 The blue bar indicates DCF performance in the current month.  The red bar indicates the difference between the current performance and the Exit Plan target.					

¹ Reported performance understates actual performance in some measures because data does not exclude all instances where an event could not occur.

² Compliance for Parent-Child Weekly Visits is measured by percent of children with weekly visits averaged over the number of weeks in the month.

³ Caseworker visits with Children in Placement (all locations) March 2021: 99% .

¹ Some children may be served by both CP&P and CSOC and are over-represented in the final count of children served in the month.

² The definition for "Youth Open with CSOC" reflects youth who are involved and eligible to receive services through CSOC.

³ FCP measures clients served in SBYSP and DV Services. Since Family Success Centers and Home Visitation programs report data in terms of families served, each family is assumed to have at least one client.

⁴ Families served by DCF includes CP&P families and FCP families. FCP families served data has a one month lag.

⁵ CSOC Children may receive multiple services and are counted multiple times.

⁶ FCP quick facts are based on new families for FSCs, but both new and ongoing clients for Home Visiting and SBYSP. DoW quick facts are based on new clients for DV Services, but both new and ongoing clients served for SAARC, Displaced Homemakers and Rape Prevention Education.

⁷ The cumulative number of human trafficking referrals between **November 2013 and February 2021 was 1,077**. This figure could change depending on when the data is extracted.

⁸ Appropriate use of shelters include 1) alternative to detention 2) short term placement of an adolescent in crisis not to extend beyond 30 days 3) a basic center for homeless youth.

OOH Behavioral Health Settings: Children Served - Excludes Youth in Detention Alternatives and Diagnostic Settings.

Effective June 2017, All DoW data is reported Monthly except for Residential DV shelters and Unmet Needs Data.

⁹ Due to system upgrades within DCF, FCP and DOW data will not be available beginning May 2019. DCF will resume reporting on these data after the new systems have been updated with these data.

OAS Quick Facts (March 2021)
Youth 18-23

Youth 18-21 years old served by CP&P ¹			2,218
Youth served "In Home" living with a parent/relative or living independently ²			1,965
Youth served "Out-of-Home"			253
Resource Family (non-Kin)	(37.2%)	94	
Resource Family Kinship	(14.6%)	37	
Congregate Care Setting	(28.5%)	72	
Independent Living	(19.8%)	50	
Youth Receiving Adoption or KLG Subsidy			1,092

¹ The data includes all 18-21 year olds who are active participants in an open CP&P case as of the end of the month.

² The terms "out-of-home" and "in-home" may not be appropriate for all 18-21 year olds. Youth identified as "in-home" can either be residing with a parent/relative, or living independently. Any of these youth may be receiving services. These definitions are currently being reviewed to better understand how we capture DCF's work with this population. The goal of this ongoing work is to create three meaningful categories for 18-21 year olds 1) Youth in a formal out-of-home placement setting, 2) Youth that achieved permanency, and 3) Youth that never achieved permanency.
