PREFACE

This economic databook provides information for small business owners and managers who frequently find it difficult to obtain economic data for only the eight counties in Southern New Jersey. The area's data is often tucked in with that of Philadelphia or the entire State.

Funded by a grant from the New Jersey Small Business Development Center at Rutgers, Newark and aided by the South Jersey Chamber of Commerce, The Management Institute conducted a feasibility study in 1982 which established the need for an economic database. A follow-up grant and matching funds from the South Jersey Chamber allowed Dr. Thomas Hamer, an economics professor at Glassboro State College, to compile a computerized database in 1983. With continuing assistance from the South Jersey Chamber of Commerce, The Management Institute publishes semi-annual updated versions of ECONOMIC DATA FOR SOUTHERN NEW JERSEY. Dr. Hamer updates the database and serves as the Director of the Center for Economic Data Analysis which was established by The Management Institute in 1984.

The Center also produces databooks for smaller areas within the eight-county area, and it produces other analyses upon request. It is located in the Department of Economics at Rowan College of New Jersey.

Please note that our book is updated and published as a new edition twice a year.

For additional copies contact The Management Institute, School of Business Administration, Rowan College, 201 Mullica Hill Road, Glassboro, NJ 08028, (609) 256-4242.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 1

"Municipality Data for Population and Population Density"**Total Population for 1970 & 1980:**

Source: U.S. Dept. of Commerce, Bureau of the Census
1980 Census of Population and Housing
"Characteristics of the Population
Number of Inhabitants, New Jersey,
PC80-1-A32," September, 1981, Table 4

Total Population for 1990:

Source: 1990 Census of Population data made available
through the electronic bulletin board of the New
Jersey State Data Center, N.J. Dept. of Labor,
February 1991.
These data are also available from the "Summary Tape
File 1A," which is on the compact disc CD90-1A-2-2.
This disc was issued September 1991 and contains files
for New Jersey and Pennsylvania.

Estimates of Total Population for 1994: (Note that this estimate
is for July 1, 1994 while the other total population numbers are
for the Census date of April 1.)

Source: U.S. Dept. of Commerce, Bureau of the Census
Population Division. Retrieved through the
electronic bulletin board of the New
Jersey State Data Center, N.J. Dept. of Labor,
February 1996.

Population Changes and % Population Changes:

These are data items are calculated for this data base.

Area in Square Miles:

Source: U.S. Dept. of Commerce, Bureau of the Census
1990 Census of Population and Housing
"Summary Population and Housing
Characteristics," New Jersey. 1991.

Population Per Square Mile for 1994:

This data item is calculated for this data base.

ECONOMIC DATA FOR EIGHT SOUTHERN NEW JERSEY COUNTIES

"Income and Poverty"

Median Family Income in 1979
Per Capita Income in 1979

Source: State of New Jersey, Department of Labor,
Office of Demographic & Economic Analysis
"Income and Poverty in New Jersey, 1980
Census of Population and Housing," Oct., '82

Median Family Income in 1989
Per Capita Income in 1989

Source: U.S. Dept. of Commerce, Bureau of the Census
1990 Census of Population and Housing
Summary Tape File 3A, issued as two compact
disks for New Jersey, CD90-3A-37, May 1992.

% changes and % of NJ
Calculated by the database computer

For Whom Poverty Status Determined from 1989 Income (Number of
Persons)

Source: U.S. Dept. of Commerce, Bureau of the Census
1990 Census of Population and Housing
Summary Tape File 3A, issued as two compact
disks for New Jersey, CD90-3A-37, May 1992.

For Whom Poverty Status Determined from 1989 Income (%)
Calculated by the database computer: Number of people
determined as in poverty divided by the sum of the people
determined as not in poverty plus the number determined
as in poverty.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 4

"Labor Force and Work Location in 1990"

For All Persons Age 16 & Over: Labor Force Status:
In Armed Forces, Civilian Labor Force, and Unemployed
For Females Age 16 & Over: Civilian Labor Force
Source: U.S. Dept. of Commerce, Bureau of the Census
1990 Census of Population and Housing
Summary Tape File 3A, issued as two compact
disks for New Jersey, CD90-3A-37, May 1992.

% Unemployed

Calculated by the database computer. Number unemployed divided by the civilian labor force equals the civilian unemployment rate. Note: the number unemployed according to the Census generally exceeds the number estimated by the monthly U.S. Dept. of Labor Household Survey because the respondents to the census include those without work but are not actively seeking employment.

% of Civilian Labor Force

Calculated by the database computer. This is the labor force participation rate for females.

County & State Work Location of Resident Workers Age 16 & Over
Total numbers from the Census, % calculate by the database
computer

Source: U.S. Dept. of Commerce, Bureau of the Census
1990 Census of Population and Housing
Summary Tape File 3A, issued as two compact
disks for New Jersey, CD90-3A-37, May 1992.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 5

"Municipality Data for Private Sector Establishment
Employment Covered by Unemployment Insurance"

Covered Employment is a monthly count of full and part-time employees at private sector establishments who earned wages during the pay period including the 12th of September, as reported quarterly by employers covered by the New Jersey Unemployment Compensation Law. These establishments are located in the indicated municipalities. Basically, any employer paying at least \$1,000 in wages in either the current or preceding calendar year is covered under the law. Jobs not covered by the law fall mainly into the categories of self-employed workers, unpaid family workers, certain agricultural workers, and certain in-home domestic workers. Note: Beginning with January 1978, coverage was extended for certain agricultural and in-home domestic workers.

Source: State of New Jersey
Department of Labor
Division of Planning & Research
Office of Demographic & Economic Analysis
"Private Sector Covered Jobs Third Quarter,"
annual.

The employment numbers (the numbers of jobs held) are for September only.

When there are fewer than three establishments reporting or one establishment has 80% or more of the employment in that industry, the data are not disclosed to maintain confidentiality. This is indicated in the table by "-" but the county totals include the undisclosed numbers.

The change and percentage change in employment are calculated for this report.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 6

"Age Distribution According to the 1990 Census of Population"**Total Population and Percentages in Each Age Group:**

These are calculated by the data base computer from 31 age groupings in the original Census data.

Source: U.S. Dept. of Commerce, Bureau of the Census, Data Users Services Division, "1990 Census of Population and Housing, Summary Tape File 1A, Middle Atlantic Div. (Vol. 2), New Jersey, Pennsylvania," Compact Disc (CD90-1A-2-2), dBASE FORMAT, Issued, September 1991.

Revised numbers are included for Barrington and Tavistock in Camden County. According to the revision, 18 people were subtracted from Tavistock and added to Barrington.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 7

"Academic Success of Students in Public High Schools"

The source of the data is the "New Jersey School Report Card" released in the fall of 1996. The report is issued by the New Jersey Department of Education. A copy of the multiple files for the report was purchased as a diskette from the New Jersey Dept. of Education, Div. of Administration, Office of Publication & Distribution. The report contains information pertaining to all public high schools in the eight county area.

The total enrollment in the school is given for October of 1995 and for the previous two years for the purposes of comparison.

The dropout rate is the number of students in grades 9 through 12 who dropped out between July 1995 and June 1996 divided by the October 1995 total enrollment.

The percentage is given for those passing all three parts (reading, math, and writing) of the "High School Proficiency Test - Grade 11" in the fall of the junior year for October 1995. Those failing one or more parts must retest to graduate.

The members of the graduating senior class in 1996 were polled concerning their plans, and the percentages are given for the planned attendance at 4 year colleges and 2 year colleges.

The SAT scores are the mean scores for those taking the test for the 1995-96 academic year. The scores are based on the recentered scale instituted in 1995 by the Educational Testing Service.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 9

"Municipality Data for the Largest Employers in Each County"

Note: Employers in the Private Sector

Company Name (Appropriate for the local facility)
Location of Employing Facility
SIC (Standard Industrial Classification) Code
Employment Rank of Employing Facility
 Rank Among Employers in the County
 Rank Among the 500 Largest Employers in New Jersey
Headquarters Mailing Address

Source: State of New Jersey, Dept. of Commerce & Economic
Development, Office of Economic Research.
"Largest Businesses" (by county) photocopy
and "Top500" file on diskette. July 1994.

Note: The data come from the master ES202 file of employers
in the state. Due to disclosure restrictions, the
numbers of employees are not given, only the ranking.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 11

"Municipality Data for Local Property Tax Rates and
Total Housing Units According to the Census"

Local Property Tax Rates: General and Effective Property Tax Rates, % Ratio of Effective to General Tax Rates, and % Change in the Tax Rates from 1991 to 1995.

Source: State of New Jersey, Department of the Treasury, Division of Taxation
"Comparison of General Tax Rates & Effective Tax Rates," Annual.

The percentage ratio of effective to general tax rates and the percentage changes in the rates are calculated for this report.

Total Housing Units in 1990

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 12

"Average Housing Prices Based on Units Sold
In Fiscal Years (July 1 to June 30)"

Average Price and Units Sold

The Division of Taxation in the New Jersey State Department of the Treasury maintains records for the numbers of residence units sold and the total of the selling prices for each municipality by fiscal year. The average selling price is this total of selling prices divided by the number sold.

The residence units include single family structures and attached units up to four units in a single structure.

Only sales of fully assessed residential structures are recorded. Since virtually all of newly constructed housing is not fully assessed when sold, the data exclude the sales of new structures.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 13

"The Industrial Structure: Tables A & B"

Table A contains the number of employers in one-digit SIC industries. "SIC" is the Standard Industrial Classification code of the U.S. Department of Commerce. The one-digit level refers to broad groupings of employers, such as construction and retail trade. The table contains the numbers of employers for each municipality in each of the three counties, Burlington, Camden & Gloucester.

Table B contains the number of employers in two-digit SIC manufacturing industries for the three counties. The two-digit level contains manufacturing employers in groupings such as SIC 20, Food Processing.

The tables were formed by considerable manipulation and tabulation of the complete New Jersey Employer Directory. This directory contains the listing of each and every employer in the county with the municipality of the physical location of the facility and the SIC code. This listing is from the listing of those covered by the unemployment insurance program and is, therefore, very complete. The information was downloaded through the Electronic Bulletin Board of the NJ State Data Center and reflects the employer listing as of the third quarter of 1994.

DESCRIPTION OF MUNICIPALITY DATA IN REPORT 14

"Value of Owner Occupied Housing Units
According to the 1990 Census"

Numbers of Housing Units in Value Ranges in Thousands of Dollars
Median Value
Interquartile Range: Lower & Upper

These data are for specified owner occupied housing units for which a value was determined in the 1990 Census of Population and Housing. The median value indicates a value for which 50% of the specified owner occupied units had a greater value and half a lower value. The lower range value is a value for which 25% of the units had a lower value. The upper range value is a value for which 25% of the units had a greater value. Between the two values lie the middle 50%.

PART B: DESCRIPTION AND SOURCES OF DATA FOR COUNTIES, THE
TRI-COUNTY AREA, AND THE ENTIRE AREA

1. Forecasts for Nonagricultural Establishment Employment
In the Burlington-Camden-Gloucester County Area
These forecasts are generated by Dr. Thomas Hamer using an econometric model estimated with historical data for the quarterly average of monthly nonfarm payroll employment and price-adjusted Gross Domestic Product.
2. Business Outlook Surveys
Diffusion Indexes for two surveys: (1) a monthly "Business Outlook Survey" of large manufacturing firms with most of the respondents in Southeastern Pennsylvania, and (2) a quarterly "South Jersey Business Survey" of firms in all industries in Southern New Jersey. The responding firms indicate the direction of change in activity for the most recent period and expected changes in activity six months from now.
Source: Federal Reserve Bank of Philadelphia Research Department, "Business Outlook Survey," monthly and "South Jersey Business Survey: South Jersey," quarterly.
3. Population and Projections
Source: State of New Jersey, Dept. of Labor, Div. of Labor Market & Demographic Research, "County Population Estimates: New Jersey, 1990 to 1995, Total Population," & "Projections of Total Population by County: 1994 to 2010," prepared in Nov. 1996 and retrieved through the Electronic Bulletin Board of the New Jersey State Data Center.
4. Occupations with the Greatest Employment Growth: 1994-2005
Source: State of New Jersey, Dept. of Labor Div. of Labor Market & Demographic Research, Projections of employment by occupation prepared in November 1996, and retrieved through the Electronic Bulletin Board of the New Jersey State Data Center.
5. Racial Distribution
Source: U.S. Dept. of Commerce, Bureau of the Census, 1990 Census of Population and Housing, Summary Tape File 3A. Issued as two compact disks for New Jersey, CD90-3A-37, May 1992.
6. Work Location of Resident Workers Age 16 and Over in 1990
Source: U.S. Dept. of Commerce, Bureau of the Census, 1990 Census of Population and Housing, Summary Tape File 3A. Issued as two compact disks for New Jersey, CD90-3A-37, May 1992.

7. Income and Taxes from State Income Tax Returns
Source: State of New Jersey, Dept. of the Treasury, Div. of Taxation, Research and Statistics Section, "Statistics of Income, Income Tax Returns," Annual
8. Personal Income: Per Capita Personal Income
Source: U.S. Dept. of Commerce, Bureau of Economic Analysis. Latest estimates retrieved through the Electronic Bulletin Board of the New Jersey State Data Center, August, 1995.
9. Prevailing Hourly Wages & Benefits in Selected Construction and Other Occupations
Source: State of New Jersey, Dept. of Labor, Office of Wage & Hour Compliance, "Prevailing Wage Rate Determination," Monthly
10. Rates of Pay in Selected Office and Non-office Occupations
Source: U.S. Dept. of Labor, Bureau of Labor Statistics, "Area Wage Survey: Philadelphia, Pennsylvania-New Jersey, Metropolitan Area," annual.
11. Components of Population Change
These are estimates of the components of changes in the resident population from the census date of April 1, 1990 to July 1, 1995.
Source: State of New Jersey, Dept. of Labor Div. of Labor Market & Demographic Research, "Total Population Estimates: New Jersey, 1990 to 1995," prepared in March 1996, retrieved through the Electronic Bulletin Board.
12. Resident Labor Force, Employment, & Unemployment (Not Seasonally Adjusted)
Source: State of New Jersey, Dept. of Labor Div. of Labor Market & Demographic Research, monthly, retrieved through the Electronic Bulletin Board.
13. Initial Claims for Unemployment Insurance
Source: State of New Jersey, Dept. of Labor, Program Analysis and Evaluation, "Unemployment Insurance Administrative Statistics," Monthly.
14. Payroll Employment
Source: U.S. Bureau of Labor Statistics in Cooperation with the New Jersey Department of Labor, "Nonfarm Wage and Salary Employment in New Jersey by Industry," monthly, retrieved through the Electronic Bulletin Board.
15. Employment in Nonfarm Employment Establishments Covered By Unemployment Insurance for September. (5 year intervals)
This table provides a long-term picture of establishment, or covered payroll employment at five year intervals. Other tables provide current numbers for payroll employment. This

"Covered Employment" refers to employment covered by unemployment insurance and is a monthly count of full and part-time employees at establishments located in the county who earned wages during the pay period including the 12th of September as reported quarterly by employers covered by the New Jersey Unemployment Compensation Law.

Source: State of New Jersey, Dept. of Labor, Division of Planning & Research, "New Jersey Covered Employment Trends," Annual

16. Business Births

The term "birth" means a new reporting of private sector employment covered by unemployment insurance (covered employment). If a firm already in the state opens a new location or if a merger occurs, this is not a birth. If a newly created firm begins reporting, or if an out-of-state firm enters, then it is a birth.

Source: State of New Jersey, Dept. of Labor, Division of Labor Market & Demographic Research "New Jersey Business Births and Deaths," May 1992

17. Residential Building Permits for New Privately-Owned Housing Units

Source: State of New Jersey, Dept. of Labor, Division of Planning & Research "New Jersey Residential Building Permits," monthly and annual summaries, retrieved through the Electronic Bulletin Board.

18. Office Space & Rental rates and Industrial Space

Source: Jackson-Cross ONCOR International Company, "Real Estate Market Report," annual.

19. Shipping Tonnage for the Philadelphia Ports

Source: The Port of Philadelphia and Camden, Inc., "International Waterborne Commerce, Customs District Comparison, Imports and Exports," annual.

20. Federal Government Direct Expenditures or Obligations

Source: U. S. Dept. of Commerce, Economics & Statistics Administration, Bureau of the Census for the Office of Management and Budget, "Consolidated Federal Funds Report, County Areas," annual for fiscal years.

 DATA FOR COUNTIES, THE TRI-COUNTY AREA, AND THE ENTIRE AREA

2. BUSINESS SURVEYS BY THE FEDERAL RESERVE BANK OF PHILADELPHIA

BUSINESS OUTLOOK SURVEY: Monthly survey of manufacturing firms mostly in Southeast Pennsylvania and with 350 or more employees. The diffusion index is the percent of respondents indicating an increase minus the percent indicating a decrease for the question, "What is your evaluation of the level of general business activity for the current month compared to last month?"

SOUTH JERSEY BUSINESS SURVEY: Quarterly survey of firms in all industries in Southern New Jersey. The diffusion index is for the responses to the question, "What is your assessment of the level of general business activity at your company compared to 3 months ago?" The quarterly diffusion index is repeated for three consecutive months in the graph. The Survey began with the second quarter of 1991.

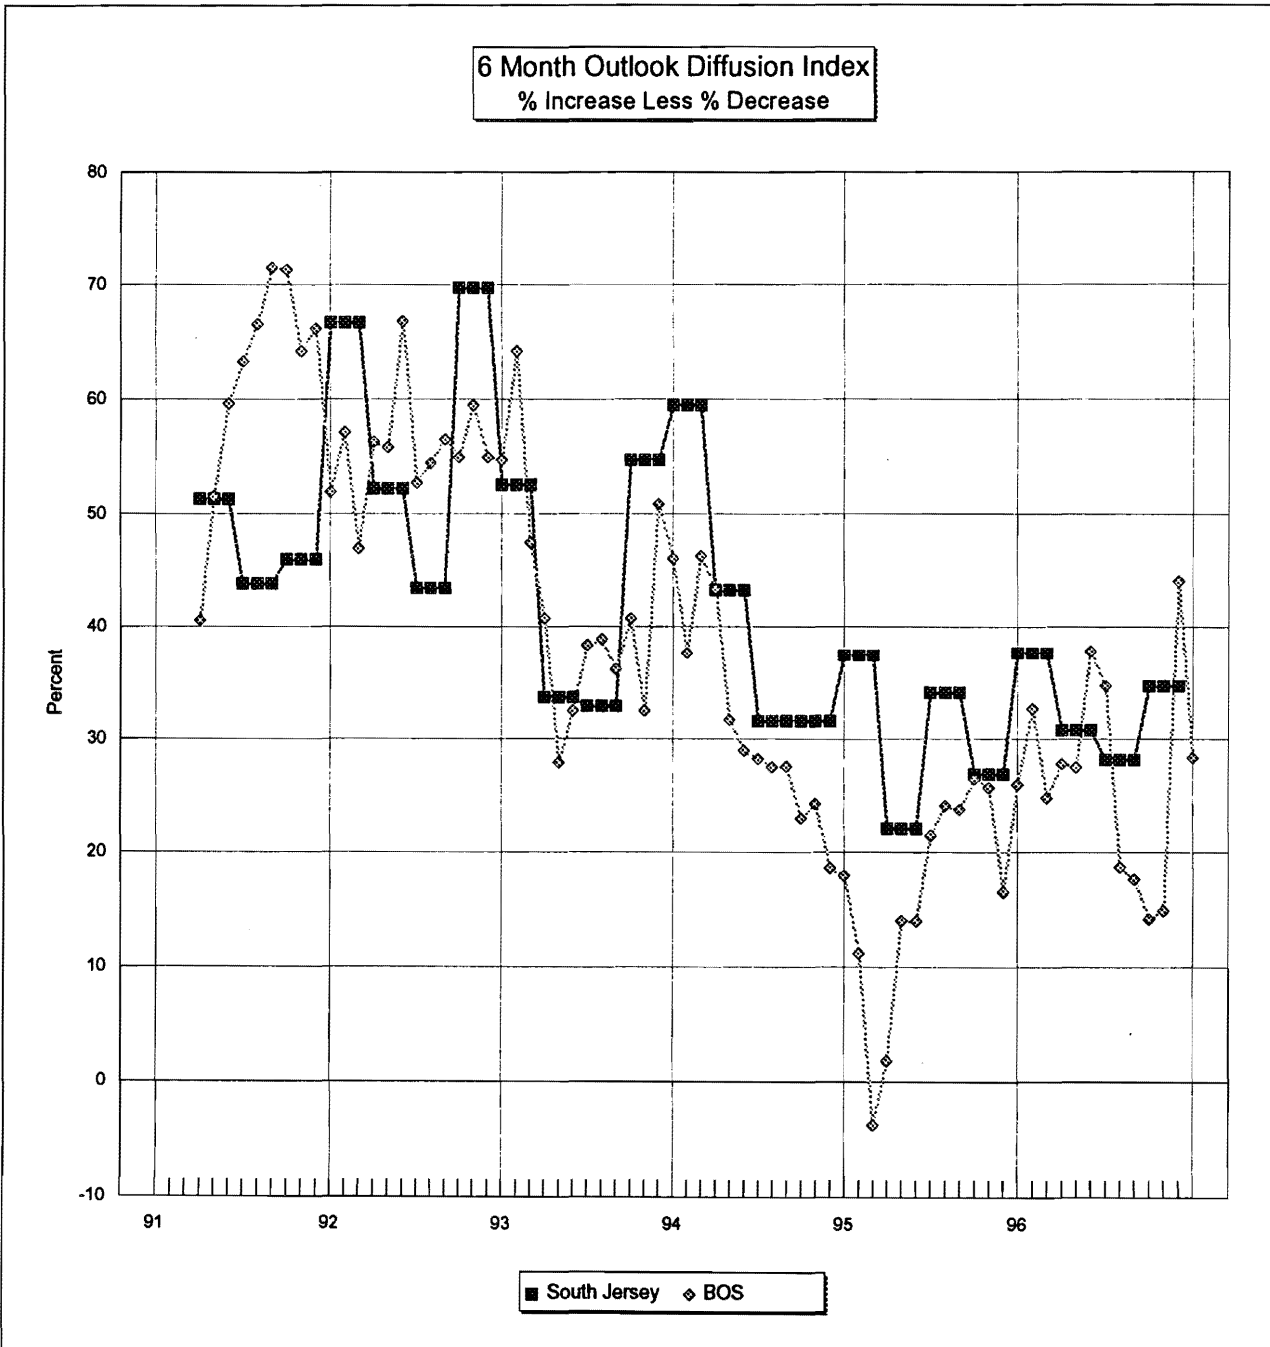

ECONOMIC DATABASE FOR EIGHT SOUTHERN NEW JERSEY COUNTIES
DATA FOR COUNTIES, THE TRI-COUNTY AREA, AND THE ENTIRE AREA

13. Initial Claims for Unemployment Insurance

The monthly numbers for initial claims are administrative data from "South District" UI Offices, which include the southern NJ area except for the Toms River area of Ocean County. The 12 month change is the current number less that for the same month one year earlier. A positive 12 month change indicates a worsening economy while a negative means improvement. The 12 month moving average is the average for the current month and the prior eleven months.

ECONOMIC DATA for Southern New Jersey

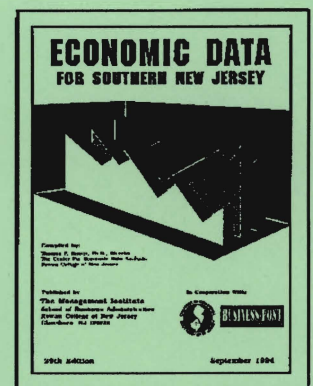

- A necessary tool for: banks, realtors, government offices,
education, grant-funded agencies, and more . . .

This 219 page book contains a wealth of information on the southern New Jersey area. Part A of the book contains tables with information for each of the 202 municipalities in the eight counties of Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Ocean, and Salem. The latest municipality data with county totals include:

- ♦ Population and Pollution Growth
- ♦ Income: Family and Per Capita
- ♦ Labor Force, Employment, and Unemployment Rates
- ♦ Employment in Private Nonfarm Establishments
- ♦ Retail Sales and Numbers of Retail Establishments
- ♦ Building Permits for Residential Construction
- ♦ Property Tax Rates
- ♦ Available Transportation Including Highways
- ♦ Form of Government and Facilities

Since much information is not available at the municipality level but is reported for counties, Part B contains a wide variety of topics including:

- ♦ Forecasts for Establishment Employment
- ♦ Projections for Population and Labor Force
- ♦ Projections for Employment in Occupations and Industries
- ♦ Income and Taxes from State Income Tax Returns
- ♦ Prevailing Hourly Wages
- ♦ Unemployment Insurance Claimants
- ♦ Total Deposits in Commercial Banks
- ♦ Farm Statistics
