicial constructions of the statutory language defining the scope of coverage of the act.

In my judgment, the question as to whether the classes of employment referred to by the present bill should be covered by the workmen's compensation law ought to be left to the existing statute and judicial construction thereof. I do not approve the express exclusion of employees associated with the racing industry. It is not justified on the merits and might lead to pressure for comparable exclusions of other businesses and industries and a consequent confusion of the law and subversion of the underlying social policy of workmen's compensation.

I am therefore returning Senate Bill No. 214 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

ROBERT J. BURKHARDT,

SENATE BILL No. 218

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 218, for the following reasons:

This bill is a supplement to chapter 276 of the Laws of 1946, which provides for the adoption by referendum of the voters in any county of county park commissions. The present law sets a maximum allotment by the board of chosen freeholders for current expenditures by the park commission of the excess of a sum equal to one-half of a mill on each dollar of the assessed valuation of real property in the county over the amount to be paid by the county in that year for debt service on the bonds or other obligations issued by the county for park purposes.

The proposed legislation authorizes an increase from one-half to three-fourths of a mill in the formula fixing the maximum appropriation which may be made available to the

county park commission. The further expenditure must be specifically approved by referendum. In my judgment there are ambiguities compelling disapproval of Senate Bill No. 218 in the provisions relating to its adoption by the voters.

The bill if enacted is to apply only in counties which have adopted both it and chapter 276 of the Laws of 1946 by referendum. The bill requires that the referendum shall take place at the next general election after passage of the act or at the next general election at which adoption of the 1946 act shall be submitted, whichever shall first occur. In practical effect this means that in any county which has not yet adopted the 1946 act, the referendum for that purpose and for the adoption of the present act would be simultaneous.

The 1946 act is comprehensive legislation setting out the powers, duties and organization of county park commissions, including the one-half mill limitation aforesaid.

There would unquestionably be appreciable confusion in submitting both propositions to the voters simultaneously. Approval of this bill and rejection of the 1946 act at the same election would leave the county with an authorization for an expenditure according to the three-fourths of a mill formula by a county park commission but without legislation constituting any county park commission. Moreover, approval of both might be construed as an incompatible approval of two inconsistent provisions as to limitations.

It is impossible to say whether enactment of this bill leaves a county which has not yet adopted the 1946 act in a position to choose, at its option, to submit either the one-half mill or the three-fourths mill limitation.

For all of these reasons, I am constrained to return Senate Bill No. 218 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 219

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 219 for the following reasons:

This bill, like Senate Bill No. 218, is a supplement to Chapter 276 of the Laws of 1946. The statute supplemented fixes the maximum bonded indebtedness of county park commissions appointed thereunder at $1,000,000.00 plus the amount of reserves on hand for the payment of principal.

The proposed legislation authorizes an increase from $1,000,000.00 to $3,000,000.00 in the formula fixing the debt limitation.

The provisions for submitting approval of the increase in indebtedness to the voters are substantially identical with the referendum provisions of Senate Bill No. 218.

For the reasons stated in my message vetoing Senate Bill No. 218, I am constrained to return Senate Bill No. 219 herewith without my approval.

Respectfully,

SENATE BILL No. 238

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 238 for the following reasons:

The existing law provides, in R. S. 56:1–1 et seq., that an original and a duplicate of a trade name certificate be filed

with the county clerk upon the payment of a five dollar fee and that the clerk should then forward the duplicate to the Secretary of State for filing, together with two and a half dollars of the fee. This bill would reverse this procedure and require filing in the first instance with the Secretary of State who would forward a copy and one-half the fee to the county clerk.

I have been advised that the effect of this bill would be to require the employment by the Secretary of State of six to eight additional clerks to handle the filing and mailing of fees and copies of the certificates. At least five hundred additional checks would have to be issued each month, a procedure which would require additional office space, equipment and furniture. It has been estimated that this would cost the State an additional annual expense of $18,000.00 I must also point out that no appropriation has been made to provide the additional funds thus required.

Accordingly, I am constrained to return this bill without my approval.

Respectfully,

SENATE BILL No. 246

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 246 for the following reasons:

Under the present law, P. L. 1948, chapter 439, section 40, any surplus remaining in any year to the credit of any of the boards or agencies within the Division of Professional Boards, after the annual appropriations have been made, is to be paid into and become part of the General Fund of the State. This bill would amend that section to provide that "at the end of each fiscal year, there shall be

placed to the credit of the State Board of Registration and Examination in Dentistry in the State treasury, for the use of such board, a reserve fund up to but not exceeding $5,000.00 from any such surplus remaining to the credit of said board."

It is my policy to eliminate, whenever practicable, previous practices of reappropriating unexpended balances to the various departments, divisions and agencies. The current annual appropriation act has adopted the same approach and eliminated the bulk of this practice. The present bill would create a single exception to the rule applied to all other professional boards. There is no justifiable basis to warrant such special treatment to the State Board of Registration and Examination in Dentistry.

Accordingly, I am returning Senate Bill No. 246 without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 266

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 266 for the following reasons:

This bill singles out one county, Somerset, in authorizing a permissive salary increase up to $7,500.00 per year for the county prosecutor in third class counties of between 95,000 and 125,000 inhabitants under the 1950 Federal census. The Somerset County prosecutor now is entitled to receive $6,500.00 per year because of the removal of the "freeze" on the effectuation of the 1950 Federal census on June 1, 1955.

Special legislation by petition of the governing body of a county is authorized by the Constitution of 1947 (Article IV, Section VII, paragraph 10). That provision has not been invoked in this case. I cannot in conscience approve legislation which is special in character and has no relationship to any valid differential between Somerset County and other third class counties. I note, for example, that this bill if enacted would enable Somerset County to pay its county prosecutor more than the fixed annual salary of $7,000.00 payable to the county prosecutors of Morris County and Burlington County, both third class counties with substantially greater populations than Somerset County.

Accordingly, I am constrained to return Senate Bill No. 266 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 270

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 270, for the following reasons:

Senate Bill No. 270 if enacted would require that payments for unemployment compensation and temporary disability benefits be made from the thirty-six local employment offices instead of from Trenton. The apparent purpose to expedite delivery of benefit checks to claimants is one with which I am in hearty accord.

Under the present law, benefit checks are paid directly from Trenton but with discretionary authority in the Division of Employment Security to prescribe by regulation for payment through local employment offices. To make

local payment mandatory would impose an estimated total expense of $43,200 in supplying checkwriting equipment and forms to each local employment office.

At the present time a complete survey of the operations of the Division of Employment Security is under way. Enactment of Senate Bill No. 270 would render useless any recommendation from the study committee other than for local office payments. There are, in fact, alternative methods for prompt payment which have been adopted in other States and may be determined to be more advantageous. Legislation fixing a practice which requires the decentralization of checkwriting machinery should be deferred pending the recommendations of the study commission. I am not undertaking now to prejudice the ultimate determination.

Accordingly, I must return Senate Bill No. 270 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 273

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 273, for the following reasons:

This bill proposes to amend section 2A:11–36 of the New Jersey Statutes which deals with the compensation of court attendants. The bill would effect the same mandatory increases of salaries as were sought to be accomplished by Assembly Bill No. 310, and would, in addition, produce mandatory increases for such officers in Camden county.

In returning Assembly Bill No. 310 with my objections for reconsideration by the Assembly earlier this year, I in-

dicated my objection to mandatory salary increases for employees in this category. The Legislature has not yet acted upon the recommendations which I made in that message. Since the present bill would in substance effect the same results as Assembly Bill No. 310, and since I see no reason for changing the views expressed in my message concerning that bill, I cannot approve the present bill.

In addition this bill is objectionable for the reason that changes are effected in classifications of counties based upon population, in accordance with the Federal census of 1940. I have heretofore indicated in other veto messages my disapproval of new legislation based upon any census other than the currently effective Federal census of 1950.

For the foregoing reasons, I am returning Senate Bill No. 273, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 277

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 277, for the following reasons:

This bill would validate an In Rem Tax Foreclosure proceeding pursuant to P. L. 1948, chapter 96, despite redemption of part of the property described in the tax sale certificate prior to the judgment of foreclosure and omission of any reference to this redemption in the proceeding; the validation would be effective only as to the unredeemed part of the property.

No reference is made in the bill to any apportionment of the property sold for taxes. Chapter 7 of Title 54 details a procedure for apportionment.

In the absence of an apportionment, the extraordinary consequence of this bill would be to make valid a foreclosure in rem, against certain described real property, although other real property which was described in the complaint and similarly foreclosed is exempted totally from the effect of the proceeding.

Because of my serious doubts as to validity of such legislation, I am constrained to return Senate Bill No. 277 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 311

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 311, for the following reason:

This bill would amend R. S. 40:21–1. That section now provides that no member of a board of chosen freeholders shall, during the term for which he is elected, be eligible for election or appointment to any office or position required to be filled by the board unless he shall resign and cease to be a member of the board 3 months prior to his election or appointment.

Senate Bill No. 311 would amend the statute so as to provide that the restriction recited therein shall not apply to the appointment of a member of a board of chosen freeholders in any county not governed by a small board of freeholders to the position of member of the county board of taxation of such county.

It is apparent that the proposed qualification of the restriction is entirely inapposite. Members of county boards of taxation in all counties are appointed by the Governor,

with the advice and consent of the Senate, and not by the boards of chosen freeholders. It is, therefore, purposeless for this bill to attempt to eliminate any supposed restriction upon the power of a board of chosen freeholders in a county not governed by a small board to appoint a member thereof to the county board of taxation. The power does not exist in the first place.

For the foregoing reason, I am returning Senate Bill No. 311 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE BILL No. 321

To the Senate:

I am returning herewith, Senate Bill No. 321, without my approval, for the following reasons:

This bill provides that any person more than 67 years of age who has served as a judge of the criminal judicial district court, court of common pleas and county court, in any county of the second class, for a period in excess of 17 years, may receive at the discretion of the board of freeholders of the county in which he has served, an annual pension of one-half of his salary to be paid by the county.

This bill obviously does not purport to constitute general legislation providing for judicial pensions on a uniform basis or to amend any bill of that character. It is designed to provide a pension for a class purportedly general but obviously tailored to specifications which can be met by only one individual. The approval of such a bill would discriminate against county court judges generally for whom there is no existing statutory pension plan.

Notwithstanding that the bill is permissive in nature and a burden only on the county in which the judge served, I do not believe that I am justified in manifesting a lesser regard for considerations of appropriateness or expense in the case of a county than in the case of the State.

At an annual pension of $8,000.00 per year, this bill would call for such payments, during the life expectancy of the judge for whose benefit it was sponsored, as have a present value of $66,744.

For the foregoing reasons, I have concluded that Senate Bill No. 321 is neither valid nor in the public interest and I accordingly return it herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE JOINT RESOLUTION No. 11

To the Senate:

I am returning herewith, without my approval, Senate Joint Resolution No. 11, for the following reasons:

This joint resolution would designate the bridge presently being erected over the Hackensack River on Route U. S. No. 1, as the James F. McKenna Memorial Bridge in recognition of the services rendered by the late Mr. McKenna who distinguished himself in his duties with the New Jersey State Highway Department and who lost his life in the line of duty.

While such a dedication is commendable and laudable, I am presently opposed in principle to dedicating bridges, highways, squares and other landmarks under the jurisdiction of the State Highway Department, on a piece-meal basis.

At present a study is being conducted by the Highway Department to establish a uniform system throughout the State of dedicating such landmarks, which takes into consideration the location and the historical background, as well as the avoidance of confusion by the traveling public, in the designation of such projects.

I feel it would be inappropriate to approve this resolution until the pending study is completed by the State Highway Department. At that time the subject matter of this resolution can be given appropriate consideration.

I am, accordingly, constrained to return this joint resolution, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

SENATE JOINT RESOLUTION No. 14

To the Senate:

I am returning herewith, without my approval, Senate Joint Resolution No. 14 for the following reasons:

The effect of the proposed resolution is to create a State Highway Study Commission to study the State highway system, particularly in reference to the future policy with respect thereto. The Commission would be required to report and give recommendations to the Governor and Legislature. The resolution also allocates $50,000.00 to the Commission from the funds appropriated to the State Highway Department.

The creation of such a Commission would result in a duplication of the work now being performed by the State Highway Department, which has already undertaken such a study as is proposed by this joint resolution.

The increasing traffic demands point up the need for a comprehensive study of our highway system, but I feel that the presently constituted State Highway Department, under a new Commissioner, has competent and well-trained personnel capable of achieving the desired objective.

I have heretofore indicated my interest in long-range highway planning and in the plan for a Federal-State highway coordination and construction proposed by the President of the United States. I have already discussed this plan with the State Highway Commissioner and a comprehensive plan for the State, based upon those objectives, is being evolved.

In view of the foregoing I do not feel that the proposed expenditure of $50,000.00 by the Highway Study Commission is warranted. Such duplication of services, functions and duties is not conducive to efficient, economical operation of the State Government. In view of the serious financial condition of the State, there does not appear to be any valid reason for depriving the State Highway Department of this sum of money, thereby impairing its essential functions.

I am therefore returning Senate Joint Resolution No. 14 without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

JOURNAL

OF THE

FIRST SPECIAL SESSION

JOURNAL

OF THE

FIRST SPECIAL SESSION

FRIDAY, September 17, 1954.

At 2 o'clock P. M., Daylight Saving Time, the Senate met in Special Session.

The session was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Anton, Farley, Forbes, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), Murray, Ridolfi, Stout, Summerill, Vogel, Wallace—16.

Under the direction of the President the Secretary read the following proclamation from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

PROCLAMATION

WHEREAS, In my opinion the public interest requires the convening of the Legislature of the State of New Jersey in Special Session;

THEREFORE, I, ROBERT B. MEYNER, Governor of the State of New Jersey, by virtue of the power and authority vested in me by the Constitution of this State, do hereby convene the Legislature of the State of New Jersey to meet in Special Session at the State House, Trenton, New Jersey, on Friday, the seventeenth day of September, one thousand nine hundred and fifty-four, at two o'clock in the afternoon of said day, principally for the following purposes:

1. Adoption of legislation for the establishment of new reservoirs for the amplification of the water supply of the State, at Round Valley in Hunterdon County and on the Wharton tract in Southern New Jersey, and provision of the means for financing the cost thereof, to be submitted to referendum at the general election in November, 1954;

2. Adoption of legislation for the determination of a specific tax to finance the project for a State medical and dental school, to be submitted to referendum at the general election in November, 1954;

3. Appropriation of adequate funds to pay for costs incurred and to be incurred in the pending executive investigation of the Division of Employment Security;

4. Adoption of legislation for the reorganization of the system for registration of motor vehicles and the operators thereof;

5. Adoption of legislation for the participation by New Jersey with the State of New York in a joint plan for studying air pollution problems of an interstate character;

6. Consideration and adoption of such other legislation as may be deemed appropriate;

7. Confirmation by the Senate of pending executive nominations and submission of executive nominations to the Senate.

Given, under my hand and the Great Seal of
[SEAL] the State of New Jersey, this thirteenth day of September, in the year of Our Lord one thousand nine hundred and fifty-four, and in the Independence of the United States, the one hundred and seventy-ninth.

/s/ ROBERT B. MEYNER,
Governor.

By the Governor:
/s/ EDWARD J. PATTEN,
Secretary of State.

STATE OF NEW JERSEY

DEPARTMENT OF STATE

I, EDWARD J. PATTEN, Secretary of State of the State of New Jersey Do Hereby Certify that the foregoing is a true and correct copy of the proclamation of the Governor convening the State Legislature in Special Session on Friday, September seventeenth, one thousand nine hundred and fifty-four, at two o'clock in the afternoon of said day as the same is taken from and compared with the original filed in this office on September 13, 1954.

[SEAL] IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed by Official Seal at Trenton, this thirteenth day of September, one thousand nine hundred and fifty-four.

EDWARD J. PATTEN,
Secretary of State.

Mr. Vogel offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate extend a cordial greeting to Edward V. Curry, former Assemblyman of the State of New York, and now running for State Senator from Richmond County, New York; Ralph Di Iorio, lawyer and candidate for the Assembly, 2nd District, Richmond County, New York; and Frank B. Sterner, Jr., candidate for Assembly, 1st District, Richmond County, New York, who are in attendance at the Senate session today.

Three communications were received from the Governor by the hands of his Secretary "Endorsed Nominations."

On motion of Mr. Wallace the Senate proceeded to the consideration of Executive business, on the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Anton, Farley, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Murray, Ridolfi, Stout, Summerill, Vogel, Wallace—16.

Mr. Jones offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate extend a cordial greeting to Edward J. Amann, Jr., member of the Assembly, representing the 1st District, Richmond County, New York; and to Lucio F. Russo, member of the Assembly, representing the 2nd District, Richmond County, New York, who are present at today's Senate session.

Senator Wallace moved that the First Special Session adjourn *sine die.*

Which motion was adopted by the following vote:

In the affirmative were—

Messrs. Anton, Hand, Hannold, Harper, Hillery, Jones, Lance, Mathis (President), McCay, Stout, Summerill, Wallace—12.

In the negative were—

Messrs. Murray, Ridolfi, Vogel—3.

Senator Mathis declared the First Special Session adjourned *sine die.*

SENATE BILL No. 56

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 56 for the following reasons:

This bill amends the 1948 Judicial Pension Act. Under that act, adopted pursuant to the revision of the Judicial Article in the 1947 Constitution, any justice of the new Supreme Court or any judge of the Superior Court who, upon retirement at the age of 70, shall have served at least 10 years in the aggregate as Chancellor, justice of the old Supreme Court, judge of the former circuit court, Vice-Chancellor, judge of the Court of Errors and Appeals, judge of the former court of common pleas, justice of the new Supreme Court or judge of the new Superior Court, becomes entitled to a pension of three-fourth of his annual salary.

Other provisions of the same act provide for a pension of three-fourths of salary to any of the judges enumerated above who become totally disabled, regardless of the length of period of service. In addition, upon death of any such justice or judge after retirement, his widow becomes entitled to a pension of 25% of his last salary rate until remarriage.

Senate Bill No. 56 amends Section 1 of the act (dealing with the amount of pension upon retirement at 70) to provide that any Superior Court judge who served as a judge of the Court of Errors and Appeals, and, upon retirement at the age of 70, has had at least 7 years but less than 10 years of service, shall receive a pension of one-half of his salary.

It is apparent that the bill will not constitute a revision of the judicial pension act of general prospective effect since there is only one person who, having been a judge of the former Court of Errors and Appeals, has been or may in the future be retired from the Superior Court at the age of 70 with less than 10 years of combined judicial service.

The criterion of prior service as a judge of the former Court of Errors and Appeals does not seem to me such as to make the additional pension classification created by this bill general, rather than special in nature.

The bill appears to be designed solely to grant a pension to a particular judicial officer who has concluded his period of service, but never, at any time during that period had any justifiable expectation of receiving a pension at the time of his retirement.

I have every personal sympathy with the plight of a judicial officer who is required to retire at the age of 70 under our existing Constitution without provision for a pension at that time. But the individual intended to be benefited by the present bill knew when he accepted appointment and reappointment as a judge that the pension statute then in effect would not apply to him.

I have vetoed a number of other bills passed at the current session of the Legislature which have sought to enact special pension provisions for the benefit of judges not entitled thereto under existing general judicial pension legislation. I am unable to discern any difference in principle beteween the present case and the others (Cf. veto messages in reference to Senate Bills Nos. 2, 196, 197 and 321).

If it became law, the present bill would cost the State $110,000.00 over the period of the life expectancy of the individual who is the beneficiary thereof. The right to such payments would have a present value of $76,510.00.

The Judicial Pension Act of 1948 is one of the few existing state pension plans which require no contributions from their beneficiaries. This I believe to be wrong in principle as discriminatory and I do not favor any extension or liberalization of the existing provisions of that act.

For all the reasons stated, I am constrained to return this bill herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

ROBERT J. BURKHARDT,
Secretary to the Governor.

SENATE BILL No. 68

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 68 for the following reasons:

This bill provides that any member of the National Guard who has performed the duties of Inspector General of the New Jersey National Guard during any world war and has been a member of the National Guard for a period of at least 20 years, and is 70 years of age, shall be entitled to a State pension of $7,500.00 annually for life.

The avowed purpose of this bill is to provide a pension for one individual who is the only person of whom I am aware who can qualify under its provisions.

The bill would involve an obligation of the State for future payments which, on the basis of the proposed beneficiary's present life expectancy, would have a present value of $52,350.00.

Senate Bill No. 68 is clearly special legislation setting up criteria for a pension of a plainly arbitrary nature, designed to restrict its scope to a single individual. That individual was eligible for membership in the State Employees' Retirement System during the period of his employment by the State on a contributory basis, and the allowance of the pension provided for in the present bill would discriminate against all other state employees who must contribute toward their own retirement allowances.

I am accordingly constrained to return this bill herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 268

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 268 for the following reasons:

The bill empowers the Governor, with the advice and consent of the Senate, to appoint a juvenile and domestic relations court judge in each county of the second class. Under the statute as it now stands (N. J. S. 2A:4–4, 2A:4–5), the Governor is required to make appointments of such judges in first class counties and may do so in any county having a population of between 305,000 and 370,000. In all other counties the statute provides for the holding of a referendum for the appointment of such a judge upon the petition of 5% of the registered voters of the county or upon the adoption of a resolution of the board of chosen freeholders. In the event of a favorable vote the Governor is required to make such an appointment.

Under the present statute, judges of the juvenile and domestic relations courts have been appointed and are functioning in the first class counties of Essex and Hudson and in the second class counties of Bergen, Passaic and Union. Approval of Senate Bill No. 268 would permit the appointment of such judges in the counties of Camden, Middlesex and Mercer.

The salaries of such judges are payable by the local board of chosen freeholders in such amount as the board determines. The judge in Essex County is required to function on a full-time basis. In the other counties he is not. Consequently, the approval of the present bill would permit the creation of 3 new part-time judges who would take over juvenile and domestic relations matters which are now handled by the respective county court judges in the counties mentioned.

Modern principles of efficient judicial administration run in the direction of elimination of part-time judicial officers so far as practicable. Approval of the present bill would, therefore, not conform with sound public policy.

It may be further noted that the volume of juvenile and domestic relations matters heard in the larger counties of the State since September 1, 1952 shows a sharp drop in the counties proposed to be affected by this bill as compared with the counties now having special judges to handle these matters.

County	Number of Juvenile and Domestic Relations Matters Heard Sept. 1, 1952 to Aug. 31, 1953	Sept. 1, 1953 to Aug. 31, 1954
Essex	4,775	5,094
Hudson	4,069	4,207
Bergen	3,617	3,902
Union	2,751	3,068
Passaic	2,215	2,603
Middlesex	691	601
Camden	408	628
Mercer	289	370

Serious thought has been given to the advisability of creating a complement of full-time juvenile and domestic relations court judges to hear such matters in all counties of the State. Pending a final determination as to whether such a scheme should be effectuated it would appear inadvisable to extend the presently existing system of part-time judges for such matters to any of the smaller counties. For the time being, it would seem that the handling of juvenile and domestic relations court matters in such counties as Camden, Mercer and Middlesex would be improved more by expending additional funds to retain qualified and trained personnel in the probation departments to assist the county judges in such work rather than by the appointment of additional part-time judges.

For these reasons I deem it in the public interest to return Senate Bill No. 268 without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

SENATE BILL No. 282

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 282 for the following reasons:

Senate Bill No. 282 sets up educational and professional qualifications for admission to the examination for a physician's license, supplemental to those prescribed in R. S. 45:9–6 and 45:9–7. The main divergence from the established requirements, under this bill, is that a graduate of a non-accredited medical school may be entitled to take the medical examination. He must, in addition, have served one year's internship in an approved hospital and have fulfilled one of four conditions:

(1) Service as a resident physician in a governmental hospital for at least ten years, the last three years in New Jersey; or

(2) Service as a resident physician in New Jersey hospitals for an aggregate of five years; or

(3) Honorable service in the medical corps of one of the armed services for at least two years after December 7, 1941; or

(4) Holding a Ph.G degree and a pharmacist's license of this State.

Such legislation is contrary to the purpose of the Medical Practice Act of safeguarding the public against the admission to practice of physicians who have been graduated from non-approved medical schools. It by-passes the Board of Medical Examiners which has the salutary duty and power to pass on the standing of professional schools and colleges. The additionally specified alternative qualifications for enjoyment of the waiver of graduation from an accredited school are not, in my opinion, adequate substitutions for the requirement eliminated.

I cannot in conscience approve any bill which may lower the standards of medical care, to the injury of the citizens

of the State, either in itself or as a precedent for similar special exceptions to the act in the future.

Accordingly, I am constrained to return Senate Bill No. 282 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 330

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 330, for the following reasons:

This bill amends R. S. 43:8–2 to provide for an increase in the $2,500.00 annual pension payable to widows of Governors to the sum of $6,000.00 annually. The present law is applicable whether the Governor dies in or subsequent to the expiration of his term of office.

One effect of the present bill would be to require additional payments by way of pension to Governor's widows in amounts which, during the life expectancy of widows now entitled to such payments, would have an aggregate present value of $131,700.00. There would, of course, also be increased obligations in respect to future widows of Governors. As I have stated upon a number of occasions since my inauguration, the fiscal exigencies of the State are such that no additional financial obligations should be undertaken by the State at this time not clearly and plainly required by the public interest. I am aware of no consideration which brings the subject matter of the present bill within that policy.

Moreover, the act which the present bill amends is one of the few existing provisions for State-paid pensions on

a non-contributory basis. I am not in favor of the extension or liberalization of pension benefits of that character.

I am, therefore, returning this bill herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

STATE OF NEW JERSEY,

SENATE JOINT RESOLUTION No. 17

To the Senate:

I am returning herewith without my approval, Senate Joint Resolution No. 17, for the following reasons:

This resolution creates a State Medical-Dental School and Health Center Site Commission for the purpose of investigating and reporting at the opening of the next session of the Legislature as to the most advantageous location for a State Medical-Dental School and Health Center.

This resolution was a companion measure to Senate Bill No. 317, pursuant to which the people voted at the recent election on a referendum for the flotation of a $25,000,000 bond issue to finance the cost of such a project. Since the referendum resulted in a defeat of the proposal there is no present occasion for the activation of the commission.

I am, accordingly, returning Senate Joint Resolution No. 17, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*
ROBERT J. BURKHARDT,
Secretary to the Governor.

Senator Wallace moved that Senate Bill No. 344 be returned to second reading for the purpose of amendment.

Which motion was adopted.

Mr. Wallace offered the following amendments to Senate Bill No. 344, which were read and adopted:

Amend page 2, section 1, lines 33 to 36, delete entire lines and substitute the following:

" 'Selling Expense' shall mean all overhead and general business expenses as evidenced by the standards and methods of accounting regularly employed by the retail dealer in his allocation of overhead costs and expenses, paid or incurred and must include, without limitation, labor, rent, depreciation, selling costs, maintenance of equipment, social security and unemployment compensation, all types of licenses, taxes, insurance and advertising. In the absence of the filing with the commissioner of satisfactory proof of lesser or higher selling expense by the retailer making the sale, selling expense shall be presumed to be $0.067 per gallon of motor fuel."

Amend page 2, section 1, line 37, delete "State Tax Commissioner", insert "Director of Taxation in the Division of Taxation in the Department of the Treasury".

Amend page 3, after section 2, insert a new section to read as follows:

"3. This act shall not be applicable to dealers of propane or butane gas."

Amend page 3, section 3, line 1, renumber "3." to "4."

Mr. Wallace offered the following amendments to Senate Bill No. 44, as recommended by the Governor:

Amend page 1, section 2, line 10, delete "transferred and ap-".

Amend page 2, section 2, lines 11 and 12, delete both lines and insert in lieu thereof the following: "carried on a special Civil Service list, which list shall take precedence over all other Civil Service lists, and as future appointments to positions or employments of comparable duties and responsibilities in the district court or the County Court of the county are made, such appointments shall first be

made from among such persons in the order of their seniority of service when of equal rank.''.

Which were adopted.

Mr. Wallace offered the following amendment to Senate Bill No. 46, as recommended by the Governor:

Amend page 1, section 1, lines 1 to 7, inclusive, delete the entire section and substitute in lieu thereof the following:

''1. Whenever a policeman in any municipality has received or shall have received awards for 3 or more separate and distinct acts of valor or heroism issued by any duly organized State-wide police association or associations which issue such awards on a regular basis and in accordance with specific rules or regulations such policeman may be promoted to the next higher rank at the discretion of the governing body of the municipality without taking a promotional examination.''

Which was adopted.

Mr. Wallace offered the following amendments to Senate Bill No. 72, as recommended by the Governor:

Amend page 3, section 1, line 58, after ''lished'' delete the rest of the line and insert the following: ''as follows: (a) in a daily newspaper published and circulating in the municipality affected, if there is one, or if not, (b) in a weekly newspaper published and circulating in such municipality and a daily newspaper published in the county and circulating in the municipality; but if there be no such weekly newspaper, then in lieu thereof the publication shall be in a weekly newspaper circulating in the municipality, if any; if there be no such daily newspaper published in the county and circulating in the municipality, then in lieu thereof the publication shall be in a daily newspaper circulating in the municipality, if any.''.

Amend page 3, section 1, lines 59, 60 and 61, delete the entire lines.

Amend page 5, section 1, line 111, after ''order'' delete the rest of the line and insert the following: ''in a daily newspaper published in the county and circulating in the municipality affected; in addition thereto, if the commis-

sioner deems it necessary, there may be publication in any other newspaper circulating in the municipality affected".

On page 5, section 1, line 112, delete the words "more newspapers published within the county".

Which were adopted.

Mr. Wallace offered the following amendments to Senate Bill No. 76, as recommended by the Governor.

Amend page 1, section 1, line 8, after "$60,000.00" insert "or 2% of the assessed valuations of taxable real property of such district, whichever is the greater,".

Amend page 1, section 1, lines 11, 12 and 13, delete "; provided, however, that in any such fire district where the ratables equal or exceed the sum of $10,000,000.00, bonds in a sum not exceeding an aggregate of $200,000.00 may be issued".

Which were adopted.

Mr. Wallace offered the following amendments to Senate Bill No. 93, as recommended by the Governor:

Mr. Anton offered the following resolution, which was read and adopted:

Senate Resolution No. 4, entitled "A resolution urging the Delaware, Lackawanna & Western Railroad not to abandon its Christopher Street Ferry service between Hoboken and New York City, and further requesting all railroads operating between New Jersey and New York and New Jersey and Philadelphia to suspend authorized fare increases until a full hearing can be granted by the Interstate Commerce Commission and the Public Utilities Commission of New Jersey,"

WHEREAS, Many thousands of New Jersey citizens commute daily to New York on the Delaware, Lackawanna & Western Railroad; and

WHEREAS, These commuters will be greatly discommoded and inconvenienced if the Christopher Street Ferry between New York and Hoboken is abandoned, as authorized by the Interstate Commerce Commission, not later than December 23, 1954; and

WHEREAS, Many additional thousands of commuters on other railroads to New York and Philadelphia, along with commuters on the Lackawanna, have recently been sub-

jected to substantial fare increases by reason of orders of the Interstate Commerce Commission, without a hearing and without an opportunity for the Public Utilities Commission of New Jersey to determine the fairness and equity of such increases for intra-state commuters; and

WHEREAS, All railroad commuters to New York and Philadelphia have been subjected to other substantial increases in recent years; therefore,

Be It Resolved, That the Senate of the State of New Jersey urges the Delaware, Lackawanna & Western Railroad for the general public convenience and necessity not to abandon its Christopher Street Ferry service, as already approved; and

Be It Further Resolved, That all railroads recently granted increases for interstate traffic from New Jersey to New York and from New Jersey to Philadelphia are hereby urged not to place these increases into effect until there can be a full determination of their fairness and necessity; and

Be It Further Directed, That the Secretary of the Senate send copies of this resolution to the presidents and secretaries of all railroads involved; to the Interstate Commerce Commission in Washington and to the Public Utilities Commission in Trenton.

Mr. President: December 6, 1954.

I am directed by the General Assembly to inform the Senate that the General Assembly has concurred in the following concurrent resolution:

A concurrent resolution providing for a commission to make a study of the provisions of the Bingo Licensing Law and the Raffles Licensing Law and of the rules and regulations promulgated by the Legalized Games of Chance Control Commission governing the issuance and amendment of licenses and the holding, operating and the conducting of games of chance thereunder, and regulating the holding, operating and conducting of such games of chance.

WHEREAS, Many proposals have been made to the Legislature for amendment of the Bingo Licensing Law and Raffles Licensing Law, and to the Legalized Games of Chance Commission for amendment of the rules and regulations adopted by it, governing the issuance and amendment of licenses to hold, operate and conduct games of chance under said laws, and governing the holding, operating and conducting of such games of chance, to the end that such laws and rules and regulatiions may be improved; and

WHEREAS, The proposals so made are of such diverse and conflicting character as to make necessary a study of them and of the provisions of said laws and rules and regulations in order that intelligent action may be taken thereon by the Legislature.

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

1. There is hereby created a commission to consist of 6 members, 3 to be appointed from the membership of the Senate by the President thereof and 3 to be appointed from the members of the General Assembly by the Speaker thereof; not more than 2 of each of said groups of 3 members to be of the same political party, and all of whom shall serve without compensation.

2. The commission shall organize as soon as may be after the appointment of its members and shall elect a chairman and a vice-chairman from among its members and a secretary who need not be a member of the commission.

3. It shall be the duty of said commission to study and investigate the operation of the Bingo Licensing Law and the Raffles Licensing Law and the rules and regulations promulgated by the Legalized Games of Chance Control Commission thereunder and the administration thereof and the various proposals made for change in the provisions thereof, in order to ascertain what changes and improvements, if any, the commission shall deem it desirable to recommend to be made by the Legislature in the terms of said laws and of any other laws governing the regulation of the issuance of licenses to conduct and the methods of conducting the games of chance commonly known as Bingo and Raffles within this State and to report thereon with its recommendations at the 1955 Session of the Legislature.

4. The commission shall be entitled to call to its assistance and avail itself of the services of such employees of any State department or bureau or commission or agency as it may require and to employ such stenographic and clerical assistants and incur such traveling and other miscellaneous expenses as it may deem necessary in order to perform its duties and as may be within the limits of appropriations made to or made available to such commission.

5. The commission may hold hearings in any part of the State and call for the attendance of witnesses and the production of books, papers and records by any State officer, board, commission or agency, and shall receive and consider all proposals made to it in connection with the subject matter of its study, and shall accompany its report with findings and recommendations for the adoption of any legis-

lation which it shall deem necessary or advisable to be enacted by the Legislature.

6. This concurrent resolution shall take effect immediately.
