

FY13 ANNUAL REPORT

BUSINESS RETENTION AND RELOCATION ASSISTANCE ACT

Introduction

In accordance with P.L. 2004, c.65, the New Jersey Economic Development Authority (EDA) submits this report on FY13 activity for the following five programs that exist under the Business Retention and Relocation Assistance Act:

1. The Business Retention and Relocation Assistance Grant (BRRAG) Program;
2. The Sales and Use Tax Exemption (STX) Program;
3. The BRRAG Tax Credit Certificate Transfer Program (Transfer Program);
4. The Urban Enterprise Zone Energy Sales & Use Tax Exemption for Manufacturers Program; and
5. The Energy Sales Tax Exemption Program, Salem County.

Background

The Business Retention and Relocation Assistance Act was signed into law on June 30, 2004. This Act revised a retention program created in 1996 and gave the State new tools in the effort to retain jobs under threat of leaving New Jersey. In 2011, the Christie Administration and New Jersey State Legislature completed statutory revisions pursuant to P.L. 2010, c.123, to enhance the effectiveness of this key economic development and growth incentive for businesses committed to retaining jobs in New Jersey.

In September of 2013, Governor Christie signed the New Jersey Economic Opportunity Act of 2013, P.L. 2013, c. 161. The Act streamlines New Jersey's five existing economic development incentive programs, including BRRAG, into two; the Grow New Jersey Assistance (Grow NJ) Program will be the State's main job creation and retention incentive program and the Economic Redevelopment and Growth (ERG) program will be New Jersey's key developer incentive program. In accordance with the Act and effective September 18, 2013, the EDA is no longer accepting applications for assistance under the BRRAG Program.

All pending applications submitted for approval under this program were acted on by December 31, 2013. Any existing BRRAG requiring modification will be addressed through existing rules at NJAC 19:31-14.1. As a result of the enhanced incentive programs available through the Economic Opportunity Act, some BRRAG projects will be terminated in order to utilize the new incentive programs.

Pursuant to provisions in the Act, the EDA shall not enter into an incentive agreement with a business that has previously received incentives pursuant to the "Business Retention and Relocation Assistance Act," P.L.1996, c.25 (C.34:1B-112 et seq.), the "Business Employment Incentive Program Act," P.L.1996, c.26 (C.34:1B-124 et seq.), or any other program administered by EDA unless the business has satisfied all of its obligations underlying the previous award of incentives or is compliant with section 4 of P.L.2011, c.149 (C.34:1B-245) which provides that a business terminating an existing incentive agreement in order to participate in an incentive agreement pursuant to the P.L. 2013, 161, shall be subject to recapture calculated to recognize the period of time that the business was in compliance prior to termination.

Since EDA is no longer be accepting BRRAG applications, there will be no new activity to report. As a result, this will be the final BRRAG annual report that EDA will be issuing. Information regarding existing projects in EDA's portfolio related to the BRRAG program will continue to be updated on EDA's website (About Us > Public Information > Incentives Activity Reports.)
