

# **PETROLEUM UNDERGROUND STORAGE TANK REMEDICATION, UPGRADE AND CLOSURE FUND**

## **2009 Annual Report**

The New Jersey Economic Development Authority (the "EDA") and the New Jersey Department of Environmental Protection (the "DEP") are pleased to report the results of activities for calendar year 2009 under the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Fund (the "Fund") of the Underground Storage Tank Finance Act in accordance with P.L. 1997, c. 235. In addition to these activities, a brief history of the Fund and a summary of previous years are included.

### **Overall Fund Activity**

Since the program's inception in 1997, \$200.1 million has been appropriated to the Fund. In addition, the Fund received \$2.8 million in funding transferred from the Bureau of Underground Storage Tanks (BUST) as well as a total of over \$65.1 million from grant and loan repayments, interest income and fees, bringing the total amount of funding provided to the Fund to over \$268 million.

As of December 31, 2009 and including the leaking tank recommendations for funding made by DEP, EDA closed a total of 9,657 projects totaling over \$151 million to provide assistance to businesses, private individuals and municipal and county governmental entities.

Total disbursements from the Fund since the program's inception are nearly \$23 million in loans and nearly \$101 million in grants, for a total of nearly \$124 million in disbursements. *(Note: These figures do not reflect funding obligated through closings, or un-disbursed portions of closed projects.)*

### **2009 Fund Activity**

In 2009, EDA closed 3,553 projects totaling nearly \$26.8 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additionally, in 2009, EDA approved 3,533 loans and grants totaling nearly \$27 million. During this time period, the EDA disbursed nearly \$23 million in grants and loans.\*

The Fund did not receive an appropriation in 2009. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in July 2009. During this period, the Fund received a total of over \$5.7 million from loan and grant repayments, interest income and financing fees. In 2009, the EDA incurred over \$2.7 million in costs associated with administering the Fund.

Below is a chart that summarizes the categories of outstanding commitments as of December 31, 2009.

<b>Petroleum Underground Storage Tank Outstanding Commitments as of 12/31/09</b>		
<b>Type</b>	<b>Projects</b>	<b>Amount</b>
<b>County</b>	0	0
<b>Municipality</b>	0	0
<b>Business</b>	6	\$362,801
<b>Residential</b>	156	\$1,723,357
<b>Total</b>	<b>162</b>	<b>\$2,086,158</b>

### **Non-leaking Residential Oil Tanks**

During 2009, the EDA approved 2,500 of these applications awarding nearly \$6.3 million, closed 2,497 totaling nearly \$6.3 million and disbursed 2,402 totaling over \$6 million.

### **Assessment of Current Funding Levels to Meet Statutory Objectives**

For the current year, through March 31, 2010, the EDA has approved over \$6 million in financial assistance for 700 projects. Also, as of March 31, 2010 and including new approvals in 2010 that have yet to close, the EDA now has outstanding commitments totaling approximately \$450,000 for 3 projects. Also in process, as of December 31, 2009, there were 126 leaking tank applications totaling over \$4.3 million that were pending EDA approval along with 122 non-leaking tank applications pending approval totaling nearly \$330,000. As of December 31, 2009 there were 423 applications totaling over \$10.5 million pending DEP approval, bringing the total amount of projects awaiting funding to approximately \$14.8 million.

As of March 31, 2010, the net balance of the Fund is almost \$33 million. *(This figure takes into account outstanding commitments for grants and loans that have been approved, as well as undisbursed portions of closed loans and grants. In addition, it should be noted that a legislatively mandated re-appropriation of \$1 million of UST funds will be made to DEP for administration during 2010.)*

*\* Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*

### **Recommendations**

The Fund has not received a State appropriation since FY2007 (although a legislatively mandated re-appropriation of \$1 million was made to the DEP for administrative costs in June 2009). Additionally, \$10 million of the Fund's accumulated interest income was transferred to the InvestNJ Grant Program per P.L. 2009, c. 74.

At this time - as of March 31, 2010, the Fund has a cash balance of just under \$33 million, which represents the actual cash in the bank, less any commitments, that is available to provide assistance. The cash balance includes all increases to the fund over its life (e.g. bank interest, loan and grant repayments, fee income, appropriations) as well as all decreases (e.g. administrative and program costs, loan and grant disbursements).

The appropriations balance, which is the amount of appropriations received over the life of the fund less disbursed loans and grants and less the legislative transfers of funds is - as of March 31, 2010 - just over \$26 million.

Since 2007, the UST Fund has not received a State appropriation, with 100% of dedicated funds being Constitutionally directed to HDSRF. As such, the appropriations balance in the UST fund is nearing the \$20 million Constitutional trigger - as per Article VIII, Section II, paragraph 6, which requires a change in the percentage of appropriations made to the HDSRF from 100% to 45%.

Article VIII, Section II, paragraph 6 reads, in pertinent part, as follows:

\*\*\*

**Commencing January 1, 2007 and ending December 31, 2021, the moneys dedicated pursuant to this subparagraph (b) shall be appropriated for funding the costs of the remediation of discharges of hazardous substances, which costs may include costs incurred for providing alternative sources of public or private water supplies, when a water supply has been, or is suspected of being, contaminated by a hazardous substance discharge; but if in any fiscal year during that time the amount previously dedicated and appropriated for funding loans or grants for the upgrade, replacement, or closure of underground storage tanks that store or were used to store hazardous substances, and for the costs of remediating any discharge therefrom, and available for that purpose but not expended, is less than \$20,000,000, then in the following fiscal year, fifty-five percent of the monies dedicated pursuant to this subparagraph (b) shall be appropriated for funding loans or grants for underground storage tanks and only forty-five percent of the monies dedicated pursuant to this subparagraph (b) shall be appropriated for funding the costs of the remediation of discharges of hazardous substances, which costs may include costs incurred for providing alternative sources of public or private water supplies, when a water supply has been, or is suspected of being, contaminated by a hazardous substance discharge.**

\*\*\*

Should this trigger of funds occur in the next fiscal year (FY2011), then such timing will result in the UST Fund being deprived of an appropriation until the following fiscal year.

Therefore, it is recommended that the Legislature consider measures reinstating appropriations to the UST Fund to preserve its viability and to avoid the sharp drop in dedicated HDSRF resources that will occur as a result of the Constitutional trigger.

## **Conclusion**

Attached are three appendices, including the Fund History (Exhibit A), a chart, which provides a list of projects that closed in 2009, (Exhibit B) and a chart, which provides a listing of outstanding commitments that had not yet closed as of 12/31/2009, (Exhibit C). ### **Fund History**

#### **1997 Fund Activity Summary**

1997 was the first year for the Fund. Following the late summer enactment of P.L. 1997, c.235, the DEP and EDA worked together to develop appropriate regulations. These regulations were proposed in December 1997 and adopted in February 1998. During 1997, the Fund received a \$9.9 million legislative appropriation, which supplemented the \$2.8 million in existing cash and payments transferred from the BUST program to the EDA. The Fund also received \$286,000 in loan/grant repayments and interest income in 1997. There were no loans or grants provided in 1997 from the Fund.

#### **1998 Fund Activity Summary**

During 1998, the Fund received two appropriations totaling \$20.7 million. An additional appropriation of \$19.1 million was made in 1998 for utilization in 1999.

In 1998, EDA closed 45 projects totaling \$3.7 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1998, EDA approved 54 loans and grants totaling nearly \$10.4 million. During this time period, the EDA disbursed \$907,000 in loans and grants.\*

#### **1999 Fund Activity Summary**

During 1999, the Fund received an appropriation totaling \$21.44 million, in addition to the \$19.1 million appropriated in the previous year for use in 1999, bringing the total appropriation to \$40.5 million.

In 1999, EDA closed 215 projects totaling \$21.9 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks.

In 1999, EDA approved 213 loans and grants totaling nearly \$27.2 million. During this time period, the EDA disbursed \$3.9 million in loans and \$8.2 million in grants for total of \$12.1 million in disbursements.\*

#### **2000 Fund Activity Summary**

In 2000, EDA closed 212 projects totaling \$20.6 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 33 projects totaling \$10.37 million in outstanding commitments from previous years, as well as new approved projects in 2000.

In 2000, EDA approved 199 loans and grants totaling \$13.3 million. During this time period, the EDA disbursed \$10.8 million in loans and \$10 million in grants, for a total of \$20.8 million in disbursements.

The Fund received an appropriation in 2000 totaling approximately \$21.12 million. Also during this period, the Fund received a total of \$5.2 million from loan repayments, interest income and financing fees. In 2000, the EDA incurred \$828,514 in fees and expenses associated with administering the Fund. \*

### **2001 Fund Activity Summary**

In 2001, EDA closed 185 projects totaling nearly \$13 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. These projects include 29 projects totaling \$5.34 million in outstanding commitments from previous years as well as new approved projects in 2001.

In 2001, EDA approved 177 loans and grants totaling \$9.8 million. During this time, the EDA disbursed nearly \$4.9 million in loans and \$7.95 in grants, for a total of \$12.85 million in disbursements.

The Fund received an appropriation in 2001 totaling approximately \$20.76 million. Also during this period, the Fund received a total of \$5.4 million from loan repayments, interest income and financing fees. In 2001, the EDA incurred \$899,138 in fees and expenses associated with administering the Fund. \*

### **2002 Fund Activity Summary**

In 2002, EDA closed 18 projects totaling over \$1.2 million providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2002.

In 2002, EDA approved 173 loans and grants totaling over \$7.6 million. During this time period, the EDA disbursed over \$2.1 million in loans and \$4.9 million in grants, for a total of \$7 million in disbursements.

The Fund received an appropriation in 2002 for utilization for FY2003 totaling approximately \$18.6 million. Also during this period, the Fund received a total of just over \$5.4 million from loan and grant repayments, interest income and financing fees. In 2002, the EDA incurred \$631,309 in fees and expenses associated with administering the Fund. \*

### **2003 Fund Activity**

In 2003, EDA closed 229 projects totaling nearly \$9 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 10 projects totaling nearly \$600,000 in outstanding commitments from previous years, as well as new approved projects in 2003.

In 2003, EDA approved 110 loans and grants totaling nearly \$4 million. During this time period, the EDA disbursed over \$192,555 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. \*

### **2004 Fund Activity Summary**

In 2004 EDA closed 110 projects totaling over \$3.5 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. This activity includes 2 projects totaling over \$200,000 in outstanding commitments from previous years, as well as new approved projects in 2004.

In 2004 EDA approved 100 loans and grants totaling nearly \$3.4 million. During this time period, the EDA disbursed nearly \$200,000 in loans and nearly \$4 million in grants, for a total of nearly \$4.2 million in disbursements. \*

The Fund received an appropriation in 2004 for utilization for FY2004 totaling approximately \$37.77 million. Also during this period, the Fund received a total of just over \$5.8 million from loan and grant repayments, interest income and financing fees. In 2004, the EDA incurred \$630,841.01 in fees and expenses associated with administering the Fund.

### **2005 Fund Activity Summary**

In 2005, EDA closed 132 projects totaling over \$7 million, providing assistance to businesses, private individuals, and municipal and county governmental entities for the remediation of underground storage tanks. Additional activity includes 2 projects totaling over \$300,000 in outstanding commitments from previous years, as well as new approved projects in 2005.

In 2005, EDA approved 136 loans and grants totaling over \$7.1 million. During this time period, the EDA disbursed over \$46,000 in loans and nearly \$5.2 million in grants, for a total of \$5.25 million in disbursements. \*

The Fund received an appropriation in 2005 for utilization for FY2005 totaling approximately \$21.32 million. Also during this period, the Fund received a total of just under \$5.8 million from loan and grant repayments, interest income and financing fees. In 2005, the EDA incurred \$2,119,320 in fees and expenses associated with administering the Fund.

### **2006 Fund Activity Summary**

In 2006, EDA closed 227 projects totaling over \$5.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks.

Additional activity includes 12 projects totaling over \$345,000 in outstanding commitments from previous years, as well as new approved projects in 2006.

In 2006, EDA approved 222 loans and grants totaling over \$5 million. During this time period, the EDA disbursed nearly \$5.5 million in grants, for a total of over \$5.56 million in disbursements.\*

The Fund received an appropriation in 2006 totaling approximately \$1.86 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Diesel Risk and administration. Additionally, during this period, the Fund received a total of just under \$7.04 million from loan and grant repayments, interest income and financing fees. In 2006, the EDA incurred \$3,838,980 in fees and expenses associated with administering the Fund.

### **2007 Fund Activity Summary**

In 2007, EDA closed 1,447 projects totaling over \$10.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 4 projects totaling nearly \$840,000 in outstanding commitments from previous years, as well as new approved projects in 2007.

In 2007, EDA approved 1,500 loans and grants totaling nearly \$10.7 million. During this time period, the EDA disbursed nearly \$8.5 million in grants, for a total of nearly \$8.6 million in disbursements. \*

The Fund received an appropriation in 2007 totaling approximately \$7.5 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Recreational Land Development and Conservation. Additionally, during this period, the Fund received a total of over \$7.5 million from loan and grant repayments, interest income and financing fees. In 2007, the EDA incurred \$2,460,229 in costs associated with administering the Fund.

### **2008 Fund Activity Summary**

In 2008, EDA closed 3,081 projects totaling over \$23 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks.

In 2008, EDA approved 3,112 loans and grants totaling nearly \$24 million. During this time period, the EDA disbursed nearly \$20 million in grants and loans.\*

The Fund did not receive an appropriation in 2008. A legislatively mandated re-appropriation of \$1 million to DEP for administrative costs was made from the Fund in August 2008. During this period, the Fund received a total of over \$6.6 million from loan and grant repayments, interest income and financing fees. In 2008, the EDA incurred \$2,814,093 in costs associated with administering the Fund.

*\* Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*
