Ready To Serve ★ Proud To Have Served

Commissioner's Corner

Col. Yvonne L. Mays, Acting Adjutant General of New Jersey and Commissioner of the New Jersey Department of Military and Veterans Affairs, along with New Jersey Department of Military and Veterans Affairs directors met with leaders from New Jersey's veteran service organizations at the National Guard Training Center in Sea Girt, NJ on October 6, 2024.

DMAVA Welcomes Additional Oversight

On October 2, 2024, the U.S. Department of Justice and the State of New Jersey jointly filed a consent decree in the United States District Court, District of New Jersey. As part of this agreement, a third-party federal monitor will be appointed to the Veterans Memorial Homes at Menlo Park and Paramus, two long-term care facilities operated by the New Jersey Department of Military and Veterans Affairs (DMAVA). The operations of the Vineland Veterans Memorial Home are not impacted.

This agreement is the result of months of constructive conversations with the Department of Justice on how best to care for the Veterans, Veteran Spouses, and Gold Star Families who call our facilities home.

Here's where we are today: the Veterans Memorial Homes at Menlo Park and Paramus have made significant progress that has been confirmed by repeated, independent inspections conducted by the New Jersey Department of Health and the U.S. Department of Veterans Affairs.

Menlo Park received no clinical deficiencies in two no-notice facility wide surveys conducted by the New Jersey Department of Health from July 8-16, 2024 and the U.S. Department of Veterans Affairs from July 16-19, 2024. These separate surveys were comprehensive and encompassed everything from the home's infection control and clinical care, to kitchen operations, human resources, emergency management, and housekeeping.

Moreover, on September 5, 2024, the Menlo Park team of healthcare heroes achieved zero deficiencies in a no-notice focused infection control survey, or inspection, conducted by the New Jersey Department of Health on behalf of the U.S. Centers for Medicare and Medicaid Services. On September 10, 2024, in a separate no-notice infection control survey, the Paramus team also achieved zero deficiencies.

These no-notice infection control surveys consisted of inspections that assessed the homes' procedures related to infection control regulations, including staff handwashing, donning and doffing of personal protective equipment, and continuing education records. Additionally, inspectors reviewed kitchen and sanitizing operations, contact tracing, cohorting, isolation, and quarantine protocols.

We can always do better. Please know that I am confident in our leadership, our teams, and the level of care that we are providing. In the days ahead, we will continue our important work and we welcome this partnership with a federal monitor.

We are incredibly grateful to the residents, staff, and volunteers who make Menlo Park and Paramus - as well as Vineland - safe, vibrant, and welcoming communities. We are committed to not only meeting rigorous standards but exceeding them.

As always, thank you for staying connected to DMAVA.

We invite you to share ideas, events and feedback. Please email our team at outreach@dmava.nj.gov.

VA New Jersey Healthcare System Opening Toms River Clinic

Dear Veterans, Families, Caregivers, and Stakeholders,

The VA New Jersey Healthcare System is proud to announce the grand opening of our brand-new Toms River Clinic at 1051 Hooper Avenue, Toms River, on Tuesday, October 22, 2024. On this day, we will welcome Veterans to our new state-of-the-art facility, officially marking Patient Day One.

As part of this transition, the Brick Clinic will permanently close its doors on Monday, October 21, 2024. All appointments scheduled after October 21 will automatically be transferred to the Toms River Clinic. Veterans will receive new appointment cards with updated information indicating their new location at the Toms River facility.

“The opening of the Toms River Clinic marks a significant milestone in our mission to provide world-class healthcare to our Veterans in Ocean County and beyond. This new facility allows us to expand access to care, improve services and better meet the needs of our Veteran community. We are excited to welcome them to this state-of-the-art clinic”, said Patricia O’Kane, Executive Medical Center Director.

We are also preparing for the clinic’s official Ribbon Cutting Ceremony, which will take place in November. The exact date of the event will be announced shortly.

This new addition to the VA New Jersey Healthcare System reflects our ongoing commitment to delivering enhanced healthcare services to Veterans across Ocean County and surrounding areas. We look forward to welcoming our Veterans and ensuring they receive the highest level of care in this expanded, modern facility.

Thank you for your continued support, and we look forward to serving you at the Toms River Clinic!

Ridgewood unveils monument for Gold Star Families

Tom Krosnowski | News12 | September 29, 2024

The last Sunday of September is recognized nationally as Gold Star Mother's and Family's Day.

It's a day to honor the families who have lost a loved one while serving our country. American Legion Post 53 in Ridgewood calls Gold Star families "the unseen part of Memorial Day."

Their new monument unveiled on Sunday is just the second in New Jersey to honor the sacrifices of military families.

"They put our country's security above their own," said Gold Star survivor Maria Bombace. "These families put their chins up and their shoulders back no matter what the country asked them. We still need to honor the families. We need to break the silence."

An Iraq War veteran struggling with PTSD now has some much-needed help from a four-legged friend.

“Been to war twice, came back. Everything was kind of normal until it wasn’t,” said Anthony Dellaratto.

It’s been 20 years since Dellaratto saw combat in the Iraqi desert.

“You hear a fire whistle and you cringe. You hear an explosion and duck,” he said.

Along came Clementine, a 1-year-old pit mix, picked up by the Bergen County Animal Shelter as a stray.

History

Sergeant John Basilone

October 15, 1845

October 19, 1864

Ellis Hamilton was born in Philadelphia. Hamilton moved to Camden, New Jersey, with his family at the age of four. Commissioned a second lieutenant in Company E, Fifteenth New Jersey regiment, in 1862, at the age of sixteen, he was the youngest New Jersey officer and perhaps the youngest officer in the Union army. Hamilton was promoted to first lieutenant and captain before being mortally wounded at the Battle of the Wilderness on May 6, 1864. He died at a Washington hospital on May 16 and was buried in Trenton. His letters survive in Rutgers University's Alexander Library in New Brunswick.

October 18, 1753

Joseph Bloomfield was born in Woodbridge. Bloomfield studied law, was admitted to the bar in 1775 and established a practice in Bridgeton. With the outset of the Revolutionary War, he was commissioned a captain in the Third New Jersey Battalion. Bloomfield fought at Brandywine, where he was wounded, and Monmouth, rising to the rank of major, and was appointed judge advocate of the Northern Army before resigning to take a seat in the New Jersey Assembly. He served as governor in all but one year between 1801 and 1812, during which he engineered the

First Lieutenant William Burroughs Ross, Company B, 14th New Jersey Volunteers, killed in action near Middletown, Virginia, October 19, 1864. A cheerful, friendly man with a great love of music, William Burroughs Ross enlisted as a private in the 14th New Jersey Volunteers in the summer of 1862. He brought his guitar with him when he went to war and quickly became one of the most popular men in the regiment. His skills led to promotion to sergeant-major and, later to 1st lieutenant of the 14th's Company B. At the Battle of Cedar Creek, Virginia, October 19, 1864, he was shot and killed. He was buried in Trenton, NJ. His wartime correspondence and his beloved guitar can be found at the Monmouth County Historical Association, Freehold, NJ.

October 22, 1777

During the Revolutionary War, Continental Army soldiers were stationed at Fort Mercer on the Delaware River to keep the British and their Hessian mercenary allies from resupplying troops in nearby Philadelphia. On Oct. 22, 1777, the Army repelled a major assault by Hessian forces. Little-known today, the Battle of Red Bank was brief and ferocious, marking one of the worst defeats the Hessians suffered in the war.

October 24, 1942

state's Gradual Abolition Act, resigning to return to the service as a general in the War of 1812. One of New Jersey's most notable soldiers and governors, Bloomfield died on October 3, 1823 in Burlington.

US Marine Corps Sergeant John Basilone of Raritan, commanding a machine gun section defending Henderson Field on Guadalcanal, held off an attack by Japanese soldiers, fighting for three days and nights without sleep, and ending the battle firing at them with his .45 caliber automatic pistol.
