WILLIAM F. HYLAND, Attorney General

NEW JERSEY STATE LIBRARY **VES 1974 PLAN**

PROPERTY OF

Prevention **Units Form Association**

185 W. State Street \$18,668,000 Awarded Trenton, N. J.

Increased lighting, hotlines, neighborhood meetings, Operation Identification, Project Aware, Operation Good Neighbor and speakers bureaus are all components of Crime Prevention Units, (CPU's) designed to reduce the incidence of crime in designated areas.

By focusing in on a target area in a community, police departments can develop programs using some of the concepts above and additional ideas to create an atmosphere that is not conducive to crime.

For example, Operation Good Neighbor involves the recruitment of one citizen in each block of a target area to observe activity on the block and report back to the CPU. Resident hotlines have also been effective tools for citizens to report crimes or suspicious activities to the Unit while remaining anonymous. In order to bring safety practices to the people of the target area, a speakers bureau can be organized to recruit qualified persons to assist community groups upon

Plainfield and Trenton have implemented CPU's with grants from the State Law Enforcement Planning Agency and their programs have become valuable assets to their respective communities. Much interest in the CPU concept has recently been generated by other communities interested in implementing a similar

Representatives from the police departments of Plainfield, Trenton, South Plainfield and Elizabeth recently met to discuss and exchange information on the success of the CPU program. All four have shown interest in forming a State Crime Prevention Unit Association for members to exchange ideas, equipment and

(Continued on page 2)

The State Law Enforcement Planning Agency's 1974 Criminal Justice Plan for New Jersey was approved by the Law Enforcement Assistance Administration on February 11 and a block grant of \$18,668,000 in funds for Fiscal 1974 was awarded.

SLEPA is receiving the same dollar amount in program monies as awarded last year in addition to which, the LEAA guidelines have changed the match from 75% Agency funds — 25% local match to 90% Agency funds — 10% local hard cash match. In effect, this actually decreases the amount of money available for programs in the 1974 Plan.

Applications Accepted

The approved Plan which is presently being distributed, calls for an expenditure of \$16,703,000 in Part C funds and \$1,965,000 in Part E funds. Applications for projects outlined in the Plan are being accepted by the Agency and interested applicants should follow the instructions in the 1974 Applicants Guide, now available.

Changes Noted

Several substantive changes appear in the 1974 Plan worth noting. The following programs outlined in the 1973 Plan have been eliminated this year: (1-1) Retraining of Criminal Justice Personnel in the New Penal Code; (5-4) Specialized Equipment for Local Police and County Law Enforcement Agencies to Improve Detection, Apprehension and Conviction of Criminals; and (5-6) Uniform Internal Municipal Police Records.

In addition, several other program areas have been modified, expanded or combined with others. The following programs appear in a different form in this year's Plan: (6-3) Diversion of Alcoholic Offenders has been expanded to include the diversion of alcoholic offenders and drug dependent individuals for formal court diversion under N. J. Rule 3:28; (7-2) has been expanded from simply Diagnostic Services Available to the Juvenile Court to Juvenile Probation Intake Screening which includes diagnostic services as an element of a total referral system utilizing community resources (7-3) Improvement of Probation Services and (7-10) Development of a Statewide System for Pre-trial Release have been combined into (7-5) Improvement of Probation Services; (8-3) Improvement of Direct Treatment Services in State Correctional Institutions and (8-7) Treatment of Drug Dependent Inmates have been combined into (8-6) Treatment of Special Offender Types in State Correctional Institutions.

Those interested in obtaining a copy of the Guide or Plan who have not yet received one, should contact

FORM REVISION

SLEPA Form 107 Detailed Cost Statement-Cash Report/Cash Request appears in the 1974 Applicants Guide in revised form. This form is to be used only when reporting on 1974 monies. All those requesting 1972 or 1973 monies are to use SLEPA Form 107 as it appears in the 1973 Guide. When requesting additional blanks from the Agency, indicate the funding year.

PROFILE

of

New Governing Board Chairman

WILLIAM F. HYLAND

Attorney General

A talented musician, the father of six children, an attorney with 16 years of state service behind him, a former legislator, and a man determined to help give New Jersey a new image describes the State's Attorney General, William F. Hyland.

Appointed to his new post in January by Governor Brendan T. Byrne, Hyland serves as the State's chief legal officer and administers the Department of Law and Public Safety. In addition, he serves as chairman of the State Law Enforcement Planning Agency Governing Board.

"I hope to enforce the law with the bite that enforcement requires and the mercy that justice demands," Hyland stated upon taking his oath of office. "I'm as distressed as anyone can be about the reputation that New

Jersey has gotten that crime is tolerated here."

Hyland received his undergraduate degree from the Wharton School of Business after which he worked for a short time as an accountant for Price-Waterhouse. He graduated from the University of Pennsylvania Law School and then entered private practice.

In 1953 Hyland was elected to the New Jersey Assembly where he served three consecutive terms until 1961. During his legislative career, he served as the Democratic Minority Leader and in 1958 as the Speaker of the

House, the first Democrat in that slot in 21 years.

In 1961 Hyland was appointed president of the Public Utilities Commission by Governor Meyner. Following that post in 1968, Governor Hughes named him chairman of the newly created State Commission of Investigation (SCI) during which time he was dedicated to cleaning-up corruption in the State. Following his term in the SCI, Hyland returned to private practice.

Throughout his career, Hyland has remained active in a variety of activities. In 1971 he was the impetus behind the formation of the Committee for a Responsive Legislature and chaired the group as well. In addition, he was the one-time president of the Young Democrats of Camden, a member of both Phi Kappa Psi and the Knights of Columbus, president of the University of Pennsylvania Law Alumni Association in 1972 and currently, an associate trustee of the University.

Now a Cherry Hill resident, Hyland was born in Burlington on July 30, 1923. He has a wife, Joan; and six children, William (Township manager of Sparta), Nancy (a nurse), and Stephen, Emma, Margie, and Thomas (all students).

Hyland served as a Navy Lieutenant during World War II and participated in Atlantic Convoy Duty as well as the invasions of Luzon and Iwo lima

Among his numerous activities, Hyland is an accomplished musician playing the clarinet and saxophone with excellence. In spite of his demanding new position, the Attorney General finds time to play with the Cherry Hill Wind Symphony on a regular basis. "I've stayed with music for the love of it and the relaxation it provides," states Hyland.

New Jersey's new Attorney General is a dynamic man dedicated to the eradication of corruption in the State. As he himself jokingly once put it, "They've chosen a little man for a big job." All indications point-out the fact that stature has little to do with ability, determination and accomplishment.

LEEP Takes New Direction

Criminal justice personnel and students interested in pursuing a criminal justice career can be expecting some changes in the Law Enforcement Education Program (LEEP) soon. The LEEP Task Force has been hard at work over the past few months developing long and short-term recommendations for the improvement of law enforcement education programs on a national basis at the request of LEAA.

LEEP was originally established to provide in-service grants to criminal justice personnel and loans to practitioners on academic leave and preservice students.

New Jersey's SPA has been particularly active in the development of new recommendations affecting LEEP as the two components of the Task Force include Agency staff. Executive Director John J. Mullaney serves on the Policy Committee of the Task Force while Assistant Director of Planning, Donald J. Apai, chairs the Working Committee.

The Task Force was charged with the responsibility of developing and presenting sound recommendations for the improvement of law enforcement education by LEAA at the beginning of this year. The Working Committee held its first meeting February 21 and already their report is under deliberation by the Policy Committee.

The guidelines and procedures establishing these new recommendations will be available by January 1, 1975 and they are due to be put into effect with fiscal '76 funds.

PREVENTION (Con't. from Pg. 1)

personnel experience with other interested police departments.

By forming a State Association, mistakes made in initial prevention programs could be avoided in new programs and in many instances, costs could be reduced by sharing available equipment.

At a time when the State Law Enforcement Planning Agency will be forced to limit funding, it is important that police departments work together to identify their problems as well as solve them.

The Association's first meeting will be held within the next month. Anyone interested in more information about CPU's or the Association should contact either Alvin Beveridge, State Law Enforcement Planning Agency, (609) 292-3118 or Sergeant Ray Evans, Plainfield Police Department, (201) 753-3088.

SLEPA STAFF (cont.)

neth Modzelewski, a past intern in the Court Unit. Debbi comes to us with a degree in speech communications from Calvin College in Grand Rapids, Michigan; and Ken with a degree in criminal justice from Trenton State College.

Steve Faluvegi and Vincent Pennachi are the two new corrections analysts. Steve is a native Hungarian with a degree in finance and commerce from the Wharton School and a masters in business administration from Rutgers. He has taught in the Trenton State Prison Work Release Program, held an instructorship in the Mercer County College Prison Education Network and served as business manager for the State Prison at Leesburg. Vincent, the new senior program analyst, has recently completed his masters in special education at Trenton State College prior to which he taught at the Delaware Valley Rehabilitation Center supervising interns from Trenton State and Rider Colleges.

The Administration Section has done the most expanding recently. Fred Schrenk is the new assistant fiscal officer. He worked in computer programming, data processing and auditing prior to his SLEPA appointment. Fred graduated from Rider College in 1972 with a degree in business administration.

Louis Finey and Robert Caccese are the two new auditors. Prior to joining SLEPA Louis worked as an auditor for Peat, Marwick, Mitchell and Company and for the Public Utilities Department. Active in the Sickle Cell Anemia Drive and the Big Brother Society, Lou keeps very busy after work. Robert has an accounting degree from LaSalle and has worked as a field accountant for a Philadelphia based construction firm.

Finally, Lynda Stier and Sharon Senzick joined Administration. Lynda was a bookkeeper for Trio Auto Supply before coming to SLEPA. She joined our bookkeeping staff and has an interest in drag racing for which she has won many trophies. Sharon is the new secretary for the fiscal section and has previous secretarial experience with the New Jersey State Police and the Greater Mercer Comprehensive Planning Council.

SLEPA STAFF HIGHLIGHTS

Terry Edwards, an analyst in Prevention, recently chaired a workshop on the "Role of Social Services Agencies in Juvenile Delinquency Prevention Programs" for the Eastern Regional Conference of the Child Welfare League of America. Rick Brandt, chief of Corrections, served as a panelist on May 1 for the 73rd Annual Conference of the New Jersey Welfare Council. His panel dealt with two questions: Does the prison system work? and What alternatives are there? Ronald Sost and William Hoffman are scheduled to receive their masters degrees in Public Administration from Rider College in lune.

QUESTION BOX

- **Q.** Why is it important that the Agency receive all Quarterly Narrative Reports in duplicate?
- **A.** The Agency maintains duplicate files on all projects. The official grant file is kept in Administration while working files are maintained seperately for Operations and Planning.
- Q. Has there been a change in the deadline date for use of FY '72 monies?
- A. Yes. The deadline date for the obligation of 1972 funds has been extended from April 16, 1974 to June 30. Funds obligated by this date must be expended by September 30. Unexpended and unobligated funds must be returned to SLEPA. Contact Administration to insure the proper return of unused grant funds.
