SUBCHAPTER 1. GENERAL PROVISIONS

7:25-1.1 Scope

Unless otherwise provided, the following shall constitute supplements to the statutes governing fish and game laws.

Case Notes

In constitutional challenge by unincorporated organization whose members advocated and practiced a "clothing-optional lifestyle" to local ordinance barring nude sunbathing on township beaches, ordinance held constitutional and generally enforceable in township; ordinance unenforceable on beach located on State-owned lands inside township boundaries. *Tri-State Metro Naturists v. Lower Twp.*, 219 N.J.Super. 103, 529 A.2d 1047 (Law Div.1987).

7:25-1.2 Construction

These rules shall be liberally construed to permit the department, the Division of Fish, Game and Shellfisheries and its various agencies to discharge its statutory functions.

7:25-1.3 Practice where rules do not govern

The Fish and Game Council may rescind, amend or expand these rules from time to time, and such new rules shall be filed with the Secretary of State as provided by law.

7:25-1.4 Definitions

The following words and terms, when used in this chapter, shall have the following meanings unless the context clearly indicates otherwise.

"Closed season" means the time during the year when fish, game, birds, or animals, as the case may be, may not be captured, taken, killed or had in possession.

"Code" means the New Jersey Administrative Code.

"Compendium" means the regularly published summary of applicable rules, regulations and statutes.

"Conservation officer" means a law enforcement officer of the division.

"Council" means the Fish and Game Council in the Division of Fish, Game and Shellfisheries.

"Division" means the Division of Fish, Game and Shellfisheries in the Department of Environmental Protection.

"Open season" means the time during the year when fish, game, birds or animals, as the case may be, may be captured, taken, killed or had in possession.

7:25-1.5 License, permit and stamp fees

Pursuant to N.J.S.A. 23:3-1a, the fees for hunting and fishing licenses, permits and stamps issued by the Division of Fish, Game and Wildlife are as follows. The listed fees include, where applicable, a non-refundable \$2.00 application fee as set by the Legislature in N.J.S.A. 23:3-1c and an issuance fee of \$.50 as set by the Legislature in N.J.S.A. 23:3-1.1, 23:3-4 and 23:3-4.1.

**SUBCHAPTER 2. USE OF ALL LAND AND
WATER AREAS UNDER THE CONTROL OF
THE DIVISION OF FISH, GAME AND
WILDLIFE**

7:25-2.1 Cutting or damaging vegetation

No person or persons shall at any time cut, fell, dig up, pull up, damage, gather, carry away, take, remove or destroy

any tree, shrub, vine or other vegetation or part thereof without written permission or other authorization of the Division of Fish, Game and Wildlife. Nothing in this section shall apply to public utility companies or their agents engaged in the maintenance of existing utility company rights-of-way, provided that prior notice is given to the Division.

3. Clipped flight feathers of wing; or

4. Surgical or other medical procedure mandated in writing by a licensed veterinarian to preserve the life or health of the bird.

(c) Captive-bred birds hatched in New Jersey shall have seamless bands slipped onto one of their legs. A properly-sized seamless band slipped onto the leg of a hatchling shall be of such a size as to later fit a full-grown adult comfortably, but must not be so large that it could have been slipped over the foot of an older or full-grown bird. The Division shall publish and distribute a list of those species of birds exempt from the banding requirements because of adverse health effects.

(d) Captive-bred birds hatched outside the State of New Jersey and wild-caught birds (except for zebra finches, society finches, canaries, budgerigars and cockatiels) which remain in New Jersey for more than 48 hours and are not wearing seamless bands shall have butt-end bands placed around one of their legs upon arrival in New Jersey. All aviculturally recognized color mutations of any parrot species will be exempt from banding due to their captive-bred origin.

(e) In lieu of or in addition to banding as set forth in (a) through (d) above, birds may be identified by micro-chips (subcutaneous implants or coded information) obtained solely from manufacturers expressly authorized by the Department.

7:25-5.1 General provisions

(a) Judicial Notice. N.J.S.A. 13:1B-34 provides in pertinent part, "(C)opies of the State Fish and Game Code, and its amendments, duly certified by the Chairman of the council shall be received in evidence in all court or other judicial proceedings in the State."

(b) Time: The hours listed in this Code are EST or EDT at date and are based on Trenton time. A copy of the official time table for Trenton is on file at the Office of Administrative Law and is available from that agency or the Division. Time tables for Trenton time are also published in the annual Summary of Game Regulations and Trenton time shall be the Statewide official time.

(c) This Code, when adopted and when effective, shall supersede the provisions of 1998-99 Game Code.

(d) The following words and terms, when used in this chapter, shall have the following meanings unless the context clearly indicates otherwise.

1. "Bag limit" means the amount of permitted take per person per season except in a permit season the "bag limit" is the amount of permitted take per permit per season.

2. "Leftover permits" means those permits within the amount presented as the permit quota remaining after closure of the initial permit-granting process.

3. "Permit quota" means the maximum amount of permits allocated for a given locality, season, or species category.

4. "Possession tag" means the tag or metal seal affixed to the animal by Division personnel or designated agent.

5. "Transportation tag" means the tag portion of the hunting license or special permit which is removed and affixed to the animal immediately upon kill or removal from the trap. It is also a tag supplied by the Division with the beaver and otter trapping license.

6. "New Jersey Supplemental Deer Transportation Tag" means the paper deer permit and transportation tag issued by mandatory deer check stations after registration of a deer taken on a regular license or special season permit. The "New Jersey Supplemental Deer Transportation Tag" will allow the hunter to continue hunting and take one additional deer subject to applicable sections of this Code. The transportation tag is completed and affixed to a deer immediately upon killing by the hunter.

7. "New Jersey Bonus Deer Transportation Tag" means the paper deer permit and transportation tag issued by mandatory deer check stations after registration of an antlerless deer taken pursuant to N.J.A.C. 7:25-5.25(b)1. The "New Jersey Bonus Deer Transportation Tag" will allow the hunter to continue hunting and take one additional deer subject to applicable provisions of N.J.A.C. 7:25-5.25(b)1. The transportation tag is completed and affixed to a deer immediately upon killing by the hunter.

8. "Traditional muzzleloader rifle" means a single shot, single barrel, side lock percussion or flintlock firearm with iron or peep sights and a wooden stock. In-line ignition, center hammer and under hammer muzzleloaders are not included in this definition. Scopes, Sabot slugs and jacketed projectiles are prohibited for the purposes of this definition.

9. An "antler point" is defined as at least one inch long from its tip to its base line, and the length must exceed the width at some location at least one inch down from the tip.

10. "Antler length" means the maximum length of a deer antler measured from the lowest outside edge of the antler burr along the outer curve to the most distant point of what is or appears to be the main antler beam. For the purposes of this definition, the antler length does not include the pedicel or portion of skull between the skull plate and base of the antler burr.

11. "Antlered deer" means any deer with at least one antler measuring at least three inches in length.

12. "Antlerless deer" means any deer which does not have any antler measuring at least three inches in length. For the purposes of this definition, shed antlered deer and deer with broken antlers which measure less than three inches are considered antlerless deer.

(e) For the purpose of this subchapter, "Trenton Office" shall mean the Bureau of Wildlife Management, Division of Fish, Game and Wildlife, New Jersey Department of Environmental Protection, 501 East State Street, 5 Station Plaza, PO Box 400, Trenton, New Jersey 08625.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

7:25-5.7 Wild turkey (*Meleagris gallapavo*)

(a) The duration of the 1999 Fall Either-Sex Wild Turkey Hunting Season for Turkey Hunting Areas 1, 2, 3, 4, 5, 8, 9, 10, 11 and 20 shall be the first Wednesday, Thursday and Friday of December 1999. There shall be no fall turkey hunting in Turkey Hunting Areas 6, 7, 12, 14, 15, 16, 21 and 22 in 1999. The duration of the 2000 Fall Either-Sex Wild Turkey Hunting Season for Turkey Hunting Areas 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 20 shall include two separate hunting

periods of three days each. The hunting periods shall be October 30 through November 1 and November 2 through November 4, 2000. There shall be no fall turkey hunting in Turkey Hunting Areas 12, 14, 15, 16, 21 and 22 in 2000. The duration of the 2000 Spring Wild Turkey Gobbler hunting season includes five separate hunting periods of four, five or 10 days each. The hunting periods for all hunting areas shall be:

1. Monday, April 24, 2000–Friday, April 28, 2000
2. Monday, May 1, 2000–Friday, May 5, 2000
3. Monday, May 8, 2000–Friday, May 12, 2000
4. Monday, May 15, 2000–Friday, May 19, 2000; Monday, May 22, 2000–Friday, May 26, 2000
5. Saturday, April 29, 2000; Saturday, May 6, 2000; Saturday, May 13, 2000 and Saturday, May 20, 2000

(b) Bag limit: The bag limit for the spring turkey hunting season is one male wild turkey with each special wild turkey hunting permit and with each special farmer turkey permit. Only one turkey may be taken in a given day. The bag limit for the fall season is one wild turkey of either-sex per permit.

(c) The hunting hours for wild turkey gobblers in the spring season shall be ½ hour before sunrise to noon daily. Hunting hours for the fall either sex turkey season shall be ½ hour before sunrise to ½ hour after sunset daily.

(d) Special wild turkey hunting permits are valid only during the hunting period designated and only in the designated turkey hunting area except that spring turkey hunting permits issued in the initial lottery period to applicants 15 years of age or under at the time of application will be valid for use during other additional spring turkey hunting periods provided that the permittee hunts in the turkey hunting area designated by the permit and is accompanied by and under the direct supervision of a parent or legal guardian who is in possession of a valid turkey hunting permit for that turkey hunting period and the same turkey hunting area as the youth permittee. For the purposes of this section, direct supervision is defined as both the youth permittee and parent/guardian set up together at the same location, hunting as a unit and not hunting independently of each other for different birds. Regardless of the number of hunting periods hunted by youth permittees, the season bag limit is one bird per permit. Permits are not transferable.

(e) Hunting methods shall be restricted to calling or stand-hunting during the spring gobbler season. No person shall stalk or attempt to approach a wild turkey for the purpose of taking or attempting to take the bird. All persons must have a turkey calling device in their possession while turkey hunting. No person shall use an electronic calling device for calling turkeys at any time during the open season. Persons may not drive or chase wild turkeys for the purpose of putting them in range of hunters, except that fall

hunters may rush turkeys for the purpose of causing the flock to scatter. No group of hunters larger than five individuals may hunt turkeys at any time. The use of dogs is prohibited in the spring gobbler season. No live decoys may be used. Fluorescent hunters orange is not required on outer clothing for turkey hunting. No shot size larger than No. 4 fine shot or smaller than No. 7½ fine shot may be used for turkey hunting. No shotgun larger than 10 gauge or smaller than 20 gauge may be used for turkey hunting. A person hunting turkeys shall not have in possession or control, a firearm or other weapon within 300 feet of a baited area during the turkey hunting seasons. A baited area is defined as the collection, deposit, concentration or unnatural gathering of feed including, but not limited to, corn, wheat, oats or other substance that may constitute a lure or enticement to turkeys.

(f) Method: The taking of one male wild turkey in the spring gobbler season or one wild turkey of either sex during the fall turkey season per special turkey permit with firearm or bow and arrow is permitted in any designated turkey hunting areas by holders of a special wild turkey permit.

1. Except as provided in (h)1 below, special wild turkey permits will be issued on an individual basis to holders of valid and current firearm or archery hunting licenses. Only one application per person may be submitted for the spring wild turkey season and only one application per person may be submitted for the fall turkey season during the initial application period. Only one application per person may be submitted for a left over permit during the initial application period. All persons, while their hunting licenses are void under authority of law or as imposed by a court, are prohibited from making application for, or otherwise procuring a turkey hunting permit.

(g) Special permits consist of a back display which includes a wild turkey transportation tag. The back portion of the permit will be conspicuously displayed on the outer clothing in addition to the valid firearm or archery license. Any wild turkey killed must be tagged immediately with the completed wild turkey transportation tag. This completely filled in wild turkey transportation tag allows legal transportation of the wild turkey to an authorized checking station only. Personnel at the checking station will issue a "possession tag". Any permit holder killing a wild turkey must transport this wild turkey to an authorized checking station by 3:00 P.M. on the day killed during the spring gobbler hunting season or by 7:00 P.M. on the day killed during the fall turkey season to secure the legal "possession tag." The possession of a wild turkey after 3:00 P.M. on the date killed during the spring gobbler season or 7:00 P.M. on the date killed during the fall season without a legal "possession tag" shall be deemed illegal possession.

(h) Wild Turkey Hunting Permits shall be applied for as follows:

1. Holders of valid and current firearm or archery hunting licenses, including juvenile licenses, shall apply by detaching from the hunting license the stub marked "Special Turkey," signing as provided on the back, and sending the stub together with an application form which has been properly completed in accordance with instructions. First time permit applicants who do not yet possess a valid hunting license may apply for a wild turkey hunting permit provided they have applied for a hunter education course prior to the permit application period and have provided such related information as may be required on the application. Application forms may be obtained from:

- i. License issuing agents;
- ii. Division of Fish, Game and Wildlife, PO Box 400, Trenton, NJ 08625;
- iii. Wildlife Management Area Offices; or
- iv. District Law Enforcement Headquarters.

2. Only one application for an initial permit and only one application for a leftover permit may be submitted by any one individual during the prescribed application period. Duplicate applications will cause all applications by an individual to be void.

3. The application form shall be filled in to include: Name, address, 2000 firearm or archery hunting license number, social security number, turkey hunting areas applied for, hunting periods applied for, and any other information requested. Only those applications will be accepted for participation in random selection which are received in the Trenton office during the period of February 1-22, 2000 inclusive. Applications received after February 22 will not be considered for the initial drawing. Selection of permits will be by random drawing except that applicants 15 years of age and under will receive a spring hunting season permit for the hunting area and period applied for separate from the spring permit quota.

i. Application for the fall hunting season shall be made in conjunction with the spring season application procedures in a form as prescribed by the Division.

4. Unless otherwise indicated, the permit fee in the form of a check or money order made payable to "Division of Fish, Game and Wildlife," must accompany the completed application form.

5. Unsuccessful applicants will be notified by return of permit fees, less an application fee per permit applied for. Any permit obtained by fraud is void.

6. Nothing contained herein shall preclude the Division from issuing unfilled permits on a first come-first served basis to any properly licensed bow and arrow hunter, firearm hunter or qualified farmer after the permit selection process.

(i) Special Farmer Turkey Permits shall be applied for as follows:

1. Only the owner or lessee of a farm, who resides thereon, or immediate members of his family 10 years of age or older who also reside thereon, may apply on forms provided for a special farmer turkey permit for the spring season and the fall season. Under this section a farm is an area of five acres or more and producing a gross income in excess of \$500.00 and is tax assessed as farmland. Special farmer spring turkey permits will be issued only in those Turkey Hunting Areas where a spring gobbler season is prescribed. Special farmer fall turkey permits will be issued only in those Turkey Hunting Areas where a fall turkey season is prescribed.
2. Application forms may be obtained from the Division of Fish, Game and Wildlife, PO Box 400, Trenton, N.J. 08625, or from Conservation Officers.
3. The application form shall be filled in to include: Name, age, address, social security number and any other information requested thereon. Properly completed application forms will be accepted in the Trenton office only during the period of February 1-22, 2000. There is no fee required and all qualified applicants will receive a Special Farmer Spring Turkey Permit or Special Farmer Fall Turkey Permit delivered by mail.
4. Only one farmer application may be submitted per individual during the initial application period. Application for a farmer turkey permit shall not preclude a

farmer from applying for and the Division's issuing one regular turkey season permit as a holder of a valid hunting license.

(j) Turkey Hunting Permits and Special Farmer Turkey Permits shall be used as follows:

1. The turkey hunting permit is valid only in the turkey hunting area (THA) designated and during the time period designated and is not transferable. The turkey hunting permit hunter is responsible for hunting in the correct THA and time period as indicated and in ascertaining the boundaries. The Special Farmer Turkey Permit for the spring season is valid for all five turkey hunting periods and only on the farm designated on the application and is not transferable. The special farmer turkey permit for the fall season is valid for both hunting periods and only on the farm designated in the application and is not transferable.
2. The turkey hunting permit is not transferable from turkey hunting area to turkey hunting area, or from hunting period to hunting period, from individual to individual or from farm to farm. The permit must be used in the Turkey Hunting Area, in the hunting period, and by the individual to whom it was issued.

(k) Turkey hunting area map is on file at the Office of Administrative Law and is available from that agency or the Division. The 2000 Spring Turkey Hunting Season Permit Quotas are as follows:

In (b), changed dates in 1, 2 and 4.

7:25-5.9 Beaver (*Castor canadensis*) trapping

(a) Beaver may only be taken by means of a trap approved by the Division of Fish, Game and Wildlife.

(b) The duration of the trapping season for beaver shall be January 3 through February 11, 2000, inclusive. If the anticipated harvest of beaver has not been accomplished during this season, up to 14 additional days may be authorized by the Director.

(c) Special Permit: A special permit obtained from the Division of Fish, Game and Wildlife shall be required to trap beaver. (If the number of applications received in the Trenton office exceeds the quotas listed, a random drawing will be held to determine permit holders.) Applications shall be received in the Trenton office during the period October 15-November 15, 1999. Applicants may apply for only one beaver trapping permit and shall provide their 1999 trapping license number. Permits will be allotted on a zone basis as follows: Zone 1-7, Zone 2-6, Zone 3-4, Zone 4-4, Zone 5-4, Zone 6-15, Zone 7-6, Zone 8-2, Zone 9-4, Zone 10-6, Zone 11-4, Zone 12-2, Zone 13-1, Zone 14-2, Zone 15-1, Zone 16-3, Zone 17-4, Zone 18-3, Zone 19-2, Zone 20-1, Zone 24-1, Zone 25-1, Zone 26-1, Zone 27-1, Zone 28-2,

Zone 29-1, Zone 30-2. Total 90. Successful applicants must trap with a valid, current trapping license.

(d) Special Site Specific Permit: During the initial application period, applicants may also apply for one special site specific beaver permit. The total number of permits available shall not exceed 10. Site specific permits will be issued for specific locations or properties where the division has determined that beaver damage or nuisance problems exist. A random drawing will be held to determine permit holders; however, applicants unsuccessful in obtaining the special permit as set forth at (c) above will be given first opportunity. Permits will be valid only during the beaver trapping season.

(e) The season limit for beaver trapping is 10 beaver per special permit and 10 beaver per special site specific permit.

(f) A "beaver transportation tag" provided by the Division shall be affixed to each beaver taken immediately upon removal from trap, and all beaver shall be taken to a designated beaver checking station at the times and dates specified on the beaver permit and, in any case, no later than seven days after the close of the season.

(g) Each beaver trapper shall be restricted to a maximum of five traps. However, holders of both a Special Permit and a Special Site Specific Permit may use five additional traps per Special Site Specific Permit provided they are used only on the property or site specified in the Special Site Specific Permit. Each trap shall be tagged pursuant to N.J.A.C. 7:25-5.12 with the tag clearly visible above the level of the water or ice. The Division, in its discretion, may designate and suitably post certain beaver colonies and prohibit all trapping within their dams, or within 500 feet thereof, during the beaver trapping season as indicated in this section.

(h) Special Beaver Permit and Special Site Specific Permits are valid only in the zone or site designated and are not transferable from person to person.

(i) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:3-1, 23:4-1, 23:4-37, 23:4-38.1, 23:4-38.2, 23:4-38.3, 23:4-39, 23:4-40, 23:4-41, 23:4-55 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (b), amended dates of trapping season; and in (c), amended dates of trapping season and amended permit zones.

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (b) and (c), changed season dates.

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

Changed dates throughout; in (c), changed Zone references; in (d), substituted "10" for "15" at the end of the second sentence; and in (e), substituted "10" for "five" following "trapping is".

7:25-5.10 River otter (*Lutra canadensis*) trapping

(a) Otter may only be taken under special permit by means of a trap approved by the Division of Fish, Game and Wildlife. Steel leghold traps with a jaw spread greater than eight inches are prohibited.

(b) The duration of the trapping season for otter shall be January 10 through February 6, 2000, inclusive. If the anticipated harvest of otter has not been accomplished, up to 14 additional days may be authorized by the Director.

(c) Special Permit: A special permit obtained from the Division of Fish, Game and Wildlife shall be required to trap otter. (If the number of applications received in the Trenton office exceeds the quotas listed, a random drawing will be held to determine permit holders.) Beaver permit holders will be given first opportunity for otter permits in their respective zones. Applications shall be received in the Trenton office during the period October 15–November 15, 1999. Only one application per person may be submitted for trapping otter and applicants shall provide their 1999 trapping license number. Permits will be allotted on a zone basis as follows: Zone 1–7, Zone 2–7, Zone 3–2, Zone 4–3, Zone 5–2, Zone 6–9, Zone 7–3, Zone 8–6, Zone 9–3, Zone 10–4, Zone 11–5, Zone 12–2, Zone 13–14, Zone 14–7, Zone 15–12, Zone 16–4, Zone 17–2, Zone 18–5, Zone 19–1, Zone 20–1, Zone 26–1, Zone 27–1, Zone 30–5. Total 106. Successful applicants must trap with a valid, current trapping license.

(d) The season limit for otter trapping is one otter.

(e) The "otter transportation tag" provided by the Division must be affixed to each otter taken immediately upon removal from the trap. All otter pelts and carcasses shall be taken to a beaver-otter check station at dates specified on the otter permit and, in any case, no later than seven days after the close of the season, where a pelt tag will be affixed and the carcass surrendered.

(f) Each otter trapper is restricted to a maximum of three traps and each trap must be tagged pursuant to N.J.A.C. 7:25-5.12 with the tag clearly visible above the level of the water or ice.

(g) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:3-1, 23:4-1, 23:4-37, 23:4-38.1, 23:4-38.2, 23:4-38.3, 23:4-39, 23:4-40, 23:4-41, and 23:4-55 and other applicable statutes.

7:25-5.12 General trapping

(a) All traps set or used in this State must bear a durable and legible tag with the name and address of the person setting, using and maintaining the traps. The Division may issue a trap identification number to licensed trappers which may be used in lieu of a name and address.

(b) No trap of any kind shall be permitted to remain set on any property at the close of the trapping season. It shall be illegal to possess, in the woods or fields of this State any conibear or killer type trap with a jaw spread greater than six inches except under permit for the trapping of beaver or otter.

(c) No person shall set, use or maintain any type of conibear or killer-type trap for the purpose of trapping any muskrat or other furbearing animal in this state unless such trap is completely submerged underwater. This shall not preclude the setting of conibear or killer-type traps in tidal waters of this State for the purpose of taking muskrats, whereby the traps may be exposed above the surface of the water due to the ebb and flow of the tide, and provided that all such traps shall be completely submerged at mean high tide.

(d) No conibear or killer-type traps with a jaw spread larger than six inches shall be used or set in this State except for the trapping of beaver or otter. No conibear or killer-type traps with a jaw spread larger than 10 inches shall be used, set or maintained at any time in this state for the purpose of trapping any animal. Jaw spread shall be measured across the trigger of a set trap to the inner edges of the jaws.

(e) Steel-jaw leghold type trap:

1. Effective October 27, 1985, and thereafter, no person in this State shall:

- i. Manufacture, sell, offer for sale, possess, import or transport an animal trap of the steel-jaw leghold type;
- ii. Take or attempt to take any animal by means of a trap of the steel-jaw leghold type; or
- iii. Use a steel-jaw leghold type trap.

2. The possession of a trap of the steel-jaw leghold type shall be prima facie evidence of a violation of these regulations except under the conditions prescribed by N.J.S.A. 23:4-22.5 which are:

- i. The use of steel-jaw leghold traps for the purpose of exhibition by humane or educational institutions or organizations; or

ii. The possession of such traps by a person in the act of turning over the traps to a law enforcement agency.

(f) Body gripping restraining snares shall be subject to the following requirements.

1. No person shall set, use or maintain any type of snare unless they have first satisfactorily completed a division-approved snare training course and carry on their person appropriate certification thereof.

2. Except when submerged underwater or when set for mink and muskrat as provided in this subsection, all snares of the body gripping type used in trapping must be constructed of aircraft cable or crucible wire measuring 5/64 to 3/32 inches in diameter and be equipped with a swivel. Mink and muskrat body gripping snares must be constructed of aircraft cable or crucible wire measuring 1/32, 3/64 or 1/16 inches in diameter, equipped with a swivel and set within 50 feet of the mean high water line.

3. Except when submerged underwater or when set for mink and muskrat as provided in this subsection, no body gripping snare shall be set, used, or maintained with a loop diameter average (arithmetic mean) greater than eight inches. Mink and muskrat body gripping snares must be equipped with a stop to prevent the average (arithmetic mean) diameter of the loop opening from exceeding four inches.

4. Except when set for mink and muskrat as provided in this subsection, no body gripping snare shall be set, used or maintained with the distance between the ground or walking surface to the top of the loop greater than 18 inches. No mink or muskrat body gripping snare must be set, used or maintained with a distance between the ground or walking surface to the top of the loop greater than seven inches.

5. Except when submerged underwater or when set for mink and muskrat as provided in this subsection, no body gripping snare shall be set, used or maintained unless it is equipped with a stop six inches from the end to restrict loop closure to no less than six inches in circumference and a stop to restrict the average (arithmetic mean) diameter of the loop opening to no greater than eight inches. Mink and muskrat body gripping snares must be equipped with a stop to prevent the average (arithmetic mean) diameter of the loop opening from exceeding four inches.

(g) All natural baits consisting of fish, bird or mammal carcasses or flesh used in trapping with body gripping restraining snares must be covered or concealed from view except when placed or located at a distance of 30 feet or greater from any set snare.

(h) Legally licensed trappers possessing a valid and proper rifle permit may carry and use a .22 caliber rifle and .22 caliber short rimfire cartridges only, to kill legally trapped animals other than muskrats.

(i) All traps set or in use must be checked, tended and maintained at least once in every 24 hours.

(j) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-13, 23:4-37, 23:4-38.2, 23:4-39 and 23:4-41 et seq. and other applicable statutes.

7:25-5.13 Migratory birds

(a) Should any open season on migratory game birds, including waterfowl, be set by Federal regulation which would include the date of November 13, 1999, the starting time on such date will be 8:00 A.M. to coincide with the opening of the small game season on that date. However, this shall not preclude the hunting of migratory game birds, including waterfowl, on the tidal marshes of the State as regularly prescribed throughout the season by Federal regulations.

(b) Unless otherwise provided hunting methods shall be in accordance with the code of Federal hunting regulations described in the current regulatory announcement, U.S. Department of the Interior, U.S. Fish and Wildlife Service.

(c) A person shall not take, attempt to take, hunt for or have in possession, any migratory game birds including waterfowl, except at the time and in the manner prescribed in the Code of Federal Regulations by the U.S. Department of the Interior, U.S. Fish and Wildlife Service, for the 1999-2000 hunting season. The species of migratory game birds, including waterfowl, that may be taken or possessed and unless otherwise provided the daily bag limits shall be the same as those prescribed by the U.S. Department of the Interior, U.S. Fish and Wildlife Service for the 1999-2000 hunting season. Effective September 1, 1998, anyone engaged in hunting migratory birds including waterfowl, woodcock, mourning doves, rails and gallinules must comply with the rules of the Migratory Bird Harvest Information Program as specified in 50 C.F.R. Part 20.20 Migratory Bird Harvest Information Program; Final Rule, incorporated herein by reference, wherein licensed hunters are required to supply their names, addresses, and migratory bird harvest information to the hunting license authority of the state in which they hunt. Hunters are required to have evidence of participation in the Migratory Bird Harvest Information Program on their person while hunting migratory game birds. Evidence of participation shall include a code number the hunter will enter on his or her valid hunting license. The code number will be obtained via a telephone interview utilizing a toll free number provided by the Division.

(d) Herring Island: There shall be no open season for hunting any game birds or animals, including migratory waterfowl, in the following designated area of Barnegat Bay including all of Herring Island in the Township of Brick and that portion of Barnegat Bay lying between the northern and southern tips of Herring Island easterly to the adjacent shoreline of the Borough of Mantaloking in the County of Ocean.

(e) Shark River: There shall be no open season for hunting any game birds or animals, including migratory waterfowl, on the Shark River in Monmouth County, or the shores thereof.

(f) State laws and regulations can be more stringent but not more lenient than the time and manner prescribed by the Code of Federal Regulations (Title 50).

(g) A special New Jersey woodcock stamp is required to hunt woodcock.

(h) Hunting hours for waterfowl shall be those hours that are prescribed by the Department of the Interior, United States Fish and Wildlife Service for the 1999-2000 hunting season.

(i) A special swan permit shall be required to hunt swans, if the appropriate prescribed special season is established by Federal regulations. If a special season for swan is established by Federal regulations, the special swan hunting area shall be the counties of Burlington, Cumberland and Salem. The September Canada Goose hunting area shall be that portion of the State designated by Federal regulations. The late season Canada goose hunting areas shall be that portion of the State established by Federal regulations.

(j) Federal and State waterfowl stamps are required for hunting ducks and geese for everyone 16 years of age or over. Regular State valid hunting license is also required to hunt ducks and geese.

(k) Waterfowl hunting on Delaware River is governed by State boundaries and restricted to respective State seasons.

(l) The prohibition against shooting waterfowl or placing a boat or other structure at a greater distance than 100 feet from shore shall not apply in all the waters of the State and Atlantic Ocean.

(m) A person shall not take or attempt to take migratory game birds:

1. With a shotgun capable of holding more than three shells at one time or that may be fired more than three times without reloading except as may be provided for by Federal regulations;
2. With a trap, net, snare, crossbow, rifle, pistol, shotgun larger than 10 gauge, fish hook, poison, drug or explosive;

3. From a sinkbox (a low floating device affording the hunter a means of concealment beneath the surface of the water);

4. From any motorboat or sailboat unless the motor has been shut off and/or the sail furled and the boat has stopped. However, crippled birds may be shot from craft under power in the sea duck area;

5. From a car or other motor-driven conveyance, or any aircraft;

6. Using live birds as decoys, or by the use or aid of livestock as a blind or means of concealment;

7. Using records or tapes of migratory bird calls, or electrically amplified imitations of bird calls, except for snow geese as provided for by Federal regulations and for crows;

8. By driving or chasing birds with any motorized conveyance or any sailboat to put them in range of hunters;

9. By the aid of baiting (placing feed seeds such as corn, wheat, salt, or other feed to constitute a lure or enticement) in or over any baited area. The prohibition contained in this paragraph does not apply to crows (*Corvus* spp.). A baited area is considered to be baited for 10 days after the removal of the bait;

10. Without making reasonable effort to retrieve dead or crippled birds and including them in the daily limit, crippled birds must be immediately killed;

11. Before 8:00 A.M. on November 13, 1999. However this shall not preclude the hunting of migratory game birds on tidal waters or tidal marshes of the State;

12. In or on the shores of Shark River;

13. In that portion of the Manasquan River from the ocean inlet upstream to Route 70 bridge;

14. Except at the time and manner prescribed by the State or Federal regulation, or by the 1999-2000 Game Code;

15. With shotgun shells loaded with pellets larger than No. 4 fine shot except those persons engaged in hunting waterfowl may use nothing larger than T (.200 inch) steel shot and nothing larger than T (.200 inch) fine shot for other forms of non-toxic shot authorized by Federal regulations;

16. And possess more than one daily bag while in the field or while returning from the field to one's car, hunting, camping, home, etc.;

17. And leave them at any place or in the custody of another person unless the birds are tagged by the hunter with the following information:

- i. The hunter's signature and address.
- ii. The total number and species of birds involved.

iii. The date such birds were killed.

18. And ship them unless the package is marked on the outside with:

- i. The name and address of person sending the birds.
- ii. The name and address of the person to whom the birds are being sent.
- iii. The number of each species contained in the package.

19. And completely field dress them and transport them from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a commercial preservation facility.

(n) Seasons and bag limits are as follows:

1. Mourning dove (*Zenaida macroura*) are protected. There will be no open season on these birds during 1999-2000.

2. Rail and gallinule season and bag limits are as follows:

i. The duration of the season for hunting clapper rail (*Rallus longirostris*), Virginia rail (*Rallus limicola*), sora rail (*Porzana carolina*) and common gallinule or moorhen (*Gallinula chloropus*) is September 1 through November 6, 1999 inclusive.

ii. Bag limits: Clapper rail, common gallinule: 10 daily, 20 in possession of each species. Virginia rail, sora rail, 25 daily or in possession singly or in aggregate.

(o) Woodcock zones and hunting hours are as follows:

1. North Zone: That portion of the State situated north of Route 70 from Point Pleasant west to Camden.

2. South Zone: That portion of the State situated south of Route 70 from Point Pleasant west to Camden.

3. Hunting hours for woodcock are ½ hour before sunrise to sunset except on November 13, when the hunting hours are 8:00 A.M. to sunset.

(p) The special sea duck hunting area for New Jersey is defined as any waters of the Atlantic Ocean and, in addition, any tidal waters of any bay which are separated by at least one mile of open water from any shore, island, or emergent vegetation.

(q) The special scaup hunting area for New Jersey is defined as the Delaware Bay, Delaware River and tidal waters east of the Garden State Parkway (tributaries of the Delaware Bay, Delaware River, or the non-tidal section of the Delaware River above Trenton Falls are not included).

(r) Parker Creek and Oceanport Creek: There shall be no open firearm season for hunting any game bird or

mammal including waterfowl on Parker Creek and Oceanport Creek, Monmouth County, or the shores thereof, southwest or upstream of the Conrail R.R. bridge.

(s) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-1, 23:4-11, 23:4-12, 23:4-15, 23:4-18, 23:4-19, 23:4-24.2, 23:4-24.3, 23:4-27, 23:4-30 and 23:4-3, 50 C.F.R. Parts 10.1 and 20.1 et seq. and other applicable statutes.

7:25-5.14 Special regulation limiting use of shotguns and shotgun shells containing lead pellets

(a) No person shall have in possession or use in hunting waterfowl and coot or any snipe, rail or gallinules after the regular season for hunting waterfowl commences any shotgun shell containing lead shot or lead pellets or have in possession or use any shotgun containing lead shot in New Jersey, including all territorial waters.

1. Only shotgun shells containing steel pellets not larger than T (.200 inch) or bismuth pellets or other non-toxic shot not larger than T (.200 inch) and only shotguns containing steel pellets or other non-toxic shot authorized by Federal regulations shall be used for hunting waterfowl.

(b) A person found in possession of any of the following items at (b)1 to 3 below, while hunting for, pursuing, taking, or attempting to take waterfowl, coot or any snipe, rail or gallinule after the regular waterfowl season commences is in violation of this section. Each violation shall constitute an additional, separate and distinct offense subjecting the person to a penalty of \$20.00 for each offense.

1. Each shotgun shell containing lead shot or pellets;
2. Each shotgun loaded with lead shot or pellets; or

3. Any lead shot or any pellets or each cartridge or each charge containing lead shot or pellets.

(c) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 13:1B-30 and N.J.S.A. 23:4-12, et seq.

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (a) and (c), amended dates of hunting season.

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (a) and (c), changed the season dates.

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (a) and (c), changed dates throughout; and in (c), inserted "½ hour before" following "shall be".

7:25-5.16 General falconry rules

(a) The following rules govern the taking, possession, training, transfer, marking and housing facilities of raptors, the classification of permittees and the use of raptors for falconry, to take, kill, or pursue wild birds or wild animals.

1. Definitions: The following words and terms, when used in this section, shall have the following meanings unless the context clearly indicates otherwise.

i. Falconry: The sport of hunting with trained raptors—including the training of raptors. The use of raptors to hunt, take, kill, pursue to attempt to take wild game animals.

ii. Raptors: Live birds of the family Accipitrididae, other than the bald eagle (*Haliaeetus leucocephalus*) or of the family Falconidae or the great horned owl (*Bubo virginianus*) of the family Strigidae.

iii. Take: To trap or capture, or attempt to trap or capture, a raptor for the purpose of falconry.

iv. Facilities: Equipment and shelters necessary to protect, house and train raptors.

v. Nestlings or eyasses: Young raptors not yet capable of flight.

vi. Passage birds: Raptors in their first year of life.

vii. Permit Year: All permits expire on June 30 of the third calendar year after issue.

viii. Transfer: To convey, carry, remove or send from one person, place, or position to another.

ix. Sponsor: A holder of a general or master falconry permit who has accepted the responsibility for the conduct and training of an apprentice falconer.

x. Endangered, threatened: Includes all raptors appearing on a U.S. Department of Interior or N.J. Division of Fish, Game and Wildlife list of endangered, threatened or rare species.

xi. Captive bred: Raptors hatched and raised in captivity by breeders with necessary Federal permits.

xii. Hacking-back: Return of a captive raptor to the wild through the gradual process, eliminating any dependency on man.

xiii. Imping: The replacement of broken or damaged wing or tail feathers by affixing previously molted feathers to the damaged feather.

2. Classes of permits are as follows:

i. Apprentice: Permittee shall be at least 14 years of age.

(1) A sponsor who is holder of a general or master falconry permit is required for all permittees in the apprentice class. Apprentice permittee must notify the Division of Fish, Game and Wildlife in writing 10 days after his sponsorship has been withdrawn for any reason.

(2) Permittee shall not possess more than one raptor and may not obtain more than one raptor for replacement during any 12-month period.

(3) Permittee shall possess only an American kestrel (*Falco sparverius*) or a red-tailed hawk (*Buteo jamaicensis*).

ii. General: Permittee shall be at least 18 years of age.

(1) Permittee shall have been licensed at least two years as an apprentice falconer and have had a raptor in possession for at least 12 months. Permittee shall have had two seasons of active field flying experience with a raptor. Sponsor for apprentice must certify in

writing that the apprentice is now qualified to become a general falconer.

(2) Permittee may not have more than two raptors in possession and may not take more than two raptors for replacement birds during any one permit year.

(3) Permittee may not take, transport or possess any golden eagle (*Aquila chrysaetos*) or any species listed as endangered or threatened by the U.S. Department of the Interior or the N.J. Division of Fish, Game and Wildlife provided, however, that captive bred Cooper's hawks (*Accipiter cooperi*), or one legally acquired from the wild from states outside New Jersey where it is not classified as endangered or threatened, may be possessed. Notwithstanding the above, passage or captive bred red-shouldered hawks (*Buteo lineatus*) or goshawks (*Accipiter gentilis*) may be possessed. Eyass birds or nestlings of threatened or endangered raptors may not be taken.

(4) Permittee who refused sponsorships of any apprentice applicant for any reason shall report his reasons for his refusal to the N.J. Division of Fish, Game and Wildlife in writing within 10 days upon written request of the Division.

iii. Master: Permittee shall have at least five years of falconry experience in the practice of falconry at the general class. A raptor shall have been in possession for no less than 36 months during this time.

(1) Permittee may not possess more than three raptors, and may not take more than two raptors for replacements during any permit year.

(2) A permittee may not take, transport or possess any species listed as endangered on a U.S. Department of Interior or N.J. Division of Fish, Game and Wildlife list, provided, however, that captive bred birds, when legally acquired and possessed in compliance with Federal authorization may be used. Captive bred Cooper's hawks or Cooper's hawks legally acquired from the wild from outside New Jersey where it is not classified as endangered or threatened may be possessed. Notwithstanding the above, passage or captive bred red-shouldered hawks or goshawks may also be possessed. Eyass birds or nestlings of threatened or endangered species may not be taken.

(3) Permittee may not take, transport or possess any golden eagle for falconry purposes unless authorized in writing by both the U.S. Fish and Wildlife Service and the N.J. Division of Fish, Game and Wildlife.

(4) A permittee may not take, transport or possess as part of his three bird limitation, more than one raptor listed as threatened on U.S. Dept. of the Interior or N.J. Division of Fish, Game and Wildlife list and then only in compliance with all Federal requirements and written permission of the N.J. Division of Fish, Game and Wildlife.

(5) Permittee who refuses sponsorship of an applicant for any reason shall report his reasons for this refusal to the Division in writing within 10 days upon written request of the Division.

(6) A Federal permit is required for master falconers engaged in raptor propagation, sale, purchase or barter.

3. The examination and assignment of class of falconry permit holders are as follows:

i. After the adoption of these rules, all persons desiring a falconry permit will be required to answer correctly at least 80 per cent of the questions on a supervised examination. All falconry examinations will be provided or approved by the U.S. Fish and Wildlife Service.

ii. All applicants will be given examinations once a year. The examinations may relate to basic biology, care and handling of raptors, literature regulations and other appropriate subject matter.

iii. During the first six-month period following the adoption of these regulations any individual who, after passing the required examination and complying with all facility requirements, feels he or she should be placed in the "General" or "Master" class shall advise the Division of this fact in writing. Such individuals will then be interviewed by a recognized authority on the sport of falconry to be designated by the Division. This authority shall advise the Division in writing (with a copy to the individual requesting such interview) of which class he feels the individual should be placed. The Division, after consideration of the recommendation of the authority, may place the individual in a higher class to provide Apprentice class falconers with the necessary sponsors.

4. Facilities and equipment: Falconry equipment shall be inspected and certified by a representative of the Division as meeting the following standards:

i. Facilities: The primary consideration for raptor housing facilities whether indoors (mews) or outdoors (weathering area) is protection from the environment, predators or undue disturbance. The applicant shall have the following facilities:

(1) Indoor facilities (mews) shall be large enough to allow easy access for caring for the raptors housed in the facility. If more than one raptor is to be kept in the mews, the raptors shall be separated by partitions and the area for each bird shall be large enough to allow the bird to fully extend its wings. There shall be at least one window, protected on the inside by vertical bars, spaced narrower than the width of the bird's body, and a secure door that can be easily closed. The floor of the mews shall permit easy cleaning and shall be well drained. Adequate perches shall be provided.

(2) Outdoor facilities (weathering area) shall be fenced and covered with netting or wire, or roofed to protect the birds from disturbance and attack by predators. The enclosed area shall be large enough to insure the birds cannot strike the fence when flying from the perch. Protection from excessive sun, wind and inclement weather shall be provided for each bird. Adequate perches shall be provided.

ii. Equipment: The following items shall be in the possession of the applicant before he can obtain a permit or license:

(1) Jesses—At least one pair of Aylmeri jesses or similar type constructed of pliable, high-quality leather or suitable synthetic material to be used when any raptor is flown free. This flying jess should have no slits, only one hole no longer than 0.1 inch in diameter. Traditional one piece jesses may be used on raptors when not being flown.

(2) Leashes and swivels—At least one flexible weather-resistant leash and one strong swivel of acceptable falconry design.

(3) Proper glove with a snap and falconer's bag with food storage area.

(4) Bath container—At least one suitable container, 2 to 6 inches deep and wider than the length of the raptor, for drinking and bathing for each raptor.

(5) Outdoor perches—At least one weathering area perch of an acceptable design shall be provided for each raptor.

(6) Weighing device—A reliable scale or balance suitable for weighing the raptor(s) held and graduated in increments of not more than one-half ounce (15 grams) shall be provided.

(7) Hoods—A well fitted hood should be available for use with each bird during transport. (Birds need not necessarily be hooded for transport.)

iii. Maintenance: All facilities and equipment shall be kept at or above the preceding standards at all times.

iv. Transportation: temporary holding—A raptor may be transported or held in temporary facilities which shall be provided with an adequate perch and protected from extreme temperatures and excessive disturbances, for a period not to exceed 30 days.

v. Veterinary care: The falconer shall prove to the satisfaction of the Division that he has on call consultation for medical care of the raptor. (Name and telephone number of veterinarian shall be supplied on application.)

5. Restrictions on taking and breeding raptors are as follows:

i. No person shall take, possess, transport or obtain a raptor unless they are in possession of a current falconry permit, nongame permit as described in N.J.A.C. 7:25-4.2(a) or endangered species permit as described in N.J.A.C. 7:25-4.10(b). Apprentice falconers shall take or attempt to take their first raptor while in the accompaniment of a general or master falconer.

ii. Young birds not yet capable of flight (eyasses) may only be taken by a general or master falconer and only during the period April 15 to June 29 inclusive. No more than two eyasses may be taken by the same permittee during the specified period. No more than one eyass per nest may be taken, leaving at least one eyass in the nest. A three foot metal flashing painted a dark color must be fastened completely around the nest tree at least four feet from the base of the tree. The flashing shall be removed after the nestlings have fledged.

iii. First year (passage) birds may only be taken during the period September 19 to December 31 inclusive.

iv. Captive bred raptors may be used for falconry in accordance with Federal regulations. Captive bred raptors in possession of a permittee shall be counted as part of the possession limit of said permittee.

v. Raptor propagation and activities associated with the captive breeding of raptors for falconry purposes are permitted by master falconers with Federal captive breeding permits only, in accordance with Title 50, Code of Federal Regulations, Part 21, 30. No additional State permit is required for captive propagation of raptors of captive bred origin.

vi. Adult American kestrels (*Falco sparverius*) and great horned owls (*Bubo virginianus*) may only be taken during the period September 19 to December 31 inclusive. No other adult raptors may be taken with the exception that any raptor other than endangered or threatened species that may be taken under a depredation (or special purpose) permit may be used for falconry by General and Master falconers.

vii. A master or general permittee may trade or transfer a raptor to another master or general permittee if the transaction occurs entirely within the state and no money or other consideration is involved. A master or general permittee may transfer a raptor to another master or general permittee in an interstate transaction if the prior written approval of the State agency which issued the permit is obtained and no money or other consideration is involved in the transaction.

viii. Bal-Chatri type live traps, other live traps and nets may be used for taking raptors providing they are used in such a manner which would minimize any danger of injuring the raptor. All traps or nets used must have attached thereto a tag or label clearly showing the name and address, permit number and class of the permittee.

ix. Owners of escaped raptors marked in accordance with these regulations may recapture these marked raptors at any time. However, all other banded raptors trapped while attempting to capture a raptor for falconry shall immediately be released unharmed and a report containing the date, time, band number, location and species shall be submitted to the Division within 10 days of capture.

6. Marking of raptors shall be as follows:

i. An inventory of all raptors held within New Jersey, except those held for scientific or zoological purposes, shall be made and reported to the Division within 90 days of the date when New Jersey is listed under the State's meeting Federal Falconry Standards. This paragraph applies to all such raptors whether or

not the owner intends to submit an application for a falconry permit.

ii. Wild-caught birds must be tagged with the falconer's name and phone number on the jesses or bells. Captive bred birds must have a seamless Federal marker affixed to one leg.

iii. Any marker, mutilated or lost, shall be reported in writing within 72 hours to the Division of Fish, Game and Wildlife, Trenton. Markers no longer legible shall be reported in the same manner. Markers causing leg damage must be removed and reported.

iv. It shall be unlawful for any person to alter or deface a marker. However, the falconer may smooth any imperfect surface provided the integrity of the marker and numbering is not affected. It shall be unlawful to use or possess a counterfeit marker.

v. Markers shall be removed from birds which die or are intentionally released into the wild and shall be forwarded to the Trenton office within 10 days along with a report of the probable cause of death or the area of the release. When possible, a U.S. Fish and Wildlife Service numbered band should be put on the raptor before release. Raptors of a species not indigenous to New Jersey shall not be released intentionally without written authorization of the Division.

7. Hunting with raptors shall be as follows:

i. The flying and training of raptors by holders of valid falconry permits may be conducted on a year round basis.

ii. Game species may be hunted only in accordance with the Game Laws and the seasons and bag limits established each year for falconry by the Division.

iii. Raptors may be used to take game birds on a licensed semi-wild or commercial game preserve by holders of valid falconry permits.

8. Rules for non-resident falconers are as follows:

i. Non-residents of New Jersey who possess Federal falconry permits or falconry permits issued by states designated as a participant in a joint Federal/State falconry permit system may bring any raptor legally possessed by them under authority of their falconry permit into New Jersey to attend falconry meets or to hunt, provided:

(1) No laws or regulations of other states are violated;

(2) No Federal laws are violated; and

(3) Non-resident New Jersey hunting license is obtained and all hunting regulations are observed.

ii. Non-residents of New Jersey who possess Federal falconry permits or falconry permits issued by states designated as a participant in joint Federal/State falconry permit system who move into New Jersey for the purpose of becoming a resident may bring any raptors with them that they legally possess provided that they construct required facilities within 30 days and apply for New Jersey Falconry Permit no later than 60 days after moving into New Jersey. A permit in the same classification as one they held in their previous state of residence may be issued without a written examination.

iii. Non-residents of New Jersey who possess Federal falconry permits or falconry permits issued by states designated as a participant in the joint Federal/state falconry permit system may request permission to take or attempt to take a raptor for falconry purposes by writing to the Division. Non-resident falconers attempting to take raptors in New Jersey for falconry purposes must possess written authorization from the Division and a valid non-resident firearm hunting license.

(1) The falconry permit issued by the former state of residence will be authority to possess and exercise raptors until a New Jersey permit is obtained provided no raptors are taken from the wild and raptors are not used to take any quarry without a valid New Jersey hunting license.

9. Miscellaneous rules are as follows:

i. A proper and valid firearm hunting license must be displayed while hunting with or attempting to take raptors. The falconry permit, or a photocopy thereof, must be carried by permittee when engaged in the sport of falconry.

ii. Persons having and holding raptors under authority of a falconry permit whose facilities do not meet the established standards shall take immediate action to have the facilities comply within 30 days. No permit will be renewed at any time after adoption of these rules if the facilities do not meet the required standards.

iii. Persons having raptors in their possession whose falconry permits are not renewed or are revoked with cause shall have 30 days to return their birds to the wild by "hacking back", transfer to a licensed general or master falconer, or shall forfeit the raptors to the Division.

iv. Whoever, while engaged in the sport of falconry, should unintentionally kill any wildlife for which there is no open season, shall leave the killed specimen at the site and notify a Regional Law Enforcement Office or the Trenton Office of the Division of Fish, Game and Wildlife, within 12 hours of such killing.

v. Another person may care for the raptors of a permittee if written authorization, showing period covered, from the permittee accompanies the raptors when transferred, provided that if the period of care will exceed 30 days, written permission shall be obtained from the Division.

vi. Feathers that are molted or feathers from birds held in captivity that die, may be retained by the permittee for imping purposes only. Carcasses of birds which die in captivity must be turned over to the Division for disposal.

vii. A sponsor may have more than three apprentices at any one time.

viii. A person who possesses a lawfully acquired raptor acquired before the enactment of these regulations and who fails to meet the permit requirements shall be allowed to retain the raptors provided facility requirements at (a)4 above are met and a permit is obtained pursuant to N.J.A.C. 7:25-4. All such birds shall be identified with markers supplied by the U.S. Fish and Wildlife Service and cannot be replaced if death loss, release, or escape occurs. These raptors may not be used for falconry.

ix. A person who lawfully possesses raptors before the enactment of these regulations, in excess of the number allowed under his class permit, shall be allowed to retain the extra raptors provided facility requirements are met and the birds are included on the falconry permit. All such birds shall be identified with markers supplied by the U.S. Fish and Wildlife Service and no replacement can occur, nor may an additional raptor be obtained, until the number in possession is at least one less than the total number authorized by the class of permit held by the permittee.

x. Species of raptors not native to the state of New Jersey or otherwise covered by the regulations shall be allowed for the purpose of falconry provided they are legally acquired and are in compliance with all applicable Federal and State regulations. A falconer may not possess more than six species of raptors not native to the North American Continent during any one year.

xi. The possession of firearms while engaged in falconry is illegal.

10. Reporting shall be as follows:

i. Whenever a raptor is acquired, transferred, released or lost, due to escape or death, a copy of Federal Form 3-186A must be submitted to the division within 10 days of the transaction or occurrence.

ii. A report is also required upon termination of the permit for any reason.

iii. This report must be an accurate account of all activities carried on under authority of the permit.

11. Penal Provisions: It shall be unlawful to hunt for, take, possess, transfer any raptor, or practice falconry contrary to the rules and regulations adopted by the Division or to make a false statement on any required report or document. Any person who violates any provision of N.J.S.A. 23:1-1 et seq., N.J.A.C. 7:25-6, or this chapter, is subject to the revocation of any permits issued pursuant to this section and any other penalties prescribed by law.

12. Authority: N.J.S.A. 23:4-12, 23:2A-1 et seq. and other applicable statutes.

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

7:25-5.17 Raccoon (*Procyon lotor*) and Virginia opossum (*Didelphis virginiana*) hunting

(a) The duration for the season of hunting raccoons and Virginia opossum is one hour after sunset on October 1, 1999 to one hour before sunrise on March 1, 2000. The hours for hunting are one hour after sunset to one hour before sunrise.

(b) There shall be no daily bag limit. There shall be no season limit.

(c) A person shall not hunt for raccoon or opossum with dogs and firearms or weapons of any kind during the six day firearm deer season and the December portion of the permit shotgun deer season in those management zones on the prescribed dates that the season is open and including any extra permit deer season day(s) in December.

(d) A person shall not train a raccoon or opossum dog other than during the period of September 1 to October 1, 1999 and from March 1 to May 1, 2000. The training hours are one hour after sunset to one hour before sunrise.

(e) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-1, 23:4-2, 23:4-12 and 23:4-25 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (a) and (d), changed dates throughout.

7:25-5.18 Woodchuck (*Marmota monax*) hunting

(a) Duration for the hunting of woodchucks with a rifle including a muzzleloading rifle in this State is March 4 through September 27, 2000. Licensed hunters may also take woodchuck with shotgun or long bow and arrow or by means of falconry during the regular woodchuck rifle season and during the upland game season established in N.J.A.C. 7:25-5.3.

(b) The hours for the hunting of woodchuck shall be ½ hour before sunrise to ½ hour after sunset.

(c) No person shall hunt a woodchuck with a rifle without a proper and valid rifle permit issued by the division.

(d) There shall be no rifle hunting for woodchuck on the State Fish and Wildlife Management Areas.

(e) There shall be no bag limit.

(f) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-1, 23:4-13 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (a), changed season dates.

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (a), changed dates throughout; and in (b), inserted "½ hour before" following "shall be".

7:25-5.19 Red fox (*Vulpes vulpes*), gray fox (*Urocyon cinereoargenteus*) and coyote (*Canis latrans*) hunting

(a) The duration of the red fox and gray fox hunting season is as follows:

1. Bow and Arrow only: October 2 through November 12, 1999.

2. Firearm or Bow and Arrow—November 13, 1999 through February 14, 2000 except closed during the six day firearm deer season and the December portion of the permit shotgun deer season in those management zones on the prescribed dates that the season is open and also excluding any extra permit deer season day(s) in December if declared open.

(b) The use of dogs shall not be allowed for fox hunting during the Statewide fall bow and arrow season. There shall be no fox hunting during the six-day firearm deer season, or the December portion of the permit shotgun deer season in zones where the season is open, except that a person hunting deer during these deer seasons may kill fox if the fox is encountered before said person has taken the daily bag limit of deer. However, after a person has taken a daily bag limit of deer he or she must cease all hunting immediately.

(c) The hours for hunting fox are 8:00 A.M. to ½ hour after sunset on November 13, 1999 and on other days from ½ hour before sunrise to ½ hour after sunset.

(d) There is no bag limit for fox.

(e) The duration of the eastern coyote hunting season is January 29 through February 14, 2000 and it is open Statewide.

(f) The hours for the hunting of coyote are one hour before sunrise to one hour after sunset.

(g) The daily bag limit for coyote hunting is two.

(h) Coyote hunting methods shall be restricted to calling and stand hunting. No person shall stalk or attempt to approach a coyote for the purpose of taking or attempting to take the animal. A coyote calling device must be in possession while coyote hunting. The use of dogs, lights or bait is prohibited. Fluorescent hunters orange is not required on outer clothing for coyote hunting.

(i) Coyotes may be hunted with bow and arrow, shotgun and single barrel muzzleloader rifles. Compound bows must have a minimum peak weight of 35 pounds. All other bows must have a minimum draw pull weight of 35 pounds. Shotguns shall be no smaller than 12 gauge. No shot size larger than No. 2 fine shot or smaller than No. 4 fine shot shall be used for coyote hunting with shotgun. Muzzleloader rifles shall be no less than .44 caliber. Smoothbore muzzleloaders shall be single barreled.

(j) A coyote season hunting permit shall be required. Permits shall be applied for as follows:

1. A three-inch by five-inch index card containing the applicant's name, mailing address, date of birth and evening phone number must be submitted to the Division of Fish, Game and Wildlife, PO Box 400, Trenton, NJ 08625-0400, between October 14 and November 14, 1999. Applicants shall write coyote hunting season at the bottom of the card. In addition, nothing in this subsection shall preclude the Division from taking application for and providing issuance of coyote hunting permits at subsequent times, upon notice of the dates and procedures thereof by the Division. Such notification shall be announced by press and/or radio.

(k) Any coyote killed by a coyote permit holder shall be reported to a Division regional law enforcement office within 48 hours. Callers shall identify themselves by name and phone number.

7:25-5.21 Squirrel (Sciurus spp.), raccoon (Procyon lotor), opossum (Didelphis virginianus), skunk (Mephitis mephitis), weasel (Mustela spp.) and woodchuck (Marmota monax) and coyote (Canis latrans) damage

(a) Property owners and occupants of dwellings suffering damage from squirrel, raccoon, opossum, skunk, weasel, and woodchuck, or their agents designated in writing, may control these animals by lawful procedures at any time subject to State law and local ordinances.

(b) Farmers or their agents may control coyotes by lawful procedures at any time when found destroying livestock, crops or poultry, subject to State law and local ordinances and must notify one of the Regional Law Enforcement Offices within 24 hours.

(c) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-1 and 23:4-9 and other applicable statutes.

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).
 See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

7:25-5.22 Wild animals; possession, killing

(a) No person shall have in possession, kill, attempt to take, hunt for, pursue, shoot, shoot at, trap, or attempt to trap any wild mammal or wild birds unless an open season for the taking of such birds or mammals has been declared by the New Jersey Fish and Game Laws or Code and then only during the respective open seasons fixed by the New Jersey Fish and Game Laws or Code, except as provided in N.J.A.C. 7:25-5.15(a), (b) and (c).

(b) This section shall not apply to the taking of English sparrows, European starlings, or blackbirds that are doing damage to crops or property; nor shall it apply to the taking of household pests such as Norway rats and house mice.

1. Under Federal regulations, a person may kill yellow-headed, red-winged, bicolored red-winged, tricolored red-winged, and Brewer's blackbirds, cow-birds, all grackles, common crows and magpies when found committing or about to commit serious depredations upon any ornamental or shade tree, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance. None of the birds killed, nor their plumage, shall be sold or offered for sale, but may be possessed, transported, and otherwise disposed of or utilized.

(c) Persons holding valid permits issued by the New Jersey Division of Fish, Game and Wildlife for the possession or taking of any specific bird or mammal shall not be in violation of this section.

(d) The fact that a bird or mammal is not native to this State shall not constitute a defense to the possession, taking or attempting to take any wild bird or mammal in violation of this section.

(e) No person shall have in possession a deer, bear or turkey that he himself or she herself did not kill unless it has a tag bearing the name, address, telephone number, license and permit numbers of the person who killed the deer, bear or turkey.

1. Those in the business of processing deer, bear or turkey, that is, butchers, taxidermists, etc., shall keep a ledger of all their customers. Each customer's name, current address, day and evening telephone number, hunting license number and the possession seal number of any deer or turkey being processed shall be included in the ledger. This ledger shall be made available for inspection upon request made during the hours of 9:00 A.M. to 5:00 P.M. by any law enforcement officer or employee of the Division of Fish, Game and Wildlife.

2. The possession seal which is issued at a deer and turkey check station shall always stay with the carcass, and with the meat after processing. If the deer or turkey is to be mounted by a taxidermist, the antlers, or in the case of an antlerless deer or turkey, those parts of the animal being mounted, shall be labeled with the possession seal number and the name and address of the owner.

(f) The authority for the adoption of the foregoing section is found in N.J.S.A. 13:1B-30, 23:4-43, 23:4-47, 23:4-48, 23:4-50 and other applicable statutes.

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

Inserted new (e); recodified former (e) as (f); and in (f), inserted additional N.J.S.A. references.

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (e)1, inserted "and the possession seal number of any deer or turkey being processed" following "license number" in the second sentence; and in (f), inserted a reference to N.J.S.A. 23:4-48.

7:25-5.23 Firearms and missiles, etc.

(a) Except when legally engaged in deer hunting during the prescribed firearm deer seasons, no person shall have in his or her possession in the woods, fields, marshlands or on the water any shell or cartridge with missiles of any kind larger than No. 4 fine shot. This shall not apply to persons properly licensed and permitted for hunting coyote who are required to use No. 2 fine shot or No. 4 fine shot while hunting coyote during the prescribed season. This shall not preclude farmers or their agents from using shot not larger than No. 4 buckshot to control woodchuck causing damage or a properly licensed person from hunting woodchuck with a rifle during the woodchuck season. For hunting woodchuck, center-fire rifles of .25 caliber or smaller or rim-fire rifles may be used. Center-fire rifles larger than .25 caliber may also be used provided that the bullets used do not exceed 100 grains in weight. All center-fire rifle ammunition used in hunting woodchucks must be hollow point, soft point or expanding lead core bullets. All rim-fire rifle ammunition used in hunting woodchuck must be hollow point or soft point type. Also excepted is the use of a muzzleloading rifle, .36 caliber or smaller, loaded with a single projectile during the prescribed portion of the squirrel season in designated areas. Waterfowl hunters may possess and use shotgun shells loaded with T (.200 inch) steel fine shot or smaller or other non-toxic shot authorized by Federal regulations no larger than T (.200 inch) shot and properly licensed persons hunting for raccoon or opossum with hounds or engaged in trapping for furbearing animals may possess and use a .22 caliber rifle and raccoon, or opossum or legally trapped furbearing animals other than muskrat. Notwithstanding the foregoing, this subsection shall not preclude agents and/or permittees operating under an approved Special Deer Management Permit (N.J.A.C. 7:25-5.32) from shooting deer with a rifle if that permit so specifically provides. Rifles for this purpose shall be restricted as specifically provided in that permit to include only .22, .223, and .45 caliber. Only highly frangible bullets shall be employed in .223 caliber rifles. Bullets employed in .22 and .45 caliber rifles shall be restricted to those designed to provide maximum expansion and limited penetration.

(b) All persons in possession of a rifle while hunting or trapping must have in addition to their proper license, a valid and proper rifle permit.

(c) Except as may be permitted for waterfowl hunting in accordance with Federal regulations, no person shall use in hunting fowl or animals of any kind, any shotgun capable of holding more than three shells at one time or that may be fired more than three times without reloading. No person shall use in hunting or trapping of any kind, a rifle loaded with more than three cartridges. No person shall have in his or her possession while deer hunting on Monmouth Battlefield State Park any shell or cartridge with missiles of any kind other than shotgun slugs or No. 4 or No. 000 buckshot.

(d) It shall be legal to use a .22 caliber rifle and .22 caliber short cartridge only for hunting raccoon and opossum with hounds and for killing legally trapped animals other than muskrats on State wildlife management areas.

(e) Within the areas described as portions of Passaic, Mercer, Hunterdon, Warren, Morris and Sussex Counties lying within a continuous line beginning at the intersection of Rt. 513 and the New York State line; then south along Rt. 513 to its intersection with Rt. 511; then south along Rt. 511 to its intersection with Rt. 46; then west along Rt. 46 to its intersection with Rt. 80; then west along Rt. 80 to its intersection with Rt. 15; then north along Rt. 15 to its intersection with the Morris-Sussex County line; then south along the Morris-Sussex County line to the Warren County line; then southwest along the Morris-Warren County line to the Hunterdon County line; then southeast along the Morris-Hunterdon County line to the Somerset County line; then south along the Somerset-Hunterdon County line to its intersection with the Mercer County line; then west and south along the Hunterdon-Mercer County line to its intersection with Rt. 31; then south along Rt. 31 to its intersection with Rt. 546; then west along Rt. 546 to the Delaware River; then north along the east bank of the Delaware River to the New York State Line; then east along the New York State Line to the point of beginning at Lakeside; and in that portion of Salem, Gloucester, Camden, Burlington, Mercer, Monmouth, Ocean, Atlantic, Cape May and Cumberland Counties lying within a continuous line beginning at the intersection of Rt. 295 and the Delaware River; then east along Rt. 295 to its intersection with the New Jersey Turnpike; then east along the New Jersey Turnpike to its intersection with Rt. 40; then east along Rt. 40 to its intersection with Rt. 47; then north along Rt. 47 to its intersection with Rt. 536; then east along Rt. 536 to its intersection with Rt. 206; then north along Rt. 206 to its intersection with the New Jersey Turnpike; then northeast along the New Jersey Turnpike to its intersection with Rt. 571; then southeast along Rt. 571 to its intersection with the Garden State Parkway; then south along the Garden State Parkway to its intersection with Rt. 9 at Somers Point; then south along Rt. 9 to its intersection with Rt. 83; then west along Rt. 83 to its intersection with Rt. 47; then north along Rt. 47 to its intersection with Dennis Creek; then south along the west bank of Dennis Creek to its intersection with Delaware Bay; then northwest along the east

shore of Delaware Bay and the Delaware River to the point of beginning; persons holding a valid and proper rifle permit in addition to their current firearm hunting license may hunt for squirrels between October 2–November 12, 1999 and January 17–February 14, 2000 using a .36 caliber or smaller muzzleloading rifle loaded with a single projectile.

(f) Except as specifically provided below for water fowl hunters, semi-wild and commercial preserves, muzzleloader deer hunters and trappers, during the six-day firearm and December portion of the permit shotgun season, it shall be illegal to use any firearm of any kind other than a shotgun. Nothing in this subsection shall prohibit the use of a shotgun not smaller than 20 gauge nor larger than 10 gauge with a rifled bore for deer hunting only. Persons hunting deer shall use a shotgun not smaller than 20 gauge or larger than 10 gauge with the lead, lead alloy or copper slug only or a shotgun not smaller than 20 gauge nor larger than 10 gauge with the buckshot shell. It shall be illegal to have in possession while deer hunting any firearm missile except the 20, 16, 12 or 10 gauge lead, lead alloy or copper slug or the 12, 10, 16 or 20 gauge buckshot shell. Shotgun shells containing a single spherical projectile may not be possessed or used in deer hunting. (This does not preclude a person legally engaged in hunting on semi-wild or commercial preserves for the species under license or a person legally engaged in hunting woodcock from being possessed solely of shotgun(s) and nothing larger than No. 4 fine shot, nor a person engaged in hunting waterfowl only from being possessed solely of shotgun and nothing larger than T (.200 inch) steel shot or other bismuth non-toxic shot authorized by Federal regulations during the shotgun deer seasons.) A legally licensed trapper possessing a valid rifle permit may possess and use a .22 rifle and short rimfire cartridge only while tending his or her trap line. Farmers or their agents may use shot not larger than No. 4 buckshot to control woodchuck causing damage.

1. Persons who are properly licensed may hunt for deer with a muzzleloader rifle during the 1997 six-day firearm deer season and the permit muzzleloader rifle deer season.

2. Muzzleloader rifles used for hunting deer are restricted to single-shot single barreled weapons with flintlock or percussion actions, shall not be less than .44 caliber and shall fire a single missile or projectile. Only one muzzleloader rifle may be possessed while hunting. Double barrel and other types of muzzleloader rifles capable of firing more than one shot without reloading or holding more than one charge are prohibited. Persons who are properly licensed may hunt for deer with a single-shot, single barreled, flintlock or percussion action, smoothbore muzzleloader during the permit muzzleloader rifle season. Single shot, smoothbore muzzleloaders used during the permit muzzleloader season shall fire a single missile or projectile and shall not be smaller than 20 gauge or larger than 10 gauge. Double barrel and other

types of smoothbore muzzleloaders capable of firing more than one shot without reloading or holding more than one charge are prohibited during the permit muzzleloader season. Persons who are properly licensed may hunt deer with double barrel, smoothbore muzzleloader during the six day firearm and permit shotgun deer seasons. Smoothbore muzzleloaders used for deer hunting during the six day firearm and permit shotgun deer seasons shall not be smaller than 20 gauge or larger than 10 gauge, and shall fire a single missile or projectile, or buckshot no smaller than No. 4 (.24 inch) or larger than 000 (.36 inch). Only one muzzleloader rifle or smoothbore muzzleloader may be possessed while deer hunting.

3. Properly licensed persons 10 years of age and older engaged in hunting with a muzzleloader rifle must have in possession a proper and valid rifle permit. Properly licensed persons 10 years of age or older, hunting during the muzzleloader rifle permit deer season with a smoothbore muzzleloader must also have in possession a proper and valid rifle permit. Rifle permits for 10 to 17 year olds will be valid for muzzleloader deer hunting, muzzleloader squirrel hunting and muzzleloader woodchuck hunting.

4. A muzzleloader is considered unloaded when, in the case of a percussion cap rifle or shotgun, the percussion cap has been removed from the nipple; in the case of a flintlock, when the powder is removed from the pan and a boot or cover made of a nonmetallic material is placed over the frizzen.

5. Whenever a firearm is in a motor vehicle, in addition to the requirements found in N.J.A.C. 7:25-5.23(f)4 (unloaded), it shall be enclosed in a securely fastened case.

(g) No person shall hunt, hunt for, or attempt to capture, kill, take, injure or destroy game birds or animals except at the time and in the manner provided by N.J.S.A. Title 23 and the valid State Game Code.

(h) The prohibition against shooting waterfowl or placing a boat or other structure at a greater distance than one hundred feet from shore shall not apply in all areas, and in the Atlantic Ocean. (Sinkbox prohibited by U.S. regulations).

(i) Wild waterfowl, migratory game birds, rabbits, hares, jack rabbits, squirrels, grouse, chukar partridge, pheasants, and quail shall not be hunted for or taken on Sunday. However, pheasants, quail and chukar partridge may be hunted for or taken on Sunday on semi-wild and commercial shooting preserve lands that are properly licensed for the taking thereof.

(j) Except for conservation officers and their deputies, no person shall carry or possess a bow and arrow, firearm of any kind or any instrument capable of firing or throwing a projectile of any type within the limits of a state game refuge unless authorized by the Division.

(k) Deer shall not be hunted for or taken on Sunday except on wholly enclosed preserves that are properly licensed for the propagation thereof.

(l) No person shall, for the purpose of hunting for, pursuing, taking or killing, or attempting to hunt, pursue, take or kill any bird or animal, have in an automobile or vehicle of any kind, any firearm loaded with missiles of any kind, under a penalty of not less than \$20.00 nor more than \$50.00.

(m) The Division may issue special permits without fee, to shoot or hunt from a standing vehicle that is parked off the road, to licensed hunters who, after investigations, are found to be paraplegics. Permittees are subject to all applicable New Jersey Fish and Game laws and regulations.

(n) No person shall have both a firearm and a bow and arrow in his possession or under his control in the woods or fields or on the water while hunting any wild bird or mammal. This does not preclude a person from carrying both a firearm and bow and arrow in a motor vehicle. This does not apply to duly constituted law enforcement officers.

(o) No person shall hunt with the aid of a deer decoy, except during the fall bow, special permit bow and winter bow seasons. Any person while carrying or moving deer decoys in the woods and fields for the purpose of hunting shall wear a cap of fluorescent hunters orange or some other garment containing at least 200 square inches of fluorescent orange material which shall be visible from all sides. No person shall hunt for deer with the aid of an electronic calling device, or any device which projects a beam of light upon the target.

(p) Physically challenged persons whose need for alternative methods of taking game animals cannot be addressed by the provisions of (m) and (o) above and N.J.A.C. 7:25-5.24(e) may apply to the Director of the Division of Fish, Game, and Wildlife for further exemption from the existing regulations concerning methods of take, including alternative equipment. Applicants must demonstrate in writing the nature of the disability and the need for an exemption and must provide supportive medical documentation from a physician licensed to practice medicine in New Jersey. The Director or his or her representative(s) will review each request and schedule personal interviews to verify the circumstances and determine the specific requirements of each applicant, and assess the ability of each applicant to safely and effectively use alternative equipment or methods. Additional medical information and/or evaluation may be required. Each permit shall designate the specific alternative methods of take including equipment permitted for each individual determined to be qualified. Applications will be accepted during the period January 1 through August 31 of each year. Within 60 calendar days from the issuance of denial by the Division, the applicant may appeal to the Fish and Game Council. Any further right of appeal shall be determined and handled in accordance with the Administrative Procedures Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1. Such disputes will be referred to the Office of Administrative Law for hearing.

(q) No person shall carry or possess a shotgun and any shotgun slug in the woods and fields or on the water while hunting unless he or she has in possession a shotgun which has adjustable open iron or peep sights or a scope affixed. No person shall use any shotgun containing shotgun slugs for the purpose of hunting unless it has adjustable open iron or peep sights or a scope affixed.

(r) Persons required by law to wear corrective lenses to operate a motor vehicle shall wear corrective lenses when hunting with a bow or a firearm of any kind.

(s) Nothing in this subchapter shall be construed to prevent the Director of the New Jersey Division of Fish, Game and Wildlife from authorizing personnel or agents of the New Jersey Division of Fish, Game and Wildlife from possessing, carrying or using hand held pistol-like devices which launch pyrotechnic missiles for the sole purpose of frightening, hazing or aversive conditioning of nuisance wildlife; or from possessing, carrying or using animal immobilization rifles, pistols or similar devices for the sole purpose of chemically immobilizing wild or non-domestic animals or from possessing, carrying or using rifles or shotguns, upon completion of an approved training course, in order to dispatch sick, injured, or dangerous animals or for non-lethal use for the purpose of frightening, hazing or aversive conditioning of nuisance or depredating wildlife. All such duly authorized personnel of the New Jersey Division of Fish, Game and Wildlife except Conservation Officers shall possess a firearms purchaser card, a valid New Jersey hunt-

ing license and a rifle permit issued by the New Jersey Division of Fish, Game and Wildlife.

(t) Nothing in this subchapter shall be construed to prevent duly authorized personnel or agents of the New Jersey Division of Fish, Game and Wildlife from the possession and use of any other Division approved device or equipment for the capture, marking or killing of wildlife for scientific, enforcement or public safety purposes. This section applies to all non-domestic animals whether native or exotic, irrespective to season status, or other restrictions in any statute or rule.

(u) Nothing in this subchapter shall be construed to prevent duly authorized personnel or agents of the New Jersey Division of Fish, Game and Wildlife from possessing, carrying or using any device which projects, releases or emits any substance specified as being non-injurious to black bears or other animals by the State Director of Animal Health and which produces temporary physical discomfort through being vaporized or otherwise dispensed in the air for the purpose of repelling animal attacks or for the aversive conditioning of nuisance wildlife.

(v) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 13:1B-30, 23:3-1, 23:4-1, 23:4-12, 23:4-13, 23:4-16, 23:4-18, 23:4-19, 23:4-24.1, 23:4-29, 23:4-42, 23:4-44 and 23:8-10 and other applicable statutes.

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (e) and (f)1, amended dates of hunting season; inserted (t) through (v); and recodified former (t) as (w); and in (w), amended N.J.S.A. references.

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (e), changed the season date; in (f), deleted the former second and tenth sentences in 2; deleted former (p); and recodified former (q) through (w) as (p) through (v).

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (a), rewrote the third sentence, and added the last four sentences; in (c), added an exception at the beginning; in (e), changed dates; and in (f), added the last sentence in the introductory paragraph, and substituted "10" for "14" throughout 3.

7:25-5.24 Bow and arrow, general provisions

(a) A bow means longbow, recurved bow or compound bow that is hand held and hand drawn and that has no mechanical devices built into or attached to, that will enable the archer to lock the bow at full or partial draw. Except as provided in N.J.A.C. 7:25-5.24(e) all draw locking and draw holding devices are prohibited and all crossbows or variations thereof are prohibited. Hand-held releasing devices are permitted.

(b) No person shall use a bow and arrow for deer hunting, during the six-day firearm, permit muzzleloader or permit shotgun seasons. Nothing in this section shall preclude a properly licensed person from hunting with a bow and arrow when other seasons run concurrent and in the same deer management zones as the six-day firearm, permit muzzleloader or permit shotgun seasons or on any additional days if declared open. Bow and arrow hunting is not permitted between ½ hour after sunset and ½ hour before sunrise during other seasons except during the coyote calling season when hunting hours are one hour before sunrise and one hour after sunset. Deer shall not be hunted for or taken on Sunday except on wholly enclosed preserves that are properly licensed for the propagation thereof.

(c) During the seasons for taking deer, coyote, woodchuck or turkey with bow and arrow (as listed elsewhere in this subchapter), all arrows used for taking deer, coyote, woodchuck or turkey must be fitted with an edged head of the following specifications:

1. Minimum width shall be ¾ inch.
2. Minimum length—None.
3. Cutting edges shall be of well-sharpened metal only.
4. Arrows fitted with heads other than specified for deer may be carried in the woods and fields during the Upland Game Season or other seasons which overlap with the Bow and Arrow Deer Season, in addition to arrows specified for deer. It is unlawful to hunt with any device propelled by any means that is used for the purpose of injecting or delivering any type of drug into an animal.
5. All bows, except compounds, must have a minimum draw pull weight of 35 pounds at the archers' draw length. Compound bows must have a minimum peak weight of 35 pounds.

(d) No person shall hunt deer with the aid of a deer decoy except during the fall bow, winter bow and special bow seasons. No person shall hunt for deer with an electronic calling device, or any other device which projects a beam of light upon the target.

(e) The Division may issue a Special Bow Use Permit to certain physically handicapped individuals which would allow these individuals as specified below in this subsection to hunt with a longbow, recurved bow or compound bow that has been modified such that it has a mechanical device built into or attached to, that will enable the archer to draw and lock the bow at full or partial draw. Crossbows are prohibited under a Special Use Bow Permit. Special Bow Use Permit applications will require certification by a physician licensed to practice medicine in the State of New Jersey and be subject to Division review and ratification. For the purposes of this permit, a handicapped individual is defined as one who is incapable of using a bow due to a permanent disability resulting from the loss of, or loss of use of, one or both arms as a result of birth defect, injury or disease.

(f) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-1, 23:4-12, 23:4-16, 23:4-43, 23:4-44, 23:4-45 and other applicable statutes.

Correction: Deleted subsection (d) and renumbered old (e)-(g) as (d)-(f).

In (e), added "under a Special Use Bow Permit" at the end of the second sentence.

7:25-5.25 White-tailed deer (*Odocoileus virginianus*) fall bow season

(a) Duration of the fall bow season is from October 2-29, 1999 in Zones 1-12, 14-19, 21-31, 33-35, 37, 39-41, 43, 45-48, 50-55, 63, 65 and 66; and September 11 to October 29, 1999 in Zones 13, 36, 42 and 49. Deer Management Zones 38, 56-62, 64 and 67 are not open for this season. Legal hunting hours shall be ½ hour before sunrise to ½ hour after sunset.

(b) Bag limit: The standard bag limit is two deer; either one antlered and one antlerless or two antlerless. Only one deer, which must be antlered, may be taken in Zone 4 as part of the fall bow season standard bag limit. In Zones 5, 7-14, 36, 41, 50 and 51, an antlerless deer must be taken before an antlered deer may be taken throughout the season. In Zones 42 and 49, an antlerless deer must be taken before an antlered deer may be taken during the period of September 11 through October 1, 1999. Properly licensed hunters who harvest their first deer during the fall bow season subject to the provisions of this section will be given a "New Jersey Supplemental Deer Transportation Tag" (supplemental tag) upon registration of their deer at a designated deer check station. This tag will be valid for the taking of one additional deer, either an antlered or antlerless deer, if the first deer was antlerless; or an antlerless deer, if the first deer was antlered. The supplemental tag may be used in any zone that is open for the season subject to the limitations of this section. Properly licensed hunters that harvest a second deer may obtain a "New Jersey Bonus Deer Transportation Tag" (bonus tag) upon registration of their second deer at a designated check station. Bonus tags will only be valid in the following Zones: 2, 5-15, 17, 19, 22, 25-29, 33, 35, 36, 39-42, 47-51, 63 and 66. After taking a second deer, hunters may not hunt deer during the fall bow season in the following non-bonus tag Zones: 1, 3, 4, 16, 18, 21, 23, 24, 30, 31, 34, 37, 43, 45, 46, 52-55 and 65. One additional bonus tag, valid only in bonus tag zones, will be issued upon registration of each subsequent deer until the season concludes. After harvesting the season limit of one antlered deer, supplemental and bonus deer tags will only be valid for taking antlerless deer. There is no season limit on the number of antlerless deer, which may be harvested in bonus tag zones. All supplemental and bonus tags are valid on the date of issuance in all zones that are open for this season. Deer shall be tagged immediately with completely filled in "transportation tag" and shall be transported to a deer checking station before 8:00 P.M. E.S.T. on the day killed. The supplemental tag and bonus tag shall be valid on the day of issuance and all registration requirements apply.

1. Any legally killed deer which is recovered too late to be brought to the deer check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Said deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has concluded, said deer must be taken to a regular deer checking station on the following weekday to receive a legal possession tag. It is unlawful to attempt to take or continue to hunt for more than the number of deer permitted.

(c) This season shall be open only to holders of a valid and current bow and arrow hunting license which contains an attached fall bow and arrow deer "transportation tag" or a proper and valid supplemental tag or a proper and valid bonus tag. If the anticipated harvest of deer has not been

accomplished during this season, additional days of bow and arrow deer hunting may be authorized by the Director. Such authorization and dates thereof shall be announced by press and radio. Handicapped individuals hunting with a modified bow must have a valid Special Bow Use Permit on their person while hunting in addition to a valid Bow and Arrow Hunting License.

(d) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-42, 23:4-43, 23:4-45, 23:4-47 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (a), inserted first two sentence and amended dates of hunting seasons; and in (b)1, deleted provision relating to single bonus tag zones and amended zones in which multiple tags allowed.

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

7:25-5.26 White-tailed deer winter bow season

(a) Duration of the winter bow season is from January 1-29, 2000. Deer management zones 38, 56-60, 64 and 67 are not open for this season. Legal hunting hours shall be ½ hour before sunrise to ½ hour after sunset.

(b) Bag limit: The standard bag limit is two deer, one antlered and one antlerless, or two antlerless. Only one antlered deer may be taken during the winter bow season. In Zones 5, 7-14, 36, 41, 50 and 51, an antlerless deer must be taken before an antlered deer may be taken throughout the winter bow season. Properly licensed hunters who take their first deer during the winter bow season will be given a "New Jersey Supplemental Deer Transportation Tag" (supplemental tag) upon registration of their first deer at a designated deer check station. This tag will be valid for the taking of one additional deer, either an antlered or antlerless deer, if the first deer was antlerless; or an antlerless deer, if the first deer was antlered. The supplemental tag may be used in any zone that is open for the winter bow season subject to the limitations of this section. Properly licensed hunters that take a second deer may obtain a "New Jersey Bonus Deer Transportation Tag" (bonus tag) upon registration of their second deer at a designated check station. Bonus tags will only be valid in the following bonus tag Zones: 2, 5-15, 17, 19, 22, 25-29, 33, 35, 36, 39-42, 47-51, 63 and 66. After taking a second deer, hunters may not hunt deer during the winter bow season in the following non-bonus tag Zones: 1, 3, 4, 16, 18, 21, 23, 24, 30, 31, 34, 37, 43, 45, 46, 52-55 and 65. One additional bonus tag,

valid only in bonus tag zones, will be issued upon registration of each subsequent deer until the season concludes. After harvesting the season limit of one antlered deer, supplemental and bonus tags will only be valid for taking antlerless deer. There is no limit on the number of antlerless deer that may be taken in bonus tag zones during the winter bow season. All supplemental and bonus tags are valid on the date of issuance in all zones that are open for the winter bow season. Deer shall be tagged immediately with completely filled in "transportation tag" and shall be transported to a deer checking station before 7:00 P.M. E.S.T. on the day killed.

1. Any legally killed deer which is recovered too late to be brought to the deer check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Said deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has concluded, said deer must be taken to a regular deer checking station on the following weekday to receive a legal possession tag. It is unlawful to attempt to take or continue to hunt for more than the number of deer permitted.

(c) This season will be open only to holders of a valid and current bow and arrow hunting license which contains an attached winter bow season "transportation tag" or a proper and valid supplemental tag or a proper and valid bonus tag. If the anticipated harvest of deer has not been accomplished during this season, additional days of special winter bow and arrow deer hunting may be authorized by the Director. Such authorization and dates thereof shall be announced by press and radio. Handicapped individuals hunting with a modified bow must have a valid Special Bow Use Permit on their person while hunting in addition to a valid Bow and Arrow Hunting License.

(d) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-45, 23:4-42, 23:4-43, 23:4-47 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (a), amended dates of hunting season; and in (b) and (c), substituted "supplemental" for "second".

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (a), changed the season date and inserted a second sentence; rewrote (b); and in (c), inserted "or a proper and valid bonus tag" at the end of the first sentence.

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

Rewrote (a) and (b).

7:25-5.27 White-tailed deer six-day firearm season

(a) Duration for this season will be December 6-11, 1999 inclusive with shotgun or muzzleloader rifle, exclusively.

(b) Bag limit: Two antlered deer, with antler at least three inches long. Deer shall be tagged immediately with the "transportation tag" appropriate for the season, completely filled in and shall be transported to a checking station before 7:00 P.M. E.S.T. on the day killed. Upon completion of the registration of the first deer, one valid and proper "New Jersey Supplemental Deer Transportation Tag" will be issued which will allow that person to continue hunting and take one additional deer with antler at least three inches long during the current, six-day firearm season. The supplemental tag shall be valid on the day of issuance and all registration requirements apply. Any legally killed deer which is recovered too late to be brought to a check station by closing time shall be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. This deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has concluded, this deer must be taken to a regular deer checking station on the following weekday to receive a legal "possession tag." It is unlawful to attempt to take or to continue to hunt for more than the number of deer permitted.

1. New Jersey Supplemental Deer Transportation Tags will be valid on the day of issuance in all zones.

(c) This season shall be open only to holders of a valid and current firearm hunting license which contains an attached six-day firearm season transportation tag or a proper and valid supplemental tag. If the anticipated harvest of deer has not been accomplished during this season, additional days of deer hunting may be authorized by the Director, with the approval of the Council. Such authorization and dates thereof shall be announced by press and radio.

(d) Hunting hours: December 6-11, 1999, inclusive, ½ hour before sunrise to ½ hour after sunset with shotgun or muzzleloader rifle.

(e) No person shall take, attempt to take, hunt or attempt to hunt, kill or attempt to kill, shoot at or attempt to shoot at, in any one day or in any one year more than the number of deer permitted by this Code.

(f) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:4-42, 23:4-43, 23:4-45, 23:4-47, 23:4-48 and other applicable statutes.

Amended by R.1995 d.427, effective August 7, 1995.

See: 27 N.J.R. 1897(a), 27 N.J.R. 2889(a).

Amended by R.1996 d.404, effective August 19, 1996 (operative August 24, 1996).

See: 28 N.J.R. 2434(b), 28 N.J.R. 3934(a).

Amended by R.1997 d.327, effective August 4, 1997 (operative August 9, 1997).

See: 29 N.J.R. 2213(a), 29 N.J.R. 3462(a).

In (a) and (e), amended dates of hunting season; and in (c), substituted "supplemental" for "second".

Amended by R.1998 d.408, effective August 3, 1998 (operative August 8, 1998).

See: 30 N.J.R. 1681(a), 30 N.J.R. 2886(a).

In (a), changed the season date; rewrote (b); in (c), deleted "or a proper and valid bonus tag" at the end of the first sentence; deleted (d); changed the season date and recodified former (e) as (d); and recodified former (f) through (g) as (e) through (f).

Amended by R.1999 d.287, effective August 16, 1999 (operative August 21, 1999).

See: 31 N.J.R. 1231(a), 31 N.J.R. 2338(a).

In (a), changed date; in (b), substituted a reference to antlered deer for a reference to deer in the first sentence, deleted a former second sentence, and rewrote the new fourth sentence in the introductory paragraph, and rewrote 1; and rewrote (d).

7:25-5.28 White-tailed deer muzzleloader rifle permit season (one antlered deer and one antlerless deer, or two antlerless deer)

(a) The Director with the approval of the Council may authorize the issuance of permits for the taking of deer with a muzzleloader rifle or smoothbore muzzleloader loaded with a single projectile anywhere within this State or at any State or Federal installation.

(b) If the anticipated harvest of deer has not been accomplished during this season, additional days of muzzleloader rifle permit deer hunting may be authorized by the Director. Such authorization and the date thereof shall be announced by press and radio.

(c) Bag limit: Two deer, one antlered and one antlerless or two antlerless per permit, except as noted in (c)1 through 3 below. Deer shall be tagged immediately with the muzzleloader rifle permit season permit, transportation tag completely filled in, and shall be transported to a deer checking station before 7:00 P.M. E.S.T. on the day killed. Except as noted in (c)2 and 3 below, upon completion of registration of first deer, one valid and proper "New Jersey Supplemental Deer Transportation Tag" (supplemental tag) will be issued which will allow this person to continue hunting and take one additional deer either an antlered deer or antlerless deer if the first deer was antlerless or an antlerless deer if the first deer was antlered during the current muzzleloader rifle permit season. The supplemental tag shall be valid on the day of issuance and all registration requirements apply.

1. In Zones 5, 7, 8, 9, 10, 11, 12, 13, 14, 36, 38, 41, 50 and 51 an antlerless deer must be taken before taking or attempting to take an antlered deer throughout the season.

2. In deer management zones 2, 5-15, 17, 19, 22, 25-29, 33, 35, 36, 38, 39, 41, 42, 47-51, 57, 58, 61, 63, 66 and 67, known as "bonus tag zones" for the purposes of this section, properly licensed hunters that harvest antlerless deer first and subsequently, may obtain one additional "New Jersey Bonus Deer Tag" (bonus tag) and harvest an additional antlerless deer in the bonus tag zones exclusively, until: the muzzleloader rifle permit season concludes, they harvest an antlered deer or they decline the

bonus tag. Hunters that harvest an antlered deer on the bonus tag and hunters that decline the bonus tag will be issued a New Jersey Supplemental Deer Transportation Tag, valid only in that deer management zone for which the special season permit was originally issued, provided the season remains open. A bonus tag may be used to take either an antlered deer or antlerless deer, subject to the above provisions and is only valid in that deer management zone for which the special season permit was originally issued. Supplemental tags and bonus tags are valid on the date of issuance in all zones. All tagging and registration requirements apply. No bonus tags are available in the following deer management zones: 1, 3, 4, 16, 18, 21, 23, 24, 30, 31, 34, 37, 43, 45, 46, 52-60, 62, 64 and 65.

3. The bag limit in Zone 67 (High Point State Park) will be one antlered deer and one antlerless deer, or two antlerless deer. However, an antlerless deer must be taken by the hunter before he can take an antlered deer. Any antlered deer taken in Zone 67 must have at least six antler points. Properly licensed hunters that harvest antlerless deer first and subsequently may obtain one additional "New Jersey Bonus Deer Tag" (bonus tag) and may harvest an additional antlerless deer in Zone 67 until: the muzzleloader rifle permit season concludes; an antlered deer is harvested; or the hunter declines the bonus tag. Hunters that harvest an antlered deer on the bonus tag and hunters that decline the bonus tag will be issued a New Jersey Supplemental Deer Transportation Tag, valid for Zone 67, exclusively, provided the season remains open.

4. Any legally killed deer which is recovered too late to be brought to the deer check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Said deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has concluded, said deer must be taken to a regular deer checking station on the following weekday to receive a legal possession tag. It is unlawful to attempt to take or continue to hunt for more than the number of deer permitted.

(d) Duration of the muzzleloader rifle permit season is as set forth in (d)1 through 9 below. There is no season in the following Zones: 40, 56, 59, 60, 62 and 64. Legal hunting hours shall be ½ hour before sunrise to ½ hour after sunset E.S.T.

1. November 29, 30; December 13, 14, 18, 20-24, 27-31, 1999; and, January 1, 2000 in Zones 1-3, 5-19, 21-31, 33-36, 41-43, 45-51, 55, 57, 58, 61, 63 and 65.

2. November 29, 30; December 13, 14, 18, 20-24, 1999 in Zone 4.

3. November 8-12; December 13-18, 20-24, 27-31, 1999 in Zones 37 and 52.

4. November 29 and 30; December 13-18, 20-25, 27-31, 1999; and, January 1, 2000 in Zone 39.

5. November 27, 29 and 30, and December 1-4, 13-18, 20-24, 27-31, 1999 and January 1, 2000 in Zone 53.

6. November 29 and 30, and December 13-17, 20-24, and 27-30, 1999 in Zone 54.

7. November 27, 29, 30, and December 1, 2, 3, 4, 11 and 18, 1999; and January 8, 2000 in Zone 66.

8. November 15, 16, 17, 18, 19 and November 22-24, 1999 in Zone 67.

9. November 30 and December 1, 2 and 3, 1999 in Zone 38.

10. At other times as determined by the Director.

(e) Permits for muzzleloader rifle permit season are valid only in the designated deer management zones or other designated areas and are not transferrable.

(f) Method: The taking of two deer one antlered and one antlerless or two antlerless except as noted in (c)1 through 3 above or the taking of deer as designated for special hunts is authorized to holders of valid permits for muzzleloader rifle permit season in designated deer management zones. The taking of two deer one antlered and one antlerless or two antlerless or the taking of deer as designated for special hunts is authorized to holders of valid farmer permits for muzzleloader rifle permit season only on the farm occupied and designated on the permit application.

1. Permits for muzzleloader rifle permit season will be issued on an individual basis to holders of valid and current firearm licenses and qualified farmers. Only one application per regular firearm license holder may be submitted, whether for muzzleloader rifle or shotgun permit seasons, during the initial application period. During the initial application period, regular firearm license holders may also submit one application for either a left-over shotgun or muzzleloader deer permit in the event such permits are available following the initial drawing. Duplicate or multiple applications will cause all applications to be void. All persons, while their hunting licenses are void under the authority of law or as imposed by a court are prohibited from making application for, or otherwise procuring a muzzleloader deer permit. For special management zones where the agency administering the affected land requires that hunters attend mandatory hunter orientation as a condition of access, failure to attend the designated session shall result in invalidation of the muzzleloader season permit for the zone.

(g) Permits for muzzleloader rifle permit season consist of back display which includes a "deer transportation tag" or proper and valid supplemental tag or a proper and valid bonus tag. The back display portion of the permit will be conspicuously displayed on the outer clothing in addition to the valid firearm license. The "deer transportation tag" portion of the permit must be completely filled out, and affixed to the deer immediately upon killing. This completely filled in "deer transportation tag" allows legal transportation of the deer of either sex to an authorized checking station only. Personnel at the checking station will issue a "possession tag." Any permit holder killing a deer must transport the deer to an authorized checking station by 7:00 P.M. E.S.T. on the day killed to secure the legal "possession tag." The possession of a deer of either sex after 7:00 P.M. E.S.T. on the day killed without a legal "possession tag" shall be deemed illegal possession. Any legally killed deer which is recovered too late to be brought to the check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Said deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has concluded said deer must be taken to a regular deer check station on the following weekday to receive a legal possession tag.

(h) Muzzleloader Rifle Permit Season Permit shall be applied for as follows:

1. Holders of valid and current firearm hunting licenses shall apply by detaching from their hunting license the stub marked Special Deer Season for the current year signing, as provided on the back, and sending the stub, together with the permit fee and an application form which has been properly completed in accordance with instructions. First time permit applicants who do not yet possess a valid hunting license may apply for a muzzleloader rifle deer season permit provided they have applied for a hunter education course prior to the permit application period and have provided such related information as may be required on the application. Application forms may be obtained from:

i. Division of Fish, Game and Wildlife, PO Box 400 Trenton, New Jersey 08625.

ii. License issuing agents.

iii. Conservation Officers.

iv. Other Division officers.

v. Other Division field offices.

2. Juvenile license holders are eligible.

3. Only one application whether for muzzleloader rifle or shotgun permit season, accompanied by the hunting license stub or as provided for in (h)1 above, may be submitted by any regular firearm license holder during the initial permit application period. During the initial application period, regular firearm license holders may also submit one application for either a left-over shotgun or muzzleloader deer permit in the event such permits are available following the initial drawing. Applications for more than the allowable number of permits during the initial application period will cause all applications by an individual to be void and subject the applicant to prosecution.

4. The application form shall be filled in to include: name, address, current firearm hunting license number, deer management zone applied for, social security number, and any other information requested. Only those applications will be accepted for participation in random selection which are received in the Trenton office during the period of June 1-September 10, inclusive. Applications postmarked after September 10 will not be considered for the initial drawing. Selection of permittees will be made by random selection.

5. Unsuccessful applicants will be notified by return of permit fees, less application fee per permit applied for. Any permit obtained by fraud shall be void.

6. Successful applicants will receive their permits by mail. Unless otherwise indicated the permit fee in the form of a check or money order, made payable to "Division of Fish, Game and Wildlife," must accompany the completed application form.

7. Nothing contained herein shall preclude the Division from issuing unfilled permits on a first come-first served basis to any properly licensed hunter or qualified farmer after the permit selection process.

(i) Farmer Muzzleloader Rifle Permit Season Permits shall be applied for as follows:

1. Only the owner or lessee of a farm, who resides thereon, or the immediate members of his family 10 years of age or older who also reside thereon, may apply on forms provided for a farmer, muzzleloader rifle permit season permit. Under this subsection, a farm is an area of five acres or more and producing a gross income in excess of \$500.00 and is tax assessed as farmland. Farmer muzzleloader rifle permit season permits will be issued only in those deer management zones where a muzzleloader rifle, permit season is prescribed.

2. Application forms may be obtained from the County Agricultural Agent, the Division of Fish, Game and Wildlife, PO Box 400, Trenton, N.J. 08625, conservation officers, or other Division offices.

3. The application form shall be filled in to include: name, age, size of farm, address, social security number, and any other information requested thereon. Properly completed application forms will be accepted in the Trenton office during the period of June 1 to September 10. There is no fee required, and all qualified applicants will receive a farmer muzzleloader rifle permit season permit, delivered by mail.

4. Qualified farmers may apply for one shotgun permit season permit in any management zone in addition to one muzzleloader rifle permit season permit in any management zone where a muzzleloader rifle permit season is prescribed. Qualified farmers may also apply for either the muzzleloader rifle permit season permit or shotgun permit season permit as a regular firearm hunting license applicant. Application for more than the allowable number of permits during the initial application period will cause all applications by an individual to be void.

5. Nothing contained herein shall preclude the Division from issuing unfilled or unclaimed permits on a first come-first served basis to any qualified farmer or properly licensed hunter after the permit selection process.

(j) Muzzleloader Rifle Season Permits and Farmer Muzzleloader Rifle Season Permits shall be used as follows:

1. The muzzleloader rifle permit season permit is valid only in the deer management zone (DMZ) designated and is not transferrable. The farmer muzzleloader rifle permit season permit is valid only on the farm occupied and designated in the application and is not transferrable. The DMZ quota and DMZ map follow. The permit hunter is responsible for hunting in the correct DMZ or farm as indicated and in ascertaining the boundaries.

2. Neither the muzzleloader rifle permit season permit nor the farmer muzzleloader rifle permit season permit is transferrable from deer management zone to deer management zone, from farm to farm, or from individual to individual. The permit must be used on the farm, in the management zone, and by the individual to whom it was issued.

(k) The Deer Management Zone Map is on file at the Office of Administrative Law and is available from that agency or the Division. The 1999 Muzzleloader Rifle Deer Season Permit Quotas are as follows:

7:25-5.29 White-tailed deer shotgun permit season

(a) The Director with the approval of the Council may authorize the issuance of shotgun permit season permits for the taking of deer anywhere within the State or at any State or Federal installation.

(b) If the anticipated harvest of deer has not been accomplished during this season, one additional day of shotgun permit deer hunting may be authorized by the Director. Such authorization and date thereof shall be announced by press and radio.

(c) The season bag limit per permit shall be one deer either antlered or antlerless with a shotgun permit season permit in Zones 1, 3, 4, 18, 21, 23, 24, 43, 45, 46, 52, 55 and 65. The season bag limit per permit shall be two deer either one antlered and one antlerless or two antlerless in Zones 34 and 54. The season bag limit shall be three deer either one antlered and two antlerless or three antlerless in Zones 16, 30 and 31. The season bag limit per permit shall be one antlered deer and an unlimited number of antlerless deer in Zones 2, 5-15, 17, 19, 22, 25, 26, 27-29, 33, 35, 36, 38, 39, 41, 42, 47-51, 56-58, 59, 60, 61, 63, 64 and 66. In

Zones 5, 7, 8, 9, 10, 11, 12, 13, 14, 36, 41, 50 and 51, an antlerless deer must be taken before taking or attempting to take an antlered deer throughout the permit shotgun season, and no antlered deer may be taken on November 22, 23 and 24 and December 6-11, 1999 on permit shotgun season permits. In Zones 25, 35, 42, 48, 49, 51 and 63, no antlered deer may be taken on November 22, 23, and 24 and December 6-11, 1999 on permit shotgun season permits. Only one deer may be taken at a time per permit until the season limit is reached except in Zones 5, 7, 8, 9, 10, 11, 12, 13, 14, 25, 35, 36, 38, 39, 41, 42, 48, 49, 50, 51, 56, 59, 63, 64 and 66 where the limit is two deer at a time per permit until the season concludes. New Jersey Supplemental Deer Transportation Tags and Bonus Deer Tags are valid on the day of issuance in all zones. All deer tagging and registration provisions apply. The season bag limits apply to both regular and farmer deer permits; however, all farmer shotgun permits are valid for taking antlerless deer only, when used during the six-day firearm buck season and on any other days authorized through the last day of the six-day firearm buck season.

(d) Duration of the permit shotgun deer season is as set forth in (d)1 through 20 below. There is no season in the following Zones: 40 and 67. Legal hunting hours shall be from $\frac{1}{2}$ hour before sunrise to $\frac{1}{2}$ hour after sunset on the following dates:

1. December 15, 1999 in Zones: 1, 3, 4, 18, 21, 23, 24, 43, 45, 46, 55 and 65.
2. December 15-17, 1999 in Zones: 22, 26, 34 and 60.
3. December 15-17, 1999; and, January 14, 15, 21 and 22, 2000 in Zones: 2, 6, 16, 27-31 and 61.
4. December 15-17, 1999; and, January 8-29, 2000 in Zones: 15, 17, 19, 33 and 47.
5. November 22-24; December 6-11, and 15-17, 1999; and, January 8-29, 2000 in Zones: 5, 7-14, 25, 35, 36, 41, 42, 48-51 and 63.
6. December 18, 1999 in Zones 37 and 52.
7. November 30 and December 1, 2 and 3, 1999 in Zone 38.
8. December 18 and 25, 1999; and, January 1, 8, 15 and 22, 2000 in Zone 39.
9. January 8, 2000 in Zone 53.
10. December 18, 1999 and January 15, 2000 in Zone 54.
11. December 13-17, 1999 in Zone 56.
12. December 6-8 and 15-17, 1999 in Zones 57 and 58.

13. December 2-4, 1999 (first segment); December 9-11, 1999 (second segment); December 30 and 31, 1999 and January 1, 2000 (third segment); and, January 13-15, 2000 (fourth segment) in Zone 59.

14. January 12, 14, 19 and 21, 2000 in Zone 64.

15. November 27, 29 and 30, and December 1-4, 11 and 18, 1999 and January 8, 2000 in Zone 66.

16. At other times as determined by the Director.

17. The permit shotgun season for persons possessing farmer shotgun permit season permits includes the six-day firearm season in addition to the day or days the season is open for applicable zones by qualified farmers on the farm occupied and designated in the application. All other regulations applicable to the zone and farmer shotgun permits shall apply.

(e) Shotgun permit season permits are valid only in the designated deer management zones or other designated areas and are not transferrable.

(f) Method: The taking of deer with a shotgun under a shotgun permit season permit or a farmer shotgun permit season permit is permitted in designated deer management zones by holders of a shotgun permit season permit and, on their own property, by holders of a farmer shotgun permit season permit.

1. Shotgun permits for shotgun permit season will be issued on an individual basis to holders of valid and current firearm licenses, persons who have applied for the shotgun hunter education course prior to the permit application period and qualified farmers. Only one application, whether for shotgun or muzzleloader permit season, accompanied by the hunting license stub, may be submitted by regular firearm license holders for the initial permit drawing. During the initial application period, regular firearm license holders may also submit one application for either a leftover shotgun or muzzleloader permit in the event such permits are available following the initial drawing. Applications for more than the allowable number of permits during the initial application period will cause all applications by an individual to be void and subject the applicant to prosecution. All persons, while their hunting licenses are void under the authority of law or as imposed by a court are prohibited from making application for, or otherwise procuring, a shotgun deer permit. For special management zones where the agency administering the affected lands requires that hunters attend mandatory hunter orientation as a condition of access, failure to attend the designated session shall result in invalidation of the shotgun season permit for the zone.

(g) Permits for shotgun permit season consist of a back display which includes a "deer transportation tag" or proper and valid supplemental tag. The back display portion of the permit will be conspicuously displayed on the outer clothing in addition to the valid firearm license in the case of a shotgun permit season permit, and without the license in the case of the farmer shotgun permit season permit. The "deer transportation tag" portion of the permit must be completely filled out, and affixed to the deer immediately upon killing. This completely filled in "deer transportation tag" allows legal transportation of the deer of either sex to an authorized checking station only. Personnel at the checking station will issue a "possession tag." Any permit holder killing a deer of either sex during this season must transport this deer to an authorized checking station by 7:00 P.M. E.S.T. on date killed to secure the legal "possession tag." The possession of a deer of either sex after 7:00 P.M. E.S.T. on the date killed without a legal "possession tag" shall be deemed illegal possession. Any legally killed deer which is recovered too late to be brought to the check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Said deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has been concluded said deer must be taken to a regular deer checking station on the following weekday to receive a legal "possession tag." For deer management zones where the shotgun permit season is more than one day and the bag limit is two deer, a valid and proper "New Jersey Supplemental Deer Transportation Tag" will be issued upon registration of the first deer. This permit will allow this person to continue hunting and take one additional legal deer during the shotgun permit season, provided the season is open the following day(s) or on any additional days that shotgun permit season hunting is authorized. For deer management zones where the shotgun permit season is three days or more and the bag limit is three deer or more, additional "New Jersey Supplemental Deer Transportation Tags" will be issued upon registration of the second, third or applicable deer until the bag limit is reached. This permit will allow this hunter to continue hunting and take one additional legal deer during the shotgun permit season, provided the season is open or on any additional days that shotgun permit season hunting is authorized. Permittees will be able to continue hunting on the following designated season dates after registration of deer and issuance of appropriate tags. For deer management Zones 5, 7, 8, 9, 10, 11, 12, 13, 14, 25, 35, 36, 38, 39, 41, 42, 48, 49, 50, 51, 56, 59, 63, 64 and 66, where two deer may be taken at a time per permit until the season concludes, permittees must use a photocopy as the valid transportation tag for the second deer only, if a second tag is not supplied with the shotgun season permit.

(h) Shotgun Permit Season Permits shall be applied for as follows:

1. Holders of valid and current firearm hunting licenses including juvenile firearm license holders may apply by detaching from their hunting license the stub marked Special Deer Season for the current year, signing as provided on the back, and sending the stub, together with the permit applied for and an application form properly completed in accordance with instructions. First time permit applicants who do not yet possess a valid hunting license may apply for a shotgun deer hunting permit provided they have applied for a hunter education course prior to the permit application period and have provided such related information as may be required on the application. Application forms may be obtained from:

- i. Division of Fish, Game and Wildlife, PO Box 400, Trenton, New Jersey 08625-0400.
- ii. License issuing agents.
- iii. Conservation Officers.
- iv. Other division offices.

2. Permits for shotgun permit season will be issued on an individual basis to holders of valid and current firearm licenses, and persons with hunter education courses pending as indicated in (h)1 above. Only one application whether for shotgun or muzzleloader, permit season, accompanied by the hunting license stub or as provided for in (h)1 above, may be submitted by any one individual during the initial application period and only one application whether for a leftover shotgun or leftover muzzleloader permit may be submitted by any one individual during the initial application period. Applications for more than the allowable number of permits during the initial application period will cause all applications to be void and subject the applicant to prosecution.

3. The application form shall be filled in to include: name, address, current firearm hunting license number or as provided for in (h)1 above, deer management zone applied for, social security number, and any other information requested. Only those applications will be accepted for participation in random selection which are received in the Trenton office during the period of June 1-September 10. Applications postmarked after September 10 will not be considered for the initial drawing. Selection of permittees will be made by random selection.

4. Unsuccessful applicants will be notified by return of permit fees less the application fee per permit applied for. Any permit obtained by fraud is void.

5. Successful applicants will receive their permits by mail. Unless otherwise indicated, the permit fee in the form of a check or money order made payable to "The Division of Fish, Game and Wildlife" shall accompany the completed application form.

6. Nothing herein contained shall preclude the Division from issuing unfilled and unclaimed permits on a first come-first served basis to any properly licensed hunter after the permit selection process.

(i) Farmer Shotgun Permit Season Permits shall be applied for as follows:

1. Only the owner or lessee of a farm, who resides thereon, or the immediate members of his family 10 years of age or older who also reside thereon, may apply on forms provided for a farmer shotgun permit season permit. Under this section, a farm is an area of five acres or more and producing a gross income in excess of \$500.00 and is tax assessed as farmland. The Farmer Shotgun Permit Season Permit will be issued in all deer management zones.

2. Applications forms may be obtained from the County Agricultural Agent, the Division of Fish, Game and Wildlife, PO Box 400, Trenton, N.J. 08625-0400, or the conservation officers.

3. The application form shall be filled in to include: name, age, size of farm, address, social security number, and any other information requested thereon. Properly completed application forms will be accepted in the Trenton office during the period of June 1 to September 10. There is no fee required, and all qualified applicants will receive a farmer shotgun permit season permit, delivered by mail.

4. Qualified farmers may apply for one shotgun permit season permit in any management zone in addition to one muzzleloader rifle permit season permit in any management zone where a muzzleloader rifle permit season is prescribed. Qualified farmers may also apply for either the permit shotgun or permit muzzleloader season permit as a regular firearm hunting license applicant. Application for more than the allowable number of permits during the initial application period will cause all applications by an individual to be void and subject the applicant to prosecution.

5. In deer management zones where no regular permit shotgun season has been authorized, the season for qualified and permitted farmers will include the six-day firearm season and the Wednesday following the six-day firearm season and as provided for in (d) 17 above, and the bag limit will be one deer per permit. Only one antlerless deer may be taken during the six-day season. On the Wednesday following six-day firearm season, either and antlered or antlerless deer may be taken, if no antlerless deer where taken on this permit during the six-day season.

(j) Shotgun and Farmer Shotgun Permit Season Permits shall be used as follows:

1. The shotgun permit season permit is valid only in the deer management zone (DMZ) designated and is not transferable. The farmer shotgun permit season permit is valid only on the farm occupied and designated in the application and is not transferable. The DMZ quota and DMZ map follow. The shotgun permit season permit hunter is responsible for hunting in the correct DMZ or farm as indicated and in ascertaining the boundaries.

2. Neither the shotgun permit season permit nor the farmer shotgun permit season permit is transferable from deer management zone to deer management zone, or from farm to farm, or from individual to individual. The permit must be used on the farm, in the deer management zone, and by the individual to whom it was issued.

(k) The Deer Management Zone Map is on file at the Office of Administrative Law and is available from that agency or the Division. The 1999-2000 Shotgun Permit Season Permit Quotas are as follows:

7:25-5.30 White-tailed deer bow permit season (one antlered deer and one antlerless deer, or two antlerless deer)

(a) The Director with the approval of the Council may authorize the issuance of bow permit season permits for the taking of deer anywhere within this State or at any State or Federal installation.

(b) If the anticipated harvest of deer has not been accomplished during this season, one additional day of bow permit deer hunting may be authorized by the Director. Such authorization and date thereof shall be announced by press and radio.

(c) Bag limit: Two deer, one antlered and one antlerless, or two antlerless per permit except as indicated in (c)1 below. In Zones 5, 7, 8, 9, 10, 11, 12, 13, 14, 36, 41, 50 and 51, an antlerless deer must be taken before taking or attempting to take an antlered deer throughout the season. Deer shall be tagged immediately with the bow and arrow permit "transportation tag," completely filled in, and shall be transported to a checking station before 7:00 P.M. E.S.T. on the day killed. Upon completion of the registration of the first deer, one valid and proper "New Jersey Supplemental Deer Transportation Tag" (supplemental tag) will be issued which will allow the person to continue hunting and take one additional deer during bow permit season, provided the season is open. The supplemental tag shall be valid on the day of issuance and all registration requirements apply.

1. In deer management zones 2, 5-15, 17, 19, 22, 25-29, 33, 35, 36, 39-42, 47-51, 57-59, 61, 63 and 66, known as "bonus tag zones" for the purposes of this section, properly licensed hunters that harvest antlerless deer first subsequently, may obtain one additional "New Jersey Bonus Deer Tag" (bonus tag) and harvest an additional antlerless deer in the bonus tag zones exclusively, until: the permit bow season concludes, they harvest an antlered deer or they decline the bonus tag. Hunters that harvest an antlered deer on the bonus tag and hunters that decline the bonus tag will be issued a New Jersey Supplemental Deer Transportation Tag, valid only in that deer management zone for which the special season permit was originally issued, provided the season remains open. A bonus tag may be used to take an antlered or antlerless deer, subject to the above provisions and is only valid in that deer management zone for which the special season permit was originally issued. The supplemental tag (or bonus tag, if applicable) is valid on the date of issuance. All tagging and registration requirements apply. No bonus tags are available in the following deer management zones: 1, 3, 4, 16, 18, 21, 23, 24, 30, 31, 34, 37, 43, 45, 46, 52-55, 60, and 65.

(d) Duration of the bow permit season is as set forth in (d)1 through 2 below. There is no season in the following Zones: 38, 56, 60, 64 and 67 or any time as determined by the Director. Legal hunting hours shall be $\frac{1}{2}$ hour before sunrise to $\frac{1}{2}$ hour after sunset.

1. October 30-November 27, 1999 in Zones 1-12, 14-19, 21-35, 37, 41, 43, 45-48, 50-53, 55, 57-59, 61, 63 and 65.

2. October 30-December 31, 1999 in Zones 13, 36, 39, 40, 42, 49, 54 and 66.

(e) Bow permit season permits are valid only in the designated deer management zones or other designated areas and are not transferable.

(f) Method: The taking of two deer one antlered and one antlerless or two antlerless except as noted in (c) and (c)1 above or the taking of deer as designated for special hunts with a bow under a bow permit season permit or a farmer bow permit season permit, is permitted in designated deer management zones by holders or a bow permit season permit and on the farm occupied and designated in the application by holders of a farmer bow permit season permit.

1. Bow permit season permits will be issued on an individual basis to holders of valid and current bow licenses, persons who have a bow hunter education course pending as of the permit application period and qualified farmers.

2. For special deer management zones where the agency administering the affected lands requires hunters to attend a mandatory orientation session as a condition of access, failure to attend the designated session shall result in invalidation of the special bow season permit for the zone.

(g) Permits consist of back display which includes a deer transportation tag or proper and valid "supplemental tag" or a proper and valid bonus tag. The back display portion of the permit will be conspicuously displayed on the outer clothing in addition to the valid bow license, and without the license in the case of the farmer bow and arrow permit season permit. The "Deer Transportation Tag" portion of the permit must be completely filled out and affixed to the deer immediately upon killing. This completely filled in deer transportation tag allows legal transportation of the deer of either sex to an authorized checking station only. Personnel at the checking station will issue a "possession tag." Any permit holder killing a deer of either sex during this season must transport this deer to an authorized checking station by 7:00 P.M. E.S.T. on date killed to secure the legal "possession tag." The possession of a deer of either sex after 7:00 P.M. E.S.T. on date killed without a legal "possession tag" shall be deemed illegal possession. Any legally killed deer which is recovered too late to be brought to the check station by closing time must be immediately reported by telephone to the nearest Division of Fish, Game and Wildlife law enforcement regional headquarters. Such deer must be brought to a checking station on the next open day to receive a legal "possession tag." If the season has been concluded such deer must be taken to a regular deer checking station on the following weekday to receive a legal "possession tag."

(h) Bow Permit Season Permits shall be applied for as follows:

1. Holders of valid bow and arrow licenses including juvenile bow license holders shall apply by detaching from their bow hunting license the stub marked Special Deer Season for the current year license, signing as provided on the back, and sending the stub together with the permit fee and an application form which has been properly completed in accordance with instructions. First time permit applicants who do not yet possess a valid hunting license may apply to a bow permit season hunting permit provided they have applied for a hunter education course prior to the permit application period and have provided such related information as may be required on the application. Application forms may be obtained from:

- i. Division of Fish, Game and Wildlife, PO Box 400, Trenton, NJ 08625-0400;
- ii. License Issuing Agents; and
- iii. Conservation Officers.
- iv. Division Field Offices.

2. Application for a bow permit season permit shall not preclude an individual from applying for either the muzzleloader rifle or shotgun season permits.

3. Only one application may be submitted per regular bow license holder during the initial application period and only one application for a left-over permit may be submitted by any one individual during the initial application period. Application for more than the allowable number of permits during the initial application period will cause all applications by an individual to be void and subject the applicant to prosecution. All persons, while their hunting licenses are void under the authority of law or as imposed by a court, are prohibited from making application for or otherwise procuring a bow deer permit.

4. The application form shall be filled in to include: name, address, current bow and arrow hunting license number, deer management zone applied for, social security number, and any other information requested. Only those applications will be accepted for participation in random selection which are received in the Trenton office during the period of June 1 to September 10. Applications postmarked after September 10 will not be considered for the initial drawing. Selection of permittees will be made by random selection.

5. Unsuccessful applicants will be notified only by return of permit fees, less the application fee. Any permit obtained by fraud is void.

6. Unless otherwise indicated, the permit fee in the form of a check or money order made payable to "Division of Fish, Game and Wildlife" must accompany the completed application form.

7. Successful applicants will receive their permit by mail.

8. Nothing herein contained shall preclude the Division from issuing unfilled or unclaimed permits on a first-come, first-served basis to any properly licensed hunter or qualified farmer after the permit selection process.

(i) Farmer Bow Permit Season Permits shall be applied for as follows:

1. Only the owner or lessee of a farm, who resides thereon, or the immediate members of his family 10 years of age or older who also reside thereon, may apply on forms provided for a farmer bow permit season permit. Under this section a farm is an area of five acres or more and producing a gross income in excess of \$500.00 and is tax assessed as farmland. Farmer bow permit season permits will be issued only in those deer management zones where a bow permit season is prescribed.

2. Application forms may be obtained from:

- i. County Agricultural Agent;
- ii. Division of Fish, Game and Wildlife, PO Box 400, Trenton, NJ 08625-0400; and
- iii. Conservation Officers.
- iv. Division field offices.

3. The application form shall be filled in to include: name, age, size of farm, address, social security number, and any other information requested thereon. Properly completed application forms will be accepted in the Trenton office during the period of June 1 to September 10. There is no fee required, and all qualified applicants will receive a farmer shotgun permit season permit, delivered by mail.

4. Only one farmer application may be submitted per individual. Application for a farmer bow permit season permit shall not preclude an individual from applying for either the farmer muzzleloader rifle or shotgun permit seasons permits, or from applying for one regular bow permit season permit as a bow hunting license applicant. Application for more than the allowable number of permits during the initial application period will cause all applications by the individual to be void.

(j) Bow and Farmer Bow Permit Season Permits shall be used as follows:

1. The bow permit season permit is valid only in the deer management zone (DMZ) designated and is not transferable. The farmer bow permit season permit is valid only on the farm occupied and designated in the application and is not transferable. The DMZ quota follows below at (k). The DMZ map is on file at the Office of Administrative Law. The bow and arrow permit season permit hunter is responsible for hunting in the correct DMZ or farm as indicated and in ascertaining the boundaries.

2. Neither the bow permit season permit nor the farmer bow permit season permit is transferable from DMZ to

DMZ, or from farm to farm, or from individual to individual. The permit must be used on the farm, in the DMZ, and by the individual to whom it was issued.

(k) The Deer Management Zone Map is on file at the Office of Administrative Law and is available from that agency or the Division. The 1999 Bow Permit Season Quotas are as follows:

7:25-5.31 White-tailed deer permit shotgun season and permit muzzleloader season, Great Swamp National Wildlife Refuge (Zone 38)

(a) This section applies only to the Great Swamp National Wildlife Refuge. (Zone 38).

(b) Nothing in this section shall affect the validity or operation of any other section of this Code.

(c) Duration of the Great Swamp Permit Shotgun Season and Permit Muzzleloader Season shall be from ½ hour before sunrise to ½ hour after sunset on the following dates: November 30, and December 1, 2, and 3, 1999 (concurrent)

or as may otherwise be designated by the U.S. Fish and Wildlife Service. If the anticipated harvest of deer has not been accomplished during the season, one or more of the following days of shotgun permit deer hunting may be authorized by the Director: January 11, 12, 13 and 14, 2000. Such authorization and date thereof would be announced by press and radio.

(d) Bag limit: One antlered and an unlimited number of antlerless deer may be taken with a Great Swamp Permit Shotgun Season Permit or a Great Swamp Permit Muzzleloader Season Permit; however, an antlerless deer must be taken before an antlered deer. Two deer may be taken at a time per permit. All tagging and registration regulations apply.

(e) Great Swamp permit shotgun season permits and permit muzzleloader season permits are valid only in designated portions of the Great Swamp National Wildlife Refuge and are not transferable.

(f) Method: The taking of the designated bag limit of deer with a Great Swamp (Zone 38) permit shotgun season permit or permit muzzleloader season permit will be permitted in designated areas of the Great Swamp National Wildlife Refuge. A total of 450 Great Swamp, shotgun permit season permits and 50 muzzleloader permit season permits will be issued. Daily hunter quotas, hunt procedures and hunting methods in this area shall be provided by the U.S. Fish and Wildlife Service.

(g) Procedures for applying for a Great Swamp permit shotgun season permit and a permit muzzleloader season permit will be the same as outlined in N.J.A.C. 7:25-5.28 and 5.29. Applicants for the Great Swamp Permit Shotgun Season Permit and Permit Muzzleloader Season Permit must indicate Zone 38 on the application in the space reserved for deer management zone number.

(h) All hunters shall comply with the instructions of State conservation officers, State deputy conservation officers, other Division personnel and instructions of U.S. Fish and Wildlife Service personnel.

(i) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 23:10-5, 25:4-42, 23:4-43, 23:4-47, 23:4-48, 13:1B-30 et seq. and other applicable statutes.

7:25-5.32 Special wildlife management permits

(a) Special permits, known as special wildlife management permits, may be issued by the Director, in his or her discretion for the taking of any game species by any lawful manner and means and at any time subject to the requirements of this section. Such permits shall be valid for the times, conditions and areas or installations indicated thereon and need not conform to the provisions applicable to general permits.

(b) In granting this special wildlife management permit the Director shall consider any data available to him including, but not limited to, damage being done to crops or property, the biological condition of the animal or any other special management problem.

(c) Issuance of additional permit shotgun and muzzleloader season deer permits for specific farms within over-subscribed deer management zones shall be based on the following criteria:

1. The farm must include an area of 10 acres or more, produce a gross income in excess of \$500.00, be assessed as farm land and have a documented history of deer damage;
2. The permit shall only be valid for the specific farm applied for and shall not be transferable; and
3. Site specific permits shall be issued for use only on farms with a history of deer damage. Site specific shotgun permits will only be issued if the regular permits are sold out. Site specific muzzleloader permits will only be issued if the regular quota of muzzleloader permits is sold out. There will be no limit on the number of site specific permits that can be issued. The permits shall be for antlerless deer only.

(d) Subject to the requirements of the subsection, the Director may, in his or her discretion issue Special Deer Management Permits to administer alternative deer control methods.

1. Prior to issuance of Special Deer Management Permits a written Memorandum of Understanding shall be entered into for the lands of concern by a local cooperator, the Division and the Council. All Special Deer Management Permits issued for this purpose shall require compliance with all applicable regulations and all conditions and restrictions outlined in the Memorandum of Understanding.

2. As used in this section, except as otherwise noted:

“Agent” means a volunteer(s) or paid individual(s) listed by the cooperator on their Special Deer Management Permit to employ alternative deer control methods. Agents are restricted to weapons and/or ammunition as specified in the Game Code at N.J.A.C. 7:25-5.23 and 5.24.

“Alternative deer control methods” means those techniques other than traditional hunting employed to reduce deer populations, which techniques may include, but not be limited to, shooting by agents, capture and euthanize, capture and remove, the use of materials and methods to limit reproduction and controlled hunting.

“Biological Carrying Capacity” means the maximum number of deer that a given land area can support in good health over an extended period of time.

“Controlled hunting” means an alternative deer control method involving the pursuit of deer during a modified season which is usually more restrictive than traditional hunting in terms of hunter density, methods of take, size of huntable area, etc., than deer hunting elsewhere as approved by the Council.

“Cooperator” means the local authority(ies), including municipal or county governing bodies, or a combination thereof, and/or instrumentalities thereof that have secured the approval of their applicable governing body(ies), cooperating in the administration of a community based deer management plan.

“Coordinator” means the Division of Fish, Game and Wildlife employee(s) designated by the Director as the Division’s official representative who, with the local authority(ies), will develop, adopt and monitor the administration of the Memorandum of Understanding.

“Council” means the Fish and Game Council which is an 11-member body which has legislative authority to determine seasons, bag limits, and manners and means of take for game species, and establishes policy regarding these matters.

“Cultural Carrying Capacity” means the number of deer that can co-exist compatibly with the local human population in a given land area.

“Deer” means white-tailed deer (*Odocoileus virginianus*).

“Director” means the Director of the Division of Fish, Game and Wildlife.

“Division” means the New Jersey Department of Environmental Protection, Division of Fish, Game and Wildlife.

“Huntable” means those sites on which, due to their size, location and available habitat, traditional or controlled deer hunting seasons can be conducted.

“Memorandum of Understanding” or “MOU” means the written cooperative deer management agreement entered into and executed by the cooperator, the Council and the Division to employ alternative deer control methods.

“Traditional Hunting” means the pursuit of deer by licensed hunters during annual prescribed open seasons as approved by the Council and provided by the game code (firearm and bow) without additional restrictions.

3. Issuance of Special Deer Management Permits shall be based on all applicable regulations and the criteria as set forth in the Memorandum of Understanding.

i. Following inspection and verification of the need for deer control by the Division, management options shall be reviewed with the Cooperator and a MOU may be entered into and signed by the Council, the Division and the Cooperator.

ii. Among other preconditions to the issuance of Special Deer Management Permits, the MOU shall, at a minimum, require that the Cooperator implement the following measures: discouragement of deer feeding, support of traditional hunting where practicable, reasonable efforts to utilize deer killed by non-traditional means, including a plan by the Cooperator to use its best efforts to ensure donation of venison to the needy.

iii. The MOU will identify specific cooperator and Division responsibilities in implementation of one or more alternative deer control methods.

iv. All costs associated with the application of alternative deer control options, including, but not limited to, those associated with the processing of venison, shall be borne by the Cooperator.

v. Fertility control methodologies, including contraception, contragestation and sterilization materials and procedures, may be used by the cooperator and/or its agents who have been issued the Special Permit to Inhibit Wildlife Reproduction issued by the Division at N.J.A.C. 7:25-5.37. Approval for such efforts shall be restricted to bona fide researchers, following review and approval of a study plan by the Division and the Department of Animal Science, Cook College-Rutgers University. Any experimental use of chemicals and vaccines to inhibit wildlife reproduction on free-ranging deer populations shall be restricted to those individuals granted an Investigational Exemption for a New Animal Drug (INAD) by the U.S. Food and Drug Administration and the Special Permit to Inhibit Wildlife Reproduction, for use of those specific substances at specified locations.

vi. Failure to comply with any of the provisions or requirements as contained in the Special Deer Management Permit and the MOU or any applicable law may

be cause for revocation of the permit or denial of subsequent permits.

(d) Authority: The authority for the adoption of the foregoing section is found in N.J.S.A. 13:1B-27 et seq., 13:1B-30, 23:4-1 et seq., 23:4-42, 23:4-43, 23:4-44, 23:4-45, 23:4-47, 23:4-52, 23:4-63.3 and other applicable statutes.

7:25-5.35 Special wildlife salvage permit

(a) Special permits known as scientific salvage permits may be issued by the Director for the salvage and possession of accidentally killed or naturally dead wildlife other than migratory birds and nongame birds and endangered wildlife species that are named on the State of New Jersey and the federal lists of each endangered species.

(b) The special permits may be issued to properly accredited persons associated with educational or scientific institutions for strictly educational or scientific purposes only.

(c) The scientific salvage permit issuance fee shall be \$7.00 to defray expenses attending granting the permit and the permit shall be valid for one year only, from the date of its issuance and shall not be transferrable.

(d) Upon proof that a holder of the special salvage permit has killed, injured, destroyed or attempted to kill, injure or destroy with any weapon, trap, snare or other device of any kind any wild animal, except as provided by N.J.S.A. Title 23 or the proper Game Code, or has in possession any species of wildlife other than those named in this permit or other wildlife possession permit, the special permit shall become void and the permit holder shall be subject to the penalties provided by law.

(e) Authority: N.J.S.A. 13:1B-30, 23:4-50, 23:4-1, 23:4-12, 23:2A-1 et seq., and other applicable statutes.

7:25-5.36 White-tailed deer (*Odocoileus virginianus*) special biological permit

(a) Notwithstanding any other provision in this Code, Division personnel may issue a second permit to a hunter who presents a lawfully taken deer found unfit for human consumption.

(b) Authority: N.J.S.A. 13:1B-29 et seq. and N.J.A.C. 7:25-5.26.

7:25-5.37 Special permit to inhibit wildlife reproduction

(a) No person shall administer or otherwise employ the use of fertility control materials and/or methodologies including, but not limited to, those which result in contraception, contragestation and/or sterilization to any species of free-ranging wildlife without first procuring a permit from the Division under this section. No person shall employ any physical alteration or device that would alter the reproduction potential of any free ranging wildlife species without first procuring a permit from the Division. The possession of such unauthorized materials or devices in the field shall be considered the attempt to take wildlife contrary to the provisions of the code. Prior to submission of an application, applicants must first obtain any necessary Federal permits. Each permit applicant must provide a written proposal describing the fertility control procedure, the credentials of the person(s) who will administer the fertility control procedure, the purpose or intent of the procedure and an assessment of environmental impacts. The Division in cooperation with the Department of Animal Science, Cook College-Rutgers University and other scientists who may be selected by the Division will review each application and determine whether or not a permit is granted based on the overall justification and need for conducting such procedures, the qualifications of the person(s) administering the procedure and the anticipated environmental impacts affecting both wildlife and humans.

(b) The authority for the adoption of the foregoing subsection is found in N.J.S.A. 13:1B-30, 23:4-1, 23:4-11, 23:4-42, 24:4-488, and other applicable statutes.
