**Case Notes**

Summary decision imposing penalty was properly assessed against research company for causing the release of an air contaminant. N.J.S.A. 26:2C-19. *Biopharm Research v. New Jersey Dept. of Environmental Protection*, 91 N.J.A.R.2d 7 (EPE).

**7:27A-3.6 Civil administrative penalty for submitting inaccurate or false information**

(a) The Department may assess a civil administrative penalty against each violator who submits inaccurate information or who makes a false statement, representation, or certification in any application, registration, record, or other document submitted or maintained, or who falsifies, tampers with, or renders inaccurate any monitoring device or method required to be maintained under the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each day from the day that the violator knew or had reason to know that it submitted inaccurate or false information to the Department until the day of receipt by the Department of a written correction by the violator shall be an additional, separate and distinct offense.

(c) The Department shall determine the amount of the civil administrative penalty for offenses described in this section based on the conduct of the violator as follows:

1. For each intentional, deliberate, purposeful, knowing or willful act or omission by the violator, the civil administrative penalty, per act or omission, shall be in an amount of \$10,000 for the first offense, \$25,000 for the second offense, and \$50,000 for the third and each subsequent offense; and

2. For all other conduct, the civil administrative penalty, per act or omission, shall be in the amount of \$2,000 for the first offense, \$4,000 for the second offense, and \$10,000 for the third and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

**7:27A-3.7 Civil administrative penalty for failure to allow lawful entry and inspection**

(a) The Department may assess a civil administrative penalty against each violator who refuses, inhibits or prohibits immediate lawful entry and inspection of any premises, building, or place, except private residences, by any authorized Department representative.

(b) Each day that a violator refuses, inhibits or prohibits immediate lawful entry and inspection of any premises, building, or place, except private residences, by any authorized Department representative, shall be an additional, separate and distinct offense.

(c) The amount of the civil administrative penalty for offenses described in this section shall be \$8,000 for the first offense, \$16,000 for the second offense, and \$40,000 for the third and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

**7:27A-3.8 Civil administrative penalty for failure to pay a fee**

(a) The Department may assess a civil administrative penalty against each violator who fails to pay a fee when due.

(b) Each day a fee is not paid after it is due shall constitute an additional, separate and distinct offense.

(c) To assess a civil administrative penalty pursuant to this section:

1. The Department shall identify the civil administrative base penalty pursuant to (d) below; and

2. The civil administrative penalty shall be the base penalty unless adjusted pursuant to (e) below.

(d) The base penalty shall be as follows:

1. An amount equal to one-third of the unpaid fee or \$50.00, whichever is greater, for the nonpayment of a fee due in any calendar year; or

2. An amount equal to two-thirds of the unpaid fee or \$100.00, whichever is greater, for the nonpayment of a second fee in the same calendar year as in (d)1 above, but not the same fee as in (d)1 above; or

3. An amount equal to the unpaid fee or \$250.00, whichever is greater, for the nonpayment of a third and each subsequent fee due in the same calendar year as in (d)1 above, but not the same fee as in (d)1 or 2 above.

(e) Failure to pay a fee within 30 days of receipt by the violator of notice of the nonpayment from the Department shall be considered a continuing violation. For a continuing violation, the Department may increase the amount of the base penalty calculated pursuant to (d) above by the amount obtained by multiplying the base penalty dollar amount by 0.1 percent for each day that the fee is past due.

Amended by R.1995 d.5, effective January 3, 1995 (operative January 27, 1995).

See: 26 N.J.R. 3566(a), 27 N.J.R. 93(a).

**7:27A-3.9 Civil administrative penalty for failure to provide information or test data or to maintain a permanent record of information or test data**

(a) The Department may assess a civil administrative penalty against each violator who fails to provide the Department with or who fails to maintain a permanent record of information regarding smoke, opacity, or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto.

(b) Each day smoke, opacity or emission data; any other stack or test data; or any other records or information required by the Department pursuant to the Act or any rule, administrative order, operating certificate, registration requirement or permit issued pursuant thereto is not provided after it is due, or is not maintained, shall constitute an additional, separate and distinct offense.

(c) Except as provided in N.J.A.C. 7:27A-3.10, the amount of the civil administrative penalty for offenses described in this section shall be as follows:

1. For the nonsubmittal of or the failure to maintain records of any smoke, opacity or emission data:

- i. \$2,000 for the first offense;
- ii. \$4,000 for the second offense;
- iii. \$10,000 for the third offense; and
- iv. \$30,000 for the fourth and each subsequent offense.

2. For the nonsubmittal of or the failure to maintain records of any stack or test data not included in (c)1 above:

- i. \$1,000 for the first offense;
- ii. \$2,000 for the second offense;
- iii. \$5,000 for the third offense; and
- iv. \$15,000 for the fourth and each subsequent offense.

3. For the nonsubmittal of or the failure to maintain any records or information not included in (c)1 or 2 above:

- i. \$500 for the first offense;
- ii. \$1,000 for the second offense;
- iii. \$2,500 for the third offense; and
- iv. \$7,500 for the fourth and each subsequent offense.

(d) The Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

Amended by R.1995 d.5, effective January 3, 1995 (operative January 27, 1995).  
See: 26 N.J.R. 3566(a), 27 N.J.R. 93(a).

**7:27A-3.10 Civil administrative penalties for violation of rules adopted pursuant to the Act**

(a) The Department may assess a civil administrative penalty of not more than \$10,000 for the first offense, not more than \$25,000 for the second offense, and not more than \$50,000 for the third and each subsequent offense for each violation of the Act or of any rule promulgated pursuant to the Act listed in (l) and (m) below.

(b) Each violation of each provision of the Act, or any rule promulgated pursuant thereto, shall constitute a separate and distinct offense.

(c) Each day during which the violation continues shall constitute an additional, separate, and distinct offense.

(d) Except as provided for in (e) and (f) below, the Department may, in its discretion, treat an offense as a first offense solely for civil administrative penalty determination purposes, if the violator has not committed the same offense in the five years immediately preceding the date of the pending offense.

(e) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(c) or (e) indicated by a continuous monitoring system, the Department shall calculate penalties in accordance with (m)1 below and may, in its discretion for purposes of determining the statutory maximum penalty for an offense, treat an offense as a first offense for civil administrative penalty determination purposes, at the beginning of each calendar quarter.

(f) For violations of N.J.A.C. 7:27-8.3(e) and N.J.A.C. 7:27-22.3(d) or (e) when a continuous monitoring system operates out of control or is out of service, the Department shall calculate penalties in accordance with (m)2 below and may, in its discretion, treat an offense as a first offense for civil administrative penalty determination purposes, if the violator has not committed the same offense in the four consecutive calendar quarters immediately preceding the first day of the calendar quarter during which the pending offense was committed.

(g) Where the civil administrative penalty for a violation of the Act or of any rule promulgated pursuant to the Act may be determined by using more than one provision of this section, the Department may, in its discretion, assess the highest civil administrative penalty that corresponds to the violation, pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

(h) The Department shall determine the amount of the civil administrative penalty for offenses described in this section on the basis of the provision violated and the frequency of the violation.

(i) The Department may, in its discretion, accept the conveyance of discrete emission reductions in full or partial settlement of a monetary penalty set forth in this subchapter for NO<sub>x</sub> and VOC emission violations of N.J.A.C. 7:27-8, 16, 19, and 22, and other violations of N.J.A.C. 7:27-30. In determining whether to accept discrete emission reductions in full or partial settlement of a penalty and the appropriate amount to accept, the Department shall consider whether the cost associated with acquiring the discrete emission reductions provides a sufficient deterrent to future violation.

(j) The Department may, in its discretion prior to assessment of a civil administrative penalty, adjust the amount of any penalty determined under this section pursuant to the factors listed in N.J.A.C. 7:27A-3.5(e).

(k) For violations of N.J.A.C. 7:27-22.3(a) and (b), the Department shall calculate penalties in accordance with the Civil Administrative Penalty Schedule in (l) below by adding the penalty amounts for each source operation within a facility that is subject to N.J.A.C. 7:27-22. The daily penalty for such violations shall not exceed the amounts set forth in (a) above.

(l) Footnotes 3, 4, and 8 set forth in the Civil Administrative Penalty Schedule in (l) below are intended solely to put violators on notice that in addition to assessing a civil administrative penalty, the Department may also revoke the violator's Operating Permit, Certificate or variance. These footnotes are not intended to limit the Department's discretion in determining whether or not to revoke an Operating Permit, Certificate or variance, but merely to indicate the situations in which the Department would be most likely to seek revocation.

(m) The violations of N.J.A.C. 7:27 and the civil administrative penalty amounts for each violation are as set forth in the following Civil Administrative Penalty Schedule. The numbers of the following subsections correspond to the numbers of the corresponding subchapter in N.J.A.C. 7:27. The rule summaries for the requirements set forth in the Civil Administrative Penalty Schedule in this subsection are provided for informational purposes only and have no legal effect.

5. The violations of N.J.A.C. 7:27-5, Prohibition of Air Pollution, and the civil administrative penalty amounts for each violation, per source, are as set forth in the following tables:

Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.A.C. 7:27-5.2(a), the emission of air contaminants in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property				
Maximum Penalty Per Violation	\$10,000 <sup>7</sup>	\$25,000 <sup>7</sup>	\$50,000 <sup>7</sup>	\$50,000 <sup>7</sup>
The maximum penalty may be reduced by applying the following factors:				
(1) Remedial Measures Taken:				
(A) Immediate implementation of measures to effectively mitigate the effects of the violation:	15% Reduction from the maximum penalty			
(B) Implementation of measures that can reasonably be expected to prevent a recurrence of the same type of violation				
1. Full implementation	20% Reduction from the maximum penalty			
2. Partial implementation	10% Reduction from the maximum penalty			
(2) Magnitude of Problem				
(A) Population Affected				
Less than three complainants:	20% Reduction from the maximum penalty			
Three to five complainants:	15% Reduction from the maximum penalty			
Six to 10 complainants:	5% Reduction from the maximum penalty			
Greater than 10 complainants:	0% Reduction from the maximum penalty			
(B) Nature of Air Contaminant <sup>9</sup>				
Particulates & other air contaminants:	15% Reduction from the maximum penalty			
VOC, NO <sub>x</sub> or other criteria pollutant:	5% Reduction from the maximum penalty			
EHS, TSS or NESHAAPS:	0% Reduction from the maximum penalty			
(C) Amount of Air Contaminant Emitted in Any One Hour				
Less than 22.8 pounds:	15% Reduction from the maximum penalty			

- 22.8 pounds or greater:  
 (D) Area Covered (Air contaminant)  
 Less than ½ square mile:  
 ½ square mile or greater:  
 (E) Off-site Property Damage  
 No:  
 Yes:

0% Reduction from the maximum penalty  
 15% Reduction from the maximum penalty  
 0% Reduction from the maximum penalty  
 15% Reduction from the maximum penalty  
 0% Reduction from the maximum penalty

7 For instance, for the first offense, if the violator takes remedial measures to mitigate the effects of the violation, the Department may reduce \$1,500 (15%) from the maximum penalty. Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if there are less than three complainants related to the violation the Department may reduce an additional \$2,000 (20%) from the maximum penalty. Further, if an air contaminant emitted is not a VOC, NO<sub>x</sub>, criteria pollutant, EHS, TXS, or NESHAPS the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted is less than 22.8 pounds in any one hour to the atmosphere the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if the air contaminant emitted into the atmosphere covers an area of less than ½ square mile, the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Further, if there is no off-site property damage from the air contaminant the Department may reduce an additional \$1,500 (15%) from the maximum penalty. Summing the total penalty reduction percentages results in a total reduction of 115%. However, an assessed penalty may not be reduced by more than 95% of the maximum penalty; therefore, the maximum reduction for the first offense penalty of \$10,000 would be \$9,500 resulting in an assessed penalty of \$500.00.

 TXS (N.J.A.C. 7:27-17)

#### Base Penalty per Violation

i. The base penalty may be reduced or increased by applying the following factors, as applicable. The civil administrative penalty for each violation is calculated by summing the base penalty and the increase or decrease from the base penalty for each of the applicable factors in i(1) through (4) below.

#### (1) Remedial Measures Taken

(A) Immediate implementation of measures to effectively mitigate the effects of the violation:

15% Reduction from the base penalty

(B)1 Implementation of measures that can reasonably be expected to prevent a recurrence of the same type of violation

1. Full implementation
2. Partial implementation

20% Reduction from the base penalty  
 10% Reduction from the base penalty

#### (2) Population Affected

- (A) Three to five complainants:
- (B) Six to 10 complainants:
- (C) Greater than 10 complainants:

10% increase to the base penalty  
 15% increase to the base penalty  
 20% increase to the base penalty

#### (3) Nature of Air Contaminant <sup>2</sup>

- (A) VOC, NO<sub>x</sub> or other criteria pollutant:
- (B) EHS, TXS or NESHAPS:

15% increase to the base penalty  
 20% increase to the base penalty

#### (4) Compliance History

(A) Upon a showing by a violator within 14 calendar days of receipt of the notice of violation from the Department that, at the time of the pending violation:

1. The violator was in full compliance with the terms and conditions of all Department permits and certificates related to the pending violation:
2. The violator was in full compliance with all air pollution control permits and certificates for the facility where the violation is pending, except for the violation of N.J.A.C. 7:27-5.2(a) and N.J.A.C. 7:27-8.3(j); and
3. The pending violation is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within the five calendar years immediately preceding the date of the pending violation:

50% reduction from the base penalty

#### Fourth and Each Subsequent Offense

\$1,000 <sup>1</sup>      \$2,000 <sup>1</sup>      \$5,000 <sup>1</sup>      \$15,000 <sup>1</sup>

<sup>1</sup> For instance, for the first offense, if the violator takes immediate remedial measures to mitigate the violation, the Department may reduce \$150.00 (15%) from the base penalty. Further, if the violator takes measures that can reasonably be expected to prevent a recurrence of the same type of violation, the Department may reduce an additional \$200.00 (20%) from the base penalty. Further, if there are less than three complainants related to the violation there is no increase to or reduction from the base penalty. Further, if an air contaminant emitted is not a VOC, AAQS, EHS, TXS, or NESHAPS there is no increase to or reduction from the base penalty. Further, if this is the first violation of N.J.A.C. 7:27-5.2(a) for the facility within five years immediately preceding the date of the pending violation and the violator can demonstrate that it was in full compliance with the terms and conditions in all Department permits and certificates related to the pending violation and with all air pollution control permits and certificates, the Department may reduce an additional \$500.00 (50%) from the base penalty. Therefore, the minimum assessed penalty for the first offense under this section would be \$150.00. In this example, all of the reductions were taken to the fullest extent to result in the minimum penalty.

(n) The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8 and 7:27-22 as follows: for violations detected by continuous monitoring systems in accordance with (m)1 below; for continuous monitoring systems not installed, out of service or out of control in accordance with (m)2 below; and for violations of continuous monitoring systems recordkeeping and reporting requirements in accordance with (m)3 below. The rule summaries for the requirements set forth in the Civil Administrative Penalty Schedule in this subsection are provided for informational purposes only and have no legal effect.

1. The Department shall determine the amount of civil administrative penalty for violations of N.J.A.C. 7:27-8.3(e) and 7:27-22.3(e) as indicated by continuous monitoring systems on the basis of the severity level, duration of the offense and the size or nature of the source operation associated with the violation as follows:

i. Table 1 of this section shall be used to determine the level of offense, based on the percentage or amount of differential from the standard or allowable set forth in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22.

ii. Tables 2A or 2B of this section shall be used to determine the amount of the base penalty. The level of offense determined from Table 1 is used in conjunction with either Table 2A (for any major source operation) or Table 2B (for any minor source operation) as defined in the corresponding footnotes below Tables 2A and 2B.

iii. Table 3 shall be used to determine a multiplier which shall be applied to the base penalty from either Table 2A or 2B. The multipliers included in Table 3 each correspond to the duration of the offense or the length of the averaging time provided in the Preconstruction Permit or Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:27-22. The base penalty determined from Table 2A or 2B is multiplied by the appropriate Table 3 multiplier to determine the penalty amount of the offense.

<sup>3</sup> Any source operation with estimated potential emissions without controls of greater than 22.8 pounds per hour, or greater than 5.7 pounds per hour for VOC and NO<sub>x</sub>, or air contaminants regulated pursuant to NSPS, NESHAPS, PSDAQ, EOR, TXS and HAP (Table C) based on Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or Operating Permit issued pursuant to N.J.A.C. 7:22.

4 Any source operation with estimated potential emissions without controls of 22.8 pounds per hour or less, or 5.7 pounds per hour or less for VOC and NO<sub>x</sub>, based on a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22.

5 Number of days after subtracting downtime allowance pursuant to N.J.A.C. 7:27-1, or a Preconstruction Permit or Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued to N.J.A.C. 7:27-22.

6 Per continuous monitor.

7 For instance, a Preconstruction Permit and Operating Certificate issued pursuant to N.J.A.C. 7:27-8 or an Operating Permit issued pursuant to N.J.A.C. 7:27-22 requires that for any 1-hour period, the average concentration of nitrogen oxides (NO<sub>x</sub>) in the stack gas shall not exceed 300 parts per million by volume as determined by continuous monitoring. A violator emitted NO<sub>x</sub> from a major source operation at an hourly averaged concentration rate of 350 parts per million by volume. Using Table 1, determine the level of offense for the air contaminant (NO<sub>x</sub>). Because the violator emitted NO<sub>x</sub> at a concentration less than 25% above the allowable, the Level of Offense is Level I. The source operation is considered major because it emits NO<sub>x</sub> in excess of 5.7 pounds per hour. Using Table 2A for a major source operation, determine the base penalty that corresponds to Level I. The base penalty for a Level I offense for a major source operation is \$200. Using Table 3, determine the multiplier corresponding to a 1 hour averaging time. Multiply \$200 by 2, the multiplier from Table 3. The penalty for the offense is \$400.

(o) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the assessed penalty shall in no case be reduced by more than 95 percent of the maximum civil administrative penalty pursuant to (l) 5 above, or shall in no case exceed the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b).

(p) For any violation of N.J.A.C. 7:27-5.2 where the emission of air contaminants is in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, the Department may, in its discretion, assess the maximum civil administrative penalty set forth at N.J.S.A. 26:2C-19(b) for any release of air contaminants that causes persons exposed to the release to suffer acute health effects resulting in death or serious personal injury.

### 7:27A-3.11 Civil administrative penalty for violations of N.J.S.A. 26:2C-19(e)

(a) The Department shall determine the amount of the civil administrative penalty for violations in this section on the basis of the provision violated and the frequency of the violation as follows:

Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which poses a potential threat to public health, welfare or the environment	\$2,000	\$4,000	\$10,000	\$30,000

Citation	First Offense	Second Offense	Third Offense	Fourth and Each Subsequent Offense
N.J.S.A. 26:2C-19(e), failure to immediately notify the Department of release of air contaminants in a quantity or concentration which might reasonably result in citizen complaints, but which does not pose a potential threat to public health, welfare or the environment	\$200	\$400	\$1,000	\$3,000

Amended by R.1992 d.102, effective March 2, 1992 (operative March 28, 1992).

See: 23 N.J.R. 1858(b), 24 N.J.R. 792(a).

See: 26 N.J.R. 3566(a), 27 N.J.R. 93(a).

### 7:27A-3.12 Economic benefit component of a civil administrative penalty

The Department may, in addition to any other civil administrative penalty assessed pursuant to this subchapter, include as a civil administrative penalty the economic benefit (in dollars) which the violator has realized as a result of not complying with or by delaying compliance with the requirements of the Act, or any rule, administrative order, operating certificate or permit issued pursuant thereto. If the total economic benefit was derived from more than one offense, the total economic benefit amount may be apportioned among the offenses from which it was derived so as to increase each civil administrative penalty assessment to an amount no greater than \$10,000 for the first offense, no greater than \$25,000 for the second offense, and no greater than \$50,000 for the third offense and each subsequent offense.
