

Celeste

Marjorie

1) How has your life changed since March as a result of the COVID-19 pandemic?

It's a whole new life! I have had job changes and family changes and schedule changes. I was unemployed for a while.

2) What was the hardest/biggest challenge for you or your family during/amidst COVID-19?

The biggest challenge was the kids being home so long and being away from school and their friends. They still are missing their friends every day from school and from preschool. My 3 year old tells me all the time. Also the masks are a big challenge.

3) How did the Club provide support to you during COVID? What was the impact of this support.

Helping Marjorie with going to school online has been the biggest support.

4) Who were your allies? Who were you able to lean on?

The Club was very helpful. I have gotten food from here a number of times. Early Head Start was an ally for my 3 year old.

5) What were your greatest sources of strength? Where/when did you feel less strong?
Myself! Me! And God, I guess!

6) What were your greatest disappointments as a result of the pandemic?

Staying in the house was disappointing for me and for my kids.

7) What surprised you about the pandemic?

The biggest surprise was how quick it went- how it seemed to just go bad overnight.

8) What are your greatest fears moving forward?

How bad will round 2 be? What is going to happen to us next and how will life be from now on?

9) If there was one thing that the Club could help you with moving forward what would that be?

I can't think of anything.

10) Is there anything else you would like to share that was not asked?

No, thank you!
