The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	7.8	17.5%
Mathematics Proficiency	17.8	17.5%
English Language Arts Growth	0.4	25.0%
Mathematics Growth	18.4	25.0%
Chronic Absenteeism	8.3	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Courses, Curriculum, Instruction:</p>	<p>Our curriculum has been modeled after the New Jersey Student Learning Standards (NJSLS). Our English Language Arts Program places an emphasis on reading, writing, speaking and listening experiences. Our mathematics program emphasizes real world applications embedded in daily instruction. We are proud to offer comprehensive science and social studies programs as well. We utilize multiple performance measures to monitor student progress, all aligned to the NJSLS.</p>
 <p>Clubs and Activities:</p>	<p>At National Park School students are provided with a number of opportunities to become more involved citizens of their learning environment. Starting in Grade 3, students have the option of joining Student Council and the Marvelous Milers Walking Club. Students may elect to join Choir and Band starting in 4th grade and 6th graders are able to take on leadership roles by joining the Safety Patrol.</p>

 <p>Staff and Professional Learning:</p>	<p>The staff of National Park School participates in a variety of professional development opportunities throughout the school year. Through grade level meetings, faculty meetings, PLCs and Gateway Group meetings, teachers are able to discuss the learning needs of students and work together to enhance instruction. Teachers are able to attend workshops that address their professional development goals and instructional needs as evidenced by data.</p>
 <p>Student Supports and Services:</p>	<p>Certified specialists work with students who need special help in managing the regular school program. Programs include school counseling, remedial math, reading and writing, speech therapy, occupational therapy, physical therapy, Child Study Team services and I&RS.</p>
 <p>Student Health and Wellness:</p>	<p>At National Park School we believe that teaching our students to lead a healthy, active lifestyle is an important part of their education. To support these efforts, we have been fortunate to receive a grant from the New Jersey Healthy Communities Network and were gifted \$30,000 over three years to implement a Children’s Community Garden, participate in taste tests of fresh produce each month, and purchase nontraditional seating options for the classroom to encourage movement.</p>
 <p>Parent and Community Involvement:</p>	<p>The most important relationships in a child’s life begin with the family. We rely on the support of our families to partner with staff in promoting education. From parent-teacher conferences, to concerts and special programs offered in our school, parent participation is extremely important to student success. National Park School benefits from an active Home and School Association committed to providing students with opportunities for social engagement and fundraising for school needs.</p>

We continue to enhance our technological capabilities as we embrace the 21st Century, both to improve instruction as well as to increase home-school communication. Use of one to one Chromebooks in Grades 2-6 is a strong step forward in preparing our students to be college and career ready and to better compete on a global level. As more educational materials become available online, we are able to save on the cost of textbooks while providing students with a more engaging learning experience.
