Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

### Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey’s accountability system, see these [accountability resources](#).

## Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

### NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

### Biology Assessment Information

New Jersey transitioned from the Biology Assessment to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	N	85.0%
12th graders taking SAT in 2017-18 or prior years	N	72.2%
12th graders taking ACT in 2017-18 or prior years	N	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

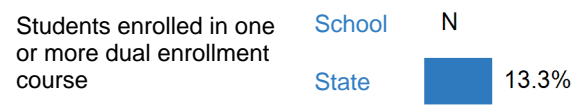

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

This section contains information about participation in approved Career and Technical Education (CTE) programs and Structured Learning Experiences and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, please visit the [NJDOE's Career and Technical Education website](#).

Career and Technical Education Participation

The graphs below show the percentage of students who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants  
(completed only one course in an approved CTE program)

CTE Concentrators  
(completed two or more courses in a single approved CTE program and/or completed the entire CTE program)

Structured Learning Experiences Participation

The graph below shows the percentage of students who participated in Structured Learning Experiences during the school year. Structured Learning Experiences can include work-based learning programs, internships, apprenticeships, and service learning experiences and can be paid or unpaid.

Industry-Valued Credentials

The graph below shows the percentage of students in grades 9 through 12 who earned one or more Industry-Valued Credential during the school year.

Students Earning Industry-Valued Credentials

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students that earned one or more industry-valued credential, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

Student absences provide important information about a school’s culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average (“Not Met”) or less than or equal to the state average (“Met”).

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district’s schools. NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

### Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

<div>  <div>Highlights:</div> </div>	<ul style="list-style-type: none"> <li>Students are given a hands-on, joyous approach to a standards-aligned curriculum.</li> <li>Core values of kindness, responsibility, respect, teamwork, and hard work are the foundation of our school culture.</li> <li>We provide a safe, supportive environment and ensure art, music and sports are available to every child.</li> </ul>
<div>  <div>Mission, Vision, Theme:</div> </div>	All students learn the academic and personal skills they need to be truly prepared for postsecondary success and able to pursue their dreams. Mastery is relentlessly focused on student achievement and guided by eight core tenets: 1) High Expectations School Culture, 2) Data Driven Instruction and Management, 3) Outstanding Instruction, 4) Literacy Focus, 5) Comprehensive Student Support, 6) Social Emotional Learning Instruction, 7) More Instructional Time, and 8) Family Engagement.
<div>  <div>Awards, Recognition, Accomplishments:</div> </div>	Recognized as a national leader in school turnarounds, Mastery Charter Schools is featured on the U.S. Department of Education website as the best national example of the “restart” turnaround school model. In 2010, President Obama highlighted Mastery’s success in turnarounds in two national education reform speeches and the U.S. Department of Education provides support to new Mastery schools as one of fewer than twenty charter organizations nationally given the “high quality” designation.

<div>  <div>Before and After School Programs:</div> </div>	<p>Students and families have access to daily aftercare services, if needed, and summer programming that provide opportunities for enrichment, homework support, and joyful activities such as arts and crafts and sports.</p>
<div>  <div>Staff and Professional Learning:</div> </div>	<p>Mastery teachers continually improve their craft through frequent feedback, routine professional development, coaching, and collaborative support. Our 1:1 teacher coaching model has been extremely successful in aligning teacher actions to student outcomes. We ensure that teachers have the space, resources, and practice they need to excel prior to and throughout the school year. Mastery has been nationally recognized for our teacher coaching model.</p>
<div>  <div>Postsecondary Information:</div> </div>	<p>We offer individualized pathways for each of our students. We equip students for a successful postsecondary journey, whether in a career or on a college campus. Sophomores complete an 18 week internship where students learn workplace communication skills, time management, resume development, and interviewing techniques. Students participate in college trips, a senior seminar course, get assistance with FAFSA form completion and receive support with the college application process.</p>

 <p>Student Supports and Services:</p>	<p>All students should be supported to reach their potential. Our programming is designed on an individual basis to respond to the needs of each student academically, behaviorally, and socio-emotionally to support them in meeting our rigorous expectations. We have certified special education faculty, counselors, social workers, related service providers, and psychologists who provide on-going support to students needing services. We have supports and services in place for English Language Learners.</p>
 <p>Student Health and Wellness:</p>	<p>Our school nurses meet the needs outlined in students' health plans, as well as daily medication needs, and all screening requirements. Students receive a free, nutritious breakfast and lunch. In the lower grades, students enjoy free play or structured recess. Students also receive physical education and can participate in after school programs and sports.</p>
 <p>Parent and Community Involvement:</p>	<p>We believe that families are our partners and their children's first and most important teachers. Mastery schools are welcoming places where families feel respected and encouraged to talk with school leaders and teachers in support of their child's education. Examples of school based parent events are Back-to-School night, Mother-Daughter Health party, IEP workshops, home-ownership and credit workshops, Hispanic Heritage events, Bilingual advisory, Parent Association, food bank and book fair.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Teachers</p> <p>The CCSD parent and student climate survey is administered annually. Results are shared publicly and school teams use the feedback to address any school climate issues. We also administer a parent survey on engagement and satisfaction, a student survey on the overall school experience, and the Insight Survey to staff. Feedback is shared with the school team and all data is used by Mastery's leadership to create high standards for school culture and actively address challenges.</p>
 <p>Facilities:</p>	<p>In Fall of 2017, the new Cramer Hill Elementary school opened. The brand new \$34 million dollar, 80-thousand square foot world-class facility includes a library media center, gymnasium, cafeteria with a stage, air conditioning, technology labs, and large classrooms. Renovations to Molina, McGraw, and East Camden Middle are currently underway. Pyne Poynt is currently being renovated to become the new Mastery High School of Camden. The anticipated completion date is Fall 2018.</p>

Other Information:

From music to art to field trips, students take part in a well-rounded education. We work closely with our families to ensure our schools are a place where every child loves to learn. Students enjoy a strong sense of community and belonging in a safe environment, supported by caring and committed teachers and staff who return year after year. Along with a rigorous academic program, students have opportunities in the upper grades to participate in athletics and a variety of after school programs in preparation for high school and post-secondary success.
